Town Talk

By J.B.T.E.

We take time out to extend sincere thanks to Mrs. W. L. (Les) Byrd, longtime Review correspondent from the Cross Cut community who recently retired after many years of faithful reporting.

It has been a genuine pleasure to work with her, and we know that we are joined by a legion of friends who have enjoyed her weekly news report.

Our best wishes go to her, and we hope that the years ahead are good ones for her and hers.

Opal Gray, popular waitress at Odom's Cafe, has recently changed her attitude toward long-haired men.

A couple of weeks ago a pair of long-haired gents visited the local restaurant, and she served them. On completion of their meal, the two each complimented the food and her service and left a sizeable tip ... and Opal contends that there must be a LOT of good in two men who would leave a tip like that!

Our nominee for champion fisherman was back this week and let it be known that he had no desire to relinquish rights to the title of "Champion Fisherman" of these parts. Richard White was in town Friday afternoon displaying two Black Bass that weighed in at exactly four pounds each. One measured 19½ inches while the other measured exactly 19 inches.

There are good and bad points to any town or community, but apparently the directors of the United Fund in Cross Plains believe the "good" heavily outweighs the "bad" here. As was announced last week, no area-wide canvass is planned by the UF directors this year in bid to raise \$2,970.50 for this area's charity contributions.

This department tends to believe that it can be done, but that it will take the co-operation of every citizen in the city and surrounding area to see it successfully completed.

A former Cross Plains Buffalo is now number one left guard on the Texas Christian University football team.

He is Leslie Cowan, son of Mr. and Mrs. Les Cowan former local residents while he was head coach at the local school and she was a business arts instructor.

Contragulations go to Leslie who was an outstanding athlete while wearing the purple and gold spangles of the Buffaloes.

A local, well-known man recently was stopped at a driver license check, and he knew that he would be written a citation for not strictly adhering to the restriction on his license. The patrolman walked up to the car and asked to see the license. The Cross Plains man presented the document, realizing he was in violation. The patrolman asked the man how he was allowed to keep his hat on while his picture was taken for the license. The Cross Plainsman said he did not know, and the patrolman handed back the license and allowed him to pass. Name is withheld to protect the "innocent".

We are pleased over the redistricting that puts Cross Plains in District 55, which

Ranger Due Friday In Last Home Tilt

Cross Plains Buffaloes will host the potent Ranger Bulldogs in the home girdiron finale for the Herd Friday night. Starting time for the District 10-A contest will be 7:30.

Ranger has been impressive in three outings in league action. The Bulldogs last week tied the powerful Goldthwaite Eagles, and the week before lost to the De Leon Bearcats by just one point. Both the Eagles and the Bearcats rolled over the Buffaloes easily.

Cross Plains is still seeking its first triumph in loop competition after three outings.

Ranger has 18 returning lettermen including seven offensive starters and 10 of the 11 defensive regulars. Most of the experienced strength appears to be in the line, where the return includes all-area guard-linebacker Mike Lebrede, 190 pounds, all-district end Milton Monroe, 165 pounds, and all-district tackle James Treece, 190.

Billy Fox, who has grown to 6-1, 170, since working part-time at quarterback last year, has developed into a fine signal caller. He has two good running backs in Robert Garcia and Mike Myers, both 150 pounds.

Terry Edington In State Final Queen Contest

Miss Terry Edington of Callahan County will represent District 7 in the state finals of the 1971 Texas Farm Bureau Queen Contest to be held on the evening of Monday, Nov. 15, in Amarillo. Daughter of Mr. and Mrs. R. E. (Hick) Edington of Cross Plains, Miss Edington was selected to represent this area in a recent district elimination.

The District 7 nominee will compete with 12 other district winners at the state contest which will be held in conjunction with the 38th annual meeting of the Texas Farm Bureau. The state winner will receive expenses for herself and matron escort to attend the American Farm Bureau Federation convention in December in Chicago.

A junior at Cross Plains High School, the 17-year-old Miss Edington has brunette hair, brown eyes and is 5'7".

Miss Edington is a majorette in the band, an officer in Future Homemakers of America, a member of the basketball team and annual staff, and is FFA sweetheart. She is a rodeo enthusiast and a member of the riding club. She has won six belt buckles in rodeo, 14 twirling medals and one trophy, and was selected "Most Beautiful"

in high school in 1970, "Most Athletic Girl" at CPHS for 1970-71, Riding Club Sweetheart in 1969, All-District Basketball in 1969-70 and All-Area in 1970. Her hobbies include painting on wood, canvas and plaster, sewing, entering Garden Club contests, raising Siamese cats, raising quarter horses and cleaning her room. She plans to attend college and major in home economics and minor in interior decoration.

Late Longhorn Touchdowns Foil Buffalo Victory Bid

Early High School Longhorns ended a long losing skein to Cross Plains Buffaloes last Friday by coming from behind to pin a 30-22 loss on the Herd in District 10-A competition.

The league contest, played at Early, was a see-saw battle with each team owning the lead twice before the final gun.

Both team racked up 16 first downs, but Bisons held a slight edge in rushing yardage, 291 yards to 241, but the Horns posted an 87-yard to 15-yard advantage in the passing department.

The loss left the Herd winless in three outings in 10-A action while Early gained its second victory in the same number of games.

Early End Jack Williams got Early a lead in the first quarter with an 80-yard punt return. Quarterback Lance Blackwell slipped through for the two-point conversion, and Early owned an 8-0 edge with 3:55 left in the first quarter.

Buffaloes stormed back to knot the tally. Halfback Rodney Renfro returned the ensuing kick 18 yards to the Herd's 38. Halfback Jerry Fortune gained five up the middle and Renfro added seven for a first at mid-field. Fortune then rambled the needed yardage up the middle with 1:52 left in the period. Quarterback Roger Crawford then hit Ricky Kirkham with the two-point conversion pass.

Midway of the second canto

Cross Plains took the lead after a touchdown by Renfro was called back on a penalty. Two plays later Crawford hit Kirkham with a 15-yard toss for the score. A two-point conversion try failed.

Early countered with a drive deep into Cross Plains territory, but Bisons held on downs and in turn mounted a drive to run out the clock.

A lost fumble early in the third quarter set the hosts in motion for a second tally. Early quickly moved the ball to the Herd's three, but it took Fullback Chris Boyd four runs at the line before cracking into paydirt with 8:22 left. Blackwell connected with Halfback Steve Chesser with a two-point pass for a 16-14 lead.

Again Cross Plains retaliated on the ensuing possession. The drive covered 90 yards and took 11 plays. The score came on a nine-yard jaunt around right end by Renfro with 3:12 left in the third quarter. Once again the Crawford to Kirkham combination worked for the two-point conversion, giving the Herd a 22-16 edge.

A determined Early crew then went to work and sustained a march 62 yards with the tally coming on a 15-yard toss from Blackwell to Boyd in the left flat. Blackwell counted the two extra points for a 24-22 lead.

Cross Plains lost possession on downs at the Herd's 44, and the Horns added an insurance

OLD-TIME PEANUT THRESH-ER CREW — Pictured is "Pink" Barr, pioneer Cross Plains settler, standing near center of

this photo on the peanut thresh-er separator. At his left is stack of peanut hay and sacked peanuts. The thresher in this pic-

ture was powered by an old steel-wheeled Case tractor. Men with pitchforks in the field were used to load seven wagons haul-

ing peanuts to the thresher. The picture, thought to be made about 50 years ago, was furnished by Oren and Lester Barr.

Peanut Crop Looms Near That Of 1970

Peanuts - a much - discussed subject in these parts - are expected to be an excellent source of income this Fall. Informed sources state that the crop will likely be at least 85% of that harvested hereabouts last year which was one of the largest ever marketed in this area.

The crop has only in the last few days started to roll to market, and a first look at the crop reveals that dryland yields will range from 30 to 35 bushels per acre, while irrigated crops promise from 60 to 100 bushels.

Grades have been reported to

be high on many loads with highs of 75 and 76 reported on loads brought in thus far.

While wet weather has hampered harvesting operations, many peanuts have started rolling into local plants and drying facilities are reported to be operating at capacity.

All in all, it appears that King Goober will reign supreme again this year, thus filling the pockets of many producers and business firms of this area with many thousands of dollars in revenue depended upon by the financial segment of this community.

Additional Proof Given Of Brown County White Deer

The following letter was received by the Review last week and supporting the fact that white deer do exist in the area of Lake Brownwood.

Others have also stated that the white deer are definitely in that area.

The letter comes from H. P. Morris of Route 5, Brownwood. It follows:

"This is written in hopes that Ted Souder and Richard White, two of your respected citizens, will be cleared of any further accusations of "seeing things".

"There was a white deer on the highway near the Bayou bridge in Lake Brownwood, and I hope he is still around. Not far from where he was seen, lives his owner, Curtis Lewis, who imported several of these animals in here several years ago.

"Eager beaver hunters have killed all of them except this buck and a young doe, his offspring, whose mother was killed last year in a neighboring pasture. The old buck has watched over the young doe since then.

"I live just off that road north of the bridge and these deer are pets in the whole

neighborhood and all of us around here would not want to see them killed. They are gentle, eat with our cows and find a cool place under our trees when it is hot and rest there without fear of being molested.

"I hope this information will be of some value to your local men and all of the friends of the white buck. Thank them for helping the animal escape from its intended murderer."

FORREST WALKER NOW BACK ON HIS JOB

His legion of friends in these parts will be happy to learn that Forrest Walker, genial oil field pumper hereabouts who recently underwent brain surgery, has recovered to the point that he is supervising the pumping of the oil leases under his supervision in this area.

Making possible his return to work is the fact that his daughter, Sue (Trotter), wife of Jim Freeman of Munday, has consented to serve as his assistant, and together they are making the lease routes. She is gauging and doing the myriad of chores that "Pop" did before stricken.

The father-and-daughter team took over their oilfield duties Tuesday of this week.

Atwell

By Mrs. Alton Tatom

This area got by last week end with a light shower on Sunday. This may be the week when harvesting crops gets back into full swing.

We lost another of our Atwell citizens last week when Mrs. George Morgan, the former Eulalia (Pat) Pillans passed away in Abilene on Thursday. She spent her growing up years here, and she married George Morgan, a Scranton boy. Our sympathy is for the loved ones left.

Mr. and Mrs. Nathan Foster are announcing the birth of a new grandson. He was born to Mr. and Mrs. Steve Foster (Steve and Anita) in Abilene Saturday.

Little Billy Black went trick-or-treating in Cross Plains Saturday night with Ricky Thompson.

Feed Grain Program Chances Are Told

J. C. Eard, Jr., executive director of Callahan County ASCS office in Baird, has announced next year's feed grain program contains several changes from 1971.

The payment rate on planted acreage up to 50 percent of the base will be increased. Barley is classified as a feed grain in 1972. Also, the acreage to be set-aside was increased from 20 to 25 per cent. An additional 10 per cent of corn or grain sorghum base and 20 per cent of barley base may be set-aside and payments earned next year.

At sign-up time a producer may offer still more set-aside acreage and the Secretary of Agriculture will determine in March is this extra acreage will be accepted for payment.

Sweet sorghums may be grown on all set-aside acreage again next year and be grazed during the authorized period. The sign-up dates for wheat, cotton and feed grain will be the same, Jan. 17 through Feb. 25, 1972.
