WITHIN DISTRICT IN 1955

Soil Conservation Planned for 447 Farmers on 21,564 Acres

Technicians for Mitchell County Soil Conservation District planned conservation practices for 21,564 acres of farm and ranch land in 1955.

The huge conservation program included planning for 53 farms that were new cooperators with the district.

Harold V. Stephens, Soil Conservation Service unit conservationist, said the district staff assisted 417 farmers in the application of conservation practices.

And in the same 12-month period a total of 12,946 acres of soil were surveyed by the staff. Indicating the expanding interest in irrigation within the county.

Lieutenant Graduated From Aviation Course

First Lt. Billy G. Wells has been graduated from the Army Aviation Tactics Course at the Army Aviation School, Fort Rucker, Ala.

Wells is the husband to the former Myrline Herring, 428 E. 21st St. The school is for instructing members of the Army ground forces as aviation pilots and maintenance personnel.

IN CIVIC HOUSE

Community Dinner To Map Recreation

A community-wide dinner meeting March 23 is scheduled to discuss a permanent recreational program for Colorado City.

The dinner will replace the regular March luncheon of the Chamber of Commerce.

Change from luncheon to night program was made to allow opportunity for more persons to attend the meeting, according to John T. Merritt, chairman of the chamber's civic improvement committee.

Principal speaker for the dinner meeting will be Harold Van Arsdale of Dallas, southwestern representative of National Recreation Association.

The civic committee is sponsor-

ing the dinner program and Arsdale's visit here as an aid to formulating an adequate recreational program for this community.

And Merritt emphasized that the dinner program will be not just for businessmen but for women's club, civic and service organizations and all interested adults.

Initial plans for the dinner were drafted Thursday night at a meeting of the civic committee in Chamber of Commerce office.

The committee went on record officially favoring the including of Colorado High Student Council representatives in all phases of planning for a community recreational program.

Brush control was effected on 932 acres within the district while range pitting was accomplished on 235 acres. Land clearing was carried out on 63 acres.

Six areas were improved for wildlife and one fish tank was constructed within the district during the last year.

Four miles of diversion terraces were constructed and waterway development was provided for three acres. Dirt water tanks totaled 21 for the year.

Directing technical assistance for the program on cooperating farms and ranches were the district's SCS staff of Stephens and Charles Murphy, range conservationist, and Elmer Martin, engineering.

Cover cropping was practiced on 5,115 district acres while crop residue was utilized on 2,642 acres for protection against erosion and for soil benefit.

Stubble mulching was a practice for 4,186 acres and strip cropping was a conservation factor on 773 acres. Rotation of hay and pasture involved 330 acres.

The district conservation program included 45,039 acres in deferred grazing and 6,397 acres in plans for proper use of range land.

Library Fund Petition Passes 1,600

More than 1,600 signatures have been obtained for a petition requesting the county to "contract" for county library facilities at the local County Federation Library.

The petition will be presented to Commissioners Court Monday by representatives of Mitchell County Federation of Women's Clubs.

Club women across the county circulated the petition as an "enabling" procedure for the county to continue appropriations for support of the library.

The enabling petition is an outgrowth of a recent request by club women for city and county to increase its appropriations to the library.

When the request was made it was discovered that the governmental bodies could not legally provide money for the library unless it was city, county operated or unless library services were contracted through an existing library.

Attorneys said a petition requesting the county to contract for the library services must be signed by 51 per cent of the legal voters in the county.

Student Walk Marked Near Junior High

City crews have marked a pedestrian walkway across E. 12th Street at the north side of Junior High campus.

The walkway is a safety measure for protection of students walking between the campus and business places north of the school on E. 12th and Hickory.

And it is the idea of the students themselves.

A special committee representing the driver education class of A. Clarke Prather cited the traffic danger to students in that area of the school, devised the walkway plan and then visited City Hall to seek the city's cooperation.

The committee — composed of Mina Bussey, Lydia Paredes, Joan Blasingame, Troy Scarborough, Lynae Carpenter, Don Pick, Ino Gregory and James Vest, who was killed in a hunting accident before the plan was culminated — presented their safety plan to City Manager Rollin K. Snethen Feb. 24.

And the walkway went into operation Thursday with yellow diagonal lines marking the walkway on the pavement and traffic standards placed east and west of the park way to warn motorists.

The walkway would have been in operation sooner, the city manager said, but the street standards had to be ordered.

Snethen said the student committee had their walkway planned out in drawings when they conferred with the city manager.

"It is commendable that youngsters," the manager said, "take that kind of interest in their own safety."

Mitchell Fields Gain Location, Two Oilers

Stallworth No. 1 Strain is a new producer in Mitchell County's Sharon Ridge-1700 Field.

The oiler was completed for a daily pumping potential of 76 barrels of 28 gravity oil. Production was from perforations between 1,675 and 1,695 feet over total depth of 1,726 feet.

Location of No. 1 Strain is 330 feet from north and east lines of Subdivision 9, O'Keefe Survey.

Spotted as a new drilling site in the county's Westbrook Field is Wann No. 7 Handley, a cable tool project to 3,000 feet.

It is 330 feet from east and 1,025 feet from south lines, northwest quarter, Section 1, Block 28, T-1-N, T&P Survey.

New producer in Westbrook Field is Sky-Hi No. 10 Morrison, located 2,701 feet from south and 1,479 feet from east lines, Section 27, Block 28, T-1-N, T&P Survey.

No. 10 Morrison was finalized for daily pumping potential of 64.9 barrels of 27 gravity oil with production perforations between 2,893 and 3,085 feet over total depth of 3,100 feet.

A Mitchell County wildcat Saturday was drilling below 2,460 feet after drillstem test in the San Andres between 2,497 and 2,511 feet.

The prospector is Pearson-Siebert No. 1 Foster, located in Section 44, Block 29, T&P Survey.

Recovery was 26 feet of mud with no shows of oil or gas during the test. Tool was open 75 minutes.

FOR KIDNAPING, WHITE SLAVERY

Capture Here Leads Shaw Back Behind Bars for Rest of Life

Thomas Bradford Shaw has gone back to prison for life.

The hulking 215-pound criminal, captured here last July after a life and death struggle with Policeman Roy Barker, was sentenced recently in federal court in Savannah, Ga.

And here is the final count that adds up against the 55-year-old who has been in and out of prison since 1927.

For kidnaping: life sentence in federal penitentiary.

For larceny: 20 years in prison.

For white slavery: 15 years in prison.

Shaw, whose apprehension here ended a free-living spree across six states with a hostage 14-year-old girl, faced three separate kidnaping charges in the federal court trial in Georgia.

All were for taking hostage young girls like the peaches and cream complexioned youngster from Missouri who was with him here.

The larceny cases against Shaw included \$19,000 in "bum checks."

Barker, who now is a member of Lubbock police force, was in Savannah as a government witness against the defendant, a man FBI agents described as one of the most dangerous criminals in the nation.

Also there to testify against Shaw were five girls who either had been kidnaped or forced into white slavery. One of those was the Missouri youngster, who told police here that Shaw had vowed to kill anybody who tried to take her away from him.

But neither Shaw nor any of the government witnesses ever took the stand to testify. For the criminal pleaded "guilty" to all charges against him.

Shaw, who after his capture alternately complained here of insanity and other severe illness and cried aloud to God for

mercy, continued that role in Savannah.

When sentenced, he claimed that he was crippled and couldn't even stand. But the judge, Barker told the Record, explained that a life sentence could be imposed just as easily with the defendant sitting.

The new sentences put a total of 101 prison years — not counting the life term — on the record for Shaw within his lifetime.

And the longest period outside prison for Shaw since 1927 was five years between 1944 and 1949.

The big hoodlum was on conditional freedom from an auto larceny sentence in Georgia when he was captured here. At that time, however, he was wanted in more than six states for new charges.

Shaw was apprehended here when Barker stopped his 1955 Chrysler on Highway 80 after the policeman noticed the car had the license number listed in a New Mexico pickup order.

When the criminal attempted to drive away, Barker, 60 pounds lighter than Shaw, dragged him from the auto. The pair grappled.

CUTBACK IN SERVICE

Early Closing for Postal Windows

Second cutback in service within a year has been instituted at Colorado City Post Office.

The new curtailment closes the post-office service windows at 5 p.m. five days a week instead of the usual 6 p.m.

Postmaster Sims Palmer said the earlier closing time for window service began Wednesday as an economy measure.

The new window schedule was adopted here as part of a move to cut operational expenses in all first and second class post offices, according to the postmaster.

Palmer said the Post Office Department has all first and second class post offices attempting to set up a work schedule to provide a two per cent saving in operational expenses between March 1 and June 30.

"Various suggestions were made as to how this could be done," the postmaster said, "depending upon local situations."

Palmer said that for best interest of post office patrons it was decided that the 5 p.m. window closing would be the most suitable way to effect the economy move here.

"We trust that our post office patrons will take notice," the

postmaster said, "and prepare all of their necessary mailings that will be handled before 5 p.m. without too much inconvenience on their part."

The 5 p.m. window closing which includes sale of stamps, money orders, parcel post and other services erases the 6

Hammond Wins Calf Scramble

Morris Hammond, son of Mr. and Mrs. Romaine Hammond, is the winner of a Hereford calf.

He won the animal Saturday night, March 3, in the calf scramble at Houston Fat Stock Show.

The youth will feed out the calf and submit a report of his project when he enters the animal next year at the Houston show.

Sponsor for the calf won by Hammond was W. D. Suterland of Houston.

Hammond, 16, is a sophomore vocational agriculture student at R. E. (Bob) Post at Colorado High.

City Council Monday night will consider a proposed \$336,229 municipal budget for the fiscal year beginning May 1.

Copies of the proposed budget, prepared by City Manager Rollin K. Snethen in conference with department heads, has been in the hands of individual councilmen for more than a week.

But Monday night's meeting will be the council's first official study of the finance plan.

The budget, first proposed to council by the new city manager, contains a proposal for classification of municipal jobs with graded and longevity-stepped wage scales.

Snethen has set up the job classification and graded salaries in the proposed budget for police department, fire department, sanitation department, street department and lake park.

The city manager has proposed a \$12,000 expenditure for an immediate street program that includes curb and gutter replacement, street repair with patching and sealing.

Money for the repair program will come from the parking meter fund, if council approves the item.

Snethen also has suggested considerable expenditure of chemicals for odor and taste control of municipal water.

In the plan submitted to council are provisions for maintaining microscopic and chemical analysis control over the use of chemicals to obtain maximum benefit from use of the chemicals.

Approximately \$4,000 is included in the proposed budget, too, for purchase and installation of pre-harmonization equipment at Lake Colorado City and a feeder for activated carbon at the filter plant.

Other items proposed for the budget include \$250 for extra clerical help to prepare city ordinances for codification, additional police clothing appropriation to purchase uniforms for women radio operators, and funds for replacing two police cars during the year.

Snethen in his written budget message to councilmen stated:

"It would appear that the greatest needs occur in the repair of streets, taste and odor control of water supply, park and recreational development."

BIBLE COMMENT

Faith That Jesus Lives Upholds Us

We will soon see how the joy and hosannas of the triumphal entry of Jesus into Jerusalem changes quickly into the scenes of darkness and tragedy, as Jesus is arrested, brought before Pilate and then driven forth to crucifixion.

Jesus had warned the disciples in weeks that, after the event, seemed unmistakably plain that He was about to suffer and die. But the disciples were so filled with the idea of an earthly kingdom, and they were so busy disputing about who should have the preferred places, almost to the very moment of the crucifixion, that they failed to take His words seriously.

But, in the very hour of dark despair, comes the joyous news of the empty tomb and the risen Christ.

Hope and faith revive, and the disciples go forth to their task of world conquest.

What less than that conviction that Jesus has risen and revealed Himself to them could send them forth in a new-found faith, prepared if need be to die for the glory of spiritually carrying on the work and ministry of their King?

Would God that we, also, experience and know the Risen Christ at this coming Eastertide as they knew Him. Would that we find the power that these humble men found through the Resurrection!

To the extent that we experience this upsurge of faith will our Easter be joyous.

GOVERNOR CRITICAL OF SCANDAL CRY

Hart, Senterfitt Declare Divergent Views To Shiver's Dixiecrat Interposition Plan

By VERN SANFORD, Texas Press Association.

Gov. Allan Shivers says he prefers his four-point "states rights" program to a fourth term as governor. Therefore he will not be a candidate for public office in 1956.

Thus he will bring to a close, at the end of this year, 20 active years as a public official. With him will go a record of never having been defeated in any election campaign.

But Shivers is not through. He has a plan of action "to protect local authority from federal interference." It centers around interposition.

Four steps in his program include: (1) a general discussion of interposition; (2) public expression for or against interposition at precinct, county and state conventions; (3) if approved by party committees, the placing of an interposition proposition on the primary election ballot; and (4) if endorsed by voters, passing of a legislative resolution asking a U. S. Constitutional Amendment to strengthen and clarify local powers.

In announcing his decision not to run again, Shivers defended his administration against those who have attacked it because of veterans land and insurance upheavals.

Faults found in each are being quickly and efficiently corrected, he declared. He predicted that the veterans land program, when completed, will bring the state a \$25,000,000 profit.

As to insurance, he said that by May 31 the commission "will have cleaned out every unsound, insolvent or dishonest company that can be closed under the present stringent laws."

Reaction Varies
Reaction to Governor Shivers' proposed interposition resolution ran the gamut of yes, no and maybe. Possibilities of a referendum on interposition, on the Democratic primary ballot this summer, now are under study by the party's legal committee. It will be taken up by the full executive committee probably about the middle of March.

Approving the plan were Atty. Gen. John Ben Shepperd, who demurred only on the "slowness;" Gubernatorial Candidate Reuben Senterfitt; and Dallas members of the Democratic Executive Committee.

More time to study the idea was asked by Reps. J. W. Cooper Jr., and L. DeWitt Hale of Corpus Christi.

It's a "waste of time and energy" said Rep. Barefoot Sanders of Dallas. James P. Hart, a potential candidate for governor, called it "futile and dangerous."

Porter Predicts Victory
Jack Porter, spokesman for Texas' stated Republicans, predicted in Austin speeches that President Eisenhower will carry Texas again this year.

National Committeeman Porter said the Republicans also are hopeful of sending a man to the U. S. Senate if Price Daniel resigns to become governor.

His party does not expect to name a full slate of candidates. "But we have two prospects in sight as a nominee for governor," he said. "And GOP Congressman Bruce Alger of Dallas will be re-elected."

Republican state executive committee members meet in Austin on March 12 to decide whether the party will hold a primary this year. Site for the state convention May 22 will be named at this meeting.

ments charged the sale of certified drafts, without a state license, after the new insurance securities law became effective.

The grand jury report was critical of the insurance commission.

Also indicted and charged with having made unlawful campaign expenditures back in 1951 was Vernon T. Sanford, general manager of the Texas Press Association. He was charged with placing a total of \$76 worth of advertising in Waco newspapers in behalf of Lt. Gov. Ben Ramsey.

Texas Election Laws prohibit an individual from spending more than \$25 in behalf of or against any candidate, or contributing more than \$100 to a candidate's campaign fund.

Sanford places ads for candidates and others, in Texas newspapers, as an agent of TPA. He states that he did not spend any of his own money or any funds of the Texas Press Association in behalf of Ramsey or any other candidate.

Says TPA President Russell W. Bryant, publisher of the Italy News-Herald, "Charges that Mr. Sanford has violated the Texas election code are ridiculous and

without foundation. The entire matter stems from the vindictiveness of a disgruntled, defeated candidate who cannot face the fact that the people of Texas believed him unfit to be lieutenant governor."

TPA Directors, meeting in a special session, adopted a resolution expressing complete confidence in Sanford and commending him "for the manner in which he has and is executing the affairs of our association."

After a 15-day leave he is to report to San Francisco.

FOR NEXT SCHOOL YEAR

Cheer Leaders Named At Colorado High

Wolverine cheer leaders for 1956-57 were revealed Wednesday at Colorado High School.

Bertie Lou Dorn, who will be a senior student next fall, was named head cheer leader.

Others were Juanell Bynum and Janice Myers, who will also be seniors; also, Elaine Higinbotham and Kay Swann, who will be junior students.

Names of the leaders were revealed by Miss Jane Merrill, sponsor of the cheering group, in the school's semi-monthly paper, the Signal.

Individual tryouts for the positions were conducted Feb. 29 during a school assembly. They were chosen by secret ballot by the student body.

Recent delegates to a state

meeting of Future Business Leaders of America Tuesday were speakers at the weekly meeting of Kiwanis. Miss Jane Merrill, FBLA sponsor, introduced the speakers — Joan Warner, Patty Humphreys, Carolyn Geer and Tommie Keith Owens.

Featured at a regular monthly meeting of the Ed E. Williams Future Teachers Association Tuesday evening were reports of the state FTA convention.

Reports were presented by Mona Billings, Juanell Bynum, Jimmy Hock and Coy Dillard.

During the business session plans were made to attend a District 4 meeting which was hosted by Midland Friday. Dr. Walter Adams, dean of Abilene Christian College, was principal speaker.

Mrs. Gerald Gordon, FTA sponsor, emphasized the importance of the merit system. She explained that merits are given for promptness at meetings, student assistance to teachers, presence at meetings and taking part on the programs.

Four new members introduced during the evening were Ann Marlett, Vera Aldridge, Nancy Patterson and Annette Holman.

Others attending were Mona Billings, Patty Humphreys, Marcia Barnes, Dora Ann Burgess, Janice Myers, Juanell Bynum, Mary Louise Jones, Betty Sedberry, Coy Dillard, Lanna Kay Polk, Jimmy Hock and Mrs. Gordon.

Visit in Bonham

Visiting in Bonham this week end are Mr. and Mrs. H. C. Lindsey and daughters, Kay and Jan. They were accompanied by Mr. Lindsey's parents, Mr. and Mrs. W. A. Lindsey Sr. of Lamesa. They are guests of Mr. and Mrs. Charlie Lindsey.

Seaman and Mrs. Watts Reside in Oklahoma

Seaman and Mrs. James B. Watts are residing in Norman, Okla., following their marriage here March 3 in the home of the bride's parents, Mr. and Mrs. Harper Gary of 532 Cedar Street. The bride is the former Ida Beth Gary. Watts is the son of Mr. and Mrs. Pat B. Watts of Abilene.

The couple's only attendants were Miss Lanna Kay Polk and Michael O'Hara of Tucson, Ariz., now stationed with the Navy at Norman.

The bride is the former Ida Beth Gary. The groom is the son of Mr. and Mrs. Pat B. Watts of Abilene, former residents here.

Officiating in the afternoon single ring ceremony was Rev. J. F. Selcraig, pastor of the First Baptist Church.

The home was decorated with emerald foliage and arrangements of salmon pink gladioli.

For her wedding the bride wore a navy and white suit with matching accessories. Her corsage was a white gladiolus.

Mrs. Kathryn Lee played the wedding march and background music during the ceremony.

HOSTED BY MRS. ELLZEY

Mmes. Aycock, Trulock Present Texas Day Program for Club

Texas Day program for the Zetaganian Study Club was presented March 1 in the home of Mrs. Jack Ellzey.

Mrs. Johnny Moore was program leader. After opening the meeting with prayer, Mrs. Moore introduced speakers for the afternoon. They were Mrs. R. B. Aycock Jr. and Mrs. O. B. Trulock Jr.

Mrs. Aycock's topic was "Ima Hogg and Her Family". She reviewed biographical sketches of Governor James Stephen Hogg, his wife and their children — Will, Ima, Mike and Thomas.

In concluding her talk, the speaker said, "The Hogg family is one of the few families in history where a famous father had a large family and each member was a credit to the name."

"Texas can be proud of the entire family and deeply grateful for their love of Texas."

Mrs. Trulock's subject was the "Contributions of the Hogg Family to Texas."

She quoted laws for which Governor Hogg was responsible and spoke of Will Hogg's contributions to the University of Texas and to the city of Houston.

She said that the estate of Mike Hogg was left to the state university. Estate of Tom Hogg was bequeathed to the Foundation for Mental Hygiene.

Mrs. Trulock concluded with a summary of Miss Ima Hogg's continued interest in educational and cultural activities in South Texas.

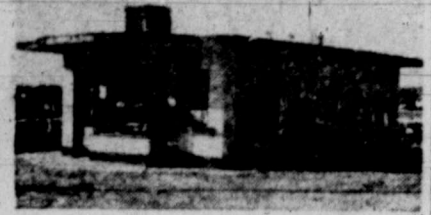

Mrs. Bob Robinson presided

during the business session. Mrs. W. S. (Bill) Rhode presented a report of the February meeting of the Mitchell County Federation of Women's Clubs.

Guest for the afternoon was Mrs. C. G. Harkins.

p.m. closing on Monday, Tuesday, Wednesday, Thursday and Friday.

Noon closing time will be continued as usual for Saturday.

The new window schedule does not change incoming or outgoing mail schedules.

However, last year in another economy move, close-out of outgoing mail at the post office was cutback from 10 p.m. daily to 8 p.m.

Palmer said the new economy move—earlier window closing—was ordered to assure enough funds to continue operation of first and second post offices for the remainder of the fiscal year.

A total of 295 work hours must be cut from the local schedule before June 30, he said, and the economy was not asked until March 1.

STUDENT TEAM—Larry Walker, left, and Bobby Taylor head the evangelistic team from Baylor University who will conduct a youth revival Friday, Saturday and Sunday at First Baptist Church.

BY UNIVERSITY TEAM

Youth Revival Set For First Baptist

The Larry Walker Evangelistic Team from Baylor University, Waco, will conduct a three-day youth revival here at First Baptist Church.

Dates for the revival are Friday through Sunday, March 16-18, with services Friday and Saturday night plus Sunday morning and night.

Heading the evangelistic team will be Larry Walker of Albuquerque, N. M., junior student at Baylor, and Bobby Taylor of Cleburne, also a Baylor junior.

The entire revival program is being planned and directed by First Baptist youths led by Perry Barber Jr., Colorado High senior and general chairman for the revival.

Co-chairman is Jimmy Hock, another Colorado High senior. Other students serving leaders for the revival are Sandra Bobo, hospitality; Kay Jarman, fellowship; Coy Dillard, music; Jerry Jones, usher; Sandy McSpadden, publicity; Billy Simmons, prayer.

Services will be conducted at 7:30 p.m. Friday and Saturday at First Baptist. Sunday revival services will be at regular worship hours.

Fellowship periods will be conducted all three nights—Friday, Saturday and Sunday—at the church after the preaching services.

A series of breakfasts and prayer periods will begin Monday at the church. Those are scheduled daily through Saturday from 7 a.m. until 8 p.m. Although youth led, the breakfast programs are for everyone, according to Barber.

In charge of the evening fellowship periods will be Diane Doss, Friday; Mona Billings, Saturday, and Doris Ann Burgess, Sunday.

Walker, the evangelist, is the son of Rev. L. M. Walker, member of Southern Baptist Convention executive board and past president of New Mexico State Baptist Convention.

In high school he was governor of New Mexico's Boys State, student council president, concert master of his high school symphony and youngest member

HERRING INJURED

Wolves Beat Ponies In Practice Meet

Colorado High took six first places to Sweetwater High Ponies' three in a practice track meet Thursday afternoon at Wolf Stadium.

Doyle Herring, ace quarter-mile for the Wolves, suffered a leg injury in the 440-yard race, but coach Bob Reilly said he thought the injury wasn't too serious.

"The tendon in the back of the ankle seems to have been strained," Reilly said.

Although favoring the injury, he was able to run on the leg Friday. Reilly believes Herring will be ready for the Wolves' next competition March 16-17 at the Canyon Reef Relays in Snyder.

Outstanding time turned in Thursday afternoon was by Wolves' sprinter Don Fite, who won the 100-yard dash in 9.9 seconds. The senior runner was pushed by a fairly stiff wind, but the poor condition of the

Wolf Stadium would offset the effect of the breeze.

Harold Hobbs, Sweetwater's ace sprinter, finished second while Wolves' Bancker Cade followed in a close third.

Hobbs took the 20-yard dash in 2.24 seconds. Wolf Frank Mackey was second and Cade third.

Clarke Jones won the 880-yard run for the Wolves with a comparatively slow time of 2:22.

Wolves' quartet of Fite, Mackey, Herring and Cade took the sprint relay in 46 seconds flat.

Herring finished second in the 440-yard dash after suffering the injury.

A Sweetwater runner captured the mile run.

Wolves swept the field events with two high jumpers stealing the spotlight.

They were Colorado City's Mackey and Billy Simmons. Both boys cleared the bar at 6-foot 1 1/2-inch, a good mark for an early season performance and probably the top jumps made in West Texas thus far this season.

Jim Windham and Dru Vowell finished 12 in the shotput with Windham throwing 50 feet and Vowell 41 feet.

The same Windham-Vowell duo captured first and second in the discus with heaves of 127 and 115 feet, respectively.

Competition was not staged in hurdles, pole vault, mile relay and broad jump.

Mother, Sons En Route to Tokyo Reunion

By MRS. C. N. STUBBLEFIELD, Record Correspondent.

LANDERS—Mrs. Arnold Lahti and sons, Mitch and Mike, left Monday on the first leg of a trip to Tokyo, Japan.

In Japan they will join their husband and father, who is on duty with an Air Force police unit.

Initial portion of the trip will take the trio to Seattle, Wash. They will depart from Seattle March 15 for Tokyo.

Mrs. Lahti, who is the daughter of Mr. and Mrs. C. L. Boyd of Landers community, and her children are being accompanied to Seattle by her father.

Mr. Boyd will return home from Seattle about March 20.

En route to Seattle the group will visit relatives in Amarillo and in California.

They will visit Mr. and Mrs. Dick Hill and son in Amarillo.

In California they will be guests of Mr. and Mrs. Harry Jacobs. Mrs. Jacobs and Mrs. Hill are sisters of Mrs. Lahti.

Mrs. Lahti and her sons have been residing temporarily at the Boyd home while awaiting final arrangements for their travel to Japan.

Travelers Nip Jaycees 70-69

Hazel Walker and her Arkansas Travelers took a close 70-69 win over the Jaycee basketball team here Friday night.

The Travelers went through their usual clowning routine in addition to fine ball-handling and shooting.

They fell behind in the third period when a Jaycee quintet of Roy Overturn, Ronald Services, Billy Smith, Floyd Sampson and Don Robbins began to click. Jaycees held a 52-48 lead at one time, but the pro cagers began hitting the bucket to take over the lead.

A last second shot from mid-court by Robbins fell short and the girls walked off the court victorious.

A crowd of approximately 350 paid \$216 to see the game. Jaycees netted \$88 for their share.

Other local players were Max Caddell, Bob Kirschbaum, Kelly Fregia, Charles Snyder, Ben Sparks, W. D. Harris, Ocie Lambeth and Goodwin Simpson.

Sunday Visitors

Sunday guests in the home of Mr. and Mrs. Charles E. Summers were Mrs. Summers' mother, Mrs. Rhodes Arnold, and brother, John Charles Arnold, of Roscoe; also her sister and brother-in-law, Mr. and Mrs. N. B. Teaff and their son, Mike, of Lubbock.

Auto Contest Entry Blanks Available Here

Harvey Chevrolet Company is participating in a family automobile contest offering prizes ranging from realistic child-size models to two-car grand awards which include a futuristic 1956 Corvette sports car.

A total of 63 new cars and 60 pedal-operated children's models will be given away in the nationwide competition, which runs through April 14.

In recognition of the growing trend toward two-car families,

each of the three revolutionary grand awards will include a Corvette in addition to one of the 60 four-door 1956 Chevrolet Bel Airs.

Featuring an extra-tough lightweight plastic body in combination with a 225-horsepower V8 engine, the fleet, low-slung Corvette is outstanding in automotive performance.

The child-size prizes, called "Kiddie Corvettes," are striking replicas built to one-third scale. They are outfitted with precision ball-bearing wheels, semi-pneumatic tires and two-speed transmissions which aid youngsters in pedaling up grades. Careful attention has been devoted to the detail of the plastic body, polished grille and chrome trim.

Contest entry forms being distributed at the dealership contain three lines to a new chorus of the Chevrolet theme song, "See the U. S. A. in your Chevrolet."
