A new seed crop that promises to be both a money maker and which is one that will thrive in this county is Hairy Vetch, according to J. W. Thomas, county agent.

Hairy Vetch is grown primarily as a soil builder from East Texas to the Atlantic seaboard. There are a few spots in Texas where Vetch can be grown for seed in conjunction with soil building and this county seems to be one of the places.

N. E. Childers of the Wellington community harvested 1100 pounds of re-cleaned Vetch seed from 6 1-4 acres.

Ben Farmer of the Marella community harvested 4200 pounds of re-cleaned Vetch seed from thirty acres.

Frank Coleman of the Marella community harvested 300 pounds of re-cleaned Vetch seed from eight acres, and Frank said that he got only a small part of the seed he produced. He could not get the combine to take all the stalk because of the tremendous growth. Frank is planting Vetch again and plans to do a better job of harvest.

## Wellington NFLA To Meet Sept. 11 In Wellington

Members of the Wellington National Farm Association and their wives will be tendered a barbecue at the Community Building at 7 P. M. Thursday, September 11. There will be plenty of entertainment according to A. Y. Bell, secretary-treasurer and all members and ex-stockholders are invited to be present.

## Officials of Youth Center Meet Fri.

All officials and committee members of the Youth Center are asked to meet in the Community Building Friday, September 12 at 8 P. M. for the purpose of organizing for the coming year. At that time new officials will be elected and the date for re-opening the Youth Center will be set. The Center has been closed during the month of August; but we hope to have it open and functioning again within the next two weeks.

## Samnorwood Teams Will Meet Hedley Tuesday, Sept. 16

Samnorwood basketball players will open their home season on their own home court Tuesday evening, September 16, when both the boys and girls teams will meet teams from Hedley High School.

Good news for the Samnorwood fans will be that Joyce Rene Price is back in the line-up and will be able to start the game. This star forward was the highest scoring girl player in the district last year; but early in the season she tore ligaments in her ankle and has been out of play up to the past week. Other Samnorwood players on the girls' team are Cleo Brooks, Jeanette Young, Bobby Oldham, Ravena Cunningham, and Camilla Coleman.

The boys' team has showed considerable improvement in the last few weeks of practice. Players are Douglas Payne, Joe Bailey, Douglas Poteet, Orus Lee Thompson, Claude Caperton and Clinton Keys.

The game is expected to give a good indication of the strength of both Samnorwood teams during the 1947 season; for Hedley reports that they have the best prospects for a successful season that they have had in years.

Purl Tippie is coach of the boys' team for Samnorwood, and Orville Cunningham is the coach of the girls' team.

## Ag School Resumes Work September 9

Veterans resumed their agricultural studies Tuesday, September 9, according to John Coleman. The Collingsworth County Vocational School is conducting 2 agricultural and one body and fender repairing class in Wellington and one class in Samnorwood and another in Quail.

Present subject under study is livestock sanitation as well as seeding of legumes and other seasonal matters.

### FOR A SAFER TEXAS

Effective Sept. 5, some 3 million drivers and almost 2 million vehicles will travel under the Uniform Traffic Code of 32 states. Sponsored by the Texas Safety Association and endorsed by Governor Jester, the measure is signed in presence of its authors: Sen. Fred Harris, left, and Rep. Joe Kilgore, right. Center is George Clarke, Association director.

### Mrs. Ed Carter Dies After Heart Attack Sept. 7

Funeral services for Mrs. Cora Smith Carter, who died Sept. 7 from a heart attack, were held at the Assembly of God Church in Wellington Tuesday, September 9 with Rev. Walter Lane in charge of the services.

Mrs. Carter was born August 1, 1891, on the same farm where she died. She attended school at Fresno back in the early days when that was the only school in the county and later attended school in Wellington. She joined the Methodist Church at an early age and was a member of this church until after her marriage when she joined the Assembly of God Church in Wellington.

For most of her life she lived with her father and mother, Mr. and Mrs. W. I. Smith, early day settlers. On April 7, 1946, she was married to Ed Carter in Hollis, Oklahoma. Her devotion to her family and friends and her church was one of the characteristics of a patient, kindly industrious life.

Burial was made in the Wellington cemetery. Pall bearers were O. A. Kiker, Otis Emmert, Bob Stephenson, Ray Clubb, Frank Thomas and Leon Roberts.

She is survived by her husband, Ed Carter, two brothers, Willie Smith and Eddie Smith of Wellington and two sisters, Mrs. Robert Karnes of Wellington and Mrs. A. S. Thompson of Newport Beach, California.

## Tom Wood Gins First Bale of 1947 Crop

Tom Wood, who lives southeast of Wellington won the distinction of ginning the first bale of cotton in Collingsworth County in 1947 when he brought 1680 pounds of seed cotton to the Farmers Co-op Gin Tuesday, September 9.

The lint bale weighed 485 pounds and there were 650 pounds of seed. It was classed as middling grade and the staple was 13; 16.

Mr. Wood was 20 days later than Edgar Bryant of Samnorwood who ginned the first bale on August 20 in 1946. Mr. Bryant brought in 1610 gross pounds and secured a 376 pound bale and 700 pounds of seed.

Premium for the first bale that was raised in Wellington amounted to \$301.75

The cotton was bought by the Gin at 30c a pound in spite of its short staple. In all Mr. Wood received \$301.75 for the first bale of the season.

### Alfalfa Seed Inspected Here

The County Agent and M. D. Lacy, State Field Inspectors, inspected 2760 acres of alfalfa of which 2000 acres were certified. The average yield was estimated at about one and one-half bushels of seed per acre.

For certification of alfalfa fields they must be free of Johnson grass, dodder, fox tail grass and sweet clover; although there is no tolerance on the above weeds there is some tolerance of other weeds as careless, mule-tails, etc., in a field which is certified.

### Teachers Association Unit to Be Organized Here September 13

Announcement was made this week by B. W. Beard, superintendent of schools for Collingsworth county, of a county-wide teachers meeting to be held at 10 a.m. Saturday, September 13, in the Wellington High School. All county teachers are expected to attend.

The first meeting of its kind since the beginning of the war, much is expected of this one. The primary purpose of the meeting, according to Mr. Beard, is to organize a local Texas Teachers Association unit in the county. Other business will also be discussed including matters pertinent to school business and cooperation between units.

Mr. Beard announced that since the school people of the county are desirous of greater standardization and stabilization in the school program, this meeting was called and (Continued on Page Twelve)

### Football Team Best Balanced in Recent Years

Wellington's 1947 Skyrockets will not only be the biggest footed bunch of players on any previous team; but on the whole they will be the blondest bunch of boys who ever wore the red and white.

Whether it was a desire to look like I. D. Russell, who graduated last year, or whether it was just one of those fads that sweep over high school boys at times, the fact remains that two-thirds of all the Rockets have blonded hair.

Wisecrackers among the football fans have been making up names such as the blonde bombers etc.; but all agree that opposing teams will be wasting their breath if they think they will get anywhere by calling the '47 Rockets sissies.

The Rockets of '47 will be one of the best balanced ball teams Wellington has had in recent years. It is true that they will be without the services of those stellar backs I. D. Russell and Tim Hatch and they will miss Gerald Copeland at end; but they will have a number of things to compensate for the loss of such performers.

The line will be heavier than last year and from end to end will average about 10 pounds more which plus one year of additional experience will make a lot of difference. The average weight of the starting line will be nearly 170 pounds and under the direction of line coach John Lee are expected to be one of the best lines in recent years, according to head coach Al Duncan.

Biggest man on the squad will be Garland Turner who came to Wellington from Samnorwood. While he will not be one of the tackles in the Perryton game, he is expected to see much playing before the season is too far advanced.

Other members of the best trust are Robert Fulton, 195, Walter Johnson, 190, John Martin Jones, 180, and Sam Raburn, 175. But the big boys will not be the only ones that may win the admiration of the fans before the season is over.

While they are not starters for the Perryton game, Sept. 12, Gaston Williams, 150 pound letterman of last year is a promising substitute back of the Ernest Kendrick type of running, and little 135-pound Bobby McCutcheon who came up from the B squad of last year is a seat back who will provide some thrills before the season is over in the opinion of Coach Duncan.

Keith Cunningham and Lynn Wright will also be used in the backfield as the season advances.

As it now stands starting backfield men will be Benny Moore, tailback, Sam Raburn or Bill Combs at full back and Kenneth Strickland at wingback. Strickland made his mark last year as both a hard and elusive runner and an exceptional pass receiver. He may do some of the punting; but in the (Continued on Page Twelve)

## Wellington Schools Open Monday With Over 850 Students, 34 Teachers

### Students Begin Trek Back to College

### Wellington Girls Complete Summer Homemaking Work

Many Wellington High School girls have completed summer homemaking projects. This work was done in their homes. Each girl was required to do at least 100 hours of worthy work at home, or the equivalent of one semester of school work in order to receive 1-2 credit.

The girls could choose for their project anything that they were interested in doing and that would improve their home. Some of the projects completed were improving wardrobes, gardening and canning, preparing and serving meals, redecorating bedrooms, yard improvement and many others.

In addition to the projects completed at home, the girls also worked on some group projects at school. These projects included making curtains, sanding and varnishing tables in the kitchen and clothing laboratory, painting kitchen linoleum, varnishing floors of the dining room and clothing laboratory, and a general cleaning of the department.

This work may be taken for two summers, enabling a student to earn one credit.

### Primitive Baptists Hold Meeting Here

Primitive Baptist of the Panhandle and Western Oklahoma met in Wellington September 3 for a four-day district meeting which proved to be one of the largest gatherings of this church ever held in West Texas.

The delegates from many adjoining states as well as Texas and Oklahoma began arriving early on the morning of September 3 and the attendance continued to swell as the meeting progressed, according to H. B. Lamkin, reporter of the Association.

The delegates had their meals on the church grounds and song services, business meetings and religious services and observances of ancient customs of the church took up the time of the delegates for the four days that they were in Wellington. Mr. Lamkin said that many of the older members of the various sister churches were able to revive the happy days of the old camp meetings of long ago.

Elder Floyd Pittman of Vinson served as moderator, Virgil Alexander of Burnt Flat, Oklahoma, as clerk.

### County Veterans School Will Start Business Training

A new branch of the Collingsworth County Veterans Vocational School is being planned to include office clerical work, bookkeeping, typing and salesmanship. The first meeting to organize will be at 8:30 Saturday night, September 13 at the county court room in the court house.

The classes will be taught by S. A. O'Rear but there must be as many as 15 enrolled before the school can start. This school will not be limited to veterans and everyone interested may attend for a tuition fee.

## Veterans Cash \$49,567 Worth of Bonds in Week

Two hundred and thirty-two Collingsworth County veterans of World War II cashed terminal leave bonds in the amount of \$49,566.08 during the first week the bonds were payable. Local bank officials said that some of the veterans were applying the money on notes and home loans. Others were making deposits and some were using it to get married. But one official added a lot of them were simply getting the money and sticking it in their pockets. Local stores said that there was no appreciable rise in business volume over what would ordinarily be ex-

pected in early September. Over the nation economists kept a sharp watch last week on the cash-in-movement as a possible spur to inflation and as a barometer of the veterans economic situation just two years after V-J Day. The general trend over the nation seemed to be about the same as it was locally with the veterans cashing the bonds to pay old bills and others opening saving accounts.

The average value of the bonds cashed by Collingsworth holders was something over \$200 per bond.

### Superintendent Lists Rules for New Term

Over 850 students directed by 34 teachers started work for the 1947-1948 term in the Wellington Public School System, Monday, September 8. Monday was devoted to registration, assignment of lockers and Tuesday the students received their books and their first assignment.

School officials have issued a printed set of rules and regulations for the current term to assist both the students and the parents in helping make the new school term more effective.

"We urge the parents to read these instructions," E. L. Pritchett, superintendent said, "for we feel that these are not just rules and regulations but are helpful suggestions for the old as well as the new student."

In commenting on the aims of the school, Mr. Pritchett said:

"We believe that every boy and girl should have the opportunity of attending a school whether it be large or small, where some one knows him and is interested in him. His teachers should be in sympathy with childhood, adolescence, young manhood and womanhood. Not only should his teachers have these qualifications but should be free from sourness, pettiness and narrowness and who exemplifies qualities of loyalty, industriousness, fairness and square dealing along with the best academic training possible.

All students should be governed by some type of rules and regulations and should belong to some social group such as school clubs, churches, etc., and should participate in all school activities and community affairs as far as possible. The students should cooperate with the teachers and the teachers with the students. Students, teachers and parents can be assured that the administration will cooperate with them wholeheartedly.

The faculty of the three schools have been filled and the list of teachers and their subjects follow. E. L. Pritchett, superintendent; Boyd Russell, principal; Lee Plante, principal of Junior High; Bonnie Willis, principal of East Ward.

### High School Teachers

## Can Your Home "Measure Up" to modern standards of Convenience and Comfort?

MODERN people don't want old-fashioned transportation—they want 1947 automobiles. Modern people are like that, too, about their homes. They want them to "measure up" to 1947 standards of convenience and comfort. But many a lovely-looking home has grown "old before its time."

Does your home measure up? Only the all-electric home can meet today's standards. With electric appliances, the last word in cleanliness, convenience, and safety, you can make your home "measure up." A modern home deserves modern electric living.

Electric service is a bargain! Living costs continue to increase, yet the cost of a kilowatt hour of service to residential users has decreased one-third in the last 14 years.

### Rockets Meet Rangers in Important Game Friday

Wellington's Skyrockets will journey to Perryton next Friday to take on the Perryton Rangers in what will be the opening game for each team. With the exception of the games with Phillips, this will be the first time in three years that the Rockets have entered a game as the underdogs.

Sports writers consider the Wellington-Perryton clash as one of the important ones of the entire season in Class A football. The teams are evenly matched in weight of players and general ability of the individuals. Two advantages which favor the Rangers will be first, playing on their own home field and, second, their veterans will be playing in old and familiar positions; while some of the better men of the Rockets will be playing in positions that are new to them. Wellington coaches believe that if the Perryton game were three weeks off the odds would favor the Rockets. As it is they think it will take very spirited play to win.

The Rangers will have the same backfield that Wellington fans saw last year powered by Keith Flowers, Vernon Flowers and Raymond Powell while the Rockets have had to shift linemen to the backfield to balance the club. Last year the Rockets won 19 to 7 and the seven points of the Rangers were made with many Wellington substitutes in the game. This year can be a different story; but Al Duncan is confident of the way his boys will perform. He thinks his boys will win.

### Marketing Quota on Peanuts Set for Crop of 1948

The Secretary of Agriculture has declared Marketing Quotas for the 1948 crop of peanuts, due to the large surplus of farmer's stock peanuts that have accumulated due to the loss of military uses during the past few years and the expectation that 1948 peanut exports will be negligible.

It will be necessary to establish a peanut acreage allotment for 1948 for each farm in the county on which at least 1.1 acres of peanuts were picked and threshed in any one of the years 1944, 1945, 1946 or 1947 and on certain other farms on which peanuts were not picked or threshed in these years because the operator or owner was serving in the armed forces of the United States, Millard Brown said. The county committee will need to secure the most accurate records possible of the acreage picked and threshed in each of the years 1944-1947 for all farms in the county. A Form Peanut 1, Questionnaire, will be used for obtaining acreage and production data for each farm. This form must be executed before October 1, in order that an acreage allotment may be established for the farm. These Questionnaire forms are available at the AAA office and each producer or landlord of a farm on which peanuts have been grown in any of the years 1944 through 1947 is urged to call at the county office and he will be assisted in executing this form.

A referendum will be held in December to determine whether or not farmers favor marketing quotas and penalty provisions on excess acreage farms for the 1948, 1949 and 1950 crops of peanuts. Any farmer who shares in the proceeds of the 1947 harvested peanut acreage on the farm is eligible to vote in this referendum.

If two-thirds of the farmers of the nation favor marketing quotas, the price support for the 1948 crop would be at 90 percent of parity until December 31, 1948.

If more than one-third of the farmers of the nation oppose mar-

keting quotas there would be no price support or loan program on the 1948 crop.

Therefore, each peanut grower is urged to give his cooperation in getting the acreage and production data to the county AAA office by October 1, 1947.

Keeping Cool—In Cottons

Vivacious Veronica Lake, who has her warm moments, knows how to keep cool, too—she slips into a crisp cotton playsuit, thrusts her toes into a pair of air-cooled sandals, and has the answer to that question of what to do about the heat.

## Miss Ramona Lee Meason and Charles Robert Mitchell Wed in Twilight Ceremony August 31

Outstanding among late summer weddings was the marriage of Miss Ramona Lee Meason, daughter of Mr. and Mrs. S. R. Meason of Oklahoma City, and niece of Mr. and Mrs. Tom Crabtree of Quail, to Charles Robert Mitchell, son of Mr. and Mrs. Stanley Mitchell of Okmulgee, Oklahoma. Vaughn D. Shofner, Wellington Church of Christ minister, read the double ring ceremony just at twilight, Sunday, August 31, in the garden of the W. C. Starr home, Quail.

As a musical prelude, Mrs. Jack Brisbin played Rubenstein's "Romance," and introducing the ceremony, George Graham sang, "I Love You Truly," and "Always." The traditional wedding marches were used for the processional and recessional. Decorative appointments featured baskets filled with white gladioli and fever few against a background of the vine-covered arbor and lighted tapers in branched candelabra. Posts attached with golden wedding ribbon outlined the processional aisle.

Miss Martha Allen, maid-of-honor, wore a lavender net gown and carried a bouquet of marigolds. Mrs. Leo McDonald, the matron-of-honor, and Miss Alma Mitchell, bridesmaids, wore pastel gowns of green and yellow net and carried bouquets of coral red gladioli.

Miss Jan Allen, assisted by Usher Dean Meason, lighted the candles. Miss Allen's gown was pastel blue net, and she wore a wristlet of tiny pink rosebuds. Little Miss Connie Tom Robison was the flower girl and wore a white net gown with an open beaded dress accented with pale blue bachelor's buttons. Darryl Meason, young brother of the bride, was ring bearer.

Leo McDonald served as best man.

Entering on the arm of her father who gave her in marriage, the bride was resplendent in white slipper satin and marquisette. Her wedding gown was fashioned with long sleeves, a marquisette yoke surrounded with off-shoulder picture frame ruffle, a fitted satin bodice pointed to meet the voluminous gathered skirt. Orange blossoms outlined her finger tip veil of illusion. She carried a bouquet of white tube roses, topped with an orchid and showered with Stephanotis.

Mrs. Meason, mother of the bride, chose black for her daughter's wedding and wore a bouquet of Talisman roses. Mrs. Mitchell, mother of the bridegroom, wore a green crepe dress accented with gardenias.

Following the ceremony, the bridal pair was feted with a reception held on the rock terrace next the garden. The artistically appointed bride's table was draped with a white hand crocheted table cover. The four tier wedding cake topped with a miniature bride and groom stood at one end of the table, and the punch service at the opposite end. Crystal candelabra completed the appointment.

Greeting the guests were Mrs. Meason, Mrs. Mitchell, and Mrs. Crabtree. Miss Marge Wilson registered the guests; Miss Martha Allen served the cake, and Miss Barbara Wilson poured punch.

Also assisting in the house party were Mrs. Starr, Mrs. Allen, and Mrs. Wilson.

For travelling, the bride chose a blonde satin suit with black accessories, and her corsage was the orchid taken from her bridal bouquet.

Mrs. Mitchell is a graduate of Quail High School. Both the bride and bridegroom attended Oklahoma Baptist University at Shawnee where they were members of brother and sister clubs, Oread and Emethan.

Mr. Mitchell is at present employed at the Phillips Chemical Research Laboratory, and after an extended wedding trip through Texas and Oklahoma the couple will be at home in Borger, Texas.

## Miss Dorothy Hudson Weds Evnyl Wallace

In a simple but impressive ceremony, Miss Dorothy Mae Hudson became the bride of Evnyl (Red) Wallace Tuesday, Sept. 2 at 3 p.m. in the home of Rev. and Mrs. E. J. Norman. Rev. Norman read the single ring ceremony in the presence of close friends and relatives.

The bride, daughter of Mr. and Mrs. Clark Hudson, wore a grey dressmaker suit. Her accessories were black. Her shoulder corsage was of gardenias.

Miss June Curry was the bride's only attendant. She wore a turquoise blue dress with black accessories. Her corsage was of pink rosebuds. Jess Young Jr. was best man.

Immediately following the ceremony, a small reception was held in the home of Sheriff and Mrs. Claude McKinney. The table from which the three-tiered wedding cake was served was laid with a white lace cloth and centered with yellow marigolds flanked by yellow tapers in crystal holders. The yellow and white color scheme was carried out through the entire dining room.

Mrs. Wallace attended school in Duke, Oklahoma, and in Wellington. The groom, son of G. H. Wallace, graduated from Wellington High School in 1941. After three years in the Coast Guard he returned to Wellington and is employed at White's Auto Store.

After a wedding trip to Albuquerque, the couple will make their home in Wellington.

Guests at the wedding and reception were: Mr. and Mrs. Jimmie Bowen Jr., Mrs. Bill McCarver and Ann, Mrs. Clark Hudson, Mrs. Reece Norman and Mrs. Beatrice McKinney.

## The Westview Girls' Quarter Appear on KWHW Sunday

The Westview Girls' quartet appear on Radio Station KWHW at Altus, Oklahoma, on Sunday afternoon at three o'clock for a thirty minute program.

These girls have made three appearances over this station and are attracting attention over several counties as fan mail indicates. Their accompanist and manager is Mrs. C. B. Carter, daughter of Mr. and Mrs. E. S. Copeland of Wellington. Mrs. Carter, a graduate of Dodson High School, is a member of the Westview faculty and has been for the past two years.

Miss Betty Jean White and John Ray Trimble were married at 3 p.m. Sunday, September 7th, at the First Christian Church in Wellington in a double ring ceremony read by Minister Vaughn D. Shofner, minister of the Church of Christ. The bride is the daughter of Mr. and Mrs. W. L. White of Wellington. Mr. Trimble is the son of Mr. and Mrs. J. H. Trimble of Floydada.

Miss Lennie Lou Coleman, pianist, furnished wedding music. The prenuptial selections included "Andantino," "Always," "Indian Love Call," "Till the End of Time," and "Whispering." The wedding march from "Lohengrin" was played during the ceremony and Mendelssohn's "Wedding March" was used for the recessional. The vows were said beneath an arch covered with greenery and white daisies and flanked by lighted tapers.

Miss Emma Peterson of Canadian, maid of honor, wore a dress of blue crepe with white accessories. Her corsage was of pink carnations. Miss Mary Nell Chandler and Mrs. Joe Fisher of Flomot, sister of the groom, were candle lighters. Miss Chandler wore rose crepe and Mrs. Fisher's dress was of blue crepe. Each wore a wristlet of pink carnations. Wade Phelps of Plainview was best man. Ushers were Joe Fisher of Flomot, brother-in-law of the groom, and Mr. Alfred White of Mangum, Okla., brother of the bride.

The bride, given in marriage by her father, wore a white crepe gown with a shoulder length veil. Her bouquet of pink gladiolus and tube roses. The tradition of "something old, something borrowed and something blue" was carried out.

The bride is a 1946 graduate of the Wellington High School and attended West Texas State Teachers College at Canyon. Mr. Trimble graduated from Floydada High School in 1946 and served one year in the Army. He was discharged in March of this year at Selfridge Field, Michigan.

A reception was held at the home of the bride's parents. The table from which the wedding cake was served was decorated with yellow daisies and yellow candles. Blue napkins with the inscription, Betty and John Ray, in gold also carried out the color theme. Assisting in the serving were Miss Chandler, Miss Peterson, Mrs. Fisher and Mrs. John Coffee.

The bride wore a black wool suit with black and pink accessories for her going away costume. Her corsage was of lilies and tube roses. The young couple will be at home at 1600 W. 15th in Plainview where Mr. Trimble is employed at the Magnolia Wholesale Company.

Mr. and Mrs. Burton Springer left Sunday August 31 for their home in St. Louis, Mo. Mrs. Springer and sons, Allen and Arthur had been here for ten days visiting Mr. and Mrs. Fred Capps. Mr. Springer came down to drive back. They have recently moved from New Jersey to St. Louis. Anola returned with her parents after several weeks stay with her grandparents.

The Buck Creek Philosopher

"J. A. Plan" For Worldwide Peace and Harmony Given

Editor's note: The Buck Creek Philosopher on his Johnson grass farm on Buck Creek is off on international topics again, as his letter this week reveals. It's the heat.

Dear editor,

If you get a letter from me this week it's only out of force of habit as the weather lately has been too hot to even think and has been too hot to work for six weeks ahead of that. In fact, while I understand hot weather is hard on insects and good on cotton, there are times when I put my well-being ahead of crops and am perfectly willing to live in the same world with insects provided we're both comfortable.

But while I was out here on Buck Creek coolin' off Monday afternoon I picked up a copy of The Fort Worth Star-Telegram which blew in with a dust storm this morning and read where Winston Churchill made a speech in England the other day and said he was willing to forget differences of opinion and be broad-minded and join up with the labor government over there in asking the United States for another loan, as the one they got last spring is already used up, and it struck me that Mr. Churchill has hit the note for cooperation on a world-wide basis.

Nations can squabble and fuss over complicated proposals like the United Nations veto power, the Greek situation, the Palestine problem, the conflict of Russia and the United States, the Marshall Plan, the Molotov Plan, and so forth, but there is one idea I have noticed everybody can agree on, don't make no difference whether it's England or Russia or Denmark or Spain or Australia or Argentina or the rest of the countries which neither you or me can name all of them, and that is that they are all willing to borrow money from the United States.

You can take an international conference with everybody clavin at each other's throat and shoutin and yammerin over who's tryin to knife who, with the situation lookin in hopeless and World War Three on the verge of bustin loose, and let somebody suggest floatin a loan from the United States and Molotov will throw his arm around Churchill and Stalin will smile at Attlee and France will turn on a record playin the Star Spangled Banner and the vote will carry by a hundred percent unanimous majority.

In fact, the idea is so effective I am suggestin this as the "J. A. Plan" for world-wide peace and harmony, which I will appreciate you copyrightin for me, and I will personally guarantee it will maintain world-wide harmony as long as the United States can hold out.

Yours faithfully, J. A.

CARD OF THANKS

We wish to take this means to thank our neighbors and friends for their kindnesses shown us in the recent death of Mrs. Minnie M. Graves.

May God's richest blessing be yours.

T. D. Graves and family Mrs. D. W. Bryant

LILLIE By MRS. G. D. THOMAS

Lillie Baptist Revival closed Sunday night. There were five people baptized Sunday evening at the Wellington Baptist Church.

We are sorry to report that Mrs. Holloway had misfortune falling and injuring herself. She is in the Wellington Hospital. We all wish her a speedy recovery.

Mr. and Mrs. Jim Danial's left Saturday for a visit in Ranlett with relatives there.

Mr. W. D. Bailey of Wellington is visiting in the Zook Thomas home.

Mr. Thomas McMinn of Fort Worth and Mr. and Mrs. Woodroe Stafford of Portales, New Mexico, visited in the L. D. McMinn home Saturday.

We are glad to report that Mrs. Bill Carraker is home again after an operation in the St. Joseph Hospital a few weeks ago. We wish a very speedy recovery.

Among those who attended church at Lillie Sunday were Rev. and Mrs. Fred Bell, Mr. and Mrs. Boots Sechrist of Wellington, Mr. and Mrs. Mat Eiland of Stanton, Mrs. Dela Cooper of Temple, Mr. and Mrs. Winford Glenn of Amarillo, Thomas Tarwell of Wichita Falls, Mrs. Beatrice Jenkins of Plainview and Miss Billie Louise Squyres of Wellington.

Crops in the Lillie community are still looking very good even though rain is needed.

OUR FRIENDLY TOWN

Wellington is such a friendly town. The most neighborly people I've been around

The merchants greet you with a smile

They'll even stop and chat a while. The doctors are some of the best. They're your neighbors like the rest

Now when you've nothing else to do Why not stop when passing through We've libraries there with books to read

With information that you need And there's nice clean places to eat With everything nice and neat. And if you wish to spend the night, You'll find the rooms are just right.

Now if there's things you wish to buy I'm sure you'll find them not too high

So if you'll just look around I'm sure you'll like our Friendly Town.

—By Claude Wilson, Dozier, Texas

CARD OF THANKS

We want to thank each and everyone for your sympathy and word of consolation at the death of our dear and precious husband and father, Ernest E. Wood. For the many beautiful flowers and food that so many brought and sent. May God bless each and every one is our prayer.

Mrs. Ernest E. Wood Elmer Wood and family Bob Wood Mr. and Mrs. Cecil Harp and Don Wood

Mr. and Mrs. Ira Morgan, grandson, Kaye Eugene, daughter, Miss Jean Morgan and her roommate at WTSC, Miss Jo Crook, of Childress left Sunday for a visit to points of interest in Colorado. They will return during the week end.

School Activities At Samnorwood In Full Swing

By ORVILLE CUNNINGHAM Superintendent

Basketball practice has started at Norwood with sixteen boys coming out. Competition is keen. We lost only two boys last year and under Mr. Tippie's skillful guidance, we are hoping for a good year.

Twenty-eight girls are coming out for practice. We have three strong reserve for each position and eight letter-men back. Average height is five feet four inches and average weight is 123 pounds. We are concentrating on speed, accuracy, and fast ball handling; with a goal of consideration and sportsmanship toward all.

No games have been scheduled, but we are ready to accept any invitation on our home court or abroad.

The Junior Class organized with Richard Overcast as president; Clifford Johnson—vice-president; Juanita Loring—secretary; Jeanette Young—treasurer; and Jo Ann Rountree—reporter. Class mothers are: Mrs. Oscar Payne, Mrs. Fred Johnson, Mrs. Robert Young, and Mrs. Joe Rountree. Sponsor—Mr. Walker. A watermelon feast and line party was the first entertainment.

Our grade school has enrolled 261 pupils.

The Eighth Grade enjoyed a hay ride Wednesday evening.

Sixth grade boys scored a win vs. Seventh grade boys in their basketball game last week.

The Fifth grade is especially interested in an arithmetic and spelling contest during activity period. Losers will entertain winners.

Attendance is good in the Fourth grade with prizes offered each week and a grand prize at the end of each six-week period. Fifteen of the twenty-two pupils have scored perfect so far.

The Third grade is partial to the Coke box and shade trees these days. They say if you look close you can see the "tops" of the trees.

Second graders are a wide-awake group too. Thirty-four in number.

The thirty-six Primary pupils are having fun with new friends and experiences. They are learning to read and write too.

La Dona Mayberry, who underwent an appendectomy the first week of school, is back in school.

Lion Auto Named Frigidaire Dealer For REA Members

Announcement was made last week of the appointment of The Lion Auto Store as Frigidaire dealer for REA members. "Our franchise authorizes us to sell only to people who are on the Rural Electrification Lines," Morris Reed, manager of the Lion Store, explained. Mr. Reed said that his firm had the electrical boxes now in stock and that they hoped to have an adequate supply for rural customers during the fall months.

MARELLA MISS MARY MARTIN

The crops around Marella community are looking fine.

We met Wednesday, August 27, and organized The Free Will Baptist Church, Rev. H. C. Martin, Rev. W. D. Dane of Oklahoma City, Okla., and Brother E. E. Luster of Turkey made up the council. Rev. H. C. Martin was called to pastor the church. Bro. Calvin Martin, Bro. Eddy Monds were called as Deacons while Miss Ruth Martin was called Church Clerk.

The services Sunday night were held in G. C. Pettit's home. We had 49 present. The Free Will Baptist Church will meet Monday night for prayer services in the Rev. H. C. Martin home.

Mr. and Mrs. Frank Owens and children of Borger visited in the Rev. H. C. Martin home Saturday night.

Mr. and Mrs. J. E. Jones and son of Memphis visited in the H. C. Martin home last week.

Sonny Walls visited in the Eddie Monds home Tuesday.

Services Sunday night were held in the G. C. Pettit home. 52 were present.

Dallas Alford at Wayland College

PLAINVIEW — Dallas Alford, a recent graduate of Southwestern Baptist Theological Seminary's School of Sacred Music, has accepted a position in the Music Department at Wayland College. In announcing his coming, President J. W. Bill Marshall stated that Alford would direct choral and ensemble work and teach voice.

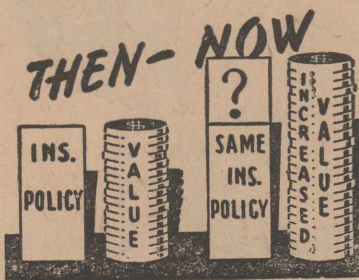

Since 1943, Mr. Alford has served as Minister of Music at Polytechnic Baptist Church, Fort Worth, while studying at Southwestern Seminary and at the Fort Worth Conservatory of Music. Recognized as one of the city's outstanding musicians, Alford possesses a beautiful tenor voice. At Polytechnic Church he has directed a youth chorus, an all-girl choir, and numerous ensemble groups.

Prior to studying in Fort Worth, Alford was Director of Music and Education at the First Baptist Church, Sulphur Springs, Texas. A native of Wellington, Texas, he was graduated from Wayland College in 1940 and received his A. B. degree from Howard Payne College in 1942. He was listed in "Who's Who Among American College and University Students" for two successive years.

Mr. and Mrs. Matt Nix Jr. and Marilyn Kay and Michael Glenn, Mr. and Mrs. W. C. Master and twins, Gale and Dale, all of Amherst visited in the Brad Glenn home over the week end.

Mr. and Mrs. E. E. Luster of Turkey, Mrs. W. C. Walls, Kathryn and Sonny of Memphis visited in the H. C. Martin home last Sunday evening.

Rev. H. C. Martin and family were dinner-guests in the Eddy Monds home Sunday. There were five baptized Sunday evening at the home of Smith. They were J. W., Patty and James Monds, Walter and Frank Coates.

## DIDACTICS

—By Deskins Wells

With nearly 900 Wellington children starting back to school this week, it is of the utmost importance that people drive carefully. This town was lucky last year; but even so automobiles caused the death of 470 children in Texas.

There is a need for increased home training; because the records show that the majority of the fatal accidents were caused by unsafe acts of the children themselves. The greatest number of victims were teen-agers, while the next greatest number were youngsters five to nine years old. But even if it is the fault of the child in many cases, drivers should be on the alert for the unexpected actions of children.

There is a story in this issue on page nine that every person who drives on the highways should read. It concerns the new uniform traffic law that went into effect September 5. Women should note that double parking is a \$200 fine. Owners of farm trucks with blind bodies should check up on the matter of mechanical signals. Drivers of passenger cars can use hand signals for stopping and turning; but busses and trucks must have mechanical signals. Everyone must signal. These are only a few of the things that will be enforced rigidly. It may save you a lot of trouble and expense to become perfectly familiar with the provisions of this law.

Some sort of instruction based on the new law should be given in all four of the High schools of the county.

Over at Hollis a man named Wayne Patterson appeared before the City Council to complain about bees in his bed. He said that a neighbor owned some 28 hives and that the bees now liked his home better. The Hollis News does not say what the Council did about the matter; but somebody ought to tell the Hollis man to spray his place with DDT. He won't have so many bees and neither will his neighbor.

This week I started to steal a story from the Shamrock Texan; but first decided that I had better check up and found that The Leader had carried it two weeks ago and that the Texan had taken it from us.

Oklahoma A&M sends out a bulletin on fall gardens saying that this is the time to plant kale, chard, beets, lettuce, mustard, radishes, etc., and it warns to be sure to plant them in wet ground. We knew the first suggestion; but what gardeners here want to know is where to find the wet ground.

Millard Brown says that there are over 80,000 acres planted in cotton in this county. If the prospects of two weeks ago could have materialized this acreage would have meant between 30,000 and 40,000 bales of cotton. This could have meant between 4 and 7 million dollar revenue for the county. What it will mean is another guess. The heat of the last two weeks has been terrific. However it is a miracle to see how the older cotton is holding up in spite of the intense heat.

There was trouble in the flats Sunday afternoon and night. The Wellington Black Cats played another colored team from Childress with an equally high sounding name. Each team put up \$95 winner to take all. The game progressed for 6 innings and was called on account of darkness. The Childress players took the money mainly because one of their men was holding the stakes; but they were ahead. There is some contention on this. Childress players say that they were ahead 13 to 7 and Wellington players say that Childress was ahead only 6 to 3. Anyhow the Wellington colored players are trying to get their money back. The local players don't have a leg to stand on. If a game goes beyond the 5th inning and is called on account of rain, darkness or any other reason the team that is ahead wins the game. The Black Cats thought of legal recourse, and they

don't have a legal leg to stand on. Gambling is against the law and you can't collect a gambling debt in the courts.

Members of the Volunteer Department held their annual barbecue at Ellison Park last Monday evening. Bura Handley made a short address of welcome and paid a glowing tribute to Tom Campbell for furnishing the beef, which was actually furnished by Frank Campbell; but the rest of Bura's remarks were as smooth as any radio announcer as he mentioned recent donations to the department by Mr. and Mrs. Mish Dukeminier and Pink Sullivan. Hope Bura won't cut me off his list for printing what he said. There is no organization whose work I respect more than our own Volunteer Fire Department. We ought to give them the co-operation they asked recently about driving to fires, and if we don't the City ought to fine the thunder out of a bunch of us.

Odessa is sure a long way from Wellington; but I've got to get over there soon and help Joe Colman with his football team. How he ever won the state championship last year without my advice is more than I can see now.

### CARD OF THANKS

We wish to offer our sincere thanks and appreciation to those of you who were so thoughtful during the illness of our wife and daughter, Clara Frances.

We thank those of you who remembered with flowers, and especially to the Sisters of St. Joseph's Hospital do we extend this note of appreciation.

May God bless each one of you. Keith Smith, Sherrie and Judy Mr. and Mrs. Riley Dunson and R. J.

Dan Trew, son of Mr. and Mrs. E. M. Trew, was confined to the St. Joseph Hospital August 29 due to a tonsilectomy.

Rev. Andrew Quante of Groom underwent major surgery September 2, at the St. Joseph Hospital. His condition was reported as well as could be expected.

## Miss Ramona Meason Honored with Shower

The Home Economics cottage at Quail was the scene Tuesday, August 26, from 4:30 to 5:30 for a miscellaneous shower honoring popular bride-elect Ramona Meason.

Guests were greeted by Mrs. W. C. Starr and Mrs. Earl Allen, hostesses for the occasion. Miss Jan Allen presided at the bride's book. A miniature bridal bouquet and wedding band decorated the table where guests registered. Arrangements of cut sunflowers in crystal bowls carried out the gold and white color scheme.

Mrs. Jack Brisbin played a prelude of pre-nuptial selections as an introduction to the program. Miss Beth Dodson sang "Always", Misses Billie Jean Turner and Eloise Aaron sang, "If You Were the Only Boy in the World," and a quartet composed of Miss Aaron, Miss Turner, Miss Dodson, and Miss Marge Wilson sang "The Girl That I Marry". Miss Marge Wilson read.

Gifts were on display in the cottage bedroom.

A white hand drawn linen cloth covered the attractively appointed serving table. Marigolds and crystal candelabra bearing white tapers completed the appointment. Above the table was a silhouette of cupid shooting at a heart on which was inscribed "Charlie and Ramona."

Misses Barbara Wilson, Martha Allen, and Jean Morgan assisted with the serving of punch and tiny heart shaped cakes.

Favors were tiny scrub mops, wrapped in a page from the bride's diary revealing the wedding plans.

Mrs. Buck Judd and children, Janet and Reggie of Amarillo are visiting this week with her parents, Mr. and Mrs. Edgar Lockhart and family. They also visited Mr. and Mrs. I. T. Judd and family. Mr. Judd is going to Gruin Watchmaker School in Amarillo.

## Supper at Church for Rev. H. H. Kinkeade and Family, Sept. 8th

The First Baptist Church entertained with a picnic supper on the church lawn Monday evening, Sept. 8th honoring Rev. and Mrs. Henry Kinkeade and their children, Susie Gaye and Henry Halleck. Rev. Kinkeade is former pastor of the Wellington church and has been holding revival service for the past two weeks in Hobart, Oklahoma.

Rev. Howard Jones welcomed the guests and Rev. Kinkeade gave the invocation. A bountiful supper followed. While there was no registration of the guests, it is estimated that approximately 175 church members and friends attended.

Tuesday morning, Rev. and Mrs. Kinkeade and the children returned to Zachary, Louisiana, where he is pastor. Thursday morning he will begin classes at the Baptist Theological Seminary in New Orleans where he is serving toward a Divinity degree, having completed work on his Masters Degree. Rev. Kinkeade will serve as president of the Student Government at the Seminary this year.

J. Ray Barker of Mangum was in the St. Joseph Hospital on the 27th of August undergoing a tonsilectomy.

## Editorial

Deskins Wells, editor of the Wellington Leader, in last week's issue of his paper was cautiously feeling out the sentiment of the citizens of his county about parking meters for Wellington. He advanced the argument in their favor that there were days in his town, especially on Saturdays, when farmers were put to a great disadvantage in trying to find a place to park at stores where they wanted to trade. He further contended that the driver of a car many times in trying to find a place to park his auto would burn up more gasoline than the price of a few minutes stop at a parking meter. Mr. Wells in his paper also carried a news item from the Hereford Brand at Hereford, stating that parking meters were being installed in Hereford.

The parking meter, like the traffic signal lights, had their beginning in the large cities. But as time goes on we see the smaller places adapting their use.

Since the parking meters in Vernon were installed on a more or less try-out basis, the people in general over the county were not consulted as to whether or not they wanted them. But now with them in use, and many people realizing their advantage, the Times seriously doubts, if left to a vote of the people, the majority would say remove them.

Before the parking meters in Vernon, and we expect the same condition exists in Wellington and many other towns of similar size, too many business men along with clerks and others, were utilizing all the parking space along the store fronts. The parking meter has stopped all this in Vernon—The Vernon Times.

### • Building

Evidence of Monday people's faith in the future of the town and community is shown by the building activity now under way or being planned. Several new business houses and residences have recently been completed, and a number are now under construction. Among them are: The new brick building that will be the home of the Farmall house; the remodeling of the Williams Building just south of the Times office, which will become a new theatre, and plans are going forward for a building of a home for the Chevrolet Agency.

Several residences have been completed recently, a number are under construction, but there's still a clamor for places to live. The housing shortage won't be eliminated for many months to come—Aaron Edgar, formerly of Wellington, in The Munday Times.

### • Friends of Boys Ranch

And here's a report on the Bays Ranch canning project. Mrs. Tom Draper, the county home demonstration agent, who carried most of the load, reports that a total of 1106 quarts of green vegetables, 11 gallons of pickles, and 100 pounds of dried peas were prepared for the Ranch up to Tuesday, when the final mopping-up operations at the Central School Cafeteria were completed. Hats off to the ladies who worked and the people who gave. In addition, the ranch will receive a carload of potatoes, gift of the Hereford Lion's Club, and a quantity of feed for cattle donated by local farmers—Jimmie Gillentine in The Hereford Brand. (Editor's Note: Mrs. Draper is the former Argen Hix of Wellington.)

### • Hereford Builds

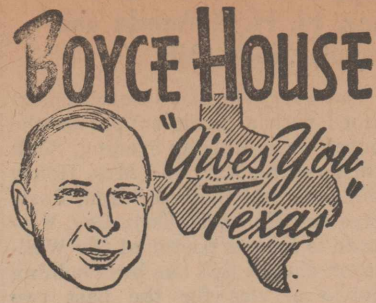

Morris Thompson, Hereford business man, deposited \$20,000 this morning as a forfeit in lieu of contract to build a 5-story, 64 room modern hotel in Hereford, according to C-C secretary Pete Cowart.

The contract is contingent on ability of the Hereford Chamber of Commerce to meet a promised subsidy of \$25,000 in cash, plus a hotel site at the corner of 3rd and Sampson, which will be turned over to the builder.

Estimated cost of building the hotel is \$225,000—Jimmie Gillentine in The Hereford Brand.

### • Out Ahead

When a straggler takes the lead and keeps it, he usually knows where he is going for there isn't any dust out in front—Douglas Meador in The Matador Tribune.

People are always writing, phoning or dropping by to ask advice about a book they are planning to write. Almost without exception, they are seeking a short cut, a magic formula whereby one can get ahead in writing. Their faces fall when they are told that the only recipe is hard work, which is the recipe in just about any other field.

Hard work plus patience. For example, "Cub Reporter" is based on experiences and observations of this chronicler while breaking into the newspaper game back in 1916, and the two years which followed.

The idea of writing the book came about 1927. My mother had written a letter from Memphis, Tenn., and enclosed clippings of the death of C. P. J. Mooney, editor of the Commercial Appeal.

After the work of getting out the Eastland Daily Oil Belt News was done, I sat at my desk, slowly read the clippings and then mused as twilight descended. The determination came to write a book about Mr. Mooney, my first editor, and the glorious crew of reporters of "the old C. A."

Years went by. Slowly, subconsciously, the project took form. Frequently, I thought of the undertaking but it had not matured. This, like the aging of certain beverages in the wood, is a process that can not be hastened. There is no substitute for time, its sifting, its mellowing, its hallowing.

One day, a pen was dipped into ink and the writing began. The slower method of pen-and-ink gave a thought, a scene, an individual the full chance to unfold; it is the details which make a man or an event come to life on paper.

Nearly 50,000 words in ink—then revision, then typing it off on the machine, with changes of words, adding of touches as the task went along—and task it was, slow and hard.

And so "Cub Reporter" was written—30 years after the happenings had taken place, 20 years after the

idea of writing the book was born. The whole project was done without a thought of whether the book would sell a single copy. It was something I had to do—something I wanted to do, a tribute to the memory of a great man, a salute

to the forever perished days of glorious youth.

Most every family would be improved if the parents would get back on spanking terms with their children.

## Big engines... long trains

# mean lower cost to you!

### But union leaders want "half-trains"—double crews!

Big locomotives are built to do a big job in the big country which is America—a big job in peacetime as in wartime. They are built to pull long trains.

Long freight trains can handle more goods at less cost—to you—than short trains.

Long trains mean fewer trains—fewer chances for accidents—fewer interruptions to traffic.

But a few railroad union leaders oppose long trains—among their current 44 demands for changes in rules is one limiting the length of freight trains to 57 average cars. Why do they demand this?

For "safety," they say. But is it? Government figures show definitely that long trains mean greater safety to railroad employees and public alike.

Then, if safety is not the real reason—what is the reason behind this demand?

It is to make more jobs which are not needed—to get more pay! This "made work" would be sheer waste. Think of big, modern locomotives using only half their power.

For this waste, you—the public—would have to pay. Higher costs mean a lower standard of living for everybody. Nobody wants that!

## Here's the record . . .

In the quarter century . . . 1921-1946 . . .

Average length of freight trains has gone up . . . . .	39%
Average speed of freight trains has gone up . . .	39%
The rate of injuries to railroad employees has gone down . . . . .	60%
Average wages paid railroad workers have gone up . . . . .	84%
Price of railroad materials and supplies has gone up . . . . .	58%
Railroad taxes have gone up . . . . .	76%

But the average charge by railroads for hauling a ton of freight one mile has gone down . . . . . **23%**

## Traffic Laws Will Be Rigidly Enforced

The new Texas traffic law, now in effect, will make things rough for those people who think they are the only ones on the road.

The person who drives up in the middle of the road, or wanders from one side to the other, will now be liable to arrest. So will the person who passes one vehicle when another is coming to meet him.

A driver must stay on the right except when passing, when driving on a one-way thoroughfare, or when the right side of the road is blocked.

The middle lane of a three-lane highway is to be used only for passing and for making left turns, and then only when nobody is using it from the other direction.

One vehicle may not pass another when they are at or approaching a bridge, viaduct or tunnel; or when in a designated No Passing zone, marked by a broken stripe or any other means.

The question of right-of-way is clearly defined in the new law. The vehicle that gets into an intersection first has the right-of-way. If two vehicles get there at the same time, the one on the right has the right-of-way. In other words, if the other car is on your right, you must let it go ahead. If the other car is on your left, it should let you go ahead.

When you are making a left turn at an intersection, you must not cut in front of other vehicles so as to create a hazard. But you may turn ahead of opposing traffic after you have signalled for your turn and let the cars by that are in, or right at, the intersection.

Observance of rural stop signs—whether on highways or county roads—has never been enforced, because the old law did not actually make it a violation to run a rural stop sign. But it's a different story under the new law. Those stop signs now mean STOP. Furthermore, after stopping, you must be careful not to start up again in such a way as to interfere with other traffic, thereby creating a hazard.

Hay-wagon turns are outlawed. To make a left turn, you must start the turn from the position nearest the center of the street or road. A right turn must be made only from the lane nearest the right side of the street or road. Turns should be short, not on a wide angle such as one must make when he's driving a hay-wagon with a double span

of horses. Definite signals must be given before a driver turns, slows down, or stops.

Most of us will use the prescribed hand-and-arm signals. But busses and trucks will have to be equipped with electrical or mechanical signalling devices if they are built so that hand-and-arm signals cannot readily be seen. Owners of farm trucks with wide, blind bodies or narrow cabs should check up on this matter right away.

Hand and arm signals are given in this manner: the hand and arm are extended out and up for a right turn; straight out and pointing to the left for a left turn; and out and down toward the ground for slow or stop.

Another article next week will discuss the equipment required for cars, trucks and busses under the new law.

## Quail Group Gives Kiwanis Program

The local Kiwanis Club, at their regular luncheon Friday noon, September 5 was entertained by a group from Quail, headed by Noah Cunningham, president of that town's Lion's Club.

The group consisted of Betty and Laquita Wofford giving three vocal numbers. M. A. Boyce, his daughter, Opal and son, M. A. Jr., giving instrumental and vocal numbers. Warren Carter and his daughter, Carolyn presented four numbers on the violin and piano respectively. Miss Faye Neeley gave a reading entitled "The House."

Mr. Cunningham acted as master of ceremonies as well as accompanying all numbers with his steel guitar.

L. V. Bratten was introduced to the club as a new member. He is in business as a jeweler located in the Palace Drug.

Joe McWilliams had as his guest Mr. Sidney Rogers.

Mr. and Mrs. Charles Allen and little daughter, Vicky Ann, were here Sunday night and Monday visiting with her mother, Mrs. Paul Starr and Mr. Starr. They were en route from Roswell, N. M., to Chickasha, Oklahoma, where they will make their home. Mr. Allen will be associated with the Anderson-Pritchard Cotton company as a chemist.

## Irish Say They Hope for First Regional Crown

SHAMROCK — Shamrock's Irish gridmen started training last week for the 1947 season, which they hope will bring them their first regional championship.

Coach Scott McCall said that he had between 40 and 45 husky young prospects to report at the gymnasium at 3 P.M. Monday where they will meet their new assistant coach, Kenneth Glasgow, and suit out for their first drill practice of the season.

Coaches McCall and Glasgow have nine lettermen around whom they can begin building their latest model grid machine. Two of those seasoned gridmen have earned letters the past three years. They are Halfback Bobby Close and Quarterback Eural Ramsey. Another veteran of the backfield, Fullback Bob Lile, has lettered the past two seasons. The other experienced backfield man is Glenn Reeves who saw much action last year in earning his first letter.

The five returning lettermen in the line have earned one letter each. They are: guards, Roy Don Brower and Phillip Hartsfield; tackle, Edward Lee Briggs, and ends, Don Fletcher and Glenn Terry.

Several other lads who saw some action last season are expected to be valuable assets to the 1947 team. A few boys moving up from the junior high school squad, McLe-mor and Valentine, in particular, are expected to see much action during the coming season.

Season tickets have been printed and will be placed on sale within the next few days.

The 1947 Irish schedule: Sept. 12, Estelline, home; Sept. 19, Perryton, home; Sept. 26, Canadian, away; Oct. 3, Wheeler, away; Oct. 10, Memphis, home; Oct. 17, Lefors, away; Oct. 31, Clarendon, home; Nov. 7, McLean, away; Nov. 14, Wellington, home.

## W. L. Langford Buys Lucky Corner Station

W. L. Langford, formerly with the Robert Posey station, purchased the Lucky Corner Filling Station from Ross Blythe this week and will handle Phillips 66 products.

He will also handle tires, tubes, batteries and other auto accessories.

He who does more than he is hired to do is his own master.

## Armstrong Begins Mesquite Control

COLLEGE STATION — Mesquite is taking over big areas of the Panhandle, but Armstrong ranchmen are doing something about it.

A number of ranchmen, according to County Agent Charles O. Reed, Jr., have tried chemicals, oil sprays and hand-grubbing. The Hedgecocke Estate has just finished grubbing 700 acres, a large part of which had a thick stand of mesquite.

Eradication work has stepped up since a contractor equipped a crawler-type tractor with a shopmade mesquite grubber which is attached to the bulldozer arm. The attachment is only two feet wide with small cutting side arms that pull or cut the mesquite below the crowns.

Reed says 3000 acres have been cleared with this equipment since spring. A 100 percent kill has been obtained on mesquite ranging from sprouts to trees 12 inches in diameter.

Under ideal conditions, the native grass on tight land slides over the cutting blade. Very little of the grass is dead, and on land cleared last spring, the loosening of the ground let more water soak in so that the grass is green and in good condition.

Mr. and Mrs. S. A. Welch and sons, Irvin and Kenneth returned home Sunday from Chickasha, Oklahoma, where they have been visiting Mr. Welch's mother, Mrs. G. W. Welch and other relatives. They also attended the Welch family reunion.

Irvin and Kenneth Welch left Sunday for Roswell, N. M., where they will visit their sister and family, Mr. and Mrs. Oris West and son for a week's stay. Irvin will return to Lubbock where he will enter Texas Tech and Kenneth will return home.

### Victory Medals to Be Distributed at Shamrock Sept. 12

T-Sgt. Jesse Bewely of the US Army Recruiting Station, Amarillo, Texas, will be in the US Army Recruiting Station located at the City Hall, Shamrock, Texas, Friday and Saturday, September 12 and 13 to make distribution of World War II Victory medals and American Defense Service medals (Pre Pearl Harbor) to all Army, Navy and Marine Corps veterans. To be eligible for the World War II Victory medal any veteran must have served in one of the Armed Forces any time from December 7, 1941, to the ending of the emergency.

To be eligible for the American Defense Service medal (Pre Pearl Harbor) any veteran must have served in one of the Armed Forces on or before December 7, 1941. All men applying for these medals on the 12th and 13th must have with them their discharge or a certified true copy which bears a notation of what the veteran is entitled to wear.

The above announcement was made by M-Sgt. G. W. Parrott, local Recruiting Officer and he also urges all veterans who are entitled to wear such medals to apply for them here. For after this to obtain them they will have to apply for them at the US Army Recruiting Station, Amarillo, Texas. Sgt. Parrott anticipates over a thousand veterans in this area are entitled to wear one or both of the medals.

### Gospel of Christ

(Rom. 1:16)

#### PRAYER

"The prayer of a righteous man availeth much." (Jas. 5:16) Prayer is the privilege of a child of God. "We know that God heareth not sinners." (John 9:31) It is only the children of God who may follow Christ's pattern of prayer: "Our Father who art in heaven." (Mt. 6:9)

The apostle Paul wrote that the Christian should "pray without ceasing." (1 Thes. 5:17) Again he wrote, "In everything by prayer and supplication with thanksgiving let your requests be made known to God." (Phil. 4:6) Thus he agrees with Jesus who taught his disciples that "they ought always to pray and to faint not." (Lu. 18:1)

Therefore we should be "born again, of water and of the Spirit." (John 3:3-5) and thus enter into the spiritual family of God, and as children of His cherish the privilege of prayer as the line of communication to the throne of power.

### Rockets Training -

(Continued from Page One)

main the punting will be done by Robert Fulton, who will be shifted from end for this purpose. Fulton may also be used in the tailback position on running plays and is one of the best passers on the team. Moore and Fulton will do most of the passing. Sam Raburn and Bill Combs will also do a lot of running as well as blocking. Combs is considered the quickest hitting back on the squad.

Main ends will be Tiffin Young and Robert Fulton, but Walter Johnson and Billy Joe Keller are looking mighty good in these same slots. Johnson will start at center but will be shifted to end when Fulton is shifted to the backfield. Johnson has far more speed than is apparent and his height is a distinct advantage in catching passes. Walter O'Neil, one of the best pass catchers on the team has moved up to weigh 145 pounds and will see lots of service in the position in which his brother Ted won regional honors.

Tackles will be the veteran Jerry Bollen and John Martin Jones. Jerry was a regular tackle last season until he took the mumps and was out for some of the major games. John Martin played his first football last year; but his bull dog determination has won him a starting berth this year. He is fast for a heavy man. Other

tackles are Garland Turner and John Otis Payne who came up from the B squad of 1946.

George Schoff, 175, is another tackle who is expected to add reserve strength to the Wellington line. Howard Ball, 180, will also see considerable play in the tackle position.

At center Pat Riley and Jerry Strickland, who also came up from the B squad, will substitute when Johnson or Bollen are not holding down this post.

Guards will be Bobby Bullington and Kenneth Winter. Bullington played regularly last year and Winter was an all-district guard two years ago. Winter is also one of the blonded boys but he is not big footed. He wears a 6 1-2 size shoe as compared to some of the number 11's of his team mates. Other guards are Bill Williams and Aubrey Harrison. Bill is a brother of John Williams former star player and later coach of the Rockets. He may take the place of the starters before the season is over if early practice is any criterion. Aubrey Harrison has gained about 20 pounds since last season and will see a lot of playing before the season is over. John Clark, who came up from the B squad, is also showing up well and will get to play in a number of games.

Al Duncan and John Lee and Bob Percival are pleased with the prospects over the balance and the amount of capable reserves they have for this season. While the total strength of the squad won't compare with the 45 of Shamrock or the 44 of Hereford, they are not complaining about the quality of the some 18 men who will be capable of starting the game.

Roster of the squad follows:  
COACHES: Al Duncan, John Lee, Bob Percival. Managers: Joe Moore, Billy Karnes.

### Hairy Vetch -

(Continued from Page One)

The majority of Vetch seed planted in Texas and states east for many years have come from Oregon but there are possibilities here for this crop as shown in the above yields—current price for this seed is 20 to 25 cents per pound, the County Agent said.

In planting Vetch use two hundred pounds of phosphate per acre

and inoculate the seed. Plant in September or October, Mr. Thomas directed.

Mrs. Joe Willoughby and son, Larry of Sherman and Mr. and Mrs. J. V. Porter of Dallas have been visiting the past week with Mr. and Mrs. H. D. Willoughby.
