Former CiscoWoman Dies In Car Accident Sunday

Lora Ann Lee, 22, of Jacksboro, died from internal injuries she received Sunday in a two-vehicle accident one mile west of Cisco on Interstate 20. Mrs. Lee, formerly of Cisco, was dead on arrival at E.L. Graham Memorial Hospital.

Graveside services for Mrs. Lee were held at 10:30 a.m., Wednesday, at Oakwood Cemetery. She was a 1984 graduate of Cisco High School.

Mrs. Lee was a member of the Naval and Marine Crops Reserves and had recently returned from her initial training at San Diego, California.

Mrs. Lee's car, a 1985 Ford Escort was hit head on, by a 1985 Dodge, driven by Shirley Dendy, 40, of Fort Worth. Dendy, who was in the westbound lane, lost control of the car when a rear tire blew out and crossed the median and hit the Lee vehicle head on.

Shirley Dendy was taken to Eastland Hospital and later transferred to Hendrick Medical Hospital in Abilene. She underwent extensive surgery Monday afternoon for a broken hip, ribs and left forearm and several facial lacerations. She is in ICU, listed in serious condition.

Shirley's daughter, Melanie Dendy, 17, of Fort Worth, was treated and released from E.L. Graham, Memorial Hospital. Melanie's son, Bradley Dendy, 5-weeks old was transferred to Hendrick from E.L. Graham Memorial Hospital to be treated for a skull fracture he received in the accident.

Four nieces and nephews of Mrs. Dendy's were treated and released at E.L. Graham after the accident. Sky Herdon, 9, and brother, Shawn Herdon, 7, both of Ft. Worth, received multiple bruises on their legs and faces. Stephanie Laws, 6, received a concussion and Stormy Laws, 5, has a broken left arm. Stormy and Stephanie were visiting Mrs. Dendy, in Fort Worth and were on their way back home to Odessa when the accident happened.

Patterson Ambulance from Cisco was the first to arrive on the scene of the accident. Ambulances from Eastland and Ranger were also called in for help. The Cisco Volunteer Fire Department Rescue Unit transported a patient to the hospital.

Ted's & Rex's Wrecker and M.D. Lee Wrecker service pulled the two wrecked vehicles into town.

SEMINAR SPEAKER-- Jerry M. DeHay spoke to a group of Cisco and Eastland merchants in a Small Business Seminar held last Thursday in Cisco. (Staff Photo, courtesy of Cotton's Studios)

DeHaySpeaksTo Business Owners On New Ideas

"Good promotion is very important to a business," according to Jerry M. DeHay, speaker at the Small Business Seminar held last Thursday in Cisco. He added, "A business needs to let the people know who they are, where they are, and what they have to offer."

He said business owners should not advertise to sell a product, but to bring traffic into their store. He said that is the whole point of advertising. DeHay told the business owners attending the seminar to find the most attractive item in their store and feature that in their advertising.

DeHay said a lot of small town merchants have been intimidated by a large chain discount store opening up in their area. But, he said, several of these large stores cannot offer some things that a little store can. He said small store owners need to advertise some of the merchandise they carry, that the bigger store does not. He also said the bigger stores do not have personalized service and delivery, cheerful refunds and guarantees like a smaller store and they can capitalize on those features.

DeHay said the most important feature in a small store is customer service. Each store should have a customer attitude of, "We want to serve you, if not today, then tomorrow or later on." He said customer service is the most important assest of a business. DeHay said when a customer comes into a store they expect the employees and owner to be an expert of their products. He said a real advantage of small retailers is the personal approach they can give a customer.

DeHay said a town that has experienced bad times and is "ready to dry up and blow away," can turn around. He said the community has got to work together to better the town. He said a sense of identification of "we are in this together" has got to grow with a town's merchants. And a small community needs to gear up to meeting the needs of the community and customers. The best thing for that is good management.

A store is a reflection of it's management. A manager is the key in a small business. Second in line is the importance of good employees. He said it only takes one bad employee to ruin the reputation of a business. He said good employees are very important to a business, because people judge the store by the way they are treated. He added, there is no excuse for keeping a poor employee. Most employees do not realize the importance of a role they play in a business. He said employees need to be trained, but one big difficulty in that is having the time to do so.

Another plus for a store is to change with the times, DeHay said. Order merchandise that is up to date and keep track of how merchandise is doing in a store. He said to think of shelf space in a store as a place to be rented, and the merchandise on the shelf as the renter. If the merchandise doesn't sell enough to pay the rent, then remove it. He said a business will have to get hard hearted to keep new and wanted products on the shelf. DeHay said one good thing about this method is that there are new products coming out all the time and a store can try new merchandise frequently.

Jerry DeHay, is the director of the Small Business Development Center, Tarleton State University in Stephenville. The Center covers nine counties, including Eastland County. They provide individual counseling to small business firms and provide assistance with economic development planning by means of community analysis. They offer workshops and seminars on various topics of interest to small business owners, with minimal charge and they have a small business resource library.

The Small Business Development Center is open from 8-12 and 1-5 on normal workdays. It is located in the Business Building on the TSU Campus in Room 129. Appointments can be made or information obtained by calling, 1-817-968-9330, or writing, P.O. Box T-158, Tarleton Station, Stephenville, Texas 96402.

Taylor Food Mart, owned by Taylor Petroleum in Amarillo, has purchased the Quickway Grocery. The store had been owned and operated for the past 12 years by Roy and Sandy Dennis and Howard and Alva Ingram.

GOOD BYE HAIR-- Rex Fields, shown second from right in the above photo is being escorted into the barber shop for a haircut he agreed to have if $250.00 was raised for the Cisco Chamber of Commerce. Shown in the photo with Rex are (left to right) Eddie McMillan, Joe Clack and Tracie Adams. (Staff Photo, courtesy of Cotton's Studios)

Rex Fields Receives Haircut

Rex Fields, First Vice President of the Cisco Chamber of Commerce Board of Directors, agreed to have his hair cut to the specifications of Ronnie Ledbetter and Billy Wright, if they would give $250.00 to the Chamber of Commerce. Last Friday, Rex was escorted to the Lobo Hair Center by several friends to receive his haircut.

Rex, who is the co-owner of Ted's & Rex's One Stop, said when he first saw the new haircut, he thought it was a hair cut from hell. Rex's hair was in a punk rocker style with a sideways mohawk, and a long ponytail in back. He had the mohawk and ponytail trimmed off though and now sports a burr haircut. But, Rex said he is really enjoying it now. It's cool and comfortable. Mark Dopson gave Rex his haircut.

Rex signed an agreement that said:

Whereas, I, Rex "Hair God" Fields, allowed my hair to exceed that which is healthy and respectful.

And Whereas, I have seen the error of my ways and wish, among other things, to beautiful Cisco and to protect my body from certain unveiled threats, do hereby make this agreement.

Now Therefor, I do hereby agree for a period of one (1) year not to allow my hair to grow beyond a length of any good red neck Cisco lad.

Executed this the 17th day of June, 1988.

It was reported the hair that was cut was mailed to Ricky Whatley, Cisco High School teacher, and close friend of Mr. Fields.

Three Members of Cisco High School Debate Team Attend Workshop

Stacey Saunders, Lori Ann Speegle, and Joel Prickett, three members of the Cisco High School Debate Team, attended the Big Country Debate Workshop in Abilene on June 12-17. The workshop was conducted by Matt Ritchie in conjunction with Southwest Camps.

The week long workshop consisted of classes in debate theory, practicum, and topic analysis. Each student was placed in a division according to the number of debate rounds experience. Cisco was represented in the novice division of Cross-examination Team and Lincoln-Douglas Debate. The highlight of the camp was an all-day tournament held on Thursday with the final in each division held on Friday morning.

Lori Ann Speegle and Stacey Saunders placed first in the novice division of Cross-examination Team Debate. These girls worked hard for the win competing with schools from throughout the state. Cisco's A-team, who won district and competed at the Regional UIL Tournament last year, is looking forward to a very competative debate season. Joining these senior girls are Joel Prickett, Shilo Denison, Jayna Willingham, Amanda McGinness, and Cressie Beesley to comprise Cisco's UIL Debate Team.

STRESS

A Way To Fly For This July & A June Bonus

Area merchants are being offered an extra-special NO-STRESS July Advertising Bonus to help stimulate their business during the hot summer months.

And for those who act quickly, there's an additional June bonus.

A reduced rate for a two column by three-inch advertisement in five different newspapers all through the month of July is now available for $82.50. That's a $13.50 saving over the regular five-paper, monthly rate.

And for those who call in and/or bring in their layouts now, the ads will begin immediately and run through the remainder of June at no cost. Billing will be at the end of July.

Even-multiples of the basic two-by-three inch ad are available at the same rate for those who ask for the July No-Stress Special.

This program is a special incentive for merchants to offer their goods and services, emphasizing the No-Stress advantage of shopping at home first.

There's no-stress in doing business with local folks who appreciate your business.

Firms wishing to take advantage of this special may do so by calling their local newspaper office:

Cisco Press, 442-2244; Eastland Telegram, 629-1707; Ranger Times, 647-1101; Rising Star, 643-4141; and Callahan County Star, 854-1008.

Participants may request that the No-Stress emblem be placed in their advertisement.

CLIFFORD BURAL

HELP THE WIDOW THROUGH GRIEF STAGES:
The newly widowed (or widower-ed) progresses through several emotional stages during mourning. If you recognize these as "stages," it may enable you to help her work through her grieving more fully and effectively.
Sorrow is a basic emotional stage of mourning and very common, often accompanied by self-pity and/or feelings of guilt.
Anger is another stage, a resentment against a "cruel world" which has taken one's mate prematurely.
Fears for the future "without him" as companion and breadwinner are not unusual to a new widow.
Anxiety makes her wonder "who will provide for the family" and "how will I manage my finances alone?"
The widow's confidence in her own abilities needs to be strengtened so her re-entry into the world of reality may be achieved more smoothly. As a widow, if she recognizes these stages as natural and common to all the social adjusting she does will be easier, faster, more effective.

Ron McCullough Wins Big At Graham

Boats were fulled and unloaded, bassin tackle was placed within easy reach. The contestants watched the clock, 6:00 a.m. and the hunt began. The hunt for the elusive largemouth bass. The hunters, members of the Eastland County Bass Club who meet June 19th at Lake Graham for 10 grueling hours of competitive angling.

With the recent water rise anglers were met with some tough fishing. Of the 16 entrants everyone reported catching good numbers of 10 to 13 inch fish. But the mark was set at 14¼ inches to be considered a weigher. Of the 16 entrants only 6 were able to make this mark. At the 4:00 p.m. weigh-in the results were: First place Ron McCullough with 4 fish 9.12 pounds. Second Jerry King with 4 fish 8.04 pounds, and Third place and Big Bass of the day 3.86 Gary Crew. Gary has been a member of the E.C.B.C. only a few week. This was his first club event and he really got off to a good start.

Other anglers who were able to land a 14¼ inch or larger fish were: Terry Wilson 1 fish 3.64, Steve Pennington 1 fish 1.75 and last years angler of the year Tommy Maynard 1 fish 1.26 pounds. Of these six anglers 4 reported jigs to be the bait used, with worms and buzz baits rounding out the field. The average depth of water which was producing was 2-4 foot.

With 6 events behind them the E.C.B.C. reports that anyone can still join up and make the T.A.B.C. top six team. At present only 16 pounds are needed to make this prestigious group. So if you have been giving it some thought join now and get in the race. For more information contact Eddie Green 629-2184.

During the heat of the summer most anglers choose to lay aside many other lures for the No. 1 fish catching bait on the market today. The soft plastic worm. And the nation's leading manufacturer has introduced the triple-action Mannipulator for 1988. A new worm with three power points in the tail to provide the most action of any plastic worm anywhere!

The Mannipulator has a distinct scale pattern on the tail to reflect more light and increase vibration as it slithers through the water. The extra power in the tail helps stabilize the Mannipulator and prevent line twisting on retrieval. As an extra bonus to fishermen this year, the curl of the Mannipulator's powerful new tail design will be "locked in" at the factory by a plastic attachment which will keep the tail curled until the lure is ready for use. This innovative new packaging technique will ensure perfect tail action and eliminate stretching and straightening of the tail in the package.

The Mannipulator is available in 5", 7" and 9" lengths and 16 of Mann's most exciting colors, including solids, metal flakes and laminated. The Mannipulator comes in packs of 15 in zip-lock reuseable plastic bags.

The Mannipulator, with its triple power-pointed tail, is sure to create never-before-seen tail action in a plastic worm and attract even the most hard-hearted bass!

A big thanks to Vince Thompson and the good folks at Mann's Bait Company for the above info about the Mannipulator.

Melvin Wende Special Guest At Cisco Chapter Of AARP

Cisco Postmaster Melvin Wende was the special guest of the Cisco Chapter No. 2447 of the American Association of Retired Persons at its regular monthly meeting Thursday, June 16, at 6 p.m. in the Corral Room.

Postmaster Wende is a native of Cisco, having graduated from the local school system and Cisco Junior College. After serving four years in the Air Force, he returned to Cisco, attended Tarleton State and started working for the local post office. He served as a clerk, as well as in other capacities, became the assistant postmaster and in 1988 became postmaster. Mr. Wende's topic dealt with the various types of mail fraud, explaining that it is a scheme to receive money or something of value from you by offering a product, service or an investment opportunity which doesn't live up to its claim.

Many types of mail fraud of which the public should be aware are medical frauds, work-at-home schemes, land fraud, investment and insurance fraud, home improvements, etc. Mr. Wende described the postal inspection service as the law enforcement and audit arm of the U. S. Postal Service. It was started in 1737 by Benjamin Franklin who was appointed postmaster in Philadelphia. Today there are 1900 postal inspectors in the U.S. and Puerto Rico who investigate violations of all postal laws, including the illegal transmission of controlled substances through the mails, mailing of child pornography, thefts of mail or postal valuables, bombs sent through the mails, and other postal infractions.

In dealing with mail fraud, Mr. Wende stressed the importance of never sending cash through the mails and also stated the old maxim of which we are familiar, "If it sounds too good to be true, it is."

Golden Triangle Annual Meeting
GTRO Declares Stock Dividend

Golden Triangle Royalty & Oil, Inc. (GTRO) held its 1988 Annual Meeting of shareholders on June 3. More than 125 shareholders, and six stock brokers attended the meeting which was held in the Conrad Hilton Memorial Center at 11:00 a.m.

Directors of the Company are Dr. Thys B. Johnson of the University of Minnesota at Duluth; Howard Siegel, Houston attorney; Robert Kamon, Effie Kamon and Lloyd L. London of Cisco. All were re-elected for one year terms. Progress of the Company and GTRO activities in the United States and in Australia were discussed by directors. The Company now has royalty and working interests in 134 oil and gas wells in the United States. The Company also holds overriding royalty interest assignments in more than 64 million acres in 18 concessions in Queensland, Australia. There are now approximately 40 oil wells on these concessions. Successful oil discoveries made since the 1987 Annual Meeting were discussed, and it was announced that 17 more wells are planned on these concessions during the remainder of 1988. It was announced that the Company continues to have no debt.

Out of town stockholders arriving in Cisco on June 2 were served a special dinner on the Company grounds, located at 1304 Avenue L and 1301 Avenue M. Following the Annual Meeting, stockholders were treated to a typical Texas barbeque, catered by Oscar Weeks. During the luncheon music was provided by the Ghost Riders, a local country and western band. Afternoon tours for the stockholders included the Company offices and facilities, located in six buildings which contained maps, reports and equipment, including a Heidelberg four color printing press, dark room facilities, collator, folder, inserter/mailing machine, etc., all of which enable GTRO to do its own in-house preparation and circulation to Company stockholders. Sockholders and others receiving GTRO newsletters and annual reports have commented on the professional quality of GTRO publications.

An evening dinner was served on Company grounds to out of town stockholders who remained in Cisco overnight following the annual meeting. Later the drama department of CJC presented a rehearsal of "Tied to the Tracks" to the stockholders at the Hilton Hotel.

Stockholders were pleased at the announcement that the GTRO Board of Directors had declared a 5% stock dividend. The ex-dividend date was set at September 2, 1988; the record date was set at September 9, 1988, and the payment date was set at October 15, 1988. This continues the Company policy of paying 5% stock dividends, in 1983, 1984, 1985, 1986, and 1987.

The Company now has approximately 4,500 registered stockholders plus an estimated 3,200 stockholders with stock in street name. GTRO advertises in the annual report sections of the Wall Street Journal, Forbes Magazine, Fortune, Business Week, Sylvia Porters' Personal Finance, OTC Review, Financial Post and Better Investing. Three separate mailing lists are also maintained so that at times printing runs can be as high as 50,000.

The office phone is 442-2665. Persons desiring further information on GTRO are invited to call during business hours.

Eastland County Has Two "World Champion" Fiddle Players

Eastland County has two "World Champion" fiddle players now - Robert D. Weeks Sr. and Robert Jr., age 11, of Eastland.

The players won these title in their age Divisions at a large contest in Crockett, Texas on June 11-12. Close on the heels of his older brother was Brandy, age 8, who won Third in the Children's Division.

Robert Sr. was awarded the Champion title for the Senior Division after competing with 14 fiddlers. His winning tunes were "Sally Goodin'," "Forty Years Ago Waltz," and "Sweet Georgia Brown".

Robert Jr. and Brandy also has 14 playing in their Division, which went up to Age 12.

The two-day World Championship Contest was held at the City Park in Crockett, and drew a large crowd. Their wins climaxed a number of others for the Weeks fiddlers, who have been attending contest regularly across east and west-central Texas this summer.

BAIRD

If you haven't driven in downtown Baird lately, you need to do so! A group of dedicated citizens called The Meadow organization are painting lots of the buildings downtown. The Baird Chamber of Commerce donated money to help pay for the paint, and Dyess Air Force Volunteers came down on June 11 to assist with the work. The Meadow group is trying to make Baird "The Best Little Town In Texas." Baird could be eligible for an improvement grant if the citizens can get enough work started. Several of the classic old buildings have already been painted, and other projects are underway. On Friday, June 24 The Meadows will have an appreciation dinner at the Baird Activity Center (Old Light Plant) for all members of the group.

—

Mayor Brown has proclaimed July 23 as Baird Cleanup Day, and all are asked to assist. The City will haul away large old appliance to the dump ground without any charge, along with brush that people haven't been able to get rid of. Every effort will be made to have the town clean and attractive.

—

Mrs. Dan Ashburn has donated the city of Baird land she owns next to Wild Flower Park. She asked that three things be done: that this land always be used as a park, that it be named after her and her husband, and that a bandstand be built on it. The City Council agreed to accept the land with these conditions.

More than $1,000 has been raised to help buy a K-9 Police Dog for Cisco. Some of this money was presented to Police Chief Billy Rains at the Drug Enforcement Program in Cisco last Wednesday night. People who wish to send in further donations may send them to Cisco Special Police Dog Fund, Olney Savings, 700 Conrad Hilton Ave., Cisco, Texas, 76437. A Police Dog was demonstrated during last Wednesday's program, and the animal found a small pouch of marijuana hidden in a box set beside some empty boxes. .....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

People Need To Sign Up For Booth At Fourth Of July Activities

The Cisco Lions Club would like for all non-profit organizations that are planning to have a food booth at the Cisco Fourth of July activities to call and make reservations as soon as possible.

Ivan Webb, Lions Club member and chairman for the Fourth of July celebration, said, "As in the year before, the booths must be with non-commercial and non-profit organizations. The reason for this is to make an active fund raising way for these local civic organizations and churches to raise money. This will help to maximize their profits." He added, "We will also limit the type of main meat booths. An example is there will only be one hamburger booth, one hot dog booth and such as that. The Cisco Lions Club will be selling their famous bar-b-que and sausage on a stick at the July 4th celebration." Webb said there will not be limit on the bake sale booths that will be selling desserts.

The Lions Club will not receive any money for the rental space of the booth. But, Webb said each organization will be charged and the money will be given to the Cisco Fireworks Fund. For more information and to sign up for a booth call Ivan Webb at 442-2661.

Wanda's Corner

How many passed the test that I had in my last column? How many found the misspelled word? I thought I would try this approach to see if anyone read my column and would call me about the mistake. Three people have told me they saw the word. (One was my husband, Herrel).

In my last column, I wrote about the old "bi-dock". Mr. Jasper Cook brought in a dictionary to show me the correct spelling of the word is viaduct.

Do you believe that the misspelled word was a test, or do you believe that I was in such a hurry, (and in Lubbock, they are called an overpass), and in Texas it sounds like people are saying bi-dock, instead of viaduct, and I was in such a hurry last Friday, typing my column, I didn't take the time to look the word up in a dictionary, and now I have egg on my face but instead of yellow, it is bright red, for embarrassment.

We received a letter from Mrs. Vida Killion, former resident of Cisco, who now lives in Garland. She sent a copy of a newsletter she received from the World of Poetry's Board of Directors. The letter said Mrs. Killion will receive the Golden Poet Award for 1988, in recognition of her poem "Assurance". The Golden Poet Award is to poets what the Academy Award is to actors. It is the highest honor World of Poetry ever bestows on a poet.

The official presentation will take place at the Fourth Annual Poetry Convention to be held August 27, in Anaheim, California.

Mrs. Killion wrote:

It never ceases to amaze me- this submitting an article, story or poem in some contest. Sometimes I get a critique that makes me wonder if my brain is functioning; submit the same in another contest and get an honor. Intersting, isn't it?

We look forward to receiving the Cisco Press. I usually grab it and read it before O.T. gets a chance at it.

Glad you got a much needed rain recently. We need one here. It is so sultry and ground so dry it is cracking.

Best regards,
Vida Killion

There is a slight increase in the sales tax revenue for the City of Cisco, according to Mike Moore, city manager. He said this will help the city a great deal.

This is a sign that people are beginning to shop at home more. And that's great!

—

Jeannie Rains had a cat show up at her home recently and it has some weird looking feet. The cat has some extra toes and at first glance it looks like the cat has split paws.

Jody Hurley, of Cisco Electronics Plus also has a different kind of animal. It is a male dog, part wolf, and part German Shepard. He is a beautiful animal, but he has only three legs. Jody said the dog was shot once by a hunter, and the leg had to be taken off. But, that animal can get around pretty good.

—

The wall on the old Chamber of Commerce building is beginning to look pretty good now. There is a lot of hard working students painting a mural on the side of the building. The scene will look really good, especially to out of town people coming into Cisco from the Albany and Breckenridge Highways. Be sure and drive by and look at it.

Hunter Education Course To Be Offered

A hunter education course will be offered July 18-22 at 6:30 p.m. at Cisco Gun Club Rifle Range.

To get an idea of how many people are interested, pre-registration will be held at 9 a.m. Saturday, June 25, at the range, according to a Gun Club spokesman. Anyone interested in the course should pre-register so the instructors will know how much instructional material will be needed. Anyone having questions should call Gordon Strawn, 442-2010, or Tommie Lee, 442-1405.

Texas Parks and Wildlife Department is requiring a mandatory hunter education course for hunters whose date of birth is on or after September 2, 1971.

Effective September 1, 1989– Hunters whose date of birth is during the period September 2, 1971 through August 31, 1973, must have successfully completed the course to hunt in Texas.

Effective September 1, 1990– Hunters whose date of birth is during the period September 2, 1971 through August 31, 1974, must have successfully completed the course to hunt in Texas.

Effective September 1, 1991– Hunters whose date of birth is during the period September 2, 1971, through August 31, 1975, must have successfully completed the course to hunt in Texas.

Effective September 1, 1992– Hunters whose date of birth is during the period September 2, 1971, through August 31, 1976, must have successfully completed the course to hunt in Texas.

Effective September 1, 1993- All hunters who are at least 12 years of age and whose date of birth is on or after September 2, 1971, must have successfully completed the course to hunt in Texas.

Those exempt from the hunting course are hunters whose date of birth is on or before September 1, 1971; hunters who have been certified in the voluntary Texas Hunter Safety (Education) Program; hunters who have been certified through another state's resource agency; hunters under 17 years of age whose date of birth is on or after September 2, 1971, when accompanied by a licensed hunter 17 years of age or older.

The minumum age for taking the course is 12 years. Those under 12 may attend and receive recognition of attendance, but must retake the course after turning 12.

To successfully complete the course, one must attend a minimum of ten hours in two or more days; must be evaluated by instructor as acceptable in knowledge, skill and attitude; and score 70 percent minimum on an examination prescribed by the Texas Parks and Wildlife Department.

Certification is good for life and accepted in other states and Canadian provinces. All students receive a hunter education handbook, decal and patch. Proof of certification is a department prescribed card or temporary receipt which must be carried at all times while hunting with all firearms and archery equipment.
