Water District's Wells Get Checkup

Step to meet peak water demands has been working with City of Odessa to have department employees to overhaul electric systems of some of the pumping equipment in the Section 31 and 32 wells.

Wells which formerly served all of the city are being checked now to insure their readiness for operation in the summer, said O.H. Torgerson, general manager.

He said the wells are being checked along with electric systems. CRWD staff members have been working with City of Odessa to have department employees to overhaul electric systems of some of the pumping equipment in the Section 31 and 32 wells.

Grandmother Of Gamble Is Cleared

NEW YORK (AP)—A judge has dismissed a complaint by Andre Perumbeanu that the grandmother of Gamble Benedict was hiding his wife so he could not discuss a divorce.

The 35-year-old Perumbeanu went into State Supreme Court Thursday with a habeas corpus petition, accusing Katherine, Gled. Benedict, the grandmother of the child, of hiding her. Perumbeanu, 35, and his child, Gled. Benedict, 3, were married in 1953. Mrs. Benedict testified she had nothing to do with Mrs. Perumbeanu's disappearance and added: "The only thing I was interested in was my granddaughter and getting her away from this man."

The dashing ex-chef, who ran off to Paris with 19-year-old Gamble, did not take the witness stand.

Justice Irving L. Levy dismissed the charge against Mrs. Benedict, and thus left Mrs. Perumbeanu free to remain in hiding. She and her daughter are residing some where on Staten Island.

Earlier, in a surprise action, Mrs. Perumbeanu sued her husband for a separation and charged an affair with a teen-ager.

Perumbeanu has said that he and his wife agreed in a divorce back in 1953. His romance with Gamble last summer culminated in their running off together last December.

The girl was brought back from Paris to face a downward minor charge. A decision on the charge still is pending. Also, Gamble has promised not to see Andre while he still is married.

Train Crew Comes To Aid Of Canine

PITTSBURGH (AP)—The daughter of Mrs. D. G. Donovan told her mother Thursday that a dog hit by a train was lying between two tracks.

Mrs. Donovan tried to lift the dog, but was unsuccessful. She then heard a train coming.

She ran up the tracks and flagged down the Baltimore & Ohio freight train. It stopped just in time. The crew helped put the dog in her car.

'He And She' Ski Races Popular At Swiss Resorts

Without formal effort the women of Switzerland have pushed "togetherness" into new frontiers. Sports have long ago been perfume scented with female participants. However, competitive con-

tests have generally been "he or she" affairs. Today in Switzerland a metamorphosis is taking place. It's a new game, popular this year throughout the Swiss winter resorts—the "He and She" Ski Races. Unity prevails. The winners must cross the finish line together.

Couples are paired by drawing slips from a hat. Frequently and here where the finish line is a little cream and grated cheddar cheese. Bake in a moderate oven until the potatoes are tender.

BAKING POTATOES

Wrap thinly sliced potatoes in heavy foil along with salt, pepper, a little cream and grated cheddar cheese. Bake in a moderate oven until the potatoes are tender.

WHIP IT-UP

Small wire whips are inexpensive and indispensable in making many sauces. Use it also when you are whipping up an envelope of instant potato granules. Interestingly enough a whip will make the potatoes whiter than will a spoon because with it a goodly amount of air is incorporated.

GIVE IT A LIFT

You can give tomato juice a lift by combining it with bottled clam juice.

TRY IT SOMETIME

Drop some freshly-popped corn salted into bowls of cream of corn soup. Different and fun!

British Nigeria in Africa has more than 9,000 square miles of tin fields.

WOMEN

The Snyder (Texas) Daily News, Fri. Feb. 5, 1960

In The Know

The special days in February provide a cook with good excuses to "go fancy." If she hasn't used all the labor-saving features on her range, it's a good month to experiment. For instance, try the automatic broiler. Heat control. Brown the meat first, with the control set at 375 degrees. Then turn it back to 190 degrees and watch the flame shrink back and assume a precise simmering temperature. Valentine's Day call for a glamorous pink meringue baked in the new low-temperature oven. For Washington's Birthday plan a special dinner using the

clock control with the other features. You'll discover entertaining is much easier when you take full advantage of a modern range.

A FOOD MIXER CAN CAUSE THIS INTERFERENCE. YOU DO NOT NEED SERVICE HERE. BUT WHEN YOU DO CALL FOR EXPERT SERVICE

Final plans for entertaining the Lambda Kappa Chapter of Beta Sigma Phi with a Valentine party on Feb. 12 were made.

News For Cooks

Many a homemaker has been able to improve her cooking results by having six burners to work with instead of four. Every home can have the advantage of extra gas burners designed to fit on a counter-top and fold into the wall when not in use.

Laundry For Baby

Frequent washing of stuffed toys and nursery curtains, spreads, rugs and clothes make for healthier babies. To assure proper hygiene the clothes dryer is a mother's greatest ally. The modern dryer makes quick drying possible: thus fewer clothes and accessories are needed. Drying time depends on the weight of the load and type of fabrics. Crib spreads, for instance, dry in 15 to 30 minutes. Stuffed toys in 15 to 20 minutes. Gauze diapers in 10 minutes.

Radiator Knocks

If your steam radiators make a loud knocking sound when heat is turned up, you may have an accumulation of water in the radiator or in the piping. Raise the end of the radiator not needed to the pipe and prop each leg with a small block of wood. The condensation in the radiator will flow toward the pipe and back into the system where it belongs.

Tune In On The Beauty Beam

By VIVIAN BROWN
AP Beauty Editor

WHEN YOUR BEAUTY stock is low, pick up those old idle dividends and cash them in. Improve your best features to overshadow the others.

Every once in a while skin, hair and complexion show the ravages of sleepless nights and over-indulgence in fast foods. These don't seem to be anything you can do to get yourself in shape, and the more you think about it, the worse the glamor department gets.

When you get to that charm impasse, call in a friend and pool your beauty knowledge. A real beauty session complete with mirrors can put you back on the beauty beam.

What can you do for your friend? What can she do for you? What are your low points? What are hers?

Eyebrows make a good starting point. You'll want to tweeze all the little stragglers over your nose between your brows. Below the eyebrow you'll do the same thing. But you will not remove any eyebrow hairs from the top of your brow, spoiling the arch. Tell your friend how to do it.

Mutual Pedicures
A pedicure is a good chore for a good friend to perform. It's so much easier to have someone else do it. Cotton goes between the toes to keep them apart. The nails are filed straight across, not rounded at the corners, and they should be smoothed with an emery board. The cuticle would be oiled as toenails have a habit of clogging up with dirt. Apply a pretty polish to your nails, and see if you don't feel better for the effort.

The blonde permanent wave is a good idea performed with a companion. Your pajama partner can do your hair, then you can do hers, and if you get one of the books available on the subject, you can have lots of fun experimenting with new hair styles.

Even if you don't want curly hair, your coiffure will hang prettily with the body the permanent wave can give it. Some girls like the cap of curls with feathery bangs, and a friend comes in handy to wind the hair in back on the little spin curlers. The newer creamy neutralizers come in a plastic bottle so a few drops can be squeezed out on each curl.

The pin curl permanents are easy to do also, particularly if a casually waved bob is desired. A kit is likely to contain curlers for neckline rollers for brow curls and pin curls for the rest of the hair. Choose what you need when you give the permanent wave.

It's a good idea to start your record session while the permanent waves are drying, and perhaps it's a fine time to experiment with new makeup techniques. Many girls could stand improvement in the mouth area. The lip line should never go down, one expert cosmetician advises, and it should be filled out to the very end of the upper lip. That means that it should gently curve from its highest point, not go down sharply.

A beauty session at slumber time should include a facial, especially if the skin is troubled with blackheads. Use a warm towel to loosen the black heads and then cleanse the skin thoroughly with a good skin cleanser.

Frozen Locks

Don't try to force a frozen lock. It takes such a small amount of moisture to freeze a lock that the job of thawing is relatively simple. Heat the key over a cigarette burner or match flame. Then insert it in the lock. Repeat the heating several times until the ice is released.

Crusade Leaders Due At Calvary

Dr. Hendon M. Harris Jr., International Director of "The Hundred Nations Crusade," and Gen. Wang Shih Ping, East Asia Director, will be at the Calvary Baptist Church here for a week beginning Monday.

The morning service will begin at 10 a.m. daily, and the evening service at 7:30 p.m. daily, throughout the week.

Dr. Hendon and Gen. Wang will be speaking on the Daily Devotions program over KSNV at 9:15 a.m. over KSNV.

Dr. Hendon and a group of young ministers in Chicago organized "The Hundred Nations Crusade" in Chicago in 1948. The organization is dedicated to training young Americans, as well as men of other nations, who will lead in the country to which God directs them in the work of educating native people who will establish churches throughout the land. Their goal is to reach every country and nation, to plant New Testament churches throughout the world.

Headquarters of the organization is in Bloomington, Ind.

GEN. WANG SHIH PING

Gen. Wang, was formerly in charge of the defense of Peking, China. He has spoken two times before the Congressional Committee and over national television. Dr. Harris will act as interpreter for Gen. Wang.

On Tuesday night, "The Challenge of Peking," an information 40-minute technical film produced by Dr. Harris, will be shown. The public is invited to attend all of the services.

CHURCH NOTES

Trinity Methodist

Youth Day will be observed Sunday at the Trinity Methodist Church. Theme of the observance will be "Our Service to the Community."

Participating in the program will be Bobby and Jimmy Spradlin, Tony Taylor, Pam Halzwood, Linda McKinney, Dick Clemmer, Karen Livingston, Johnny Floyd, Helen Johnson, Bill Price, Larry and Jerry House, and Steve Babcock.

The intermediate and senior MYF groups will meet at 6:30 p.m. Sunday, while the vesper choir will meet and Bible study will be conducted at the same hour. The evening worship service is set for 7:30 p.m.

On Tuesday at 7:30 p.m. WSCS circles will be held for study to be led by Mrs. Ted Zech. The commission on membership and evangelism will meet at 7 p.m. Wednesday and choir practice will be at 7:30 p.m.

F And 30th C-C

Leroy Nelson of Lubbock will be the speaker for both services Sunday at the Church of Christ, Avenue F and Thirtieth Street.

His subject for the 10:30 a.m. service will be "As Little Children," while at 7 p.m. his subject will be "Hold Fast."

Wednesday services will be at 7:30 p.m. The public is invited to attend all services.

Grace Lutheran

Honor guests of the Grace Lutheran Church at the 10:45 a.m. service Sunday will be the Kiwanis Boy Scout Troop No. 35 with A. J. White and C. A. Skains, Scoutmasters.

Subject of the Rev. Walter L. Lentz at the Holy Communion Service will be "Why?"

The Sunday School begins at 9:45 a.m., while Sunday night services will be at 7:30 p.m. Services are held in the West Elementary School auditorium.

Every Saturday at 11:45 a.m. Rev. Lentz presents Religion in the News over station KSNV.

North Side Assembly

The Rev. P. H. Nutt, who recently came here as pastor from Bakerfield, Calif., will be in the pulpit at the North Side Assembly of God, located at 1000 Thirtieth Street.

Sunday morning worship service is set for 11 a.m. and the evening evangelistic service is set for 7 p.m.

Sunday School is at 10 a.m. each Sunday and prayer meeting at 7:30 p.m. on Thursday.

First Presbyterian

"Encounter In Ecumenical Missions" will be the sermon topic of the Rev. R. Charles Striver at the First Presbyterian Church here Sunday morning.

Rev. Striver's topic for the 6:30 p.m. service will be "We Have Seen Him."

The church will begin a school of missions on Wednesday evening. A covered dish supper will be served at 6:30 p.m.

The school of missions will continue for five consecutive Wednesday evenings. It will embrace a study of missions in Africa.

Mrs. Elmo Weyel will be director of the school.

Avenue D Baptist

The Rev. A. J. Martin, pastor, will be in the pulpit Sunday for both services at the Avenue D Baptist Church. His subject for the Sunday morning sermon will be "Jesus Is Lord." At the 7:30 p.m. service, he will speak on "A Christ Controlled Life."

Rev. Martin will be in the pulpit at the 10:30 a.m. service.

School Of Christian Learning Set

The Methodist Churches of the Snyder area will host a School of Christian Learning at the First Methodist Church, from Feb. 14 through Feb. 18. All interested persons are invited to attend. The school will offer training opportunities for church school teachers of all age groups, officers and members of adult classes, young people and "Mr. and Mrs. Church Member."

The first class session will be on Sunday afternoon, Feb. 14, from 2:30 to 4:30 p.m. The sessions on Monday, Tuesday, Wednesday, and Thursday will be from 7 to 9 p.m. A nursery will be provided for small children, and a study hall for older children.

Courses offered and instructors include:

- "Working with Nursery Children," Mrs. Herbert Rohloff, Lubbock.
- "Working with Kindergarten Children," Mrs. Paul Hoffman, Abilene.
- "Working with Primary Children," Mrs. Harold Secord, Earth.
- "Working with Junior Children," Mrs. J. E. Shigbert, Vernon.
- "Guiding Junior Highs," Mrs. Robert Bratcher, Pampa.
- "Guiding Seniors and Older Youth," Miss Barbara Sommerly, Lubbock.
- "Helping Adults Learn," Miss Myrtle Sue Howell, Midland.
- "How to Read and Study the New Testament," Dr. J. O. Haymes, Lubbock.
- "Your Home Can Be Christian," Dr. Hubert Bratcher, Pampa.

Eastern Boy On Probation

KOKOMO, Ind. (AP)—People in Odessa, Tex., won't be seeing that Eastern boy who worked at the gas station for at least six more months.

William Bradley, 17, was placed on six months probation Thursday by Juvenile Judge Merton Stanley as an alternative to the boys' soliloquy into Mexico.

The FBI and police in the United States searched for Bradley after his car was found near the Mexican border city of Nuevo Laredo.

The boy telephoned his mother from Odessa after seeing a newspaper story that told of the search he was working in a service station there.

William said he left home Jan. 1 because he "wanted to be on my own."

"If this had happened 100 years ago, attorney Donald Bolinger told the twice, Bradley "might have become another Daniel Boone."

Deputy prosecutor Frank Oliver came back with:

"He might have—but then he could have easily become another Billy The Kid."

Oil Import Cut Urged

WASHINGTON (AP)—An overall cut in government import quotas has been recommended by a liaison committee for oil and gas associations.

The committee, headed by A. F. Hartmann of Amarillo, met at the offices of the Independent Petroleum Assn. of America.

The committee named a subcommittee to cooperate with association officials in drafting legislation to remove utility-type regulation from independent natural gas producers.

"We believe it is possible to secure the adoption of a realistic bill in 1960," the committee said, "and are urging reconsideration on the part of those who are counseling continued delay."

Fears were expressed that complacency may in part be attributable to the fact that "certain segments of the natural gas industry find no objection to the present utility status of independent producers."

Launching Sites For Atlas Missiles Set

WASHINGTON (AP)—Nine Atlas-missile launching sites to be built in a 35-mile radius around Dyess Air Force Base near Abilene, Tex., have been picked by the Defense Department.

Their locations in relation to Dyess are: 17 miles northeast, near Phantom Hill Lake; 25 miles east-southeast, near Baird; 21 miles south, near the Denton community and close to Clyde; 20 miles southwest, near Shepp; 20 miles southwest, near Nolan; 21 miles northeast, near Anson; and 35 miles north near Conity West.

First Strawberries Picked In Valley

DONNA (AP)—The first strawberries of the season in the Lower Rio Grande Valley were picked Thursday on the 200-acre farm of Deville Strata of Donna.

Strata said recent frosts did not hurt his crop. Valley berries, are expected to be in good demand since the area around El Paso, near San Antonio and other areas have been hit by the freeze.

HER HEART STOPPED BEATING—Deborah Lynn Woodard, 5, poses happily with her mother, Mrs. F. A. Woodard, in her hospital room at St. David's Hospital in Austin, Tex., after an emergency heart operation saved her life. The Luling, Tex., girl's heart stopped during a minor eye operation and the eye specialist sent for a surgeon who made an incision in the child's chest and massaged the heart back to normal beating. (AP Wirephoto)

Year's Accident Toll Is 91,500

CHICAGO (AP)—Accidents killed 91,500 Americans last year. They injured 9,200,000 men, women and children.

They cost \$12,600,000,000.

The National Safety Council, in its report today, said the 1959 death toll was just 1,000 higher than in 1958, an increase of one per cent.

Traffic accidents topped the list with 37,800 deaths, followed by home accidents with 26,500, accidents at work with 12,500 and accidents in public—excluding traffic fatalities—with 16,500.

Fatalities rose in all those classes except in the home, where there was no change in comparison with the previous year.

The council said the population death rate—the number of accidental deaths per 100,000 population—declined to a record low of 31.2.

The economic loss was calculated for both fatal and non-fatal accidents and it included wages losses, medical expense, production delays and equipment and property damage.

Falls always a major killer in accidents, resulted in the death of 18,300 persons last year, about the same as in 1958. Deaths from burns totaled 7,400, an increase of 1 per cent from last year, while 6,500 persons drowned a decrease of 1 per cent. Firearms deaths of 2,200, were 1 per cent more than in 1958.

The council said only one catastrophic last year caused more than 50 deaths. Sixty-five persons were killed when an airplane plunged into the East River in New York City. However, there were four other accidents in which 25 or more persons died.

The council said the bulk of the accident toll, as in past years, was made up of one or two death mishaps.

The traffic death toll was 500 less than in 1957 and nearly 2,000 under the 1956 toll. The increase in deaths last year was less than half of the 5 per cent increase which occurred in motor vehicle travel, the council said.

The council said that 198 passengers and 28 crew members were killed in 1959 in 8 accidents which

Colleagues Truly Rich

BARRINGTON, R.I. (AP)—Albert G. Marones fellow workers are not rich men. They are school janitors, not a very lucrative profession. But they are rich in compassion.

The 44-year-old Marones used up his sick leave and vacation time because of a back injury. And he still needs four more weeks off to recover.

Noting he has a wife and two children to support, the Barrington Janitors Assn. went to the school superintendent and offered to work overtime without pay to do Marones work.

School Superintendent Ian D. Malcolm approved the plan so Marones could continue receiving his salary.

Army Modernization Funds Off Target, Says General

By JOE F. KANE
WASHINGTON (AP)—Much of the special additional funds voted by Congress to provide new equipment for American soldiers has been off target, Gen. Lyndon B. Lemnitzer, Army chief of staff, told the Senate Preparedness subcommittee and Space Committee Thursday that "Army modernization is one of his principal problems."

Mayors In Disagreement

TUCSON, Ariz. (AP)—The mayors of New York disagree with the mayors of San Francisco, Philadelphia and St. Louis about legalized off-track horse race betting.

Mayor Robert F. Wagner of New York said legalized off-track betting is good for a community because it can provide additional tax money. He said New York is studying such a proposal.

The mayors are in Tucson for meetings of the executive committee of the American Municipal Assn. They appeared Thursday night at a Tucson Press Club forum.

Mayor George Christopher of San Francisco, Richardson Dilworth of Philadelphia and Raymond B. Tucker of St. Louis opposed the idea.

Dilworth said such a step would legalize operations of "the worst mugs in a community."

Tucker described the proposal as "advocating that the end would justify the means."

Item Questioned

OLYMPIA, Wash. (AP)—A state examiner took exception Thursday to a \$29.05 item among the expenditures of the little town of Hunts Point, Wash. The item covered refreshments for the town's cleanup day—four cases of beer and five of soft drinks.

Asked if the additional funds voted last year for that purpose are being fully used, Lemnitzer replied: "The answer to that question is 'No.'"

"Why not?"

"I can't answer that—you'll have to ask the Budget Bureau," he said.

Lemnitzer said part of the \$36,200,000 appropriation was used to assist allies and 175 million dollars were placed in reserve by the Budget Bureau to meet "future contingencies."

President Eisenhower's new budget provides about 1 1/2 billion dollars to continue the Army's modernization program at its present rate. The Army originally tried to get five billion dollars a year for three years for modernization.

Lemnitzer was told Thursday that the Senate committee had testimony that the Soviet army had been highly mechanized, made highly mobile and provided with rockets, tanks and guns that "can outrange and outgun ours."

He replied "we do know the Russian army has been completely reorganized at least once since the last war is 'the proper degree to which it may have been reorganized since.' Some U.S. equipment is better than that of the Soviets. He said."

Lemnitzer differed with some of the opinions expressed to the committee earlier in the day by Gen. Maxwell Taylor, Taylor, now retired, was Lemnitzer's predecessor as Army commander.

Taylor said the Joint Chiefs of Staff should be replaced by a single chief of staff. Lemnitzer said the JCS is "the proper organization for this country."

While Taylor questioned the ability of the United States to fight a limited war, Lemnitzer said "there is no doubt we could do a very good job."

Lemnitzer said he agreed with the concept of an around-the-clock airborne alert for Strategic Air Command bombers, but said he was opposed to such a precaution "under the current circumstances, and the situation as it exists today."

The Senate inquiry groups headed by Sen. Lyndon B. Johnson (D-Tex.) will continue their hearings next week.

Swastika Road's Name Is Changed

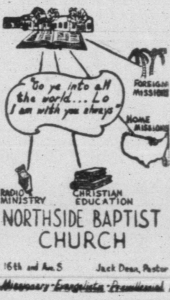

FREDERICK, Md. (AP)—In the busy 1920s a successful company decided to name a road in this Maryland town of western Maryland.

The Swastika Development Co. created Swastika Road.

Houses sprang along the road, families grew, and a world war came that dwarfed the civil war which gained this town its fame.

But Thursday night the board of aldermen told the mayor no more—Swastika Road would have to be renamed because of the connotation of Nazism and hatred.

The sudden, definite decision springs from a bright morning several weeks back, when Frederick awoke to find crude, black swastikas daubed on five buildings.

SPORTS

Between You And Me

The best turnout of the season was in Tuesday's (Feb. 5) Tiger game when Sweetwater blows into town.

The first and foremost reason for that assumption has to do with the local live's showing in their past pair of outings. After an extended dry spell the team seems to have "caught on" and has begun to measure up to its potential.

The fact is, however, when you take a look at the manner in which they succeeded in winning those last two district games, the victories—75-69 over Lake View and 48-45 over Colorado City—were strikingly similar in their parallelism and true-to-formness.

Against the Cherokees, Snyder built up a commanding 25-14 second quarter bulge, only to see it erased in the third stanza as they fell behind by 35-37 before coming back for the final word. Then in a copy-cat manner, the Bengal boys led by 23-20 during the second stanza, fell behind by 32-37 late in the third quarter of play, then bounced back like a new rubber ball to take the three-point win.

Very commendable showings, and performances which warrant not only the recognition but also the support of the hometown.

The second factor of note is that a Snyder vs. Sweetwater game can usually be counted on to be just a bit more spicy than the Snyder vs. Anybody Else contests. It is a healthy rivalry which has been built up between the two schools, and carries over not only in the fields of sport, but also in all other competitive relationships which have been nurtured between the institutions.

Making A Point Of The Extra Point

ONE SLIGHTLY PUBLICIZED, but still significant step which came out of the recent American Football League inaugural meeting in Dallas had to do with the point-after attempt.

The new league took what looks to be a most progressive step when it voted to utilize the two-point or one-point option following touchdowns.

The idea NFL firmly entrenched in ideas as well as cities, refused to go along with the newly conceived innovation, arguing that the revolutionary extra-point trend would neither stimulate nor enhance the grid pastime.

However, the option which allows a team to run or pass for two points rather than kick, run or pass for the traditional one point, has been spoken out against by what is probably the majority of the coaches.

The professional extra-point long ago became a standardized formality brought on by kicking specialists such as Lou (The Toe) Groza. Missing an attempt came to be much more unusual than did making them.

As an indication of the monotonous regularity with which the professionals have come to handle the chore, it may be noted that the Giants' Pat Summerall went into the playoff game of the two divisions against Baltimore with a perfect record for the season in that category. Had gotten his toe into 32 extra-point kicks and had been successful on each and every attempt.

The modern day fan craves little about dull, uninteresting formalized football.

Instead, he prefers action. The Thrill of the Chase and Lets Go For The Big One.

Possibly the NFL will one day wake up to that fact.

Boys Club Boxers Off To Abilene

Snyder's Scurry County Boys Club boxers were to have departed this afternoon for Abilene, where they will be competing in the Regional Golden Gloves Tournament to be run off there tonight, Saturday, and Monday nights.

The local fighters copped the team trophy in the Clovis (New Mexico) Golden Gloves Tournament of this past weekend, and a bulging list of 20 hopefuls will be making the trek to Abilene in hopes of showing well there.

Entered in the open class will be David McKinley (135), John Gonzales (175), Ruben Gonzales (127), and Junior Alvarado (119). In the high school division, which is restricted to high school students only, are Adam Romero (112), Le on Deere (107), Tom Romero (104), and Weldon Duke (100).

Novice fighters making the trip are Ismael Gonzales (148), and Holis Cox (135).

The bulk of the Snyder entrants will be entered in the Pre-Pre Class. They include Joe Costello (65), Jesse Costello (75), Donnie Deane (95), Jackie Watson (105), Tommy Crabtree (85), Freddie Butler (65), Rudy Benitez (65), Martin Benitez (85), Marvin Mayfield (75), and Morgan Hooper (80). All Snyder boxing fans are urged to attend the Abilene Meet during the three nights in which it will be staged.

Aggies Must Stop Mounts

LUBBOCK (AP)—Texas Tech's De La Salle Mounts are only 10 feet 10 and plays in a field of giants but it hasn't prevented him from becoming the highest basketballer in the Southwest Conference.

Davidson-minded Texas A&M could butt the bubble Saturday night and it better if it doesn't want to have its championship chances sliced.

Four-dreaded Mounts hadn't hit his peak against Texas Christian last week. With a bus load of fans from his home town of Perryton watching him, the spunky sophomore floor-generalized the Red Raiders from a 21-point deficit at halftime to a 75-66 overtime victory and scored 26 points in the process.

Texas Tech fans were reconciled to a letdown against rugged Arkansas Tuesday night. Again the Raiders trailed at intermission this time by five. So what does De La Salle do but score 22 of his 35 points in the second half and guide the Raiders to an 82-79 triumph.

His point total represented a school record on Texas Tech in conference competition.

Before the game a Tech official said Mounts' one weakness could be his free throw shooting. Mounts had missed nine of 24 attempts in conference play.

But apparently he had been working overtime on this phase. Nineteen times he went to the line and only twice did he fail to score. Four times during the game he drew Arkansas fouls with Tech leading by only one point. Once he sank a single free throw to send the Raiders in front by three points and on three occasions connected with a pair to give the Raiders a three-point bulge.

Lamar Drops Ira By 22-19

IRA—Lamar's Seventh Graders engaged Ira yesterday and had a scare thrown into them before winning by 22-19.

Lamar started like a house afire, jumping out to a 16-4 halftime advantage, but went cold as a mackerel after the break of the second half. They were unable to hit the scoring column until 1:40 was left in the game, when trailing by 16-12, Drew Bullard drove in on a successful layup to break the drought.

This was followed by Steve Crowell's successful free throw (Lamar was zero for 11 in that department up to that time), which put the locals out in front by 20-19 with a last second goal by Tom Kincaid bringing about the final score.

Bullard, Crowell and Kincaid were also tops in Lamar scoring with 6 each, while Albert Williams and Bill Tarver had 2 apiece.

Patterson and Mayes were high for Ira with 6 each.

Detroit Manager Is Keeping Busy Trading

DETROIT (AP)—Jack Adams, who generally makes a trade when the Detroit Red Wings hit the grid, has done it again.

The grizzled general manager dealt veteran defenseman Leonard Reddy to the New York Rangers Thursday night and got defenseman Bill Gadsby and forward Eddie Shack in return.

There was no cash involved in the deal, completed shortly after the Wings dropped a 3-1 decision to the Rangers.

Prolonged slumps by both clubs triggered the deal. The Rangers had gone 10 games without a win until they beat the Detroiters. The Red Wings haven't won in their last six starts.

The Rangers got Thursday night's victory on Andy Bath's third-period goal. Harry Howell scored into the open net for the clincher with seven seconds remaining. The Wings pulled rookie goalie Dennis Ruggan for an extra attacker.

The Montreal Canadiens peppered Toronto goalie Johnny Bowser with 44 shots and beat the Maple Leafs 4-2, increasing their lead to 1 point.

The Chicago Black Hawks, who had lost 7-1 and moved into a fourth place with the Bruins,

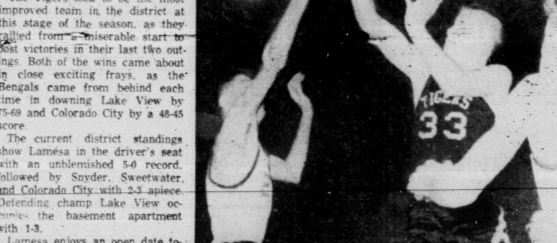

SNIEFLING FOR THIRD IN ROW

Tigers Attempt To Tame Ponies Here

The battle for second spot in the District AAAA standings will be unrelenting in Tiger Gym here tonight, as Snyder's Sweetwater riders attempt to tame Snyder's recently rejuvenated Tigers.

Tiger's ride for the title is a 6 o'clock with a P game between the two schools on top for 6-15. Admission prices are 30 cents for adults and 25 cents for students.

The Tigers look to be the most improved team in the district at this stage of the season, as they rallied from a miserable start to post victories in their last two outings. Both of the wins came about in close exciting frays, as the Bengals came from behind each time in Downing Lake View by 75-69 and Colorado City by 48-45.

The current district standings show Lamar in the driver's seat, followed by Snyder, Sweetwater, and Colorado City, with 22 apiece. Defending champ Lake View occupies the basement apartment with 13.

Lamar enjoys an open date tonight, while Colorado City hosts Lake View in the remaining district frays of the evening.

Tiger coach J. P. Ward plans to start the following boys into tonight's starting lineup: Mike Moffett and Bubba Fleming, guards; Charlie Gladson and Jim Robinson, posts; and Roger McMenamy, forward.

Moffett represents the leading scorer for the Tigers through the district campaign thus far. He has logged in a total of 40 points in the 5 contests played, giving him a 12.0 point-per-game average. Gladson is a close second with 35 points.

Other Tigers who should see plenty of action in tonight's tilt are Steve Free, who is a 15-point playmaker and ball-handler; Lynn Herndon, ace senior rebounder; and senior Alex Cross, who proved himself under pressure in Friday's Lake View spindler.

On the far side of the fence, Mustang mentor Bill Savage will probably go along with the two divisions against Baltimore with a perfect record for the season in that category. Had gotten his toe into 32 extra-point kicks and had been successful on each and every attempt.

The modern day fan craves little about dull, uninteresting formalized football.

Instead, he prefers action. The Thrill of the Chase and Lets Go For The Big One.

Possibly the NFL will one day wake up to that fact.

Swann Picked As Hermleigh Coach

HERMLEIGH—In a special school board meeting held here Tuesday night, Howard Swann was chosen as the new head coach for this district B-B school to succeed the resigning Bill McGuire.

McGuire is quitting the coaching profession entirely and has announced his resignation earlier in the week.

Swann, a veteran of 13 years in coaching, was signed to a one-year pact, and will take over his duties at the beginning of the fall term. His assignment will include head coaching duties in football and track; and either the girls or boys basketball team.

He is not new to the area; he coached at Hermleigh for two seasons (1947-1948 and 1948-1949).

Lincoln Eves District Play

Lincoln High's game which was to have been against Slaton in that city tonight has been cancelled by mutual consent of the participating coaches.

Saturday's tournament will be a one-day affair, and is to be run off tournament fashion, i.e. both championship and consolation brackets have been set up for the six teams entered.

Lincoln will engage Brownfield in first-round play, with the winner of that contest taking on the winner of the Otton-Slaton game. Playoffs and Loveland and the remaining district members who will be competing for the laurels.

The district championship will advance to the state meet to be held in Lincoln, Nebraska, at a later date.

Lincoln's Trojans will not compete in tomorrow's tourney, as the girls' district meet will be held at the same site the Saturday following (February 13).

Baylorites Hold Reunion After Game

LUBBOCK—Former students, students and other friends of Baylor University will have a reunion following the Texas Tech-Baylor basketball game, here Feb. 13.

The reunion will be in the home of Dr. and Mrs. O. W. English, 2809 19th. The Red Raiders and the Bears meet in a Southwest Conference game at 8 p.m. Feb. 13 in Lubbock Coliseum.

Did you know that the best buys in sporting goods are to be found at the Canyon Red Sports Center, 2206 23rd Street in Snyder's? Advise your friends.

Locals Lose Three Games In Lamesa

Snyder Junior High teams took a trip to Lamesa yesterday, only to take a triple thumping.

The Snyder Football team went under by 33-48, as they fell victim to a big second half spurge staged by Lamesa's Kidd, who dumped in 16 of 22 points during that time. Score at halftime was 20-22. Lamesa won 48-33.

Darrell Aldridge led the local Frosh with 16 points, followed by Kenny Wernon and Stuart Long, each with 10 points. Danny Colwell chipped in 4 points. Mike Murphy had 3 to complete the point making.

The 8th Grade Blue Devils took their worst beating of the year in their game, as they were walloped by 38-21. Up to that game, they had never been beaten by more than 8 points and spotted a 13-4 record.

A cold day from the field told the story, as the Blue Devils managed to control the backboards, but were unable to find the basket.

Also, Lamesa sunk 15 of 28 free throws to further their effort, while the Blue Devils made 5 of 12.

Roy Rice paced the local scoring with 12 points. Other totals went to Billy Stewart (4), Larry Lee (2), and Edward Schulz, Benny Minor, and Bobby Hart with 1 each.

Halftime score in that game was 12-22.

The Travis 7th Graders were the victim of the day, as they went down by 38-22.

A slow second quarter in which Snyder took only 1 point proved the tale, and the local Frosh lost 1-30. Only Leslie Brown dropped in 18 of the 22 points scored by his team.

His total topped the scoring for the game, with Ronnie Anderson being high for Lamesa with 9 points.

Gary Bergeron had 2 points for Travis with Jimmy Featherston and Ronnie Martin each contributing 1 apiece.

Travis was crimped in their game due to the loss of their rebounding Tommy LaMountain, who recently moved from Snyder.

Texan Leads Palm Springs Golf Meet

By JAMES BACON

PALM SPRINGS, Calif. (AP)—A comparatively unknown pro was pacing the name players today as the world's richest golf tournament went into its third round.

One stroke in front approaching the halfway point in the 90-hole event was Wes Ellis Jr., steady-served Texan who Thursday put together the tournament's lowest round yet—65—over the Tamarisk course, toughest of four layouts in the \$100,000 Palm Springs classic.

His 65, paired with a first round 70, gave him 135—just one stroke in front of Bill Johnston, a Provo, Utah, public links pro, and 24-year-old John McMillin of Fair Oaks, Calif.

Johnston shot a 67 at Thunderbird to go with his previous 68 while McMillin scored 68 two days in a row.

As the pressure grew, some of the top money winners were close enough to move in for the kill.

Veterans Al Besselin, Jackie Burke Jr., and Johnny Palmer were one two strokes off at 137.

Also, he coached Rice's All-American Buddy Dial at that school.

The past two years he has been head-monor at Van Horn (turning 5-8), where he has been turning out winning elevens.

He is a native of Rotan and was a grid team leader of Dr. Robert Hargrove, well-known local figure, while in high school there.

FREE FOR TWO—Steve Free, diminutive sophomore Tiger guard, is shown in the execution of one of his three successful field goals for the night during second half action in Tuesday's Snyder-Colored City family fry.

Stretching out in an attempt to block the shot is the Wolves' Perry Loveless. Snyder came out on top in the contest, winning by 48-45, and boosted themselves into a three-way tie for second place in the district standings. The Tigers entertain Sweetwater tonight in Tiger Gym in quest of their third triumph in a row. (Photo by Thomas Boyd)

Summer Olympics To Be Expensive

By EUGENE LEVIN

Associated Press Sports Writer

ROME (AP)—Coming to Rome for the Olympics Aug. 25-Sept. 11, tourists planning on spending a fortune of \$15 a day for room, meals and a fair seat.

Also figure on an additional \$5 a day for extras—an occasional spurge in a better-than-average restaurant, a sightseeing tour, or two, a night on the town, a daily pause in a sidewalk cafe.

Count on paying about \$600 for transportation to and from New York, whether you come by air economy class or by ship tourist class.

It might get away for \$15 a day or so over-all while in Rome, but you'll have to stay in cheap lodgings like youth hostels and be satisfied with poor Olympics food.

However, on a 10-day stay, for example, it would be better to

Rome's private homes will be available. These may cost up to \$4 or \$5 a day. A room without bath in a comfortable but low category hotel will cost about \$6 a night, breakfast included.

You'll probably breakfast in your hotel. Your other meals will cost \$2 or \$3 each. Some good restaurants are cheaper, but these are usually the hard-to-find, sort-of—ways places. You can splurge at a top restaurant, spending about \$6.

Tickets for the Olympic events have a wide price range. Some unreserved seats cost less than \$1 an event but are not good.

Fairly decent seats, which now can be reserved through travel agents, are about \$3 apiece. Really good seats may run as high as \$20.

Champs Keep Titles After Doubleheader

LOS ANGELES (AP)—The sun rose today on this happy aftermath of Memorial Coliseum's championship boxing "doubleheader."

Champions Jose Beceera, the bombing bantamweight, and Carlos Ortiz, the kingpin of the junior welterweights, still had their titles.

Promoters who lured 31,330 fans for the first fight card in the huge outdoor stadium were busy dividing the \$383,890—a record California gate.

Even the losers—bantamweight Alphonse Halimi of France and Mexico's Raymond Torres—managed a spring. They picked up a pocketful of change and ringing bravos for a gallant, if unsuccessful, try for their divisions' highest honors.

Your Church
Needs You

You Need
Your Church

— why the mask? Is the strain of the business world too much? Are you actually that other person?
Why the mask? When caught in the transforming grace of that cover you claim a wonderful appreciation... the wrinkles soften... your approach is so different. And so it is with your life and mine, — with your strength, — courage, — patience and even with your church. Too often these attributes can be seen only through your mask... friends don't see you as you really are. The true self is translated and reflected through the false cover. Don't be deceived. Your wrinkles, your outlook on life will never be softened and humanized by a mask. Please discard it forever. Your better self need ever be reflected from the lower reaches of your soul.
Don't Cover Up!

MR. AND MRS. JACK SPIKES
...another "red letter" day ahead

ALL-AMERICAN COMMENTS

Spikes Has Ready Answer To Queries

By JERRY JACKSON
Daily News Sports Editor

To talk with anyone at a sleep in the a.m. would normally be taken as a "chore" by both interviewer and interviewee, but speaking from the editorial side of the fence nothing could've been more enjoyable than was a conference with Snyder's All-American Jack Spikes and his wife Jane this morning.

It proved to be somewhat of a "red-letter" day in his life, also, as it marked the 22nd anniversary of his "discovery of America," while his mother (Mrs. Sam Spikes) commented that she could well recall that day when he came into the world "kicking and screaming."

Both Jane and Jack related glowing accounts of their enjoyable trip to San Francisco and Hawaii, where he participated in the Shrine and Hula Bowl games the first of the year. Both recommended Hawaii very highly, urging that we "not save our pennies, but rather our dollars" to make the trip, as the expense, sometimes, reaches staggering proportions.

Jack's two brothers—Ford and Sammy, both of Snyder—dropped in during the interview, while their only sister is expected in tonight from out of town, all planning to attend the Spikes Appreciation function tomorrow night here in the National Guard Armory.

Several items of interest were discussed by Spikes, who answered all questions in a straightforward, unhesitating manner. Some of

these queries and Spikes' comments follow:
Will the American Football League prosper in your opinion, and will the caliber of play be on a par with that of the established National Football League?
"As far as the league itself is concerned, I think it will go well. Concerning Dallas in particular, I

think the people are for Lamar [Lamar Hunt, owner of the Dallas Texans], since he did try to get an NFL franchise in the first place. We're not going to jump in there and play like pros the first year, but that's to be expected. Eventually, though, I think we can

Israel Is Moving Men To Frontier

By WILTON WYNN

CAIRO (AP)—Heavy movement of Israeli troops to the Egyptian frontier in the Negev was reported in Cairo today. Press reports here said Israeli troops were moving southward in the Beersheba region to counter Egyptian troop concentrations in the Sinai Peninsula—scene of Israel's big drive toward the Suez Canal in 1956.

The Egyptian movements were announced earlier this week following the eruption of fighting on the Syrian-Israeli frontier. There were no reports of further frontier incidents by noon today.

The Cairo press said, however, that the Israelis are continuing a military buildup near the demilitarized zone, southeast of the Sea of Galilee.

"This indicates she intends to pursue her attempts to occupy Tawafik village, which the Israelis virtually wiped out in an attack last Monday," the newspaper Al-Ahram reported.
Maj. Gen. Gamal Faisal, commander of the army based in Syria, told reporters "We are in a state of readiness all along the front."

Should trouble break out on the frontiers of either Syria or Egypt, Israel automatically faces a two-front war since Syria and Egypt are now one country and the army is under a single command. Al-Ahram reported the United Arab Republic told United Nations officials it is prepared to use force if necessary "to compel Israel to respect U. N. resolutions and stop her attacks on Arab lands in the demilitarized zone."

One Dead, Five Missing As Doomed Navy Ship 'Rolls'

NORFOLK, Va. (AP)—A steep roll by a ship doomed to the Navy's "graveyard" left one of its crewmen dead and five others missing in the icy waters of the Atlantic off the Virginia Coast. One of the men of the destroyer Daly was injured fatally on board as the vessel lurched unexpectedly. Ten others were swept overboard, and of these only five were rescued.
Early today, many hours after the accident at 3:40 p.m., Thursday, ships and planes still combed the area 200 miles off Cape Henry with hope almost gone for finding any of the missing seamen alive. Officials at the Newport naval base today identified the five men reported missing as: Fireman Nicholas A. Palalucia of Beacon, N.Y.; Storekeeper and Class Robert A. Carlson of 30 Holcomb St., West Haven, Conn.; and Class Charles E. Yonkin and Class Charles E. Yonkin.

Ellis of 121 Montclair St., North Madison Station, Madison, Ind.; Fireman Paul J. Harvey of 46 McKinley Ave., Lodi, N.J.; Internal Communications' Man Gerald J. Beber of 460 E. Broadway, Crystal Lake, Ill.
The Navy withheld the name of the man killed in the mishap pending notification of next of kin. The Daly's route from Norfolk to Newport, R. I., the Young and the Cotten, were on perhaps their last cruises when tragedy took place.
Their "sea trials" en route from Newport to Hampton Roads were cut short by their entrance into the Norfolk Naval Shipyard, where they will be mothballed in preparation for joining the reserve fleet.

Three of the men who went overboard were plucked from the sea by the Daly herself. The other two were picked up by the merchant ship Alabama. One of the ten Navy

DeGaulle Ousts Critics To Strengthen Cabinet

Rogers Urges Vote Referees

By JOHN CHADWICK

WASHINGTON (AP)—Atty. Gen. William P. Rogers attempts today to rally support in Congress for the administration's plan for the federal court referees to protect Negro voting rights.

Rogers is the final witness scheduled by the Senate Rules Committee for the hearings on legislation designed to strengthen existing laws against racial discrimination in voting.

The administration measure was outlined by Rogers at a news conference last week. He proposed it as a substitute for a plan recommended by the Civil Rights Commission last September for federal voting referees.

Only bills to carry out the commission's plan are before the rules committee. For tactical reasons in the maneuvering over civil rights legislation, the administration bill has not yet been introduced in the Senate.

Key Senate Republicans held a strategy meeting Thursday on civil rights. Sen. Everett M. Dirksen (R-Ill.) later said they pretty well agreed on introducing the administration program in one package bill.

Dirksen, Senate GOP leader, said plans call for offering the measure as an amendment to whatever legislation is called up after the scheduled start of the civil rights battle Feb. 15.

He said it will include the Rogers proposal for referees. Other parts of the package bill will include civil rights recommendations sent to Congress by President Eisenhower last year.

The House Rules Committee started hearings Thursday on clearing a civil rights bill for floor action. But the outlook is that no bill will be passed by the House and available in Senate consideration by Feb. 15. The House committee hearing will continue Monday.

Under the commission's plan referees would be appointed by the President.

MODEL MOBER ARRESTED
—Mrs. Irene Marie Robbins, 45, a leader in Gardena, Calif., school and community affairs, sits in a police station after her arrest on a warrant charging her with violating parole by leaving Cook County, Ill. Police said she served a term and was put on parole after pleading guilty to involvement in a burglary at Havana, Ill., in 1958. (AP Wirephoto)

Colonialist Leader Out

PARIS (AP)—President Charles de Gaulle strengthened his Cabinet today by promoting steadfast supporters of his Algerian policy and firing Jacques Soustelle, leading spokesman of the French colonialists in Algeria.

Soustelle, once touted as the strong man of De Gaulle's supporters, was ousted from the post of minister of the Sahara, atomic energy and overseas possessions because of his identification with the Algerians who unsuccessfully deposed De Gaulle last week.

Another casualty was Communications Minister Bernard Cornut-Gentille, who had wanted to compromise with the rebellious French settlers.
A brief announcement from the President's press office said that De Gaulle had approved the departure from the Cabinet of Soustelle and Cornut-Gentille.

Defense Minister Pierre Gallois was promoted to minister-delegate charged with atomic research, part of Soustelle's former duties. He had been severely criticized because he let the settlers revolt in Algiers drag on for eight days instead of nipping it at the start.

Michel Maurice-Bokanowski, long a Gaullist and secretary of state at the Interior Ministry, was moved up to head the Communications Ministry.

Information Minister Roger Frey was promoted to a minister-delegate. His duties were not immediately announced, but it was believed he would replace Robert LeCourt in charge of relations with the French Community. LeCourt becomes a minister of state for relations with Parliament, the Sahara and overseas departments and territories, the latter being part of Soustelle's former province.

Newcomers to the Cabinet included Pierre Messmer, career civil servant and former high commissioner of French West Africa, named defense minister; Louis Terrenoire, head of the Gaullist party, the Union for the New Republic, named information minister; and Jean Foyer, UNR member of the National Assembly, named secretary of state for relations with the French Community.

The Foreign Ministry remains in the hands of career diplomat Maurice Couve de Murville.

Under De Gaulle's new constitution, Cabinet appointments no longer require the approval of the National Assembly, named defense minister; Louis Terrenoire, head of the Gaullist party, the Union for the New Republic, named information minister; and Jean Foyer, UNR member of the National Assembly, named secretary of state for relations with the French Community.

The Foreign Ministry remains in the hands of career diplomat Maurice Couve de Murville.

Warsaw Pact Group To Plug For Showdown On Germany

By PRESTON GROVER

MOSCOW (AP)—The Warsaw Pact powers have lined up behind Soviet Premier Nikita Khrushchev for a showdown on the German problem at the East-West summit talks in May.

The East German Communist government wound up a one-day conference Thursday night by threatening again to sign a separate peace treaty with East Germany "and to solve on this basis the question of West Berlin as well."

The Soviet-led bloc backed the policies already laid down by Khrushchev—including the offer of a nonaggression pact with the North Atlantic alliance, universal disarmament, a "ban on nuclear

weapons and conversion of West Berlin into a "free city."

But the Red alliance seemed to show impatience on the German issue.

"Under present conditions a peace treaty can be signed only by both German states," said a communiqué. "We cannot agree that the solution to this question be delayed endlessly."

This can only encourage the military and police forces of West Germany. If efforts directed at signing a peace treaty with both German states will not meet support, and the solution to this problem still faces delay, then the states represented at this conference will have no way out but

to sign, together with other states which will be ready for that, a peace treaty with the East German Democratic Republic; and on this basis to solve the problem of West Berlin as well."

Chancellor Konrad Adenauer's West German government was accused of stalling in the hope "that an opportune moment may arise for altering the frontiers established in Europe as a result of the rout of Nazi Germany."

This, the communiqué continued, "means a policy of preparing a new war," because neither Poland nor the Soviet Union would support the lands they took from Germany at the end of the war.

Violent Weather Moves From State; School Pupils Found

By The Associated Press

Violent weather slipped out of Texas Friday and the forecast snow drifts up to 10 feet high and a group of five school children stranded in a Panhandle ranch home.

Snow cleared over the Panhandle, where a blizzard snow storm had forced a Dallas school bus driver and five children to seek shelter in a home 18 miles from Dallas.

The children and the bus driver were found Thursday by Sheriff R. C. Johnson of Dallas. They were in the home of Mr. and Mrs. Frank Collier.

The Weather Bureau reported clear skies over the Panhandle and Lower Rio Grande Valley. Skies in the rest of the state were cloudy.

No precipitation was reported in Texas Friday and the forecast did not predict rain or snow through Saturday.

Temperatures ranged from 25 degrees at Dallas to 50 at Brownsville Friday morning.

Violent weather during the week in Texas was thought to have contributed to at least seven deaths. Four persons died of injuries suffered in a three-car pile-up in a three-car crash during a dust storm; two persons died in car accidents in Dallas and a highway accident near Big Spring claimed one life.

The heaviest snow was in the Dallas area where 9 inches fell. Canadian and Panhandle had about 5 inches and 2.5 inches fell at Amarillo. Many areas measured more than one inch of moisture from snow and rain.

During the next six or eight months the United States intends to continue pressing for a test ban treaty with Britain and the Soviet Union. This would prohibit nuclear weapons testing under an inspection system to guard against violations.

rock 2.5 inches; Canadian and Sunray 1.75; Gravel 1.50; Spearman 1.40; Borger 1.25; Pampa 1.10; Silverton 1.00; Dalhart .90; Clarendon .85; Canyon 74; Amarillo .80; Tulsa .50; Lockney .45; Dimmitt .42; Plainview .35; and Friona and Muleshoe .25.

Precipitation figures reported to the Weather Bureau for the 24 hours ending at 6 p.m. Thursday included Childress 81, Quanah 40.

Dallas 33, Fort Worth 29, Lubbock and Sherman 22 and Seymour 17. Numerous places received smaller amounts.

The mercury reached a high of only 26 degrees Thursday at Amarillo and Dalhart, 28 at Childress and 40 at Lubbock. In sharp contrast, readings near the state's southern tip ranged up to 79 degrees at McAllen and 78 at Brownsville and Harlingen.

Pressure Mounts For Nuclear Tests

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Pressure is developing for resumption of nuclear weapons tests later this year, according to a Soviet-American agreement with the Soviet Union.

A growing need for new underground tests reportedly is being felt in both the Defense Department and the Atomic Energy Commission.

Responsible officials say the United States probably is safe in continuing its voluntary ban on such tests until the late summer or fall. Beyond that time, they believe, the United States would be taking too dangerous a gamble in trusting the Soviet's word that it was not pulling off any sneak tests.

During the next six or eight months the United States intends to continue pressing for a test ban treaty with Britain and the Soviet Union. This would prohibit nuclear weapons testing under an inspection system to guard against violations.

This interval also full-scale disarmament negotiations, once the test ban is in effect, are expected to begin.

March 15 and an East-West summit conference is set for Paris in late May.

These negotiations should demonstrate whether an international test ban can be agreed on. That has been the stumbling block in negotiations held this far.

However, atomic scientists and military weapons experts are going ahead with preliminary studies to get test started quickly if and when the order is given. These include digging tunnels at the Nevada testing grounds.

Three types of advanced nuclear weapons are being worked on for testing at the earliest possible moment.

They are lighter and more powerful warheads for Polaris and Minuteman missiles; the smallest explosive component for an anti-missile missile and small tactical bombs for battlefield use.

President Eisenhower suspended nuclear testing at the end of October, but he announced last December that the United States considered itself free to resume one nuclear test after giving

Requests For Funds Cut

WASHINGTON (AP)—The House Appropriations Committee today started fulfilling the promise of its leaders to hold down the federal payroll next year.

In the first 1960 money bill, it refused to finance 80% of the 1959 new jobs requested by the Commerce Department for the fiscal year starting July 1. At the same time, it cut \$39,000,000 from the \$79,615,000 in new grants President Eisenhower asked for the department and related agencies.

Shortly after the President sent his annual budget to Congress last month, Chairman Clarence Cannon (D-Mo.) and Rep. John Tamm (R-Va.) senior minority member, complained of proposals to increase federal personnel.

Taber said an estimated \$200,000 of the proposed 42,500 new jobs weren't necessary, and named Cannon in calling for an overall appropriation cut of at least two billion dollars.

Heaviest hit by the committee's action was the Weather Bureau, which requested money for 300 new positions, most of them for proposed new aviation services.

The committee refused to approve the jobs or funds for the new positions. It said many aspects of the rapidly expanding aviation weather services "have yet to be resolved."

They are lighter and more powerful warheads for Polaris and Minuteman missiles; the smallest explosive component for an anti-missile missile and small tactical bombs for battlefield use.

President Eisenhower suspended nuclear testing at the end of October, but he announced last December that the United States considered itself free to resume one nuclear test after giving

GUEST SPEAKERS—The four women above, representing the local League of Women Voters gave an impressive program Thursday night at the Martha Ann Woman's Club. From left they are: Carrie Line, Verba Logan, Margaret LeFevre and Inez Lowry.

Gamma Upsilon Sorority Host Joint Meet Thursday

The Gamma Upsilon Chapter of Eta Sigma Phi recently at her home 2301 Forty-first Street, Joyce Williamson, president of the host chapter gave the welcoming address.

Mrs. J. Cross Hostess To Sorority

Mrs. John Cross was hostess to the Exemplar Chapter of Beta Sigma Phi recently at her home 2301 Forty-first Street. Two programs from the study "Festival of Life" were presented. Mrs. Arel Faver reviewed an article by Norman Vincent Peale concerning life. Mrs. Cross discussed Renzo's work for the program "Understanding Art." She displayed a folder of prints of his work that had been sent to her from France. Final plans for entertaining the Lambda Kappa Chapter of Beta Sigma Phi with a Valentine party on Feb. 12 were made. The members voted to contribute to the National Foundation which backs research on multiple sclerosis. The hostess served individual begu shaped cherry pies and coffee to eight members.

News For Cooks

Many a homemaker has been able to improve her cooking results by having six burners to work with instead of four. Every home can have the advantage of extra gas burners designed to fit on a counter top and fold into the wall when not in use. The two-burner units occupy less than one square foot of counter space. When not in use they fold into a slim, square cornered cabinet. They are ideal for supplementing the range of for use in recreation rooms, small apartments, cabins and boats.

Laundry For Baby

Frequent washing of stuffed toys and nursery curtains, spreads, rugs and clothes make for healthier babies. To assure proper hygiene the clothes dryer is a mother's greatest ally. The modern dryer makes quick drying possible; thus fewer clothes and accessories are needed. Drying time depends on the weight of the load and type of fabrics. Crib spreads, for instance dry in 15 to 20 minutes. Stuffed toys in 15 to 20 minutes. Laundered in 10 minutes.

Radiator Knocks

If your steam radiators make a loud knocking sound when the heat is turned up, you may have an accumulation of water in the radiator or in the piping. Raise the end of the radiator not connected to the pipe and prop each end with a small block of wood. The condensation in the radiator will flow toward the pipe and back into the system where it belongs.

Tune In On The Beauty Beam

By VIVIAN BROWN
AP Beauty Editor

WHEN YOUR BEAUTY stock is low, pick up those old idle dividends and cash them in. Improve your best features to overshadow the others.

Every once in a while skin, hair and complexion show the ravages of sleepless nights and over-indulgence in food foods. These doesn't seem to be anything you can do to get yourself in shape, and the more you think about it, the worse the glamor department gets.

When you get to that charm masquerade call in a friend, and pool your beauty knowledge. A real beauty session complete with mirrors can put you back on the beauty beam.

What can you do for your friend? What can she do for you? What are your low points? What are hers?

Eyebrows make a good starting point. You'll want to tweeze all the little stragglers over your nose, between your brows. Below the eyebrow you'll do the same thing. But you will not remove any eyebrow hairs from the top of your brow, spoiling the arch. Tell your friend, how to do it.

Mutual Pedicures

A pedicure is a good chore for a good friend to perform. It's so much easier to have someone else do it. Cotton goes between the toes to keep them apart. The nails are filed straight across, not rounded at the corners, and they should be smoothed with an emery board. The cuticle should be filed as the little stragglers over your nose.

The home permanent wave is a good idea performed with a companion. Your pajama partner can do your hair, then you can do hers, and if you get one of the books available on the subject, you can have lots of fun experimenting with new hair styles.

Even if you don't want curly hair, your confidant will hang pretty with the body the permanent wave can give it. Some girls like the cap of curls with nothing hangs, and a friend comes in handy to wind the hair in back on the little spin curlers. The newer creamy generalizers come in a plastic bottle so a few drops can be squeezed out on each curl.

The pin curl permanents are easy to do also, particularly if a casually waved bob is desired. A kit is likely to contain curlers for neckline, rollers for brow curls and pin curls for the rest of the hair. Choose what you need when you give the permanent wave.

It's a good idea to start your record session while the permanent waves are drying, and perhaps it's a fine time to experiment with new makeup techniques.

Many girls could stand improvement in the mouth area. The lip line should never go down, one expert cosmetic advises, and it should be filled out to the very end of the upper lip. That means that it should gently curve from its highest point, not go down sharply.

A beauty session at slumber time should include a facial, especially if the skin is troubled with blackheads. Use a warm towel to loosen the black heads and then cleanse the skin thoroughly with a good skin cleanser.

Frozen Locks

Don't try to force a frozen lock. It takes such a small amount of moisture to freeze a lock that the job of thawing is relatively simple. Heat the key over a cigarette lighter or match flame. Then insert it in the lock. Repeat the heating several times until the ice is released.

'He And She' Ski Races Popular At Swiss Resorts

Without formal effort the women of Switzerland have pushed "togetherness" into new frontiers. Sports have long ago been perfume scented with female participants. However, competitive on-

tests have generally been the affairs of men. Today in Switzerland a metamorphosis is taking place.

It's a new game popular this year throughout the Swiss winter resorts—the "He and She" Ski Races. Unity prevails. The winners must cross the finish line together. Couples are paired by drawing slips from a hat. Frequently and

here is where the fun is—a crack skier will be teamed with a novice. The ladies respond graciously to such control. They are teamed first, the course. However, sport male beginners frown on delicate, sure-footed ladies propping them back on their skis.

The whole event is a clarity of spontaneous contrasts which amuse the spectators. However, it does push "togetherness" into strange new areas. Where next?

BAKING POTATOES?
Wrap thinly sliced potatoes in heavy foil along with salt, pepper, a little cream and grated cheddar cheese. Bake in a moderate oven until the potatoes are tender.

WHIP IT UP
Small wire whips are inexpensive and indispensable in making many sauces. Use it also when you are whipping up an entourage of instant poja granules. In terestingly enough a whip will make the potatoes whiter than will a spoon because with it a goodly amount of air is incorporated.

GIVE IT A LIFT
You can give tomato juice a lift by combining it with bottled clam juice.

TRY IT SOMETIME
Drop some freshly popped corn salted into bowls of cream of corn soup. Different and fun!

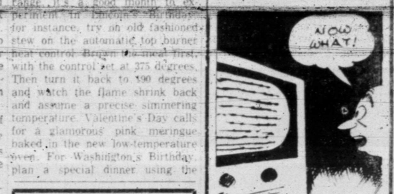

British Nigeria in Africa has more than 9,000 square miles of tin fields.

WOMEN

The Snyder (Texas) Daily News, Fri., Feb. 5, 1960 3

In The Know
The special days in February provide a cook with good excuses to "go fancy." If she hasn't fussed all the labor-saving features of her range, it's a good month to experiment in kitchen chemistry. For instance, try an old fashioned steak on the automatic top burner with the control set at 375 degrees. Then turn it back to 500 degrees and watch the flame shrink back and assume a precise, shimmering temperature. Valentine's Day calls for a glamorous pink meringue baked in the new low-temperature oven. For Washington's Birthday, plan a special dinner using the

clock control with the other features. You'll discover, entertaining is much easier when you take full advantage of a modern range.

A GOOD MIXER CAN CAUSE THIS INTERFERENCE. YOU DO NOT NEED SERVICE HERE, BUT WHEN YOU DO CALL FOR EXPERT SERVICE

HOW CAN A GUY CONCENTRATE?

GOP Myth About Pat Nixon Antagonizes Women Voters

By INEZ ROBB

Back in May, 1958, there appeared in the "Letters from Readers" column of the New York World-Telegram and Sun a communication from Mrs. Marcia Isaacson, saying—in part—"I am tired of reading about 'Pat Nixon, Superwife'."

Mrs. Isaacson was fed to the teeth, she went on, with another spate of publicity flattery stating that Mrs. Nixon not only did all her own housework in a servantless home but even—and that is what tore the blanket—pressed her husband's pants before dashing off to state dinners and Embassy balls.

Well, I yield to none in my admiration of Mrs. Nixon, an attractive, intelligent and beautifully groomed lady. But, in 1958, I yielded to none in my shared despair with Mrs. Isaacson over the G.O.P. myth that Mrs. Nixon is a poor, pitiful Pearl.

"I have a hunch that Mrs. Isaacson is an average housewife," I wrote at the time. "Who, when she reads yet another blurb about Mrs. Nixon doing every single solitary lick of her own housework, including the washing-ironing and— for heavens sake!—Pressing her husband's pants, has to take a tranquilizer and lie down for an hour in a darkened room."

"The G.O.P. myth that Mrs. Nixon is a domestic slave is no help to her husband politically," I continued. "A man who has a salary of \$35,000 annually and a fat expense account, in addition, and who can't afford a little help in the house for his wife—is ipso facto—a poor manager. If he can't manage his own home, surely he can't manage the U.S.A."

"The G.O.P. would be wise to soft-pedal all this propaganda picture of Pat Nixon as a patient Griselda. First, it has a phony

ring. Second, it makes the Veep look like a 19th Century domestic tyrant, which he isn't. Third, it cast Mrs. Nixon in the role of a doormat, which isn't what the White House needs as a First Lady. Whoever heard of Mamie, a most popular First Lady, pressing Ike's pants?"

"And, fourth, it antagonizes the woman voter."

True words were never writ. That column drew bushels of mail from women in every section of the nation who said they could not bear one more story of Mrs. Nixon's domestic martyrdom.

But the topper came when I received a letter on stationery bearing the Presidential legend, "Office of the Vice President, Washington. D.C." from William G. Key, Administrative Assistant to the Vice President and so signed, who wrote as follows:

"Unfortunately, the reason why Mrs. Nixon is portrayed doing all her own housework is not G.O.P. press agency but a lack of checking on the part of those who write about her. Certainly, anyone who has checked has been told quite frankly that the Nixons have a couple in their new home. Like so many ill-founded reports, however, the old status keeps cropping up. It is just as disconcerting to Mrs. Nixon as it apparently was to you. So I felt that the sadiron business was settled, once and for all. But how naive I was! Even in an elected year, after the above letter, I did not expect to see a full length picture of Mrs. Nixon—and a posed picture, at that—patiently pressing her husband's pants. But if you will look on page 160 of the current 'Ladies Home Journal,' you will see such a picture. It is part and parcel of an article, 'The Nixons at Home.' And if you read the article, you will get the idea that Mrs.

Nixon is a young 'Old Lady Who Lived in a Shoe.' There is admission that they hire a couple, but only, I suspect, in order that Mrs. Nixon can take them breakfast in bed.

Ike's Policy Not Calming Neutrals

By JAMES MARLOW

WASHINGTON, N.Y. (AP)—While President Eisenhower's policy of calmness under stress has been able to keep the American people cool, it doesn't follow that his attitude will always have the same effect on allies and neutrals.

For example, he has been continually calm on the question of American defense against the Soviet Union. He also has always pursued a policy of avoiding extreme statements.

His two policies fused this week when he was asked to comment on criticism that American military strength was dangerously lagging behind the Soviets.

"I am always a little bit amazed about this business of 'catching up,'" he told his news conference. "What you want is enough, a thing that is adequate."

A deterrent has no added power, once it has become completely adequate for compelling respect of any potential opponent for your future deterrent and therefore to make him act prudently."

This explained why despite criticism, particularly from the Democrats, Eisenhower has re-

Will-Making Enlightening Experience

By HAL BOYLE

NEW YORK (AP)—Have you made "it" yet? If not, you ought to. Otherwise after you're gone your relatives will wind up squabbling over who gets your new two-pants suit and the gold fillings in your teeth.

Millions of Americans postpone making out a will, because the mere thought depresses them. Actually it is rather an enlightening experience.

"It'll go along with you—just as you won't feel nervous," says your wife, when you tell her you are going to a lawyer to make out your will.

You have a deep inner conviction that this isn't her real reason at all. But what can you say? So along she comes.

"Have you decided just what you want to do?" asks the lawyer.

"Yep," you tell him. "The first thing I want to do is disinherit mankind. That's only what it deserves."

"Heh, heh, heh," laughs the lawyer. "You're kidding."

Your material possessions. Do you own any stocks, bonds, country homes, yachts or old grain elevators?

"Just her," you reply, pointing to your wife.

Well, it turns out after further questioning that about all you have to leave is a few sticks of furniture, your life insurance, and your clothing.

In a burst of husbandly generosity, you say: "Just make everything over to my wife. After all, she is a good woman and she has given me the best years of her life—she says."

The secretary types out the will. For some reason, no matter how little you have to leave, the document always runs to three or four pages.

But after disposing of all your worldly goods—and paying the lawyer—you find you have just \$2.50 in your pockets.

"I'm worth more dead than alive," you complain on the bus going home.

MODEST MAIDENS

SPORTS

Between You And Me

By Jerry Jackson

The best turnout of the season was in the Sweetwater district when the first and foremost reason for that assumption has to do with the local fly's showing in their past pair of outings. After an extended dry spell the team seems to have "caught on" and has begun to measure up to its potential. The fact is discernable when you take a look at the manner in which they succeeded in winning those last two district games. The victories—75-69 over Lake View and 44-39 over Colorado City—were strikingly similar in their parallelism and true-to-formness.

Against the Chiefs Snyder built up a commanding 25-14 lead in the second quarter, only to see it erased in the third stanza as they fell behind by 33-37 before coming back for the final word. Then in a copy-cat manner in Tuesday's game Snyder's Bonanza boys led by 35-20 during the second stanza, fell behind by 32-37 late in the third quarter of play, then bounced back like a new rubber ball to take the three-point win.

Very commendable showings and performances which warrant not only the recognition but also the support of the "home town."

The second factor of note is that a Snyder vs. Sweetwater game can usually be counted on to be just a bit more spicy than the Snyder vs. Anybody Else contests. It's a healthy rivalry which has been built up between the two schools, and carries over not only in the fields of sports but also in all other competitive relationships which have been nurtured between the institutions.

Making A Point Of The Extra Point

ONE SLIGHTLY PUBLICIZED but still significant step which came out of the recent American Football League inaugural meeting in Dallas had to do with the point-after attempt.

The new league took what would be a most progressive step when it voted to utilize the two-point or one-point option following touchdowns. The old NFL, firmly entrenched in ideas as well as cities, refused to go along with

Boys Club Boxers Off To Abilene

Snyder's Scurry County Boys Club boxers were to have departed this afternoon for Abilene, where they will be competing in the Regional Golden Gloves Tournament to be run off there tonight, Saturday and Monday nights.

The local fighters topped the team trophy in the City of New Mexico Golden Gloves Tournament of this week-end, and a bulging list of 20 hopefuls will be making the trek to Abilene in hopes of showing well there.

Entered in the open class will be David McKinley (135), John Gonzales (175), Ruben Gonzalez (127), and Junior Alarcon (119). In the high school division, which is restricted to high school students only, are Adam Romero (112), Leon Deere (117), Tom Romero (184), and Weldon Duke (160).

Novice fighters making the trip are Ismael Gonzalez (148), and Hollis Cox (135).

The bulk of the Snyder entrants will be entered in the Pee Wee Class. They include Joe Costello (85), Jesse Costello (75), Donnie Deere (85), Jackie Watson (105), Tommy Crabtree (85), Freddie Benitez (85), Rudy Benitez (85), Marvin Benitez (75), and Morgan Hooper (90). All Snyder boxing fans are urged to attend the Abilene Meet during the three nights in which it will be staged.

Aggies Must Stop Mounts

LUBBOCK (AP)—Texas Tech's Del Ray Riders is only 5 feet 10 and plays in a field of giants but it hasn't prevented him from becoming the highest basketball player in the Southwest Conference.

Defense-minded Texas A&M could burst the bubble Saturday night and it better if it doesn't want to have its championship chances sliced.

Peg dreamed Mounts hadn't hit his peak against Texas Christian last week. With a bus load of fans from his home town of Perryton watching him, the spunky sophomore floor-generated the Red Raiders from a 13-point deficit at halftime to a 75-66 overtime victory and scored 26 points in the pregame.

Texas Tech fans were reconciled to a letdown against rugged Arkansas Tuesday night. Again the Raiders trailed at intermission the time by five. So what does Mounts do but score 22 of his 35 points in the second half and guide the Raiders to an 82-79 triumph.

The point total represented a school record or Texas Tech in conference competition.

Before the game a Tech official said Mounts' one weakness could be his free throw shooting. Mounts had missed nine of 24 attempts in conference play.

But apparently he had been working overtime on this phase. Nineteen times he went to the line and only twice did he fail to score. Four times during the game he drew Arkansas fouls with Tech leading by only one point. Once he sank a single free throw to send the Raiders in front by three points. In the second half, Mounts connected with a pair to give the Raiders a three-point edge.

SNIFFING FOR THIRD IN ROW

Tigers Attempt To Tame Ponies Here

The battle for second spot in the District 3-AAA standings will be snarled in Tiger Gym here to night for Snyder's Bonanza boys.

The Snyder boys, who have won four of their last five games, will attempt to take the reins from the recently rejuvenated Tigers.

Tipoff time for the game is 8 o'clock with a 10 p.m. game between the two schools on tap for 6:15. Admission prices are 50 cents for adults and 25 cents for students.

The Tigers look to be the most improved team in the district at this stage of the season as they have won four of their last five games. Both of the wins came about in close exciting frays as the Bengals came from behind each time in downing Lake View by 75-69 and Colorado City by a 48-45 score.

The current district standings show Lamesa in the driver's seat with an unblemished 5-0 record, followed by Snyder, Sweetwater, and Colorado City with 2-3 apiece. Defending champ Lake View occupies the basement apartment with 1-3.

Lamesa enjoys an open date to night, while Colorado City hosts its Lamesa in the remaining district frays of the evening.

Tiger coach J. P. Ward plans to insert the following boys into tonight's starting lineup: Mike Moffett and Bubba Fleming, guards; Charlie Gladson and Jim Robinson, posts; and Roger McMenamy, forward.

Moffett represents the leading scorer for the Tigers through the district campaign thus far. He has looked in a total of 50 points in 5 contests played, giving him a 12.0 point-per-game average. Gladson is a close second with 33 points in 5 games.

Other Tigers who should see plenty of action in tonight's tilt include soph whiz Steve Free, a nifty play-maker and ball-handler; Lynn Herndon, ace senior rebounder; and senior Alex Cross, who proved himself under pressure in last Friday's Lake View spinget.

On the far side of the fence, Mustang mentor Bill Savage will probably go along with the following quintet: Carroll Feagan and Wayne Witt guards; Ronnie Turner and Don Eby forwards; and Billy Belew center.

Turnover is currently leading his team in district scoring with 77 points, which puts him in a tie with Lake View's Kenneth Phillips for third spot in 3-A point production. Phillips has played in one less game than has Turnover.

Feagan is a close second in Pony scoring with 65, while Belew has racked up 49.

The Mustangs rolled over the Tigers in their only previous meeting, by a 72-45 tab.

Coach V. V. Shearburn's local Bees, 5-9 for the year, will have as starters Tommy Cooper, Jim McFarland, Weldon Ware, Larry McNair, and Larry Smith.

Lamar's Seventh Graders engaged Ira here yesterday, and Snyder's Bonanza boys threw them a free winning by 22-19.

Lamar started like a house afire, jumping out to a 16-8 halftime advantage, but went cold as a mackerel the greater part of the second half. They were unable to hit the scoring column until 1:40 was left in the game, trailing by 16-19.

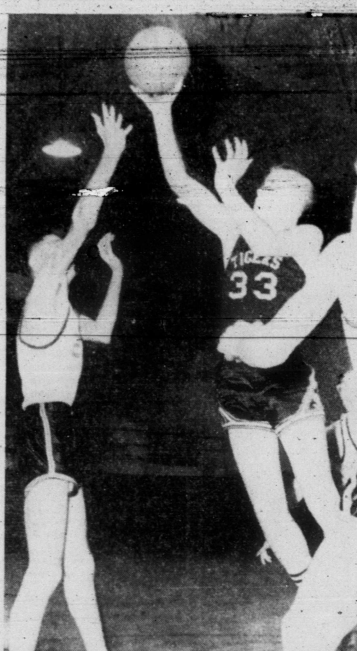

Drew Bullard drove in on a successful layup to break the drought.

This was followed by Steve Crowell's two successful free throws (Lamar was zero for 11 in that department up to that time), which put the locals out in front by 20-19 in the Southwest Conference.

Kincaid bringing about the final score.

Bullard, Crowell, and Kincaid were also tops in Lamar scoring with 6 each, while Albert Williams and Bill Tarver had 2 apiece.

Patterson and Mayes were high for Ira with 6 each.

FREE FOR TWO—Steve Free, diminutive sophomore Tiger guard, is shown in the execution of one of his three successful field goals for the night during second half action in Tuesday's Snyder-Colo. City tilt.

Stretching out in an attempt to block the shot is the Wolves' Perry Loveless. Snyder came out on top in the contest, winning by 48-45, and boosted themselves into a three-way tie for second place in the district standings. The Tigers entertain Sweetwater tonight in Tiger Gym in quest of their third triumph in a row. (Photo by Thomas Boyd)

SUCCEEDS McGUIRE

Swann Picked As Hermleigh Coach

HERMLEIGH—In a special school board meeting held here Tuesday night, Howard Swann was chosen as the new head coach for this District 6-B school to succeed the retiring Bill McGuire.

McGuire is quitting the coaching profession entirely and announced his resignation earlier in the week.

Swann, a veteran of 13 years in coaching, was signed to a one-year pact, and will take over his duties at the beginning of the fall term. His assignment will include head coaching duties in football and track, and either the girls or boys basketball team.

He is not new to the area, as he coached at Hermleigh for two seasons (1947-1948 and 1948-1949).

Also, he coached Rice's All-American Buddy Dial at that school.

The past two years he has been head mentor at Van Horn (District 5-B), where he has been turning out winning eleven.

He is a native of Rotan and was a grid teammate of Dr. Robert Hartgrove, well-known local figure, while in high school there.

Also, he coached Rice's All-American Buddy Dial at that school.

The past two years he has been head mentor at Van Horn (District 5-B), where he has been turning out winning eleven.

He is a native of Rotan and was a grid teammate of Dr. Robert Hartgrove, well-known local figure, while in high school there.

Swann was chosen to succeed McGuire as head coach of the District 6-B school. He has been coaching for 13 years and has a record of 115 wins and 45 losses. He is a native of Rotan and was a grid teammate of Dr. Robert Hartgrove, well-known local figure, while in high school there.

Locals Lose Three Games In Lamesa

Snyder Junior High teams took a trip to Lamesa yesterday, only to take a triple thumping.

The Snyder Freshmen went under by 36-46, as they fell victim to the big second half spurge staged by Lamesa's Kidd, who dumped in 16 of 22 points during that time. Score at halftime was 23-22. Lamesa won 66-46.

Darrell Aldridge led the local Frosh with 16 points, followed by Kinny Welborn and Stuart Lang with 13 and 10 respectively. Danny Caldwell chipped in 4 and Mike Murphy had 3 to complete the point making.

The 8th Grade Blue Devils took their worst licking of the year in their game, as they were whipped by 38-23. Up to that game they had never been beaten by more than 8 points and sported a 13-4 record.

A cold day from the field told the story, as the Blue Devils managed to control the backboards, but were unable to find the basket.

Also, Lamesa sunk 15 of 28 free throws to further their effort, while the Blue Devils made 5 of 12.

Ray Kidd led the local scoring with 12 points. Other totals went to Billy Stewart (4), Larry Lee (2), and Edward Schulz, Benny Minor, and Bobby Hart with 1 each.

Halftime score in that game was 22-12.

The Travis 7th Graders were the third victim of the day, as they went down by 38-22.

A slow second quarter in which Travis tallied only 1 point proved to be too much from which to recover, although Leslie Brown dropped in 18 of the 22 points scored by his team.

His total topped the scoring for the game, with Ronnie Anderson being high for Lamesa with 9 points.

Gary Bergeron had 2 points for Travis, with Jimmy Featherston and Ronnie Martin each contributing 1 apiece.

Travis was crimped in their game due to the loss of their ace rebounder, Tommy LaFontaine, who recently moved from Snyder.

Texas Leads Palm Springs Golf Meet

By JAMES BACON
PALM SPRINGS, Calif. (AP) — A comparatively unknown pro was pacing the name players today as the world's richest golf tournament went into its third round.

One stroke in front approaching the halfway point in the 96-hole event was Wes Ellis Jr., steady-nerved Texan who Thursday put together the tournament's lowest round yet—65—over the Tamarisk course, a round of four layouts in the \$100,000 Palm Springs classic.

Ellis, 65, paired with a first round 70, gave him 135—a just stroke in front of Bill Johnston, a Texas public links pro, and 24-year-old John McMillin of Fair Oaks, Calif.

Johnston shot a 67 at Thunderbird to go with his previous 68, while McMillin scored 68 two days in a row.

As the pressure grew, some of the top money winners were close enough to move in for the kill.

Veteran Al Beasly, Jackie Burke, Jr., and Johnny Palmer were only two strokes off at 137, as was Bob Goalby.

Palmer, the 41-year-old Tulsa shot a 74 Thursday to go with his 63 Wednesday.

Dutch Harrison was three strokes behind at 138. Also at 138 was Tony Lema, who shared the first-round lead with Johnny and Jackie Palmer, Goalby and Mason Rudolph.

Summer Olympics To Be Expensive

By EUGENE LEVIN
Associated Press Sports Writer
ROME (AP)—Coming to Rome for the Olympics Aug. 25-Sept. 11? Then plan on spending a minimum of \$15 a day for room, meals and a fair seat.

Also figure on an additional \$5 a day for extras—an occasional splurge in a better-than-average restaurant—a sightseeing tour or two, a night on the town, a daily pause in a sidewalk cafe.

Count on paying about \$600 for transportation to and from New York—whether you come by air economy class or by ship tourist class.

You might get away for \$10 a day or so overall while in Rome, but you'll have to stay in cheap lodgings, like youth hostels, and be satisfied with poor Olympics seats.

However, on a 10-day stay, for example, it would be better to spend \$750 or \$800 and feel you had your money's worth than to spend \$700 and go home disappointed.

Don't expect to find Rome less expensive. Olympic time is tourist time, and the Italian capital normally is crowded at that time of year.

City officials expect 150,000 visitors—hotels and touring homes have only 30,000 beds.

Most hotels already are booked by travel agencies around the world. Consequently, Olympic fans may find they have to book through an agent, possibly paying a fee.

Rooms in private homes will be available. These may cost up to \$4 or \$5 a day. A room without bath in a comfortable but low category hotel will cost about \$6 a night, breakfast included.

You'll probably breakfast in your hotel. Your other meals will cost \$2 or \$3 each. Some good restaurants are cheaper, but these are usually the hard-to-find, out-of-the-way places. You can splurge at a top restaurant, spending about \$6.

Tickets for the Olympic events have a wide price range. Some unsold seats cost less than \$1 an event, but are not good.

Fairly decent seats, which now can be reserved through travel agents abroad, average about \$3 an event. Really good seats may run as high as \$20.

Champs Keep Titles After Doubleheader

LOS ANGELES (AP)—The sun rose today on this happy affair of the Memorial Coliseum's championship boxing doubleheader.

Champions Joe Beccera, the bombing bantamweight, and Carlos Ortiz, kingpin of the junior welterweights, still had their titles.

Promoters who lured \$1,850 fans for the first fight card in the huge outdoor stadium were busy dividing the \$363,800—a record California gain.

Even the losers—bantamweight Alphonse Halimi of France and Mexico's Raymond Torres—managed smiles. "They picked up a pocketful of change and ringing braves for a gallant, if unsuccessful, try for their divisions' highest honors."

Your Church
Needs You

You Need
Your Church

—why the mask? Is the strain of the business world too much? Are you actually that other person?

Why the mask? When caught in the transforming grace of that cover you claim a wonderful appreciation ...the wrinkles soften...your approach

is so different. And so it is with your life and mine, — with your strength, — courage, — patience and even with your church. Too often these attributes can be seen only through your mask...friends don't see you as you really are. The true self is translated and reflected through the false cover. Don't be deceived.

Your wrinkles, your outlook on life will never be softened and humanized by a mask.

Please discard it forever. Your better self need never be reflected from the lower reaches of your soul.

Don't Cover Up!
