

Negroes Back To Work After Violent Boycott

By LYNN HEINZLERING. JOHANNESBURG (AP)—Large numbers of Negroes returned to work today after a one-day boycott that exploded into violence and bloodshed.

The violence erupted as Negroes returned slowly to normal. Streets were more crowded although many Negroes were delayed reaching the city by blocked rail lines.

The U.S. Security Council meets in New York Wednesday to take up last week's police shootings, despite South Africa's insistence it is an internal matter.

The riots Monday were triggered mostly by angry Negroes trying to punish other Negroes who ignored the work boycott ordered to protest the shootings last week.

Two policemen—a white and a Negro—were reported killed. A police spokesman said a mob attacked the white constable and two others between townships in the Johannesburg area.

ABOARD HELICOPTER—Prime Minister Harold Macmillan of Britain and President Eisenhower adjust seat belts as they sit in a helicopter on the south lawn of the White House just before taking off for Camp David, Md., where they will have their talks. (AP Wirephoto)

Ike, Macmillan Agree On String Of Issues

By JOHN M. HIGHTOWER. GETTYSBURG, Pa. (AP)—President Eisenhower and British Prime Minister Harold Macmillan were reported in substantial agreement today on a growing list of summit and disarmament issues.

The progress report reached newsmen on watch here as the U.S. and British leaders worked through the second day of their conference at Camp David, presidential retreat in Maryland's Catoctin Mountains.

Eisenhower and Macmillan got an early start by opening the day's talks over the breakfast table. Vice President Richard M. Nixon joined the talks in mid-morning along with Secretary of State Christian A. Herter.

19 Firemen Are Killed In Glasgow

GLASGOW, Scotland (AP)—Britain's worst fire brigade disaster—the explosion of a blazing whiskey warehouse—killed 19 firemen and injured at least 40 other firefighters Monday night.

The explosion dumped tons of rubble and burning Scotch whiskey on three fire trucks and rocked surrounding tenements. Two little girls who had run from their nearby homes to see the fire were at first feared buried in the blazing ruins.

Intense heat from the smoldering ruins prevented rescue teams from making a thorough search early today. Officials said that not even during World War II did any single fire claim so many firemen victims.

Castro Renounces Rio Anti-Red Pact

By ROBERT BERRILLIZ. HAVANA (AP)—Fidel Castro served notice Monday night his government does not feel bound by the 13-year-old Rio pact calling for concerted action by the American republics against communism.

In another of his marathon television broadcasts, Castro implied remarks by Secretary of State Christian A. Herter in a radio-TV interview March 29 were a threat to label the Cuban government Communist and thus bring into effect the terms of the Rio pact.

He did not feel ourselves obligated to the Rio treaty, Castro asserted "because the revolutionary government did not sign it." Castro thus repudiated previous statements he made here and in the United States last year that his government would abide by all international treaties entered into by previous Cuban governments.

Flag Ripped By Vandals

PORT WORTH (AP)—Vandals ripped the American flag to shreds and wrecked or defaced furnishings of an elementary school in north Fort Worth during the weekend.

New Contract On School Job Awarded

A new contractor is scheduled to begin work immediately toward completion of the Lamar Junior High School building here.

Trio Arrested In Lake Burglaries

Three men have been arrested by the Snyder Sheriff's Department in connection with burglaries during the past few months at Lake Thomas in general roundup of stolen equipment valued at \$13,000.

Recovering Lake Loot

Officers from Scurry, Borden and Midland Counties recovered this pile of stolen goods valued at over \$13,000 from over a large area of Texas and part of New Mexico.

Titan Squadron To Be Ready By June 1

WASHINGTON (AP)—The first squadron armed with the Titan, the Air Force's second intercontinental ballistic missile, is scheduled to be in operation June 1, 1961.

Snyder To Get Safety Award

DALLAS (AP)—Gov. Price Daniel announced awards today from the Governor's Highway Safety Commission to 17 cities and 13 counties which had no traffic deaths in 1959.

Region 2 of the DPS, commanded by Maj. Glen Rose of Houston, received the special award for the "greatest saving of lives in any District in 1959." Region 2 reported a reduction of 96 in its 1959 highway death toll, or 25.3 per cent.

Major reductions in traffic deaths and their judges got certificates. These counties included: 1958 and 1959: Grimes 12 and 3; Jasper 16 and 5; Chambers 13 and 4; Walker 15 and 5; Hardin 11 and 4; Rusk 13 and 5; Milam 11 and 5; Montgomery 25 and 12; Cameron 46 and 24; Eastland 15 and 8; Wilbarger 11 and 6; and Orange 11 and 8.

WEATHER

SNYDER TEMPERATURES: High Monday 88 degrees; low 58 degrees; reading at 7:30 a.m. today, 58 degrees. East Texas: Scattered thunderstorms mainly in north this afternoon, becoming partly cloudy tonight and fair Wednesday.

West Asks Work On Specific Measures

GENEVA (AP)—The West demanded today that the 10-nation disarmament conference get down to work on specific measures and quit talking in generalities.

Blustery Front Whips Into State

By The Associated Press. A blustery cold front whipped across the Panhandle Tuesday and was expected to touch off brief thunderstorms and kick up dust in the state.

Krush Claims Germans Are Reviving Master Race Idea

REIMS, France (AP)—Nikita S. Khrushchev charged today that the master race myth is reviving and vengeance is being re-born in West Germany.

Recovering Lake Loot

Officers from Scurry, Borden and Midland Counties recovered this pile of stolen goods valued at over \$13,000 from over a large area of Texas and part of New Mexico.

### Radiator Stolen From Man's Auto

MORILE, Ala. (AP)—R. D. Lee was driving his work Monday when he noticed the heat gauge indicated his radiator was overheating. He stopped at a service station and asked the attendant to check his radiator. "What radiator?" the attendant asked after looking beneath the hood. "The one that was removed from the radiator," Lee said.

### Defense Contractors Profit Rates Decline

WASHINGTON (AP)—Defense contractors' profit rates have gone down sharply in recent years. Congress has been told. Assistant Secretary of Defense Perkins McGuire told a House Appropriations subcommittee the rate, below 7 percent in 1957, but only 4 percent in 1959. McGuire's testimony was made public today.

### Political Announcement

### Girl, 4, Wounded By Juvenile Gangs

EL PASO (AP)—A 4-year-old El Paso girl was in a hospital today with a bullet wound in the chest, the victim of a shooting war between juvenile gangs.

Linda Salcedo was reported in fair condition. A pistol bullet struck her as she played Sunday near her home.

Police said the shot was fired from a car containing four youths at several members of a rival gang who were standing near the child.

The four were arrested and charged with assault with intent to commit murder.

One of those charged, Andres Martinez, 19, was released Saturday from prison after serving two years for the fatal stabbing of another youth.

The mayor of New York receives a salary of \$40,000 a year, more than most state governors.

### Mamie Changes Her Hairdo; Keeps Bangs

WASHINGTON (AP)—Mamie Eisenhower has changed her hairdo but not enough to upset one of Washington's most famous sights. Her bangs are still there.

The First Lady obviously was proud Monday of her light brown hairdo with its pageboy effect in the rear. She also was proud of her trim figure.

As she showed up for a ceremony on the White House lawn opening the American Cancer Society's Educational and Fundraising crusade, photographers crowded in for a picture.

Mrs. Eisenhower asked: "Are you trying to show my new figure and my new hairdo?"

Both were the result of a two-week stay at Maine Chance, a health and beauty resort in Arizona. She returned from there last week.

The population of the United States 100 years ago was 31 million. It has since increased more than five fold.

# WOMEN

The Snyder (Texas) Daily News, Tues., March 29, 1960 3

## WOMEN'S CALENDAR

THURSDAY  
 Marthia Ann Woman's Style show, performances at 10 a. m. and 8 p. m. A stand-out collection of stunning new fashions for Spring style hits.  
 Order of Eastern Star covered dish supper, 7:30 p. m. at Humble recreation hall. Games and 42 will be played following supper.  
 FRIDAY  
 Altrurian Club, Marthia Ann Woman's Club with Mrs. J. C. Dorward, hostess.  
 Game night meeting at Ira community center, 7:30 p. m.  
 Knife and Fork Club, 7 p. m. at Marthia Ann Woman's Club. Michael MacDougal, synd detective speaker.  
 SATURDAY  
 United States Navy Band at high school auditorium. Matinee performance for students and Scurry Concert Association at 8 p. m.  
**Worry of FALSE TEETH Slipping or Irritating?**  
 Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little **PASTETTES** on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly in place. **PASTETTES** are made of a soft, sticky paste or "glue" that is alkaline (non-acid). Get **PASTETTES** at any drug counter.

**ENGAGEMENT TOLD**—Mrs. Lois Edelman, 2309 O'Neil, Snyder and H. J. Edelman of Duncan, Okla., announce the engagement of their daughter, Lea, to A-2C Charles W. King of Lakewales, Fla. The marriage will be performed April 15 at 8 p. m. at the First Baptist Church chapel, Abilene.

### Go Straight Or In Curves When Furnishing Room

When you plan to furnish a living or family room, decide in advance whether straight or curved lines will dominate.  
 In the straight-lined plan, furniture will be placed flush or at right angles to the wall. This arrangement will help save space in small rooms.  
 Curved lines in a room create a casual effect. The curves can appear both in the structure of the furniture and the way it is arranged.  
 If your sofa has a curved front, you can place the companion chairs so that they continue the circle.

**A HELPING HAND**—Brownie Troop No. 124, under the leadership of Mrs. Thomas Sinclair and Mrs. Bill Byers met Monday afternoon to give a helping hand to the local unit of the American Cancer Society. The troop turned out at the Girl Scout house with complete attendance to assemble information kits for people of the county, that they may have a better knowledge of the dreaded disease.

Seated at the table from left are: Vickie Black, Jennifer Godair, Debra McGlaun, Margaret Byers, Lesa Pitner, Janet Boren, Sharon Odorizza, standing: Sharon Loving, Belita McCrovey, Gail Dryden, Wenona Jones, Cindy Sinclair, Vicky Sumruld, Vicky Allmand, Linda Wesson and Sara Kennedy.

### Card Expert To Speak Here Friday

"To the hills, men, the dam has burst!" Thus, in effect cry card-sharpers, "hot dice" manipulators and other crooked gamblers when Michael MacDougal, card detective, bon vivant, interesting lecturer and the scourge to game swindlers generally comes into sight.  
 This same MacDougal, "Mickey" himself, will be the next guest speaker at the Knife & Fork Club, at 7 p. m. Friday night at Marthia Ann Woman's club.  
 From the days when, a youngster he was the boy at the top of the rope in the Indian Rope Trick, MacDougal has led a colorful and interesting life. He was a magician for several years before his uncommon skill with cards, dice and other games of chance led him into his present profession at which he has no peer.  
 We have been assured "that the way of the transgressor is hard," but probably no harder than the way of the idiot who believes that he is clever enough to match his wits with card sharpers and other sure-thing men.  
 There are men walking the streets who once figured that they had mastered a way to fill inside straight with some degree of consistency. "Gamblers," MacDougal points out, "do not gamble." They are easy money boys and they don't operate until they are certain that the "pitch" is sure to go in their favor.  
 By his books and by his demonstrations, MacDougal has caused many a "sure thing" artist to languish behind bars.  
 Cream sweetened with honey, then poured over the morning cereal is a nourishing treat.

### Final Scurry Concert Assn. Program Here Saturday Night

The truly magnificent United States Navy Band rolls into Snyder on the 2nd day of April to give matinee and evening concerts. Their travel complement consists of two buses, automobile, and van for instruments and apparel.

### Now Flowers Are Washable

Thanks to "blooming" synthetic materials you can enjoy nature inside your home at any season of the year. The new artificial house plants, foliage, and flowers are more life-like than ever: some of them are even perfumed.  
 Fortunately for the budget—as well as for beauty—these modern blooms can be kept dewy clean simply by washing them with a soft cloth wrung out of soap or detergent suds. Follow by rinsing, and your artificial flowers will last almost indefinitely.

### Fluvanna 4-H Meeting Held

The Fluvanna 4-H Club met last week in the school cafeteria. Robyn Beaver, president, called the meeting to order and gave the club motto, pledge and prayer.  
 Sue Herring and Gwen Landrum, clothing leaders gave a demonstration on preparing a bulletin board. Twelve members were present.

Cinnamon toast is all the more tasty and nourishing if the bread is toasted on one side then spread with honey butter, and a sprinkling of cinnamon. Then place toast under broiler flame until the bread is well browned and the dressing is well blended.

### Mad Hatter Party Held By Sorority

The Gamma Upsilon Chapter of ESA held a "Mad Hatters" party recently honoring rushees. Mrs. Billy Springer, 2805 Avenue X was hostess to the affair.

The evening turned out to be a hilarious event with hats of every description and size in array. Laverne Foster took first in the most original category, and Ida Stokes for the most time consuming. Mrs. Foster wore an angel food cake covered with frothy shaving cream and artificial strawberries. Mrs. Stokes constructed her's from cardboard depicting the old out-house, which was complete in every detail, even to the half-moon on the door, and supplied with tissue.

The members gave a report on their progress made in contacting people of the county in connection with the local cancer drive. They reported that some 200 people of the county are eligible to receive service from the benefits available here by the local unit.  
 Refreshments of checkerboard cake nuts, Cokes and coffee were served to rushees Rosie Floyd, Jeannene Carmichael and Mrs. Oscar Hackfield. Members present were: Laverne Foster, Wanda Ritchie, Delores Minor, Ida Stokes, Peggy Guy, Sharon Morara, Norma Thompson, Joyce Williamson, Isasu Minor, Nelda Remeau, Jamie Boren and the hostess.

The evening program to be held at 8 p. m. in the High School auditorium, is open to members of the Scurry Concert Association only.  
 The matinee performance will be at 3 p. m. and will be open to the public. Student tickets are 50 cents and adult tickets are \$2. Ticket may be obtained from any of the Snyder band directors or from the office of the Chamber of Commerce.

**ACCURATE WARNING**—A warning sign along the railroad tracks at Cynthiana, Ky., had a special meaning when a 20-ton tank went out of control, smashed through one building and embedded itself in another. The vehicle's driver, Army Reserve Capt. Paul S. Burton, suffered only minor injuries. Damage to the buildings was estimated at \$7,000. (AP Wirephoto)

## Doctors' Day Set By Proclamation

Doctors of medicine are due special recognition tomorrow, which has been designated as "Doctors' Day."

March 30 is set aside each year to call special attention to the vital role which medical doctors fulfill in the various communities.

In Snyder, Mayor Harold Bennett has issued a proclamation officially setting aside the day here for a special tribute to this city's doctors.

Bennett's proclamation follows:

WHEREAS, the doctors of medicine in Snyder have helped to establish in our city medical facilities of outstanding quality; and

WHEREAS, in the performance of duty, they have demonstrated the skill and professional achievement and have won the respect of the community; and

WHEREAS, it is fitting that we should from time to time pay tribute to those unselfish individuals who guard the standards of health in our city; NOW THEREFORE, I Harold Bennett, Mayor of the City of Snyder, do hereby proclaim March 30, 1960, to be "DOCTORS' DAY IN SNYDER" in appreciation of the services rendered by the members of the medical profession, and I do hereby respectfully call upon all of our citizens to observe Doctors' Day in some appropriate manner in appreciation of the great contribution that the medical profession has not only made to the health of our people but in the American way of life.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the seal of the City to be affixed this 28 day of March, 1960.

Harold Bennett  
Mayor

## Go Back To Africa, Says Gov. Long

BATON ROUGE (AP) — "I would suggest those who are not satisfied—like those at the lunch counter—return to their native Africa."

That was Gov. Earl Long's comment Monday about Louisiana's first Negro lunch counter sit-down protest. He said:

"They'll find out they're doing a lot better here than they would in their native land."

The five men and two women attend all-Negro Southern University, Louisiana's largest state-supported Negro university.

They are each free on \$1,500 bond today after police booked them for disturbing the peace.

The seven held their demonstration at Kress store in the business district. They said they were staging a passive protest against segregation.

Long said he was subject to a form of segregation, in some instances.

"I'm the governor, but I'm not permitted to go to the Boston Club in New Orleans," he said. "I know it has some fine people, but because they don't let me join, I don't try to condemn them."

"I'm happy like I am. And I believe the colored people ought to be happy like they are."

## Cuba Won't Oust Navy

HAVANA (AP)—Armed Forces Minister Raul Castro says Cuba has no plans to oust the United States from Guantanamo naval base. He said the base can remain in eastern Cuba as long as peace continues in Cuba.

Prime Minister Fidel Castro's younger brother was interviewed Monday by Robert Branson of Federated Publications, Inc., a group of Midwest publications with headquarters at Battle Creek, Mich.

Branson said Raul Castro told him: "Cubans do not enjoy having foreign forces on their soil, but Guantanamo is something we inherited under treaties signed in 1893 and 1934, and the revolution has no intention of breaking them."

Branson said Raul Castro told him the United States soon would be ready to leave Guantanamo because in modern warfare "Guantanamo is nothing. It is useless and very expensive."

## Extortion Trial Of Carbo Delayed

LOS ANGELES (AP)—The trial of Frankie Carbo on an extortion charge has been postponed to June 27. Carbo, well known boxing figure, is accused of trying to muscle in on the earnings of welterweight boxing champion Joe Jordan. Carbo underwent surgery last Friday in New York.

## Fishing Boat Makes Escape Under Fire

CORPUS CHRISTI (AP) — A fishing vessel owner said Monday that he and three crewmen escaped under fire from the town of Progreso on the Yucatan Peninsula in Mexico.

Vernon Crofts of Aransas Pass and his crewmen arrived here in Crofts' two boats. Crofts said they were held under armed guard for two weeks charged with lobster fishing in Mexican territorial waters.

The captain said his boats went to Mexico to bring back lobsters which Mexican vessels loaded on his boats. He said the hauling job was to be for a firm owned jointly by J. B. Sampson of San Antonio and Herb Mansell of Corpus Christi, and by Mexican citizens.

Crofts said Mansell, Mrs. Mansell and their son, 21, probably still are in custody.

"It didn't look like I was going to get much help from the U.S. State Department, so I got out of there the best way I could," Crofts said.

"We got friendly with the guard on the boats. They were all up on the pier about 10 p.m. Friday night, so we cut the boats loose and headed out."

"They shot at us from shore, but we put the boats on full speed and ducked down in the cabins."

His boats had been seized by the Mexican Navy on the south side of Yucatan with a 4,300-pound load of lobster tails iced down, he related.

The agreement supposedly was cleared, but a Mexican admiral in command of a base on an island ordered them seized. They were towed to Progreso, "with armed guard stomping up and down on the deck of my boats."

The U.S. consul in Merida registered a protest and the admiral got a letter from the Mexican government that their papers were in order and to release them, Crofts said. But the admiral said he was taking orders from no one.

Crofts said he was told the admiral had interests in two fishing firms near where he was loading lobsters.

## New Efforts Due To End Movie Strike

HOLLYWOOD (AP) — Striking Hollywood actors and the Assn. of Motion Picture Producers meet again today and Wednesday in an effort to settle the 22-day-old strike of the Screen Actors Guild.

Both sides reported progress after a meeting Monday. Main roadblock in settlement of the dispute is actors' demand for a share of the studios' proceeds in sale of films to television.

The largest hailstone, verified by the U.S. Weather Bureau, weighed one and a half pounds.

## Bible Study Series To Begin Tonight

A Bible study series to be continued on Tuesday nights will get underway at 7:30 o'clock tonight at St. John's Episcopal Church.

The series will employ the latest methods of group Bible study by Suzanne de Dietrich, and persons of other denominations are invited to attend.

Those attending are asked to bring a Bible and a pencil. The first study will be devoted to the Gospel according to St. John.

A nursery attendant will be available to care for small children of those who participate in the study.

# Financier To Face Charge In Stock Deal

NEW YORK (AP)—The internationally-known financier, John Van Allen of New York, has been indicted in an alleged \$14-million-dollar Texas oil stock swindle.

A federal grand jury indictment returned Monday charged Van Allen and a group of other persons and firms with conspiring to defraud investors.

The defendants are accused of conspiracy in the sale of 750,000 unregistered shares of common stock of Gulf Coast Leaseholds, Inc.

A month-long probe in the case was conducted by Securities and Exchange Commission agents in Washington, New York, Chicago and Houston.

Asst. U.S. Atty. Donald H. Shaw, who headed the probe, gave this account of the alleged conspiracy:

In 1951 Van Allen bought the shares at from \$1 to \$3 a share through a Zurich firm, Brandel Trust.

Gulf Coast president, Irving H. Heston, of Irving, Texas, former president of the defunct over-the-counter brokerage firm of F. W. Mac Donald and Co., and Jules Bean of New York, a director of another over-the-counter brokerage firm, Singer, Bean and Mackie, Inc.

Pierre Du Val of Forest Hills, Queens, former president of Du Val's Consensus, a defunct investment and advisory service of Long Island City, Queens; Charles Stahl of Princeton, N.J., former board chairman of the defunct brokerage house of De Pontet and Co.; Adam Miles of Edmonton, Ala., a former officer of the defunct Canadian Brokerage firm of Stahl, Miles and Co. Ltd.; Martin Teller of Hollywood, Calif., and Michael Ackman of New York, both employees of the defunct brokerage firm of M. J. Shuck Co.

## Thug Has Trouble Departing Scene

CORPUS CHRISTI (AP) — A thug found it easier to break out of a grocery store than to break out for a plate glass window as two cops turned their flashlights on the store. The glass was tougher than he thought. He bounced back as

the window stayed intact. The officers then collared the man as he leaped through the broken window by which he had entered the store.

## De Gaulle Meets With Farm Leaders

PARIS (AP)—President Charles de Gaulle today began two days

of meetings with farm leaders who claim France's farmers are threatened with bankruptcy. The farmers first drew attention to their claim with a demonstration Feb. 11 at Amiens, in northern France. Extremists took over and one person was killed and more than 100 injured. Other more peaceful demonstrations followed.

# TV Network Challenged To Survey

# Four Killed In Collision

The Snyder (Texas) Daily News, Tues. March 29, 1960 5

killed a few weeks ago. The driver of the automobile, identified as Eduardo Torres, of Tex., was among the dead. A woman tentatively identified as Mrs. David L. Hewitt of 650 Vera Cruz, Corpus Christi, Tex., and two other women also were killed. A small girl, believed to be Rosanna Hewitt, about 2, daughter of Mrs. David L. Hewitt, was hospitalized here with two broken legs and other injuries. The truck driver, Charles Stewart, a Negro from Cameron, Tex., was hospitalized in deep shock. A negligent driving citation, handed him by a constable at Fabens, Tex., about 40 minutes before the crash, was found in a wallet belonging to Torres. Esperanto, the so-called universal language, was invented by a Polish doctor in 1887.

By G. K. HODENFIELD  
AP Education Writer

WASHINGTON (AP)—The American people aren't as morose as the television networks seem to think, the editor of the National Parent-Teacher magazine said today. Eva H. Grant of Chicago said, "We dare the networks to have a national survey conducted by a reliable research agency on what people want to see." She predicted the results would surprise the networks and confuse the rating bureaus, and would show "what the American people's TV-IQ will be higher than the morose one usually attributed to them." In an address prepared for the White House Conference on Children and Youth, Mrs. Grant said, "Children's programs, with few exceptions, are at best stupid and offensive; at best naive and artless. What we need are more (good) programs and none of those spawned by people whose polluted hallucinations make one think they must consciously or unconsciously hate children." American children, she said, should be provided programs that "tug at the heart and stir and stretch the mind. When I think that there are about 40 million boys and girls in school today, it mystifies me that some network doesn't go all out to reach this audience with a show all their own."

"For young adults and grown-up adults we want fewer frothy soap operas, silly quizzes and stunts, shoddy crime thrillers."

## Probe Death On Tanker

HOUSTON, Tex. (AP)—Federal agents boarded a grain tanker as it docked Monday to investigate the mysterious death of Paul Mulwany, 60, of Oakland, Calif., an executive of the Bethlehem Steel Co.

Mulwany, an engineer and assistant to the superintendent of Bethlehem's San Francisco shipyards, was found hanged in his cabin aboard the ship March 11 at Gdynia, Poland.

The ship is the Penn Challenger and is owned by the Penn Shipping Co. Relatives of Mulwany said his death first was described as a heart attack, and then as a suicide.

Mulwany's daughter, Mrs. Riley Cole of Phoenix, Ariz., said, "It just couldn't be suicide, he wasn't that sort of person."

The engineer was aboard the Penn Challenger to check the ship out on its first voyage.

## Mishap Ends Career Of Old Sternwheeler

MOUNT VERNON, Wash. (AP)—A low blow has ended the picturesque career of the Skagit Belle.

The old sternwheeler that has plied the Skagit River here for many a year was punctured by a submerged log.

Anna Grimmon, president of the Skagit River Navigation Co. and a freighter on the river for 60 years, said the \$70,000 it would cost to repair the Belle can't be justified.

## Child Is Named For Three Dead Brothers

PITTSBURGH (AP)—The three sons of Mr. and Mrs. Vincent Jennings died in a fire that swept their home last Nov. 16.

The young victims were James, 8; Nicholas, 7; and Gregory, 5. Mrs. Jennings gave birth to a boy Monday. He was named James Nicholas Gregory Jennings.

Westerns that traffic in terror and stereotyped variety shows." A similar theme was sounded in the prepared address of Prof. Kimball Wilds of the University of Florida, who said young people have become accustomed to violence on their home screens. "We can't know how much of the rise in violent crime is due

to the steady diet of murder and mayhem fed our children and youth on television, but we have seen with our own eyes that youth are not horrified by it, that they consider such behavior normal and commonplace." Wilds said, Wilds said another phenomenon of American life—suburbia—also is having a powerful effect on young

people. More than 25 per cent of all the people in the United States live in the suburbs, he said, and the number is growing. He described suburban life as an antiseptic, segregated affair where "children find themselves in a society in which it seems all people are much like them. They

do not learn to live with diversity." Because income earners go to another section of the community to earn their living, Wilds said, "the child gains an unrealistic picture of the role of work. Work is something done by less fortunate people or assigned for disciplinary reasons."

## Safer Fags May Be On Market Now

By ALTON BLAKESLEE  
LOUISVILLE, Ky. (AP)—"Safer" cigarettes may already be on the market, and a cancer researcher says he hopes to learn if they really are safer.

These safer smokes may be those containing only one-fourth the nicotine and one-half the tar content of standard non-filter cigarettes, said Dr. E. Cuyler Hammond, director of statistical research for the American Cancer Society.

A vast, six-year study of more than one million Americans, now under way by the ACS, may show whether those who switched to the "safer" cigarettes actually live longer, Dr. Hammond told a seminar for science writers.

Dr. Hammond is convinced cigarette smoking is "the principal cause" of lung cancer now.

Despite all recent warnings, cigarette sales are at a new high, but perhaps the warning hasn't fallen on deaf ears because sales of filter-tipped and low-tar, low-nicotine cigarettes have increased tremendously.

Dr. Hammond said "It appears the majority of Americans want to smoke, but they want to do so without running the risk of lung cancer or any of the other diseases associated with cigarette smoking."

Dr. Hammond declared cigarette manufacturers should be "required to make known the tar and nicotine content of their brand."

He said that "having a high regard for individual freedom, I would be opposed to the prohibition of cigarettes even if it would work."

Dr. Oscar Auerbach, a pathologist who has made a special study of lung tissues, declared "I have never seen a man who died of squamous or oat cell cancer of the lung—nor has anyone else shown me a case of this kind—in the last 2½ years who was not a smoker."

Squamous and oat cell types of cancer account for the majority of lung cancers, said Dr. Auerbach, of the Veterans Administration, East Orange, N.J.

Dr. Michael B. Shimkin of the National Cancer Institute, Bethesda, Md., declared studies pointing to the cigarette smoking as a cause of lung cancer amounted to a breakthrough in knowledge.

He said "the elimination of the cigarette habit would reduce the incidence of lung cancer by 60 per cent, saving some 20,000 deaths from lung cancer per year.

The tobacco industry, which has put up millions to finance research, contends there is no scientific proof of a connection between smoking and lung cancer.

## High Fees Paid 'Tommy The Cork'

WASHINGTON (AP)—Lawyer Thomas G. Corcoran received \$305,907 in five years from Tennessee Gas Transmission Corp. for legal services and expenses, Federal Power Commission records disclose.

Corcoran, known as "Tommy the Cork" in New Deal days, was a powerful figure in the administration of President Franklin D. Roosevelt.

It was learned last week that Corcoran talked privately with

three of the five FPC members last fall while the commission was considering a proposal of a Tennessee subsidiary, Midwestern Gas Transmission Co., to build a new pipeline to bring Canadian natural gas to Upper Michigan.

FPC Chairman Jerome Kuykendall and members Arthur S. Kline and William R. Connole acknowledged private talks with Corcoran, but denied any impropriety. Commissioner Frederick Stueck said he did not talk to Corcoran.

The fifth member, John B. Jussey, was ill at the time and has since died.

Corcoran's fees from Tennessee Gas came to light because the corporation had asked that they be included as operating expenses in calculating at least two rate increases proposed by the firm.

A 1957 decision held that \$60,444 paid to Corcoran in 1954 should not be passed on to consumers. A pending case involves \$62,096 paid Corcoran in 1956. The FPC staff argues that it should be excluded.

An FPC spokesman said that during the five-year period, ending in 1958, Corcoran was not listed as attorney of record for Tennessee or Midwestern in actions before the FPC.

The company's 1959 annual report was not available to show whether Corcoran received payments that year.

Corcoran has not been available for comment.

## Baptist SS Parley Opens

FORT WORTH (AP)—The first nationwide Southern Baptist Sunday School Convention opens here tonight with a program in Will Rogers Coliseum.

An attendance of 20,000 is expected.

On the program tonight are addresses by Dr. W. A. Criswell, pastor of the First Baptist Church of Dallas, and Dr. James L. Sullivan, former pastor of the First Baptist Church of Abilene, Tex., and now executive secretary of the Sunday School Board of the Southern Baptist Convention.

There also will be a dramatic presentation, "Outstretched Arms to All The World," which will tell the story of how the first Sunday School was started in England.

Dr. A. V. Washburn of Nashville, Tenn., secretary of the Sunday School Department of the Sunday School Board, will preside at the opening session.

## Dispute Halts Work On Missile Base

VANDENBERG AIR FORCE BASE, Calif. (AP)—A labor dispute has halted all construction work at this big missile base.

The International Brotherhood of Electrical Workers set up picket lines Monday. Work stopped on scores of construction jobs, including Atlas and Titan launching facilities.

IBEW representatives said one contractor, Philco Corp., was bringing in tradesmen to work at less than the prevailing journeyman electrician's wage, \$4.35.

Philco spokesmen declined comment.

## Bomb Scare Proves Fales

MIAMI, Fla. (AP)—Northeast Airlines had two Miami-to-Boston planes in the air and a Miami-to-New York flight ready to go Monday when an anonymous caller told the line's Miami office "There's a bomb on your plane."

Flight 650, carrying 54 passengers toward Boston, landed at Jacksonville where the aircraft and baggage were searched.

Flight 630, flying toward Philadelphia and Boston with eight passengers, underwent search at Fort Lauderdale. Flight 632 was searched at Miami where it was about to take off with 60 New York-bound travelers.

All the planes departed after the precautionary checks.

## Sgt. York Should Be Allowed To End Days In Peace, Honor

By INEZ ROBB  
If ever I have met a good man, kind, gentle and deeply religious — he is Sgt. Alvin Cullum York, super-hero of World War I.

So it is with real sorrow that I read that the sergeant, old and ill, has at last been forced by circumstances to apply for such Social Security benefits as are due him as a self-employed farmer. The sergeant is a giving man, not an asking one, and I can only surmise what it has cost him to ask for even such earned aid as Social Security.

But for the past six years the sergeant, 72, has been bedfast, following a stroke. And it has been hard for him to farm the 400 acres in Pentress County, Tennessee, given him by a grateful state when he returned from World War I, the outstanding popular hero of that conflict. The Medal of Honor was tucked away in his luggage, and so were decorations from a half dozen other governments.

Sgt. York became the darling of the nation, as no man has since with the possible exception of Charles A. Lindbergh. Singlehandedly, the sergeant put a German machine-gun battalion out of action, killed 25 of the enemy, captured 125 Germans and marched them back to the Allied lines.

Tall, redheaded and a little gangling, but filled with immense dignity and native intelligence, he returned from the war to a hero's adulatory welcome. On the pier to meet him was a covey of business representatives, waving flat contracts under his nose. The sergeant could have cashed in for a fortune if he had been willing to exploit his heroism.

But on the pier that day he stated his philosophy to a young and relatively unknown at that time, Tennessee Congressman named Cornell Hull, who had come to meet

him, the sergeant said, with finality and the instinctive good taste that marks him, that his services to his country were not for sale.

So the hero went back to the hill country of Tennessee to his old home in Pentress County. There the schools and the roads were equally sketchy. The sergeant, if I remember rightly, only had two years of formal schooling. And he made a vow that he would do his best to give better schooling and roads, that would bring children to school in his district.

He made some money by occasional dignified lectures and by writing. With the proceeds he started a school where the boys in the district would learn not only to read and write, but improved agricultural methods and the girls the latest in domestic sciences.

And he started a second school, dear to his heart, a Bible school. Hollywood kept trying to buy his life story. But it was not until 1941, when he was convinced that the story would be treated with dignity and that he could veto the script, that he consented to its filming. And that is the juncture at which Sergeant York began having trouble with Uncle Sam.

All the proceeds of the film about the man the late General Pershing described as "the greatest civilian soldier" in World War I were devoted by him to his Bible school. He and his family continued to live with their usual simplicity on the farm. He was still unwilling to make money for himself out of his service to his government.

But now Uncle Sam says the old sergeant owes \$85,442 in income taxes, as a result of the movie. Like another war hero, this time of World War II, Joe Louis, the sergeant just hasn't got it. And now he has applied for Social Security benefits.

I have only talked twice with

Sergeant York, ones in his home. (Copyright, 1960, by United Feature Syndicate, Inc.)

## Adlai, LBJ Still Playing Coy Game

WASHINGTON (AP) — There are just two coy ones left: Adlai Stevenson of Illinois and Sen. Lyndon Johnson of Texas, the only obvious would-be presidential aspirants who haven't yet publicly proclaimed their ambitions.

Stevenson, two-time loser in the presidential race, isn't campaigning for the nomination. He is playing the reluctant dragon again, as he did in 1952, when the convention tapped him over his protests.

Johnson, the tall Texan who is captain of the Senate Democrats, says he doesn't expect to be nominated and hasn't asked a single person to vote for him. It's his friends who are busy.

Stevenson has been going around South America saying such things as "I have taken a permanent vacation from politics" and "I do not intend to seek the nomination" but at the same time not foreclosing on the main chance if it comes.

Asked in Brazil a week ago if he would accept a draft, he ducked with this one: "I will have to cross that bridge when I come to it." He has pretty good reason to be modest about his ambitions this year.

In 1960 he is pretty much in the background and stands an excellent chance of being passed

## Spring Begins To Affect U. S. Economy

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — Spring is making tentative passes at the nation's economy. Many businessmen have been nursing an outlook as dreary as the March weather has been.

So now the question is: Will spring bring a change in business thinking and consumer spending? Or is industry in for a change deeper than the snowdrifts?

The stock market has been a chief psychological culprit. Declining stock prices as usual have been going hand in hand with a decline in business confidence.

Great expectations that proved too grandiose also have turned business uneasy—and to some extent consumers too.

Steel experts told us at the start of the year that their industry would operate at 95 per cent of capacity until summer. Now a number of furnaces are cooling off and production is below 90 per cent.

The outlook in stock prices this quarter is in doubt, as many orders either are being held up or trimmed.

The threat of inflation has played a role — first blowing hot and now cooling off. Few things could please the consumer more than stability of prices—unless it would be a decline in prices.

But for a time, stock traders and many manufacturers thought that further inflation was both inevitable and likely to be of a snowballing nature. To them this spelled higher prices in stock prices and in industrial output.

The cost of living has gone up of late and prospects are for it to go up more. But the rate has been sedate. And it has been in services more than in the prices manufacturers can put on their products.

Money was supposed to get tighter as the demand for loans outran the supply of credit.

**PRESIDENTIAL HOPEFULS AT RALLY** — Contenders for the Democratic presidential nomination, Senators Stuart Symington, Hubert Humphrey and John Kennedy, left to right, looked at the crowd and weighed their chances before a big United Auto Workers rally in Detroit. Leaders of the auto union and retired members sponsored the old-time political rally. (AP Wirephoto)

## Six Underfed Children Are In Gay Hospital Nursery

PORTLAND, Ore. (AP) — Six children—some sick, all underfed—were in a gay hospital nursery today. Authorities took them from their parents and a three-room shack after the death of two sisters.

A Juvenile Court judge ignored cries of the parents, Mr. and Mrs. Taylor Morris, and made the children temporary wards after testimony two Morris children died last week of malnutrition and pneumonia.

Morris' plywood shack on a bleak hilltop had a living room, bedroom and lean-to, where seven

children slept on a single mattress with one blanket, said sheriff's Sgt. Ralph S. Kennedy. One child, Nancy 3½, died at a hospital Sunday, two days after hospitalization, two days after hospitalization.

"It is marvelous that the children were found when they were," said Sister Francella, superior of the Sisters of Charity who run Our Lady of Providence Nursery at Providence Hospital.

It was the March 22 death of Carol Ann, 1, that led deputies to the shack home. An autopsy showed Carol died of malnutrition and pneumonia. Court testimony disclosed another child, a year old, died in Texas before the family moved to near Portland in 1954.

The children are improving, Sister Francella said.

"The older ones—Kenneth, Joyce and Thelma—are very responsive and very happy children," she said.

Kenneth, 8; Thelma, 6; Joyce, 10; Mary, 3 months; Robert, 2½; and David, 4, are the survivors. Thelma, Robert and Mary have pneumonia.

"Kenneth and Joyce have been in school, but they have missed a lot—on account of sickness," she said. "Joyce is in the second

## Night Club License Lost

AUSTIN (AP) — Ervin Benny Grant of Midland, operator of a night club known as Grant's Place and Grant's Rhythm Hall, lost his beer license Monday as a result of a fight at the club March 13.

Asst. Administrator James A. Stanford of the Liquor Control Board ordered a temporary suspension made permanent following a hearing Monday. The temporary ban was imposed March 15 after Grant and his bouncer, Ed Williams, were charged with simple assault.

Grant and Williams, the only witnesses testifying in person, admitted hitting Ken Decker with blackjacks during a fight which began after Williams tried to eject Dennis Patton, a companion of Decker, for allegedly creating a disturbance.

The club operator and Williams said Decker threatened Williams with a beer bottle, then hit Grant after Grant struck Decker with a blackjack.

L. G. Elliott, chief legal investigator for the board, read affidavits from Decker and Patton claiming they were beaten as Decker sought to persuade Williams to let him take Patton home. Another affidavit quoted Ken Dawson, another patron, as saying Grant and Williams continued to hit Decker after he was unconscious.

Patton filed assault charges after the incident.

## Town's Name Helps Keep Tourists Away

LANSING, Mich. (AP) — It wasn't that tourists didn't want to visit a certain village in Michigan's Upper Peninsula. They just didn't know it was there.

So residents solved the problem of visitors unknowingly going through their community by voting to change its name from DeTour to DeTour Village.

The complaint, said the State Highway Department, was that highway signs read: "DeTour—44 miles."

The highway department has agreed to inform visiting motorists with new signs reading: "DeTour Village—44 miles."

The children are improving, Sister Francella said.

"The older ones—Kenneth, Joyce and Thelma—are very responsive and very happy children," she said.

Kenneth, 8; Thelma, 6; Joyce, 10; Mary, 3 months; Robert, 2½; and David, 4, are the survivors. Thelma, Robert and Mary have pneumonia.

"Kenneth and Joyce have been in school, but they have missed a lot—on account of sickness," she said. "Joyce is in the second

## Boat Owners Attention!

### YOU MUST HAVE BOAT REGISTRATION NUMBERS BY APRIL 1, 1960

According to the Federal Boating Act, all boats with over 10 horsepower motors are required to have boat numbers this year. Numbers must be properly placed and clearly legible to comply with the law.

## Woman To Become Town's Treasurer

BLACK DIAMOND, Wash. (AP) — The first woman treasurer in the history of this little coal mining community will take office June 6. She won the office with a living room campaign.

Roxana Trover, 34, left most of the campaigning to her husband and their 12-year-old son.

Mrs. Trover, a former book keeper, was stricken with pain in her arms and spent four months in St. Louis, Mo. She got around now in a wheelchair but like the rest of the town...

## Washington Solon Dies In House

WASHINGTON (AP) — Russell Vernon Mack (R-Wash.), 68, a congressman since 1947, collapsed and died in the House of Representatives Monday.

He had been talking on the floor of the House with Rep. Henry Aldous Dixon (R-Utah) and Rep. Thomas M. Pelly (R-Wash.) "It's a nice day, isn't it?" Dixon remarked.

"Not for me," Mack replied. Then Mack fell to the floor, striking his head on a seat. Three House members who are medical doctors rushed to his side and carried him to a cloakroom. They were Reps. Thomas E. Morgan (D-Pa.), Dale Alford (D-Ark.) and Walter H. Judd (R-Minn.).

Dr. George W. Calver, physician to Congress, pronounced Mack dead of a coronary occlusion.

Mack's death leaves the House party makeup at 289 Democrats, vacancies Mack was the 11th member of Congress to die since the present session began in January 1959.

Mack was born at Hillman, Mich., and his family moved to Washington when he was a child. He attended Stanford University and the University of Washington. In 1913 he took a job as a cub reporter on the Aberdeen, Wash., Daily World. By 1920 he was the newspaper's business manager. In 1934 he bought the Hoquiam, Wash., Daily Washingtonian. He is survived by his widow.

## Daily Crude Flow Drops

TULSA (AP) — Daily average production of domestic oil declined 39.034 to 7,121,710 barrels during the week-ended March 26, the Oil and Gas Journal said today.

Oklahoma has the best increase, 14,950 to 548,500 barrels.

The Journal estimated 1960 production at 619,964,570 barrels compared to 612,387,100 a year ago.

Colorado was down 1,800 to 128,200; Louisiana, 1,150 to 1,096,250; and Arkansas was down 1,000 to 250.

Production was unchanged in Texas, 2,674,825 barrels; and New Mexico 315,100.

A total of 830,000 people perished in an earthquake in China in 1956 the largest death toll on record.

## Nixon Plans Brisk Campaign

LINCOLN, Neb. (AP) — Vice President Richard M. Nixon promises "a fighting, hard-hitting campaign" should he win the Republican presidential nomination.

"With Republican party strength in the Congress at its lowest level since 1938, anyone who does not recognize that we are in for the fight of our lives must be smoking opium," he told 8,000 persons at a party rally Monday night.

Laying out a campaign blueprint in a 38-minute address interrupted 18 times by applause, Nixon pledged to carry the GOP bid "into every state, city and town that limitations of time, space and physical endurance will permit."

He offered these campaign suggestions:

Criticize the Democratic record but do not resort to making, or answering, personal attacks. "That has been my policy in the past. It will continue to be in the future."

Don't make the mistake "of starting our campaign too early and have nothing left for the stretch."

Nixon made it clear he will not run on the Eisenhower record alone but on the basis of an expanded program of his own.

"A record is something to build on, not to stand on, he said.

"Stand-pat, hold-the-line thinking is not enough to meet the great challenges confronting the American people at home and abroad."

Nixon identified the farm problem as one of the party's "most difficult issues" and challenged the Democratic-controlled Congress "to fish or cut bait on this problem."

"If they (Democratic leaders) fail to act or act irresponsibly during this session of Congress, they will have made it clear that they prefer a farm issue to a farm solution."

As of now, Nixon said, "the only point on which there is unanimous agreement is that we cannot continue to tolerate programs under which surpluses of basic farm commodities continue to pile up and the prices the farmer receives continue to go down."

Earlier at a news conference, Nixon described the agricultural dilemma as "the area of greatest disappointment" to the Eisenhower administration.

Nixon encountered a local boom

let for Interior Secretary Fred Seaton as a possible running mate. We think the right man is Fred Seaton."

Nixon, who earlier had suggested that any comments on a vice presidential nominee would be premature, made his commitment but suggested that "when he rates the Cabinet officers, Fred Seaton will be rated as one of the greatest secretaries of the interior this nation has ever produced."

Seaton, also a speaker, acknowledged enjoying "every word that Mr. Gray said" but felt it necessary to point out it was he (Seaton) who, through Gray, in Washington and got him a job in the capital.

## Genius, 3 1/2 Is In School

TACOMA, Wash. (AP) — The first day of school was harder on mother than it was on Rogena Walberg.

Mrs. Warren R. Walberg had the usual motherly worries Monday when Gena went off to school, only hers were intensified because Gena is only 3½.

But when the little blonde toddler with the IQ of 171 came home from the Adastra School for Gifted Children—she said she liked school fine.

Mrs. Walberg said Gena's IQ score was the highest the Adastra school has ever tested. The tests showed her mental age is that of a child of 7 or older.

"I'm still shocked," Mrs. Walberg said.

The Walbergs, a family of modest means who live in nearby Redondo, had some warning.

"I want a bite," Gena announced clearly at the age of 10½ months.

The Walbergs, who moved here three years ago from Minneapolis, find they will have to revise their budget to pay Gena's \$35 a month tuition.

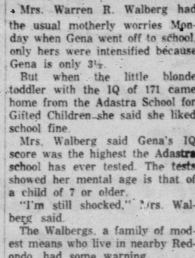

But the school will give Gena a chance to study Spanish, science, ballet dancing and other advanced subjects.

## Hospitalized Pair Has \$128,000 Hidden

REDWOOD CITY, Calif. (AP) — Two elderly sisters hospitalized after neighbors reported they couldn't care for themselves, had \$128,000 in securities and cash hidden in their home.

Attorney Raymond J. Daba, named by a court as a co-conservator of their estate, said investigators cleaning up their home in San Mateo found \$100,000 in Bank of America stock, \$12,000 in cash hidden in a mattress, \$10,000 in cash in the bottom of a closet, and \$6,000 cash in a shoebox on a closet shelf.
