

AMERICAN SOLDIERS AT BERLIN CHECKPOINT—Two U.S. soldiers in battle dress are shown at the Heinrich Heine Strasse crossing point in the U. S. sector in Berlin. The U. S. command in the divided city appeared ready for a showdown with the Russians on western demands that Soviet armored units take a shorter route to the Russian war memorial in West Berlin. This crossing point is normally managed by West Berlin police. In the background a car passes the checkpoint. (AP Wirephoto)

Strike Halts Construction In Houston

HOUSTON (AP) — Union millwrights today called a strike that halted almost every major commercial and industrial construction job in the Houston area.

Craftsmen from other unions were observing the millwright picket lines.

However, a number of other unions reportedly were ready to return to work because of skepticism over the reasons for the strike.

13 Men Killed In Crash Of Plane

RAVENNA, Ohio (AP) — Thirteen men died in the crash and explosion of a two-engine private airplane on a farm southeast of here Tuesday night. It was the worst industrial aircraft accident in the nation's history.

The twin-engine Lockheed Lodestar, owned by the Ashland Oil & Refining Co., was carrying executives from subsidiary companies in Cleveland and Buffalo to Ashland, Ky. for a sales meeting to day.

There were no survivors.

The death toll of 13 exceeded by one the previous high for an industrial aircraft accident — a crash near Shreveport, La., on Jan. 10, 1954. The crash of a Continental Oil Co. plane near Marion, Ohio, on July 1, 1953, took 10 lives.

Turkey And Armenia Hit By Quakes

By DAVID LANCASTIRE

TEHRAN, Iran (AP) — Earth tremors today rocked Turkey and Soviet Armenia near the frontier of Iran as this nation dug out of the ruins of a quake that the shah said killed at least 10,000 persons.

The shah began a tour of the northwest region which was dealt a deadly blow Saturday as reports came of new earth rumblings within 400 miles across the Iranian border.

Moderately strong shocks shook the Turkish town of Igdir, near the Soviet frontier, and damaged about a quarter of the buildings. There were no immediate reports of any deaths. Igdir has 10,000 population.

WEATHER FORECAST—These maps, based on those supplied by the United States Weather Bureau, forecast the probable rainfall and temperatures for the next 30 days. (AP Wirephoto Map)

Cooler Air Moves East

By The Associated Press

Cool air spread from the eastern Great Lakes region through the Mississippi Valley southward to central Texas today but warm weather appeared on the way for chilly sections of the northern Plains and Rocky Mountain region.

Father Of Two Snyderites Dies

Funeral services were set for 3:30 p.m. today at Alameda Tabernacle near Ranger for Charlie A. Miller, 39, father of two Snyder residents.

Mr. Miller, a farmer in the Cheamey community 10 miles south of Ranger, died at 12:20 p.m. Tuesday.

Boy Ignores Automobile

HARRISBURG, Pa. (AP)—Excited over his first day in school, Stanley Metzger, 5, neglected to tell his mother he had been hit by a car on a trip to the grocery Tuesday.

After Stanley had returned home and gone to his bedroom, Winona Metzger answered a knock at the door.

"I think I just ran over your little boy," said Clarence E. Howler, an off-duty policeman.

Stanley was rushed to the hospital. An examination disclosed the boy had not been injured when a wheel of Howler's auto passed over his arm.

"If it wasn't for the tire marks on his arm, I wouldn't have believed it happened," said the examining physician.

All Stanley could talk about was returning to school today.

"He was afraid I'd make him stay home," said Mrs. Metzger, explaining her son's failure to tell her about his mishap.

Bonds Are Set In County Court

Two Lubbock men who had been arrested by Snyder City Police for short changing were formally charged yesterday afternoon in County Court. The woman with them was not charged.

Aaron Evert Jones and Jerry Doyle Farris both entered pleas of not guilty to the charge of theft. Bond was set at \$1000.

Rip Van Winkle Couldn't Sleep With Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with unexpected frequency and again with new vigor, it's time to try a new way to ease your pain—relieve your backache, muscular aches and pains, 2. by something effect on bladder irritation, 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Don's Pills today!

ONE GOOD MOTEL LEADS TO ANOTHER

CONGRESS COAST-TO-COAST

Follow the Congress sign! It takes you from one good motel to another. Three hundred fine motor hotels and superb Congress Inns, throughout the United States, and in Canada and Mexico! At your very first Congress stop, your host will give you a free Travel Guide, help you plan your trip, and make free advance reservations for your next Congress Motor Hotel. All are inspected and approved, and all will honor your Diners Club, American Express or Carte Blanche credit cards.

CONGRESS MOTOR HOTELS
8170 Beverly Boulevard, Los Angeles 48, Calif.

GOING TO MEXICO? Write us for details on unique all-expense two-way radio motor tours, Congress "Car O' Fun" caravans include rooms, meals, gas, guide, insurance, radio, etc.

TOP TV TONIGHT

By BUD EVANS

9:00 CBS "Steel Hour" presents the drama of a young lawyer and his friend who recklessly devise a plan for a robbery, then find themselves in hot water when a confidence man decides to put their scheme into action. "Dry Rain," a play set in a Nevada gambling casino, co-stars John Kerr, Phyllis Newman and Johnny Desmond.

OTHER HIGHLIGHTS

9:30 NBC "Wagon Train." Guest star Dana Wynter plays the role of a beautiful, calculating woman using her feminine wiles on the staff of the wagon train to distract attention from the cargo of counterfeit money she is smuggling west. The Lizabeth Ann Calhoun

NOT JUST AT THE MOMENT PLEASE!

Molly Picon, Slow Starter Finally Reaches Hollywood

BY INEZ ROBB

After 50 years as the brightest comedienne and one of the luminaries of the Yiddish theatre the world around, Molly Picon finally saw her name in lights on Broadway just a year ago. Now, with another year of experience under her belt, this diminutive star checks in at a Hollywood studio tomorrow to join the Rat Pack for her first American film.

"I'm a slow starter," said Molly after her final performance in "Milk and Honey," the delightful musical in which she has been enchanting Broadway audiences for a twelvemonth—and stealing it (the show) blind.

The very fact that Molly, who can't be far from 65, looks dreamy on stage in her own gray hair, outdances the chorus, turns cartwheels and does splits, has had the middle-aged audiences cheering her demonstration that where there's life, bounce is possible.

Does the prospect of starring in her first American picture with the formidable Mr. Sinatra faze her, I asked.

"No, not in the least," said Molly, who stands scarcely five feet tall in her three-inch elevators. "I'm told when he settles down, he's a very serious worker. That's all I ask, I'm a serious worker."

"And something else has predisposed me in his favor. Work on

Double-Talk Is Civilized Verbal Salve

BY HAL BOYLE

NEW YORK (AP)—How's your double-talk? A bit rusty? Double-talk is the verbal salve that keeps civilized people from rubbing their egos raw as their various dreams, desires and ambitions bump into each other.

Here are a few examples of double-talk-plus their literal translations—to help you get back into the swing of things:

"My, that tan you got on your vacation sure makes you look healthy." They must have had sun lamps in that bathroom.

"Boss, I think you've got a wonderful idea there." But why did you turn it down when I suggested it to you six months ago?

"Darling, you don't mean to tell me you wallpapered this room all by yourself?" It looks like you'd been helped by the Marx brothers and the Three Stooges.

"Well, naturally men with shoulders as wide as yours are a bit hard to fit." Particularly when their stomachs are even wider.

"Just tell me when I've already poured in three fingers—do you want the whole bottle?"

"You mean you're really wearing one of those new high-fashion wigs? I'd never have guessed it."

"I felt sure it was a mop."

"For a third-grade pupil, your little boy certainly shows a fine background." I guess those two years he spent in the second grade did him some good, after all.

"I certainly hope you and your husband will be as active in P.T.A. as you were last year." And if you both keep your big mouths shut, maybe the organization will be able to get something done.

"Here, lady, take my seat." I'm getting off at the next stop anyway.

"Oh, why did the music have to stop? I could dance like this all night." Now, if you'll just get off my feet, you big ol', maybe I can limp back to our table.

"Be sure and let me know the next time you'll be in town." So I can arrange to have the phone and the doorbell disconnected.

"I don't know when I've had so much fun." Yes, I do—it was the last time I went to the dentist!

Looking Back

10 Years Ago
From The Snyder Daily News
Sept. 5, 1952

An ordinance calling for a special election on Oct. 21 to decide whether or not Snyder shall adopt a home-rule charter was passed by the city council in a called meeting last night.

5 Years Ago
From The Snyder Daily News
Sept. 5, 1957

A Negro Chamber of Commerce was organized and officers were elected last night. Elected were Rev. John Henry Lee Williams, president; Fredrick Sanford, vice-president; Jessie Riggins, secretary; and John Baker, treasurer.

Miss Wanda Bostle of Ira was honored last week with a wedding shower at the home of Mrs. A. M. Patterson.

Ired Tenant Ignites Apartment House

MANILA, Philippines (AP)—A Filipino who had an argument with his landlady came home and found the door to his room locked.

He set fire to the house. Twenty people died in the blaze.

"I didn't think so many lives would be lost," said Gavino Durado, 48, a commercial photographer, who gave himself up to police Tuesday two days after the fire.

Junior Editors Quiz on ANIMALS

QUESTION: Doesn't an anteater get stung when he eats ants?

ANSWER: Our artist has brought a number of the strange animals called anteaters together in his picture. Although they come from different parts of the world and are not closely related, they are all "anteaters" because they all live on ants. Notice that they all have long worm-like tongues with which they scoop up their ant-dinners. The Pangolin (upper left) is covered with overlapping horny plates. On the right is the Aardvark, certainly one of the ugliest little beasts in creation. The Banded Anteater on the tree is more normal-looking, with shorter snout and tongue. Below the strange little Echidna is a kind of anteater-porcupine who apparently makes itself a little more odd, lays eggs. The Giant Anteater of South America is the prize of the collection—one of the strangest creatures on earth. All these anteaters' tongues are covered with a sticky secretion, in which the ants become trapped. The ants can't bite or sting because they are so quickly covered by the glue-like saliva that all the fight is taken out of them.

FOR YOU TO DO: Don't become an anteater, but do study ants. See if you can trace a group of ants to their colony. They live together, with different groups having different jobs. See if you can find out what some of these jobs are.

(Donna Waters of Tyler, Texas, wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

IRA HOPEFULS—Pictured are the Ira Bulldogs of Coach Robert Ryan. From left front: Melvin Crawford, Jack Elam, Ricky Sterling, Ray Sorrells. Second row: Jack

Bulldogs Open Season Friday

IRA—Coach Robert Ryan, scanning over his Ira Bulldogs list of likelihoods, was neither overly optimistic nor overly pessimistic. Whether his team scales the heights in 1963 or has no more than a 50-50 season is a question that is unanswerable at the present, and as things stand now it's on a strictly "wait and see" basis.

The Bulldogs, a six-man outfit, are members of District 4 (Region 1) along with Blackwell, McCaulley, Divide (Nolan), Highland (Roscoe), and Hobbs (Rotan). Though they failed to corner district laurels last year, they still managed to post a sparkling 7-3 record, with two of their defeats being suffered in district play.

Traditionally, the Ira "six" is a leading contender for the district title. They are to launch their season at home this Friday against St. Joseph (Abilene).

Composing the squad are three seniors, a pair of juniors, one soph, and six freshmen. All are "lightweights," the heaviest performer being junior Danny Crowder at 165 pounds.

Making up the roster are Robert Sterling, 155, senior; Danny Crowder, 165, junior; Don Kimbrell, 160, junior; Bill Alexander, 160, sophomore; Kent Sterling, 155, senior; Woody Allen, 130, freshman; Gabriel Guzman, 140, senior; Jack Elam, 120, freshman; Melvin Crawford, 115, freshman; Ray Sorrells, 120, freshman; Jack Payne, 155, freshman.

Sooners Lose Bill Gravitt

LUBBOCK (AP)—Bill Gravitt, Denver City High School's star center, has quit Oklahoma and Art Davis, Kermit halfback, may follow suit, the Lubbock Avalanche-Journal said today.

Gravitt's mother, Mrs. W. Y. Gravitt, said at Denver City Tuesday night that Bill had left the Oklahoma team and had gone to Weatherford, Okla., to see about entering Southwestern Oklahoma State. She said he didn't want to play football any more.

At Kermit, Davis' mother, Mrs. Arthur Davis Sr., said he came home but went back to Oklahoma Tuesday. Mrs. Davis said he was dissatisfied and would decide in the next couple of days whether to stay.

"He may go to some other school but I don't think he will play football," Mrs. Davis said.

The two, along with Pete Moseley, a fullback from Miami, Okla., left the Oklahoma squad Monday, according to reports from Norman.

Yanks Suffer 7-6 Setback

By JIM HACKLEMAN
Associated Press Sports Writer

"The game's not over until the final out" may be a trite old battle cry—but for the amazing Los Angeles Angels it's a way of life.

Following the script they've used so often this season, the Angels humbled the New York Yankees 7-6 Tuesday by pouring across six runs in the seventh inning and producing the winner in the ninth. It was the 16th time they've scored the clincher in their last turn at bat, and the 33rd time they've come from behind in the final three innings.

It was a day of multiple shocks

for the Yankees, whose American League lead over the rain-riddled Minnesota Twins was cut to 2½ games and over the third-place Angels to 3½.

Even before game time, the Bombers received a disheartening setback when fragile slugger Mickey Mantle was disabled in a batting practice mishap. Mantle tore the lining loose from his rib cage taking a hard cut, and is expected to be sidelined for several days.

In other AL action, the Chicago White Sox edged Cleveland 3-2 on Al Smith's pinch single in the 13th inning and Kansas City whipped Boston 7-2. In addition to the Twins-Senators postponement at Washington, the Detroit Tigers and Orioles were rained out at Baltimore.

In the National League, the Los Angeles Dodgers boosted their lead to 3½ games over San Francisco with a 5-4 decision over the Giants. Cincinnati beat Milwaukee 9-6, Pittsburgh downed New York 4-1, St. Louis trounced Chicago 7-1 and Houston finally completed Philadelphia, 4-1 after 17 straight losses to the Phils.

Turned back with just three hits off southpaw ace Whitey Ford through six innings and trailing 4-0, the Angels cut loose with one in the seventh. Lee Thomas smacked a two-run homer, Billy Moran singled in a run, two more scored when Tony Kubek let a potential double play ball skip through his legs, and the sixth run came in on a ground out.

Ancient Agajanian Tendered Release

By The Associated Press

At 43, Bootin Ben Agajanian may have stuck his kicking foot in brine for the last time.

Bootin Ben, veteran kicking specialist whose kicking foot is brined by soaking in brine, was among the players cut Tuesday as the American and National Football Leagues reached their mandatory player limits.

The amazing ancient was trimmed by the NFL champion Green Bay Packers, who acquired the oldest active pro football player from San Diego of the NFL last year. Agajanian was picked up as kicking insurance when all-purpose back Paul Hornung went into the Army.

Agajanian has had a varied career. It first ended in 1941 when the onetime New Mexico University star lost all but the little toe on his right foot in a freight elevator accident. Agajanian, however, never gave up.

A cobbler made him a special shoe to minimize the pain and he began to soak his foot in brine to toughen it. Several retirements

and hundreds of successful conversions later, Agajanian was still able to smile about the accident that almost finished his career.

Asked by a football player's father how to make a placekicker out of his son, Agajanian answered: "Cut off his toes."

Now he's out of a job again, along with seven-year veteran L. G. Dupre, heralded quarterback Lee Grosscup and Olympians Jim Norton and Ted Woods, in the NFL cutdown.

Two trades also were concluded in the final maneuvering to get down to the 38-man limit. Another two must go by next Tuesday's final cut to 36 players.

The Los Angeles Rams traded linebacker Bob Pelligrini, a six-year veteran, to Washington for a high 1964 draft choice. In a three-cornered deal, Dallas traded Dick Bielecki to Baltimore, the Colts sent a high draft choice to St. Louis and the Cards turned over kicking specialist Jerry Norton to the Cowboys.

Dupre, who was a vital cog at Baltimore's 1958-59 championship team, was cut by the Cowboys. Grosscup, acquired from New York only three weeks ago, couldn't make the grade at Minnesota while rookies Norton and Woods both were let go by San Francisco.

Other NFL vets cut included Philadelphia defensive halfback Glen Anderson, placed on the injured list; Los Angeles linebacker Bob Long, New York halfback Jim Podoley, Washington end John Aven and Minnesota fullbacks Raymond Hayes and Glenn Shaw.

In the AFL six of last year's regulars were trimmed as the clubs reached the final 33-man roster while former All-American Jimmy Saxton of Texas was placed on the deferred list by Dallas. Saxton, sidelined with a pulled muscle, can be reactivated in 18 days.

The regulars cut were Houston linebacker Dennis Morris, Boston defensive backs Clyde Washington and Bob Soltis, New York guard John McMillan, Oakland defensive tackle Jim Brewington and San Diego center Don Rogers.

In trades, the Oilers sent ends John White and Dalva Allen to Oakland and Boston traded offensive tackle Gerry Delucca to Buffalo.

Area Grid Teams In Friday Openers

Football isn't scheduled to vault onto the local scene until the weekend of September 15-16, but area grid fans will have plenty of action from which to choose this coming Friday—the first day of Texas schoolboy football.

A pair of games will be reeled off Friday within a dozen miles of Snyder, when the Hermleigh Cardinals kick off their season by entertaining Coahoma and the Ira Bulldogs play host to St. Joseph's of Abilene.

Two other area teams will get their respective seasons underway in road games—the Hobbs Panthers and Gail Coyotes. The Black Cats hit the road for Pryor, while Gail treks to Sterling City.

Three of Snyder's future opponents also embark on their maiden grid voyages this Friday when Colorado City hosts Winters, Lake View defending District 4-AAA champion, against Mayer, and

Stamford travels to Quanah.

The Snyder Tigers will get their feet wet for the first time against Andrews in an 8 p.m. battle Friday, September 14, in Tiger Stadium. Prior to that, however, they will engage Midland High in a practice scrimmage set for 7:30 this Saturday in Snyder.

September 15 is the opening date for the Tiger "B" team. Sweetwater "B" will be their opponent that night at 7:30, also in Snyder.

The Lincoln High Trojans share the same opening night as Tiger "B." They host Odessa Blackhearts in their first-timer, set for 7:30 p.m. in Snyder.

Thursday, September 13, is the date designated for local junior high football to begin. On that night Lamar 9th and 8th will host Big Spring 9th, Lamar 7th is to entertain Lamesa, and Travis 9th will host of Lamesa.

QUARTERBACK CLUB ROUNDUP

'Status Report' Offered By Bostick

"We didn't move the ball real well, but still moved it better than we thought we would," Coach Horace Bostick told members of the Quarterback Club during its weekly meeting held last night in the high school cafeteria.

Referring to the Friday practice scrimmage in which the Tigers out scored Seminole by two touchdowns to none, he added that his team hit well, hustled, and refused to take the "physical beatings" which they suffered at the hands of the same school in a similar scrimmage prior to the start of the 1961 season. It was in that season that backs-Tim Marcum, Bob Pena and Eddy Kirby each sustained injuries that kept them slowed through much of the early season.

Friday's meeting found Snyder getting there "firstest with the mostest," though, and their aggressiveness afforded them the "jump" on their opponents and kept injuries to a minimum.

Bostick also expressed disappointment in the showing of the Seminole club, which is being boomed as a 2-AAA contender. He noted that the team had an air of disorganization about it and was making more than his share of mistakes, even at this pre-season stage.

Several linemen were commended for showing up especially well in the scrimmage—the first "out-side-session-of-the-year-for-the-Tigers, who will be home Saturday night to take on Midland High in their second and final such scrimmage. Cited as performing in an outstanding manner were end-Maleim Baker, tackles-Riley Boothe and Paul Daniels, and guard Pete Greene.

"We scrimmaged every boy we had over there about an equal amount of time," Bostick specified, and reasoned that each squad member gained valuable experience "under fire."

He announced plans which will be utilized by the coaching staff to grade "every boy on every play in every game" from the films during the forthcoming season, and links that the procedure will reap benefits for both the players and coaches.

The status of junior end Edward Schulz, who received a knee injury

during the Seminole scrimmage, continues to remain in doubt. The knee is swelled and contains excessive fluid, but the extent of the damage remains open to conjecture at present.

"B" team coach Bill Hartsfield briefed the club on his prospects, commenting that most of his boys have "very good possibilities." He is currently tutoring a large group of 33 prospects, who have scrimmaged Roby and Coahoma and showed marked improvement in the two outings.

"Preview" On The Way

President Jack Hoffman reminded members and townspeople of the annual "Pigskin Picnic" that will be held in Tiger Stadium tomorrow night at 7:30. Spotlights at that time will be all variety.

"B" team and junior high gridders from over the city, who will be introduced and paraded in full battle regalia.

Considerable discussion also centered around the QBC meeting of the coming Tuesday, which has been designated as "family night." On that evening, football players and their mothers and fathers, along with any other interested townspeople, will be special guests of the club. The 1961 Texas-Mississippi Cotton Bowl game film will be shown then, complete with color and sound.

Other club business included the introducing of Student Council president Tommy Shelburne, who was boosting the sale of ball point pens (with the Tiger schedule stamped on them) as a fund-raising project of the Council.

The past season's Texas Tech-Austin College game film, won 14-6 by Tech, was reeled off to conclude the program of the evening.

Club membership doors remain open to all local and area men interested in boosting the city's athletic program. Dues are five dollars for the year.

Misfortune Hovers Over Pony Heads

(This is the first in a series discussing Southwest Conference football prospects)

DALLAS (AP)—Saddened by the death of Mike Kelsey, star center, the Southern Methodist Mustangs wonder what else the season has in store for them.

Kelsey, an all-state high school player at Corpus Christi, died Sunday after suffering a heart stroke in the first SMU practice.

His death was the third blow within four days for Hayden Fry, starting his first year as head coach of the Mustangs after two years as an assistant at Baylor and one year as an assistant at Arkansas.

Last week Jerry Rhone, who led the Southwest Conference in pass completions in 1961, decided to withdraw and enroll at a college that used a pro type offense. Two days later Norman Nelson, regular left end last year, was informed his physical condition would not permit him to play this season.

A week earlier Fry learned that Arlan Flake, a two-letterman at the University of Texas, would miss a final season because he had not completely recovered from an ailment suffered last year. Early in June, Fry found that Jimmy Reeves, No. 1 defensive right halfback last year, would not be eligible for the 1962 season.

Assigned to the cellar of the Southwest Conference prior to these happenings, SMU now looks to the critics as if it will have no competitor for the position. The big question is how will the Mustangs react to these misfortunes?

As a nucleus for his first SMU team, Fry has 17 players whose desire to give their best on every play during spring drills earned them special recognition from the coaching staff—the privilege of wearing a red helmet.

The coaches are hoping they can find enough other players in this category that both top units will consist of "red helmet" boys by Sept. 22, when the Methodists open their season against Maryland.

Only three players due to start the first game were regulars last season when the Mustangs won two, lost seven and tied one. These veterans are Raymond Schoenke, right tackle; Billy Gannon, left halfback; and Tommy Brennan, right halfback.

Completing the backfield are Don Campbell, quarterback, who was No. 3 last year, and Max Derden, a sophomore who at 190 pounds is the heaviest deep back on the squad.

Aiding Schoenke in the line will be John Graves and Ray Green at ends, John Kneel at tackle, Les Stewart and Jack Rhoads at guards and John Hughes at center. All are lettermen except Kneel, a sophomore.

On the No. 2 unit a veteran backfield consisting of Roger Braugh at quarterback, Lewis Albright and Tom Sherwin at halves and John Ed Clarke at fullback will operate behind a line made up of three sophomores and four lettermen.

The first year varsity players are Bill Harlan, left end; Hardy McAllister, center, and Buddy Harris, right tackle. The veterans are Arthur Raines, left tackle; Ronnie Cooper, left guard; Martin Cade, right guard, and Mike DeGrazie, right end.

Players on the third and fourth units who should see much action include Tom Hillary, end; Danny Thomas, quarterback, and Doyce Walker, John Richey and Charles Marshall, fullbacks.

Next: Texas A&M.

THEY'RE HERE! 1963 EVINRUDE MOTORS

Plenty of room and plenty of power are featured in this boating rig powered by Evinrude's new V-4 Speediforce for 1963, a high torque engine that combines power with speed. It has plenty of muscle to push this 21-foot Barbour with full load at top speed. In Evinrude Blue and White upper shroud, the Speediforce has electric starting, high output distributor-type magneto ignition, automatic thermostat temperature control, fixed high speed jets with automatic choke, and may be outfitted with DC generator and electric tilt as optional extras.

Rail Strike Goes Into Seventh Day

CHICAGO (AP)—A telegraphers' strike which has shut down the Chicago and North Western Railway, the nation's third longest railroad and a major Midwest grain hauler, went into its seventh day today and prospects for a quick settlement appeared dim.

Francis A. O'Neill, Jr., of the Federal Mediation Board said he would meet today with representatives of the telegraphers' union.

O'Neill met separately for two hours on Tuesday with negotiators for the North Western and the Order of Railroad Telegraphers.

The mediator said no quick settlement appears possible in the strike, which has hampered movement of grain and cattle in nine Midwestern states.

Ben H. Heineman, chairman of the North Western, agreed. He told newsmen that the strike may continue for weeks and possibly months.

"The railroad will remain

Mass Tests For Cancer Yield Data

CHICAGO (AP)—A mass test of Ohio women for cancer of the womb yielded a finding and a warning today.

The finding: one of every seven women so examined fell into a high-risk class.

The warning: such women should have more frequent check-ups, preferably twice a year.

The study stemmed from an extraordinary long-term program, launched in 1947, to improve the cure rate for cervical cancer in Lucas County (Toledo) Ohio.

During the years 79,563 women were examined—more than two-thirds of all the women over 30. Of the total, 36,549 were examined at least twice.

A report on the test was made at the annual meeting of the American Society of Clinical Pathologists.

The report said women examined for symptoms of uterine cancer and given a smear test could be tagged as either high or low risk. It showed that 14 per cent of all women examined more than once were in the high-risk group.

The study noted that there is a high rate of salvage of uterine cancer patients when the disease is detected early and treated promptly. But it also stressed the difficulty of examining 57 million American women.

Then the report pointed out that establishing a means of defining high-risk women could make it easier to persuade such women to be examined once a year or more often, if necessary.

The study reported to the society was conducted by Dr. Edward L. Burns of Toledo; Dr. E. Cuyler Hammond, statistical research director of the American Cancer Society; and Dr. T. W. Gorski, research director of the Cancer Cytology Research Fund, Toledo.

Test flight of a helicopter equipped with an all-glass-fibre rotor blade has been made. The new blade appears to be more durable than the metal type.

Mariner 2 Shifts To Proper Course

By RALPH DIGHTON

PASADENA, Calif. (AP)—The United States' Mariner 2 spacecraft streaked toward Venus today after changing to a new course scientists say will take it within 9,000 miles of the mystery planet.

The course change was made Tuesday in a spectacular maneuver 1.5 million miles from earth. Aboard the 47-pound vehicle are instruments that may tell whether life could exist on Venus, virtually a twin of earth in size.

If these instruments work as designed during a 30-minute fly-by Dec. 14, Mariner 2 will score a significant first in space for this country. The Soviet Union's Venus probe last year missed the cloud-shrouded planet by 62,000 miles—and its radios were dead.

An electronic whiff of Venus is all U.S. scientists ask of Mariner 2. Unsteered, it was never intended to impact Venus but to miss it by 10,000 miles and go into a giant orbit around the sun.

The 12-foot-tall spacecraft, launched Aug. 25 from Cape Canaveral, Fla., went through the intricate maneuver to overcome a bad start. A tilting motion by its Atlas-Agena booster during liftoff

sent Mariner 223,000 miles off course.

Scientists at the U.S. space agency's Jet Propulsion Laboratory here spent days measuring the amount of error. Then, at 3:49 p.m. Tuesday they started sending a series of radio messages that commanded the spacecraft to point its nose in a different direction and then fire a small liquid fuel rocket in its tail. This sent Mariner 2 streaking toward Venus at a speed of 6,687 miles per hour.

"Everything worked just as designed," the Mariner project manager Jack James, exultantly told a news conference.

Continued success for Mariner 2 seemed assured by two events that took place shortly after the 29-second firing of the 37-pound rocket.

First, the spacecraft's solar panels, which convert sunlight into electricity for Mariner 2's radios and scientific instruments, were trained once again on the sun. They lost it when the space vehicle's direction was changed to a course closer to Venus.

Second, the high-power antenna at the base of the spacecraft, which was moved out of the way of the course-changing rocket's exhaust, was swung back and beamed again at earth.

A spokesman for the laboratory said scientists plan to spend the next few days tracking Mariner 2 and checking its instruments. Two major announcements are expected until they attempt to turn on several experiments as the spacecraft nears Venus.

Traffic Toll Reaches 501

CHICAGO (AP)—Traffic accidents over the long Labor Day weekend killed 501 persons, a record for the holiday and far ahead of the normal number of highway fatalities for a similar non-holiday period.

The final count for the 78-hour (three-day) holiday period showed that 501 persons lost their lives in motor vehicle accidents reported from 6 p.m. 'local time' last Friday to midnight Monday. The previous record high of 461 was recorded in the 1951 Labor Day weekend.

Last year's Labor Day traffic toll was 386. The National Safety Council said the average number of traffic deaths for a late summer 78-hour non-holiday weekend is 330. An Associated Press survey last month for a 78-hour non-holiday weekend period showed 256 deaths on the highways.

In addition to traffic deaths, there were 23 fatalities in boating accidents, 57 drownings and 97 deaths in miscellaneous types of accidents, for an over-all total of 478. This also was a record, exceeding the previous total of 458, also set in 1951.

The Labor Day traffic toll prompted Howard Pyle, president of the National Safety Council, to say that it shows that not enough is being done to meet the problems caused by increased traffic. He said the deaths are "a waste of human life" and said there is need for "immediate drastic action."

In Air Force lingo, "three-headed monsters" are men qualified not only to fly their planes, but to navigate and serve as bombardier as well.

BABY BORN TO 12-YEAR-OLD MOTHER—Mrs. Anita Florez Salazar, 12, cuddles her daughter born at Cedars Hospital in Mansfield, Texas. Mrs. Salazar and her 16-year-old husband were working in the cotton fields when she told him it was time for her to go to the hospital. The couple drove 12 miles to the hospital in their battered truck and 33 minutes later the 5-pound, 6-ounce girl was born. The Salazars met while working in the cotton fields near Houston and were married last November. (AP Wirephoto)

Fall Drive Is Launched By Brown

By MORRIS LANDSBERG

WATSONVILLE, Calif. (AP)—Gov. Edmund G. Brown challenged Richard Nixon's know-how on state problems as he set off today on a declared fighting campaign for re-election.

The Democratic governor, opening his fall drive a week ahead of his Republican rival, said his contest with the former vice president will be the toughest scrap of his 19 years in public life.

"I have never been more confident of victory," he said.

Brown kicked off his campaign at a rally in San Francisco's Union Square Tuesday night, surrounded by family and old home town friends.

Several thousand persons who turned out in a cold fog heard Brown's central theme: The Democratic administration has compiled a proud record while Nixon is "against everything and for nothing."

Brown kept up the attack in a speech prepared for a breakfast

meeting in Watsonville in the farm-rich Pajaro Valley along California's central coast.

In Los Angeles Nixon called Brown's Tuesday night speech "part of a smear-a-day campaign which has no basis in fact."

"Brown's pitiful record of favoritism, discrimination, cronyism and nepotism at the expense of California taxpayers hardly entitles him to talk about the moral tone of politics in state government," Nixon said.

The average age of an aircraft commander on what the Strategic Air Command calls its "senior and select" crews is 37. Fifty-four per cent of SAC's officers have been in service 11 years or longer. Omaha headquarters reports, and 82.8 per cent have attended or are graduates of colleges or universities.
