Miss Something On Your Table?

Who would have imagined that Hereford, Texas, would be caught in the middle of a Solanum Tuberosum shortage?

That tongue-twister shouldn't scare you unless you — like this scribe — are suffering from a lack of spuds on the table.

Sure enough, there is a definite shortage of spuds in Hereford, the spud capital of the Southwest. In fact, there "ain't none" to be found in the markets.

There is a good cause for the shortage when you delve deeper into the picture. It's all due to the short crop in the potato storage states — those northern, midwestern and northeastern states who grow late crops and store them for the winter.

The first relief in sight is the Edison district of California, which begins harvest about April 20. Normally, those spuds would be filling in about now were it not for the fact that the shortage is nation-wide. The harvest cannot be distributed inland until coastal points have absorbed their needs.

Although there is reputed to "under - the - table" money in some areas paid for spuds, it still isn't going anywhere towards filling the displays of Hereford grocers.

One potato shipper said relief could be expected here within 10 days or two weeks. From then on the situation will gradually loosen up.

Harvesting of about 3,400 acres of spuds in Deaf Smith county —an increase of about 400 acres over 1951 planting — will start anywhere from June 25 to July 1. All indications point towards a fine crop here. The rain added all the more to those chances.

Until relief does come, local grocers have reported a heavy sale of canned potatoes once their meager supply of aging spuds went to the eager shoppers.

The decline of the spud crop came gradually with the supplies getting worse and worse until the final cut-off and, worst of all, the downright shortage.

Saturday Is Precinct Convention Day; Meeting Information Listed

Saturday, May 3 is the date for precinct conventions for both political parties in Deaf Smith county. Each party will select a delegate from the precinct to the county conventions.

The Democratic county convention will be held May 6 at 4 p. m. in the county court room, according to C. C. Acker, county executive chairman.

The Republicans will hold their county convention in the county courthouse on May 6 at 3 p. m.

Below are re-printed the times and places of the precinct meetings Saturday. A map showing precinct boundaries for the county and for the City of Hereford was printed in the Sunday Brand.

A copy of both maps will be posted in The Brand window for those who wish to consult it.

All Democratic precinct conventions will be held at 3 p. m. unless otherwise mentioned in the following list. All Republican meetings will be held at 7:30 p. m.

Precinct No.	Democrat Site	Republican Site

Hot Check

Robert A. Spencer was sentenced to 20 days in the county jail and fined $50 after pleading guilty in county court Monday to a charge of swindling with a worthless check.

Spencer was charged on April 28 with issuing a worthless $7 check on March 29 to Troy Moore. The check was written on the First National bank of Hereford.

SHICK

County-Wide FB Meeting Friday

A county-wide meeting of the Deaf Smith County Farm Bureau will be held Friday night at 8 p. m. in the district court room, according to Virgil Dodson, county FB president.

Featured speaker for the meeting will be Lester Shick, Colorado Springs, Colo., who will speak on "City and Rural Relations."

Shick is a prominent speaker and has appeared before audiences in Texas, Kansas and Illinois. His addresses are sprinkled liberally with an easy wit.

Coffee and donuts will be served, Dodson said. Ladies are especially urged to attend the meeting along with their husbands.

There will be no Farm Bureau business conducted at the meeting.

Mr. A. O. Gullidge of Helena, Mont., a long time friend, was the guest of the Rev. Mr. and Mrs. George E. Meyer at the Friona Congregational Manse last week. Mr. Gullidge has been until recent retirement, State Supervisor of Secondary School Education for the Department of Education of the State of Montana.

Launch Drive For Health Foundation

A community-wide campaign to raise funds for the Deaf Smith County Health Foundation was launched Thursday with the mailing of approximately 3,000 pledge cards to residents of this area.

Goal for the foundation—which was formed to underwrite expenses for chemical analyses of Deaf Smith county soil, water and produce — is $4,500, according to Wayne Evans, chairman of the foundation.

Donations to date of $1,258 have been received by Mrs. Cecil Williams, treasurer. Hence, the drive's goal will be adding the additional $3,242 to complete the work needed.

All funds received so far have been used to bring payment of all analysis work up to date.

Preparation of the envelopes for mailing was done by the Business and Professional Women's club.

Interest in the Deaf Smith County Health Foundation's findings is being stirred currently with a paper on the preliminary work conducted to date to be presented on May 6 before the Texas Orthopedic Association in Dallas.

Dr. L. B. Barnett, who has been working on the foundation's analyzing and clinical testing for the past several months, will present the paper.

There is a possibility of this paper being published here in America and, if the findings warrant it, publishing it also in a British - American medical journal.

Dr. Barnett met with the board of directors of the foundation on Monday. He reported on preliminary findings from limited clinical work and the first set of samples.

Dr. Barnett requested that the majority of his presentation be kept "off the record" because so many of the theories developed in his work at Dallas remain to be proven conclusively. He did, however, give an optimistic report of his studies and in his confidential report to the foundation board, Dr. Barnett read off the spectographic analysis reports made by a Houston laboratory of samples of local elements.

Some of his report was surprising and is expected to meet with mixed reactions at the Dallas meeting next Tuesday.

The Hereford surgeon advised the foundation personnel to obtain samples of crops from other areas of the United States so actual element-by-element comparisons between the two areas can be made.

This, he added, will be the real selling point once the paper he presents has been evaluated through future clinical results.

Dr. Barnett recalled the flourination experiments carried out in the eastern part of the nation and subsequent U. S. Department of Health approval of universal flourination of water for preventing tooth decay.

He revealed in the course of his presentation that the flourine content of water in Deaf Smith county (varying with location from Hereford) was lower than that used in the Newburg, N. Y. experiments.

Theories on what his findings to date might mean to residents of the area and to animal life here were also expounded by Barnett, although he asked that these not be given popular publicity until they have been proven through tests being carried on in hospitals at the present time.

Another year of clinical work should tell a lot more and go a long way towards proving current theories about Deaf Smith county soil, Barnett explained.

Tests will be made during the coming year with fresh vegetables supplied the Houston laboratory by county 4-H club girls.

Comparative samples of like crops from other areas will be obtained, Chairman Evans said.

The chemistry thus far obtained in tests is now in the hands of the foundation and will be kept confidential until possibly a year from now.

Copies of the report to be made in Dallas on Tuesday by Dr. Barnett may be obtained by interested persons if it is published.

During the meeting, Cecil Massey, manager of the Deaf Smith County Chamber of Commerce, read several letters from persons wanting to move to Hereford for their health of wanting to learn more about locally - grown foods or local water.

Monday Final Day To File For Primary

Monday, May 5 is the deadline for candidates seeking to have their names placed on the ballot for primary action by the voters of Deaf Smith county.

Texas' new election law provided that such request by a candidate be filed before the first Monday in May preceeding the primary.

On May 6, the county conventions will be held. On May 27, sworn statements shall and must be filed by candidates at intervals of 20 days beginning 60 days next preceeding date of election.

State conventions are to be held also on May 27.

SATURDAY WAS "straw hat" day in Hereford and Alex Thompson was not to be outdone by any young Fancy Dan sporting the latest in straw. So he grabbed the casual model shown above and posed for The Brand photographer. Anyhow, it kept the street lights out of his eyes. Staff Photo

SCHOOL PATROLMEN and girl office assistants from both Central and Shirley schools were given a treat this week when they were taken on a conducted tour of the Deaf Smith county jail, given rides in the county and city patrol cars and the Hereford emergency fire unit and finally, treated to a free movie. All this was in recognition of their year-round service as patrolmen and office assistants. Central school students took the tour on Monday and Shirley students on Tuesday. The pictures above were taken Monday. At extreme left, Sheriff J. C. Reese fingerprints Pat Dawson while Gale Blythe, foreground, and Wilra Sue Channer and Linda Burkett (background) look on. In the center picture, some of the children look into the cell-block at the seven prisoners staying there at the time. In the group, from left are: Dolly Paetzold, Oma Lee Ranspot, Gayle Wagoner, Edwin Morrison and Phillip Roland. In the photo at far right, Reese is demonstrating the use of the prisoner transport belt, a leather belt with attached handcuffs, on Rondel Davidson. Others in the picture, from left, are: Jerry Hodges, Douglas Ford, Lesly Sharp, Reece, Davidson, D. C. Martin, Jimmy Culpepper, Oma Lee Ranspot, Gayle Wagoner, Shirley Pierce, Dolly Paetzold, Vincent Guerrero, Linda Burkett and Edwin Morrison. While visiting the jail, one wide-eyed girl sidled up to Sheriff Reese and asked, "Where's the electric chair?" Staff Photos.

Robbins' winning time in the Class B quarter - mile was 52.6, 3 seconds off the region record. Mr. Cook and Robinson will go with the boys to Austin. They will be accompanied to Austin by Jerry Pool, who won the mile race at regional and his teacher, Mr. Heaton.

Mrs. Emmett Day had a letter from Mrs. Kip Williams of Phoenix, Ariz. stating she would be on a radio program from there Wednesday evening from 8:05 to 9:05. She was chosen to appear from the trailor courts where they live. The Days could not tune in this program. The Williams are the family from Portsmouth, N. Y. whom the Days befriended last August when their trailer house and all of their things were destroyed by fire. The Williams were on their way to Phoenix hoping Mrs. Williams who suffered from rheumatism would find relief there in the warm weather.

Mrs. Matthew Baker, Joyce Ann Miller and Gay Ann McFarland returned from Dallas Sunday, where they attended the FHA meeting. They reported a good time and stated there were 2700 girls and six boys at the meeting.

$4,500 Granted In Insurance Action Saturday

A $4,500 payment to the plaintiff in the Bess Mae Gill et. al vs. Republic National Life Insurance Co. case was adjudged April 26 by District Judge Harry Schultz.

The plaintiff sought payment for a death to one insured by the defendant. Under the terms of the agreed judgment, the company is to receive $214.60 previously paid the court and is to pay all costs of the suit.

Also in district court business on Saturday, three divorces were heard and two of these granted. One was taken under advisement.

One division of property case was disposed of and so was a case of tresspass to try title.

Grid Scrimmage Session Friday

Hereford's Whitefaces had their first heavy scrimmage of the spring football practice sessions Tuesday afternoon. The workout was held primarily for "play polish," Coach Dalton Criswell said.

Another scrimmage session has been set for Friday at 3 p. m., Criswell reported. Due to a shortage of boys, scrimmage activities might have to be held to a minimum. The lack of seniors who could provide opposition for the varsity hopefuls has barred possibilities of a senior - varsity game this season.

On Monday, the Whitefaces worked on pass defense and line drill. The squad is looking good, the mentor remarked and added that the time is fast approaching when the workouts will give him an idea of what to expect next fall.

David Stanton has been working at quarterback, Criss said, and looks "interesting" working from the pivot spot. He is also working out at half and looks good there.

Godfrey and Winget are looking well and showing improvement, he said, and Jackie Burrus is working out fine with the "B" squad.

Freshman Toby Yates has returned to practice. Yates is a 200-lb. tackle. Physically, the squad is in good shape save for a few bruises, Criswell reported.

Hereford's coaching staff declined to go to the Tech coaching school in Lubbock, preferring instead to use the time for workouts with the squad. The school was last Friday and Saturday.

Siblings are blood relations.

SUMMERFIELD NEWS

Kenneth Neill Ordained Deacon Of Baptist Church On Sunday

By Bobbie Walser

Kenneth Neill was ordained as deacon of the Summerfield Baptist church Sunday afternoon. Several visiting preachers and deacons from surrounding churches were present.

The picture, "Mr. Texas," is to be shown at the Summerfield Baptist church Thursday night, starting at 8 o'clock. Everyone is invited to attend.

The closing luncheon of the Summerfield Study club will be held at the Community house on Thursday, May 8.

Mrs. Sharp spent the week end with her son-in-law and daughter, Mr. and Mrs. K. W. Neill.

Nancy Story and Bobbie Walser were in the Olive Hinds recital Tuesday night.

Mr. and Mrs. Melvin Rainey attended the funeral of James Barclay in Oklahoma. Mr. Barclay was Mr. Rainey's grandfather. The community extends their deepest sympathy to the Rainey family.

Mrs. Ky Lawrence and Mrs. L. B. Lookingbill were in Amarillo Friday on business.

The Summerfield Baptist church held a revival this past week. There was good attendance reported. Rev. Wilson of the pastorage of the Frio Baptist church was in charge of the meeting.

Mr. and Mrs. Roy Campbel and family were recent visitors in Wellington.

Mrs. L. H. Lookingbill has returned home after spending the past two weeks with her daughter, Mrs. John Winkler and family. She has been helping care for her new granddaughter.

A precinct meeting will be held at the Summerfield community house on May 3. The meeting will begin at 2:30 p. m. The purpose of the meeting is to elect two delegates to the county convention at Dimmitt on May 6. All qualified voters are urged to attend.

Mrs. Ray Johnson is in Gainesville at the bedside of her father, Mr. Smith, who is critically ill.

Freddie Lookingbill was among the Boy Scouts that attended a field day at Camp Don Herrington.

Mr. and Mrs. Glenn Olson and family, former residents of Summerfield and now of Hereford are moving to Texline where they bought a home.

Mr. and Mrs. J. M. Wright and Joe and Abe Winkler are visiting Mrs. Wright's brother and sister-in-law, Mr. and Mrs. Roy Winkler of Norman, Okla. Mrs. Wright's mother will return to Summerfield with them. She has been visiting in Oklahoma for several weeks. Sandra Wright is spending the week in the home of Mr. and Mrs. Glenn Olson in Hereford while her parents are gone.

Russell Louis Hatcher of Amarillo spent last week with his grandparents, Mr. and Mrs. L. J. Councilman, while his parents, Mr. and Mrs. Duff Hatcher flew to New York on business.

Mrs. McCree and daughter of Borger stopped in Summerfield to see Mrs. J. A. Noland for a few minutes Saturday. They are old - time friends.

Farmers in this community have all been busy since the rain. There was about two inches of rain in the community and the wells weren't needed for about two days. There was also rain in the community Monday night. Some hail fell south of Summerfield.

Mr. and Mrs. Kenneth Neill and family were recent week-end guests in Lubbock.

Mr. and Mrs. Hiby Nash of Kerrville, Texas, were week-end visitors with Mr. and Mrs. Chas. Noland and family, Mr. and Mrs. D. C. Walser and family and Mr. and Mrs. Melvin Rainey and Terry and Mr. and Mrs. R. A. Fullwood of Hereford.

A goal of 100 people was set for Sunday morning and the attendance was 105. Sunday night attendance was 76.

DAWN HD CLUB

Club Work Seen As Best Method For Bettering Home, Community

(Ed. Note — This is another story of HD Club work for the observance of National HD Club Week April 27-May 3.)

By Mrs. Bruce Brown

The Dawn Home Demonstration club inspires, informs and entertains its members.

"We believe in the sanctity of the home. We believe the home is the place where love, faith, trust and devotion must be lived each day; where obedience and reverence grow; and where God is known. We believe those within its walls should be taught to work to play and to have compassion for those less fortunate. We believe sharing responsibilities is necessary and that from the fireside will come the citizens who will uphold the best way of life."

Thus speaks the creed of the Home Demonstration club association and the spirit and meaning of these words have been translated into every day tasks, the thinking and social lives of the Dawn Home Demonstration club members.

This club has its accomplishments led this year by its president, Mrs. J. M. Carathers; secretary, Mrs. Helen Caraway; and the council delegate, Mrs. Zed Stewart. It has participated in and achieved all the work and goals undertaken by the other clubs in the county.

Many members of the Dawn Home Demonstration club this year and in recent years have gained a vast amount of knowledge concerning things vital to proper home management. Remember, that in these clubs there are women from all walks of life.

Agent Argen Draper's demonstrations have set many a mind to thinking and pairs of hands to experimenting.

Modern appliances have revolutionized the home makers' "way of doing things." The Dawn Home Demonstration club has enlightened its members of the best ways of doing things. By best, is meant, that which saves time, effort and which is most economical, with of course the best results.

The Dawn Home Demonstration club provides good fellowship and social life for its members.

Have you ever read Proverbs 31:10-31? If you haven't, do. It tells the characteristics of a virtuous woman. In the 18th verse are these words, "She perceiveth that her merchandise is good." This reminds us of the demonstrations we have had on how to buy refrigerators, deep - freezes, stoves, etc. We learned things to consider in the light of our needs.

In the 19th verse are these words: "She layeth her hands to the spindle and her hands hold the distaff." This reminds us of the demonstrations we have had and things we have learned about sewing in our club. One lady in our club who had never known how to sew, now makes shirts for her husband as a result of club teaching.

And in the 20th verse, "She stretcheth out her hand to the poor; yea she reacheth forth her hands to the needy."

From the Dawn club treasury comes donations to the Red Cross, March of Dimes, 4 H-work, Cancer Fund, Heart Fund and many other gifts such as cards and flowers.

Another thing that must be mentioned is the fun and fellowship club membership affords our children. Where playmates are few and far between, the club kiddies really enjoy the meeting.

If Home Demonstration clubs all over our nation are like the one here at Dawn you can safely believe that the standard of living in our nation is slowly, determinedly and proudly being raised.

Organ Recital In Friona Sun.

FRIONA — The Union Congregational church will present Walter M. Reneker, B. M., A. G. O., in an organ recital to be given at 5 p. m. Sunday, May 4 in the church chapel.

Reneker is a graduate of Westminster Choir college of Princeton, N. J., receiving his degree in music there. He is a member of the American Guild of Organists, an organization of the "top-notch organists of America." He came from Boston, Mass., to Amarillo, where he now resides. He has been connected with the Baldwin Organ makers for some few years. He has played recitals all over this country.

A social hour in the church parlors, with refreshments served is to follow the recital. Everyone is invited.

There will be no admission charge. No offering will be taken. The public is cordially invited. With a special invitation to music-lovers who will receive a real treat in the recital.

Two Speakers On Methodist Hour Sunday

BISHOP CORSON

BISHOP KERN

From San Francisco, and the 1952 session of the General Conference of the Methodist Church will come the radio network broadcast of the Protestant Hour for Sunday morning, May 4. This special program will present a message to Methodism from the new president of the Council of Bishops, Bishop Fred Pierce Corson of Philadelphia, and excerpts from the Episcopal Address by Bishop Paul Bentley Kern of Nashville, Tenn.

Bishop Paul B. Kern, who will be heard in the sermon of the morning wrote the Episcopal Address to the church and read this message on the "general state of the church" to the opening session of the Conference. Bishop Kern was president of the Council of Bishops in 1948 and also spoke on the same network radio program from Boston's General Conference in that year.

Bishop Corson assumed the presidency of the Council of Bishops at the opening of the General Conference in San Francisco and on this radio program will speak of his hopes for Methodism in the next few years.

The Methodist Series of The Protestant Hour and this special program may be heard over station KGNC at 10:30 a. m.

This program may be heard also over station WFAA (Dallas) or station WOAI (San Antonio) at 7:30 a. m.

Drop Controls On Sixteen Items April 28

Deaf Smith county farmers will be interested in an OPS memo this week suspending controls on sixteen commodities at the primary producer level and also announced the adoption of standards for the suspension of price controls in certain soft market areas.

District price officials said the first suspensions, which become effective Monday, April 28, included cattlehides, kips, calfskins, tallow, lard, animal waste materials, vegetable oil soapstock, crude cottonseed oil, crude soybean oil, crude corn oil, burlap, wool, wool top, wool noils, wool waste, and alpaca.

All these items are selling materially below ceiling. Price officials said possibility of suspension in several other important fields is already under study.

OPS Director Ellis Arnall said that full consideration of mohair led to the conclusion that suspension on this commodity could not be recommended at this time. He added, however, that OPS is continuing its study of raw cotton with a view to making a report and recommendation in the near future. The delay was deemed desirable, the Price Director explained, to enable the OPS committee studying relaxation of controls to explore, along with cotton, the possible suspension of textiles and apparel — the items currently on its agenda.

The price director indicated that no widespread suspension action is under consideration at this time. Pointing out that three-fifths of the total wholesale trade is being carried on at peak prices and scarcely more than one-fifth at prices significantly below the post-Korean peak, he said:

"Especially in those commodities which are sought after by both manufacturers and Government procurement agencies—basic goods like steel and other metals, fuels, lumber, chemicals, paper, machinery, trucks and buses — there are practically no soft spots."

Arnall made it clear that the OPS has no intention of "decontrolling" any commodities at this time.

"For the foreseeable future," Mr. Arnall said, "we are not prepared to take decontrol action in any consequential area. 'Decontrol' suggests an outright and permanent casting off of control, which in the present situation would be dangerous."

Ask Individual Donations For Flood Victims

An appeal for voluntary contributions to the local chapter of the American Red Cross was issued this week on behalf of the victims of the mid - western floods.

Fred W. Baird, chairman of the local chapter, sent the plea out into the county through a statement prepared for The Hereford Brand.

There will be no drive on for flood relief, but all who are able to help are asked to contribute for this emergency work.

In his statement, Baird explained:

"We have all read in the newspapers and heard on the radio the story of the many thousands who have been made homeless by the recent floods along the Missouri and Mississippi rivers, and of the enormous task confronting the American National Red Cross to alleviate to some extent the sufferings of the unfortunate victims of this flood disaster as well as of earlier tornado disasters which struck some of the Southern states last month. We have read and heard the call for help from our American National Red Cross. It is now time for us, you and me, to answer that call. The American National Red Cross has no funds with which to carry on this gigantic undertaking of furnishing emergency relief to the homeless thousands except as we, who are more fortunate than they, are able and willing to give.

"I realize that there have already been many fund drives in Hereford and Deaf Smith county this year all for worthy causes and all well supported. But let us keep in mind that this, too, is a worthy cause. The American National Red Cross is already on the job. Our part of that job —yours and mine—is to supply the needed money.

"No individual solicitation of funds is contemplated at this time. But it is hoped that each of us will give according to his means and according to his individual desire. Please bear in mind that the need is great and let each do his part. Several very nice checks have already been received at the local Red Cross office from people who want to help.

"Please mail your contributions to Red Cross, Box 137, Hereford, Texas, or leave it with the Red Cross office in the courthouse."

Mrs. Mary Casey and her daughter, Demaryle, returned home from a sightseeing trip this week with her son and daughter-in-law, Mr. and Mrs. Paul Ramsey and Paula Dean of Oklahoma City. They visited Elephant Butte lake, White Sands and Carlsbad Caverns. Last week end, the Caseys and Mrs. Casey's son-in-laws and daughters, Mr. and Mrs. D. D. Bowling of Borger and Mr. and Mrs. W. M. Drake of Hereford visited in her home here to be with the Ramseys before they returned to Oklahoma City.

Birthday Favor For Pattie Skypala

Pattie Skypala was favored at a birthday party Friday afternoon to celebrate her seventh birthday. The party was given by her mother at the Skypala home and a circus theme marked appointments and birthday cake decorations. Picture slides were shown for the group and games were enjoyed.

Those celebrating with Pattie were: Sallie Whiteside, Sandra Vaught, Larry Hair, Jerry Dean Morris, Jerry Lowe, Gary Smith, Donnie McDonnald, James Frost, Sheri Dameron, Ann Gentry, Caroline Brumley, Jean Stone, Wayne Miller, Dickie Combs, Sheryl Edmonson, Dwight McGee, Elizabeth Ann, Donna, Sandra, and Gayle Blythe, and Eddie and Vella Key Skypala.

HR Charter To Full Committee In Two Weeks

The proposed home rule charter for the City of Hereford will be ready for presentation to the full 15-man commission in about two weeks, according to Ray Cowsert, chairman of the drafting committee.

Members of the drafting committee are currently working on the charter. The full committee will then go over the work and pass judgement on each part of it.

Cowsert said after the presentation to the full committee, the charter will — in all probability —be presented to the Texas League of Municipalities.

Hereford's voters will have a chance to vote on the issue in the near future.

CONG. ROGERS SAYS

New Immigration Law Provides Solons With Meat For Debate

DEBATE ON THE NEW IMMIGRATION LAW: The House is now engaged in debate on H. R. 5678, a bill to revise the laws relating to immigration, naturalization and nationality. This bill is designed to bring the immigration laws up to date, to weed out obsolete provisions, to close loopholes and to provide strict enforcement. A number of attempts have been made during the debate to amend the bill for the purpose of relaxing the present and proposed requirements for entry into this country. All of these amendments have been stricken and it does not presently appear that any of them will be adopted. The debate has been prolonged and in many instances very heated.

The present immigration policy is based on "national origins" of U. S. population as shown in the 1920 census. Under this policy Great Britain alone has a quota of 65,721 out of the total immigration quota of 154,277 annually. Britain annually uses only a small percentage of this quota. It was argued by one member of the House that this policy resulted in more than two million unused quota members between 1930 and 1948. This same member offered an amendment to pool the unused quotas of such countries as England and Ireland and to give these unused quotas to countries like Italy, Greece or any other country having an annual quota of less than 7,000. The House overwhelmingly voted down this amendment. It likewise soundly defeated an amendment offered by another New York member that would change the census figures being used from the 1920 census to the 1940 census. The result of the amendment would have been to give substantial increases in quota to a number of the Continental and Near East countries.

Another amendment offered by another New York member proposed to grant to Italy 46,000 quota numbers which went unused during World War II. It was argued by the member that although Italy was our enemy during World War II, her alliance with Hitler was the doing of Mussolini and not of the Italian people. This argument didn't have much effect on the House. In fact, it caused quite a bit of laughter. The amendment lost by the overwhelming vote of 77 to 21. Another amendment was offered by another New York member to allot unused quotas to benefit separated families, skilled workers, religious refugees, and hardship cases. Although the amendment might have some emotional appeal in the language used, I am glad to report that the House did not permit sympathy to override reason, and defeated the amendment 73 to 23.

Almost every argument that was made to relax the immigration laws was based on the premise that unless the laws were relaxed, this country would be charged with discriminating against minorities and denying many potential immigrants their right to enter this country. It was quickly and clearly pointed out that entry into this country by an immigrant is not based upon any right of tthe immigrant, but on the contrary is a most precious privilege made possible by the graciousness of the citizens of this country.

The theory of discrimination was also knocked in the head by the remarks of some good Southern Democrats. They pointed out that every time some member of some so-called minority group wants some concession they immediately cry out that "if you Americans don't grant us what we ask, you are guilty of discrimination." Actually the Americans have succumbed to these entreaties so many times that the so-called minority groups have actually become the preferred groups, and the ones being discriminated against are the solid basic Americans.

It has actually reached the point that when some of these minority groups want something that they can't possibly justify, they base their arguments on three premises: Number one, they claim that such legislation is needed because it will help in the fight against communism; Number two, they claim that they are being discriminated against; and, Number three, they appeal to the Christian charitable characteristics of the American people.

It is high time for the American citizen to wake up and put a stop to these campaigns designed to blind our reasoning powers by an emotional smokescreen. The best way in the world to fight communism is to create an immigration screening process that will separate the sheep from the goats and keep these reds, pinks and fellow travellers out of this country, and at the same time devote our waking hours to cull out and deport the ones who have gotten into this country in the past through loopholes in the law. The great majority of the communist sympathizers that have been uncovered in this country are people who have accepted the hospitality of this country and sought protection under our laws and our way of life. They are nothing less than the vilest scoundrels and traitors that can be concenved, and the quicker we put a stop to it, the better for your children and mine.

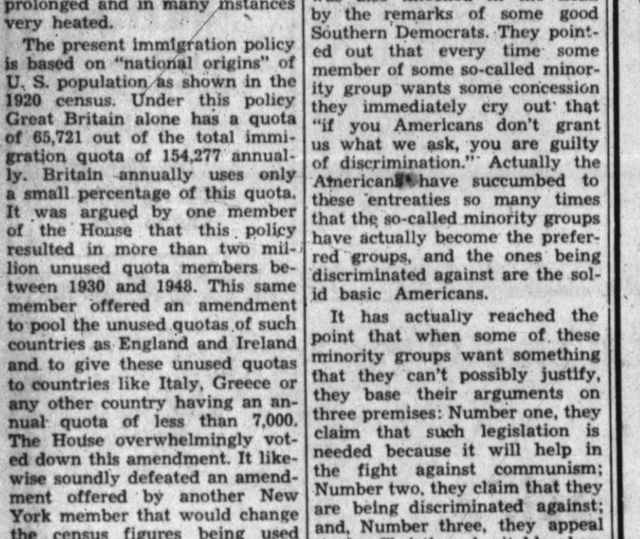

THE CUTS IN THE BUDGET: A great clamor has gone up about the many cuts that the House made in the several appropriations bills, and it has been said that Congress will be forced to stay in session until many of these cuts are restored. I can tell you that this Congress is not going to be stampeded into restoring these cuts by any such threats, and keeping the Congress in session is not going to change its temper. The money that we have provided is adequate and in many instances should be more than adequate to meet the needs, and I for one am hot going to subscribe to any policy to add any more to the public debt or to put any burden on the taxpayer's back.

A-2C Bobby Wilson With Maintenance Squadron In Korea

HQ 6161st AIR BASE WING, JAPAN — Hundreds of different specialists are required to maintain B-29 Superforts but one of the more unusual jobs is that of Airman Second Class Bobby G. Wilson of Hereford, who recently arrived at this combat bomber base in Japan. He is an aircraft woodworker repairing damage to critical wooden parts on the big bombers.

Son of Mr. and Mrs. Obe Wilson, who live at 319 McKinley St. in Hereford, Airman Wilson has been assigned as an aircraft woodworker to the Maintenance Section of the 6161st Air Base Wing. Like other specialists in this wing, Airman Wilson helps support FEAF Bomber Command B-29 bombers slashing enemy supply lines in Korea on their daily missions from this base.

Enlisting in the Air Force in January, 1950, Airman Wilson completed basic training at Lackland Air Force Base, Tex. and was assigned to Sheppard Air Force Base, Tex., to receive on-the-job training as an aircraft woodworker. In April 1951 he was sent to Amarillo Air Force Base, Tex., as a carpenter prior to being assigned to the Far East Air Forces.

By JIMMIE GILLENTINE

Here is a letter, and what a letter. The spelling is bad, but the thought is maybe OK, though I'm not sure. Anyway, here it is:
Dear Jim:
Why don't you practis what you preech? You been writing that about planting by the moon, but I can tell you don't reely meen it. Did you ever plant by the moon. Do you know that you can get your hair cut by moon signs and will keep from getting bald headed? I guess you don't or that marbul top of yours wouldn't be sparkling when ever you take off your hat. I know a bird-brain like you has a hard time holding reeders, but pleese don't write stuff you don't mean. Planting by the moon is sacred to lots of folks and we don't like to be made fun of. So I ask you to shut up or to start practising what you preech.
—A friendly reeder

Friendly, eh? Is this the truth about getting your hair cut by the Zodiac signs? The writer forgot to give the dates and that wasn't fair. I believe it's all a farce. Somebody just made it up. I make the same proposition. Either shut up or give me the hair cutting dates. I'll try them and if they work, I'll be convinced. I'll be sincere. Is that a fair deal?

Another thing. I never did plant by the moon and when I was younger I thought it was silly and superstitious, but as I get older and I am more and more inclined to believe that the Old Timers had something. At least, moon planting seldom does any harm. Why not give a fellow a chance? Why crowd him out before he starts? I know this man who is going to keep accurate records on these plantings. Surely, even the almanac planters would not object to tests on a fair square basis. Let's keep this open and above board. I am the one who is really trying to be sincere and fair. I am really interested in these plantings — and more interested than ever in this hair cutting business. Let's have the dates. Put up or shut up.

Here's a letter from Bill Smith who is now in Snyder, Texas. Bill is Tailtwister in the Lions Club there and says he is looking forward to seeing a lot of the Hereford boys at the District Lions Convention in El Paso in May. B. C. Drinkard, another Hereford man, is also in the club at Snyder, and holds the office of Secretary. Bill says he is feeling better and hopes to get back and visit some of the old gang around here soon. His address is Route 2, Box 126, Snyder, Texas.

Notice that the JayCees have erected a jail at Third and Main, but it is made of chicken wire. How are they going to peddle shave permits at $3 a throw when you can buy a pair of pliers for 35 cents?

The precinct conventions are coming up this week end. They are most important. Many, many people have never attended one. Now is the time. Hustle to your particular meeting place next Saturday — and find out what really goes on in this government business. Really and truly, this is the first step toward improving a situation everyone is complaining and fussing about. Last election year the crowd was fairly good. Let's make it bigger this year.

Alton Fraser was in this week and says he is not going to plant any sizeable amount of Safflower in 1952. However, he says Bill Waldrep is putting in 200 acres, due to excellent results on a small tract last year. The cotton oil people have promised to process Safflower in Amarillo or Lubbock if we get enough volume. Last year it all went into Colorado. Safflower is strictly a dry land crop, Mr. Fraser says. Not so hot under irrigation, which results in root-rot and a lot of other complications. If you are interested see Mr. Waldrep and he can give you some details. Despite Mr. Fraser's decision to drop the deal, I believe in a few excellent possibilities in dry land areas. How about putting in a few acres this year, just for a test like Bill did last year? It sure could mean a lot if this crop turned out like it has in Colorado and other western points.

Alton is primarily a wheat and grain man, but he says that he believes lettuce is here to stay. Maybe to even become the area's leading crop in years to come. We agree. Lettuce is on the way up. The quality is good and we have a 75-to-80 cent freight advantage. The only hinderance to the crop is the seasonal market fluctuations — but it is definitely here to stay. Lettuce will, in 1952, set some new, all-time records.

Hereford is probably one of the most diversified farming points on the globe. We have all seen what this means during the past two or three years. This year it looks like we bloom out. The seasonal rains have been wonderful. Give up a few more showers in the next three weeks and we'll all be able to pay out income taxes in 1952. Maybe I am bragging, but I have a right. I stuck my neck out away back in January and made the prediction. Anyone who has little enough sense to do this certainly deserves the right to brag a little bit.

Bought one of Olin Hinkle's new books on "How to Write A Column." He says get off in a quite place — and that's impossible around here. Furthermore, he suggests that a good columnist would find out whether a jeweler or an electrician would repair an electric alarm clock. I agree with him. I've been trying to find out since away back in 1946 — and still don't know. About the only solution I have ever found is buying a new alarm clock. The book is good, though, and is practical. If anyone is planning to be a columnist, it should be "must" reading. I am going into chapter two this week and maybe I'll make something out of this Bull Column after all.

One reason I thought the book was so good was because he cited the "Hereford Bull" as a unique column name and because he published a picture of our "Around Town" column.

However, the Professor says a good columnist doesn't ever make people mad and, to me, that's like trying to do the column without interruptions or noise. It's next to impossible. He also keeps harping about the "light touch" and that seems superflous. If you go in for columning as a means of livelihood your reputation soon gets around and that's the only kind of "touch" your friends will stand, anyway.

WYCHE HD CLUB

Organized In 1928 As Community Club, Membership Now Is 32

By Mrs. Truitt Johnson

(Ed. Note — This is another history of a Deaf Smith County HD club written and presented in commemoration of National HD club week.)

The Wyche Home Demonstration club was organized in 1928 as a community club, but as soon as the county secured the services of a Home Demonstration agent in 1929 the club re-organized as the Wyche Home Demonstration club. The membership at that time numbered 10.

Miss Emma Gunter was the first agent with whom the club worked. Her most successful work with this club was with pressure cookers used for canning. Every agent has helped the women in our club to benefit over the years. The present agent, Mrs. Tom Draper, came in 1947 and the Wyche club has enjoyed her work in color combination, labor saving devices in the home and her development of leadership among the club members.

Through the years of home demonstration work, Wyche club has supplied several council chairmen, marked and named all the roads in the community. Some accomplishments for the club are textile painting, work simplification, glass etching, aluminum tray making, nylon hose corsages, and dress making. There were seven members who attended the home nursing course in 1951. Several of the members took up the tailoring course.

The Wyche club sponsors the Happy Homes 4-H club that Mrs. Ira Ott is directing.

Wyche also has the annual outdoor party that has grown from a small family picnic to a community get-together and reunion of over 200 people.

Mrs. Troyce Carmichael is the president for this year, Mrs. A. E. Jury, secretary and Mrs. J. V. Pickens, council delegate.

The Wyche club has had a live club over the years adding seven members in the last year to make the roll up to 32. We are also very proud of our three charter members, Mrs. Nolie Elliston, Mrs. Ira Ott, and Mrs. R. W. Elliston. They have been in the club for 24 years.

Community Without Lights As Lightning Strikes Sub-Station

By Mrs. R. C. Childers

Approximately one third-inch of moisture fell in this community during a thunderstorm Monday evening. Lightning hit the substation, which is located four miles northwest of Hereford at about 5:30 p. m. throwing the whole community in darkness for almost an hour and a half. The Art Lewis place is the closest phone to this area. Several calls were placed from there as a result of this storm.

The potatoes are up and beginning to show in the fields. With the shortage of potatoes in the grocery stores, we will watch the potato crop even more closely this year.

Girls who were first place winners in the Dress Revue from this community were Lyla Gayle Rickman and Paula Beth Corbett. This is Lyla's first year in 4-H and her first attempt at sewing. But she came through with a first place. She was in Division A, class 3. Her dress was a navy blue trimmed in white. It was a school dress. Paula Beth was in Division C Girls, eligible for District and State review. Paula's dress was a white dotted Swiss party dress. This was her third year to enter a dress. She was a first place winner last year also.

Second place winners were Marie Hunter and Patsy Childers. These girls are all members of the Workers 4-H club sponsored by Mrs. M. G. Caywood.

Patsy played several piano selections at the review while the guests were served tea.

Women attending the review from this community were: Mrs. Lyle Rickman, Mrs. Louis Olson, Mrs. Paul Corbett, Mrs. John Hinter, Mrs. R. C. Childers, and Mrs. M. G. Caywood. Mrs. Caywood and Mrs. Childers served on the arrangements committee for the review.

Among those attending the final federation luncheon for this year at Summerfield last Friday were Mrs. Paul Corbett, Mrs. Louie Olson and Mrs. Earl DeHart. Mrs. DeHart was installed as the new president of the Federation at this meeting.

Mr. and Mrs. Jack Renfro are in Oklahoma attending to business interests there. They are expected home this week.

Kenneth DeHart and Raymon Childers Jr. were among the group that accompanied the Hereford High school band to Canyon last Friday.

Preparations for the work day of the Cultural Home Demonstration club, which is today at the Paul Corbett home, have been going on most of the week. Mrs. Earl DeHart was in the Fred Wolfington home discussing work plans Monday. Mrs. R. C. Childers visited the lumber yards in Hereford gathering material Tuesday. The group are planning to attach road signs to posts, in preparation of getting them set in the ground over the community.

Youngs Vacation Prior To His Overseas Departure

S/1C Francis V. Young and Mrs. Young are vacationing once again in the Ozarks and staying at Edgewater Beach resort on the twin lakes of Taneycomo and Bull Shoals. Last year, the Youngs were honeymooning in this White river country of the Ozarks.

Sgt. Young, the son of Mr. and Mrs. L. C. Young of Hereford, is on delay en-route to Europe to serve with our occupation forces and considers Taneycomo-Bull Shoals a vacation and fishing paradise.

Reports Sgt. Young, "I've caught my limit of crappie every day and bass besides. I've got enough fish for me and my wife to get our fill and feed all the boys back at the camp too."

Mrs. H. H. Merle Sr. was in Tucumcari over the week end.

Mr. and Mrs. Clyde Rayburn and children visited relatives in Chickasha, Okla., over the week end.

Grandstand Gropings

By Kent Snare

Scumming the summaries of the Drake Relays I gathered that Ollie Matson, the more than big San Francisco U. back, took third in the 100 yard dash . . . In the Invitational Mile, Dewey Johnson of Drake ran the 1760 in 4:14.5, ruptured the record of 4:15 set in 1923 by Joie Ray of the Illinois A. C. . . . Do you remember the sawed off taxi driver? . . . He was a character. On one occasion, he sent in an expense account for his wife, deeming her presence as necessary to his best running efforts . . . The A. A. U. Sec., never reluctant to question dubious claims, wired Brother Ray that he would be happy to honor the claim, if he, Mr. Ray, would stipulate what event the frau was entered in . . . On the bethink side, inadvertantly, no doubt, you have in recent months bent an ear musically to "Charmaine" . . . 6-2 even, that you don't recall its origin . . . For free, it's from "What Price Glory" . . . Do you recollect the number one miscast of all time, the suave Edmund Lowe as Sergeant Quirt . . . If you are too young for that, better demand a recount. That's one which is not worth missing. Circultously back to Des Moines, the Texas schools did okay in the college class, Abilene Christian took the sprint medley and the mile relays with the same foursome, George Adrian, Burl McCoy, Buddy Garner and Sam Volpe; North Texas State copped the 880 and the 440 in record times and Howard Payne sacked the College Two Mile . . . One eccentricity in the listings chuckled me . . . It said that in the College 440 Relay . . . Quote, "New Record, NTSC, 41.7, old record, 41.9 set by NTSC, 1952" . . . Fact is the Dentonites set it on Friday and breeched it the next p. m. in the conclusions as above . . . Saturday, the heart break kid, Art Houtteman, led another one punish him . . . First he almost is eliminated in an auto crash; second, whiskers deculates him for a term; thirdly he was bereft of his tiny daughter in a car crash this spring and Saturday, Suitcase Simpson with two down in the last stanza slashed a single to left to divest Art of a no-hitter . . . In nine spasms he only faced 29 alleged hitters . . . While the Browns have caught the popular eye in the American League, the Cincinnati Reds, a unanimous pick for last place in the National, are in second place with a 9-3 record, which record tops the Browns best to now . . . Ironically, two of the three Red losses are charged to Blackwell, one of the better flingers . . . Sunday the Chisox cuffed the Browns in 14 rounds and the personnel involved must have been a top numerical mark. The 'Richards' used 17 and the Browns 21, which nears the legal limit . . . The Red Sox have won nine games thus far and I think 7 dif ferent chunkers have won 1 game plus Parnell's pair. That's a lot of throwers to try to rotate . . . Anything can happen and sometimes it do . . . As witness, I was belabored by a bimbo the other night . . . Unbelievable? Bud, you is right . . . It has been longer than somewhat since like has occured to me . . . However, this mouse colored blond, all of ten months of age, with a moist mouth and similar posterior, took me for 60 cents cash, American. For witness, I give you the apothecary who helped me glue the bat hide, which was expunged by the clip, in its whole value, 47 cents minus actual . . . I had rent asunder the green in astonishment at my own duplicity . . . Anyway I hope she will be happy, with her Okeefeenokee replica . . .

Scientific, Rowdy Mat Fare Offered Saturday

Local mat fans enjoyed the range of wrestling tactics at the Bull barn on Saturday night with the double main event presenting the best in scientific grappling with Amarillo's Tommy Martindale versus Hungary's John Pavich and the rough and tough variety with Alex Kasaboski and George Lopez tangling in the finale.

In the opener of the evening, the popular Pavich and Martindale provided a truly fine event.

Martindale swept the first fall in 21 minutes with a rolling cradle split over the Budapest strongman.

Pavich came from behind to take the second fall and even things up in 11 minutes with a two-legged crab.

Amarillo's pride and joy copped the match in eight minutes via a double arm body press.

As stated before, this match provided the fans who love to see good clean wrestling with their heart's delight.

Golfers Picnic Friday Evening

Softball League Action Starts Tonight, 7:30 At Vets Park

Tonight at 7:30, the first action of the 1952 softball season in Hereford will get underway among Hereford Softball league teams.

The team of Mexican softballers sponsored by C & R Cleaners and Jiggs Service station will meet Hereford Hardware in the curtain-raiser. Hereford Hardware copped the loop title last year.

In the nightcap, the Knights of Columbus will tangle with the Summerfield nine.

Starting lineups or batteries were not available from the managers of the four teams for the loop openers.

Next league play will be Monday, May 5, when Rocky's Service Station will meet with Dawn in the twilight contest with C & R Jiggs and Summerfield rounding out the bill.

All games for the season will be played in the Veterans park under the lights.

Admission is 20c for the twin bill.

Drought-Stricken Antelopes In Strange Antics In West Texas

AUSTIN — Reports from drouth-nicked West Texas include some strange reaction of wild antelope to the withered range.

The Executive Secretary of the Game and Fish Commission said the ordinarily shy animals have invaded towns in search of food.

At Alpine, Game Warden Supervisor A. R. Williams said for the first time in his memory antelope have even visited city yards to nip shrubbery.

Williams said he was skeptical, however, about a report that at least one antelope partly devoured a newspaper left on an Alpine doorstep.

He explained that investigation had confirmed the stories about shrubs, flowers and bulbs being eaten by the hungry animals.

W. E. "Bill" Williams of the Sul Ross faculty, whose home is on the outskirts of Alpine, said he looked out his bedroom window to come face to face with an antelope, less than two feet distant.

About the newspaper-eating tale:

Charlie Hunter, Alpine photographer who is noted for his wildlife shots, got a call from national press syndicate for a photo of an antelope feeding on newsprint.

"That's a toughie," said Hunter. "They didn't say whether they wanted the beast eating Page One or the funnies. But I'm having my problems. And my reputation for shooting wild animals closeup is about to take a beating."

o

Mrs. Oscar Hunt returned to her home Monday afternoon after spending the past several weeks in the Neblett hospital in Canyon.

Udin Streu's golf team—losers in the team match tournament held at the Hereford Golf club on Sunday — will play hosts to the members and wives of Frank Cogdell's winning team at a club picnic Friday night, May 2 at 7 p. m. at the golf clubhouse.

Twenty - four linksters participated in the tournament on Sunday, which was the first golfing event of the year.

Dub Reeves, golf association vice-president, said there was to be a putting tournament for both men and women held in conjunction with the picnic.

Records of the matches were not available, but the 24 golfers were to play either nine or 18 holes of match play with their $2 entry fee. Losers were to foot the bill for Friday night's outing.

Club directors met Wednesday night to discuss the program of the association and review the sale of shares to the club.

Club officials have deferred action on hiring a new pro until the return from Germany of Bud Posey, who has made application for the position. The directors voted to hold the position until they can meet with Posey.

A reservist, Posey was to have left Bremerhaven, Germany, for the U. S. on April 30. He plans to have his army discharge by June 15.

An intercollegiate debate was held at the college auditorium Friday night. Members of the Canadian academy were on the affirmative side and members of the Panhandle Christian college were in the negative side. This is the first intercollegiate debate that the Panhandle Christian college has participated in.

Beginning Friday night and continuing through Sunday rain and snow fell at Hereford. The temperature dropped to a low of 24 degrees during the time.

The surveying for this end of the Panhandle Short Line railroad was let this week.

25 Years Ago

Dr. J. A. Hill of Canyon, president of the Panhandle Boy Scout foundation, will speak at the Boy Scout court of honor here Monday night. In addition to the court of honor there will aso be a musical program presented in connection with National Music week.

Five communities in Deaf Smith county had a school celebration last week in honor of San Jacinto day. The meeting was held at the Fairview school. G. A. F. Parker of Hereford talked about the significance of San Jacinto day and told some about early Texas history.

The senior class play will be held next Friday evening. The play will be the first of the closing exercises for the senior class. The baccalaureate sermon will be given on May 8.

Mrs. John Robinson spent the past week in Pampa visiting her sisters, Mrs. Merla Hodges and Mrs. Manda Vandever.

But the second match was different. Any time Alex Kasaboski — formerly of Russia and now of Hamilton, Ontario, Canada — steps in the ring, the fun begins. Saturday followed the usual pattern as Kas and the Judo expert, Tampico, Mexico's George Lopez, tangled in a thriller.

Kas took the first fall in 14 minutes with a two-legged crab. Lopez, famed for his Japanese sleeper, used it to turn the lights out for the Russian in 14 minutes of the second fall.

Lopez ended the match in a flashy two minutes with a body press.

A goodly-sized crowd saw Saturday's card.

Everett Doak and Byran Durham and Lou attended the ENMU Round-up Saturday at Portales. Dale Doak returned to Hereford with them to spend Saturday night and Sunday in the home of his parents, Mr. and Mrs. Everett Doak.

Mr. and Mrs. F. A. Phifer of Crosbyton spent the week end in the Homer Logan and J. M. Dawson homes.

Mr. and Mrs. Sanford Smith had as week end guests their son-in-law and daughter, Mr. and Mrs. Johnny Dowell, son Mike and daughter, Pattie of Amarillo.

Mr. and Mrs. Clint Formby were in Lubbock over the week end.

Nine Hereford Masons Received 32nd Degree

Hereford furnished nine of the 360 candiates who received their 32 degree work in Scottish Rite Masonary at El Paso last week. A team from the Hereford club also conferred the 13th degree for the class and Jim Black was one of the eight members in the Scottish Rite to be presented with the Investature of K. C. C. H., an honorary decoration, which was conferred by Temple Morrow of Lubbock.

Those who took the 32nd degree were J. D. Greeson, Paul Harvey, Paul Dishman, O. R. Sanders, D. R. Holt, D. E. Lingenfelter, M. C. Adams, W. H. Husley, Joe Waggoner and Don R. Davison. Rev. Davidson was also selected as orator of the 1952 Spring Class. Visiting in El Paso for ceremonies were Mrs. Greeson, Mrs. Dishman, Mrs. Saunders, Mrs. Lingenfelter, Mrs. Adams, Mrs. Husley, Mrs. Waggoner and Mrs. Davidson.

Taking part in the 13th degree work on the Hereford team were: Jim Black, Sylvester Slagle, Troy Moore, Ivan Block, and Robert Waggoner.

The group left here Sunday morning and most of them returned Friday night.

Cottonseed Price Support Loans Are Announced

The U. S. Department of Agriculture April 4 announced that price support loans on the 1952-crop cottonseed will be available at $66.40 per ton for basis grade (100) and that in areas where a purchase program may be necessary purchases will be made at $62.40 a ton basis grade (100) cottonseed.

Prices for 1952-crop cottonseed will be supported by means of loans, purchase egreements, and purchases of cottonseed and of cottonseed products. The supports reflect 90 per cent of the November 15, 1951 parity price of $74.10 a ton for average quality seed. Officials stated that the supports are in line with the 90 per cent of parity support which the Department announced in November 1951 for 1952 - crop soybeans.

Other provisions of the support program for 1952 - crop cottonseed will be developed and announced at a later date. Information as to detailed operating provisions during the active marketing season will be available through the Production and Marketing Administration commodity, State, and county offices.

The loan rate on 1951-crop cottonseed was $65.50 per ton for basis grade (100), and the purchase price was $61.50.

Are you willing to invest 6 ¢ an acre to increase your yield by bushels?

NOW — FOR THE FIRST TIME — YOU CAN CONTROL WIREWORMS AND CERTAIN OTHER SOIL-BORNE INSECTS ECONOMICALLY WITH

ORTHO ISOTOX SEED TREATER

CONTAINING LINDANE

A SPECIALLY DEVELOPED FORMULATION FOR APPLICATION TO WHEAT, MILO, COTTON, AND OTHER SMALL SEEDS AT PLANTING TIME

Check these facts—

HOW ISOTOX SEED TREATER WILL GIVE YOU BETTER CROPS—BIGGER PROFITS:

ONLY PENNIES PER ACRE

ISOTOX Seed Treater costs from 5 to 25 cents per acre (depending upon crop). This treatment may be applied to milo, wheat, cotton, corn, lettuce, sugar beets, and potatoes. For others, see label.

POSITIVE RESULTS

During the past year many farmers used ISOTOX Seed Treater when planting corn and beans, and unanimously reported better stands. In check strips plant population averaged a 25% increase.

SAVES EXPENSE AND TIME OF RE-PLANTING

Not a single case of replanting due to soil insects was reported. You can't afford *not* to use ISOTOX Seed Treater. It's the best insurance you can have for a high yield crop.

APPLY WHEN PLANTING

ISOTOX Seed Treater is easy to apply. Simply add it to the seed to be treated and thoroughly mix either in wash tubs, in planter boxes or any other seed treating device or method which will give an even distribution of the material to the seed.

30 DAYS CONTROL

ISOTOX Seed Treater remains as effective control for roughly 30 days after planting, enabling the plant to establish a healthy root system.

COMPATIBLE WITH FUNGICIDES

ISOTOX Seed Treater may be used in combination with all generally used seed protectant fungicides.

Field Work Resumes As Drying Weather Follows Rainfalls

By Mrs. R. C. Childers
From Thursday Brand

Onions are being planted again in this vicinity. More spring planting will start as soon as fields are dry enough to get into.

School busses failed to run three days during the rainy season in this vicinity. Buses ran on the pavement, but those off the pavement furnished their own transportation to and from school on those days.

Mrs. J. T. Richardson returned Monday from a 14-day visit with her son, Thornton Richardson and his family. They live in Villa Park, Ill., which is near Chicago.

Mrs. Richardson made the trip both ways by plane and said she had a wonderful time, but it was nice to be back home again.

Mr. and Mrs. T. B. Cox and daughter Elaine visited relatives in Tulia Sunday. They were Mrs. Cox's brother Mr. and Mrs. Doyle Hooten and family.

Fred Wolfington was in Amarillo Wednesday and Thursday on business.

Mr. and Mrs. Pat Robinson and family spent Sunday in the Frank Robinson home in Panhandle Sunday.

Mr. and Mrs. C. S. Barclay and Mr. and Mrs. Thomas Barclay accompanied the body of their grandfather, James Barclay to Sweetwater, Okla., where he was buried Thursday. Services were held at 2:30 in the Church of Christ there. The two Barclay boys along with six other grandsons served as pallbearers.

Mr. and Mrs. R. C. Childers kept the C. S. Barclay children and Mrs. Thomas Barclay's mother, who lives at Vega, kept their son Lynn for them while they attended the funeral at Sweetwater.

Demonstration On Corsage Making Given

Mrs. E. H. Little gave a demonstration on making nylon hose corsages at the meeting of the Frio Home Makers club Wednesday afternoon.

Those attending the meeting were: Mesdames Owen Andrews, Henry Andrews, Sam Lindley, Henry Dobbs, Frank Robbins, Alma Andrews, W. A. Springer, Leonard Buttrill, T. L. Sparkman, Floyd Cole, E. F. Vogler, Gene Noel and the hostess, Mrs. E. H. Little.

Blossom Bluebirds Have Outing Sat.

Members of the Blossom Bluebird group were entertained with an all - day outing by the Wakita Camp Fire group Saturday.

During the morning the group hiked and studied plant and animal life in the park.

Following the picnic lunch at noon the group played games and sang.

Members of the Blossom Bluebirds attending were: Susie Woodford, Roxie Lynn Feighn, Mary Rae Downey, Cheri Baker, Judy Bradley, Jan Susan Reese, Judy Hoff, Geraldine Tyler, Brenda Beasley, Maribeth Gililland, Helen Sears, Susie Ford, Linda Edwards, Joy Story, Necia Gililland, Beverly Ann Boyer, Sherry Kendall, Sara Gillentine and Nancy Kay Breitling.

Wakita members present were: Eugenia Alexander, Janice Medlin, Nova Marie Strange, Diana Scott, Carol Ann Newell, Mary Lynn Morrison, Virginia Isbell, Ann Caraway, Linda Hair, Virginia Witherspoon, Dolly Paetzold, Betty Louise Paetzold, Linda Kay Noland, Jane Bookout, Jo Ann Cuppell, Donna Witherspoon, Melba Gay Lawrence, Sandra Worley and Kay Caraway.

Leaders and adults helping with the day's activities were: Mesdames Jimmie Gillentine, Glen Witherspoon, Cecil Boyer, Hartland Caraway and Leon Alexander.

ARGEN DRAPER, Deaf Smith county THDA, shows one step in tailoring—pattern alteration—while a student at TSCW last August. The course was taught by an A&M specialist and college credit was given the students. This a a new feature of the Extension Service in giving agents and assistant agents in-service training. The Deaf Smith county HD club women have had clothing construction for four years with kitchen improvement as the other demonstration carried. The county carries two major demonstrations at a time. Mrs. Draper has been Deaf Smith county HD agent since 1947. Fort Worth Star-Telegram Photo.

Mrs. Dale Coleman HD Demonstrator

Mrs. Dale Coleman gave a demonstration on matching plaids and stripes at the meeting of the Bippus Home Demonstration club Wednesday afternoon.

Mrs. J. V. Perrin conducted the recreation period.

Members answered roll call with subjects from the year books.

The next meeting will be held with Mrs. L. E. Ballard on Wednesday, May 14 at 2:30 p. m.

Those present were: Mesdames C. F. Homfield, J. V. Perrin, L. E. Ballard, J. G. Fortenberry, Dale Coleman and the hostess, Christine Fortenberry.

Weldon Jones from Moriarty, N. M. attended the funeral of his uncle, K. E. Turner of Dimmitt and spent Thursday night and Friday, April 24 and 25 in the home of his aunt, Mrs. C. E. Williams of Hereford.

Cultural HD Club Market Activities

The Cultural Home Demonstration club started its marketing expansion program two years ago. This project is carried out for the benefit of each individual and is not a money making scheme.

Articles were bought in large quantities in order to get a cheaper price on the item and sold to the club members at market price.

The first of these items to be purchased were assorted greeting cards which consisted of Get-Well, Birthday, Sympathy Cards, and Stationery, also wrapping paper.

Recently they have purchased "Danny-Duz-Its" and the latest items are the ladies nylon hose, which will be one of the greatest savings the club has undertaken yet.

The club owns a nice 48 cup coffee urn, which they use at their sales and parties that was earned by selling a certain amount of vanilla, also a three-piece knife set from coupons they had saved.

Each vegetable and fruit season the club is fortunate to purchase the fresh products at their best through a local market.

Mrs. Claude Osborne Honored With Lifetime P-TA Membership

By Mrs. E. R. Day

Mrs. Claude Osborn was given a life state membership at the Parent-Teacher meeting at Canyon Thursday. She also won honorable mention for her hat she designed. Mrs. Osborn was accompanied to Canyon by Mr. Osborn, Mrs. J. T. Gee and Mrs. Dalton Caffey.

The reporter was out south and east of Friona last Thursday. The rainfall was about the same in all sections. Couldn't help but notice the pretty wheat on the farm of Clyde Goodwine, Ed Boggess, Bob Rule, N. C. White, Otis Massey and Ramzie Boggess. There were some other fields I could see that looked very good, but was not close to them and did not get the name of the owners. Also some wheat was being plowed up. But it seems the wheat that is left is very pretty considering the dry weather and insects.

I was out by the new homes of Mr. and Mrs. Albert Cannon, Mr. and Mrs. John Hand and Mr. and Mrs. Johnny Hand. The home of Mr. and Mrs. Cannon is eight miles south and four east of Friona. This is a very pretty four room white asphalt shingle house. The paper in the bedrooms was very attractive and Mrs. Cannon is to be complimented on the way she had the paper put up, using the wall paper to finish the border.

Mrs. H. T. Magness has been teaching school in the absence of Mrs. Johnny Nazeworth who is visiting her husband, Sgt. Johnny Nazeworth who is at Camp Hood and will soon leave for overseas duty.

Mrs. Horace Kendrick and son were in Amarillo the first of the week. Mrs. Kendrick attended the PEO convention, then she went to Vigo Park to visit Mr. and Mrs. R. T. Donell and Mr. and Mrs. Darley Darnell.

The Friona Womens club met Friday in their regular meeting. Due to the funeral of Mr. Geo. Messenger, the meeting was postponed from Wednesday.

A surprise pink and blue shower honoring Mrs. Leo Bails was given recently as she prepared to go to a brush party. On arrival she was handed a note telling her to go to the bedroom. There she found a package tied up in pink and blue paper and ribbon. Games were played during the afternoon. The shower was at the home of Mrs. Merle Shirley. Cake and punch were served to the honoree and guests. Those present were: Mesdames Fred Helmke, Jim Baxter, Oscar Baxter, J. W. Baxter, A. H. Hadley, B. M. Jacks, Burtrum Jacks, L. D. Childs, Carl Greeson, J. B. Shirley, Arma Coffman, Grace Hart, Bob Wily, C. L. Vestel, and Mrs. Fry and the hostess.

Mr. and Mrs. Glenn Green were called back to Erick, Ark., the first of the week. Her brother, who they had visited a short time before, died Monday. They were joined in Amarillo by two other sisters. The Friona people will return home this week.

The Friona Band was in Amarillo Thursday for an area meeting.

Mr. and Mrs. Truax returned home the first of the week from Gage, Okla., where they went to visit. While there, they bought a home and will get possession on about May 15.

Couples bridge club met Monday night at the clubhouse, with Mr. and Mrs. Roy Miller, Mr. and Mrs. Henry Lewis and Mr. and Mrs. Sloan Osborn as hostesses.

High score was won by Mr. and Mrs. Cecil Robinson and low score was won by Mr. and Mrs. J. G. McFarland. Members who were present included: Mr. and Mrs. Weslie Foster, Mr. and Mrs. J. G. McFarland, Mr. and Mrs. Wright Williams, Mr. and Mrs. Glenn Reeves, Mr. and Mrs. J. T. Gee, Mr. and Mrs. Nelson Welch, Mr. and Mrs. Hadley Reeves, Mr. and Mrs. Bill Stewart, Mr. and Mrs. Cecil Robison, Mr. and Mrs. Johnny Benger, Mr. and Mrs. Steve Struve and Mrs. Frank Spring.

Friday was beginners day in the Friona grade school. There were 55 youngsters registered. These children will begin their first year of school in September. The present first grade did not go today. This gives the children an idea what school will be like when they start in September.

There are eight in the Parmer county hospital at this writing. Two new babies were born: A daughter to Mr. and Mrs. Jim Rule and a son to Mr. and Mrs. John Hand.

THE JUNIOR HIGH school choir, above, provided music for the annual eighth grade banquet which was held recently, Cole Studio Photo.

Four Students Place In Spanish Reading Contest

Four Hereford students, who participated in the oral reading contest at the Spanish Fiesta in Amarillo Saturday, received seven excellent ratings, four good and one fair. Each boy was given three ratings. Those participating were: Charles Whitehead, Joe Bill Wills, Don Moore, and Frank Jones.

In addition to taking part in the oral reading, a boy's octette presented several numbers. Included in the octette were: Charles Whitehead, Dale Hines, Louis Biggers, Delton Cochran, Don Moore, Frank Jones, John Benson and George Drager. Joe Bill Wills was accompanist.

Dona Airhart and her escort, Charles Whitehead, were among the 20 other queens and escorts, who attended the Fiesta.

Mrs. Charlotte Calvert is sponsor of the Hereford Spanish group.

Mr. and Mrs. F. C. Harmon of Dallas left Monday morning for their home after spending the week end in the home of her brother and sister-in-law, Mr. and Mrs. Emil Dettman. Mrs. Herman had been in Hereford since Wednesday and Mr. Harmon arrived Friday.

"Hands Across Border" Theme Of Banquet

"Hands Across the Border" was the theme of the annual eighth grade banquet held recently in the Shirley school gym.

George Graham was the speaker for the evening and he told about what the group could expect when they entered high school next fall. Topic of his talk was "South of the Border."

Don Zimmerman, class president was toastmaster and Wayne Smith gave the welcome address. James Garner gave the response.

Spanish music by members of the junior high school band and choir carried out the theme of the banquet.

Dyalthia Bradly left Friday for a two-week vacation in Los Angeles where she will visit with her uncle and aunt.

Attend the Church of Your Choice This Week

Homes are wrecked and lives estranged; children are pulled this way and that by divorced parents. What can be done? For the nation, one divorce for each four marriages and in some cities, as many divorces as marriages. Think on these things.

Let's see to it that we respect and honor marriage as the most delicate and perhaps the most important of all human relations. No man or woman ought to laugh or make sport of the family, or of the relation of women and men in the home. Let's have done with the mother-in-law jokes and all other caricatures of this sacred union of hearts and minds.

Let's prepare our young people for successful marriage. Do we give as much attention as did our fathers to the direction of our children toward making good homes? It is about the most important task that falls to mothers and fathers and teachers and preachers, in fact, to all of us. We must get our young people well married. Then tell them the truth about this intimate and familiar human relation. Warn them and counsel them, as did the writer of Proverbs in the Old Testament.

Let's make marriage a sacrament, entered upon in the reverent mood of prayer, and supported by the aids of religion. Surround this union of immortal spirits with every sacred and wholesome influence from the very beginning. Dedicate every new home as a shrine where the children of God shall expect the guidance of their Heavenly Father in their conduct toward each other.

Marriage is not only the mating of bodies; it is the mating of souls. Two souls do not become one in a few hours of courtship or in a few weeks of marriage. Only patience and good will and mutual respect and faithful affection will equip two different persons to live together with growing union of body and soul. Divorce means the failure of the home, the failure of us all in the building of a good society. Less haste and more care in preparation for marriage will make fewer divorces after marriage. Every home requires God's aid and blessing, if it succeeds. *"Wherefore they are no more twain but one flesh. What, therefore God hath joined together, let no man put asunder."*

35TH FIGHTER INTERCEPTOR WING, JAJAN—A watch repairman in the Air Force—sounds odd, but it is true. A/2C Lewis A. Hembree, son of Mr. and Mrs. A. W. Hembree, of Hereford, Texas, is a watch-repairman assigned to a maintenance squadron of the 35th Fighter Interceptor Wing at this U. S. Air Force base in Japan. Airman Hembree is working on a hackwatch that is used by pilots of the 35th in precision navigation. The 35th is a member of the newly-formed Japan Air Defense Force and has as its mission the aerial defense of central Japan. It is the combined talents of many men like Airman Hembree that make the successful completion of that mission possible. (U. S. Air Force Photo)
