Drive Careful Save the Life of Some Child

(An Editorial)

With the schools of the city, as well as many in the rural sections, opening their fall term next Monday, too much stress cannot be laid on the motoring public of Lamesa and Dawson County to drive safely and sanely.

At best, the operation of an automobile is a dangerous undertaking, both to the driver, as well as the pedestrian, and with thousands of youngsters going to and from school, the hazard is greatly enhanced.

With close cooperation between the students themselves and the motorist, this school term can go through without damage to life or limb of the school children.

Children are warned to stay out of the streets as much as possible, cross the streets only at intersections, which have been provided for your safety. Do not run out from behind a parked car or other obstruction where vision of an approaching motorist might be blocked.

The motorist is warned to drive carefully at all times, but use every precaution in the vicinity of school buildings.

We read of air raids and bombings in Europe which deal death and suffering to all alike, and yet, the automobile, unless properly controlled is as great a detriment to human safety as a bomber.

Let's use every precaution and when the present school term is over, we sincerely trust that our record in this county will be clean. We can accomplish this only thru the earnest cooperation of everyone. Can you, as an individual, be counted upon to do your part?

Get-together Of Smiths to be Held At Country Club

Change in Meeting Place Is Cited

Announcement of a change in plans for the Smith Get-together, was made this week by J. Fred Smith, general chairman. Instead of meeting at the City Park as was first announced, the Smith clan will gather at the Country Club, under the sponsorship of J. Fred, who is a member there.

Time for the meeting has been set at 7 o'clock p. m., and all members of the Smith families are invited to attend. If you are now a Smith, or were a Smith before your marriage, you and your family are eligible and are invited. It was stated.

It is planned to have entertainment in the form of bridge, forty-two and dancing for those who desire.

As was announced last week, each family is asked to bring sandwiches, tea and pie for the occasion. This is the first meeting of this kind yet attempted and those in charge are desirous of making it an annual affair. Plans for a permanent organization will be made at the Friday meeting.

Predict Transportation Law Change in Meeting

According to reports received in the county this week, the Legislative Committee meets with the Department of Education, September 8th for the purpose of discussing the changes in the transportation law. To the school officials and people of this county the most objectionable part of the law is that part stating that children within two and one-half miles of the school cannot ride the bus without paying their own way and that which states that children residing in a district where their grade is taught, cannot ride the bus to another school under any conditions.

It is believed that the discussions on the 8th will perhaps make some changes in this unfair and expensive law.

The county board of education while in session Tuesday, ordered

SCHOOL OPENING INFORMATION IS RELEASED

Football Season Opens Friday Night

Tahoka Bulldogs To Furnish First Local Opposition

Game Will Be Called At 8 O'Clock P. M.

Friday night at 8:00 o'clock, the 1939 Football Season will officially open in Lamesa when the Tahoka Bulldogs engage the Golden Tornadoes in a warm-up game for both squads.

Although the two teams are in different conferences, Lamesa being in Class AA, and Tahoka in Class A, the rivalry between the two teams is nevertheless very keen and fans who witness this opening contest are assured of plenty of fight and action on both sides.

It will be the first opportunity for Lamesans to see the Tornadoes in action this season. For the past week they have been at Lake Brownwood, with their coaches, going through an intensive training period for the opening game, and they should be in good shape.

This year Lamesa will be in District 3 AA for the first time. Last year, their first in the higher bracket, the Tornadoes were placed in the strong District One against Amarillo, Lubbock, Pampa, Borger and Plainview. Although they wound up near the cellar position, they gave a fine account of themselves and local fans are enthusiastic about that showing, as well as their chances in the new set-up.

In this new district they will pit their skill and strength against Sweetwater, San Angelo, Big Spring, Midland and Odessa.

Friday, September 15th, the Tornadoes will engage Tech High of Fort Worth in what promises to be one of the best engagements of the season. This will be an outstanding night in local grid history, for two reasons. First, the new football stadium will be officially dedicated that night, and secondly, it marks the first time a Fort Worth team has appeared against the local squad.

T. H. BOYD BUYS REEVES LAUNDRY

Announcement is made this week by T. H. Boyd of the purchase of Reeves Helpy Sely Laundry. It will be recalled that he formerly owned this place.

Your attention is called to their ad in this issue of the Courier.

SCOUT OFFICIALS MEET

Southern District Boy Scout Committeemen will gather here at the Courthouse today, for their first fall district meeting. W. K. Crawley, chairman, said. H. F. Gilley, new Field Executive, will be present. Towns to be represented are O'Donnell, Ackerly and Lamesa.

the following telegram sent to Senator Nelson, Representative Allison, and to the State Department of Education:

"Dawson County Board urges your influence with the Legislative Committee which convenes Sept. 8 in securing changes in Transportation Aid Law to eliminate new provisions as expensive and unjust. The people of Dawson County unanimously join us."

(Signed) O. E. Witte, Chairman
F. L. Grissom J. H. Norris, Sec.
Clay Randolph A. W. Matthews
Jno. C. Barron.

Alvin Allison has already responded favorably.

Several school officials of the county will meet in Lubbock Monday to hear the new rulings from the Legislative Committee as interpreted by the Deputy State Superintendent of our district.

BIG CARNIVAL TO BE AT THE DAWSON COUNTY FAIR

The scene pictured here shows a gay crowd enjoying the many attractions on the midway of the T. J. Tidwell Shows and Carnival. Two Free Acts are presented daily and a variety of entertainment for old and young will be offered by this well known and popular organization. They will show in Lamesa during the Fair, October 12-13-14.

Plans Going Forward For Third Annual Dawson County Fair Here

Lamesa Baseball Club Closes Most Successful Year

Report Shows Club Is Free Of All Debt

Last Monday night saw the close of the regular baseball season in Lamesa when the Lubbock Hubbers took the Lobos in a double header.

Although the local entry in the West Texas-New Mexico League failed to land a place in the playoff, ending the last half in seventh place, the season is considered a decided success from every angle.

Financially the baseball association is in excellent condition. They have the park, as well as the lights, and the bus all paid for and the club doesn't owe any money at all, it is reported. They will start the new season next spring with a clean slate and in the finest possible condition. It is reported that an attempt to line up with some major league team will be made for the next season. It will be recalled that Lubbock is a Chicago White Sox farm, and it has been possible for them to not only secure financial help from the mother club, but they have been greatly aided with ball players, to the extent that they have possibly the strongest team in the circuit.

From the standpoint of the showing made by Lamesa's entry, it is felt that they gave an excellent account of themselves. Figured thru-out the entire season, they would have landed in fourth place, trail-

(Continued on Back Page)

Jobe and Earnest Move to New Home

Jobe and Earnest Furniture Company, as announced last week, Wednesday night completed their move to their new home at 521 N. First Street, first door east of the Courier Office.

The new building gives them a great deal more floor space than they formerly had.

"With the growth of our business, it was necessary that we have more room," Charnel Jobe, stated this week. "We feel that we are in much better position to serve our growing business in this new location, where we will have room for better display and the carrying of a larger stock, which is arriving almost daily."

Your attention is called to their ad in this issue of the Courier.

The Courier Is Again Chosen By Ayers

With the signing of an advertising contract this week, the Courier is again chosen by N. W. Ayer & Son as the media for carrying advertising in this territory for the Hanes Underwear Company.

This newspaper for several consecutive years, has been selected in this county, by Ayers, which is among the largest and oldest advertising agencies in the world.

This program of advertising is not carried in every paper in the country, but a select group is picked each year in which the advertising is featured. The Courier is the only paper in this county which will carry the advertising.

This is taken as a signal honor by the publishers of the Courier, as the method of selecting the paper to carry this program, is based strictly on the results obtained and after a complete survey of the territory it serves, as well as a comparison with other publications in that territory.

The advertising is scheduled to start next month in the Courier simultaneously with other leading publications throughout the nation.

Hollingsworth Is Vice - President Of Banking Body

Lamesa Man Selected At Monday Meet

At the regular meeting of the South Plains Bankers Association at Midland Monday, C. A. Hollingsworth, vice-president of the Lamesa National Bank, was elected vice-president of the Association. Paul Hardwick of Lubbock was elected president and J. Edd McLaughlin of Ralls was re-elected secretary-treasurer.

The 1940 meeting will be held in Lubbock, it was stated. The association follows the custom of elevating the vice-president to the presidency each year, and if the practice is continued, Hollingsworth will head the body next year.

With only five weeks remaining before the Dawson County Third Annual Fair opens, activity among the leaders of the organization is taking on momentum.

An announcement was released this week that a premium list of \$600 would be announced very shortly.

Grounds will soon be placed in shape, as well as exhibit buildings. A carnival attraction has been secured, which will offer some new and unusual entertainment to fair visitors it was stated.

From every advance indication this promises to be the greatest exposition in the history of Dawson County, with people of the county showing more interest in this direction than ever before.

Dates, as announced before, will be Thursday, Friday and Saturday, October 12, 13, and 14.

MRS. PRATT IS NOW LOCATED IN NEW PLACE

Valeria Sharp Pratt, teacher of expression here for a number of years, opened her private expression studio this week in the John Barron building across the street from the high school.

While public schools do not open this week, Mrs. Pratt is enrolling pupils this week in order that their first week will not be so hurried.

Mrs. Pratt returned recently from Hollywood and Los Angeles, Calif., where she attended a lecture course and purchased new materials for her Speech and Dramatics class.

In addition to the work regularly taught, she is adding a baby class a professional and business girls evening class, and a players club. A detailed advertisement concerning the evening classes appears in another place in this paper, and a report of the players club first meeting will appear in next week's paper.

RUBY'S ADDS OPERATOR

Miss Ruby Herndon, owner of Ruby's Beauty Shop, this week announced the addition of Mable Timms, to her staff of operators. Miss Herndon stated that the growth of her business necessitated this addition so that the very best of service could be rendered her customers.

TO TEACH AT ROTAN

Miss Allene Salsar, a graduate of Lamesa High School and Texas Tech, left last week to accept a position in Rotan as social science teacher for the sixth and seventh grades. Before going to Rotan she served as a grade school teacher in the Garner School of Howard County.

Farm Loan Association To Hear Geo. Mahon In Annual Meet Saturday

Announcement is made this week by J. E. Barron, Secretary-Treasurer of the Lamesa National Farm Loan Association, that the Hon. George Mahon, Congressman from this district, will speak to members of the Association at their annual meeting in Lamesa, Saturday afternoon, September 9th, at 2 p. m. in the district court room. It was further stated that the Hon. Garland Woodward, assistant general counsel of the Federal Land Bank at Houston would also speak at that time.

Members of the association will also hear Secretary-Treasurer J. E. Barron and the Board of Directors report on the association's progress. This body now has 678 Federal Land Bank Loans in the amount of \$855,460.00 and 293 Land Bank Commissioners' loans in the amount of \$461,150.00. In addition to reviewing the operations of the Association the members will elect a director to serve the ensuing year.

A special effort is being made to insure a large attendance at this most important meeting. Mr. Barron stated. The attendance committees in the several communities have been extending invitations to their neighbors to attend this meeting, and every indication points to a large crowd.

Attendance at the annual meeting of the association, he pointed out, affords the members an opportunity to have a voice in the management of their own cooperative lending institution and by hearing the reports made on the operation of the association, they can better know how it is getting along.

In addition to the regular business meeting and the two above mentioned addresses, an excellent program has been arranged, he said. All members of the association are not only invited, but are urged to attend this meeting.

Lamesa Church Is Building Large Additional Wing

Will Give Fifty Per Cent More Room

A large crew of workmen are busy this week, building an addition to the B. M. A. Baptist Church at the corner of North Second and Bryan Streets.

The addition will add practically fifty per cent more floor space to the church auditorium. The present building contains approximately 2500 square feet, while the addition which is 32 by 38 feet will contain 1116 feet. It is being added on the west end of the building.

Rev. Willie Lee, pastor of the church, stated today that the auditorium would be changed around with the pulpit and platform along the east wall, instead of the south side as it is now.

This church has enjoyed a wonderful growth under the pastorate of Bro. Lee and the additional room was absolutely necessary to take care of the regular crowds. The pastor further stated that there would be practically no debt, if any at all, when the work is completed. Members of the congregation are contributing their work on the project he stated. It is expected to be completed within the next two weeks.

STARTS PIANO CLASSES

Mrs. A. G. Barnard will next week begin her fall piano classes, with her studio located in the home of Mrs. W. B. McWhorter, just east of the High School building on North First Street.

Among The Younger Set

Photos By Ash Studio

This week the Younger Set has two ruling Queens. They are the charming twins pictured above, namely La Vivia Fay and La Vonnie Mae Martin. They are the daughters of Mr. and Mrs. Urban H. Martin, of Star Route 4. They were born December 12, 1932. They both have blue eyes and blond hair.

BUILDING SILOS

S. N. Allen, 15 miles east of Lamesa, completed the digging and filling of a 200 ton trench silo this week, according to B. J. Baskin, County Farm Agent for Dawson County. The silo is filled with cane, hegar and maize, and is being stored for future year, rather than feed for this winter. It was stated. L. S. Munger, of the Munger community, is reported to have a silo dug and ready to fill, which will hold 800 tons of feed. Several others over the county are using this new method of storing feed. It is estimated that some two hundred such silos have been dug in the county.

Bub McDonald visited with relatives and friends in Abilene Sunday.

Stanolind Well Swabbing Over 200 Barrels Of Oil Daily Before Acidizing

Having been plugged back to 4,770 feet with lead wool, the Stanolind Oil and Gas Company No. 1 Jeanette R. Rayner, opening a new Permian lime pool on the east edge of Cedar Lake in eastern Gaines County, Wednesday was reported swabbing with a hole full of oil. No results of the swabbing test had been released by the company late Wednesday.

The well had been plugged back to 4,770 feet from 4,793 feet, where it had shown sulphur water and then salt water on swabbing and flowing tests by air lift and gas jetted into the hole from the Yates sand zone. Water had been encountered in coring to 4,830 feet, with the well having been cemented back to 4,783 feet.

If the water has been successfully plugged back, operator plans to acidize the more than 100 feet of saturated section in an effort to boost the output of the well, lo-

Grammar School Pupils Informed Of School Routine

High School Faculty Ready For Opening

Parents and children concerned in the matter of enrolling in the Lamesa Elementary School, September 11, should study the following announcements carefully. A knowledge of these plans and requirements will assist teachers in completing enrollment more accurately and quickly.

A departure from these plans and schedules will not be made unless such changes prove to be to the best interest of the child involved. To grant requests for changes for any large number of reasons which might be offered by parents and pupils would result in no end of confusion and dissatisfaction. The following schedule is for enrollment only and changes and adjustments will be made by the school as the needs arise.

Book cards and reports cards, or some other suitable records, will be required of all children entering school. Only beginners are excepted in this requirement. Pupils who attended school here last year and who do not have such records can obtain them from the principal in the elementary school building. Pupils from other schools should write for these records before asking for admission. Book cards will not be issued and text book privileges will not be granted to students until lost books are paid for.

Vaccination against smallpox is required of all children not now

(Continued on Back Page)

Lamesa Bowling Club Is Opened

Announcement is made this week of the opening of the Lamesa Bowling Club, in the Cleveland building on North Second Street.

I. F. Dodd, formerly with the Texas Company Seismograph work and well known to many Lamesa people, has purchased an interest from Ernest Rhodes, who operated the alleys last fall and winter. They will co-manage and operate the place this year.

They announce the complete reconditioning of the equipment, with the addition of two new pin setters. The alleys have been refinished and are like new.

They have four standard Brunswick alleys, of regulation size and equipment.

They plan the organization of several teams who are to meet in competition at regular intervals. They also announce cash prizes for high individual scores. Your attention is called to their ad in this issue of the Courier.

lated in the southwest corner of section 3, block C-30, psi survey. Swabbing and flowing tests have recovered around 240 barrels of oil daily, with only a small amount of water showing on last test.

Road To Well

A great deal of discussion is taking place among business and professional men in Lamesa relative to the construction of a road direct to the new pool. Consensus of opinion seems to favor a road from the new Brownfield highway, due west to the field.

It is planned however, it was reported this week, to wait and see just where the center of the pool will be before building such a road. Under the proposed plan the well would be approximately 22 miles from Lamesa and it would require the building of only a few miles of road to furnish a direct route into Lamesa from the field. More detailed information will be given Courier readers as it develops.

Mrs. T. F. Vaughn Complimented With Luncheon at Odessa

Mesdames George Hickey, Henry Stafford and A. R. Dyer of Odessa entertained Mrs. T. F. Vaughn in Odessa Monday with a one o'clock buffet luncheon.

Those attending from Lamesa were Marie McDonald, Mesdames Matt McCall, R. E. Simpson Jr., Tom Wood, Jack McLaughlin and the honoree.

Mrs. S. S. Forrest Honored At Reception

On last Thursday afternoon from 4 until 7 o'clock, Mrs. S. L. Forrest honored Mrs. S. S. Forrest, who before her recent marriage was Miss Louise Reid of Lubbock, with a reception at her home on the Stanton highway.

As the guests arrived they were greeted by Mrs. D. S. Day who presented them to the receiving line which was composed of Mrs. S. L. Forrest, Mrs. S. S. Forrest, Mrs. J. E. Reid of Lubbock, and Miss Mary Jo Forrest.

Miss Mavis Pendlly of Lubbock presided at the guest book where about 150 guests registered during the afternoon. Mrs. E. R. Tinsley directed the guests to the dining room where they were served.

The table was laid with a beautiful Normandy lace cloth and centered with a bouquet of varicolored flowers. Misses Estelle White and Virginia Ann Hilliard presided at the tea table and was assisted by Misses Betty Porterfield and Zeateau Patrick.

The reception rooms were beautifully decorated with gladioli, roses and asters.

The program was under the direction of Mrs. Matt McCall, who was assisted by Mrs. W. J. Beckham, Mrs. Weldon Lindsey, Mrs. Sam Bailey, Miss Ernestine Gambill, Mrs. Carl Rountree, Patsy Jo Rountree, Mrs. L. M. Pratt, Mrs. Eldrid Travis, Miss Ella Katherine Temple and Miss Margurite Flanken.

Out of Town Guest Honored With Party

Last Thursday evening Mr. and Mrs. Doyle Shillingburg honored Mr. and Mrs. Carl Zeek of the Panama Canal Zone, who are here visiting with relatives and friends, at their home on North Third Street.

Games of forty-two were enjoyed during the evening by classmates of Mr. and Mrs. Zeek. Mrs. Boyd Echols was winner of high score for the women and Blaine Wiggins was winner of high score for men.

Ice cream, cake and punch were served to Mr. and Mrs. Boyd Echols, Mr. and Mrs. Ralph Ranson, Mr. and Mrs. John Middleton, Mr. and Mrs. Joe Clark, Mr. and Mrs. Blaine Wiggins, Mrs. Wayne Echols and C. M. Bird.

Mrs. W. McClintock Honored At Shower Thursday Evening

On last Thursday evening Miss Lois Thorp and Mrs. Charles Lawler complimented Mrs. Wayne McClintock, who before her marriage was Miss Madge McClendon, with a shower at the Woman's Club House.

The Club House was beautifully decorated with bouquets of red roses.

A short program was presented

during the evening with a reading being given by Miss Jo Evelyn Davis and musical selections by Miss Ruth Merrick.

About thirty guests attended this lovely in-honor affair.

Jackie Gillstrap Becomes Bride of J. S. Erwin

On August 11, Mrs. Jessie Gillstrap became the bride of Mr. J. S. Erwin, with the Rev. Haynes, pastor of the First Methodist church at Big Spring, reading the single ring ceremony.

The bride was very attractively dressed in a gold crepe dress with white accessories.

Mr. and Mrs. Erwin will make their home in Lamesa.

Senior B. T. U. Entertains With Picnic Friday

The Senior B. T. U. of the First Baptist Church entertained with a picnic at the church last Friday evening.

Various out-door games were enjoyed during the evening.

About fifteen guests attended.

Beta Sigma Phi To Sponsor Book Review September 19th

The Beta Sigma Phi Sorority will sponsor a book review by Miss Evelyn Oppenheimer of Dallas. She will give "Next to Valour" by John Jennings.

The New York Times gives it as an outstanding novel, with more than 800 pages of glowing, action filled story, of Colonial frontier life, built solidly against the background of authentic history, full of rousing, open throatle entertainment.

The New York Tribune rates "Next to Valour" next to the best seller in July.

The book review will be held on September 19 at 8 o'clock, admission 50c. The place has not yet been decided upon.

Mrs. George Norman Hostess To 42 Club

Mrs. George Norman entertained members and guests of the 42 club Tuesday afternoon at the Country Club.

The club house was beautifully decorated with bouquets of roses and huge zenias in antique vases.

Games of 42 were enjoyed during the afternoon. At the conclusion of the games Miss Erma Lee Smith of Dallas entertained the group with several readings, songs and tap dancing.

Pecan cookies and frosted punch were served to Mesdames A. E. Jacobs, W. T. Webb, Dan Davis, A. H. Smith, Nelson Cope, V. O. Key, Ray Williams, Dee Hull, Erwin Wright, Ross Boardman, M. E. Boren, Buck Bennett, Lee Billingsley, C. E. Ault, Ross Gibson, Sublett, S. L. Forrest, W. K. Crawley, J. E. Barron Clyde Privitt, E. R. Tinsley, A. Hull, Ralph Smith of Dallas, A. G. Barnard, Walter Jones and the hostess Mrs. Norman.

Miss Jewel Gaines Honored Tuesday Evening

Misses Earlene and Evelyn Ellison honored Miss Jewel Gaines with a surprise going away party Tuesday evening at their home on South Houston street. Miss Gaines will leave this next week for Brown wood where she will attend Howard Payne College this fall.

Various outdoor games were enjoyed during the evening after which a delicious picnic supper was served.

Those attending were the honoree, Misses Sanders of Big Spring, Mildred Phipps, Dorothy Pool, Mattie Moore, Maulee Bedwell, Tharon Dugger, Edith Harris, Billie Standifer, Eunice Gaines; Messrs. Lewis Ellison, Arthur Lee Morrow, Vernon Todd, Aubrey Boswell, John T. and Hershell Sanders, and Nig Brunson.

Mrs. George Norman Honors Employees With Picnic

Mr. and Mrs. George Norman entertained the employees of the Higginbotham-Bartlett Company last Saturday evening at the Country Club with a picnic supper.

Games of shuffle board, forty-two and rummy were enjoyed during the evening.

Those attending were Mr. and Mrs. Ray Hastings, Mack Amos and two sisters, Mr. and Mrs. A. E. Boren, Mr. and Mrs. R. E. Van Wie, Mr. and Mrs. Paul McDaniel, Mr. and Mrs. Clyde Branon, and two children, Tommie and Sallie, Mr. and Mrs. Wilbur Lambeth, Trinka Norman, and the host and hostess.

BUSINESS AND PROFESSIONAL GIRLS EVENING SPEECH CLASS

"Developing the charms of your own personality" is the name selected by Mrs. Pratt for a speech class to be conducted for busy young women ambitious to improve their personality through speech.

What ever your calling in life, your success depends a great deal upon the impression you make on other people. You may have ability or knowledge, but can you put your self across?

During the last decade America has become distinctly speech conscious. Men and women in the business and professional world have discovered the importance of good speech in daily lives. They realize they have become careless, that they lack self confidence and poise. This course offers you practical training in posture, diction, tone placement and general appearance. Over five hundred words commonly mispronounced will be given in the lessons in this course.

Classes will meet one evening each week in Mrs. Pratt's studio for one hour and the course will be covered in twelve lessons.

Those interested will call Mrs. Pratt for further information.

MARRIAGE LICENSES

Carl Walker and Victoria Hornbeck, August 26.

Wayne McClintock and Madge McLendon, August 26.

Clyde Lee Cartwright and Miss Rosabelle Beck, August 26.

LEGAL NOTICES

RESOLUTION ADOPTING AND IMPROVING ENGINEER'S ROLLS OR STATEMENTS FOR PORTIONS OF WASSON STREET AND SUNDRY OTHER STREETS, FIXING TIME AND PLACE OF HEARING, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE.

WHEREAS, the City of Lamesa has heretofore ordered that the hereinbelow mentioned portions of streets be improved by raising, grading and filling and paving, and by installing concrete curbs and gutters, and otherwise; and

WHEREAS, arrangements for the making and construction of said improvements has been made and entered into by the City of Lamesa as Contractor, and the City Engineer has made and prepared and filed with the City his rolls or statements showing the amounts to be assessed against parcels of abutting property and the owners thereof, and showing other matters and things, and said statements have been examined and corrections made where necessary;

THEREFORE, BE IT RESOLVED BY THE CITY OF LAMESA, TEXAS, THAT,

I. Said rolls or statements be and

the same are hereby adopted and approved.

II. That a hearing be given and held by and before the City Commission of Lamesa to the owners of property abutting upon said streets and alleys to be improved, and to all others in any wise interested or affected, concerning said improvements, the amounts of the proposed assessments against abutting property and the owners thereof, concerning the apportionment of the cost of said improvements and the descriptions of property, names of owners, regularity of proceedings, and concerning all other matters and things in connection with which anyone is entitled to be heard under the Law and Charter with amendments in force in said City, and the proceedings of the City with reference to said improvements, rolls or statements are adopted being set forth in the form of notice herein below prescribed.

III. Said hearing shall be held in the regular Commission meeting room of the City Hall in the City of Lamesa, Texas, on the 12th day of September, 1939, at 2 o'clock P. M. and may be continued from time to time until the purposes thereof are in the opinion of the Commission fully accomplished and such hearing shall in all respects be conducted in accordance with said charter with amendments, law and proceedings.

IV. The City Secretary is directed to give notice of the time, place and purpose of such hearing by causing notice in substantially the form hereinbelow prescribed to be published at least three times prior to the date of said hearing in a newspaper published in and of general circulation of the City of Lamesa, Texas, the first of which publications shall be at least ten days before the date for such hearing, and the form of which notice shall be substantially as follows:

NOTICE

To the Owners of Property Abutting upon the Hereinbelow mentioned Portions of Streets, and to All Others Affected:

The Governing Body of the City of Lamesa has heretofore ordered that the following portions of streets, in said City of Lamesa, Texas, be improved by raising, grading and filling and paving and by installing concrete curbs and gutters, and otherwise, to-wit:

Wasson Street from North First Street to North Fourth Street, South First Street from Bryan Street to Roosevelt Street,

thereof for improvements in the units upon which the particular parcels of property abut, the amounts of benefits to the respective parcels of property by means of the improvements in the unit upon which the particular property abuts, the regularity of the proceedings with reference to such improvements, the apportionment of the cost of such improvements, and other matters and things will be determined, and after such hearing assessments will be by ordinance made and levied, and such hearing will be had and held by and before the City Commission of the City of Lamesa, Texas, in the regular Commission meeting room in the City Hall, in the City of Lamesa, Texas, on the 12th day of September, 1939, at 2 P. M. o'clock. The rolls or statements showing the proposed amounts of such assessments are on file in the office of the City Secretary and copies thereof are in the office of the City Engineer of the City of Lamesa, and open to inspection of any interested parties at any time, and of all said matters and things all such owners of property, as well as any others in any wise affected or interested, will take due notice.

DONE By Order of the City Commission of the City of Lamesa, Texas, 22nd day of August, 1939.

B. D. Wiggins,
City Secretary, City of Lamesa, Texas.

V. No notice other than that hereinabove provided for shall be necessary, but publication of such notice shall be due and sufficient notice to any and all persons, firms, corporations and other parties. This resolution shall take effect and be in force from and after passage.

PASSED AND APPROVED this 22nd day of August A. D. 1939.

W. L. Marr, Mayor.

Attest:
B. D. Wiggins,
City Secretary.

TIME MARCHES ON

"THE SPOTLIGHT SHIFTS, THE CLOCK TICKS FAST; ALL YOUTH BECOMES OLD AGE AT LAST."

The scene changes rapidly, but the story is always the same: A struggle for independence... school days... the fight to be "on your own"... the long, hard grind to earn a living... the struggle to build up a reserve for leisure days.

But, you are constantly tearing down the one thing without which independence and happiness are impossible... good health.

You spend more than 2,000 hours a year working and hoping for the days when you can enjoy leisure. Only ONE of these hours, set aside for examination, can assure you the enjoyment of such leisure.

To preserve your health costs very little... to neglect it is costly.

Frequent examinations are economical... but only when entrusted to your chiropractor whose knowledge, skill, facilities and keen interest in your health condition assure you complete protection. Colon Irrigation, Chiropractic, Electro Therapy, Sweat Bath, Terpezone, X-Ray.

Announcing

We take pleasure in announcing to the people of this territory the opening of the new and completely reconditioned

LAMESA BOWLING CLUB

We have completely reconditioned all alleys and added some new equipment which brings our alleys up to a standard with the best in the Southwest.

We have four standard Brunswick Alleys, the same type as used in the best bowling alleys the nation over. We have had them sanded down and completely refinished.

We have added two new pin setters which will speed up the playing and eliminate waiting.

Mr. I. F. Todd is now a partner and will be associated with Mr. Earnest Rhodes in the operation of the business.

We offer clean, wholesome entertainment for both ladies and gentlemen, and invite you to visit us.

VALUE OF CONTOUR FARMING BECOMING MORE EVIDENT

The value of contour furrows and ridges is becoming more and more evident as the summer advances, according to C. W. Firestone, an engineer with the Soil Conservation Service at Lamesa.

Numerous farmers and ranchers of the area report increased grass growth in their pastures this year as a result of moisture having been held on the land by furrows and ridges. In many cases, the density of grass along the furrows and above the ridges have been doubled in one season's growth.

F. L. Grisson, of southeast of Lamesa, furrowed part of his pasture in 1939, with a two bottom plow. With only one good rain after the furrows were constructed the density of the grass was more than doubled at the end of the growing season.

Good progress is being made toward furrowing the 125,000 acre Clayton ranch. These furrows and ridges are being made by the use of a single disc plow. This implement has proven most satisfactory on brushy or stony land as it will make good furrows without damage to the plow or tractor. Furrows that were made on the ranch in the late spring are already showing good results.

The Dean ranch is being furrowed with a double disc plow with discs spaced three feet apart. This plow is pulled by a caterpillar tractor which make furrowing in the brushy areas possible.

Farmers whose pastures have been treated for soil and moisture conservation observed last spring that the first green grass appeared along the contour furrows where water had been held and permitted to soak into the soil. During the heavy rains, farmers found that the furrows and ridges held practically all the water on the area where it fell. With extended periods of hot, dry weather, it can be observed that the grass along the furrows remains green while vegetation on untreated areas has a tendency to become dry and turn brown.

Improvement of pastures is only one phase of the soil and moisture conservation program demonstrated.

Tom McWhorter of Big Spring spent Sunday here visiting in the home of Mr. and Mrs. W. B. McWhorter.

Mr. and Mrs. D. E. Collins of Sulphur Springs, Oklahoma, are visiting with their parents, Mr. and Mrs. W. B. Collins, this week.

CARD OF THANKS

We desire to take this method of extending our heartfelt thanks to our friends and neighbors for their thoughtful sympathy and deeds of kindness during our recent bereavement. May you be blessed with just such friends in your hour of sadness as our sincere prayer.

Mr. and Mrs. W. S. Robertson and family.

ROTARY CLUB IN MEETING FRIDAY NOON

At the regular meeting of the Lamesa Rotary Club last Friday at noon at the Somers Hotel, those present were very pleasantly entertained by Mrs. L. M. Pratt who gave some readings.

The Hon. Louis B. Reed gave a very interesting report on an extended vacation which took him and Mrs. Reed throughout the Pacific Northwest. They visited the Golden Gate Exposition at San Francisco while away. His reports were very interestingly received.

Matt A. McCall had charge of the program which was completely enjoyed by a very representative membership. The next meeting will be held at the usual place, Friday at 12:00 o'clock.

DAWSON HIGH SCHOOL WILL OPEN MONDAY

The Dawson Rural High School opens formally on Monday, September 11th. The buses will make their appointed rounds, and the children must be at the bus stops early in order to not miss them. In a few days definite schedules will be established and you will know when and where to meet each bus.

There will be an interesting program at the Methodist church, and all patrons are urged to be present. Details of the program have as yet not been worked out, but Mr. Norris, county superintendent, Mr. O'Brien, chairman of the local board, and others will give talks.

The teaching staff consists of J. L. Chiles, superintendent, Cliff Martin, principal of high school, Mr. Strasser, mathematics, A. B. Reese, English, Mrs. Adams, home-making, and in the Grammar School the teachers are Mrs. McKeever, Mrs. Kender, Mrs. Palne, Miss Duff and Miss Harvell.

Any student residing in the district between the ages of six and twenty-one are eligible to ride the buses, also any student residing outside the district whose grade is not taught in his home district, and is under 18 years of age.

There have been a number of patrons wanting information as to their children under six years of age attending school. The State Department of Education forbids enrolling such children in school unless the district maintains a kindergarten.

At the general assembly Monday morning definite instructions will be given students as to the places of enrollment, etc.

Roberta Hanson Is Beauty Winner

At the Lone Star State Beauty Association convention held in Big Spring last Friday, Lamesa was rather well represented.

Misses Ruby and Mozelle Herndon, Miss Bill Upton and Mrs. Viola Caldwell and models Patsy Gray Taylor, Mrs. Clyde Privitt, Miss Roberts and Miss Geraldine White who was also presented as Lamesa's queen. Miss Donna Jean Caldwell, was Lamesa's princess.

In the contest Miss White entered instead of Miss Patsy Fisher, who was unable to attend. In the finals she was barely nosed out by Miss Roberta Lee Hanson, of Big Spring who formerly lived in Lamesa, who was crowned queen of the show.

There was a large crowd present and approximately fifty models were presented.

Following the crowning of the queen, a dance was held at the Settles Hotel.

Ralph Bryan of Carlsbad, N. M. was a business visitor in Lamesa Monday.

TEXAS OUT-O-DOORS

Because the Lesser Prairie Chickens saved several landowners as much as a bale of cotton per eight acres, these fine game birds are going to get much more protection in the Texas Panhandle in the future, or at least in Wheeler County, it is reported by State Game Warden P. D. Moseley of Canadian. The Prairie Chickens devoured huge numbers of army worms which seriously threatened the cotton crop in that section of the State.

T. D. Key, owner of large holdings in Wheeler County and many of his neighbors are now planning to plant food for the Prairie Chickens as a result of the birds having moved into their cotton fields and totally destroying the army worms. The worms had eaten about one-third of the leaves from Mr. Key's cotton when the birds moved in. As many as 500 Prairie Chickens invaded the forty-four acre field at a time and the result is that Mr. Key estimates they saved him as much as five bales of cotton. Many neighbors had the same experience and now have a higher regard for those game birds. They have announced there will be no hunting for prairie chickens in that section during the remainder of the five-year closed season placed on the birds by the Forty-fifth state legislature in 1937.

Mr. Key has planted seventy-one acres of sudan and red top cane for the birds to feed on and plans to raise as much maize and kafir corn for them. Other Wheeler county land owners are also going to provide feed for the birds.

At least twelve big Opelousas catfish did their very best to hatch a nest of eggs under a bank in the Trinity River near Paradise, Texas. It is reported by Loyd Preskitt of Bridgeport and State Game Warden Harley Berg. An Opelousas cat weighing sixty-one pounds was taken from the nest by means of a seine on June 15. On eleven successive days thereafter a large Opelousas cat was taken off the same nest of eggs. They weighed from seventeen to thirty-five pounds.

The heaviest concentration of canvasback ducks in Texas is on Surprise Lake in Chambers County northeast of Galveston. It is reported by State Game Warden Delbert Conner, who declares that more than half of that species of migratory birds coming to the Lone Star State gather there. The canvasback is one of the four species of ducks that hunters are allowed only three per day during the open season. The others are redheads, buffheads and ruddy ducks.

"Where Your Money Buys More"

Dr. Cox Says:

"It has been estimated that an operation for acute appendicitis is performed every minute in the United States; moreover, that peritonitis, a result of this disease, takes the life of someone every 29 minutes. Against this frightful toll may be placed the significant fact that if peritonitis does not occur the appendicitis fatality rate is but one in two hundred cases," emphasizes the Texas State Department of Health.

The perforated appendix, which is the cause of peritonitis, is a preventable condition. Prevention lies in prompt recognition of acute appendicitis and prompt surgery. Though this fact is well known to the medical profession and has been definitely proved in hospitals throughout the land for years, the public as yet is not sufficiently impressed with it.

Thus it happens that the high appendicitis death rate in this country (incidentally, the highest in all civilized nations) is not due to a lack of skill in diagnosis and surgery but to the American tendency toward self treatment with the accompanying factor of delay.

Appendicitis is essentially a disease of the young, 75 per cent of the twenty thousand persons who die annually from this cause in the United States being under the age of thirty, while only ten per cent are over forty.

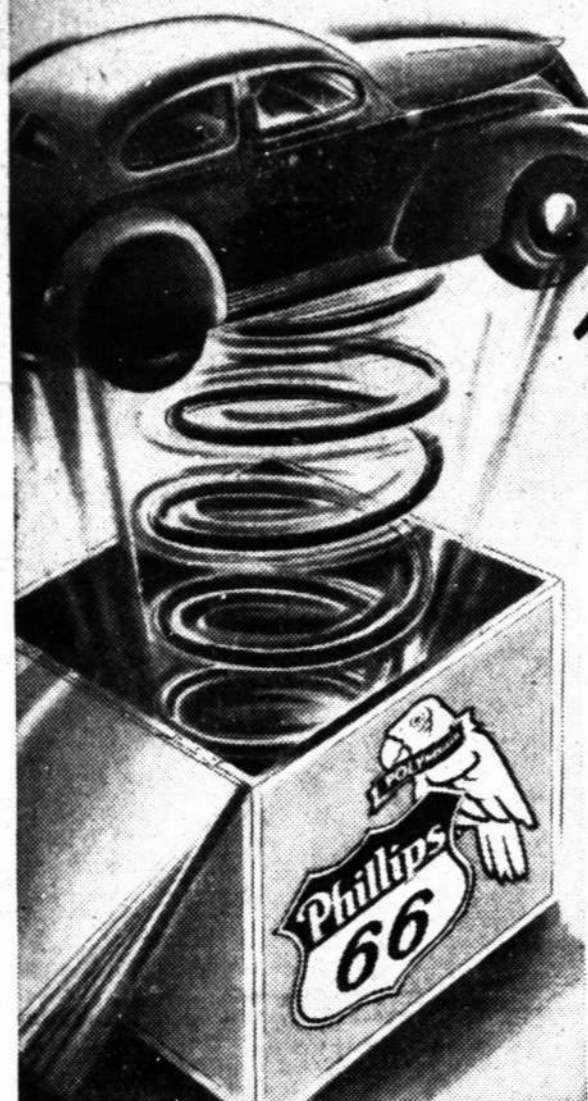

Hospital records disclose that delay in seeking medical advice was the outstanding reason for appendicitis deaths. An impartial survey of deaths in an Eastern state proved that "the chances of dying are four times greater on the second than on the first, five times greater on the third, six times greater on the fourth day of the disease." The tragedy of procrastination in the presence of appendicitis is enacted only too often.

Personal intelligence, then, is the key to the appendicitis mortality problem. The predilection for laxatives upon any, every or no occasion at all, is the great and up to the present time, insurmountable stumbling block. In the presence of abdominal pain, never take laxatives and call your family physician at once if the pain continues.

Miss Bill Upton spent the week end at Slaton visiting with relatives and friends.

Miss Mozelle Herndon returned to Abilene Tuesday after spending several days here visiting with relatives and friends.

GIVE YOUR MOTOR A CHANCE

To surprise you

YOU probably have just had your vacation, which was anything but that for your car. You drove it more miles in less time, and with less care, than usual. Hence it is likely the engine has more carbon in it... has less pep... is noisier... and less responsive.

So right now is the perfect time to try Phillips 66 Poly Gas, the high test, high energy, custom-tailored motor fuel, which costs nothing extra! You should feel that difference with your very first trial tankful—added power, pep, pick-up, and mileage.

Remember, the Phillips 66 Poly Gas you buy today isn't merely another Summer gasoline. It is actually a September gas, more accurately custom-tailored than any other gasoline. Matched and re-matched to the climate in your locality, every month in the year. And there is hardly a day in 365, when its high test rating and anti-knock value are not unsurpassed in its field.

Why not find out the facts personally? Why not give your motor a chance to surprise you? September Phillips 66 Poly Gas is waiting for you now at every Orange and Black 66 Shield.

Phill-up with Phillips for Greater Mileage

Jodie Tate Selected As Manager Of Mythical All Star Ball Aggregation

The Lubbock Hubbers and Big Spring Barons shared the spotlight in the selection of the 1939 all-star team for the West Texas-New Mexico League, each of them grabbing three of the 12 positions. The Amarillo Gold Sox and Pampa Oilers came up with two each and the remaining two were divided between the Midland Cowboys and Lamesa Lobos.

Although he had a little competition from Bob Mosel of Lubbock

and Tom Wagner of Clovis, Bones Sanders of Amarillo came through with the first base assignment with room to spare. At second base, Bobby Decker of Big Spring had more trouble, but he edged the position from Al Summers of Borger. Billy Capps of Big Spring showed his popularity at third when he sailed in well ahead of Johnny Taylor of Lubbock and Hack Harrison of Clovis. Manager Salty Parker of Lut-

bock was a prime favorite for the shortstop job and came through the voting in easy fashion.

Gordon Neil of Pampa, placed in left field, was the only unanimous selection of the team, with every voter casting a ballot for him. Not all of them placed him in left field, however.

Skinner Grover Seitz of Pampa goes alongside of Neil in center field, and was another top-heavy favorite for the post.

Pat Stacey of Big Spring rounds out the all-star outfield in right and had little trouble placing.

Hack Miller of Lubbock was the "people's choice" as the catcher, only Jim Kerr of Midland getting more than one first-choice vote.

Lee Harris of Lubbock had a real fight on his hands to win the right-handed pitching job. He went in with a margin of only one vote over Jodie Marek of Big Spring.

Bus Dorman of Amarillo, the team's lefthander also squeezed in with the same narrow margin, his opponent being Howard Parks of Borger.

No less than 14 candidates were nominated for the utility berth, splitting the vote widely, but Joe Piet of Midland gave the Cowboys their lone representative when he won the place without question.

Jodie Tate of Lamesa was entrusted with the managerial duties, but he got a close call from Salty Parker of Lubbock and Sammy Hale of Midland.

Decker, Miller and Tate were members of the 1938 team, back for a return engagement this year. The team was selected through a

vote of the league writers and managers, the ballots being collected and tabulated by the Press Bureau of the National Association of Baseball League. Players who received votes, but did not place on the team were accorded honorable mention. Here's how the 1939 All-Stars stack up:

Sanders, 1b, Amarillo. Decker, 2b, Big Spring. Capps, 3b, Big Spring. Parker, ss, Lubbock. Neil, lf, Pampa. Seitz, cf, Pampa. Stacey, rf, Big Spring. Miller, c, Lubbock. Harris, rhp, Lubbock. Dorman, lhp, Amarillo. Piet, util., Midland. Tate, mgr., Lamesa.

HONORABLE MENTION: Mosel, Zorko, J. Taylor, Carr, Watkins, Stevens and Gorski, of Lubbock; Wagner, Harrison, Adkins, Stone, R. Smith, Ratliff, Yeager and Barnhill of Clovis; Bailey, Guynes, Malvica, L. Summers, Vannoy and Dilbeck of Pampa; Wooten, Fullenwider, Needham, Lucas and Spangler of Lamesa; Morris, A. Summers, Bell, Wilson, Short, Potocar, Hausmann, Parks, Ross and Spencer of Borger; Hudson, Altenburg, Nook, Rabe, Welland, Millsbaugh, Holt, and Nichols of Amarillo; Naranjo, Hale, Everson, Kerr, Raines, and Archibald of Midland; Wolin, Marck, Rego and Janicek of Big Spring.

FARM PONDS PROVIDE HOME FOR WILDLIFE

Besides supplying necessary livestock water, properly managed farm ponds often afford a home for wildlife which otherwise could not exist, according to George D. Keathley, of the Lamesa CCC Camp. Where streams and natural lakes are few, as in the Southern Great Plains, protected water vegetation provides food and shelter for migratory waterfowl and other wildlife of economic value.

Farmers who have established wildlife sites in this area report that mallards, blue-winged teal, killdeers, pintails and other similar species of waterfowls are nesting and rearing their young on small ponds that have been constructed in connection with the soil and water conservation program.

In order to make a pond valuable to wildlife, at least a part of it should be fenced so livestock will not trample out the water plants. Farmers may fence a narrow lane down to the water, or fence the entire pond and pipe the stock water through the dam. Ponds should be built at least one or two miles apart so that concentration of livestock will not result in over-grazing about the watering places. Keathley points out.

KILLING, DRESSING AND KILLING OF POULTRY STUDIED BY 4-H CLUBS

The County Home Demonstration Agent met with the 4-H Club girls in all day meetings in August to give demonstrations on killing and dressing of chickens for baking and frying. Killing the chickens by bleeding them was new and created much excitement among the 100 girls and adults who watched the operation. Cutting the throat seemed cruel at first but when the girls were reminded that a fresh cut does not hurt, but wringing the neck would, they were more satisfied. (There was in each group from one to six girls who said, "Let me kill the next one.")

A hen and one or two fryers were used in each demonstration. The girls were shown how to scald, pick and dress the hen for baking and

the fryers for frying. To most of the girls it was an unusual procedure to not boil the hen, but when they saw the brown bird after baking, they were pleased with the results. And it was so much easier to use a paper sack to flour the chicken for frying.

Whole meals were prepared and served buffet style. Different garnishes were used in different clubs.

Cantaloupe, green seedless grapes, apple rings, jelly and lemon rines and pickled peaches were used. The agent gave instructions on carving and serving of the hen. A club member assisted by serving peas and potatoes at the opposite end of the table. The guests served themselves to the dressing, gravy, fried chicken, drink and dessert. There was a variation in drinks and desserts. Some clubs had a fruit drink, others tea and milk. Boiled custard with cherries or berries, or fresh peaches was served for dessert. All this food was prepared by the girls.

The Sparenberg girls were honored by having the father of the hostesses, Mr. Emmitt Fisher, carve and serve the hen.

WOMEN'S H. D. CLUBS TO SEE SCHOOL LUNCH DEMONSTRATION IN SEPT.

The County Home Demonstration Agent will give demonstrations to the women's demonstrations clubs on "The School Lunch" during the month of September. Much time and thought should be given to the kinds of food which go into the lunch basket of the school child. It is a little more difficult to prepare a lunch to go than one at home, but this should only make it more challenging. Every person who has to prepare lunches "to go" will be interested in seeing this demonstration.

MRS. I. W. FREEDY IN CHARGE OF ARTS AND CRAFTS EXHIBIT FOR DAWSON COUNTY FAIR

Mrs. I. W. Freedy has agreed to have charge and serve as chairman of the arts and crafts exhibit at the Dawson County Fair which is to be held the 12, 13, and 14 of October at the Fair Grounds. Mrs. Freedy states that a splendid exhibit may be had on account of so many talented people living in the county. Any one desiring to exhibit in this department of the fair should observe the following regulations:

1. All work entered must be original. No copy work will be accepted.
2. Only residents of Dawson County will be permitted to exhibit.
3. Work entered must have been done by the exhibitor.
4. Work entered must not have previously won a place in the county fair.

The following is the premium list with prizes of one dollar, seventy-five and fifty cents to be given to first, second and third place winners:

Still life and landscape in oil, water color and pastel mediums. Drawing in pen, pencil and charcoal.

Wood carving; Batik, fabric painting and block printing; painting on wood; iron and tin work.

LIMITED FUNDS NOW AVAILABLE FOR WATER CONSERVATION PROJECTS

Completion of water conservation projects already under construction in the Texas Panhandle and additional development of land utilization projects in the five states of the Southern Great Plains region of the Soil Conservation Service will be possible through limited funds now available. H. H. Fennell, regional director of the Service, announced today.

Work on the water conservation projects or lakes which have been sponsored by the Panhandle Water Conservation Authority has been curtailed since July 1 because of a lack of funds available for this type of work, Fennell said. Development work on submarginal land which has been purchased by the government in severely eroded areas also has been curtailed for the same reason, it was explained.

"Funds are not available for any new projects of these types, so it will be possible only to complete the water conservation projects already started and to do a limited amount of development on the land utilization projects with existing appropriations," Fennell stated.

Lakes in the Texas Panhandle on which work has been curtailed since July 1 and which now will be completed are located on Rita Blanca Creek near Dalhart, on McClellan Creek near McLean, on Tule Creek near Tulla, and on Wolf Creek near Perryton. Similar water conservation projects on Tierra Blanca Creek near Umbarger and on Boggy Creek near Canadian were completed except for details several months ago, and have been opened to the public for recreational purposes.

Land utilization projects on which additional development now will be possible are located in Weld, Otero, and Baca Counties in Colorado, in Morton County, Kansas; in Dallam County, Texas; in Cimarron County, Oklahoma; and in Union and Harding Counties, New Mexico.

BUFFALO LAKE A WILD FOWL REFUGE

Buffalo Lake, first of the Soil Conservation Service water conservation projects to be completed near Umbarger, rapidly is becoming a sanctuary for waterfowl, ac-

FAIRVIEW
Georgia Mae Gibson

The meeting closed Sunday night following some good sermons.

Mr. and Mrs. Snellgrove, Miss Icie Akins of O. K. and Tommie Gibson spent Sunday in the Caudle home.

School opens Monday, September 11. Let's keep this in mind and be ready to start.

Mr. and Mrs. Goode's daughter of Dallas spent a few days visiting them last week. Almata returned home with them.

The baptizing was very well attended Sunday afternoon at Womack's. There were two to be baptized that joined in services before the meeting.

Mr. and Mrs. Windmill Gibson spent Sunday with her parents, Mr. and Mrs. W. A. Martin.

Mr. and Mrs. Jake Sealey of Five Mile, Mrs. N. B. Leatherwood Sr., Mr. and Mrs. Custer Leatherwood, Bush and N. B. Leatherwood spent Sunday with Mr. and Mrs. H. Holt.

Mr. and Mrs. Mansel Barton, Mr. and Mrs. Joe Robinson, Mr. and Mrs. Bill Robinson, spent Sunday with Mr. and Mrs. J. B. Gibson.

The meeting began Sunday with a large crowd attending. Brother Bryan of O. K. is doing the preaching.

Nolan Robertson of Fort Worth is visiting Mr. and Mrs. M. B. Gibson.

Several from this community attended preaching services at Ashmore Sunday evening.

Billie Ous and Edna Zimmerman spent Saturday night with Gladys Weeks.

Mr. and Mrs. Cecil Cole are the proud parents of a baby girl.

Mrs. Shrum of Seagraves is visiting her parents.

Mr. and Mrs. Shipman and family of Illinois, and Doc Martin of Bryson, Texas, visited Mr. and Mrs. W. A. Martin last week.

Mr. and Mrs. Fred Raney spent Sunday night with Mr. and Mrs. Cecil Cole.

Tommie Gibson spent Saturday night with Finis Meeks.

FLOWER GROVE
Katie Dyer

Roy Webb is visiting friends in Royston this week.

Mr. and Mrs. Ovie Williams are visiting relatives in Springtown this week.

John Nichols and family of Knott spent Wednesday afternoon in the home of Conrad Stokes.

Mr. and Mrs. F. W. Beckmeyer and family are visiting relatives in Columbus and Houston.

Mrs. Jeter is visiting her parents in Houston.

Mr. and Mrs. Henry Mayfield visited in the R. P. Mayfield home Sunday.

Mr. and Mrs. Fred Cave, Mr. and Mrs. Doris Carmichael, and Mr. and Mrs. Tom Mitchell enjoyed a fishing trip at Iremado last week.

Several from here enjoyed the Jack County Reunion at Lubbock Friday.

Cleo Jeffcoat of Knott spent Friday in the home of Olen Haddock.

There was a birthday dinner given in the home of H. C. Jeffcoat Tuesday, honoring Herman Jeffcoat of Knott. Many friends and relatives were present.

Ray Mayfield of Arvana was a visitor in our community Sunday.

Mr. and Mrs. A. F. Bearden and family of Sparenberg were visitors in our community Sunday.

Mr. and Mrs. Leo Sullivan of Plainview visited his parents, Mr. and Mrs. Dan Sullivan, Sunday.

Dorris Carmichael and little son visited his parents, Mr. and Mrs. Jim Carmichael of Mt. Olive Sunday.

The revival that has been conducted by Rev. Scott Mitchell of Portales, N. M., closed Sunday night. There were five persons baptized Sunday evening.

Mrs. Lee of Lamesa is visiting her sister, Mrs. George Burns this week.

Mr. and Mrs. W. R. Oaks from Oklahoma have been visiting relatives here the past week.

Herbert Hinds of Oklahoma is visiting in the home of Albert Foster.

ACKERLY
Jerry Ward

Sunday school and church were well attended at all churches here Sunday.

Jo Nell Faulkenberry spent a few days with Yvonne Crain at Klondike the past week.

Mrs. Claude Graham honored her son, Weldon, with a birthday party at her home Saturday evening. A good time was had by all present.

Bill Ashby of Big Spring visited his brother Theo here for a few days this past week.

Mary Tom Belt entertained the young people with a party at her home Friday night. A good time was reported by all who attended.

School started Monday with a large enrollment. We have three new teachers. We are looking forward to a successful school year.

Mrs. Ruggles entertained her son Ivan and several of his friends with a birthday party Thursday night. All reported an enjoyable evening.

Ruth Jobb spent last week visiting relatives and friends in Colorado City.

Pansy Jane Erwin left Sunday for Lubbock where she will enroll in Draughon's Business College.

Mrs. Red Shortes honored her daughter, Amelda Jo with a birthday party Tuesday night. A good crowd attended. All reported a good time.

Edna Earl and Melva Lee Weed and several other girls from Knott visited Jerry Ward Sunday afternoon.

Beatrice Gaultney of Flower Grove spent Thursday night with Leona Rudeseal.

Pansy Jane Erwin entertained with an ice cream supper Thursday night.

Mr. and Mrs. George Bryson and son Weldon, Mr. and Mrs. J. D. Bryson visited in the Elmer Oaks home at Flower Grove Sunday.

Luther Rudeseal has as his guest this week his sister from Little Rock, Arkansas.

Jerry Ward entertained the young people with a party Thursday night. After various games were enjoyed, refreshments were served to a large group.

Mr. and Mrs. Crain of Klondike visited with Mr. and Mrs. Harry Phillips last week.

Royce Cannon entertained with a musical Saturday night. All reported a nice evening.

Johnnie Britton and Oliver Boyce attended the show at Lamesa Saturday night.

Mozelle Dantels spent the week end at Big Spring with her grandmother.

LOYOLA
Mrs. H. A. Duke

Loyola is needing rain on the young crops.

Rev. Lee and family of Lamesa and Orbie Williams and family of Mt. Olive, Albert Williams and family of Lamesa visited in the home of Mr. and Mrs. Corbin Williams Sunday.

Miss Pearl Ansley of Klondike visited Miss Silva Harris Friday.

Mr. and Mrs. Tom Bertram and daughter of Lamesa and Mr. and Mrs. Fred Terry of Ackerly spent Sunday with Mr. and Mrs. H. H. Corbett.

J. G. Rhoades of Tulla spent the week end in the home of Frank Harris.

Howell Corbett and Miss Mattie Lee Wiggins visited Mr. and Mrs. Seidon Medford of Klondike Sunday night.

Mrs. F. A. Munselle of Dublin and John Robertson of May visited their sister, Mrs. C. L. Wiggins the past week.

Mrs. Lawrence Vogler spent Friday afternoon with her mother, Mrs. T. H. Bass.

Loyola school will start September 13th.

Mrs. Bonnie Smith and children

W. K. Crawley and Bob accompanied Richard Crawley to Big Monday where Richard boarded a train for Cincinnati where he will enter the Cincinnati Conservatory of Music. This is his second year to attend this school.

Mr. and Mrs. E. A. Eiland and daughters, Peggy and Sarah, are visiting with relatives and friends in Munday, Texas, this week.

Mr. and Mrs. Jap Randal will leave Friday for Fort Worth where they will spend the week end visiting with relatives and friends.

Mr. and Mrs. Sam Jenkins, who have spent the summer in McAllen, have returned to Lamesa for the winter.

Mrs. Ralph Smith and daughter, Erma Lee of Dallas, are visiting in the home of her sister, Mr. and Mrs. A. Hull, this week.

Tornadoes Train At Lake Camp For Season Contests

To Be Home Friday For Opening Game

Coaches F. T. McCollum, Lester Gregg and Carr Spraberry opened camp on September 1, at Fisherman's Lodge, Lake Brownwood, in company with forty-five boys who are training themselves in the sport of football. Most of them are candidates for membership on the 1939 Golden Tornado Club.

Five of the boys are listed on the traveling squad of last year, namely: R. C. Russell, Horace Reeves, Jackie Vaughn, Leroy Holliday, and Nelson Coon. Fourteen of the boys were on the junior squad coached by Mr. Spraberry. Others of the boys played on six man teams in various Dawson County schools or have had no experience at all.

The boys will return from Lake Brownwood shortly after noon on Friday and will then be issued their equipment to be used in the game with Tahoka beginning at 8:00 on Friday night.

This is one of the first football games to be played on the South Plains and the interest outside of Lamesa is strong. The member schools in this conference are anxious to find out how the respective teams are stacked up and are interested in this initial start on the part of the Lamesa High School

Golden Tornadoes.

A complete list of the boys who have gone to Brownwood is as follows:

Oble Cates, Frank Spencer, Allen Barnard, Cloy Costin, Junior Collins, R. C. Russell, Horace Reeves, Jackie Vaughn, Gus White, L. Z. Oswald, A. B. Perlow, Pat Aten, Vernon Miller, Norman Hoback, Clayton Barkhurst, Wright Boyd, Kent Morgan, Roy Wilson, Clabough Price, Charles Smith, Leroy Holliday, Roger Etheridge.

BASEBALL—

(Continued from Front Page)

ing Lubbock, Pampa and Big Spring. With a split season arrangement, they lost out in the playoff, by virtue of their showing in the second half. In the first half it will be remembered they tied with Big Spring for second place. For the full season they won 65 and lost 71. It was revealed in figures compiled this week that would have placed them just ahead of Midland for the full season.

Many of the players have returned to their homes following the close of the season, while others plan to remain in Lamesa through the winter. Although it has not been definitely learned by the Courier how many will remain or where all of them will work, it is understood that Jodie Tate, manager, has accepted a position with

the Dawson County Cotton Oil Co. and Emmitt Fullenwider is understood to have accepted a position with the Paul Collier Gulf Station. It is not known where any of the others will be found during the winter.

Already fans in Lamesa and surrounding territory are discussing plans for a better season next year.

SCHOOL—

(Continued from Front Page)

immune by vaccination or contraction. Vaccination records are kept in this school for children who have attended here before, but pupils entering here for the first time should present certificates of immunity. If it becomes necessary for needy families to make arrangements with the school for financing of vaccinations, such arrangements should be made before school opens. The school does not perform this service unless it can be shown parents are unable to pay for it.

Children enrolling should be able to give the following information: Age, birthday, place of residence (house and street number), parents initial and address (exact mailing address), telephone number, place of birth of child, date of vaccination, school and grade last attended and the name of principal or teacher.

Children will be required to remain in school the first day only long enough for enrollment and the issuance of books. The regular schedule of work will be pursued the second day. No supplies other than paper and pencil should be purchased until teachers have given instructions as to what and when to purchase. No special brand of supplies are recommended by

teachers except in very rare instances.

Children under six years of age will not be admitted into the first grade. The State Department of Education is very strict in this requirement in affiliated schools. Birth certificates will be required of all children born outside of this county. A check will be made against the records of the County Clerk's office for children born in this county. It would be a convenience to the school if even these parents would present birth certificates.

It would be a help if a parent or some older member of the family would accompany first grade children on the first day of school so as to be able to give the proper information for enrollment.

Enrollment will be conducted throughout the day in shifts in alphabetical order as follows:

Children who family names begin with A, B, C, D, or E, will report to their respective rooms at 9:00 A. M.

Children whose family names begin with F, G, H, I, J, or K, will report at 10:30 A. M.

Children whose family names begin with L, M, N, A, P, Q, or R, will report at 1:00 p. m.

All others report at 2:30 p. m. For the purpose of enrolling, pupils will report to rooms as follows: Children whose birthdays fall on or before December 30, 1932, report to room 1.

Children whose birthdays fall in January, February, March or April 1933, report to room 2.

Children whose birthdays fall in May, June, July, August or on September 1, 1933, report to room 2.

All pupils assigned to the high first grade, report to room 4.

Pupils assigned to low second grade by Miss Hendrix and Miss Townsend, report to room 7.

Pupils assigned to low second by Mrs. Wood report to room 5.

Pupils assigned to low second by Miss Lawson, report to room 5.

All new pupils in low second grade, report to room 5.

All pupils assigned to high second grade, report to room 8.

Pupils promoted to low third by Mrs. McCall, report to room 9.

Pupils assigned to low third by Miss Barron, report to room 10.

All other pupils for low third, report to room 11.

All pupils assigned to high third grade, report to room 12.

Pupils assigned to low fourth grade by Miss Brock, report to room 17.

All other pupils for low fourth grade report to room 18.

All pupils assigned to high fourth grade, report to room 24.

Pupils assigned to low fifth grade

by Miss Flaniken, report to room 25.

All other low fifth grade pupils report to room 26.

All pupils assigned to high fifth grade, report to room 23.

Pupils assigned to low sixth by Mrs. Lindsey, report to room 22.

All other low sixth grade pupils report to room 21.

All high sixth grade pupils report to room 32.

Pupils assigned to low seventh grade by Mr. Chase, report to room 33.

All other pupils for low seventh report to room 34.

All pupils assigned to high seventh grade, report to room 31.

NOTE:—Room numbers 1 to 12 inclusive are in the new primary building. All other numbers are in the elementary school building. The principal's office is located on the second floor of the elementary school building.

The Lamesa High School will open at 9:00 on Monday morning, September 11, with the pupils assembling in the auditorium at that time. A small number of pupils are expected to be present who have not had proper registration for courses and there is some need for general announcements which will be made at that time.

Pupils should come prepared to remain for the day and meet classes on the basis of the schedule already made and with which some nearly four hundred pupils have their individual schedules. There is expected to be no delay in getting the high school work under way.

Faculty members have all indicated that they will be present and ready for services at the appointed hour.

SPARENBERG SCHOOL WILL OPEN MONDAY

The opening of the Sparenberg School will be observed Monday morning, September 11th, according to an announcement released this week.

The enrollment of upper classes has exceeded expectations, with twenty-five enrolled in the Junior class and fifteen as Seniors, at Monday's registration. Others are expected to enroll later, it was stated.

All the buses will be routed to Sparenberg where the first seventh grades will be taught. High school students will then be transported to the old Five Mile building.

The opening exercises will be held in the Sparenberg auditorium. The public is cordially invited to attend these opening exercises. Pupils need not bring lunch the opening day, it was announced, as they will be dismissed by 12:00 noon, after books have been issued. The total enrollment is expected to exceed 300 of which 100 will be in the high school division.

Vocational agriculture has been added to the curriculum this year. All boys who have enrolled thus far have chosen to take the vocational course.

HD Clubs of This County Attends Lubbock Meeting

Mrs. J. L. Morris, president of the Texas Home Demonstration Association, Mrs. G. F. Thorp, vice president of District 6, Mrs. C. W. Shaffer, chairman of the County Home Demonstration Council, Mrs. J. H. Adkins and Mrs. T. E. Temple are attending the State Convention of The Texas Home Demonstration Association in Lubbock this week. A number of other women are attending the convention, although they will not be permitted to vote. They will be visitors.

A number of well known Texans including Marvin Jones of Amarillo, chairman of the Agricultural Committee, House of Representatives, will appear before the convention. Other speakers will include Clifford B. Jones, president of Texas Technological College, Geo. Mahon, representative of the 19th Texas District, Mildred Horton, vice director and state home demonstration agent for the A. and M. College Extension Service; and C. E. Bowles, extension specialist in cooperative marketing.

Mrs. J. L. Morris, president, will direct the business sessions during which election of officers and a possible revision of the constitution and by-laws will take place. She will also report on the trip she made this spring to London, England, where she represented Texas at a conference of the Associated Country Women of the World. The delegates will represent 2,197 home demonstration clubs from 183 counties which have an aggregate membership of over 40,000.

OPENING NEW STORE
The Bargain Store, a new store in Lamesa, will be open and ready for business within a few days. It was announced this week by Harry L. Spitz, who with his partner, Nathan Stool, both of Hobbs, will operate the business here. The store will be located at 206 North Main street. A definite announcement will be made within a few days, they stated.

Earl Jacobs and E. R. Tinsley left Thursday for Dallas to visit with friends.

Waymond Moore spent the week end at Fort Worth visiting with relatives and friends.

Lamesa Scouts Go To Christoval On Week-End Outing

"DD" members of Troop 22 spent one of the most enjoyable times ever at Christoval the past week end. After arriving late Saturday, they immediately launched upon a series of activities that furnished thrill after thrill until their departure Monday night.

Motorboating, canoeing, riding theequiplane, swimming, fishing, boat racing, both motor and rowing, and archery, are some of the things that kept them elated every moment of their stay at this famous resort.

Those making the trip were Ered J. Dahne, Benge Elliott, Ernest Conley, Jack McBride, Van Greene, Owen Taylor Jr., C. S. Eudy, Joe Lee Kelly, Marvin Standifer, Jack Tucker Phinney. Eligible members who did not attend because of their absence from the city are: Jack Harris, H. L. McQuen, and Jackie Vaughn.

FLOWER GROVE SCHOOL WILL OPEN MONDAY

New \$33,000 School Building Will Be Ready for Occupancy Opening Day

The \$33,000 school building, modern in every detail, for the Flower Grove Independent School District, is rapidly receiving the finishing touches preparatory for the opening of school, scheduled to open on Monday, September 11.

The building will contain five rooms and a gymnasium, all standard size. It is a seven teacher school, all having been employed except one at this writing.

The school is located on the Lamesa-Stanton highway at the old Loyola school site. C. C. Slaughter, owner of extensive ranch properties in northern Martin and Dawson counties, donated the school 10 acres, the school board purchasing 5 acres, giving the school a 15-acre plot of ground. There is a well, windmill, tank, to supply the school with running water, and the building will be steam heated.

Flower Grove school has 12 affiliated credits, with 4 more in the offing, which will give the school 16 credits in all.

In an agreement with the Brown school authorities some 15 students from that district will be transferred to Flower Grove for this term. The enrollment of the school is expected to reach over 200.

There are 128 square miles of territory in the Flower Grove Independent School District, with 7 sections in Dawson County.

Haynes and Strain of Lubbock are the architects on the building with Jess Williams of Lubbock the contractor and John Hughes, subcontractor.

The school has three modern school buses. The drivers are J. B. Robertson, James Russell and A. L. Fain.

Teachers selected for the coming term are T. H. Bass, superintendent, Vestal Flores, Miss Alma Jones, Miss Thelma Hughes, Miss Lela Montgomery, A. L. Fain, and the seventh teacher yet to be selected. Members of the school board are E. M. Cave, president, R. P. May-

field, vice-president, S. N. Teague, secretary, R. R. Mullins, F. W. Beckmeyer, J. E. Newlin.

The Flower Grove district met up with some litigation through an attempt made by Dawson County to force Flower Grove to be annexed to Ackery school district. The case was heard before District Judge Cecil Collins, at the last term of court at Stanton, who granted the Flower Grove district an injunction against Ackery, for which an appeal was taken by Ackery to the court of Civil Appeals at El Paso where a decision from that court is being awaited. The suit was brought by the Ackery annexers some time after Flower Grove had voted \$33,000 to build the school building and the money from the sale of the bonds had been placed in the bank. Flower Grove went ahead with the letting of the con-

tract for the new building and construction work has been in progress with information at hand that the building will be completed and ready for the opening of school, Monday, Sept. 11.—Stanton Reporter, Aug. 31.

MARY UNDERWOOD SAFE
Miss Mary Catherine Underwood, daughter of Arch Underwood, owner of the East Texas Compress in Lamesa, and a passenger on the Athena, which was torpedoed Sunday night, is reported safe aboard the S. S. City of Flint, bound for New York. Although only meager details have been received of the rescue work, it is reliably reported that she is safe and should be at home within a few days.

Earlene Cox underwent a tonsillectomy September 6th.

THE PERFECT PEN FOR THE STUDENT—AND EVERYONE

59¢ Fri. & Sat. Only 59¢
THIS CERTIFICATE IS WORTH \$4.41
