RAISING HORSES VERY PROFITABLE IN TEXAS

"I have been reading with a good deal of interest your article on diversification," writes G. L. Blackford of Denison, to the Texas Industrial Congress, "and I approve of your advice to the farmers to raise more horses. Anywhere a man can raise a colt or two, if he will only take care of them and raise the right kind. A team or two, a calf or two, and a few pigs will keep an ordinary farmer."

"One of the finest gleams of hope in the recent depression following the failure of the cotton market came through the presence of English and French officers buying horses in the big markets of the State. The farmers found that if they were unable to market their cotton at a satisfactory price they could sell their horses."

Just here it may be prudent to remark that all horses are not in the same demand for war purposes.

"Col. W. E. Wilder, Commanding officer of Ft. Meyer, says that the cavalry horses used abroad are of a heavier type than those required in the American army since the cuirassiers and other cavalry men abroad are so much more heavily equipped than is our cavalry. The ideal horse is about 15.2, must have speed, endurance and poise, but of course, the one great factor which is of absolute necessity is stamina. The heavy, slow, hair heeled animal is certainly not to be compared with the lean animal which comes from the thoroughbred pure, or from the thoroughbred cross, whose muscular development, stamina, and speed are far beyond his lethargic rival. This type of thoroughbred has a good digestion which is a most important factor. It must be evident to everyone that the demand for horses in the present European war will make them expensive, and that this is a time when all who are interested in horses should breed them. It would seem to me an opportunity for the revival of racing and thoroughbreds."

"Brig. General E. A. Garlington, Inspector General of the United States Army, has said there is at present a great scarcity of fine cavalry horses for service. The best type of cavalry mount is the half bred horse for the trooper and a three fourths or seven eighths for the officer, and the horse must have breeding stamina enough to go through any kind of country. This is a good time to foster in the minds of everyone the desire to breed good horses as in three years time, or before, horses will be in great demand and at a premium. I make the prophecy if the European war lasts twelve months they will be so high that the ownership of one will be accepted as a sign of wealth. The ban on horse racing, that is, running races, and the decline of harness racing, forced a good many breeders out of business and sent some of the best studs abroad. A horse is not much good for any kind of work unless he has some thoroughbred blood in him, and when the thoroughbred, or running horse, and the standard bred, or trotting horse, are blended in varying proportions the most useful horse in the world is produced. Though the number of automobiles has increased at an amazing rate the demand for horses has also increased."

"Horse mortality in war is high. It is said that one-half of all the horses in the German army were destroyed or worn out when the German advance reached high-water mark September 6. An idea of the use of horses may be gained from the fact that England in the first half took 74,000 for artillery and wagons and 56,000 for cavalry, which is going to make the price for horses in the United States much higher than it is now."

"I am trying to interest the farmers and the public generally in breeding more thoroughbred horses in this country, first because if you get a good one he is worth so much more than any other horse bred; next, if he is a

COMPLIMENTARY LUNCHEON

Mr. and Mrs. James Hood were guests of honor at a surprise luncheon given at their home by friends Wednesday Dec. 30th. Those present were: Mr. and Mrs. Newt Nance, Mrs. Jim Thomas, Mrs. W. W. Buck, Misses Elsie Buck, Sallie Nance, Addie and Viga Chashon, Clara Bell Thomas, Golden Hood, Messrs. Street Nance, Cloma Taylor, Walter Buck.

The luncheon was a most enjoyable affair and the conversation sparkled with delightful stories and experiences; after lunch "on" dancing was a feature of entertainment, also card and domino games were played.

Every one reported a most enjoyable and never to be forgotten time.

It is claimed that people's talents vary according to the month in which they were born. If you are not satisfied with yours change the month.

On the first, second and third Sundays in each month there will be preaching at Junction Baptist Church. Morning service at 11 o'clock, evening service at 7:15. You are urged to be present at these services.

failure as a race horse there is a good demand at all times at good prices for the good sized thoroughbred for cross-country purposes, as a saddle animal, or if small, as a polo pony, and last as an army horse. Little prejudice attendant upon the use of a way to be used in Kentucky but all other Kentucky bred horses are not so popular.

In Memory of Grandpa DeSpain

Mr. DeSpain was born in Mis-
souri. He came to Texas very
young and continued to reside in
this state until the Death Angel
took him from us. Wednesday,
December 22, 1914, in Burnett
County the deceased was united
in marriage to Miss Mary Lewis,
who passed from this life some
thirty years ago. Mr. DeSpain
was a member of the Church of
Christ. He leaves eight children,
seven boys and one girl to sur-
vive him, and also many friends
who were devoted to him.

In our sorrow we can only look
forward to a brighter life where
there will be no heartaches and no
more goodbyes.

Like shadows that fly,
Like clouds in the sky;
Or vapors that vanish away,
Our lives disappear,
We cease to be here,
Death comes and his call we obey.
How swiftly we flee.

Pearl are quite busy this week

London, has been visiting on Sa-
line the past few days.

Rev. Lewis Pearl conducted a

week; bad weather kept many

last week enroute to Junction
where they will be a few days
visiting Mrs. Banta's brother and
wife Mr. and Mrs. Andy Stew-

Like ships on the sea;
Or eagles that haste to the prey;
As stars shoot at night,
Our years take their flight,
We fall as the leaves that decay,
"As the grass of the field
Our bodies we yield
To Death who cuts down young
and old,
A moment is all
Our life we can call,
This spent as a tale that is told,
Then teach us O, Lord
By means of thy word
To number the days to us given,
Prepare us by grace
To gaze on the face,
And share in the glories of
heaven."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take this Family Pill for constipation.

Notice

All hunting, fishing, or trespassing of this order will be prosecuted.

His Stomach Troubles Over Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? Jno. R. Barker of Battle Creek, Mich., is one of them. He says, "I was troubled with indigestion and liver trouble. I used Chamberlain's Cough and Colic Remedy, and my trouble was cured. Sold by all druggists."

A Nervous Woman Finds Relief From Suffering.

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Joseph Snyder, of Tiffin, O., had such an experience, regarding which she says:

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, clammy feeling, could not stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nervine, and I began to improve before I had finished the first bottle until I was entirely cured."

MRS. JOSEPH SNYDER,
 282 Hudson St., Tiffin, Ohio.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.
