County Voters Head For Polls In General Election Tuesday

C Of C Members, Directors

To Hear WTCC Representatives Tonight

Sonora Chamber of Commerce members and directors will meet with representatives of the West Texas Chamber of Commerce at the school cafeteria here Thursday night, November 3.

Purpose of the meeting, which will begin at 7:30, is to acquaint local members with the progress and problems of Chambers of Commerce and the West Texas Chamber.

Present for the meeting will be E. H. Danner of San Angelo, vice-president of WTCC, and Ralph Duncan, WTCC field service manager.

The meeting will be brief and informal with time for questions and comments following a report by Danner. H. V. (Buzzie) Stokes, WTCC director and Sonora Chamber of Commerce manager, will preside.

EXPLORER SCOUTS PLAN TURKEY SHOOT NOV. 13

Sonora Explorer Scouts, Post 19, will hold a turkey shoot at Sonora Municipal Airport, Joe Berger Field, on Sunday, November 13. The four-hour event will begin at two o'clock that afternoon.

The shoot will offer an excellent opportunity for shooting in rifles and shotguns in preparation for hunting season which will open Wednesday, November 16.

Novelty shoots will be offered as well as standard shooting contests.

Sutton County voters will join voters all across the nation Tuesday, November 8, in casting their ballots in the general election. Voting places are located at the courthouse, the Sonora Wool and Mohair Company Warehouse, Cedar Hill School and the John Reiley Ranch.

A record turnout of voters is expected here as elsewhere. In the 1956 general election, 89 percent of the eligible voters cast their ballots in this county. There were 952 paid poll taxes at that time, and 842 votes were cast. This year 1,105 poll taxes have been paid.

Appearing on the ballot will be:

For President and Vice-President: John F. Kennedy and Lyndon B. Johnson; Richard M. Nixon and Henry Cabot Lodge; Charles L. Sullivan and Merritt B. Curtis; Rutherford L. Decker and E. Harold Munn.

For Governor: Price Daniel and William M. Steger.

For Lieutenant Governor: Ben Ramsey, Gilbert N. Harrison, and Philip Lee Eubank.

For Attorney General: Will Wilson, Gordon Treadaway and Muckleroy McDonnold.

For United States Senator: Lyndon B. Johnson, John G. Tower and Bard A. Logan.

For Chief Justice of the Supreme Court: Robert W. Calvert.

For Associate Justice of the Supreme Court, Place 1: Clyde E. Smith.

For Associate Justice of the

Supreme Court, Place 2: Joe Greenhill.

For Judge, Court of Criminal Appeals: W. T. McDonald and Ruben R. Lozan.

For Railroad Commissioner: Ernest O. Thompson, G. W. Ewing, Jr., and I. C. Jarman.

For Comptroller of Public Accounts: Robert S. Calvert, Mrs. Hargrove (Aleene) Smith and Joseph M. Rummel.

For Commissioner of General Land Office: Jerry Sadler, Axel Byles and W. C. "Doc" Miller.

For State Treasurer: Jesse James, Allen Lacy and Bert Ellis. For State Commissioner of Agriculture: John C. White, Clarence Danklefs and R. L. Peters.

For Chief Justice, Court of Civil Appeals, 4th Supreme Judicial District: William O. Murray.

For Congressman, 21st Congressional District: O. C. Fisher.

For District Judge, 112th Judicial District: Steve Preslar.

For District Attorney, 112th Judicial District: Connell Ashley.

For State Representative, 78th Representative District: James E. (Jim) Nugent and W. G. (Bill) Stacy.

For Sheriff, Tax Assessor-Collector: Herman E. Moore.

For County Treasurer: E. Lucille Hutcherson.

For County Attorney: Jerry N. Shurley.

For County Commissioner, Precinct 1: T. E. Glascock and Norman W. Rousselot.

For County Commissioner, Precinct 3: Estes Adams.

For Constable, Precinct No. 1: W. C. Bricker, Sr.

Also to be voted on are four proposed amendments to the state constitution.

Voters To Decide On These Four Proposed Constitutional Amendments

(Editor's Note: THE CONSTITUTION OF THE STATE OF TEXAS is our fundamental law. It establishes and limits the authority of our Legislature and of State officials. It prescribes the power which may be exercised by local subdivisions of government. It protects the rights of private citizens.)

It is not the purpose of these analyses to indicate how anyone should vote, but to present facts which will be helpful in determining whether these amendments are desirable.)

H.J.R. 39-HOSPITAL DISTRICTS IN LAMAR AND HIDALGO COUNTIES AND IN PART OF COMANCHE COUNTY. Under House Joint Resolution No. 39 the Legislature could authorize creation of special hospital districts in Lamar County, Hidalgo County and Commissioners Precinct 4 of Comanche County.

No tax could be levied in any of these district until it was approved by majority vote of the participating resident qualified taxpayers voters of the district who had duly rendered their property for taxation. The rate could be changed at subsequent elections so long as the obligations of the district were not impaired and so long as the rate did not exceed the maximum established by the constitutional amendment.

S.J.R. 6-INCREASING THE LIMIT ON THE INTEREST RATE ON VETERANS BONDS TO 3 1/2% Senate Joint Resolution No. 6 would permit a rate of interest not to exceed 3 1/2% on bonds issued hereafter for the

benefit of the Veterans' Land Fund. The limit is now 3%.

Proceeds of these bonds go into the Veterans' Land Fund to be used for the sole purpose of purchasing lands to be sold to Texas War Veterans. Under this program veterans are assisted in the purchase of land by loans to them repayable at low interest rates over a long period of time. Support of the program by Texas citizens is evidenced by the fact that when initially established by amendment to our Constitution in 1946, and on the occasion of approving additional bonds in 1951 and 1956, the majority vote was substantial. The proposed rate will not guarantee immediate sale of these bonds; but experts in the field of finance think the 3 1/2% rate should prove sufficient under average bond market conditions.

H. J. R. 3 A YEAR SALARY PLUS A PER DIEM FOR MEMBERS OF THE LEGISLATURE House Joint Resolution No. 3 proposes to pay members of the Texas Legislature a salary of \$4,800 per year plus an additional \$12 per day while the Legislature is in session. The daily pay, or per diem, would be for a maximum of 120 days of a Regular Session (even though the session could be extended to 140 days). It would be paid for the full 30 days of any Special Session.

Thirty-four states use a salary plan for compensating members of their legislatures.

Proponents of this plan believe that a yearly salary of \$4,800 would make it possible for many good citizens to serve in the

Your Vote Does Count!

A record number of voters are expected to cast their ballots in the forthcoming election according to predictions. And all indications point to this election's being one of the closest in the history of the United States—even closer than the Truman-Dewey race, say the experts.

Yet it is shocking to note that while we live in "the land of the free", Americans are among the world's most indifferent when it comes to voting. In what we know as the "freed world", Australians lead in percentage of eligible persons voting. In the last general elections held in each of these countries percentages of eligible voters casting ballots were 95.48 per cent of Australians; 88.2 per cent in West Germany; 82.8 per cent in Israel; 80 per cent in Canada; 78.7 per cent in Great Britain, and 77.4 per cent in Sweden.

But only 60.4 per cent of eligible Americans backed up their convictions by voting in 1956, the last general election year.

America is a free country—you don't have to vote if you don't want to. As well-known radio personality said recently—voting and breathing are two things everyone can exercise a choice on. You don't have to do either one and the end result is the same.

Park Assn. Names Wilson President At Annual Stockholders Meeting

Duke Wilson was named to head the Sonora Park and Horse Show Association Thursday night, October 26, when stockholders held their annual meeting. Other officers named included Jerry Shurley, first vice-president; Bill Morris, second vice-president; Lawrence Finklea, secretary, and Joe B. Ross, treasurer.

Elected to the Board of Directors were Lea Allison, R. A. Halbert, Sears Sentell, J. M. Vander Stucken, Dan Cauthorn, Stanley Mayfield, Wesley C. Young, Bill Stewart, Andy Moore, W. L. Miers, W. J. Thompson, W. B. McMillan, James Hunt, Louis Powers and H. T. Espy.

Out going secretary Gene Shurley presented a financial statement which showed the organiza-

tion to have an indebtedness of approximately \$2,500.00 and a bank balance of \$2,086.00. The association spent approximately \$6,500.00 during 1960 for permanent improvements. 1959 expenditures amounted to some \$4,000.00.

Friday Deadline For Casting Absentee Ballots

Friday, November 4, is the deadline for casting absentee ballots in the forthcoming general election. County Clerk F. L. McKinney, in whose office absentee voting is held, reported 44 absentee ballots cast as of Wednesday morning. This compares to a total of 41 absentee ballots cast in the 1956 general election. Persons who are physically unable to appear at the polls on election day may vote by mail. They should request applications for ballots from the clerk's office and all ballots mailed must be in that office by one o'clock in the afternoon of the election.

Persons who expect to be out of the county on the day of the election may vote in person at the clerk's office in the courthouse.

Persons now out of the county and who do not expect to return for election day may obtain absentee ballots by written request only, postmarked out of the county. These ballots, too, must be in the hands of the clerk by one o'clock the afternoon of November 8.

Broncos Bow To Eldorado 2-0 In Conference Play Friday

Sonora High School's perfect record fell by the wayside Friday night as the Broncos lost a hard-fought battle with Eldorado 2 to 0. It was a defensive game all the way with offensive action all but impossible in the rain and drizzle which fell all during the game. It would have been a great night for water polo.

It was the Eagles' eighth consecutive victory of the year and gave them the lead position for championship of District 8-A.

The game was scoreless until the last 33 seconds of play when Eagle Center Pete Logan grounded Bronco Quarterback Primo Gonzales behind the Bronco goal line for the telling two points.

Only two real offensive drives developed during the game, the first by Sonora in the second quarter when the Broncos drove from the Eagle 45 to the 9 where they were stopped one yard short and the ball went over on downs.

Eldorado's push came late in the fourth period when the Eagles advanced from the Bronco 22 to the one, only to lose the ball on downs. It was from this point that the crucial tackle was made and the game won.

Elsewhere in 8-A conference play Junction and Big Lake slugged out in a 0 to 0 tie in Junction.

The Broncos will rest this week while Junction meets Ozona and Eldorado takes on Big Lake.

Hit And Miss Rains Fall Over County Last Friday

Spotted rainfall, varying from light sprinkles to good rains, fell in the Sonora area Friday night. The moisture followed the same erratic pattern which has characterized rainfall all year.

Representative rainfall reports collected by the Soil Conservation Service are as follows: Bob Hardgrave .90; R. A. Halbert 1.30; Harold Friess .70 to 1.40; Dan Cauthorn .30; Jo Hardgrave

.90; Harold Schwiening 2.20; J. V. Alley 1.60 to 3.00; Clara Allison 1.30; Thomas Morriss .50 to .70.

Hattie B. Epps .75; Lester Shroyer 1.00; Vestel Askew 1.20; G. H. Davis .91; R. W. Wallace .80; Gene Wallace .90; John Ward 1.10; Sonora Wool and Mohair Company 1.25; Hospital Ranch 1.00; Fred Earwood 1.00; Edgar Glascock 1.30 and Ben Mittel 1.00.

The moisture will increase chances for survival of the heavy crop of winter weeds where were germinated by rains received earlier in October. Texas wintergrass, our primary winter-growing grass, will also benefit greatly from the additional moisture.

The first significant frost of the season occurred October 31, but damage to range vegetation was expected to be light.

I Give You Texas

By Boyce House

When I was a youngster, I associated greatness with winning. Therefore it was a matter of great surprise to me when, one season, the sports writers selected as the league's outstanding manager, Kid Eberfeld. His team was in last place.

What the sports writers were saying was that Eberfeld had almost no material and deserved the honor of "manager-of-the-year" for accomplishing something with little.

If winning were the only test, then the greatest general in history would be a man that most people never heard of—the Duke of Marlborough, of whom it was said that he never besieged a city he did not capture, and never fought a battle he did not win.

But a leader may win because he has superior numbers or heavier guns or because of luck or because he is opposed by poor generals.

Napoleon is generally considered the greatest military genius of modern times—yet he lost battles and died a prisoner on a rocky island.

Robert E. Lee is considered by many to have been the greatest general of the English-speaking races—(Theodore Roosevelt, for one, thought so)—yet Lee lost battles and the Confederacy, for which he fought, fell.

As one philosopher expressed it, "Success is not in winning—but in playing a poor hand well."

I didn't see "Giant" until I caught it at a second-run theater in Oklahoma City. The musical background is "The Eyes of Texas" and I expected it to be greeted with boos—but it only reminded the Sooners of their numerous victories over the University of Texas football team. (Before 1958 and 1959!)

In another Oklahoma City theater, I saw a frontier movie of settlers and Indians—and when the cavalry was riding to the rescue of the settlers, I was afraid to cheer.

Daniel Webster once found himself the only passenger on a stage-coach. The driver was a villainous-appearing individual who kept turning and looking back at Webster.

The passenger decided that the driver was actually a robber and at last said, "Why don't you go ahead and rob me?"

The driver exclaimed, "Rob you? I thought you were a robber."

There was an editorial writer who sometimes didn't feel up to writing an editorial. This usually occurred on a Monday. So he

POLITICAL CALENDAR -- 1960

NOW IS THE TIME TO MAKE PLANS FOR THIS BIG YEAR OF ELECTIONS. KEEP THIS CALENDAR HANDY FOR YOUR REMINDER.

OCTOBER 19-NOVEMBER 4—Absentee voting for general election. Persons may vote absentee at any time not more than 20 days nor less than three days prior to election.

NOVEMBER 3—Deadline for correcting poll tax receipt or certificate showing transfer to new precinct in city of 10,000 population, before general election.

NOVEMBER 8—General election first Tuesday after the first Monday in November.

DECEMBER 19—Presidential electors convene in the capitol in Austin and vote for president and vice-president of the United States.

DEMOCRATS FOR KENNEDY & JOHNSON

TO CONSERVATIVE REPUBLICANS:

It is a fact that the Government owes 21 Billion Dollars more in 1960 than in 1952; that the cost of living has gone up every month except two since 1952; that steel alone has gone up 85% and several articles in retail store has gone up as much as 285%; that farm and ranch income has dropped 17% by figures from Washington, this from all over the United States, but in this area it is closer to 27%.

What has happened to Social Security since 1952? Every Rancher and Farmer has had in pushed down his throat whether he wanted it or not. In 1952 when the Republicans took over the rate was 3 1/4% and in 1960 it is 6%, and the amount of money paid on was raised from \$4,200.00 to \$4,800.00.

In 1952 we had a surplus of 2 1/2 billion dollars; in 1960, they don't tell you from Washington how much we are in the "red", simply it may catch up by 1973.

Mr. Republican, who was in the White House in 1920 when the oil got so sick that the oil went to 20c a barrel and there were 20 ghost towns in Eastland and Callahan Counties alone? Cows went from \$100.00 to \$8.00; wool from 75c to 17c. Who was in the White House in 1929 the suicide year that wool went from \$1.00 to 8 1/2c?

Cows went from \$150.00 to \$8.00 and \$10.00. Calves sold as low as \$4.00 to \$8.00; mohair went down to 5 1/2c, and lambs sold for \$1.00 to \$1.50. We had a surplus of all commodities, but you could not sell or find a buyer, yet there was a soup line in every major City in the U. S. You could not buy a job anywhere.

Lots of Ranchmen were 3 years behind in their taxes when they began to dig out. Is it a fact that 2,100,000 little Farmers and Ranchmen have been pushed off since 1952? How many ranches and farms got electricity under a Republican Administration? What about Dixon-Yates—the bayonets in Little Rock; Sherman Adams? the two fellows in Our Intelligence and Code Department that went to the U.S.S.R.?

Vote for Jack Kennedy, a statesman who did not climb the political ladder, yelling "Pinkie" or hanging on a war hero's coat tail.

Thanks you,

Second Doe Harvest Recommended

By Game Commission For County

The Texas Game and Fish Commission personnel reports that the deer census for Sutton County has been completed and recommendations for doe harvest have been approved by the Austin Office.

Bill Tutor, game biologist for

Sutton County, has announced that doe permits will be issued at the Court house from the County Judge's office. All Sutton County landowners or their authorized agents are urged to pick up their permits between 8:00 A. M. and 5:00 P. M. during the week of

November 7-11.

Project personnel of the Sutton, Edwards and Crockett County area noted an increase in interest in the doe deer harvest over last year. Calvin Van Hoozer, game assistant, has said that many ranchers have told him that they were willing to kill all does that they could obtain permits for.

Tutor said with this kind of cooperation from ranchers and landowners there will eventually be a good deer management program established in Sutton County.

Dr. and Mrs. J. F. Howell left Wednesday for a trip to Itta Bena and Winona, Mississippi. They will attend the LSU-Ole Miss game in Oxford, Miss., Saturday and on Sunday will go to St. Louis, Missouri, where they will attend the convention of the Southern Medical Association and its auxiliary. Dr. Quast of Houston will be in Dr. Howell's office while he is gone.

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself... and you

On September 29, Ford Dealers set an industry trend—were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built. Drive a '61 Ford soon.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube job (which costs about \$4.00*) will get you set for another 30,000 miles.
Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
Adjusts its own brakes—New Truck Size brakes adjust themselves automatically for the life of the lining.
Guards its own muffler—Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.
Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.
Takes care of its own finish—New Diamond Lustre Finish never needs wax.

USDA Reports New Treatment That Shrinkproofs Wool Fabric

U. S. Department of Agriculture scientists have discovered a new treatment that shrinkproofs wool fabrics and makes them safely washable in machines.

Their discovery is essentially a way to cover wool fibers with an ultrathin coating of a polyamide that is chemically similar to one type of nylon. Treated fabrics retain wool's natural soft texture, yet they wash without shrinking and dry without wrinkling.

The new treatment can be combined with USDA's recently announced ethanolamine method for putting permanent pleats and creases in wool fabrics. It differs, however, from the shrinkproofing treatment previously reported, in which modified epoxy resins are used.

The new approach to wash-and-wear wool is a development of the Western Regional Research Division of USDA's Agricultural Research Service in Albany, California, the same laboratory that developed the resin and ethanolamine treatments. Chemists responsible for the polyamide treatment are W. L. Wasley, R. E. Whitfield, L. A. Miller and W. Fong.

Using interfacial polymerization, a reaction well known to chemical researchers, these chemists immerse wool in a dilute

solution of a diamine and then immediately draw it through a dilute solution of diacid chloride. Under suitable conditions, a very thin and extremely durable polyamide film is formed on the surface of the wool fibers. The researchers say the film is so thin that it increases fabric weight as little as one percent or less.

Commercial equipment should be suitable for the application. Following treatment, the fabric is simply rinsed in water and dried. No heat curing is necessary.

In laboratory tests, the new treatment has proved successful for shrinkproofing wool suitings, knitted wear, blankets and other wool goods. Treated garments endure repeated machine washing, dry cleaning, wear stress with superior retention of dimensions, colors, softness and resilience. The treatment may find application also as a coating for materials such as other natural fibers and paper.

Mrs. James Morris, Johnny and Jimmy visited relatives in Carrizo Springs last weekend.

HORSEPOWER THAT MAKES SENSE FOUR CYLINDERS TO SAVE GAS! THE NEW SWEET RUNNING TROPHY 4 ENGINE FROM PONTIAC PERFORMANCE SPECIALISTS!

The new Trophy 4 engine puts real performance in the Tempest and cuts gasoline bills to boot. This new baby is *eager to move out* for safe passing. Holds the going pace on any expressway. Breezes up steep hills in high gear. This new 195 cubic inch displacement, 45° inclined, short stroke, 4 cylinder engine has a wide range of h.p. ratings. With single-barrel carburetor and stick shift: 110 h.p. (regular gas) or 120 h.p. (premium gas). With the same carburetor and extra cost automatic shift: 130 h.p. (regular gas) or 140 h.p. (premium gas). Want still more? Order the 4-barrel carburetor with the automatic and jump the output to **155 h.p.** (Or buy the 155 h.p. aluminum V-8 option.)

Rear axle drive and transmission are combined (a trans-axle). Flexible shaft from front engine delivers smooth, quiet power. Perfect 50-50 balance gives a flat, level ride that no other new-size car can touch. *Rides like the big ones!* An equal load on every wheel. Steering is light and easy! Better braking and improved traction in snow, sand or mud! *Independent suspension at all wheels.* Swing axles keep Tempest on an even keel over bumps, ruts, dips and holes! *112" wheelbase.* Long enough for a cradled ride—short enough to handle like a sports car. *Big 15" wheels.* Good road clearance. Long tire life. (13" compact tires turn at least 4900 more times to go 100 miles.) *Seats six men.* The big transmission hump is gone. The middle man can stretch out size 12 brogans! *Wide-Track, too!* The track is up to 3 inches wider than most compacts. Less lean. Less sway. Better cornering. *Pontiac dealers have it—and they have it now!* A four-door sedan... a station wagon... a full line-up of accessories. Try the Tempest out for an hour—you'll want in for keeps! It's priced with the compacts!

Attorney General Clarifies Law On Place Of Residence And Voting Rights

State Attorney General Will Wilson last week returned an opinion on the voting rights of persons who have resided in the State more than one year but have changed their residence from one county to another less than six months before the election, and who paid their poll tax in some county.

In his opinion, Wilson states: "In order to be a qualified elector of this State, a person must meet both conditions of residence set out in Article VI, Section 2 of the Constitution; namely, residence of one year in the State next preceding the election, and

Continued From Front Page
Legislature, who have heretofore refused to run for office, because it would enable them to devote whatever time is necessary to legislative work.

Opponents of this amendment generally favor an increased per diem. They think an annual salary is more likely to attract people who want to make the Legislature a full time job. They argue that men who spend the major part of their time in private employment make better legislators because they are closer to the people and their problems.

H.J.R. 6 AUTHORIZING THE LEGISLATURE TO CLASSIFY LOANS, LICENSE LENDERS AND FIX MAXIMUM RATES OF INTEREST THEY CAN CHARGE House Joint Resolution No. 6 would give the Legislature authority to classify loans and lenders, to license and regulate lenders, to define what part of the charge made on loans should be considered interest and to fix the maximum rate of interest which should be charged.

Numerous studies have been made of abuses in the small loan field. This proposed amendment is the result of a thorough analysis of the subject made in 1958 by the Texas Legislative Council. The Council concluded that abuses cannot be controlled without destroying a needed source of loans, unless the Legislature is given the authority to define those items which represent reasonable costs of doing business. The Legislature would then be able to enact small loan laws, such as 37 state have now.

residence the last six months in the district or county in which he offers to vote.

"A person, otherwise qualified to vote, who has resided for six months in a defined district of the State which includes the county of his former residence and the county of his new residence, but has resided less than six months in the county of his residence at the time of the election, may vote for offices of the district and for all offices which are voted on throughout the State, but he may not vote for offices of districts in which he does not have the six months' residence or for county and precinct offices. A person who does not meet the requirement for six months' residence in the district or county is not entitled to vote for any office.

"The only place a person may vote is in the county of his residence at the time of the election. Upon change of residence from one county to another, a person loses his right to vote in the county of his former residence even though he may be unable to vote in the county of his new residence."

Mr. and Mrs. Miers Savell have returned from a two-week trip to Colorado Springs, Colorado, where they visited with their daughter and family, Mr. and Mrs. Charles E. Shannon, Jr., and Matt. While in Colorado, Savell killed an 11-point buck, with 30-inch spread. It dressed 220 pounds.

FREE VOTE

Too many Democrats have the mistaken notion that if they voted in the 1960 Democratic primary, they cannot vote Republican in the November general election.

The Constitution of the U. S. protects the right of every citizen to vote in free elections, by secret ballot.

In recent years political parties have tried to bind the vote of the people by incorporating "loyalty pledges" on their primary ballots. The recent State Legislature passed a law requiring poll tax receipts to be stamped at the party primaries. These are attempts to create the impression among voters that once they vote in a party primary they are required to vote the same way in General Elections.

These so-called "loyalty pledges" and stamped poll tax receipts ARE NOT, I repeat, ARE NOT legally binding on any voter.

You are entitled under the Constitution to VOTE for whomever you feel is the man for the job, regardless of party. You may vote a "split ticket" if you feel that by so doing our country will be benefited by strong men from each party.

Exercise this right as a free, unbound American citizen.

Devil's River Philosopher Wants World To Keep Production Costs Up On Bombs, Same As Pickups

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River seems worried about deflation in the bomb market, his letter this week indicates.

Dear editor:

When I turn on a hydrant and see running water, I sometimes think science is man's greatest

benefactor, but when I pick up a newspaper, I sometimes think it's his worst enemy.

For example, I read in a newspaper last night that science has now discovered a cheap way to produce a nuclear bomb.

Before I go any further, I don't know whether you're in the habit of shifting gears in your

mind when you get up on the international level or not, but it's necessary to follow a discussion of this type, and I will appreciate it if you'll stop and do it. That is, take the word "cheap." If you're in low, or ordinary gear, cheap means cheap, like low-priced automobiles before they became high-priced, or a \$40 suit marked up to \$50 and then marked down to \$39.95, but in international, or high-gear thinking, cheap means something else. The first atomic bomb cost, I think, better than a billion dollars, but this new method science has developed can produce one for around 50 million dollars. I'm not trying to be funny, that is comparatively cheap.

At any rate, if a nuclear bomb can now be made for 50 million dollars, the experts figure at least 20 other nations besides the three or four that now have it can

soon have the bomb too.

This is the reason I say scientists seem to have as their goal working themselves out of a job, because I can name some of those 20 nations it's going to be highly unhealthy to let have the bomb.

You take Cuba. If all that's standing between Castro and a hydrogen bomb is 50 million dollars, he can make that much just by getting on television one afternoon and taking over a few more American businesses over there. In fact, I guess you'd say Castro is the highest paid television performer in the history of the industry. I understand some American television stars make a million dollars for 52 shows a year, but Castro can make 50 times that much the first 30 minutes he's on the air. Ask any American who's lost a refinery over there. And he sometimes

Mr. and Mrs. Max G. Hardegree, Mickey and Kathy, were in Ben Wheeler last weekend attending the golden wedding anniversary of his parents.

Mrs. Ruble Glimp and children of Uvalde spent last weekend visiting her parents here, Mr. and Mrs. Henry Wyatt.

speaks for four or five hours.

Now I don't trust Castro with a B-B gun and a bag of chicken feathers, not to mention Castro with three or four hydrogen bombs and three or four planes and enough gasoline to fly to you know where.

If scientists were smart, they'd make hydrogen bombs more and more expensive to make, like pickups. What's got in to em, anyway?

Yours faithfully,
J. A.

DON'T GAG YOUR VOICE IN AUSTIN !

In our present Legislative Race we have a CONSERVATIVE Democrat vs. a REPUBLICAN. LET'S ELECT A CONSERVATIVE DEMOCRATIC LEGISLATOR!

WHY?

All of the present 150 members of our State Legislature are Democrats. All of our present State Officials are Democrats. Many of them are CONSERVATIVE DEMOCRATS.

Our choice lies between a CONSERVATIVE Democrat and a Republican. The best interest of the 78th District will be served by a Democratic member of the Legislature.

The Conservative DEMOCRATIC VOICE WILL BE HEARD IN AUSTIN. A Republican Legislator would be a stray crying in the wilderness and would not be EFFECTIVE!

A CONSERVATIVE DEMOCRAT DEALING WITH THE OTHER DEMOCRATS WILL BE OUR MOST EFFECTIVE VOICE IN AUSTIN.

Don't gag your voice and tie your hands in Austin with a Republican Legislator.

Let's Vote For

LYNDON B. JOHNSON

JOHN F. KENNEDY AND LYNDON B. JOHNSON

Offer a Brand New Deal for a New Generation

Americans are on the edge of a new frontier.

A new day of hope and harmony is dawning — for all Americans — regardless of race, religion or region.

America has experienced a Republican Administration and a Democratic Congress. By a sense of overriding responsibility to the Nation, Democrats have made divided government work. But divided government will end in January.

The Democratic Party has nominated the most perfect ticket since Roosevelt and Garner.

KENNEDY is a man of power and personality.

JOHNSON is a master of the art of diplomacy.

For the young of heart they offer, not salesmanship, but VIGOROUS LEADERSHIP.

We can have faith in the future only if we have faith in ourselves. We are moving into perilous times ahead. Divided government must end. We must perfect our unity in order to form a more perfect union. Distractive divisions between Executive

and Legislative branches of our Government must be ended. We must end the division between our regions, the suspicions between our religions, the fears between our races, and the strifes between our classes.

A Government out of touch with the world is a government out of touch with its own people.

A Government continually caught by surprise abroad is a Government asleep at the switch — a Government napping through its responsibilities.

To those who threaten the peace and freedom of mankind, America must speak with a decisive voice — the voice of a nation fully united.

SUPPORT THE DEMOCRATIC PARTY — the party of the North, South, East and West.

BACK THE NEW DEMOCRATIC REGIME in a New Generation that will exceed the New Deal and the Fair Deal in its Social and Economic Aspects.

LEGAL NOTICES

THE STATE OF TEXAS

TO Amanda V. Bean and husband, Robert Bean, any unknown husband of Amanda V. Bean, the following known children of Amanda V. Bean, to-wit: James Bean, Minnie Bean, John Bean, Every Bean, R. B. "Ben" Bean, Sam Bean, and Gracie Bean; and any unknown heirs and legal representatives of the aforementioned persons.

GREETING:
You are commanded to appear and answer the Plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 5th day of December, 1960, at or before 10 o'clock A. M., before the District Court of Sutton County, Texas, at the Courthouse in Sonora, Texas. Said Plaintiff's petition was filed on the 19th day of October, 1960. The file number of said suit being No. 1284.

The names of the parties on said suit are Natalie Baker Plaintiff, and each and all of you, the above named persons to whom this citation is addressed, defendants.

The nature or said suit being substantially as follows, to-wit: Plaintiff alleges that she is the owner in fee simple of the following described land in Sutton County, Texas.

Being a part of Survey 85, Block B, H E & W T Ry. Co. Survey in Sutton County, Texas, and being a part of the Amanda V. Bean Survey in said Sutton County, Texas, and being described by metes and bounds as follows, to-wit:

Beginning at the Southeast corner of a survey of 13.7 acres of land made for and deeded to L. N. Halbert, September 31, 1892, by R. W. Callahan et al, of record in Vol. 1, at Page 463, of the Deed Records of Sutton County, Texas, from whence a live oak 8" bears North 19 deg. East 192 feet, said live oak being marked H;

THENCE South 80 degrees East 141.5 feet for the Southeast corner of this survey;

THENCE South 60 degrees West to the center of road through the Amanda Bean survey as said road is shown by a map or plat of said Amanda V. Bean Survey filed in the office of the County Clerk of Sutton County, Texas.

THENCE in a Northerly direction along the center of said road to the place of beginning;

And that on May 1, 1960, was in possession of said land and that on the same day the defendants unlawfully entered upon said land, dispossessed Plaintiff therefrom and now unlawfully withhold same from Plaintiff;

That Plaintiff, and those whose title she holds, on said date had had peaceable, continuous and adverse possession under the 5, 10, and 25 year Statutes of Limitation of Texas, also complying with all requirements of said Statutes, for the length of time required by law under each Statute, and specially pleads said Statutes for Limitation in support of her title. Plaintiff sues for title and possession of said premises and general relief and said suit is brought in trespass to try title. If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 19th day of October, 1960.

Given under my hand and seal of said Court, at office in Sonora, Texas, this the 19th day of October, 1960.

F. L. McKinney, District Clerk
Sutton County, Texas. 4 to 3.

"We Stand Today On The Edge Of A New Frontier"

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.
