HARDENMAN GAINING ALLOTMENT IS \$22,500

TREE BELT WORK TO BE DISCUSSED AT VERNON MEET

Dr. N. H. Wheeler to Tell of Soil and Conservation Program

ADVANTAGES OF TREES PROVEN

Partial List of Farmers Signed to Co-Operate in Federal Plan Given

At Vernon, before the Lions Club on Friday, October 11th, Dr. N. H. Wheeler of the United States Forest Service will discuss this interesting and beneficial work which will be done by the Government towards soil and moisture conservation on the looser types of soil in the counties of Hardeman, Wilbarger, Childress and Collingsworth during the coming year. Dr. Wheeler is an exceptionally well posted man and a highly interesting speaker, according to Edgar H. Kemp, Schelter Assistant in charge of land acquisition, planting and cultivation of strips in these two counties. Mr. Kemp feels that these fortunate enough to hear Dr. Wheeler will receive entirely new ideas as to the value and practicability of this work.

As has been stated before, the plan of the Government is to secure strips of land ten rods wide running from east to west, from the owners, by either a five year lease option to purchase at a previously determined price, agreeable to the owner, or an easement which ever the owner may elect. These strips will be planted and maintained by the Forest Service with local labor. The varieties of trees to be used in these strip plantings will vary with the different types of soils encountered in the different sections of the counties. The species used will be varied in such manner as to finally form a hip-roof effect of vegetation, dwarf varieties being planted in the outside rows, and the edges of the strips, graduating the height toward the center by the planting of taller growing trees in each row to the inside until the tallest trees are in the center of each strip. Space for the planting, since there will be only low dwarf varieties which do not make appreciably large root systems so as to cross over this area. The larger trees which will have sizeable root systems will be the center of the strip where they will have ample room without encroaching on lands adjacent to the planting. Actually, results have proven there to be more moisture in adjacent land because of the strip preventing the winds from contacting and drying out the soils.

It has been demonstrated many times that the protected area resulting from these plantings is ten times the length of the height of the tallest trees on the windward side and twenty times the length of the height on the lee side; for example: in the event a strip with the tallest trees being fifty feet in height the protected area on the windward side will be five hundred feet, while on the lee side it will be one thousand feet before the wind dips back and touches the ground again.

There are many actual experiences on record citing increased crop yields although space does not permit the quoting of them. However, we quote the letter of Geo. A. Marshall of Arlington, Neb.:

"Our old farm that was homesteaded seventy five years ago had a windbreak of trees planted clear around 100 acres of it and an Osage hedge, untrimmed across it north and south and east and west, outline it up into forty acre tracts. The first real outstanding

1936 V-8 WILL BE SHOWN HERE NEXT FEW DAYS

Assertion Made by Touchstone Motor Company of This City

In the next few days the new 1936 Ford V-8 will be on display asserted Raymond Touchstone of the Touchstone Motor Company, Tuesday.

The new series of Fords promise to have even greater refinements than is found in the V-8 cars, but with the same fine V-8 motor. Publicity regarding the new car has not been received only that the new car is soon to be placed on display throughout the country.

Leaves for Ganado

Rev. and Mrs. Ira L. Parrack, and daughter, Miss Ina Parrack, left Wednesday for Ganado, due to the illness of Rev. Parrack's mother. They were accompanied as far as Austin by the Rev. and Mrs. J. A. Phipps, the former going there to attend the Texas Synod of the Presbyterian church.

FREIGHT RATES ON COTTON CUT BY COMMISSION

Towns Affected are North of Wichita Falls; Local Rate Remains at 45c

Revision of freight rates from towns this side of Wichita Falls has been made by the Railroad Commission of Texas, Secretary of the Chamber of Commerce, J. W. Hulse, has been advised.

As a result the rate from Chillicothe remains the same, 45 cents, while from other towns mentioned the new rate is as follows: Harrold from 45c to 42c; Oklahoma from 45c to 42c; Vernon from 45c to 42c; Tolbert from 45c to 42c; Evans from 45c to 42c; Quannah remains at the 45c, and rates north of Quannah are to remain as at present.

Wichita Falls rate has been increased from 35c to 37c.

The petition for the new rates was filed through the offices of the Southwestern and Western Warehouse Association, and was successful through and allocation that, with the exception of two compresses, others were losing out on pressing cotton through a clique formed for that purpose. And while the new rates are not low as was hoped for, A. L. Reed of the Association explains that should the adjustment not prove adequate to protect the interest of the communities along the territory affected, there is nothing else that can be done at the present time except to prosecute a formal complaint.

11,464,000 BALE CROP FORECAST

Prediction Not as Far Below As Estimate Month Ago

WASHINGTON, Oct. 8.—The Department of Agriculture announced today a cotton crop of 11,464,000 bales of 500 pounds gross weight was indicated from conditions prevailing October 1.

A month ago, 11,489,000 bales were indicated; two months ago, 11,788,000 bales. Production last year was 9,636,000 bales.

The Census Bureau at the same time announced cotton ginned from this year's crop prior to October 1 totaled 4,230,367 running bales, counting round bales as half bales and exclusive of lint, compared with 4,952,384 bales to that date last year and 5,508,071 bales in 1933.

Tonsil Operation

Joe Davis went to Wichita Falls Wednesday where he submitted to a tonsil operation.

Will Vote on Proposed Flood District

Submission before the Texas Texas Legislative body for the organization of a Pease River Flood Control district, was presented by Governor James V. Allred, Wednesday, according to word reaching here from Representative George Moffett.

A favorable committee report on the bill was returned, and it is

SMALL BORE RIFLE MATCH NEXT SUNDAY

Local Club Host for Next Sunday Afternoon's Contests

Sunday, October 13, starting at 12:30 p. m., a small bore rifle match will be staged on the range located three miles east on Highway 5, with the Chillicothe Rifle Club as host.

Aording to the rulings as laid down by the club officials any 22 calibre rifle, iron sights, may be used, separate firing points, no waiting. How each match will be run reads as follows:

Match No. 1: 10 shots for record at 200 yards on 8 inch ball (with 4 inch x ring for elimination in case of ties.) Limit 5 sighting shots. First prize, 50c Long Rifle cartridges. Second prize, a beautiful framed picture. In addition anyone making a 10x possible in this match will be given a beautiful 10x shoulder brassard. Entrance fee 25c.

Match No. 2: The Dewar Course, 20 shots for record at 50 yards and 20 shots for record at 100 yards. One sighting target at each distance. Sighting target will be the first one on left. Ten shots on each record target at 100 yards. Ten shots on each ball of record target at 50 yards. First prize, valuable merchandise. Second prize, merchandise. In addition anyone making a possible 400 over this course will be given a beautiful 40x shoulder brassard. Also anyone making a 10x possible.

(Continued on Last Page)

OIL MILL BEGINS OPERATING HERE

Season's Run Started Last Monday Morning

Chillicotheans were made to realize more fully the fall season is here with the sounding of the Chillicothe Cotton Oil Company's whistle last Monday morning. It marked the start of another season's run.

This company, by the way, is offering the season's best exchange offer to farmers for their cotton seed, giving instead a greater amount of cottonseed meal and hulls. Cotton seed was quoted at the mill Wednesday at \$32.00 per ton.

C. P. White Loses Brother By Death

J. V. White of Bowie, age 78, in poor health for the past year, died at his home last Thursday. He was a brother of C. P. White of Chillicothe, who, with his son, Jesse, attended the funeral rites held at Menzies, former home of the deceased. The body was placed at rest in the Menzies cemetery.

Mr. White, before moving to Bowie, had lived in Baylor county for many years, and at one time knew practically every resident in that county. He is survived by the widow and three children.

Mr. and Mrs. Cyrus White of Quannah were also in attendance at the rites.

is hoped to rush it to final passage in the few remaining days of the special session. It passed the bill will permit the setting up of an official district to secure funds from the WPA to construct a dam on Pease River.

The project will cost in the neighborhood of \$4,000,000, and success of the project has been more encouraging of late following reports given by J. H. Allison of Wichita Falls, recently returned from Washington, D. C., where he conferred with WPA officials.

The dam would be located seven miles northwest of Crowell, about one mile long, and would take about 18 months to build. Water would be used for irrigating many thousands of acres and also municipally used by Crowell, Quannah, Vernon and Electra.

CLOCK TICKS 412 DAYS BY ONE WINDING

Timepiece Owned by "Daddy" Seibert; Was Made in Germany

Ben Writter, Chillicothe jeweler, has at his store for a little repair work a clock belonging to "Daddy" Seibert, residing in the Clark community, which is nothing unusual, of course, because Ben gets several clocks to repair.

However, there is more to this particular clock than the repairing it happens this clock was made in Germany many years ago. It is unique in structure. Instead of the wooden cabinet, found in American made clocks, there is only a glass jar placed over the working parts, and it might be added here there are but few working parts to the clock. According to "Daddy" he isn't often troubled with winding it. He merely winds it five rounds and he's through—for the next 412 days.

The present owner came into possession of the clock twenty-one years ago, having purchased the timepiece from an acquaintance. He values it highly, and for that he cannot be blamed. It is a fine clock.

rites Held for CLAUD M. LANCE

Died Monday in Wichita Falls Hospital; Ill for Seven Years

Funeral services were held from the First Baptist Church Tuesday afternoon for Claudius Mevin Lance, age 42 years, 9 months and 24 days, afflicted by the Rev. Ira L. Parrack, church pastor, assisted by Rev. Carl Price of Lockett.

Interment was in the Big Valley cemetery, in charge of the Masonic Lodge of Chillicothe.

The deceased, succumbed in a Wichita Falls hospital Monday afternoon at 4:40 o'clock after an illness of seven years, becoming critically ill, however, two weeks ago. The body was brought here by E. W. Geiss, undertaker.

Active pallbearers were Bill Clark, O. K. Tooley, W. R. Emerson, Ed Meinar, Cleve Randel and Walter Martin.

Mr. Lance was a member of the Baptist Church. He was born December 12, 1892, in Montague county, moved with his parents to Hardeman county in 1898, and had made his home here since. He became well known throughout this vicinity. He was married to Miss Lottie Mulkey December 27, 1914, and to this union four children were born, Etta Mae, C. M., Jr., Dorene and Clarence Ray. Surviving are the widow and children, his father, W. V. Lance, of Chillicothe; four brothers, E. E. Lance, T. E. Lance, P. A. Lance and R. H. Lance, all of Chillicothe; two sisters, Mrs. C. M. Moharg of Amarillo, and Mrs. Will George of Quannah.

To Visit West Coast

Mr. and Mrs. W. A. Ritter plan to leave Monday or Tuesday for Los Angeles, Calif., and other points in that state. They will visit the San Diego Exposition, which, in San Diego, Mr. Ritter

PRECAUTIONS IF TAKEN WILL CUT HUGE FIRE TOLL

Natural Gas Safe as Any Other Fuel, Suggestions How to Reduce Fires

The winter heating season has started and if certain precautions are taken, the toll in property and life resulting from fires caused by thoughtlessness, worn or defective heating equipment can be reduced to a minimum.

Natural gas properly used is as safe as other fuel, and in view of the fact that this type fuel service is universally used locally, the following precautions are suggested in keeping with National Fire Prevention Week.

All heating equipment should be inspected and adjusted by reliable firms or individuals known to be qualified experts. No one but licensed plumbers and gas experts should connect gas ranges and similar appliances.

Gas heaters should be attached to gas outlets with rigid metal pipe and aeref connections. Rubber hose is not recommended. Loose gas cocks should be made tight and leak proof or replaced.

BEST BOY AND GIRL STUDENT TO BE GIVEN CUP

Lions Club to Continue Annual Custom This Year, Is Decision

Chillicothe Lions Club will again carry out the custom of awarding a cup to the boy and girl of the high school having the best all round record at the close of the term, it was decided at the meeting held Tuesday, which was in charge of Roy W. Sutton, chairman of the Lions educational committee.

Last Tuesday was "District Governor Day," but a communication received from District Governor C. B. Dodson of Decatur, asked that it be disregarded, and instead a check-up of the club was made. However, District Governor Dodson is to receive a letter advising him the Chillicothe organization expects to cooperate with him one hundred percent.

Following the luncheon Miss Mildred Collins rendered three accordion numbers to the delight of those present.

At the request of Tailorwater Carter, B. Moberg members were a bouquet of flowers, some adorned with roses, sunflowers, and what not. Each member was requested, however, to name the kind of flower he was wearing.

Claude Smith, principal of the grade school, was present for the first time as a "cash."

The program booked for next Tuesday will be in charge of the health and welfare committee of which Dr. E. A. Vestal is chairman.

SPIRITED BUYING SHOWN YESTERDAY

Trade Day Visitors Take Advantage of Savings

In spite of the fact cotton picking is underway in the Chillicothe community, it failed to deter people from attending the merchants trade day held here yesterday, and which is staged every Wednesday of the week.

A goodly number of merchants were well pleased with the amount of shopping for merchandise. The public should remember the greater advantages offered in this city, and regardless of distance should come here for their needs, asserted one local merchant yesterday.

Ginnings Less Than Year Ago

Ginnings had reached a total of 1,240 bales up to last night at the local gins, as compared to 1,589 bales a year ago. In 1933 a total of 6,625 bales were ginned.

Relative Dies

Word of the death of "Uncle" Charlie Knox, 87, of Sherman, was received by Mrs. E. P. Hutchens, a relative, Friday. Funeral rites were conducted Saturday, but Mr. and Mrs. Hutchens were unable to attend. The deceased had been a resident of Sherman for many years.

INCLUDED IN \$3,057,297.00 FEDERAL FUND

Over \$2,000,000 Allowed For Wages of Relief Workers in Canning

BOTH MEN AND WOMEN TO WORK

Will Be Eligible As Canning Plant Employees, It Has Been Announced

WASHINGTON, Oct. 7.—More than \$2,000,000, to be spent chiefly for security wages for relief workers in canning fruits and vegetables grown in community gardens, was contained in the \$3,057,297 Works Progress Administration allotment announced Monday.

The remainder of the Federal fund for Texas goes to the WPA construction projects located in ninety-six cities and towns in 65 counties. From the list of allotments approved, H. P. Drought of San Antonio, State WPA administrator, will select those to which the allotment will be applied.

Women, as well as men, on the relief rolls, will be eligible for work in canning plants. After canning, the products will be stored for distribution to needy families on relief this winter.

The Hardeman county community project received an allotment of \$22,500, Childress \$13,500; Childress, \$6,600; Wichita \$40,600; Wilbarger \$12,500.

All allotments listed are Federal funds and are grants not loans, that need not be repaid.

BIRTHS

Mr. and Mrs. Marvin Swanton (formerly residing in the Elm Grove community, announce the arrival of a son, born Tuesday at a Vernon hospital.

Goos To Gainesville

Van B. Hill, former assistant postmaster here, left for Gainesville Wednesday where he has accepted a civil service position in that city. Hill's many friends regret his departure, as he has been very active in church, lodge, and civic affairs. Mrs. Hill, now a teacher in the Chillicothe schools, will not join him until after mid-term of school, it is said.

City Council Meets

Members of the city council held their regular monthly meeting at the City Hall Monday afternoon. Only routine matters were up for consideration, however.

Worford to Amarillo

Gene Worford, shop foreman of the Glazener Chevrolet Company, is in Amarillo this week attending a factory supervised mechanical school, conducted by the Chevrolet Moto, Company.

Condition Improved

Word received here this week by C. L. Underwood stated Archie Bennett, son-in-law of Mr. Underwood, who has been seriously ill in a Dallas hospital, is showing improvement in condition.

Remodeling Home

Work of remodeling the home of C. E. Carlock is underway and when completed will be greatly improved in appearance, as well as more convenient.

Mrs. Dave Evans and daughters left Saturday for their home in Tulsa after a visit here with Mrs. Joe Sam Bailey and other relatives.

Mr. and Mrs. E. P. Hutchens left last night for Burk Burnett for a visit with an uncle of Mrs. Hutchens.

K. G. Davis made a business trip to Vernon Wednesday.

BROOMS MADE FROM HOME CROP

About 500 to Be Sold By Owner Kennedy

Approximately 500 brooms have been placed on sale at the City Food Market, made from broom corn grown on the Genp Kennedy farm in the Chillicothe community. In fact Kennedy raised enough from this year's crop to make up about 8,000 brooms.

He plans to raise twenty-five acres on the next crop.

The brooms were made at Abilene and took a truck well-loaded to bring them to Chillicothe.

Busy Canning Food

Miss Bernice Taylor of the Elm Grove community has been busily engaged this week canning foods. Aside from several cans of peas she put up 56 cans of corn.

THIS IS FIRE PREVENTION WEEK

Throughout the country this week is being celebrated as "Fire Prevention Week."

As little as the property owner thinks about it millions of dollars have been saved due to this annual campaign. It is a drive to impress upon all the hazards of fire. In Chillicothe the people prove they are very careful, but at the same time fires break out once in a while, fires that could have been prevented in most cases. Consequently, here as well as elsewhere, it is well to be reminded to be more careful. Buildings cost money and when one burns it is so much money gone up in smoke.

Let us cooperate in fighting to keep down fires as we have done in the past. Chillicothe's record will continue to be one for which its citizenship may be proud to talk about.

WARNING TO AGED PEOPLE

Elsewhere in Texas newspaper reports are that unscrupulous persons have been posing as Old Age Pension agents and have been attempting to collect fees for "assisting" in securing pensions for old people.

State Auditor Orville S. Carpenter has issued a warning and at the same time suggests that the people watch the newspapers for facts on pension procedure and wait until the proper agency has been designated to which applications may be made. They should remember that at this time no one is authorized to receive applications for old age pensions. The legislature is now working on the problem of enacting legislation to carry out the provisions of the Old Age Pension amendment, but at this time nothing in the way of legislation has been enacted and there is, therefore, no agency to whom applications may be made.

Should a would-be "Old Age Pension Agent" seek funds in Chillicothe, the first person contacted should immediately notify officers.

SYMPATHY WITH ETHIOPIA

In spite of the fact the League of Nations give warning to Italy of a boycott and the blocking of principal sea canals, Mussolini, while not declaring a state of war, has begun a drive against the Ethiopians—and it is war!—the fight is on.

Wherever Italy looks it is faced with a rebuff because of being the aggressor nation, picking a quarrel with the negroes in order to stage war and win territory in Africa that will give Italy greater possessions and a place for a growing population. It is similar to what Japan did in Manchuria. Japan, however, went ahead without trouble and today rests sublime with eyes cast now upon the whole of China. Greed, verily, has taken hold of these two countries.

The discussion by other countries, mainly, is the question: will the Italo-Ethiopia conflict result in another world war. That question cannot be answered at this moment. The United States is putting up as big cry now to remain neutral and stay out of the war as it did some twenty years ago. It will be remembered Woodrow Wilson was re-elected as

President of the country by assuring the people this country would not enter the world war. People then, as now, were just as intent on not having anything to do with the European fight, but you know what happened. Should this country stand-pat on neutrality, it will have resulted from experiences brought on by the world war in that we made a grave mistake for the sake of only a few bankers. It should be a real lesson that the trend of our thoughts and way of living are altogether apart from those of Europe.

CAMPAIGN FOR BUILDING FUNDS

In last week's News a story appeared relative to the plans of the First Presbyterian Church membership to erect a new house of worship, replacing the present structure. Already subscriptions totaling nearly a thousand dollars have been secured from the membership. Yet, this amount is inadequate. It is necessary, therefore, to go beyond the church membership. So the Presbyterians will secure aid from others in Chillicothe, as well as receiving financial assistance from the Church Board of National Missions.

To many the passing of the old structure strikes a sentimental spot. It has stood there many, many years. To see it pass doubtless will bring a tear to those having worshipped in it so long. It has become a part of them. And still there is a consoling thought in knowing most of the building is to remain, at least the framework. The appearance will be different to be sure as the new edifice is to be constructed along modern trends.

Not only is the building needed by the Presbyterians, but others can look upon it with civic pride. It will be a credit to Chillicothe. The News congratulates the membership of the Presbyterian Church for this worthy undertaking, and trusts nothing will interrupt the plans.

QUARTERLY TAXES

In Hamilton, Ontario, property owners hereafter will pay their taxes in quarterly installments instead of semi-annually. The plan was recommended by the heads of the tax department on the grounds that collections would be better and the city would have money by not waiting so long for payments.

There have been suggestions along the same line lately in various American communities. Some tax experts even recommend monthly collections, and in a few cases owners actually have the privilege of paying by the month if they prefer, just as they pay rent and store bills.

This is probably moving in the right direction. Taxpayers ought to save up their money and have it ready for annual payments when the time comes; but in great numbers of cases they don't, and too often they can't. Practically and psychologically it seems easier and more natural to pay in shorter periods. It would make more book-keeping for tax offices, but perhaps less trouble for everybody in the long run.

The old order, "No work, no food," should be applied to thousands of cases. The man who can work but won't deserves neither food nor sympathy, and should be kicked off the relief roll and kept off.

In spite of all the departments to be found in the operation of our government, such as the AAA, CCC, PWA, CWA, and so on, the good old United States is still the best place in the world.

American Federation of Labor declares business is already on the upgrade, and that during the next three months of the year you will witness a greater improvement. Yet, this labor organization tells business labor must also be included to give impetus to pre-depression days.

TELLS REASON WHY HE VETOED FIREMENS BILL

Pension Would Have Taxed Farmers, Also, Without Fire Protection

Just why Governor James V. Allred vetoed the firemen's pension bill is explained in a communication received here. The Governor says:

"I am in receipt of the printed petition you signed along with a number of other citizens there asking me to submit the subject of firemen's pensions to the special session of the Legislature. Although dated sometime before the session, these petitions did not reach me until after the session had begun.

"The difficulty about submitting this matter is this:

"Special sessions are called for emergency matters dealing with the people of the whole state. This session was called to deal with the constitutional amendments voted by the people on August 24th—liquor regulation, substitution of salaries for the fee system (since the amendment provided that this must be acted on at the first called session) and old age pensions for people over sixty-five. In order to finance old age pensions, I also had to submit revenue and taxation, which will require the passage of a number of tax measures.

"Special sessions can only last thirty days. If you set too much on the legislative calendar, it will result in filibusters, and nothing whatever being done. I felt, and still feel, that these matters which I submitted—being of interest to the state as a whole and dealing with pensions for all people over sixty-five—should receive first consideration. I knew if I submitted anything of a controversial nature (and firemen's pensions would be) that it would likely involve the Legislature in a prolonged fight, with the result that these important matters for which the people voted would not be reached on the calendar.

"Perhaps you do not know why I vetoed the original firemen's pension bill:

"Briefly stated the bill provided for a 2 percent tax on all insurance premiums, from fire and all other kinds of insurance except life insurance. This tax was to create a pension fund for firemen in towns or cities. I was

advised by the Insurance Department that this tax would result in increasing insurance rates. You will notice that by taxing not only fire insurance but all other insurance except life, many classes of people, especially in the country, would be taxed for the benefit of fire departments in towns or cities. A farmer, for instance, having no fire protection would have to pay this tax on his tornado, hail, or storm insurance on the farm.

"In my message I said that I did not believe it was "just or fair to, in effect, levy a tax upon a large class of people who will not receive any benefit therefrom and a larger class to whom the benefits will be at most indirect.

"I assure you that in vetoing this bill and in considering its re-submission at this special session, I am doing what I believe to be my duty, irrespective of political consequence. I know you would want me to do that."

Texas Wild Life And Flowers Are Shown At Palace

Sponsored by the Junior Blue Bonnet Study Club a picture slide showing Texas flowers and the wild life of the state was presented at the Palace Theatre Monday afternoon.

Mrs. Robert Malloy, chairman of the State Committee of Texas birds, flowers and wild life, with headquarters at Corsicana, was in charge of the event. Approximately three hundred were present.

HEALTH TALK

By John W. Brown, M. D.
(State Health Officer)

"Quarantine and isolation have long been practiced to limit the spread of contagion. Theoretically, these measures should no longer be necessary for diphtheria, and smallpox, two diseases which are absolutely preventable," said Dr. John W. Brown, state health officer. Practically, however, we still have smallpox with us and cases as well as deaths due to diphtheria, occur only too often. Control and preventive measures are now practiced against scarlet fever, measles, and whooping cough. Nevertheless, until such measures find more universal application, isolation and quarantine must continue to be emphasized. These are, in a true sense, essential aids in the control of disease. The attitude of people toward observance of health regulations varies as greatly as does human nature itself. Most families realizing the necessity for restrictive measures, cooperate readily. This attitude is exemplified by the mother who learned that her little girl had measles. She waited a while and then telephoned to the

health office to ask that her home be placarded. There is, of course, the opposite attitude, that of evasion. Failure to report the presence of suspected communicable disease in the home is unfortunate. A chief purpose of isolation is to rid himself of the disease germ. In the case of scarlet fever, this period covers a number of weeks. If proper isolation is not observed and a child is allowed to return to school while still infectious, the other susceptible children is obvious. To counteract such danger requires constant vigilance on the part of teacher, nurse, and physician or health officer.

WILL LAY RIVER PROJECT BEFORE TEXAS LAW BODY

CREATION OF FLOOD CONTROL DISTRICT ON PEASE LATEST PROPOSAL

Submission of plans calling for the creation of a Pease River Flood control district will be laid before the special session of the Texas Legislature, now in progress, Secretary L. A. Wilson of Vernon has been advised by Governor Alfred. The district is to be created for the purpose of giving the association a legal status in dealing with the Federal Government in asking for a \$4,803,000 fund from WPA.

The proposed district would include the counties of Hardeman, Wilbarger, Foard, Wichita and Cottle. Creation of the district will not involve the levying of a tax or the remission of state taxes.

Representatives of the Pease River Valley Development Association spent two days last week in Austin in the interest of the proposed dam.

Misses Annalee Williams, Mary Margaret Oliver and Frances Graham attended the circus in Vernon Thursday night. Mr. and Mrs. E. E. Jordan were visitors in Wichita Falls Sunday.

George Morrison and family were near Estelline Sunday where they visited with a son, Lloyd Morrison and family.

BETTER COTTON CROP FORECAST FOR THIS STATE

ESTIMATED 3,467,000 BALES AS AGAINST 2,406,000 LAST YEAR

Production of cotton in Texas this year will be substantially greater than that of last year—estimated a 3,467,000 bales as compared with 2,406,000 bales produced in 1934. However, this estimate as of September is 384,000 bales under the August estimate, the decrease being largely in the southern and eastern portions of the state, due particularly to insects. A fairly good yield seems assured in the western part of the state. Picking is general. Harvesting of rice has been progressing satisfactorily under favorable weather conditions with the prospects of a normal yield, a good proportion of the crop having been cut and shocked in the field. Weather permitting, threshing should be under way in the immediate future.

The corn crop has matured and now is being gathered, quality good and yield considerably above normal. As a rule this crop is consumed on the farm on which it is produced. This year several hundred carloads of good yellow and white corn are available for market.

Due to last year's drought and the high price of feed the number of turkeys is not as great as usual. However, at this time the birds are thrifty, and there is sufficient feed on the farm to assure their being in good condition for the Thanksgiving and Christmas trade.

Other feed crops throughout the state generally are maturing under favorable conditions. Dry weather cut yields in various sections, but there is little doubt that Texas will be able to meet its feed needs.

Wheat planting is in progress in the Northwest. In some sections the ground has been too dry. Recent showers are bringing improvement in this respect.

Livestock generally is putting on flesh. Ranges are good for this season of the year.

Mr. and Mrs. Jim Wilson and children of Archer City were here Sunday as guests of Mr. and Mrs. C. L. Glazener.

WHAT FARM FOLKS ARE NOW DOING

Timely Tips on What Farm-ers Folks are Doing in Texas

Eastland: Ten acres of sub-solled land planted to wheat this year produced 15½ bushels to the acre for Jack Seabolt of Eastland county, while land not sub-solled made only nine bushels to the acre, according to C. Metz Heald, county agent. As a result of this yield, Seabolt contoured and subsoiled 75 acres of wheat land during August. He is sub-solling his land 13 inches deep and expects to follow with terracing.

Crystal City: B. F. Kite of Zavala county threshed 19,800 pounds of seed from 10 acres of Sudan grass in spite of an exceptionally dry spring, according to Fred LeCrome, county agent. The grass was planted in three foot rows. Kite ran his rows contour, bedded his land early last fall, and conserved every drop of water that fell.

Brady: All the leaf worms, boll worms, and grasshoppers on the 50 acres of cotton belonging to Frank V. Hurd of McCulloch county have been cleaned up by 300 young turkeys, thus saving him at least \$50 which he would have spent on poison, he reports to James D. Prexill, county agent.

"While most farmers have been spending money and time on poisoning cotton fields and wondering whether or not they would save their crop, I have been wondering whether or not I would have enough insects to feed my turkeys," Hurd said.

The cost of feeding the young turkeys through the summer months has been practically nothing because of the large number of insects. Besides the insects, grass, and field seed, the turkeys eat a light supplemental grain feed just before they go to roost.

Vernon: An investment of 10 cents, spent in the purchase of carrot seed last winter, has paid large dividends, according to garden reports of Sarah Hannon, W. Vernon 4-H club girl from Wilbarger county.

From the 200 feet of carrots planted with the dime's worth of seed, Sarah has canned 105 pints of carrots to be used in the family food budget during the coming winter months.

Cibola: "Nice, comfortable, light weight cover can be made from home grown wool if the wool is secured perfectly," said Mrs. T. W. Jarrell, member of the Pecan Home Demonstration Club of Johnson county.

Mrs. Jarrell recommends that a good soft soap should be used. A little sal soda helps in hard

LOSS OF TEN COMPARED TO PREVIOUS COUNT

TOTAL OF 492 ENROLLED AT SUNDAY SCHOOL IN FOUR CHURCHES

Total attendance at four Sabbath schools was 492, figures released by officials show, which is a loss over the previous enrollment by 10, as the total then was 502.

Churches	Oct. 6	Sept. 29
Church of Christ	107	116
Baptist	177	190
Presbyterian	46	43
Methodist	162	153
Totals	492	502

Summary: Gains, Presbyterian 3, Methodist 9, Loss, Church of Christ 9, Baptist 13.

Is Recovering
V. O. Williams, Jr. who has been ill at his home here, is recovering, his parents stated Monday.

Attorney Sam Robinson was in Quanah Monday on official business.

Mr. and Mrs. Jack Mehars were visitors in Vernon Sunday.

water. "The suds should have enough soap to lather freely," she said. "The wool, about one pound of grease wool at a time, should be carried through three suds, letting the wool soak for 8 or 19 minutes each."

She explained that the wool is agitated in the water by placing in a wire rack and moving the rack up and down. First suds should be 120 degrees F., the second suds 115 degrees, and the third suds 110 degrees. The wool may be put through a wringer or may be wrung by squeezing in a clothes cloth bag. After the wool has been taken through three suds it is rinsed through two waters. The first should be 105 degrees and the second 100 degrees. Any kind of a thermometer may be used to regulate temperature.

She concluded by saying that the wool is spread out to dry, not directly in the sun, but where the air can circulate around it fully. A five pound fleece will usually make a two pound batt.

Smart from the ground up

More and more, women are becoming appreciative of quality. They have learned that character in footwear goes beyond the price tag and that the practice of true economy is in the selection of shoes whose beauty does not fade with a few days' wear.

Prices Range from \$1.98 to \$5.00

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians, being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the latest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

AT THE CHURCHES

CHURCH OF CHRIST
Elder Clyde Embrey, Minister
Preaching at 11 a. m., the minister to speak on "A Tried Faith" Preaching at 7:30 p. m., and the subject for the sermon is, "Baptism of the Holy Spirit."
John Kennedy will direct the song service.
Mid-week devotion: Ladies Bible Class meets Monday afternoon at 2:30.
Bible study and song practice, on Wednesday nights at 8:00 p. m. Everyone is extended a hearty welcome to attend every service.

FIRST METHODIST CHURCH
Rev. R. T. Broadlove, Pastor
The principal service of every church is that of preaching the gospel, and to neglect that in favor of any other thing in the work of the Kingdom is to be sadly negligent in Christian duty. The people should, if they can, attend the services of the church on Sunday, by all means hear the preaching of the gospel of the Son of God. Therefore, unless your duty calls elsewhere, you are cordially invited to hear the gospel preached here on Sunday morning at eleven o'clock, and again at seven-thirty in the evening. There is also a class in a good Bible school for everyone who will attend. It is our purpose to teach the Word of God in its purity. The Young People meet at six forty-five on Sunday evenings. Join with them; there will be a good service with you to help.

FIRST BAPTIST CHURCH
Ira L. Parrack, Pastor
Sunday school, 9:45 a. m.
There will be no preaching service morning or evening as the pastor is out of town, having gone for a visit with his sick mother.
Everyone is urged to be in their place in Sunday school then visit at one of the other churches in town for the preaching service.
The training service at 6:45 with Mrs. Ed Keshalo in charge. Everyone is urged to be on time at this service so they can get through in time to visit other churches for the evening preaching service.
The pastor plans to be back in time for the mid-week prayer-

New Buses Put Into Use

Two large new buses of the Wichita Bus Company visited in Chillicothe Monday at noon. They were on their maiden trips from Wichita Falls to Amarillo. The coaches have individual reclining chairs with Mohair upholstery, interior luggage compartments and well ventilated. They are stream lined, accommo-

dating 35 passengers, and represent an outlay of \$12,000 each. Accompanying the new machines were Fred L. West, general traffic manager, and K. E. Dorsey, general manager, both of Wichita Falls. According to Mr. Dorsey these new vehicles were put on regular schedule between Chillicothe and Amarillo Tuesday.

KING HIGH NEWS

School is out now for cotton picking. The pupils will resume work about November 1.

King High scored heavily at the Quanah festival. King's representative was elected queen over seven other girls. King chorus club won first place in the singing contest, and the Home Demonstration club won many prizes on their exhibit.

The home economics department organized a home economics club the last week of the summer session. The following officers were elected: President, Ruby Mae Brown; secretary-treasurer, Ruth Awalt; chairman of program committee, Adine C'ker; chairman social committee, Cecile Maddox. Miss Edna Ardis is sponsor of the organization.

On Friday night of the last week of school the seniors held a picnic at the school house. Refreshments were served and games were played in the gymnasium. Those present were Mr. and Mrs. Harrison King, Miss Bernadine Gibson, Roy McCollum, Miss Ruby Mae Brown, Troy McCollum, Miss Ruth Awalt, Alvin Simpson, Miss Treasle Turner, Linus Maddox, Miss Dorene Lance, and John Barlow.

Mrs. E. Murphy of the Quanah community, who was until recently Miss Una Ramsey of Chillicothe, spent Monday and Tuesday with Miss Ruth Awalt.

The King High girls were de-

Miss Marine Stevens of Fort Worth, was a visitor in the home of her parents, Mr. and Mrs. W. J. Stevens, this last week-end.

Bill Parker, representative of Olmsted-Kirk Paper Company, Dallas was a business visitor in the city Wednesday.

C. L. Glazener and L. R. Wofford attended to business in Quanah Monday.

ELM GROVE NEWS

Mr. and Mrs. T. P. Elliott were the guests Friday night of Mr. and Mrs. J. H. Taylor.

Mrs. A. J. Barrier had as her guests Sunday afternoon Mr. and Mrs. E. L. Walton.
Thelma Walton visited the Misses Ellen and Imogene Taylor Sunday.

Mr. and Mrs. T. P. Elliott spent Sunday with Mr. and Mrs. Leon Cads.

Walter and Henry Taylor and J. W. Elliott were the guests Sunday afternoon of Mr. and Mrs. W. R. Jay.
Mr. and Mrs. W. R. Jay had as guests Sunday Mr. and Mrs. Jim Word and Mrs. Ethel Gabbard and children.

A large crowd attended church at the school house Sunday night. Rev. Griffin of Odell, a Primitive Baptist minister, preached. School started here Monday.

Mr. and Mrs. Henry Moore and family visited in Duke, Okla., Sunday.

"Daddy" Seibert, living in the Clark community, was here Wednesday to attend trade day.

some twenty-odd years that Mr. Simmons had seen his old friend, C. C. Williams. As a result the occasion furnished considerable reminiscing of experiences occurring years ago.

BIBLE STUDY PROGRAM PLANNED

Members of the Baptist Women's Missionary Society will meet Monday afternoon, October 14, with the following program arranged:

Topic: Revelations; chapters 1, 2, 3; song to be selected; prayer by Mrs. S. H. Williams; devotion, Rev. I. Mrs. Early Hendrick; introduction of Revelations, Mrs. Oliver; dust, Mrs. Wofford and Mrs. Nuckles; five minute talk on the seven churches, Rev. 2, 3:1-7.

The church at Ephesus, Mrs. L. T. Randle.

The church at Smyrna, Miss Ina Bryan.

The church at Pergamos, Mrs. C. B. Haynes.

The church at Thyatira, Mrs. Randal Boucher.

The church at Sardis, Mrs. Harry Norwood.

The church at Philadelphia, Mrs. W. W. Johnson.

The church at Laodicea, Mrs. G. F. Metcalf.

Song.

Prayer by Mrs. S. D. Wainston.

It is urged that each one on the program be present with a prepared lesson.

KING HIGH CLUB MEETING HELD

The Home Demonstration Club of King High met Thursday in the home of Mrs. M. S. McCollum for an all day meeting, the morning was spent quilting.

Plans for "Rose Gardens" was the topic for discussion by Miss Gladie Phillips. The next meeting will be with Mrs. H. M. Hill.

The social hour was spent playing games. Refreshments of punch and cake were served to members and guests; Mesdames J. P. Gray, J. D. Himsinger, H. L. Irvine, D. H. Hinton, F. E. Lambertson, Earl Green, W. A. Lewis, L. P. King, Earl Kennedy, J. S. Osburn, H. M. Hill, R. J. Taylor, Estelle Cain, and the new member, Mrs. Hershell McNabb, and the hostess, Mrs. M. S. McCollum. Guests were Mrs. Carl Green of Quannah, Mrs. Garland Jones, Mrs. Colwell, and Miss Clyde McCollum.

ALATHEAN CLASS MEETING HELD

Regular monthly business meeting of the Alathean Sunday School class of the First Baptist Church was held at the home of Mrs. V. W. Dunn Monday night.

The meeting was called to order by the president, Mrs. Randal Boucher, after which Mrs. Naylo, Pozeue led in prayer. A devotion was read by Mrs. Harry Norwood, found in John, third chapter, from 16 to 21st verses.

The class voted to have a social by taking covered dishes and spend the day, Thursday, October 10, with the former teacher, Mrs. E. H. Tooley, in Vernon.

An assistant teacher was elected

to succeed Mrs. E. Johnston, who is unable to serve in this office further. Mrs. Harry Norwood was elected in her place. Each member voted to be responsible for bringing an absentee back to Sunday school each Sunday during the next month.

Much interest is being shown in the class, with members earnestly striving to work for the Lord's Kingdom, and in urging others to help point the question: "Won't you come and help?"

After the business meeting a social hour was enjoyed by a hot chocolate and cookies were served to the following: Mrs. E. E. McCloskey, Mrs. Harry Norwood, Mrs. Chas. Timmins, Mrs. Helbron Sims, Mrs. Randal Boucher, Mrs. Naylo Pozeue, Mrs. Jim Timmons, Mrs. E. O. Allred, Mrs. Atias Arnold, Mrs. Collie Fish, Mrs. Frank Henry, and the hostess, Mrs. V. W. Dunn, and little daughter.

STUDY CLUB MET AT TIBB HOME

The Blue Bonnet Study Club met October 8 at the home of Mrs. C. R. Tibb. The house was beautifully decorated with flowers of the autumn season.

Study of the Bible was begun with each member answering roll call with her favorite Bible character. Mrs. Graham gave a vision of the lives of the Mary's of the Bible. Mrs. Forbes gave the life of Paul.

The club was favored with vocal music by Mrs. Boston, accompanied at the piano by Mrs. H. Cole.

Lovely refreshments of ice cream and cake was served during the social hour.

Present were Mrs. H. B. Turner, Mrs. R. L. Barlow, Mrs. Carl Davis, Mrs. Kemp, Mrs. B. C. Forbes, Mrs. J. Roy Quinby, Mrs. J. F. Graham, Mrs. R. L. Wickliffe, Mrs. Paul Newsum, Mrs. J. W. Hulsey, Mrs. R. M. Leach, Mrs. Sidney Ayers, guest Mrs. O. L. Boston, Mrs. H. Cole, Mrs. Raymond Touchstone, and hostess, Mrs. C. R. Tibb.

DISTINGUISHED VISITOR HONORED

Honoring Mrs. Volney W. Taylor of Brownsville, president of Texas Federated Women's clubs, and Mrs. W. P. Averitt of Lamesa, president of seventh District Federated clubs, the members of the 1934 club and Progressive Study club entertained with a garden party Wednesday, Sept. 27 at the home of Mrs. S. J. Matthew, 509 West Third at the home of Mrs. Matthew. They were made even more attractive with the addition of cut flowers and beautiful lights.

The tea was very informal, giving each an opportunity to meet and become acquainted with the distinguished visitors.

After a social hour, everyone invited to hear Mrs. Taylor speak at the First Baptist Church. This was an open meeting and a good attendance was present. Mrs. W. O. Neal, president of the 1934 club, presided over the meeting and the following program was given: Introductions and greetings by Mrs. W. O. Neal; response for club women, Mrs. J. M. Rutherford, Chillicothe; vocal selections, Miss Mary Helen Hardin, Chillicothe; Mrs. George Gibson, accompanist; reading, "The Highwayman," Mrs. J. H. Muse, Chillicothe; music, Miss Frances Musick, Quannah.

Mrs. C. E. Davis of Childress brought greetings from the Chillicothe clubs and introduced Mrs. Averitt. This was not the first visit of Mrs. Averitt to Quannah, but it is always with great pleasure that they listen to her talk. She outlined the work for the coming year, and reviewed the things accomplished in the year just closing.

Seventh district has never had a president that has given more generously of their time and talent than has Mrs. Averitt. She is a sincere, earnest speaker with enough humor to make her talks always interesting and entertaining.

Mrs. Averitt introduced Mrs. Taylor, who discussed many things of importance to club women. "The time has come when it is very necessary that all club women have some vital community problem included in their program," she stated. The suggestion made, she touched a responsive chord in hearts of the Quannah women when she suggested that a library was a fine community problem to work for. She was of the opinion that few towns in West Texas had sufficient library equipment. She advised that more women should study government and the making of laws.

Mrs. Taylor is a gifted speaker, widely traveled and a close student of present day affairs. She referred to the existing conditions in Europe and reminded us that their problems today may be ours tomorrow. She closed her remarks by asking that we each "think, talk and teach peace." Quannah Tribune-Chief.

BUSINESS SESSION HELD MONDAY

The Women's Missionary Society of the Baptist Church met Monday afternoon in a business session with Mrs. Boucher, president, in charge.

Mrs. Early Hendrick was asked to teach the Bible next Monday in the absence of the pastor, Rev. Parrack, who was called to Galardo due to the illness of his mother. Mrs. Hendrick is a wonderful Bible scholar, who always brings out new and interesting thoughts from any scripture she chooses.

The meeting was dismissed by a beautiful prayer by Miss Ina Bryan.

The following were present: Mrs. P. G. Turner, Miss Shis, Mrs. Ben Wofford, Mrs. C. B. Haynes, Mrs. Jack Nuckles, Mrs. George Metcalf, Mrs. Frank Henry, Mrs. Ed Kenahalo, Mrs. Early Hendrick, Mrs. L. L. Parrack, Mrs. Randal Boucher, Mrs. C. R. Tibb, Mrs. Ed Gezo, Mrs. Pippin, and Mrs. Ed Gezo.

Miss Ina Bryan.

VOCATIONALLY SPEAKING

Timely Topics as Viewed by Local Instructor of Vocational Agriculture

Prevention of Smut in Wheat

Did you have any smut in your wheat last year or did your neighbor have any, nearby? If so, you had better treat your wheat to prevent smut.

There have been a number of inquiries at the Chamber of Commerce office relative to the best means of controlling smut.

The following is the recommendation given out by the United States Department of Agriculture: Take 2 or 3 ounces of powdered copper carbonate to a bushel of wheat and mix thoroughly until each grain of wheat is covered with the dust. There are several ways of mixing this copper carbonate with your wheat. One way is to place a bushel of wheat in a tub, put two to three ounces of copper carbonate in the tub and mix with a long stick.

Another way is to place wheat in a rotary barrel and mix the copper carbonate. The latter is more satisfactory.

The Vocational Agriculture Department has one of these barrels available that can be borrowed. Caution: Be careful not to breathe the dust coming off during the mixing process. If sufficient amount is inhaled, there is likelihood of poison sufficient to kill.

Wheat, after being treated, is not fit for human or animal consumption.

CARD OF THANKS

For every act of kindness and thoughtfulness during the illness and death of our husband and father, we wish to express our sincere appreciation. And for the beautiful floral offerings we appreciate more than words can express.

Mrs. S. D. King and family.

Turnips, lettuce, carrots, beets and kale are gracing the fall gardens of the Lamb county 4-H girls' club garden demonstrators.

From their earlier gardens, these girls have canned surpluses and even sold some fresh vegetables. Their families have cooperated with them by arranging shelving upon which to store the canned goods. One girl's father has even dug a new cellar.

Mustard, tengerreens, tomatoes, potatoes, and collards are now ready for use in the fall garden plot, and had the ground plowed, manured an pulverized ready for fall garden planting.

In a hotbed covered with canvas for protection against the heat and dry winds, she had tomato and lettuce plants to be transplanted when the rain came.

Just "for luck" in case it did rain, Theresa Iyer, Dallas county 4-H garden demonstrator, "risked" some garden seed in late August. And rain it did. So she now has 500 feet of pinto beans, 400 feet of blackeyed peas, 500 feet of sweet corn, and 100 feet of crowder peas. Carrots, turnips, lettuce, beets and potatoes are coming right along too.

North, south, east, west, Texas home demonstration club garden demonstrators are proving every day that home gardens can be successfully managed in every part of the State. Their families are profiting from their labors, but not their families alone. The whole state is learning from these demonstrations.

YOUNG MEN MAY JOIN ARTILLERY OF U. S. ARMY

RECRUITING OFFICE NEAREST CHILLICOTHE LOCATED IN WICHITA FALLS

Between October 20th and 25th both dates inclusive, there will be a special enlistment for the 77th Field Artillery located at Fort D. A. Russell, at Marfa, Texas, for original enlistments for white.

This is an unusual opportunity for men to receive military training by an entirely new method whereby the time of training is greatly reduced. This Regiment will undertake a training schedule wherein men are given only such training as essential to their functioning in the principal duties of a soldier. The recruits will be given much greater initiative than formerly because those who show ability will be given opportunity to train others in a few weeks. This is the only place in the United States Army where Field Artillery will be trained by this method. This experimental method is to be determined the shortest time in which it is possible to train men for field duty.

The usual method is to place recruits in batteries that are already well trained and let them gradually learn from association with trained soldiers. In the new method there will be very few trained soldiers in the battery giving greater chance for bright men.

In this new method the recruit will be taken to the guns at once and immediately trained in its handling and firing. All frills will be eliminated so that the old "squads east and west" will be a thing of the past in this method. This method was tried some time ago in the Infantry and it is reported to have been a success and very much liked by the recruits.

During the balance of October there will be the usual enlistment for the Army which will be for Fort Sill, Oklahoma, and both re-enlistments and original enlistments will be made for this period.

The number of enlistments for the 77th Field Artillery is limited to 75 for Oklahoma so that the first 75 men who apply between October 20 and 25th will be given such assignment. Those who delay will not get the assignment. It is possible that those vacancies may be filled by October 25th. There are Recruiting Offices at Oklahoma City, Tulsa, Muskogee, and Durant, Okla., and Wichita Falls, Texas.

Mr. and Mrs. E. L. Allen visited in Vernon Sunday.

EAGLES LOSE TO ARCHER CITY IN FIRST LOOP TILT

Upset Gives Count to Wildcats 14 to 7; Eagles to Iowa Park This Afternoon

In one of the early season upsets the Archer City Wildcats turned back the invading, Chillicothe Eagles last Friday afternoon in the first district grid game by the score of 14 to 7.

Coach Jim Muse's eleven was doped to win over a predicted weak team of Wildcats, but instead of being one of the "weak sisters" of the district, those Wildcats settled down into a winning combination, and the Eagles proved victims.

Perhaps matters will be reversed next Friday, but even so the game goes against the local crowd in team standing, yet to win a game this season. Three setts have been played. One was against the Childress Bobcats, the second with Quanah's Indians, both non-conference affairs, and now Archer City had to go and place a smudge against an Eagles eleven. At the moment the percentage happens to be three naughts. However, there may be better days ahead. At least Muse hopes so.

Tonight at 8:00 the Eagles go against Iowa Park. Just how the Buffaloes stack up is a matter of questioning. Last Friday this team clashed with Henrietta with the game ending by no score. So it can prove this: Iowa Park is good enough to keep an opponent from scoring yet lacking enough offense to count. Presumably, Iowa Park is stronger than the Eagles. Does, at least, indicate this much from games played. Therefore, will Muse's eleven manage to shake the jinx and start a winning streak? Team members believe Iowa Park is going to be the start for this change.

It Will Be Tough For Hill's Eleven

Other games set for Friday will find Volney Hill, mentor for the Burk Burnett Bulldogs, taking his pack to Crowell. Past games show the Bulldogs none so strong, having lost to Nocona last Friday by a count of 25 to 9, whereas Crowell was pasting a lost tag onto Paducah by an 18 to 6 figure. Crowell is expected to make his first win in non-conference Hills against Hill's crew.

Archer City plays Throckmorton Friday. Monday will have a non-conference game with Seymour, as will Olney at Graham. Olney has one district win to its credit, defeating last Friday the Throckmorton eleven by a score of 34 to 9.

All in all there will be sufficient competition to afford fans something to talk about.

DISTRICT NO. 5, CLASS B Full Season Standing

Team	G.	W.	L.	T.	Pct.
Archer City	3	2	1	0	.667
Olney	3	2	1	0	.667
Seymour	2	1	1	0	.500
Crowell	2	1	1	0	.500
Burk Burnett	3	1	2	0	.333
Throckmorton	3	1	2	0	.333
Iowa Park	2	0	1	1	.250
Chillicothe	2	0	1	1	.250

Conference Standing

Team	G.	W.	L.	T.	Pct.
Archer City	1	1	0	0	1.000
Olney	1	1	0	0	1.000
Burk Burnett	0	0	0	0	.000
Crowell	0	0	0	0	.000
Seymour	0	0	0	0	.000
Iowa Park	0	0	0	0	.000
Throckmorton	1	0	1	0	.000
Chillicothe	1	0	1	0	.000

This Week's schedule
*Chillicothe at Iowa Park (Thursday Night)
*Burk Burnett at Crowell
*Arche, City at Throckmorton, Monday at Seymour
Olney at Graham.

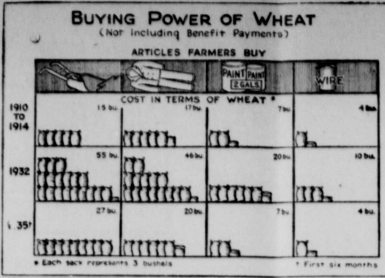

Last Week's Results

- *At Archer City 14, Chillicothe 7.
 - *Olney 34, at Throckmorton 0.
 - At Crowell 18, Paducah 6.
 - Nocona 25, at Burk Burnett 0.
 - Haskell 19, at Seymour 6.
 - Iowa Park 0, at Henrietta 0.
- *Denotes conference games.

Move to Quitaque

Mr. and Mrs. O. T. Murphy, former residents of Chillicothe, have moved to Quitaque from Lamesa. Mr. Murphy will be superintendent of the Texas Compress and Warehouse Company, the same position he held while in Chillicothe.

Paskell Kimbrow, a teacher in the Farmers Valley school, was a guest Sunday of Miss Dona Mae Dunlap.

THE sacks of wheat show how higher wheat prices are giving farmers more purchasing power, even without counting the adjustment payments. They show that when wheat was at a fair exchange value before the war, 15 bushels would buy a plow. In the depth of the depression in 1932 it took 55 bushels to buy the same plow, but in 1934 a farmer could buy the same plow with the money from 27 bushels of wheat. The sacks of wheat in the other squares show the purchasing power of wheat in terms of a suit of clothes, paint, and barbed wire.

Condition Serious
B. M. Gentry, justice of the peace, in ill health for sometime, became worse, this last week when he accidentally fell. He has been troubled with rheumatism. The children who live elsewhere, have been advised to come to be at his bedside. The judge has reached the age of 84 years.
Claude Heath was in the city Tuesday from Childress.
Mr. and Mrs. Eli Davis and Mr. and Mrs. Joe Bob Dodson were Vernon visitors Sunday.

HARDEMAN TAX FIGURES CITED BY CARPENTER

Average Per Capita Indebtedness of Local Units \$115.10

AUSTIN, Oct. 9.—"Each person in Hardeman county would owe \$84.80 if the \$1,232,309 debt of all the taxing districts in the county were distributed evenly," said State Auditor Corvillie S. Carpenter today about a recent survey.
"Average per capita indebtedness of all local units of government in Texas is \$115.10. Hardeman county's debt is less than this figure. Debts range from \$13 average for each person in some counties to \$400 or \$500 in others," Mr. Carpenter said, concerning a recent report of the State Auditor on "Taxes and Indebtedness of Local Units of Government in Texas for 1934."
"Nearly twenty million dollars worth of property or an average of \$1,374.54 for each person, is listed on the rolls of tax districts

in Hardeman county," he stated.
This \$19,374,800 worth of property is assessed at an average of 40 per cent of its true value. Other counties have assessment bases ranging from 20 to 100 per cent of their property value," Mr. Carpenter explained.
"Taxing units considered in Hardeman county were school districts, cities, and the county itself. The largest item in the Hardeman county debt was county road and bridge bonds and warrants \$42,194," Mr. Carpenter added.

Moves to Vernon
M. T. Jones, former postmaster with Mrs. Jones, moved to Vernon Monday where they are to make their home. Mr. Jones recently sold his home place here to K. G. Davis. Their many friends regret they are leaving Chillicothe, but in as much as they will be nearby, know the couple can return here quite often for visits.

Is Representative
Lubbock, Oct. 9.—Anne Ruth Williams, Texas Technological college student from Chillicothe, was named freshman representative to the Student council from the home economics division at a convocation held recently to elect class officers.

IT PAYS TO ADVERTISE!

WITH THE HOME DEMONSTRATION CLUBS.....

Fifteen Althea bushes which have bloomed twice already from fifteen cuttings put out last March was the report of Mrs. Calvin Walser of the Bailey High home demonstration club given to the home agent, Elsie Phillips.
"The cuttings were put out in a cutting bed and well cared for," said Mrs. Walser, "and it is to that, that I credit my success." She also put out two lilacs and two roses. The roses were not placed in the cutting bed and did not live.
Twelve Cherry trees were also put out with all trees still living.
From one hundred feet of carrots which were irrigated Greta Horton, garden cooperator of the Williams High 4-H club has supplied the family with carrots since June and there are still lots of carrots.
"I have made four pints of sandwich spread for my school lunches," said Greta, "and I plan to can some for winter use."

(Continued from Page 1)

service this windbreak did in crop protection, was on July 25, 1934, when we had a hot wind which swept all over the country, and which almost ruined the corn crop. Our corn in these protected fields yielded us an average of 28 bushels per acre. The south half of each field furnished a better yield than the north half. Outside of this windbreak the corn yielded all the way from five to fifteen bushels. The windbreak caused an increase in yield a great many times later on and I believe that there was an article in the Nebraska Farmer some twenty or twenty-five years ago, stating results that were closely checked out.

"I know of a farm near Plain view, Neb., owned by Ed Baker which has a tree strip along the south side of one hundred and sixty acres, which in 1918 yielded 35 to 40 bushels of corn per acre, north of this windbreak on some sixty acres while the rest of his corn which was altogether unprotected, by any windbreak, yielded only fifteen bushels per acre; and again in 1927 he had the same results on the same land. These are concrete cases.

"I have noticed this benefit practically every year that there has been any injury to the corn

crop, for all the fifty-four years I have lived in Nebraska." Signed Geo. A. Marshall.

A partial list of those in Willbarger and Hardeman counties who have signed up with the Forest Service to protect their lands follows:

- B. E. Riley, Quanaah, 1/2 mile;
- R. P. Turabough, Quanaah, 1/2 mile;
- M. S. Winbury, Quanaah, 2 1/2 miles;
- W. A. Moseley, Quanaah, 1 mile;
- Mrs. Eddie C. Forbes, Chillicothe, 1/2 mile;
- Mrs. Belle Sager, Chillicothe, 1/2 mile;
- Mrs. Jane E. Potts, Chillicothe, 1/2 mile;
- Mrs. Willie E. Parsley, Vernon, 1/2 mile;
- Mrs. Jennie Hughes, Vernon, 1 mile;
- H. F. Easley, Quanaah, 1/2 mile;
- J. J. Moran, Chillicothe, 1/2 mile;
- W. W. Wefer, Chillicothe, 1/2 mile;
- E. I. Firtz, Quanaah, 3 1/2 miles;
- Mrs. J. C. Barnes, Quanaah, 1/2 mile;
- W. C. Howard, Quanaah, 1 1/2 miles;
- J. E. Baker, Quanaah, 1/2 mile;
- T. F. Reilly, Chillicothe, 2 miles;
- Homor C. Farrington, Chillicothe, 1 mile;
- J. L. Potts, Chillicothe, 1 mile;
- Dr. B. D. Pfenkun, Vernon, 2 1/2 miles;
- T. H. Davison, Chillicothe, 1/2 mile;
- P. L. Moffett, Chillicothe, 2 1/2 miles;
- P. N. Durham, Chillicothe, 1/2 mile;
- C. P. Sandifer, Crowell, 1 1/2 miles;
- E. R. Maginnis, Quanaah, 1/2 mile;
- J. L. Grisham, Quanaah, 1/2 mile;
- Mrs. Martha L. Murrell, Quanaah, 1/2 mile;
- Mrs. Lillian D. Wright, Quanaah, 1/2 mile;
- R. B.

Allen, Quanaah, 1/2 mile; Mrs. Ellen Worley, Rt. 1, Chillicothe, 1 mile; Mrs. Mary T. Archer, Rt. 1, Chillicothe, 2 miles; J. N. Wright, Vernon, 1/2 mile; H. T. Cardwell, Vernon, 1/2 mile; E. W. Oliphant, Quanaah, 1/2 mile; P. H. Hines, Rt. 3, Kirkland, 6 1/2 miles; Mrs. Clara Mae Chandler, Odell, 1/2 mile; J. P. Carmichael, Vernon, 1/2 mile.

The above is a partial list of applications which have been signed up by Mr. Kemp who states that these have had the approval of the Regional office in Lincoln as well as the State office in Wichita Falls, and in many of these cases the survey crews have already set their stakes defining the areas of each tract. Kemp also states that he is setting fairly well up to his quota for this year's planting and urges any land owners of the sandy soils, who feel they will be interested in this conservation program of the Forest Service communicate with him or with their county agents.

Trees to be used in these plantings are being grown at the nursery at Chillicothe from seed collected from parent trees in Hardeman and Willbarger counties. By Mr. Carl O. Davis, nursery man. Of these there are some 20 varieties, all well adapted to prevailing local conditions.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN—Speaker Coker, Stevenson of Junction, broad-shouldered and broad-minded, lectured extremists on both sides of the wet and dry question last week-end, after a week of futile debate on a whisky bill, warning them that liquor legislation would never be enacted by radicals of any view, but must be worked out by compromise. He warned that severe criticism from press and citizenship would follow failure of the legislature to enact any of the four major questions submitted by Gov. Alfred—liquor control, fee abolition, old age pensions and revenue. As the legislature went into its last week of the special session, it appeared doubtful if final enactment on any of the four would be reached, with liquor control having the best chance.

It was certain at this stage that if and when liquor control laws are passed, the open saloon and very probably any legal sale by the drink are doomed. Drys would overwhelmingly in the senate, which passed Clint Small's unbroken package law, and they

Free Clinic For Crippled Children To Be At Wichita Falls

On Tuesday, October 22, from 9 a. m. until 5 p. m., the principal physicians and surgeons of the Texas Scottish Rite Hospital for Crippled Children, Dallas, Texas, will be in Wichita Falls at the First Methodist Church to hold a clinic for the benefit of the crippled children of this district. It is earnestly requested that friends knowing of any crippled children under the age of fourteen years, regardless of race, religion or fraternal affiliations, will see that they are sent to this clinic. The age limit is fourteen—that is they cannot be more than thirteen

years old and they must be children of parents who are not financially able to pay for proper medical attention. There will be no charges of any kind for the children brought in to see if they can be helped. It will not be necessary to file applications. The Texas Scottish Rite Hospital for crippled children was built twelve years ago, and since then 20,000 children have been treated, coming from 759 Texas towns. From this section 211 have been cared for. Less than 2 percent of these children are from

homes of Masons. They are taken without regard to race, religion or fraternal affiliations. Much time and expense can be saved if you will help send the crippled children of your district in on that day for examination. The clinic will be under the supervision of Dr. W. B. Carrell, Chief Surgeon of the Texas Scottish Rite Hospital for crippled children, and his assistants. October 22, 1935, will be known as Crippled Children's Day in the Wichita Falls area. On Tuesday night, October 22, 1935, at 8:00 o'clock there will

be an entertainment in the Memorial Auditorium of Wichita Falls which will be free and open to the public. Prominent Dallas men including those on the staff of the Texas Scottish Rite Hospital for crippled children, will make talks. Anyone knowing of a crippled child near Chillicothe, that is in need of treatment or attention of any kind, and does not have sufficient funds to have the work done, should get in touch with some member of the local Masonic Lodge. Van B. Hill is Worshipful Master and Roy W. Sutpon, secretary, of the Chillicothe lodge

held the upper hand through last week's debate in the house. Incidentally, the young liberals in the house, including Emmet Morse of Houston and Red Harris of Dallas, and Senator Welly Hopkins of Gonzales learned, to their apparent dismay, that the people of Texas voted last Aug. 24 "against the open saloon" as well as "for repeal of prohibition."

Dr. and Mrs. G. V. Rice have returned to their home in Okmulgee, Okla., following a week-end visit here with Mrs. Rice's mother Mrs. J. M. Rutherford.

Small Bore—

Match No. 1. This will be given a 10x shoulder brassard, the same as offered in match No. 1. Entrance fee 50c.

Match No. 2. This will be the aggregate of your scores in matches No. 1 and No. 2. There will be no extra charge for participation in this match. First prize, 30 percent of the gross receipts for matches No. 1 and No. 2. Second prize, 500 Long Rifle cartridges.

Match No. 4. 10 shots for record at 25 yards. For ladies and boys only. This is a very fine target for the ladies and Junior shooters. Bring your wife or boy and let them try it. One sighting target. Two shots on each bull of record target. Entrance fee 25c. First prize, merchandise, second prize, merchandise.

Precautions—

(Continued from Page 1)

Heaters should be at least four inches from walls.

Open gas heaters should be protected with screen guards to prevent clothing from swinging into the flame and to protect children. Masquerade and similar easily ignited costumes should be particularly guarded around open flames. Keep curtains, draperies, and similar inflammable materials away from heaters. Wind may blow them into the flame or they may become overheated and

ignite. It is unhealthful to live in a single tightly closed, unventilated room, and bedrooms or other quarters should never be closed up tightly with an open flame heater burning. Heaters should be vented, and homes should be properly ventilated to protect health and avoid accidents. If escaping gas is detected, extinguish all nearby flames at once. Open all doors and windows. Close all gas valves and cocks. Shut off gas at meter. Notify gas company. Allow no flames of any kind to be brought near leak, until it has been repaired.

Remember, natural gas is as safe as any other fuel if properly used, but do not be careless with this or any other type of fuel.

G-Men—

(Continued from Page 1)

cal authorities they state that the family which huddles in one room over an open flame heater with the windows tightly closed is inviting disaster. An even heat throughout the entire house is said to be one of the best protections against colds, while to pass from a hot room into a cold hallway is an invitation for the deadly cold and pneumonia germs to strike.

The common cold is costing the American public hundreds of millions of dollars yearly and doctors have found that one of the most fertile breeding grounds for this germ is the stuffy, overheated, poorly ventilated room. It is for this reason that the gas com-

INSTALL CONTROLLED WINTER COMFORT NOW

THE BETTER WAY TO HEAT

Don't delay—cold weather will soon be here, and you'll need the comforting warmth of "Controlled Winter Comfort". Have a Gas Company representative survey your home now for the installation of this improved heating method. Automatic controls regulate the temperature in your home. You get a uniform circulating warmth. There is less danger of colds because there are no sudden temperature changes—no cold zones.

It's economical. The heater burns only enough to maintain the temperature you have chosen for comfort. Ask a Gas Company representative to call on you today.

Controlled Winter Comfort may be purchased for as little as

\$1.95
