$24 Million Annual Production Gives Crockett Gounty Big Stake In Future Of Oil - Gas Industry

With oil and gas production worth about $24 million a year, Crockett County Citizens have a financial stake in the worldwide demand for energy and the complex economic and political problems involving the petroleum industry, according to statistics released this week by Texas Mid-Continent Oil & Gas Association.

"We have pulled together some figures from the most authoritative sources so residents of Crockett County can see how local pocketbooks are affected by some of the issues which involve our industry," said J. Clyde Tomlinson, Association president. "Issues of current concern include the proposals to cut percentage depletion rates, extension of federal controls over prices at which Texas producers sell their gas, and development of laws and production methods that will help Texas compete with other states and nations for markets."

The latest year for which U. S. Bureau of Mines figures are available (1961) shows Crockett County producing more than 7.3 million barrels of crude oil, valued at about $21.7 million; and 15.5 billion cubic feet of natural gas, with a value of $1.9 million. Crockett ranks 46th among Texas counties in value of oil and gas production. In 1961 there were 1,714 producing wells in the county — 1,647 oil and 67 gas, according to the Texas Railroad Commission.

Although its first field was discovered 38 years ago, Crockett County is the scene for the industry's continued search for oil and gas. Some 137 wells were drilled here last year, with 54 being wildcat exploratory wells, according to the Oil & Gas Journal. The Association estimated that more than $8.3 million was spent on drilling in the county this past year and that some $2.9 million of this went for dry holes. Close to $628,000 was spent last year on geophysical crews using seismic devices o probe the underground formations of Crockett County ofr possible

Spraying Livestock Urged To Prevent Outbreak of Worms

Ranchmen Must Cooperate Or Endanger Fly Program

A new appeal to ranchmen to help themselves by helping to cut down on the incidence of screwworm infestations by spraying their livestock, keeping a close watch and reporting and treating promptly any outbreak of screwworms, was issued this week by officials of the Southwest Animal Health Foundation.

The fall period of work on ranches is going to be a crucial period in the battle to eradicate the screwworm flying the southwest, the Foundation spokesman said.

Up to this point, the program has been highly successful in that outbreaks of worms havee been reduced to a small fraction of outbreaks this time a year ago and officials see success in the complete eradication af the pest if only the line can be held the balance of this year's warm weather.

The sterile fly serial drops are being concentrated now on "hot spots," those spots where screwworm outbreaks are reported,

Thunder Shower Puts Out .17 Inch Moisture Wednesday Afternoon

Something unusual happened in Ozona late Wednesday — a rain shower.

It happened in spite of the weather man's continued prediction of "hot and dry." Thunder clouds built up in the area and Ozona got .17 of an inch in intermittent showers which began in mid afternoon and continued until after dark .Heavy clouds to the north and northeast indicated a possible beneficial shower for areas in that direction but information was not available this morning.

Both Merchants And Shoppers Are Pleased With Ozona Dollar Day

Favorable comments were heard from the participating merchants and from shoppers as welll on last weeks inauguration of Ozona Dollar Days, a week-end bargain event in which more than 20 business firms participated.

Business places which offered Dollar Day bargains reported a fine response on the part of shoppers who recognized the event as one for saving dollars. Merchants were pleased that their effort got shoppers into their stores and thus increased store traffic for the day or two days, whichever way the merchant staged his part of the event.

The event was sponsored by the Ozona Chamber of Commerce as a town promotion, which found ready response on the part of merchants. It is the plan of the Chamber to foster a monthly Dollar Day in Ozona as a business stimulus.

Shallow Wildcat Set In North Crockett Co.

Clifford H. Sherrod, Jr., Midland, will dril a 2,200 - foot San Andres and Grayburg wuldcat in north Crockett County, 11 miles southwest of Rankin, 1⅜ miles east-northeast of the Crockett (Grayburg) field of Upton County. It is the No. 1 Pan American-University.

Location is 1,173 feet from the south and 2,310 feet from the east lines of 6-14-University.

Mrs. Alena Faye May Bride of Floyd Hokit

Mrs. Alena Faye Powers May became the bride of Ozona Postmaster Floyd Hokit in a quiet ceremony at the home of Justice of the Peace A. O. Fields Saturday evening.

Mrs. Hokit is the daughter of Mr. and Mrs. Tom Powers of Ozona. She is presently employed as secretary in the office of District Attorney Dixon Mahon.

Mr. Hokit is the son of Mr. and Mrs. Johnnie Hokit of Ozona. He is a native Ozonan and a graduate of the University of Texas. He has served as Ozona's postmaster for the past nine years, having served three years as acting postmaster before receiving the appointment.

Nancy Friend Thanks Ozona For 'Wonderful' Year As 'Miss Mohair'

Miss Nancy Friend, Ozona beauty who has completed her year as Miss Mohair with the crowning in Fredericksburg last Saturday of her successor, Miss Sandra Dietz of Fredericksburg, has asked the Stockman to express her thanks to everybody in Ozona who helped her in so many ways.

"Please say how grateful I am to members of the Lions Club who sponsored me in the Miss Mohair contest, and who backed me all year long to the Chamber of Commerce and to every individual and organization who contributed in any way to a grand and glorious year for me. It has been a wonderful experience and one that was made possible for me only by the love and loyalty of Ozona friends. I shall never forget how kind and generous you were."

Nancy has traveled many hundreds of miles throughout Texas and in other states during her year's reign as Miss Mohair, making personal appearances at various public functions and modeling a beautiful wardrobe made of mohair. A beautiful and talented young lady, Nancy has made a great contribution to popularizing the Diamond Fiber throughout the country, under sponsorship of the Texas Angora Goat Raisers Assn., and the Texas Sheep & Goat Raisers Assn.

Nancy recently competed for the title of Miss Appaloosa at Boise, Idaho, on the occasion of the annual convention and 16th National Apaloosa Association Show and Sale, and rode a Texas Apaloosa, "Joker's Flying Star" a famous member of the breed, belonging to the president of the Texas Assn.

Ozonan Misses London Rendezvous With Mom; She Had Appendectomy

When Mrs. Clay Adams and Mrs. Sherman Taylor left Ozona last week for a European tour, they had made plans to meet Mrs. Adams' daughter, Camille, in London at a certain time.

But Camille failed to keep the rendezvous. Instead, she was in a hospital in Rome, Italy, where she had undergone surgery following an acute attack of appendicitis. She was reported doing fine and would soon join her mother and Mrs. Taylor for the balance of their tour .

Midland Pastor To Preach At First Baptist Revival Meet Aug. 25–Sept. 1

Dr. L. L. Morriss, pastor of the First Baptist Church of Midland, and a man who has been seen and heard by hundreds of Ozona people over TV station KMID each Sunday morning, is to be the evangelist at the revival meeting to be held at the Ozona First Baptist Church August 25, thru Sept. 1, it was announced this week.

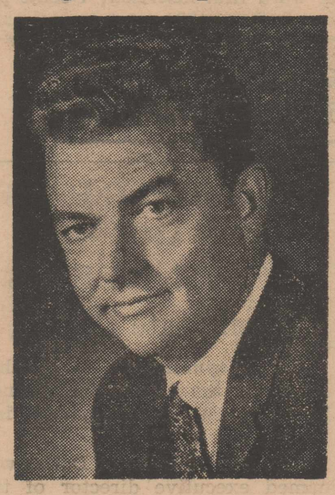

Assisting Rev. Morriss in the meeting will be song leader Harold Davis from the University Baptist Church in Abilenle.

Dr. Morriss has been pastor of the First Baptist Church in Midland for 10 years and during this time has become widely recognized as one of the outstanding speakers and pastors in Texas and in the Southern Baptist Convention.

Ozonans have come to know Dr. Morriss through his ministry over KMID where he brings the Sunday morning service from his Church in Midland each Sunday morning.

Rev. Max Brown, pastor of the Ozona First Baptist Church, stated this week, that it was with a great deal of pleasure that he could announce that Dr. Morriss would be here, along with Mr. Davis, for the late summer revival, and he urged that Ozonans make plans to take advantage of the op-

Band Director Calls For Two-a-Day Practice Sessions To Begin 19th

The Ozona High School band will begin two-a-day practice sessions Monday August 19th, it was announced by band director Eddie Green this week.

All members, both new and old, who plan to be in the band this year are asked to start making plans to attend the sessions, Green stated. The morning sessions are scheduled from 7 a. m. to 10 a. m. with the afternoon sessions to be decided upon after the practice begins.

Even though there were not many seniors in the band last year the Ozona band had a slightly successful year, winning all three divisions of competition in the area band contests.

It is expected that the 1963-64 school year will find the Ozona band at it largest enrollment since it was made an exclusive High School organization a few years ago.

Director Green said that he was anxious to return to work and that he hoped the band members would be anxious and ready for the new year.

Swab New Oil In Davidson Outpost; Plan Baggett Test

Shell To Drill Offset To Production In Henderson Field

Apache Corp. No. 1-A Davidson in 10-F-GC&SF, ⅞-mile southeast of the three-well upper Clear fork field of Crockett County, 10 miles south of Ozona, swabbed 30 barrels of new oil with a show of gas in six hours.

Recovery was from open hole between 2,667-2,798 feet. There were 2,000 feet of fluid in the hole.

The project has been shut in to install a pump.

MacDonald Oil Corp. Midland, No. 1-2 D&E University, shallow wildcat in the Lancaster Hill multipay oil and gas field of Crockett County, five miles east of Fort Lancaster and 1¼ miles south of the depleted Clearfork discovery, swabbed a small mount of free oil through perforations between 2,900-10 feet, possible upper Clearfork.

Acidizing was scheduled.

Drilled to 3-404 feet, 4½-inch casing was set at that depth.

Shell Oil Co. Midland, will drill the No. 1 W. R. Baggett as a 3-4-mile north outpost to the Ozona, Northwest (Canyon sand oil and gas-distillate) field of Crockett County, two miles northwest of Ozona.

Location is 1,980 feet from the south and 660 feet from the west lines of 28-OP-GC&SF. Contract depth is 7,000 feet. setimated elevation, 2,520 feet.

Plan Pre--School Driver Education Course Aug. 12-30

Students Have Opportunity To Get Credit For Course

Ozona High School students are to be given an opportunity to get their driver education course out of the way during vacation time and receive a full year's credit for the course in a three weeks vacation time course.

The Driver Education pre- school classes will start August 12 and cover a three weeks period, with two-hour classes daily, Supt. L. B. T. Sikes announced this week.

The summer time course is to be taught by Ron Murdock, regular driver education teacher. Classes will be held each day from 1 to 3 p. m. Monday through Friday, beginning Monday, August 12, and continuing for three weeks, with August 30 set as completion date.

A student must attend a minimum of 30 hours to pass the driver education course, Mr. Sikes said. Since many students can not find time during the regular school session for driver education without serious neglect of their other school work, the vacation time classes are being offered this year.

Any student who has finished eight grade and has not previously had driver education, will be eligible for the summer class. There will be no change for the course.

GARAGE FIRE EXTINGUISHED

A small fire inside the Hubbard Garage on Highway 290 west was quickly extinguished by the Ozona Fire Department Monday. No damage resulted from the blaze.

Eldorado Eagles Look Like Champs –

Lion Coaches Face Tough Job Shaping 1963 Team

By Ernie Boyd

The month of August, in spite of its heat, heralds the beginning of Texas High School Football, coaching school, and preparation for the coming school year.

Ozona High School Coaches Fred Hickman and Chick Womack are attending the big Texas Coaching Clinic in Houston this week, and will return to Ozona with only a couple of weeks before the first practice call on Aug. 19.

The 1962 Ozona Lion unit finished the season with a better record than it was at first expected to make, winning five, losing four, and getting one tie to finish third in the district chase behind Big Lake and Eldorado.

Gone from that 1962 unit, however, will be such stellar players as Pete Montgomery, the Lions chief ground threat and a strong defender, all-district linemen Penn Baggett, Brent Moore, and Robert Cox, along with reliable Sostenes DeHoyos, and backfield reserve Ronnie Houston.

If the losses due to normal process were not enough, the Lions lost three performers due to scholastic failure, and two more, Jimmy Semmler and Bill Bowman, both regulars last season, who moved away. The overall loss accounts for at least half of the near twenty man squad the Lions had last season.

Fortunately, everything did not turn out badly, and there are some good things that seem to be happening. The Lions gained one player, Joe Chapman, who was scholastically ineligible last year, and another, Mike Walters, who was ineligible due to the transfer rule.

In addition to these two there will be a number of talented youngsters, some boasting considerable size, returning to, or joining the squad this year after not playing last season. Among this group are Bobby Amthor, Paul Perner, and Rick Hagelstein, all of whom are big, strong boys. A few other youngsters are considering joining the Lions this fall but as yet are on the uncertain list.

Several B team graduates also stand to make contributions to the Lion effort this fall. They are, Charles Farris, Thomas Garza, Larry Williams, Jimmy Moore, Sammy Cervantez, and Alejos Tambunga.

A few other B team players or freshmen this fall are bright prospects slated for B team duty, but it is always possible one or two of these will push their way into the varsity camp.

Of last year's team there will be some fine players returning, including juniors, Joel Huff, Richard Vargas, and Pete Garza, and seniors Leroy Cooper, Bryan Montgomery, and Scott Mahon.

It would appear from here, early in August, that the Lions will have some size, little speed, and a great lack of experience. The important middle of the line positions do not appear to be the main concern as it was feared they would be last winter, but rather the ends and backs may be of greater concern.

Coaches Hickman and Cleere may have done their best coaching job last year, and from the way things look at the moment, they had better get ready for at least as strong an effort this fall.

Reports from around the area all point to Eldorado, who won nine and lost but one last season, but finished second in district 8-A, as being a strong favorite to win all the marbles this fall. The Eagles, who soundly pasted the Lions here last fall, lost six defensive starters and five offensive starters, being in large part, of course, the same boys, but have a great deal of reserve, and in addition, have some job backs to start a powerful offense.

Last year's champion Big Lake lost the great spark plugs of both its offense and defense and a rebuilding job will have to be done before the Owls can hope to get under way again. The Owls had some reserve strength but had no replacements for Mike Holmes or Tommy Franklin and without those two they could not have won last year.

The Owls will have some fine boys back but don't look like a title threat at the moment.

Rankin will once again be close to having a good ball club but like the Lions lost some key personnel during the period between seasons due to move outs. They do have McDonald back to hinge their offense and have some speed and size.

Iraan and Sanderson both figure to be stronger than last year but both would have to be a good bit stronger to get very far.

The Lions will get Big Lake, and Sanderson here while the other three district games, including Eldorado, will be on the road. In

Member 1963 TEXAS PRESS ASSOCIATION

JAMES FARLEY, REALIST

As a prophet, James A Farley who has been but seldom in the public eye in recent years, is not without honor in his own country.

More than 300 of the nation's most seasoned political reporters and most influential columnists support the stirring appeal for his "Creed for a Time of Danger" in the July Reader's Digest. And if there are any calling him "an alarmist or even a warmonger, as he said he expected, they are keeping their voices very low.

The views of the nation's top reporters were pretty well summed up by Jack Meddoff of the Buffalo(N. Y.) Evening News when he wrote: "James Farley has better common sense judgment fast asleep than those calling him names possess wide awake." And the 300 who were polled go along with Sanford E. Stanton of the N. Y. Journal American in describing Mr. Farley as a "realist, not an alarmist."

There is some division, however, in the matter of our "imaage" abroad. Two-thirds share the author..s fear that Red leaders are contemptuous of the fighting spirit" of the average American, while others believe our will to resist Communist aggression is welll understood and respected.. Emphasizing the latter position, Clyde Walthall of the Coffeyville, Kan. ,Dailey Journal declares that lacking such respect, "the Russians would have triggered World War III long before Khrushchev came to power."

But practically all are in agreement with Mr. Farley when he says: "The map proves that we are not moving toward war with the Communists; they are moving war toward us."

"Anyone who does not believe this," says Jack K. Overmyer, editor and publisher of the Rochester, Ind., Sentinel, "simply has had his head in a sack for 15 years."

As for what to do about it, the following steps were urged:

Direct action in Cuba in defense of the hemisphere.

Firmness at Geneva and in other international policies.

A bipartisan Congress where foreign policy is involoved

Stop foreign aid to Communist and "neutral" countries.

Mr. Farley, in his Digest article says: "How when and where the will of the American people must exert itself is the decision solely of the President." Every citizen, he thinks, should let the President know that he stands behind him "in the awful risk, confident that - - he will exert that will - - only because he can do naught else - - and again prayerful that it is also the will of God, in whom we trust."

There should be no need of pollsters to establish our endorsement of these words.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

More Republicans? — Another action by the Legislative Council had interesting "two-party" implications.

Rep. Bob Johnson of Dallas was named executive director of the Council, succeeding Read Granberry who died last year. Johnson has resigned his Dallas legislative post to accept the $15,500-a-year assignment — creating still another vacancy in the eight-man Dallas delegation to the House of Representatives.

This leaves only one Democrat, Rep. Ben Ttwell, lined up against the six incumbent Republicans.

Dallas Republicans surprised themselves and stunned Democrats last year by winning all the legislative races they entered. Speculation then was that the three remaining Democrats on the Dallas House delegation — Reps. Bob Hughes, Johnson and Atwell — would be in for a rough 1964 general election should Dallas Republicans oppose them, and an even rougher time of it if Barry Goldwater were chosen to head the GOP ticket as presidential nominee.

Hughes recently resigned his legislative post to accept appointment to a judgeship. This caused more speculation about a possible 1964 election sweep by the Dallas Republican organization.

Johnson's resignation has intensified the "Republican sweep" fears.

Rapid Eradicating — Few eradication programs have produced such prompt and effective results as the U. S. Department of Agriculture's screwworm eradication plan.

A year ago scientists and field workers started the "saturation" released of sterilized flies to conquer screwworm population explosion.

Texas Animal Health Commission reported only 28 screwworm cases confirmed in a 5-day period — as opposed to nearly 3,000 cases recorded during a comparable period in 1962.

As further encouragement, the Commission noted that of last week's 28 reported cases, only five were in areas where the program's "controls" were in full effect.

Antelope Population Decline Not Expected To Dim Hunt Prospects

San Angelo — The 25 percent reduction in antelope numbers in the Trans-Pecos is not deserving of wide concern, according to P. B. Uzzell, Region I Wildlife Supervisor. Fawn counts were 50 per cent below normal in 1962 because of adverse spring weather conditions which left a noticeable gap in adult populations in 1963 herds.

Although antelope n u m b e r s dropped from 9,000 in 1962 to 6,-800 this year, the hunting outlook is not bleak. Regardlses of how many antelope permits are issued to landowners each year, a large percentage is never used by hunters. Another reason biologists are not overly concerned by this decrease is that mother nature permits animals to bounce back quickly when conditions are favorable. Such fovorable conditions occurred this year during the sprinig Fawn production increased 15 per cent over last year insuring a near-normal season for 1964.

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman Aug. 9, 1934

There have been many opinions expressed to the effect that times are hard in Crockett county, due to the drouth, depression and the like, but J. S. Barlow, in charge of records for the government relief cattle buying program in this county, is beginning to have doubts. Mr. Barlow has $10,000 in government checks in his office ready to distribute to cattlemen who have sold stock to the government, but can't get the owners to call for the valuable slips. Times must not be so hard when $10,000 can go begging for want of a taker, Barlow said.

—news reel—

Establishment of a Ford agency in Ozona was completed yesterday when two truck loads of the new 1934 model Fords were unloaded here. The agency is being established by W. J. Stevens, for several years a dealers in used cars in San Angelo.

—news reel—

Government buying of sheep and goats in the drouth areas of the nation is expected to get under way around August 20. Crockett county is expected to be among the first counties in the sheep and goat producing areas to be listed for relief buying.

—news reel—

More than 10,000 head of cattle have been purchased in Crockett county by drouth relief agencies of the federal government since the buying program was inaugurated. Growers in the county have received or will receive $109,000 in cash from the government in payment for the cattle.

New Horse Disease Threatens In Texas

College Sation — A new kind of horse influenza that is causing great concern in the eastern states may soon spread to Texas, says Dr. C. M. Patterson, extension veterinarian at Texas A&M College.

Dr. Patterson warns that horse owners in Texas should pay special attention to their animals during the next few weeks for signs of respiratory infection. An affected animal will cough, run a fever up to 105 degrees, have a slight nasal discharge, and show loss of appetite.

An animal with the disease should be isolated as soon as it is dected because local outbreaks may affect 80 to 90 percent of a horse population.

He stresses that animals showing these symptoms should not be exercised. A veterinarian should be called immiediately and with proper treatment the animal usually recovers in five to ten days.

Mrs. Jody Jones To Teach In Llano School

Mrs. Jody Jones has submitted her resignation from the Ozona Public Schools where she has taught first grade for the past several years and she and her husband have accepted positions in the Llano Public Schools. Both Mr. and Mrs. Jones are graduates of Sull Ross State College.

Mr. and Mrs. Jones and daughter will be leaving Ozona soon to make their home in Llano. This will mark Mr. Jones' first year in the teaching field. He will be a play ground supervisor and Mrs. Jones will teach in the grades, probably 4th.

70-Mile Speed Limit On Texas Highways To Go Into Effect Aug. 23

Ausin, Texas — More than two-thirds of the Texas highway system will come under the new 70-miles-per-hour daytime maximum speed for passenger cars which becomes effective August 23, the Texas Highway Commission revealed today.

Under the speed control law passed by the Legislature this spring, all highways not zoned down by the Commission will automatically go to the new 70-mph speed August 23. This means that some 41,500 miles of the state-maintained highway system will be allowed to come under the higher maximum speed.

The Commission last week passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 miles per hour daytime and 55 miles per hour at night for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-miles-per-hour maximum. Most West Texas highways. will have the 70-mile speed limit.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70 mph maximum, although some of these roads (and some of the older primary routes) will be restricted to the lower 60-mph maximum where conditions warrant.

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"**FOR** the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"**AGAINST** the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 26 proposing an amendment to Article XVI, Section 62 of the Constitution of Texas, by adding thereto a new subsection authorizing all political subdivisions of Jefferson County, Texas, to provide retirement, disability and death benefits for all appointive officers and employees of all political subdivisions within Jefferson County; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new subsection (c), reading as follows:

"(c) Each political subdivision within Jefferson County, Texas, shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for all appointed officers and employees of all political subdivisions within Jefferson County, Texas; or said political subdivision may elect to join the County Retirement System of Jefferson County; provided that same is authorized by a majority vote of the qualified voters of such political subdivision and after such election has been advertised by being published in at least one (1) newspaper of general circulation in said county once each week for four (4) consecutive weeks; provided that the amount contributed by the said political subdivision to such Fund shall at least equal the amount paid for the same purposes from the income of each such person and shall not exceed at any time seven and one-half per centum (7½%) of the compensation paid to each such person by the political subdivision.

"All funds provided for the compensation of each such person, or by the political subdivision of Jefferson County, Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the political subdivision within said county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this state, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and providing that the recipients of benefits for said Fund shall not be eligible for any other pension retirement fund or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the political subdivision is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1964, at which election each ballot shall have printed thereon the following words:

"**FOR** the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions."

"**AGAINST** the addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions."

Section 3. The Governor shall issue the necessary proclamation for said election to be held on the first Saturday after the first Monday in the month of November, 1963, and have notice of said proposed amendment and of said election published as required by the Constitution of Texas and laws of this state.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars ($350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars ($350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"**FOR** the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"**AGAINST** the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

What is the best size hook to use?

This quesion invariably comes up wherever fishermen gather.

Actually, there is a wide tolerance average fisherman knows them best by sight . . . but rarely by numbers.

Sizes are rather easy to remember, however. Generally the big hooks are given the low numbers and the higher the number the smaller the hook.

For instance the No. 1 hook is the largest. Generally it is of the O'Shaughnessy style. It has enough strength built into it to handle a 100-pound fish.

Numbering system set forth above, however, does not apply to all hooks since hooks are made by different manufacturers.

For instance some catalogs list trotline hooks as 6/0 for the largest size and grade them down to 2/0 and 1.

Many salt water treble hooks also are numbered down. In other words, the largest size may be the 8/0 and the smaller hook the 2/0.

Actually, metal hook-making is a comparatively new industry.

Although most of the present hook manufacturers are located in England, the first metal hooks were made in China. Then the idea was taken to Germany where machines were developed for manufacturing hooks. From there the industry spread to France and England. A remendous output of hooks now comes from Norway, original home of the famous Mustad hook.

Mustad's hook-making industry came from the decline of the horse. Mustad and Sons made horeshoe nails. They started producing hooks after horseshoe nails were no longer in heavy demand.

Our hooks now are singles, doubles and trebles. They are made of carbon steel with from 0.45 to 0.95 carbon content.

There are many special-purpose hooks.

Most everyone is acquainted with the old trotline hooks.

Perhaps the most popular hook, however, is the plain fishing hook. The one used by pole fishermen who bait up with worms or minnows. Usually such hooks are purchased from open stocks with the choice determined by the individual fisherman's desires.

One man may like the Irish Limerick hook, with the turned down eye. The next may want a long-shanked Carlisle hook, especially for perch fishing. Others lean toward the gripper-type hook that has two or more barbs on its shank.

For everyday fishing the No. 6 to No. 10 sizes seem to serve best. They are good sized hooks for use with either worms or minnows in fresh waters.

Coastal fishermen will find sizes 6 and 8 good for trout. But heavier hooks will be required for reds and larger fish. Again, it is best to pick your hooks by inspection because of the variable sizes.

Fly hooks usually run in sizes beween 4 and 14. Plain small perch hooks range beween 10 and 16. Long shanked, snelled hooks — sizes 12 to 14 — are excellent for perch.

Treble and double hooks for bait casting plugs customarily run in sizes 6 to 10, depending on the manufacturer and the market.

There are many trick-type hooks. They are supposed to snap tight for a stronger grip on the fish. But more fishermen than fish are caught on these hooks.

Every fisherman should take good care of his hooks. It is best to keep a small whetstone handy to hone the point after each hook is used. They become dulled by long use. Since hooks are cheap, the wise thing to do is throw the old hooks away, and buy some new ones.

Incidentally, some of the top fishermen I know always sharpen their hooks just before using — even hooks on brand new artificial lures.

Frequently a hook will straighten out when it catches on an obstruction, or even from the pull of a heavy fish. In such cases it is best to discard the hook.

Plug fishermen find this happens quite frequently. Especially when they pull their plugs over rocks or logs. Such hooks should be straightened or replaced.

Terminal equipment is the cheapest part of fishing. Certainly it should be kept in the best possible condition.

THE DOLLAR YOU SPEND FOR ELECTRICITY BUYS MORE THAN EVER BEFORE

How much is your monthly electric service bill? Probably more than in years past. But that's because you use more electricity today and NOT because the rate is higher.

Truth of the matter is that as the cost of living has gone up and up, the average cost of a kilowatt hour of electricity used in West Texas homes is 17% less than 10 years ago.

But the USE of electricity has increased; many homes today are using twice as much. Using more and getting more customer benefits, for today there are 166 wonderful electric ways to bring more comfort and convenience into the home, to save time and to eliminate drudgery. Use in the long summer months may be even heavier, because of continuous use of air conditioning.

Yes, the dollar you spend for electricity buys more than ever before. It's today's best value, biggest bargain.

West Texas Utilities Company — an investor owned company

WHY PAY YOUR BILLS ON TIME?

More people pay their bills because of a genuine desire for a good credit record than for any other reason. Many purchases and loans cannot be secured when collection accounts or "slow - paying" habits show up on your credit record.

You're not being fair with yourself or family by permitting an "over-due" bill to mar your credit record. Honest people want to pay their bills. Good credit is one of your most precious possessions. You need credit today more than ever before. Less than 5per-cent of the people can pay cash for everything.

Be honest with yourself - Pay your billls on time and as agreed.

Never let it be said that you're not worthy of credit.

He Helped Me See Life Through . . .

THE EYES OF GOD

I was a little girl, then. The pews at our church were rough wooden benches, and my feet wouldn't reach the floor.

But, as though it were yesterday, I remember his sermon. About a woman who poured oil on the feet of Jesus. Some people said this was a wasteful thing to do. The oil was expensive; the money might have been given to the poor . . . But Jesus wasn't angry with the woman!

"In the eyes of God," our old minister said, "the most precious treasure is the love in a human heart."

No single thought has influenced my life more than that one. Most of my happiness — all of my strength when sorrows come — have been somehow entwined with that simple truth. I shudder at times to think; what if that day I had not been there?

A sermon, a prayer, a Bible passage does not touch the same chord in every heart. But as you seek each Sunday to see life through the eyes of God, there will come mighty visions stirring the depths of *your* soul.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Third Producer From Clearfork Finaled In Area South Of Ozona

The Refoil multipay field of Crockett County gained its third upper Clearfork producer and a 1,200-foot north extension to that pay with completion of Howard Olsen Development Co. No. 2 Davidson, nine miles south of Ozona.

It was finaled natural for a daily flowing potential of 138.12 barrels of 33 gravity oil, no water, with gas-oil ratio of 25-1. Production was through an 18-64-inch choke and perforations between 2,812-826 feet in 5½-inch casing set at 2,929 feet, on total depth of 2,937 feet.

Ozona Y. W. A. Girls Back From Glorieta Assembly In N. Mexico

Members of the Ozona Y. W. A. of the First Baptist Church returned last week from Glorietta Baptist Assembly. The assembly is located 19 miles east of Santa Fe, New Mexico. There were 1,310 Y. W. A.'s registered, 370 from Texas.

The theme for the week long conference was "Christ Calls — The World Waits." Missionaries from Brazil, Nigeria, Gana, Taiwan, Chile, Panama, Argentina, Hong Kong, Spain, New Mexico and Mississippi were among those who spoke and held conferences each day.

Dr. Evelyn Millis Duval, lecturer, writer and family life consultant, Chicago, spoke on "Christianity Applied to Dating, Courtship and Marriage." Dr. Duva had afternoon sessions where the girls could ask questions and discuss the answers.

Williams M. Dyal, Jr., spoke each morning on "Called to Witness." Mr. Dyal is associate secretany for missionary personnel, Foreign Mission Board.

Miss Arkansas, Margo Dunaway, spoke Sunday morning. Another speaker on Sunday was Gregory Walcott, actor, Holllywood. Mr. Walcott has played in "Wagon Train" and "Rawhide."

Those attending the conference from Ozona were Helen Hayes, Helen McCaleb and Mrs. Harold Shaw.

Voters Decide On Four Constitution Changes In November Election

Texas voters will be called upon to decide on four proposed amendments to the Texas constitution at a special election Saturday, November 9.

Notice of the proposed amendments appear as in this issue of the Stockman and in the next two editions after this.

Most interest will center, of course, in the amendment which proposes to abolish the poll tax in Texas and substitute a registration system for voters instead.

Another amendment would increase the total amount available for old age and other welfare programs to $60 millions yearly; another would increase the available money for the veterans land program from $200 millions to $350 millions, and the other is a strictly local matter, providing for a retirement program for elected and appointed officials in Jefferson county.

Clip the amendments appearing elsewhere in this paper and save them for re-reading just before you vote in November.

Miss Wool Takes Off On Fashion Tour To Promote Wool Fashions

Ambassadress of good will for wool and fashion, Miss Peggye McNair is busy representing fashion at its best and Texas woolens at their most fashionable. As Miss Wool of Texas, she is touring the state as the fashionable wool image with a completely accessorized wool wardrobe from 44 of Texas' outstanding fashion manufacturers. The tour is sponsored by the Texas Sheep and Goat Raisers Association.

The tour includes 18 major Texas cities where Miss McNair will represent the Texas wool industry and is scheduled for appearances in department and specialty stores as well as participating in civic functions.

Miss Wool's 44-piece Texas made wardrobe encompasses apparel for every occasion. Manufacturers from all over the state of Texas have contributed to this varied and fashionable wardrobe which includes everything from western attire to regal ballgowns. The woolen range from the sheerest weights to lacey mohair. Wool's natural affinity for color assures shades from the most subtle to the most vibrant.

Texas Packers Buy Texas Raised Animals

College Station — In the sometimes unpredictable Texas livestock business ,one promising fact is that more than 84 percent of the animals slaughtered in the state are purchased here, says Ed Uvacek, livestock marketing specialist at Texas A&M College.

This strong demand for Texas animals by Texas packers was found in all classes but was more prevalent in some than in others, according to the 1959 survey, he says. Of the heifers and steers slaughtered in the state ,85 per cent were Texas cattle. Most of the remainder of this class originated in New Mexico, Arizona, Kansas and Missouri, explains Uvacek.

Texas stockmen supplied 86 per cent of the cows and bulls processed with small numbers coming from from Oklahoma and Kansas. Calves and vealers were supplied at the rate of 96 percent by Texans and very few were shipped into the state for slaughter, say sthe specialist.

Sheep and lambs purchased outside the state by packers came from Colorado, Wyoming, New Mexico and California but 84 per cent were raised within the boundaries of Texas.

NUCLEAR TEST BAN

As the United States dashes headlong toward a test ban agreement with the Soviets, it might be well to recall the warning of the late John Foster Dulles, who was Secretary of State under President Eisenhower. Discussing the possibilities of a U. S. -Soviet pact several months before his death in 1959, Dulles commented to a close associate:

"Since a treaty is what the Russians want, it wouldn't be difficult to come up with one which would look good on the surface. We could include in it all the fuzzy language of diplomacy - - and believe me, I know some of the phrases - - and present it to the world as a great achievement for peace. All of this would result in a relaxation of world tensions, generate a feeling of international goodwill, and probably elect a Republican President in 1960.

"But we're not going to do it. If we signed such a pact with the Soviets, there you'ld develop a tremendous pressure to cut back on our defenses, reduce the size of our armed forces, and curtail our armaments. And we'd have onlly the word of the Russians that they were doing the same. Our NATO, SEATO, and other alliances would be endangered, perhaps to the point of deterioration. As a result, within a few years we could be a sitting duck for the Communists to pick off whenever they felt the time was ripe."

So spoke a man who understood the Communist and the Communist menace.

We must not be led astray by the current dispute between the Soviets and the Red Chinese. While their differences are deep, for us they represent only a falling out of theives; both camps are intent upon our destruction. In our eagerness to exploit this division in the Communist world, we should not form an alliance with one of the thieves.

Jenkin Lloyd Jones in the Tulsa Tribune says, "One of the most pernicious illusions abroad in the world today is the fond hope that if nations give up testing atomic weapons that the threat of an atomic holocaust will vanish. . . We ought to quit dispatching futile emissaries to face the familiar and bitter choice of frustration or surrender. Instead, we should send Mr. K. a simple note in non-diplomatic laungage: "Look, Buster, we think tests in the atmosphere are not even for birds. We'll quit them if you will, but one more trick like the last time and we won't make this offer again. As to underground tests, we'll have them as often as we like and you are welcome to yours. If you ever want a moratorium on them, send us a letter telling us how many monitors you'll allow and if we're interested, we'll write you back."

Congressional Probe Of AF Closing Still Under Way, Foreman Reports

A house sub-committee investigation into the closing of Air Force radar stations at Ozona and Pyote as well as other locations is still going on, Rep. Ed Foreman of Odessa was quoted in a special dispatch from Washington to the San Angelo Times in its Wednesday morning edition.

Foreman said the Armed Services subcommittee, headed by Rep. Porter Hardy Jr. ,D-Va., has been running four or five weeks already and has heard testimony from Air Force Chief of Staff Gen. Curtis LeMay on down.

When the hearings will conclude or what the subcommittee findings will be is still up in the air, Foreman declared.

Meanwhile the Ozona and Pyote stations will remain in caretaker status, he said, with only a maintenance operation.

Seventeen other radar stations plus six Semi-Automatic Ground Environment (SAGE) Stations to which the radar information is fed also went on caretaker status Aug. 1, according to Foreman.

Rev. Maurice M.Fulmer Former Ozona Baptist Pastor, Dies In Uvalde

Rev. Maurice M. Fulmer, retired Baptist minister, for seven years pastor of the Ozona First Baptist Church from 1927 to 1934, died Saturday night in the Uvalde Memorial Hospital at Uvalde.

Rev. Fulmer had served the First Baptist Church in Uvalde as pastor for 13 years before his retirement in 1954 when he suffered a severe heart attack. He went to the First Baptist Church in Jackson , Tennessee, from Ozona and later returned to Texas to serve the church at Alpine and Uvalde. In October 1953 he and Mrs. Fulmer went to Valdez, Alaska, where he conducted a revival meeting.

Rev. Fulmer is survived by his widow, his mother, Mrs. E. M. Fulmer of Idabel, Okla; three daughters,Mrs. Betty Ann Quimby of Fort Worth, Mrs. Charles Willingham of Sabinal and Mrs. Bert Daugherty of Campellsville, Ky.; one brother, E. M. Fulmer of Idabel, Okla.; two sisters, Mrs. Roy Hodge and Mrs. R. D. Rushing, both of Idabel, Okla., and six grandchildren.

Mrs. A. F. Nelson of Ozona is a sister of Mrs. Fulmer.

Promotion Committee Of Chamber To Meet Friday Night At 8

There will be a meetng of the retail promotion committee of the Chamber of Commerce in the Chamber of Commerce office Friday night, August,8, at 8, Luther Walker, manager, announced. Alll retail merchants are urged to attend.

Results of the first dollar day will be discussed, and plans outlined for a bigger promotion in September. A proposed new comer welcome will be discussed with the hope of getting this program into operation in the near future.

A membership committee meeting was held in the Chamber office Monday night and plans were made for a membership drive in an attempt to raise the membership to at least 200. Individuals as well as merchants are welcome into the Chamber of Commerce, according to Joe Williams, chairman of the Committee. Other members of the membership committee are Doyle Elmore, Raymond Sessom, J. B. Miller, Gene Lilly, and Woody Mason.

Paving Crews Taking Advantage Of Heat To Mend Streets & Roads

Work on Ozona and Crockett county roads and streets were proceeding at a rapid clip this week as repair crews mended holes and broken pavement and in the case of the street leading in front of South Elementary, rebuilt the road bed and repaved it.

The street in front of the South Elementary and around to the Community center has long been in need of repiars.

State 163 at the ball park Y has been widened and other work is being undertaken during the hot weather.

Ozona streets and Crockett roads were not as heavily damaged during the winter the past year as was the case the winter before.

Lion Coaches —

(Continued from page one)

non-district games the Lions will face Sonora, Robert Lee, and Bronte, at home and travel to McCamey and Rocksprings.

A rumor that Junction would go 2-A with this year's turning in of count, was confirmed and the Eagles will be a 2-A team starting next year, as will Big Lake. Reports that Sonora would return to 1-A next year remain unconfirmed and as far as that goes no enrollment figure has been set for the new two year period beginning in 1964. So, the classification of teams remains somewhat conjecture.

Ozona High remained in the 1-A bracket at least for the next three years but was the closest to the 2-A classification at the end of last year that the school ever has been.

The loss of a senior class containing only 25 and the gain of over fifty freshmen could tip the balance for 1966 but that is too far away, and too many factors can emerge before then for that to be a current worry.

Spraying Livestock

(Continued from Page One)

throughout the overwintering area in extreme southern Texas, plus a 200-mile wide strip across nothern Mexico.

If the "hot spot" drops can be kept to a minimum and if a general outbreak throughout the state can be prevented, it is believed that the screwworm menace can be completey eliminated and re-infestation prevented by maintaining a constant sterile fly barricade against a new invasion from Mexico.

A discouraging note, at least locally, is injected into the screwworm fight by reports of dealers that there have been few sales of Ko-ral and Korlan, the recommended sprays for keeping livestock free of screwwoorms.

This may be due to the fact that the fall work, gathering, shearing, marking and delivering is just getting under way.

Ranchmen are particularly urged to take every precaution against an attack of screwworms. Leaving an untreated wound on an animal is inviting such an attack, the Foundation spokesman pointed out. If every ranchman will cooperate by spraying and treating livestock and promptly reporting any worm outbreaks, the success of the eradication program will be virtually assured. Carelessness in allowing an outbreak adds strain on the sterilefly distribution program and unless there is pretty widespread cooperation on the part of ranchmen in preventing worm infestations the succes of the whole program might be seriously endangered.

COMPLETES RESERVE STINT

Amarillo AFB, Texas — Airman First Class Billy H. Farmer, husband of the former Sammie L. Houston, daughter of Mr. and Mrs. Sam Houston of Ozona, has completed his annual summer active duty training with his Air Force Reserve Recovery unit here.

Airman Farmer, a communicatoins equipment repairman, participated in operational readiness aircraft recovery drills and received classroom and practical training.

$24 Million —

(Continued from Page One)

drilling locations.

Leasing adds many thousands of dollars to the county's economy. Tabulations by the International Oil Scouts Association show major companies in 1961 were paying rentals on about 561,000 undeveloped acres, which comprise about one-third of the county's area.

Royalty payments to Crockett County farmers, ranchers and other landowners are running at more than $2.9 million annually, the Association calculated.

Crockett County producers and royalty owners also make a sizable contribution to the support of state government, with production tax payments of more than $1.1 million a year — some $1 million from oil and $133,000 from gas. Industry taxes likewise are important to the county government and school districts in the county.

A sizable impact on the Crockett County economy has been registered by petroleum industry payrolls. About three out of every ten payroll dollars in the county are derived from employment in oil and gas work, according to figures from the Texas Employment Commission. The industry payroll is more than $361,000 a year.

Two natural gasoline plants are operated in the county, handling some 24 million cubic feet of gas a day.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b-1 of Article III so that the same shall consist of one Section to be known as Section 51-a; providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to (1) citizens of Texas who are needy aged persons over the age of sixty-five (65) years, (2) needy persons who are at least eighteen (18) years of age and less than sixty-five (65) years of age who are permanently and totally disabled, (3) needy blind persons over the age of twenty-one (21) years, and (4) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; repealing the Constitutional limit on the amount paid out of state funds to individual recipients of Old Age Assistance and Aid to the Permanently and Totally Disabled; providing that the amounts for such assistance payments shall not exceed the amounts that are matchable out of federal funds for such purposes; providing that the amounts expended out of state funds for such purposes shall not exceed Sixty Million Dollars ($60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 51-a and 51-b-1 of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas, and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(2) Needy individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(3) Needy blind persons who are actual bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(4) Needy children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars ($60,000,000).

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such assistance as such Government may offer not inconsistent with the restrictions herein set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars ($60,000,000).

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of such recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars ($60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars ($60,000,000)."

Sec. 3 The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.
