New Teachers Employed By School Board

The Aransas County Independent School Board, at its regular meeting, renewed the contract of Mrs. Katherine McLester as school district tax assessor-collector, accepted the resignations of two teachers, approved employment of two replacements and discussed the bus and budget situations before adjourning after a two-hour session.

Mrs. Gene Wilkins and Mrs. Cecil Lang, Jr., both of whom were employed on a temporary basis at the beginning of the school year, until permanent teachers could be found, both tendered their resignations, which the board accepted. In their places were employed Mrs. Arlene G. Tumberlinson, from North Texas State, and Miss Lois Ann Stephenson, a graduate of the University of Corpus Christi.

Supt. J. D. Gray also called the board's attention to changes in the absentee voting laws that will affect election of two trustees this year, as the terms of School Board President Dr. H. F. Elliot and member Francis Rouquette both expire.

Gray explained that in the past, absentee votes had been accepted at the office of the district and county clerk, in the courthouse, but that this year the district would have to appoint a clerk to accept such ballots, and designate where the absentee voting should take place, as well as the times.

The Board, after some discussion, called the trustee election for April 4, the first Saturday in that month, and appointed Mrs. Alvin Brundrett, Mrs. E. G. Cooke and Mrs. Harry Mills as election judges.

They then appointed Miss Iris Sorenson as clerk to handle absentee balloting, and designated the business office of the school as the place where such voting should take place, between the hours of 8 a.m. and 4 p.m. each week day, from 20 days prior until four days before the election.

Filing deadline is Feb. 27. In other business, the board heard Gray's report that the addition of a bus run in the afternoon and a double run for another bus in the morning seems to have remedied an overload problem. Members also approved purchase, at the most convenient time, of another bus, which was already budgeted.

Gray's contract was also extended for a year, making it three years yet to run.

Sportsman's Club To Hear Dr. Hildebrand

There will be a meeting of the Rockport Sportsman's Conservation Association on Tuesday, Jan. 21, at the Woman's Club, at which Dr. Hildebrand, professor of biology at the University of Corpus Christi will be the speaker, and at which members will report who attended the SOS meeting of the Laguna Madre Fishermen's Association Tuesday night.

One outcome of that was that for the first time since its organizational meetings the Association will have no delegates present when the Sportsman's Clubs of Texas (more commonly known as SCOT) meets in Austin Saturday. This group hailed as the

ROTARIANS HAVE GENERAL ASSEMBLY

Rotarians held a club assembly at their luncheon Wednesday, and each committee chairman reported on accomplishments for the first half of the year, and unfinished and revised plans for the latter half.

Visitors were R. H. Austin, Sinton; Merritt L. Hulet, Saratoga Springs, N.Y.; and Mrs. Neva Sorenson, of Rockport, pianist.

Woman's Club To Give Benefit Game Party for Library

The Woman's Club of Aransas County has planned a games party for the afternoon of Jan. 27 for the benefit of the library book fund, to be held at the Woman's Club, with Mrs. F. L. McCord and Mrs. Harry McDow, of the library board, and Mrs. R. L. Harrell, of the Library Auxiliary, acting as hostess for the occasion.

This aid by the Woman's Club, original sponsors of the library, will be especially welcome this year, members of the library board said, as the budget on which the organization has been operating will be stretched almost to the breaking point this year, with expenses attendant upon opening the new library sometime in February or March.

Chairman Jack Baughman of the library board pointed out that it is entirely due to the Woman's Club and to Mrs. Emma Reese, who cherished the dream for years, that Rockport and Aransas County has any library at all.

"That group of dedicated women who started with a book drive that turned up between three and four thousand books, which they catalogued and started to circulate from an old store building, lent by Arthur Bracht, is directly responsible for inception of this facility, which circulated almost 12,000 books last year," Baughman said.

"Since that start, Judge John D. Wendell and the Commissioners' Court, impressed by the instant response of people in the county, have aided the library in every way, the latest being erection of a building which, with its equipment, will represent the latest in small libraries, from which we hope to be able to serve the people of the county, and tourists, even better."

Political Pot Boils Merrily

City, school, and county elective offices are up for grabs this year, and the political pot here is boiling more and more rapidly as filing times for the various offices approach.

In the city, one \$100 a month job and two \$50 a month jobs will be open, as terms of Mayor Herman Johnson, Precinct 1 councilman Jimmy Hunt, and Ernest Harritt in Precinct 2, all expire.

The council, at its regular meeting this week, set the election date for the first Tuesday in April, which is April 7, with the filing date through March 8, and absentee voting March 8 through April 3. The polls will be open from 8 a.m. until 7 p.m. Mrs. Alvin Brundrett is presiding judge; assisting her will be Mrs. Clara Brymer, Mrs. Elbert Mundine, and Mrs. Fred Diederich.

New candidates who filed this week for county offices, to beat the February 3 deadline, are Mrs. Corinne Webb, seeking the post of county tax assessor-collector in opposition to Mrs. Margaret Weber, who already filed, and Chief Deputy Sheriff Bob Hewes, who is seeking the post of sheriff, now held by Virginia Shivers. Two others have already filed for this office, Elva Mullinax and Jim Adams.

In the school board, the terms of Board President Dr. H. F. Elliot and member Francis Rouquette, both expire, leaving vacancies from Fulton and Rockport. Both incumbents have already filed for re-election.

BANK TO CLOSE NEXT MONDAY

The birthday of Robert E. Lee, a bank holiday, falls on Sunday, Jan. 19. As a consequence, the bank will be closed the following day, Monday, Jan. 20, in observance of the holiday.

Fulton Harbor Contract Is Awarded

After consultation with its engineers and negotiation with the apparent low bidder, Aransas County Navigation District commissioners in a called meeting, awarded the contract for work on Fulton Harbor to the Goldston Construction Co. at \$119,708, a figure \$17,584 below the company's original bid.

The first bid was \$137,292 and 180 calendar days, outstripping Jack Sanders' Laguna Construction Co. of Rockport bid of \$155,568 and 150 calendar days. However, the Goldston bid exceeded estimates by approximately \$15,000, and after considering the matter, commissioners of the district tabled all bids for further study and negotiation.

The new and lower figure by which the contract was let came only after elimination or modification of a number of features in the original specifications.

These included elimination of a swimming pier, elimination of a section of paved parking not needed immediately; reduction in the quantities of river sand to be used in forming a beach at Fulton, because of its superior stability and fitness; elimination of a projected post and cable fence around some portions of the project; and reduction of dredging in some areas so that instead of providing a design depth of minus eight feet below mean low water, the design depth will be six inches less, for a minus 7.5 feet.

Costs of these, which were deducted from the original bid, were \$4,215 for the pier; \$312 for removal of old pier (which will now be done by Navigation District personnel); \$5,308 for the paving; \$2,200 for reduction in sand quantities; \$525 for fencing; and \$5,024 for dredging.

Commissioners reserved the right, in awarding the contract, to go ahead with either or both the pier and paving, provided that they notify Goldston before Feb. 16 of their intentions to do so. This provision, agreeable to Goldston, was made because another contract governing a large amount of work at Little Bay and Rockport is to come up within the next 30 days, and bids on the latter work may be low enough to allow the extra construction at Fulton.

Funds for the projects come from a \$400,000 bond issue voted in 1963.

Clem Williams, representing the district's engineers, Lockwood, Andrews and Newnam, said contractual details would probably be complete and a work order issued by Monday, Jan. 20. W. B. Spencer, Goldston representative, said actual on site work would probably follow receipt of the work order by about a week.

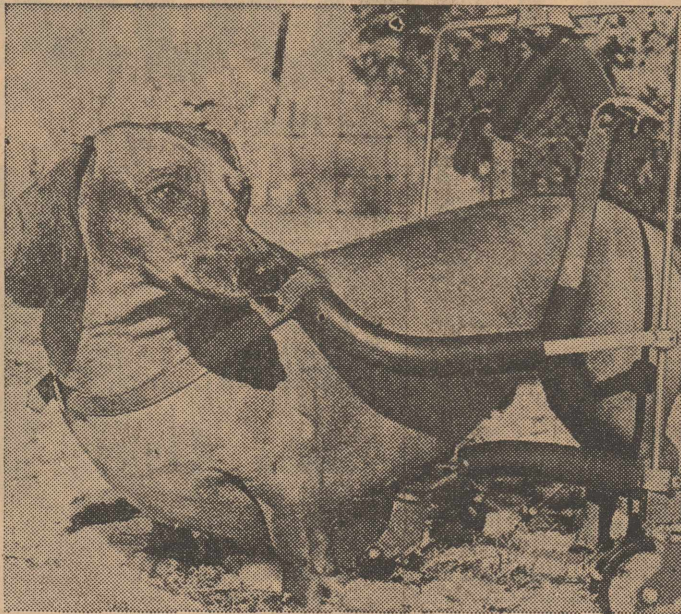

Besides the Laguna Construction Co., there were two other unsuccessful bidders, Falcon Construction Co. of Houston, whose bid was \$182,400 and 240 calendar days, and the Loyd W. Richardson Construction Co., of Aransas Pass, which bid \$184,940 and 200 days.

Fulton Harbor, on which the last major work was done in 1955, has been troubled with

COX FILLING STATION INCREASING CAPACITY

John A. Cox is engaged this week in installing additional storage facilities at his filling station. Until now, Cox said, he had been able to store 5,000 gallons of gasoline at a time, as his station possessed two 2,000-gallon and one 1,000-gallon capacity subservice tanks.

These three tanks are being removed, and in their place, he said, three new ones are being installed, each of which will hold 6,000 gallons.

Commissioners Set '64 Holidays At Meeting Mon.

The Commissioners Court of Aransas County, at its regular meeting, approved an application by John T. Slocum to construct a pleasure pier, 1,000 feet long and five feet wide, near Tract 45 on the north shore.

In other business, they allowed a request by the sheriff's department for use of the 1A Voting Center in Aransas Pass as a part office for the deputy stationed in that area.

In other business, commissioners decided to pro-rate the funds allowed Aransas County Emergency Corps among the three fire departments. Both Rockport and Fulton will receive \$1250 while \$500 will go to the fire department in Lamar.

County Judge John D. Wendell also reported to the court that a number of citizens from Lamar had met with him, requesting construction of a fire house and meeting room to be constructed for use of the fire department there. Commissioners, after some discussion, agreed that the project was a worthy one, and that property for this purpose should be acquired as soon as possible.

Commissioners also authorized Judge Wendell to advertise for bids on mudshell the county will need during 1964. At the commissioners' request, Edward Barnard, (continued on page 8)

CHESTER JOHNSON TO PRESIDE AT ALICE MEETING

Chester Johnson of Rockport, District Six Commander of the Veterans of Foreign Wars, will preside over the district's convention at Alice over Saturday and Sunday, when approximately 200 people are expected.

ELECTRIC SERVICE INTERRUPTED WED.

Electric service was interrupted for approximately a fourth of Rockport Wednesday afternoon, including the courthouse and post office, when corrosion of a copper conductor near the old ice plant on Cornwall Street caused a break in the lines.

FIRE AUXILIARY ELECTS OFFICERS

The Rockport Volunteer Fire Department Auxiliary met Jan. 14 in the Fire Hall, with Miss Sarah Belle Smith, Mrs. Somer Smith, Mrs. J. C. Gurley, Mrs. Royce Harrell, Mrs. Gilbert Hill, Mrs. Eugene Carter, Mrs. W. A. Orman, Mrs. Elva Mullinax and Mrs. Cecil Cole present.

An election of officers and routine business were carried on.

Officers for 1964 are president, Mrs. J. C. Gurley; vice president, Mrs. W. A. Orman; secretary, Mrs. Royce Harrell; reporter-historian, Mrs. Cecil Cole; parliamentarian, Mrs. Gilbert Hill; and sergeant-at-arms, Miss Sarah Belle Smith.

Spencer Gives Law Library To County

Emory M. Spencer, oilman and realtor, who began his career here as a lawyer, has retired from the practice of law, and has donated his law library, one of the finest in this part of the country, to Aransas County to form the nucleus of a legal library, to be used by lawyers practicing in the local courts.

Spencer's library is an outstanding one, containing over 2,000 volumes, and worth many thousands of dollars. It will be housed in the Aransas County Courthouse in quarters now occupied by the Aransas County Library, which will soon move to its new building.

Among the sets contained in the library that Spencer is presenting to the county in which he got his start, and in which he has extensive real estate and oil interests, are 300 volumes of the Southwestern Reporter, from the first volume to the current one; 364 volumes of the Southwestern Reporter, SW2; 62 volumes of American Jurisprudence; 50 volumes of Texas Jurisprudence-2nd, and United States Code Annotated; 65 volumes of Texas Reports; 219 volumes of Federal Supplements; 319 volumes of the Federal Reporter, 2nd, and innumerable smaller sets.

It is in the smaller sets not found in many lawyer's office that lawyers seek for the more abstruse points of laws. For instance, one group of volumes deals with admiralty, law, which is a subject all in itself; another is Fletcher's Cyclopaedia of Corporations; a third deals with trustees and trusts, and so on down the line.

In making the gift, Spencer said that he wished it to go to this county, in which he began his career, rather than to be dissipated by sale.

The commissioner's court, apprised of the pending gift some time ago made arrangements to continue the various subscriptions to keep the library current, and passed a resolution adding \$5 costs to (continued on page 8)

Tax Questions Answered By IRS

One out of every four questions currently being asked by taxpayers has to do with Texas State sales tax, the cigarette tax and the state gasoline tax.

"The are good questions," said Asa L. Crow, administrative officer of Internal Revenue Service at Corpus Christi, "for those taxpayers who elect to itemize their deductions instead of taking the standard 10 per cent deduction" (continued on page 8)

UNITED CARBON CO. ADDING EQUIPMENT

Monday, Jan. 6, Brown and Root Construction Co. again moved into the Aransas County plant of United Carbon Company to install processing equipment which will improve the quality of the products manufactured at this plant. According to Russell Itschner, plant manager, this construction will not increase the production capacity of this plant nor will it require and additional personnel.

Mr. Itschner pointed out that this program is the third phase of a long range modernization program for the plant. The program began approximately three years ago with the installation of bag filters. In 1963 several old reactors on one unit were replaced with the new and more modern Unit Reactors.

In October, 1963, the channel black portion of the plant was shut down. These improvements and the construction that began last week were necessitated by customer demands and will tend to insure the continuity and job security of United personnel in this area.

Business Population Climbs 12.8% In County During 1963

The business population in Aransas County has climbed 12.8% during the past year, according to Hall T. Clark, San Antonio manager of Dun and Bradstreet, Inc.

Clark said figures obtained from the Dun and Bradstreet reference book for January, 1964, totaled 132 manufacturers, wholesalers and retailers in the area, as compared with 117 in 1963.

Requests for financial statements have been mailed to this group, along with about 3,000,000 other business concerns in all parts of the U. S.

The reference book lists those businesses which seek or grant commercial credit, but does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, total business concerns operating in Aransas County would be considerably greater than the figure quoted above.

Aransas Has Two Gassers

Phillips Petroleum Co. No. 72 Copano Bay State, Aransas County West of Fulton Beach Field producer in State Tract 46 which was drilled in 1960, has been dualled on the lower casing for a daily open flow of 20.5 million cubic feet of gas plus one barrel of 54 gravity condensate to 99,900 cubic feet of gas.

Production was through perforations from 6,174-90 feet in 2 1/2 inch casing at 7,095 feet with total depth 7,110 feet. Flowing casing pressure on 16-64 inch choke was 1,419 pounds and shutin pressure was 1,485 pounds.

Tex-Star Oil & Gas Corp. No. 1 L. C. Turman, East Aransas Pass (E-4) Field rework in John A. Phillips Survey, completed for a daily open flow of 5.2 million cubic feet of gas plus one barrel of 5050 gravity condensate to 46,400 cubic feet of gas.

Flow was through perforations at 7,794, to 7,800 feet in 5 1/2 inch casing at 8,992 feet. Flowing tubing pressure on 6-64 inch choke was 2,688 pounds and shutin pressure was 2,778 pounds.

Fishing Contest Has Four Winners

For the first time since the Rockport Winter Tourist Fishing Tournament got underway a little over a month ago, there have been fish entered in all four categories of the contest, according to Mrs. Mary Juergens, manager of the Rockport Chamber of Commerce.

Mrs. Max Donelson, of 602 Brondview, San Antonio, was tops in the flounder division last week, with one that weighed two pounds. In the drum category a man from Wisconsin was winner - Clifford Olesen, Box 452, Route 2, Chetek, Wisconsin, to be exact. He registered a drum that weighed 10 1/2 pounds.

R. F. Collins, of Seymour, Iowa, had the biggest redfish weighed last week. His fish weighed five pounds, four ounces. Winner in the trout division had a heavier fish than Collins. Dr. John C. Schweda, of 215 St. James Gonzales, had a trout that weighed five pounds, 4 1/2 ounces.

San Pat-Aransas VFW Council To Conduct Magazine Sales

The San Patricio-Aransas VFW County Council is conducting a magazine subscription sales program starting this week in order to raise funds for its sickroom program.

In the past, the VFW has supplied to persons needing them, such items as wheelchairs, hospital beds and other sickroom equipment. This equipment needs repair and some items need to be placed if the Post is to continue serving the needs of the residents of the county.

Bids Asked On Little Bay Improvements

Aransas County Navigation District Commissioners have called bids on improvements to Little Bay, to be opened at 2:30 p.m. Friday, Feb. 7, 1964.

The work includes dredging, hydraulic fill, reshaping existing fill, construction of rest rooms, paving, construction of storm sewer drainage, installation of water lines, construction of picnic tables and cabanas, both at Rockport and at Fulton, and slope protection of the fill.

Clem Williams, engineer in charge of the job for the District's engineers, Lockwood, Andrews and Newnam, said that all existing channels will be redredged, and that the present basin will be extended as a loop, circling a small island, to be left as picnic grounds for boaters. This island is now present in the bay, but is low, swampy and unusable. Plans call for spill from the dredging to be added until this island is raised enough to become a picnic ground reached only by boats.

At the same time this is done, the present beach fill between Little Bay and Aransas Bay will be extended, with the end of the peninsula thus formed being greatly expanded, and a circular drive installed, tying in with the present beach drive. This end of the peninsula, which will then measure approximately 7 acres in extent, which will be parked and turned into a picnic area. A four-inch water line is to be extended the full length of the beach, to this park area, and will serve hydrants and sanitary facilities on the beach.

Williams said that part of the construction to be bid on at this time will include 15 cabanas, with tables and benches along the beach at Rockport, and three rest rooms in the same area.

Also included in this contract will be one rest room and five more cabanas to be installed in the Fulton area.

COUNTY EXECUTIVE COMMITTEE CHANGES

In a sort of game of musical chairs, the Aransas County Executive Committee has been almost completely re-organized.

It all started when Harold Picton, chairman, became a member of the newly-formed Aransas Conservation and Reclamation District, and had to relinquish the chairmanship. Pat Greene was appointed to fill the place.

Then Miss Lola Bonner, Precinct 2 chairman, changed her residence to Precinct One, and C. L. Grant was appointed to fill her place.

Following this move, Dr. H. F. Elliot, Precinct One chairman, resigned and the committee appointed Miss Bonner to succeed him as chairman of the precinct.

Then Robert Fleming, chairman of Precinct Four resigned, and E. N. Adams was appointed Precinct chairman, to fill his position.

It is all perfectly legal, but still a little confusing. The only precinct or county chairman in the group that was a holdover is Ernest Jones in Precinct 3.

"We ask your assistance and acceptance of the people who will be calling on you. We feel that the post can stand on its reputation as being one of the most civic and community minded organizations in this area that wants to serve you even better and your acceptance of this project will help us to accomplish it," stated Commander E. H. Carter.

Each person working on this project will carry a letter of authorization signed by the commander and other officers of the Post.

MRS. JOHN CORRIGAN
DIES IN HOSPITAL
AT CORPUS CHRISTI

Mrs. John M. Corrigan, 73,
a resident of Rockport for the
past five years, died in a Cor-
pus Christi hospital at 2 a.m.
Monday, after a brief illness.
She is survived by her hus-
band; two sons, Emory S.
Corrigan of Independence, Mo.,
and Delbert J. Corrigan of
Downey, Calif., and six grand-
children.

The body was sent to
Kansas City, Mo. Monday for
funeral services at Shell
Colonial Funeral Home this
morning.

Local arrangements were by
Cage-Mills Funeral Home.

Mr. and Mrs. Eugene Carter
and children returned Saturday
from Miami, Fla., where they
had been visiting her parents,
Mr. and Mrs. Goodman, since
before Christmas. On the way
home, they visited friends in
Houston. While in Miami they
attended the Orange Bowl
National football champion-
ship game between Green Bay
Packers and the Cleveland
Browns.

Mom Gilson played the
piano for members of the Wo-
man's Club at their regular
meeting Tuesday, and gave
members a most enjoyable
afternoon's entertainment.

Six Confederate generals at-
tended the funeral of Gen. U.
S. Grant in 1885.

FAITH CIRCLE MEETS AT ALLEN HOME

Faith Circle of WSCS met Jan. 9 in the home of Mrs. W. B. Allen.

After coffee and a few minutes of fellowship, the chairman, Mrs. W. F. Riser called the meeting to order. Roll call was answered by ten members and we were happy to have Mrs. Ben Bohmfalk as a visitor.

Thirty-four visits were reported, a Love offering of \$3.85 was received and World Bank contribution was 1.65.

Following the business meeting the program topic "WSCS In Asia," was given in the form of a story, "Mrs. Smith's dream," Mrs. D. T. Adams narrated the story.

After a round table discussion, the meeting closed with prayer, and the WSCS benediction.

JOHN H. YOUNG PASSES AWAY

John H. Young, 71, died at 8:15 a.m. Friday at his home after a short illness.

Young was born here and lived here all his life. He was a member of the First Baptist Church.

Funeral services were at 4 p.m. Saturday at the First Baptist Church.

Rev. Allen Gary, pastor, officiated. Burial was in Rockport Cemetery under direction of Cage-Marshall Funeral Home.

Survivors are his wife, Ida and two sisters, Mrs. Octavia Kenedy and Mrs. Katherine Hawthorne, all of Rockport.

Mr. and Mrs. Paul Wilhelm and daughter have returned to their home in New York City, after a visit with Mrs. Wilhelm's parents, Mr. and Mrs. H. A. McDonald.

PRESBYTERIAN AFTERNOON CIRCLE HAS MEETING

Circle Two of the Women of the First Presbyterian Church met Thursday afternoon, Jan. 9, at 3 p.m. at the home of Mrs. J. R. Wells. Present were 12 members and eight visitors:

Mrs. Rose Elliot, Ames, Ia.; Mrs. Elsie Ramsey, Salem, N.C.; Mrs. H. M. Bushong, Everest, Kans.; Mrs. E. H. Woody, Winterest, Ia.; Mrs. Elsa Hill, Fulton; Mrs. Ed. K. Mau, Bredonia, N.Y.; Mrs. M. E. Gardipee, Craig, Neb.; Mrs. L. J. Palmer, Duluth, Minn.

After delicious refreshments of cake and coffee, served by the hostess, the chairman, Mrs. L. W. Hight, called the meeting to order by reading three or four prayers from the Reader's Digest.

During the business session there were 24 visits and 26 cards sent for the past month. Mrs. Fred Brundrett, chairman of World Missions, urged everyone to try to finish their baby quilts for White Cross by the 11th of February, when there will be a family night supper and World Mission program—she wishes to have them on display then.

The Bible study on Psalms 96, 100, 117, 145 and 150 was moderated by Mrs. Hugh Morrison with everyone taking part in the discussion. The lesson was concluded with everyone singing the Doxology. Mrs. W. J. Falk, Sr., gave the Emphasis on Christian Action.

The meeting adjourned with everyone in a circle saying the Mizzpah. Next meeting will be at the Church on February 13, at 3 p.m., with Mrs. Morrison as hostess.

CONGRATULATIONS

Mr. and Mrs. James E. Ankele are proud parents of a seven pound, five ounce girl born Jan. 11, at Spohn Hospital, named Leslie Correll.

Maternal grandparents are Mr. and Mrs. Matt Scott of Fulton and paternal grand parents are Mr. and Mrs. Chas. A. Ankele.

Mr. and Mrs. R. J. Lusby, Paul and Marquitta were in San Antonio Sunday, visiting Dr. and Mrs. Bud Hickey and family.

CIRCLE ONE OF PRESBYTERIANS MEET

Circle No. 1 of the Presbyterian Church Women met on Jan. 9 at 9:30 a.m. in the home of Mrs. Clifton Tidd.

Nine members and one visitor enjoyed refreshments during the social hour, which preceded the business meeting.

Mrs. A. L. Bachman, chairman, made the following announcements: Church family night supper on Feb. 11, at which time any completed crib quilts will be displayed; used clothing to be taken to the church; beginning on Feb. 2 at 7:30 p.m.; Rev. Lang will conduct an emphasis study titled "This We Know."

District meeting of the women will be held in Corpus Christi on Feb. 23 and 24 at the Mexican El Mathias Church.

Mrs. Bachman read the emphasis from the Presbyterian Women which pointed out that the theology of the Presbyterian Church demands that faith be related to all areas of life.

The Bible lesson from Psalms was on praising the Lord and most enlightening and inspiring. It was moderated by Mrs. Herbert Mills.

JOSEPHINE WARD CIRCLE HAS MEETING

Ladies of the Josephine Ward Circle of the First Baptist W.M.U. met in the Grady West home Tuesday morning, with Mrs. Mabel Thompson as hostess.

Mrs. Lillie Calvert, chairman, called the meeting to order and read the Scripture and calendar of prayer for the day. This was followed by a discussion of the lesson, "Citizenship of Two Worlds" in which Mrs. Thompson, Mrs. R. F. McKnight, Mrs. Roy Mullinax, and Mrs. Kuykendahl, participated.

A social hour followed at which refreshments were served to those mentioned, plus Mrs. Ed Whitfill, Mrs. Reid Simmons, Mrs. C. O. Lutz, Mrs. Ed Ballou and Mrs. O. B. Vaughn.

A/2 James R. Fox, Bunker Hill AFB, Peru, Ind., arrived last week for a visit with his parents, Mr. and Mrs. Richard Fox and Julia. He will leave next week.

PRESBYTERIAN CIRCLE FOUR HAS MEETING

Circle Four of the First Presbyterian Church held their regular meeting last Thursday morning at the home of Mrs. Rufus Casterline, with eight members present.

Refreshments were served the guests on their arrival, and following a brief social period, the meeting was opened with a prayer by Mrs. S. F. Jackson. It was announced that Mrs. Fred Brundrett would like to have all crib quilts for World Missions in by Feb. 11.

The class continued its study of the psalms, with Miss Lillian Fahr acting as moderator.

Mrs. Ted Atwood gave the emphasis on "Christian Action."

The meeting closed with a prayer by Miss Fahr, followed by the Mizzpah.

The February meeting will be at the home of Mrs. S. F. Jackson.

The great highway performer

'64 Chevrolet Impala Sport Sedan and (background) Impala Convertible

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8*—and four transmissions, including a finely honed 4-speed stick shift.*

And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

should you pamper a Princess?

Depends on which princess—the teenager or the telephone. All teenage princesses—so we're told—glory in a little pampering.

But the Princess® telephone is so well made and trouble free that no pampering is required. Just dust it occasionally or wipe it with a damp cloth.

That, plus a little care in handling, is all the attention any phone needs. And phones almost never need repair—but if something does go on the blink, we'll fix it promptly at no extra charge.

We think it's our job to keep right on improving your telephone service and making it of greater personal value to you.

WOMEN OF CHURCH
MET THURSDAY

Circle No. 5, Women of the Presbyterian Church, met at the home of Mrs. Travis Bailey for their regular monthly meeting Thursday morning, Jan. 9. Coffee cake was served with coffee and fruit juice to eight members and four visitors, Mrs. O. W. Brymer, president of the Women of the Church, Mrs. Rose Elliott of Ames, Ia.; Mrs. L. C. Ramsey of Winston-Salem, N.C.; and Mrs. Harry Lee Mills of Sinton.

The business meeting was opened with a call to worship by the chairman, Mrs. Volney Cavitt, and reports, and reports were given by other officers, Mrs. Harry Mills, Mrs. Lloyd Smith, and Mrs. Travis Bailey.

Announcement was made of a family night supper to be held at the church on Feb. 11, in observance of World Missions season, and members were invited to attend a family Bible study, beginning on Sunday evening, Feb. 2, to be taught by the minister, the Rev. Cecil H. Lang, Jr. It was also announced that a meeting of the women of District III, South Texas Presbytery, will be held on the 23rd and 24th of February, at the El Mesias Church in Corpus Christi.

Mrs. Brymer moderated the Bible lesson from the Book of Psalms, at the close of which the group joined in singing the Doxology, with Mrs. M. D. Oliver at the piano.

EVERY DAY
EVERY HOME

Twenty-four hours every day, 365 days every year (366 this year) it's our job to keep the folks happy in around 2,000 homes and business establishments. They depend on us to keep them warm, cook their food, supply them with hot water, dry their clothes and other important chores.

You might think with so many people using gas in so many ways all day long every day that we would have a lot of trouble satisfying everybody. But we don't. The fact is that in 15 years of supplying natural gas to the Rockport-Fulton area we have never had a gas failure.

Can you think of any other product you buy that gives you more faithful, dependable service? Or at such low cost?

"We live better because of the many ways electricity works for us"

Says the Eugene Netardus family of El Campo.

From their hi-fi to the heat pump, the Eugene Netardus family wouldn't part with a single one of their 48 electric appliances.

"When we think of the many, many ways our appliances work for us, we really appreciate the big value we get from electric service," Mrs. Netardus says.

"Our electric heat pump gets the most use," Mr. Netardus says, "heating our entire home in the winter and cooling it in the summer. We've lived in our all-electric home for two years and are really sold on its advantages."

Mrs. Netardus says her electric dishwasher alone saves her many hours every week. So do the washer and dryer. "The wonderful thing is that I can be doing something else while the dishes and clothes are washing," she points out.

Like thousands of other CPL customers, the Netardus family lives better by making generous and effective use of modern electric service — today's biggest value.

FULTON HARBOR— (Continued from Page 1)

turbulence whenever the wind was from the southeast, and as a result the new project will attempt to correct this, as well as extending the bathing beach.

To control the turbulence, the district's engineers, Lackwood, Andrews and Newnam propose to extend a breakwater from the shoreline just south of the present boat ramp, reaching approximately 140 feet offshore, in much the same manner as the bulkhead at Rockport harbor.

At the same time this is done, another bulkhead will begin at the south end of the one now protecting Fulton Harbor from Aransas Bay, and this second bulkhead will extend approximately 200 feet to the southward. In this manner, entrance to the Fulton Harbor will be completely blanketed from the seas kicked up by the southeast wind which blows approximately 60 percent of the time, and wave action within the basin will be kept at a minimum.

This will necessitate some channel dredging, and the channel leading to the harbor entrance will be eight feet deep and 200 feet wide, giving plenty of water and width to handle vessels that now enter the harbor.

Also included in the work to be done under the contract is development of a bathing and fishing beach and park to the north of the present harbor, on land that has been owned by the Navigation District, plus acreage and riparian rights recently purchased by the district from Mrs. Harris, of Fulton Family Cottages, which extends almost to where the bait stand of Tom De-

Forest is now located.

Plans for this show extension of the paving around the harbor and construction of a beach behind a bulkhead. Between the paving to accommodate cars and the beach will be a small park, to be covered with black dirt and planted to grass. Black dirt for this is now being accumulated and stockpiled by the district.

In this same park area, plans show cabanas and toilets for the convenience of the public, and between the grass and the beach is to be a concrete walk. The beach proper will be contained behind a bulkhead to prevent the wave erosion that carried away materials from the beach thrown up in 1955, as part of the work on Fulton Harbor, and will be constructed of river sand that will be hauled in by the Navigation District, if present plans are not changed.

The bulkheading will extend in a rough semi-circle northward from the outside north corner of the present harbor to the shore just south of DeForest's bait stand and will be composed of concrete sheet piling, interlocked and finally bound together by a concrete cap.

SPORTSMAN'S CLUB— (continued from page 1)

sportsmen's answer to all problems that faced them, has not been, many think, truly representative of sportsmen's thinking, and Keith Ozmore, of Save Our Shell, made a pitch for an organization of a council clubs interested in conservation of all natural resources.

In the meeting, reported at some length by Roy Swann, of the Corpus Christi Caller, Ozmore pictured a cooperative

made up of coastal clubs to represent the group in legislative and general conservation issues.

Coastal clubs are in disagreement with SCOT's subtle approach to a recent ruling by the State Parks and Wildlife Commission that allows dredging within 300 feet of live oyster reefs. SOS was formed to oppose the ruling and it is being contested in court.

The group heard Dr. Clarence Cottam speak of the dangers of dredging live reefs and islands of our bays and listened to the views of the club representatives from Baytown, Victoria, Refugio and Rockport.

Judge John R. Beasley of Beeville, a member of all the clubs, also pointed out dangers of extensive dredging of exposed reefs and pointed to a 1953 resolution passed by the Texas Game and Fish Commission that limited dredgers to only those reefs covered with two feet of mud.

Ozmore, outdoor editor for the Houston Press and secretary of SOS, called hearings of the Parks and Wildlife Commission "rigged." He said he was told before the hearings that it would be that way and said opponents of dredging were not allowed to question witnesses as to the source or accuracy of testimony.

He pointed out once again that Texas biologists, employees of the Parks and Wildlife Department, were not heard and claimed testimony came from a biologist who told his group he'd go back and testify for their side if his financial conditions were met.

COMMISSIONERS—

County Service Officer, met with the court to show reasons why he should not be suspended from office, after complaints had been received from the local VFW, asking that he be removed. However, a majority of the commissioners, after hearing him, voted that he be retained in the post.

Judge Wendell, and Jack Baughman, chairman of the library board, presented the furniture layout for the new library, explaining the arrangements. At the same time, one old member was reappointed and a new one added to replace Emory M. Spencer,

whose term expired this year. Mrs. Harry McDow was reappointed, and Delmar Hiller, of C. G. Morrison Co. was chosen as new member of the board.

Funds were denied an assistant county agricultural agent and the monthly reports of Sheriff Virginia Shivers, County and District Clerk W. E. Beasley, Precinct 2 Constable G. G. Gilson, and Precinct 3 Constable Eugene Sprinkle were approved.

Holidays for 1964 were also set and include Good Friday, March 27; Labor Day, Sept. 7; Veterans Day, Nov. 11; Thanksgiving, Nov. 26-27; Christmas, Dec. 24-25, and New Years, Jan. 1.

TAX QUESTIONS

tion."

"To assist taxpayers calculate the Texas State sales tax at a glance," he continued, "the Internal Revenue Service has developed a State Sales Tax Table, thereby eliminating troublesome record keeping. The table is shown below. It covers the full 1963 calendar year. Taxpayers who itemize their deductions are encouraged to clip this table since IRS instructions do not contain these figures for Texas taxpayers."

Not included in the Sales Tax Table, but also deductible is the Texas State Tax on gasoline, which is 5 cents a gallon; the State Tax on cigarettes, which is 8 cents a pack; and the special tax on motor vehicle sales, which was 1.5 per cent through June 30, 1963, and 2 per cent after that date.

SPENCER GIVES LIBRARY (Continued from Page 1)

each civil case tried in Aransas County District courts, the money to be used for this purpose. In addition, members of the Aransas County Law Association each pledged themselves to donate a certain sum per month to make up the deficit between income from the courts and the amount needed to keep the various sets of law books in the library up to date.

The books are now in various law offices throughout the county, but will be moved to the courthouse within the next 60 days, when room becomes available.

JOHN A. MATCEK DIES IN SAN ANTONIO

Rosary for John A. Matcek, 86, of 414 E. Gerald Avenue, San Antonio, who died Tuesday, Jan. 7, in a San Antonio hospital, was recited Thursday, Jan. 9 at the Southside Funeral Home Chapel.

Funeral services were held Friday, Jan. 10, at 8:30 a.m., followed by a mass at 9 a.m. at St. Margaret Mary's Church with burial in the Fort Sam Houston National Cemetery. Matcek was born in Burlington County and had lived in San Antonio for 53 years. He was a veteran of the Spanish American War, a member of St. Margaret Mary's Church, the Holy Name Society, and the K.D. and K.J.T. Society of Texas.

Survivors include three daughters, Mrs. Ella R. Scherer, of Rockport, and her son, Peter; Mrs. Walter Otten and Mrs. J. D. Bowen of San An-

tonio; three sisters, Mrs. Frances Nelson, Mrs. Theresa Walker and Mrs. E. W. Ku-

bena, ten other grandchildren and 14 great grandchildren.
