Tulsa Man, Wife Injured Sunday In Auto-Truck Crash At Lehman

Max Albaugh Teale, 44-year-old Tulsa man enroute from Tulsa to Denver City where he was working on a power line construction job,

was injured seriously and his wife injured only lightly Sunday evening when they were involved in an auto-truck crash at Lehman, on Highway 214.

Teale was in the Cochran County Hospital suffering from head and chest injuries. His wife was cut and bruised. Their 1953 Mercury was completely demolished in the impact of a crash that sent their car skidding 138 feet before hitting a culvert, flipping over and landing right-side-up beside the Railroad tracks.

The Teale car was hit by a truck with trailer driven by Hardy Young Stroud, employee of Western Drilling Co., of Levelland. The drilling company truck hit the Mercury broadside, shearing much of the door and rear fender off and sending it skidding sideways, off the left hand side of the road where it hit the culvert and then flipped over. The heavy truck was only slightly damaged and Stroud was unhurt.

Stroud told investigating officers he stopped at the intersection and looked but did not see the car until he hit it.

No charges had been filed Monday, in connection with the accident.

Construction Is Underway On Auditorium

Construction was underway Monday on the new auditorium of the Missionary Baptist Church, a structure that will seat 450 persons and will give the church much needed expansion room.

Everett Spencer building superintendent got started this week with some of the tearing down needed before the handsome planned addition could be started. No expected completion date is announced.

The addition grew out of a church conference called two months ago at which time it was unanimously agreed that an addition must be made. Named to the Board of Trustees to handle the building were: G. F. Cooper, Sr., W. E. Childs, Truman Anglin, G. F. Cooper, Jr., Robert Wedd, E. L. Willis, Henry Bedwell, Brad Stovall, Elmer Gardner and Tommy Luvch.

Hancock Asks Re-election

To the Voters of
Cochran County:

The fine way in which you have cooperated with me since being elected as your Sheriff, Tax Assessor-Collector has certainly made my work a pleasure. With my past experience and your continued cooperation I can pledge to make you a more efficient officer.

I'm doing my best to see each and everyone of you before election day. But due to the illness of one of my deputies in the Tax Assessor-Collector's office, I have been extra busy. In case I should miss you, please consider this as a personal message. I assure you that your vote and influence will be appreciated in the coming election.

Your friend,
Hazel Hancock

INTEREST MOUNTING

Democratic, Republican Primaries Saturday

By Eddie Irwin
Election interest was reaching a high pitch this week, higher than usual on the "off year" when no presidential election is held, as voters in Cochran County had a half dozen closely contested races to consider and also seemed more interested than ever in a hotly contested governor's race.

The real interest, as is almost always the case in elections, was on the local level where two county races and six precinct battles shaped up as very close.

The county races were for the offices of County Judge and Sheriff. Assessor-Collector. Perhaps the judges race was causing the most interest since the two candidates, incumbent Fred Stockdale and

"Shot" Mills Seeks Election

FRIENDS:

When I announced, for the office of Sheriff, Tax-Assessor, and Collector of Cochran County, Texas, as I promised a statement, as to my qualifications, for this important office, I served as Chief Deputy Sheriff, and while serving in this capacity I performed all phases of this duty, during the years of 1951 and 1952.

My family consists of my wife, one boy and girl married, I have lived in Cochran County for the past 15 years, farming most of the time. I have never asked for a public office, of my own, but I assure you that if the people of Cochran County see fit to entrust me to this office I will to the best of my ability enforce the laws of this State and County, without fear of anyone, that you as a citizen are entitled to.

I planned to see each and everyone of you personally but as the time draws near, I see that I am unable to, so I am taking this means of asking you to please consider this as a personal invitation to you, for your vote and influence come Saturday July 24th. Again thanking you for any consideration that you might show me, I am

WHATEVER YOU DO SATURDAY, VOTE!

Saturday is another election day, and yet, throughout Cochran County alone there are dozens of people who little realize the importance of the decisions that are to be made.

An estimated 1,250-1,600 Cochran County Democrats will cast ballots in the Democratic Primary. Not only will they express their sentiments in state races, including balloting for the offices of Governor, Senator and many others; but they will determine who is to serve them in their County Offices.

How few have really considered the records. How few have decided to cast their ballot upon the merits of the candidates. How many have been fooled by pompous and false campaign talk.

Yet the right to vote, is yours. Down through the years since this nation was born, freedom to select your own officials has been yours. Thousands have died to protect that right for you. You owe it to them, to vote.

And this year, in Cochran County, a new significance has arisen at the polls. A Republican Primary election will be held. And, among the many other things it will do, is the determining of the Republican County chairman. A mighty important office, under a Republican administration. Every Republican in the County owes it to his fellow men to cast his vote in that race, the only County office in which the Republicans stand to cast the decisive votes. That's an office the voting Democrats cannot have a hand in filling. And yet, they may be drastically affected by the results.

You'd better stop and consider. You'd better go over all the red herrings that have been dragged over the real issues in the gubernatorial race. You'd better check the records to see what men like the present men in state offices have done for the people of Texas. You'd better get down on the local level and decide whether or not the local office holders have been doing their job.

And then, you'd better vote.

Voting Boxes, And Judges Are Determined

Nine election judges have been named by the County Democratic Chairman in connection with Saturday's Democratic Primary election.

According to a list provided by the County Committee secretary, W. E. Angley, J. B. Knox and Joe Niewarner have been named judge for the Pet One election to be held in the Court House.

Pet. Two will see voting in two boxes. At Whiteface, voting in the schoolhouse will be judged by L. L. Drumheller and G. W. Garrett, at Lehman, at the grain elevator. Voting Box 5 which is also in Pet Two, will be judged by F. L. Fred.

Pet. Three will also have two voting boxes. At Bledsoe, Alvie Harris will superintend the voting at the school and W. P. Houston will oversee the voting at Whiteface's Gin.

Pet. Four will vote at the Neeley Ward school building under the direction of M. A. Tanner.

Polls will open at 8 a.m. and close at 7 p.m.

keeping the spotlight focused on precinct one (Morton) where no less than eight men was asking for the position of County Commissioner. The incumbent, J. O. (Jim) Hill was in the race along with R.C. Strickland, Lem Chesher, E. B. Earl Wages, Amos Taylor, M. R. Holloman, and R. E. Thomas whose names appear that way on the ballot with the exception that Hill's name is last, a position determined by the drawing held a few weeks ago.

Another "red hot" precinct one

battle was being waged between four men seeking the office of Constable. The incumbent had abandoned his office to run for Commissioner. Asking for his job are: J. H. (Hardy) Rhyne, H. L. Coon, Cecil Lindsey and Sam Neville.

Also in Pet. one a close race was expected between two other men who have been opponents before. A. D. Forehand was elected to the office of Justice of the Peace over the candidacy of Alvin O'Pry in the last election. O'Pry had held

the office. Now O'Pry, who has taken the office of City Judge, for merly held by Forehand, is seeking the J. P. office again while Forehand is running for re-election.

In Precinct 2, J. B. Nixon, H. E. Robbins and T. J. Capps are seeking the office of Justice of the Peace now held by Nixon. Cecil Lyon and G. H. Bagley are candidates for Constable of Pet. Two.

In Precinct four a race has also developed for the constable post O. B. Campbell, W. G. McHam and H. C. Edwards are the candidates.

On the state level, Gov. Allen Shivers and Judge Ralph W. Yarborough are waging a hot campaign each seeking the gubernatorial nomination on the Democratic ticket. Two other candidates, Cy clone Davis and J. J. Holmes have not been so vociferous in their campaigning.

C. T. Johnson is campaigning heavily against incumbent Ben Ramsey and George T. Hinson for the Lieutenant Governors nomination.

Attorney General John Ben Sheperd is counting on his courageous record of office during the past two years to grant him an other term. His opponent is Doug Crouch.

Dudley Tarleton Dougherty o Bee County seeks to unseat Lon Lendon B. Johnson in another race in which many issues have been brought to the fore front both by the candidates and by their backers.

Indications are that Cochran County will poll a heavy vote, estimated at around 1,650. Absentee ballots have been requested by an unusually large number of qualified voters and several have already been returned.

Nor will the Democratic primary be the only election held here. According to C. A. Word, Cochran County's Republican County Chairman, for the first time a Republican election will be held in this county. Voting will be held at the home of Wayne Alkey for all Republicans.

Important Election On Referendum Friday, ASC Office

The Referendum will be held FRIDAY JULY 23, 1954 at the A. S. C. Office. Polls will open at 8 a.m. and close at 7: p.m.

A producer is eligible to vote if he will have more than 15 acres of wheat on his farm in 1953. In other words, he can vote if he would be affected directly by quotas, which apply only to farms with more than 15 acres of wheat. Any person who shares in the crop as owner, tenant or sharecropper is eligible to vote; the wife may also vote.

If quotas are approved, there will be marketing penalties or "excess" wheat, and price support will be available to those who comply with their allotments. If quotas are not approved there will be no quotas or marketing penalties and price support for those who stay within their allotments will be at 50 per cent of parity.

Wheat quotas are approved or not, wheat allotments will be in effect for the 1955 crop. If quotas are not in operation, there is of course no "Marketing penalty" for exceeding acreage allotments — the penalty is the loss of price support eligibility.

TO QUALIFY FOR PRICE SUPPORT IN 1955 A FARMER MUST STAY WITHIN ALL ACREAGE ALLOTMENTS ESTABLISHED FOR HIS FARM.

This means is you harvest any wheat in excess of the farm allotment you will not be eligible for price support on any crop produced on your farm.

One resignation was accepted. Harvey J. Walker, agriculture instructor tendered his resignation and it was accepted by the Board.

Although Owens did not say, it is assumed that registration for the School term will be held on August 27-28, the Thursday and

Little League Park To Be Irrigated, Planted In Grass

Little League baseball was moving along well on the Softball diamond this week with two teams working out every evening of the week including Saturdays. Meanwhile, in another part of town, east of the square and directly south of the Catholic Church, a vacant lot was undergoing transformation into a Little League park.

The lot was bladed a few weeks ago. Fence posts and fence siding was purchased. The fire engines unreeled their hoses and about an hour and thirty minutes of watering was done to keep the sand from blowing. Later, canvas pipe carried water from an irrigation well on the Merlin Roberts farm and the field was flooded preparatory to another blading and sowing of grass.

Donations were still coming in to help build the park but what was needed most of all was the water, and labor.

COMMON INSECTS

The last 14 days cotton fleahoppers and corn hoppers have increased in heavy infestation in most cotton fields of Cochran County. Many farmers have begun to use control measures.

Fleahoppers use 5 per cent DDT and corn hoppers use 10 per cent toxaphene and sulphur. Apply 10 lbs. per acre at about a week to 10 day interval.

For sprays use 2-1 mixture (Toxaphene-DDT or toxaphene 3-4 pound per acre at interval of 7 to 10 days.

Most farmers use dust as they find more foot proof than the spray machines. The spray machines have many more variables and hence more difficult to adjust. Dust is effective when applied when the wind is calm or not over five miles per hour.

Examine the main stem of the cotton stalk about 3 inches down from the top and the terminal bud. If 25 to 28 fleahoppers are found on 100 stalks and counts have been made in several places in the field, it's time to apply the insecticide. Count both adults and nymphs fleahoppers.

If spray is used, its best to apply when cotton leaves are dry and not over 15 miles an hour wind.

During the month of July the county agent has been very busy with the insect infestation with farmers. About two weeks of July 49 cotton farms were visited. About 15 of these farms needed to do control work immediately and 50 more have begun control since the checks were made. More farmers are checking their cotton regularly intervals than ever before. It would be advisable to check in cotton fields about every other day now where no poison has been used to be in close contact with your problems.

VICTIMS OF FLOOD VISITING RELATIVES

Mrs. John Gladney and family of Ozona arrived Thursday afternoon, July 8 at the home of her sister Mrs. L. J. Jones. The family was in the disastrous flood which swept through Ozona recently. After the flood warning came the family was able to flee to a hill-top to safety. Before leaving their home they stacked furniture and belongings on top of tables and any other object available hoping to prevent greater damage. However their home was swept away by the rushing water and they watched it crash to bits against a bridge.

No clothing was saved except those they were wearing. The Red Cross gave them one change of clothing. They lived for a while in the home of a Doctor in another part of town, not touched by the flood. Food was donated in part by local families who also escaped the flood. Mr. Gladney has remained in Ozona where he has work while the family, visiting temporarily in Enochs, plan to spend some time in Amarillo as there are no homes in Ozona available to rent.

Enochs folks had collected a few boxes of clothing and linens and had just mailed them to the family in Ozona. When it was learned of their arrival here, a call to Littlefield Post Office confirmed that the boxes had already been shipped out from there. The Methodist Young People had donated \$27.00 and this amount has also been mailed to them.

The family consists of Mr. and Mrs. Gladney, a son 15 years old, a son 12 years old, small daughter, plus a married daughter and a 4 month old baby who was visiting at the time of the flood.

Any information as to sizes or needs of the family may be secured by calling Mrs. A. D. Hallford of Enochs.

At last report no clothing had been donated the baby.

Where is your waffle iron? A question the junior 4-H leaders are asking home demonstration club members this month.

Patsy Amyx, Linda Williams, Barbara Sanders and Anna Pond are junior leaders who attended training meetings on making waffles.

Once a year the home demonstration clubs plan for 4-H members to give a program for the adults. A team demonstration is the usual program. This year it's a food demonstration.

"Waffles are a quick bread and may be used for any meal," says Barbara, "even though they are most often used for breakfast." Anna urged the club members to use standard measuring equipment — liquid and dry measures. She showed how to measure flour after it had been sifted.

"If you have an electric mixer," said Linda, "you can let it do the arm work for you. Or just as good waffles can be made by hand mixing."

The junior leaders would like to share this plain recipe with you— 3 cups sifted flour, 3 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, 3/4 cup melted butter, 2 cups milk, 4 eggs, separated. When using mixer beat egg yolks 1 minute, speed 8; add milk and beat 1 minute. Add sifted dry ingredients at speed 4, and beat

one minute at speed 8. Add melted shorting and beat 15 seconds at speed 8. Fold in stiffly beaten egg whites at speed 1. Use 1 1/2 cups batter for the four section waffle baker.

"While electricity is doing the baking," said Patsy, "let's plan a menu for Saturday night supper." Crisp waffle with creamed ham, tossed vegetable salad, chocolate cake, milk or iced tea.

For the creamer ham let us share this recipe with you — 2 tablespoons butter and 2 tablespoons flour blended. Add 1 cup milk and cook until thickened. Add 1 cup diced cooked ham. Salt and pepper to taste. Serve hot over crisp waffle.

Chopped hard cooked eggs, left over roast, crisp bacon or dried beef may be used in the cream sauce.

Patsy and Linda have given the demonstration to Friendly Circle and County Line Clubs. Barbara and Anna have given the program to Whiteface and Lehman.

The junior leaders learned and practiced new skills in giving the demonstration. They gained ex-

perience in showing others how to do something and they got acquainted with new people.

The home demonstration club members got a recipe and menu to try, got acquainted with junior 4-H leaders and had the opportunity to see how 4-Hers work.

We have enjoyed visiting in the four communities with Anna, Barbara, Linda, and Patsy. We have tried the recipe for waffles and the menu at our house. Umm good!!

U. S. DEPT. OF HEALTH, EDUCATION & WELFARE

Social Security Administration

Mrs. Newlywed: Have you looked at your social security card recently? Does it show your married name — if your answer is "no", here is a very important reminder from your social security office.

The Social Security Administration can maintain an accurate account of your earnings only if its records agree with the name and social security number which your employer uses in preparing the quarterly reports of your earnings. You don't need a new number — just a new card showing your new name and your old number. To get this new card, visit your nearest social security office and get one without charge.

When you get that new card — USE IT — SHOW IT TO YOUR EMPLOYER AND BE SURE HE COPIES BOTH NAME AND NUMBER EXACTLY AS THEY APPEAR ON THE CARD.

It would be well too, while you are in the social security office, to learn how social security affects newlyweds. Social security is more than a retirement benefit; it is old-age AND survivors insurance and should be considered along with insurance and savings when you and Mr. Newlywed make plans for old-age or any untimely death.

A representative from Lubbock Office will be in Morton on July 22 at 1:00 p.m. at the Basement Courthouse and will be glad to assist in all matters pertaining to social security.

Cochran Schools Share Improvement

Cochran County school children are among those over the state sharing the most impressive period of Texas Public Education in state history, a compilation of figures from 1949-1953 released in Austin this week shows.

The county received \$201,101.47 for public education during the last fiscal year as its share of the giant 211 million total spent over the state. The Texas Education Agency report said. It also showed that money for the state's school children had increased from 145 million in 1949 to the present figure.

Interviewed this week, Governor Allan Shivers noted that education funds were distributed through the Glimmer Aiken formula to a wide variety of uses.

Largest amounts went for salary operations, Fifteen thousand

more teachers with average salary increases of \$1,000 in the last few years took a large percentage. Shivers also explained that last

year school administrations received more money to spend for needed improvements than ever before.

ALLAN SHIVERS

WITH ACCOMPLISHMENTS, NOT PROMISES,
ALLAN SHIVERS' LEADERSHIP HAS ACHIEVED:

BETTER SCHOOLS: Has signed or supported every major piece of public school legislation during past 20 years.

MORE HIGHWAYS: Greater mileage of roads constructed during his administration than in any comparable period.

TIDELANDS: Fought to return tidelands to school children who already have gained \$32 million through victory.

OLD AGE ASSISTANCE: As senator, wrote first Texas Old Age Assistance Law Obtained pension increase amendment.

STATE HOSPITALS: Called special session of legislature that appropriated \$55 million to improve deplorable conditions.

PRISON REFORMS: System has progressed from one of worst to among nation's best during his tenure; cost reduced 50 per cent per man.

VETERANS' LAND PROGRAM: A Texas veteran and member of the American Legion and the VFW, Governor Shivers helped establish the present successful land program.

SEGREGATION: Believes in the right of local school districts to work out their own problems without outside interference. Wants to keep schools as they are now.

TEXANS WILL CONTINUE TO BUILD A GREATER TEXAS BY RETURNING ALLAN SHIVERS TO THE GOVERNOR'S OFFICE IN THE DEMOCRATIC PRIMARY, JULY 24.

May they be greatly blessed in their new field in the Lords work.

VISIT DAUGHTER

Mr. and Mrs. McCafferty and children of Lubbock visited their daughter, Mrs. John Sekelford over the week-end.

SOIL CONSERVATION DISTRICT NEWS

Cooperators of the Cochran Soil Conservation District that have harvested seed during the past week are J. W. McDermott and G. D. Lewis. To get a maximum of seed you must be ready when the crop is ready to harvest. Despite a loss of shattered seed, G. D. harvested approximately 70 lbs. per acre of blue panic grass seed. J. W. harvested approximately 50 lbs. per acre. McDermott has some 15 acres that was irrigated late and is yet to be harvested.

Max Bowers, another cooperator of the Cochran Soil Conservation District planted 14 acres to Indian grass which is up to a good stand and is growing off in good shape. This plot will be seed production only. Should you

Band Director Attends Clinic

NORMAN, OKLA. (Sp.)—John M. Bealmear, band director at Morton High School, attended the marching clinic at the University of Oklahoma, July 15 and 16.

Gerald R. Prescott, director of bands at the University of Minnesota, was the leader for the seventh annual clinic. Delegates got tips on how to improve their marching bands, heard the latest and best in marching literature, and picked up new ideas and routines for next fall's football season.

A Vote For Fred Stockdale

Is A Vote FOR OUR SCHOOLS....

Since Fred Stockdale took the office of County Judge and Ex-officio School Superintendent, the Gilmer-Akin Bill has gone into effect, greatly benefitting our schools but placing an all important stress upon the man who holds the office of Ex-officio School Superintendent.

It has meant many times as much work for the office. It has taken long hours of study and hard work to put the complicated plan into effect. It means that every dollar of state money must be handled through this office.

RE-ELECT A MAN WHO HAS PROVEN HIS ABILITY

RE-ELECT A MAN WHO HAS ALWAYS DONE EVERYTHING POSSIBLE TO HELP OUR SCHOOL

RE-ELECT FRED STOCKDALE, WHO HAS EARNED ANOTHER TERM AS YOUR COUNTY JUDGE AND EX-OFFICIO SCHOOL SUPERINTENDENT.

are better off unsaid.

there'll be...

SOME HOT campaigning this weekend in at least four or five County and Precinct races and certainly a few should be close enough to necessitate the August runoff.

we know...

SATURDAY WILL be a big day in Morton and should see a sizable crowd of people lingering on the streets at least an hour or two later than usual, waiting for the clinching votes to be tabulated and announced.

If all who...

WENT TO THE polls would vote, without any influence from friendship or enmity, for the man they thought most capable to handle the job... there'd be few "wrong" men placed in office.

after all...

THE CAMPAIGN should be only the reminder. The lasting impressions, the real qualifications are made long before in the common, ordinary pursuits of life.

another...

GOOD TURNOUT of Mortontites was noted at the Levelland County Club invitational golf tourney last week. But then, Mortontites almost always turnout in larger numbers at Levelland functions, than they do at those of any other neighboring towns.

its getting...

TO BE A little less fun competing in the area invitational because everyone won't shoot square. There are always a group of trophy hunters who take an envious score, considerably above their ability in the hopes that they can pick up an easy trail to a trophy. Then comes the boys who honestly shoot in the 85-99 bracket and they think they'd better juggle their scores so as to get out of the same competition with the sucker-hunting trophy grabbers.

add to this...

THE GROUP who shoot exceptionally poor for their qualifying round or get exceptionally hot, and thus play in a flight not suited to their ability, and some of the golfers usually wind up getting miffed at the pairings.

but with...

IT ALL, golf is a game that is especially geared to take a man's mind completely off his troubles and this one factor is worth a tremendous amount to most men.

the city hall...

WAS FLOODED with telephone calls last week wondering what was the matter with the water system. We failed to get the complete explanation in time to publish in the paper.

anyway...

SEEMS THE setting had to be redone because the water level dropped too low. The setting was lowered and the effect was much the same as if a new well were drilled. The sand and corruption had to be pumped out and it wasn't until Thursday that normal usage of the water system was restored.

some have...

WONDERED HOW the city kept from being short of water. The answer is simple, cooperation on the part of those using water on irrigation or summer rates. Telephone calls to these people, as soon as the first difficulty was noted, asked them specifically to cooperate by not irrigating until the normal flow of water was restored.

so completely...

DID THEY COOPERATE, that City Clerk Joe Gipson said there was actually a larger reserve supply of water on hand than on normal hot summer days. That's just an example of the drain of water used on hot summer days.

we tried...

AN IDEA in the paper last week and fooled ourselves. In the page ad seeking sponsorship of Little League teams, we purposely left part of the message in the page upside down. The idea was that previous notices had been little heeded and we wondered if more people wouldn't notice the upside down print.

we were going...

TO EXPLAIN on the front page. However, come Wednesday night, what with all the last minutes stories on our mind, we plumb forgot the explanation. Oh well, guess it served the same purpose, anyway.

We're just...

BEEN GOING at this Little League business about a week, and already the boys are showing a tremendous amount of improvement. After a few sessions between just the boys and their respective managers and coaches they'll come up with a lot more fundamental knowledge of the game.

but its...

INTERESTING to see how some have already learned to back up teammates on certain plays; how to relay the ball; others haven't yet learned to step in the batter's box and face the pitcher without fear.

it now...

BECOMES VERY clear why promoters have found it necessary to divide the players into several types of teams and several age limits. Only through a special training program with the boys who are not so far advanced, can they be brought forward so that they can compete with the better natural athletes.

the rodeo...

HAS SLATED TWO interesting new types of entertainment this year in keeping with their policy of always having something new. They'll have an event called posse quartet barrel race in which visiting posses can participate.

then they...

HAVE AN EVENT for the local "would be" cowboys called businessmen's goat roping, a 3-go-round event that you'll get a big laugh out of.

in making...

THE FINAL ROUNDS for Appreciation Day program, trying to get every merchant a complete explanation of what the plan is and giving him an opportunity to join in, we ran across no less than a

dozen merchants who had heard previously about the program and certainly incorrectly.

they had...

THE OPINION that they would be selling their products at a discount, though where they got that idea, I don't know. Some thought everybody would be running around using town money, another misconception.

anyway...

LET US ASSURE you of this. No one was trying to pressure anyone into the program. It's measure of success depends upon how many merchants are willing to sacrifice the small amount of \$2.75 each week for the good of extending their trade. That's the entire story in a nutshell.

If you...

FELT THAT the Chamber was trying to get you into a scheme that would cost you \$1,000 a year, like some of the other trade stimulators that have been tried, we're sorry you were misinformed.

WE KNOW...

THAT IF THIS program is successful it'll be because 40 merchants were willing to look upon our problem of needed trade stimulation from an unselfish standpoint and didn't let a few dollars blind them to the good they might accomplish.

the first...

APPRECIATION DAY is set for August 7th. The jackpot will be worth \$80.

Enochs Women Defeat Levelland

The Enoch women, after a long string of defeats at the hands of the Levelland women's softball team, staged a tremendous 8 run rally in the last half of the 7th inning Saturday night to post a 21-10 triumph over their rivals.

ing women's team in this area, trailed Enoch 13-11 going into the final frame. Then with a heavy hitting attack, they rammed home 9 runs and took a 20-13 lead, one which they thought would be plenty. Enoch pushed across one tally, got two outs and then went wild before pushing across the deciding run.

Marie Sisk was the starting hurler for the Levellanders, one of three that failed to halt the Enoch

women who also used two Stegall players. Marie also slammed out a home run.

Sue Jones hurled the entire game for the winners, Sue Cunningham and Merna Turney had home runs for Enoch.

Hawkins Far Ahead of Pack In City Softball League

Hawkins Oldsmobile, remaining the only steadily winning team, pulled far away from the pack in the last two weeks of City Softball League play and seemed virtually assured of capturing the regular season championship.

The only team with much chance to catch the fleet Oldsmobile team was REA, standing two full games behind the leaders, Enoch.

The big lead amassed by Hawkins came about when every team in the top division, except Hawkins suffered losses last week. REA was un set by West Side. But the West Siders couldn't stand prosperity and were dumped by Hawkins. Enoch suffered the worst fate, dropping two games to second division teams Muleshoe Printers

and Bula.

Perhaps the biggest news of the period was the noise being made by on rushing Bula. Last year's hottest team at the close of the season, Bula had trouble getting started. However when they began to move forward they swept nearly everything in their path, including a 19-1 verdict over Enoch in a game that went only four innings.

The umpire calling the game because Enoch was so far behind.

The Hawkins West Side tussle was a close game the last two innings. However, Hawkins had built up a 7-0 lead early in the game and was never headed.

In another of the upsets, West Side started strong and easily defeated the here to fore rugged REA team, 12-2.

Pipeline won their first game, defeating the High School entry but then they were defeated by the Printers the following night.

Here were the standings, through Friday night's games:

Hawkins	11	1	917
REA	9	3	750
Enochs	7	5	583
W. Side	7	6	538
Maple	7	6	538
Bula	6	6	500
Muleshoe Pr.	4	9	307
High School	1	11	083
Pipeline	1	6	148

Little Leaguers Opened Play

The Little League got underway Friday evening. . . not like it has in some towns, not completely organized and thoroughly instructed, but the important thing to the boys was that they were playing.

Approximately 27 boys between the ages of six and twelve got to play on the two teams. The teams were handpicked in an effort to closely match them. The result was almost perfect. The game ended, after the regulation six innings of play, in a 9-9 tie.

Tuesday it was a different story. Three sponsors had been located and they had named managers. The boys were again divided as equally as possible and the managers went to work teaching the youngsters the fundamentals of the game.

They'll play again this afternoon, starting the official league play.

AT POSSUM KINGDOM

Mrs. Clyde Reynolds and son J. C. and granddaughter Pam left early this week for Possum Kingdom. Mrs. J. C. Reynolds and Mrs. R. J. Hill plan to join them on Thursday.

Basket Supper Tues. At Country Club

A basket supper for members of the Morton County Club has been scheduled for Tuesday July 27th at 8 p.m. Members are asked to bring a well filled basket and a few are asked to bring a freezer of ice cream to help top off the meal. It will be the second of four planned club suppers, two of which are barbeque and two basket suppers.

VISITS MOTHER

Mr. and Mrs. Ray Miller from Dallas visited last week-end with her mother, Mrs. Willie Rose and brother, Lee Stewart.

Game Postponed

The baseball game scheduled between Morton and Lubbock failed to materialize Sunday afternoon when the Morton crew could not field a team and had to concede a forfeit victory to Lubbock.

Hawkins Winners At Portales

Hawkins Oldsmobile using a borrowed pitcher for one game but sporting the same heavy hitting attack that has swept them through 11 of 12 games in the local league play, hammered out all the hits they needed in a double victory over Portales Saturday night on the Portales diamond.

The Oldsmen took a 12-2 victory in the 5-inning opener and then came back to pound out an 11-1 decision in 6 frames. Wayne Caffey, pitcher for Bula's league entry, hurled the first victory for Hawkins and Carl Kernell master-ed the Portales batters in the second game.

Buddy Hanna and Ken Baker led the attack with eight hits apiece in the two games. Don Lamar, and Jerry Windsor also contributed to the heavy hitting at-

tack. It was the second and hird exhibition victories for Hawkins

ENROLLS AT TECH

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

By — Vern Sanford
Texas Press Association
AUSTIN, Tex. — Down to its bitter end the campaign for Governor of Texas.

Relative short, the drive was one of the most intensive this state, notable for its violent politics, had ever seen.

Two men dominated the picture: Governor Allen Shivers, candidate for re-election, and his opponent, Ralph W. Yarborough of Austin.

Shivers Picture

Shivers stood foursquare on his record of achievement in office and pledged to continue, if re-elected, "the progressive program" he had worked for during his tenure.

Cited by the Governor were figures showing that during his administration Texas has come far: "From worst to among the best is the state prison system's record."

"Many mile of farm-to-market roads have been built and maintained. Generally, the state highway system has been improved."

"Pay of teachers and public employees has been increased."

"Considerable progress has been made in the state hospitals and special schools."

"Title to our tidelands has been retained, and that victory meant \$32 million already realized for the State's school children, with untold billions yet to come."

Yarborough Described

As he recounted the record of his administration, Shivers flung certain charges at his opponent.

Yarborough, he said, is the captive of people who don't want to get tough with the Communists, and who want to get the Texas anti-Communist law repealed.

Shivers further charged: "That Yarborough has made no positive statement on the segregation issue."

"That Yarborough has promised George Parr to call off the clean-up in Duval County."

"That CIO Union bosses had placed a \$2 per head levy on members for a defeat-Shivers slush fund."

"That Yarborough wanted schools run from Washington, not locally."

Yarborough Talks

Shivers' opponent, twice a candidate for the state's highest office, making his strongest bid for election.

Whether it was true that he had powerful support from the CIO could not be proven.

But he had money to buy expensive time on the state's radio

and television stations, and to produce a campaign newspaper for statewide distribution.

Yarborough also was the first gubernatorial candidate to completely ignore the rural press of the state, in his bid for office. To reach the voters in the non-metropolitan areas, he has depended largely on TV and radio.

Some folks haven't liked the approach because it has crowded off their TV screens some of their favorite programs. Others have enjoyed politics' first big year on TV in Texas. Results of the approach will show definitely on July 24 when Texans go to the polls to record their choices for that and other offices.

Yarborough Campaign

Yarborough based his campaign principally on charges which Shivers described as "muddling."

Yarborough had these things to say:

"That Shivers had made a secret deal with George Parr of Duval County."

"That Shivers had caused the resignation of former Chancellor James P. Hart of the University of Texas."

"That Shivers had made con-

Maurine Weed, Robert Word, Wed July 19

Miss Maurine Weed, daughter of Mr. and Mrs. Robert Word became the bride of Airman Robert Word of Chanute Air Force Base in Illinois. The bridegroom is the son of Mrs. Fay Word of Lone Grove, Okla.

The double ring ceremony was performed by Rev. Curtis Carroll at the Missionary Baptist Church on July 19, at 10 a.m.

The bride, given in marriage by her father, was dressed in a powder blue suit with white accessories and carried red rose buds on a white Bible.

For something old the bride carried a handkerchief which was 35 years old. Her wedding suit was new and blue and her white Bible was borrowed. She wore a penny in her shoe for luck.

Mrs. Darlene Whitza, sister of the bride was maid of honor. She wore a white tulle length dress with white accessories. Danny Joe Word served his brother as best man. Ushers were Betty Hoffman and Linda Stockdale.

Glenda Allus offered traditional Erma Long as she sang "I Love You Truly" and "Because."

Following the ceremony a reception was held in the Vernon Sublett home.

The serving table was covered with a lace cloth and centered with a punch bowl. A two tiered wedding cake topped with miniature bride and groom was served to the guest with punch.

After a wedding trip the couple will be at home at Chanute Field, Ill. where the bridegroom is stationed with the United States Air Force.

FHA Well Used By Cochran's Farm Families

Farm families in Cochran county have made good use of Farmers Home Administration credit and services this past year and have stepped up the efficiency of their farming operations. Robert C. Cross, the agency's county superior headquartered at Morton said today.

Additional funds have been made available, he said, to lend through the next year to farmers to operate, buy, enlarge, or improve farms.

A large proportion of the money loaned in this county during the past 12 months has been to veterans and other young farm families who are establishing better setups. Their greatest needs were for adequate credit and some help in developing sound systems of farming and adopting efficient farm management practices.

No loans were made to farmers who were able to obtain the financing they needed from other local lenders.

A total of \$195,310.00 was loaned in the county for equipment, livestock, fertilizer, feed and seed, that farm families needed to make better use of their land and labor resources.

Emergency loans including special livestock loans, totaled \$681,630.00. A total of \$127,505.00 was loaned to farmers to install or repair farm water facilities. This makes \$1,004,445.00 loaned for all type of loans.

The county office of the Farmers Home Administration serving Cochran county is located in the County Activities Building.

That Shivers' Republican friends are trying to cheat Texas out of part of the tideland.

On the positive side, Yarborough promised higher teacher pay and old age assistance.

Sheppard View

The information that Texas' tidelands fight is not yet over is no new development according to Attorney General John Sheppard in a replay to Gubernatorial Candidate Ralph W. Yarborough.

Sheppard issued his statement shortly after a remark by Yarborough that the Attorney General had let it "leak out" that the federal government still refused to recognize state tidelands boundaries as more than three miles off shore.

The state claims over 10 miles in the Gulf of Mexico and has issued leases for much of that area.

Sheppard said the tidelands dispute involving the boundary location was made public as early as last October in a newspaper article.

Although declining to take is-

sue in the political battle for governor, Sheppard said that "the true facts concerning the matter should be made clear."
