Bankline Oil Company was preparing today to drill their sixth well in the new Owens pool five

miles northeast of Cisco. Choate Drilling Company was skidding their rig one location north to drill Bankline's No. 1 A. V. Clark. Completion work on Bankline's No. 4 Mrs. Briggs Owens — the Lake sand pool's fifth well — was due to begin as soon as drilling machinery was off the location. Pipe was cemented last Saturday night.

The No. 4 will be perforated and treated with hydrafrac late today or Friday. Tests prior to cementing indicated that another good well will be completed.

Just east of Cisco, the Chester Imes No. 1 B. W. Patterson was cemented on top of the Ranger lime at 3,641 feet late Wednesday. After it sets for 72 hours, it will be drilled in. An electric log showed the pay section to be 15 feet thick — three feet less than the nearby successful Johnston No. 1 Mahan-Edwards.

The Imes well was regarded as an outstanding prospect as the result of drill stem tests Tuesday night.

Democrats To Hold Precinct Meetings

Survivors include his wife, four sons, two daughters, one sister and 10 grandchildren. The sons are G. W. Wilcox, W. Wilcox and G. T. Wilcox, Jr., all of Cisco, and M. M. Wilcox of Tucuman, N. M. The daughters are Mrs. D. H. Honea of Cisco and Mrs. B. B. Murrell of Goldsmith. The sister is Mrs. S. T. Morris of Fort Worth.

County Democratic Chairman Oscar Lyerla today announced that precinct chairmen of the various voting precincts of the county will hold conventions at 2 p. m. Saturday — election day. The precinct conventions will elect delegates for the county meeting to be held on Saturday, July 29, in the county courthouse. Lyerla urged all citizens to "vote as you please but please vote."

Watch Out for This State 'Game Warden'

AUSTIN, July 20—The Director of Law Enforcement of the Texas Game, Fish and Oyster Commission has alerted field men about a man who falsely represented himself as a game warden as a means of cashing a worthless check.

The spurious man recently presented a game warden's badge and identified himself as a "district supervisor" for the Commission at Wharton. This enabled him to cash a fake check drawn on an Austin bank, that cost a merchant \$150. He is described as 35 years of age, six feet two inches tall, 210 pounds weight with black hair and dark eyes.

SAFE BROKEN OPEN AS THUGS BURGLARIZE THORNTON'S MILL

Burglars entered the Thornton Feed Mill some time Wednesday night and broke open a small safe in the office of J. L. Thornton, owner of the mill, and took a box of personal papers, according to reports.

Sheriff J. B. Williams was here

Methodist Youth Advance To Open

Plans have been completed for an advance at Lake Brownwood for the Methodist Youth Fellowship of the local Methodist churches on July 21-23. The advance will be held in the 36th Division State Park where air-conditioned cabins have been reserved. Speakers for the advance will be Rev. E. H. Lightfoot, pastor of the First Methodist Church here, and Richard Bacon. Other adults attending will be Mrs. E. H. Lightfoot, Mrs. John Stamey, and Yvonne Hazelwood. Recreational facilities will include fishing, swimming, picnicking, baseball and other games. The group will leave the First Methodist Church at 2:30 p. m. Friday and return the same time Sunday. All members of the MYF are urged to attend. Attendance fee is \$2. Those wishing to attend were asked to contact Johanna Chapman.

early Thursday to investigate the burglary. Entrance into the office was gained by cutting a screen and forcing a window open. The knob was knocked off the safe and opened with a chisel. The large company safe was not bothered, and it was understood that there was no evidence of anything else being disturbed.

Several months ago, the company safe was broken open and several hundred dollars was taken.

Mr. Thornton was out of town, and employees at the mill did not know what was in the box of papers. He was expected home late today.

State Accepts Two Top 4-H Projects For Current Year

Two highly important national 4-H awards programs — Meat Animal, and Soil and Water Conservation — have been accepted for the current year by the Texas state club office.

This will be the 21st consecutive year that Thomas E. Wilson, meat packer and chairman of the National Committee on Boys and Girls Club Work, has provided incentives to help encourage the 4-H boys and girls in livestock work. Awards in the Meat Animal activity include gold-filled medals, watches, Chicago 4-H Club Congress trips and \$500 college scholarships on county, state, sectional and national levels, respectively.

The Soil and Water Conservation program is now set up for two age groups — one for boys and girls 15 to 21 years old, the other for those 10 to 14, inclusive. The older group is required to complete a more comprehensive project.

Medals for county winners, and gold watches and \$25 Savings Bonds for state champions are provided by Firestone Tire and Rubber Company. Sectional winners get Chicago Club Congress trips. National awards are \$300 college scholarships. This revised program is the result of combined planning by representatives of the Cooperative Extension Service, Soil Conservation Service, and the National Committee.

Bennie John Gallagher of Clarkwood, Nueces County, was last year's national and state champion in the Meat Animal program. Carroll Fowler of Lakeview, Hall County, won sectional and state honors in Soil Conservation.

Complete information on these programs may be obtained from County Extension agents.

Big Crowd Views Rodeo Opening

An estimated crowd of 6,000 people attended the opening performance of the fifth annual Jaycee Rodeo in Ranger Wednesday night. The show followed a mile long parade in downtown Ranger in the afternoon.

In the arena events Ernest Davis of Fort Worth made a sensational ride in the bareback bronc riding contest which saw all 10 contestants remain for the full time. Only one rider was thrown in the saddle bronc riding contest.

Leo Brannon of Waco won day money in the calf roping event when he roped and tied his calf in 13.2 seconds. Mike Ward was in second place with 13.9. L. J. Gibbs of Killeen hung up fast time in the steer wrestling contest with 14.7 seconds.

The rodeo will close with the Saturday night performance.

The Gay Philosopher

By J. W. S.

IN ANOTHER couple of days or less we'll all go to the polls to cast our votes. There has been less interest in elections and who is running this year than we can remember. Possibly the Korean war has had something to do with it, but the fact remains that few people are showing much interest in politics.

FOR EXAMPLE, did you know that there's a Negro running for lieutenant governor? Or did you know there's a woman running for governor? The Negro is P. E. Womack of Travis County. And the woman is Benita Louise M. Lawrence of Washington County.

WE'LL MAKE A few predictions. Governor Allan Shivers, who is making our state a splendid leader and who, in our opinion, is the best qualified man in the race, will win without a runoff. In short, Shivers will win in a walk.

There are 12 men running for lieutenant governor. We believe there will be a runoff. And we think W. O. Reed of Dallas and Preston E. Smith of Lubbock will be in the runoff. Two others who might make the runoff are Ben Ramsey, former secretary of state, and G. C. Morris of Hunt County.

SEE THAT MR. Nick Crane of Abilene, who recently took a lease on the old lodge at Lake Cisco and on grounds in the park, has started work on remodeling the lodge. It will be a recreation headquarters for his employees. And it is very well located, indeed.

WE GOT A LAUGH from reading a reference book the other day. We quote as follows: "When you order the blue plate vegetarian special with whole wheat bread, you may think you are dining daintily. Actually, you are munching like a zoo-fed gorilla. This lumbering jungle beast's food differs from that of a diet-conscious woman only in quantity. He rounds off his daily 20 or more pounds of vegetables, fruit salad and whole wheat bread with about three quarts of milk."

HEAR THAT MR. Mel Sandler, son of the Charles S. Sanders, and his friend, who are in Hollywood "seeking their fortune," will be heard and seen on a coast-to-coast television show at 8:30 p. m. Friday. That's Pacific Standard Time, and your clock is two hours later than PST. We're all hoping they make good in a big way.

THE LIONS CLUB is going to have to find a new Sweetheart one of these days. Miss Anita Carlin, who has been their Sweetheart for the past year, will enroll in SMU this fall. She and Miss Scripps Cluck will go there on scholarships they won for being splendid students. They'll be roommates, too, and both plan to major in music.

SEE ROY Camfield on a street corner. Walk up to him. And find out that he's just back from Mexico and a fishing vacation. Didn't catch any fish. It was too windy. He's off till Monday and goes back to work then for the Humble Pipe Line Company out west of here.

Man Hurt In Fall Shows Improvement

The condition of B. H. Westerman of Rising Star, who was in Graham Hospital following an accident at his home recently, was reported as improved Thursday. Mr. Westerman suffered internal injuries when he fell from a windmill tower at his home while repairing the mill. He escaped possible instant death when he struck a water tank which broke his fall.

Final Plans Are Being Made For County Election

Eastland County officials, completing preparations for the first Democratic primary election to be held throughout the county on Saturday, predicted today that approximately 6,000 people would cast ballots. The county has 5,905 poll tax holders, and many ballots will be cast by persons voting for the first time and those over the age requiring the receipts.

Polls in the county's 26 boxes will open at 8 a. m. Saturday and will remain open until 7 p. m. The county has one less voting box than in 1948, the box at Mangum having been consolidated with another.

Officials predicted the heavy Eastland County vote despite a state-wide trend which has indicated little interest in the election. Local races were providing considerable interest in the county. The various county voting boxes and the presiding judges were announced as follows:

- Eastland courthouse — P. L. Parker.
- Eastland city hall — J. C. Allison.
- Ranger city hall — W. W. Paschall.
- Ranger school — A. H. Powell.
- Cisco East Ward School — W. R. Huestis.
- Cisco fire station — Fred Grist.
- Rising Star west — Raymond Gray.
- Rising Star east — Fred Robertson.
- Pioneer — Doss Alexander.

- Gorman — F. S. Terry.
- Long Branch — Tommy Poe.

- Nimrod — W. B. McCorkle.
- Olden — C. H. Everett.
- Dothan — E. L. Hazlewood.
- Romney — Dan Grider.
- Pleasant Hill — Roy Tucker.
- Staff — F. C. Williamson, Sr.
- Cook — Ben Williams.
- Tudor — W. H. Mitchell.
- Desdemona — L. E. Clark.
- Sabanno — W. E. Lusk.

Appeal Issued To All Citizens To Vote In Election

An appeal to all citizens in the Cisco area to vote Saturday was issued today by Nick Miller and H. S. Drumright of the legislative committee of the Merchants Credit Association.

"This may be the most critical period in our country's history," they said, "and it is most important that the best qualified candidates be elected to serve." They urged each poll tax holder to screen the qualifications of each candidate carefully between now and election day Saturday.

They noted a lack of interest in the primary election this year, and warned that such apathy can be dangerous.

"It is possible," Drumright and Miller said, "that only half a million votes will be cast Saturday. This could mean that 250,000 voters — or less than one third of the people — will determine who shall hold office in our state government."

"Such a condition is dangerous because a small subversive group could possibly gain control of our government."

Mr. Drumright and Mr. Miller said that to prevent this from happening it was essential that every citizen vote Saturday and they urged their friends to do likewise.

Impetigo Can Hit Any Member of Family, Says Cox

AUSTIN, July 20 — When a state health authority says there is no such thing as a natural resistance to impetigo, parents of small children know exactly what he means. Those parents, perhaps from bitter experience, that the same individual can suffer repeated attacks from what State Health Officers George W. Cox calls an "offensive, annoying skin infection."

Although children are unusually susceptible, impetigo can be found in any age group, Dr. Cox said. It is most prevalent in the summer months, but has been known to occur at any month. Impetigo, according to Dr. Cox, is a purulent skin infection. It is not too serious, except in newborn babies. An invasion of a hospital nursery ward calls for extreme attention to keep uninfected babies from getting it, for it spreads like fire in dry grass.

Impetigo is caused by a pus-forming bacterium called a staphylococcus. The same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body. The pus underneath the crust is highly infectious if allowed to get on any other skin surface.

The infection is easily transmitted when a non-infected person uses the towel of someone infected, since the towel moisture permits the germ to survive.

Children living in the most hygienic homes frequently get impetigo, although it is perhaps more common among children living in homes where personal sanitation isn't considered too important.

Dr. Cox says soldiers are often infected, because they have small chance for keeping consistently clean. It may involve a whole arm, or a side of the face and neck.

The only way of minimize the ill effects of impetigo is to keep the infection localized, that is, keep it from spreading. This can be done only by preventing the pus or serum from exuding onto "clean" skin surfaces.

The family physician is the infected child's best friend. He'll advise the mother how best to combat the ailment, and how to keep it from spreading to other members of the family.

L. R. PEARSON

Representative 107th District

L. R. PEARSON

My name has been filed by petition with the County Chairmen of Eastland and Callahan Counties for a place on the official ballot in the approaching Democratic primary as a candidate for Representative of the 107th Legislative District. This was done without my knowledge or consent.

For this expression of confidence I am truly grateful. I have concluded to let my name remain on the ballot, and will appreciate any consideration my candidacy may be given. I appreciate any political promises to make. They are usually have no easy political promises to make. They are usually have no easy political promises to make. They are usually have no easy political promises to make.

The big problems, in my judgment, facing the 52nd Legislature will be water, soil and money, but the greatest of these is money. Runaway government spending, which has increased over 500% in the last 14 years, and threatens to increase even more, will be the No. 1 concern of the next Legislature. This money problem can be solved in only one of two ways — by eliminating useless and excessive appropriations or by levying new and additional taxes. I favor the former. I have yet to vote for a tax bill of any kind. I will strive to preserve this record.

The present level of State spending, according to the Comptroller, will create an annual deficit of \$76 million in the State General Fund. I will strive to balance the budget and prevent this deficit by rigid economy, instead of by new and additional taxes. However, if it develops that taxes are "must" legislation and additional revenue is absolutely necessary to operate the State government efficiently, I will not shy to operate the State government efficiently. If new taxes sidestep the responsibility, however painful, I will not shy to operate the State government efficiently. If new taxes sidestep the responsibility, however painful, I will not shy to operate the State government efficiently.

Also, redistricting, following the new census, is a constitutional mandate. If elected, I will support it. On other issues coming before the 52nd Legislature, I will vote for what I consider the best interest of my State and District.

To the Voters of the 107th Representative District

We are addressing you this brief note about a very important matter—the 107th Representative District, comprising Eastland and Callahan Counties.

The office of Representative, as you doubtless know, is one of the lowest paid, but one of the most important in our State. The kind of state government we will have for the next two years will be determined, in a large measure, by the kind and character of the men we elect to the Legislature on July 22nd.

We are convinced that Mr. L. R. Pearson is the best qualified man for this important job. He served us ably in the 49th and 50th sessions. He is sound and experienced. He knows state government. He does not favor spending the State into hopeless debt or high taxes. Whatever Pearson does, he does well. We will need his ability and good judgment in the 52nd Legislature which convenes next January.

We believe his election is in the interest of good government.

Experience Is What Counts

BEN RAMSEY

Candidate For
LIEUTENANT GOVERNOR
Has The Experience
A Blacktop Road to Every Farm Home

To the Voters of Eastland County

I believe a vote for me for County Judge means a vote for the best interest of every person in the county. I promise that I will be fair and impartial, being at all times courteous and kindly to all alike. I will practice and mete out plain justice in preference to legal technicalities. I will fight for and obtain the maximum aids for our Farm to Market roads, the aged and needy, our various clubs and civic organizations. In short, I will sanction and support every worthy cause with every energy and means at my command.

Again I assure you that I am well qualified to try any and all cases coming under the jurisdiction of the County Judge. I will finish a law course and obtain my license as quickly as possible.

I shall not forget my duty and limitations toward the Commissioners Court, co-operating with and aiding it in every way possible, remembering always that I am your county judge because of you.

If you elect me I want you to come to see me, be my true friend and help me in every way you can and by so doing we can make it what it should be. If at first you don't succeed, try, try again. Nothing is made better until it is changed. If you elect me I'll do my part to make you glad you supported me.

Your friend,

C. S. (CLABE) ELDRIDGE

THREATT FOR REPRESENTATIVE

In The 106th District

I AM FOR STRICT ECONOMY FOR CONDUCTING STATE AFFAIRS ON A BUSINESS-LIKE BASIS.

The Legislature spent \$74,133.58 of the people's money to equip two luxurious apartments in the Capitol Building for the Speaker of the House and the Lieutenant Governor.

I am against new taxes, except on sources escaping taxation.

I am for everything reasonable that will be for the best interest of our school system, and for the welfare of the old people of the State.

I AM OPPOSING OUR PRESENT REPRESENTATIVE, M. T. M. COLLIE, FOR THE FOLLOWING REASONS:

He voted for everything that would bankrupt the State.

He voted against H. B. 49, the Farm to Market Road Bill, and in favor of the billion dollar transcontinental pipe line interest.

He voted against our war veterans. As a member of the committee, he killed Senate Bill 445 that did not carry an appropriation, but needed relief from discrimination against G. I. students.

A VOTE FOR THREATT WILL BE A VOTE FOR FAIR REPRESENTATION

RESPECTFULLY SUBMITTED,

E. M. THREATT
