Wet Weather Hinders Harvest And Ruins Stored Cottonseed

Once again weather conditions brought Mitchell County's cotton harvest to a halt when five inches of snow fell Saturday and Sunday, leaving 45 of moisture behind.

Cotton producers report a very marginal crop this year.

Dickie White, who farms in the northern section of Mitchell County, said he is harvesting an average of one-fifth bale of cotton to the acre.

He noted during last year's bumper crop, he harvested about one and one-eighth bale of cotton per acre.

Whereas last year, a bale of cotton resulted from about 2,000 pounds of harvested cotton, this year 4,000 pounds of harvested cotton are required to produce one bale, White said.

Ed Kemp, who farms in the southern section of Mitchell County, said his production this year is averaging one-sixth of a bale of cotton per acre.

During last year's bumper cotton crop, Kemp said his fields averaged about a bale and two-tenths to the acre.

The reason it is necessary to harvest twice as much cotton to produce one bale, according to Kemp, is the large amount of trash gathered with the cotton.

White said, because of the early freeze, leaves which normally drop off of the stalk, stayed on the stalk and were picked up by the stripper.

Kemp also noted Fall rains brought out a second growth of young leaves and new branches, which added extra foliage to the harvesting situation.

Producers are being doubly hit by the late rains this season.

Cotton farmers who are planning on saving seed from their 1980 crop should be sure the seed is high in germination and low in free fatty acid.

The problem is under consideration at Custom Ag in Loraine, Glenn Reynolds, traffic manager and sales coordinator announced.

"This is a real factor in Mitchell County. We have tested between 500 and 600 samples to date and all have tested from 1.0 to 1.8 percent," Reynolds said.

"Free fatty acid is a by-product of seed deterioration, so its content in seed should not be more than one percent," Reynolds cautioned.

"Most farmers check germination closely, but may not be aware of the importance of the free fatty acid content, Dr. James Supak, area cotton agronomist for Texas Agricultural Extension Service, said.

"Seed exposed to long periods of wet weather prior to harvesting or subjected to poor storage after harvesting will generally have a high acid content, indicating seed deterioration, Supak said.

The acid content of cottonseed may be especially important on the portion of the crop

that was drought stressed and was still in the fields or in modules during the snow and rain this Fall, explained Supak.

Cottonseed delinting plants commonly use the one per cent level of free fatty acid as the breaking point in saving or rejecting seed for

planting purposes, he said.

"Seed with a high acid content often shows a high germination test, initially, but these seeds will deteriorate rapidly in storage and germination will drop, Supak said.

"Of course, a low acid content does not insure

top quality seed. Immature seed may be low in free fatty acid content," he noted.

"If a farmer plans to catch seed to plant next year, he needs to be sure the seed is good just before planting it," Reynolds stated.

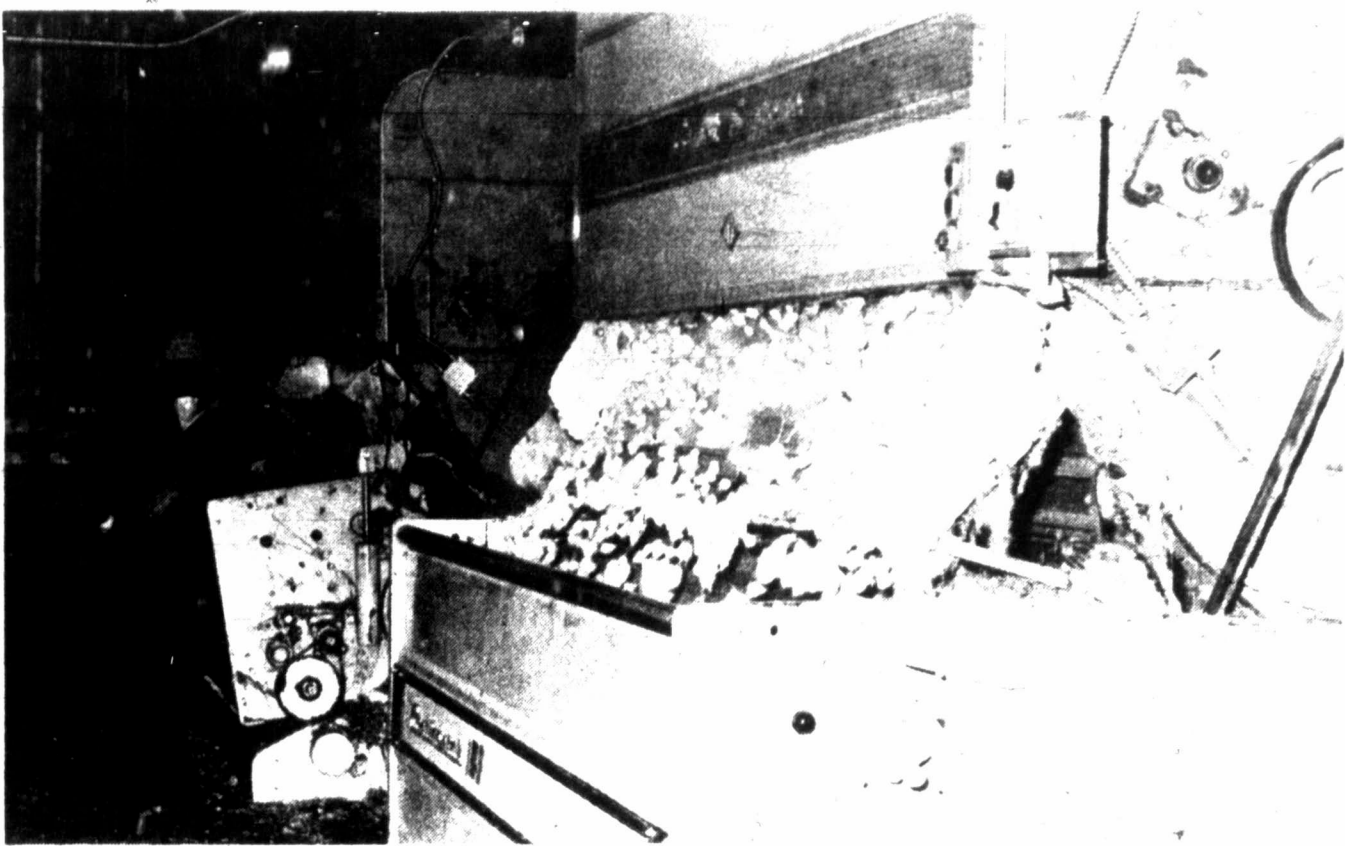

He noted, of the seed samples tested at Custom Ag to date, there have only been "mediocre" samples and no "good" samples tested.

Supak advised producers against saving cottonseed for planting that has 1.5 per cent or more free fatty acid. Seed delinting companies can assist producers in obtaining an acid test on their planting seed, he noted.

Producers are invited to bring samples of their catch seed to Custom Ag for testing, Reynolds said.

This is a free service and can prove very valuable for producers, he stated.

For more information, producers may contact Reynolds at Custom Ag by phoning 737-2274.

AREA PRODUCERS ARE FINDING it takes almost twice as many trailer loads of cotton delivered to gins to produce the same size bale of cotton as it did last year. This doubles ginning costs, but cotton buyers are only paying about two cents per pound more than producers received last year. Under normal circumstances, seed separated from the cotton can be sold to the gin for enough to pay for ginning. This year, it is costing the average producer from \$12 to \$15 a bale over the sell of seed to gin.

Local Citizenry Responds To Iranian Release Of Hostages

Exactly 444 days from the time 52 American were taken hostage in a country named Iran, they were allowed to board airplanes and head for freedom.

Across the nation, Americans celebrated the release of the hostages in different manners.

One person in Colorado City tied a bright yellow ribbon around a downtown power pole, while many others said silent prayers of thanks.

The Colorado City RECORD took to the streets to interview the people of the city about their opinion of the current hostage situation.

Questions asked were, "How do you feel about the hostages being released in Iran?" and "Are you in favor of the

United States releasing Iran's money?"

Most persons were very happy that the 52 Americans have been sent home, but there were some doubts expressed that the United States should release the Iranian assets.

Mrs. Ida Kirschbaum of 604 E. 9th said, "I've been praying for all those hostages and I know that their parents and loved ones are very happy to have them home."

She also stated she has a son in the service and could sympathize with their parents.

She said she didn't know when they would be home. "I'm not so much for giving them (Iranian) money, but I'd give it to them to get the boys home," she said.

T.J. Jefferson, residing at Rt. 3 Box 156, was happy about the hostages coming home but said, "It is about time."

"I was never really sure the hostages would ever be released," said

Betty Williams of Rt. 3.

She added, "We had to make sure that we got the hostages, but money isn't of any value compared to their lives."

Mrs. Gladys Howard of 736 E. 6th remarked, "I am proud and tickled pink."

Sam Houston of East Eighth Street stated, "I am glad that the hostages are out of Iran." He believes this situation went too far and we (the United States) should have done whatever was necessary to save them.

Two Shotgun Blasts Injure Local Woman

Shotgun blasts sent a Colorado City woman to Root Memorial Hospital with multiple wounds early Sunday morning.

Helen Espinoza, 31, of 712 Oak St., received wounds to the face, chest and arms as she stood in the door of her home Sunday just after midnight.

Assistant Chief of Police Jimmy Roundtree reported a call was received at the station at 12:04 a.m. Sunday.

The caller reported a disturbance and requested an ambulance be sent to the Oak St. address.

Roundtree said when he arrived at the scene, he was told Mrs. Espinoza had been taken to the hospital by private vehicle with gunshot wounds.

Alleged witnesses to the shooting were questioned by police. Roundtree said appar-

ently a party was in progress when an argument broke out between several persons.

Police Check Theft

Colorado City Police are investigating an apparent auto burglary which occurred at Britton Diesel and Automotive Service at 230 West Second Street this weekend.

Police received a report at 4:35 p.m. Saturday that a 1978 Freightliner truck - tractor, which was parked at the business with doors locked, had been burglarized sometime between 8 p.m. Friday and 8 a.m. Saturday.

Entry was apparently gained to the truck through a door, at See THEFT Page 3

He said witnesses alleged one man left the party and returned a short time later and sat in his car in front of the house.

Still another argument allegedly broke out between the man in the car and persons standing in the yard, Roundtree said.

Roundtree said witnesses reported two shotgun blasts allegedly came from the car window and the car sped away.

The blast allegedly missed the persons in the yard and struck Ms. Espinoza, who was standing in the door of the house about 25 feet away from the car, he said.

From descriptions of the accused man and car given by alleged witnesses, Roundtree said he had a county-wide alert broadcast dispatched. See SHOT Page 3

Bale Count

Mitchell County Gins have been cut down quite a bit because of the wet weather.

The following gins reported: Buford Co-Op Gin reported 1,800 bales ginned and 150 bales on the yard.

China Grove Co-Op reported 2,825 bales ginned and 600 on the yard. Half of this amount was produced in Mitchell County.

Colorado Gin Company reported 915 ginned and two on the yard.

Farmers' Gin reported 1,063 ginned with none on the yard.

Loraine Co-Op Gin reported 3,743 ginned with 336 on the yard.

Mitchell County Gin reported 2,062 ginned and none on the yard.

Westbrook Gin reported 1,255 ginned and one on the yard.

Producers Co-Op Gin reported 3,371 ginned and none on the yard.

This brings the total ginned bale count to 15,821 with 789 bales on the yard making a total Mitchell County bale count of 16,610.

Famed Magician To Appear Here

The "Story Revue" is coming to Colorado City Feb. 27 in the high school auditorium.

Making the unbelievable come true, is what Magician Fred Story and Company have been doing for the past 25 years, Gary Harkins, chairman of the Optimist Club Magic Show Committee, said.

"I am happy that such clean entertainment as the 'Story Revue' is available for my family," he noted.

"This is wholesome family entertainment and has my personal endorsement and appreciation," Harkins said.

The show lasts a full 90 minutes and during the performance the days of Keller, Blackstone, Thurston and Houdini will return for a brief time, he said.

For skeptics, a committee from the audience will be invited on stage to assist in the performance of the famous Houdini Trunk.

The veteran performer of stage and television will bring his talent and mysteries to Colorado City on Feb. 27 to thrill young and old alike, Harkins noted.

A NEAR MISS was as good as a full tackle in this action shot from the Optimist Bowl football game. Coaches' Critics (black uniforms) defeated Grandstand Officials 7-3 in Saturday's play.

Do-Si-Do Dancers To Meet

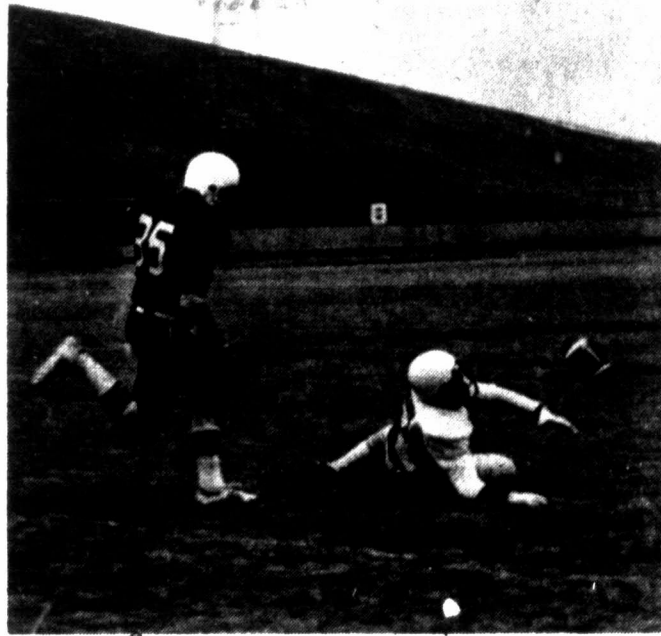

Do-Si-Do Square Dancing Club will meet for their regular dance Saturday at the Boys' Club building at 3rd and Chestnut Streets with C.L. Woods calling.

Woods said, "For lots of fun and good exercise, try square dancing. It will take your mind off your troubles and relax you."

On Saturday, Jan. 31, the club will have its annual membership dance and salad supper. There will be a "Round Robin" calling for this dance, said Wood.

Square dance lessons will be offered in February on Thursday nights with beginners' lessons from 7 p.m. until 9 p.m. for \$30 per couple for 15 less ones. An advanced workshop will follow from 9 p.m. until 10 p.m. for \$20 per couple for 10 lessons.

Anyone interested in any of the lessons are asked to phone 728-2749 or 728-3853 after 6 p.m.

JUST LIKE the Dallas Cowboys, everybody was after the illusive ball in Saturday's Optimist Bowl football game.

"Critics" Capture Optimist Bowl

By LULU TURNER
Cold weather may have kept some spectators from the Second Annual Optimist Football Scholarship Bowl Saturday, but it didn't stop the Coaches' Critics from defeating the Grandstand Officials by a narrow margin of 7-3 Saturday afternoon in Wolf Stadium.

All the players displayed enthusiasm and the drive to win as they battled to the last 15 seconds of the game with neither team giving an inch. The change of time from a night game to an afternoon was made in hopes that it would enable more to attend the game without cold weather keeping them away. As mother nature would have it, temperatures were down in the 30's all afternoon.

A near miss of a field goal attempted by the Coaches' Critics left both teams scoreless at halftime. Most spectators may have thought the game was over when Ronnie Wilson of the Grandstand Officials scored a field goal in the third quarter and held the Coaches' Critics to a scoreless quarter.

With approximately three minutes left in the game, a fumble sent Blake Hammond over the line for a touchdown for the Coaches' Critics and Jimmy Shoemaker kicked the extra point, bringing the final score to 7-3.

Players and coaches are already discussing what they are going to do in preparation of next year's game.

Rebate Figures Increase

Colorado City received almost twice the amount of one per cent sales tax rebate from state coffers for the period ending Jan. 15 as they did for the same period last year.

This large increase was not attributed to an increase in sales, but to the revision of the computation and rebate policies at the state level.

Colorado City received a net payment for this period of \$11,632.43, as compared to net payment for the same period in 1980 of \$5,611.98. Total 1981 payments to date are \$11,632.43, compared to total payments in 1980 of \$5,611.98. This represents an increase of 107 per cent.

Coahoma reported net payments for this period of \$2,162.13, as compared to net payment for the same period in 1980 of \$1,115.48. Total payments to date in 1981 are \$2,162.13, as compared to total payments to date in 1980 of \$1,115.48. This represents a 93 per cent increase.

Doyle & Hernandez Are United

Mr. and Mrs. Tommy E. Doyle are making their home in Sweetwater after their marriage at 2:30 in the afternoon of Jan. 10.

Ira Purdy of San Angelo led the couple in double ring vows read in the home of Mr. and Mrs. John [Bud] Collier in Sweetwater.

The bride is the former

Becky Hernandez, daughter of Mrs. Esther Hernandez and the late M.L. Hernandez. The groom is the son of Mr. and Mrs. Jasper Doyle of Lorraine.

Given in marriage by her cousin, Arthur Gaeta of Eastland, the bride wore a floor length blue gown and carried a bouquet of daisies.

For wedding traditionals, for something old she wore her mother's family ring, something new was her dress, something borrowed was a ring from Mrs. Kenneth Crow and for something blue was her garter.

Rosi Rodriguez, cousin of the bride, was her attendant. She wore a floor length blue gown and carried carnations. Chester Collier, brother-in-law of the groom, served as best man. Brenda Lee of Lorraine presided at the registry.

Immediately following the ceremony a reception was held in the Collier home. The wedding cake, made by Mrs. Collier and Mrs. Elvie Smith, was served with punch, mints and assorted nuts by Gloria Hernandez, sister of the bride and Mrs. Gil R. Gaeta, aunt of the bride from Eastland.

It pays to know how much it costs to wash a load of clothes...

...or cook a meal, or dry your hair, or build a bookcase, or heat and cool your house... or do any of the things you use electricity for today.

Most of us use more electricity than we realize, and it all adds up. But knowing how much it costs to use each of your appliances can help you save. Think about it—every time you flip a switch you're spending money.

If you want to know more, call Texas Electric. We think you'll find it pays to know.

Texas Electric Service Company

B. B. HARDEE, Manager Phone 728-2331

You see it everywhere.
You've probably used it.
But how much do you know about the company behind it?

UPS has applied for intrastate operating authority in Texas.

(Right now we only have interstate authority. We're only permitted to handle parcels coming into or leaving Texas*)

If our application is granted, you'll be able to send a package by UPS to any address in Texas—as well as anywhere else in the continental U.S.

You'll also be seeing even more of our shiny brown vehicles.

So we thought you might like to know a little more about us.

A LITTLE HISTORY AND GEOGRAPHY

UPS got started in 1907 when a couple of young men began doing local deliveries in Seattle. Today UPS is still employee-owned, with most of our stockholders actually managing and supervising the company.

Our headquarters are in Connecticut, but our operations are national. In fact, we have more employees in Texas than in Connecticut.

SERVICES
UPS covers the country. If you can get there by road, UPS will pick up and deliver.

Our economical rates include damage or loss protection up to \$100 per package, proof of delivery, and return of undeliverable parcels, all at no extra cost.

Most of our business comes from

*Exception: UPS does pick up and deliver packages within the exempt local commercial zones surrounding Austin, Dallas/Forth Worth, Houston, and San Antonio

UPS goes everywhere there's a road. The smallest Texas town we know of has 4 people, 7 cats and UPS service.

commercial shippers. But if you want to send just one package, you'll pay the same package and poundage charges as somebody who sends out hundreds.

Our biggest competitor is the tax-subsidized U.S. Postal Service.

THE SYSTEM

Over 1000 UPS centers around the country are linked together by a system that's been continually expanding and improving for 70 years.

As a result, we provide next day delivery within a minimum of 150 miles, and equivalently prompt delivery to further points.

We deliver over 5 million parcels daily, with almost 300,000 in Texas.

Martin commented, "The girls never quit

and stayed until the final buzzer sounded."

He also stated, "Our team has a super attitude and if we could only win one district game, we could win them all."

January, so far, has been quiet and rather restful after so much activity in December.

We have a new member on our staff, Mrs. Pat Lindsey, working in the nursing department. We are very glad to have her.

Rosie Rosas has moved up from Activity Assistant to Activity Director and she has done a great job. Also, we are

glad to welcome Dorothy Merket back as our new Director of Nurses.

Our monthly church schedule is as follows and anyone is welcome to attend: Sundays at 2:30-3 p.m., first Sunday of each month, Baptist Church; 2nd Sunday, Methodist Church; 3rd and 4th Sundays, Rev.

Bill and Beulah Stanley and 5th Sundays, Rev. and Mrs. W.E. Oakes.

Every other Saturday Lloyd Hair does a great service by teaching Bible class. Anyone interested in coming is welcome.

Mr. and Mrs. Virgil Eaton are two of our great volunteers who

just celebrated their 50th Wedding Anniversary. All our staff and residents being aware of it decided to congratulate them with a lovely gold vase from "The Pillow Place," a gift shop owned by Calvin Forbus in Loraine. Their pleasure over it was our reward. They

are so great to help us all week when we need them.

We want to thank Vida Alsbrook and Ethyl Duncan for the donation of clothes. Thanks also to Ila Walker for the puzzles and to Mrs. Faye Madwell for the magazines.

Everyone was need-

ing 1981 calendars and Mrs. Roy Holland and Ruth and Virgil Eaton supplied us with some. It was very thoughtful of them.

Visiting with one and all was Doyle and Irene Hester.

Sella Hamilton had her son, Darwin Hamilton from Albuquerque.

N.M., and Mr. and Mrs. Leland Hamilton and their daughters, Brenda and Julie from Andrews and her sons, Lynne and Harris of Loraine, visit her often.

Mary Howard was visited by her son, John Howard from Colorado City.

Ethyl Kinder has had

a great number of out of town family visitors whose names I did not get.

Doris Graham comes often to see her mother, Mrs. Annie Landry.

We are planning our next family dinner on Thursday, Feb. 12, and will have our Valentine decorations up by then.

Game Club Meets

Mrs. Ida Baird hosted the regular meeting of the Loraine Game Club on Tuesday evening, Jan. 13.

Three tables of 42 were played and refreshments served.

Present were Mr. and Mrs. Floyd Coffee, Mr. and Mrs. Doyle Hester, Mr. and Mrs. Jack Linnam, Mr. and Mrs. Willie Taylor, Mr. and Mrs. J.M. Templeton, Mrs. Syble Walker, Mrs. Irene Stewart and Mrs. K.L. Taylor.

Comptons Return To Loraine

Mr. and Mrs. Shep Compton have moved back to Loraine from Hereford where they have lived the past eight years.

They moved into their home on Lightfoot Street, which has been occupied by Mr. and Mrs. Mike Hartman and family. The Hartmans moved to the Gene Stewart place southeast of Loraine.

While away, the Comptons three, now grown, children have made changes. David got a degree from Texas Tech and married. He now lives in Dallas. Kevin also received a degree from Tech last year and works in Lubbock and Kim is now a sophomore at Texas Tech.

Shep went to work Monday for David Hines Oil Company out of Snyder.

Taylor Presides At Meet

The Loraine Business and Professional Women met for the membership tea in the Loraine Lions Club building Monday night.

Mrs. Louise Taylor, president, and Mrs. Billie Ruth Tartt were hostesses for the meeting.

Dorothy Johnson told the ladies about her and Dr. Bruce's recent trip to China. She displayed posters, a bamboo cat, lovely silk roses and many other beautiful things that she brought home with her. She also showed slides of the many interesting places which they visited from Hong Kong, Canton, Hangchow, Nanking, Shanghai, Peking, the Great Walls of China and back to Hong Kong.

Present were Mary Coffee, Faye Lee, Pauline Liles, Inez Thomas, Nina Meadows, Wanza Graham, Betty Mahan, Pam Butler, Louise Holland, Ruby Lee Small, Doris Henderson, Margaret Brame and Penny Mitchell.

Religious Book To Be Donated To Mitchell County Public Library

The Marantha Study Club met Jan. 15 in the home of Mrs. Wilfred Fox.

The meeting was opened with a prayer and the pledge of allegiance. Mrs. Fox, president, conducted the business session of the meeting. The club voted to donate \$5 to the Woodland Activity Center and

they also discussed placing a religious book in the Mitchell County Public Library. Billie Martin and Dona Reed were appointed to secure the book for that purpose.

Get-well cards were signed by each one present to be sent to the sick members.

The roll call was answered by each one present stating a desire to be a better person and a better neighbor.

Mrs. Martin gave the program as she read Psalm 104 from the Bible. The program was given by Edna Pace, "How The Helper Meets Our Everyday Needs." She referred to the helper as being the Holy Spirit and how He saves us time.

She said that we need the practice of daily experimentation in hearing the Spirit's voice, since not all the inner desires, urgings and ev-

en voices are from God. In conclusion, Mrs. Pace said nothing will strengthen our faith and convince us of the tender love of God and His concern for our lives as

this daily walk in the Spirit.

Present for the gathering were Mrs. Fox, Martin, Fred Smith, Lonie Pruitt, Pace and Reed.

The market at Colorado City Livestock Auction was fair on a run of 785 cattle at its sale Saturday, Jan. 17, according to Bob McClure, market reporter.

He said that stocker and feeder cattle were off about \$1 to \$2 per hundred and pair and springer cows were up \$25 to \$50 per head.

He gave the following report:

Cows: fat, \$40.50-\$44.25; cutters, \$39.50-\$43.60; canners, \$35-\$39; and stockers, \$475-\$600 per head.

Bulls: bologna, \$52-\$56 and stockers, \$60-\$66.

Stocker steer calves: choice, \$80-\$86; good, \$76.50-\$80 and medium, \$70-\$75.

Stocker heifer calves: choice, \$72.50-\$75; good, \$68-\$70 and medium, \$61.50-\$68.

Letter To The Editor

Dear Editor: Everybody needs to drive down 12th Street, west of the Colonial Food Store; if it isn't blocked by pickups, trucks, tractors and other machinery, it is filled with big open holes and big mounds of dirt. Seems our telephone company had to lay new cable, so they hired D.C. Taylor of Waco to do the work and they are hard at it.

Hope they don't dig up anybody's pipes.

I have a hole plus a mound of dirt in the north part of my yard.

It has been there since around 11 a.m. and it is now 7:30 p.m. (Jan. 15).

Of course, if someone falls in one of the holes, it will be their own fault as there are no boards over the holes nor any flares beside them.

Last year, city employees dug up the west part of my yard because the school sign and stop sign weren't in exactly the right place.

I am wondering if Lone Star Gas will dig up yards and block streets next or will Texas Electric do so first.

Janie Henderson

Market Report

Feeder steer yearlings: choice, \$73-\$77.50; good, \$69-\$72 and medium, \$65-\$68.

Feeder heifer yearlings: choice, \$66-\$68 and good, \$61.50-\$64.50.

Cows and calves: good, \$650-\$700 and plain, \$575-\$625.
