Soil Fertility Conference Set Monday In Plainview

Between four and five hundred farmers and businessmen representatives are expected in Plainview Monday, Feb. 17, for the eleventh annual Hale County Soil fertility conference.

The all-day program will get underway at the National Guard armory located at the Hale County Air Port.

Specialists in the fields of irrigation, care of soils, farm credit, and commercial fertilizers are scheduled to appear on the program.

Grady Shepard, Hale Center, farmer, will serve as chairman of morning session. J. B. Wheeler, vice president of the Hale County State Bank at Plainview, will act as chairman of the afternoon program. Ollie Liner, county agent, is chairman of general arrangements.

Clay Henry, president of the Plainview Chamber of Commerce, will deliver the welcome address.

First speaker on the program will be James G. Cronin, Plainview, engineer of the U. S. Geological Survey, who will talk on irrigation survey work with attention to information that is being gained in underground water recharge projects.

Bob Thurmond and Dave Sherrill, irrigation specialists for the Extension Service, will discuss irrigation in general and review underground water recharge operations in the Plains region.

Jack Barton, Extension Service soil and water conservation specialist, will review methods of soil care and point out means for higher crop production with a minimum of irrigation.

Farm credit will be the topic of W. J. McAnelly, president of the Houston Bank for Cooperatives.

Opening the afternoon session will be a discussion by Dr. T. C. Longnecker, director of the Tex-

ED N. NOBLE ASKS FOR RE-ELECTION TO THE OFFICE OF DISTRICT CLERK OF HALE COUNTY

Noble says: that he has always been attentive to the duties of the clerk's office—endeavoring to render good services at all times, and to avoid unnecessary expense to you, the tax payers.

Since the year, 1946, court business has steadily increased, as well as having additional duties placed on the clerk's office.

I do sincerely appreciate all of the votes that I have heretofore received, and if you feel that my knowledge of the office and working ability, meets your approval, I will appreciate very much, your further support, and vote in the next Democratic Primary election.

ATTEND FEED MEETING

Mr. and Mrs. Carl Phillips and Mr. and Mrs. Ernell Givens returned Sunday morning from Los Angeles, Calif., where they attended a meeting of Purina feed dealers. They were guests of the Purina Company on the trip as the result of exceeding a sales quota of Purina feeds in this area. Carl Phillips Farm Store is local dealer for Purina feeds for livestock and poultry. Their arrival home was delayed several hours by plane trouble. The 4-engine airliner was ordered back to Los Angeles when one of the engines failed as the plane was flying over Grand Canyon.

William Beeson was a medical patient in Plainview Hospital.

Mrs. Doris Stark was under treatment in Plainview Hospital.

Charles Evans, son of Mr. and Mrs. C. R. Evans, enlisted in the Navy, and is in boot training at San Diego, Calif. Charles is a former AHS student and Antelope football player.

Several Abernathians attended the state co-op convention in Dallas this week.

J. P. Nystel bought the building next door to the Methodist Church from J. L. Irish.

Girls Win In H-SU Basketball Tourney

By DON JONES

The potent Abernathy Antelope girls basketball team was crowned West Texas hardwood queens last Saturday night at the conclusion of the giant Hardin-Simmons University High School Girls Invitational Tournament in Abilene.

The Abernathy girls defeated Roby in the championship finals, 77-65. Margie Guinn, who was the tournament's high scorer with 133 points, pumped through 48 points for the victors, only one shy of the tournament record of 49.

The Abernathy-Roby game, played before over 2,500 spectators, was the featured attraction of the tournament. Both teams had identical records of twenty-nine victories against no defeats previous to the climatic game.

Phillips, Houston On All-Tournament Team
Abernathy also placed two of its players on the all-tournament team. Jo Ann Phillips, who scored 52 points in the tournament, was selected as one of the outstanding forwards of the tournament and Billie Houston was chosen to the mythical team as a guard.

Other Abernathy players who did outstanding work in helping the girls capture the tournament championship were Brenda Shipman, who scored 84 points during the tournament, and Lenora May, Leora Johnson, and Paula Apperson, all guards who did superior defensive work in all four games.

Abernathy won the right to play in the finals by defeating Avoca 65-60 in an overtime contest, Winters 69-35, and defending champion Hawley 70-57 in the semi-finals.

In the feature game Friday

night, the local girls had to come from behind late in the game to out down the 10-point lead that the fired-up Avoca team had built up. Margie Guinn proved to be the life-saver. Margie dropped the ball through the basket with only 3 seconds left in regulation play to knot the score at 57-57. Abernathy scored eight points to Avoca's three in the two minute overtime.

Margie Guinn scored 36 points for Abernathy to take high point honors for the first day of the tournament. Brenda Shipman scored 15 and Jo Ann Phillips 14.

In routing Winters Friday night, Brenda Shipman was Abernathy's top scorer with 23 points. She was followed by Margie Guinn with 19 and Jo Ann Phillips with 15. Everyone on the team saw action in the Winters game with reserves playing much of the time.

The girls defeated Hawley in the semi-finals 70-57 to advance to the finals. The locals led at the end of every quarter, 19-17, 35-26, and 48-40. Guinn had 30 points for Abernathy, Shipman 21, and Phillips 19.

Roby won the right to meet Abernathy in the finals by defeating Wylie 50-21, Clyde 53-42, and Irving 64-26.

Avoca Captures Consolation
Hawley beat Irving 58-37 to capture third place in the tournament and Avoca slipped past Mer- kel 46-44 to gain the consolation trophy.

Although Roby had 10 leads, never by more than 2 points, in the championship game, compared to Abernathy's 5, the Roby girls had only one lead in the entire second half. That lead was by only one point, 59-58, with 6:53 left in the game. Abernathy's largest leads in the game until the last few minutes were three,

3-point leads, one in the second quarter and two in the third.

Abernathy led at the end of the first quarter 22-19 after trailing most of that period. Roby was the first to hang a score on the scoreboard when Becky Sumerlin made a free throw. Margie Guinn broke the ice for Abernathy when she hit a basket to give Abernathy its first lead of the game, 2-1. The score was tied five times during the first quarter, 7-7, 9-9, 11-11, 13-13, and 15-15.

During the second period both teams scored 16 points. With Abernathy leading 36-30 with only 53 seconds left to play in that period, Roby hit two quick field goals and a free shot while Guinn of Abernathy hit a basket before the buzzer sounded to give the girls the same 3-point lead, 38-35, at halftime.

Roby tied up the ball game at 53-53 with 1:30 left in the third quarter when Jane Ethredge hit a long shot for Roby. Guinn put Abernathy back into the lead, 55-53, but Roby tied the game again at 55-55 with 50 seconds remaining in the quarter. Brenda Shipman then made a 3-point play, being fouled as she went up for a shot and making both the free attempt and the basket. Roby hit a free throw to make the score 58-56 for Abernathy at the end of three quarters.

Roby hit 3 free shots in a row just after the fourth stanza got underway to give them a quick 59-58 lead over Abernathy. However, a basket each by Guinn and Shipman and a free throw by Phillips gave Abernathy a 64-59 lead. Roby managed only six points during the last three and one-half minutes while Coach Pete Wilson's sextet got thirteen on four baskets from Guinn and a basket and a free throw from Shipman.

Needs For Ground Observer Post Are Outlined In Meet

By O. F. REA

REV. AUSTIN MOORE

Begins 6th Year As Nazarene Pastor

Members of Abernathy Church of the Nazarene have called Rev. Austin Moore to the pastorate of the church for another year. He is beginning his sixth year as pastor of the local church.

The church recently moved into its beautiful new building. "The church is united for a year of greater service," the pastor stated.

Organized in 1908, the Churches of the Nazarene of the United States are observing the Golden Anniversary of the denomination this year.

E. A. Madera Is Candidate For District Clerk

E. A. Madera, who resides at 903 Travis Street, Plainview, has announced that he is a candidate for District Clerk, Hale County.

In announcing his candidacy, Mr. Madera stated that he would make an effort to contact personally all the voters in the county primary.

"A resident of Hale County for 27 years, the past 12 years in Plainview, I am confident that I know the type of ability and service the people expect from their employees and public servants and if elected as District Clerk, I will make every effort to measure up to the peoples expectations."

"In addition to several years of teaching in public schools, I have had eleven years clerical and supervisory experience in the Hale County Agriculture Stabilization and Conservation Office, having served as performance supervisor, assistant administrative officer and acting office manager. That work gave me considerable experience in filing and keeping of records, operations that are required of a district clerk, among many others."

"I earnestly solicit your consideration of my candidacy and will greatly appreciate your vote and influence," Madera said.

Bill Wolf & Sons To Manufacture Irrigation Items

Bill Wolf and Sons have purchased the shop equipment of John Duty for manufacturing engine stands, clutch adapters, and cooling coils, and will continue the manufacturing of these very essential items. Wolf and son purchased the machinery and tools only and will move them to their shop. John Duty is moving to Midland and will enter business with a relative.

SMITH-GOEBEL VARIETY ADDS NEW LINES OF MERCHANDISE

Smith-Goebel Variety increased their line of merchandise by purchasing the notions stock closed out by Young's Dept. Store. Smith-Goebel purchased the entire stock of buttons, zippers, sewing threads, crochet thread, snaps, hooks, and eyes, fasteners, belting, ribbon, etc. They also purchased the simplicity pattern line and now offer all these items as an added service to their many customers.

Mr. and Mrs. C. J. Pharr and granddaughter, Melinda Pettit, visited Mr. and Mrs. Harold Sparks and daughter, Pam, in Albuquerque.

As a part of the National Defense set-up it is the desire of those in charge of the defense of the nation that there be an observation station, designated as Ground Observer Corps, (GOC) post in every town, both large and small, throughout the nation. Persons manning these posts need not be Army or Air Force personnel but rather the ordinary citizen, just as you and I are.

Speaking to a small number of persons gathered in the City Hall Club Room Thursday night, Feb. 6, Sergeant Burkholder of the Air Corps gave an interesting and enlightening talk on the need of GOC post in Abernathy, as well as every other town. It was pointed out that the primary purpose of this post is to assist in the national defense in case of an enemy attack by air. However there are other uses to which this observation post could and would be put. This use would be to the advantage of, and directly for, the benefit of the people of this community as well as those communities adjoining or even further.

As to the military use it was pointed out that an enemy country has 3,000 jet propelled bombers capable of sonic or near sonic speed with which to attack this country if they so desired. Also there would be no warning in case of an attack except the warning of our own search up or those of our neighbor nations. Some of these bombers, it was stated, would undoubtedly get through our outer ring of defense. If, say fifty of several hundreds got through and, each carried an "A" or an "H" bomb and reached its target city, the result could be the destruction of the city and to defend ourselves, and also kill about one third of the population of the country.

Now, if every town had a GOC post with trained personnel these planes would be spotted and reported at once and defense action would start immediately from various sources located strategically throughout the nation. Specifically, planes passing over our community enroute to a vital target area would be seen or at least heard and reported as to height, direction, and number and if visible, possibly the type of plane.

Each station would report as they passed over and the defense department could immediately start tracking them by radar and other means and interception could take place immediately. It was pointed out that in case of an attack of this nature there would be no planes up except authorized by the military, as planes not so authorized would immediately be grounded and land as soon as possible. Thus, the air would be practically clear of all planes except enemy and our defense planes and rockets and of course all our planes would be readily located by the military as they would be under observation and command at all times.

Now for the non-military use of these GOC posts.

The training of the personnel for these posts would be by the Air Corps and the time needed would be short as there is nothing too technical but that the average intelligent person could handle the job. Only six hours training and instruction would be necessary to make the average person competent to man a post both for defense and for civilian use.

The civilian use of the post would be this:

1. Severe weather reporting - warning of tornadoes, floods, hail storms, hurricanes.
2. Reporting airplanes in distress as fire, crashed or lost.
3. Reporting unidentified flying objects (UFOs).
4. Reporting of nuclear detonations.
5. Educating the American people to the threat of air attack.

Judging by Sergeant Burkholder's talk, this last use number 5, at present is the most important. The whole program was clearly and interestingly presented. An interesting film was shown which showed our defense planes in training and in the same maneuvers they would use in actual defense. No steps were taken to actually set up a post as there were too few persons, but it was hoped that the sergeant could speak to a much larger audience at some time in the near future, and that Abernathy would have a GOC post and qualified personnel.

NEWTON, NEEL TO MOVE SHOPS

Newton Radio & TV and Neel Electric Co. have leased the Claud Shipman building formerly occupied by him, and later by the L. Cantu Service Station. Newton says they will be moved by March 1, and that parking facilities at the new location will be much larger and more useable.

33,375 Bales of Cotton Ginned in Area

By O. F. REA

With a total reported rainfall of 29.41 inches, far above normal, the irony of the situation is that the cotton ginnings are far below normal. This is due to the fact that the rain-fall was not scattered through the growing season but mostly during the planting season and the maturing season, thus holding up planting and then holding up maturing of both grain and cotton and excessive moisture in grain and damage to the grade of cotton, and cutting down the yield.

Total ginnings for this area is reported as 33,375 bales with the Abernathy gins handling 21,874 bales and County Line gins, 11,501 bales. With the rain fall scattered to better advantage, we would have produced a bumper crop, but, again, old man Weather still governs the size and quality of our crops.

Report Is Given On MOD Drive

Curtis Hall, Commander of Barton-Hood Post No. 500, American Legion, who had charge of the local March of Dimes Drive, and placed the familiar containers in various locations in town, reported that the drive netted \$125.00 when the containers were picked up and counted at the end of the drive.

A portion of the amount will stay here in the county in which it was collected, and the balance goes to the National Polio Foundation to be used in the national fight against Polio.

COLD WAVE STRIKES AREA

A cold wave hit this area this week, bringing a coat of ice and low temperatures. Abernathy was on the south edge of a light snow storm last Thursday night. Snow covered the ground, but was melted by high temperatures the following two days.

Another snow storm hit this area Tuesday.

JIMMY RAY ACTS AS DEFENSE IN MURDER TRIAL

Jimmy Ray, senior law student at Texas Tech, acted as defense attorney in a mock trial held in the "1958th District Court" at Tech last week. He obtained a "not guilty" verdict for his client, who was being tried on "murder charged." Son of Wade Ray, Jimmy was graduated from AHS.

FATHER DIES

The father of Joe and R. C. Bradshaw died at 7:15 P. M. Sunday at Vernon.

Reports said that John Crow, San Angelo, formerly of Abernathy, suffered a heart attack recently.

LIONS CLUB NEWS

Willie Florence, president, gave the following summary of activities for Abernathy Lions Club during 1957:

Lubbock County Crippled Children Society—\$50.
Silverton Tornado Relief Fund—\$50.

Transporting two of our local children to and from the Crippled Children's Camp, Kerrville, Texas, —\$45.

The Caprock Girls Scout—\$75.
Toys for Tots, during Christmas —\$30.

Christmas tree for city square—\$21.90.
Contributions to the Crippled Children's Camp, Kerrville, Texas, —\$123.

Amarillo Shiner To Speak Tonight At Lodge Meeting

Potentate H. C. (Windy) Winburn of Khiva Temple at Amarillo will visit Abernathy Masonic Lodge 1142 Thursday night, Ray Willis, Worshipful Master, announced.

Winburn will speak on the relationship of the Shrine to Masonry.

All Master Masons of the area are invited to attend, Willis said.

BIRTHS

Mr. and Mrs. Marvin A. Looney are parents of a son, born Feb. 9. He weighed 6 pounds 9 ounces. A son, weighing 6 pounds 10½ ounces, was born Feb. 4, to Mr. and Mrs. Glen Shipman, Lubbock, formerly of Abernathy.

Antelopes Down Slaton, Lockney In District Tilts

(By Don Jones)

The Abernathy Antelopes took two district victories last week, downing Slaton 57-55 after the game had ended when Jim Dye dropped through two free pitches and blasting Lockney last Friday, 68-41, in their highest scoring game of the season.

The two wins left the Antelopes with a 6-3 district record with 3 games remaining to be played. Floydada and Tahoka continue to lead the district with 8-1 records each.

After leading 11-10 at the end of the first quarter, the Antelopes fell behind the Tigers 19-25 at halftime.

With only five minutes remaining in the game, Reggie Stephens tied up the game at 44-44 on a long set shot. Stephens hit two more 2-pointers and Gerald Watson hit a free toss while Slaton was getting 2 baskets and a free throw to keep the game tied up at 49-49 with 2:01 remaining to be played. Jimmy Dye hit 2 free throws to give the Antelopes a 51-49 lead but Slaton succeeded in tying up the game again at 1:40. Dye hit again at 1:25 for a 53-51 lead and Slaton tied up the score at 53-53 at 1:07. Dye struck again for Abernathy with only 40 seconds remaining in the game for 55-53. The Tigers were not to be discouraged, hitting from far outside with only 20 seconds remaining.

The game looked as if it would end in a tie until Jim Dye tried to get away a shot as the buzzer sounded and was fouled by a Tiger lad. Cool as a cucumber, Dye stepped to the line and drop-

ped the first of two free tries into the basket, giving the Antelopes the game. Although unnecessary, the outcome, Dye dropped the second shot through just for added measure.

Reggie Stephens led the Abernathy scorers with 17 points. Jimmy Dye was close behind with 15.

The girls defeated Slaton 63-43. They had little trouble with the Slaton girls. The locals led at the end of every quarter, 13-3, 31-17, and 48-25. The local girls had rung up a 7-0 lead before the Slaton girls were able to score.

Brenda Shipman was top scorer for the Abernathy girls with 26. She was backed up by Margie Guinn with 22 and Jo Ann Phillips with 12.

With three players scoring in double figures, the Antelopes defeated Lockney 68-41 after trailing 19-13 at the end of the first quarter. Abernathy rung up a 27-21 lead at half time and led the "Horns" 49-31 after three quarters.

Reggie Stephens again led the Antelope attack with 18 points. Jimmy Dye followed with 15 and Gerald Watson had 10.

"B" Team Wins
Abernathy won the B game over the Lockney B, 43-36. Freddy Evans led the Abernathy boys with 13 points. James Davis had 10 for Lockney.

The win gave the "B" team a 3-1 record.

An acre foot of water is 325,851 gallons—the amount required to cover an acre to the depth of one foot.

HE'S COMING IN PERSON— THE GREAT LEE GRABEL

The season's outstanding event promises to be the personal appearance in Abernathy of the Great Lee Grabel and his famous Stage Review. One of the world's great stage personalities, Mr. Grabel has been an American Theater Institution for years.

In the Grabel Show you will see the world's most unbelievable happenings presented in a light-hearted, gay, and humorous manner. It is truly the most novel and unique stage review in America.

An actor will defy gravity, a young lady will disappear before your very eyes, common objects will materialize out of nothing and assisting artists will mysteriously exchange places. When such unbelievable mysteries are blended into a fast moving humorous stage review—that is the Lee Grabel Show.

The Great American Illusionist, loved and respected by millions, is bringing his fabulous stage re-

LEE GRABEL

view to the school auditorium on March 6. Members of the Lions Club have advance sale tickets in their possession for the public's convenience. For a memorable evening's entertainment, don't miss Lee Grabel and his full stage company—it's the Grabel Show.

Matinee performance is scheduled at 3:00 P. M., 50 cents for students and \$1.00 for adults; evening show will be at 8 o'clock, 75 cents for students and \$1.50 for adults.

All money made by the Lions Club on the show will be used to finance the trip to Enid, Oklahoma, for Dub Crain's AHS Antelope Band in May. The Band will participate in the Tri-State Band Festival in Enid.

FEBRUARY 28 FINAL DATE PRICE SUPPORT ON 1957 CROP GRAIN SORGHUM

The 1957 CCC Crop Support on grain sorghums has been extended through February 28, 1958, therefore all Commodity Credit Corporation loan documents for 1957 grain sorghum must be completed by February 28, 1958, and that must be distributed by lending agencies by not later than March 15, 1958. John B. Martin, Office Manager of the Hale County Agriculture Stabilization and Conservation, urges all farmers in Hale County who desire to obtain a CCC loan or purchase agreement on this commodity to make application to the County Office in sufficient time for completion of documents by February 28, 1958.

Mr. Martin explained that grain sorghum loans and purchase agreements, both warehouse and farm stored, will mature on March 31, 1958.

WARNING

Following is Section 100 of the Uniform Act of the State of Texas copied from the State Law Book.

"Following Fire Apparatus Prohibited . . . The driver of any vehicle other than one on official business shall not follow any fire apparatus in response to a fire alarm closer than five hundred feet (500 feet) or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm."

(Maximum Fine: \$300.00!) Also, it is a violation of a State Law for a vehicle to be driven over a fire hose, anywhere, or at any time.

City officials remind local residents of an ordinance requiring that all dogs be vaccinated against rabies. The ordinance also requires that the dog wear a collar giving information on the vaccination, and the dog owner's name and/or address.

A new, easy, low-cost way to fatten hogs— Purina Pig Parlors

Purina Pig Parlors are designed to hold 50 feeder pigs, of 40 to 70 lbs., until they reach market weight. Parlors consist of a sloping concrete floor, fencing, a roof, three automatic waterers and a 10 to 16 hole self-feeder. That's all! Can be built for about \$400. Has many advantages over other feeding methods:

1. Easy to operate—little labor.
2. Easy to keep records.
3. Small investment.
4. Fast turnover of investment.
5. Regular cash crop.
6. High daily gains.
7. Few disease problems.
8. Produces a quality hog fast—and at low cost.

This is the modern way to raise hogs. You buy your hogs, put 'em in the Parlor, give 'em plenty of a good Purina ration and fresh water—then stand back and WATCH 'EM GROW! Almost before you know it you'll have a trailer load of sleek, fat hogs ready for market.

On a \$17 hog market you should make from \$5 to \$8 per hog on the Purina Plan.

COME SEE US. Let us tell you more about Purina Pig Parlors. We have plans to show you how to build your parlor step-by-step. Be among the first in this community to have Purina Pig Parlors.

Texas farmers are now using approximately 300,000 tractors and more than 2,500,000 allied farm implements in order to gain the advantages of efficient mechanized farm production. In addition to this investment, W. L. Ulich, extension agricultural engineer, says farmers of Texas spent about \$95,000,000 for petroleum and \$75,000,000 for farm equipment repairs last year.

Soils lose their desirable structure when calcium and phosphorous are removed, either by cropping or leaching or both.

Witness of the Spirit?

By LOYD E. ASH

Many people do not understand the part which the Holy Spirit plays in conversion. Because there are mistaken ideas on this subject, there is some confusion in the minds of many. Often people depend on their feelings, instead of the truth, to tell them they are saved.

"The Spirit itself beareth witness with our spirit that we are the children of God" (Romans 8:16). Can we come to some very justifiable, reasonable, and scriptural conclusion as to the meaning of this passage? What is the first Spirit mentioned? What is the second spirit in the passage? What is the witness that is borne? What is the fact which is being witnessed?

The Holy Spirit
The first Spirit mentioned is the Holy Spirit, a member of the eternal Godhead in heaven (note Matt. 28:19). Let us remember that He is a person, just like God and Christ are persons. Notice: "When He is come, He will guide you into all truth" (John 16:13). From eternity these three spirits have worked in perfect unity.

The Holy Spirit comforted the apostles by speaking words to them. He brought to their remembrance the teachings of Jesus. In none of the conversations did He speak directly to the sinner—but always the preacher, evangelist, or apostle. He always spoke words. He never exerted some sort of feeling "better felt than told."

The Spirit of Man
The second spirit in Rom. 8:16 is the spirit of man. Paul asked: "For what man knoweth the things of a man, save the spirit of man which is in him?" (1 Cor. 2:11). It is clear, then, that Paul is referring to that part of us which "knows" certain things—it is the mind. Often the Bible calls it the "heart." It is this part of man that the spirit bears witness with.

Bearing Witness
To bear witness means to testify, or to establish by giving evi-

dence. Often people are called into court to bear witness; they furnish evidence which relates to the thing under investigation. The Baptist said: "And I saw, and bare record that this is the Son of God" (John 1:34).

How does the Spirit (Rom. 8:16) give its evidence? The fact being proven is "that we are the children of God." Let us search the Scriptures to see how the Spirit bears witness with our spirit to prove this fact.

First, the Spirit testifies that I must believe: "He that cometh to God must believe" (Heb. 11:6). My spirit testifies to the fact that I do believe.

Second, the Spirit testifies that I must repent. "Except ye repent, ye shall likewise perish" (Luke 13:3 also Acts 17:30). My spirit testifies to the fact that I have repented.

Third, the Spirit testifies that I must be baptized. "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins" (Acts 2:38). "And now why tarriest thou? Arise, and be baptized, and wash away thy sins, calling on the name of the Lord" (Acts 22:16). My spirit testifies to the fact that I have been baptized in the name of Christ for the remission of sins.

Thus, the Holy Spirit and my spirit bear witness together that I am a child of God. There is nothing mysterious about the witness of the Spirit, is there? It is easy to understand. The Bible stands as living proof as to what I must do to become a child of God, and my own acts of obedience to these commands prove that I have submitted; therefore God recognizes me as His child.

It is possible to be mistaught about what you must do to be saved, and therefore you might not do the right thing. If you fall at this point, the Spirit does not bear witness with your spirit, and you live under a delusion. The witness of the Spirit is clearly laid down in the Word of God. Does your spirit testify that you have met the requirements?

Cotton Acreage
Increase in '58
Is Not Expected

LUBBOCK—High Plains farmers, along with other cotton producers across the U. S. cotton belt, face 1958 with little or no hope of increased cotton acreage, according to information from Washington, D. C.

W. O. Fortenberry President of the Plains Cotton Growers, Inc., said that Agriculture Secretary Benson told Congress last week he does not have the power to boost acreage allotments for the 1958 cotton crop.

The Plains Cotton Growers recently sent Wilmer Smith, New Home, Vice President, and George W. Pfeifferberger, Executive Vice President, to Washington to attend a conference with Secretary Benson. This conference was arranged by the National Cotton Council and representatives asked Benson for increased acreage in 1958.

Allotments for the 1958 crop have been set at 17,600,000 acres. The National Cotton Council asked an increase to this allotment to help overcome an impending shortage of high quality fiber.

The farm chief made his decision last week in a letter to Rep. Cooley, D. (N.C.), Chairman of the House Agriculture Committee. The decision was based on a legal opinion by R. L. Farrington, the Agriculture Department General Counsel.

Farrington told the Secretary cotton allotments are not designed to take into account needs for particular grades of cotton but are designed to bring the total quality of cotton produced in balance with the total quality of cotton needed.

Any increase in 1958 allotments, Farrington said, would add to the total supply not only of the grades desired but also of other grades which presumably are already in surplus.

The counsel contended there is no certain method of growing a particular grade of cotton because of the unpredictable effects of weather, insects, and other factors. He said the desired grades under normal conditions would probably range somewhere between 60% to 75% of the total production, with the balance made up of the "trash" cotton which is al-

CLOSING DATE FOR FILING
ACREAGE RESERVE AGREEMENT CHANGED

The closing date for filing cotton acreage reserve agreements has been changed to February 20, 1958, according to J. Earl Lancy, Chairman of Hale County ASC Committee. Amended regulations provide the new February 20 closing date.

Farrington also told the Secretary that a boost in 1958 cotton allotments without specific legislative authority, would conflict with the acreage reserve phase of the Soil Bank.

Fortenberry said that while the POG was interested in obtaining acreage increases for this year, the primary interest of this organization in connection with a cotton program is to secure a long-range program that will work toward the benefit not only of the producer, but will benefit other segments of the cotton industry, and which will put cotton back on a sound economic basis through the national and world.

ing date so that an earlier determination of the amount of any unused allocation of corn, cotton, and spring wheat funds to transfer to states where additional funds are needed.

Farmers who have filed an agreement, or those who may file an agreement, are informed that such agreement may not be withdrawn or revised after the new February 20 closing date. Farmers may file a request for acreage reserve and be eligible for consideration, within limit of available funds, only if registered at the Hale County ASC Office not later than February 20.

MASONS TO MEET

Abernathy Lodge No. 1142, A. F. & A. M., will hold a stated meeting at 7:30 P. M. Thursday, Feb. 13.

Dewey Lee Tucker is to report Feb. 18, for Armed Forces physical examination.

Mr. and Mrs. Fred Kveton were in Temple last weekend, where Mr. Kveton attended an insurance school.

Chitchats From AHS

(By Don Jones, Review Staffman)

Congratulations to the AHS girls basketball team in winning the Hardin-Simmons University Basketball Tournament.

Although Abernathy was the farthest team from home in the tournament, it was one of the favorites among the spectators. The girls gained support with each game they played in the tournament.

After hearing the broadcast of the Abernathy-Hawley game over the radio Saturday morning, people from Abernathy began pouring into Abilene. By the time the final game had arrived, the team had almost as many fans as did Roby, located only about forty miles from Abilene.

The Abernathy team was honored at a get-together of all players and fans after the ball game at a restaurant in Abilene.

Coach Wilson received a handsome wrist watch for being the coach of the championship team.

The Student Council will sponsor a Valentine Tea Friday, Feb. 4, throughout the day in the speech room.

Darrell Goodrich resigned as president of the Student Council at a called meeting of the council last week. Reason given for resignation was insufficient grades.

Vice President Richard DuBose will serve as president for the remainder of the year. We are sorry to see Darrell resign. He did a good job while he was head of the council.

Several boys are working out each day getting in shape for the track season. Although the official track workouts won't start until after the basketball season, these boys have been hard at it since just after the football season.

Abernathy's hopes of winning the district track meet this year are pretty dim. Lockney returns with the same team that defeated Abernathy by nine points last year.

However, Coach James feels that the team will be able to pick up points in several events. The track coach also thinks it will be better to concentrate upon winning some of the events that they are strong in rather than devoting attention to winning the championship from the speedy Lockney team.

Lakeview

Mr. and Mrs. Bobby Spitzer were informed of the death of a brother-in-law, Tommy Anderson, in Seminole Thursday, Feb. 6. Mr. Anderson, who operated a service station, was cleaning a car inside and as he removed a gun, it discharged, killing him instantly.

Mr. and Mrs. Spitzer went immediately to Seminole after hearing of the tragedy.

Mr. and Mrs. Jimmy Belt and Mr. and Mrs. Gordon Timms attended funeral rites for Mr. Anderson Saturday at 2:30 P. M. in Seminole.

Billy, small son of Mr. and Mrs. C. B. Beeson, is improving at his home. He has been released from the Plainview Hospital where he was treated 10 days for pneumonia.

Mr. and Mrs. R. E. Anderson and Mrs. A. W. Mayo of Lubbock were in Vernon Monday to attend funeral rites of a relative, Mrs. George Mitchell, who passed away early Sunday following a long illness.

Mr. and Mrs. Bill Carnes spent the weekend visiting in the home of her brother, Gordon Timms, Jr., in Abilene.

Mr. and Mrs. Clayton Enger and Mr. and Mrs. Bill Harrison are attending the Co-op Ginners Convention in Dallas this week.

Mr. and Mrs. Ray Savage of Dallas are visiting in the Lewis Lutrick home.

The Lakeview Hobby Club met Feb. 5, in the home of Mrs. Bill Carnes to elect officers for the coming year.

Mrs. Waymon Mahagan was named president, Mrs. J. C. Belt, vice president, and Mrs. Gordon Timms, secretary-treasurer. The next meeting will be Feb. 28, at 2 P. M. in the home of Mrs. O. S. Bristow.

Rev. and Mrs. Luther Baker were hosts at a barbecue supper Thursday night, Feb. 6, in Fellowship Hall for the members of Lakeview Methodist Church. About 75 attended and after the supper enjoyed games of group singing.

Mr. and Mrs. S. P. Castleberry have returned from El Centro, Calif., where they visited their daughter, Mrs. Joe Goldston, when she was ill recently.

Mr. and Mrs. Robert Reedy and family moved to the Arthur Mahagan farm last week.

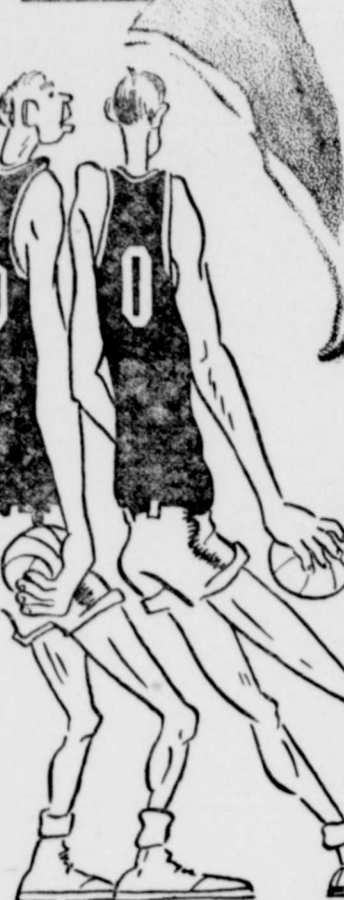

Mr. L. M. Rankin who makes his home with his son, Billy Rankin, is receiving medical treatment in Plainview and his condition is reported as critical.

Mr. and Mrs. T. W. Driver visited in the Arlie Gilmore home in Cotton Center Saturday.

Rev. and Mrs. J. T. Gartney and children of Little Rock visited last week with Mrs. Lemmie Ragland.

Miss Barbara Dollar and Kenneth Baker, who are to marry Feb. 14, in the Idalou Methodist Church were honored with a miscellaneous shower Thursday night in Fellowship Hall. Miss Dollar resides in Idalou and Kenneth is

Wayland College Trustees Hold Mid-Winter Meeting

Plainview (Spl.)—Wayland Baptist College trustees in mid-winter session Feb. 3 re-elected officers, approved salary raise for faculty, appointed a three-way committee to study needs of the college and to submit a Design for a Decade program, and heard reports from college administrators.

W. A. Mays, Amarillo, was re-elected chairman. To serve with him for another term will be E. M. Osborne, Plainview, as vice-chairman, and Alvin Stokes, Plainview, as secretary.

President A. Hope Owens, in his "State of the College" message, reported that 1957-58 session has shown great progress but warned that "The speed of change in the days in which we are living impose continuous strain on Wayland... This change of patterns, the imminent increase in college enrollment, the demand for leaders to cope with the three-way should make administrators and trustees face this day in humility and deep concern."

Dr. Owen reported that the Five Year Program of Progress, adopted four years ago, has practically been completed with the erection of four major buildings, four brick duplexes for married students and four brick homes for faculty, with increased operating and endowment funds and with attainment of full accreditation by Southern Association of Colleges. Then he recommended the appointment of committees to set up a new program, a Design for a Decade.

The board approved the appointment of committees to study three areas: Academic, Dean Cecil Cooper, Dr. Carl Bates, Amarillo; Rev. Howard Scott, Hereford; Edward McMillan, associate professor of history; Development, Tom Parrish, director of development; Dr. Lee Hemphill, Littlefield; J. D. McPhaul, Lamesa; Miss Florrie Conway, librarian; Financial, H. L. Mitchusson, business manager; E. M. Osborne, Plainview; Dr. J. Ralph Grant, Lubbock; and Dr. J. Ivy Bishop, associate professor of religion.

The board approved the promotion in rank of the following faculty: Dr. Brougher P. Maddox from associate to full professor; Dr. J. Ivy Bishop, Dr. John Freeman and Mrs. Charles Gruber from instructor to assistant professor.

Tenure was also voted for Dr. Bishop, Miss Conway, Dr. Eugene Jones, chairman of the Division of social science, and Miss McAdams.

Dean Cooper expressed appreciation of the board's voting to raise faculty salaries for 1958-59 so that Wayland can continue to maintain a strong faculty despite

bids from larger institutions.

The board voted approval of a plan to renovate and adequately furnish McDonald Hall for men; approval of the plan of J. D. McPhaul to arrange for the filming of Wayland's Golden Anniversary celebration in 1958-59; and approval of submission at June 2 meeting of plans to convert into usable space the old library area in Administration Building.

Reports were made by Miss Aileen Parton, chairman of Golden Anniversary committee and director of public relations; H. L. Mitchusson, business manager; and Tom Parrish, director of development.

Guests were Mrs. Woody Womble, Morse; Mrs. H. H. Eiland, Snyder; Ernest Rea, Tell; Rev. Argus Burnett, Amarillo; Dr. F. E. Swanner, Plainview; and Rev. J. W. Arnett, Big Spring.

Trustees in attendance included: Dr. Strauss Atkinson, Canyon; Rev. Maple Avery, Levelland; Mrs. Bert Black, Rev. Wayland Boyd, Crosbyton; H. H. Eiland, Snyder; Dr. Cecil Goff, Dumas; Dr. J. Ralph Grant, Dr. F. B. Malone, Lubbock; Rev. Carroll Ray, Perryton; John Hammond, Happy; Mrs. Henry Heck, Idalou; Dr. Lee Hemphill, Littlefield; Rev. Nolan M. Kennedy, W. A. Mays, Amarillo; J. D. McPhaul, Lamesa; Rev. W. Neil Record, Tulia; A. B. Reid, Abernathy; Rev. Howard Scott, Hereford; Jim Waddell, Kermit; Moody Womble, Morse; A. E. Boyd, J. B. Bratcher, Bob Caudle, E. M. Osborne, Plainview.

Hi-Lights From Junior High

Crow's Advertising team won 3-1 from Mayhew Supply last Thursday. Cleatus Lebow had high game and series of 209-519.

The Men's Lubbock City Association Bowling Tournament will be March 1 thorough March 9. Entries will close Feb. 21. Entries will pay a fee of \$3.00 per event per man and \$1.00 all events.

Team entry fees are paid up by the fee paid each Monday night by Abernathy Bowlers.

Entry blanks are available at the bowling lanes or you may get them from either Glenn Selke or Curtis Lebow.

Dr. J. Davis Armistead, president of the South Plains Council, Boys Scouts of America, which is a 20-county area surrounding Lubbock, announced today that the Council membership at the close of 1957 totaled 10,423 members. Of this number, 7,725 are registered as Cubs, Scouts, and Explorers and 2,698 registered adults. This shows a gain of 15% stated Armistead.

This gain gave the South Plains Council 7th in Region 9 membership ranking out of 36 councils in the Region composed of Texas, New Mexico, and Oklahoma. This is the largest gain in membership in the history of the South Plains Council Armistead emphasized.

Nationally, the Boys Scouts of America reached its highest membership peak on December 31, 1957, with 4,751, 495 boys and adults enrolled.

Dr. Arthur A. Schuck, Chief Scout Executive, announced that the organization recorded a gain of 220,972 members in 1957, or a 4.9% gain.

The boys membership shows 3,460,971 enrolled, a gain of 148,130 or 4.5% during the year.

Cub Scouts, a program for boys eight, nine, and ten years of age, number 1,805,874, a gain of 111,018 or 6.6%. There are 1,171,325 Boys Scouts eleven, twelve, and thirteen years of age, a gain of 18,351 or 1.6%. Explorers age fourteen and older, total 483,772, a gain of 4%.

Dr. Schuck also announced that there are now 1,290,524 adult leaders in the movement, a gain of 6%.

On December 31 there were 117,984 units, a gain of 6,310 over the previous year or 5.7%. There are now 43,769 Cub Scout Packs, 57,314 Boy Scout Troops and 16,901 Explorer units.

Since its founding forty-eight years ago next Saturday, the Boy Scouts of America has ended each year with a gain in membership. Since 1910 there have been over 27,500,000 boys and leaders identified with the Boy Scouts of America.

SOCIAL SECURITY

Many self-employed farmers in this area have been asking, "How long must I work under social security to qualify for benefits?" according to John G. Hutton, district manager of the Lubbock social security office.

In answer to this question, Hutton stated, "A self-employed farmer and ranch operator who reaches age 65 before April 1, 1958, can establish entitlement to benefits if he has social security credit for as little as two years during the three years, 1955, 1956, and 1957."

For those who reach retirement age or die on or after April 1, 1958, the required years of credit will vary as little as three, to as much as ten years, depending on the individual's date of birth or date of death. The Social Security Administration has a booklet, OASI-35, which contains a table by which the requirements can be determined by any individual now, or at any given time in the future. The booklet is free for the asking.

Hutton cautioned that self-employed farmers and ranchers must report and pay the self-employment tax to receive credit towards social security. The report is part of the Federal Income Tax Return and is filed annually with the District Director of Internal Revenue. By paying his self-

TEXAS PUBLIC SCHOOLS WEEK has been proclaimed by Governor Price Daniel for March 2-8. Receiving the proclamation for the eighth annual statewide observance is John McKee of Dallas (right) who has served as state chairman of the Texas Citizens' Committee for Public Schools Week since the week was inaugurated in 1951. Parents and other citizens are urged to visit their local schools during the week.

Gas Firm Urges Check Of Vent Pipes; Offers Free Adjusting Service

Bob Nelson, local manager of Pioneer Natural Gas Co., asks all Abernathy residents to be sure to check your vents on all vented gas appliances you have in your home. They can easily get clogged up with birds' nests, rust, and freeze over if not properly vented.

He also offers free service to anyone that has a gas appliance that needs adjusting. All you need to do to get this free service is to call Pioneer Natural Gas Co. office. Phone 97 and give them your address, when you will be home and what appliance you want adjusted.

He asks again that you check your vents as they can be very dangerous if they are not clean or if your appliance is not properly vented.

HDC MEETING

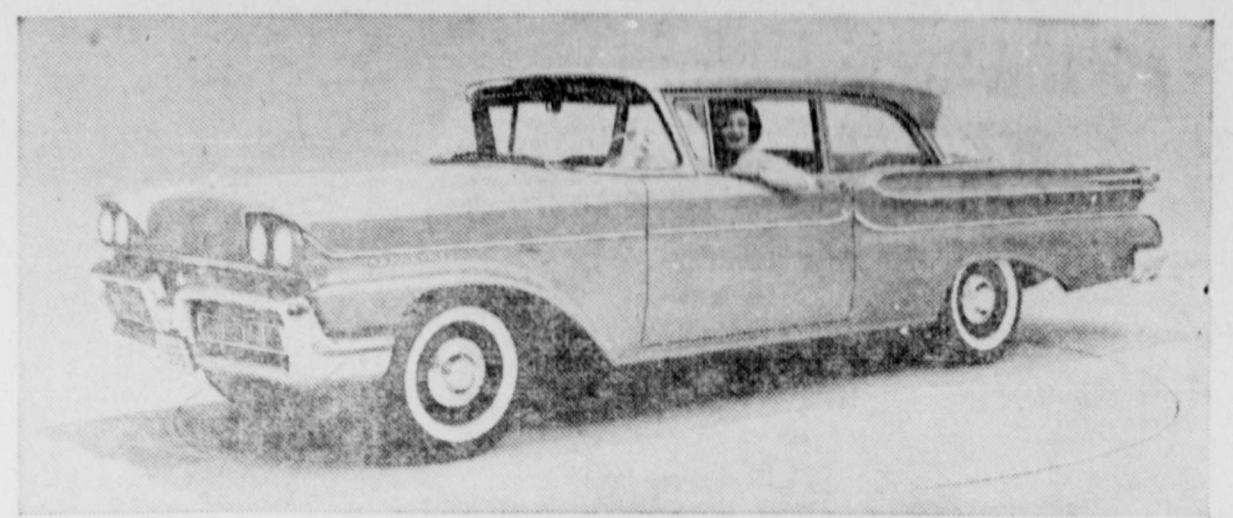

Home Demonstration Club members met Feb. 4, in the city clubhouse with Mrs. M. M. Bell hostess and Mrs. J. B. Herring assistant hostess. Mrs. Thomas Conner led the recreation. Mrs. Herring and Mrs. Bell gave the program and demonstration on "Pie and Pastry." Cooking as an Art: To master the art of pastry making remember to always follow these six rules: (1.) Use accurate measurement; (2.) use eggs at room temperature; (3.) cook filling exactly by direction; (4.) let pie filling and pie crust cool; (5.) when making meringue, add sugar gradually and bake at correct temperature; and (6.) use good quality ingredients.

Attending this meeting were Meses: G. D. Clapp, T. A. Brewster, W. F. Wolf, Melvin Johnson, Thomas Conner, A. R. Knight, A. N. Johnson, J. B. Herring, and the hostess.

Next meeting will be Feb. 18, with Mrs. G. D. Clapp as hostess. Mrs. Lee R. Smith and Mrs. Roy Matthews will give the program "Color and Accessories in the Wardrobe."

The H. D. C. is sponsoring a "Forty-Two" party Feb. 12, in the city clubhouse. Buy your tickets from any member of the club at \$1.00 a couple.

Mail News to The Review

Mercury's new, low-price Medalist, powered by an engine designed for extra gasoline economy, will go on sale in January in dealerships across the country. Built for the buyer who wants Mercury's big-car comfort and driving ease at a price competitive with the low-price three, this new Medalist two-door sedan has a suggested list price of \$2,324—\$98 below the lowest priced Mercury Monterey model. The four-door Medalist lists at \$2,390.

Tax-Man Sam Sez

It would seem unnecessary for Uncle Sam to remind taxpayers that he would like to have a check along with the taxpayers' income tax return on which tax is due. Nevertheless, Uncle Sam goes into the letter writing business, asking thousands of taxpayers to please send in a check for the tax they owe on their income tax return because the taxpayer didn't send his check along with his tax return. All of us have to go sometime and those tax dollars have to go with the income tax returns.

Textile Mill Tour Is Set April 21-23

LUBBOCK—A proposed cotton textile mill tour at Greenwood, S. C., is being planned by members of the Plains Cotton Growers, Inc., the Plains Ginners Assn. and the Lubbock Cotton Exchange.

Roy Forkner, Chairman of the mill tour committee, said the proposed tour is tentatively scheduled April 21-23. It will be held in cooperation with the American Cotton Manufacturing Institute, who will serve as hosts for the group in Greenwood.

Forkner said the tour is open to farmers, ginners, buyers, or others in the cotton industry and also open to both men and women. The group will leave Lubbock by chartered airliner early on the first day, arrive in South Carolina that afternoon. The second day and morning of the third day will be spent in mill tours and after a luncheon sponsored by the ACMI on the third day, the group will enplane for Lubbock.

Estimated cost of the trip will be from \$100 to \$150 per person, depending on the number making the trip and the size aircraft chartered, Forkner said.

Approximately 20 persons have already signed up for the trip, he added. Additional information concerning the trip is available at the Plains Cotton Growers, Inc. office, 220 Lubbock National Building, Lubbock, Phone Porter 2-6553.

DRIVE SAFELY — Public enemy number ONE is the stop-sign passer.

SOCIAL SECURITY INFORMATION

Most farmers will file their social security tax returns along with their Federal income tax returns by February 15, according to John C. Hutton, manager of the Lubbock social security office. Any self-employed farmer whose 1957 net profit was \$400 or more is required to file this return and pay the social security tax of 3 and 3-8 %.

If the gross income is not over \$1800, 2-3 of the gross can be reported; if a farmer's gross farm income is more than \$1800, but the net is less than \$1200, he may, if he wishes, report \$1200. Landlords who, by agreement with their tenant, participate materially in the production or management of the crop or livestock are also classed as farm operators for purposes of social security.

Hutton emphasized that farmers should make sure that their tax returns are accurate and complete. It is important that anyone showing income subject to social security tax show his number both on Form 1040 and on schedule F. It is equally important that all proper business expenses are deducted and that the amount of the net profit be clearly reported.

Tax returns are filed with Internal Revenue Service. More detailed information is contained in a publication entitled Farmer's Tax Guide (Publication No. 225) which can normally be obtained from the county farm agent or the Internal Revenue Service district office.

Textile Mill Tour Is Set April 21-23

LUBBOCK—A proposed cotton textile mill tour at Greenwood, S. C., is being planned by members of the Plains Cotton Growers, Inc., the Plains Ginners Assn. and the Lubbock Cotton Exchange.

Roy Forkner, Chairman of the mill tour committee, said the proposed tour is tentatively scheduled April 21-23. It will be held in co-operation with the American Cotton Manufacturing Institute, who will serve as hosts for the group in Greenwood.

Forkner said the tour is open to farmers, ginners, buyers, or others in the cotton industry and also open to both men and women. The group will leave Lubbock by chartered airliner early on the first day, arrive in South Carolina that afternoon. The second day and morning of the third day will be spent in mill tours and after a luncheon sponsored by the ACMI on the third day, the group will enplane for Lubbock.

Estimated cost of the trip will be from \$100 to \$150 per person, depending on the number making the trip and the size aircraft chartered, Forkner said.

Approximately 20 persons have already signed up for the trip, he added. Additional information concerning the trip is available at the Plains Cotton Growers, Inc. office, 220 Lubbock National Building, Lubbock, Phone PO 2-0553.

DRIVE SAFELY — Public enemy number ONE is the stop-sign passer.

SOCIAL SECURITY INFORMATION

Most farmers will file their social security tax returns along with their Federal income tax returns by February 15, according to John G. Hutton, manager of the Lubbock social security office. Any self-employed farmer whose 1957 net profit was \$400 or more is required to file this return and pay the social security tax of 3 and 3-8 %.

If the gross income is not over \$1800, 2-3 of the gross can be reported; if a farmer's gross farm income is more than \$1800, but the net is less than \$1200, he may, if he wishes, report \$1200. Landlords who, by agreement with their tenant, participate materially in the production of management of the crop or livestock are also classed as farm operators for purposes of social security.

Hutton emphasized that farmers should make sure that their tax returns are accurate and complete. It is important that anyone showing income subject to social security tax show his number both on Form 1040 and on schedule F. It is equally important that all proper business expenses are deducted and that the amount of the net profit be clearly reported.

Tax returns are filed with Internal Revenue Service. More detailed information is contained in a publication entitled Farmer's Tax Guide (Publication No. 225) which can normally be obtained from the county farm agent or the Internal Revenue Service district office.

Save Money By Taking The
Abernathy Weekly Review and
Lubbock Avalanche Together.

Bob Nelson, president of Abernathy Junior Chamber of Commerce, announces a free service for all bicycle owners in this area. As part of the Jaycees' Safety Campaign, all bicycles will be provided with a six-inch strip of Scotchlite reflector tape.

Bicycle owners may obtain this free service by taking their bikes to Bill Moore Well Service located on the west side of Avenue D at 15th Street, in North Abernathy. The Jaycees urge all bike owners to take advantage of this free service—a safety feature for after-dark riding.

5,956 POLL TAXES PAID IN HALE

Hale County had 7,478 qualified voters, not including those qualified for exemptions but who live outside the Plainview city limits, at the close of poll tax paying time Friday.

Hale County citizens purchased 5,956 poll taxes. In addition, 1,522 exemptions were issued to persons living in Plainview. Those living outside the Plainview city limits are not required to register prior to an election.

In 1954, the last election year similar to this one, there were 5,588 poll taxes paid and 1,096 exemptions, for a total of 6,684.

In 1956, the last presidential election year, 7,998 poll taxes and 1,557 exemptions made a total of 9,555 qualified voters, not counting those exempt outside of Plainview.

The Poll Tax collecting station at Joe Thompson Implement Co., for that portion of Abernathy which lies in Lubbock County, reported 53 paid polls and 2 exemptions when the station closed Saturday evening.

Excessive speed was involved in 50% of the fatal accidents in Texas during 1956 and driving under the influence of alcohol was involved in 39%. Local Prosecutors, sheriffs and police chiefs have been urged to crack down on these two offenses in particular during the holiday season.
