Post Man Drowns In Two Draw When Boat Capsizes

HELD HELPLESS WHEN TANGLED IN HEAVY MOSS

TWO OTHERS OF PARTY NARROWLY ESCAPE IN TRAGEDY

(Special to The Morning Avalanche.)
POST, August 19.—Held helpless after becoming entangled in the heavy moss in the north end of Two Draw Lake when a boat in which three men were fishing capsized, Fred Donaldson, about 32 years old, a machinist in the Post-Tex Cotton Mills here, was drowned about 1:30 Tuesday afternoon. Earl Elkins, also of this city, narrowly escaped the same fate when he was dragged to the bank by witnesses of the tragedy after he had made his way to shallow water, but was unable to go on from exhaustion.

A man giving the name Grissom from Crosbyton, was in the boat with Donaldson and Elkins when it capsized. He scrambled to land by the aid of Elkins, but was exhausted and powerless to assist his companions.

According to witnesses of the scene, who viewed the tragedy from a distance, Mr. Donaldson was casting a reel from the boat and became entangled in the tagline. Realizing his predicament Elkins turned for the bank and barely made it out safely with his own life.

The remains were prepared for burial by the Davis-Mason Undertaking Co., and will be buried in the local cemetery Thursday.

Mr. Donaldson had been a resident of Post for the past several years. He is survived by his wife.

REICHSTAG TO MEET FRI. FOR DECISION ON DAWES PLAN

BERLIN, Aug. 19.—By the last of this week, probably on Friday, the German Reichstag will convene and begin the deliberations which will determine whether Germany is to accept the Dawes plan.

Working earnestly and systematically, the government has begun its preparations for the critical session. The foreign affairs committee of the Reichstag will meet Wednesday on the London protocols, and on Thursday the steering committee will fix the day for the Reichstag to convene.

Meantime, there were indications Tuesday that the Dawes settlement is gathering support. The prime ministers of the various German states gathered in Berlin to decide their attitude toward the pact of London. It was indicated that they would endorse the German delegation's policy when the conservative Bavarian people party issued a statement which, although adversely criticizing the settlement, admitted that it was the best Germany could obtain.

The Reichstag must act speedily in deciding whether it will give the Dawes program a two-thirds endorsement, for the agreement must be signed by August 30. It is expected the Reichstag will take its vote next week and the general belief is that the law enforcing the Dawes agreement will pass.

SPOTS BELIEVED OCEANS ARE SIGHTED ON MARS

The spots never have been seen before and became apparent as the planet moved toward the earth for its closest visit in 200 years. Prof. Graff announced his discovery today.

STATE DEMANDS DEATH PENALTY

STATE WITNESS RAPS DEFENSE AS FRANKS CASE DRAWS TO CLOSE

CHICAGO, Aug. 19.—When Dr. William O. Krohn, the paid psychiatrist whose testimony tore wide holes in the fantastic dream-land defense of Richard Loeb, and Nathan Leopold, Jr., stepped off the stand late Tuesday he marked the beginning of the end of the hearing to determine what punishment should be meted out to the slayers of 14-year-old Robert Franks.

As Dr. Krohn stepped from the stand, assistant state attorney Thomas Marshall leaped to his feet with the declaration that the state would insist that "the super intellectual's" hang for the murder of Robert Franks.

"There is in this case before the court but one question," he declared, "and that is what punishment under the law fits this crime." The position of the state is that there is but one penalty: It is the extreme penalty. It is death.

With that, the assistant state attorney proceeded with a resume of the entire case of the murder itself, of the arrest and confessions of the college boys, laying great stress upon the fact that they committed the "crime of the century for a thrill" and finally of the testimony.

"They ought to hang," he declared "for these reasons:

"1. No circumstances have been presented by the defense to warrant any mitigation of punishment.

"2. Even if the dream-land defense were true, under the law it would not excuse Loeb and Leopold for the commission of the crime."

Loeb and Leopold, he declared, "were not insane, but they were cunning and they were cold-blooded. They were in full possession of their faculties."

The assistant state attorney, who speaks in a powerful resonant voice, brought the court room to the highest intensity of interest. After weeks, during which the proceedings had been a constant and continual parade of scientific and technical jargon, the hearing suddenly became brilliant with drama and action.

The thunderous voice of the state's attorney could be heard in the far corners of the corridor. The hall leading to the court room was crowded with the usual array of thrill hounds suddenly back on the job. The bellicose little balliff forgot his calling for a moment and listened to the speech. Clarence S. Darrow chief counsel for the defense, dropped back in his seat.

TWO FORMAL INDICTMENTS CHARGING MURDER AND ROBBERY RETURNED BY GRAND JURY AGAINST "KID" M'COY

LOS ANGELES, August 19.—Two formal indictments charging Kid McCoy with murder and robbery were returned by the county grand jury late Tuesday afternoon. In the indictments which carry five counts, McCoy is charged specifically with the slaying of Mrs. Theresa Mors. He is also accused of robbing four persons in the antique shop of Mors Inc., on the morning of Wednesday, August 13.

Three additional counts, charging McCoy with assault with intent to commit murder were included in the robbery indictment.

The three whose slaying McCoy is accused of attempting are W. G. Ross, Sam Schapp and Mrs. Sam Schapp, all of whom were wounded during the shooting rampage which the former pupil staged in the store of Mors, Inc., last Wednesday.

The ones robbed by McCoy, according to the grand jury's second indictment are Victor E. Emden, from whom \$87 in cash and a \$60 watch were taken; Leo Spinak, who accused McCoy of stealing \$177 and a diamond ring; W. G. Ross, who lost \$40 in the antique shop hold up, and Paul Vauchet, who was robbed of \$25.

The grand jury's actions were the results of a full day's hearing of testimony in which a score of witnesses testified to the various circumstances surrounding the killing of Mrs. Mors and the shooting, wounding and robbery of the following morning.

In bringing the murder indictment against McCoy, the grand jury required solely circumstantial evidence presented to them.

Apartment Manager Testifies Tuesday's evidence surrounding the slaying was from Mrs. A. A. Avery, manager of the Nottingham Apartments and from Mr. and Mrs. A. A. Friedman, tenants in the same building.

Mrs. Friedman said that she heard two screams from Mrs. Mors apartment, followed by a shot. She placed the time at before midnight last Tuesday night. The sudden outcries were followed by the sound of a man passing beneath her window. Mrs. Avery said, and then she heard an automobile in the street.

Friedman and his wife told the jury they heard a woman's screams but no shot. The sounds were those of a person in agony or struggling for life, they said. Mrs. Friedman testified that she saw McCoy at his place of business, told about the entrance of McCoy, who she said, was evidently intoxicated and of his actions in forcing these within the shop against walls, subsequently robbing them and wounding Ross and the Schapp couple.

McCoy is Unmoved McCoy, in his cell, heard that he had been charged directly with the murder of his "leath sweetheart" without emotion.

He repeated his assertions, made days ago that she killed herself. "I tried to stop her, but she killed herself" between irrational moods which lasted throughout the day.

During the height of his frenzy, which began before daybreak and continued until after noon, the former champion dancer cuffed about

SHIP FORFEITED TO GOVERNMENT

A DECISION OF JUDGE INCLUDES RUM VALUED MORE THAN \$10,000

HOUSTON, Aug. 19.—A 75 foot ocean going launch, valued at approximately \$10,000 will be auctioned off by a United States Marshall at Galveston within the next few weeks.

The boat, the British auxiliary schooner Island Home, with approximately 10,000 bottles of liquor, estimated to be worth more than the ship itself, was forfeited to the government here Tuesday by order of Judge J. C. Hutcheson.

The vessel was the first to be seized in the Gulf under the new 12 mile limit rule. The vessel was seized one day after a treaty between the United States and Great Britain was signed agreeing to the 12 mile limit rule.

FLYERS AGAIN TRY GREENLAND HOP WEDNESDAY

REYJAVIK, Iceland, Aug. 19.—If weather conditions are favorable America's round the world flyers hope to take off Wednesday for the 825 mile flight to the Southern tip of Greenland.

Carrying spare parts for two planes, which were damaged in their attempt to get away Monday, the cruiser Richmond will arrive here Wednesday morning. Work will begin immediately on repairing the craft. Lt. Smith believes the repairs to the two planes can be made in two hours.

If the ships are ready in that time, Smith hopes the flight may be resumed later in the morning. Lt. Locatelli, the Italian airman who is flying to the United States expects to accompany the Americans.

FT. WORTH, Aug. 19.—Adjutant General Thomas D. Barton and Captain Frank A. Hamer, of the state ranger forces were in conference Tuesday, with reference to sending rangers to Childress to investigate the fatal shooting of Mel Dwight.

Dwight, who was the anti-land candidate for sheriff, was found in his garage Sunday with a bullet wound in his head. He died Monday. No arrest have been made in connection with the shooting.

FARMER HELD FOR SHOOTING DAN SHEFFIELD

EL PASO, Aug. 19.—Zacarias Apodaca, a farmer of the Ysleta district, was held without bond by Justice of the Peace Alex Gonzalez Tuesday for the fatal shooting of Dan Sheffield, a 17-year-old El Paso boy.

Sheffield was fatally shot, Eddie McCarthy was wounded in the right arm by the same bullet that killed Sheffield; Luther Ballou was shot through the left arm, and a bullet passed through the hair of Mollie Pike, when Apodaca is alleged to have fired into a truck load of young people on the Ysleta road last Thursday. Apodaca claimed that raids had been made on his vineyard and he thought he saw someone in it and fired on them. The young people claimed they were waiting at a crossing for a freight train to pass when the shooting took place.

WILL PLAN TICKET TO COUNTERACT SUCCESSFUL NOMINEE DEMOCRATS IN RUN-OFF PRIMARY AUGUST 23

By United News
SAN ANTONIO, August 19.—Texas Republicans are awaiting the outcome of the Democratic run-off Primary Saturday before they agree on a candidate for Governor succeeding Thomas P. Lee, of Houston, who has withdrawn from the race.

If Mrs. Miriam Ferguson is nominated, the Republicans plan to bring out a candidate favorable to Judge Felix Robertson, and his followers, it is predicted. But if Judge Robertson is the nominee a candidate would be chosen who will be expected to draw much of the Ferguson strength in the November election.

That is the way local republicans "doped" out the probable nominee Tuesday. The nomination will be made by the republican state executive committee at its meeting in Houston August 26, three days after the democratic run off primary.

Many candidates are mentioned by the G. O. O. since Lee got out of the race after he had called his nomination "an empty honor" and sent Mrs. Ferguson a telegram endorsing her. Names most frequently mentioned are John H. Kirby of Houston; Henry Zweifel, United States district attorney at Fort Worth; C. C. Littleton, Fort Worth; T. M. Kennerly, Houston; J. N. Harrison, Brownwood; J. C. McNary El Paso; Orville Bullington, Wichita Falls; U. S. Goon, El Paso; Charles A. Roynton, Waco, and Dr. Fredrick Terrell, San Antonio.

Whether any of these would consider their nomination "an empty honor" is not known, but many of them sought the nomination at the republican state convention at Ft. Worth last week.

GALA DAY SEPT. 1, PLANNED HERE

CRAFTS OF CITY PLAN BIG CELEBRATION OF LABOR DAY

At a joint meeting of directors of the local Retail Merchants' Association and representatives of the several different Trade Crafts of the city held at the courthouse Tuesday night, it was decided that Labor Day, which this year falls in the coming month, will be fittingly recognized by a huge celebration participated in by all the working crafts of the city and the public generally.

Formally opening the day will be a parade through the business part of the city, the exact line of march yet to be determined. Crafts which will be represented in this feature of the day will include carpenters, bricklayers, plumbers, painters, laborers, plasterers, and barbers, with the prospect of others dropping in who were not represented at the meeting last night. The parade will start at 10 o'clock.

This will be followed by a concert by the local band, which will be given from the bandstand on the courthouse lawn, and immediately on the heels of this will follow a public speaking which will have no connection in any way with the present political boom, it is announced. And this is borne out by the fact that the run-off primary will have passed into history, and nothing will be in the future but the general election, which it is hoped will not be torn by factional strife.

The afternoon will be featured by a ball game between the hefty chasers of the Carpenters' Union and a mixed nine composing members of all other crafts of the city. This in all probability will be held at the Merrill park, the former home of the Hubbers. Following this game will be a general line of fun stunts for the benefit of the kiddies and "young" old people, including a greased pole climb, potato race, sack race, and other stunts of this nature, which will be most amusing and beneficial to participants in the form of exercise.

Further details in connection with the day's celebration will be worked out in the next day or two, and further announcement will be made, according to H. H. Jones, local sign writer and decorator, who will act in the capacity of Marshal during the activities of the day.

Those crafts which were not represented at the meeting last night are urged to get in touch with Mr. Jones at once, so that full plans can be completed for the parade.

It is also very explicitly pointed out that the day is not one for craftsmen only, but it is hoped that the general public will enter into the spirit of the day, taking advantage of the entertainment offered by the different organizations.

The Siegfried home has been invaded four times in the last six weeks and authorities are of the opinion that there is an organized effort on the part of the negro criminals to persecute Captain Siegfried, who has been active against criminals.

The negro attacked Mrs. Siegfried while she was cleaning the basement of her home. Her screams attracted neighbor and her assailant fled.

SEVEN INJURED WHEN MEXICAN GOES WILD ON TRAIN

JUAREZ, Aug. 19.—Seven men were injured, some probably fatally when Enserio Parra, of Juarez, suddenly jumped to his feet in a crowded first class coach of a Mexican Central passenger train between Cuernavaca and Chihuahua City, and emptied the contents of two automatic pistols into the sleeping passengers, according to information from passengers who arrived here Tuesday from the south.

Everything was quiet in the car, passengers say, when Parra suddenly jumped up, yelling that he had been robbed, and began to shoot.

He was shot and killed.

His wife was killed.

His children were killed.

His property was looted.

His train was stopped.

His country was disgraced.

His people were humiliated.

His name was a laughing stock.

His life was a tragedy.

His death was a shame.

His funeral was a disgrace.

His burial was a mockery.

His memory was a curse.

His name was a blot on the name of his country.

His death was a warning to all.

His life was a lesson to all.

His death was a triumph for all.

His life was a victory for all.

His death was a defeat for all.

Miss Ruth Horn's Prize Book Given

So many inquiries have been received about the Prize Book Review recently written by Miss Ruth Horn that we have secured it for our readers and take pleasure in printing it. All Lubbock and the South Plains feel interested in the matter and congratulate Miss Horn. The prize was offered by Reilly and Lee Publishing company of Chicago for the best 300 word review of Robert E. Pinkerton's Novel "The Test of Donald Norton."

The review follows: "If 'The Test of Donald Norton' were appearing serially in a magazine, you would meet the postman half way down the block on the day the periodical was due in your eagerness for the next installment."

"The story will thrill you if you have felt the lure of the North Woods, with its Indians and wigwags and bark canoes and for men and isolated trading posts. It will thrill you even if you loathe all these things and don't know a lynx from a finnet."

"For there is a plot—an absorbing one, which pleases those of us who are weary of undiluted psychology in our novels. And there is adventure—lots of it! And a real old-fashioned villain. And love, and strife, and triumph, and a happy ending!"

You are won by the wigwag-bred wail, who, "nameless, raceless, kind" visits the trading post and accuses the tenderness and sympathy of Evelyn Layard, that she gives him the name of her own father. You live with Donald Norton through long and lonely silences. You rejoice over business successes.

"You come to understand that almost fanatic loyalty of the furmen toward the Great Company. Your heart bleeds at the struggles against

the unseen, impassable wall between the races. You adore the winsome Janet. Because, while you read, you ARE Donald Norton."

The clock chimes midnight, and one, and two o'clock, but you cannot put the book aside. You read on and on till you have finished the last page, and you smile through your tears.

The style? You are so interested in the story that you fail to notice how it is told. Manner is completely submerged in matter. And that is, after all, the supreme compliment that can be paid an author."

AT LEAST TWO INDIANS WON'T POW WOW AT PLAINVIEW THURS.

The disadvantages of being a hard working man will be demonstrated Thursday, when Homer L. Pharr, alleged attorney, member of the law firm of Bledsoe & Pharr and a member of the local Kiwanis Club, will have to go to court at Tahoka instead of to Plainview to Pow Wow with the Indians of Amarillo, Plainview and Lubbock who will invade that city Thursday.

"Poor Old Homer," as he is referred to by his friends in the club, is taking his fate without complaint and together with Kiwanian Clark M. Mullican, who will also be kept from the Plainview meeting because of being a strong believer in staying on the job, and who together with the duties incumbent upon him as district trustee of the Kiwanis Club, is judge of the 72nd Judicial District court, will be in Tahoka at court and unless the two break-crackers over the noonday soup together they will enjoy little of what the day will mean to the many other members of the club.

Poor fellows, they are not half so unlucky though as those birds who stay at home in order to keep their bad attendance record in standard condition.

The prospects for wheat, corn and oats are much better than reported early in the summer. There is also much improvement in cotton outlook, the crop being now estimated from 12 to 13 million bales.

EIGHTY PLAYERS REPRESENTING EIGHT COUNTRIES ENTER DRAWING WEDNESDAY FOR PLAY IN NATIONAL MENS' SINGLES

By United News.

NEW YORK, Aug. 19.—Eighty players, representing eight countries, the greatest tennis field ever attracted to a single tournament, will be drawn with profound ceremony Wednesday afternoon for the national men's singles of the United States which begins next Monday morning on the courts of the west side tennis club at Forest Hills. The drawing will be made at the bankers club, down in the financial district past American champions, as well as some of the foreign stars entered in the tournament, probably will be present to hear the pairings called off.

The United States Lawn Tennis association is bound by its agreement with the European tennis groups not to designate this show as the world championship. But this does not deter the association from sending out instant reminders that the winner, whoever he may be, must be regarded as the best in the world because the pick of the world's tennis stars are in the tournament. France, Spain, Australia, Canada, Japan, China, Mexico, and the United States are the combatants in the long battle which will wind up on Labor day, September 1, with the championship match and the presentation of the cup to the last man.

The foreign stars are: Australia: Pat O'Hara Wood, Norman Brookes, Richard Schlesinger, and Fred Kalm. France: Jean Borotra, Jacques Brugnon, Rene Lacoste, and Jacques Gerault. Canada: Jack Wright, Willard Crocker, and David Morris. Spain: Manuel Alonso. China: Lock Wei and Paul Kong. Mexico: Manuel Llano. Japan: Shimizu, Okamoto, Marada and Fukuda.

Brian E. C. Norton who formerly competed in the South African, will be absent, but this time his absence will be St. Louis he is now a resident here. Also T. Tilden, who Bill Johnston and Vincent Richards, of course led the American body which constitutes the main group.

FIRPO CHARGED WITH FALSE STATEMENT TO OFFICIALS

NEW YORK, Aug. 19.—William Chase, a portly, elderly clergyman, from Brooklyn, landed a whopping knockout, if not a knockout, on Luis Angel Firpo Monday.

Canon Chase obtained a warrant

for Firpo's arrest on a charge that the wild bull of the Pampas swore to false statements before the immigration officials at Ellis Island in obtaining admittance to the United States last month. The warrant will be sent to a United States marshal at Saratoga Springs, where Luis is training to fight Harry Wills on Sept. 11. Firpo will have to come to New York and appear before H. H. Curran, the immigration commissioner. If the charges are sustained, Firpo may be deported. But if a deportation order should be issued, Tex Richard and the backers of his prize fight firm, who have strong political influence, probably would be able to stay the execution of the matter until after the Wills fight.

The charges arise from the row that occurred when Firpo came to New York in July. Senorita Blanca Lourdes, a traveling companion of the wild bull, was not permitted to land and chose to go to Havana. Firpo was allowed to come ashore but Cannon Chase, long and active opponent of prize fighting refused to let the matter rest and went to Washington to demand Firpo's deportation.

If Firpo should lose out in the proceedings, and leave the United States before the date set for the fight he probably would lose about \$200,000 as his earnings from the bout probably would run that high.

The foreign stars are: Australia: Pat O'Hara Wood, Norman Brookes, Richard Schlesinger, and Fred Kalm. France: Jean Borotra, Jacques Brugnon, Rene Lacoste, and Jacques Gerault. Canada: Jack Wright, Willard Crocker, and David Morris. Spain: Manuel Alonso. China: Lock Wei and Paul Kong. Mexico: Manuel Llano. Japan: Shimizu, Okamoto, Marada and Fukuda.

Brian E. C. Norton who formerly competed in the South African, will be absent, but this time his absence will be St. Louis he is now a resident here. Also T. Tilden, who Bill Johnston and Vincent Richards, of course led the American body which constitutes the main group.

FIRPO CHARGED WITH FALSE STATEMENT TO OFFICIALS

NEW YORK, Aug. 19.—William Chase, a portly, elderly clergyman, from Brooklyn, landed a whopping knockout, if not a knockout, on Luis Angel Firpo Monday.

GIANTS SWING INTO STRIDE TO BEAT CINCINNATI

The Giants hauled away from the Pirates Tuesday when they whipped the Reds simultaneously with the defeat of the Pirates who are their nearest pursuers. The Giants broke out of their losing streak of five straight and vanquished Jack Hendricks Cincinnati team on the Cincinnati pasture, 6 to 2. The Dodgers who are romping along to declare themselves in on the contest for the pennant, slammed the Pirates for the second time in two days 4 to 3. Dazey Vance pitched for Brooklyn and the victory was his 21st for the season. He had been whipped only four times. He has won his last nine games, and his strike-out record already has passed that of Adolfo Lucare for the entire season of 1923 in which Lucare led the pitchers of the National League.

The Giants now are four full games ahead of the Pirates. The Dodgers went to third place as the Cubs were rained out in Chicago and had no chance to improve their average. The Braves were the guest team in Chicago. The Phils and Cards also were rained out in St. Louis.

The Yanks and White Sox were not on the American League schedule for the day. While the Yanks were idle and enjoying a comfortable lead over the Tigers, the Detroiters were defeated twice in

GIBBONS PLAYS HARD LUCK; MAY FIGHT TUNNEY

By United News.

NEW YORK, Aug. 19.—Trustful Tommy Gibbons, who was promised \$60,000 for fighting Jack Bloomfield in England two weeks ago, but didn't get it, will land back in New York Tuesday with Eddie Kane, his manager. Gibbons probably will try to get a fight with Gene Tunney or Mike McFigue before returning to his home in St. Paul.

In the course of a single year Tommy received \$15,000 for two fights which at present rate of prices in cauliflower circles should have been worth \$250,000 to him. In Shelby, Mont., he trusted the promoters on the Dempsey fight and all he got out of it was a beating. When he went to London recently to fight Bloomfield, trustful Tommy neglected to demand that his purse be deposited in any bank. Major Wilson the promoter, had an honest face so Tommy trusted him. Gibbons got \$15,000 in London.

FIRPO GIVEN \$2,000 BOND ON PERJURY CHARGE

By United News.

NEW YORK, Aug. 19.—Still wondering what it was all about and how much it was going to cost him, Luis Angel Firpo, the Wild Bull of the Pampas, returned to his corral on the shores of Saratoga lake Tuesday night under bond of \$2,000 to answer a charge of perjury in the United States District Court. The charge was derived from Firpo's statement to the immigration inspectors at Ellis Island last month that Senorita Blanca Lourdes, the buxom young Spanish woman who came to New York with him, was only a casual acquaintance such as any gentleman is likely to make at sea when the quator said by Canon William Chase Chase, a Brooklyn clergyman who has been taking them on the chin for more than twenty years in his life work of destroying the prize fight business, thinks Firpo spoke less than the whole truth in this declaration about the brevity of his acquaintance with Senorita Lourdes. In fact, the canon, whom the late Mayor Gaynor once bluntly called a popgun, not a canon, went so far as to claim that Luis told no part of the truth in his statements. Therefore he obtained a warrant for Firpo's arrest and sent his lawyer Barney Sandler, to Saratoga to see that it was served.

Right there the Rev. Canon, or Popgun, according to whether one accepts his own estimate of himself or the late Mayor's, made his latest mistake in the long war against prizefighting. For Firpo, always impetuous, did not wait for Barney Sandler to find him but came roaring down from Saratoga accumulating an expensive lawyer on the way and went galumphing into the commissioners office hours earlier than Canon Chase expected him.

"My counsel, Mr. Sandler is in Saratoga to serve the warrant on the defendant," he said, and I there fore request a delay until Wednesday.

"Nothing doing," said Firpo's very expensive lawyer, Hyman Bushel. "I'm busy tomorrow. I'll be busy until September 20. Move we adjourn it to September 20."

"But—" the Rev. Canon started to demur. "It was his object to have Firpo deported and well on his way toward Buenos Aires long before September 11, which is the

date of the Firpo-Wills fight. "In fact, it is suspected that the Rev. Canon was more interested in obviating this traffic in knuckles than he was in reproving Firpo for trifling with the truth. Before he could formulate a competent objection, however, Commissioner Hitchcock adopted Bushel's suggestion and virtually guaranteed Firpo a guest ticket to the United States until the fight had been decided and the profits assimilated.

Canon Chase had lost another fight. It was over as quickly as his fight before a Jersey grand jury to prevent the Dempsey Carpenter bout three years ago. His record, like John McGraw's, is absolutely consistent. He always starts his own rows and he always loses.

COOL

the oven is insulated—keeps heat inside.

ECONOMICAL

the low cost of the 16-80 puts electric cooking in the reach of even the family with limited income. It keeps the bills for electricity down to a minimum for it is constructed so that every bit of the heat it used.

The 16-80 range is an ideal range for the small home or apartment. It is a medium sized, high-grade range selling at an extremely low price.

SIZE

it occupies a floor space of only 41 x 23 inches. The cooking top is 32 inches from the floor.

CAPACITY

ample cooking capacity for 5 or 6 people. Three large units on the cooking top. Roomy oven.

UNITS

MARKETS

ATTACK ON RAILS AND INDUSTRIALS BRING DECLINE

BY EDWARD J. CONDLON (United News Financial Editor)
NEW YORK, Aug. 19.—The stock market worked at cross purposes at times during the active round of trade on Tuesday. Several of the leading railroad and industrial issues were rather sorely beset at intervals which resulted in the average decline of about half a point in the rails though it did not prevent the industrial averages from duplicating the previous high which was reached on March 20, 1923, which in turn was the highest since April 8, 1920.

The new day of the day calculated to effect sentiment in stocks included reports of progress at the various steel centers, indicating expanding operations. The metal issues marched ahead on the improved outlook for silver and copper. Germany of the average decline of about half a point in the rails though it did not prevent the industrial averages from duplicating the previous high which was reached on March 20, 1923, which in turn was the highest since April 8, 1920.

The commodity markets showed a reversal of form compared with their respective movements on Monday. Cotton gained on reported mending of army worms in Texas. With the cotton crop late, such damage might prove very serious. Wheat dropped approximately 2 to 3 cents, and corn fractionally, on liquidation inspired by reports of warmer weather, thus relieving anxiety concerning drought in the north west. A rather surprising policy has been adopted by the New York cotton exchange to guard against unwarranted speculation due to possible leaks in the governments figures on the crop condition which are due at noon Saturday.

The exchange has decided to close at 11:45 a. m. to thwart any possible wire tappers. This report will give the average condition as of August 16, and the indicated yield on that date. The last bureau figures made the condition 67.4 and the yield 123,510,000 bushels.

The foreign exchange market brought up the rear lagging from the start on further realizing by speculative interests who bought early in the advance.

LOUIE IS SETTING THE STAGE FOR GRAND RUSH TO BE MADE TOWARD PLAINVIEW BY KIWANIS TODAY

Louie F. Moore is busy making arrangements to see that all members of the local Kiwanis club who can possibly make the trip to Plainview to attend the joint meeting of the memberships for the Amarillo, Plainview and Lubbock Clubs secure a way to go.

Louie's phone number is 241 and he will appreciate it very much if all who contemplate making the trip will phone him and make arrangements to take as many of those who do not have cars as it is at all possible.

Louie served as secretary of the club for two terms and knows something of the value of each and every member doing his bit to make all meetings a success, and since he has been assigned the task of seeing that no cars go to Plainview half-filled and that no one stays at home who can possibly make the trip, he is doing his dead-level best and will be encouraged if given the assistance of other members.

W. A. Bowen will give the local attendance prize at Plainview.

A program of which all members of the local club will justly be proud and which will offer a splendid entertainment for all who hear it, will be rendered by the most able speakers in the club.

Let's make the attendance at the Plainview meeting as near to one hundred per cent as possible.

There are a few members of necessity who will be compelled to stay at their jobs, but unless it is utterly impossible to shake loose the big things to do for Lubbock, the Kiwanis club and yourself is to go to Plainview with the rest of the gang.

LABOR LEADER RAPS DAWES FOR HIS FORMER RECORD

WASHINGTON, Aug. 19.—An attack on the labor record of Chas. G. Dawes is made in a letter to William M. Butler by Joseph Wise, republican labor leader of Chicago, who refused to attend the republican vice presidential candidates' notification ceremony at Evanston because Dawes' record showed a democratic judge hostile to labor.

Wise who has bolted the regular ticket to support LaFollette declares he proposes to choose the constitution and repudiate the party candidate in the present political situation.

The letter, made public through LaFollette's headquarters, denounces Dawes for supporting Dennis E. Sullivan, a Chicago injunction judge who lost for re-election nearly a year ago.

"Through the efforts of Mr. Dawes, Judge Sullivan was re-elected by the votes which Mr. Dawes personally obtained for him in Evanston and other towns surrounding Chicago," Wise said. He declared Dawes attacked labor leaders in this campaign and was joined in this by William Z. Foster, the communist.

"While I intend to assist in bringing about the election of republican state candidates in Illinois, I shall do everything within my power to induce citizens to support the LaFollette-Wheeler presidential candidates," he added.

TO EVERY MINIST-TER IN TEXAS

FERGUSON THREATENS TO SWALLOW TEXAS

Temple, Texas
Aug. 15, 1924.

For twenty-one years, I've worked and prayed, and paid my surplus earnings, against those things Jim Ferguson stands for. You ministers of Jesus Christ and a Christian mother taught me to do it. My Bible teaches me to do it.

It is not necessary to enumerate the things Ferguson stands for, suffice it to say—They are against The Christian Ministry and the Church of Jesus Christ.

This letter is to appeal to you to sound the warning to our congregations, and urge men and women to rise in militant power against the dire evil that threatens us.

Before, with Jim, it was Anti-Prohibition. Now, with him, it is anti-Ku Klux, anti-Protestantism, anti-Christ.

I know Judge Robertson personally. I beg you not to believe the campaign lies being circulated against him. Even his honest enemies say his life is above moral reproach.

Brothers, in the name of womanhood, decency, honesty, and in the name of our Lord and Savior, I appeal to you to save Texas from Fergusonism.

If Ku Klux is wrong, we can smash it later. If of God, it will live, but now, as I see it, we must keep Texas from being swallowed by Fergusonism.

Sincerely yours,
(Signed) H. C. Glenn

THREE DIE EACH DAY IN RUHR

BERLIN, Aug. 19.—The frequency of accidents in the Ruhr mining district is increasing, the miners union stated in a petition to the local authorities. The increase is due to the disobedience of governmental regulations for the avoidance of accidents by the owners, the union claims. This negligence has made that the number of accidents has been quadrupled during the past eight months so that at present the average number of accident is 150 per day, with approximately 2 per cent fatal. Since the termination of the passive resistance at least 30,000 accidents occurred in the Ruhr alone.

CLEAN-UP CAMPAIGN FOR LUBBOCK NOW FULLY OPEN

The clean-up campaign is now on in Lubbock and the efforts of every man, woman, boy and girl in the city are necessary to its success.

It was announced at the office of a member of the central committee Tues. morning that while all assignments have been made and all necessary plans for launching the campaign on a big scale are complete, the work has not been started into with the spirit that characterizes Lubbock's bigness, and as a matter of fact many who were assigned blocks or sections of blocks where they were to supervise the work of the campaign have shown tendencies to shirk their responsibilities by offering all sorts of excuses for inactivity, ranging from the necessity of putting in sixteen hours a day at the store to taking the summer vacation.

The campaign, though, will be a success. There is much to be done that the people of Lubbock realize will be done for the general benefit of all concerned, and such tasks are never permanently shirked here and there is no need of anyone thinking for a minute that they are going to comfortably get out of doing their share.

Of course the laws of this state and the city ordinances are not strict enough to compel Mr. Laziness and the Putt-off children to grab a hoe and rake and put in twelve hours a day making their premises look just right, but there is an unwritten law in Lubbock that is enforced by all good citizens which compels them to do their bit in the clean-up campaign and there are enough Lubbockites coming under the jurisdiction of this law to put the campaign over in a big way.

It is encouraging to note the work that has been done in various sections of the city by those interested in the campaign and its success, and with a continuation of their efforts they will in a short time put the little job over so well bystanders will wonder how it was done so easy.

The very best efforts of every individual in Lubbock are deserved by this city at this time. The streets look rugged and unkempt enough at the best with construction crews of one craft or another busy on practically every block, and the rubbish and material that naturally accumulates wherever construction work is being carried on is enough to mar the appearance of this city without being augmented

by the accumulations of waste paper, trash of all kinds, etc., so let's all do our best to see that the campaign is made a success and that it will result in Lubbock's being made one of the best looking towns in the whole state.

LET'S GO.

POLITICAL RALLY IN CUBA FATAL TO FIFTEEN

HAVANA, Aug. 18.—Several persons have been killed and more than 15 were wounded during a political rally of the liberal party in Pinar del Rio province.

Many prominent politicians escaped death by jumping from the windows of the hall when partisans of Machado, the liberal presidential nominee and the followers of the defeated candidate for that honor, Mendita met on convention hall. More than 100 shots were fired.

WALTER R. CHRYSLER'S TRAFFIC TALKS

HINTS TO PEDESTRIANS.

Pedestrians should keep to the right on sidewalks, crosswalks, roadways and passageways but on highways without sidewalks, should keep to the left, commanding a clear view of approaching traffic.

Observe traffic before stepping from curb and cross roadway at a right-angle—not diagonally—and, if reasonably possible, on a crosswalk.

Keep out of traffic whirlpools. Watch for traffic officer's signal and heed traffic signs and limit lines.

Stand on sidewalk or within safety zone, while waiting for a street car or bus.

Face and step toward front of street car when alighting.

finer and those who sinned with their brains, were in dire plight than those who sinned with their hands," Mrs. Willebrandt said. Political power had no more effect than wealth. The twice victorious mayor of Hamtramck, with a large political following, received two years while a worker around the breweries with no influence got only five months.

Father of Local Man Says Plains Country is O. K.

A. F. Peters, of Honda, Texas, has been in Lubbock the past few days visiting his son, N. L. Peters of the firm of Peters and Haynes, architects.

The visitor is a regular reader of the Morning Avalanche and knew something of the development of this country before coming here but says that he could have never realized the bigness of this country nor the development program under way here without having visited here.

The old saying that doctors disagree applies with especial force to the representatives of the medical profession called alienists. In the Leopold-Loeb murder case both the defense and the State are amply supplied with alienists who flatly contradict each other.

M. Andre Gives Rules of Health

By W. CARTER PHILLIPS

Unnatural living conditions prevent civilized man from enjoying the health and strength Nature intended he should have, according to M. Pierre Andre, discoverer of the celebrated medicine, Karnak.

If the body gets sufficient nourishment to keep up the strength and impurities are eliminated thoroughly there is no reason why we should not enjoy good health indefinitely, declares M. Andre.

Unfortunately modern man has surrounded himself with artificial living conditions that make the attainment of this balance, practically impossible.

The major portion of our food is hastily cooked and hard to digest. Constant hard work, business cares and social activities keep our brains and our nerves at high tension and we do not get sufficient sleep, rest and recreation. The over-worked system craves stimulants like coffee, tobacco, and strong drink, and finally the entire structure tumbles down and our vital organs "go on strike."

Karnak brings relief to such sufferers by strengthening the weak, worn out stomach. The digestion is re-vitalized and the appetite for wholesome food is increased. Karnak also increases metabolism, or the changing of food into body-building nourishment. Impurities are thrown off thoroughly and naturally. Rich, red blood is built up and strong, healthy flesh and muscle replace the flabby, worn out tissues.

In this way Karnak helps Nature restore the whole body to health strength and vitality.

Thousands of people everywhere are praising the medicine in the public press.

Karnak is sold in Lubbock by the City Drug Store.
