Whoopee! Here's How Lubbock Sub-Deb Club Girls Go Places And Do Things!

This is "Visitors' Week"—busiest week in the year for members of the Sub-Deb club, composed of 25 Lubbock High school girls between the ages of 14 and 17. Winston Reeves, Journal cameraman, herewith presents "A Visitors' Week Day with a Sub-Deb, starring 17-year-old Harriett Jarrett, charming daughter of Mr. and Mrs. Devereau Jarrett, 2614 22nd street. First picture shows Miss Jarrett ready to arise early for a big day which includes a breakfast, swimming party, luncheon, back yard party and then an overnight jamboree at Buffalo Springs. Second picture: Miss Jarrett "follows the rule" and calls a half dozen or so of her club-mates while their mothers, seeking to use the phone for essential calls, suffer mental anguish. Third picture: Attired in a sports costume, Miss Jarrett prepares for a picnic in connection with the Buffalo Springs party. Fourth picture: She leaves home for the luncheon at a downtown hotel; and last picture, Miss Jarrett at the close of a big day, prepares to get some sleep so she can get up early the next day and do it all over again! This week's "Visitors' Week" is the club's sixth annual affair of its kind and on each ensuing year the girls bend might and main to have more social functions than on the preceding year. It's a great life—if you can take it!

Roosevelt Backers And Foes Of New Deal Divide Honors In Four States; Clark Is In Landslide

(By The Associated Press)

Roosevelt backers and anti-administration candidates divided the Democratic honors today in four primary elections.

Senator Bennett Clark of Missouri, foe of the court bill and other White House measures, won a landslide renomination. So did Senator George McGill of Kansas, loyal follower of the president.

Their victories were not unexpected, however, for both had the active backing of their state party organizations. President Roosevelt had taken no part in either race.

The same division extended to nominations for house seats in two other states. Three West Virginia representatives who have supported the president defeated their opponents, but in Virginia two avowed New Dealers lost out.

Rep. Howard Smith of Virginia, whose district includes the "home towns" of George Washington and Thomas Jefferson, won a 3-to-1 victory over William E. Dodd, jr., son of the former ambassador to Germany. The vote, with 10 precincts missing, was: Smith, 19,601; Dodd, 6,530.

SEVEN ARE FAVORABLE

WASHINGTON, Aug. 3 (AP) — Thirteen senatorial primariet have produced seven Democratic nominees favorable to the Roosevelt administration, three who have broken with it in some instances and three in whose campaigning New Deal issues figured only in a minor way.

The three administration critics to win Democratic nominations for reelection were Guy M. Gillette of Iowa; Frederick Van Nuys of Indiana (nominated in convention) and Bennett Clark of Missouri.

Smith, a rules committee member who fought the wage-hour bill, claimed the right to vote as he thought best on administration measures, while the 32-year old Dodd had said, "A vote for me is a vote for Roosevelt." Smith was on the "blacklist" of Labor's Non-Partisan League (C. I. O.), but he led 2-to-1 in Alexandria, home of John L. Lewis.

Other Race Much Closer

The only other Virginia house race was much closer. Rep. Norman Hamilton, calling himself pro-Roosevelt despite his vote against the government reorganization bill, lost by about 1,500 votes to former Rep. Colgate Darden, whom he had unseated in 1936. Hamilton said Darden was backed by Senator Harry Byrd's organization.

In yesterday's Republican primaries, greatest interest was shown in the Kansas senatorial race be-

Far North Air Base Studied

(By The Associated Press)

WASHINGTON, Aug. 3.—An aerial trip to Alaska by Louis Johnson, assistant secretary of war, provided a hint today the administration was considering development of a great army air base in the far north.

Johnson said he would leave about August 15 to inspect army posts and projects in Alaska, and at the same time would study the feasibility of both the base and of a projected all-weather road from the American northwest through Canada to Alaska.

Vital In War Time

Such a highway, in addition to drawing tourists, might prove vital in rushing men and munitions to Alaska in time of war. The only regular link now is by water, although an airline is considering establishment of regular service.

Congress authorized the air base in the 1936 Wilcox act, providing for frontier aerial defenses such as the one already started at Tacoma, Wash. The navy has projected a $5,000,000 base at Kodiak, Alaska, and lesser establishments at Sitka, Alaska, and Dutch Harbor, in the Aleutians, but the army has taken no action.

One Objection Cited

One objection to construction of an army base has been an administration desire to avoid arousing Japan's concern. Another was the

Old Age Assistance Checks To Go To 112,550 During August

AUSTIN, Aug. 3. (AP)—Old age assistance checks will be sent to 112,550 Texans in August, 268 more than in July.

W. A. Little, acting director, said the payment would total $1,551,241.

Gross additions to the rolls since July were 1,312, including 348 reinstated cases, and deductions totaled 1,044, including 439 denials and 605 deaths.

Little said checks would be mailed beginning Aug. 10 and mailing would be completed Aug. 15.

Vaccination Urged For School Pupils

With vacation time for Lubbock school children drawing to a close in a little less than six weeks parents of six year olds who will enter school for the first time on September 12 are being asked to consider this season as vaccination time.

Vaccination for small pox is required of all children when they enter school, and for students who are entering Lubbock's schools for the first time. This time is being suggested as the best time for vaccinations because children will have time to be well before the opening of school.

Superintendent W. B. Irvin and school health officials pointed out that if children are vaccinated during the first week of school they are likely to start their schools days off wrong, for the vaccination may make them sick and may make them miss school so early in the term.

Railroad Employment Reaches All-Time Low During May

WASHINGTON, Aug. 3 (AP)—Railroad employment reached a long-time low of 905,573 workers in May.

In that month, the Interstate Commerce commission said today, class one railways had a payroll of $138,698,266. The ICC's index, based on employment during the 1923-25 period, fell to 50.1 per cent, the lowest yet in statistics dating back to 1920.

In May 1937 the class one carriers had 1,153,713 employes and a payroll of $166,170,838. In that month the employment index stood at 63.

Accord Is Said Made By Two Nations Today

(By The Associated Press)

PARIS, Aug. 3 — Germany and France have reached an accord, it was announced today, in which Germany agreed to reimburse the French government for any costs it incurred from its guarantee of Austrian loans.

The French government partly guaranteed an Austrian 20-year loan in 1933 and a 25-year loan in 1934

To Settle All Debts

Germany also agreed to settle all Austrian debts in France on the same basis as German debts, except the Young and Dawes loans.

On the Dawes loan, France accepted the same arrangement previously accepted by Britain—reduction of the interest rate from seven to five per cent. Germany agreed to establish a fund as of April 15, 1938, for resumption of amortization which has been suspended for several years.

Violation Of German Border Charged Against Czechs

BERLIN, Aug. 3 (AP)—Violation of the German border by two Czechoslovak airplanes was charged today by DNB (German officials news agency) in a report from Glatz.

The report said the airplanes flew into Germany over Glatz with observers photographing the town.

Glatz is 12 miles from the frontier between the two nations.

Third Largest Wheat Crop Is Predicted

CHICAGO, Aug. 3 (AP)—The third largest wheat crop in United States history was forecast today by the six Chicago crop experts.

Their figures, when averaged, indicated a total wheat production of 936,000,000 bushels, largest since 1931 when the total was 941,800,000 bushels. The all-time record production was 1,026,000,000 bushels in 1915. Harvest last year totaled 873,900,000.

The total forecast, however, was 31,000,000 less than the latest official government figures as of July 1.

The private statisticians estimated United States corn production this year at 2,534,000,000 bushels, compared with 2,645,000,000 bushels last year.

Oats production was estimated at 1,060,000,000 bushels, compared with the 1937 harvest of 1,146,000,000. Rye output was placed at 53,000,000 bushels with 49,500,000 last year.

Former Deputy Sheriff Named As Killer Of Country Doctor By Youth Convicted Of Crime

(By The Associated Press)

SOUTH PARIS, Me., Aug. 3.—Paul N. Dwyer, 18-year-old convicted slayer of a country doctor, today named former Deputy Sheriff Francis M. Carroll as the man who committed the murder for which Dwyer now is serving a life sentence.

Asked by Prosecutor Ralph M. Ingalls if he had murdered Dr. James G. Littlefield, Dwyer answered "No."

"Did you see him murdered?" Ingalls asked.

"Yes sir, I did."

"Who did murder him?"

"Francis Carroll."

Dwyer, sent to prison after confessing the murder of Dr. Littlefield, was said by Prosecutor Ralph M. Ingalls in his opening, to have taken the blame after death threats by Carroll, whom he described as a "vicious killer."

The room was packed with an audience which included Dwyer's former sweetheart, Barbara Carroll, 18, daughter of the man on trial.

Dwyer testified Carroll threatened to "ruin" him and his family unless he relinguished letters from Barbara, which he said, disclosed allegedly improper relations between the former deputy sheriff and his daughter.

Dwyer, under questioning by Ingalls, related the uneventful history of his small town boyhood and high school friendship with Barbara.

"Did you become intimate?" Ingalls asked.

Judge William H. Fisher struck out his low answer, and explained to the pallid youth that he could answer if he wished, but did not have to "incriminate" himself.

Ingalls again asked the question.

"I'd rather not answer that."

Dry Challenge Issued Nation

(By The Associated Press)

SAN FRANCISCO, Aug. 3 — As a challenge to society to forsake its "cocktail hours," women of the Christian Temperance Union, opening their 64th national convention here tomorrow, will establish "milk bars," and "fruit juice hours" as out-of-meeting gathering places during the conference.

State presidents of 21 states arrived last night.

Mrs. Ida B. Wise Smith of Evanston, Ill., national president, outlined a nine-point program today for the convention.

Has No Purposes

The WCTU, she said, has two prime purposes—total abstinence from use of alcoholic beverages in any form for the individual, and the abolition of the liquor traffic for the nation.

The convention program includes plans for completion of the $1,000,000 educational program, support of popular counter attractions to taverns and liquor-selling resorts, establishment of temperance hotels, restaurants and recreational centers with milk bars and fruit juice counters and assistance in public movements against gambling and venereal diseases.

MANEUVERS SCHEDULED

ISTANBUL, Turkey, Aug. 3 (AP) — Turkey will hold large-scale army maneuvers this week in the Dersim region of eastern Anatolia where rebellious Kurdistan tribes never have taken to President Kamal Ataturk's ideas of revamping ancient Turkey into a modern country.

Medical Plan To Be Studied

(By The Associated Press)

CHICAGO, Aug. 3 — The Republican program committee placed "socialized medicine" under its political miscroscope today.

The controversial medical issue was among a wide range of national problems being studied by the committee this week in preparing a prospectus to be submitted to the Republican national committee next year.

Dr. H. L. Snyder of Winfield, Kan., was scheduled to represent the American Medical association at the closed forum. Dr. John P. Peters, professor of medicine, Yale university, and secretary of a committee of physicians opposing the medical association's policies, also was slated to take part.

Follows Federal Action

The committee's attempt to find a common denominator for the nation's medical problem comes only a few days after the justice department at Washington accused "organized medicine" of illegal activ-

Lubbock Postal Receipts Show Gain Of 7.8 Per Cent In July

July postal receipts were $14,940.62, an increase of $1,085.20 over the same month last year, announced Postmaster Amos Howard today. Increase was 7.8 per cent. Last year's receipts were $13,855.42.

Average daily receipts were $747.03, an increase of $99.02 or 15.28 per cent over the July 1937 receipts.

Italians Open Drive Against Foreign Jews

(By The Associated Press)

ROME, Aug. 3—The government announced today all foreign Jews would be barred from Italian schools beginning with the fall term.

A communique issued by the government said:

"Beginning with the scholastic year 1938-1939 the admission of foreign Hebrew students, including those residing in Italy, to all Italian schools of all grades is prohibited."

JEWISH PHYSICIANS BANNED

BERLIN, Aug. 3 (AP) — Approximately 6,000 to 7,000 Jewish physicians in Germany have been forbidden to practice after September 30.

The only exceptions to the sweeping decree published last night in the official gazette were unusual cases wherein the interior minister can grant licenses to practice until further notice and certain world war veterans who may be given maintenance grants.

The ban will close one chapter of the systematic drive which began December 29, 1937, when 3,000 of 4,200 Jewish doctors in Germany (without subsequently annexed Austria) were dropped from lists of private insurance companies.

New Program Announced

At the same time it announced a new program to increase the efficiency of the nation's armed forces.

A communique said:

"At recent meetings held by Il Duce with the minister of finance and the chief of general staff of war and air a further program to increase the efficiency of our armed forces was concluded."

It gave no other details.

Doesn't Apply To Italian Jews

The ban on Jewish students presumably does not apply to the 47,000 Jews who are Italian citizens.

The Fascist race doctrine issued July 14 by a group of Fascist professors proclaimed that Italians were an aryan race and denied that Jews were members of "the Italian race."

There has been no move, however, to exclude them from Italian citizenship.

Another Street Paving Project Will Be Started Next Week

Another street paving project, involving approximately 18 blocks of surfacing, probably will be started next week, according to information given this morning by City Engineer M. R. Smith, jr.

The project is included in a summer paving program which provides for the paving of more than 10 miles of residence thoroughfares before cold weather starts.

Streets to be topped next week were listed as being: Twenty-seventh from Avenues Q to X; Twenty-fifth from T to X; College avenue from Twenty-second and Twenty-sixth; and Avenue U from Nineteenth to Twenty-second.

Russo-Japanese Conflict Likely To Continue, Soviet Statement Says; People Demand Action

(By The Associated Press)

MOSCOW, Aug. 3—A Soviet Russian communique declared today that under existing conditions of the conflict with Japan along the Siberian border "further continuation of hostilities, fraught with extremely serious consequences is regarded inevitable."

The communique, issued by Tass (official Russian news agency), coupled this prediction with a statement that "since the very beginning of the conflict the Soviet government has declared that it intends only to defend territory indisputably belonging to the Soviet union . . ."

A newspaper which reliably reflects official opinion recalled that the government had indicated a willingness to redefine the boundary separating Siberia from Japanese Korea and Japanese-protected Manchoukuo.

* * *

The communique declared that Red forces remained "exclusively within the limits of Soviet territory" and that reports of Russian air raids were "emphatically refuted by competent Soviet circles."

Japanese Militarists Accused

The communique accused Japanese militarists of circulating the air raid reports "in order to justify their repeated attacks on Soviet territory and the tremendous losses which they have to bear."

"The assumption also is expressed that Japanese militarists are encouraged in their provocational actions by certain Japanese diplomats," the communique added.

"Under these conditions further continuation of hostilities, fraught with extremely serious consequences, is regarded inevitable."

People Demand Resistance

Soviet workers, however, in strongly phrased resolutions demanded resistance to aggression. Pravda, the communist newspaper, printed two pages of resolutions today, with an

ARMED TRUCE IS SEEN

WASHINGTON, Aug. 3 (AP) — Men to whom the administration looks for guidance clung today to the conviction that the latest Russo-Japanese fighting was likely to conclude in an armed truce.

Regardless of pitched battles along the Manchoukuo-Korea-Siberia border, well-informed persons still are inclined to view the clash as a local affairs destined to be settled locally.

Neither Japan, embroiled with China, nor Russia, concerned over European threats and internal problems, desires a general war at this time, in the view of diplomatic and military experts here.

All observers, however, are ready to revise their judgment quickly if the boundary fighting shows signs of getting completely beyond control.

ORDER DEFENSE MEASURES

and tanks, and it was felt in authoritative circles that the exchange of gun fire marked the first round of the Far East's second unofficial war.

Might Be Prelude

A foreign office spokesman said Japan hoped to localize the trouble and settle it by the diplomatic steps, but the presence of large forces in the frontier area indicated the battle which began Sunday might be merely a prelude to major operations.

Those who held that a second undeclared war in the Orient had befun argued that Russia believed Japan was near financial exhaustion and a "now or never moment" had

Hearing Requested On Hospital Site

Letter asking that Lubbock be given opportunity to be heard before a site is selected for a $1,435,000 Veterang hospital soon to be built in Texas was mailed from the chamber of commerce this morning to Gen. Frank T. Hines, veterans bureau chief in Washington, D. C.

The letter bore the signature of George P. Kuykendall and followed a meeting of the veterans hospital committee of the chamber of commerce.

No information had been received as to when the selection of a site would be announced. Expectation here was, however, it will not be long because work has to be started before next January in order to keep Public Works administration funds set aside for that purpose.

Sec. Ickes Says He's Just Hod Carrier For 'Greatest Builder'

SEATTLE, Aug. 3 (AP) —In a unscheduled speech before Seattle builders, Secretary Ickes described himself as "just the hod carrier for the greatest builder of all time — President Roosevelt."

Ickes was introduced last night as "the greatest builder in the nation today." The secretary of the interior replied:

"I have merely helped carry out a public works program of some $308,000,000 to the end that we might get business going. The crux of the whole situation lay in the building trades. For every man actually employed in building, two and one-half more are indirectly employed. It starts other wheels, an ever-widening spiral."

Second Protest Made By Japs

(By The Associated Press)

TOKYO, Aug. 3.—The Japanese government directed its second protest in 24 hours to Russia today, in an effort to end bitter fighting along the Russian Siberia—Japanese Manchoukuo frontier.

The fighting still was in progress early today between large forces of well-equipped troops, with airplanes

Presidential Party Getting In Last Deep Sea Fishing Today

ABOARD U. S. S. HOUSTON, Cocos Island, Aug. 3 (AP) — (Via Naval Radio) — President Roosevelt and his party got in the last of their deep sea fishing in the Pacific today before leaving Cocos island for the Panama canal zone.

The Houston made ready to leave at 2 p. m., (C.S.T.) on the 540-mile run to Balboa, where she is scheduled to arrive tomorrow afternoon.

Prize catches of the president's party — five big sailfish — were overshadowed today by a 1,645-pound ray, harpooned by the crew of the escorting destroyer McDougal. Hung up alongside, it measured 15 feet in width and 9 feet in length.

If Will Be 'Colonel' Corrigan If Proposal Is Carried Out

LOS ANGELES, Aug. 3 (AP) — It will be "Colonel" Douglas Corrigan if the recommendation of Representative Charles Kramer to the secretary of war is heeded.

Declaring Corrigan's feat in flying a $900 airplane from New York to Dublin "will long stand as a splendid example of American youth," the congressman urged that the title of honorary colonel in the army air corps be given the Los Angeles aviator.

MYSTERY AT THE LAZY R

BY CLARKE NEWLON

CHAPTER 1

Noisy, impatient Grand Central Station lowered its voice and consciously paused to make a path for Nikki as she walked across the concourse between the two tall men. It was a tribute to lissome youth and loveliness with golden lights, a figure that men wanted to paint or possess. At the gate she paused and spoke to her father.

"Goodby dear. I'll wire you when we arrive. Steve will take good care of me." She smiled at the young man standing hat in hand, kissed her father and patted him lightly on the shoulder. "Don't worry so much about your old diamonds. I wish you were coming with us."

Peter Jerome smiled back at his only daughter. "Have a good time and give my love to Uncle Jim and Aunt Amy," he said. "Have your bags gone on down?"

"The redcap took them on to the train," said Steve. "We'd better go too." He grinned. "I'll keep Nikki away from wild horses and tame cowboys. Goodby sir."

Nikki's father followed the course of his daughter and the man she was engaged to marry down the ramp and then he turned away to take a cab. But as he turned his eye caught a figure going through the gate, and he halted, startled.

He raised his arm in an involuntary gesture as though to call the man he had seen. Then he paused thoughtfully, wrote hurriedly in a notebook, tore out the sheet and gave it to a redcap with a dollar and careful directions. That done, Peter Jerome continued on his way, a worried line creasing his forehead.

* * *

In her stateroom Nikki removed the tiny jacket of her tailored bolero suit, untied the wisp of a veil and laid aside her straw sailor. Then she turned to the bags the porter had placed in her stateroom before she arrived. Nikki thought about the trip ahead with a feeling of anticipation. She hadn't seen her aunt and uncle for five

Visiting Coaches' Wives And Sub-Deb Girls Inspire Social Courtesies Here

Party Is Given At Dormitory

Early week entertainments given in Lubbock have been inspired by visitors. August continues the favored vacation month for many families.

Thirty visitors, whose husbands are attending a coaching school at Texas Technological college, had occasion from 4:30 until 5:30 o'clock Tuesday afternoon to meet a number of Lubbock women who called for tea in the women's dormitory lounge at the college.

In the receiving line were the entertainment chairman, Mrs. George Langford; Mrs. W. B. Irvin, wife of the city school superintendent; Mrs. Weldon Chapman, wife of the Lubbock High school football coach, Mrs. E. J. Parsons and Mrs. Earl Heard.

Mesdames P. W. Cawthon and Russell T. Smith, wives of Tech football coaches, presided at the refreshments table which was covered with a lace cloth and centered with zinnias. The lounge was decorated with several bouquets of zinnias.

Mrs. Sanders Plays

During the hour, Mrs. A. C. Sanders, jr., played piano selections.

The coaches' wives will again be honored at a bridge party Thursday afternoon in the dormitory lounge. Arrangements are being made by Mrs. Heard, chairman, and Mesdames G. W. Parkhill and Wright Kerr. Other entertainment in progress daily, includes golfing, swimming, boating and attending the theaters, for which complimentary tickets have been provided.

Refreshments for the Tuesday party were prepared and served by Miss Mozelle Craddock and her catering classes at Tech college. The same group will prepare and serve food for the Thursday party.

For Sub-Deb Guests

The Sub-Deb club's sixth annual visitors' week is causing excitement in the younger groups. Today's program is a girls' tag dance which Misses Mildred Kuykendall, Betty Ross Slaton, Joyce Watson and Jean Renner will give at 9 p. m. at Billy Nation's dance studio.

Mrs. Vernon Thompson of San Angelo has arrived here to spend the remainder of the week attending the Sub-Deb activities and visiting her mother, Mrs. C. C. Lindsey, of 2017 Main street. She is the former Miss Loyette Lindsey who was a Sub-Deb while attending Lubbock High school.

Concerning Vacations

Several families in the Arnett-Benson addition are taking vacations or have just returned from interesting trips.

Taylor Pendley and his father, A. R. Pendley, have returned from a trip to Cheyenne, Wyo., where they attended a rodeo. They also toured Utah, Nevada and Colorado. In Utah they had the misfortune of wrecking their new car and had to buy another new automobile in order to continue their trip. Both men were slightly injured in the mishap.

Mr. and Mrs. Bryan Landers left Tuesday afternoon on a vacation in New Mexico. They were accompanied by her father, J. O. Fry, and Miss Leta Mae Shaw of Sweetwater. After going through Carlsbad Caverns and visiting several days near Santa Fe, the group will return via Sweetwater.

Mr. and Mrs. C. A. Nichols left Monday to visit in Weatherford.

Mr. and Mrs. Walter Heath returned Sunday from a ten-day trip to Chickasha, Okla.

Mr. and Mrs. J. L. Hinson returned Monday from a two-month tour of California and the northwestern states.

Bundy Bratcher, who is visiting his parents, Mr. and Mrs. A. A. Bratcher, 2109 Twenty-fifth street, was honored when a group of young people entertained with a skating party at a rink Tuesday night. Mr. Bratcher plays the accordion in the W. Lee O'Daniel Hillbilly band.

Attending were Misses Lajune Kinard, Thelma Ruth Harris, Ada Belle and Mabel Pruett, Evelyn Jennings, Ruth Thomas, Marie McCrummen, Ross Fay Kidwell, Marvel Bell Stone, Opal Thomas, Gladys and Gertrude Schantz, Edna Murial and Billie Lewis, Nadine Wood, Melva Ramsel, Doris McSpadden, Marie Sawyer, Loraine Copeland, Wilma Wilson, Jessie Copeland, Dorothy Jean Ranson, Mary Dell Gill, Loneta Morgenson, Madell York, Ruby Gregory, Anna Ruth Marks of Idalou.

Messrs. Garland Kinard, Frank Lisenby, Kenneth Jennings, Tillman Magourik, J. A. and Lloyd Nunley, J. L. Thomas, A. A. Bratcher, jr., Harland, Garland and Osmyn Allen, Curtis Pruett, Obert Copeland, James Ray, Hall McCrummen and James Cole.

Church Class Picnic Is To Be Held Thursday

The Awakened Wesleyan class of Asbury Methodist church will meet at Twenty-seventh street park Thursday night at 8 o'clock for a family picnic. Each member is asked to bring a covered dish.

Pine trees on cultivated land grow nearly three times as fast as in their wild state.

Simple But Beautiful

Attractive socialite Martha Bacon went to the races at Saratoga in a seemingly simple, but truly beautiful dusty pink linen dress with a printed belt to match the printed bolero. Her tiny hat is entirely covered with flowers in the colors of the print.

H. A. Davidson Is Observing His 29th Anniversary In Business

H. A. Davidson, 2011 Tenth street, today observed the 29th anniversary of the founding of a feed and grain business at Broadway and Avenue G where the New Commercial hotel now stands.

This morning he takes a bow as the oldest business man in Lubbock in point of continuous operation of the same business.

Davidson bought a livery stable, wagon yard and a feed and grain business from John Easter, brother of Mrs. Clara Abney. He had come here to locate after quitting a traveling salesman's job for a permanent residence and business. Easter asked the actual invoice of his stock and a bonus of $600. The bonus was nearly as much as the stock listed.

"I paid $75 a month for the whole quarter block," he recalls. "The wagon yard and livery stable extended back to Thirteenth street. J. K. Caraway was owner of the property."

Western Windmill company, which was then a retail store, and the Nicolet hotel, now the Broadway, are the only businesses here today that were being run when Davidson began.

Mr. and Mrs. George Walton left today for a vacation to Colorado Springs and Denver, Colo.

Emily Bond Is Sunday Bride

Miss Emily Bond, daughter of Mr. and Mrs. George S. Bond of 1906 Twenty-seventh street, and Lon Allen Hailey of Crosbyton, son of Mrs. Charlie Mullican of Robert Lee, were married Sunday afternoon at 3:30 o'clock in Crosbyton.

The bride wore a powder blue alpaca dress with corsage of pink and white sweetpeas and black patent accessories. For "something old" she wore a locket that had belonged to her mother.

Miss Frances Barrow of O'Donnell and Leon Harkins of Crosbyton were attendants.

A supper was served after the ceremony with the families, the wedding party, Mrs. Alvey Adams of Ralls and Miss Willa May Ward of Lubbock as guests.

Mrs. Hailey moved to Lubbock with her parents late last year. She was graduated from Lubbock High school in May. Her father is an attorney.

The couple will be at home in Crosbyton.

Arnett-Benson Club Is Entertained Tuesday

Arnett-Benson club was entertained Tuesday afternoon in the home of Mrs. C. O. White, 2612 Locust street. Quilts were pieced for the hostess.

It was announced that final judging in the yard contest being sponsored within the club will take place Friday morning. The club planned an ice cream supper to be given at 7:30 o'clock next Tuesday night in the home of Mrs. E. V. Stubbs, 2808 Ruby street.

Attending were a new member, Mrs. C. C. Heatley; a guest, Mrs. O. B. Pollard, and Mesdames D. R. Aylesworth, D. B. Adkisson, Henry Cox, Horace Gore, C. R. Minor, C. R. McLaurin, Tom Morris, A. R. Pendley, J. E. Reid, E. V. Stubbs, I. T. Weed and Forest White.

The next regular meeting will be at 3 p. m., Aug. 16, in the home of Mrs. Forest White, 1204 Washington avenue.

Surprise Party Honors Mrs. O. W. Beason

Several friends called at the home of Mrs. O. W. Beason in Woodrow Monday night as a surprise to her on her birthday. Ice cream, cake and watermelon were served.

Guests were Messrs. and Mesdames J. N. Carnell and daughter, Janet, of Chicago; D. C. Zeh and daughters, Ruth, Oleta and Joyce Laverne of Lubbock; W. N. Carnell and son, Jack, R. O. Gregory, J. B. Sebastian and Lee Beason of Becton; W. B. Beason of Lubbock; C. B. Beason and Irvin Beason of Woodrow; Mrs. Frank Cowan and children, Jo Ann and Frank, jr., of Los Angeles; Mrs. E. A. Bentley and children, Keith and Rebecca Lois of Goose Creek; Mrs. M. Wethans of Chicago; O. W. Beason and Joe Smith of New Mexico.

Jo Ann Cowan, 4, Honored With Party At Park

Complimenting her daughter, Jo Ann Cowan, on her fourth birthday, Mrs. Frank Cowan of Los Angeles entertained with a party at Seventh street park recently. She was assisted by the little girl's grandmother, Mrs. J. B. Bentley of 710 Avenue M.

Guests were Juanda Parrack, Sylvia Wright, Ann, Sylvia Glyn, Rebecca Lois and Keith Bentley, Barbara Ann and Glenda Raye Ingram, Nancy Hollingsworth and Frank Cowan, jr.

Triple Four Club Is To Meet On Friday Night

There will be a meeting of the Triple Four club Friday night at 7:45 o'clock in the home of Mrs. Pebble Talley, 1510 Avenue M.

Arizona often is called the "Valentine State," because it was admitted to the Union on Feb. 14, 1912.

If You Want To Have Vacation Fun Give Some Thought To Your Feet

A pedicure set is a wise midsummer note for the feet.

* * *

By BETTY CLARKE
Associated Press Feature Service Writer

Foot troubles are most acute during summertime.

Open slippers that give very little support—and cut where the support is strongest—are the cause of many pains. Hot weather swellings bring aches. And vacation switchings from high to low heels and back again don't help the situation.

The chances are you will be among the millions of tramping, exercising game-playing vacationers who will complain these next few weeks that your feet are killing you.

Hints For Ailing Feet

What you'll want will be hints on how to minimize your foot ailments—not preaching about sensible shoes and reasonable exercising.

So here goes:

FOR SWOLLEN FEET—Let your feet soak in a hot epsom salts bath. Dry them carefully and massage them gently with a soothing hand or foot lotion. Then do a little meditating. Be honest with yourself over what causes the trouble. If it's shoes that are too small, put them away.

DRY, ITCHING FEET. You'll get them from going barefoot in the sand—or anywhere else for that matter. Nothing strengthens the muscles in your feet and toes like a little barefoot exercising. But follow up your barefoot maneuvers by: (1) scrubbing your feet in hot, soapy water; (2) massaging with a hand or foot cream or lotion.

CALLUSES. Wash your feet carefully in hot water and plenty of suds. Remove what portions of the calloused area you can—with cuticle remover and a few grains of powdered pumice. If the callouses are raw, put a bit of cotton or gauze over them. Cover that with adhesive tape. Powder the adhesive so it won't stick to stockings. A day or so later try removing a bit more of the callous.

Pedicures Help

After you've gone to all this trouble you'll probably recollect the advice you read somewhere about the advantages of a weekly pedicure. The pedicure has become such an accepted part of the summer beauty regimen that a couple of pedicure sets have been put on the market.

One is assembled in a cork-lined case for beach use. It contains cuticle and nail oil, polish remover, nail-polish, a nail nipper, and an extra-fine nail file (unaccustomed as they are to frequent filing, toe nails are more sensitive than finger nails).

Another set is put up in a simulated rawhide case. Besides the above items it has a jar of foot lotion, a bottle of cuticle remover and a pair of tweezers.

BUTTONHOLE SAVER

Baste the buttonholes in knitted garments together—to keep them from stretching when they are ironed. You can easily remove the threads when the garment has dried.

Two Books Are Reviewed At Club Meet Tuesday

Two books were discussed at a meeting of the Tuesday Night Readers group last night at the home of Mrs. Earl L. Thompson, 2321 Eighth street, with Mrs. C. Y. Partain assistant hostess.

Mrs. Isabel Garrison reviewed "The Famine" by Liam O'Flaherty and Mrs. R. L. Fletcher reviewed "Across the Frontiers" by Sir Philip Gibbs.

Patsy Ruth Palmer, 1, Is Honored With Party

Patsy Ruth Palmer, who was one year old Tuesday, was honored when her mother, Mrs. Alvie Palmer, entertained at their home near Lubbock.

Cake and punch were served to Lota Bell, Glen, Dorothy and Stanley Ash, Peggy Ruth and Mervin Ray Dawson, J. R. Bridges, Margaret, Mamie and Helen Summers, Billie Joyce Wise, Silby Bell and Martha Jean Weatherman, Betty Jean, Earlene Doris and Morris Davis, Bobbie Ray Palmer and Barbara Wright.

Mothers attending were Mesdames Sybil Daniels, Lawrence Dawson, C. E. Tuttle, Bill Davis, Elmo Davis, Frank Summers, Vallie Davis.

Picnic Is To Be Served To Officers, Teachers

Teachers and officers in the children's division of the First Methodist church will observe their regular meeting Thursday night at 6:30 o'clock with a picnic supper. After meeting at the church, the group will go to Mackenzie State park.

Save left-over pieces of soap in small sugar or salt bags. Use the bags in cleaning the bathtub or lavatory. The bag and soap serve both as a sponge and a cleansing agent.

Club Party Is Held Tuesday

Happy Hour Needle club members entertained with a husbands' and visitors' ice cream supper Tuesday night on the lawn at the home of Mr. and Mrs. Claude Keeton, 1711 Seventeenth street.

Accordion music was played by Mrs. Leonard Cole and Miss Carmen Dobkins.

Members and their husbands attending were Messrs. and Mesdames R. F. Ratliff, P. C. Mitchell, R. J. Brock, W. S. Walker, W. C. Garrison, Paul Williams, W. R. Bridges, H. G. Lawson, S. A. Beard, Mesdames J. E. Walters, J. N. Smiley, Perry Brown, C. P. Cox, R. C. Bertram, Boyd P. Milburn.

Visitors were Mesdames E. E. Morris of Plainview, W. B. Cox and C. Abney, Misses Addie Bell Bryant of Honey Grove, Merle Ratliff, Mr. Cole and 20 children.

Miss Iris Abshier Weds Emil Onstott Recently

The marriage of Miss Iris Abshier, daughter of Mr. and Mrs. L. O. Abshier of Brownfield, and Emil Onstott of Amarillo, son of Mr. and Mrs. Y. Onstott of Lubbock, took place in Clovis, N. M., Saturday night with Rev. Bernard Guy, Baptist pastor, officiating at his home.

David Butler, Woodrow Durham and Miss Dorothy Duncan accompanied the couple.

Mrs. Onstott is a graduate of Brownfield High school and last year attended a private school at Long Beach, Calif. Mr. Onstott is a former Tech student and member of Los Camaradas social club.

The couple is at home in Amarillo.

Anniversary Supper Is Planned By O. E. S.

Order of the Eastern Star members will observe the anniversary of the founding of their order by Robert Morris with a covered dish supper at the Masonic hall August 16 at 7 p. m.

Plans were made at a stated meeting of the organization at the hall Tuesday night attended by 35 members. Mrs. L. C. Montgomery received a grand chapter meeting in Oklahoma which she attended recently.

Mrs. G. T. Adams was chairman for a refreshment hour.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Just get more fresh air, 3 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made *especially for women*. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life.

Pinkham's is WELL WORTH trying.

I despise COLIC

"When I eat the wrong kind of food, or when my stomach turns sour, I often have the worst colic pains. And do I yell! But my mama is a smart mama and she gives me Teethina, because Teethina is a mild, gentle laxative. It cleanses my tiny bowels of irritating waste. This relieves my pain and relaxes me too, and I'm all set to go back to sleep. Teethina tastes good and you get twelve powders for only 30c. All little babies like me also need Teethina for temporary constipation and for loose bowels caused by a faulty diet." TEETHINA.

NEW REMEDY FOR UGLY HUSBANDS

When your husband (or wife) gets cross, ugly and grouchy; when he finds fault with the coffee, the eggs, the bacon, and the cook, you may well suspect that he has a touch of Biliousness or so-called "Torpid Liver," so prevalent in hot weather. All he may need to set him straight is a little calomel, or better still, Calotabs, the improved calomel compound tablets that make calomel-taking a pleasure.

Calotabs give you the combined effects of calomel and salts, helping Nature to expel the sour, stagnant Bile and washing it out of the system. One or two Calotabs at bedtime with a glass of water,—that's all. Next morning your system feels clean and refreshed, your head is clear, your spirit bright, and you are feeling fine with a hearty appetite for breakfast. Eat what you wish and go about your work or pleasure.

Genuine Calotabs are sold only in checker-board (black and white) packages bearing the trade mark "Calotabs." Avoid imitations. Family package only twenty-five cents; trial package ten cents, at your dealer's. (ADV.)

"Free And Unpolluted Ballot" Is Said Threatened In Kentucky

Criticism Is Given Tactics

(By The Associated Press)

WASHINGTON, Aug. 3.—The senate campaign expenditures committee asserted political use of public funds in Kentucky's white-hot senatorial primary had become a threat to "the right of the people to a free and unpolluted ballot."

The committee applied its bluntly-worded criticism to tactics employed on behalf of both candidates in the Democratic race—Alben Barkley, the majority leader of the senate, and A. B. Chandler, governor of Kentucky.

Names Not Mentioned

Without mentioning names, the senate group said, "it is certain that organized efforts have been and are being made to control the vote of those on relief work, and that contributions have been sought and obtained from federal employes, in behalf of one of the senatorial candidates."

On the other hand, the committee reported, "it is equally certain that state officials charged in part with the distribution of federal funds for old age assistance and for unemployment compensation have been required to contribute from their salaries and of their services in the interest of another candidate for the United States senate."

Report Is Heard

Before issuing its statement the committee heard a report from H. Ralph Burton, its Kentucky investigator.

Terming the situation "deplorable" the committee said the facts it had found in Kentucky "should arouse the conscience of the country."

WPA Administrator Hopkins immediately issued a statement in which he said he was "informed" that the committee's criticism was "not directed at any one connected with WPA but at persons entirely outside of the WPA who sought to get relief workers to vote for one candidate or the other."

Informed of Hopkins' statement, Chairman Sheppard (D-Tex) said the committee's remarks were not directed at Hopkins or any other Washington officials of WPA but "may or may not include WPA officials in Kentucky."

Jury Wheel For County Is Being Filled; 9,000 Names Included

The jury wheel for Lubbock county courts is being filled according to U. Brown, district court clerk, who is in charge of the work of typing some 9,000 names to go into the big wheel.

Representatives of the sheriff, county clerk, county assessor and collector and the district clerk, are typing names. The assessor-collector has two representatives as the officers formerly were separate, at the time the jury wheel law was passed.

More than 9,000 names will be typed, Brown explained. The rendered roll, poll tax, supplemental roll and other official sources are used for names, said Brown. Other sources also are used. Only the names of women and firms or companies are omitted.

No Republicans Filed For U. S. Senator In Louisiana Election

SHREVEPORT, La., Aug. 3, (AP)—Members of the Republican state central committee gathered here Tuesday for a meeting to certify to the secretary of state that no Republican candidates had filed for United States senator.

It was also reported that no Republicans had qualified in any of the districts.

Ninety-Third Chemical Element Reported Discovered In France

UARIS, Aug. 3. (AP) — The noted physicist, Jean Perrin, informed the French academy of Science Tuesday his collaborators had discovered what was believed to be the ninety-third chemical element — a substance heavier than uranium.

The 68-year-old scientist, who is president of the academy, said the element had been found in stable form in minerals containing uranium, notably pitchblende.

Losing Your Pep? Feel "Run Down"!

Do you belch and blast after eating? Is your sleep restless? Do you feel tired; are you losing strength and pep? These are very bad symptoms and, if neglected long, may lead to serious organic disease. They mean that your food is not digesting; your blood is becoming weaker and your body robbed of its nourishment.

Perhaps your trouble is functional and all you may need is a bottle of B-L Tonic. It's a splendid appetizer and aid to digestion, used by millions. Every drug store sells it. You may have friends who can tell you what wonderful things "B-L" has done for them.

B-L Tonic is very economical—only 10c a day if it helps you; price of first bottle refunded if you are not delighted. Don't you think that "B-L" must be a wonderful tonic to justify such a strong guarantee? Why delay? Try B-L Tonic today!—(Adv.)

Alumni Invited To Aid Choice

Alumni of Texas Technological college have been invited by Clifford B. Jones, chairman of the board of directors, to make suggestions relative to the selection of a president.

Chairman Jones, of Spur, wrote to Calvin Hazlewood, secretary of the Alumni and Ex-Students association, that, "Our board of directors would be glad indeed to receive from the alumni association any suggestions which it might care to offer in connection with the presidency of this institution in succession of the late President Bradford Knapp."

The suggestion that the alumni association make recommendations was born "not only of the desire to encourage a splendid cooperation" between the board and alumni, but "because we value your judgment and your suggestions," the directorate chairman wrote.

Oil Market Said Found In Germany

WASHINGTON, Aug. 3. (AP)—The bureau of mines disclosed information today which it said "confirmed" reports that Mexico had found a German market for American and British expropriated oil in Germany.

"According to information obtained through the London tanker market," the bureau said, "the report that Mexican oil has found an outlet in Germany is confirmed. Several tankers have been fitted out to the account of German firms."

Quoting Paris sources, the bureau said bills of lading on Mexican oil call for eventual discharge of the cargoes in English or continental ports, but added, "it is probable that the real destination of these vessels is Germany."

Several tankers, it said, have been chartered for periods of six months to two years. One has been engaged for ten years.

The bureau said chartering had not been concluded on the London market as is generally the custom, but the contracts for these ships flying various European flags have been signed directly with the owners.

Louisiana Man Starts Voyage Home From Houston In Canoe

HOUSTON, Aug. 3. (AP) — Clifton Barnett, 23, of Jennings, La., was on his way home today in a small canoe.

He estimated it would take him seven days to paddle the light craft through the Houston ship channel and the intercoastal canal a distance of 230 miles to the Louisiana town.

He left late Monday.

Texas Tech Disclaims Any Association With Magazine 'Salesmen', Dean Says

Texas Technological college, through th chairman of the executive committee, this morning disclaimed any association with magazine salesmen imposing on residents of Lubbock or any other city.

Dr. James M. Gordon made the announcement after investigation into complaints that students selling magazines had been unmannerly, and in at least one instance, that a youth had obtained money for magazines that had not been delivered.

Monahans Man Writes

A Monahans man wrote to the college that he had purchased magazines from a youth who claimed he was a student selling magazines "for the college." The Monahans resident had not received the magazines and had not heard from the youth since making the payment.

Dr. Gordon said other complaints had been received of salesmen who entered homes claiming they were Tech students and who made nuisances of themselves. Investigation proved the salesmen were not Tech students.

The college is not attempting to discourage students from selling magazines, but wishes to prevent persons from falsely claiming they are students and imposing upon residents, said Dr. Gordon. "We want to encourage students to work" he said.

Any resident wishing to check on whether a salesman is a student is invited to call the office of dean of men at the college, he said.

Production Of U. S. Crude Drops 33,488 Barrels In Last Week

TULSA, Okla., Aug. 3. (AP) — Production of crude petroleum in the United States decreased 33,488 barrels daily during the week ending July 30 to reach a daily average of 3,315,890 barrels, the Oil and Gas Journal reported today.

Oklahoma had a loss of 11,250 barrels daily to make its daily production 422,625. East Texas increased 670 barrels daily to 439,585 and the total state of Texas showed a decline of 2,609 barrels daily for an average of 1,392,150.

Louisiana increased 4,119 barrels daily to 269,426. California showed a drop of 13,250 barrels daily to 650,250 and Kansas' production declined 3,750 barrels daily to 153,975.

Necessary, Peculiar Adaptations Given To Indian's Tribal Vote

WINDOW ROCK, Ariz., Aug. 3. (AP)—The Navajo Indian has agreed to try another of the white man's customs — the secret ballot — with necessary, peculiar adaptations.

By popular referendum, the Navajos will elect their tribal council, Sept. 24, after candidates have been nominate by elections, Aug. 16, in 18 reservation districts.

Past tribal councils were selected by a standing vote.

But since the Navajos have no written language, Indians will vote by colored ballot—each color representing a candidate.

World Guessing On Russo-Japanese Fighting; Peace Is Endangered

Major Conflict Said Unlikely

By DEWITT MACKENZIE
Associated Press Foreign Affairs Writer

NEW YORK, Aug. 3—The Russo-Japanese fighting at the junction of the Siberia-Manchoukuo-Korea borders is like the Orient's famous bird-nest soup—considerable of a mystery into which one dislikes to inquire too closely because of the strong likelihood of discovering something unsavory.

Certainly the two combatants have the entire outside world guessing as to what underlies such sudden fierceness in a border dispute of long standing. They undoubtedly have been testing to discover each other's fighting temper (an old custom in that salty area), but the matter now has gone beyond an ordinary laboratory test.

Endangers World Peace

The only thing we are dead sure of is that the situation endangers world peace.

Major General Todah, Japanese officer who has been in command of the Manchouquoan border patrol and is now enroute to Tokyo, gave newspapermen what purported to be an optimistic view of the situation. He said the Soviet military operations may be regarded largely as an anti-Japanese demonstration and therefore unlikely to develop into a major conflict.

That would be a more comforting prediction were the good general the seventh son of a seventh son and well established as prophet.

Numerous Possible Reasons

There are numerous possible reasons for the border fighting and it isn't difficult to pick them out. The trouble comes in trying to sift them down to one logical explanation.

With both Moscow and Tokyo talking to each other in no uncertain language, we can dismiss the idea that the present phase of the clash is a purely local affair. The show is being directed from the two capitals.

Here is one bare possibility — the Japanese have a half million of their crack troops in Manchoukuo. They would be a welcome aid to the Japanese command down in China.

Joint Attack Planned?

A good many observers in the Far East express the belief that Japan and Germany are getting ready for a joint attack on Russia. If that is true, it might explain the border fighting.

There is one possibility, however, which seems rather more logical than most of the others, and might warrant a small bet. This must assume something which we do not know to be a fact—namely that the Soviet took the initiative in the border scrap.

The half million crack troops and mountains of equipment which the Japanese have in Manchoukuo, would be of tremendous assistance in China, where the Nipponese have encountered very sticky going indeed.

Must Increase Forces

Every time the invaders capture a square mile of territory, they must increase their fighting forces to police it. The drain on man-power, war equipment and finances has been heavy.

Russia is China's avowed friend, and has been helping the clestials "unofficially" ever since the war started. One of the easiest ways for the Soviet to aid China and hurt Japan would be to create a diversion along the Manchoukuoan borders to keep the half million troops from moving south to fight the Chinese.

That may be what is going on.

Building Permit Totals Keep Up Steady Climb This Morning

Building permit totals continued a steady climb this morning with the authorization of construction of three frame residences to cost an aggregate of $4,950, according to records in the city building inspector's office.

New construction authorized during the 24-hour period up to noon today totaled $11,400 in estimated cost, increasing the amount for the year to $1,534,257 and for the month to $27,265.

New permits included: W. W. Standifer, frame residence at 2606 Twenty-third street, $3,450; Jenkins Bros., owners, and T. W. Stephens, contractor, pasteuring plant in the 3900 block on Twenty-third street, $3,000; Mark Johnson, owner, and E. V. Rippstein, contractor, frame residence at 1718 Twenty-third street, $2,300; and Sam Graham, owner, and L. W. Squyres, contractor, frame residence at 922 Thirty-second street, $2,150.

BOND OF $1,000 SET

LEVELLAND, Aug. 3—Bond of $1,000 was set by W. R. Baken, justice of the peace, here Tuesday afternoon in the case of P. P. Cooper, charged with swindling by forgery. Cooper, who was returned here from Haskell county by Sheriff Ed Hofacket, waived examining trial and is bound over to the action of the grand jury which convenes September 1.

Complaint was filed by Mrs. Irene K. Ellis, cashier of the First National Bank of Levelland.

OVERASSESSMENT ANNOUNCED

WASHINGTON, Aug. 3. (AP)—The Internal Revenue bureau announced taxes of the Osage Trading company, Houston, Tex., for 1923 had been overassessed $27,807.10.

The bureau explained $26,523.33 of the overassessment was caused by including in original gross income estimates for income and excess profits taxes certain amounts which later were eliminated.

Man Behind The Gun

Mayor Will Marr of Ralls, above is the man behind the Ralls cash 26-block paving program, which is rare if not wholly unique in the country. Without election, taxes, bond issue or warrant issue, Ralls citizens have given the money from their individual pockets to pay the cost of the paving, which is to be completed before the end of the week.

Officer Is Accused

(Continued From Page One)

Dwyer said.

Dwyer testified Carroll killed the elderly physician in the bathroom of the Dwyer home after the doctor had informed Carroll he knew "all about you and Barbara."

Dwyer said the doctor told Carroll: "I think you belong in state prison and if there is no one else in South Paris who is man enough to send you there, then I will."

Dwyer testified Carroll followed the doctor upstairs to the bathroom, shouting "What do you mean?"

"Just what I said," he said the doctor replied.

"And then what happened?" asked Ingalls.

"I heard sounds of a struggle. I ran up the stairs, grabbing a wrench and a hammer as I went.

"At the top of the stairs the doctor was stooped over, leaning against the wall, and moaning.

"I tried to hit Carroll with the wrench but it came part. Carroll grabbed the hammer from me and hit Dr. Littlefield with it.

"And then?"

"The doctor reeled and fell after two or three blows."

"I shouted to Carroll, "'you've killed him,'" Dwyer said.

"I don't mean to kill him," he quoted Carroll as saying.

He said Carroll left the house to get some whisky from his car to revive the doctor, and that meanwhile he tried to help the groaning physician.

"Carroll again came into the house," Dwyer continued, "and ran up the stairs three at a time."

"Did he have the whisky bottle in his hands?"

"He had a .45 caliber automatic pistol in his hand, and he hit the doctor on the head with it."

He said the doctor fell to the floor, and "I think Carroll hit him again." Dwyer said he "felt faint" and sat down.

"Then Carroll took the belt from my pants, and told me to put it around Dr. Littlefield's neck. I wouldn't do it, but Carroll did, and I could hear the doctor struggling for breath."

Then he said Carroll told him, "I'll kill you if you don't give me those letters."

He testified he gave Carroll two letters Barbara had written to him.

Previously Dwyer had testified Carroll accused him of "getting Barbara into trouble." He said he told Carroll he didn't believe it, and that Carroll offered to have his daughter examined by Dwyer's physician to prove it.

That was why Dr. Littlefield went to the Dwyer home—and his death—that night, Dwyer said.

Ralls Solves Paving Task

(Special To The Journal)

RALLS, Aug. 3—A 26-block city paving program will be completed and paid for before the end of the present week, according to report Tuesday by Mayor Will Marr.

Formal acceptance of the improvement, he added, will give Ralls a record rare, if not wholly unique, among towns and cities of the country.

It will mean, among other things, that the elapsed time between conception and completion of the paving has been less than a month; that the citizens of the town have gone into their individual pockets to pay the cost without election, taxes, bond issue or warrant issue; and that the citizens will not be worried about payment for bonds or warrants in the future.

They Just Got Together

The idea of the project originated among a group of leadin citizens after an Amarillo contracting firm, Bell and Braden, had started work on a state highway north of the city. The citizens' committe, sought the cost of paving within the city. Informed it would approximate $450 per block—approximately $11,500 for the whole—the committee got busy. The amount does not include cost of curb and gutter which the city has or will install.

Within a few days, the mayor said, the needed amount was secured through voluntary contributions. Most of the money, he added, came from owners of property on the streets to be paved, but a considerable sum was given by others. Contract for the paving was let without loss of time. It is to be the same type as upon the state highway—approximately the same as that most generally used in Lubbock.

The paving was listed by the mayor as including: Two blocks south of the Methodist church; seven blocks on East Tilford street; three blocks between the gins; one block near the compress; seven blocks on Watts street; three blocks north of the gas company; and four blocks approaching the school.

Among those credited with an active part in putting the program over are C. Sowell, Lem Moss, Murrie Hargrave, J. Edd McLaughlin, Marvin McLaughlin, Theo Holmes, Tim Lyle, Bill Betts, Bill McKee, Bruce Spencer, E. A. Henry, Burt Winfrey, Roy Cooper, L. A. Wicks, L. A. Coward and Walter Watkins.

Hockley County Youngster Is Severely Cut In Accident

LEVELLAND, Aug. 3.—D. Alvin Stanley, 14, son of Mr. and Mrs. Earl Stanley, living 11 miles northwest of Levelland in the Pettit community, was severely cut on the left leg and ankle late Monday afternoon when the horse he was riding crashed into a barbed wire fence.

Young Stanley was rushed to Levelland by J. W. Leavelle, a neighbor, where he received medical treatment from Dr. C. M. Phillips and John Dupre. Three tendons in the ankle had been severed by the wire, and particles of sudan grass, horse hair, and other foreign matter had become imbedded in the deep cut.

The boy is to remain in Levelland for medical attention until danger of infection has passed.

Final Expense Statements Of Candidates Filed On Tuesday

Final expense statements were filed Tuesday by five candidates in the recent democratic primary, according to County Clerk Ed D. Allen.

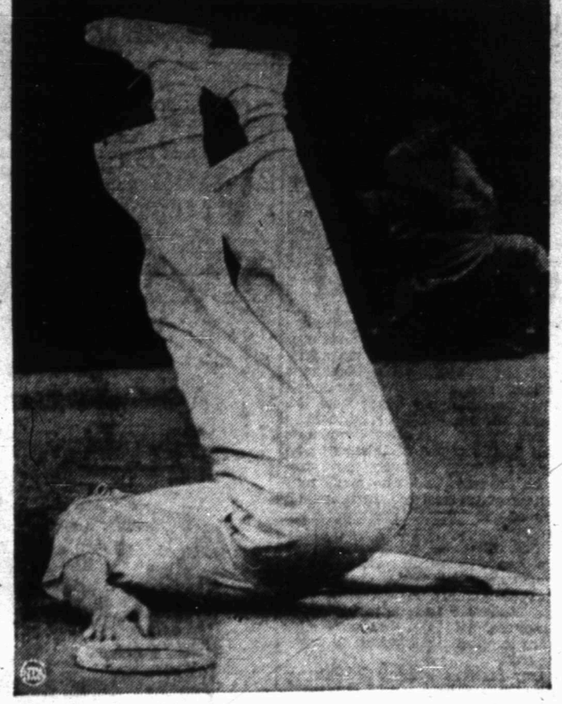

For candidates who were unsuccessful in the first Democratic primary election or who won without a run-off the account was the last. There will be others for those in the run-off.

Candidates and total expenditures who filed Tuesday were: T. L. Holt, for county commissioner, $96.85; C. N. Gray, for county commissioner, $20.11; O. B. Conley, for sheriff, $187.40; Frank Bowles, for county treasurer, $192.25; and John Vickers, for state representative, $240.50.

SHEEP, GOATS ARE SOLD

BRADY, Aug. 3 (AP)—A total of 143 registered sheep and goats was sold for $3,358, or an average of $24.50 a head, at the opening of the second annual two-day sheep and goat sale here Tuesday.

The boy, son of Mr. and Mrs. J. O. Thompson of Brownfield, died of a gunshot wound inflicted when a rifle was accidentally discharged. The accident happened when the youth and three companions were hunting near Paris. He was shot in the neck.

Anniversary Is Observed Here

Fifteen years ago two young men, reared in eastern Lubbock county and already in business, decided to move to Lubbock because they believed the town afforded better opportunities than any other town on the South Plains. They were B. and Paul Sherrod, and for nine months they had owned and operated a small hardware store in Idalou.

Leasing a place at 1014 Broadway, they put in a stock of hardware and as the business increased, added to their space. Five years ago the room at 1016 Broadway was taken over.

Opening Fourth Store

To mark their anniversary no especial observance is planned, other than to attend the formal opening Thursday in Big Spring of their fourth store. There a new store, with new fixtures of the latest design and entirely new stock will open. Allen Cox, for 10 years an employe of the firm in Lubbock, is the manager.

"It is the most hardware store in Texas," B. Sherrod said. "I mean that. If there is any hardware store any nicer, we will remodel and make it better."

In 1930 a store at Slaton, Sherrod Bros.-Carter, was opened. The first of the year a third store was opened in Lamesa with Archie Ivy as manager. A store purchased some months before from Crede Rhea in Levelland was sold the first of the year.

Every Booth In New Merchants' Building At Fair Reserved

Every booth in the merchants' building being constructed on the Panhandle-South Plains fair grounds has been reserved, it was announced this morning.

A telegram from a manufacturing company in Muncie, Ind., received Tuesday, reserved the last of the 58 boothes. Most of the exhibit spaces have been taken by Lubbock merchants.

The new structure will have 18 more boothes than in the former building.

Printing of the fair catalogue is expected to start the latter part of this or first of next week.

Samples Of Oil Found On Ocean Tested In Search For Clipper

MANILA, Aug. 3 (AP) — Samples of an ocean oil slick, principal clue in the disappearance of the Hawaii Clipper, were brought here today for tests to determine whether they came from the giant flying boat, which vanished last Friday.

Army and navy forces continued the vast sea search east of the Philippines, but diminishing fuel supplies forecast withdrawal of several vessels soon.

FORMER INMATE SHOT

GONZALES, Aug. 3 (AP) — Deputy Sheriff W. F. Ray, shot Lonnie Burnett, 63, former insane asylum inmate, to death here yesterday when, the officer said, Burnett made a move for a gun.

Ray said he shot Burnett when he told the latter he was under arrest and the man made a threatening move. Justice of the Peace L. H. Dubose said he found a pistol under Burnett's belt.

Only One Bid Submitted For Littlefield Postoffice Site

LITTLEFIELD, Aug. 3 — Postmaster W. D. T. Storey said only one bid was submitted for the site of the new Littlefield postoffice.

The site was the only one in Littlefield said to meet requirements. It is the northeast corner of the city hall park and will be donated to the government by the city.

The new building will be erected at a cost of $70,000. Contract has not been let as bids have not been advertised. This step is expected to be taken in the near future, Storey said.

Suit For $9,000 In Damages Is Result Of Automobile Mishap

Suit for $9,000 as damages resulting from an automobile accident was filed in 99th district court here Tuesday by J. H. McGee as next friend for his son, M. C. McGee, against G. G. Gilliland.

The elder McGee set out his 19-year-old son suffered severe injuries which will permanently prevent him from earning a living, in an automobile mishap May 27. He set out that Albert Gilliland, about 18, son of the defendant, was driver of one of the machines involved in the accident.

It was alleged M. C. McGee has been in a hospital or in bed at his home since the accident.

Plaintiff itemized the damages as: $5,000 for medical and hospital costs, $2,000 for suffering to the young McGee, and $2,000 for loss of work.

Dewey Cites 'Influenced'

(By The Associated Press)

NEW YORK, Aug. 3 — District Attorney Thomas E. Dewey said in supreme court Tuesday the late Arthur (Dutch Schultz) Flegenheimer and his policy racketeers had "influenced" these officials:

William Copeland Dodge, former city magistrate and Dewey's predecessor as district attorney.

Magistrate Hulon Capshaw.

The late Francis J. Erwin, a magistrate from 1931 until 1935.

Demanded By Counsel

The names, regarded by sensation-seekers as a delectable appetizer for the trial of James J. Hines, veteran Tammany district leader accused of being the "front man" for the policy mob, were served up in a bill of particulars demanded by counsel for Hines.

Dewey indicated that other names would be brought out when Hines goes to trial Aug. 15, charged with conspiracy to "contrive, purpose and assist" in the operation of a lottery.

Neither Dodge, Capshaw nor Erwin was charged with a crime, it being merely alleged that they were among those who had been "influenced," by intimidation or bribery, in the handling of policy cases.

Davis Pleads Guilty

As a fillip to the day's proceedings, J. Richard ("Dixie") Davis, the dapper "Kid Mouthpiece" for the Schultz gang, stepped before Supreme Court Justice Ferdinand Pecora and pleaded guilty to an indictment charging him with acting in concert with Hines and others.

Dewey said Davis, credited with being the "brains" as well as the general counsel for the policy ring, had promised to testify for the state.

Because he said he feared for his life, Davis was remanded to the "protective custody" of the district attorney's office.

Senator Lewis To Resign His Post In Senate Next Year

WASHINGTON, Aug. 3 (AP) — Senator Lewis (D-Ill), famed for his fancy vests and courtly manners, has announced he would resign from the senate after the next session.

He will quit in time for the nomination and election of a successor in 1940, he said, remarking that he believed others should be given an opportunity to receive the honor of election to the senate.

He wishes to devote his full time to private affairs, he explained. He would have resigned this year, he added, except that he wished to stay in congress to support the president.

The senator, who usually coyly declines to make his age public, is 72, it has been ascertained.

He has been sent to congress by two states: by Washington as congressman-at-large in 1897, and by Illinois, which first elected him senator in 1913.

Lubbock Residents Fly To Fort Worth And Dallas In New Service Inaugurated Here

Airplanes, coming into more popular use for hurried trips of Lubbock residents, have cut down considerably the length of time required for business trips to East Texas.

Four Lubbock residents returned to Municipal airport at 7:30 o'clock Tuesday night, 12 1-2 hours after they had taken off for Dallas. They had stopped in Fort Worth and Dallas for business visits. Four also left this morning and plan to return Thursday morning.

Four Leave Today

W. A. Mauldin, Tommy Noms, and M. F. Dagley, pilot, of Lubbock, and Johnny Blocker of Tulia left this morning. Mrs. J. J. Chambless, L. D. Thomas, Art Chase, and Dagley made the round trip Tuesday. Mrs. Chambless attended to business in both Dallas and Fort Worth, and Thomas in Dallas.

It is just two hours to Dallas by airplane. The distance by air is approximately 290 miles, as compared to 341 by highway.

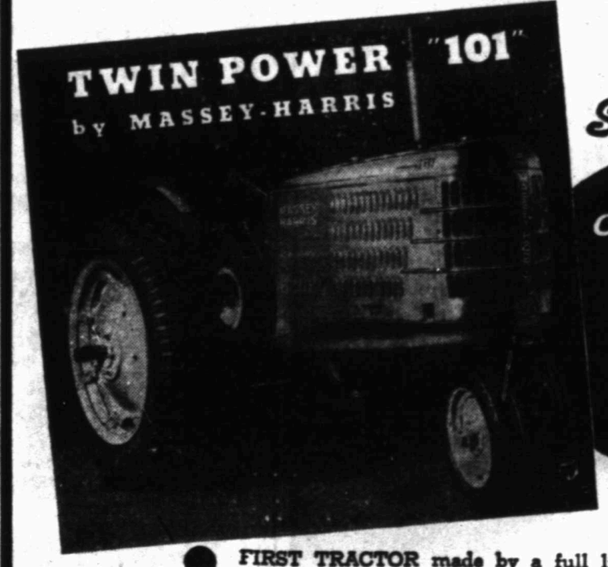

Mr. and Mrs. Thomas expect to go to the West coast on a vacation this month and will fly there in the ship.

One of the greatest potential values of the ship is for ambulance service. The plane will accomodate the pilot, a stretcher, and doctor or nurse. It is fast, its 145 horsepower Warner Scarab motor taking it along at a rate of 145 mph. at 10,000 feet under normal conditions. The ship, which has full cantillevar wings, has a service ceiling of 20,000 feet. It can take a pay load of three passengers, pilot and 40 pounds of baggage. It lands at 45 miles an hour, will climb 800 to 1,000 feet a minute and develops its 145 horsepower at 2060 revolutions.

The pilot flew to Amarillo, 115 miles away, in 40 minutes and to Buffalo Springs in four minutes.

The ship has a radio receiver and Thomas said on the trip to the coast they will fly the beam, like a big airliner.

Starcke Takes Colorado Post

(By The Associated Press)

AUSTIN, Aug. 3 — Mayor Max Starcke of Seguin, one of the foremost exponents in Texas of municipal utility operation, mayor of the "model city" of power distribution, has accepted appointment as manager of operations of Colorado River authority.

Starcke's initial work will be with Central Texas cities and towns to negotiate wholesale sale of power from the public Colorado river project for distribution by municipal systems owned by the cities themselves.

Starcke is president of the South Texas Chamber of Commerce, vice president of the League of Texas Municipalities, whose president he was for two years. He is vice president of the Texas Good Roads association.

He is serving his sixth term as mayor of Seguin.

'Clean Up Rural Mail Week' Will Be Observed Here

"Clean Up Rural Mail Week" is being observed by Lubbock and the territory served by the postoffice here this week, Postmaster Amos Howard said Tuesday.

The national observance opened Monday.

Howard pointed out that unserviceable and unsightly rural mail boxes both retard the delivery of mail and detract from the natural scenic beauty of the highway.

Reports Are Asked

"The first regulation is that all rural boxes be painted white or have an aluminum finish," a mail official explained, "with the owner's name inscribed on the box in black letters about an inch high."

The postoffice department is trying to discourage the use of the non-regulation, old-type, top-opening boxes, as well as make-shift receptacles which expose mail to the weather, Howard said.

If owners of unsatisfactory boxes refuse to repair them, the postoffice is supposed to report the infractions to the postoffice department, and with continued refusal, the department is supposed to withdraw services until requirements are met, according to official information.

Other requirements for rural boxes are: They must have a signal; lids must be unbroken; there must be a door; approach to the boxes should be filled and properly graded and kept unobstructed at all times; must be near the road; must be on right side of road as traveled by the carrier; must face the road; must be water-proof; must be leveled and posts firmly planted; new posts should be provided when needed.

STUDENT IS FINED

AUSTIN, Aug. 3 (AP)—Russell Austin, University of Texas student from Electra, pleaded guilty in county court and was fined $500 and costs Tuesday by Judge George S. Matthews for negligent homicide in connection with the traffic death Jan. 29 of Tommie Rowley of Austin.

Austin's driver's license also was suspended for six months.

Burton Hackney Is Back At His Terry Post; To Undergo Rare Optical Operation In Future

(Special To The Journal)

BROWNFIELD, Aug. 3.—Burton Hackney, Terry county attorney, has resumed full charge of his office here while conditioning himself systematically for one of the rarest of optical operations later in the year which he hopes will restore the lost sight of his right eye.

Hackney removed the bandage last week which he had worn several months since an infection followed a sand scratch on the eyeball. He spent more than a month in Lubbock undergoing treatment for the injury and later sought the aid of specialists in Dallas in a futile attempt to save the sight of the eye.

IS BEQUEATHED EYE

SAN FRANCISCO, Aug. 3 (AP) — Friends disclosed that the Rev. U. E. Harding of Portland, Ore., entered a hospital here today for the transplanting of the cornea from the eye of a dead person to his own eye to save his failing sight.

The clergyman, who even visited San Quentin prison to plea for the eye of a condemned man, will receive instead, from an elderly Berkeley woman, an eye which "looked into heaven" before its owner died.

Mrs. A. C. Hendricks, wife of the minister of the Church of the Nazarene at Berkeley, said the aged woman bequeathed the eye to the Portland pastor.

The injury, friends were informed, has caused a small scar tissue to form over the cornea. Hackney has been advised by specialists, however, that the microscopically thin scar tissue can be removed and the sight restored by replacing it with a layer taken from the eye of someone else.

Similar operations, although extremely rare and perhaps the first of its kind in Texas, have been performed successfully a number of times in eastern hospitals, Hackney was advised.

He is uncertain when the surgery will be attempted, but has been advised by specialists to give his eye time to gain strength before the operation is performed.

Further entertainment on the week's program includes a golf tournament Thursday and Friday and a driving contest Friday night.

Meadowbrook Golf club will be turned over to visiting coaches for the two-day tourney there. The driving contest will be held at the Tee Box range, College and Fourth street.

The public, however, is not allowed on the practice fields as was first announced by local officials. Admittance to workouts is by membership badges.

The northern squad, under Harry Stuhldreher, took the stadium grid Tuesday afternoon as backs and linemen were divided for most of the drill. Bill Meyers of Fort Worth Paschal High took charge of the linemen.

Boys Showing Up

Several of the boys already have reached good form and are being watched closely by the visiting coaches. A pair of backs, Jim Wardy, dark-skinned little Assyrian from El Paso's Austin High, and Preston Johnson of Newcastle, have drawn comment for their passing. Johnson looked especially good at punting, also.

Arnold Johnson, who stepped off the cinder path into a football uniform, is alternating at guard and end. Johnson won first place in the state meet in the low hurdle event this spring.

Others meeting the approval of spectators are: Rhonald Brumbaugh of Fort Worth Riverside, Dan Reece of Fort Worth North Side, R. B. Patrick of Olney, Jack Crain of Nocona, and Pat Lowery of El Paso Austin. Lilius Virden, lanky pivot man from Abilene, is doing a lot of centering. Both Reece and Lowery were picked on the second all-state team in 1937.

A host of all-state material is doing chores for Lynn Waldorf's southern eleven. Four crack backs appear on the inside track, although it is early in the week to pick any lineup.

Bob Brumley, second all-state fullback of Edinburg; Cam "Powder" Dowell, a second all-state half of Conroe whose stature belies his ability; Fred Hall of Waco, second all-state half; and Noble Doss of Waco, a 170-pound back compose a sparkling backfield.

Joe Schwarting of Waco and Euel Wesson of Temple form an all-state combination at terminal posts. Wesson was picked as a tackle on the Associated Press team. Jesse Hawthorne of Port Arthur, who with Schwarting placed at end on the all-state eleven; Howell Ponton of San Saba's regional championship team and an all-state class B performer, and J. M. Russell of Cleburne, picked at tackle on many all-state teams, make fortifications around the South terminals especially strong.

Practice sessions will continue twice a day throughout the week.

Undergo Hard Workouts

North and South all-stars football squads underwent two more hard workouts Tuesday in preparation for their scrap at Texas Tech stadium Saturday night.

Junior College Players To Play At Houston Clinic

AUSTIN, Aug. 3 (AP) — An all-star football game between Texas Junior college players will conclude a coaching clinic at Houston, Sept. 5, Bennie Strickland, former Austin High school mentor, announced here Tuesday.

Strickland said the Southern team would be chosen and coached by W. C. (Heinie) Weir of Schreiner institute and a Northern aggregation handled by Clyde Lee of Kilgore Junior college.

Harry Geisel Is Injured When He And Billy Sullivan Collide

ST. LOUIS, Aug. 3 (AP)—Harry Geisel, American league umpire, remained a hospital patient today suffering with a slight brain concussion, a fractured left wrist and bruises, the penalty for getting in the way of speedy Billy Sullivan, St. Louis Browns catcher.

Dr. Robert P. Hyland said Geisel probably would not be discharged "for a day or two." The umpire was injured in the second inning of the Browns-Senators game yesterday when Sullivan attempted to score from second on Oral Hildebrand's single. The two collided on the third base line. Geisel was carried from the field unconscious.

Chatter From The Coaches

By TOM MILLER
Journal Sports Staff

Grid fans were quite disgruntled Tuesday afternoon when they were shooed off the practice fields, since first reports had them welcomed with open arms. The boys who pay the freight are anxious to get a line on the two teams. Some of them haven't tickets to the game yet, either!

● ● ●

Fred Hall, the sandy-haired youngster, who received plenty of publicity at Waco for his bare-footed punting is a member of the South squad. If you remember, Hall provided lots of copy for state newspapers, first for his strange method of booting, then for the special shoes the Waco athletic department provided him to speed up removal and donning his right shoe, etc. Tuesday afternoon he gave a short demonstration of his shoeless kicking.

● ● ●

Some of the South Texas coaches were pleased with Lubbock's "cool" weather Monday and Tuesday although the mercury approached a new high for the summer here. It was a different tune, however, from several out-of-state visitors.

● ● ●

Lubbock won the district 1 championship at the coaching school without taking the field. Coach W. B. Chapman let other member mentors fast talk him in a blues chorus. Howard Lynch of Amarillo, Catfish Smith of Borger, and Odus Mitchell of Pampa joined in the gabfest.

Up at Plainview, they report, Vernon Hilliard has other plans for the race and would like to play the schedule out. He has started his Bulldogs out for the fall campaign, and was unable to get away for the coaching school, according to those present.

● ● ●

Out on the practice field Lynn Waldorf and Harry Stuhldreher drew comment for their remarkable ability to call names of their charges the first day. Waldorf met first with his team Sunday afternoon and Stuhldreher first saw his boys Monday but that afternoon both knew all their players by face and name.

An interested "listener" at all lectures is Rudolph Gamblin, coach at the New York School for Deaf. He absorbs a lot from motions and later copies notes of Howard Lynch and Bill Allen of Wichita Falls.

He used to play semi-pro baseball at Post and Amarillo.

Armstrong-Ambers Fight Failing To Attract Attention

NEW YORK, Aug. 3 (AP) — It appears that the astute Mike Jacobs finally has been sold a pup in his big triple-decker championship fight between Henry Armstrong and Lou Ambers next Wednesday night.

Two days of investigation reveals that the great fight public simply isn't much interested, even with three titles on display and one, the lightweight, actually involved.

Perhaps it's the heat. The fight looked like a steam-winder when it was arranged. If for no other reason, it offered Armstrong the unheard-of opportunity of adding the lightweight crown to the featherweight and welterweight tiaras he already held.

But now there's little talk about the battle and the advance sale has been so poor there have been persistent reports Jacobs would plaster on another postponement. But Mike vows there will be a fight a week from tonight if there's nobody but him and the ushers to lend voice.

One difficulty is that Ambers doesn't lend himself readily to the old ballyhoo. For all his boxing skill, the lightweight champ is a colorless individual. Nothing exciting happens to him, and he doesn't say much.

There was an abortive attempt to stir up a controversy the other day. Ambers' manager threatened to claim the welterweight title if Lou won. The Armstrong camp didn't enter into the spirit. Eddie Mead Henry's pilot, fanned himself a moment and said: "It doesn't matter, because Ambers isn't going to win."

Terry Announces Suspension Of Star Southpaw Hurler

NEW YORK, Aug. 3 (AP) — Bill Terry, manager of the New York Giants, announced just after Tuesday's defeat by Chicago that Cliff Melton, the lanky left hander whose hurling had much to do with the Giants' pennant triumph in 1937, has been suspended without pay.

Terry would give no explanation.

Melton last appeared on the mound a week ago and was knocked to the showers by the Cardinals.

Invitation Net Tourney Opens Here Friday

Top-notch netters of the section will vie for honors Friday, Saturday and Sunday in the West Texas invitational tennis tournament to be played on Texas Tech's new concrete courts.

Included among those expected to enter are Houston Boyd, El Paso champion; Harry Jordan, former Texas Tech varsity captain; Maurice Fincher of Abilene, Kendall Jones of Abilene, and John White, Amarillo city champ.

Trophies will be awarded in men's singles and doubles, in junior singles, and to runners-up in men's events. The junior section is new to the tourney this year.

NEW YORK, Aug. 3—If Fred Apostoli and Young Corbett don't open the garden's indoor season October 3, they'll settle their middleweight dispute in the same arener (as announced Harry Balogh would announce) on November 18. . . That guy licking his chops down there at Morgantown, W. Va., is "Little Sleepy" Glenn, head football coach at West Virginia. . . he has 'em only three deep in every position and is set for all comers, including Pitt. Believe it or not. . . . every incoming train brings a load of broke horse players from Saratoga. . . . bet on the Yankees, boys, and sleep nights.

Don't let anybody try to tell you this Clay Bryant didn't hoil himself a ball game at the Polo grounds yesterday. . . . His fast one was knocking the buttons right off the Giants' shirts. . . . Winner of tonight's flyweight go here between Small Montana and Katsumi Morioka, the Japanese-Canadian, will meet Little Dodo of California for Benny Lynch's old title. . . . John Henry Lewis' $300,000 suit against the three members of the New York Boxing commission is expected to be filed today. . . And now comes Doug Smith from way up yonder in trail, British Columbia, to suggest that Tony Galento may ing "froth bitten." . . . To have caught his cold from bewhich we say ouch with a big O. . . .

There's a tall one going the rounds out at Hobbs, N. M., that Ernie Lombardi's nose is so long he can light a cigarette, stand under a shower and not get the coffin tack wet. . . . Izzat so, Schnoz? . . . . Minnesota must have something on the ball at that. . . .

Keep your eyes on a Bronx middleweight named Al Bernard who has Texas on fire with 29 wins in starts. . . . Gosh, but it's hot up here.

Another Rowe-Dean Test Is On Today

(By The Associated Press)

Schoolboy Rowe and Paul Dean have faced each other twice on the mound since being sent back to minors and to date everything is in favor of the former Detroit ace.

Rowe is now with Beaumont of the Texas league where Detroit hopes he will work the trouble out of an ailing arm. Dean was shunted to Dallas by the St. Louis Cardinals for the same purpose.

Today when Dallas and Beaumont clash it's Dean vs. Rowe for the third time.

Beaumont took the second straight game of the series yesterday, 3-2. The Exporters today are out in front by three and one-half games over second-place San Antonio, which lost to Fort Worth, 5-2.

The Tulsa Oilers broke a nine-game losing streak by downing the Shreveport Sports, 9-7, in a battle of home runs. Four Oilers runs were made by homers by Bottarini, Christoff and Engle, the former making his start with Tulsa by blasting two circuit blows.

John Grodzicki hurled a five-hit game to give the Houston Buffs a 2-1 victory over the Oklahoma City Indians.

Captain Harris, director of the Harris Zoological Expedition to South Africa, has invented bullets that will drug wild animals but not kill them.

Marshall Or Bryan To Take The Mound Tonight In Opener Of Series With Big Spring Crew

Ralph Marshall or Charlie Bryan will be on the hill tonight as the Hubbers open at three-game series with the Big Spring Barons at 8:45 at the local orchard.

Big Spring is expected to give the Hubbers more of a battle than usual. The Barons have perked up after bogging down in the middle of the season.

A booming single by Ernest "Big Bill" Terry, scoring Bobby Hillin from second in the eleventh inning, gave Lubbock a 7-to-6 victory of Wink Tuesday night and a 3-1 edge in the series.

More than 1,200 customers, including some 600 feminine fanciers who turned out for ladies night last night, hung onto their seats through ten and one-third innings and apparently got a wallop out of the contest, which had its bad moments when the Hubber defense faltered, but which had enough color and smash to cover most of the ills.

Gedzius Doesn't Walt

Jarring Joe Gedzius hopped on the first ball Pitcher Red Hay served up to the Hubber side last night, and drove it high over the left field palings.

There was no more running until the fourth when the Hubbers turned three singles and an error into three runs. Tommy Fleming, making his debut in Lubbock after winning two on the road for Lubbock, blanked the visitors without a hit until the fifth when a pair of errors by Johnny Taylor at third and one by Stevens, together with a walk and a single, accounted for three Wink runs.

Wink Ties Score

The Hubbers got one of them back in their half of the fifth on Watkins's infield hit, Allen's error at short and Al Carr's single. Hay and Fleming pitched two goose egg innings, then, and Hay a third one after Wink had scored on Wano's double and Allen's single in the eighth. Wink tied the score in the ninth when Spangler singled, went to second on a wide throw, advanced to third on a passed ball and scored on Reeves' long fly to Hillin in right. There was a play for Spangler, but he slid under the throw. A snappy double play retired Wink without a run in the tenth, while the Hubbers were unable to score after Watkins led off with a sizzling double to left. He went down on Taylor's bunt, but Miller, attempting to bunt, popped to White, who held Watkins. Carr fanned.

Ferguson relieved Hay after the ninth for Wink, while Terry pitched the last two for Lubbock. Ferguson led off the eleventh with a single, advanced on a sacrifice, and scored when Stevens let a grounder go through him. A double play ended the day at bat for Wink.

Stevens started the eleventh for Lubbock, hit a triple to the center field wall, scored on Hillin's fine single, tying the score. Mosel sacrificed, and Terry came through with his hot one down third base to the fence, scoring Hillin easily, and ending the game.

Cecil Smyly hit a homer for the Boosters last night, but the wallop was insufficient to overcome an early disadvantage, Midland beating Hobbs, 7 to 4. Clovis cleaned the Barons, 19 to 4.

Joe Burk Is Grooming Brother For Olympic Rowing Berth

PHILADELPHIA, Aug. 3 (AP)—Joe Burk, diamond sculls, U. S. and Canadian singles champion, is grooming his younger brother, Jim, as his partner for the Olympic doubles rowing competition in 1940.

The Penn A. C. star believes his 22-year-old brother, now a junior at the University of Pennsylvania, soon will have the necessary experience to try out with him for an Olympic berth.

Chapman For President
By Collier Parris

TEXAS HIGH SCHOOL coaches meet in formal annual convention tonight to mull over problems of their well knit organization and select officers for the coming year.

Their problems are of a more or less private nature, and no doubt of little interest to the public at large. Little of potential public interest has been mentioned around the coaching school. Recommendations regarding certain rules of eligibility, etc., may be made, and may turn out to the advantage of the society, but we have scented no highly exciting news thus far.

● ● ●

We are interested, however, along with the public, in the matter of election of officers, principally because one of our own "boys" is in line for the highest office.

Weldon Bailey Chapman, head coach and athletic administrator at Lubbock High school, is the gentleman we mean. Chapman has served as vice president of the Texas High School Football Coaches association for the past year, and has done a swell job of it.

If the association carries on along the lines recently instituted in regard to election of officers, the vice president will be elevated to the president's chair, the secretary to the vice president's position, which would mean that Chapman would slide in with little interference.

● ● ●

We do not know whether the above procedure is "law" or not, but in the case of Chapman we sincerely hope it is either that or a case of electing him by formal nomination and vote.

Chapman deserves the honor that goes with the nomination. Certainly one of the best coaches in the state, fundamentally and practically, as well as being one of the best fitted socially, Chapman has earned the presidency by his faithful service to and with the association.

● ● ●

L. C. Wood of Cameron, president of the association for the past term, is to be congratulated most heartily for his fine work, especially since the coaching school started. His was a responsible position, and he filled it adequately. We have heard no criticism whatever concerning his reign, and we know, personally, that he has done a swell job of getting the coaching school organized and operated.

Bryan Schley of Nacogdoches, secretary of the body, also has performed nobly during his term. Schley is in line for the vice president's job tonight, and so far as we know, there is no objection.

It would seem, then, that the body would do well to exercise care in selection of its secretary for the coming season, in view of the graduating procedure which we hope will be continued.

● ● ●

We see by the ads as how our barefoot boy friend with skin so tan from good old Iran is back in town to do a bit of torso twisting tonight.

Tyler Trojans Edge Into Third Place In East Texas League

The Tyler Trojans edged into third place in the East Texas league last night by sweeping a double-fleader with Palestine, but they were still a long way from the leaders—eleven games to be exact.

Tyler took the first game, 5-1, with Jack Lavis pitching a five-hitter, then copped the second, 4-2, behind similar hurling by McClendon.

League-leading Marshall downed Jacksonville, 8-6. Hal Simpson's two doubles and two singles topping a 16-hit assault.

Second-place Texarkana downed Henderson, 6-3, Archie Cook, a newcomer, giving up but six hits in his mound try.

Kilgore made it two out of three in the series over Longview with an 11-4 victory. It was a free-hitting game with both sides clouting 26 blows.

Fossils of sharks found in Maryland contain teeth more than 10 times as large as the teeth of the largest sharks living today.

His Highness, Prince of Persia, Sheik Ben Ali Marallah, whose gods are the sun and his own glistening body, has done a lot of fancy footwork on Sled Allen's mat, has aroused the citizens to bloodthirsty states with his cunningly concealed villainies and murderous mannerisms, and has turned in some nice jobs of wrestling.

● ● ●

He goes on tonight as a preliminary boy, but if he hangs around, you'll be seeing him in main events. One of the greatest trainers we ever knew, the Sheik has kept himself down to pure middleweight proportions. His opponent tonight is George Hartay, the hustling Hungarian. Andy Tremaine, Tucson's favorite, meets Gus Johnson in the main, with Jack Hagen, the headlock horror, and Don Hill doing semi-final duties.

Since watching a gang of the best known heavyweight grapplers in action, it's a pleasure to mention our lesser known but by far the more entertaining middleweights and light heavies.

● ● ●

FOR THOSE NOT attending the wrestling match tonight, there's baseball at the local orchard, with the Hubbers greeting the Big Spring Barons. First game of the three-night stand begins at 8:45 o'clock, and it's the last appearance of the season here for the Barons. That's how near the end of the season; Big Spring makes its final call here. The Barons have been rallying lately, financially and artistically, and it'll be no one-sided series, we think.

Tremaine Will Face Johnson

Gust Johnson and Andy Tremaine tangle in the main event at 8:30 o'clock tonight in the weekly wrestling show at the Auditorium.

'Andsome Andy ran off with honors in the top go last week and, being one of the better grapplers hereabouts, gets the call again. There's not much comparison in ability of the two, although Johnson may spring something of a surprise for the cauliflower followers tonight.

Tremaine is by far the smarter and faster. Johnson has had fair success here, but not that of the Arizonan.

Hagen Meets Hill

Jack Hagen, the big bad man from the canebreaks of Louisiana, faces Don Hill in the semi-windup. Hill is aggressive and may give the ex-gridder a lot of trouble, but he'll take a lot of punishment in the meantime.

Hagen used to be the clean boy of the local ring. He learned a few rough tactics and began to apply them with results, then turned to the bang-bang style altogether.

Another rough old favorite here returns after a long absence. Shiek Mar Allah is the oldster and his opponent in the opening bout is George Hartay.

That fight should be about evenly matched.

Sammy Baugh Signs Pro Grid Contract

WASHINGTON, Aug. 3 (AP)—The Washington Redskins signed Slinging Sammy Baugh, their No. 1 holdout, to a three year professional football contract Tuesday.

Owner George P. Marshall of the Redskins did not disclose the terms, but said significantly Sammy "is a bigger shot in pro football" than Byron (Whizzer) White. He referred to the Colorado university all-American who signed yesterday with the Pittsburgh Pirates at an estimated salary of $15,000 for one year.

Under the contract, Marshall said, Baugh agreed to give exclusive athletic service to the Redskins. He did not explain whether this meant that Baugh would have to give up professional baseball.

Cubs Climbing Up On Giants; Yankees Lose

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

At least two major league clubs have learned recently, if they didn't know it before, that a good ball team isn't quite enough to win a pennant in the kind of races the two big circuits are staging this season.

There's no doubt that the New York Giants and Boston Red Sox are good ball clubs, but they're some distance from the top and Managers Bill Terry and Joe Cronin are working hard and spending freely in an effort to remedy matters.

Giants Remain Behind

The Giants remained five games behind Pittsburgh's National league leading Pirates despite a 7-0 licking by the Chicago Cubs yesterday, but that was only because Pittsburgh took a 3-1 setback in Boston when Johnny Lanning came up with a four-hit game. The Cubs, however, cut New York's second place margin to 11-2 games.

Similarly the Red Sox didn't lose any ground to the Yankees, and still trailed by 5 1-2 games after their 7-4 loss to Cleveland. That was because the Yanks dropped a 4-3 decision to Detroit's reviving Tigers. Cleveland thus gained a four-game margin over the Red Hose.

Dodgers Regain Fifth

Brooklyn's Dodgers regained fifth place in the National league by a one-point margin over Boston when they won two games from St. Louis, 6-2 and 9-3. Johnny Vander Meer's return to form helped keep the Cincinnati Reds on the Cubs' heels as they downed Philadelphia 3-2.

Washington gained a 5-3 victory over the St. Louis Browns in a game protested by the losers after Umpire Harry Geisel had suffered a broken wrist in a collision with Billy Sullivan. The Chicago White Sox beat the Athletics, 8-4.

Old Gray Phillies Aren't What They Used To Be

PHILADELPHIA, Aug. 3 (AP)—The Old Gray Phils, they ain't what they used to be.

That's Manager Jimmy Wilson's explanation of his Lilliputians' sudden transformation into Gulliver-crushers. The cellar-place National leaguers have been knocking over baseball Titans so frequently of late that Wilson was asked what got into the worm to make it turn.

"We're a different bunch than at the start of the season," said he in the tone of someone who's just renounced bad habits.

Then why do the Phils stay at the bottom?

"We won't if we keep on playing like we're playing now."

The Phils had just finished dusting off Cincinnati's prodigious Johnny Vander Meer for the fourth or fifth time in as many starts. They lost the game and Vander Meer was credited with winning, but they lost in the ninth inning after pounding the no-hit wonder off the mound.

Morris Norton Fires 74 In Colorado Springs Tourney

COLORADO SPRINGS, Colo., Aug. 3 (AP)—Howard Creel, left-handed player from Pueblo, Colo., won medal honors Tuesday at the Broadmoor invitation golf tournament because he was the only swinger to equal the high-altitude course's par 70.

Creel registered five birdies in posting a 33-37.

Creel finished a stroke ahead of Harry Strasburger of Coffeyville, Kan., who shot 33-38.

Match play will open tomorrow. Other scores included Morris Norton, Wichita Falls, Texas, 74.

15TH Birthday CELEBRATION STARTS Thursday, Aug. 4th.

SHERROD BROS.

• LUBBOCK • SLATON • BIG SPRING

B. SHERROD

We have delayed this event, that usually takes place in June, so that we could celebrate the opening of our BIG SPRING Store and our anniversary at the same time, throughout our entire territory.

Fifteen years ago we opened our Lubbock Store; Eight years ago we opened our Slaton Store; and now we are opening our Big Spring Store.

We want to thank the People of the South Plains for the big part they have had in making every year of our existence a big success. Further expressions of thanks can easily be noted in the wonderful values offered during this celebration.

PAUL SHERROD

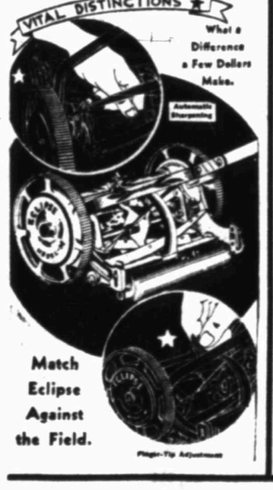

PRIMARILY A HARDWARE STORE WITH ADDED APPLIANCES and IMPLEMENTS TO PROMOTE BETTER HOMES ON THE SOUTH PLAINS

RUUD DE SOTO
Automatic Storage Water Heaters

Radically new in its modern smartness is RUUD DE SOTO, but reassuringly old is the fine traditions of its maker. Gas is controlled by the automatic, all-metal, snap-action thermostat so that water temperature and fuel flow are closely regulated. A secondary control is the pilot sentinel, the all-metal automatic gas cut-off that shuts off all flow of gas if the pilot flame goes out.

Say you guys who use electric razors. If you want a cleaner, closer shave than you've been able to get with the gadgets, rub talcum powder into your mugs before beginning to shave and you'll be surprised at the improvement.

The Plainsman had heard about the powder method but had never paid much attention to it until Morris Levine insisted that he try it.

We did—and the shave is 100 per cent closer and better.

Here's the secret.

Unless your face is perfectly dry the clippers won't work as well as they should.

Especially in the summer time, when most men sweat like hippopotomi, it is impossible to dry the face 100 per cent with a towel.

The powder, however, does the trick.

And the razor takes hold beautifully.

Any old talcum powder will do.

Oh, the Japs can lick the Russians.

Or the Russians lick the Japs.

And you'll never hear us rant around and swear.

But the thing we are dead set on—

That we really are het up on—

Is that they do their dog-gone fightin' over there!

* * *

If you ask The Plainsman, the smart movie publicity boys have taken the not-so smart news editors of the country on another beautiful ride.

We refer to the startling announcement that, after all, Miss Norma Shearer won't play Scarlett O'Hara in the forthcoming cinema massacre of Margaret Mitchell's "Gone With the Wind."

* * *

Ever since it was announced that the best seller of a couple of years ago would be filmed, there has been much hullabalioo over who would play Scarlett and who would play the part of Rhett Butler.

Finally, after much drooling, an anxious world was informed that the feminine lead had been given Miss Shearer and the male lead to Mr. Clark Gable.

The Gable choice was a natural. There never was any doubt about it, since it looked from the book like Mrs. Mitchell had Clark in mind when she drew a word description of Rhett Butler. But the choice of Miss Shearer, who is no more like the fictionary Scarlett than chalk is like cheese, immediately started a hub-bub.

Which, we suspect, is what the movie publicity men hoped for.

* * *

Just as the hub-bub was about to subside, the movie publicity boys made sure that it would start up again by announcing that Miss Shearer had decided to "yield to the demands of her public" and not play Scarlett.

Now the whole silly business is on again, with a lot being said about probable choices, which include everybody from Shirley Temple and Laurel and Hardy to May Robson and Boris Karloff.

* * *

The probable truth behind the whole business is that the movie company owning the rights to "Gone With the Wind" has decided that by the time the film is completed people will have had enough of the story.

Another company beat the "Gone With the Wind" owners to the gun by whipping out a picture called "Jezebel," starring Bette Davis, which was a carbon copy of the Mitchell book, thus taking the edge off'n the public appetite.

But nobody ever acused Hollywood press agents of being bashful about trying anything once.

If you ask us, they never intended to use Norma Shearer in the production.

She'd have about as much business playing the part as Bill Robinson.

A very fortunate thing happened to Dr. J. T. Krueger out at Lubbock County club last Sunday.

Of course, it was unfortunate that a sliced drive resulted in the surgeon's being struck in the head and knocked unconscious.

But it was fortunate that he suffered no serious effects from the mishap.

Probably the most careful of Lubbock's golf addicts, Dr. Krueger is always warning friends with whom he plays to keep out of the way of flying "balls."

But when a curving drive from the club of Johnny Crisler hit the doctor in the back of the noggin it was neither Johnny's fault nor Dr. Krueger's fault. It was a plain, unavoidable accident.

* * *

While it was fortunate for Dr. Krueger that his accident was no worse, it also was fortunate for the community.

Suppose the blow on the head had resulted in his death—as could very easily have happened. Then we would have had snatched from Lubbock one of its most valuable citizens and useful doctors.

To lose Dr. Krueger would be a blow to the city and section from which it would neither quickly nor easily recover.

So Dr. Krueger, himself, is not the only one among us who was fortunate in that the mishap was no worse than it was.

The Plainsman can think of a lot of people—himself in the top rank—who could be taken out of circulation with much less effect than would result from losing a great surgeon.

That's why, together with a long-time personal admiration for Dr. Krueger, this column has a genuine delight in the fact that the Sunday mishap was very minor.

Very frequently people will accept an original with enthusiasm but reject an imitation with a definite feeling of distaste.

Young Mr. Gerald Mann, in the run-off for attorney-general, might well think that over.

Mr. Mann came into the political scene purely and simply as a camp follower of Gov. James V. Allred. He owes whatever public position he may have to the fact that:

1. With Governor Allred's help he was placed on the Democratic State Executive committee over a protest from a large part of his own Dallas county delegation to the Galveston convention in 1934;

2. His appointment as secretary of state by Governor Allred;

3. His appointment by Governor Allred to a Washington post having something vague to do with the Texas centennial celebration.

Although in the first campaign he aligned himself with no candidate for governor, now in his second campaign he is rushing about cheering the successful gubernatorial candidate and paying lip service to Mr. O'Daniel. He didn't do that, however, until he discovered Mr. O'Daniel's overwhelming popularity. He didn't get on the O'Daniel bandwagon until he figured it was the popular thing to do.

Of course, affable and popular young Mr. Mann has to have something to campaign on.

Whatever legal training he may have had for the state's No. 1 legal job which he seeks is scarcely important enough to fill the bill.

Mystery At The Lazy R

years, which seemed suddenly a long, long time, because previously she had spent at least part of every summer on the Lazy R Ranch and Aunt Amy had really taken the place of a mother in her affections since her own mother had died.

Nikki supposed that Uncle Jim was busier now that he had turned the Lazy R into a dude ranch. She remembered him writing that "you easterners will always pay a good price to be entertained, but I can't tell anymore what I'll get for a carload of steers at Chicago." He had been very successful, Nikki knew.

Five years away. And during those five years she had finished school, made her debut, spent a year in Europe and become engaged to Steve Mallory, the young attorney who was this moment arranging his own luggage in another stateroom. He would join her in a few moments for Stephen Mallory was impatient of things which kept Nikki away from him, as he was impatient with details and monotony and dullness. She had known Steve less than a year but he had a way of brushing aside opposition.

Nikki glanced at her own profile in the mirror, a slightly imperious profile if she had recognized it as such, and pressed the release snaps on her dressing case.

She raised the lid and stood staring with sharply indrawn breath. She touched the case with one finger. It was an unconscious movement.

For in the case, instead of her own neat array of toilet articles, Nikki saw bundle upon bundle of green and gold currency heaped in fascinating disorder.

* * *

There were packets of ten dollar bills, twenties and fifties, precisely bound and each labeled "$1000." They had evidently been packed in stacks of denominations, but in movement the bundles had been mixed and confused.

The first thought Nikki had was that the interior of the case looked like a bank teller's cage after an earthquake. Letting her breath out slowly she touched the money gingerly as though expecting to see it fade away and be replaced by the familiar golden tops of the jars in her toilet case. But the money remained.

There must be at least a hundred of the bundles, Nikki thought. Whose money was it and why was it in her bag? Nikki thought back. The maid had packed for her. Well, the maid certainly hadn't put $100,000 in her bag. Nor had anyone else. It was impossible. But there it was, impossible or not.

A dozen thoughts started through her head. She should call the conductor. No, better call Steve. Maybe the money was stolen. Maybe it was counterfeit. They might be involved in some long investigation and have to return to New York. They might even be suspected of something, heaven knows what.

Then Nikki saw a brown morocco edge among the piles of green and yellow, and she lifted out a man's wallet that apparently had been tossed into the case with the money. It was an ordinary enough wallet. Nikki had seen others like it in the hands of escorts who had leafed out bills to settle countless checks for countless dinners and lunches.

She opened the billfold andd across the inside flap read in plain gold lettering:

"Charles Dillon."

Nikki repeated the name to herself and she held the wallet a moment and then dropped it back into the bag. As she did there was a movement at the door. The lock clicked. Nikki turned half in panic, her right hand making an involuntary gesture to close the bag.

"That's right," said the man standing in the opened door. "Close it back up. And then just forget that you ever saw it." His eyes were on the case.

* * *

The voice wasn't unpleasant. It was low and rather smooth, the voice of a man very sure of himself and very sure of the situation. Nor was the man unpleasant. His medium height fitted compactly into a dark suit. His age was indeterminate—maybe 35, maybe 40. A little too well barbered, thought Nikki.

She let the lid of the dressing case drop and glanced back at the owner of the voice. He wasn't looking at the bag now. He was looking at her. He saw the blond hair and the wide gray eyes that were even wider now as they stared at him. He saw the smooth column of her throat, the firm chin and the lower lip whose fullness was a perfect foil for the curving line of the upper. He saw the slimly curving figure with its deceptive suggestion of fragile delicacy.

Then he spoke again, but his eyes hadn't ceased their covetous admiration. His voice was still smooth, low.

The voice and the eyes don't fit, thought Nikki. The eyes are his. The voice he has stolen from someone else. It doesn't belong. She fought off a feeling that she was standing half-dressed. She heard him saying:

"I am very sorry. The bags were together and the porter made a mistake. Not a very serious mistake, although I really haven't much use for the things in this." He held out a dressing case and Nikki saw then that the bag in his hand and the one which held the money were identical.

He stepped over to her and set the bag in his hand down, fastening the case which held the packets of bills.

"I think you will find all of your things in good order." His eyes were still upon her as he bowed slightly at the door and was gone.

It was only seconds after he left that a knock sounded on her stateroom. Nikki hadn't moved.

The second rap was followed by "Redcap" and Nikki opened the door to take a note from the colored boy. She felt the train jerk and slowly glide into motion as it left the station. The note was from her father and read:

"Be on your guard but under no circumstances antagonize Charles Dillon who is on the same train. This extremely confidential. Will explain later."

CHAPTER II

Nikki spent a puzzled and unhappy night. The incident over the money and the note from her father mystified and frightened her. As the train got underway she sat down in bewilderment and reread the message.

The note warned her not to antagonize a man named Dillon. Apparently Dillon, then, was the man who had appeared in her stateroom. But what was his connection with her father, and what was he doing carrying around $100,000 in a dressing case? If the case had contained jewels, Nikki would have thought little of the incident. Peter Jerome was president and major owner of one of the country's largest retail jewelry concerns and a jewel expert recognized on two continents. But no business associate or friend of her father would be carrying a dressing case stuffed with money, as far as Nikki could know.

Her first reaction was, "I must tell Steve." And then she saw again the "extremely confidential" phrase and knew, miserably, that she couldn't tell Steve, that she couldn't tell anyone. She would have to work things out for herself. Somehow the whole affair filled her with an uneasy dread that wouldn't release its grip. Usually resourceful and self-reliant, Nikki wanted so much to tell Steve, and to ask him what to do. But she couldn't, not yet anyway.

He knocked at the door of her stateroom at that moment and stepped inside in response to her invitation, standing and looking inquiringly at her.

"How about a cocktail before dinner?"

She nodded.

"Like to go into the lounge for it?"

"Yes, that's a nice idea." Nikki thought that at least the walk to the club bar would give her time to adjust her thoughts and that there would be other people there partly to district Steve's attention from her.

* * *

In the lounge Steve ordered a daiquiri for Nikki and a Manhattan for himself. The waiter bustled around. By tomorrow, thought Nikki, that waiter will be calling Steve "Mr. Mallory" and giving him better service than anyone on the train.

She looked at Steve while he was telling the waiter not to put grenadine in the daiquiri and what brand of whisky to use for the Manhattan. He was tall, over six feet, with dark hair that occasionally didn't stay precisely in place. His eyes were blue, much darker than Nikki's, and his features were good—all except his mouth. It was a generously wide mouth, too wide, but that mouth and his heavy brows kept him from being too handsome. Nikki thought rather remotely, and wondered why she couldn't keep on thinking of Steve, but instead had to be constantly picturing that man at the door of her stateroom, and remembering the way he looked at her. She shivered just as Steve turned back to her.

"What IS the matter, Nikki? You look like you'd just looked down from the top of the Empire State building."

She smiled at him and after they had their drinks suggested that they go into the diner. At the table she was conscious of making only desultory replies to Steve's bright conversation. She tried desperately to tear her thoughts away from her father and the man in her stateroom but she couldn't.

Normally she was so self-possessed. And now, she thought, one strange man with a bag of money sends me into a panic. There was, however, more to this situation than that, and Nikki knew it. Finally her fiance said:

"Look, honey. If something is wrong, can't you tell Steve? Remember me? I'm the man you're going to marry. Everything was fine when we got on the train and then you went to your stateroom. When you come out the world had all turned gray. What's the matter, sweet?"

* * *

Nikki smiled at him. Steve was such a darling. She adored him.

"I'm sorry dear." She had to make some excuse and she knew Steve deserved a better one than she could give him. "I guess it's the train. The train and my head. Sometimes they bother me." Nikki

USUAL BLOATED EGO?

One is inclined to the belief the statement attributed to Leroy Prinz, a Hollywood film dance director, that "there are no beautiful coeds" must have had a publicity seeking motive.

Either that or he is afflicted with the bloated ego the public has been forced to associate with Hollywood which makes it impossible for him to place a correct valuation upon realities. The fact that the motion picture industry has been faulty in its judgment of many things has been convincingly evidenced by none-too-healthy box office receipts in recent months.

If Mr. Prinz's statement was a bid for publicity, he is welcome to this particular contribution. But he might bear in mind that men far more important in the industry than him have made statements less ill advised, and have faded into oblivion in consequence.

An attempt to dignify his statement with an answer would be ridiculous. One needs merely to point to the campus of Texas Technological college or probably any other similar institution of higher learning in the United States for a complete refutation.

Hollywood Chit-Chat

BY PAUL HARRISON
Journal Hollywood Correspondent

(Bill Porter, who conducts "Movie Scrapbook" for NEA Service newspapers, is writing the Hollywood column while Paul Harrison is on vacation.)

HOLLYWOOD, Aug. 3. — Who will take the place of the famous screen kids of today when those kids reach the unattractive, awkward age? Many studios are grooming kids for starring roles, but most of them point out that they don't want a second Shirley Temple, or Jane Withers, but are trying to develop absolutely new type personalities.

TC-Fox has 6-year-old Joan Carol and 5-year-old Johnnie Russell under contract, but they really don't stand a chance of getting starring roles for a while, just because Shirley Temple and Jane Withers are on the same lot. They have been getting good supporting roles, however, and should the stars of Shirley or Jane suddenly wane, those two kids would be ready to fill the gap. Although Joan Carol resembles Shirley Temple considerably, the studio insists that no one could ever take Shirley's place.

Other studios seem to have the same idea. Warner Brothers are all hepped up over their little Janet Chapman, but they are trying to develop her as a dramatic actress and not as a singer and dancer.

Janet is just 5 years old, and small for her age. She's a natural for tear-jerker roles because she's such a wistful, towheaded little creature. She has appeared in two pictures, and is soon to go into her third, "Heart of the North."

* * *

SCENE-STEALER "GHOST," 8-YEAR-OLD "VET"

Paramount goes in for little boys, and now has three promising youngsters under contract, Donald O'Connor, Billy Cook and Billy Lee.

The studio is placing most of its hopes on Donald O'Connor, since his performance in "Sing You Sinners," in which he steals the picture from Bing Crosby and Fred MacMurray. Paramount is so satisfied with that one that it immediately put Donald into "Sons of the Legion."

Billy Cook was discovered on the radio, where he was ghosting for kid celebrities who couldn't read their own lines. His first role was in "Men With Wings," and from that he went into "Sons of the Legion." Watching the rushes on that picture the other day, I saw Billy and Donald O'Connor enact, without a single break, a scene which covered five pages of dialogue. That's a feat which grown actors seldom perform.

Billy Lee, though only 8, is a veteran of four years in Hollywood and 16 productions. His drum solo in "Cocoanut Grove" was a high spot in the picture. He is now supporting Donald O'Connor in "Sons of the Legion."

* * *

The Supply Seems To Be Pretty Good

Over at RKO they're raving about their child prodigy, Donnie Dunagan. Just 3 1-2 years old, curly headed, and cute as a bug's ear, Donnie recently finished his first screen role, that of Peter in "Mother Carey's Chickens." Whether or not Donnie's option is taken up depends on this picture, and the chances that he will click are better than even.

Producer Sol Lesser has introduced more child stars to pictures than anyone else in the business. Jackie Coogan, Jackie Cooper, Baby Peggy, and Bobby Breen are some he started, and he is now promoting 5-year-old Irene Dare, the world's youngest figure skater. Her first job is a featured role in "Breaking the Ice," which stars Bobby Breen. This introductory role will be followed soon by a starring role in an ice skating picture.

Lesser is also capitalizing on Tommy Kelley's success in "The Adventures of Tom Sawyer," and has borrowed him from Selznick for a series, the first of which will be "Peck's Bad Boy at the Circus." Selznick also plans to star Tommy in "Heartbreak Town."

"Tom Sawyer" also brought little Ann Gillis into the public eye as Becky Thatcher, and she is soon to start work at Paramount in the title role of "Little Orphan Annie."

Then, we must not forget the Dionne quintuplets. Those kids are already typed as a sister act, but they can be sure of at least one successful picture per year—if their guardians let 'em.

Leading Public Figures At The Present Time

White House Now Run By People "You Never Heard Of"; Vacation Days Grip The Place

By RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, Aug. 3. — The White House has been taken over by people you never heard of before. They're the same indispensable men and women who make the machinery go around in the large, handsome, vastly important institution even when the President and his secretaries are there in command.

Dutcher

It's a skeleton crew. Anyone entering the long lobby of the executive offices and suites adjoining it finds deep, comfortable leather chairs and divans wastefully unoccupied in benignly aircooled surroundings. Just what would happen to an ordinary citizen who had no other business than parking himself in the lobby for a cool rest is uncertain because no ordinary citizen tries. Secret Service men went off with the President and those who didn't follow him to sea are vacationing. But uniformed White House policemen still guard gates and doors.

Now's the only time you can see the President's office, assuming you won't be having an appointment with him. With congressional endorsement, you can peer through the door at the great desk with its many gadgets, while a cop watches lest you vault the doorway's velvet rope.

* * *

Jimmy's Up North

Jimmy Roosevelt, health restored, is at the family's far-northern summer place at Campo Bello. Fog there is thick, he writes.

James Rowe, Jimmy's assistant, and his wife Elizabeth—formerly of the United Mine Workers' secretariat — are enjoying the sun, salt water, and lobsters at Nantucket.

Secretary Marvin McIntyre returns from the west as these notes are made and in an hour or so has a roomful of visitors who hope he will tell the President something they want him to know. "Lobbyists and hangers-on," comments a White House attache.

Answering questions from correspondents and the world at large is Bill (William Dean) Hassett, Early's assistant and old-time Washington correspondent, wise and kindly. Scores of telephone callers, local and long distance, want to know about Roosevelt's movements when he returns. Hassett radios news summaries each day to Early on the U. S. S. Houston.

* * *

The Mail Goes Through

At the center of White House machinery, as always, is slender, bespectacled Rudolph Forster, a veteran who dates back to McKinley. He is the clearing house for everything that goes to the President, supervises files, communications, and messenger service.

Right now his big problem is deciding what should go to the President in the pouch about to leave for the U. S. S. Houston by plane and what can wait. . . . White House mail has dwindled below a thousand letters a day. The average is between 2,000 and 3,000, although it once hit 80,000 in 1933. Ira Smith, 40 years in the mail room, is in charge, with a staff of 15 or 20.

The basement mail box is the same type you see on the streets. Recently a carpenter built a wide board on top of it, very useful for piling packages and other mail that wouldn't go in. But a postal inspector came around and said the White House was violating regulations, so the board was removed.

Mystery At The The Lazy R

(Continued from Editorial Page)

smiled. "My head really is splitting," she finished.

"That sounds a little like something your grandmamma might have told her boy friend when she wanted to be alone," Steve told her skeptically. "Come on. We'll go back and you can go to bed. Maybe you'll feel like telling me tomorrow."

Steve went back to the club car to spend the evening leafing through the train magazines. Nikki retired to her stateroom, desultorily taking off her clothes and wondering whether to wire her father. She decided not to wire.

If he could have told me more he would have in the first note, thought Nikki as she climbed into bed. And then she suddenly came to the conclusion that her father probably knew what he was doing and had good reason for it.

There's no point in my worrying myself into a state about it, she concluded. At least not until something else happens. And feeling better, she went to sleep.

Something else happened, and if it didn't add to Nikki's worries, it at least added to the whole puzzle. She had greeted Steve cheerfully at breakfast.

"You were a darling not to be angry last night," she told him. "I'm feeling fine now." She was, and after five minutes' bright conversation, decided she had atoned in Steve's eyes for her behavior of the night before and that all was well there. After they had eaten Steve had gone back to his stateroom while Nikki paused a moment to talk to the porter. She was just starting away when she looked down the corridor.

"Get ready," she told herself half aloud. "Here's that man again."

* * *

He was followed by another, shorter and stockier, and obviously they were together. He was almost abreast of Nikki when he spoke.

"I would like to apologize for my intrusion of yesterday. I must have startled you," he said, and Nikki remembered his soft, smooth voice.

She simulated mild surprise.

"It was quite all right," she said, deciding swiftly that her safest course was to be casual. "No one could blame you for being anxious about your—er—dressing case." Nikki said it as if carrying $100,000 in cash around was the most usual thing in the world to her.

"I would like to introduce myself," he continued. "My name is Wade Bancroft. This gentleman is Mr. Sarto, my business associate." Mr. Sarto nodded jerkily and backed away until he could continue on up the passage.

"I would like to see more of you," said Bancroft, and Nikki thought, I wonder how he means that. If he doesn't quit saying "I would like" I'll scream and if he's Bancroft and the other man is Sarto, where is Dillon? Then she remembered her father's note and said:

"I am Nikki Jerome."

"Going to the coast?"

"No, just to the Lazy R Ranch in Wyoming."

Bancroft nodded pleasantly, announced that he hoped to see her again and Nikki continued on to her stateroom, her brain whirling.

The man with his dressing case full of money isn't Dillon, she thought, he is Bancroft. He is traveling with an "associate" who looks remarkably like a bodyguard.

And now, summed up Nikki unhappily, I know about the money. Either Bancroft is Dillon or he has done something to Dillon and taken his money. If he's Dillon I've got to be nice to him on account of Dad, and if he isn't I'm liable to be murdered because I know about the money.

* * *

That afternoon she and Steve strolled back to the club car, but found every chair taken. The train had filled up at Chicago.

"Want to try the observation?" asked Steve. Nikki nodded and they had almost reached the far end when a man arose hastily. It was Bancroft.

"Miss Jerome," he observed. "Looking for a chair? I think Mr. Sarto was just leaving, weren't you Carl?" Sarto arose without a word. Bancroft grasped Nikki's arm gently and begain guiding her toward the vacated chair.

"Just a minute," said Steve, mostly amazed, but a little annoyed. Nikki leaped into the breach.

"Oh Steve," she said. "This is Mr. Bancroft. Mr. Bancroft, Mr. Mallory," and added, "my fiance."

Steve grunted. Bancroft looked Steve up and down and said:

"Very happy. Congratulations. But I'm sure," turning to Nikki, "that Mr. Mallory won't mind leaving you in good company for a while." He again offered Nikki the chair. It was obvious he intended keeping the seat beside her, leaving Steve to retire from the scene. The shading of indifferent contempt in his voice infuriated Steve.

"You're a little too quick, Bancroft," said Steve. "We'll go on out on the observation. Come on Nikki."

"I think you'll find it occupied also," replied Bancroft smoothly. He took Nikki's arm again. "May I offer you this seat, Miss Jerome?"

"Take your hand off her arm." Steve's voice was low, but it was gratingly harsh, and several people in the car looked up.

Nikki glanced around quickly. She felt like a bone between two strange dogs. She was thinking of Steve and her father both when she spoke.

"Steve," she said quietly. "This is being ridiculous. Mr. Bancroft is an old friend."

Steve stared at Nikki a moment in disbelief, his eyes bitter. Then he turned and strode out of the car. Nikki hated herself for what she had said and hated the man beside her for placing her in a position where she had to say it. She sat down, thinking that the situation couldn't last much longer, as a porter came up and told Bancroft:

"Your wire has been sent sir." Bancroft turned to Nikki. He said:

"I just telegraphed ahead for reservations on the Lazy R. Decided a little western vacation wouldn't do me any harm either."

You Need Printing!

OF COURSE; . . . NEARLY EVERYONE DOES, But what kind of printing do you need? That's the question.

You can't simply say that printing is printing and let it go at that. Think of the DIFFERENCE between the fresh-laid eggs and that of yesteryear!

And there's a whale of a big difference between printing . . . of the sort you love to look at, and the "Run-of-the-mill" variety.

In emphasizing your need for printing, what we mean to coyly suggest is that you really need The Baker Company Printing.

Lubbock Auction And Commission Co.
AUCTION SALE EVERY TUESDAY AND FRIDAY

LUBBOCK AUCTION & COMMISSION COMPANY can't refrain from singing its praises of the name it is making for itself as the Center Livestock Market of West Texas.

Volume continued to expand in the local cattle market. We sold over 1700 head of cattle this week—still we did not meet the urgent demands for stocker and butcher cattle of our many buyers. The only discouraging factor in the whole setup was that the demand exceeded supplies.

All Classes of cattle assumed the upward trend and sold fully steady to strong.

SELLERS & CUSTOMERS—If you have cattle to sell—we believe now is the time to sell for best results.

If you have no way to get your cattle in, wire or phone us for trucking service. WE WANT YOUR BUSINESS!

Wright Funeral To Be Conducted Today

Body of J. E. (Jim) Wright, about 50, Lubbock plumber who moved to Big Spring several months ago, was brought here this morning from Big Spring where he was killed Tuesday in an automobile collision.

Funeral services were to be held at 4 o'clock this afternoon at the home of his mother, Mrs. Sally A. Wright, of 1946 Texas avenue. Burial will be in Lubbock cemetery under direction of Sanders Funeral home.

Meet Head-On

Wright, alone in his automobile, was driving toward Big Spring on the Midland-Big Spring highway and Charlie Thompson of Big Spring was in a truck going toward Midland when the machines collided head-on. Friends surmised Wright had been to Midland and was returning to Big Spring where he is plumbing foreman for Roche Newton and company of Lubbock which has the plumbing contract for the West Texas hospital for the insane under construction there.

He had been employed by the company here since 1920, but had moved to Big Spring when work on the hospital was begun. It was announced Tuesday night that the office here of Roche Newton and company would remain closed today in honor of Wright.

Other Man Hurt

The exact time of the accident was not known, but a watch carried by Wright stopped at 6:10. It was surmised that was the time of the accident. Thompson was seriously injured and was admitted to a Big Spring hospital. It was reported here an arm was amputated.

Friends of Wright said his body was badly mangled by the collision.

He is survived by his wife; his mother, Mrs. Sally A. Wright, and a brother, Garland Wright. Garland Wright and his mother live at 1946 Texas avenue.

State Primaries

(Continued From Page One)

cause of campaign charges that one of the four candidates — the Rev. Gerald Winrod-was pro-nazi. Winrod, who denied the accusation, ran third.

Reed Gets Nomination

The nomination went to former Gov. Clyde Reed. The count in half the state gave him 22,000 more votes than Dallas Knapp, running second, and 26,000 more than Winrod. The Rev. J. C. Fisher trailed.

Gov. Walter Huxman, Democrat, was renominated without opposition. State Senator Payne Ratner, who like Reed lives in Parsons, Kans., was ahead for the Republican gubernatorial nomination.

Winner of the republican senatorial contest in Missouri was former Gov. Henry S. Caulfield, who easily defeated politically unknown Ray E. White, St. Louis real estate man.

Clark Way In Lead

Senator Clark polled three and a half times as many votes in the first half of the state to report as did his three opponents combined. Joseph T. Davis, Willis H. Meredith, and Robert I. Young.

Missouri Democrats, who had taken Clark's victory for granted, were more interested in a fight for a state supreme court nomination between forces of Gov. Lloyd C. Stark and T. J. Pendergast, Kansas City party leader.

Douglas Pulls Ahead

James V. Billings, endorsed by Pendergast, took an early lead because Kansas City's precincts were counted early, but Judge James M. Douglas gradually pulled ahead as returns came in from St. Louis, his home town.

Yesterday's primaries formed a sort of curtain-raiser for two fiercely-fought contests to be settled later this week. Tennessee Democrats will pick their senatorial and gubernatorial favorites tomorrow, and Kentucky Democrats will choose Saturday between Senator Alben W. Barkley and his challenger, Gov. A. B. Chandler.

The senate campaign expenditures committee has denounced campaign tactics in both states, and has investigators on the scene.

PRIMARIES AT A GLANCE

MISSOURI—Senator Bennett Clark, frequent Roosevelt critic, wins Democratic renomination by handslide; former Gov. Henry S. Caulfield chosen Republican nominee.

KANSAS — Senator George McGill, Roosevelt follower, easily wins Democratic nomination; the Rev. Gerald Winrod, called pro-nazi by opponents, runs third; Gov. Walter Huxman, Democrat, renominated; will be opposed by State Senator Payne Ratner, Republican.

VIRGINIA — Two Roosevelt supporters lose house races; Rep. Howard Smith defeats William E. Dodd, jr., 3-1; former Rep. Colgate Darden unseats Rep. Norman Hamilton.

WEST VIRGINIA — Representatives Ramsay, Edmision and Johnson, who have backed president, win Democratic renomination.

Mrs. Caraway Offers Campaign In Sharp Contrast To First

LITTLE ROCK, Ark., Aug. 3 (AP) Senator Hattie W. Caraway, stumping the state of Arkansas for renomination in the Aug. 9 Democratic primary, today offered a campaign in sharp contrast to the spectacular drive which landed her a full term in 1932.

Opposed by Rep. John L. McClellan of the sixth district, and World War Veteran J. Rosser Venable, the long woman senator has cast aside tactics of the late Huey P. Long of Louisiana which involved sound trucks and bombastic oratory.

This year the soft spoken Mrs. Caraway is running her own campaign, and along different lines. She is devoting most of her time to informal handshaking visits throughout the state, and is attempting but few major addresses.

On the other hand, McClellan, famed in these parts for his oratory, is "going to the forks of the creek" with his candidacy, following a schedule calling for 150 speeches before election day.

Pendergast Charges GOP Defeated His Organization

KANSAS CITY, Aug. 3 (AP) — T. J. Pendergast said today the defeat of his Kansas City Democratic organization candidate in the Missouri primary yesterday was the work of "the Republican metropolitan press of Missouri and the Republican voters."

Pendergast's organization gave Judge James V. Billings a 98,000 majority in Kansas City for the Democratic supreme court short term nomination but Judge James M. Douglas of St. Louis, backed by Pendergast's intra-party rival, Governor Lloyd C. Stark, won with a St. Louis and out-state following.

Pendergast struck at the policy of permitting Republicans to vote as Democrats by making affidavits to vote Democratic in November.

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 3 (AP) — Cotton futures opened steady here today net 4 to 6 points lower. There was hedging and liquidation induced by easier foreign markets.

The October contract opened at 8.57, Dec. 8.64-65, Jan. 8.66, March 8.72, May 8.73 and July 8.78 bid. Active options gained a few points in early dealings on continued reports of unfavorable weather.

Prices reacted again on larger private crop estimates and near mid-session Oct. traded at 8.54, Dec. 8.61, March 8.67, and May 8.70 or 7 to 10 points under yesterday's close.

The government's weekly crop report said conditions in central and eastern portions of the belt were unfavorable because of the continued rains, which increased insect danger.

The report said the weather was favorable on the whole in the west.

Scattered rains continued in the south central and eastern portions. Temperatures were normal and a little above.

The turnover yesterday was 22,150 bales and open commitments 370,500 bales, a decrease of 3,950 bales from the previous day.

NEW YORK REPORT

NEW YORK, Aug. 3 (AP)—Cotton futures opened 2 to 4 lower, reflecting indifferent Liverpool cables, liquidation and foreign selling. Oct. 8.47; Dec. 8.54; Jan. 8.56, March 8.61; May 8.64; July 8.67.

Trade and local demand again appeared below 8½ cents for Oct. while scattered buying was encouraged by the steadier tone of the stock market.

Dec. sold up from 8.54 to 8.57 shortly after the first half hour, when the list was 1 to 2 points net lower.

Liquidation promoted by larger crop ideas and a reaction in the stock market caused prices to ease toward midday.

Dec. sold off to 2.51 and then recovered to 8.53, leaving the market 3 to 5 points net lower.

The average guess of New York Cotton exchange members was for a crop of 11,380,000 bales. Another private report placed production at 11,474,000 bales against 11,175,000 a month ago.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 3 (AP) — Much higher Liverpool quotations than due led to a cent a bushel bulge in Chicago wheat prices early today.

Opening ½ to 1 cent up, September 67⅞-⅞, December 69⅛-¼, Chicago wheat futures held near them to these figures. Corn started ¼-⅜ higher, September 58⅝-¾, December 52¾-⅞.

At the close, Chicago wheat futures were unchanged to ⅛ cent higher compared with yesterday's finish. Sept. 67⅞-⅛, Dec. 69-69⅛, corn ¼-1¼ down, Sept. 54⅝-¾, Dec. 52-52⅛, and oats unchanged to ⅛ off.

FORT WORTH REPORT

FORT WORTH, Aug. 3 (AP) — Demand for grain continued fair here today. Estimated receipts were wheat 63 cars.

Wheat No. 1 hard 79-84.
Barley No. 2 nom 52-53.
Sorghums No. 3 m-o nom 79-81. No. 2 white kafir nom 82-84.
Corn No. 2 yellow 65-67.
Oats No. 2 red 32½-33½.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 3 (AP) — Little buying in gold mining shares imparted a flicker of life to a sleepy stock market today.

Traders turned to the yellow metal group when the market drifted into a stalemate after prices rose and fell in gentle swings in the forenoon. Dealings entered one of the quietest periods since the rousing June upswing started.

Diverting attention to the gold mining issues was a further advance in the London open market price for the metal, accompanied by a continued decline in the British pound to the lowest figure in many months.

Speculation in the golds centered on Alaska Juneau, Homestake, McIntyre and Dome, all up fractions to more than a point.

Moderately lower most of the day were U. S. Steel, Chrysler, Westinghouse Electric, General Motors, New York Central, Anaconda Copper, Western Union, Briggs and National Cash Register. Higher most of the time were American Can, Douglas Aircraft, National Distillers and American Smelting.

Transactions approximated 800,000 shares.

Curb stocks were uneven in a dull market.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Aug. 3 (AP) — (U. S. D. A.) — Cattle 2,800, calves 1,400 including 325 thru; market slow, most classes of cattle weak with some bids and sales lower, calves active and strong, plain and medium slaughter steers 5.50-8.00, good lots to 8.50; good fed yearlings 8.00-9.00, good beef cows 5.50-6.00, calves largely 6.00-7.00.

Hogs 1,100 including 130 direct; mostly 25c lower than Tuesday's average, top 9.25 paid by city butchers, packer top 9.15, good to choice 175-270lb. feeder pigs steady 8.50 down.

Sheep 2,000; spring lambs steady to 25c higher, other classes steady. Most spring lambs 6.75-7.25, good to choice springers up to 7.50, feeder lambs 5.00 down.

KANSAS CITY REPORT

KANSAS CITY, Aug. 3 (AP) — (U. S. D. A.)—Hogs, 1,500, no direct; few sales 240 lbs down 15-25 lower than Tuesday's average, good to choice 170-240 lbs. weights 9.25-9.40, practical top 9.40, some 6.25-7.00.

Cattle 4,000, calves 600; choice 1148-lb. steers 12.00, same price for part load yearlings, most fed steers down from 11.25, grassy short feds down to 8.50; early grass steers of medium grade 7.00-8.00, choice mixed yearlings 11.25, yearling heifers 10.10, most grass fat cows 5.00-6.00, vealer top 9.00, fleshy heavy feeders 9.25.

Sheep 4,500; 77-lb. Colorado spring lambs 8.60, natives selling downward from 8.50, 88-lb. Texas yearlings 6.50, Colorado ewes 3.60.

Lanning Rites Will Be Held Thursday

A 96-year-old Lubbock resident who came from Ireland to America 91 years ago, P. J. Lanning, died at 7:04 o'clock Tuesday night at the home of a daughter, Mrs. R. F. Hinchey of 1202 Avenue O, after a several weeks' illness.

Mr. Lanning would have been 97 years old next Feb. 8.

Funeral services will be conducted at 9 o'clock Thursday morning at St. Elizabeth's Catholic church, Rev. Fr. Gabriel Diamante, pastor, will officiate. Burial will be in Lubbock cemetery, under direction of Lindsey Funeral home.

Pallbearers were announced this morning as John Ryan, George Simmons, C. J. Quinlan, Conner Cole, C. W. Ratliff, and A. D. Brown.

Besides Mrs. Hinchey, other survivors include: a daughter, Mrs. John O'Connor of St. Louis, two sons, Oliver Lanning of Fort Slocum, N. Y. and Harry T. Lanning of Salamanca, N. Y.; three nephews, R. W. Gallagher of New York City, C. E. Gallagher of Cleveland, and Francis Gallagher of Troy, N. Y., and three grandchildren, Mary Jane, Jack, and Kittie Hinchey. None of the out-of-town relatives will attend the services.

Born In Ireland

Mr. Lanning was born in Clare county, Ireland, and came to America at the age of 6 with his parents. He resided for a time in Troy, Pa., and was a resident 60 years of Salamanca, N. Y., where he was engaged in the hardware business before retiring in 1924. He came to Lubbock to live with his daughter in 1930.

Mr. Lanning was a life-long Democrat and in the 1936 election was the oldest man to vote in the county. He cast his first vote in 1864 at Troy, Pa., against Abraham Lincoln, supporting Gen. George McClelland.

In excellent health until less than a year ago, Mr. Lanning was a familiar figure around the Hinchey residence and always had a cheery greeting for friends calling at the household. He was spry and active until his recent illness despite his advanced years.

Fearful Of China Collapse

Secondly, they contended, Russia was fearful that China would collapse should the Japanese capture Hankow and sever the Canton-Hankow railway, which is a Chinese munitions artery.

Thirdly, the Russian strategy might be based on a belief that the Siberian situation could be kept within the bounds of a miniature war, without serious danger to the Soviet nation.

The first of the newest protests was delivered in Moscow by F. Miyakana, secretary to the Japanese embassy, on Tuesday against "Soviet lawlessness," the foreign office spokesman announced.

The ambassador to Moscow, Mamoru Shigexitsu, was directed to deliver the second protest personally today to the Russian foreign minister, Maxim Litvinoff.

State Semi-Pro Tournament Is Narrowed To Five Teams

WACO, Aug. 3 (AP)—The field of contenders for the state semi-pro baseball championship had been cut to five today with Grand Prize of Houston and Alvin clashing tonight in another elimination game.

Conroe defeated Temple last night, 5-0, to take the latter out of the race. Lefty Chambers held the Surgeons to one hit.

Conroe can gain the finals by defeating Mount Pleasant Thursday night.

The Waco Dons are the other aggregation remaining in the race.

Flood Waters Inundate Streets Of Matagorda; Fall At Wharton

MATAGORDA, Aug. 3 (AP) — Flood waters which started in the San Saba area in Central-West Texas almost two weeks ago were pouring into Matagorda bay today, inundating the streets of this Gulf coast town.

It was the final phase of the flood which began from heavy rains that sent the San Saba river out of its banks, joining with other streams to send the Colorado river on a rampage.

The flood waters moved out of Wharton, which had been isolated several days ago. Water reached a depth of two feet in some places here but damage to property was not expected to be high though grazing land in this section has been ruined for the season. There is not much farm land around Matagorda.

The rise here is slow and is expected to continue until some time today. About 65 families are being cared for by the Red Cross.

Public Invited To Free Showing Of Visual Education Pictures

The public has been invited to attend a free showing of four motion pictures from the Texas Technological college visual education library at 8:30 o'clock tonight on the lawn south of the administration building.

The pictures are among those which will be rented to public schools for use in instruction. Establishment of the visual education library recently was approved by the college board of directors.

Films to be shown are: "How Nature Protects Animals", "The Heart and Circulation", "Teaching With Sound Films", and "The Adventures of Bunny Rabbit". Length of showing will be 11 minutes for each except "Teaching With Sound Films", which will require 30 minutes.

GOVERNOR CARRIES BATTLE

DES MOINES, Ia., Aug. 3. (AP)—Governor Nelson G. Kraschel today carried his constitutional law battle to the National Labor Relations board with the statement that the federal government "possesses only that authority which was delegated to it by the states."

In defiance of the governor's order closing the board hearing into the Maytag Washing Machine strike, the NLRB in Washington ordered the inquiry resumed here today.

The workers' resolutions requested the government to administer "a most resolute repulse" and to let the Japanese general staff "learn what it means to poke their swinish snouts into our Soviet garden."

"She Plays With Fire"

In its editorial on the situation the Journal de Moscou said:

"Japan plays a dangerous game. She plays with fire. The Japanese government must realize fully that local conflicts reaching the proportions of that of today may easily grow into a general conflict.

"One cannot recommend that Japan indefinitely subject to trials the peaceableness of the Soviet Union. The U. S. S. R. will not tolerate any violation of its borders or any attempt to take possession of any points of its territory.

Will Never Tolerate

"The Soviet government will never tolerate that irresponsible elements of the Japanese military clique or desperate politicians should oranize the murder of Soviet frontier guards or attack certain Red army units.

"We do not advise anybody, and especially Tokyo, to flatter themselves with illusions. The Soviet government, relying upon the will of the entire, powerful and united Soviet people, will not in any event tolerate violation of the rights and interests of its citizens."

Rules Changed On Exhibits

A committee meeting Monday afternoon at the chamber of commerce offices made several changes in rules for county agricultural exhibits at the Panhandle - South Plains fair to be conducted Sept. 26 through Oct. 1.

In the past, showing of 30 varieties of agricultural products has been required in a county booth. The committee cut that number to 25.

It decided that 12 specimens of an agricultural product may be shown rather than the formerly required peck; for example, 12 potatoes rather than a peck.

A fruits provision was added to rules. Apples, peaches, pears, grapes, and apricots may be included in the agricultural products.

Attending the meeting were C. C. Jobson, Lubbock county agent; Ray Chappelle, head professor of agricultural education at Texas Technological college; O. T. Ryan, district supervisor of vocational agriculture; Homer Thompson, Garza county agent; George Samson of Post; John W. Palmore, assistant Lubbock agent; and J. H. Brock, assistant secretary of the chamber of commerce.
