Students will assist CSF effort

Students in local schools are again lending a hand to the community's holiday charity Christmas Stocking Fund this year.

Canned food drive are underway on various school campuses as students collect staples that will help to further the assistance that is extended by CSF. Over the past few years, local students have collected a mind-boggling diversity of staple goods and toiletries to be used by CSF, and many have also given their time to assist the volunteer committee in sorting the windfall of food.

The Hereford High School Key Club will once again assist CSF by picking up items donated at the various schools. The items will be collected on Dec. 17-18 and food boxes provided by CSF will be prepared on Dec. 21-22. Deliveries to families will be made on Wednesday, Dec. 22.

Applications for assistance from CSF will continue to be accepted at the county Red Cross office, 224 S. Main, through Friday, Dec. 11. Hours are 10 a.m. to 4 p.m. daily.

Individuals seeking CSF assistance will need to appear in person and bring proof of Deaf Smith County residence. Applicants seeking help on utility or medical bills are also asked to bring copies of bills which are due.

The Hereford Brand serves as a clearing house for CSF, accepting donations and compiling a list of contributors. Donations to CSF may be left at The Brand office, 313 Lee, or mailed in care of CSF at Box 673, Hereford.

The 1993 Deaf Smith County Spelling Bee has been scheduled for March 4-5, it was announced this week by O.G. Nieman, county bee director.

The bee is open to all school students and will be held in two divisions again this year. The Junior Bee, for 4th and 5th graders, is set March 4, and the Senior Bee on March 5 will be for 6th through 8th graders.

More heavy snow expected tonight

A winter storm watch is in effect for a vast area of West Texas through Saturday as a cold front moved into the state to be followed with a storm system approaching the area from the west.

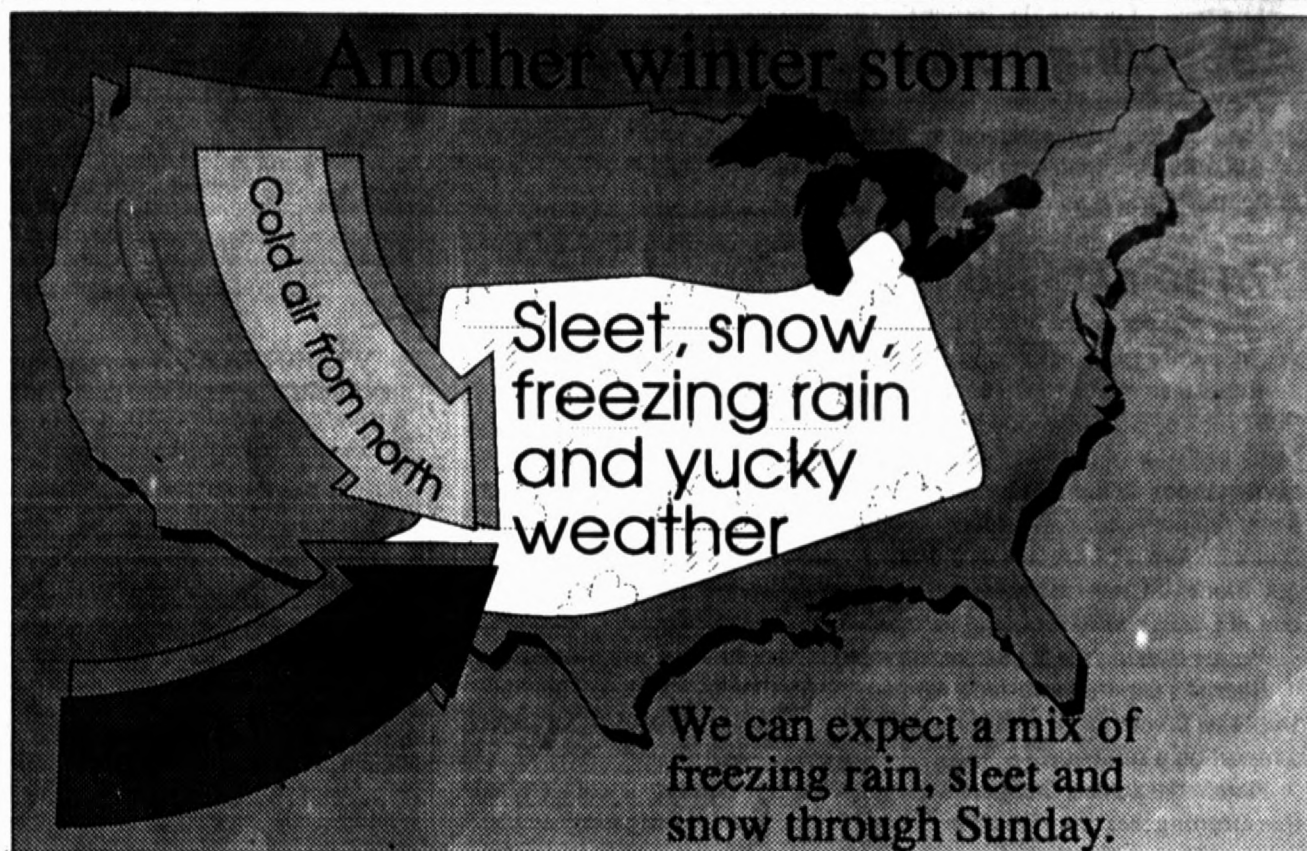

The winter storm watch covered the Panhandle, South Plains and Permian Basin. Freezing rain, sleet and snow began in the area today and will intensify on Saturday, forecasters say. Freezing rain is expected in the Permian Basin.

Snow, possibly heavy, will continue Saturday.

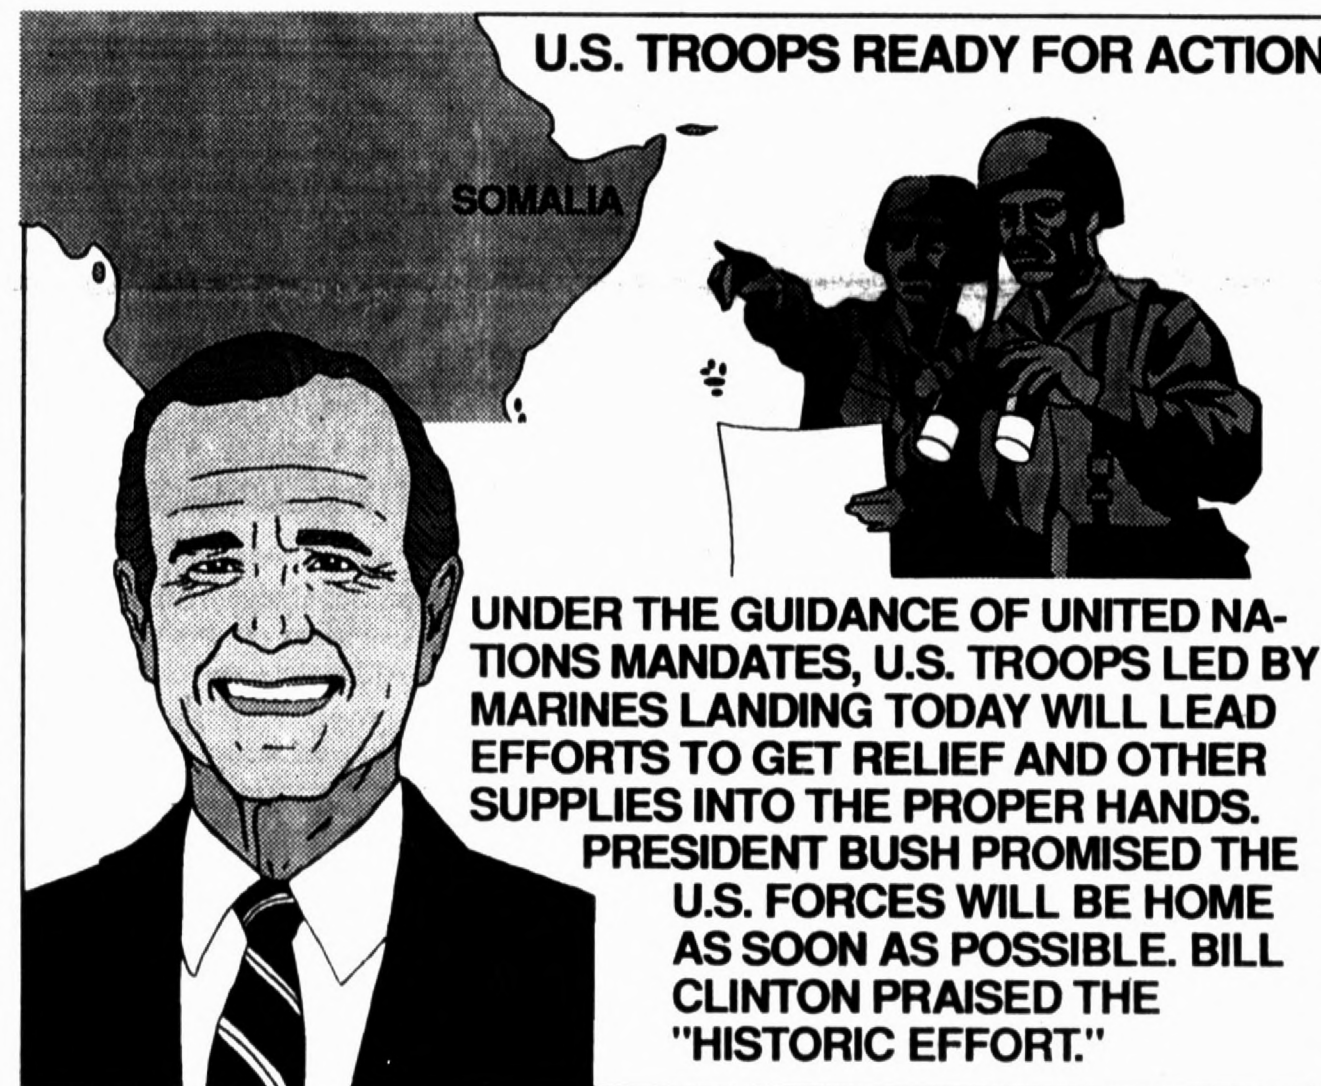

Snow began this morning in the northern half of the Panhandle, with snow sticking to streets in Amarillo before noon, according to Hereford EMS officials. Heaviest snow in the region was right along Interstate 40 from Adrian to Amarillo. Snow was falling as far south as Ford at 11:40 a.m., according to the Department of Public Safety.

In Hereford, light freezing rain and some sleet began sticking to streets this morning. Precipitation was expected to increase throughout the day.

Forecasters have been befuddled by this storm all week. They said early today they have not been able to determine how much snow is expected with the storm because it was so far away from the state, but they indicated that the area inside the winter storm watch could get several inches of snow by late Saturday. The storm was still centered in the Southwest late this morning, with the leading edge just coming into our area.

US troops ordered to Somalia

WASHINGTON (AP) - President Bush today ordered "a substantial American force" of Marines and Army soldiers to Somalia to protect humanitarian relief convoys intended to feed hundreds of thousands of starving people.

He said "Operation Restore Hope" was officially under way, although Pentagon officials said the first U.S. troops were expected to land in the east African nation no earlier than Monday.

"The people of Somalia, especially the children, need our help. We must help them live. We must give them hope. America must act," Bush said.

Bush said he expected forces from "about a dozen" other countries to contribute to the operation, which was authorized on Thursday by the U.N. Security Council.

In an address from the Oval Office, Bush said the troops would "create a secure environment" in Somalia, then withdraw and hand over responsibility to a smaller U.N. peacekeeping force.

"We will not stay one day longer than is necessary," Bush said.

The Pentagon readied about 28,000 troops for the mission and diverted a three-ship battle group headed by the aircraft carrier USS Ranger to Somalia from the Persian Gulf. The carrier was expected to be

off Somalia's coast on Monday, a Navy official said.

A Pentagon official, speaking on condition of anonymity, said earlier today that a vanguard force of about 1,800 Marines probably would not land in the capital Mogadishu before the beginning - and possibly not until the middle - of next week.

The Pentagon official said the force intends to move as quickly as it can, but needs a few days of preparation before landing in Somalia.

The Ranger, with its complement of 60 combat warplanes, is accompanied by the Aegis cruiser USS Valley Forge and the destroyer USS Kinkaid. The warplanes will be used "to dissuade anybody from opposing us," the Navy source said.

The force, approved by the U.N. Security Council on Thursday night, is a bold - and risky - expansion of the U.N.'s role. The mission's vague mandate to use "all necessary means to establish as soon as possible a secure environment for humanitarian relief operations in Somalia" could mean a long stay.

Clans have been battling for control of Somalia since the collapse of President Mohamed Siad Barre's rule in January 1991, worsening a famine that has killed 300,000 people and put another 2 million at risk.

Bentsen, Richards hold meeting

AUSTIN (AP) - Gov. Ann Richards has met privately with Texas Sen. Lloyd Bentsen, but an aide today said she couldn't say what the two discussed.

"I don't know. It was a private meeting," Richards spokeswoman Margaret Justus said.

"Let me assure you that Sen. Bentsen did not go meet with Gov. Richards to notify her of any change in his status," Bentsen press secretary Jack DeVore told The Associated Press this morning.

The Corpus Christi Caller-Times, meanwhile, quoted legislative sources

as saying the meeting may have been for a discussion of who would take Bentsen's seat if he joins president-elect Clinton's cabinet as Treasury secretary.

Clinton aides on Thursday said they expected him to begin naming his economic team, including the Treasury secretary, in the next few days, with Bentsen widely considered a front-runner for the post.

Richards on Thursday repeated her hope that Bentsen would remain in the Senate, where he chairs the powerful Finance Committee.

"In the interest of Texas, I hope

he doesn't do it," the governor said. "It would be hard to lose his power. It would be also very difficult to appoint somebody and go through another major election in May when we just got through with this one," she said.

If Bentsen is chosen for the Cabinet, a special election would be held to fill the final two years of his term, which expires in 1994.

Clinton has said he wants to fill key four economic posts, including Treasury secretary, before a Dec. 14-15 economic summit in Little Rock, Ark.

Richards said Bentsen would make a good Treasury secretary if he and Clinton make that decision.

"He's had such a long and distinguished career, he deserves to do anything he wants to do," she said.

The governor also reiterated Thursday night that should Bentsen resign, she will appoint a successor who intends to run for the office - not a caretaker to hold it until a special election.

Possible Democratic contenders for the appointment reportedly include former Lt. Gov. Bill Hobby, former San Antonio Mayor Henry Cisneros and State Comptroller John Sharp.

A number of Republicans also are subject of speculation for a May election, including state Treasurer

"It would be hard to lose his power. It would also be very difficult to appoint somebody and go through another major election."

-Gov. Ann Richards

Kay Bailey Hutchison, former secretary of state Jack Rains, Dallas Mayor Steve Bartlett, President Bush's eldest son George W. Bush, U.S. Rep. Jack Fields of Houston and others.

On Thursday, the leader of the state's largest anti-abortion group criticized Sharp for changing his stance on abortion.

"This is not a highway bill or defense spending or raising taxes, but an extremely sensitive moral issue," Bill Price, president of Dallas-based Texans United for Life, told The Dallas Morning News. "And to just completely spin his head around on this is disillusioning to lots of people."

Sharp denied that he changed his mind in hopes of winning the appointment to the Senate, the newspaper said.

As a state senator in 1985, Sharp led efforts to limit abortions. He told The Morning News on Thursday that he now supports a woman's right to choose on the issue of abortion.

US optimistic over economy

NEW YORK (AP) - Americans are more optimistic about the economy, and more of them plan to boost their Christmas gift spending this year over the amount they spent in previous years, a new Associated Press poll finds.

The poll of 1,002 adults found one in eight - nearly 13 percent - plan to spend more on gifts this Christmas season than they did in past years, up from one in 14, or 7 percent, a year ago.

Those who expect to spend less dropped from 40 percent to 32 percent. The rest plan to spend about the same amount as in past years.

The poll also found 29 percent believe the economy is improving, up from 5 percent in a comparable poll a year ago. Only 27 percent think the economy is getting worse, down from 69 percent.

The poll was taken Nov. 27 through Tuesday by ICR Survey Research Group of Media, Pa., part of AUS Consultants. Results have a margin of sampling error of plus or minus 3 percentage points.

Among other findings:

- The election of Bill Clinton as president has made 47 percent of Americans - including 20 percent of Republicans - more hopeful about the economy.

New therapy approved for CF

WASHINGTON (AP) - An experimental gene therapy treatment that holds the theoretical promise of a cure for cystic fibrosis, the most common inherited fatal disease, has been approved by a federal advisory committee.

The Recombinant DNA Advisory Committee of the National Institutes of Health recommended that two researchers be given permission to try to replace defective cystic fibrosis genes in the lung cells of a small number of CF patients. A third seeks approval today.

If the technique works as hoped, it could correct the genetic flaw that causes respiratory CF symptoms and, thus, possibly cure the most lethal element of the disease.

The NIH advisory committee Thursday approved gene therapy proposals by Ronald G. Crystal of the National Heart, Lung and Blood Institute, an NIH agency, and by James M. Wilson of the University of Michigan. Michael J. Welsh of the University of Iowa is the third researcher.

All three plan to use a genetically altered cold virus to try to correct the flawed CF gene. The cold viruses

have been engineered to carry the normal CF gene and have been rendered unable to reproduce, or cause infection, in the patients.

The proposals call for the altered virus to be sprayed into the nose or lungs of the CF patients. The virus is expected to insert the normal CF gene into the cells of the pulmonary tract, thus correcting the genetic flaw. Other cells in the body will not be genetically altered.

Testing in animals has demonstrated that an altered virus can introduce a new gene into the nucleus of target cells.

Under the proposals, Crystal will use the technique in 10 patients, Wilson in 12 and Welsh in three.

Before the experiments can begin, the three researchers must have final approval from Dr. Bernadine P. Healy, director of NIH, and from the Food and Drug Administration.

Robert J. Beall, a vice president of the Cystic Fibrosis Foundation, which provided money for the genetic research, said patients for all three of the experimental procedures have been selected. They are all over age

18 and have mild to moderate CF in their lungs, he said.

Swift approval by Healy and the FDA is expected, Beall said, predicting that the experimental work could begin as early as January. It would be several months after that before there is an indication of success, he said.

Beall called the committee approval a significant advance toward conquering CF.

"We have only been able to treat the symptoms of the disease in the past. If this works, we will actually be able to treat the cause of the disease. This offers the promise of a cure for CF," Beall said.

Cystic fibrosis kills principally by causing an extreme build-up in the lungs of a thick mucus that interferes with breathing. That fosters repeated pulmonary infections, which eventually destroy the lungs.

About 30,000 Americans have the disease; about one in every 2,000 Americans are diagnosed with the ailment each year.

In the past, most patients died by the age of 30, but new treatments allow many to live longer with greater control of the symptoms.

SOMALIA

U.N. Secretary-General Boutros Boutros-Ghali said political reconciliation and reconstruction would be part of the U.N.'s mission once food deliveries are secure.

U.S. soldiers won't wear blue helmets, like the peacekeepers, and the U.S. flag will be flown, Western diplomats said.

The size of the force is yet to be determined.

About 560 U.S. troops already are working in Somalia and neighboring Kenya, using 10 C-130 transport planes in the U.S. military's "Provide Relief" mission.

The exact nature of the operation will be determined on the ground.

"Our mission is essentially a peaceful one, and we will endorse the use of force only if and when we decide it is necessary to accomplish our objective," said Edward Perkins, U.S. ambassador to the United Nations.

Western diplomats said privately that the U.N. oversight provisions were largely symbolic - intended to assuage fears of nations like China and Zimbabwe who are wary of unchecked superpower intervention in the developing world.

Newcomers fuel growth in population

WASHINGTON (AP) - Heavy immigration will fuel a decade of population growth in the 1990s unrivaled since the 1950s despite declining births, the government says.

As a consequence, it said, by 2050 nearly half the population will be members of a racial or ethnic minority, double what it is today. Without immigration, the minority population would be closer to one-third.

The Census Bureau's projections, released Thursday, estimated about 880,000 people on average will immigrate to the United States each year, legally or illegally.

Along with newborns, immigrants will add 25.4 million to the population in the 1990s. At the turn of the century, there will be 275 million Americans, the bureau said.

In that same period, demographers expect births to decline from the present 4.1 million per year to fewer than 3.9 million in 2000.

Here is the projected ethnic breakdown in 2050:

-Hispanics: One American in five, up from one in 10 today.

-Blacks: One in six, up from one in eight.

-Asians: One in 10, up from one in 33.

-American Indians: One in 100, unchanged.

The number of Americans not belonging to a racial or ethnic minority will decline beginning in the 2030s, from a peak of 208 million people.

Poor shooting trips Herd

Poor shooting by the Hereford boys' basketball team condemned them to a 74-45 loss to Frenship Thursday in the opening round of the Denver City Invitational.

"We couldn't make a basket," coach Joe Main said. "We shot so poorly, we couldn't stay in the game with them. They're good; Frenship's 5-0 now."

Frenship outscored the Herd 14-4 in the first quarter, 23-14 in the second and 18-7 in the third.

"They were a lot bigger than we were," Main said, adding that Frenship had two players near 6-foot-6. "Their two post men got 20 and 26 (points). They were quicker and bigger than us. They have a good club, but we had good shots--we just couldn't make them. When that happens to you, it snowballs."

Aaron Walker led Hereford with 10 points, and Jason Tatarevich and Eric Sims each had eight points. Main said point guard Richard Sanderson would have had plenty of assists if the shots were falling.

"Richard did a real good job at the point," Main said. "He distributed the ball real good. We just didn't shoot it good."

Hereford, now 1-4, was to play Seagraves today.

Hereford's girls were to play in the Brownfield Tournament Thursday, but results were not available.

Bartlett relishes playoff rematch

DALLAS (AP) - Bartlett coach Terry Cron has spent the last year thinking about Saturday night's game against Runge.

Cron has expected his No. 1 Bulldogs to get a rematch against the No. 2 Yellowjackets since losing 32-0 in a quarterfinal game last year. Cron says it was the hardest defeat of his 20-year career.

"Not that I'm a wise man, but right after the game I figured that we'd meet again," he said. "Even before the game was over, I really felt that with the talent and tradition both teams had that it was inevitable."

Both teams enter the game 12-0 and with virtually the same players that met last year.

Bartlett, seeking its second title in three years, spent the entire season ranked atop The Associated Press schoolboy football poll, with Runge close behind each week.

The Class A showdown is one of three games between undefeated teams on the fourth weekend of the playoffs, which includes the Class 5A Division II semifinals.

Last year, Runge led 7-0 early in the fourth quarter. The Yellowjackets added a touchdown with about 8:30 to play, then Bartlett crumbled, allowing 18 more points.

"We feel like we've got something to prove to ourselves," Cron said.

Runge coach Carl Peters has had to deal with injuries all season, but he said it actually has strengthened his team.

"We started with 14 players (in the rotation), but after the first game, we always had two or three injured so now we have 16," said Peters,

adding that eight of those are seniors.

Though the fanfare surrounding this game may equal that of a championship game, the winner still faces a tough path to the title. Next up is the winner of No. 4 Tenaha (12-0) vs. Valley View (10-2-1).

Another exciting rematch on the horizon would pit No. 2 Temple and No. 3 Odessa Permian next weekend, if both survive tough Class 5A Division II quarterfinal opponents.

The Wildcats beat Permian in the second week of the season and claimed the Panthers' then-No. 1 ranking. Permian, the defending "small school" champions, hasn't lost since and Temple was derailed once.

But before Mojo madness hits Central Texas again, the Panthers must beat Amarillo (12-1) for the second time this year and the Wildcats need to defeat Richardson Lake Highlands (12-1).

Amarillo has improved since its 26-14 loss to Permian in week three, partly through the development of junior quarterback Bret Leathers.

Although he became a starter in late October, he played more than half the Sandies' loss to Permian when starter Leathers was injured.

"He's been outstanding during the playoffs," Panthers coach Tam Hollingshead said.

The other "small school" bracket pits Houston Yates (10-1-1) against Katy (11-2), with the winner facing the victor of San Antonio Madison (10-3) against San Antonio Holmes (11-2).

In the "big school" semis, No. 4 Converse Judson (12-1), the only

ranked team still alive, takes on Houston Eisenhower (10-2-1). This is the Rockets' fifth straight semifinal appearance.

"I really think it's a good matchup," Judson coach D.W. Rutledge said. "They've got an offense that can attack you on different fronts."

The other semifinal pits Euless Trinity (9-5) and Arlington (8-5), two Metroplex schools that didn't seem playoff-bound early this season.

Trinity stumbled out to an 1-3 start and Arlington was 1-5 before its turnaround.

A&M Consolidated (12-1), ranked third, continues its 4A title defense against LaMarque (12-0).

"They've got really good quickness and speed on both sides of the ball," said Consolidated coach Ross Rogers. "It seems like that's what we've faced the last three weeks."

Rogers hopes his team's experience will pay off. Three starters have played more than 30 straight games. Junior quarterback Jeff Watson is 27-3 as a starter.

Class 4A's two top-ranked teams also are still alive, with No. 2 Austin Westlake taking on Gregory-Portland in a battle of 13-0 teams. That winner plays either Consolidated or LaMarque.

In the other side of the bracket, No. 1 Waxahachie (13-0) plays Highland

Park (11-2) and Stephenville (10-3) faces Lubbock Estacado (7-4-2).

The Class 3A showcase game pits No. 1 Southlake Carroll (13-0) and No. 7 Alpine (13-0). This is the first time Alpine has played in December since 1973.

The Bucks will suit up 28 players while the Dragons have 52 players on their roster.

One of them will face either Gainesville (11-2) or Commerce (9-2-2). Commerce has tied its last two opponents 21-21 but has advanced through tie-breakers each time.

Also, Coldspring (12-1) plays Bellville (13-0) and Sinton (8-2-2) faces Marble Falls (12-0-1).

Defending 2A champion Schulenburg (12-1), ranked third, takes on No. 7 Universal City Randolph (11-1), with that winner facing the victor of Timpson (11-1-1) and Omaha Paul Hewitt (11-1-1).

Fifth-ranked Pilot Point (12-1) tries avenging its only loss of the year against No. 2 Van Alstyne. That winner will next play either Springlake-Earth (12-1) or Goldthwaite (12-1).

'Noles' Jones wins Lombardi

HOUSTON (AP) - Florida State's statistical crew has some creative categories with which to measure linebacker Marvin Jones' performance this season.

There are knock 'em backs, intimidation plays and quarterback hurries in addition to the more traditional forms of record keeping such as tackles and sacks.

Now he has another yardstick of his success.

Jones, the leader of the No. 3-ranked Seminole defense this season, received the Lombardi Award as the nation's top college lineman Thursday night, beating out Washington's Lincoln Kennedy, West Virginia's Mike Compton and Alabama's Eric Curry.

"You feel you've done well enough to win, but you don't know until they call your name," Jones said. "I was here last year and at least everybody knew who I was."

For the record, Jones led the Seminoles in total tackles with 111 for the third straight year. He stopped runners' progress and knocked them back 21 times and he pressured the quarterback 14 times.

"He didn't start his first ball game as a freshman, but he came in the first quarter and led our team in tackles," Florida State coach Bobby Bowden said. "He started our second ball game and every game since then except one."

Clippers pull out big guns to counter Shaq

By The Associated Press

It was beef-on-beef when Shaquille O'Neal made his pro debut in California.

The Los Angeles Clippers countered the 7-foot-1, 300-pound O'Neal with a couple of 300-pounders of their own Thursday night, and while O'Neal managed 26 points, he had a season-low nine rebounds in the Clippers' 122-104 victory over Orlando.

"He played really well. He will be the best," Clippers coach Larry Brown said of O'Neal. "He made great post moves and his conditioning is really good. I do not see how other people guard him. He jumps so high, so strong ... I am glad we only see him twice."

Brown tried O'Neal's former LSU teammate, 7-foot Stanley Roberts, and 6-9 John Williams on the Magic rookie. Roberts, traded by Orlando

to the Clippers after O'Neal was drafted, and O'Neal worked out together during the summer in Orlando.

Roberts had 16 points and six rebounds and Williams two points and two rebounds against O'Neal, but it was forward Ken Norman who hurt

the Magic. Norman scored 33 points, high for a Clippers player this season, on 15-for-23 shooting.

Ron Harper scored 20 points, including four 3-pointers, while Mark Jackson had 14 points and 13 assists for Los Angeles.

SuperSonics 125, Mavericks 108
Shawn Kemp scored 17 points and Seattle survived a fourth-quarter rally to beat visiting Dallas.

The SuperSonics led 99-68 after three quarters, but the Mavericks, losers of 11 of 12 games this season, closed to 115-104 with 2:13 left behind Tracy Moore, who scored 17 of his 20 points in the fourth period. But Dallas, now 0-6 on the road, got no closer, and lost its eighth straight game.

Bullets 113, Bulls 95

At Landover, Md., Washington handed Milwaukee its first lopsided loss of the season, snapping the Bucks' four-game winning streak behind Harvey Grant's 24 points.

The Bucks, whose 10-3 record going into the game matched Portland's as the best in the NBA, had three losses by a total of 15 points. But they surpassed that in their fourth defeat by committing 28 turnovers, shooting 40 percent and scoring only 37 points in the second half.

Michael Adams scored 19 points and Tom Gugliotta had 17 points and 14 rebounds for the Bulls, now 5-1 at the Capital Centre and 1-7 on the road.

Rookie Todd Day led Milwaukee with a season-high 19 points, including 17 in the second quarter.

Down by eight in the first half, the Bucks got within one early in the third quarter. But a 19-6 Washington run made it 84-70.

Cavaliers 100, Knicks 90

Mark Price scored 25 points before leaving with a bruised hip and Cleveland limited New York's Patrick Ewing to three points after halftime.

New York trailed by just two points on Charles Smith's jumper with 9:28 to play before a 7-0 run, capped by a 3-pointer by Danny

Ferry, gave Cleveland an 87-78 lead with eight minutes left. The Knicks got no closer than six after that.

Ewing had 18 points and 12 rebounds in the first half, but made only 1 of 8 shots after halftime and finished with 21 points, 16 rebounds and six blocked shots. Brad Daugherty had 20 points and 12 rebounds for Cleveland.

Lakers 95, Rockets 89

Sam Perkins had 21 points and 13 rebounds, while guards Tony Smith and Sedale Threatt keyed offensive spurts in the second half that propelled Los Angeles to victory at Houston.

Smith scored 16 of his 18 points in the second half and Threatt 13 of his 20 after halftime for the Lakers.

Threatt hit nine straight points in a 19-5 third-quarter run that put the Lakers ahead 58-49.

Following an 8-0 run that gave the Rockets a 67-66 lead early in the fourth period, the Lakers pulled ahead 77-69 with an 11-2 spurt keyed by Smith's six points off three Rockets turnovers.

The Rockets, who have lost four of five games after a six-game winning streak, were led by Hakeem Olajuwon with 26 points and 14 rebounds.

Jazz 110, Timberwolves 91

Jeff Malone scored 19 points and reserve Jay Humphries had his best game of the season with 15 as Utah coasted over Minnesota.

Humphries, acquired from Milwaukee and counted on to give the Jazz a strong three-guard rotation this season, was averaging just 7.0 points for the Jazz.

But he came through against the Timberwolves as Utah won its second straight game at home. The Jazz - an NBA-best 37-4 at the Delta Center last season - are 3-4 in Salt Lake City after losing four of their first five home games.

Karl Malone had 16 points and 10 rebounds in just three quarters of play for the Jazz, while John Stockton added 12 assists and eight steals.

Doug West and Chuck Person both scored 16 points for the Timberwolves.

Sooners hang on to beat Oregon St.

NORMAN, Okla. (AP) - Oklahoma sputtered and sputtered in its season opener against Oregon State, shooting poorly and getting frustrated at both ends of the floor.

Then it finally happened - a 10-0 run sparked by the defense that gave the 15th-ranked Sooners an 11-point lead and got the home crowd rocking.

The joy didn't last long. Oregon State made big shots down the stretch while Oklahoma played poorly, and the Sooners had to hang on for a 78-75 victory Thursday night.

"Once we got out to an 11-point lead, we made some really critically bad plays," coach Billy Tubbs said. "If Bryant Vann doesn't make his free throws, then we're probably pretty upset at this time."

In the only other game involving a Top 25 team played Thursday night, No. 20 Tulane easily defeated Nicholls State 96-54.

Vann made all four of his free

throws in the final 42 seconds and Oklahoma hit 7 of 8 from the line during that time to hold off the Beavers (1-1).

Oregon State made three 3-pointers in the final 1:25, but couldn't overcome 23 turnovers and foul trouble. Center Scott Haskin played only 19 minutes and finished with four fouls. Guards Pat Strickland and Charles McKinney fouled out.

Oklahoma heard all it wanted. Even with Haskin watching much of the time, the Beavers led by as many as eight in the first half, were tied at halftime and only trailed 58-57 with nine minutes left.

Then Oklahoma finally got something going. The Sooners, sparked by two steals by Angelo Hamilton, scored 10 straight points to take a 68-57 lead with 4 1/2 minutes to play. Oregon State missed five shots and committed three turnovers during the run.

But Oklahoma couldn't maintain the momentum. A 3-pointer by McKinney, his fourth, brought the Beavers within 71-65 with 1:25 left. Then Brent Barry picked off a bad pass and went in for a dunk to make it 71-67.

Two free throws by Vann gave Oklahoma a six-point lead, but a 3-pointer by Kareem Anderson made it 73-70 with 35 seconds left.

Oklahoma led 75-70 and had a 3-on-1 break after an Oregon State miss, but Hamilton tried a behind-the-back pass and Barry intercepted and hit a 3-pointer with 12 seconds left to make it 75-73.

Four seconds later, Hamilton made one free throw and missed the second. Mustapha Hoff got fouled by Ken Conley on the miss and sank two free throws of his own with seven seconds to play, bringing the Beavers within 76-75.

Vann then made two foul shots with six seconds remaining and a desperation 3-pointer by Barry

missed at the buzzer.

Conley, a junior college transfer, had 13 points - 11 in the second half - and nine rebounds off the bench.

Bryan Sallier had 16 points and 12 rebounds for Oklahoma, which shot just 40 percent. Vann had 15 points.

McKinney scored 18, while Haskin and Chad Scott had 12 apiece for the Beavers.

No. 20 Tulane 96, Nicholls St. 54

In New Orleans, Tulane's trapping, pressing defense forced 34 turnovers as the 20th-ranked Green Wave (2-1) rolled to an easy victory over Nicholls State (1-1). Tulane led by as many as 50 points midway through the second half.

It was Tulane's first game without Kim Lewis, its leading scorer last season. Lewis broke his left leg in a loss at Indiana on Nov. 20.

Anthony Reed led Tulane with 18 points, while Pointer Williams added 12. Reggie Jackson led Nicholls State with 13 points.

Offer made for Rockets

FORT SMITH, Ark. (AP) - A group led by a television station owner has made an offer to buy the Houston Rockets, the station reported Thursday.

The offer was made in Houston on Wednesday, station KHBS of Fort Smith reported.

The group is led by Bob Hemreich,

who, with his sister Cindy Hemreich of Fort Smith, owns TV stations KHBS in Fort Smith and KHOG in Fayetteville. Hemreich would hold the largest interest, about 40 percent, the station said. The group includes Gary Bradley, one of the Rockets' owners, who is expected to retain a 20 percent interest.

Pay close attention to this column because it could happen to you. (The odds are approximately the same as your chances of winning the Texas Lottery with a ticket found on a Baptist church parking lot.)

Late at night on Christmas Eve, while you are trying to understand the gibberish that purports to be the assembly instructions for attaching part "A" to axle hub "D," a friendly fat man dressed in a garish red suit suddenly appears. He explains that because you have been very, very good in 1992, you have a choice of five envelopes.

Number one is a plain brown envelope, addressed to you and sporting an interesting return address: Big Sand Lake Lodge; 110-1808 Wellington Ave.; Winnipeg, Manitoba R3H 0G3. It contains your dream fishing trip to Canada where you can actually get tired of catching walleye, graylings and huge northern pike. Trapper Don McCrea ((204) 774-6666) will meet you at the Winnipeg airport and escort you to the magnificent five-star log cabin lodge nestled in the pristine beauty of Canada.

The second envelope is your ticket to Northern Lite Camp, where Larry Beaman provides some of the best hunting and fishing in all of Ontario. Included are a trophy spring bear hunt and several days of reeling in tasty walleye and monster northern pike. Take your pick from 13 exclusive lakes. Larry even provides a number where the family can call to see if you plan to return home: 1-800-348-FISH.

Envelope number three contains a special trip south of the border to Billy Chapman's fabulous Anglers Inn. If you are interested in sheer numbers of feisty Mexican black bass select his site on Lake Comedero. If the goal is monster bass, try his facilities on Lake Salto. For a preview brochure and details of this fantastic trip, call 1-800-GOTA FISH.

Envelope number four features our favorite Okie, Jimmy Houston, as your guide to Guri Lake, Venezuela. You depart from Houston and spend either three or five days catching the famed peacock bass. Bring your heaviest fishing gear because while a peacock bass is beautiful, even a small ten-pounder will tear the guts out of cheap reels. Santa Claus includes a secret lure that insures catching a bass bigger than Jimmy. For advance information on this trip call Jimmy Houston Travel at 1-800-284-5114.

Envelope number five is the clincher. It includes homemade video tapes of all the other winners and explicit details of the fun they had catching huge fish, shooting trophy bear and laughing with Jimmy. This video is 16 hours long and destroys your video player if you leave the comfort of your easy chair before it ends. Maybe you weren't so good after all.

Yount stays; Bosio leaves

NEW YORK (AP) — While the Kansas City Royals are doing their best to lure David Cone, and Joe Carter back home, Wade Boggs is preparing to start his search for a new home.

Two other free agents got their deals done on Thursday. Robin Yount re-signed with Milwaukee for a 20th season and pitcher Chris Bosio left the Brewers and agreed with Seattle on a four-year, \$15.25 million contract.

Today, the New York Yankees planned to announce they had agreed with shortstop Spike Owen on a three-year, \$7 million contract.

The Yankees and Barry Bonds did not speak. The Yankees were differing accounts on whether their big offer remained on the table, but either way it was clear they still were interested.

Cone, who led the majors in strikeouts last season while with the New York Mets and Toronto, met with the Royals. He is from Kansas City and began his career there, and might like to return to the Royals.

Cone has said he would like to return to New York, too. With Cone talking to Kansas City, his agent spoke to the Yankees.

Carter also is from the Kansas City area, and he is deciding between going to the Royals or staying with the World Series champion Blue Jays. He reportedly has gotten a four-year, \$26 million offer from Kansas City.

Boggs has not heard much from the Red Sox, and his agent, Al Nero, said he thinks the third baseman's 11-season career in Boston has come to an end. The Red Sox have until Monday night to sign him unless they offer salary arbitration, and Nero said he doesn't expect an offer to be made.

Bonds' agent, Dennis Gilbert, said the Yankees were one of four teams pursuing baseball's top free agent.

Facts About The BIBLE BY JOHN LEHTI

OFF WITH HIS HEAD!

AMONG THE ANCIENT RULERS WE FIND SOME TYRANTS WHO TOOK THE LAW INTO THEIR OWN HANDS. WHEN DISPLEASED WITH ONE OF THEIR SUBJECTS IT WAS NOT UNUSUAL FOR THEM TO BELLOW, "OFF WITH HIS HEAD!" NO ONE QUESTIONED THEIR AUTHORITY OR COULD DEMAND A COURT TRIAL. IT WAS JUST AN OPEN AND SHUT CASE! ON THE OTHER HAND THE ISRAELITES WERE UNDER MOSAIC LAW WHICH PRESCRIBED CERTAIN PROCEDURES FOR ALL PEOPLE WHO MIGHT BE ACCUSED OF A CRIME. IT FELL TO THE ELDERS, MEN OF MATURE AGE, TO JUDGE THE OFFENDER, CONSIDERING ALL THE EVIDENCE AGAINST HIM AND FINALLY DECIDE HIS INNOCENCE OR GUILT. THE MORALITY OF THE MOSAIC LAW, STRICT AS IT WAS, GAVE EACH ACCUSED THE PERSONAL DIGNITY OF PRESENTING THE FACTS OF HIS CASE. THE PETTY RULERS DESTROYED HUMAN RIGHTS AND DIGNITY, JUDGING ALL CASES ON THE BASIS OF THEIR OWN NARROW VIEWPOINT—USUALLY IN AN AROUSED STATE OF ANGER. THE LAWS WHICH THE ISRAELITES ADHERED TO, ALTHOUGH THEY WERE SEVERE, WERE MORALLY EXACT.

Our Best Friends Are Cutting Us To Pieces.

Our best friends don't always give us the best treatment. Typically, they invite us into their homes, read us like a book, take what they need from us, and put us aside to use again at their convenience.

It's a tough existence, but we don't mind. In fact, we like it. The news, editorials, and advertising coupons clipped from our pages provide our readers with knowledge, enlighten-

ment, even an occasional 30¢ off on breakfast cereal. We're kind of flattered that people enjoy hanging onto bits and pieces of us - sometimes for years. That's something no other local advertising medium can offer.

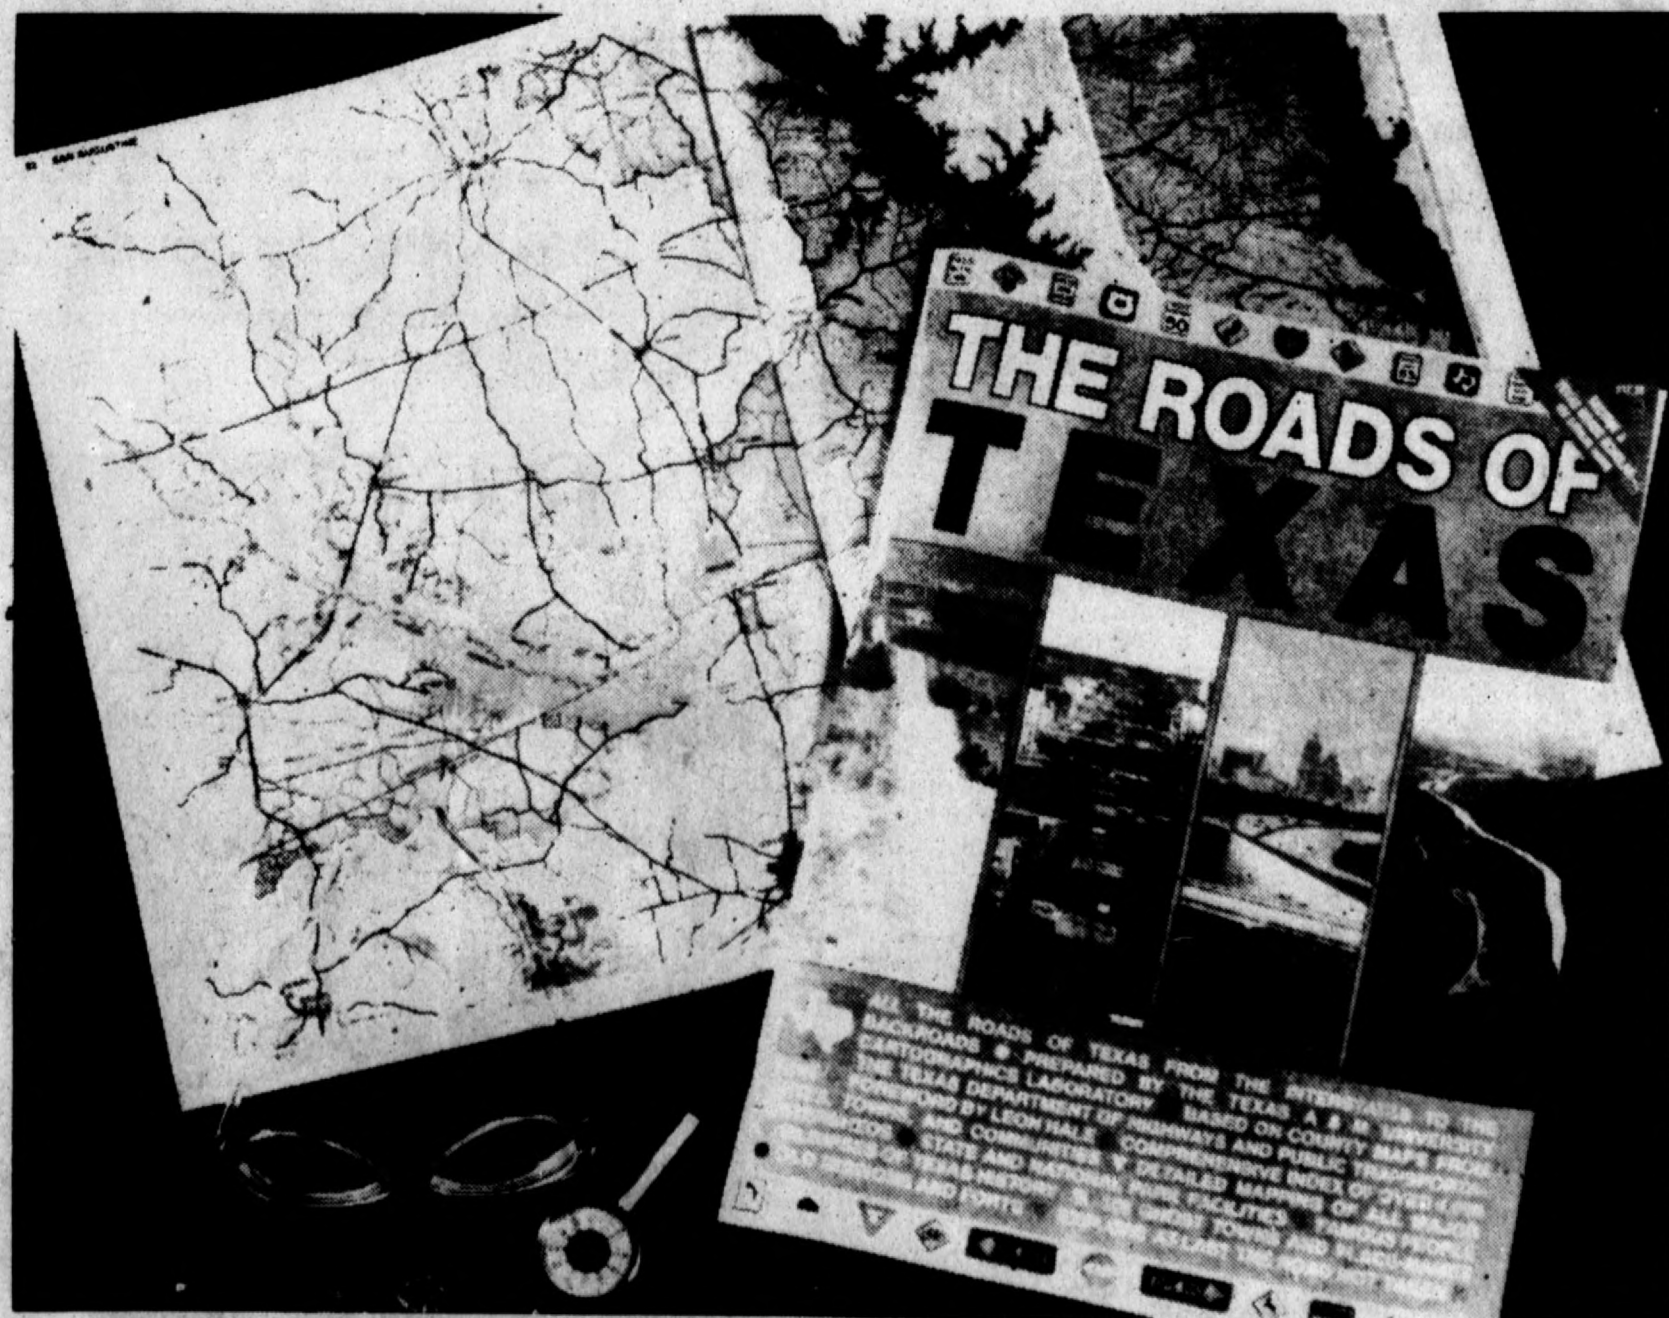

So, although our friends keep cutting us to pieces, we'll keep showing up at their homes. Our only request: sharp scissors and a steady hand.

THERE'S MORE *Hereford* IN THE BRAND.

Ann Landers

DEAR ANN LANDERS: As an avid reader of your column, I'd like to bring up a subject that has annoyed me for a long time.

Hispanics and Latinos are Caucasians are members of the white race. To suggest otherwise is gross ignorance. Whenever I find myself filling out an application, I see the little box to indicate race. The choices are white, black or Hispanic. This is a grave error. My daughter encountered this same mistake on her college entrance forms. She is part Hungarian. I was born in Cuba. My ancestors are from the south of France and Spain. Hispanic is not a race any more than American is. Please set the ignoramus straight.--White Hispanic in Santa Monica

DEAR SANTA MONICA: Thank you for pointing out that Hispanic is simply an ethnic distinction and not a racial one. I sense, however, that being considered white is of enormous importance to you. Perhaps you should ask yourself why.

Gem of the Day: Luck invariably favors the prepared.

Is life passing you by? Want to improve your social skills? Write for Ann Landers' new booklet, "How to Make Friends and Stop Being Lonely." Send a self-addressed, long, business-size envelope and a check or money order for \$4.15 (this includes postage and handling) to: Friends, c/o Ann Landers, P.O. Box 11562, Chicago, Ill. 60611-0562.

LOS ANGELES (AP) - Julia Roberts, last seen in miniature as Tinkerbell in "Hook," has signed a deal with independent producer Joe Roth to develop projects.

The two-year deal announced Wednesday by the Walt Disney Co. calls for the star of "Pretty Woman" to develop and produce films in which she will star. Terms weren't disclosed.

Roth, the former 20th Century Fox studio chief, moved to Disney as an independent producer last month.

"I look forward to working with her on many projects in the future," Roth said.
