NANCY MOORE (r) hands the keys to the Ozona Chamber of Commerce office to new manager SHARON FARMER. Ms. Farmer takes the reins April 1 and invites everyone to stop by and get acquainted.

New Manager At Chamber Office

Sharon Farmer takes over as new manager of Ozona Chamber of Commerce April 1. Ms. Farmer was manager of the Big Lake Chamber of Commerce for five years before moving to Ozona last August as manager of Hero's Pizza.

Years of experience in small family businesses, her work with the Big Lake chamber and three sessions of training at the Institute of Organizational Management provide the background for the enthusiastic new director.

The work at the Institute of Or-

ganizational Management involves one week each year in a six year program. This is offered through the U. S. Chamber of Commerce. In Texas, the course is taught at Southern Methodist University.

Ms. Farmer has attended additional seminars and programs relating to chamber work.

Having a daughter, son and granddaughter in Big Lake helps make West Texas a place where Ms. Farmer wants to remain. She spends much of her leisure time doing volunteer work.

I'm excited; this is what I want to do," she said of her new job. "I've had other chamber opportunities further away, but I wanted to remain near my children."

She invites everyone to drop by the chamber and get acquainted.

Ms. Farmer follows Nancy Moore, who has been at the chamber since 1989. Mrs. Moore and her husband, Ralph, are moving to Lovington, NM, where he will pastor at the Gospel Lighthouse. She will be working there with him.

Lu Ingram Selected As Outstanding Clubwoman

Ozona's Lu Ingram was honored at the Heart of Texas Texas Federation of Women's Clubs district convention in San Angelo March 26 as the year's outstanding clubwoman volunteer.

Selection is based on the nominee's TFCW activities during the previous year, community and church activities, home and family and being that "special person".

Mrs. Ingram attended all club meetings and trips taken by the club in 1993, served on the projects and nominating committees and was chairperson of public affairs. She also served as hostess for the club and participated in six programs during the year.

She sings with a group known as The Forum Singers and worked with a group of club members to help raise money to purchase handbells for a community handbell choir. As part of this group, she joined in playing handbells for several organizations and functions in Ozona.

The honoree, who is school nurse, was instrumental in bringing a speaker on health to the community. She was also instrumental in getting the club to put a child health care fund

in their budget.

Many community activities see her there sharing her knowledge and abilities as a nurse. As school nurse, she is liaison between school and families. She travels to San Angelo with children to Rehab, the optometrist and hospitals for day surgery. She helped transport families to the health department clinics and works closely with the Texas Department of Health to keep all children immunized.

Weekly visits to the terminally ill in the community also utilized her nursing skills.

She is a member of the AIDS Board in San Angelo, spoke to teenagers (with local doctor present) about adolescent problems and AIDS and also spoke to other clubs in Ozona on "What You Need To Know and What Our Teens Need To Know".

She was instrumental in having other clubs place child health care fund in their budgets, helped establish a child health care fund at a local bank for needy children and spoke at the Lions Club about the need of glasses for young children who cannot afford them.

OAP Wins At District

The cast and crew of Ozona High School's one-act play was one of the two winning plays at the District 6AA contest held in McCamey on March 24. The local troupe performed "The Bald Soprano" by Eugene Ionesco and published by Baker's Plays. The play is a comedy which falls in the category of theater of the absurd, in which people are absurd creatures living in an absurd world, making an absurd attempt to find meaning in absurdity.

The next competition will be the area contest in McCamey on April 7. Also advancing to the area contest was Iraan's production of scenes from "Jane Eyre." The alternate play was "Blithe Spirit," performed by Eldorado.

Receiving individual awards for their performances were these cast members: JoLynn Vannoy and Chris Cornett, All-Star Cast, and Slate Williams, Honorable Mention All-Star Cast.

Other Ozona students in the cast and crew are Sandy Perez, Adrienne Dickerson, Clay Westmoreland, Leigh Chandler, John Baker, Sandra Sanchez, Melissa Porras, Dora Garcia, and Luis Longoria. The play is directed by Frances Curry.

World Championship Goat Roping June 23-25

Crockett County Roping Association, a group formed initially to sponsor the return of the World Championship Goat Roping to Ozona, has announced that the event will be held here June 23-25.

The association's organizational meeting was held March 9 with the following officers and directors: Robert Bryson, president; Laurie Hale, secretary/treasurer; Vance Worthington, vice-president; and directors: Jack Baggett Jr. who is an ex-officio director as chamber president, Ed Hale, Vance Worthington, Will M. Black, Charles Childress, Hugh Childress, Rick Hunnicutt and Martin Childress.

Arena directors and committee will be: Ed Hale, chairman; Will M. Black, Charles Childress, Les Hale and Rick Hunnicutt.

The association plans to give away a pickup to raise funds to put on the event. Bids are being taken on operation of the concession stand.

Murder Ruled In Albers Death

Larry Albers did not die in an automobile accident, but was murdered according to the Bexar County medical examiner. Albers was found dead in his car 25 miles south of Ozona on March 21. He was reported missing on March 17 by a friend, Susie Neumuller, who told officers he left his house the previous day and had not been seen since.

The car, with Albers' body inside,

was found in a deep ravine on the side of Hwy. 163. Due to the condition of the body, the cause of death was not readily apparent.

The vehicle was taken to Austin where it was examined at the Department of Public Safety laboratory.

Sheriff Jim Wilson has formed an investigative team made up of sheriff's investigators, Texas Rangers and investigators for the district attorney's

office. Due to the fact that this is an ongoing criminal investigation, details of evidence that has been collected will not be discussed at this time.

"Anyone who has information about Mr. Albers' death, or his whereabouts prior to his death, is requested to contact me at the Crockett County Sheriff's Office, 915-392-2661," Sheriff Wilson said. "Your information will be held confidential if you so request."

Waste Management Starts Trash Removal

Permian Basin Waste Management begins collection and disposal of residential and commercial trash in Ozona April 1. Residential collection will be scheduled according to zones. (See advertisement and map, page 11.)

Waste Management is a worldwide company that has been in business 30 years. John Martin of Midland, division president, said his company picks up more residential trash than their three largest competitors combined.

The company uses an efficient patented system, W-Mess, which is easier on the streets according to Martin. The system uses a piggyback method of carrying trash from the community to the disposal site in Midland. Three truck bodies the size of the one which will be seen picking up garbage are piggybacked and transported to the landfill at one time.

The company has been using this patented method for four years, Martin said.

Trash will be hauled from Ozona five days a week, and the convenience station north of town will be open six days a week. Freddie Rodriguez will move here from Midland to operate the convenience station. On Monday through Friday the hours will be from 9 a.m. until noon and from 1 to 5 p.m. Saturday hours will be from 10 a.m.

until noon and from 1 to 3 p.m. Dumping permits will be available at the site on Saturday. Weekdays they must be picked up at the water district office.

To ease the transition period, Mrs. Martin will be at the water district office to answer questions for two weeks beginning April 1. Customers

may contact her there or call the Midland office at 1-800-460-1871.

If you have previously had a roll-out trash container and a dumpster has been placed near your home, rollouts are available at an additional cost, Martin said. To arrange for a rollout, contact Waste Management at the 800 number.

NEW MAROON DUMPSTERS are in place around town as Waste Management prepares to start service in Ozona April 1.

Taylor New School Superintendent

Larry Taylor of Ralls has been hired as Ozona's new superintendent of schools. Taylor is currently superintendent of the Ralls I.S.D. in Ralls. He has also worked as superintendent in Eden and principal in two San Antonio schools.

In announcing the selection, interim superintendent Ted Cotton praised Taylor as "a very fine school man. I'm really pleased that he is coming to Ozona. He'll do a fine job here," Cotton said.

Trustees approved hiring Taylor March 24, and he accepted by telephone that night.

Taylor hopes to be here June 1 according to Cotton. He will in Ozona periodically to attend board meetings.

A reception to welcome Taylor and his wife Carolyn is planned for April 14. The community is invited to meet the Taylors in the Crockett Room of Ozona National Bank between the hours of 3:30 and 6 p.m.

Mr. and Mrs. Taylor are the parents of two sons, Clayton and James. Clayton teaches and coaches at Paint Rock, and James is junior at Texas A&M University studying industrial engineering. Mrs. Taylor teaches second grade in Ralls.

Primary Run-Off Election April 12

Early voting by personal appearance in the April 12 Democratic Primary run-off begins April 4 at the courthouse and ends April 8. On election day, Pct. 1 residents will vote at the courthouse, Pct. 2 at the county road department, Pct. 3 at the civic center, Pct. 4 at the primary school and Box 36 at the WTU power plant at Girvin.

There is only one local race in the run-off. Richard A. Vargas and Rudy R. Martinez are on the ballot for commissioner of Pct. 4.

Vasquez Death Being Investigated

An autopsy report from the Bexar County medical examiner indicated that Petra Vasquez died of massive head injuries after falling from a moving vehicle Sunday night. A determination of the manner of death is pending according to Alton Davis, chief deputy of Crockett County.

The Crockett County Sheriff's Department and Texas Department of Public Safety are investigating the

death, Davis said.

Mrs. Vasquez was a passenger in a minivan driven by her husband, Juan Vasquez Jr. Mr. Vasquez told officers that his wife jumped from the vehicle approximately 24 miles south of Ozona on Highway 163. He put her in the van and started back to Ozona, but the van broke down four miles south of town.

A passing motorist brought Mrs. Vasquez to Crockett County Hospital. at 9:15 p.m. where she died at 9:35.

Union Pacific Resources Acquires AMAX Oil And Gas

Union Pacific Corporation's oil and gas subsidiary, Union Pacific Resources Company, signed an agreement to acquire AMAX Oil & Gas for a net purchase price of approximately \$725 million. With the bulk of the acquisition property in Texas, UPRC plans to develop another core area in a state where it is a major operator. The transaction is to close this week.

The company will purchase all of the shares of AMAX for approximately \$819 million in cash. Immediately upon closing, UPRC will sell AMAX's Northern Division, which includes properties and facilities in Oklahoma, the Texas Panhandle, New Mexico and Colorado, to Universal Resources Corporation for \$94.5 million. Universal is a subsidiary of Questar Corporation of Salt Lake City.

AMAX Oil & Gas is a subsidiary of Cyprus Amax Minerals Company, the company formed by the recent merger of Cyprus Minerals Company and AMAX Inc. All of Cyprus Amax's oil and gas assets are being sold in the transaction.

The properties to be retained by UPRC are predominately long-lived natural gas producing, gathering and processing assets in Texas and Louisiana. They include interests in 14 major fields and encompass over 600,000 acres and approximately 2,000 producing wells.

The assets also include interests

in over 550 miles of gathering lines and three gas processing plants, which constitute a significant portion of the value.

The majority of the properties are located in the Ozona area in Crockett County. The primary producing formation in the Ozona field is the Canyon Sand, which lies at a depth of about 7,000 feet. Canyon Sand wells typically have long lives, with economic production for up to 50 years. UPRC will operate producing, gathering and processing assets in Crockett County as a new core area.

The company expects to book proved lease reserves of approximately 550 BCFE initially following the acquisition. Based on a preliminary allocation of the purchase price, UPRC paid approximately \$.77 per MCFE for proved lease reserves. Through an extensive development program in the Ozona and other areas, UPRC intends to prove up significant probable and possible reserves in these largely underdeveloped properties. UPRC intends to begin its development efforts in mid-1994 with a multi-rig drilling program in the Ozona field.

"The AMAX acquisition is an excellent strategic fit for us," said Jack Messman, president and chief executive officer of Union Pacific Resources Company. "The properties provide a major concentration of long-lived natural gas reserves with tremendous upside potential."

LU INGRAM was chosen outstanding clubwoman of the Heart of Texas Federation of Women's Clubs district for 1993. She was honored at the organization's convention March 26 in San Angelo.

*Ingram (Continued from page 1)

Her efforts helped the Ministerial Alliance obtain names and needs of families for the Angel Trees at local banks and she also worked with the Welfare Board at "Toys for Tots" at Christmas.

Mrs. Ingram drives a school bus and is a volunteer at Crockett County Museum.

At First Baptist Church she teaches a Sunday School class of 40 ladies, sings in the church choir, fills in at the church nursery, served on the bereavement committee, sings at the nursing home when her church has services there and provides transportation to church when needed.

She visits the sick, cuts hair and gives permanents to older members in

the church, and she made a special effort to travel with a group of ladies from the church to glean blackeyed peas and donated some to the local Helping Hands.

Lu and her husband of 40 years, Huey D. Ingram, are the parents of two sons and grandparents of five children. She likes to paint, sew, fish and garden, and she shares her produce with friends and neighbors.

The honoree says it humbles her to be recognized for what she feels called to do, "serve others".

When April rains come, some men see only puddles. But others see flowers.

Hope looks for the good in people instead of harping on the worst.

Money is so hard to keep we wonder why anybody is fool enough to work for it.

One sometimes cannot detect much hope in the Wall Street Journal or even the Congressional Record, but the Bible is full of it.

By three things you will be remembered and known - truthfulness, faithfulness and friendliness.

HOW TO BE A WHOLE PERSON

1. SMILE: It's the melody of the soul.

2. WORK: It's the service of the spirit.

3. PLAY: It's the secret of youthfulness.

4. READ: It's the source of wisdom.

5. LOVE: It's the gift of the heart.

6. PRAY: It answers every need.

Money has wings but it isn't a homing pigeon.

Everybody needs a car, some to get to work and others to get away from it.

This is the secret of patience - do something else meanwhile.

A LIFT FOR THE WEEK

It is wise to be dissatisfied enough to want to improve, and to be satisfied enough to be happy.

Ozonan Honored At Convention

County Sales Figures Improve

The state sales tax report for the third quarter of 1993 recently released by the state comptroller shows improvement in Crockett County. There was an increase over the same period of 1992 in the all industries category and the retail sales division.

There were 109 reporting outlets in 1993 compared to 108 in 1992, all industries. Gross sales were up 22 percent, \$9,786,355 compared to \$8,019,633 in 1992.

In the retail report, Crockett County had 71 outlets in 1993 and 69 in 1992. Gross sales were up 13.9 percent from \$5,359,277 to \$6,106,063.

Statistics for neighboring counties show Crane with 61 outlets in 1993 and 68 the previous year. Gross sales for the third quarter of 1993 were \$5,361,184 and \$5,299,541 in 1992, up 1.2%.

Irion County had a 4.7% increase with 24 outlets showing gross sales of \$865,152 for the period in 1993 and 25 outlets with \$826,286 in 1992.

Reagan County showed a third quarter decline in 1993, down 1.9%. Fifty-one reporting outlets had gross sales of \$4,043,464 compared to 54 outlets with \$4,120,970 in 1992.

Schleicher County's 34 reporting outlets had gross sales of \$1,708,004

for the third quarter of 1993 compared to 31 outlets with \$1,690,041 in sales in 1992. This was a 1.1% increase.

One less outlet but an increase of 8.5% appeared in the report for Sutton County. In the third quarter of 1993, 74 outlets had gross sales of \$5,385,378 compared to 75 outlets and \$4,962,228 in 1992.

An increase of 10.4% resulted in Terrell County with 28 outlets reporting \$969,803 in sales for 1993 compared to 26 outlets and \$878,298 in 1992.

A decline of 3.8% was shown in Upton County. Gross sales for 72 outlets in 1993 were \$2,870,635 compared to 74 outlets and \$2,983,155 in 1992.

Val Verde County had 464 outlets in 1993 with \$62,207,556 in gross sales and a 5.9% increase in sales over the \$58,733,505 shown by 470 retailers in the 1992 third quarter.

Letter to the Editor

Special Olympics is not just for students enrolled in school. Special Olympics is designed for everyone from the age of 8 years who suffer from developmental problems and who desire to compete in sports activities. Golf was added this year to the activities available. All of the activities that are offered to the special athletes are supervised by volunteer coaches.

I am starting my fifth year as a volunteer coach for the students in the school system. During this time I have had athletes graduate who can no longer participate because there is no program available. I need volunteers and sponsors to form a Special Olympic organization in Ozona so that once Special Olympic athletes pass through the school system there is still an avenue for them to participate. The payback is great smiles and hugs, plus a personal sense of accomplishment in helping.

The athletes at the school have been fortunate in that for the last three years we have been able to participate in local competitions that have been held in Pecos, Andrews and this year Crane. These are competitions that have been hosted by volunteers in the communities. I would like to see Ozona host a local competition in 1995, in order to do this we must have a Special Olympic organization in Ozona.

It is not hard to form a local Special Olympic Organization. The real big requirement is that we have local volunteers who are willing to serve as officers of the organization and as members of various committees. Businesses and individual who would be willing to help sponsor the organization would also be nice.

If this is something that you would like to have more information on please call James Cox at the high school 392-5501 or at home 392-5436.

James Cox

Dear Sir:

I have enclosed photos and information that I thought might meet your requirements for a human interest story. I was the last Commander of the Ozona Air Force Base during 1961-63.

Our only son Bill attended Ozona High School during that period. He received an appointment to the USAF Academy the next year after we left Ozona. The quality of education he received at Ozona High certainly enhanced his chances of getting that appointment. Our daughter Debbie also attended grade school at Ozona. We have many fond memories of our stay in the Ozona community.

We had many friends there and your school system was the best we experienced during many years of moving around with Air Force assignments. Your former Editor-Evart White was a friend of mine and of all the Air Force personnel at the base.

Best regards to you and all of the readers of *The Ozona Stockman*.

Sincerely Yours,
William C. Bowman
Sacramento, CA

Dear Editor:

I want to tell you about my grandson, Rick DeHoyos, who is an Assistant City Attorney in San Angelo, Texas. Last week, Rick DeHoyos represented the City of San Angelo in a lawsuit and won the case for the city. We are all very proud of Rick, who is the first cousin of our County Attorney, Orlando DeHoyos. I remember as though it were just yesterday as both of them grew up together here in Ozona going to school and playing football.

Whitewater is being investigated by a counsel that was called for and created by the Republican party. What reason could they possibly have for going against their own counsel's advice about public hearings. These hearings cost the American people. If the big shots in Washington want to have hearings on this issue, let them do it. But at their expense. I'll welcome all hearings if any illegal charges are being made. As of now the counsel hasn't finished its investigation. If it finds that Bill Clinton did anything illegal, then we can begin with hearings. Bill Clinton, however, is our President not Hillary Clinton. If she has (which I personally doubt at this time), done anything illegal then she should be charged and prosecuted like any other citizen.

Hasn't the Senate and Congress cost us enough by taking billions of dollars of pork barrel spending sprees for their own states (10 million dollars for repair of Penn Station in New York) to the Los Angeles Emergency Disaster Aid Bill. Now they are consistently trying any method possible to distract us from the really important issues in this country. Health Care and Welfare Reform are vital issues that are being pushed aside.

I personally think it is a deliberate move by certain high ranking Republicans who want to stop the Democratic Party that is now in the White House from accomplishing the goals that would make it harder for them to take back the White House next election.

We have finally gotten someone in the White House who is willing to honestly tackle the tough jobs and it has scared the Republicans to death. Well, I hope the rest of the voters are paying as close attention as I am.

I'd personally like to tell Robert Dole and others that this country is falling apart and all of our elected officials are concerned with their own greedy little agendas.

Get off of it up there and help make some real changes to SAVE this country soon or we are going to go the same way as the Soviet Union.

Thousands of housewives out here can tell you, when you go broke it can be fixed but it takes the whole family. We need all of the Senators and Congressmen to work with this current administration to fix our broken country.

Get off of the Whitewater smokescreen and get back to issues that will aid the people. Let's get to work on Health Care and Welfare Reform.

I hope everyone reading this will write to their Senators and Congressmen. If you agree with my view you are welcome to send a copy of this letter along with your own personal note telling them you agree.

If you disagree that's okay too but you should still let your representative know how you feel. Write them.

Linda Mae Casey

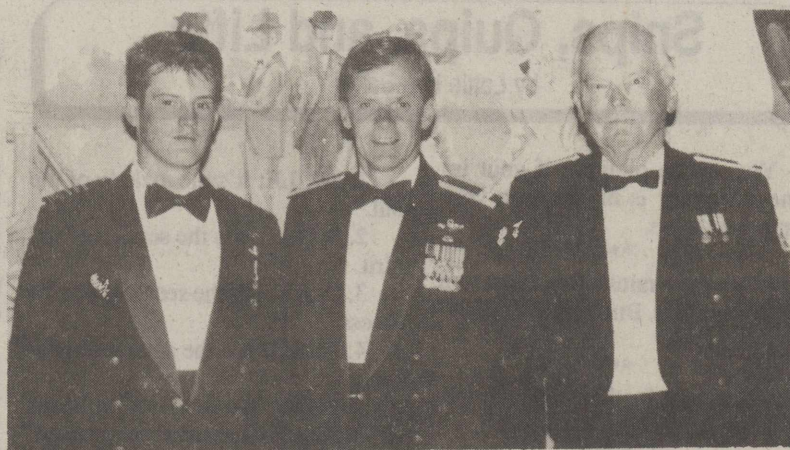

Work On I-10 Starts April 4

Gilbert Tx Construction Corporation will set barricades and begin work on I-10 in Crockett County on April 4, according to Paul Chevalier, P.E., Area Engineer for the Texas Department of Transportation (TxDOT).

This project consists of hot mix overlay between the Pecos River and US 290 at Bachler Hill. Work is expected to be completed mid to late summer.

There will be lane closures during all phases of the project. Motorists are encouraged to observe traffic control devices and watch for workers and equipment in the construction area.

THREE GENERATIONS OF BOWMANS from right, Bill Senior, son Bill and grandson Bill.

Three Generations Of Bowmans Proudly Serving Their Country

Three generations of Bill Bowmans have (to date) clocked nearly 6 decades of military service in the defense of our country. The senior Bill Bowman (William C.) was the last Commander of Ozona Air Force Base during the early 60's (1961-'63). He served with the Occupation Forces in West Germany and during the Berlin Airlift in the late 1940s.

During the early 1950s he served for four years as a member of the Air Force ROTC Faculty at the University of Colorado, Boulder, Colorado. In addition to his tour as Commander of Ozona Air Force Station during the early 60s, he had several other U.S. Air Force assignments in the states during his 25 year career with the Air Force.

Bill Senior and wife Bobbie now reside in Sacramento where he earned two college degrees after leaving active military service, and served on the faculty of Chapman College for more than 12 years. He retired from the Air Force as a Lieutenant Colonel.

Bill and Bobbie's only son, William R., who attended Ozona High School in 1961-'63 (the second generation Bill Bowman shown in the photo) received an appointment to the USAF Academy the year after leaving Ozona. He graduated from the Air Force Academy in 1968, and he also holds a masters degree from Auburn University.

He served his Air Force career as a fighter pilot (flying RF-4 Phantoms). He also had duty as an instructor pilot; wing staff officer; fighter squadron commander; squadron and wing operations officer; vice wing commander; and wing commander in Germany and Turkey during Desert Storm, the Persian Gulf War against Iraq.

Another highlight of his career was the honor of serving as an aide to the Air Force Chief of Staff at the Pentagon during the early 1980s. While attending the National War College he authored a book entitled "Limiting conventional Forces in Europe" during the final years of the Cold War with the Soviet Union.

William R. attained the rank of full colonel and retired from active duty in 1991. He is now flying cargo planes for UPS out of Louisville.

William D. (the 3rd generation Bill Bowman in the photo) graduated from the Air Force Academy at Colorado Springs with academic and leadership honors and a civil engineering degree, and is now undergoing pilot training at Shepherd Air Force Base in Wichita Falls. He is already an accomplished pilot of light planes and gliders. He received a Presidential Appointment to the Academy in 1989.

Debbie, William R.'s sister, also attended school at Ozona grade school during Bowman's tour at Ozona Air Force Station.

The senior Bill Bowman (William C.) is tremendously proud of the family's military career tradition and frankly admits that he fantasizes about living long enough to see a 4 generation Bill Bowman follow this well established tradition, although his grandson William D. (who is single) is not giving him much encouragement.

In any event, the torch has been passed to a new generation and his dad William R., who attended Ozona High school, and his granddad, William C., who was the last Commander of Ozona Air Force Base during the early '60s, have no doubt that he will carry it with pride and dignity into the 21st Century.

B. B. Ingham Jr. died Tuesday, March 22, 1994, at his home. He was 78.

Funeral service was March 24 at Ozona United Methodist Church with burial in Cedar Hill Cemetery.

Mr. Ingham was born March 16, 1916, in Ozona to a pioneer Crockett County ranching family, Ben and Frankie (Dudley) Ingham. He was a lifetime resident and rancher in Crockett County.

He and Phyllis Johnson married in 1938. They had three children, Alma, Judy and Ben.

Mr. Ingham was honored by Ozona Chamber of Commerce on March 15 as Unsung Hero. The award was presented in appreciation for his many years of service to Ozona and Crockett County where he was a lifetime member of the Methodist Church, a member for many years of Ozona Lions Club, an early president and continuing booster of Ozona Volun-

teer Fire Department, past president of Crockett County Sheriff's Posse and two-term county commissioners.

Survivors include his wife, Phyllis Ingham of Ozona; two daughters, Alma I. Smart and husband Neville Smart Jr. of Rocksprings and Judy Ingham of San Angelo; one daughter-in-law, Gerry M. Ingham of Sonora; five grandchildren, Ben B. Ingham IV and wife Sherry of Sonora, Louise I. Moore of Colorado City, DeeAnne Hunn and husband Robert of Rocksprings, Neville G. Smart III and wife Shalla of Rocksprings and Diane Heflin and husband Herb of Mertzon; seven great-grandchildren, Steely Ingham, Colton Moore, Clifford Hunn, Lon Hunn, Leston Heflin, Ashley Heflin and Alton Smart.

Mr. Ingham was preceded in death by a son, Ben B. Ingham III.

Pallbearers were nephews James W. Johnson, Tommy Johnson Jr., Dr. Stanley Selby, Buddy Selby and grandsons Trey Smart, Bobby Hunn, Herb Heflin and Ben Ingham.

Larry Albers Buried March 25

Lawrence Edmund Albers was buried in Cedar Hill Cemetery Friday, March 25, following graveside services.

He was born May 19, 1941, in Waldeck and had lived in Ozona for 54 years. He was a member of the Ozona Lions Club and the Del Rio Veterans of Foreign Wars.

The American flag from his casket was presented to grandson Shane Albers who stood with the pallbear-

ers.

Survivors include a sister, Inez Jeanes of Houston; two grandsons, Derick Albers of Hilo, HA, and Shane Albers of Ozona; and numerous nieces and nephews.

Pallbearers were: Ralph Muller, Terry Dickerson, Alton Everett, Wesley West, Hobney Jeanes and Jimmy West. Honorary pallbearers were: H. Toby Sanders, Cap West and Jerry Hayes.

Vasquez Rites To Be Held Today

Petra Ernestina Castorena Vasquez died Sunday, March 27, 1994, in Ozona. She was 20 years of age. Funeral service will be at graveside Wednesday at 4 p.m.

Mrs. Vasquez was born July 14, 1973 in Fort Worth. She was a Catholic and a homemaker.

Survivors include her husband,

Juan Vasquez Jr.; one son, Jorge, age 3; one daughter, Crystal Marie, age 1; her mother, Oralia Vasquez of Del Rio; maternal grandmother, Marcelina Sanchez of Del Rio; brothers and sisters-in-law Gilbert and Maria Castorena of Mineral Wells and Santos Jose and Elizabeth Ortiz of Sweetwater; and in-laws, Juan Manuel and Maria Vasquez of Acuña, Mexico.

Farm Credit Bank Releases Video

AUSTIN -- The challenge to individual property rights is the focus of a new Farm Credit Bank of Texas video released this week.

In the 20-minute video "Who Owns This Land?" landowners, government officials, environmentalists and lenders explore the complex issues surrounding property rights, particularly as they are affected by the Endangered Species Act and other environmental laws. More than 20 individuals were interviewed for the documentary.

Copies are available to community, civic and professional groups, youth clubs, schools, and other interested organizations. Copies may be ordered by calling 512-465-0620 or writing Public Affairs, Farm Credit Bank of Texas, P.O. Box 15919, Austin, Texas 78761.

With \$3.6 billion in loans outstanding to farmers and ranchers in Alabama, Louisiana, Mississippi, New Mexico and Texas, the Farm Credit Bank of Texas is the largest agricultural lender in the five-state region.

Veterans Entitled To Burial Benefits

The Department of Veterans Affairs (VA) is reminding former servicemen and women who were discharged under conditions other than dishonorable that they are entitled to burial in a national cemetery.

VA's National Cemetery System provided burials to more than 60,000 veterans and their family members last year.

Awareness of burial benefits can often spare the family of a deceased veteran anxiety and financial hardship following the veteran's death. Burial is also available, under certain guidelines, to a veteran's spouse and dependent children. Dependents do not have to be buried in the same cemetery as the veteran.

³⁴Wait on the Lord, and keep His way, and He shall exalt thee to inherit the land: When the wicked are cut off, thou shalt see it.

³⁵I have seen the wicked in great power, and spreading himself like a green bay tree.

³⁶Yet he passed away, and, lo, he was not: yea, I sought him, but he could not be found.

³⁷Mark the perfect man, and behold the upright: for the end of that man is peace.

The Right Perspective

By Charles Huffman, Pastor
Faith Lutheran, Ozona
Hope Lutheran, Sonora

"When he saw he wasn't getting anywhere, Pilate took water and washed his hands before the crowd. 'I am innocent of this One's blood,' he said. 'See to it yourselves.' Matthew 27:24.

If you've ever attempted to draw a scene - or taken art classes, you know that one of the hardest things to master is the concept of perspective. For example, the encyclopedia tells us that the sun is thousands of times larger than the planet Earth. Yet it is interesting to note what we do when the sun is low on the horizon and glaring into our eyes. We simply hold up our hand in front of our face to block out that irritating light. Imagine - we can block out the sun! Of course, the reason is obvious. Although our hand is small, it is very close - while the sun, although very large, is far away. That's perspective.

The Right Perspective is one of the hardest things for human beings to

manage in their lives. Pilate's frustration shows how true that is. Having been plagued for hours by Jesus' trial, he tried to block out everything by renouncing any responsibility for the crucifixion of God's Son. He became like an ostrich, hiding his head in the sand - acting as if by those words he could block out the Son. People still do the same thing today. They try to ignore Jesus, or make light of Him - thinking they can block Him out. Some say He was nothing more than a teacher, yet who is to be kept out of our public schools today - to be kept in His place for an hour on Sunday morning. Some say that the Bible is irrelevant and filled with untruths.

It may seem that our hand can block out the sun, but it continues to shine - bringing its light and warmth to earth. The only spot where the sun is blocked out is right in our own eyes. Isn't that the same when it comes to Jesus, the Christ? The only place a human being can block out the Creator, Redeemer, and Sanctifier of life is for themselves. Although they may not see it, God still loves them (John 3:16) and His grace and care are still

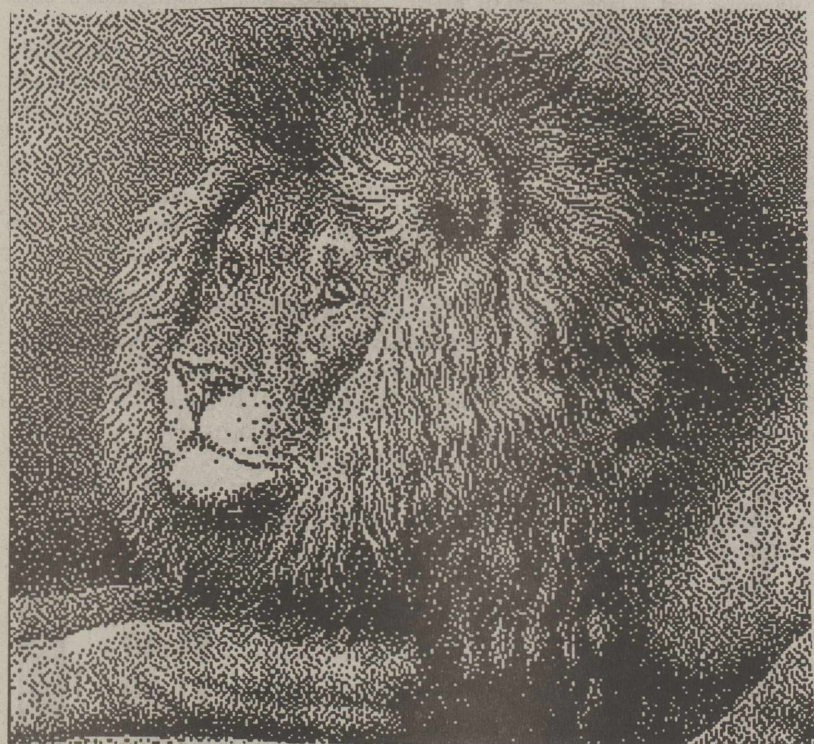

shining. And although they may not want to believe it, God will still judge them. They may try to say on the Last Day that they never saw Jesus, or realized He was there. They may try to excuse themselves, as Pilate did, and say that it wasn't their fault. But for them, as for Pilate, there will be no excuse - for God's Son was there, shining, and trying to save.

What a contrast to Christians who see with the eyes of Faith. They cannot pass by Good Friday's Cross and remain unmoved. They know the Man hanging there is God's Son - the Truth for all people in every age. He's not someone who can be ignored or dismissed lightly. When Christians look at the Cross they see the Savior - and their best Friend, dying in their place -for their sins. So I submit that in order to get the Right Perspective on the true meaning of Easter, we need to first go in spirit to the foot of Calvary's Cross. Only then can we live in the light of Jesus' Resurrection - and His victory over the powers of our real enemies - Sin, Death and the Evil One. You see, He wasn't trying out for the part of the 'Cadbury Bunny'! So celebrate the light of the Son!

Ozona Tennis Team Wins First

by Neal Ulmer, Stockman Sportswriter

The Ozona High School tennis teams traveled to Crane last Friday and Saturday, March 25 - 26, and conquered the Crane Tennis Tournament with the Lions taking first place and the Lady Lions second place. Ten teams played in the meet, with six teams from 3A schools.

Although the team placings and points were not available, the following teams participated: Crane, Ozona, McCamey, Iraan, Denver City, Colorado City, Clint, Eldorado, Reagan County, and Sonora.

In the boys' doubles division, the dynamic duo of Ryan Morris and Mickey White placed first by beating their own teammates Marty Martinez and John Vasquez. Coach Renee Schulze said, "I think the boys were on top of every aspect of their game."

Three Ozona boys played in the boys' singles division. James Nelson and Chris Cornett both lost three-set matches in the semifinals of the championship division. Dario Porras lost in the semifinals of the consolation di-

vision.

Another Ozona "dynamic duo", Jennifer Evans and Stefny Sutton won first place in the girls' doubles championship by defeating Eldorado. The team of Cassie Martinez and Cristina Cervantez lost in the finals of the consolation division.

Playing in the girls' singles division for Ozona was Ashley Farris. Farris lost in the semifinals of the consolation division.

The Ozona tennis teams will be playing in Mason Friday and Saturday, April 1 - 2. There will be approximately 27 teams competing from 2A to 5A schools. Coach Schulze said about the upcoming meet, "We are looking forward to a tough draw--probably Abilene Cooper."

Ozona will be hosting the district tennis meet April 9 and 11.

Annalu Suddreth and son Austin were here last weekend from San Antonio to visit her mother, Alice Lopez.

Relay Determines Outcome In San Angelo Meet March 25-26

by Neal Ulmer, Stockman Sportswriter

The Ozona Lions' track team was in the running for first place in Division IV of the San Angelo Relays last weekend, March 25 and 26, but came up short, falling to fifth place in the overall standings after the 1,600m relay.

Bright points in Ozona's winning title bid were Adam Carroll's first place in the discus, a third in pole vault by David Browne, and good second place runs by Anthony Sanchez and Charles Villarreal in the 300m intermediate hurdles and 1600m run respectively.

Track Coach Pete Maldonado commented, "Overall, we were satisfied with their performance and qualifying, but they didn't come back with the intensity."

The final standings and points in the boys' division are as follows: 1 Clarendon, 78; 2 Hale Center, 69; 3 Hamlin, 66; 4 Roscoe, 60; 5 Ozona, 51; 6 Eldorado, 36; 7 Springlake-Earth, 27; 8 (tie) Mason and Sunray, 24; 10 (tie) Wall & Stanton, 22; 12 Olton, 19; 13 (tie) Idalou and Wheeler, 18; 15 Spur, 15; 16 White Deer, 13; 17 Christoval, 2; and 18 Roby, 1.

Individual Ozona results from the San Angelo Relays and their regional standings are: Discus- 1 Adam Carroll, 141'10" and 3rd in region; 300m Intermediate Hurdles- 2 Anthony Sanchez, 41.20 and 3rd in region; 1600m Run- 2 Charles Villarreal, 4:46.52 and 2nd in the region; 3200m Run- 3 Charles Villarreal, 10:43.52 and 3rd in region; Pole Vault- 3 David Browne, 12'0" and fifth in region; 400m Dash- 4 Keith Miller, 53.24 and eighth in the region, 6 David Browne, 54.38 and 14th in the region; 800m Run- 5 John Ramirez, 2:07.92 and ninth in the region; 400m Relay- 6 Ozona, 45.60 team composed of Julio Martinez, Keith Miller, Chris Sanchez, and Anthony Sanchez and sets ninth in the region with a time of 45.32; and 1600m Relay- 5 Ozona, 3:31.96 and sixth in the region, with team composed of Keith Miller, Anthony Sanchez, David Browne, and John Ramirez.

The top ten teams' standings and points in the region at this time are: 1 Clarendon, 58 points; 2 Hale Center, 54; 3 Hamlin, 49; 4 Panhandle, 48; 5 Post, 38; 6 Boys Ranch, 32; 7 (tie) Ozona and Eldorado, 30; and 9 (tie) Olton and Wall, 24.

The next track meet for the Lions, JV Lions, and the Lady Lions will be in Wall on Thursday, March 31.

Lions Beat Reagan County In Baseball Action

By Neal Ulmer Stockman sportswriter

A windy, cool evening greeted the Ozona Lions' baseball team as they faced a young but determined Reagan County Owl team Tuesday, March 22. Coming from a 3-0 deficit in the top of the third inning, the Lions took control of the game and won 15-9.

Starting pitcher for the Lions was Pete Castenada, pitching four innings. Castenada got the win giving up two hits, four runs, five walks and striking out four batters.

Reagan County started a freshman pitcher who continued up to the top of the third inning. Coach Walker of the Owls pulled his starting pitcher out after walking two Lion batters, then proceeded to put in another freshman relief pitcher.

The Lions took advantage of the situation with the bases loaded when Tony Valencia got things going with a base hit driving in two runs. Another

run was scored when Castenada reached home plate on an Owl error.

The Lions loaded the bases again in the top of the fourth inning, then Chris Sanchez came up to the plate and hit a grand slam home run, bringing in four total runs to make the score 7-3. A base hit by an Owl batter brought in a teammate to score from second base, making the score 7-4.

In the middle of the bottom of the fourth inning, Coach Rod Schneider pulled Castenada and went with Chris Sanchez as the relief pitcher. Sanchez completed the inning but gave up two runs in the next inning.

The Lions came back strong in the sixth inning with eight runs scored. The Owls fought back and scored three more runs. Tony Valencia was sent in to relieve Sanchez in the bottom of the

sixth inning and proceeded to get the outs and the save.

Some of the hot hitters of the game were: Lance Jamerson, Michael Fay, Chris Sanchez and Pete Castenada. Hot fielders of the day were Michael Fay and Tony Valencia.

"We are improving with each game," said Coach Schneider commenting on the game. "We will have a much better showing with San Angelo Central JV. Our pitching has become much more consistent, and we are hitting the ball better."

By the time fans read this, Ozona will have played their next game with San Angelo Central JV on Tuesday, March 29. The next home game will be Tuesday, April 5, with Reagan County at 5 p.m.

Special Olympic Track Season Kicks Off

The 1994 Special Olympic track season kicked off Saturday when the Ozona Special Olympic team traveled to Crane for the Crane local Special Olympic competition. Making the trip was coach James Cox with athletes Luyita Fierro and newcomer Ruben Mendez. The trip was a success as Luyita won a first place medal in the 50 meter dash and Ruben took a first place in the 25 meter wheelchair race. Both athletes also won fourth place ribbons in their respective heats in the softball throw for distance.

Traveling to Crane to cheer the athletes on were Ruben and Alice Mendez with children Stacey and Jeffery, Harold and Jeannie Thompson, and Beverly Evans. Their support was appreciated by the team.

The schedule for the rest of the year is a local competition in Sonora April 8th, Area 14 games in San Angelo April 9th, and the Area 18 games in

Odessa April 16th. If Ozona has anyone selected to compete at the state level, that competition will be May 24-27 in Austin.

Ozona Junior High Cubettes Win Eldorado Track Meet

by Neal Ulmer, Stockman Sportswriter

The Ozona Junior High School track teams were a dominant force in the Eldorado Track Meet held Friday, March 11. Seven teams participated in the four-division track meet.

Competition was close in some areas as teams participated from Crane, Eldorado, Iraan, Junction, Ozona, Sonora, and Wall. The four divisions were 7th girls, 7th boys, 8th girls, and 8th boys.

Enabling VS. Empowering

The goal of good parenting is to guide children from dependency to independence and self-responsibility—a tough process that takes a long time. Parents can act in a number of different ways to achieve this goal.

Young people become independent and responsible when they are empowered. However, most parents are highly skilled at "enabling" and unskilled at "empowering" their children and adolescents.

One of our extension Family Life Specialists, Dr. Sarah Anderson, has said that enabling involves protecting a child from the consequences of his or her own choices. Things we might do as parents which are enabling include:

- *Doing too much for them
- *Controlling or punishing
- *Over-protecting and rescuing
- *Lying for them
- *Giving them too much
- *Living in denial

Empowering, on the other hand, means turning over control to adolescents as soon as possible so they have power over their own lives. It involves letting both young children and adolescents suffer the consequences of the choices they have made. Empowering responses include:

- *Doing "nothing" with love—this means listening and giving emotional support without "fixing" or discounting what they feel
- *Teaching life skills
- *Working on agreements through family meetings or doing problem-solving
- *Letting go—without abandoning

*Deciding what you will do with dignity and respect

*Sharing what you think, how you feel and what you want without lecturing, moralizing, insisting on agreement or demanding that anyone give you what you want

*Sticking to the issue with dignity and respect

Most of us tend to use enabling responses first—it's simply a gut reaction to protect our young. But mistakes and failures are a part of maturing and growing up. Only when parents understand that learning from one's own mistakes and failures is an important part of a successful life process can they understand the importance of using empowerment rather

Easter Egg Tips Keep Holiday Safe

Tradition at Easter is one thing, but safety is another, says Crockett County Extension Agent-Home Economics Tedra Ulmer. If your holiday traditions include an exciting egg hunt for the kids, here are a few hints to make sure the entire family doesn't end up in the emergency room on Sunday evening!

First, buy Easter eggs no more than one week in advance; store them in their original carton in the refrigerator before preparing. After the eggs are decorated, return them to the carton for storage.

Inspect the eggs before purchasing (always a good habit). Don't buy dirty or cracked eggs. Don't cook eggs which are already cracked, and don't feed them to the family pet—throw them away, because they are a potential source of the deadly Salmonella bacteria.

After cooking and cooling, dry and refrigerate or decorate eggs immediately. Never decorate cracked eggs—if you plan to use them, do so immediately. "Never hold eggs or egg-containing dishes at room temperature for more than two hours," said Ulmer.

When playing Easter Bunny, don't hide eggs where they may come into contact with pets, wild animals, birds, insects, reptiles, or lawn chemicals. Try not to hide them in direct sunlight, to minimize exposure to heat. Also gather the eggs as soon as possible after they are hidden. Refrigerate them immediately.

"Don't allow eggs to be hidden overnight—be sure to caution your little ones about not eating eggs that are found later in the day or several days later!" said Ulmer, adding that any eggs used for table decorations should not be used for eating purposes.

"There are some other ideas for egg-hunting that are also safe and fun," the agent noted. One is to use colored plastic wrap to bundle a small amount of jelly beans or Easter candy. Tie with ribbon and hide just like eggs, or attach to a small painted branch in a flowerpot as a table decoration.

Another idea helps hunt organizers with widely varying ages of children—try "color coding" the eggs with different colors of plastic wrap. Each age group or child can be assigned a specific color to hunt for, so even if the oldest ones find all the eggs, they can only take their own color—and no one ends up with an empty basket.

"And one more tip for moms who are tired of finding plastic "Easter grass" under the sofa in August—try using the colored plastic wrap or cellophane in the kids' baskets instead of the shredded grass—just "scrunch" up crisscrossed sheets of the wrap to form a neat, no-mess nest!

One other important safety tip—parent should "scout out" locations for egg-hunting and make sure there are no snakes, wasp nests or bees around the area where the children will be searching. Trim tall grass and cut back weeds before the big day to

minimize risk, and be sure to have anti-sting medication and a first aid kit on hand just in case.

"With a little forethought and planning, you can have a safe, happy Easter that everyone will remember for the right reasons," said Ulmer.

The Texas Agricultural Extension Service has a number of publications and much information available on food safety. For more information, contact the Crockett County Extension Office at 392-2721. Educational programs and information are provided to all citizens regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

4-H Contest Deadlines Approaching

Deadlines for entries in springtime 4-H contests are fast approaching, and anyone intending to participate needs to contact the Crockett County Extension Office.

Teams are being formed for wool and mohair judging, range judging and plant identification. Those interested in either individual or team participation in public speaking events such as method demonstrations and illustrated talks are encouraged to set an appointment with County Extension Agent Tedra Ulmer as soon as

possible. Several teams and individuals are currently working on their presentations, and the due date for entries is April 10th.

Anyone interested in submitting a design for the 4-H fashion design contest—either an accessory, garment or textile—should also come by and pick up the materials as soon as possible. "This costs absolutely nothing to do and is great for youth with creative talent!" said Ulmer. Design portfolios are due in the county office on April 10th, also.

Senior 4-H members are reminded to attend Texas 4-H Roundup in June they must qualify as either a member of a team or in a demonstration category. "We encourage those on teams who really want to go to Roundup to think ahead and sign up for a demonstration category in case their team doesn't qualify," said Ulmer.

For more information or to plan a demonstration, contact the Crockett County Extension Office at 392-2721.

MONTY PRICE and his son with some of the ostrich and emu at their Rock Ranch near Iraan. The Price family made a dream come true when they entered the business of raising the big birds.

Rock Ranch Home To Big Birds

In August 1992, Monty and Susan Price and their family moved to the community of Iraan to pastor Faith Fellowship Church.

Raising emus had been a dream of theirs since 1990, when they had the privilege to meet Mark Solomon of the Emu Plantation in Lovelady. Good friends of theirs then began working for Mark, and so their interest was sparked. Monty and Susan knew when they came to Iraan they would need a place to live with some acreage, but were told that this would be nearly impossible to find in Iraan.

Monty eyed Rock Ranch on Hwy. 190, 16 miles east of Iraan, and learned later that it was for sale. They purchased the property in March 1993. The 47 acres has plenty of room for the expanding operation, and currently is the home of nine adult ostrich, 14 adult emus and six adult rheas, plus 40 baby emus to date. The Prices own some of the birds as well as board birds for others.

Emu ranching is an exciting new frontier, and every part of this bird is marketable. Each adult emu has approximately five liters of oil in its back which is known to have healing properties for arthritis and a variety of skin ailments. Emu oil is being used in several brands of cosmetics and can be purchased in several major department stores across America. Emu meat is very low in cholesterol and fat and is being served in gourmet restaurants in the U. S. and also served in Japan.

Filing Deadline For Disaster Loans

Businesses in some Texas counties have until April 11, 1994, to file applications for low-interest disaster loans from the U. S. Small Business Administration. The SBA's Economic Injury Disaster Loans are available for businesses dependent on farmers and ranchers sustaining crop losses from drought, high winds and range fires which occurred Aug. 1, 1992, through April 19, 1993, and hail, high winds and a tornado March 30, 1993. Farmers and ranchers are not eligible for these SBA loans. However, nurseries that are victims of drought disaster can apply.

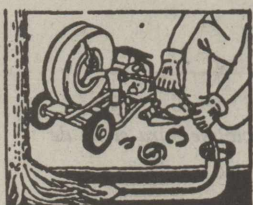

Businesses in Brewster, Crockett, Pecos, Terrell and Val Verde counties affected by drought, high winds and range fire which occurred Aug. 1, 1992, through April 19, 1993, also have until April 11, 1994, to file an application.

Applications and further information can be obtained by calling the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired.

These loans are intended to assist businesses in offsetting working capital losses which they suffered as a result of the drought, hail, high winds, tornado and range fire reducing the crop income of the area farmers and ranchers. Small businesses claiming to have been physically injured by the weather are not eligible.

FmHA Committee Nominees Needed

Eligible farmers in the Schleicher area are invited to become nominees for the Farmers Home Administration County Committee, FmHA county supervisor Fred Greenway announced last week.

As a result of the 1985 Farm Bill, one of the three members of the FmHA County Committees are elected. The third member is designated by FmHA. The county committees assist the FmHA County Office in determining the eligibility of applicants for certain types of FmHA loans.

"Farmers in this county, serving on the committee, play an important role by assisting in the process of loan applications and reviews," said Mr. Greenway.

Nominating petitions must be returned to the Eden FmHA County Office by May 19, 1994. Additional information and application forms for those who are interested in becoming nominees for the county committee are available at the Eden County Office, or you may call 915-869-3941.

These tiny, yet full grown horses measure but 27 1/2" tall, and are the only specimens ever to have been removed from the fog-shrouded valleys of Tibet, through a very special lease arrangement with that country's government.

As an added attraction for the 1994 tour, King Royal Bros. proudly presents "Cool Duke McLuke" and his petite human target Kitten O' Dare in a parody display of precision-throwing razor sharp knives, sabers, and hatchets at one another from a distance of 47 feet while blindfolded.

"Surprise" Wins For Ozona Youth In Houston

Stefny Sutton of Ozona, took home the titles of reserve champion buck and reserve champion doe in the Open Class Angora Goat Show at the 1994 Houston Livestock Show Monday.

Sutton, 17, said she never expected to win in both divisions. The reserve champion doe earned

the name "Surprise" five years ago when her brother won grand champion with the doe in Kerrville.

"We've shown her ever since and she's always placed high," Sutton said. "She's still winning."

Sutton has been showing Angora goats for seven years and said Surprise always goes with her.
