## Along The Waterfront

Catches of trout, reds and sheepshead have been good in San Antonio bay, Aransas bay and Cedar Bayou during the past three days. According to Al Hagy, Sea Gun Sports Inn guide, the Robert Kirby party from Arlington, Texas, landed 44 large trout and Cliff Williams of Houston caught 65 trout and two reds over nine pounds each. Mrs. Otis Swepston of Dallas, fishing Copano Bay, brought in 18 trout and sheepshead.

Guide Jimmy Warrach reports the Raleigh A. Smith party from Houston, landed 39 trout and reds, one red weighing over four pounds. M. Kroll of San Antonio Bay tallied 99 trout, drum and reds.

Trout catches in the Sea Gun marina basin have increased during the passage of the current cold front.

* * *

Bill Rogers and sons; Mr. and Mrs. Jack Richey, fished on charter boat "Reel McCoy" and caught 134 large reds and trout.

* * *

Turner's Bait Stand, on Port Bay, five miles out Farm Road No. 881, report:

A. A. Anderson, Jr., and U. A. Kobb of Ingleside, 24 trout, 13 of the trout weighed 3½ and 4 pounds each. Also caught a 4-pound red.

A. L. Berry and Jay Bhomer of Corpus Christi, nine trout, two 3½ pounds each and one 6-pound red.

J. A. Matthews of Sinton, eight trout, 1½ and 2½ pounds each.

Mr. and Mrs. L. L. Scaief of San Antonio, 15 trout and drum.

Tommy Wilcox of Odessa and Roy Albrich of Houston, caught a good string of fish that included trout, drum, sheepshead and redfish.

Leroy and Henry Gladek, D. Woo, Lonnie Tipman of San Antonio and Edwin Shadek and Mr. and Mrs. W. A. Krueger of Taylor, fishing over the weekend, caught 100 pounds of fish—most of them trout.

### CARL DUCKWORTH TO TEACH ART HERE

Carl Delaine Duckworth, motel owner, has completed new Art Studio overlooking the bay. He will begin classes very soon for beginners in all age groups.

Mr. Duckworth, formerly of Houston, has been actively engaged in art since he was 16 years old. He attended ACC of Abilene, the Academy of Fine Arts in Chicago, and studied under Mrs. Calvin McIntosh of Abilene.

He has been commissioned to paint murals in Long Beach, Calif., Fort Worth, Dallas, Galveston, Houston, and Abilene. He has also painted murals in New Orleans, Kansas City, Chicago and Miami Beach, Fla.

Five years ago, Mr. Duckworth came to Rockport on business and was so impressed with the natural beauty of the wildlife and the twisted trees, he decided to move here.

It took a year to sell his businesses which consisted of: The Gulf Coast Advertising Co., a national mail order business, and the Delaine Murals, Inc.

He organized the Delaine Murals Corporation which sold original art nationally through the furniture markets. Twenty-eight artists painted in production, around the clock.

Mr. Duckworth says anyone can learn to draw and paint. They need only to be able to see and hold a pencil.

See his ad on page 9.

## National VFW Com'dr Here Over Holiday

National Commander John A. (Buck) Jenkins of the VFW had a quite a day Friday as the guest of Chester Johnson and Joe Evans at Holiday Beach.

Early in the morning Jenkins, who was accompanied by his son Jimmy, killed two snow geese and a Canadian honker before being taken to Matagorda Island, where he was lucky enough to shoot a nice eight-point buck.

After lunch, fishing in the canals of the Venetian-type development, Jenkins caught a string of trout and drum, and he would up his sporting day by clobbering his limit of ducks and buying a lot to serve as permanent headquarters when he returns to hunt the Phantom Boar of Holiday Beach.

At first, when Johnson and Evans started telling him about the animal, he thought they were pulling his leg, but the boar was there long before the Murchison interests bought the land from the Bracht Estate for the development.

Fred Bracht, Jr., who was at the dinner honoring Jenkins following his day in the field, says that the pig is evidently from the Aransas National Wildlife Refuge, a descendant of European wild boars loosed there years ago by a San Antonio attorney, before the land became a wildlife sanctuary where America's last whooping cranes spend their winters.

Bracht's family owned the Holiday Beach land, which is adjacent to the Refuge, for many years, and Bracht says he has seen the pig a number of times, as have other oldtimers in the area.

Jenkins was particularly intrigued because everyone describes it as a giant of its kind, "larger tha a big calf," and so wary that it puts absolutely no trust whatever in people.

Evans says he has been hunting the hog for more than a year but that all he has ever been able to get is a tantalizing glimpse as it heads for the brush at high speed. It is tall at the shoulder, Evans says, like its European ancestors, and heavy-headed, tapering off to greyhound-like hindquarters, and many evenings, just at the edge of dusk, cen be seen emerging from the brush on to the flats at Holiday Beach.

"The other night," Evans said, "I caught a glimpse of it as I swung the headlights out across the flat on the east side of he road, but that pig didn't believe I meant it any good, and about all I saw was a huge, dark blur as it headed for the mesquite."

Jenkins, who has fallen in love with the area around Rockport because of its sporting possibilities, would like to add the head of the boar to his other trophies, and so would a lot of other people, but so far the pig has outsmarted everyone of them.

Johnson said he used to think wild turkeys were about the smartest thing you could hunt. Most of them, he said, don't take any chances either, but the boar makes them look like amateurs when it comes to out-thinking hunters.

Guests at the dinner hosted by Mr. and Mrs. Johnson in the Reef Club at Sea Gun Sports Inn included Jenkins and his son Jimmy; Past VFW Departmental Commander and Mrs. Carter Younts, of Sinton; Mr. and Mrs. William McCumber, of Three Rivers; James H. Sorenson, Jr., James W. Hunt, Mr. and Mrs. Joe Evans, Fred Bracht, Jr., Dr. and Mrs. H. F. Elliot, and J. L. Baughman.

### EASTERN STAR TO HOLD RUMMAGE SALE

The Eastern Star will hold a rummage sale at the old Schmidt building next door to Rockport Electric Friday, Dec. 4, from 2 till 6 p.m. and Saturday, Dec. 5, 8 a.m. till 12.

## High School Choirs To Present Concert On Thursday, Dec. 10

In the first concert of the year, the choirs of the senior and junior high schools will present a Christmas program at the high school auditorium at 7:30 p.m., on Dec. 10.

The program, under direction of Mrs. Frank DeAngelis, will begin with three secular Christmas numbers sung by a small group of select voices, and the newly-organized boys quintette will sing "White Christmas."

Members of the quintette are Dennie Elliot, Abe Rodriguez, Russell Swann, Russell Kline, and Charles Cady.

The junior high will present a musical version of "The Night Before Christmas," and join the high school choir in singing the "Carol of The Christmas Chimes." There will be a piano and chime accompaniment for this number.

The last section of the concert will consist of a group of sacred Christmas carols, sung by the high school choir. Among these will be "Carol of The Drum," "Indian Christmas Carol," "Oh, Holy Night," "Behold That Star," a Christmas spiritual; "Cantate Domino," "A La Nanito Nana," a Spanish carol; and "Bring a Torch, Jeanette, Isabella."

Following this, the girls sextette will present "Sweet Was The Song. Members of the sextette are Sherry Lynn Brundrett, Diana Gonzales, Fay Snyder, Joan Wolf, Susan LeBlanc, and Beverly Agler.

The program will end with three Christmas hymns sung by the combined choirs, with a brass choir accompaniment.

Officers of the senior high school choir are Phyllis Striano, president; Sally McCord, vice president; Susan LeBlanc, secretary-treasurer; and Denise Picton, reporter.

## Local Woman Authors Two Coastal Books

A Rockport woman, Mrs. Winifred E. Lowther, has recently had two books published by Naylor Publishing Co. of San Antonio.

"Winds and Tides," a little book of verse, was issued on Nov. 22, a novel "The Sea Was His Mistress" came out on Dec. 6.

Mrs. Lowther, in her charming verse, has pictured the many moods of Nature, and

## Whoopers In Population Explosion

Bob Shields, manager of Aransas National Wildlife refuge reports 42 whooping cranes, of which 10 are immatures, have arrived at the refuge from their summer home at Wood Buffalo National Park in Canada. The count represents the largest number of both adult and young to winter here in the history of the refuge. Thirty-two left the refuge last spring and returned this fall with 10 young. Cruise passengers sighted 17 whooping cranes on Black Jack peninsula Sunday, according to Capt. "Brownie" Brown, during a regular schedule run of the motor vessel "Whooping Crane," operating from Sea Gun Sports Inn. Those sighted were family groups with young.

### CITIES SERVICE HAS DUAL COMPLETION

Cities Service Oil Co. has announced dual completion of the No. 1 Mud Island State Tract 260 (permitted as No. B-1 State Tract 260, Aransas Bay,) Aransas County Frio discovery five miles east-northeast of Aransas Pass.

The opener of the proposed Mud Island Field rated 1:62 million cubic feet of 48 gravity condensate per million from the 9,200-foot sand. It flowed 1.4 million cubic feet of gas daily plus 28.7 barrels of 52 gravity condensate from the 9,900-foot zone. Perforations are being withheld pending filing of completion forms with the railroad commission.

The discovery was drilled to 13,000 feet. Cities Service has 4,200 acres under lease around the strike.

## *Editorial*

One of the nice things about living in a town like Rockport is the fact that folks have plenty of room, and aren't jammed together like sardines in a can.

But that same privilege is one that should not be abused.

Recently, the sheriff's department has been getting call after call about loose livestock. More than that, a spokesman said, is the fact that livestock is tied to other people's fences, or staked out on their vacant lots without permission having been asked.

Fences, trees and shrubbery have been damaged and the owners of those fences, trees and shrubbery are put out about it. A lot of them have called the sheriff's office.

Horses, hogs and cows have been offenders. The carelessness with which some livestock owners have operated has created feuds among neighbors.

There is no reason for this. Owners of animals should keep them under control at all times; tie them so that they will not damage surroundings, and ask permission before staking them out.

Livestock should never be left loose.

We don't want to hurt anyone's feelings, said a sheriff's department spokesman, but if complaints continue, the stock law will have to be enforced.

## Mrs. Hiller Reviews New Books For Library

Mrs. Delmar Hiller has taken on the sometimes onerous task of reviewing the new books that come in for the Aransas County Public Library, in order that patrons may know something about the volumes, and thus be able to decide whether or not they want to read them.

Her first review, of a travel trip, follows: Many of us have pipe dreams of distant travel into strange lands. Consider for a moment the strangeness of traveling the waterways of the northwest Quetico-Superior canoe country. Realize, as did Dr. Arnold J. Bolz, in his book "Portage Into the Past," that you are traveling the same routes that French-Canadian voyageurs used over 250 years ago.

These bright-sashed adventurers originated during the French regime from a group of men called coureurs de bois, or woodsrunners. They brought furs and supplies through the dangerous and Indian infested waterways, having been hired by the licensed fur merchants or traders to man their canoes and help carry on the trade.

Dr. Bolz's book is a journal of his canoe trip, accompanied by his wife and a guide, traveling from Grand Portage on Lake Superior through the Quetico-Superior country to Rainy Lake. He relates his journey to the early voyages, quoting extensively from historical accounts.

This book will provide valuable reading if you plan a canoe trip through the northwest; or better yet, the reader is certain to acquire a greater appreciation of the wilderness area and its heritage.

### SOCIAL SECURITY REPRESENTATIVE VISIT ROCKPORT

A representative of the Social Security Administration will be at the courthouse in Rockport on Wednesday, Dec. 9, at 9 a.m.

You may obtain information about your rights and duties under the Social Security Act. Eligible persons can secure assistance is applying for old-age, survivors, or disability insurance payments from the representative at that time.

### ROCKPORT BOY GETS A&M SCHOLARSHIP

Among 17 Texas A&M University freshmen announced recently as winners of Opportunity Awards Scholarships renewable for four years of study at A&M was Andy Everett, an aerospace engineering major.

The Opportunity Awards Scholarships have a cash value varying from $900 to $2,000 during the four years of study, and make it possible financially for anyone willing to help himself attend A&M.

## Wagley Donates For X'mas Lights

Burl P. Wagley, on behalf of Wagley Lumber Co., donated $100 to the Chamber of Commerce, towards expense of raising an 800-light Christmas tree, and president Miss Lola L. Bonner immediately appointed Wagley, John Ross of Central Power and Light, Jim Sprouse, of Weather Sentry, and Ed Harper, of Key Allegro Development and Sales to proceed with erection of the tree on the Little Bay waterfront, at about the same spot as last year

Navigation chairman Raymond Owens who was contacted gave permission for use of the site, and Ross immediately started the planning.

The center pole, on which the strings of lights will be elevated, will be approximately 45 feet tall, and from it in every direction the lights will descent in an umbrella shape almost to the ground.

The small boat basin at Little Bay will act as a viewing pool, thus doubling the effect of the lights, and making a beautiful an unusual Christmas decoration, unique, because few other cities of the state can match the setting.

In other business, the directors listened to Willis Meigs, membership chairman, as he told of two new members—C&H Automotive and Rasco Cleaners — that had joined recently.

The directors then discussed disposal of the electric typewriter which has been replaced by a newer model. Acting upon a request from the Board of the Aransas County Library, directors of the Chamber donated the older machine to the library, where it was needed badly.

Directors also discussed the matter of a speaker for the annual banquet to be held in March, and Miss Bonner deferred appointment of a banquet committee until a later date.

She did, however, appoint a nominating committee to choose a slate of directors to replace the five whose terms expire this year. These are Mrs. Joe Johnson, Daugherty Roberts, Thomas E. Griffith, Jack Sanders, and Dick Picton.

The nominating committee consists of Weldon Cabaniss, Mrs. James A Jarboe, Thomas F. Wright, Miss Bonner, and Mrs. Mary Juergens, manager of the Chamber.

### LOCAL BOND SALES FALL BELOW QUOTA

Fred Bracht, chairman of the Aransas County Savings Bonds Committee, has announced that sales of Series E and H Savings Bonds in Aransas County totaled $3,606 during October, or only 69.5 per cent of the quota set for the county.

This is the first time in many years, Bracht said, that the quota hasn't been met or exceeded by November.

## Even San Antonio Is Trying To Cash In On Whoopers

Even as large a city as San Antonio is trying to cash in on Aransas County's whooping cranes. In a large ad in the Christian Science Monitor this week, the Municipal Information Bureau of the Alamo City says:

"You can't fool a whooping crane. He's visited all the vacation spots on earth, and has found through years of experience there's no winter climate like that of Texas.

"That's why all the whooping cranes in the world fly thousands of miles to spend the winter in Texas."

The next few paragraphs deal with the glories of San Antonio, and you really can't kick about that, for after all they're paying for the ad.

One Rockport man who saw it said "That's real fine. Anyone that wants to see the whoopers has to come down this way, so we're getting a lot of free advertising in a paper of international circulation."

"Take a tip from the wise old whooping cranes." the ad says, and winds up urging people to spend their dream vacation in Texas.

Rockport and the whooping cranes are inseparable in most people's minds, so Rockport news continues to get around.

## ACHS Band Students To Try For District At Beeville Monday

On Monday, Dec. 7, nine students from the High School band will go to Beeville to be judged individually for placement in an All-District Band. Twelve schools will be represented.

From Aransas County are Priscilla Carleton, cornet; Darrell Lichte, cornet; David Vavra and Reggie Wendell on bass; Chuck Wilson on alto sax; Gerald Van Etten on baritone horn; Lola Lewis, clarinet; Mickey Floyd, contra-bass clarinet; and Jim Dietrich on trombone.

## Beatle Buffs Bugged By Bushy Musicians

Patron's of Corky's Restaurant were thrown into a tizzy Tuesday noon when two young men who at least looked like the London Beatles, came in to eat a meal.

Hours later they admitted they were folksingers called "Mike and John."

They earlier said they were the Beatles when restaurant patrons began to gather around with pieces of paper for them to sign. According to patrons, they signed themselves "John London" and "George Harrison," two names of the four-man British group.

The youths later denied signing the autographs but did admit they told the crowd they were the Beatles "in order to get out of there" (the restaurant).

They also told the crowd they were staying at a ranch near here with some friends. Much later it was discovered they were guests of a local motel.

Mike and John performed at Corpus Christi schools, including Ray High and Windsor Park Elementary, before coming here Tuesday to appear at Rockport schools.

### DUAL GAS FIND REPORTED FROM ARANSAS COUNTY

A dual gas and distillate discovery was reported Wednesday, 4½ miles south of Austwell, in Aransas Connty.

Southland Drilling Co. and Rodney de Lange drilled the wildcat on Bennett and Melvin Ocker's land, some 1400 feet southeast of a dry hole.

It flowed 5.2 million cubic feet of gas with 42 barrels of 62 gravity distillate to the million from 7392-7300 feet and 10.2 million gas with 37 barrels distillate to the million from 7440-45 feet.

The discovery is 6,000 feet northeast of production in Sam E. Wilson field.

# Remodeling to Increase Rest Home Facilities

Extensive remodeling has started on the Bayview Clinic that will more than double the capacity of the Bayview Nursing home, according to Dr. H. F. Elliot.

Dr. Elliot said that by the time changes are made under driection of Contractor H. H. Dick, that the nursing home will accommodate 32 persons.

It will then be a Class Three Nursing Home, the highest rating this type of establishment can receive.

"It will mean," he said, "that we will have more private rooms, and a lobby and hall in the north part of the building. On the side which has been occupied by the nursing home we are making other changes. One of the main ones is a central dining room, a facility which we have not had."

Dr. Elliot said that when the remodeling and repainting is completed, this will be one of the first buildings anywhere in the area that will use fire retarding paint, which the Fire Underwriters have approved.

The flame-proofing compound is used on draperies, bedclothes, walls, and furniture to protect them from the danger of fire, although when used for blankets, sheets and similar articles it must be renewed after about every third washing.

Dr. Elliot noted that it is particularly valuable in preventing fires from sparks, cigarettes and similar sources.

## Salvation Army Launches Drive For Funds Here

The Salvation Army Service Unit campaign for funds was launched Wednesday morning with a 7 a.m. breakfast at Corky's Cafe where volunteer workers took cards to contact.

This years goal is $1500.00, Rev. Cecil Lang, Jr. announced. Rev. Lang is acting campaign chairman in place of Mrs. Ruby Hart who is recuperating from surgery in Spohn Hospital in Corpus Christi.

The Service Unit's function is to give immediate aid in time of dire need with no fan fare or red tape. They buy medicine for elderly people, shoes so a child may attend school, a nights lodging for a transient, groceries for a hungry family or maybe a tank of gasoline for a stranded family. In addition all of the State services of the Salvation Army are available to the committee. The local committee usually sends from four to six underpriviliged boys for a week at The Salvation Army Camp Hoblitzelle.

Service Unit Committee Chairman Shelley P. Roaten urges all Rockport citizens to back this fine organization.

Service Unit Committee members are: Shelley Roaten, Cecil Cole, Rev. Cecil Lang, Jr., Mrs. Ruby Hart, J. D. Gray, James Sorenson, Rev. B. H. Bohmfalk, and Mrs. W. M. Blevins. Joe E. Hunt is a new member.

## Inquiries Made About Art School

In a letter to Miss Lola Bonner, president of the Chamber of Commerce, Bob Conwell, of the Corpus Christi Area Convention and Tourist Bureau, called attention to an ad running in the Des Moines (Iowa) Register; the Indianapolis (Indiana) Star; the Kansas City (Missouri) Star; the St. Louis (Missouri) Post-Dispatch; the Daily Oklahoman (Oklahoma City) Oklahoma; the Chicago (Illinois) Tribune; and the Wichita (Kansas) Eagle.

The ad, which bears the effigy of one of Rockport's leaning trees, and was placed by the organization which Conwell heads. It says:

"Winter painting is best in picturesque Rockport. Rockport is an artist's college of colorful material . . . windbent trees, fishing piers, boats, shrimp trawlers . . . all under a warm comfortable sun. Paint this season away in the Corpus Christi Play Area."

Accompanying Conwell's letter he sent a number of replies, inquiring about painting in this area, and winter vacations. They came from as widely-separated points as Tama, Ia.; Liberal, Kans.; Columbus, Ind.; and Kalamazoo, Mich.

And, just to continue the chronicle of the places, Rockport news has reached recently, Mrs. Mary Juergens, manager of the Chamber of Commerce, received a copy of the Texan Shopper, published in Irving, Texas, carrying a long story about Lamar, Jerre Ledbetter, and the Sea Gun Sports Inn.

## Story on Aquarium Draws Letter to The Editor of Caller

A recent story on the need for an expanded aquarium here that appeared in the Pilot and the Corpus Christi Caller, drew this response from one reader. It appeared in Wednesday's paper:

Editor, the Caller:

Thank you for the special report (Caller, Nov. 26) from Rockport in regards to the efforts to have a larger and better sea aquarium. I believe a vote of thanks for our friends at the Aransas County Navigation District is called for. Now let us all get behind this worthwhile effort.

Here in Corpus Christi we should for a minute forget the desire or dream of a similar facility in our city and use the practical approach: The as yet small aquarium in Rockport is a reality. An expansion of this fine facility should benefit the entire Coastal Bend area.

Letters of support to Mr. Robert G. Mauermann, the regional director of the State Parks and Wildlife Commission in Rockport, or to Mr. J. Weldon Watson, executive secretary of the commission with offices in Austin will be of great help. So let us all invest a nickel for a postage stamp and five minutes of our time in a real fine project.

—W. G. Schmidt.

## Scout Campaign Nears Close

Dr. H. F. Elliot, chairman of the Boy Scout Fund Drive said this morning that collections were rapidly approaching the $1,000 mark, with the envelopes almost all in.

He asked workers to get their collections in as soon as possible, turning their envelopes over to the majors, so that the campaign can be closed.

### ROTARIANS HEAR TAX CONSULTANT

Rotarians heard Clifton Tidd, consultant, at their regular luncheon, as he discussed recent changes in the income tax law.

Visitors were Bob Mosier, J. Carroll Weaver and Kenneth W. Duke, Sinton; Rev. Charles Fake, of the First Baptist Church; and Harry Trodlier, of Sinton.

### FAMILY REUNION HELD DURING THE THANKSGIVING HOLIDAYS

Mrs. Jack Horton and Mrs. B. W. Hamblin had as guests during the weekend holidays, their two brothers and their families, Mr. and Mrs. Clyde C. Sartor, of Jonah, and Mr. and Mrs. A. F. Sartor and daughter Carol, of Pasadena.

It was the first time they had been together in many years.

The family reunion and dinner were held at the home of Mr. and Mrs. B. W. Hamblin Saturday night, with all the children and grandchildren present, except two. Those attending were:

Mr. and Mrs. Clyde C. Sartor, Jonah, Texas; their daughter, Mrs. Frank A. Gibson and her sons, Robert, Frank and Steve, of Corpus Christi;

Mr. and Mrs. A. F. Sartor and daughter Carol, of Pasadena; Mr. and Mrs. Jack Horton, Rockport; Mr. and Mrs. Howard Kinsey and children, Alan and Kay, of Corpus Christi; Mr. and Mrs. Frank D. Hunt and children, Diane, Rosa Lynn and Blane; and Mr. and Mrs. Joseph R. Lewis and son David, all of Rockport.

Friends who had known Mr. and Mrs. Clyde Sartor called during the afternoon. Among them were Mr. and Mrs. W. B. Allen and the Rev. Ben Bohmfalk.

## PIRATES BEAT TIVOLI TUESDAY 48-43

In their third victory in four starts this season, the Pirates defeated the Tivoli Redfish in a hard fought game. It was the fine all around team effort that made the difference. Thomas Lewis scored 22 points while Horace Lawrence was grabbing 16 rebounds and scoring 11 points. Fine defensive and ball handling efforts were turned in by Martin Garcia, Bobby Edwards, Danny Webb and Jerry Hill.

## ROCKPORT NEWS GETS AROUND

A week or so ago, we ran a story on the triple launching at Rockport Yacht and Supply, and happened to mention the fact that stories would appear in "The Fishboat" magazine.

Now comes a letter from Harry C. Treadgold, of 5722 Brock Street, Houston 23, Texas, and Mrs. Treadgold says:

"While reading the Rockport Pilot article "News gets Around," about the fine city of Rockport, you mention an article by the "Fishboat" magazine, about Rockport building 72-foot shrimp boats.

"I want to read that article, but I'm having trouble finding the magazine. Would you please send me their address so I can write for their magazine and read about Rockport."

We're glad to, Mr. Treadgold. Write "Fishboat", 624 Gravier Street, New Orleans, La., 70150, and specify that you want the issue which has the article about the triple launching at Rockport. We expect it will be their December issue.

And while you're at it, you might want to write a couple of other magazines who carried stories.

The National Fisherman, Camden, Maine, has an extensive story this month on the launching and the South American fishery where they'll be used, and you can get a copy from that address.

Also, the "Fishing Gazette" will have a story and some pictures on the same event. Their address is the Fishing Gazette Publishing Company, 461 Eight Avenue, New York 1, New York.

The single copy price for the "Fishing Gazette" is $1.25; the single copy price of "Fishboat" is 50 cents. We do not know the single copy price of the National Fisherman.

Another article along the same lines as the one that was mentioned a week or so a go as appearing in a Mexico City daily, has turned up in the Plainview Daily Record, the work of Bob Conwell, of the Corpus Christi Area Convention and Tourist Bureau.

It says, in part:

"The first attraction to catch the eye of the southbound vacationer of the hug-the-coast Highway 35 would be the Sea Gun Sports Inn development of Copano and Aransas bays. All the buildings of this complex are pink and white, following the trade mark of Bermuda.

"Further along the coast, where Rockport and Fulton join, is Frandolig Island. Named originally for J. F. Frandolig, who originally inhabited this hunk of land with cannibalistic Carancahua Indians, but the name of this developed region is now called Key Allegro.

"Key Allegro has brought the greatest change to the Rockport area. Numerous cranes, herons, and egrets still stut its shores or rest on its boat moorings, but Key Allegro is a maze of canals . . .

"A casual passerby will note that through the Rockport region there is an abundance of painters. This did not occur entirely by chance. This is the home of the Rockport School of Fine Arts, and artists and sculptors come here from all over the country."

The article then goes on to talk about the hunting and fishing, and the motels and other accommodations in the area.

Rockport news does get around.

## PARKS AND WILDLIFE DIRECTOR SAYS THAT CRAPPIE ARE SHUNNED

Net samples taken by inland fisheries biologisists of the Parks and Wildlife Department reveal that fishermen are ignoring catchable populations of crappie in small South Texas lakes, such as Woodlawn Lake in San Antonio, according to Robert G. Mauermann, regional director.

"Investigations show," Mauermann said, "that the Woodlawn Lake population of crappie is being underfished. To avoid stunting of this fine game and food fish, the fishermen who fish Woodlawn should make an effort to catch and utilize more crappie."

Small live minnows are a favorite food or crappie and therefore make the best bait. A light bobber and a tiny singer should be used to hold the bait about two feet off the bottom, Crappie are "light" biters and have a very delicate mouth. Care should be taken that a hard jerk does not tear the hook from his mouth.

Mr. and Mrs. Norvell Jackson and family attended the Texas-A&M football game on Thanksgiving.

## ENGINEERS NOTICES

The Cities Service Oil Co., of Bartlesville, Okla., has asked permission of the U.S. Engineers to operate in Aransas, Copano and Mission bays in State Tracts Nos. 175, 185, 186, 187, 188, 200, 211, 212, 228, 229, 230, 231, 240, 241, 242, 243, 244, 258, 259, 260, 261 and 269 all in Aransas Bay; State Tracts No. 21, 22, 24, 26, 27, 51, 52, 53, 54, 55, 56, 57, 58, 85, 86, 87, 93, 94, 95, 96, 113, 114, 115, 116, 118, and 119 all in Copano Bay and State Tracts No 3 and 5 in Mission Bay and all located central to a point approximately three miles west from Rockport, Texas.

The work at a well site would consist of placing a shell mat, if necessary, sinking a drilling barge having maximum dimensions of 60 by 160 feet, driving eight 3-pile clusters, erecting a drilling structure with a maximum top elevation of 172 feet above mean low tide and, if well is productive, erecting a 6 by 22-foot protective structure having a top elevation of 12 feet above mean low tide. Another structure would be a 25 by 40 foot manifold platform protected by pile clusters at each corner.

Channels and basins would be dredged and pipelines placed within the area. Pipelines would extend from well to manifold platform or from platform to shore. Pipelines would be placed 1½ feet below the bed of the bay except through shell beds or reefs where they would be placed one foot below.

Pipelines would be jetted, plowed, disced or placed by other similar method whereby there would be a minimum displacement of the bed and no spoil deposit would remain. The spoil from channels and basins would be placed in the bay in mounds with the points of discharge a minimum of 1,000 feet apart and would usually have a top elevation of six feet above mean low tide.

No structure would be placed within 1,000 feet of the centerline of either route of the Gulf Intracoastal Waterway, the channel to Aransas Pass or the channel to Rockport.

The requested amendment consists of the addition of State Tracts No. 175, 185, 186, 187, 188, 200, 211 and 212 all in Aransas Bay.

## WOMAN'S CLUB ENTERTAINS MONDAY

## DEL MAR EX-STUDENTS PLAN BIG BLAST DEC. 4

Del Mar ex-students, of which there are many in Rockport as well as elsewhere in this area, are planning a big pre-Christmas blast at the Red Barn on Highway 9 for Friday night, Dec. 4. The announcement claims that the Red Barn is at Clarkwood.

According to Dorothy Smith Thompson, secretary of the ex-students association, the affair is strictly informal, and apparently anything goes in the way of clothes, from levies on through ginghams and calicoes.

Reservations for tickets can be made by calling Ulysses 3-6895, Ulysses 3-8868, or TE-5-7179, in Corpus Christi. Or you can write Dorothy Thompson, 517 Cunningham, Corpus Christi.

C. J. Fowlkes, formerly of Lubbock and now of Rockport, was in Spohn Hospital for examination and treatment recently, remaining there about six days, but is once more at home.

A WALL PHONE helps make Mom's day in the kitchen less hectic, and those coffee-time chats more enjoyable. The kitchen, after all, is her *office*, and a telephone is a "must." The wall telephone is handy, but out of the way, and it's available in the decorator colors she's most likely to choose . . . pink, yellow, beige or white.

A PRINCESS® PHONE is a truly *personal* extension phone for your own "princess" . . . or for yourself. It's a space-saving natural for any room in the home, but the light-up dial makes it an especially appropriate bedroom phone. The Princess phone is available in five colors . . . white, beige, pink, blue or turquoise.

A DESK PHONE makes the den as convenient as Dad's own office, for privacy in making and taking calls. Dad would probably like a beige, green or white one for his den, but for Mom's sewing room, maybe a pink or blue one would fit better. Desk phones are available in all five colors.

# Color telephones for a year-round holiday

Shopping for that "something special" for *any* member of the family? Remember color extension phones. You can give your family the added convenience of *two* phones for just a fraction more than the cost of one.

## KEY ALLEGRO UNIT 2 TO OPEN NEXT WEEK

Six months ahead of schedule, the Key Allegro Development and Sales Company is opening unit two, with 112 waterfront lots, on canals protected by more than eight miles of concrete seawalls.

The original unit was opened in March, 1963, with 210 lots available, and Carl C. Krueger, Jr., head of the firm that is developing the island, said that only eleven waterfront lots are still available in that section.

"We learned a lot on that unit," Krueger said, " and on this one have made some changes. Utility lines in Unit 2 are all underground. We have just signed contracts with Southwestern Bell Telephone and Central Power and Light Company, both of which call for lines in underground conduits, which help the looks of the property, and will also cut down on maintenance."

Krueger and his associates pioneered this type of development on the island, which was formerly known by the name of its first owner, as Frandolig's Island.

Since its purchase by a group of San Antonio developers, its elevation has been raised by material dredged from Little Bay; utilities have been installed, and some 40 or 50 homes have been built, with construction proceeding steadily.

## LOCAL WOMAN AUTHORS

(Continued from Page 1)

most of the poems are about the seasons, the sea, winds, trees, flowers, and a few deal with such subjects as a girl's hands, children, and even death.

This collection of poetry is for those who live near and who love the sea.

Through the years, 70-year-old Mrs. Lowther has written many children's stories and whimsies for her children, grand-children and great-grandchildren, and these poems are in that tradition, but only recently she set herself to a longer and sterner task, despite rapidly failing eyesight.

Her book "The Sea Was His Mistress" is the chonicle of "Papa" Bill Evans and it is hard to say who faces the greater danger or shows the higher courage—"Papa," returning again and again to the sea, or the mother of his ever increasing brood who patiently awaits his return after each voyage.

But probably everyone will agree that whether the danger is encountered on the high seas or the low-lying Gulf Coast; whether courage is brought out by the hazards of blockade running during the Civil War or by terrors of a cholera epidemic in Galveston, danger and courage are two sides of the same medal.

It is the lure of gold in California that starts two youthful seafarers on the long voyage around Cape Horn, accompanied by the young wife of one of them. It is an "Act of God" that interrupts their journey and sets them ashore at Galveston. Here the baby is born, the father dies, and the mother marries the surviving partner.

Thus the stage is set and the cast of characters is assembled for a dramatic account of the ups and downs of fortune that marked the life of Texas settlers in the early days of statehood. The author then rings up the curtain on an absorbic of authentic Texana, the scene being laid along the Texas coast, with Rockport playing a prominent part.

## Fine Winter Fishing Slated For Laguna Madre

Everything points to some fine winter fishing in the Laguna Madre, accordig to Robert G. Mauermann, Region V director of the Texas Parks and Wildlife Commission.

Aerial patrol of the Laguna substantiates biologists, findings and fishermen's reports that old "sow" trout are there in large numbers.

"There seem to be more large trout along the western shore of the Laguna than at any time since the big freeze and subsequent fish kill of 1962, Mauermann said.

And, while hardy fishermen who cast plugs or fish with live bait there during the next two months should reap a harvest, the regional director said, illegal net fishermen in the Laguna Madre are paying heavily in terms of equipment confiscated by game wardens in the area.

Value of the nets taken in the Laguna this year has been estimated at $14,000, according to M. B. Mullinax, regional conservation supervisor.

"Since last January, coastal game wardens have confiscated 59,800 feet of illegal nets in the Laguna and turned them over to the courts," Mauermann said. "The courts either order destruction of this netting, or turn the nets over to the Parks and Wildlife Department for distribution to state colleges and universities to use in research."

The regional director said that pressure on outlaw fishermen is constantly being increased as more wardens and more and better equipment becomes available.

### Simple Fire Rig

One of the fastest and simplest fire rigs for cooking outdoors can be made by driving three or four steel pegs into the ground in a perimeter the size of the pan you intend to use.

Build a small fire underneath the pan, and you're in business.

### Photos Help Police

If you haven't a recent photograph of your outboard rig, better have one taken.

In the event you boat and motor are stolen, you'll have something to show police that will help them considerably in tracking down your rig.

## Accent on Health

**J. E. Peavy, M.D., Commissioner of Health**

Have you ever heard of "buck fever"?

Chances are you have, if you've ever hunted—or listened to hunting tales, as most Texans have.

Few hunters—or deer, for that matter—ever die as a result of buck fever. This so-called fever or disease usually when a hunter spots a deer and loses his head instead of being calm.

But over a hundred died last year and will this year from a symptom of this disease—light-headedness—although it is labeled "hunting accidents" in the books.

For example, who would ever climb up an unfamaliar tree in the dark, carrying a loaded gun—except on the first morning of deer season?

Who would ever put a loaded gun in the hands of an untrained teenager and turn him loose in the woods—except during deer season?

Or who would ever snake his way through a barbed wire fence, wagging a loaded rifle behind him—except during deer season?

And when would you ever choose a loaded rifle for a companion around the campfire or over a hot cup of coffee—except during a hunting excursion?

Planning, prepardness and thoughtfulness would eliminate many unnecessary hunting fatalities. Unloading your rifle before you climb a tree or go through a fence takes a few seconds—maybe even a minute—but why gamble a minute against your life?

If your youngster wants to hunt, prepare him before you take him out. Teach him gun-handling techniques and safety,, or check in your community for gun - handling courses.

When you take time out from your hunting for coffee, a nap or supper, unload your gun. A loaded gun is a dangerous companion.

A cardinal rule for hunters of any kind and at any time is to make sure you know what you are shooting. Almost every year the headlines tell about someone who was mistaken and shot for a turkey, deer or game of some sort.

Buck fever is nothing to be ashamed of, but carlessness is. When you load your rifle this season—or any time, for that matter, leave your light headedness behind.

(A weekly feature from the Division of Public Health Education, Texas State Department of Health.)

## HUNTERS WARNED ABOUT DRINKING

Austin.—The Texas Safety Administration warns hunters that "gunpowder and alcohol don't mix." Hunting while under the influence of alcoholic beverages is extremely dangerous. Two drinks can reduce visual acuity as much as wearing dark glasses at night. Drinking affects your judgment, balance and reflexes.

## GOOD NEIGHBOR CLUB MET WITH MRS. GREWELL

Mrs. Grewell entertained the Good Neighbor Club at her home in Aransas Pass Wednesday, Nov. 25 with Mrs. A. W. Ebert as co-hostess.

Mrs. Ellen Barber of Aransas Pass, joined the club. There were 11 members present.

The secretary, Mrs. Elbert Mundine presided at the business session.

Mrs. W. O. Young invited the club to her new home for the Christmas party on Dec. 16, at 11:30 a.m. for a covered dish luncheon.

Each member is requested to bring an exchange gift and one for her Secret Pal, revealing her identity.

A card was sent to Mrs. Sallie Townsend, president of the club, who is out of town, and a sympathy card was mailed to the Archie McLester family.

The hostess served pumpkin pie, cheese, olives and coffee.

Twelve lap robes and 23 pair of slippers for "shutins" were brought in, others should be ready by the 16th of December.

The members learned to make ribbon roses. Mr. J. E. DeWhitt received the door prize.

During the War of 1812, Stephen Girard, Philadelphia banker, assumed an entire Government loan of $5,000,000.

## Plants That Never Bloom

Near Amarillo is one of the few helium plants in the world. A tourist in that town was asked by a local person, 'Have you seen the helium plant?' The tourist said, 'no. is it in bloom at this time of the year?' An abstract plant is similar to a helium plant in that it never blooms and for the most part, the average person does not know very much about one.

Modern Abstract & Title Company, Inc., as the name implies is modern or rather was modern about 15 years ago when the name was adopted. Here are some of the features that entitle us to claim that we are modern. For about the past 15 years we have used all electric typewriters, our abstracts are printed rather being than typed, all instruments are made in full, our indices are the book type but are typed and brought up to date once a year, we have all of the records in the office of the County Clerk on Microfilm in our offices, we have more than 50,000 pages of abstract instruments ready to be put into abstracts, and among our equipment there is a 1250 Multilith, an addressograph, 4 microfilm readers, Thermofax machine and several others. Some of our policies are equally modern. For the same length of time our employees have worked only 5 days a week having a two day weekend, have grouped holidays usually getting off for a full week at Christmas and have worked in offices that are centrally airconditioned and heated. It takes a lot of time, work and money to keep such a plant up to date.
