City Hall to be Improved

The Post City Council meeting in an emergency meeting Thursday morning, May 19 at 10 a. m. in the council chambers heard Hal Schauf, architect of Norman Igo - Schauer give the council a revised bid from Wardrup and Associates Inc., who originally received the low bid for a complete renovation of the exterior and interior of city hall.

The council had asked the architectural firm to look into the cost of renovating the

interior only of city hall.

The original bid of \$262,000 and 210 working days for the complete package has now been trimmed to \$133,051 and 90 working days and will include interior work on the city hall and Chamber office.

The city hall offices will be moved into temporary quarters until the work can be completed with the work scheduled to begin in the very near future.

Location for the temporary quarters will be announced in The Dispatch as soon as it is known.

In other action during the meeting, a discussion was held concerning the Burlington lagoons and their transfer to the city. Council members authorized City Manager Becky King and City Attorney Harvey Morton to work out the details with Burlington and report back to the council at a later date.

Council members also authorized the sale of the dog catcher's vehicle for \$300.

City Manager Becky King was also authorized to sign for work orders and documents on the airport board if Bob Macy was not available and also authorized the invitation of engineering bid proposals instead of working only with the city's engineering firm at no competition.

The council adjourned at 11 a. m.

"From there, they will follow a specified street order." He said that they are planning to contact all homes within the next month.

When the installer hooks up subscribers to the new cable system, he will provide each customer with a converter box. This converter is necessary to receive all the new basic services. According to Whitefield, STAR has changed the order of the existing channels on the programming line-up to improve reception and convenience. A channel line-up will be supplied on the converter box for each customer.

During this week, STAR CATV employees have been in Post with remote cameras and recording equipment. They are using local people to produce a video tape which will be shown on STAR's Cable Channel 2 next week. The tape will include an introduction to the new cable channels, as well as local STAR employees and Post residents.

As an added bonus, STAR is sponsoring an "I LOVE CABLE TV" contest. Bumper stickers will be distributed by STAR Sales

Representatives as they visit each home. A Super Star Scout will record license plate numbers of all cars he sees with the sticker on the bumper.

The plate numbers will be announced on KPOS-Radio each Thursday, starting May 26. If the owner of the car calls in within 30 minutes, he or she will win a Hot Air Popcorn Popper. Eight of these prizes will be given away in the next four weeks.

The eight popcorn popper winners will be eligible for the grand prize of a portable color television set. The drawing will be held at the end of the special free installation period. Contest rules can be obtained at STAR CATV's office on the Lubbock Highway, 711 N. Broadway.

Whitefield said that STAR looks forward to providing more variety for viewing, as well as significantly improving reception for residents of Post.

Your Horoscope Guide

ARIES: (March 21 to April 19 — Also Aries Ascendant) — This is a time to accept help from others and be cooperative. Communications are accentuated — pay close attention to details in your writing. Get in touch with

friends at a distance. Look for good buys in home furnishings or decorative items.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Tap your creative imagination along communication lines. Resist the urge to spend extravagantly now or you regret it later. New job offers or employment opportunities are around you, so be alert. There also can be ways to add to your income.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — A relationship with that special someone is intense and important to you now. Discuss changes in lifestyle you are contemplating — make it a mutual decision. Clean out attics, drawers, basements and make your home as attractive as possible.

CANCER: (June 21 to July 22 — Also Cancer Ascendant) — Take time to relax and be in restful environ-

ments. Job pressure and responsibilities to others can tax your energy, so guard your health. If possible, get away from the "madding crowd" for a few days to recoup your strength and inner peace.

LEO: (July 23 to Aug. 22 — Also Leo Ascendant) — It's an especially active time and your ambition is in high gear. Loans can go through, support for your projects is available, you can gain prestige and succeed in business ventures. Don't listen to a friend who wants you to play instead of work!

VIRGO: (Aug. 23 to Sept. 22 — Also Virgo Ascendant) — Bosses and those in authority may make demands that you feel conflict with your social life and home life. It's possible your aggressive spirit and emotional reactions may lead you into making a break at this time. A personal relationship may seem stifling too.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Your sense of independence and individuality are heightened. It's a new cycle for you and you want to try new ways of being, appearing and doing! You are especially appealing to the opposite sex and exude magnetism. News from a distance is exciting.

SCORPIO: (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — The accent is on joint finances and you may feel pressure from disagreements with mate or partner about how money should be spent. Use patience, understanding and tact to deal with the matter. Pay attention to health, diet and get adequate rest.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — Social life sparkles, you meet new people and are at your bubbling, enthusiastic best! Be outgoing, communicative and others see you in a new, more

favorable light. Emotionally, you want to "play the field," and not settle down to one relationship.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — You are concentrating on your goals and moving steadily forward, one step at a time. Recognition comes from earned efforts in the past, so keep your nose to the grindstone — the payoff will definitely come. A promotion or raise may be in the offing.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Recognition, honor or promotion may come to you now. Be alert for opportunities in connection with writing, travel, publishing and all types of communications. Romance and creativity are highlighted and a special dream could come true.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Family responsibilities may be heavy and you are

taking a serious look at future security. It's a good time to go over investments, savings accounts, taxes and the like. Get good professional advice and look at the long-term, rather than immediate benefits.

2,642 Honor medalists
At the last count, 2,642 people had been awarded the Medal of Honor, often referred to as the Congressional Medal of Honor because Congress authorized it in 1861 for supreme gallantry in the Navy and in 1862 for the Army.
