Christmas Greetings

DRIVER INJURED - Ambulance personnel cart injured Kent Chapman from his accident scene about 10:30 p.m. Monday. Chapman had exited Highway 287 when his pickup nosedived into the ditch between Karen and Douglas,

vaulting onto its back in the alley. He reportedly extracted himself from the wreckage. No report has been made on his condition.

Chamber dues are increased

Dues in the Iowa Park Chamber of Commerce will be increased for 1983 by 20 percent.

Chamber directors voted Monday to increase dues in order to finance activities of the organization.

President Phil Welch explained that the increase would generate \$1,333 more money next year, based on the same number of members. He said the extra money was needed in order to meet the \$8,604 budget.

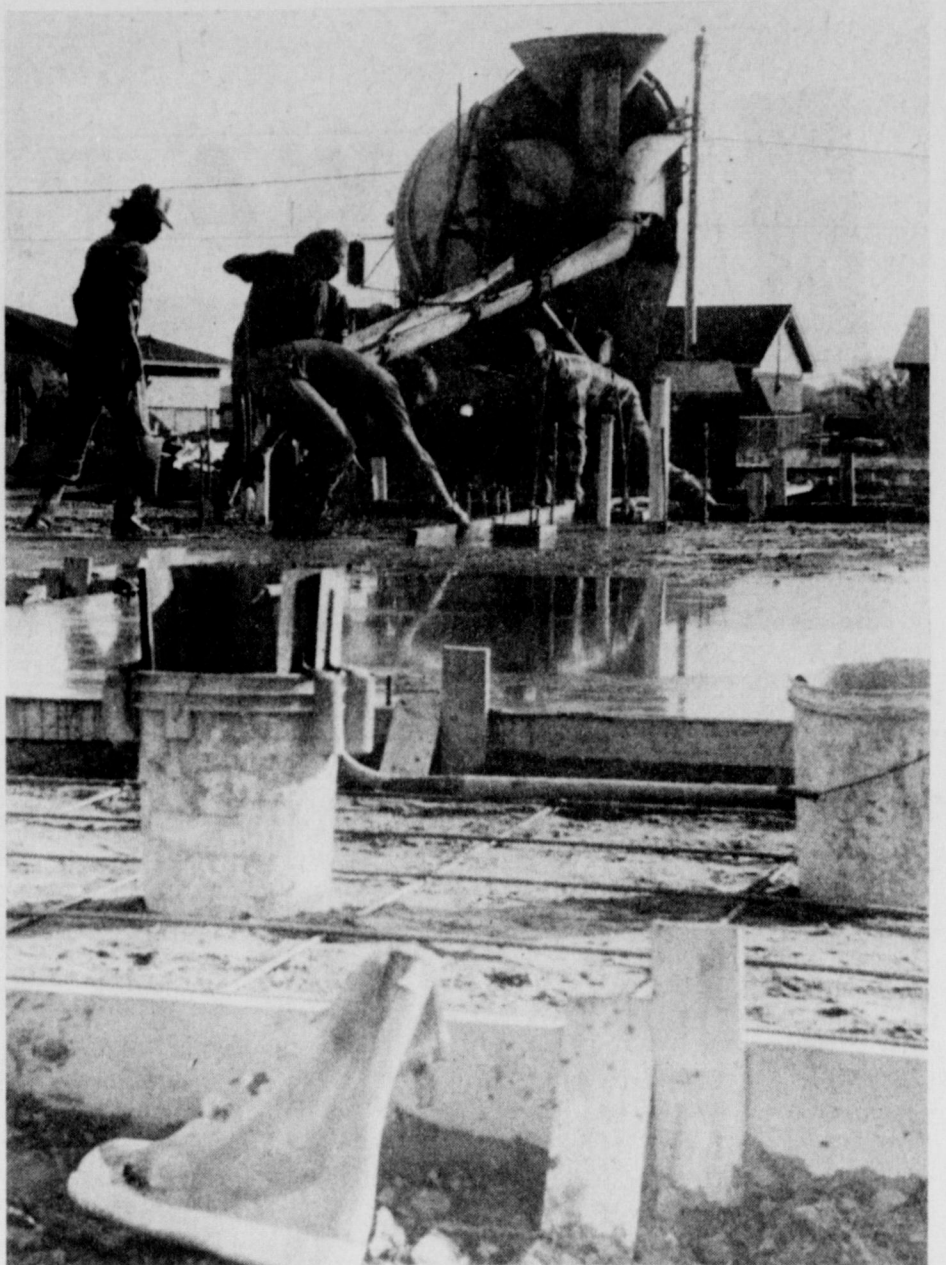

Regular dues will rise from \$100 to \$120. Several larger firms pay more than regular dues, however.

Linda Merrick, chairman of the Chamber banquet slated next month, confirmed that Charlie Lee, former Chamber president and current city mayor, will be master of ceremonies.

Leader office to open Monday

The Leader office will be closed through Sunday, but will re-open as usual Monday.

Deadlines for next week's paper will remain the same and the paper will be delivered Thursday, Dec. 30

CONSTRUCTION was begun on a 48-unit apartment complex Friday with the pouring of the concrete slabs. Located at the intersection of Magnolia and Johnson, the apartments are expected to be ready for occupancy in late summer or early fall, according to Bill Swan, developer.

City council sets Monday meeting

City aldermen will consider passage of a resolution which could encourage more home construction here, when the council meets at 7 p.m. Monday in council chambers.

If the resolution is passed, Iowa Park will join Wichita Falls and possibly other area municipalities in forming the North Texas Housing Finance Corporation. Wichita Falls passed its resolution earlier this

week.

Under provisions of the organization, bonds would be sold to provide funds for low-interest home construction. As explained, the city would not be liable for any defaults in payments, however.

Also at Monday's meeting, City Administrator James Barrington is to

report to the council that the city's ordinance concerning flood zoning has been reviewed by the Federal Emergency Management Agency and federal-backed flood insurance is now available in Iowa Park.

Barrington received a letter Monday confirming federal approval of the city's zoning ordinance.

The administrator is also to seek response from the council on a

proposal to form a reserve police force and offer training for volunteers.

Also on Monday's tentative agenda is a proposal to create a reciprocal agreement with other communities concerning plumbing and electrical licensing; and an executive session concerning possible litigation and possible action following the session.

Alameda and Pacific 4-way stop to change

As of Monday, the four-way stop at Pacific and Alameda will be converted to a two-way stop, with Pacific traffic having the right of way.

Pacific is also Farm to Market Road 368, and the state is changing the traffic flow at the intersection, according to Dale Terry of the Texas Highway Department.

Until a couple of years ago, FM 368 traversed from Pacific to Yosemite by way of Alameda. But the state made a straight route by designating Pacific as 368 between Alameda and West Highway.

Due to the many years the old route had been used, and also because of the built-up curve on the south side at the intersection, the highway department made the intersection a four-way stop.

Last month a crew levelled the intersection. However, Terry did not say when the paving which was removed for the levelling will be

resurfaced.

So, as of Monday morning when the crew takes down two of the stop signs, traffic traveling north and

south on Pacific will not be required to stop at the Alameda intersection. But Alameda traffic will be required to stop.

Police investigate variety of cases

While Iowa Park police this past week have had their usual theft and vandalism cases, they've also investigated a couple of unusual cases as well.

Stanley McMahon of 309 E. Lafayette, filed a charge against Charlie Parks that the latter had, at 2:50 p.m., kicked in the front door of the home and attacked David McMahon.

Some two hours earlier, at 12:38, charges were filed against Robert Blair, 21, for criminal trespass after he had allegedly been found hiding in a closet at 403 E. Cash.

Sometime Monday night, the rear window of a station wagon parked at 411 W. Texas was broken. The report was filed by Sue Gholson, who estimated cost of the damage at \$200.

Two cases of hub cap thefts were reported.

Troy Collins said four wire wheel hub caps were taken from his 1979

Lincoln while parked at 33 Surrey. Loss was set at \$500.

Mark Wheeler said two hub caps from his 1979 Monte Carlo were taken sometime Monday night while the vehicle was parked at 1007 Cornelia.

A car owned by C.P. Simmons, 116 W. Garden, was attacked while parked at Wal-Mart. Someone cut the sidewall of a tire, and the knife blade broke off inside during the act. Cost was set at \$50.

City closing

Iowa Park city hall will close at 5 p.m. today and remain closed until Monday morning, according to James Barrington, city administrator.

All departments, other than the police department and representatives on call for the water and sewer departments, will be closed for the holidays.

DOZENS AND DOZENS of toys and games were collected for distribution to needy families this Christmas by Cable TV of Iowa Park. Originally the collection was a promotion by the firm, with donors receiving a discount for hooking up

to the cable. Then individuals wanting to help others started turning them in. They were turned over to the Ministerial Alliance, according to Raymond Greenwood, manager.

Correct day, wrong month given in kindergarten story

No, kindergarten classes did not begin for the spring semester Monday. Yes, they are to begin Jan. 17. Yes, those who have not pre-enrolled children eligible for the class should do so as soon as possible.

An article in last week's edition of the Leader incorrectly stated that the new semester would begin the following Monday. Information fur-

nished to the paper was correct, but the story misquoted principal James Ward.

The purpose of the article was (and is) to notify any parents of pre-enrolling their children who might not have done so by now. To pre-enroll, parents must have with them a birth certificate and current immunization record.

The Leader regrets the error.

As I See It....

By BOB HAMILTON

QUESTION OF THE WEEK:
Since members of Congress are
supposed to represent us all, do you
suppose they were as broke as the
rest of us when they decided this
week to vote themselves a \$9,000
annual salary increase?

As usual, my column is the last
thing I write before we sent an issue
to the printer, and since we're as
close as we are to getting the annual
Christmas issue to press, I'm starting
to get the Christmas spirit.

I must admit that I got a head start
on developing the Yule spirit this
year, and it was a direct result of last
week's column.

You may recall that I said the spirit
just never hits me until we have the
paper printed and in the mail, that it
is just something that happens to

weekly newspaper publishers.

Well, Mrs. Leona Moore out at
Valley View read that piece and
decided to take things in her own
hands. Thursday afternoon she
delivered to the office a huge box
filled with her cookies and candy,
explaining she was concerned about
my lack of Christmas spoirit.

Needless to say, all those goodies
(which were consumed before the
weekend was over) weren't neces-
sary. Her thought and expression
were enough.

Thank you, Mrs. Moore. You're one
of my favorite people.

We have a lot of wonderful people
in this world, especially here in our
neck of the woods. I'm often accused

of writing only about the bad things
and people, but I think it's just that
those who accuse pay most of their
attention to such stories.

This season of the year seems to
just naturally bring out the best of
people. Everywhere you look, people
are giving of themselves. And they
aren't concerned exclusively with
their immediate families, either. I
understand the Ministerial Alliance
has been swamped with toys and food
to be given to the needy, and other
organizations are making their gifts
directly to families needing help.

It goes without saying, this is a
marvelous time of year.

To you and all of your's, a Very
Merry and Safe Christmas!

Save energy with a heat pump.

If you're planning to
install a new heating or
cooling system, consider a
high-efficiency heat pump.
It's an energy-saving, year-
round alternative.

The heat pump pro-
vides year-round heating
and cooling, using only
electricity. During the win-
ter, it extracts heat from
the outside air (even very
cold air contains heat) and
brings that heat inside
where it's needed. In the
summer, the heat pump is
a regular air conditioner,
removing unwanted heat
from the inside air.

The heat pump is the
most efficient combination
heating and cooling system
that can be installed in
your home today.

To learn more about
the heat pump, call your
air conditioning contractor.
And when you call, ask
about the year-round heat
pump that qualifies
for a bonus check from

'Christmas Is...' club meeting theme

Mrs. C.L. Metz impressively coordinated the 23 Study Club's program Thursday afternoon based on the theme, "Working Together to Share the Joy of Christmas." She used "Christmas Is -- So Many Things" for a supplementary theme, and introduced the program with a Christmas Prayer by James Whitcomb Riley.

The presentation started with "Christmas Is-Sharing from the Kitchen" by Mrs. Earl Watson, who suggested that club members share their Christmas goodies with the shut-ins, lonely or less fortunate this year. She distributed attractive mini cookbooks containing recipes that members of the club had shared with the arts committee that compiled the book, under the direction of Mrs. Bill Bates, chairman.

Continuing the program, "Christmas Is-Music" (performing arts) was illustrated through a medley of

favorite Yule carols, "Silent Night," "Joy to the World," "O Little Town of Bethlehem" and "I'm Dreaming of a White Christmas" by Mrs. Bates, pianist.

The finale of the program stressed that "Christmas Is --the Birth of Christ," an event of highest significance to all mankind and the message of the ages and fulfillment of prophecy was presented by a Reader's Theater group. The cast for "Sign of a Star" (Aileen Fisher) included Mmes. China B. Smith, director and member, Rollins Woodall, Homer Blalock, C.E. Birk, Sam Hunter and Keith Aulds.

Sharing at Christmas was demonstrated during the meeting by each club member giving a monetary gift to Girlstown at Hereford in lieu of exchanging gifts. Mrs. Erwin F. Soell, Santa Rosa District president, remembered each member with a Bless This House 1983 calendar and

Mrs. D.O. James, club president, presented each one with a bookmark.

The meeting took place in the home of Mrs. China B. Smith and Mrs. C.E. Birk was the co-hostess.

Tasteful seasonal decorations in the Smith home attested to magic and beauty of the Yuletide. A tall green tree smothered in gay trimmings with a star at the top and colorfully-wrapped packages at its base, a fireplace banked with red potted poinsettias featuring a mantel heaped high with greenery, candles, pine cones and candles, a table

reverently arranged with a manger scene, wreaths on inside and outside doors, and much, much more contributed to the total effect of magic.

The refreshment table was covered with a crocheted lace cloth purchased in Barcelona when Mr. and Mrs. Smith visited there recently was deftly decorated in the traditional red and green motif and laden with an assortment of Christmas goodies.

Twenty members and one inactive member, Miss Titia Belle Blanks, were present.

Epsilon Eta party held

The home of Mrs. Steve Turner was the scene of the annual Epsilon Eta Christmas party Tuesday evening. Co-hostesses were Mrs. Roy Johnson and Nelda Stegall.

Mrs. Phil McDonald, president, presented Mrs. Homer Blalock, a former sponsor of the sorority, who told "The Little Mixer" by Lillian Nicholson Shearon for the program.

Following the review of the book which was first published in 1922 and since that time has undergone 14 large printings, increased in popularity each year, members exchanged gifts with their secret pals from Mrs. Turner's attractively-decorated tree.

The Christmas motif was carried out to a marked degree on the refreshment table.

Seventeen members and one guest were present.

Book on Bangkok is program subject

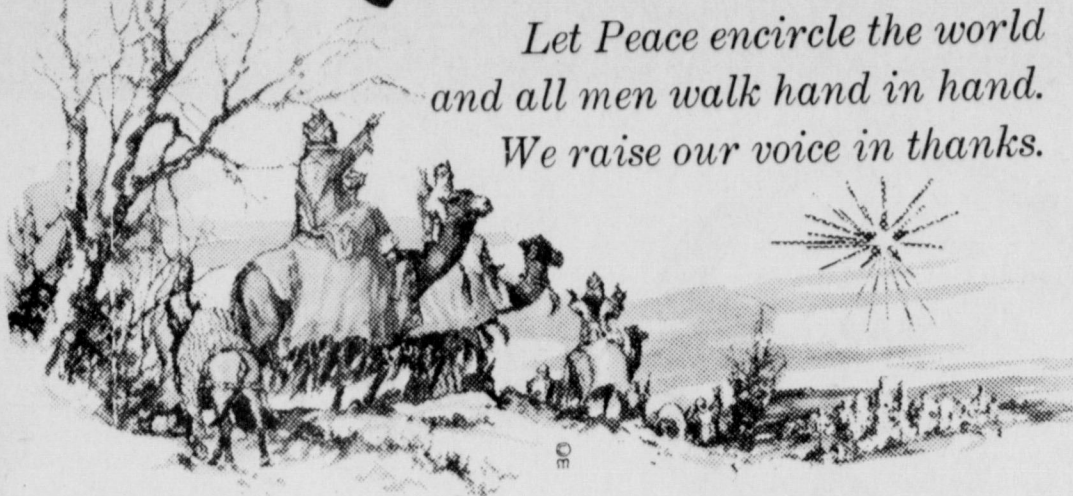

The Night WMU of First Baptist Church met Monday for a salad supper and a mission lesson taught by Mrs. C.L. McKinnon from the book, "Bangkok: An Urban Area," by Ronald C. Hill.

The title of the chapter was "The Strategy in Action," and its content showed how the strategy planned by Southern Baptists to evangelize Bangkok in the preceding chapter was being carried out in 15 different churches.

Mrs. McKinnon stated that the main accomplishments thus far had been the setting of a model and development of Thai leaders. She also told of the success of the program in reaching a great number of Cambodian residents and refugees in Thailand.

Decorations herald coming of Christmas

Someone has said that one should be permitted the latitude of thought to feel that there are five seasons of the year - not four: spring, summer, fall, winter and Christmas. Even though the last season does come in snow-filled winter, it ushers in "good measure running over" of love, sharing, good things to eat, Christmas pageants, cantatas, family traditions and memories of childhood when make-believe flourished more than in any season.

However, the magic of the holiday with its happiness and solemnity does not express the true meaning of Christmas, for that is found only in the birth of Christ, the Holy Child of Bethlehem. Although the spirit of the season is much the same wherever

Christmas is celebrated, each family has traditions and customs that make the Yuletide more meaningful. These can be observed in both outside and inside the home. The home of Mr. and Mrs. China B. Smith featured today is one that holds both charm and meaning for the season.

A typical Texas barb wire wreath entwined with cedar featuring a boot filled with evergreens hangs on a wall by the front door with stained glass windows decked for the holidays. In the entry hall, a shelf immediately below a mirror framed with Yule foliage holds gold angels filled with red candles and a brass container containing holly and cedar. Below the shelf are two wooden shoes brought from Holland by Bailey Smith, the

couple's son, that hold pine cones and spruce.

From the hall one passes through a doorway covered with a draped gold bell chain, an ornament that has been part of the Smith Family's Christmas decorations since their children, Ysidra (Mrs. Bill Mathews), and Bailey were small, then enters into rooms where the Christmas fairy seems to have waved her magic wand and changed them into a land of enchantment.

In the living room, a music box purchased in Switzerland on the piano plays favorite Christmas carols, a reminder that the heavenly choir provided music on the night Christ was born. Complementing the music box are angels, gold notes, candles and a book of carols.

As has been the case in so many homes since the Hessian soldiers during the American Revolution made the Christmas tree popular in America, the tree in the Smith home towers resplendent in the Yule decor. The tall fresh spruce tree decorated by Bailey features many symbols of sentimental interest, one of these being a crystal bell trimmed in silver that was part of the decorations on the tree in Mrs. Smith's home when she was a small girl. Feathered white, red and blue birds, snowflakes, red apples, strawberries, satin balls, red and white lights all carefully placed on the tree, and a red crocheted skirt give the tree a special kind of appeal.

Visitors to the Smith home, if they are any kind of fancier of Christmas decor at all, are sure to notice the appearance of a great many red poinsettias, the traditional Christmas flower with its many legends, in the decorative scheme. They add particular interest to the floor in front of the fireplace and on tables in the room.

The fireplace mantle is centered with an arrangement of white poinsettias, holly and greenery flanked by a statue of the Virgin Mary and choir angels. At either extremity five-branched bronze candelabra hold twinkling votive candles in green cups. The hearth is flanked by a large wicker basket with a large red velvet bow on the handle filled with pine cones and cedar, and a tall crystal vase of white narcissus blooms grown by Mrs. Smith.

FIREPLACE MANTEL

... Mrs. China B. Smith stands by the fireplace featuring unusual Yule decorations.

Among the many points of significance in the living room decorations are a manger scene brought from Italy, which depicts the true meaning of Christmas, arranged on a tiered table below a grouping of elves around votive candles; a three angel-shaped white candles; kissing balls made by Mrs. Mathews hanging from the light fixtures; and a woven Christmas tree from down Mexico way on the door leading into the hall.

The door divider between the dining room and kitchen is centered with a wreath that represents the season in a forceful way, fashioned of pine cones, fruit, nuts and greenery set off with a large red velvet bow.

The dining table is covered with an exquisite crocheted lace cloth purchased in Barcelona by Mr. and Mrs. Smith on one of their recent tours. A seasonal arrangement and candles are table appointments.

The mirror above the buffet is framed with greenery accented with red velvet bows, and the buffet holds a nine-branched bronze candelabrum with uprisng red candles banked by spruce and fruits and backgrounded with a red felt deer.

A serving cart in the room is

covered with a white felt cloth accented with Yuletide symbols. The holiday beauty of the decorations throughout the house cannot be expressed with the vocabulary of either youth or adult, but it does make Christmas 1982 take on more meaning and significance to all who enter the house.

TRADITIONAL TREE

... Bailey Smith puts finishing touches on the Christmas tree.

CHRISTMAS TOYS: PLAYTHINGS OR WEAPONS?

Consumers are becoming more aware of toys that could cause eye and body injuries to children and in response toy makers are making an effort to make safer toys and even toy chests that have lids that don't slam down. But there are still some toys on the market which could harm a child. So if a well-meaning friend or relative gives your child a toy for Christmas, it might be a good idea to examine it for any potential danger. Toys that shoot a projectile like a dart are obvious. Not so obvious are small toys that could be swallowed and, if thrown, could injure an eye and toys with sharp edges or projections could hurt a child.

As I am fond of saying, eyes are precious, so take care of them--just ask the man who has one.

Eagles capture own tournament

Holliday's Eagle basketball team captured top honors in its own tournament over the weekend, with the red and white turning back a potent Megargel team 52-47 in Saturday's finals.

The Lady Eagles, playing in the same tournament, lost to Archer City

47-33 Saturday afternoon in a game which decided third place.

Mike A. Parker and Kevin Lilley paced the Eagles throughout the three-day event, both tallying 14 points against the Mustangs. Brad Harmon added 12 in the championship game, while the brother duo of

Curtis and C.D. Knobloch combined for 35 points for Megargel.

Megargel took an 18-16 lead after the first period, mainly on jump shots by Curtis Knobloch. But the Eagles began to control the boards from the second period on, jumping ahead 29-26 at the half, and outscoring the Mustangs 23-21 in the final two stanzas.

Kim Blankenship tallied eight in the third place contest against the

Lady Wildcats, while Starnes and Dugan combined for 26 in Archer City's winning effort.

In the girl's championship game, Seymour overtook Munday 48-37 in a game which was much closer than the score indicated.

Electra's boys lost to Munday 65-56 in the third place game, while Harrold took a 55-43 win over Archer City in the boy's consolation.

The Eagles beat Harrold in the first

game 67-41, and Munday in the second game 57-51. Against Munday, A. Parker totalled 25 points followed by Lilley's 19 point production. Megargel, meanwhile, turned back Archer City in the first game, and escaped an Electra rally in the second round to win 52-51.

The Lady Eagles, meanwhile, blasted Harrold 52-12 before losing to Megargel 35-16.

Louis Hodge succumbs

Louis Hodge, longtime tax assessor/collector for Holliday, died yesterday morning at Sheppard Air Force Base Hospital of an apparent heart attack.

Hodge was found at his home late Tuesday evening, and the Holliday Ambulance crew transported him to the base hospital. A complete obituary will be printed in the next edition of the Leader.

Funeral services are scheduled for 2 p.m. today at the First Methodist Church of Holliday, with Rev. Bob Bryan officiating.

Mrs. Finnell appointed to committee

Mrs. Charles Finnell of Holliday has been selected to serve on the planning committee for the 1983 inaugural celebration of Governor-elect Mark W. White and Lt. Governor-elect William P. Hobby.

Mrs. Finnell was appointed to the

12-member Inaugural Committee which was given the oath of office on Nov. 23 by Dist. Judge Peter Lowry of the 261st District Court.

The committee meets next in Austin in December. The inaugura-

tion, scheduled for Jan. 18, will be highlighted by a morning prayer breakfast followed by a parade up Congress Avenue. Swearing-in ceremonies will be conducted during a joint session of the Texas House of Representatives and Senate on the south steps of the State Capitol Building at noon. Following an afternoon reception, the day will culminate with the traditional inaugural ball.

Mrs. Finnell, the former Kay Fitzpatrick, is the daughter of Mr. and Mrs. Curtis B. Fitzpatrick of Austin. She has served as an assistant to the Texas Historical Commission and is a member of the Wichita County Heritage Society, Wichita Falls Museum and Art Guild and the Junior League.

The Finnells will be in Austin after the first of the year for the 68th Session of the Texas Legislature.

Hawks lose to big schools, even match with Graham

The Hawks had a rough time of it during the past week, winning only

one of four games. But three of those losses were to

larger schools, Denton and Wichita Falls Rider, and the victory was over a team, Graham, that had defeated them earlier.

Kevin Biddy led the Hawks against Denton Thursday in the opening round of the Wichita Falls Classic, scoring 25 points after being held to four in the first quarter.

Denton went on to the finals after downing the Hawks, 53-47.

But the larger school had a tough time defeating the Hawks, leading by only two, 47-45, with 1:23 remaining in the game. A combination of their stalling and the Hawks missing a couple of last-minute shots spelled the difference.

Iowa Park played Rider twice during the past week. The first time was in the consolation finals of the Classic, and the Raiders took advantage of the Hawks' poorest

showing of the season, 70-50.

In an earlier game in Hawk Gym, Rider had won 66-61. The Raiders liked their home setting and jumped to a 20-6 lead by the end of the first quarter and were never headed.

Biddy, who was scoreless through the first half, finished with 15 and Jeff Lawson had 10.

Again Tuesday night, the Hawks played the Raiders in Rider gymnasium in a game scheduled before the start of the season.

A five-point Hawk lead with 2:28 remaining in the game melted to Rider's rally, and the Raiders emerged with a 55-51 decision.

Rider led 33-25 at the half, but the Hawks outscored their hosts 17-8 in the third quarter, and the Raiders turned the tables in the fourth, outscoring the Mean Green 15-9.

Biddy finished with 12 points, but only four came from field goals. He hit eight of 10 shots from the charity line to finish the only Hawk in double figures.

DEFEAT GRAHAM

In their rematch Monday night, the Hawks edged Graham 53-51 to even the score with the Steers, who had earlier nipped the Hawks 52-51 at Graham.

The Steers were 11-1 going into the game.

After jumping to a 16-4 lead in the first period, Graham came back to trail by only four, 28-24, at the midway point. The Hawks had built an 18-point lead during the second

stanza.

Both teams traded the lead through the third and fourth periods, but Iowa Park finally broke ahead to stay with three minutes remaining in the game.

The Hawks outscored the Steers from the field, canning 21 field goals to Graham's 18. But the Steers outshot the Hawks at the foul line, canning 15 of 21 attempts to Iowa Park's 11 of 20.

Biddy was high scorer with 15 and Wayne Hodges had 11.

The Hawks will play the Coyotes in Wichita Falls Tuesday, and will open district play here Jan. 4 against Hirschi.

Information about your changing telephone service from Dan Adams, Community Relations Manager.

Crackdown on fraud

Has someone ever placed a long distance call and charged it to your phone number without your permission? Placing a call and charging it to another number is a third-number call. Charging that call without the third party's permission is fraud.

More than six million dollars was lost by Southwestern Bell in suspected fraudulent third-number long distance calls in 1981. We investigate these calls and assist law enforcement agencies in bringing cases against the individuals involved. But, just as consumers pay for shoplifters through higher costs for goods, it is the honest customers who help pay for the fraudulent call losses through higher rates.

Positive Authorization Needed Before Completing Calls

The company is now taking stronger action against fraud. We are changing the way we authorize third-number calls. Under the old system, operators placed a third-number, long distance call before verifying the call with the third party.

Today, if you make such a call from a public phone, the operator will try to get authorization from the third party. Before your call is completed, the operator will call the number and ask if the charge will be accepted. This process takes about 35 seconds.

In 1983, operators may be required to get verified permission before completing long distance calls to a third number. It may take a few more seconds of inconvenience, but it means an eventual savings for customers as we tackle this multi-million dollar problem.

Industry Changes Begin Next Month

Beginning in January, the first of two major decisions affecting the telecommunications industry takes effect. (The second significant change -- the settlement of a federal court case against AT&T will be discussed in future columns.)

On January 1, 1983, a Federal Communications Commission ruling, designed to encourage competition in the telephone market place, requires the establishment of a fully separate subsidiary. That's been done. The company is American Bell, Inc. American Bell will be

offering terminal products... mostly telephone instruments to both business and residence customers.

As a result, throughout 1983 the only new telephones we can provide are those which were in Southwestern Bell inventory as of the last day of this year. That doesn't mean we won't have any phones.

During next year, business and residence customers will be able to obtain Southwestern Bell equipment while our inventories last.

Those customers who use Bell PhoneCenters also may find a major difference after January 1, 1983. Certain locations will remain with Southwestern Bell. After January 1, they'll be called Southwestern Bell Service Centers. Customers can continue to use the Service Centers to pick up equipment available in our inventory. Other PhoneCenters, particularly in our major markets, will become part of the separate subsidiary.

Throughout 1983, the company will continue to repair Southwestern Bell sets that you lease. You can exchange your leased sets at a Service Center or contact our repair department. If you own your phone, follow the maintenance arrangements provided when the set was purchased.

Quality Services, Equipment Top Priorities Statewide

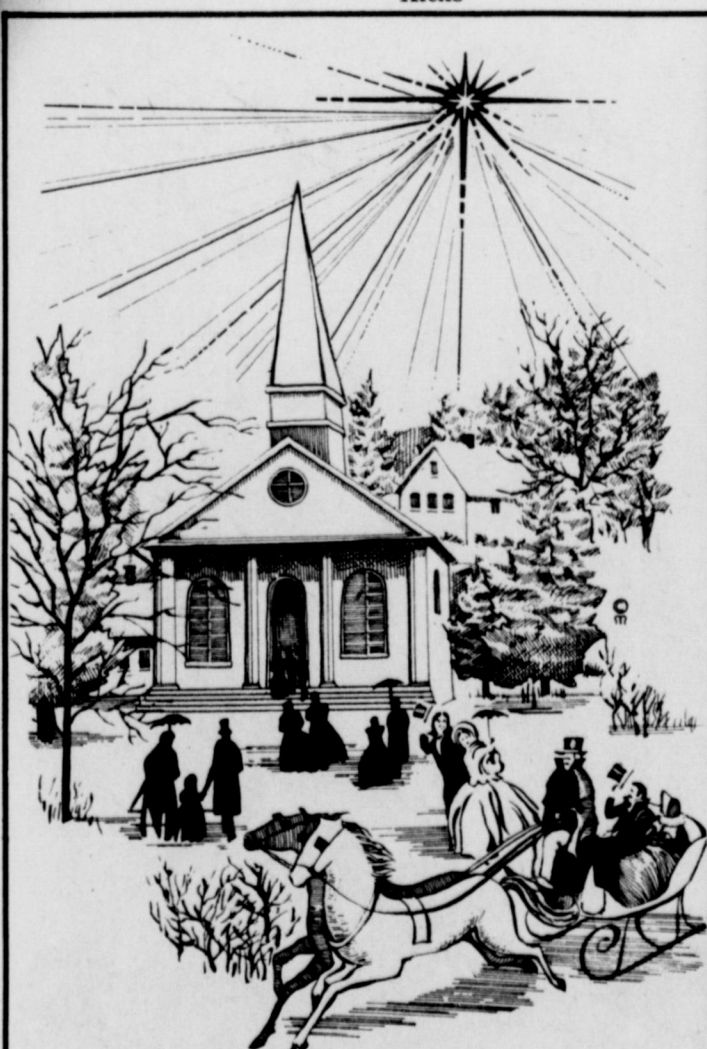

A last word on service... despite these industry changes, Southwestern Bell employees are committed to providing quality equipment and services. I feel confident we can adapt to our new environment and that we will be successful.

If you'd like a booklet which explains additional details of changes in the telephone industry, send your name and address to: Telecommunications in Transition, Southwestern Bell, P.O. Box 225265, Dallas, Texas 75265.

As always, if you have a question or comment you'd like to pass along, don't hesitate to let me know. Here's my address:
