TEXANS LET'S TALK TEXAS

The Scurry County Times

WEST TEXAS' LARGEST WEEKLY NEWSPAPER — AND SNYDER SIGNAL — OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

SNYDER, TEXAS. The busiest small city in West Texas; inhabited by the busiest people living and the best in the world.

VOLUME XLII — SNYDER, TEXAS, THURSDAY, JUNE 6, 1929 — NUMBER 51

SEVENTEEN PRIZES TO BE GIVEN WINNERS IN JUMBLED AD CONTEST IN TIMES-SIGNAL

READ FOLLOWING DETAILS THEN TURN TO PAGE OF JUMBLED ADS FOR A LOT OF FUN AND WORTHWHILE PRIZES

Cross word puzzles enthusiasts who are tired of this nation-wide indoor sport will find a new stunt to tax their ingenuity in the current issue of the Times-Signal. Elsewhere in the paper will be found a series of "Jumbled Ads", that is, ads in which the type has been "pied" or mixed up. The first line has been allowed to stand in each ad to give the puzzle fan a start in solving this unique riddle. Each merchant whose ad appears on this page has offered a prize to the first person who assembles his ad correctly and brings it in to him. By correctly assembled is meant as originally written. Misspelled words, errors in punctuation or typographical errors need not be heeded. So long as the ad is assembled as originally written it is eligible. None of the ads are harder to assemble than the ordinary cross word puzzle. All the type from the various ads is on this page.

The Times-Signal offers $10 in cash and a year's subscription to the first person correctly assembling all the ads and bringing them into the Times-Signal office before six o'clock p. m. June 12.

Employees of the Times-Signal or of any merchant whose ad appears on the page are barred from participating in any of the prizes.

The progressive merchants whose ads have made this interesting game possible are: **Ware's Bakery**, bread, baked goods; Hill Furniture Co., furniture; **Snyder Laundry**, "Let the Laundry Do It"; Moffett, the Tailor, cleaning, pressing; **Texas** Pacific Coal & Oil Co., gasoline, motor oils; Elza & Wenninger, auto supplies, hardware; King & Brown, Dodge automobiles; Bell Tire and Rubber Co., Seiberling Tires; Howard Dry Goods Co., ladies' wearing apparel; Carroll Filling Station, auto greasing and washing; Montgomery Cafe, wonder meals; Stinson Drug No. 2, drugs, toiletries; City Meat Market, Frigidaire protected meats; Miles Studio, artistic photography; Big Boy Bottling Co., bottled joy in many flavors.

So if you want to win 16 valuable prizes as well as $10 in cash and a year's subscription to the Times-Signal, Scurry County's metropolitan weekly, get your scissors and begin "cutting up." It will pay you.

EPWORTH LEAGUE ASSEMBLY TO BE HELD IN ABILENE NEXT WEEK

The annual summer assembly of the Epworth Leagues of the Northwest Texas Conference will open at McMurry College, Abilene, Monday, June 10. The assembly will continue through Friday and will consist of sunrise prayer services, class work in Bible, missions and methods, pep songs, stunts and yells; various phases of directed recreation; business sessions; life service volunteers' meetings; vesper services; and platform lectures and sermons.

E. O. Harbin from the central Epworth League office at Nashville, Tenn., will be at the assembly and will have charge of the recreation, which will include tennis, baseball, track, indoor baseball, kodaking, etc. Thursday afternoon the Leaguers will go to Buffalo Gap on a picnic.

Dr. Robert E. Goodrich, pastor of the First Methodist Church, Shreveport, La., has been secured as the platform speaker for the assembly. Dr. Goodrich is one of the South's big preachers and is a very consecrated Christian man.

The different districts of the conference will go to the assembly dressed in a special garb. The garb of the Sweetwater District will be a blue jacket. There will be district competition in the various sports mentioned above.

In short, the assembly will be a source of much fun and pleasure, and at the same time a source of great inspiration, spirituality and valuable training to all who attend.

Snyder Girl Wins Medal

Miss Mary Bob Huckabee, daughter of Mr. and Mrs. J. R. Huckabee of this city, who has been attending Simmons University, won the gold medal given by Miss Carpenter, head of the art department, for the best original work in design done during the year.

Moving Offices

Gay McGlaun is moving The Texas Company offices back to the Glover Service Station this week. Returning to his "first love," as it were.

SNYDER HITS—THAT'S ALL

The city of Snyder was further honored this week with the announcement from Simmons University that Elmer Spears, son of Mr. and Mrs. John Spears, had been awarded the Joe Ellis medal for qualifying as the most valuable man in the Cowboy Band during a period of four years.

Miss Ruth Rosser, a former Snyder girl, was awarded the Julius Olsen medal, the highest award given in the university, for having maintained the highest average during her four years in the university. Her average was 94.39. She is the daughter of the late Judge M. E. Rosser and now lives with her mother at 1541 North 19th Street, Abilene.

LET'S GO AHEAD

THE BUSINESS and PROFESSIONAL women of SNYDER have a job THAT IS a thank-you BOOST for Snyder but THANKS to the City COUNCIL and the LIONS CLUB they are DOING their work NOBLY and well and SNYDER folks who BELIEVE in the FUTURE of Snyder will FEEL likewise. Crepe HANGERS never made any TOWN and the NAMING of Snyder STREETS and numbering of SNYDER houses is a GREAT tribute to the LADIES of Snyder. God BLESS them for their THOUGHTFULNESS and we THANK you as K. C. B. WOULD do. Those who DON'T like what the LADIES are doing should MOVE out of TOWN since it's POSSIBLE to travel EITHER direction. Snyder NEEDS boosters and NOT joy-killers and HERE'S wishing the LADIES every success. THEY are doing the FIRST recent constructive CIVIC boost of any LOCAL club and may their SHADOWS never grow LESS and if a KNOCKER wants to know WHO wrote this—why BROTHER, the editor did!

Roads Meeting Here

Pres. Horace Holley of the Panhandle-Rio Grande Highway Association has called a meeting at Snyder Thursday, July 11. This road, starting at Wellington near the Oklahoma line, extends through Snyder and on to Del Rio.

Texas Bureau Demonstration

A demonstrating truck from the Texas Farm Bureau will visit Scurry County July 9 and will give demonstrations at three points in the county on a new Johnson grass and weed killer.

"Go To Church" Day Observed Next Sunday

Ministers Council Sponsors Move to Bring Out Large Crowds

Plans have been completed by the local Ministers Association at a meeting held Monday to designate next Lord's Day, June 9th, as "Go to Church Sunday in Snyder." Plans for a big red letter day are in the making not only for Snyder, but the ministers of Scurry County are entering into the plans already started.

According to President E. C. Lambert and Secretary Thos. M. Broadfoot of the Scurry County Ministers Association, out of a population of some five thousand in Snyder, less than five hundred on the average attend church once a week. That means less than one out of every ten, and, according to these gentlemen, "though we are proud to designate ourselves as Christian America."

The pastors of Snyder are out to beat a record next Sunday and have more than two thousand in attendance at local churches, and according to President Lambert, "Let us all join hand and heart to make this occasion one of Snyder's historic red letter days, and help us each and every one in putting Snyder on the map in a new and singular way."

Reports are to be made from all churches, and Pastor and Secretary Broadfoot has promised to furnish the Times-Signal with the total attendance of each church for our next issue.

Let's go, Snyder, and make Sunday a "Go-To-Church Day."

SNYDER GIRL NEAR DEATH; STRUCK BY BOLT OF LIGHTNING

Struck by a bolt of lightning at 7 oclock last night while she was gathering turkey eggs in the field back of her home, Juanita Hardy, twelve-year-old daughter of Mr. and Mrs. C. B. Hardy, is in the Emergency Hospital with slight chances for recovering. As we go to press this morning she is still unconscious.

The body of the little girl was deeply burned when the bolt ignited her hair and clothing.

Mrs. Hardy was standing in the back door of the home watching the approaching thunderstorm when the accident occurred. Before any help could reach the girl, flames had consumed a portion of her hair and clothing.

The Hardys live six miles southwest of Snyder.

HERMLEIGH MEN SATISFIED WITH THEIR TERRACING

To correct an article that was in last week's Times-Signal in which Editor Norman of the Hermleigh Herald, on the face of things, let his enthusiasm run away with his better judgment, since County Agent Logan, County Judge Holley and a Times-Signal man visited the Walter Moore and C. M. Perry farms to personally inspect the farms.

Editor Norman's article would lead one to conclude that the farms were all washed away, that the terraces were not properly constructed and that many farmers declined to terrace this year on the ground that terracing does not pay.

The facts of the case are, in the Moore and Perry farm terraces, that both fields had enough water to break the best terraces ever constructed. Both are located at a point that surrounding pasture land dumps every bit of water into their fields. At the Moore farm the first outside terrace was broken in only one place with drift standing 15 inches high; three breaks were in the second terrace and but one in the third, all the rest holding. These breaks occasioned no washing away of the land. Mr. Moore was well satisfied with the terracing which was done by county machinery and done right. He will add more top to the terraces next year and will engage the same men to do the work.

If Editor Norman will personally investigate both farms he will apologize to both men, for with Judge Holley and County Agent Logan both declaring the terracing work mighty fine there is no room left for any sensible argument.

HOWELL HARPOLE SELLS INTEREST IN DRY GOODS STORE

Owing to ill health and other personal matters Howell Harpole has sold his interest in the Davis-Harpole Co. dry goods store to T. Cornelius Davis, brother of H. L. Davis.

Whatever Mr. Harpole may do, the Times-Signal wishes him every success with the hope that his general health may be improved as a result of his long-needed rest which he plans to take.

Best wishes are also expressed to Mr. Davis, whom all of us know as a gentleman and good business head.

Prominent Lecturer To Speak Here

GUY W. GREEN of Kansas City

Who will begin a series of lectures Tuesday evening, June 11, at the First Presbyterian Church on the subject, "Religion in Everyday Life." The public is cordially invited to hear this noted journalist and lecturer.

Council Passes 'Stop' Ordinance At Monday Meet

Building Permits $10,500 For Month of May. Good Meeting

The regular City Council meeting was held Monday night, with several important matters being discussed and completed.

One of the most important of the items of business was the passage of an ordinance making it mandatory to stop at every "Stop" sign coming into the public square or that is located on a main highway. Fines are to follow the disobedience of this ruling. Marshal Woodfin was granted four men to assist him in enforcing the law and making every driver cognizant of what is soon to be a law in Snyder.

The city tax rate was set at $1.50.

Water and sewer receipts for the month totaled $1,620.21.

Fines amounted to $64.20.

Building permits issued include:

A. B. Baze, res.	$2,000
R. T. Carroll, res.	300
Winston & Clements, mill house	400
David Strayhorn, res.	3,800
J. O. Stimson, store	1,500
Watt Glover, res.	2,500
TOTAL	$10,500

Endorsement was given the Business & Professional Women's Club in its campaign to mark the streets and number the houses, and according to the twenty-one ladies now engaged in the work, they are having fine success and are being refused by very few people. Many householders have shown their desire to boost an onward Snyder by paying their $1.00 in cash to the solicitor when she calls.

24 Blocks of New Paving Is Being Proposed

Improvement Would be Fine Addition to Growing City of Snyder

Agitation for paving several streets on the West Side is being heard at this time, and boosters for the measure state that the paving would start south from the First Christian Church on South Scarborough street, going to Cornelius Avenue, thence west to Nunn Street (Mrs. Geo. Harris residence), thence on Wilks Street north for three blocks to Faught Street and thence east on that street, connecting up with the pavement again at the First Christian Church, a total of 24 blocks.

Engineers state that the estimated cost would be $37,534.00, divided with property owners paying $23,092, and the city $14,442.

To get down to basic figures, the estimated cost to any property holder with a fifty foot lot located on any street that the paving would traverse would cost him a total of $92.50, at $1.85 a running foot. One-hundred-foot lots would cost $185. Prices would include paving, curb, gutter, a complete job. If the City Council so desires they could distribute this cost over a five-year period which would make a fifty-foot lot cost around $18.50 a year.

Desires of property owners are now being ascertained, and if they so wish, Snyder will look forward to seeing 24 more blocks of first class pavement added to the improvements of our little city.

Rain, said to have been more than three inches, fell in the Dunn neighborhood with a reported heavy hail that did a great deal of damage.

Visitors See Fine Poultry Farm Near Ira

County Agent Holds Culling Demonstration at L. R. Bailey Farm

One of the finest and most model poultry projects in West Texas can be found right in Scurry County—and the location is about six miles northwest of Ira—the chicken ranch of Mr. and Mrs. L. R. Bailey.

County Agent W. O. Logan, W. R. Lace of Purina Mills, Clyde Boren of Winston & Clements, Supt. C. S. Harris of the Canyon schools and a Times-Signal representative were guests at the ranch Tuesday, where a culling demonstration was given. White Leghorns that were not worth their salt were being culled from the flock, leaving only the real producers on the job.

Mr. Bailey, the "spark plug" of the ranch, was formerly associated with the production department of the Gulf Refining Company with offices at Crane, Texas. On account of a slight eye ailment he decided to leave the arduous duties of an inside position and seek success with poultry in this great abundant county of Scurry. With Mrs. Bailey these fine folks moved to a ranch which they had purchased last April, and have been having remarkable success since starting into the game, with the expectancy of having a flock of 4,000 laying hens next year.

The ranch they selected is a natural location for the production of poultry, water being carried to the four model poultry houses (32x20) by gravity. Twentieth century methods are being used to propogate eggs with quarters that are clean, well lighted and with every modern convenience to make but one ultimate end, success and money with eggs. Last fall and winter 400 eggs a day was a comfortable average from their hens, while at the present time, just previous to the culling Tuesday, around 260 eggs a day are being secured. Besides, all eggs are infertile. There isn't a rooster running loose on the place.

Just recently about 1800 thoroughbred English White Leghorn pullets arrived, and they are six weeks old today. It won't be long until they will be paying Mr. and Mrs. Bailey real coin.

A complete record of expenditures and receipts has been kept, and as quickly as the books are balanced June 1, the Times-Signal will have the pleasure of showing the fine record of production the Bailey chicken ranch has enjoyed.

One thing we nearly forgot—as fine a chicken dinner as ever graced a Scurry County table was served the visitors during the noon hour.

Mr. and Mrs. M. Wedgeworth of Nacogdoches arrived here Saturday to accompany Supt. and Mrs. C. Wedgeworth on a five weeks vacation trip to Carlsbad Caverns, Santa Fe, New Mexico, and Colorado Springs. "Wedge" promised us a vacation letter while away.

It is surely fine to see Uncle Billy Gross on the streets again, and while he needs a cane, it won't be long until he can discard that and be his own self again.

If you know local news, let us know about it, then all Snyder and Scurry County will know it.

Fluvanna High Honor Students

RUTH TRUSS
Valedictorian

BURLINE BOYNTON
Salutatorian

Fluvanna schools under the capable leadership of Supt. E. O. Wedgeworth and a fine corps of teachers enjoyed one of the finest school years in their history, which has been backed by a live-wire board of trustees.

Miss Burline Boynton won additional honors for Fluvanna High when she was awarded fourth place in senior girls declamation at Austin when 27 contestants were entered.

Rev. James H. Tate in a recent Times-Signal article remarked that "with a new oil well starting, fine season in the ground, good crop outlook, good grass and fat cattle, recent consolidation of four schools with a new first class high school building to be erected, watch Fluvanna grow."

The Times-Signal is indebted to the Abilene Reporter-News for the above cuts which appeared in a recent Sunday edition of that newspaper.

MANY OIL COMPANIES AND INDIVIDUALS HOLDING BIG ACREAGE IN SCURRY COUNTY

MANY WELL-INFORMED OIL MEN THINK SCURRY IS DUE FOR THE NEXT BIG OIL PLAY IN THE UNITED STATES

With the announcement last week that V. E. Cottingham and Glenn O. Briscoe, San Angelo consulting geologists, had completed the blocking of 7,000 acres in Scurry County with an oil test comes the later announcement that the Canadian Oil Company is to start a test also in the Fluvanna territory. The latest geological maps show the marathon fold upon which the heavy production in Pecos, Howard and other counties was discovered, passes across the center of Scurry County from north to south, informed oil men declare.

Reports eminating from the major companies with land and geological men now here in the county are that leasing activity continues to be very steady with a few blocks being taken and several companies and individuals checkerboarding acreage in the central and eastern sections of the county. Records already published by the Scurry County Times-Signal show that during the last six months of 1928 one major oil company paid over $500,000 for mineral leases and royalties in Scurry County, said records being taken from the oil lease records of the county clerk. There are more than a dozen oil companies in the field that will bring the total money paid out here to over the two million dollar mark in the last nine months.

Among the companies and individuals who hold leases and royalties in Scurry County, together with the number of acres involved, include:

L. D. Ladd and J. S. Maxwell, Fort Worth, 10,000 acres.
S. D. Ford and W. P. Edwards, Big Spring, 11,000 acres.
Magnolia Petroleum Co., 75,000 acres.
The Southern Crude, 5,000 acres.
Taylor-Link Oil Co., 6,500 acres.
The Texas Company, 8,960 acres.
Independent Oil & Gas Co., 2,500 acres.
Camp Springs Oil Corp. Chicago, 4,000 acres.
Harmon Oil Co., 3,000 acres.
Cottingham & Briscoe, San Angelo, 7,000 acres.
Pender & Dieckman, 7,500 acres.
Vacuum Oil Co., 2,500 acres.
Mimms Oil Co., 7,500 acres.
Max Elser, 4,000 acres.
Stanton Oil Co., 4,000 acres.
Miller Brothers, 5,000 acres.
Humble Oil Co., 3,000 acres.
Hill & Hill Co., 2,500 acres.
Blakney Oil Co., 2,000 acres.
W. T. Mann, 3,200 acres.

The Pender & Dieckmann well is the only test now drilling and is down 3,450 feet and looks very good. This well is located in the northeast part of the county. The John R. Truss No. 1 well located about 2½ miles south of Fluvanna is expected to get under way within the next two weeks, and is located in the center of the southeast quarter of section 427, block 97, H. & T. C. survey.

Never in Snyder's history have so many oil men and geologists spent so much time here, and men high in the know openly state that Scurry County is destined to be in the next great oil pool.

15,000 Expected to Attend Sing At Colorado

Fifteen thousand singers and song lovers from cities not only in Texas but also several outside of the state, are expected to attend the annual meeting of the T. & P. Sunshine Singing convention in Colorado Saturday and Sunday, according to T. H. Westbrook of Colorado, vice president of the organization and chairman of arrangements.

The Sunshine Singing Convention, probably the largest organization of its kind in the South, covers all the territory traversed by the Texas and Pacific railroad in Texas. It is headed at present by Judge R. L. Rusk of Eastland, with M. Shaw of Abilene as secretary.

The first session of the convention will open at the First Baptist Church in Colorado Saturday morning at ten o'clock. The afternoon and evening sessions at two and eight o'clock will also be held in the church. The program for each session will be made as it comes.

Officers for the coming year will be elected, the place of next year's convention selected and other business attended to at the evening session. Abilene and Lubbock promise to be the two cities offering strongest bids for the convention.

Sunday sessions of the convention will be held at the tabernacle, the morning program beginning at ten o'clock, and the convention closing not later than three-thirty that afternoon. Geo. H. Mahon, district attorney of the thirty-second judicial district and resident of Colorado, is to deliver the welcoming address.

All the larger music companies are expected to have representatives on the program, and noted singers from many out of Texas towns are to take part on the program, in addition to famous Texas singers. Lovers of old-time singing are promised a real treat in the numbers to be given by H. N. Lankhorn of Dallas, famous old-fashioned singer.

NEW MONEY ARRIVES

The new official currency that is coming out of Uncle Sam's government print shop for wide distribution in July was seen for the first time in Snyder Tuesday. A. C. Alexander, cashier of the Snyder National Bank, had a one-, two-, five-, and ten-spot, and the folks were following him around as if he had a string of freshly caught bass. But the new money is good-looking, easier to handle, and one can get more into his pocketbook, that is, if he has it to put there. Mr. Alexander brought the bills into the Times-Signal, and we tried to slide out the back door, but the gentleman had his eyes on us, and we just had to be good.

CAPONIZING SCHOOL WAS BIG SUCCESS

The caponizing school was a real success. There were approximately two hundred visitors during the day with as many birds for the demonstrations.

The real good part of the demonstration or school lay in the fact that something like twenty or twenty-five persons actually caponized one or more birds. According to R. S. Loventhal and W. R. Lace, that was unusual. The benefits that are derived from any demonstration is the number that can do the thing after it has been shown how. In this case the caponizing school was ahead of any similar one ever visited or seen by anyone present.

There was a caponizing set given away by the Snyder Produce Co. Jim Pott Norman of Hermleigh was the lucky winner.

the lucky winner. Anyone needing or wanting cockerels caponized at Hermleigh might see Jim Pott or the Stevenson boy, as they were very successful at the school.

Ground milo maize heads are not good poultry feed, several poultry men have discovered. It stops and clogs digestion with the pulp, and that causes death. Thresh the milo before grinding and then it will be good feed.

Five thousand baby bass were placed in Two Draw lake near Post Friday.

Second Location Within Week Is Made Near Here

Canadian Oil Company To Drill 3,500 Foot Hole In County Soon

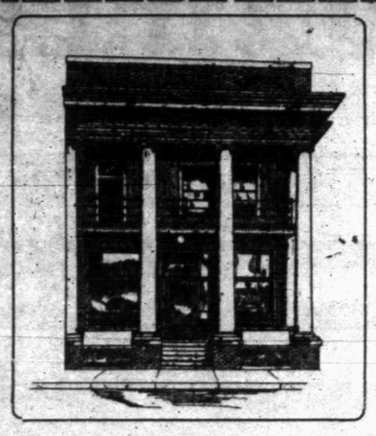

The second oil test location within a week for Scurry County was announced last Friday by the Texas Canadian Oil Company on the J. Wright Mooar ranch about eight miles southeast of the location staked previously in the same county by Cottingham and Briscoe, San Angelo consulting geologists.

No. 1 J. Wright Mooar will be located in the center of the southeast quarter of section 379, block 97, H. & T. C. Ry. Co. survey and is about six miles northwest of Snyder.

Over the Scurry County line in Borden County, the Louisiana Oil & Refining Company has made a tentative location in the center of the northwest location in the center of the northwest quarter of section 322, block 97, H. & T. C. Ry. Co. survey for its No. 1 J. S. York. The location is approximately four miles west of the Scurry Borden line and is about 5 miles southwest of the Cottingham & Briscoe location on the Truss ranch.

LARGE HAIL DAMAGE

Following three to four inch rain Sunday afternoon in the Ira-Dunn section, hail that in some cases was reported to measure eight inches around, fell over a strip of land four miles wide and estimated fifteen miles in length. Fruit trees were completely stripped, roofs were punctured, and cars standing out were dented as if sledge hammers had been used. Many chickens and small animals were reported killed. A car driven here Monday morning from the vicinity of Dunn had the entire top shattered with dents on fenders and body of the car as if huge lead shots had been dropped from a great height. The entire strip reports large damages, and an estimate of the loss can not be made as yet, but will be possible to secure.

Locals

Mr. and Mrs. J. L. Daugherty of Lamesa came Thursday. They expect to make their home here.

Arthur Snodgrass returned home Friday from Austin where he has been attending the University of Texas.

Errol Taylor arrived home Friday from Lubbock where he has been a student in the Texas Tech.

Dr. and Mrs. L. E. Trigg and family left Friday for Palms, Calif., where they are enjoying a nice vacation.

Miss Vita Wasson returned home Saturday from Amarillo where she has been teaching school to spend the summer here with her mother.

Miss Polly Porter returned home Thursday from the Tech at Lubbock to spend the summer with her parents.

Mr. and Mrs. J. W. Hill of Colorado were Sunday guests of Mr. and Mrs. F. T. Wilhelm.

Sam C. Curry, who arrived last week from Fort Worth, is visiting his brother, E. D. Curry, and other relatives.

Mr. and Mrs. W. D. Beggs and daughter, Miss Dorette, and son, John Lilly, left today for San Antonio and Corpus Christi. They expect to be gone about two weeks.

Mrs. S. E. Silmer of New Castle, Okla., came last Friday for a visit with her sister, Mrs. Lela Ellis.

Miss Connie Grantham of Lubbock spent last week-end with relatives here.

Mrs. Joe Strayhorn and daughter, Miss Cecile, went to Dallas last Wednesday. They were accompanied home Saturday by Misses Dorothy Strayhorn and Doris Pope Elza, who have been attending Trinity University at Waxahachie.

Miss Mary Lynn Nation, who has been attending the College of Industrial Arts at Denton, returned home Saturday.

Miss Doris Buchanan returned home Saturday from Austin where she has been attending the University of Texas.

Miss Bonnie Bertram of Sweetwater spent the week with her sister, Mrs. Erle Grantham.

Miss Margaret Dell Prim returned home from Texas Technological College at Lubbock.

Mr. and Mrs. Dewey Tidwell of Colorado were Sunday guests of Mr. and Mrs. Collie Fish.

Miss Blanche Newsom of Munday is visiting her mother, Mrs. Lee Newsom, and Miss Baby Dale Warren.

Nibs Warren came home Sunday from Waco where hes has been attending Baylor University.

Another fine rain, soppy, wet and filled with heaven-sent "joy-juice", visited the entire community Tuesday night.

Mr. and Mrs. J. S. Taylor visited Mr. and Mrs. Hub Taylor in Odessa Tuesday and Wednesday.

Guy McGlaun was a business visitor in Abilene Monday.

Mr. and Mrs. J. C. Dorward and daughters, Mrs. Melvin Blackard and Sstine Dorward, left Monday for Corona, N. Mex. They will be gone about a week.

Miss Polly Porter left Monday for Austin where she will attend summer school at the University of Texas.

Miss Ruth Bell Boren returned home last week from Canyon where she has been attending W. T. S. T. C.

Mr. and Mrs. A. D. Erwin and family left Tuesday on a pleasure trip to Colorado Springs.

Mr. and Mrs. A. P. Morris and daughter, Mrs. Earl Johnson and little son returned Saturday from a two weeks visit with relatives in San Antonio. They were accompanied home by Mrs. Carl Ziegler, who will visit with her sisters, Mesdames Roy Strayhorn and Edgar Wilson.

Miss Allene Gray of Abilene is the house guest of Miss Dale Warren this week.

Mrs. Lee Duckworth of Post is a guest in the home of Mrs. Joe Strayhorn this week.

Ollie Bruton was a business visitor in Roby Monday.

Mr. and Mrs. J. C. Dawson went to Abilene Sunday and were accompanied home by their little grandson, Walter Leach Jr.

Mrs. Alfred McGlaun and Misses Clarabelle Clark and Alma Nell Morris were visitors in Sweetwater Monday.

Miss Marguerite Person, commercial teacher at Snyder High School, left Sunday for her home in Dublin where she will spend the summer.

C. C. Redman, who has been vocational agriculture teacher in Snyder High School, left Sunday for his home in Saint Jo.

Truett Carr of Abilene spent Saturday and Sunday here with his parents.

Misses Elinor German and Nona Carr spent Thursday iln Abilene.

Dale Warren was a business visitor in Post last week.

Mr. and Mrs. John Keller returned yesterday from a several days visit in Dallas.

Mrs. R. H. McCurdy and Miss Clarabelle Clark, Roy McCurdy and George Wilhelm returned Saturday from a several days visit in Dallas. They were accompanied home by Miss Ann Ware of Honey Grove who will visit with her aunt, Mrs. McCurdy.

Mrs. Hubert Mayfield and children of Sweetwater spent last week-end with her parents, Mr. and Mrs. T. E. Jenkins.

Roy McCurdy left Sunday for Jal, N. M.

Jesse Sellars returned Tuesday from a several days visit in Amarillo.

Miss Waunita Darby left Sunday for Amarillo after a several days visit with her parents, Mr. and Mrs. Ed Darby, here.

Mrs. R. A. May of Colorado spent Monday and Tuesday with friends here.

Misses Zona and Lida May returned home Saturday from Sherman where Miss Zona has been attending Kidd Key College, while Miss Lida taught in the college.

Mrs. T. D. McMillian left last week for Fort Worth where she is visiting with relatives.

Mrs. R. L. Howell and family are visiting relatives in Dallas this week.

Preston Morgan was a visitor in Abilene Sunday.

Miss George Winston returned home Saturday from Tulia where she has been teaching school.

Mr. and Mrs. Richard Webb were guests of Mr. and Mrs. R. A. May in Colorado Sunday.

W. O. Logan was a visitor in Sweetwater Sunday.

Miss Lois Faye Gideon of Mineral Wells came Saturday for a visit with Mr. and Mrs. M. M. Gideon. Miss Gideon expects to spend the summer here.

Misses Jessyle and Eula Stimson left Sunday for Dallas where they will attend Southern Methodist University this summer.

Mrs. R. H. Hale of Terrell is a house guest of Mrs. J. B. Boles. Mrs. Hale will be here about a month.

Mr. and Mrs. Herbert Baze are visiting Mr. and Mrs. Ellis at Throckmorton this week.

Mrs. A. L. Jones returned last Thursday from a visit at the Carlsbad Caverns.

Miss Lucy Bean returned home last Friday from a visit in Wichita Falls and Dallas.

Mr. and Mrs. Grady Burt and family returned home this week from a visit in Oklahoma.

Misses Polly Harpole, Violet Bradbury, Mary Bob Huckabee and Lucille McCaleb returned home Sunday from Abilene where they have been attending Simmons University.

Misses Ardell Langford, Vera Periman, Maria Casey, Vivian Davidson and Messrs. Buford Browning and James Holcomb returned home Thursday from Lubbock where they have been attending the Texas Tech.

Mrs. Hemby of Sweetwater came Monday to be with her little granddaughter, Martha Lou McDonald, daughter of Mr. and Mrs. Howard McDonlad, who is ill.

Mr. and Mrs. Grayton Langford of Lockney were guests of Mr. and Mrs. W. W. Smith last Thursday.

J. H. Byrd left last Thursday for a visit with relatives in Tennessee.

Mrs. J. H. Byrd and daughter, Miss Louetta, left Friday to visit Mrs. Byrd's daughter in Abilene.

Mr. and Mrs. C. J. Yoder and son, Carlas Hugh, were visitors in Colorado one day last week.

Mr. and Mrs. J. W. Scott returned home Sunday from a several days visit in Dallas. They were accompanied home by Mr. Scott's mother, Mrs. L. E. Scott, and his sister, Mrs. Rose Wynn. They will visit with J. W. and W. M. Scott and their families while here.

Mr. and Mrs. R. Lee Duckworth and Walter Duckworth of Post were guests of Mrs. J. W. Warren Sunday.

Mesdames Tom Gates, Maurice Brownfield and Miss Larry Beth Waskom were visitors in Sweetwater Friday.

Mrs. J. P. Nelson and Mr. and Mrs. J. W. Daugherty were business visitors in Big Spring Monday.

Mr. and Mrs. B. F. Womack left yesterday for New Mexico where they will visit with their daughter and enjoy a vacation.

Mrs. T. L. Gates of Gorman came last Friday for a week's visit with Mr. and Mrs. Tom Gates.

Here Is Secret Of Skin Beauty

A wonderful discovery is the new French process which gives MELLO-GLO Face Powder its unparalleled smoothness and makes it stay on longer. The purest powder made—its color is tested. Never gives a pasty or flaky look! Will not irritate or clog the pores! Its youthful bloom stays on longer. Remember the name—MELLO-GLO.—Warren Bros. Drug Co. 5

The Silent Partner of Progress

"One Man's Meat is Another Man's Poison"

LIZARD steaks may be esteemed rare delicacies in the jungles. But it is questionable whether such food would agree with even the hardiest civilized digestion. The reason, of course, is that men are constituted differently;—so, too, are automobile engines. Just as one man's meat is another man's poison, one engine's motor oil is another engine's ruination. Do you know how to choose the oil that is correct for *yours?*

Sinclair has reduced it all to a simple Law* which you yourself apply by a simple method:—*Oil according to the mileage of your car, as shown by your speedometer.*

Why? Because the factor which makes your car different from others is *WEAR!* And wear comes with mileage. As that space in your cylinders between each piston and cylinder wall increases with mileage, your motor oil must be heavier, to keep that space sealed—to keep your power from blowing by! Sinclair Opaline Motor Oil, properly applied, does this *extra service!* It not only is a good motor oil made to meet the demands of the present-day engine, but it is produced in different grades, one of which is the correct grade to seal the power in your engine at its present mileage.

Tell us how many miles your car has been driven—we will consult the Sinclair Recommendation Index—and give you precision in your lubrication, based on the degree of wear in your engine. The correct *grade* of motor oil is just as important as the correct *quality!* It is our responsibility to see that you get *both.*

*The Sinclair Law of Lubrication: For every machine, of every degree of wear, there is a scientific Sinclair Oil to suit its speed and seal its power.

SINCLAIR OPALINE MOTOR OIL

LOCALS

Mr. and Mrs. Fred Greer are the happy parents of a baby boy born Monday at the Emergency Hospital.

Mrs. J. M. Harris and son, Martin, left today for San Antonio where she will visit with her parents.

Miss Reva Lewis is spending this week in Pecos with her aunt, Mrs. J. O. Dodson.

Mr. and Mrs. Wm. Wilsford are visiting Mr. and Mrs. Roy Stokes in Fort Worth this week.

Mesdames Dixie Smith and Ernest Taylor left Monday on a several days visit in Fort Worth.

Mr. and Mrs. W. E. Doak went to Fort Worth Monday and were accompanied home by their son, Herman, and also Joel Hamlett and Miss Maurice McClinton, who have been attending Texas Christian University.

Mr. and Mrs. John R. Covey and [illegible] returned Tuesday from a ten days visit in Fort Worth and Burleson.

Mr. and Mrs. J. N. Patterson and two children of Fort Worth came Tuesday for a visit with their parents, Mr. and Mrs. J. G. Patterson.

Mr. and Mrs. Pat Bullock moved into their new stucco home in East Snyder Tuesday.

Mrs. T. L. Lollar and daughter, Jeanette, Mrs. E. M. Deakins and daughter, Margaret, and Wilmott Cloud returned today from a several days business trip to Dallas.

Miss Katherine Stallings of Post is visiting Mrs. J. W. McCoach this week.

Mr. and Mrs. J. R. Huckabee and family, accompanied by Miss Polly Harpole, attended the commencement exercises at Simmons University last Tuesday.

Mrs. J. W. McCoach, who is fifth vice president of the Fourteenth District of the P. T. A., attended the executive board meeting in Lubbock Tuesday. Mrs. J. E. Griggs presided.

Miss Vernelle Stimson returned home Friday from the Tech where she has been attending school. Miss Stimson has been elected to teach Spanish and science at Dunn High School next year.

Society

BIRTHDAY PARTY

Mrs. Jno. W. Leftwich complimented her son, John William, Friday with a birthday party, the occasion being his fourth birthday. Many games were played and enjoyed. Kodak snaps were made of the party. Guests received as favors cricket horns, balloons and all kinds of celluloid animals were fished from a fish pond. Ice cream and cake were served to Virginia Preuitt, Marjorie Brown, Jeane Taylor, Conwell Taylor, Billie Joe Stinson, William Hamilton, James Reynolds, Martha Joe Jenkins, Mavis Jenkins, Gordon Sentell, John Sears Sentell, Weldon Miller, Bonnie Miller, Dorothy Winston, Out-of-town guests were: Jene Miller, Franklin Miller, Elizabeth Miller and Little Dick Miller, Gail; and Arneil Mayfield, Sweetwater.

MRS. BANKS' PUPILS GIVE PIANO RECITAL

Mrs. Mary E. Banks presented her music class in a recital at the Methodist Church Friday of last week. All those on program did well.

Included on program were the following: Johnnie Mathison, Frances Lewis, Joanna Strayhorn, Mary Margaret Towle, T. J. Tetens, Vivian Chenault, Frances Neeley, Faynell Spears, Wanda Benbenek, Frances Stinson, Estine Dorward, Florentz Winston, Adelle Baugh, and Billy and Katherine King.

SHOWER IS GIVEN

On Friday afternoon, May 31, a shower was given in honor of Mrs. E. E. Jourden at the home of Mrs. Ross Riley. Mrs. Jourden received several nice and useful gifts.

Refreshments were served to Mesdames C. R. Burk, J. H. Nunn Jr., W. H. Askins, Betaoinetaoinoo Jourden and Ross Riley, and Misses Ebssie Burk and Nettie Askins.

Now more than a

MILLION

FRIGIDAIRES

have been built

With every department of the Frigidaire factories running at maximum capacity, with orders greater than at any time in the history of the business, on Thursday, May 16th, the Millionth Frigidaire was built

In both the Household and Commercial fields Frigidaire leads in sales to customers

THERE are definite reasons why more Frigidaires are in use than all other makes of electric refrigerators combined; why it is the choice of home owners, of hotels, of apartment owners, of commercial refrigeration users throughout the world.

Beauty, power and convenience

Frigidaire has surplus power that meets every emergency in the hottest weather, and yet operates economically always.

Frigidaire cabinets are beautiful—they are finished in gleaming porcelain enamel, or white Duco—clean and easy to keep clean. The mechanical part is completely enclosed and so quiet that you don't hear it start, stop, or run. Food shelves are elevated so that stooping is unnecessary.

The famous "Cold Control"

And in addition to the standard temperature regulator which automatically maintains an ideal temperature in the food compartment, Frigidaire is equipped with the famous "Cold Control" that speeds the freezing of ice cubes and makes possible dozens of new and delicious desserts and salads.

Low Prices

Because Frigidaire has achieved the million mark—because it is the overwhelming choice of the majority—the economies of quantity production have made prices so low that every model represents a tremendous saving to the buyer.

The D-1 Frigidaire equipped with the "Cold Control" Only $195* *complete, delivered and operating in your home*

THE OFFICIAL NEWSPAPER OF SCURRY COUNTY AND THE CITY OF SNYDER, TEXAS

Entered at the post office at Snyder, Texas, as second class mail matter, according to the Act of Congress, March 3, 1897.

PRESBYTERIAN CHURCH

Sunday school of last Sabbath was well attended. We did not quite reach our mark, but the record made was the best in the history of the church. May every member of the church and Sunday school do his very best to attain our objective in numbers next Sunday. The equipment for Sunday school work is good. This ought to call forth the very best in every Sunday school teachers. I hope that teachers and students will do their very best to make every department of the school educational and inspirational.

The morning hour of worship was well attended, together with a good crowd for the evening service. All in all, the first services to be held in the new church building were very gratifying.

It has been our pleasure to have the other congregations of the town worshipping with us through the first of this week. Their choirs have given us some real good music in song. The messages brought by each local minister have been appreciated and very helpful. We shall ever remember the hearty co-operation of these our sister churches in the opening services of our new temple of worship.

The Presbyterians are fortunate in this, that on next Sunday, June 9, we are to have as our guests the entire Sunday school and congregation of the First Presbyterian Church of Fluvanna. We extend a most cordial invitation to Rev. Jas. H. Tate, their good pastor, and his army of Christian workers. It will be remembered that for a number of years Rev. Tate was pastor of the First Presbyterian Church of Snyder, and we are glad to announce to the public that Rev. Tate will preach for us at the eleven o'clock hour Sunday. He has done a great work in West Texas during his stay here; therefore, I call upon every citizen who can to come to church Sunday morning and hear this servant of God and show our appreciation of his work in Scurry County and the territory surrounding it. They will arrive here at ten o'clock and join us in the Sunday school hour and stay through the morning hour of worship and then go to Wolf Park for their lunch.

Again, we are very delighted to have the privilege to announce to the public that Mr. Guy W. Green of Kansas City will begin a series of enlistment services with our congregation Tuesday evening in the church auditorium at 8:15 o'clock. Mr. Green is not an ordained minister. He is one of the strongest lay preachers in our church, and you will do yourself a favor to hear this big hearted business man who comes to you as a layman with a message from God. The work that he has done and is doing is of the highest type of Christian ideals.

We are happy to extend to the public a cordial invitation to come and feast on these rich messages of this humble servant of the living God.

The evening hour of service will begin at 8:15 o'clock. The Christian Endeavor society meets at 7:30.

Sunday is "Go To Church Day" in Snyder and Scurry County. Will you be one that accepts of our invitation and enjoys our new church with us, and the fellowship of our good people, and the Holy Communion with God?

E. C. LAMBERT,
Minister.

CONFEDERATE VETERANS MEET IN 39TH REUNION

Southern Confederate Veterans G. M. D. Garner, J. I. Greene and H. A. Goodwin are representing Snyder and Scurry County at the 39th reunion which opened at Charlotte, N. C., Tuesday.

According to news dispatches, thousands are in attendance amid a blaze of color, music and oratory whose ability to resurrect the famous and familiar old rebel yell was noteworthy.

Senator Pat Harrison of Mississippi in the principal address opening day devoting his address largely to a defense of the southern cause in the war between the states, told the veterans that the principle for which they had fought was states rights and not slavery. He called for a rebaptism of the south in that principle and warned against the sacrifice of southern sentiment to industrialism.

"We of the South must never permit southern glories to be forgotten in the maelstrom of industrial strife," said the senator. "We must not allow those principles for which our fathers sacrificed to be supplanted by yielding to the commercial exigencies of the hour.

"Slavery was not the cause of the ... bigger question ... South resisted ... right of states ... domestic af... the federal ... permitted to ... as a rebap...

How to Raise Poultry

By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

THE IMPORTANT HALF OF YOUR FLOCK

Ordinarily, Far Too Little Attention Is Given to Proper Selection of Roosters for Breeding; Characteristics of the Male Are Transmitted to Offspring Far More Readily Than Those of the Female, Making Selection of Superior Males of Paramount Importance.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

"A good cock bird is half the flock," says an atrocious bit of doggerel in an archaic work on poultry raising that came to my attention recently. Poor verse, certainly, but good logic, notwithstanding! It is undoubtedly true in my opinion that a good male is at least half the flock—probably much more than half. His characteristics are transmitted to so many chicks and are so distinctly stamped upon them that too great care cannot possibly be exercised in his selection.

It seems to be a well established fact that the egg laying ability of a hen is often inherited from the father. That alone should establish the necessity for extreme care in the selection of male birds for breeding. Generally speaking, egg capacity is the most important consideration of all since eggs provide the quickest means of securing profits from the poultry flock.

Be sure, therefore, of the ancestry of any male bird used for breeding. Know that he comes from a strain bred for egg production, vigor and the standard requirements of his variety. While a poor male will not harm good females, he will transmit his poor traits to the offspring to an even greater degree than the hens will convey their good qualities. Thus, his poor blood will counteract the good blood of the hens, resulting in lower vitality and reduced laying capacity for the following generation of chicks.

Having established the importance of having only the best males for breeding, the question naturally arises as to how the right kind shall be chosen. The first consideration is ancestry. A rooster that comes from a long line of known productivity and adheres to standard qualities will be more likely to be able to transmit such qualities to succeeding generations. In any flock when proper culling or weeding out of unfit members is consistently practiced and where fairly accurate records are kept on egg production, it should be fairly easy to judge the ancestry of any particular male.

Good health is, of course, essential. No matter how fine a pedigree any bird may have, if he is not up to par or better in this respect, better not use him. His lowered vitality will almost surely result in insufficient fertilization of eggs from hens with which he is mated. That means a lower percentage of hatchability and, in all likelihood, lower vitality for the resulting chicks than if they had been sired by a more vigorous specimen of chickenhood.

The ideal rooster for mating is really more than just healthy. He should be overflowing with vitality. He should have an erect bearing, a cocky, self-assured way of swaggering about as if he owned the place. He should have bright, alert eye, good plumage, good standard head, should have a good appetite, good flesh, and should be quite free from defects or deformities.

He should crow with a loud, clear, ringing note, the kind that sounds like a challenge to anything and everything that may question his right as ruler of the flock. He should be aggressive in his guardianship of hens entrusted to his care but need not necessarily be a pugnacious or vicious fighter. Insistance on such qualities may, at first, seem somewhat far fetched. Nevertheless, they are important indications of relative fitness for the important task entrusted to the male and should be taken into account.

The ideal rooster should be a late moulter, as a rule. Early molting shows that his mother or the strain from which he came are early molters. That would indicate generally that the females of the line are poor layers. Since, as has already been pointed out, the laying quality is transmitted through the male even more than through the female, this is a very important point to consider. Naturally, the male does not moult because he has stopped laying, so his molting habits are undoubtedly inherited from his mother, grandmother or earlier female ancestors. They are therefore extremely important indications of the tendencies he is mostly likely to pass on to his descendants.

While ancestry is important, as stated above, the fitness of a rooster for use as a breeder should not be judged solely by the record of his mother or other female ancestors. It is also advisable to consider the records and characteristics of his sisters and half sisters. It stands to reason that if they have not sufficiently inherited the desirable qualities of their immediate ancestors, he will also be lacking in much the same extent as they are. This is not an infallible rule, but generally, the male from a good line that readily transmits its good qualities to succeeding generations, will himself be a good producer.

The question of body tests to ascertain good breeding males is more or less in dispute. I know definitely that body tests can establish the laying qualities of a hen, but it has not yet been fully established whether or not similar tests can be safely relied upon to indicate a rooster's ability to pass on to his progeny a certain degree of laying power. Until that question is definitely settled, most poultry raisers will prefer to put their main reliance in such indications of fitness as are explained above. Careful selection along the lines suggested is bound to be amply rewarded, particularly for those who have hitherto felt that a rooster is just a rooster and that any old rooster will do. That such is not the case any successful poultry raiser will be glad to testify. Too much care cannot be used in choosing the fathers of your chicks-to-be.

ANOTHER PIONEER ANSWERS LAST CALL

R. H. Davis, one of the early pioneers of Scurry County and who moved from here about sixteen years ago, died near Gainesville on May 4. He was born April 7, 1850, in Alabama, and was married twice, the first time to Mary B. Powell, who died following the birth of a son and daughter. He was again married in 1880 to Martha J. Burks, who bore him three children. She died in 1884. Mrs. Mary McElyea of Dunn is a sister of the deceased and attended the funeral along with Wilburn Jones.

Mr. Davis will be well remembered by many of the old pioneers of this section who recall that in everything he did, one was convinced of his honesty, earnestness and sincerity.

NEW STUNTS IN ACT

Ollie Bruton, master of mysticism, put on his entertainment at Roby last night and will perform at Rotan tonight. Mr. Bruton has added some new stunts to his show, one of which is driving an automobile while blindfolded, which has proven one of the most mystifying acts of his entire repertoire. He is also having remarkable success in getting advanced bookings in the best picture houses in West Texas. Among towns that are booked ahead include Anson, Albany, Hamlin, Aspermont, Stamford, Quanah, Plainview and Hereford.

ANSON FARMER MOVES TO SCURRY COUNTY

The Anson Western-Enterprise says:

J. O. McMorries, who has lived in and near Anson for many years, has traded his Anson home in on a 180-acre farm twelve miles southwest of Snyder, Scurry County, moving to his newly acquired property on Tuesday of this week. Oscar has been looking for a home further west for some months.

LONE STAR GAS COMPANY BEGAN THESE 20 YEARS OF SERVICE ▲ ▲ ▲

This June, Lone Star Gas Company rounds out its first 20 years of service. Twenty years! And what eventful years! The fastest moving 20 years in the world's history! The 20 years during which the Southwest has had its greatest growth!

To meet the growing natural gas demands of an ever increasing number of Texas and Oklahoma communities has been Lone Star's part in this swift development . . . and we have tried to play it well! These 20 years have brought a greatly increased use of natural gas, with many new gas uses unknown 20 years ago. Gas refrigeration, for instance!

Natural gas . . . supplied through Lone Star pipe lines to nearly 250 communities and more than a million people . . . is one of the Southwest's greatest assets. Much of the Southwest's growth in the next 20 years will come from the industrial utilization of this rich fuel resource, and the Lone Star organization will continue to play a big part in this development.

As we reach the 20th milestone, we pause an instant for a brief backward glance at the trials and triumphs of the past . . . then we face . . . FORWARD!

Lone Star ★
Gas Company

GAS
PIPED FROM THE WELLS TO YOUR CITY

EXTRA! EXTRA!

GOOD news! That's the only kind of news your speedometer records these days if you use Conoco Gasoline. Every click seems to whisper "Extra! Extra!"—and that means extra miles because Conoco Gasoline is packed with them.

The Conoco Gasoline supplied to you today is refined especially for summer driving. Summer is the season of long trips and continuous use of your motor. Consequently you want a fuel which is good in every particular—but with special emphasis on mileage. And that's exactly what Conoco offers you.

Keep your motoring costs *down* by filling always at the sign of extra miles—Conoco.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Crops and Weather

The weather having been quite good during the past week and with a good season in the ground, our farmers have been quite busy getting the crop started. Although a little late, the outlook is very good. Grass is fine, and the cattle are getting fat.

We understand that a disastrous hail storm struck the Dunn community last Sunday afternoon. We are sorry for those people who were "hard hit." We were watching the cloud from Fluvanna. While there is no such thing as controlling the elements, it is certainly a matter of wisdom to avoid being caught out. As stated in this column two weeks ago, weather conditions at this season are apt to be freakish—doing just the thing least expected. The hail storm is an example. The thermometer reached the 101 mark Sunday afternoon, while on the following Tuesday morning the reading was as low as 63—a drop of 38 degrees.

Church Services

In addition to Sunday schools and young people's meetings last Sunday, regular services were held at the Methodist and Fluvanna Baptist Churches. At the latter, Rev. Charles Deere filled the pulpit at each service in lieu of Pastor Wells, who had been called to the bedside of a sick daughter.

It is expected that there will be regular preaching services at the First Baptist Church next Sunday at both morning and evening hours.

If present plans work out well, there will be no service of any kind at the Presbyterian Church next Sunday morning. The pastor and the entire congregation have been invited to visit the new Presbyterian church at Snyder next Sunday and put on the morning service. The invitation has been accepted, hence V. P. hopes to have the pleasure of preaching in that splendid new temple of worship at the time mentioned. But, remember this: A Children's Day program will be put on in the Presbyterian church here at Fluvanna next Sunday night. Everybody will want to attend that service. It will be worth while.

Miscellaneous Notes

While we have not received any definite information concerning the railroad enterprise, which has been pending for several months, we recently got a tip which is quite ominous. It was not put out, but it leaked out. The indication is that plans are heading up for construction work to begin on the prospective enterprise in the near future.

Our board of trustees has recently placed an order for three new school buses of the Chevrolet make, to be delivered at the Dallas assembly plant.

T. H. Vinson and family, formerly of Austin, are now on the Miller Ranch, better known to us as the Craft Ranch, and is carrying out a large construction program. The old ranch residence, a large structure, is being taken down and a new and more modern residence is being erected on a site a few hundred yards away. Following these improvements miles of wolf-proof fence w ill be put up. Thus the country develops.

It is expected that work will soon begin on the rig for the new oil test soon just south of Fluvanna. Now watch us grow.

E. L. and Mrs. Sewalt, Mrs. J. J. Belew and her two sons and Luke Weems departed Tuesday for a few days visit with relatives in Brown County.

J. L. Dietz and family, formerly of this place but for the last several years of Waxahachie, are here spending the week with relatives and old friends.

Cleo and Mrs. Tarter are visiting this week at Gatesville, Texas.

Mrs. Cain and children, formerly of Fluvanna but now of Big Spring, are here visiting Mrs. Cain's parents, H. H. and Mrs. Haynes, and other relatives.

Horace Landrum and family of Abilene visited relatives here Sunday.

W. H. Jones and family visited Mrs. C. F. Landrum in the Lubbock Sanitarium last Sunday.

Mrs. J. R. Truss, who had her tonsils removed at the Lubbock Sanitarium a few days ago, is back home doing well. J. R. says she is able to give orders.

Miss Edna Squyres, teacher in the Loyd Mountain school last season, is back with the home folks again.

The J. R. Patterson family visited relatives at Hermleigh last Sunday.

Mis Minnie (Russell) Jones and little daughter, of Seminole, are here visiting relatives and old friends this week.

Clifford Haynes, who has been attending college at Greenville, is back with the homefolks and among old friends again.

Do Right

Now, Mr. Editor. Really, wouldn't this be a much better country in which to live if everybody would practice the Golden Rule? Here it it: "Therefore all things whatsoever ye would that men should do to you, do ye even so to them." That ought to be easy. It just simply means do right. But my! A lot of folks are missing it pretty badly. Before "doing the other fellow," let us ask ourselves the question, would I like for him to "do me?"

JAS. H. TATE.

FROM GARDEN TO TABLE

When the family will not eat spinach, okra or squash, try the following recipes. The result may be surprising:

Creamed Spinach With Poached Egg—Wash the spinach through several waters, put in a kettle with a very little water, cover tightly and steam until tender. There should be very little water to drain off. Drain, season with pepper and salt and cut with a knife. Make a white sauce using 1 tablespoonful flour, 1 tablespoonful butter or fryings and blending well. Add 1 pint milk and cook until smooth. To this sauce add the spinach.

Poach one egg for each member of the family. To do this, break the eggs one at a time into a pan of boiling salted water and cook over the pan until the eggs are cooked but not hard.

Put a serving of spinach in a sauce dish or sauces and carefully place an egg on top. This makes a very nice supper dish.

Fried Okra or Mock Fish—This is the way I cook okra to keep it from being slick. Sift a handful of corn meal on a platter and sprinkle it with salt and pepper as for fish. Wash young, tender okra pods and cut onto the meal in rings about one-half inch thick. Roll until each piece is well covered with meal. Have ready hot bacon grease, drop the okra in the grease and fry until it is a light brown.

Squash Souffle—Peel young, tender squash, take out the seeds and boil in salted water until tender. Use as little water as possible so that when the squash is cooked there will not be much to drain away. Drain, mash with a potato masher and season with salt, pepper, a little butter and one-half cup of cream. Beat the whites of four eggs, add to the squash, stirring lightly, and bake in a moderate oven 30 minutes.

WILL REPRESENT SNYDER AT STAMFORD GOLF MEET

Earl Fish, stellar golf artist of the Snyder Golf and Country Club, will represent the local organization in the annual West Texas Golf Association tournament that opens at Stamford next Monday. While Earl will have some mighty stiff opposition, we're all crossing our fingers for good luck in his efforts to cop the leading honors.

Stamford has a nine-hole course covering 92 acres of rolling country with the club house in the center of the grounds and with an artificial lake forming a water hazard.

Snyder is hoping to soon have a new club house that would prove an attractive addition to get more genuine local interest in golf. A new club house with the present swimming pool would surely be a worthy and fine thing here. The Times-Signal hopes President Bill Raybon, officers and members will soon get going.

Feels 20 Years Younger, He Says

"I am 63 years old. Take a man my age, down and out physically, and let him find some medicine that puts him on his feet like Sargon did me, and he is going to tell about

HENRY C. KING

it," said Henry C. King, 2112 West 11th St., Oklahoma City, an "old timer" who for 50 years as cattleman and deputy sheriff has maintained a reputation as a "straight shooter."

"When I saw myself begin to get old and puny a few years ago, I began to try nearly every medicine I ever heard of to get me straight, but I couldn't get anything to do me any lasting good.

"Then I tried Sargon, and it soon had me feeling twenty years younger! Today, two months since I quit taking Sargon, I feel just as good. A friend met me the other day and said, 'Why Henry, somebody told me you had been sick. He must have been mistaken. I never saw you looking better.'

"We old timers learned to help one another, so I want people to know what Sargon did for me. I couldn't digest anything. I ate, my skin was yellow and spotted, and I was so weak that when I lay down I didn't care whether I got up or not. I never had a natural action of my bowels, and had to get up all during the night on account of my kidneys.

"Sargon made me gain fourteen pounds, I eat more and digest it with no trouble; my kidneys have stopped bothering me, and my bowels are regular as clockwork; and, mind you, it has been two months since I quit taking it."

Sargon may be obtained in Snyder at Warren Bros. 51-1tc

SOCIETY

WELL KNOWN SNYDER VISITOR MARRIED SATURDAY

[illegible] Johnson of Wichita Falls and Lois (Dusty) Miller, members of two well-known West Texas families, were married Saturday evening at Abilene. Dr. J. W. Hunt of McMurry read the ceremony in the parlors of St. Paul's Methodist church, in the presence of relatives and a few friends of the couple.

Both have been students at Simmons University where Miss Johnson completed her sophomore work this year. Mr. Miller was a student there for two years following his graduation from the Abilene high school. He was a well-known athlete at both Simmons and the high school. Miss Johnson was a popular student at the university where she held membership in the Sap Eta Pi club.

The bride is the daughter of Mrs. Emmett Johnson, owner of a large chicken and stock ranch near Wichita Falls. Both her paternal and maternal grandparents were prominent ranchmen of West Texas. Her grandparents, Mr. and Mrs. Billy Johnson of Pasadena, Calif., formerly resided at Snyder, where Mr. Johnson, now a retired capitalist, made a fortune with his ranching interests. Her maternal grandmother, Mrs. Pink Higgins, is the widow of a ranchman equally as well-known in and near Spur.

Mr. Miller is the son of Mr. and Mrs. B. Miller of Abilene, where Mr. B. Miller is active vice president of the Abilene State Bank. He is also a well-known West Texas ranchman. Mr. Miller is associated with his father in the Western Tire and Oil Company here, of which he is manager.

Mr. and Mrs. Miller left Saturday evening for a motor trip to San Antonio and other South Texas points, and on their return will reside at 2333 Pine Street.—Abilene Morning News.

WEDDING WHICH TOOK PLACE APRIL 27 IS ANNOUNCED

The marriage of their daughter, Marcetus, in Sterling City on April 27, to Hal Yoder of Snyder, is announced this week by Mr. and Mrs. D. T. Dozier of Colorado, says the Record.

The event comes as something of a surprise to friends of the bride and her parents in Colorado. Mr. and Mrs. Dozier revently moved to Colorado from Snyder, where they had resided for several years, having moved here from Colorado. It was during their residence in Snyder that the romance which culminated in the marriage on April 27 began.

The groom, Hal Yoder, is the son of Mr. and Mrs. D. P. Yoder of Snyder, leading citizen of this place, and for whom the Snyder airport is named. He finished his sophomore year in Texas Tech this year.

The young couple will be at home temporarily in Lubbock after June 10th.

The Times-Signal wants to join with the many friends of this fine young couple in extending happiest and sincerest felicitations.

Summer school for grammar grades will open next Monday.

MISS LEDY POTEET HONOREE AT SHOWER

[illegible] Fish, Collie Fish and Miss Hazel Lewis complimented Miss Lery Poteet, whose approaching marriage to Wesley Whitman of Abilene will take place June 15, with a cleverly planned and executed shower Monday evening at the home of Mrs. Walla Fish.

Roses and sweet peas added to the attractiveness of the reception suite.

Miss Nona Carr played a piano solo, "The Doll Dance," Miss Martha Gray gave a reading, "I'se Gwine to Marry Jim," Mrs. C. E. Fish sang two songs, "Sunshine of Your Smile" and "Precious Little Thing Called Love," and little Miss Winona Keller gave a reading, "In the Usual Way."

A kangaroo court was held in which Miss Lery Poteet was fined for getting married on June 15, "Negro Saturday". Mrs. J. J. Taylor acted as judge of the court, Mrs. R. E. Gray, prosecuting attorney; Miss Ora Thompson, defense attorney; Mrs. J. Nelson Dunn, sheriff. The judge bade Ledy to open all packages cheerfully, tearfully and prayerfully.

A delicious refreshment course was served to Mesdames R. E. Gray, J. J. Taylor, J. Nelson Dunn, Henry Rosenberg, C. E. Fish, Howell Harpole, Charles L. Noble, C. F. Sentell, T. H. Duff, Geo. M. Garner, Clarence Wenninger, T. A. Kennard, A. L. Poteet, Tom Boren, Melvin Newton, Hal Yoder, Wade Winston, and Frank Poteet, and Misses Martha Gray, Cyrella Fish, Winona Keller, Mabel and Lela Isaacs, Winnie Garner, Polly Harpole, Nona Carr, Violet Dean, Lila Mae Williamson, Ora Thompson, Faye Joyce, Jonnyle Shaw and Mary Joyce.

BUSINESS AND PROFESSIONAL WOMEN'S CLUB MEETS

The Business and Professional Women's Club met Tuesday evening at the Presbyterian Church with Mrs. Mabel Y. German and Miss Maggie Norred as hostesses.

The table was centered with sweet peas and larkspurs. Dainty place cards marked places for the twenty-five members present. Roll call was answered by the members with quotations of June.

During the business session of the club, each member made a short report on her work of the past week in soliciting the people of the town to aid with the numbering of the houses and marking of the streets in Snyder. Four hundred forty-five names had been signed to the pledge, but reports from all the club members had not been turned in, and some of the lists had not been completed. They reported that the pledge was well received by the people, and the club women are very enthusiastic over the work they have started.

The club voted to disband for the summer. The last meeting will be a sunrise breakfast June 18.

ENJOY SOLOS

Mr. and Mrs. James Daugherty of Corpus Christi arrived here last week-end for a short vacation visit with relatives. With Mrs. Daugherty accompanying, Mr. Daugherty sang a beautiful sacred number Sunday morning at the First Methodist Church and repeated in the evening at the First Presbyterian Church. The singer has a beautiful well modulated voice that appeals to his audience. He has appeared over the radio several times. Mrs. Daugherty's accompaniment adds a great deal to the success of Mr. Daugherty. He was formerly on the road but is now interested in a gent's furnishing store at Corpus Christi.

EL FELIS CLUB MEETS WITH MRS. MILLER

The El Felis Club members were guests of Mrs. W. C. Miller last Friday afternoon at her home.

After the business of the club was transacted, the play of forty-two was enjoyed. Refreshments were served in two courses to the following club members: Mesdames C. W. Harless, C. C. Higgins, Gertie Smith, L. T. Stinson, A. E. Wiese, Guy Stoker, H. J. Brice, Dick Randals, R. S. Snow, Fritz R. Smith, A. J. Cody, A. L. Stoker, J. C. Dorward, Charles Noble, Wade Winston, L. O. Smith, George Northcutt, R. H. Odom, H. G. Towle and T. L. Lollar. Guests were Mesdames Charley Miller, Melvin Blackard and C. F. Sentell.

"A Growing Experience of God Through Quiet Waiting," Grace Holcomb.
Hymn, "Take Time to be Holy."
League Benediction.

MISS DALE WARREN ENTERTAINS

Miss Dale Warren complimented her house guests, Misses Blanche Newsom of Munday and Alene Gray of Abilene with a dinner-dance at the Manhattan Hotel Monday evening. Following the dance an elaborate three-course meal was served, and dancing was the diversion of the evening.

Those enjoying this delightful affair with the hostess and honorees were Misses Lucille Brown, Floye Brownfield, Eula Pearl Ferguson, Bobbie Chambers, Audra Jenkins, Mildred Harless, Pauline Hiner of Kansas City, and Messrs. Grady Ferguson, Bob Gray, Charles Cooper, Travis Reed, Fred Merrill, Curtis Larue, Gilly [illegible] kins and E. P. Ketner of Abilene. Mesdames Lee Newsom and Dale Warren were chaperones on this occasion.

MRS. AND MRS. ALBERT NORRED ENTERTAIN

Mr. and Mrs. Albert Norred delightfully entertained the Thursday Night Bridge Club members Thursday evening at their home.

At the conclusion of the bridge play Mrs. George Oldham and Wayne Boren held high score. Refreshments were served to Messrs. and Mesdames Wayne Boren, Ivan Dodson, Forest Sears, J. E. Sentell, Wraymond Sims, W. C. Shull, Geo. Oldham, J. G. Hicks and G. B. Clark, Jr.

Badly Run-Down

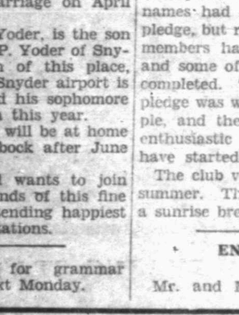

"Six years ago, I was very much run-down," says Mrs. Olympia Kight, of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health.
"I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while.
"It was astonishing how much I picked up. I slept better; my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well."
Cardui has been used by women for over 50 years. For sale by all druggists.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are Hereby Commanded to summon Fink Sargent by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of May, A. D. 1929, in a suit, numbered on the docket as No. 2548, wherein Ida Sargent is Plaintiff, and Fink Sargent is defendant, and said petition alleging in substance, as follows, to-wit:

That plaintiff resides in Scurry County, Texas, and has resided in said state for one year, and in the said County of Scurry for six months preceding the filing of her petition, and is a bona fine resident citizen of said State and County.

That Plaintiff and defendant were legally married on the 8th day of July, 1914, and that said marriage has never been dissolved, cancelled, annulled, set aside, or held for naught, but is a valid, subsisting and legal marriage, now binding the plaintiff and said defendant.

That on or about November 1, 1923, without faul on the part of the plaintiff, the defendant voluntarily abandoned plaintiff, and since that date, and at all times has lived separate and apart from plaintiff and that said abandonment has been more than three years, and is permanent.

Plaintiff prays that defendant be cited to appear and answer in this cause, and that upon final hearing thereof she have her absolute divorce separating the bonds of matrimony between said plaintiff and said defendant.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this the 9th day of May, A. D. 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
48-4tc Scurry County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of June, A. D. 1929, in a suit, numbered on the docket of said Court No. 2551, wherein Ernest Taylor is Plaintiff, and W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner are Defendants, and said petition alleging: Plaintiff would show to the Court that on the first day of June, 1929, Plaintiff was and still is the owner in fee simple of the following described premises situated in the County of Scurry and State of Texas and described as the North One-Half of Lot No. 1, in Block No. 24, of the Blankenship Addition to the Town of Snyder in Scurry County, Texas.

That on such day the Plaintiff was also in possession of said premises; and afterward on the 3rd day of June, 1929, the Defendants unlawfully entered upon and dispossessed him of said premises and with-hold from him the possession thereof.

Plaintiff further alleges that he and his predecessors in title have held, used and enjoyed said premises for more than ten years prior to June 1, 1929, and that by reason of such possession, use and enjoyment Plaintiff is vested with a fee simple title to said property by virtue of the 3, 5 and 10 year statutes of the State of Texas.

Wherefore, Plaintiff prays that the Defendants be cited to answer this petition and that Plaintiff have judgment for the title and possession of the above described premises, for his damages, for costs of suit and for such other and further relief as he may be entitled to at law or in equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this, the 5th day of June, A. D. 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
51-5tc Scurry County, Texas.

EPWORTH LEAGUE OFFICERS INSTALLED

The Epworth Leaguers had charge of the Sunday evening church service on June 2, and conducted a very interesting musical program at the close of which the League officers for the year 1929-30 were installed. Those who took office were: Clarence Walton, president; Martha Gray, vice president; Grave Avary, First Dept. Supt.; Le Roy Fesmire, Second Dept. Supt.; Grace Holcomb, Third Dept. Supt.; Lucile Brown, Fourth Dept. Supt.; Lillian Walton, secretary; Marvin Lemons, treasurer; Charline Ely, Epworth Era agent; Allene Curry, corresponding secretary.

INTERESTING REPORT—Produce dealers in Snyder report that the cream and poultry business is growing. One firm reports that on one Saturday this spring it paid $4,110.30 to 391 customers who brought cream, eggs and poultry.

Go to church Sunday.

INSPECT AIRPORT

Sec'y Jim Greene of the Colorado Chamber of Commerce and his aviation committee were here last Thursday inspecting Yoder Field. They were enthusiastic over the local plant and state they are making wonderful progress with their aviation activity.

BRYANT-LINK COMPANY

Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:—

Engine

Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	$1.00
Grind valves and clean carbon	$3.75 to 4.00
Overhaul carburetor	1.25
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	$20.00 to 25.00

Rear System

Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00

Front System

Overhaul front axle	$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00

Chassis

Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.
