*NEWSMEN, CRUSADER ATTACKED*

Ray Jenkins, Columbus, Ga., Ledger Reporter, stands at left dazed as Hugh Bentley, bent near automobile, is struck by an unidentified man. The youth's father, right foreground, is an anti-vice leader and was earlier attacked as violence flared in the bitterly fought Democratic election at Phenix City, Ala.

## Preparing To Test New Well East Of Here

American Trading & Production Corp. No. 1 Elmer Howell, west offset to Ellenburger production 10 miles east of Snyder, is preparing to run a drillstem test after making some signs of oil on cores in a sandy Strawn lime.

The project is now at total depth of 6,916 feet in the Strawn and reaming the core hole in preparation for the test.

The No. 1 Howell recovered free oil and heavily oil and gas cut drilling mud on a test of the Canyon sand at 5,829-907 feet. This formation was topped at 5,829 on a datum of minus 3,548 feet.

Drillsite is in the northeast corner of section 69-3-H&TC.

FULLER WELL

The Texas Co. No. 202 P. L. Fuller, North - Central Scurry prospect, is reported to be flowing oil by heads from perforations opposite a Cisco sand zone at 6,123-139 feet.

The well swabbed and flowed by heads for 24 hours, making 66.24 barrels of new oil with no water. The Cisco zone was treated with 2,000 gallons of fracturing material.

DRILLING REPORTS

Standard Oil No. 1-S George Brumley, Cisco prospector on the east side of the Kelley - Snyder Cisco pool, is drilling below 4,272 feet in lime.

Husky Oil No. 1 Nance, Garza wildcat, is continuing to swab on perforations in the Strawn after recovering 17 barrels of oil and 71 barrels of salt water in 12 hours, on a swabbing gauge reported today.

Sun Oil No. 3-C Bilby Wallace, Kent field stepout, is drilling in lime, shale and cherf below 7,293 feet.

In Fisher, Rowan & Hope No. 1 Bonner is drilling below 4,480 feet in shale.

Phillips No. 1-A Dennis, Borden wildcat 13 miles northwest of Gail, is still at total depth of 8,197 feet in an unidentified lime and preparing to drillstem test.

## Truce Talks Reach Lowest Point Yet

MUNSAN, Korea (AP) — Korean truce talks sank to an all-time low today after the Communists rejected the Allies' "clear, final and irrevocable" package proposal.

The official Allied spokesman said, "There is nothing left to discuss."

Top negotiators of each side told the other: "The next move is up to you."

Agreement appeared so remote the United Nations Command proposed an indefinite recess of armistice talks. But full delegations will meet again tomorrow at 11 a.m. (9 p.m. Wednesday, EST) at Red insistence.

Negotiators abruptly ended the secrecy which had shrouded the talks since the Allied package deal was presented April 28. In Tokyo, Gen. Matthew B. Ridgway promptly announced the virtual Allied ultimatum. It is a three-point package:

1. The U.N. Command would return 70,000 of 132,000 captured Chinese and North Koreans in exchange for 12,000 Allied troops held by the Reds. This is the crux of the deadlock.

2. The Communists would be permitted to build and repair North Korean airfields.

3. The Reds would drop their nomination of Russia as a "neutral nation" to help police a truce.

Ridgway said this was a package to be accepted as a whole. He said:

"Our position is one from which we cannot and shall not retreat."

The Communists turned down this package and submitted a counter-offer. Friday it was disclosed

Under the Red plan the Communists would get back 132,000 prisoners in exchange for 12,000 U.N. POWs, and would be allowed to repair airfields.

The big issue is voluntary vs. involuntary repatriation of prisoners. The U.N. Command says only 70,000 prisoners of war and civilians said they would be willing to return to Communist territory. Some others even threatened suicide rather than return.

The Allied package provided for neutral interviews of all unreturned prisoners after an armistice. Communist observers would be present. Anyone who then said he was willing to be repatriated would be returned promptly to the Communists, Ridgway said.

Nearly 40,000 of the 170,000 are South Koreans on whom the Reds now make no claim.

At Wednesday's negotiating session the Communists restated their views at length, an Allied communique said. And Vice Adm. C. Turner Joy, chief U.N. delegate, replied:

"Our position is clear, final and irrevocable. The issues are thoroughly understood and it is pointless to debate them further.

## One Delegate To Republican Meet Elected

Only two of the six Republican precinct conventions held in the county Saturday were represented yesterday afternoon in the party's county convention.

Allowed only one vote each because of the small number of Republicans in the county, the two precincts, Southwest Snyder and Fluvanna boxes, agreed on each issue concerning representation at the state convention.

Spokesman casting votes for the two precincts were Jack Young, a delegate from Southwest Snyder, and Lloyd Ainsworth, representing Fluvanna. Other delegates present agreed with both votes in approving resolutions adopted in the precinct conventions. These included favoring Eisenhower as the state retention of tidelands, opposition to federal encroachment upon state's rights, and federal aid for flood control in the states.

The convention was opened by John Stavely, county Republican chairman, who called for election of officers for the county convention. Young was then elected chairman of the convention and took the chair, and Mrs. H. C. Ingram was chosen secretary. The convention elected S. L. Surratt delegate to the state convention in Mineral Wells May 27, and his wife was elected alternate delegate.

## Russell Holds Lead In Florida Primary

MIAMI, Fla. (AP) — Florida's farm vote nudged Sen. Russell of Georgia into a slim and bitterly contested victory today over Sen. Kefauver of Tennessee in this state's presidential preference primary.

Late vote counts coming out of the rural counties near the Georgia, Alabama border were just a little more than Kefauver could match.

There appeared to be no reasonable chance for the Tennessean to overtake Russell in this fight for Southern support in the Democratic presidential campaign. All except three of the uncounted precincts were in farm counties which were going for Russell and against Kefauver.

The vote from 1,311 of 1,682 precincts:

Russell, 263,925

Kefauver, 245,150

Sen. George Smathers (D-Fla) had predicted a 2-1 victory for Russell in Florida's first presidential popularity contest in 20 years. Russell had the support of Smathers and Sen. Holland (D-Fla), Gov. Fuller Warren, the entire Florida congressional delegation, and most of the state's political leaders.

But the slow-talking Kefauver waged his familiar hand-shaking campaign across the state with his pretty wife, Nancy, his 81-year-old father, and his four children to cut down the odds and almost pull an upset victory.

Russell carried the big majority of the state's 67 counties. He was ahead in 53 and Kefauver in eight.

Kefauver received a flood of votes in Dade (Miami), Pinellas (St.Petersburg), Volusia (Daytona Beach), and Monroe (Key West) that almost made up in concentrated strength what he lacked in other parts of the state.

There were no Democratic National Convention delegates involved in the Russell - Kefauver scrap. The party's 24 delegates will be named in a second primary May 27 and both Kefauver and Russell are expected to return and wage another battle over delegates.

The Republicans had no candidate entered in yesterday's presidential primary, which drew heavy voting.

The Republicans named their 18 delegates last February at a meeting of the State GOP Executive committee.

Sen. Holland easily won renomination to another six year term in the Senate, which in this heavily Democratic state is equivalent to election.

Kefauver and Russell had two political unknowns listed on the ballot with them — Charles E. Compton of Miami Beach, a one-time jockey, and Carroll S. Shaw of Miami, an electrician. Surprisingly Shaw polled more than 7,000 votes and Compton more than 9,000.

The Florida election laws make no provision for presidential write-in voting but there were a few scattered write-ins reported for Gen. Dwight D. Eisenhower.

Kefauver's greatest strength law in Dade County, which the Kefauver crime committee had tabbed as one of the underworld gathering places.

## Chapman Will Run Against Cullen Toombs

Jones Chapman., 47, former commissioner of Precinct No. 2, was one of six persons to file for elective offices only a few hours before the filing deadline, Harold Bennett, county Democratic chairman, announced.

Chapman, who served four consecutive terms as commissioner, is seeking election to that post again. The only other person to file for the office is Cullen H. Toombs , incumbant.

The candidate has been a resident of the county for 37 years.

Chapman was an opponent of Toombs in the 1950 run - off for the office, and an election canvass declared Chapman winner by a vote of 222 to 218. Toombs contested the election by filing suit Sept. 1, 1950, but A. S. Mauzey, presiding judge of the 32nd district court, declared the election valid in favor of Chapman. The Court of Civil Appeals for the Eleventh Supreme Judicial District in Eastland reversed the district court's decision in October, 1950, declaring eight votes cast in the Arah voting box illegal in that "The undisputed evidence showed that in the Arah box, six votes were cast away from the voting place and brought there by the presiding judge, placed in the ballot box and counted, and two of the votes were cast by others than purported voters."

### Temperature To 95

Temperatures climbed another degree to a high of 95 yesterday, Mrs. D. P. Strayhorn, weather observer, said. Low for last night was 65, and the temperature at 7:30 o'clock this morning was 68.

## Arrest Airman In Attempted Murder Charge

DALLAS, March 7 (AP)—A 23-year-old airman from Carswell Air Force Base remained in jail without bond today on charges of armed robbery and assalt to murder.

A 33-year-old Fort Worth woman cab driver, Mrs. Margaret Lister Gay, was raped, shot and left in a West Dallas field after her assailant robbed her.

The bullet that raked the woman's spine left her partly paralyzed. She was found yesterday lying in a remote section near the Trinity River where she had been for 14 hours after the attack.

Cpl. Obie Lee Belcher gave a signed statement to deputies of Sheriff Bill Decker. He was arrested at the air base by Sheriff's Deputies B. W. Adams Jr. and W. R. Milam. Belcher also made a statement to Carswell officials who cooperated in the arrest.

# Feinsinger Says Wage Board Was Fair In Its Steel Recommendation

WASHINGTON, May 7 (AP)—Nathan P. Feinsinger told Congress today a rash of serious strikes and industrial "chaos" may result if Congress strips the Wage Stabilization Board (WSB) of power to recommend settlements in labor disputes.

Feinsinger, chairman of the WSB, testified at the House Labor Committee's investigation of his agency. Only yesterday Charles E. Wilson, former mobilization chief who resigned in protest against administration handling of the steel labor case, had suggested to the group that the wage board's powers should be trimmed down.

Wilson asserted that the WSB went far beyond stabilization policy in its recommendations for a wage rise for steel workers.

Disputing that, Feinsinger said the board's recommendations were fair and were consistent with wage increases negotiated voluntarily in other industries.

Feinsinger was summoned before the House Labor Committee in a broad investigation of WSB policy, especially as it has been applied in the steel case.

Feinsinger has announced he plans to quit his job by June 30. He told an audience in Madison, Wis., Monday night he is tired and needs a rest.

The board's recommendation of a 26-cent hourly wage increase "package" touched off a history-making wrangle in the steel case which led to President Truman's seizure of the steel mills.

That action is now before the Supreme Court, with arguments scheduled to begin Monday. Pending a final decision, the steel mills are operating under government control.

In Philadelphia today, the situation comes under discussion at a closed meeting of the Executive Board of the CIO United Steelworkers, headed by Philip Murray.

Wilson, who quit as defense chief in the steel row, recommended yesterday that the WSB be stripped of its powers to enter into non-economic phases of labor disputes —such as the union shop issue.

## Government Is Trying To Get In Oil Strike

DENVER (AP)—The co-ordinating committee of the 22 oil workers unions on strike in the oil industry has agreed to attend a meeting before the Wage Stabilization Board May 13.

WSB Chairman Nathan P. Feinsinger in Washington yesterday asked for an end to the strike and renewal of bargaining. The meeting next Tuesday will be to give the WSB a full background of the controversy.

This opened the way for speculation that the WSB, which never handles a case when a strike is in progress, will turn the oil dispute back to President Truman, who will be faced with the problem of whether to invoke the Taft-Hartley Act. This could bring about an injunction barring further striking for 80 days.

O. A. Knight of Denver, president of the Oil Workers International Union (CIO), which heads the coalition of AFL, independent and CIO unions, wired Feinsinger:

"We regret the board's action at this time and point out that breakdown in negotiations, which have been progressing favorably in several areas."

The board turned the dispute back to the unions and management April 16 for more collective bargaining after failure to get hearings under way.

As the strike entered its eighth day today with oil refining capacity reduced by a third, the effects were becoming more serious.

Military aviation has been curtailed and a 30 per cent reduction in aviation gasoline supplies for commercial and private flyers was ordered.

Trans-World Airlines embargoed all air freight except emergency materials.

### *SCRAPING BARREL*

Death and higher taxes are said to be the only sure things in this workaday world, but apparently some people still aren't convinced.

Take the Scurry - Nolan-Fisher draft board for example. Included on their list of men to be inducted on May 22 was James Larry Smoot, who died March 1, 1951, of injuries sustained in an automobile accident.

## County Tough With Santa Fe In Crossings

The commissioners court has passed an order requiring the Santa Fe railroad company to grant permission for three open crossings and one underpass to be constructed in the county's present road program and also requiring the company to bear expense of placing electric signals at all paved crossings.

The order calls for moving of a crossing near Dermott about 100 feet. To move the crossing, which is on the by-pass connecting U.S. Highway 84 with U. S. Highway 180 at Union, a signal block on the railroad would have to be moved. For this reason, the company had objected to the move, Edgar Taylor, county judge, said. "The railroad company crossed the Lamesa highway with a new spur line just west of Snyder recently without the county's permission," Judge Taylor said, "and the court believes the county is entitled to cross the railroad anywhere it deems a crossing is necessary."

Another crossing the order calls for is at the north edge of the Bootheland addition. This is a new crossing in a by-pass under construction. One will also be made on a new farm to market road east from Hermleigh to the Hermleigh cemetery. The underpass is to be constructed under the railroad company's bridge which lies about a quarter of a mile northwest of the Roby overpass. This underpass will facilitate a by-pass from the east Y and the Roby highway north around Snyder.

The order also requires that all crossings of paved roads be planked. The requirement on electric warning signals is on "all crossings now paved or to be paved in the future."

## Ex-Tax Man Is Indicted

SAN ANTONIO, May 7 (AP)—Eugene L. Meyer, formerly a federal tax official at Austin, is under indictment and charged in four counts of making false statements.

A fifth count yesterday was also lodged against Meyer for removing his own income tax returns from official files and substituting another.

A bench warrant for his arrest was expected to be issued today and bond set at $1,500. The alleged offenses occurred last Octobr during a probe of Internal Revenue Bureau offices and personnel.

U. S. Attorney Charles F. Herring said the indictment alleges Meyer unlawfully removed his own returns from official files in Austin and substituted another with different figures. The files, Herring said, were for 1949 and 1950.

## Family Of 5 Shot To Death

CLEBURNE, May 7 (AP)—An electrician shot his wife and three young children to death last night and then killed himself after walking four miles to notify police.

Johnson County Sheriff Earl King said Robert A. Gist, 26, shot Mrs. Luvenia Gist, 23, to death as she drove the family car down a remote ranch road, 18 miles southwest of here.

Then, said the sheriff, Gist shot the couple's nine-months old son and two daughters to death, got another gun from the automobile's rear luggage compartment and walked to the Horace Baldwin farm house and called police.

Sheriff King said that just as he drove up to the Baldwin home that Gist turned a .38 revolver on himself and fired a bullet into his head. Witnesses at the Baldwin home quoted Gist as saying just before he fired:

"God forgive me. I've killed my whole family."

## 'Grand Old Man Of Masonry' At 106 Dies In Fort Worth Today

FORT WORTH, May 7 (AP)—John Jasper Ray, Texas' "Grand Old Man of Masonry" who on Sept. 2 marked 106 years of living, died at 7 a.m. today at his south side residence.

Fort Worth's oldest resident and the world's oldest Mason did not become ill until two weeks ago, but his strength had gradually diminished during the last year.

A Fort Worth resident since 1913, wars, depressions and booms failed to ruffle the composure of the patriarch of Texas Masonry. In 106 years, he said, he had seen "an awful lot of living."

Ray and his wife, who died at the age of 94 in 1941, came to Texas in a covered wagon from Orange County, N. C., where he was born.

They settled in the Cottonwood Community near Dublin. Ray engaged in farming and led the choir of the neighborhood Presbyterian Church. He served as postmaster in Dublin for many years, but moved to Fort Worth 39 years ago when he retired.

Thousands of children in Fort Worth and Dublin remember Ray as the "real life" Santa Claus, whose long white beard and jolly mien have made him each year the ideal personification of the patron saint of Christmas.

For 84 years Ray has been an outstanding Mason. He was older than the Grand Chapter and the Grand Council of Texas. He was made a Master Mason March 7, 1868, in Gravel Hill Lodge, Gravel Hill, Tenn.

For the first time since coming to Texas, Ray failed to attend the last Grand Lodge of Texas meeting held in December in Waco.

On his 105th birthday, Ray was presented with a diamond-studded 75-year pin by the Grand Lodge, commemorating 75 years of service. The pin was unique. It called for a special manufacturing order.

For 96 years, Ray was an inveterate church-goer. He had been an elder in the Presbyterian Church for 84 years. His membership here was at Hemphill Presbyterian Church. He attended his last church service in the summer.

Until his illness, Ray remained an avid reader. Neither his eyesight or hearing were impaired by age.

Besides a sister, Miss Alma Ray, he is survived by three sons, John Ray Jr., W. T. Ray and S. W. Ray, all of Fort Worth.

## On Eve Of 68 Truman Still Is Hard Fighter And Campaigner

WASHINGTON (AP) — President Truman, approaching his 68th birthday, today contemplated a future of whistle stop campaigning against those he accused of playing right down Stalin's alley.

His targets, he says, will be the appropriations-cutters and lobbyists who have fought him since he first laid down his 21-point program of foreign and domestic legislation in September, 1945. He placed special emphasis on budget-cutters who he said were "about to ruin the national defense program."

The President put the "real estate lobby" high on his list of targets in a sample "whistle stop" speech last night to a cheering dinner crowd of members of the National Housing Conference here.

In a "give 'em hell" speech reminiscent of his 1948 election campaign, Truman displayed a vigor that seemed to belie the fact that he will turn 68 tomorrow.

"There have been certain things happening in this country that have been right down the alley Mr. Stalin wants us to go," he declared. "Now let's stop it. Let's get our senses back and stop it."

He called the "real estate lobby" a stubborn and selfish lot and added that "some of them are making their living fighting housing."

He repeated a statement of his 1948 campaign that Sen. Robert A. Taft of Ohio turned against his own bill for a long-range housing program in the extra session of that year and got the Senate to kill it.

He accused opponents of "trying to choke the public housing program to death" by cutting off appropriations and of hamstringing the government in its efforts to get world peace by "about ruining the national defense program."

Truman was given a standing ovation when he entered the dining room for his extemporaneous talk to the public housing advocates.

He spoke after Sen. Douglas (D-Ill) and Sen. Tobey (R-NH) promised to fight for defeat of a House appropriations bill provision cutting Truman's program for 75,000 low-rent housing units to 5,000 for next year.

Truman made it clear that his whistle stop campaigning will not end with his support of the Democratic nominee for President this year.

"If we keep our heads," he said, "we can get a peace that will last."

Then he went on to say: "Whether I'm in or out of office, and I'll be out next January, I am going to carry on this fight."

"I'm going up and down this country as a private citizen and give them all I got," he said. "I'm going to tell the people what this government is trying to do to obtain world peace."

### Temperatures Higher Than 100 In State

By The Associated Press

More hot weather was due in Texas Wednesday as the month of May finished its first week in lackluster fashion.

Even warmer weather than Tuesday's 104-83 maximum range could be expected. Presidio in the Big Bend Country had that 104-degree reading while Dalhart's 83 was the lowest maximum.

Early Wednesday Panhandle skies were partly cloudy. There was ground fog at Beaumont. And some early morning cloudiness hid the stars at San Antonio.

Temperatures just before dawn ranged from 72 at Galveston to 56 at Dalhart.

Some widely scattered afternoon and evening thundershowers in the Panhandle-Plains country and in El Paso were in the forecast.

# Shivers Forces Make Clean Sweep Of County Convention

Delegates to the county democratic convention yesterday afternoon adopted resolutions favoring states ownership of tide lands, an uninstructed county delegation to the state convention, and an uninstructed state delegation to the national convention.

The convention, which was in session for one and one-half hours, sank to a confused mixture of discussion on the loyalty pledge, the resolution for an uninstructed delegation to higher conventions and a bitter slap at the Catholic church.

Harold Bennett, acting chairman of the Democratic party in Scurry County was elected permanent chairman by the group of 30 delegates present.

Forest G. Sears, Bennett, and John Sentell were elected delegates to the state convention, and C. T. McLaughlin, H. J. Brice, and James Rosser were named alternates.

The three resolutions passed by the county convention were all adopted by unanimous vote except one—the one on uninstructed delegations to the state convention

The resolutions were:

1. Commending state officials for their stand on the tides lands and favoring state's ownership of tide lands.

2. Resolution opposing centralization of government and favoring passage of the Gossett - Lodge Bill.

3. Resolution favoring an uninstructed county delegation to the state convention, and an uninstructed state delegation to the national convention.

Only debate of the county convention arose over the naming of uninstructed delegations to state and national conventions.

H. J. Brice, chairman of the resolutions committee, made the motion before the convention that the resolution be passed, and C. T. McLaughlin seconded it.

Before it could be voted upon however, the Rev. M. W. Clark, 81, who said he had been a voter for 60 years, rose to speak supporting his idea that the delegation should pledge support of the democratic nominee for president.

Clark said:

"I think the plan of our state party leaders for having an uninstructed delegation is ill - advised and would only result in causing the Texas delegation to bolt the party in the national convention and later result in the election of a Republican president."

Clark recalled the depression years and said that giving a Republican would bring back times like we had then.

"I recommend that we instruct our delegation to back the nominee of the democratic party, no matter who he is."

Clark suggested that that idea be added to the motion before the convention then, but he did not make his suggestion in the form of an amendment to the motion.

C. T. McLaughlin then addressed the delegates saying, 'I agree with Mr. Clark when he said we are now experiencing greater prosperity than ever before, but the issue before this convention is a resolution concerning an uninstructed or instructed delegation."

McLaughlin gave three reasons why he thought an uninstructed delegation was better.

"To be an instructed delegation, it must be instructed to support a specific man," McLaughlin said in answering Clark.

"We are picking the wrong men for our delegation if they must be instructed on how to vote to represent the county in the Democratic party as it should be," McLaughlin said.

"How can you instruct a Democrat to remain a Democrat?" the state democratic committeeman said.

Clark then asked for a reply to McLaughlin's statements. In his reply he said, "I think he (McLaughlin) is wrong when he says the delegation must be instructed to support a specific man to be instructed, they can remain uninstructed, yet be pledged to support the national party nominee. I would support the Democratic nominee no matter who he is and favor instructing our delegation to do the same."

"Rev. Clark, did you vote for Al Smith?" McLaughlin asked.

'No, I didn't, and I couldn't, as a Christian, vote for him for religeous reasons," Clark answered.

The Rev. Earl Creswell then asked Clark if he would vote for another man like Al Smith if he were nominated for the presidency by the Democrats.

"No, I wouldn't, I would just stay away from the polls like I did before," Clark stated.

With that he sat down, and the motion on the uninstructed delegation resolution carried with Clark the only dissenting voter.

Joe Merritt, former state representative was the only other man

BUSINESS MIRROR

# Restaurants Fighting Back To Keep Business Going Up

By SAM DAWSON

NEW YORK, May 7 (AP)—The restaurant business—hard hit recently by television, rising costs and prices, and the big baby croo—is looking for and finding business beyond its doors.

At the annual meeting of the National Restaurant Association in Chicago this week members are reported trading tips on two profitable fields some are exploiting: take-home food service and the coffee break in business offices and factories.

A big pick up in each is reported. Declining sales and profits have spurred promotion of both services. Sales by the nation's eating places last year were off by about one billion dollars from the peak year of 1948, when they topped 12 billion dollars. Now sales are picking up again, members report.

Take-home service is combatting the three chief troubles: 1. TV, which keeps many families home; 2. rising restaurant costs, which prices many families out of eating places; and 3. more babies, which means either hiring a baby-sitter if you eat out, or taking junior along and policing his manners.

The "pay-roll family" offers a prime market for take-home restaurant service, according to Fen K. Doscher, a paper cup firm vice-president, who is pretty interested in the idea, naturally, because his company is a supplier of containers for the food being taken home.

When both the husband and wife work, he says, the family is a set-up for sale of hard-to-prepare dishes around which the wife can assemble a quick and easy meal.

The National Restaurant Association is setting up a committee to study what foods are best for the service. Most restaurant men say it's best to concentrate on entrees, salads and desserts. They say beverages, and vegetables can be supplied easily at home and the patron balks at the paying restaurant prices for them.

It's a high margin of profit business for the restaurant because the take-home food can be prepared during the slack time between lunch and dinner, and carries with it no costs for linen, laundering, dishwashing, or for dishes and silver.

At the other end of the line, catering to the thousands who like to break the morning's work routine with coffee and cakes is fast growing into a big thing around the nation, according to W. F. Williamson, executive vice president of the National Coffee Association.

Starting in New York two years ago with service to workers of an insurance firm, Schrafft stores now serve 50,000 workers daily in 21 companies. One company, which serves eight offices daily, says the desk-side service is a profitable bonus and leads to picking up such business as office parties and buffets. Another restaurant chain, is now serving six companies and calls the second-breakfast its fastest growing business.

The Texas Company, which started taking coffee-break service 15 months ago for its 1,700 office employes here, reports workers used to average 30 minutes on a coffee sneak. Now they average five minuts of time out in getting their coffee at their desk. The company says it's saved 55,000 man hours in the 15 months.

# Texas Fair Dealers Hope To Get Recognition At Chicago

By The Associated Press

Gov. Allan Shivers' forces drubbed the "Loyal Democrats" soundly in Democratic county conventions in Texas Tuesday.

The defeat was so resounding that it was obvious Wednesday the Loyalists have no hope in Texas—that their only hope lies in the national party convention at Chicago.

A surprise upset occurred at San Antonio, where Bexar County Democrats went down the line for the Loyalists. Shivers' anti-administration faction carried almost every other convention on which reports were available.

However, the Loyalists dutifully and noisily bolted in every major city where they lost, and in many smaller cities, too. They will bolt, too, at the state convention in San Antonio May 27.

In fact, they already have reserved La Villita, a restored "Spanish village" in the heart of San Antonio, for their rump convention.

Then they will go to Chicago in hopes the national convention will recognize them as the legal Texas delegates.

On the county level Tuesday, the Loyalists bolted and held rump sessions in Dallas, Houston, Fort Worth, Beaumont, Austin, Amarillo, Waco, Temple, Freeport, Pampa, Longview, Haskell, Borger, Montague, Dumas, Canyon, Tyler, Abilene, Wharton, Wichita Falls, and others.

An Associated Press count of results from 145 counties showed Shivers had 337 unchallenged state convention votes, the Loyalists 72 unchallenged votes. There are 1,227 votes in all.

A total of 354 votes were tied up in the twenty counties where Loyalists help rump conventions. With Shivers in control of the convention, he can claim most of them at San Antonio.

The signal to bolt came, at most conventions, on a motion to adopt the controversial loyalty pledge. Shivers' faction opposes the pledge to support national party nominees on grounds the Texas delegation to the national convention should be free to appraise the nominee before agreeing to support him.

Besides San Antonio, Loyalists captured the Tom Green County convention at San Angelo and the Jefferson County convention at Beaumont. However, the Beaumont convention contrarily sent an uninstructed delegation to the state convention, and did not exact the loyalty pledge.

Many of the rump conventions, like that at Wichita Falls, endorsed Ralph Yarborough, Austin attorney, for governor, and Lindley Beckworth for U. S. Senate. Yarborough is the liberal candidate opposing Shivers, who seeks reelection, and Beckworth opposes Price Daniel, conservative candidate for the U. S. Senate seat being vacated by Tom Connally.

The Smith County rump convention condemned the "Dixiecrat movement" and accused Shivers of trying to steal the Democratic vote in order to place the state in the hands of Republicans.

At Borger, Loyalist Leader Joe Rigdon, former oil workers union executive, told his rump convention that state loyalist leaders have assured him Loyal Democrats will be seated at the national convention "regardless of what Shivers does."

# Chamber Drive For Members Set Monday

Kickoff for the Chamber of Commerce membership drive will be held at a luncheon for membership team captains and members at the Ranch House Banquet Room Monday, Gene Harper, drive chairman, announced today.

Harper said the Chamber, which now has 320 members, will conduct a two-week concentrated drive, later converting to a perpetual drive. He explained that after this drive, a permanent committee will interview managers of new businesses and other potential members at any time.

The drive chairman said there are now 312 businesses in Snyder which are not members of the Chamber, adding that he and his 50 workers will attempt to enlist as many of those firms as possible.

"Securing industry and new businesses in Snyder takes much work and money," Harper said, adding that new memberships will help to raise the Chamber's budget and effectiveness here. He said Snyder and Scurry County is competing with nearby cities and counties in securing new industry and facilities, pointing out that Lamesa, Big Spring, and Odessa are considered chief competitors.

Prizes to high team captains and team members include tickets and roundtrip plane rides to the Cotton Bowl, fishing set and equipment, electric roaster, and a silver service set.

The two - week drive will begin Monday and end May 24.

Team captains are Wayland Holt, Harry Holbrook, Harold Grant, Myron Fenton, and George Frazier.

to address the convention. He talked briefly during the time the committees were meeting. Merritt said he had voted a Democratic ticket for 58 years.

"If the people of the United States do not wake up to their duty it is not going to be long before we will be living under a socialistic government," Merritt said.

He said he opposed socialized medicine, so called fair employment legislation, anti - segregation laws, and national ownership of tides lands.

Delegates at the convention were:

Precinct No. 13. J. O. Leech, H. R. McHaney, and Don Hanson.

Precinct No. 14. M. W. Bavousett and J. O. Guinn.

Precinct No. 7. C. T. McLaughlin.

Precinct No. 1. Clyde E. Willbern, Ross Williams, Mrs. Helen Willbern, Wayland G. Holt, and R. A. Schooling.

Alternates. C. H. Calls.

There were 49 delegates authorized from the 20 precincts.

# Stock Market Fairly Steady

NEW YORK, May 7 (AP)—The stock market was fairly steady today with an upside influence given by the railroads.

The rails were unchanged to a little higher. The rest of the market spread out over a range of around a point higher to fractions lower.

Oils were higher along with rails. In a mixed category were steels, motors, non-ferrous metals, and chemicals.

The customary opening rush was rather brief today and the volume was restricted by the lack of large blocks that usually hit the tape at the start as a result of overnight orders.

## Von Roeder Brother Resigns College Post

Hubert S. von Roeder, president of Southwest Texas Junior College in Uvalde, has resigned his position at the college effective at the close of the college fiscal year.

Von Roeder, who has been with the college three years, is a brother of Nolan and C. N. von Roeder of Snyder.

It is believed that apple trees were taken to England during the period of the Roman occupation.

April, the fourth month in the modern calendar, was the second in the Roman calendar.

# To Deliver 2 Maintainers

The county is to accep immediate delivery of one of two maintainers purchased Monday, Ted Haney, commissioner for precinct No. 3, said today. The one to be delivered first is for precinct No. 2. The other machine will be delivered June 15.

Both are Austin - Westerns purchased from the Fred Berryhill Equipment Co., Lubbock. The maintainer for precinct No. 2 was purchased for $15,147, less a trade-in allowance of $4,500 for a seven-year-old machine. The other one purchased was for $15,102, less a trade-in allowance of $5,500 for a three-year-old machine.

Due to temporary tabling of a bid submitted by the Morton Equipment Co. of Abilene, the Daily News erroneously reported yesterday that it was later accepted for precinct No. 3 with a difference of $13,219 between the trade-in and the new machine.

## Postpone Discussion On St. Lawrence Way

WASHINGTON (AP)—Senate debate on the controversial St. Lawrence seaway bill has been postponed and there's no certainty when it will be considered.

Backers of the measure had hoped for action Friday but the Senate Policy Committee, which decides the order of business, agreed yesterday to take up an immigration bill first.

Because the immigration legislation also faces stiff opposition debate on it may be lengthy. And if some other important bill comes up by the time the Senate completes action on the immigration bill, the St. Lawrence debate may be put off indefinitely.

## Car-Bus Collision In Southeast Snyder

An accident involving a school bus and a Negro hotel owner occurred at 12:15 o'clock yesterday afternoon at Thirtieth Street and Avenue M, but no one was injured, city police said.

Will Clay, owner of Clay Bros. Hotel, was driving south on Avenue M when the 1951 Buick sedan he was in was in collision with a Snyder school bus driven by Marion Clement, 1111 Twenty - third Street. The bus was going west through the intersection.

Damages were estimated at $100 to the bus, and $150 to the Buick.

# TALK OF THE TOWN

By SUE HOLMES

Dorothy Ames Carter sends out a little release called "Extra Helpings." Herewith we offer some of her jottings:

Just as green is symbolic of spring so in the spring the outer skin of mature oranges and grapefruit frequently gets re-tinted with green. Nature applying chlorophill ...the green color...to a new crop of fruit developing on the trees also touches up the citrus not yet picked. Re-greening affects only the peel; not the ripe, juicy fruit.

Incidentally, don't we hope the Magic Valley is not the "Tragic Valley" this year! It just isn't normal to have to pay terrible prices for a nice pink grapefruit for a summer breakfast. And the real fruit is so much better than that bitter canned juice.

The word "protein" came into our vocabulary about 100 years ago, being coined from the Greek "protos" which means "first." Protein, the main or first substance in all the body's muscles, organs and tissues, is supplied chiefly by meat, fish, poultry, eggs, cheese, milk, dry beans and peas and nuts.

* * *

Luncheon meat leads in the canned [illegible]

* * *

A chiffon pie filling has a milk and egg custard base. But instead of being compact, the lightness and froth of the beaten eggs are maintained by unflavored gelatine. This gelatine is a food stabilizer, it actually captures and makes stable an airy texture.

* * *

Fresh mushrooms contain twice their weight in water. Since they shrink nearly 50 per cent when cooked, a 4-ounce can of mushrooms equals about one-half pound of the fresh.

* * *

Historically strawberries are a young fruit. Found growing wild in America, they have been cultivated only about 500 years.

* * *

Solids in milk total nearly 13 per cent. That's more solids and less water than found in many foods ...carrots, cauliflower and spinach for example. Since milk proteins coagulate and convert milk into a solid as soon as it reaches the stomach, and because of its high nutritive value, milk can be considered a food rather than a beverage.

To corn means to preserve and season with salt in grains...thus "corned beef."

There's an article in the new Cosmopolitan that would make almost any female shell out the shekles for a copy. The article is about what makes women irresistible to men. It's no secret prefume or eyelash curler — it is defined as "class."

The author says the woman with class is cool but sincere. She can light her own cigarettes, but she doesn't have to — men are clamoring to do it for her. And she is prefectly capable of opening car doors — but she doesn't have to do that, either, because five or six men (if she has class, mind you) will fall all over themselves opening the doors.

Also, our woman with class never talks indecisively. She never says, "Oh, dear, I have to move. Where should I move and how in the world will I ever get packed?" Instead she merely throws off a casual remark such as, "Oh, yes, I've moved." This makes her prince charming think she has a mind of her own.

And the classy woman never talks about what she's just bought or some pretty advantage she's just gained in the hard, cold cruel world of business.

And it's not all out of place, provided she knows her date has the cash, to ask to go to a swank place for dinner and dancing.

And another thing, a woman dining alone is said to have more class than one who eats with girl friends. We always thought that the male element liked to see a girl with friends of her own sex. But apparently, when she gathers with the gals she more closely resembles a hen or a girl in a boarding school, non-coeducational, of course.

Our girl isn't to be particularly concerned with clothes or S. A. (now you know what that means, son) as she is merely to be charming. She will know that her man likes the ways she dresses, without her asking him how he likes the new dress or hat or perfume.

It all sounds good, and we're sure the author knows whereof he speaks, since he keeps referring to bull sessions with his cronies which yield all these definitions of class. Guess the next thing to do, gals, is to bound fervently out of the car on our own steam, remember to keep matches on hand for our own smokes and dine alone.

Aw, forget it, girls, let's go get a cup of coffee.

# Ask Mildred

Send your questions to Mildred Sparks, county home demonstration agent, courthouse, or to the Snyder Daily News.

When we barbecue, as the meat drips it causes a flame that cooks the meat too quickly. Can you tell us if there is a remedy or something we are doing wrong? J.

Lane Barbecue Books say, "The volatile drippings catch fire and the flames will set the meat afire if it is too close to the coals. Some barbecuers contend that charring improves the flavor, but most cooks try to prevent it. This can be done by dousing flare-up with a clothes sprinkler or with water soaked rag on a long stick or by cranking the meat out of danger."

Do you have a recipe for fruit salad that sets over night before serving? I believe it is called 24-hour fruit salad. B. N.

Yes, here is one.

[illegible] 2 tablespoons grated rind
½ cup sugar
3 egg yolks, beaten
1 pint of cream
1 can grated pineapple
1 pound seedless, (Thompson) grapes
1 cup chopped nuts
1 cup marshmellows

Cook lemon, sugar, and eggs in double boiler and cool. Whip cream, mix with lemon custard, and work in the fruit and marshmellows. Let stand in refrigerator over night.

I have a beautiful nylon blouse in white. I prefer a dark shade. Do you think it could be tinted, or dyed successfully? Thank you, Mrs. R. M.

Yes, you could dye it very successfully if you launder it very much, I think that you would want to dye it instead of tinting it. Just get some dye and follow the manufacturers instructions.

# Mrs. McGinty Speaks At Federation

Mrs. O. M. McGinty, president of this district's Federated Women's Clubs, spoke to an assembly of Snyder federated club members last night at the Presbyterian Church.

The topic was "An Informed and Responsible Club Woman."

Preceding the talk, Mrs. James Rosser presented organ numbers.

The 75 women present voted to have a club institute in the early fall instead of a spring speech. The clubs hope to use the institute as a workshop to help formulate club plans for the year.

A social hour was held after the talk. The refreshment table was laid with a lace cloth and centered with Dutch iris and yellow candles.

Mrs. Armor McFarland, president of the Art Guild was in charge of the program. Other clubs represented were Cosmorama, Altrurian, Altruraian Daughters, Woman's Culture Club, Twentieth Century and Alpha.

A total of 61 men were saved from the Hobson and 176 lost their lives.

# Cleanup Program Opens Here Monday; Many Clubs Helping

A fight against the spread of disease will begin Monday when the Chamber of Commerce health and sanitation committee and numerous civic organizations launch a 12-month cleanup campaign in Snyder.

Stanley Noah, chairman of the Chamber committee, has asked support and cooperation of all residents and organizations here in the program.

Already working toward taking an active part in the program is the Junior Chamber of Commerce, which will begin its work Monday by picking up trash in front of homes, conduct a health education program in the schools, and is already distributing posters to advertise the campaign.

The Jaycee-ettes, in conjunction with the Junior Chamber, will help with the educational program.

Clyde Willbern, president of the Junior Chamber, said a committee is now arranging for several trucking firms in Snyder to donate the services of one truck and driver each for the pickup program.

Willbern urged Snyder citizens to conduct their own cleanup campaigns at home, rounding up trash and placing it in containers in front of their homes so that it can be hauled away, and to call the Chamber office so drivers and workers will know their address and can pick it up. The club president stressed that residents must cooperate in the cleanup.

One of the major battles against disease will be in the elimination of pit toilets in Snyder. J. E. Craven, Jr., city - county sanitarian, revealed in a survey several months ago that 276 pit toilets still stand inside the city limits. Several persons have pointed out that the open toilets, cesspools, septic tanks, and other facilities improperly used and capable of helping to spread disease here probably number 1,500.

Willbern said that many pit toilets now stand that are known not to be in use, adding that if citizens owning the property where those toilets stand will call the Chamber offices, workers will tear them down and remove them.

Leon Huff, Jr., Chamber manager, said a map illustrating the unsanitary conditions in Snyder, including the location of pit toilets and livestock areas, has been placed in the Chamber window, and he asked all interested to view the map.

Trash pickup and pit toilet removal will be conducted on Monday, Wednesday, and Friday, Willbern said.

Other organizations pledging their support and aid in the campaign are the Twentieth Century Club, Alpha Study Club, Kiwanis, Rotary, and Parent - Teachers Association.

# Court Orders Child Operated On In Abilene

ABILENE, May 7 (AP)—A child welfare unit has taken custody of 12-year-old Lacy Harger so that he can have an appendix operation today—an operation doctors ordered but his mother refused to allow for "religious reasons."

Taylor County Sheriff J. D. Woodard and two deputies took the boy to an Abilene hospital after they showed his mother a court order terminating parental control.

Mrs. May Harger, the widowed mother of 10 children, did not resist the order but claimed "Lacy is better. The Lord will take care of him." She did not reveal her religious affiliation.

The boy became violently ill at school yesterday and was taken to the hospital by the school nurse. Doctors diagnosed his case as a "seriously ruptured appendix," but released Lacy to his mother after she objected to an operation.

County Judge Reed Ingalsbe and County Attorney Bill Tippen drafted a court order calling Lacy "a dependent and neglected child" and asking that custody of the boy be given the county child welfare unit.

The order was signed by 42nd District Judge J. R. Black.

# Ike Wins In GOP Meetings

DALLAS, (AP) — Backers of Gen. Dwight D. Eisenhower for President were in control in most instances as Texas Republicans held county conventions yesterday.

In the big cities this was the signal for supporters of Sen. Robert Taft to bolt and hold rump conventions, where rival delegations were named to the State Republication Convention May 27.

At the state convention, the rival delegations will contest for recognition.

Taft backers bolted conventions at Dallas, Houston, Ft. Worth and many other cities after losing on test votes to Eisenhower supporters— among them many former Democrats and political newcomers.

An exception was at San Antonio, where Bexar County Republicans gave their 30 state convention votes to Taft with little opposition.

In the smaller cities and rural areas, Eisenhower was far ahead of Taft and rump conventions were few.

Texas Democrats also held their county conventions today. Gov. Allan Shivers' anti-administration faction won a sweeping victory but "loyalist Democrats" — Shivers calls them "Trumancrats"— bolted in major cities and planned to bolt again at the state convention if they lose there.

# Smoking Given Thumbs Down By Methodists

SAN FRANCISCO (AP)—The quadrennial General Conference of the Methodist Church closed a legislation packed 14-day session last night wtih a parting shot at smoking.

In the final, fast-moving session, the conference voted to continue the no-smoking pledge required of ministerial candidates. It voted against giving full ministerial rights to women, set forth the church's views on war and peace, made a change in the church's social creed, and set up a new board to study social and economic relations.

Church spokesmen said the conference made more major changes in church organization than any since the first conference of the United Methodist Churches in 1939. It also handled a record number of legislative petitions.

From a survey commission report on overhauling church structure, the conference chose the least controversial parts and ordered them enacted. It agreed to redraw the organization of the 40,000 local churches, making an expanded official board the administrative authority in each.

The 720 delegates from some 25 countries passed resolutions calling for elimination of racial discrimination and censuring the unofficial Methodist Federation for Social Action, which many churchmen labeled leftwing. They agreed that Negro churches might join white jurisdictions if all parties consented. They decided unordained pastors could administer the sacraments only if they were studying for ordination.

To run church agencies until the quadrennial conference of 1956, delegates voted a record general budget of 11 million dollars for each of the next four years.

Some of the most bombastic debate came in the final hours. Urging the conference to throw out the no-smoking pledge, the Rev. Dr. John M. Versteeg of Athens, O., demanded:

"Did you ever hear of a man coming home and beating his wife and children because he had too much smoke inside him?"

The Rev. Dr. Cyrus Albertson of Seattle voiced the opinion of opponents when he said:

"It's not so much tobacco use as the impression ministerial candidates will get that somehow the Methodist Church has pulled down its standards."

## Snyder Brothers In Marine Corps Training

Bobby J. Ryan and Earl B. Ryan, both sons of Mr. and Mrs. H. B. Ryan of Snyder, are now in training at the Marine Corps recruit depot in San Diego, Cal. They are members of Platoon 39, Second Recruit Training Battalion.

Mrs. Bobby Ryan is the former Miss Shirley A. Smilley, and Mrs. Earl Ryan is the former Miss Mayselle Miller, both of Snyder.

*MOTHER OF THE YEAR*

Mrs. Toy Leon Goon, named "American Mother of 1952," with her two daughters, Doris (left) and Janet, are greeted by the Rev. George Allen Cole as they leave the First Baptist Church, Portland, Maine, after attending Sunday services. The Chinese mother of eight talented children operates a laundry with the two daughters. The 57-year-old widow was born in Canton, China, and came to Portland 30 years ago.

## Collector's Items In Bachelor Apartment

FLEETWOOD, England (AP)—John Barnes told the court he just liked to save things for a rainy day. So for 30 years he helped himself to little odds and ends that weren't fastened down.

The detectives who caught up with Barnes as he lifted a shaving mug and towel from a market place pushcart said he found the culprit's bachelor apartment stacked shoulder-high with the loot of 30 years.

Barnes didn't steal for profit, his lawyer said yesterday. He just liked collecting things. He admitted stealing goods worth 374 pounds 15 shillings 4½ pence ($1,049.35).

He was ordered held for medical examination.

Mrs. A. F. Cartermon and children, Bruce and Jane, left last night for their home in Gunnison, Colo., after visiting Mrs. Cartermon's sister, Mrs. Clyde Willbern, and family, 107 Milburn.

# Over $5,000 Collected By Courts In April

The county collected a total of $5,832.50 in county and justice court fines and costs during April, monthly reports show.

The justice of peace court total was $2,117 collected in fines and costs on 118 cases. Fines for the month totaled $654, and costs totaled $1,463.

Fines in county court collected in 23 cases during April amounted to $3,175, and costs were $540.50, making a total of $3,715.50 collected in county court.

The justice court average was nearly $18 per case, and the county court average was $161.50 per case. The cases in justice court were convictions for fighting, drunkenness, disturbance of peace, vagrancy, and gambling. Cases in county court were convictions for swindling with worthless checks, driving while intoxicated, and bootlegging. As usual, the majority of county court convictions were on drunken driving.

# Cleveland's Gromek Shuts Out Yanks, Beats Allie Reynolds

By JOE REICHLER
Associated Press Sports Writer

Seven long years stout-hearted Steve Gromek sat in the shadows of Yankee Stadium watching his Cleveland mound mates absorb pounding after pounding by New York Yankee teams.

During that time only one Indian hurler had been able to shut out the Bronx Bombers and it took a no-hitter by Bob Feller to do it—a 1-0 win in April, 1946.

Finally, because the more prominent Tribe hurlers lacked sufficient rest, Gromek was permitted to pitch last night against the awesome Yankees in their park. So, in exactly two hours and 19 minutes, Gromek did something that only one Cleveland pitcher had been able to accomplish in 70 odd games — shut out the mighty Yankees.

It was the first Yankee Stadium start since the summer of 1949 for the 32-year-old unheralded right-hander from Hamtramck, Mich.

Gromek, who also made his last start against the Yankees in Cleveland in 1948, beating them 2-1, was backed up by only one run but he made that run stand up to beat the Yankees, 1-0, and best Allie Reynolds in a brilliant hurling duel. Steve not only handcuffed the Yanks with only four singles but had the crowd of 35,914 limp at the finish when he retired the last three batters with the potential tying run on base.

"Credit the sinker I developed during spring training," Gromek said afterwards. "I had them off stride. My new sinker was working fine in the beginning and when they began to look for it, I switched to my fast ball, which was 'alive.' It was breaking up and away."

The Indians' tally off Reynolds came in the second inning. It was scored on singles by Dale Mitchell, Ray Boone and Birdie Tebbetts.

Cleveland's triumph, in the first clash of the season between the two leading contenders for the American League flag kept the Indians within one game of the first-place Boston Red Sox, who trounced the Chicago White Sox, 11-2.

A pair of homers by Boston's Clyde Vollmer and another by Walter Dropo made it easy for right-hander Willard Nixon to register his first triumph. Vollmer also collected a single and double for a perfect night at the plate against Joe Dobson and two reliefers. He batted in six runs.

Conrado Marrero pitched the third-place Washington Senators to their fifth straight victory with a 5-2 win over Detroit. Again Jackie Jensen and Archie Wilson, obtained from the Yankees last Saturday, were the big guns on attack for the Nats.

Duane Pillette pitched the St. Louis Browns back into the winning column with a 5-1 triumph over the Philadelphia Athletics. Marty Marion and Clint Courtney each hit homers and batted in two runs for the Browns.

Brooklyn's Dodgers moved past New York's Giants into first place in the National League with a 10th-inning 5-4 victory over the Cincinnati Reds. Andy Pafko scored the winning run.

Teeing off on Max Lanier and a parade of five additional hurlers for 15 hits, Eddie Stanky's St. Louis Cardinals snapped the Giants' seven-game winning streak with a 9-4 triumph that dropped the defending champions into second place.

Robin Roberts hurled a brilliant two-hitter as the Philadelphia Phils snapped a four-game losing streak with a 6-0 victory over Pittsburgh.

Johnny Klippstein pitched the Chicago Cubs to a three-hit 2-0 shutout over the Boston Braves in the only game played in daylight.

# Vejar, Davey Clout Match

CHICAGO (AP)—Professional boxing's big time will be waiting off-canvas tonight for the winner of the 10-round Chicago Stadium bout between young and lusty Chico Vejar and studious Chuck Davey.

The victor of this rare match featuring two college men has been promised a shot at Kid Gavilan's welterweight championship. This would be an exceedingly rewarding venture, judging by the way the Vejar-Davey fight has caught on here.

Promoters are predicting a turnout of 10,000 fans and a gate of more than $40,000, not including proceeds derived from sale of radio and television rights.

Both Vejar, a freshman at New York University, and Davey, who holds two degrees from Michigan State College, are popular fighters.

Vejar is possibly the better known of the two, having made numerous Eastern appearances on television in compiling a record of only one defeat in 42 fights. He is a fast, busy and enthusiastic brawler who swings hard and often—hard and often enough to knock out 24 opponents.

Davey got off to a much slower professional start. He fought—and won—96 amateur fights, most of them as a student at Michigan State and a member of the Spartans' boxing team. Since turning pro, he has paced himself slowly.

He won 30 small purse fights and drew once. Then he bid for, and got, a match with Ike Williams, the former lightweight champion. That fight was held in Chicago six weeks ago and ended in the fifth round with Davey the victor by a technical knockout.

## Special Mexican Cook To Helsinki Games

MEXICO CITY, May 7 (AP)—Mexico plans to send its hot peppers and beans, along with a special cook, for its athletes in the Helsinki Olympics this year.

The Olympic committee announced last night it would fly 120 athletes and officials to Finland July 14 and 15. They will go via New York and Paris. The food and the cook will go earlier by boat.

The commtitee said this country would probably compete in about 15 sports. The probable list is:

Horsemanship, in which Mexico holds the Olympic title won at London in 1948; basketall; swimming and diving; decathlon; track and field; fencing; boxing; wrestling; shooting; and soccer.

# Baseball Rules To Protect Can Hurt Players Just As Easily

By GAYLE TALBOT
Associated Press Sports Writer

NEW YORK (AP)—The rules of baseball go to elaborate lengths to protect the rights of the individual player, to make certain that a talented youngster is given a fair chance to make good in the big leagues and cannot be kept indefinitely in the low-salary minors.

Perhaps the most important safeguard is the rule which says that a player who has been in the big show for three seasons may not be sent back to the minors until every one of 15 other major league clubs has said it doesn't want him even at the waiver price of $10,000.

That seems fair enough to all parties. Certainly it protects a player from petty treatment. Yet in certain cases and you can bet we have one in mind the rule may work a severe hardship both on an aspiring athlete and on the club which owns him.

You may have noticed that Montia Kennedy, a southpaw who throws possibly the fastest ball in the game today, did a remarkable stint of relief pitching for the New York Giants the other day. He held the hot Chicago Cubs to a lone single for 6 1-3 innings, retired 17 men in a row and was, in a word, sensational.

Those were the first balls the tall, raw-boned Virginian had thrown in anger for 23 days, since he blew a late-inning lead in an exhibition game against Cleveland at Evansville, Ind. The victory was the first he had scored for the National League champions since last May 19, nearly a year ago. Yet he had been around all the time in between, eating his heart out either on the bench or in the bullpen.

Kennedy has been with the Giants since 1946, except for part of the '48 season at Minneapolis. Until the last two years the club was pretty desperate for pitching, and the lefthander was a fairly regular starter, despite his wildness and fielding lapses. As late as 1949 he pitched 14 complete games and won 12 while losing 14. There were many days when his sinking fast ball was virtually untouchable and one would have sworn he was on the brink of true greatness.

But in 1950, as Sal Maglie and Jim Hearn struck their stride and the Giants' staff attained depth, there was less work for Kennedy and his wildness increased on his rare appearances. Last year, locked in a tense pennant race, Manager Leo Durocher could take no chances and gave up on Montia completely. The disconsolate lefty pitched only one complete game, won one and lost two.

This spring, sore in spirit, Montia made life equally miserable for the Giants' batters in practice at Phoenix. One day in particular he was, as they say, throwing aspirin tablets. The hitters really got no practice at all. They just stood well back from the plate and waved.

"Look at that boy throw!" exclaimed Tom Sheehan, the Giants' chief scout. "If only he could have been at Minneapolis last year, working every third or fourth day, he would be ready now."

Okay, why wasn't he sent out?

"Not a chance of getting waivers. Every club in the league would try to grab him."

Well, why not let one of them have him? He says he's got to pitch regularly to be effective.

"If we did that," said pitching coach Frank Shellenbach, "we would find ourselves batting against him. That is not a happy thought."

# Paris Wins In 21-6 Contest

By The Associated Press

Unpredictable Paris was on the tear again in the Big State League Tuesday night.

The most certain thing about the Indians is that they will play the longest game in the league. Tuesday night, in one going two hours 45 minutes, Paris doused Temple 21-6 in a 21-hit deluge.

And the encounter was the topsy-turviest of a league that saw a three-hiter when Waco stopped Longview's win streak at seven games by a 4-0 win, and the Tyler East Texans and Wichita Falls secure the first and second positions a little firmer by winning their games.

Tyler evened its series with Texarkana 5-2 behind the seven-hit pitching of Red Murff. Wichita Falls broke up Pioneer pitcher Dan Franks' no-hitter in the fifth and beat Austin 2-0 on two runs in the ninth inning.

Bob Bauer bested Franks in the mound duel, yielding only four hits. Bill Queen who got two of the Spudder hits doubled in one run and came in on Dick Burgett's single.

Paris, which has sometimes used five pitchers and a rightfielder on the mound, saw Temple use four hurlers and its rightfielder in an effort to stop the Indian hit spree. Only Hal Jackson went hitless as Paris' entire lineup got two or more safeties. Five of them got three, with Buck Frierson's homer, triple and single top-most performance.

Leon Taylor of Waco turned in the three-hitter, beating Longview. He fanned six and left 10 stranded after walking six of the Cherokees.

## Dallas Texans Sign Up Former Notre Dame Star

DALLAS, May 7, (AP)—Ernie Zalejski, former Notre Dame halfback, and Vince Kaseta, who has just wound up his string at the University of Tennessee, today returned signed contracts with the Dallas Texans of the National Football League.

Zalejski will be playing his third year of pro football. He was with Baltimore in 1950 and with the Washington Redskins last year. Zalejski played with Notre Dame against Southern Methodist in that memorable game of 1949 in the Cotton Bowl.

Kaseta was offensive right end for Tennessee for the past three years and was called by his coach, Bob Neyland, "the best blocking end in the country today."

# Kentucky Officials Accept Blame For Cage Scandals

LEXINGTON, Ky. (AP) — The University of Kentucky acknowledged today its administrative officials and athletics staff are partially responsible for the basketball scandal that struck the school.

It said, "Never again shall a scandal besmirch the name of their university" because ti was resolved to make reforms that would avoid it.

Eleven officials including Gov. Wetherby and President H. L. Donovan of the university signed a preliminary statement replying to Judge Saul Streit of New York, who denounced Kentucky's athletic spending and policies.

The judge let forth his multiple-charge blast a week ago as he gave suspended sentences to former Kentucky cagers Alex Groza Ralph Bard and Dale Barnstable, who admitted taking bribes to fix games. The jurist was particularly harsh on Adolph Rupp, veteran basketball coach, and said he and the school must share responsibility.

The university replied, "We do not contend that our record in this affair is above criticism. . . but in establishing an athletics program, . . we affirm that we shall be answerable to the people of Kentucky, to the NCAA, and to our regional associations and that our policies will not be dictated by Judge Streit."

The school hit at the New York angle of the cage scandal which spread to eight schools and 30-odd players.

"It would be well for Judge Streit to remind himself that not the least responsible, by any means, are those who have tolerated the unsavory environment in which Madison Square Garden operates."

The report asserted "there were no basketball fixes" before the Garden attraction. It added:

"University administrators and coaches have erred in several respects, but one of their gravest errors was in ever permitting a basktball team to play in Madison Square Garden."

Ned Irish, who brought college basketball into the Garden, was not available for comment.

# ACC's Track Team Is After Another Crown

ABILENE, May 7 (AP)—Abilene Christian's track and field team goes after its third straight Texas Conference championship in Kingsville Friday night, expecting a battle-to-the-wire from Howard Payne.

The Yellow Jackets nipped ACC 65-62 in a dual meet here in March.

McMurry and Texas A&I are the only other Texas Conference schools who have entered men in the meet, according to Dewey Mayhew, Texas A&I athletic director. Austin College is the fifth Texas Conference member.

Several records are in danger from ACC and Howard Payne performers. The 440-yard dash record of 49.2 may be trimmed by George Adrian, ACC's flashy freshman quarter - miler from Hollywood, Calif. Adrian ran a 48.6 in a dual meet with North Texas State here last week.

ACC's Sam Volpe and Howard Payne's Les Fambrough are both capable of breaking the 880-yard run mark of 1:55.3

W. C. Burns, Yellow Jacket record under its present 4:20.4; Paul Faulkner of ACC could easily improve on his pole vault mark of 13 feet 2 inches. He cleared 16-6 in the dual meet with North Texas; Faulkner conceivably could top the 17-year old javelin record of 208 feet 8 inches, as he has thrown 207-7 this season; Les Vanove, ACC high jumper, cleared 6 feet 6 inches once this spring and could repeat if he's "right" to break his own conference record of 6-3½.

Howard Payne's 440-yard relay team and ACC's mile relay quartet go after conference records of 42.2 and 3.19.2, respectively. Either or both could set new marks without surprising anyone.

# Insurance For Little Players

Little Baseball League directors and managers voted this week to buy accident insurance to cover all boys playing in the league this summer.

At their meeting Monday night, managers traded several players.

The group decided to draw up a local constitution. Discussing concessions at the league games this summer, they voted to organize a ladies' auxiliary of mothers to care for concessions and collections.

Managers picked their workout schedule as follows:

Holder Construction Indians, field No. 1, old rodeo grounds, 3:45 p.m., Tuesday and Thursday.

Whiteway Grocery Yanks, field No. 1, old rodeo grounds, 4:30 p. m., Monday and Wednesday.

Kiwanis Club Braves, field No. 2, Towle Place, 5 p.m., Tuesday and Thursday.

Quarterback Club Giants, field No. 2, Towle Place, 5 p.m., Monday and Wednesday.

Lions Club Cubs, field No. 3, Towle Place, 4:30 p.m., Tuesday and Thursday.

Optimist Club Cardinals, field No. 3, Towle Place, 5 p.m., Monday and Wednesday.

## Beats Tulsa 15-6

TULSA, Okla., May 7 (AP)—The University of Houston trounced Tulsa, 15 to 6, in a Missouri Valley Conference baseball game. The Texans need only to win a final game against Tulsa today to meet Oklahoma A&M, leader of the conference's southern half. The winner of the Houston-Aggie series will meet St. Louis, the Valley champions.

ALWAYS BE CAREFUL DRIVING

It makes each drop of gas say uncle

ACCORDING to combustion experts, there's as much energy locked in a drop of gasoline as there is in a drop of nitroglycerine.

But the problem is to put that energy to work.

So Buick engineers aren't content just to mix that drop with air and touch it off. They've designed an engine that brings it catapulting into a cylinder head where it strikes a turbo-top piston—gets whipped into a churning, swirling ball of tight-packed energy.

*Then it's fired.* And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future."

It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood—and extra miles in the fuel back in the gas tank.

Now, power is great, but what goes with it?

Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflow Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

*Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on Roadmaster, optional at extra cost on other Series. *Standard on Roadmaster, optional at extra cost on other Series.*

# Soviets Start Bond Drives

MOSCOW (AP)—The Soviet Union opened its annual state loan today, offering buyers of bonds a one-in-three chance to win lottery prizes that would make their bonds pay two to 50 times their face value.

The 30-billion-ruble bond issue, equivalent to 7½ billion dollars at the Soviet Union's official exchange rate, was expected to be oversubscribed by about five billion rubles. That would make it amount to about 7 per cent of Russia's state revenue.

Four per cent interest on the 20-year bonds goes into semi-annual lottery prizes. Winners get prizes ranging from the value of their bond up to 50 times its value, and when their number is drawn, they also get back the amount of the bond, which is retired. Non-winners hold on until maturity and get their money back with no interest. In the drawings, only one-third of the bonds get prizes.

The bonds are issued in amounts ranging from 25 to 500 rubles ($6.25 to $125).

## Haircuts To $2.50

FAIRBANKS, Alaska (AP)—Haircuts are up to $2.50 in Fairbanks.

The price has been $2. Barbers said the high cost of living in this interior Alaska city forced the increase yesterday.

*CONSERVATION AWARD*

The Lions Club yesterday presented a plaque to Wayne Rogers, left, the outstanding soil conservation farmer of Scurry County for 1951. Nolan von Roeder, right, made the presentation. Rogers was selected for the honor by the board of directors of the Upper Colorado River Soil Conservation District. (Lee Watson photograph.)

# Conservation Is Subject At Lions Club Speech Yesterday

Marion Everhart, soil conservationist, said two - thirds of the land in Scurry County is now terraced, but that 1,000,000 more feet of diversions should be built.

Everhart, speaking before the Lions Club, also said that two-thirds of the stock ponds needed in the county have been built, but he added that 759 dams for stock ponds should be enlarged under that division of the soil conservation work here.

The Lions Club program was dedicated to soil conservation. During the program a Lions Club plaque was presented to Wayne Rogers, outstanding soil conservation farmer for the county during 1951. Nolan von Roeder presented the award on behalf of the club.

"There are three ways that soil in this area is being depleated," Everhart said. "It blows away, washes away, and is cropped away."

In his talk he urged the members of the club to use their influence in persuading farmers of this area to practice soil conservation methods, and to use crop rotation plans which will rebuild the productivity of the soil.

Chaplin John Little, and Bill Cummings of the Big Spring Air Force Base also appeared on the program. Little sang songs. He was accompanied by Cummings.

Paul Keaton, member of the club, announced that Melvin Newton and Wencie Garcia had won free trips to the Lion's International convention to be held this summer in Mexico City. Keaton said Glen Snyder, J. J. Dyer, and Charles Wolfe, were runners up in the contest. B. C. Drinkard, club secretary, will also go to the convention.

Five new members were inducted into the club. They are: V. F. Nichols, manager of Snyder Theaters Inc.; L. R. McClung, salesman for Wade Pipkin Motors; B. W. Dunnam, owner of Dunnam Bros. Mattress Factory; R. T. Howard, owner of Howard's Trim Shop; and William E. Byers, office manager for Wade Pipkin Motors.

Eighteen members of the club were presented achievement awards for having established a perfect attendance record during the 1951 - 52 Lion fiscal year.

# New Jersey To Stay Unpledged

PRINCETON, N.J. (AP) — Sen. Estes Kefauver was confident today he had coralled a number of New Jersey delegates in his campaign for the Democratic presidential nomination.

However, after hearing five Democratic White House hopefuls —including Kefauver — make bids for New Jersey support at a dinner meeting last night, the state's delevention decided to remain unpledged.

Only Kefauver and Sen. Robert S. Kerr of Oklahoma made personal appearances at the dinner. Other Democratic candidates sent representatives.

Sen. Richard Russell of Georgia had his case presented by Sen. Willis Robertson of Virginia; W. Averell Harriman was lauded by Representative Franklin D. Roosevelt Jr.; and Sen. Brien Mc Mahon of Connecticut was represented by his state's party chairman, John Bailey.

David T. Wilentz, president of the National Democratic Club of New Jersey, said after the meeting that the delegation to the Chicago convention this July decided against a blanket endorsement of any of its guests. A decision on what they would do at the convention was put off until some time next month, Wilentz said.

But individual delegates were of the opinion that Kefauver "made friends" and one county chairman estimated the Tennessee senator had obtained at least ten of the delegation's 32 votes.

Kefauver, who flew from Miami to attend the dinner, told the delegation" I think you owe me some obligation" as a result of the 160,000-odd votes he polled in New Jersey's presidental popularity poll last month.

## Germans To Tax Those Not Damaged By War

BONN, Germany (AP)—The West German Parliament's lower house has approved—in principle—nearly 15 billion dollars in taxes from Germans who escaped war damage to help countrymen rooted up as refugees or bombed out of homes and businesses.

The money would be used for emergency relief and for loans to war victims so they could start small businesses.

The coalition government backs the measure but full parliamentary approval is uncertain. However, the lower house yesterday approved the first section, which contains the principles of the program.

## Kelley-Snyder Well Completion Is Noted

Magnolia Petroleum Co. has reported completion of the No. 1-M McDonnell Estate in the Kelley-Snyder field.

The well pumped 24 hours for a potential of 64 barrels of 42.5 gravity oil with 54.3 per cent water. Gas-oil ratio was 414-1. The hole was treated with 1,750 gallons of acid.

Top of the pay was at 6,846 feet, where five and one-half inch oil string was set. Plugged-back total depth is 6,914 feet.

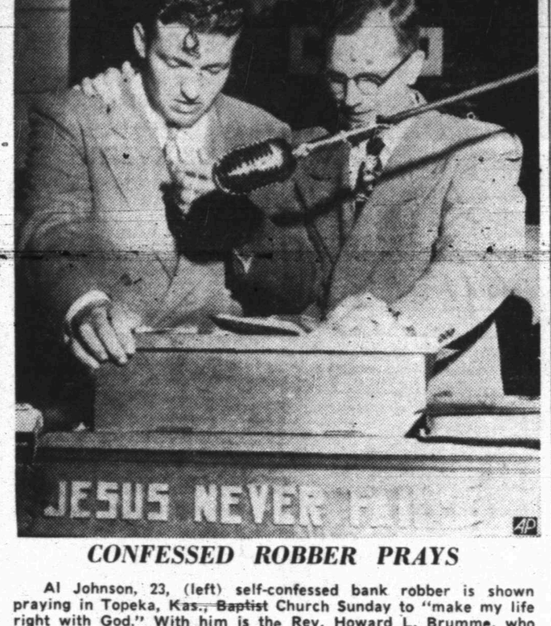

Drillsite is in the northeast corner of section 335-97-H&TC.

## Mozart Gets Into Committee Hearing

WASHINGTON (AP)—Congressmen are giving serious attention to such topics as (A) Mozart, the boy pianist, (B) the educational habits of child actors and (C) midgets.

Oddly, they're all related. They entered the discussion when a House District of Columbia subcommittee held a hearing yesterday on a bill to amend the child labor laws of Washington.

Rep. Celler (D-NY) thinks the law should be changed to permit youngsters to appear professionally on the stage here.

*CONFESSED ROBBER PRAYS*

Al Johnson, 23, (left) self-confessed bank robber is shown praying in Topeka, Kas., Baptist Church Sunday to "make my life right with God." With him is the Rev. Howard L. Brumme, who first revealed the young father would confess the 1948 robbery of the Hoyt, Kas., State Bank. Johnson is free on $5,000. He has promised to name two accomplices.

# Young Royalty Loses Dignity

LONDON (AP)—The call of the Wild West clashed head-on with the royal dignity of two young princes yesterday—and the lure of cowboy land won easily.

It happended at the British Industries Fair. Prince William, 11, and Prince Richard, 7, sons of the Duke and Duchess of Gloucester, were accompanying their parents and their cousin Queen Elizabeth II on a tour of inspection.

They tagged along politely while their elders made polite comments until they got to a stand bearing boy-sized cowboy and Indian paraphernalia. There they suddenly broke ranks and made a quick dive into the knives, guns, chaps and tomahawks presided over by Charles Penn, a Californian.

"They picked up some of the cowboy models, grabbed the rubber tomahawks and were just about to have a real good fight," Penn said.

Then the duchess started in after them.

"She was just like all boys mothers, you know," Penn said. "She said, 'hi, come here, both of you. And put those down — at once.' "

The boys reluctantly became prim and dignified princes again.

## Aged Man Cutting Up

INDIANAPOLIS (AP) — William Barnes, who says he is 102, told police yesterday a woman stole $117 from him in a tavern.

# To Close Case On Ft. Worth Law Official

DALLAS, May 7 (AP)—U. S. District Attorney Frank B. Potter hoped to close today the case against A. L. Wardlaw, former Tarrant County assistant district attorney, charged with federal income tax evasion.

Yesterday, a parade of witnesses testified concerning financial details of Wardlaw's business and domestic life.

And outside the federal district courtroom a defense attorney accused the government of trying to browbeat a witness.

Government witnesses said Wardlaw spent almost $7,000 in 1948 alone on clothes and a house at Eagle Mountain. Other witnesses, credit managers, auto dealers and auditors, told how much money Wardlaw spent with them.

Wardlaw's attorney, Clyde Hood, accused the assistant district attorney prosecuting the case of trying to "browbeat" Mrs. Fannie Coffey, Fort Worth public accountant.

She said she had refused to confer with government lawyers and that Cavett Binion had gone to Judge T. Whitfield Davidson, trial judge, to get a court order to make her talk.

But Binion said he had not asked the judge for a court order. "I just asked her to come by my office," he said.

"She wouldn't come and that's all there is to it," Binion added.

## 14-Year-Old Held In Fatal Stabbing Of Young Companion

HARRISBURG, Pa. (AP) — Fourteen-year-old John Sarver II was lodged in the children's detention home here today in the fatal shooting and stabbing of a 13-year-old companion.

Dist. Atty. Huette F. Dowling said charges would be filed tomorrow. He did not specify what they would contain.

Young Sarver was taken into custody yesterday. Dowling said after he admitted "accidentally" shooting Kenneth Teacher Jr., and then disemboweling him with a machete.

Dowling said the boy told him he became scared after the shooting Monday night and plunged the big knife into Teacher's abdomen to disguise the bullet wound from a .22-calibre rifle.

Coroner Thomas J. Fritchey said an autopsy showed that 19 inches of intestine was cut from Teacher's abdomen and "pulled out by hand."

## Misses His Mark By About Eight Blocks

NEWPORT NEWS, Va. (AP)—It was a few blocks that Mrs. Dorothy McManney and her husband found sleeping in their bed recently when they awoke in the middle of the night.

They told a Municipal Court judge here yesterday the intruder was Bobby Aycock, 42, in court on a trespass count and a fourth offense charge of being drunk. Said Aycock to the judge:

"I guess I lost my way. I normally sleep about eight blocks further uptown."

## To Appeal Ruling On Gambling Tax To High Court For Decision

PHILADELPHIA (AP)—A federal judge's ruling that the 6-month-old law requiring gamblers to purchase a $50 tax stamp is unconstitutional appears due for a Supreme Court test.

The law, which also requires gamblers to list all personnel in their employ, was declared illegal yesterday by District Judge George A. Welsh on the ground that it requires an individual to be a witness against himself.

In rendering his decision, the judge said he was not ruling on that section of the law which requires gamblers to pay a 10 per cent on their earnings.

Later in Washington, Justice Department officials were reported planning an early appeal.

The specific case involved was that of Joseph Kahriger, 36, one of seven men facing trial here on charges of failing to buy the stamp.

## Conservatives Taking Another Beating In Rural Area Elections

LONDON (AP) — British Socialists have scored strong gains in the opening phase of small town and rural council elections that last through Saturday.

Conservative headquarters conceded they were losing ground in this test of political sentiment among 20 million voters, just as they did in last month's county council elections when Laborites scored a landslide in London and made big gains in other large centers.

The Socialists narrowly lost control of the national government last October after six years in power. They contend the local elections show the Tories already have lost the country's confidence and should submit to a new national election.

## French Release Leaders Of Tunisia's Mobs

TUNIS, Tunisia (AP)—French authorities last night released four nationalist leaders, including former Premier Mohammed Chenik, from island exile within hours after a high U.S. official called on French Resident General Jean de Hauteclocque.

The American official is Henry Byroade, U.S. assistant secretary of state for Middle Eastern affairs, who is now touring Tunisia.

Byroade called also on Tunisia's figurehead ruler, the Bey of Tunis, and the pro-French Premier, Salah-eddine Ben Mohammed Baccouche, who was installed as nominal head of the government after the French ousted Chenik two months ago.

## Final Consideration On Cutting Aid Bill

WASHINGTON (AP) — The House Affairs Committee started final consideration of the foreign aid program today after cutting more than one billion dollars from funds earmarked for Europe.

The committee approved a total reduction of $1,010,900,000 or 12.8 per cent of the $7,900,000,000 which President Truman requested.

The cut paralleled a one-billion-dollar slash made by the Senate Foreign Affairs Committee. But the House group confined its cuts to Europe, instead of distributing them throughout the global program.

## Four Women Charged In Justice Court For Assault, Disturbance

Four Negro women were fined in justice court yesterday when they pleaded guilty to charges of simple assault and disturbance of peace following a knife fight Monday night.

Helen Clay, who suffered neck and jaw lacerations in the fight, was fined $200 on a simple assault charge. Dorothy Nelson, who suffered a laceration of one hand. Mattie Haynes, and Ruth Faye Franklin were each fined $23, including court costs.

The fight occurred about 10:45 o'clock Monday night in the Negro section of town, according to officers of the sheriff's department.

## Four Boys Killed As Ditch Caves In On Them

SAFFORD, Ariz. (AP)—The sandy banks of an excavation for a sewer line crashed down on seven boys yesterday, killing four and pinning the others temporarily under tons of earth.

The dirt gave way suddenly as the youngsters were playing in the bottom of the nine-foot ditch.

Police and firemen were summoned quickly but their rescue efforts were hampered by sand which kept crumbling back into the hole.

The dead were Manuel Sanchez, 12; his two brothers Junior, 10, and Mario, 5, and Rito Bencomo, 9.

## Western Union And Union To Talk More

WASHINGTON (AP)—Officials of Western Union and the AFL Commercial Telegraphers Union discuss their month-old strike today for the first time in weeks—at the invitation of the Federal Mediation and Conciliation Service.

Today's session was arranged by Mediation Chief Cyrus S. Ching after the company had refused earlier invitations.

## Climbing Clubs Will Take Shot At McKinley

MEXICO CITY (AP)—Two Mexican mountaineering clubs have joined forces to attempt the ascent of 20,270-foot Mt. McKinley, highest peak on the North American continent.

The clubs, formed of printing and railroad workers, will go to Alaska in June for the climb.

Many aquatic animals are easily killed by sudden changes in temperature.

## Tax Those Not Damaged By War

The coalition government backs the measure but full parliamentary approval is uncertain. However, the lower house yesterday approved the first section, which contains the principles of the program.

## Ease Travel Restrictions

MEXICO CITY (AP)—Mexico has eased restrictions on through air passengers, dropping requirements for transit visas or tourist cards.

U.S. citizens in transit need only show some proof of their identity. Those who spend the night in the country must have either a tourist permit or visa, however.

There may be as many as 100,000 worker bees in a big hive.

# *HOSPITAL NOTES*

Mrs. D. C. Jones, Snyder, underwent major surgery at the Snyder Hospital yesterday and was in good condition this morning, hospital attendants said. Medical patients admitted were J. W. Haney, 2803 Avenue N; Mrs. J. J. Koonsman, route No. 2; and Mrs. Robert A. Egner, 1901 Coleman.
