JAP FORCES BEGIN NEW OFFENSIVE

Demand Federal Aid For Jobless

SOCIAL WORKERS SAY OVER $600,000,000 WILL BE NEEDED FOR RELIEF DURING NEXT YEAR

WASHINGTON, Dec. 28—Statistics were laid before a senate committee today to bolster a demand for federal funds to care for the unemployed.

Social workers from New York and Chicago recited to a senate manufactures sub-committee figures to show there would be insufficient funds from private, city and state sources to carry the load of relief through the winter.

William Hodson, executive secretary of the welfare council of New York, and Samuel A. Goldsmith, executive director of Jewish charities in Chicago, told of the needs in both cities. Goldsmith said between $600,000,000 and $700,000,000 would be needed for relief during the next year.

Hodson testified that all resources, public and private, are needed to meet the relief problem. He added that the chief burden must be borne out of public funds —city, county, state and probably federal.

The function of the federal government, he said, is to encourage local communities to meet their own problem and add to their resources where necessary.

Senator Costigan told the committee that nothing short of government help could provide necessary relief for the unemployed.

The Colorado Democrat's statement inaugurated hearings before a senate manufactures subcommittee, of which he is a member, on bills proposing direct relief contributions from the federal treasury.

Two bills were before the committee, one by Costigan to appropriate $375,000,000 and another by Senator LaFollette, Republican, Wisconsin, calling for $250,000,000.

LaFollette is chairman of the subcommittee. Other members are Senators Cutting, Republican, New Mexico; Hatfield, Republican, West Virginia, and Wheeler, Democrat, Montana.

Two Baby Killer Suspects Freed

And She Wants Money In Advance

OMAHA, Neb. Dec. 28 (AP)—Miss Ann McLeon 21, of Omaha, has offered herself in marriage to any acceptable man for a cash consideration of $10,000, but she wants the money in advance.

Family troubles which began last March in Waterloo, Ia., led her to make the offer, she said. At that time their home burned down. The family moved to Fort Dodge, Ia., where the father opened a grocery that lasted but a short time since when he has been out of work. Her brother also is unemployed and she has a baby sister who has been ill since birth.

Miss McLeon said she could cook and sew and never smoked or drank.

STAR STATE WITNESS ADMITS LIES WHEN CROSS-EXAMINED

(By The Associated Press)

NEW YORK, Dec. 28—Vincent Coll and Frank Giordano were acquitted by order of the court today of the murder of five-year-old Michael Vengali, slain in a Harlem street last summer by a gangster fusillade.

The trial opened Dec. 16. The state called as witnesses several children who had been playing in Harlem's "Little Italy" when a gangster car opened fire, killing the child and injuring several others.

The principal witness for the prosecution was George Brecht of St. Louis who positively identified Coll and Giordano as the killers. Under cross-examination, however, Brecht admitted he had lied in his testimony when he said he had never been a witness in a previous trial.

Delayed Until Today

The defense considered the state's position so weakened by this admission that it offered to send the case to the jury without summation. This was not permitted by the court, and the trial was postponed over the Christmas holiday until today.

When court opened today Assistant District Attorney James T. Neary who had acted as prosecutor, made the motion that an acquittal be directed and Judge Joseph E. Corrigan complied.

Judge Corrigan, after directing the verdict, announced he was ordering Brecht committed to Bellevue hospital for observation.

In his remarks to the jury, Judge Corrigan made it clear he did not place any blame on either the district attorney or the police for the production of Brecht as a witness.

"This is a most extraordinary case," Judge Corrigan said, "there is no doubt in my mind that both the district attorney and the police were honest and fair throughout.

"Neither the district attorney nor the court would feel justified in asking you for a verdict of guilty in

Milk Prices Cut By Some Grocers

The price of milk in Lubbock at certain stores has taken another downward tumble, with reports Monday of the price as low as five and six cents a quart.

Wholesale prices, for the most part, were reported at eight cents a quart, with retail prices at ten cents. Several wholesale dealers stated they had not cut their price to retailers and did not intend to do so.

W. S. Hodges, 1716 Avenue H, stated his retail price was six cents a quart, but that competitors were selling for as low as five cents.

The last so called "milk war" occurred late in July and at that time an adjustment was made which brought the general price down from 13 cents to 10 cents.

Democrats Fight Hoover Loan Bank Plan

PROGRAM WILL BE EXAMINED BY LEADERS

OPPOSITIONS GROWS TO RECOMMENDATIONS IN THE HOUSE

(By The Associated Press)

WASHINGTON, Dec. 28.—House Democrats are going to examine President Hoover's recommendation for 12 home loan discount banks closely before they give it their legislative blessing.

They approved the debt moratorium in a hurry and right after it the bill to increase capitalization of the federal land banks by $100,000,000. They have promised to pass the bill for the $500,000,000 reconstruction corporation.

After that, however, they expect to pause in rushing through emergency legislation recommended by the president and the home loan discount banks come in that category.

Opposition Grows

Opposition to the proposal has grown among the house Democrats. Representative Rainey of Illinois, the democratic leader, said today it and all others recommended by the administration would be closely studied before being brought up for action, if at all.

Rainey said "the government failed to make a success of the federal land banks and we have to give them $100,000,000 additional for capital, and if we create the home loan bank system, we can expect the same result."

SUSPECT HELD IN SLAYING

BODY OF ONE MISSING MAN IS FOUND AND ANOTHER SOUGHT

(By The Associated Press)

ANAHUAC, Dec. 28.—A camper was held in the Mont Belvieu jail today for questioning in connection with the investigation into the death of J. L. McElrath of Houston, whose body was found yesterday off Umbrella point in Trinity bay.

An officer in the sheriff's department here said no charge had been filed and he could not say yet what circumstances, if any, tended to connect the camper with McElrath's death.

"We don't know much about this fellow (the suspect), except that he is a camper," he officer added.

Mont Belvieu is in this county.

Dr. William Marshall of Baytown, who conducted an autopsy, said McElrath had drowned but some investigating officers believed there was a possibility he had been beaten beforehand.

McElrath and F. C. Bonham set out from Houston on a hunting trip Dec. 10 and had been missing since. The search for Bonham's body was continued today.

MacDonald, Laval May Hold Session

LONDON, Dec. 28 (AP)—A meeting between Prime Minister MacDonald and Premier Laval of France similar to that between M. Laval and President Hoover seemed a possibility today as a result of a letter from the prime minister to the premier in connection with the reparations issue.

It was a private letter, written about two weeks ago and although it did not explicitly suggest a meeting it was phrased in such a manner that a meeting easily might result if both parties desired it.

GRID STAR SLAIN

McALLEN, Dec. 28 (AP)—Efrain Rodriguez, 18, fullback of the McAllen Junior High football team last season, was shot to death near Monte Cristo. Officers believed Rodriguez was accidentally shot by an unknown deer hunter.

FLOOD THREATENS AREA

RISING FLOOD WATERS ISOLATE MISSISSIPPI TOWNS

Backwater from the flooded Tallahatchie river in Mississippi has made this picture a common scene in the northwestern part of the state. This shot, taken by a plane chartered for NEA Service and the Daily Journal, shows a farm between Batesville and Glendora, Miss. It is completely isolated except by boat. Flood waters are still rising.

HOOVER WANTS EXPENSE CUT

PRESIDENT TO FAVOR ANY REDUCTION IN GOVERNMENT COST

(By The Associated Press)

WASHINGTON, Dec. 28—President Hoover has informed congressional leaders he will "welcome" any reduction in government expenditures that congress may make.

Making only the exception that further cuts in the budget should not impair vital functions, the chief executive told the chairmen of the senate and house appropriations committees that the administration looked with favor on any move to reduce the budget even more than the $369,000,000 slashed from departmental estimates by the budget bureau.

The president had before him today various phases of his economic program on which he will confer with leaders on Capitol Hill during the recess in an effort to expedite action.

White House officials said today although Mr. Hoover contemplates sending several special messages to congress they probably will be withheld until the economic program is enacted.

Among the possible messages mentioned was one on the railroad situation, another on the consolidation of government offices and departments and a third on law enforcement, already forecast by the president himself.

No Clues Found In Slaying Of Youth

WEATHERFORD, Dec. 28. (AP)—Authorities were without clues today in the death of William Vardeman, 17-year-old Weatherford High school athlete. His body was found in a ditch on the Bankhead highway east of Weatherford late Saturday.

The youth was last seen alive late Christmas night waiting in Weatherford for a ride to his home, three miles east. Officers believed he was killed that night. Pockets of Vardeman's clothing had been turned out and his shoes were missing.

CONTINUES TRIP

SULPHUR SPRINGS, Mo., Dec. 28. (AP)—Miss Randi Lerohl, scrubwoman floating down the Mississippi river from St. Paul to New Orleans in a small boat, passed here this morning. She was rowing steadily and acknowledged with a hand wave the greeting of a small crowd on the river bank.

GUEST TAKES THE CHRISTMAS SPIRIT ALONG

CHICAGO, Dec. 28. (AP)—When Edward Thompson left the Joseph Beron home, police say, the Christmas spirit went with him.

As an old friend, he had been invited to the Beron home for Christmas dinner, but his shirt was somewhat soiled, Mrs. Beron gave him another—an old one that belonged to her husband. The Berons and their guest enjoyed the dinner and Mr. Thompson departed. Mr. Beron was pleased.

"And just to think," he said to his wife. "We still have $155 saved up. It was pretty hard to lay aside $5 a week. By the way, I kept the money in the pocket of the shirt you gave Ed Thompson. Guess you took it out, didn't you?"

"No" replied Mrs. Beron, "I didn't."

When the police found Thompson he had a new shirt, a new hat, a new suit, and $40 of the money left.

"A merry merry Christmas" he said as they locked a cell door behind him.

Score Injured In Bus-Car Collision

ODESSA, Mo., Dec. 28 (AP)—A score of persons were injured when a Union Pacific bus struck a motor car and a truck in a heavy fog near here today and caught fire.

The motor car, belonging to O. H. Edmiston, of Kansas City, had stalled. C. N. Bear of Higginsville was attempting to tow it from the highway with the truck.

The car caught fire and showered the bus with blazing gasoline. Bus occupants, seeing the flames, were seized with panic and smashed windows in their efforts to free themselves.

Amarillo Store Is Robbed Last Night

AMARILLO, Dec. 28. (AP)—Burglars last night obtained between $300 and $400 from the safe of a downtown drug store here.

Entrance was gained by prying open the front door.

Burglars also entered an electric company's store in the heart of the business district, but the loot consisted of only $1 in cash and an electric clock.

DAUGHERTY TO TELL STORY

BEHIND THE SCENES IN HARDING RULE TO BE REVEALED

(By The Associated Press)

COLUMBUS, O., Dec. 28.—Harry M. Daugherty, former attorney general in the cabinet of Warren G. Harding, will break a silence of eight years to tell his story of what went on behind the scenes in the Harding administration.

In a book, "The Inside Story of the Harding Tragedy," the lifelong friend of the former president will give his version of the "Ohio gang" and "draw the veil from the so-called mystery" of Harding's death. The book, in which he collaborated with Thomas Dixon, will be off the press in about three weeks.

Daugherty said the book will refute Nan Britton's claim that Harding was the father of her daughter, relate the incidents that resulted in President Coolidge's demand for his own resignation, tell what he terms the true story of Albert B. Fall, Charles R. Forbes, Thomas W. Miller and Roxie Stimson and give the facts of Jess Smith's death.

In an introduction he will explain

LIQUOR STILL STOLEN

CORSICANA, Dec. 28. (AP)—A 250 gallon liquor still was stolen from Navarro county officers last night. It had been seized in a raid by county officers a week ago and stored in a power house near the jail. The power house door was forced and the still carried away in a truck.

LEVEE BREAKS TO INUNDATE LARGE AREA

GLENDORA COVERED BY WATER FIVE FEET DEEP TODAY

(By The Associated Press)

CLARKSDALE, Miss., 28—The Glendora levee, against which the overflowed Tallahatchie river has been beating for days, crumbled today before the raging river and water began pouring into Glendora to a depth of five feet.

Water poured into the business section and flooded every store but there was no loss of life and it was believed the residential section would remain safe since it was protected by the embankment of the Yazoo and Mississippi valley railroad.

The crevasse, a break of 20 to 25 feet, appeared just outside the municipal limits at a point considered reasonably strong and the water began pouring through before convict levee workers and citizens could get to the scene.

Citizens Retreat

Several residences were in water but a large portion of the citizens already had retreated to the higher section of the city.

Today's levee break was the fourth in the Tallahatchie flood that has sent about a thousand persons from their homes to the towns and protected farms of Panola, Quitman and Tallahatchie counties.

A triple break ten days ago in a levee south of Batesville flooded farm lands in an area sixty miles wide between Marks and Batesville. A smaller break at Coldwater, in Quitman county, caused some trouble there before it was mended.

The levee break today was unexpected. Superintendent J. W. Williamson, of the state prison farm at Parchman, had expressed hope that levees at Glendora would hold several inches more of water. Convicts and citizens had built the dikes up to a point of being top heavy with sacks of sand.

The fight to strengthen levees was at its height today at Glendora and Sumner, a nearby town in Tallahatchie county. The river was expected to rise slightly during the next 24 hours. The water today was level with the levee tops and lapping over in some places.

Woman Is Slain And Man Is Near Death

TEMPLE, Dec. 28. (AP)—Joe Medford, 45, grocery store employe, was in a hospital with a slight chance to live after a shooting here last night in which Mrs. Panela Peddycord, 38, was killed. The shooting occurred at the home of Mrs. Peddycord, housekeeper for a Temple hospital.

Both were shot with a revolver. Officers said a revolver was in Medford's hand when he was found wounded in the left lung.

James, 17, only son of Mrs. Peddycord, a widow, said his mother and Medford scuffled over a pistol. They ran into the house, locking him out, the youth said. A short time later he heard shots, he told officers.

BOMBERS USED TO OPEN WAY FOR TROOPS

TOWN CAPTURED WHEN CHINESE ARMORED TRAIN BLASTED

(By The Associated Press)

MUKDEN, Manchuria, Dec. 28.—A strong Japanese force moved up from Yingkow along a branch of the Peiping-Mukden railway toward Kowpangtze today to capture the town of Tawa after blasting a Chinese armored train out of the way with bombs from the air.

They had to fight as they went, cavalry opening the way through scattered forces of Chinese irregulars so the infantry could follow through and mop up.

There was a skirmish at Sanchiatze and another at Tsaipaochan before the main body got through to Tawa where planes had preceded it.

Resistance Offered

A detatchment was separated from the main body and directed against Niuchuang where irregulars had moved in to reoccupy the town. The Chinese were loosely organized but they provided stubborn resistance at all points.

Officially the movement westward from Yingkow was kept secret, but there was a possibility it might develop into the long-expected drive against Chinchow itself.

OFFENSIVE TOWARD CHINCHOW FEARED

MUKDEN, Manchuria, Dec. 28.—(AP)—Heavy concentrations of Japanese troops in the region of Yingkow led observers today to predict the imminence of a major Japa-

TAXPAYERS TO GET REFUND

OVER $69,000,000 TO GO BACK FOR LAST FISCAL YEAR

(By The Associated Press)

WASHINGTON, Dec. 28—Treasury reconsideration on taxes and the decision that it had been wrong in a good many instances put $69,476,930 in refunds back into taxpayers' pocketbooks in the 1931 fiscal year ending June 30.

Secretary Mellon reported today to congress that the sum included all taxes illegally collected and returned but he did not list credits and abatements. The latter are deducted from taxes assessed but not yet paid. Refunds are actual cash payments.

The year before refunds totaled $126,836,333, abatements $176,398,377 and credits $36,538,245.

Two Over Million

Only two separate refunds were for more than $1,000,000 in which class there were 12 a year earlier. The Illinois Central railroad got $1,158,675; the Prairie Pipe Line company of Independence, Kansas, $1,784,494.

As usual, hundreds of names familiar to the country were on the list of the thousands who received refunds of more than $600. John D. Rockefeller was there again with $31,324; his son, John D., jr., got $1,804.

Mellon Gets Refund

To Secretary Mellon himself there was a refund of $86,022; to his brother, R. B. Mellon, $14,738 and to Mrs. Jennie K. Mellon, $2,804.

Three well known movie stars convinced the treasury they were entitled to returns—Douglas Fairbanks to the extent of $12,391, and Helen Costello Sherman and Dolores Costello Barrymore, $1,345 each.

Among the larger refunds were: Metropolitan Life Insurance company, $867,926; New York Life Insurance company $843,926; American Hawaiian Steamship company, $824,093; estate of Payne Whitney, $678,449; F. W. Woolworth company, $637,961; Honolulu Consolidated Oil company $300,576; estate of William K. Vanderbilt, $368,998.

Lubbock Schools To Be Opened Tuesday

School authorities are prepared for the resumption of class work Tuesday morning, following the annual Christmas holiday vacation, it was said today.

The regular class work will be resumed in all of the grades and the high school Tuesday at the scheduled time.

FIVE ARE KILLED

SOUTH ELMSHALL, Yorkshire Eng., Dec. 28 (AP)—Five men were killed in an explosion in a refuse pit at a colliery today.

CULBERTSON CONFIDENT OF WINNING AS HE RESUMES PLAYING WITH WIFE

BY TOM O'NEIL

NEW YORK, Dec. 28 (AP)—Ely Culbertson will resume playing with Mrs. Culbertson tonight confident that he virtually has won his 150-rubber match of contract bridge with Sidney S. Lenz and Oswald Jacoby in a test of rival bidding systems. Culbertson, with three different partners, has acquired a lead of 17,090 points.

Mathematics of the situation give Lenz and Jacoby a bare chance. It happens that the lead of Culbertson's side has been accumulated in 55 rubbers which is the number yet to be played. The average gain for him in those rubbers has been 311. The same average gain for Lenz and Jacoby would leave them to square the match.

But the high-water mark for Lenz and Jacoby was 6,800 points plus after 25 rubbers had been played. That was an average gain of 272 points a rubber. The same average for the rest of the match would still leave Culbertson with a comfortable lead.

DISCOVERY OF A TRUE MISSING LINK DESCRIBED TO AMERICAN SCIENTISTS

BY HOWARD W. BLAKESLEE
Associated Press Science Editor

NEW ORLEANS, Dec. 28 (AP)—Discovery of a true missing link, an animal with the "foundations of the human face," was described to the American Association for the Advancement of Science today by Professor William Patten of Dartmouth college.

The link is a tiny, five-inch long skeleton, found in rocks of the Baltic sea. It is between 500,000,000 and 1,000,000,000 years old and has the typical markings of a certain early prenatal development of a human being.

It is an obstracoderm, an extinct, ten-pin shaped, fished, fish-like creature, descendant of giant spiders, the sea scorpins, which Professor Patten said "something like a thousand million years ago were the highest mammals in existence."

This Baltic fossil bridges the gap between man's evolutionary

After-Christmas Lull Is Felt By Society Today; Visitors Return To Homes

Whipp Family Has Reunion At Tahoka During Week-End; Some Visiting Here

Things look a little dull with the beginning of this week in Lubbock. Christmas visitors returned to their homes Sunday; high school boys and girls are resting from a gay week and preparing to re-enter school Tuesday morning; housewives are cleaning up their homes after a merry week-end. Business people are back at their jobs today working with the lethargy that follows a series of holidays.

Several church organizations are continuing with regular meetings. With others, there has been a temporary holiday until after the first of the year.

The family of Mrs. C. M. Whipp, which spent Christmas at the C. C. Whipp home near Tahoka, has come to Lubbock to visit for a few days. Mrs. Whipp and daughter, Miss Marguerite Whipp, attended the reunion from Lubbock. Mr. and Mrs. A. P. Kirkpatrick attended from Carlsbad, N. M., Mr. and Mrs. John Ernest Whipp and baby were there from Tatum, N. M., and Mrs. G. C. Medley was there from Houston. Other guests were Paul Thompson and Oakley Staggs of Amarillo.

Mrs. Kirkpatrick, Mrs. Medley and Mr. and Mrs. C. C. Whipp came to Lubbock Sunday afternoon with Mrs. Whipp to visit for a few days.

Austin Penney, who spent Christmas with his parents, Mr. and Mrs. P. B. Penney, returned to Lamesa Sunday afternoon. Mr. and Mrs. Joss Williams, of Graham, who also visited the Penneys have returned to their home. Mrs. Williams is the former Opal Penney.

J. P. Upton and sister, Miss Verna Upton, visited their parents in Poolville during the week-end.

Rev. Z. B. Pirtle of Stinnett is visiting his daughters in Lubbock.

Miss Asalie Key of Lamesa was a week-end guest of Miss Saliye Bean. She returned to her home Sunday night with her brother, Cecil Key, who had been to Abernathy.

Mr. and Mrs. L. N. Thomas of Amarillo are visiting Mr. and Mrs. Vestel Lott. They returned to Lubbock with the Lotts, who visited during the week-end in Amarillo with Mr. Lott's parents.

[illegible] and Mrs. Decker McGee and [illegible]ter, Ada Jane, of Crowell, are [illegible] Mr. and Mrs. Elmo McC[illegible] Mrs. McGee and Mrs. McCl[illegible]ited in Brownfield Christmas [illegible] their parents.

Mr. [illegible]rs. R. R. Stewart have returned [illegible]s visit in Fort Worth.

Durwood Bradley, district attorney, returned Monday from Warren, Ark., where he visited with his mother over the Christmas holidays.

Mr. and Mrs. Amos Howard and children returned Sunday from Henrietta where they spent Christmas visiting Mrs. Howard's parents.

T. L. Mullican, Levelland, is in Lubbock today on a business trip and also visiting friends.

Mr. and Mrs. Burton S. Burks, who spent the holidays in Granbury visiting relatives, are expected home today.

Mrs. Grace J. Glenn of Fort Worth has returned to her home after visiting her mother, Mrs. T. D. Morrell, and her sister, Mrs. Gordon Flenniken.

Mr. and Mrs. Lester B. Lynch and baby of Roswell, N. M., spent Sunday here visiting friends and relatives.

Mrs. R. S. Watson has gone to Newcastle to join her husband. They expect to return here in two weeks.

Jess Thornham left last night for his home in San Antonio after a visit with friends here during the Christmas holidays.

Announcement has been received here of the marriage of Wade Rees, former teacher in Lubbock High school, and Miss Louzenia Knierim, of Bryan, which took place on Christmas Day. The couple is to live in Center Point where Mr. Rees is in the lumber business.

Bob McCall, member of the editorial staff of the Avalanche-Journal publications, left Saturday night for Muskogee, Okla., where he is to visit his parents for several days.

Clarence Whiteside was host at a dinner party Saturday evening in his home at 2001 16th street. His mother, Mrs. J. H. Whiteside, was assisted in serving by Mrs. Pat Magee.

Guests were Misses Evelyn Sowell, Lizzie Belle Clements, Margaret Turner, Messrs. James Whiteside, H. Y. Price, Mr. and Mrs. Garland Newsom and Mr. and Mrs. M. M. Barnard of Fort Worth.

District Court To Convene In January

Next term of court for Lubbock will be the 99th district court which opens its January term January 11, Charles B. Metcalfe, district court clerk, said Monday.

The 72nd district court, with Judge Homer L. Pharr presiding, does not begin its sessions until February 8.

Judge Clark M. Mullican is judge of the 99th district court.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D. Head Division Parental Education Cleveland College, Western Reserve University

PLAGIARISTS

CHILDREN, like adults, often are plagiarists unawares. Like adults, they write and say what others have said and written, in exactly the same words, without acknowledging the fact that they are quoting.

Those parents who have read a great deal to their young children often must have observed the fanciful yarns of these young creators, phrases, sentences, and even whole paragraphs which had appeared verbatim in stories which they frequently had heard.

Of this phenomena I made a careful study with my own children, reporting some data in my book, "The Learner and His Attitude," in 1925. Their mother and I kept a record of all we read to them—when each story was read and each time it was repeated.

Then during the period of their childhood from two to five we also took down verbatim hundreds of their yarns which each child called "My stories."

Not only did they not refer to the original stories when telling their own yarns, but when asked if they did not get a certain creation from such and such a story they objected vigorously with, "No; my story!" This in spite of the fact that they not infrequently combined in one of their stories entire phrases and sentences from one or several stories which often had been read to them. Sometimes it was a paraphrase of one, or several other stories put together.

Once we recognized their annoyance at our challenge, and the certainty they felt about their own originality, we ceased to say a word about the matter, but to encourage them to go on creating.

* * *

As many of my readers know, Edgar Allan Poe once carried on a long and vigorous attack upon Longfellow, charging that Longfellow had reproduced in a number of his short poems the context, or verse pattern, or whole lines, or whole stanzas from the works of obscure poets. Poe made a most convincing case by printing side by side the less known, but earlier, poems, and certain ones of Longfellow.

Poe finally wrote that although he had proved his charges they cast no aspersions upon the moral integrity of Longfellow, but rather that they bespoke his genius, concluding that the greater the poet the more disposed he would be to plagiarize without knowing he was doing so.

Some while after Mark Twain's "Innocents Abroad" had been published, he was asked by a friend of his how he "came to steal Oliver Wendell Holmes' dedication and put it in his book." When by going into a book store immediately, Mark Twain discovered that he had been correctly accused he was amazed. "I was much ashamed and unspeakably astonished."

He later discovered the explanation, namely, that six years before he had read over and over the volume of poems by Holmes and had greatly admired them. "In a word, I read the book to rags, and was infinitely grateful to the hand that wrote it." Obviously he had read the dedication and admired it, too. It had become a treasure of his memory, a veritable part of himself; so that years later, when he edicated his own book, he quoted Holmes' dedication without knowing he was quoting.

We like the humble apology Mark Twain wrote at once to Oliver Wendell Holmes, and we must be delighted with Holmes' magnanimous forgiveness in reply. Holmes did more than forgive: he assured Mark Twain that the incident might easily have happened to any one, however innocent and conscientious.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents n coin, for each, and a self-addressed, stamped envelope, to Dr Garry C. Myers, in care of this paper, or Central Press Association 1435 East Twelfth street, Cleveland. O The pamphlets are: "Punishments and Rewards" and "Fear."

Car Owners Urged To Buy New Tags

Now is the time for motor car owners to pay their 1932 auto license fees, according to W. H. Carpenter, deputy tax collector, as the latter part of January will see a rush of business along that line.

Car owners must bring their 1931 receipt as well as a receipt of the light tester, showing that the headlight is working satisfactorily.

Tax Collector A. J. Clark has issued a number of tags during the month. With the first of the year the sale is expected to increase.

Twenty-four hour weather report service was inaugurated at Sweetwater recently by the federal government as part of the coast-to-coast service for air travel.

Woman Scientist Honored

First woman ever to be awarded a medal by the National Academy of Sciences, Miss Annie J. Canon of Harvard University is shown above as she received the honor from William Wallace Campbell, president of the academy, in New York. The award was in recognition of her investigations in astronomical physics.

Business Woman, 80, Was Pioneer

* * *

By NEA Service

ESCANABA, Mich., Dec. 28—She is still a "business girl" at the age of 80.

Mrs. Mary H. Scott is office receptionist for a woman physician, Dr. Rodger Chenoweth, of Escanaba. Dr. Chenoweth has been Mrs. Scott's medical advisor for twenty years, and her employer for the past two years.

Mrs. Scott is a "downtown" pioneer of Michigan and Wisconsin. She entered the business world as a bride and was associated with her husband in several commercial enterprises in various cities.

Now, since she is a widow, she is content to lead the comparatively calm life of an office employe for a physician. And she is a decidedly efficient office girl.

"Mrs. Scott is interested in the patients and is unworried by telephone calls from boy friends and the expection of an evening date. She is an ideal office girl," commented Dr. Chenoweth.

Mrs. Scott's introduction to the business world came at a time when "careers" for women still were frowned on—and, in most parts of the country, unheard of. While she was living with her husband at Green Bay, Wis., a lumber firm at Menominee, Mich., offered work to both and they moved. That was in 1874.

Opened Boarding House

The Scotts wished to have a business of their own and in a short time they went to an adjoining city, Marinette, Wis., and opened a pioneer boarding house.

Lumberjacks, rivermen and trappers were the boarders. Appetites were "right good," according to Mrs. Scott. When this veteran business woman hears the stories of the meals that Paul Bunyan and his men ate in the Wisconsin pineries she cannot be astonished—she remembers the mammoth meals served to the "boys" at the Scott boarding house.

Modern store service did not help a boarding house keeper in those days, according to Mrs. Scott. She says:

"When a woman needed apples, potatoes, flour or other heavy merchandise, she would tell her husband and he'd go to the store with a wheel barrow and bring the supplies home."

In 1883 the Scotts went west, lived some months in the Mormon territory near Salt Lake City, and then moved on to Tacoma, Wash., going by steamer from San Francisco.

Started Dress Shop

But the Scotts were pine land people, and a year later they were back at the Twin Cities, Marinette and Menominee, both working for the big logging companies there.

Simple fur caps were becoming unfashionable in the pine states by 1888 when weekly newspapers began to print weekly style letters from Philadelphia and New York. Mrs. Scott became aware of the change and she influenced her husband to join her in a millinery shop and ladies' ready-to-wear store.

The couple opened a shop at Menominee in 1888, but the business burned to the ground two days after the opening. Hats were forgotten and a short time later Mr. and Mrs. Scott had opened a grocery store at Escanaba, Mich. Later they changed to a fruit store. But a fruit store left little evening leisure, so the Scotts changed to a toy, notions and women's furnishings shop. This satisfied both business pioneers and they continued the store for twenty-two years at Escanaba. Mrs. Scott sold the store a few months following her husband's death in 1928. She tried to retire.

But business had become a pleasure, and now she has returned to active life as an "office girl."

Mrs. Mary H. Scott . . . "an ideal office girl."

Kiwanis Club Will Outline 1932 Plans

Officers, directors and committee chairman of the Kiwanis club will meet Tuesday night to make plans for the 1932 program of the local club, G. P. Kuykendall, president announced Monday.

The meeting is to be held in the Texas Utilities company office. It will start at 7:30 p. m.

Out-Of-Town Folk Here For Wedding

Several out-of-town people attended the Shepherd-Hamlin wedding service Sunday afternoon in the G. M. Pearson residence at 1723 27th street. At this ceremony, Miss Roberta Hamlin became the bride of Ronnie J. Shepherd with Rev. Walter B. Jennings reading the ring ceremony. Mr. Shepherd and his bride are at home at 2013 14th street.

Guests for the wedding included Mrs. B. F. Shepherd and sons, B. F. and Donald, of Memphis, mother and brothers of the groom; Mrs. R. W. Cook and Mrs. G. W. Russell of Amarillo, the groom's aunts; Mrs. Lloyd Puryear of Amarillo, the groom's cousin; Mr. and Mrs. Pearson and family, Mrs. Mary Etta Hamlin and daughter, Loneta, mother and sister of the bride; Miss Lera Isom, the bride's aunt; Miss Opal Dean Mosley, C. T. Jackson and Mrs. W. P. Jennings.

Birthday Party Is Given By Boy Here

Gordon Jones Flenniken, 10-year-old son of Mr. and Mrs. Gordon Flenniken, 1802 Avenue J, celebrated his birthday Saturday by inviting several friends in for a party.

Games and contests were enjoyed. Sarah Spencer and Aleene Phillips played piano solos, Johnnie Robertson read and Mary Dixie Watkins gave a tap dance.

Others who attended were Lindsay Telford, James Williford, W. E. Flenniken. Mrs. Flenniken was assisted in entertaining by Mrs. Grace J. Glenn of Fort Worth and Kathleen Dickey.

SALARY SLASH IS DEBATED

POLITICAL EFFECT OF CUT IS FEARED BY BOTH PARTIES

WASHINGTON, Dec. 28 (AP)—The 1932 political effect of action pro or con on proposed congressional slashing of government salaries is feared by both parties.

Labor organizations, on one hand, already have served notice a decrease in salaries would give industry an excuse to reduce wages, besides lowering the purchasing power of the workers.

Others Demand Cuts

To the contrary, many tax increase opponents are demanding a reduction to lower the cost of government operation.

Also, house leaders, particularly the Democrats, feel if they act to effect a cut, the Republican senate might nullify it. Against this, there is the possibility if the Democratic house does not slash salaries, the senate might.

Movements are under way in both senate and house to force a reduction. It has been estimated $180,000,000 can be shaved off the government's budget if a 20 per cent reduction is applied on all annual salaries over $2,000, including those of congressmen.

The first contest over the reduction will be staged when the house appropriations committee reports the agricultural supply bill to the house for action early in January. A decision on this bill may serve as a pattern for the other supply bills. Chairman Byrns of the committee has voiced opposition to a cut in salaries.

Representative Rainey of Illinois, the Democratic leader, said he was "not in favor of salary reductions, but if salaries are to be cut, I do not think we should go below the $5,000 mark."

Representative Sandlin of Louisiana, chairman of the legislative appropriation sub-committee, said:

"Certainly any salary cuts will come out of the higher brackets. And if there are reductions they will begin with members of congress."

Sanders Aid Will Be In Meeting

The Sanders Aid society is meeting at 3:30 o'clock Friday afternoon with Mrs. J. T. Hart, 316 Avenue H.

GEORGIA TOWN IS ONE UP ON MILWAUKEE

ALBANY, Ga., Dec. 28 (AP)—Officials of this southwest Georgia city figure it to be one up on Milwaukee, Wis., on the plus side of the municipal ledger.

Milwaukee reported it had paid all current expenses, established an amortization fund to care for bonded indebtedness and accumulated a bank balance of approximately $4,000,000. That balance, the Albany officials have estimated, would mean about $6.67 per capita on a basis of 600,000 population for the Wisconsin metropolis.

Albany, they claim, has a bank balance of approximately $8.80 per capita for its 15,000 inhabitants.

The Georgia city in five years has retired $128,000 in outstanding notes, built up a cash balance of $32,000, accumulated a $100,000 sinking fund and, in addition, reduced its tax rate 25.6 per cent during the five year period, officials said.

All bonded indebtedness will be retired under the sinking fund which is being kept up to date.

Like Milwaukee's governing authorities, Albany's officials said they had used no magic formula but merely practiced rigid economy and gave close attention to municipal expenditures.

Twenty-four young men are earning their way through the West Texas State Teachers College at Canyon by working on the college farm.

NEXT YEAR WILL BE A LANDMARK IN GERMAN HISTORY; FIGHT YOUNG PLAN

BY LOUIS P. LOCHNER

(Copyright, By Associated Press)

BERLIN, Dec. 28 (AP)—The year 1932 will be a landmark in German history.

More than anything else the country hopes for a new deal in reparations. The Young plan does not and cannot work, the German people contend. The reparations burden is too heavy and through every stratum of German society pervades the conviction that the war payments must be scaled down.

Improvement Seen

There are, however, indications that the economic depression which already has caused so much misery has hit the bottom and that any change must be a change for the better.

International relations are improving, if creation of economic commissions with France and Italy is a dependable indication. Next year brings also the international disarmament conference. While that meeting is in session Chancellor Bruening will face his supreme test. The Reichstag meets in February and many observers believe the government inevitably will fall, to be succeeded by Adolf Hitler's national socialists.

But the chancellor's supporters see things differently. Every day gained is a gain in stability for the government, they contend, holding also that Dr. Bruening can get a better deal out of the creditors than could any of those who tried it before.

To Be Critical

Whatever the outcome, the February session of the Reichstag will be critical. Hitler may emerge as dictator. He and Bruening may come through to run the government jointly, or Bruening may be left to continue his "middle-of-the-road course.

Then in April a new president may be chosen. In May the five-year term of the Prussian diet expires and there must be an election there.

Society Markswomen

Society's winter season isn't entirely a round of indoor parties, as this picture shows. Here, handling their guns in swanky fashion, are three New York social leaders who turned out for the opening of the trap-shooting season at Glen Cove, Long Island. Left to right are Mrs. Hunt Dickinson, Mrs. George A. Thorn, Jr., and Mrs. F. P. Lindh.

FLASHES OF LIFE FROM EVERYWHERE

* * * * * * * * * *

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Thanks To Fish

KETCHIKAN, Alaska—There will be Christmas music in the was Christmas music in the katia, thanks to the fish. Profits from the fish cannery enabled the citizens to equip the 60-piece town band with new instruments and finish paying for the new town hall which is the largest in Alaska.

Trees In Bloom

MOULTRIE, Ga.—W. H. McCann has some extraordinary Christmas trees on his farm. Weeks of balmy weather have fooled the peach trees into thinking it was spring and they are in full bloom.

Keeps Her Title

DETROIT—Countess Vera Grace de Chappedalaine has her title and her American citizenship too. She told Federal Judge Simons she was born in Cadillac, Mich., and wanted her citizenship restored but did not want to surrender her title. Under the law persons seeking citizenship must renounce titles. But Judge Simons ruled she could keep the title as it was not recognized by any government and was only a social distinction.

Must Dress Right

BUENOS AIRES—River boat captains in these parts are sticklers for conventions of dress. Noel Coward, British playwright, and Earl Amherst, New York dramatic editor, had to ride second class on the boat that brought them here because they were attired in riding breeches and khaki shirts.

It's Their Move

OKLAHOMA CITY—To share in the estate of their grandfather, Leopole M. Guggenheim, Paul Guggenheim, 14, and his sister, Mary, 12, must live at least 300 miles away from their mother. The stipulation was made in the grandfather's will.

Bark Like Dog

WASHINGTON — Ability to bark like a dog is one of the things required of trans-oceanic telephone installers. A young engineer stood in Secretary Wilbur's office and made dog noises for half an hour testing apparatus with which the secretary will inaugurate service to Hawaii. High and low barks have been found the best sound tests for that kind of telephone equipment.

"Must Be Dumb"

TORONTO — Professor T. W. Isherwood of Wycliffe college has learned what one nine-year-old youngster thinks of him and of Santa Claus too. The boy asked the professor if he believed in Santa Claus and Dr. Isherwood replied, "of course I do. Why not?" The small interrogator remarked, "Well, you must be dumb."

Always A Limit

KITCHENER, Ont.—There is a limit to what a fireman can do. Members of the department proved expert at mending broken dolls, but when the women members of the relief committee sent the dolls back to be dressed, the laddies just climbed on the truck and went to a fire.

Brings Down House

NICE, France — Madeleine Keltie, American operatic star, literally "brought down the house" with her rendition of La Tosca. The curtain fell on the singer at the end of the second act but she finished the performance.

Vacation For All

NEW YORK—Even the office boy can afford a vacation in Paris before long. It cost Clarence Chamberlin, burning furnace oil in his Diesel powered plane, just $4 from Detroit. He said six passengers could have made for 65 cents apiece and that Paris would be a $4 trip in the near future.

Speed Up Service

PITTSBURGH — Within a week one may receive in New York letters mailed in Los Angeles the same day. Inauguration Jan. 1st of a new 24-hour air mail service, plus the time advantage over the west coast, will make this possible.

Raps Chain Letters

LONDON — The new "good turn" Boy Scouts will do daily, or whenever the opportunity presents, will be to destroy chain letters. Lord Robert Baden-Powell, founder of the Scouts, termed chain letters a "menace" and asked the boys to help eradicate them.

VISIT IN LUBBOCK

Mr. and Mrs. Vic Lamb, formerly of Lamesa, spent Sunday in Lubbock visiting frends en route to their new home in Abernathy.

Mr. Lamb, former news editor of the Lamesa Reporter, will be editor of the Abernathy Review. Mrs. Lamb, formerly Miss Joan Hurst, daughter of the late Charles Hurst, of Abernathy, will assist her husband with The Review.

Nearly 11,000 of the 25,500 school teachers in Missouri attended summer school in the state during 1931.

COLDS

Must Be Driven Out From Within

Bromo Quinine is the *known dependable* remedy for colds. It destroys the infection and expels all traces of it quickly from the system . . . proved safe and effective for two generations, and successfully used by untold millions all over the civilized world.

Why waste time on temporary relief treatments when all you need is a few tablets of—

LAXATIVE **BROMO QUININE**

LOOK FOR THIS SIGNATURE E. W. Grove

How To Relieve Headaches In Three Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B.C." a reliable, pleasant acting remedy.

"B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time.

"B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." wherever drugs are sold in 10c and 25c packages. (Adv.)

Brownfield People Appear In Recital

BROWNFIELD, Dec. 28 (Special)—Miss Eileen Ellington, daughter of Mr. and Mrs. F. M. Ellington and piano pupil of Mrs. W. H. Dallas of Brownfield, played in a joy program in the auditorium of the First Methodist church Sunday afternoon.

She included in her group "Prelude" by Haydn; "Sonata Opus. 2, Allegro" by Beethoven; "To Spring" by Grieg; "Warum" by Schimann; "Il Trovatore" by Grieg; "Stabat Mater" by Rossini.

Misses Dora Dean Neill, Martha McClish, Evelyn Pippin and Mary D. Price, high school girls quartet, with Miss Hale as soprano soloist, and Mrs. Ray Herod, soprano, sang selections. Misses Lucille Harris, Daphane Moore and Ruth Brazzleton, members of the junior high school piano class, played a prelude to the regular program. The high school girl's glee club closed the program with numbers.

Clyde Scales And J. Rutledge Marry

Miss Clyde Scales and Jack Rutledge, both of this city, were married in Clovis, N. M., Christmas Eve with the Rev. Frank Nix, pastor of First Baptist church there, officiating.

The couple is to be at home in Stamford.

The couple was accompanied to Clovis by Mr. and Mrs. V. B. Bartwell, of this city.

Mrs. Rutledge is former proprietor of a beauty shop in this city.

FT. WORTH IN PERMIT LEAD

SEVERAL CITIES O[illegible] STATE UNABLE TO GIVE REPORTS

DALLAS, Dec. 28 (AP)—Fort Worth led Texas cities in expenditures for new construction last week with a total of $125,860.

Several cities were unable to report their new building permit figures because of recording offices being closed over the holidays.

Cities reporting:

	Week	Year
Fort Worth	$125,860	$6,327,[illegible]
San Antonio	66,769	3,378,[illegible]
(x) Dallas	64,585	8,051,[illegible]
Tyler	16,884	2,474,[illegible]
Longview	5,830	1,440,[illegible]
Galveston	5,575	2,543,[illegible]
Amarillo	5,000	2,722,[illegible]
Corsicana	[illegible]	119,[illegible]

(x)—Dallas total for the year includes $1,740,721 for public utility construction in the last quarter 1930.

QUIET RECEPTION ASSURED EINSTE[illegible]

PASADENA, Cal., Dec. 28. (AP)—Southern California is ready to demonstrate to Albert Einstein that one good turn deserves another.

When the little German scientist arrives here the end of the month to renew his studies of the universe at the Mt. Wilson observatory of the California Institute of Technology, it will be without ostentation on the part of the admiring public. Probably nothing would be more welcome to Einstein.

The reception, if even it can be called that, for only a few friends will be on hand to greet him, will be in striking contrast with the frenzied attention showered upon him last year when he came to southern California for the first time.

Then he was "dined," exhibited and toured from one luncheon to another until even the perpetually good nature and courteous attitude of the scientist was taxed.

Before he left his home in Germany this winter, Einstein communicated with his friends here and pleaded for quiet and obscurity. As a result, not even a public appearance has been scheduled.

In Portage county, Wisconsin, school children were given a week's holiday in October so they could help harvest the late potato crop.

BEWARE THE COUGH OR COLD THAT HANGS [illegible]

Persistent coughs and colds lead to serious trouble. You can stop them with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent to relieve after colds, flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist.

WET CALIFORNIA WEATHER DIMS HOPES OF TULANE GREENIES

SPYING ON SPORTS

BY COLLIER PARRIS

Well, THAT week-end is over. It was a great week-end at that—Christmas, a state football championship game, turkey dinners 'neverything, but we join with a host of other good citizens in expressing thanks that that particular week-end comes only once a year. The strain is something terrific.

• • •

Missed the guess just a trifle on the Abilene-Beaumont game. Picked the Eagles and Wyatt to win by one touchdown. They did touchdown better, or that is they scored the 13 points we suggested and prevented Beaumont from tallying their one allotted time. 'Twas a good ball game, however the final score, as it often does, but, failed to indicate the complete superiority of the Abilene team. Twenty first downs to two; 402 yards from scrimmage to 81, etc., all in favor of Wyatt & Co., tells a different tale.

• • •

Perhaps you would be interested in part of Prexy Anderson's comment: "Beaumont's failure to threaten at any stage meant a victory not for Abilene alone, but for all schoolboy football of all North and West Texas over that of the southern and eastern sections.

• • •

"The Beaumont team lacks a good deal of being as strong as Greenville or Lubbock which opposed the Eagles in the semi-finals and quarter-finals respectively, and there are a bunch out West, Texas that could play the Purple to a scoreless tie even if they could not beat them, adjudging from the opposition's lack of offensive brilliance in the final game."

• • •

One of the best jokes of Christmas Week was a story sent out from Biloxi, Miss., which carried a list of all-Southern prep and high school honor gridsters. Texas placed three men on the first eleven. Other states represented were Oklahoma, Alabama, Louisiana, Florida, Arkansas and Mississippi. A group of Dixie sports scribes picked the team and named Martinez, El Paso, center; Beard, Austin, left half; Wilson, Corsicana, full. Green of El Paso received honorable mention.

• • •

Somebody should have tipped the boys off that Wyatt of Abilene Cyrill of Lubbock, Viverette of Beaumont and Crawford of Lubbock were pretty good ball players, too. We are not acquainted with high school football in the other states named but with the individual players, but we hope for the scribes' sakes that the selections are not as utterly absurb as those named to represent Texas, excepting Wilson. The others could hardly get a mention for all-state honors. Maybe we should be ashamed to admit it but we never heard of Martinez of El Paso or Greene of the same school. Far be it from us to start a civil war, but we furthermore believe that an all-Texas team would be fairly representative of the south in a state in which high school football rates as high as it does in Texas.

• • •

We were conversing with Del Morgan, head basketball coach at Texas Tech, last night and learned that there are grave circumstances surrounding the Tech basketball team and season of 1932. Del is somewhat worried over the fact that some of his star prospects are slumping in class room work. Oh, yes, you dope, athletes have to pass their school work same as anybody else. It seems that several of the men upon whose shoulders are to be hung the responsibility of winning basketball games have gone astray. This is most saddening news. Literary work and scholastics must come first, and the athlete is not wise who allows his athletic ambitions to overcome his zeal for study hall agitation. We hope the cage boys are not so far off the track that they cannot become reinstated in the good graces of professorial dignitaries. Also we hope that these men are not so all-important that Tech's basketball season would be a total loss without their services in case they cannot stage a class room comeback.

• • •

Coach is also worried over the fact that circumstances have prevented the Matador cagers from testing their strength in competition until this late date. It seems that most Texas teams are a bit slow at the start the season, and no semi-team of consequence is available for practice games. Tech has a good schedule when it opens, but is late in opening. The first game is set for January 8-9, with Hillo Junior college at Amarillo. The cagers, however, report to work this morning and begin to engage in a hectic practice starting at 9:30 o'clock.

• • •

Now it's not too late, beat it

NEW PERSONALITIES IN CARD LINEUP

RAINS HINDER WORKOUT OF GREENIES

WET GRID EXPECTED TO SPOIL TIMING OF PASS ATTACK

PASADENA, Calif., Dec. 28 (AP) — California's weather, dripping wet since Tulane's football team arrived for its Rose tournament game with the University of Southern California here Friday, today served to lengthen the face of the Greenies' mentor, Bernie Bierman.

Rain last night further dampened tournament park and the forecast called for more rain today, putting a crimp in Bierman's plans for a long, hard workout.

Should the rainy spell continue through Friday it probably would work further inconvenience on the Greenies. The Green Wave appears to have rolled much better via the air than the Trojans during the past season, with Don Zimmerman's accurate passes so effective, and a wet greensward probably would spoil the timing of the aerial plays as well as the accuracy of the tosses.

TROJAN GRIDMEN TO REMAIN IN SECLUSION

LOS ANGELES, Dec. 28 (AP)—Southern California's Trojan gridsters will remain in seclusion from now until their Rose tournament football game with Tulane at Pasadena New Year's day.

Coach Howard Jones will bring the Men of Troy to Bovard field each day for practice and then drop out of the picture again. The squad is being kept at an unannounced hotel.

The idea is to keep the players away from well-wishers and aid in preventing a possibility of overconfidence for the impending struggle with the Green Wave. Hard workouts were scheduled today and tomorrow but the Trojans probably will taper off Wednesday and Thursday.

TULANE FACES TASK OF HALTING DRIVE

LOS ANGELES, Dec. 28 (AP) — Tulane's chief problem in the annual Rose tournament football classic New Year's day, appears to be that of stopping the University of Southern California's famed offense which has carried the Trojan team more than two miles through 10 opponents in the past season.

California, which Southern California defeated 6-0 on a slippery field, came the closest to accomplishing the task, limiting Coach Howard Jones' squad to 205 yards.

St. Mary's Next

The Gaels of St. Mary's were next in line with 245 yards gained at their expense, but this total was good for only one touchdown. Notre Dame limited the Trojans to 263 yards, most of which were stepped off in the famous fourth quarter that netted 16 points and victory. Every other contest was a rout.

Although the Men of Troy have no outstanding pass combination, Southern California has completed 26 of 78 aerial attempts this season for 578 yards. This leaves 3,424 yards on running plays most of which were hurled against the left side of the opposing line for consistent yardage.

Five players, four backs and an end, have contributed the greater share of this yardage, with Gaius Shaver, first-alternate quarterback, reeling off 931 of the yards in 182 thrusts. This is an average of 5.1 yards every time he carried the ball.

Second in total yards gained comes Orville Mohler, Shaver's assistant at the touchdown manufacturing business. The Alhambra assassin, a shiftier runner than Shaver, but not his equal at passing, punting or plunging, accounted for 737 yards in 132 tries for a 5.9 average.

Jimmy (Sweet) Musick, fullback who confines his activities entirely to line plunging, added 364 yards, most of them inside the two tackles, on 99 attempts for a 3.6 yard average.

The two other players, Erny Pinckert, blocking halfback, and Ray Sparling, left end, specialists on one play each, accounted for 667 yards between them. Pinckert, all-American for the second consecutive year carried the ball 54 times over the weak side of the opponents' lines, for 347 yards, more than 6.4 yards every time he went through on the reverse play.

CHILD IS KILLED

QUANAH, Dec. 28 (AP)—Marvin, Scott, 11, son of A. C. Scott, a farmer who lives near Tolbert, Wilbarger county, was run over and killed by an automobile three miles east of Chillicothe Saturday. The automobile was driven by C. L. Graham, of Quanah, brakeman for the Frisco railroad, who was returning home from Terrell with his wife and child.

out to Tech Field and see a football game this afternoon. Lubbock and Amarillo teams are playing, and that should be enough to draw quite a crowd. The boys may not be recognizable, what with their dark complections, but 'tis said that they play right smart football.

BRUSHING UP SPORTS . . By Laufer

Schmeling To Defend His Title Twice This Season

TO MEET WALKER AND EITHER DEMPSEY OR SHARKEY

NEW YORK, Dec. 28 (AP)—Max Schmeling plans two defenses of his heavyweight championship this year, the first, definitely, against Mickey Walker in Miami in February, the second, tentatively, against either Jack Dempsey or Jack Sharkey in June or September. The promoter in each case will be Madison Square Garden.

Articles for the Miami match with Walker will be signed either tomorrow or Wednesday, says Joe Jacobs, manager of Schmeling. They will call for a 15-round bout the last week in February.

Arrangements for the second match necessarily will have to await the outcome of the battle of Miami. Jacobs and the Garden, however, plan to open negotiations with Dempsey around May 1, proposing a match in June. If Dempsey asks for a little more time in which to get into condition the match will be held over until September. If all efforts to get Dempsey into line should fail then Schmeling plans to give Sharkey a "shot" at the title.

Award of the Walker match to Miami ended a three-cornered fight in which Los Angeles and Chicago were the other bidders.

SEEK CHANGES IN FOOTBALL

COACHES TRY TO TAKE HAZARDS OUT OF THE GRIDIRON PLAY

NEW YORK, Dec. 28. (AP)—Football is feeling a bit low as it always does at this time of year and the physicians have gathered around to see what can be done about it.

The physicians—coaches, officials and college athletic heads, gathering for the annual meetings of the Eastern Football Officials' association, the National Football Coaches' association, and the National Collegiate Athletic association—already have proposed, informally, a few changes designed to remove some of the hazards of the game.

There has been a widespread demand for rule changes as a result of the nearly 50 deaths charged to football this season.

Most of the suggestions have been designed to remove the dangers of th kickoff and its attndant possibility of the wedge form of interference.

"Rabbit punches" by defensive sive linemen have been blamed for some injuries and it has been suggested that the defensive linemen be forbidden to use his hands on the head or neck of a charging rival.

The Bowie Blade, Bowie's newspaper celebrated its fortieth anniversary recently.

SOUTHPAWS DOMINATED PITCHING IN NATIONAL LEAGUE DURING THE 1931 SEASON, OFFICIAL AVERAGES SHOW

NEW YORK, Dec. 28 (AP)—Southpaws dominated National league pitching during the 1931 season official averages reveal.

In point of effectiveness, the three leaders in the older circuit all are southpaws—Bill Walker and Carl Hubbell of the New York Giants and Ed Brandt of the Boston Braves.

Walker, pitching 239 innings, allowed 2.26 runs per nine innings. Hubbell was second with 2.65 and Brandt third with 2.92. Back of the three southpaws trailed three right handers, Heinie Meinie, Pittsburgh, 2.96; Sylvester Johnson, St. Louis, 3.00, and Fred Fitzsimmons, Giants, 3.05.

On the basis of games won and lost, Paul Derringer, rookie right hander of the St. Louis Cardinals, was the leader with a record of 18 victories and 8 defeats. His teammate, Bill Hallahan was runner-up with 19 and 9.

Walker pitched the most shutouts, 6; Elliott appeared in the most games, 52, and allowed the most runs, 138; Lucas of the Cincinnati Reds pitched the most complete games, 24, and Silas Johnson, also of the Reds, lost the most, 19.

Davis Cup Players Will Aid Charity

CHICAGO, Dec. 28 (AP)—Four outstanding prospects for the next United States Davis cup team, Ellsworth Vines, George Lott, Frank Shields and John Van Ryn, will play for charity at the Chicago stadium tomorrow night.

Vines, the national champion, will meet Lott and Shields and Van Ryn will meet in singles matches. Vines and Shields will meet Lott and Van Ryn in doubles.

A radio broadcast by the Mineral Wells Chamber of Commerce offering a tire cover to the first person responding from each state in the Union brought two hundred fifty letters.

Ex-Queen Of Spain Would Sell Jewelry

LONDON, Dec. 28 (AP)—The Sunday Express says the former queen of Spain has opened negotiations for sale in London of her famous collection of jewelry, reputedly worth at least 500,000 pounds (normally about $2,500,000.)

The Express declares the jewels were smuggled out of Spain when the royal family left the country last April.

Included in the collection are a magnificent crown set with diamonds; a tiara of superb emeralds and diamonds inherited from her god-mother, the Empress Eugenie; a mother-of-pearl and jet necklace; a diamond and aquamarine necklace, and a necklace of turquoise set with diamonds which is worn halfway to the waist.

NEW PLAYERS TO BE ATTRACTIONS FOR ST. LOUIS FANS

BY SHERMAN McNALLY
Associated Press Staff Writer

ST. LOUIS, Dec. 28 (AP)—New personalities, full of attraction for fans, will be seen in the 1932 lineup of the world champion St. Louis Cardinals.

Chief among the additions are Hack Wilson, former Cub fence buster, and Dizzy Dean, eccentric mound star who struck out more than 300 batsmen for Houston in the Texas league last season.

Hack Is Confident

Hack is confident he can regain his lost batting prestige. Dean, who admits "I might be dizzy off the ball field but I'm not dizzy out there on the mound," turned in 26 victories for the Houston Buffaloes last season with an earned run average of 1.53 per nine innings.

Other newcomers will include Lee Cunningham, third baseman; Pat Crawford, first sacker; Eddie Delker, infielder; Joel Hunt, outfielder; Tex Carleton, Houston hurler who won his last 13 starts in the 1931 season; Ray Starr, and Bud Teachout, pitchers.

The 1931 Cardinal squad bids fair to report in force for the coming season.

Chick Hafey, leading National league batsman, and the redoubtable Pepper Martin will be on hand together with the regular infield of Jim Bottomley, Frankie Frisch, Charley Gelbert, and Sparky Adams. Jimmy Wilson is the mainstay behind the bat.

CAGERS ARE TO START WORK

BASKETBALL COACH AT TECH READY TO OPEN PRACTICE SESSIONS

Del Morgan, coach of basketball at Texas Tech, returned from a hurried vacation trip yesterday and set about to collect his forces and fire a salvo of basketball shots in the general direction of the Texas Tech gymnasium backboards.

The team has been working out, off and on, for more than two weeks, but henceforth workouts will be regular and steady, Coach Morgan announces. The first of the week was held this morning. Another is carded for tonight, provided there is no other major attraction at the gymnasium.

Morgan became slightly agitated last week upon learning of the apparent lack of class room ambition on the part of certain star athletes and is lamenting the possible ineligibility of one or two of his hot shots through study hall failure.

The Matadors open their season January 8 and 9 when a series at Amarillo against the Amarillo Junior college Badgers.

FIGHT LAST NIGHT

(By The Associated Press)

NEW ORLEANS—Jose Estrada, Mexico City, and Tony Angliano, New York, drew, (10).

Colored Teams Will Compete Here Today

Honeymooners

Urban Hoddap, star second baseman of the Cleveland Indians, with his attractive bride, the former Martha Garaghan, of Indianapolis, pictured on the S. S. Lafayette when they sailed from New York for Europe on their honeymoon.

AMARILLO, LUBBOCK GAME SCHEDULED AT TECH FIELD

The first football game between colored teams ever played in Lubbock is on tap this afternoon with the Lubbock Black Panthers meeting the Amarillo Black Lions in a return game at Texas Tech field.

The game was to have started at 2:30 o'clock. The teams represent the high schools for colored in Lubbock and Amarillo, and the rivalry is about as great as that between certain other Lubbock and Amarillo teams.

Coach C. R. Sedberry of the Black Panthers announces his team is ready to go after revenge, for it lost to Amarillo in Amarillo early in the season. The score was 25 to 0, reminding of the Westerner-Sandstorm game at Butler Field. After seeing how the Lubbock Westerners made a comeback strong enough to whip Amarillo in the second game, the Panthers sought a return contest with the Lions.

The local colored team has been working out all season, playing intersquad games and keeping in trim for just such an emergency. It is the first year of playing for many of the team members, but the club averages around 160 pounds in weight and is fast and shifty.

WEST TEAM TO SCRIMMAGE

EAST-WEST CLASH TO BE NEW YEAR'S DAY AT SAN FRANCISCO

SAN FRANCISCO, Dec. 28. (AP)—The western football squad, in training for the annual Shrine East-West charity game here New Year's day, planned its first scrimmage today against the Olympic club team of San Francisco.

The westerners, braving mud, worked out in Berkeley stadium yesterday morning but during the afternoon concentrated on plays and formations in the gymnasium. Merle Hufford, University of Washington, and Nick Bican, Olympic club center, were chosen captains of the West team.

At Stanford, the eastern squad under Coaches Andy Kerr and Dick Hanley confined itself to the gymnasium. The coaches said they were particularly impressed with the showing of Clark Hinkle of Bucknell, who has been making long drives through the line in scrimmage.

Quarter Finals In Match Near Today

BALTIMORE, Dec. 28. (AP)—The battle for national titles in the junior and boys' divisions of the United States Lawn Tennis association today approached the quarter final front. Matches started Saturday and the winners will be crowned New Year's day.

Gilbert Hunt, Washington, Maryland indoor champion and number one seeded player in the boys' group, yesterday advanced to the quarter finals.

Mark Hecht of the University of Pennsylvania, number one seeded player in the junior classification and the defending champion, continued winning, eliminating another player in second round competition yesterday.

Play started with 46 in the junior class, players under 18, and forty in the boys' group, players under 15.

CAWTHON IS AT COACH MEET

TECH MENTOR ATTENDS ANNUAL CONVENTION IN NEW YORK CITY

P. W. Cawthon, director of athletics and head football coach at Texas Tech, is in New York City this week attending the annual convention of the nation's coaches. Cawthon left last week and was to have arrived Saturday night or Sunday.

While the national convention is for the purpose of causing the outstanding coaches of the United States to come together in review of the late season and in anticipation of seasons to come, to iron out wrinkles and submit proposals for changes in rules, Cawthon's purpose in attending the convention is more to make connections for Texas Tech. It is thought that upon his return he will announce the leaders in the second annual Texas Tech coaching school. An intersectional game or two may be carded.

Football is due to come in for serious consideration at the pow-wow in New York this week. The job of discovering what—if anything—ails the great fall college, school and sand lot sport, as well as the remedies, rests with the coaches and officials gathering for the meeting. For the first time in many years the pow-wows will be something more than "the week of the big wind."

The forty deaths attributed to football this year will come in for a lot of talk at the national meeting this week and various proposals regarding changes in rules to prevent dangerous plays will be submitted.

Tech's schedule for 1932 is fairly well under hand and needs no filling out, but Cawthon is likely to make arrangements for future games with outstanding teams of the country. This convention is the first at which the Lubbock school has ever been represented.

Thought For Today

But we know the law is good, if a man use it lawfully.—Timothy 1:8.

* * *

Where law ends, there tyranny begins.—Earl of Chatham.

Abolishing Slums

At a time when the government is urged to spend huge sums of money to provide jobs for jobless men and orders for orderless industries, there is something worth thinking about in a report made public in Washington the other day by a sub-committee of President Hoover's conference on home building and ownership.

This group proposed that American cities set themselves to task of eliminating their slum areas and replacing them with neighborhood units—sections in which single family houses would be grouped around schools, churches and recreational centers.

It urged enactment of state legislation so that large tracts of land could be bought to accomplish this; and its chairman, Dr. Joseph H. Pratt, of Boston, added:

"Every citizen should have as a background a home in a neighborhood where there is beauty, convenience and social opportunity. Somewhere in the education of every boy and girl stress should be laid on home ownership and its financing and management."

All of this is a very extensive program—and, likewise, a very expensive one. Except for a few isolated instance, no city has so much as made a start toward it.

Slums still disfigure our cities. The nation contains millions of people who live under conditions that are appalling—conditions that breed sickness, misery, vice and crime, year after year.

Right now a great many people are demanding that the federal and state governments appropriate money to be spent on public works. In many ways these proposals are perfectly sound. Such action would give many jobless men jobs. It would stimulate many different lines of business.

But if that is to be done—why not start with this slum problem? If the taxpayer is to spend millions to make work, could there be a better place to start?

The city slums cripple democracy. Eradicating them will be an exceedingly costly process. Might not the present moment be an admirable time to begin the job?

Understanding

The stupid cruelty which can come from unintelligent devotion to the letter of the law never better illustrated than in the case of that 7-year-old California girl, whom the federal authorities locked in jail for four days recently because she had stolen letters from boxes in a village postoffice.

Of course, tampering with Uncle Sam's mail is a heinous crime—even though this particular criminal was only 7, and used the stolen letters to make paper dolls. But even government employees are supposed to have a certain amount of brains.

A United Press dispatch describing the occurrence says that the little girl was "so frightened when they took her away from her father and mother and her two brothers and sisters that she was unable to talk."

Uncle Sam evidently has two or three employes who ought to be tired without any further delay.

Luxury Of War

Japan seems to be on the verge of discovering that modern warfare, even when it is conducted against a hopelessly inferior opponent, is apt to be an extremely expensive luxury.

To drop the gold standard is to admit pressing financial difficulties. That Japan's financial difficulties are directly connected with her militaristic spree in Manchuria can hardly be denied. The moral is rather obvious.

From a military standpoint, Japan has hardly any opposition in Manchuria. She is "winning the war" on the battlefields in fine style. At home, however, she seems to be losing it.

That Girl on Broadway says some people turn up their sleeves when there is work to be done—others turn up their noses.

* * *

Installment collectors often find people out—in more ways than one.

* * *

WHILE it is probably of no interest at all that The Plainsman has been out of town for the past week it should be of interest to hear what he encountered in other climes. Above everything else, it should be of interest to the folks in these parts to know that in the year 1931—"the Republican Prosperity and Around the Corner Year", as it has come to be known—has been much better to the South Plains than it has been to at least two sections of Oklahoma.

Those two sections are those surrounding Tulsa and Oklahoma City—The Plainsman can't speak for the rest of the Sooner state, not having been there.

* * *

This writer engaged in conversation numerous citizens of both afore-mentioned localities and has yet to hear a single note of optimism.

That is all the more remarkable when you stop to consider that for a generation Tulsa and Oklahoma City have been wonderful business cities—have grown and grown and grown and money has been on the loose.

The only good tidings one can uncover up that way now is "we believe the worst is over."

Outside of that, conversation is largely spent in caroling the well known blues in every chord and key.

* * *

IT'S HARD to believe, but there are vacant buildings in Tulsa and in Oklahoma City. There is little or no construction in either place and on one fairly large building in the Sooner capital construction has been curtailed.

Since there isn't much going on in the way of business and finance, the people are spending their time chawing the beef about Bill Murray—with the citizens pretty evenly divided on that gentleman.

* * *

Business conditions in Lubbock are not as good as we'd like to see them. Compared with 1928 and 1929 they are lousy.

But there is no section of the country where 1931 figures measure up to those of two and three years ago and from everything The Plainsman has been able to understand, they come closer to doing it in these parts than in any other.

* * *

WHERE salaries here have been cut from seven to ten percent, on the whole, they've been slashed in Tulsa and Oklahoma City on a schedule something like this: April 1st, 10 percent; July 1st, 10 per cent; September 1st, five percent—and you can believe that or not. Unemployment is serious.

An Oklahoma newspaper publisher told The Plainsman his business was off 65 percent; the owner of the largest and finest men's store in the state said his volume was off 45 percent.

* * *

It is the opinion of this writer that, as they say in Oklahoma, "the worst is over"—albeit the opinion isn't worth very much if it is supported by Mr. Roger Babson.

It is likewise the opinion of this writer that even if the world-wide slough comes 'wusser and wusser' during the months just ahead, we'll never see the hard times experienced in many places, such as in Oklahoma City and Tulsa where the collapse of the oil industry has made the general depression hit all the harder.

We can face next Friday feeling pretty doggone happy and mighty, mighty thankful—and if you don't believe it, take a little trip into furrin' climes and check up for yourself.

* * *

That Man on Avenue Q says the most satisfactory place in which to live is within your income.

* * *

Anyway, it's consoling to think that no matter what happens, it's not so bad as some of your friends thought it would be.

* * *

A LUBBOCK housewife noticed signs of hilarity in her servants quarters and the next morning she took her Afro-American cook to task.

"Lizzie," she demanded, "were you entertaining a man in your quarters last night?"

The cook rolled her eyes and smirked.

"Wellum", she replied, "I don't like to do no boastin' but I will say I done the best I could to entertain him!"

* * *

A hundred and sixty-eight people met their deaths enjoying the holiday accorded them on December 25, accentuating the queer way we moderns have of celebrating.

Had the old home method of observing the Yuletide still been in force, at least 150 of those killed would still be living.

The awful toll points out that while pleasure is to be sought it must be sought in the way that stresses the fact that the human life is still the most valuable of all earthly possessions.

You'd Never Recognize Him by His Picture

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Last June's Hosannas Turn To Wails On Debt Moratorium Which Congressmen Now State Did More Harm Than Good

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Dec. 28—Only a few short months elapsed between the time President Hoover called for the one-year debt moratorium and the day Congressman McFadden of Pennsylvania directed those sensational charges which implied that the president had "sold out" the country.

Dutcher

McFadden is generally regarded with cold disapproval, but the things that happened to the moratorium in Congress demonstrated again that often we get overexcited or that things do change.

Who doesn't remember the world's hosannas last June? Did one hear the faintest note of protest amid the common assurance that the world had been saved and that the depression was as good as over? What seems especially odd in retrospect was the very definite feeling among both Republicans and Democrats that virtually insured Hoover's re-election.

* * *

The recent picture could hardly be more different, especially considering the fact that Hoover last summer obtained advance assurances of support from large majorities in both branches of Congress.

In both House and Senate members have actually asserted that the moratorium not only did no good, but that its results appeared to have been more harmful than beneficial. The Congress which was expected to pass the moratorium promptly and as a matter of routine embarrassed the administration by refusing to act until after the debt payments were actually due, meanwhile beginning investigations of the moratorium along with other matters of international finance.

It is true that Jack Garner, who was to become speaker of the House, had addressed Hoover heatedly and not without profanity when the president telephoned him long distance in June to obtain his support. Garner told Hoover he had better stand on his own feet and not those of Congress. No one knew the story at the time and there was no discord in the paeans which were only exceeded in their joyousness by their unanimity. But it was the same Mr. Garner who served notice that the House wouldn't get to voting on the moratorium by Dec. 15, as everyone had anticipated.

Congress has been looking so much askance at the moratorium because it is opposed to extending it or to doing anything else likely to lead eventually to debt cancellation or further reduction. But there is also a group now bold enough to describe the moratorium as a flop in answer to the administration contention that it saved Germany from bankruptcy.

* * *

"It was a perfect failure as far as aiding Germany was concerned," says Senator Kenneth McKellar of Tennessee.

"It did not help Germany," says Senator Henrik Shipstead of Minnesota. "In fact, it increased a run on her banks. I do not know of any valid reason for the legislation now. All lines of German credit were very much decreased by the announcement of the moratorium. My information is that it drove Germany much nearer to collapse than she would have been if there had been no moratorium. Her banks did not close until a long time after the moratorium was proclaimed.

"Over 90 per cent of the enthusiasm of Europe over the moratorium was based upon the idea that this was the opening wedge for the cancellation of the debts to the United States."

And over in the House, Representative D. D. Glover of Arkansas says:

"The proposed moratorium is one of the things that hurt business conditions in the United States.

"At the time the moratorium was declared cotton was at 11 cents a pound. It has gone down to 5 and 6 cents, where it is now. Wheat was worth around 40 cents and it went down to 25 cents."

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening in care of this paper, or Central Press Association, 1473 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining." "Feminine Hygiene." "Indigestion and Constipation." "The Care of the Hair and Skin." "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

FOOD FADDISTS

OUR KNOWLEDGE of diet is more scientific than nearly any other field in practical medicine.

Dr. Clendening

The principles of nutrition have been proved and tested over and over again.

In spite of the exactness of this knowledge, false dietetic ideas are widely preached. Fads ingeniously distorting established truths are used as the stock in trade of many advisers of the public. It may be therefore, to examine the solid foundations of dietetics.

Food furnishes animals with the material for movement, life and growth. That is all it does. It can do harm only when (1) it is insufficient for these purposes, or (2) it is more than sufficient and clogs the machinery, or (3) when it introduces harmful elements into the body, such as poisons (eating poisonous plants, mistaking them for wholesome vegetables or eating infected meat) or (4) when it introduces some element which produces disease in the digestive system such as infection with parasites or germs.

Of the necessities of the body we can group movement and life together as energy. The movement of a muscle requires energy and the life processes that go on from such things as the secretion of a gland require energy.

There are six elements in foodstuffs, classified as (1) carbohydrates, (2) fats, (3) proteins, (4) water, (5) minerals and (6) vitamins.

All of them contribute to the production of energy. We have no definite way of measuring the energy value of water, minerals and vitamins. But the value of carbohydrates, fats and proteins we are able to measure very accurately in terms of the energy unit, now familiar to nearly everyone under the name "calorie."

The calorie is an amount of heat. We have to use the calorie because we cannot measure the energy content of food by weight or bulk. Other energy-producing materials are similar. One log of wood may give twice as much heat when burned as another log of exactly the same size and weight. One brand of gasoline gives you more mileage than another.

The calorie used in dietetic calculations is the amount of heat required to raise a kilogram of pure water one degree on the centigrade thermometer at 15 degrees centigrade. In terms of bodily movement it is the amount of energy used up when you rise from a sitting position in front of a door, turn the key in the lock, and sit down again.

We know how much energy carbohydrates, fats and proteins yield per gram when they are in a pure form. Roughly, it is four calories per gram for carbohydrates and proteins and nine calories per gram of fats. There is a slight difference between different kinds of these substances. For instance, olive oil produces 9.3 calories per gram. Glucose produces 3.6 and starch 4.1 calories per gram.

Tomorrow we will discuss in more detail the nature of the carbohydrates.

Salvation Army To Give Other Gifts

Children of the Sunday school of the Salvation Army who missed out in the treat given by the army Friday night at the annual Christmas tree and program, will receive their gifts tonight, it was announced by Captain W. T. Wilson, commandant of the local corps.

When the crowd attending the Christmas program last Friday night far exceeded expectations, Captain and Mrs. Wilson decided to ask the children of the Sunday school to wait for their treat and to let others be served first. Two hundred and nineteen bags of candy and nuts were prepared by Captain and Mrs. Wilson but the attendance was over 300. There are a large number of people who stood outside the building during the program, unable to get inside the hall.

ROBBERS BLAMED

TEMPLE, Dec. 28 (AP)—Police believed the Cale Brothers grocery, which was burned to the ground with a $10,000 loss Saturday, was set on fire by robbers. The safe had been tampered with and tracks showed a truck had been backed up to the door.

DAILY ALMANAC

Cloudy

WEST TEXAS: Increasing cloudiness tonight and Tuesday; slightly warmer in south portion tonight.

EAST TEXAS: Partly cloudy tonight; warmer in central portion; Tuesday partly cloudy. Moderate southerly to westerly winds on the coast.

OKLAHOMA: Partly cloudy tonight and Tuesday, continued mild temperatures.

NEW YORK, Dec. 28.—Timid folk of New York's Blue Book and Social Register set, whose knees begin to quake at the faintest hint of unkind words or insinuating whispering, breathe a bit easier these days.

For one of the big town's most polite, silk-gloved, yet sinister, rackets has been exposed.

To understand the operation of this very profitable game, which is but a modern variation on many old ones, you must understand the state of mind of hundreds of persons who are just managing to climb into the higher social places. Particularly are socially inclined parents fearful when a debutante daughter is about to make her social appearance in society.

Furthermore, you must understand that not even a seismograph is more sensitive than the ears of New York society folk. All those who are "on the in" know all about these matters.

* * *

Now there are certain little periodicals, practically unknown to the man-on-the-street, that appear weekly with items of social chatter. Just now, with the debbie season at full blast until after the first of the year, there is a more careful scrutiny of the paragraphs.

And so, over a period of several months, whisperings of "something funny" have been going around. The whisperings reached one or two of the major society editors and these were rewhispered publicly.

It seems that suave, well-dressed young men and women would appear at the door of certain houses. These would be the homes of people of more or less wealth, whose daughters were coming out or who were personally figuring in the social whirl.

All such folk are intensely eager to make a good impression, to be "taken up" and have the favorable comments of the society publications.

* * *

And so, the bell would ring and the polite, well groomed visitor would ask for So-and-So.

"I represent the Forthnightly Gazette" (which isn't the name) the stranger would begin. (Or some-thing like to interest you in the purchase of so-many shares of our stock. Or perhaps you would like to take a large block of subscriptions for your family and friends."

No threats would be made. Something would be said about a "nice write-up," mayhap, and neat insinuations would follow that generosity would be appreciated and not forgotten. In some instances, the stock was said to have been quoted at from $50 to $100.

All perfectly legitimate on the face of it, one might say, since there is no crime against trying to sell stock.

* * *

But the point was clear—buy stock and you'll get a nice write-up, which you need what with a daughter coming out and all that! Don't buy stock—and out comes something which, while not libelous, will probably set a thousand persons snickering behind their hands! No one said this would happen, it seems. No one threatened but it began to happen!

So, from all accounts, the racket has been working beautifully. Neat blocks of stock, whatever their value may be, were sold. Just how much—no one knows!

They do know that the game has been exposed and several sensational arrests are expected.

The Republicans have chosen Chicago for their 1932 national convention, and the Democrats are eyeing Cleveland. And now all Cleveland needs is plenty of good eyesmen.

For, while a politician wins with his ayes, only a dry agent can succeed with his noes.

Since the Republicans have their convention hall picked out, all they have to do is nominate Hoover, and wait. Wait until the country forgets the depression.

Rumor says the Republicans are having trouble getting donations. When they're in Chicago they might drop in at Cook county jail and ask Al Capone how he does it.

An Amarillo Hereford bull won first in its class at the Wichita Fat Stock Show, Wichita, Kansas, recently.

Flapper Fanny

Many a stage star has barely succeeded.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinies looked the rocket o'er and Scouty said, "We've seen a score of very funny things while we've been traveling all around. We've been seen great caves and castles high, and even met folks in the sky, but, gee, I must admit this is the strangest thing we've found."

The man then said, "Climb right inside. It's built for comfort, on a ride. You'll notice I've made windows so the folks can look right out. Then, when up in the air they go the ground can be seen, down below. Most people wouldn't have the nerve to ride in it, no doubt."

"Oh, shucks, it wouldn't frighten me," said Clowny. "How glad I would be, if I could just sit down and then go whizzing through the air. I'm sure that I'd be safe and sound, unless it tumbled to the ground. You see, it takes a lot to give a lad like me a scare."

This made the other Tinies smile. Said Coppy, "You'd sail for a mile and then you'd start to wish that you were back upon the earth. We've seen you do queer stunts before and every time you start to roar. It seems that fright is bound to make you shout for all you're worth."

Soon Carpy said, "I'll tell you what! If Clowny thinks that he'll so hot, let's all go riding in this rocket. I am not afraid." And then they asked the man, who said, "Well, I don't mind, lads. Go ahead. If you will all sit down inside, a fine flight shall be made.

"But, let me give you some advice, to help the trip turn out real nice. When you are in the cabin just sit still. Don't move around. Now go ahead and all climb in and then the trip will soon begin. But stay out here and make the rocket shoot up off the ground."

(The Tinymites go rocketing in the next story.)

SISTER MARY'S KITCHEN

BY SISTER MARY
NEA Service Writer

pe the kind of candy that most to you is the kind easy to make. Chocolate-creams are delightful and the skill of the maker. process is somewhat long dious, requiring two sep-nd distinct seasons.

Fudge, penouchi, nut brittles, fagamels, jelly bars and many other varieties are easier for the amateur candy-maker than the elaborate and fussy bonbons. Fondant, which is the basis of many candies beside the chocolate covered creams, is not hard to make and is worth trying.

Don't try to do too many things at once when making candy. The nuts should be cracked and the meats picked out ready to use all the ingredients at hand and the d platters to which the to harden oiled ready for use.

MARY

Peanut Brittle

nd one-half cups granu-gar, 1-2 cup white corn -2 cup water, 2 table-butter, 1-4 teaspoons salt, n soda, 1 teaspoon vanil-pound raw Spanish pea-

anuts are weighed after Blanch and let stand in ven while the candy is Mix syrup, sugar and d cook until a few drops cold water form a hard he thermometer registers 270 degrees F. Add butter, salt and nuts and cook until thermometer registers 280 degrees F. Remove from fire and add vanilla and soda which has been dissolved in one tablespoon cold water. Stir and pour onto a large oiled platter or marble slab, spreading with a spatula into as thin a sheet as possible. Let cool a few minutes and pull apart to make thin and full of holes.

* * *

Caramels

Caramels "that melt in the mouth" are well worth a place among the Christmas candies. You can add nuts or not as you please. Black walnuts make a most delicious caramel, for their flavor blends perfectly with the caramel flavor.

Two and one-half cups granulated sugar, 1-4 teaspoon cream of tartar, 3-4 cup white or "red label" corn syrup, 1 cup cream, 4 tablespoons butter, 1-2 teaspoon vanilla, 1 cup chopped nut meats.

Mix one cup sugar with cream of tartar and melt over a low fire until a golden syrup. Stir while melting. Add remaining sugar, syrup and cream. You may think the mixture is ruined at this stage but the lumps will all cook out. Bring to the boiling point, stirring constantly. Boil five minutes ute and add butter. Cook very slowly over a low fire. The fire must be kept low and the cooking must be slow; otherwise the candy will scorch and the butter will not blend with the syrup but will "cook out." Cook until a few drops tried in cold water form a hard ball. If a candy thermometer is used it should register 250 degrees F. Remove from fire and let cool a few minutes before adding nuts and vanilla. Pour into a well buttered square or oblong pan and let stand until firm. Mark into squares. When solid, cut and wrap each square in oiled paper.

TOMORROW'S MENU

BREAKFAST: Orange juice, cereal, cream, soft cooked eggs, crisp toast, milk, coffee.

LUNCHEON: Broiled headcheese, baked potatoes, cinnamon apples, milk, tea.

DINNER: Casserole of fresh cod steaks, tomatoes and onions, baked sweet potatoes, cress and celery salad, caramel custard, milk, coffee.

WASHING CAR WINDOWS

Use wet newspapers to wash your car windows and dry ones to polish them. It is much easier than using a cloth and gives a better shine.

YOUR CHILDREN

By Olive Roberts Barton

©1931 BY NEA SERVICE, INC.

There is one thing children have that older people too rarely possess, and that is loyalty.

A child will stand up for his family and his friends regardless of what may have happened to shake his faith in them. There are more heartbreaks among children through some breach of faith in their loved ones than we can guess.

Unquestionably devotion is the highest attribute of the race. It may not be wise, but what is wisdom? It may be blind, but such blindness is divine.

Children realize that their parents are not perfect, not in the sense that we do, but they know it just the same. A boy may be very conscious of the fact that his father gets drunk, or that his mother has a terrible temper. But just watch him stand up for them if anyone else criticises. Or let his friend be blamed for something and see him turn champion, even against the family.

For loyalty to him is a sort of knight-in-armor affair, and his sense of friendship means championship.

It seems to me that parents are inclined to take this loyalty of their children too much for granted and impose on it—not that fathers get drunk or mothers turn into shrews, although unfortunately this does happen, but in many other ways we take advantage of faith and good nature.

A Case In Point

Take for instance a mother I know who is more interested in bridge and clubs than her home. Not an uncommon thing at all, but this case stands out clearly in my mind at the moment.

Her boy comes home and gets his own lunch. He also comes in day after day at four to find the house cold and empty, then quite regularly at five sets the table and begins to dig around for things for supper—in case "Mom doesn't get home in time to get things started."

A relative criticised his mother one day in his presence and he shouted in rage, "You shut up. My mother is all right. She works hard and needs to get out and have some fun. Mom's just fine." With that he burst into tears.

Almost as touching is another little boy's devotion to his father. This man swears like a stevedore and the things he shouts at his son are terrible. One day the boys teased him about it, and what do you suppose he answered? "My father's the finest man in the world. You're just jealous because you haven't got him. A little swearing don't hurt anybody none." It wasn't bravado to cover up his feelings. He meant it.

And of course there are the little matters, the thousand things we do to affront our children and which an older person would instantly resent. We impose on them constantly.

Strange that they should be so faithful, idealists that they are.

Just Among Us Girls!

SCREEN LIFE in HOLLYWOOD

Madge Evans
A great lover of horses seen with one of her favorites.

(By Central Press)

HOLLYWOOD—What's Frederic March doing, more than one ardent movie fan asks. He's working on something called "The Black Robe."

Same Team Again

Constance Cummings will again play opposite Jack Holt, this time in a story dealing with the secret service. Her last appearance with Holt was in "The Last Parade."

Buzzell Enlarges Scope

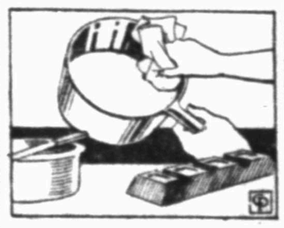

Eddie Buzzell, author, star and time Stories for Grownups," has director of that short feature, "Bed- been signed to direct a feature-length production.

Another For Marx Brothers

"The Four Marx Brothers" are to begin on a new picture on Jan. 11. Norman McLeod, who directed them in "Monkey Business", will direct the new one.

If you keep your desk open, the lamp on it perhaps will look more part which opens instead of up on attractive if placed down on the the top.

Wife Preservers

To prevent chocolate from sticking to the pan, grease the pan before putting in the chocolate. This also prevents waste.

Sally's Sallies

One way of altering the contour of one's nose is to poke it into someone else's business.

GLORIFYING YOURSELF

By Alicia Hart

©1931 BY NEA SERVICE INC.

If you are in a saving mood one thing you can do to be beautiful and yet thrifty is to give yourself manicures.

You probably have a manicure set. If you haven't, you can get your equipment for little money. There are some scientifically assembled sets that give you the elementary implements for little cost.

Just in case you haven't ever given it much thought as to what should constitute a manicuring equipment, here is a list of necessities: Orange wood sticks, cotton, nail bleach, cuticle salve or just plain olive oil, cuticle remover, cuticle scissors, emery boards, whitener for under the nails, enamel or polish, and a real good nail brush.

If you decide to do your own nails, you will find it helpful to give them a thought every night. Wash them carefully, dry equally carefully, then apply olive oil or a cuticle salve to each finger in turn, pushing back the cuticle carefully. One of the best cuticle helps is rose salve, because it is fragrant and pleasanter to use than olive oil.

Should anyone consider making you a present of a manicuring set, you might suggest one of the new travel ones that comes in a pleasing case, each article packed in scientifically, with no useless gadgets but a real appreciation of what is needed.

When you begin home-manicuring, set the days you intend doing them and then keep the appointment with yourself. Often if you use a buffer and a bit of polish on top of your liquid enamel, it keeps them beautiful longer. This kind of thing you learn through experimentation, however.

The Grab Bag

What state is called the State of the Three C's?

What city in United States is known as the Modern Rome?

How many of the names of the states are derived from Indian sources?

Correctly Speaking—

"So" should not be used for so that. Say "They strapped it so that it would hold", not "They strapped it so it would hold".

Answers to Foregoing Questions

1. Arizona is sometimes known as the state of the Three C's—Cotper, Cotton and Cattle.

2. Richmnod, Virginia, which was originally built on seven hills, often has been called the Modern Rome.

3. Twenty-two of the state have names of Indian origin.

A mirror-topped coffee table placed in front of your divan gives persons who sit near it an impression that the room is much higher than it actually is.

Fashion Plaque

THIS IS Schiaparelli's new three-color scarf made of bands of Duchesse satin, brown, yellow and chartreuse green, and the way it is worn.

Next Door Neighbors

Few Years Difference In Age Is No Deterrent To Marriage

By VIRGINIA LEE

ONE of my correspondents, a young man, wants me to discuss a marriage in which the girl is older than the boy. He is 23, he says, and is in love with a girl six or seven years older. She loves him, he thinks, but is afraid that if she marries him her friends will "razz" her.

Virginia Lee

Youthful as he is, this young man, my correspondent, has been married twice, losing both wives by death.

In adolescence, girls do mature earlier than boys. Girls of 18 and boys the same age show a considerable difference, as a general thing. But when both are more than 21, the difference is not noticeable, and if you compare men and women of 30, 40 or 50, or up, there is no difference at all, or what little there is is apt to be in favor of the "female of the species."

Modern women have been made so beauty conscious that they do not dare grow old. They keep up youthful activities so that their bodies are fit, their minds keen, and many a woman of considerably over 60 could pass for 50 or younger.

So it seems to me ridiculous that a few years' difference in ages should be the cause of two people refraining from marrying if they are otherwise suited. I know a woman who married a man six years her junior. He is a serious, quiet chap who seems older than he is; while she is an enthusiastic person who appears younger, and few, if any, of their friends guess that there is any difference in age.

Of course if your ages are known, E. V., your girl friend may expect some razzing from her friends and allusions to "cradle snatchers," but what of it? It would be a small price to pay, it seems to me, in exchange for a happy marriage. Your experiences have doubtless made you older than your years. So if you love this young woman be persistent and you'll win her.

* * *

INNOCENCE: You say you and your mother are good pals, dear. Can't you bring yourself to tell her your difficulty and ask her help? That would be the very best thing to do.

Your boy friend knows he is wrong in his demands and that is the reason he gets angry when you try to argue with him. Don't give in. If you do, I am willing to wager you will lose him, anyway, as he will say he "lost his respect for you." And if you are going to lose him anyway, at least keep your own self-respect. Which you will lose if you give in.

* * *

A LONESOME SWEETHEART: Surely you can find your former boy friend's address, and write him a note telling him that you want to renew the friendship. You needn't be too effusive and regretful about it if you are afraid he will turn you down. You can simply ask him to come to see you if he feels so inclined, and talk matters over. Will this hurt your pride too much?

* * *

A READER: No, the boy of 22 is not too old for you if you are congenial.

* * *

PUZZLED ME: Ignore the rumor and show by your manner when you meet the young man that you are friendly toward him. It would only lead to embarrassment if you spoke to him about the matter.

* * *

ANNA M.: You must have forgotten the 10 cents and the stamped, self-addressed envelope, for I did not find them in your letter. Will you please write again, enclosing them, and L will send the pamphlet on to you.

* * *

SUNSHINE: Let matters take their course. Don't let the man know you care in that way. It may be, if you continue dating him occasionally he will tire of this other girl and come back to you. Especially as he enjoys your company.

BIRD GARDENS

This is the time of year when canaries and lovebirds are apt to droop a bit for want of a bit of green in their lives. You can make a nice little bird garden by planting just a little bird grass seed or other green in a shallow box. Have the box big enough so you can take out the bottom of the bird cage and set the cage right over the garden. Then watch your little pet perk up!

Yellow, gold and pale orange curtains make a room look lighter and sunnier than it really is.

Drawn Shades Won't Sell Goods

YOU say you don't draw the shades in your show windows. Well, DO you draw the shades in the biggest window of them all, in the window that everyone sees, in the window that sells thousands of dollars worth of merchandise overnight? That window is the advertising pages of The Avalanche and Journal.

A window which doesn't wait for prospective buyers to pass by, but goes right into their homes and demands attention. Give your marchandise the sort of display it deserves. The public won't buy what it doesn't know about, no matter how strong the inducements, or how big the bargain. The Avalanche-Journal show window should be YOUR show window.

ELIZABETH ARDEN'S COLOR COORDINATION IDEA

EVOLVES A MAKE-UP
to co-ordinate with
RODIER'S NEW BLUE

RODIER says: "I have found the perfect blue."
WOMAN says: "I too love blue!"
ELIZABETH ARDEN says: "So do I . . . especially when it is worn by a woman with dark brown hair. For it permits me to color her face with Dry Viola Rouge dusted with Lysetta Powder. Viola Lipstick enhances the beauty of this combination. And with Bleu Ciel Eye Sha-Do and Blue Mascara tipped with Black on her lashes, all the warmth of her glance is heightened. Now she is lovely!"

There is a special make-up to increase the becomingness of each of your new frocks . . . Miss Arden has evolved it for you. Ask for this information in our Toilet Goods Department.

Hemphill-Wells Co.

ELIZABETH ARDEN'S COLOR COORDINATION IDEA

REPEAL TO BE CONSIDERED

HEARINGS SCHEDULED TO OPEN AFTER THE HOLIDAY RECESS

WASHINGTON, Dec. 28 (AP)—Hearings on repeal of the 18th amendment will be opened before a senate committee soon after the Christmas recess.

They will be conducted by a judiciary sub-committee of five members appointed Saturday. Two are in favor of repeal or resubmission and a third has said he would vote for a referendum.

The group is headed by Senator Blaine, Wisconsin Republican, who is opposed to prohibition. Other members are Senator Borah, Republican, Rhode Island, who favors resubmission; Senator Ashurst, Democrat, Arizona, a supporter of prohibition; and Senator Walsh, Democrat, Montana, who has said he would vote to resubmit if defeated by the people of his state.

The basis of the hearings will be a resolution by Senator Bingham, Republican, Connecticut, to repeal the 18th amendment, but several other measures proposing modification of the liquor laws will be considered.

MAYOR GIVES UP MOVE TO ENFORCE PROHIBITION LAW

TARRYTOWN, N. Y., Dec. 28. (AP)—Mayor Eugene H. Lehman, who has conducted a campaign against speakeasies, gambling and vice resorts ever since he became mayor, announced in a statement to the people of Tarrytown that he had "given up the effort" to enforce the prohibition law.

"When I became mayor," said the mayor, "I took my oath of office seriously. I believed that the Eighteenth amendment ought to be enforced as long as it was on the statute books and I set out to do it. I set out, also, to break up gambling and disorderly houses.

"With regard to the last two, I believe my efforts have been successful because they were backed by the sentiment of the people of Tarrytown. But with regard to prohibition, I am now convinced that the people of Tarrytown do not want it enforced.

"The prohibition law is being violated openly by prominent citizens, both in and out of office. I am convinced that the law ought to be repealed and I am convinced further that the Eighteenth amendment is of great harm and detriment if other villages have the same conditions that prevail in Tarrytown."

CHINESE ELECT NEW CHAIRMAN

NANKING, China, Dec. 28. (AP)—Lin Sen, 67-year-old president of the legislative Yuan, was elected chairman of the Chinese national government today.

It was he who succeeded Chiang Kai-Shek earlier this month when Chiang resigned as president of the Nanking government under pressure from the Canton faction. That was Dec. 14. A week later the entire Chinese cabinet resigned, Chiang cabinet resigned. Chiang left Nanking and the government was at a standstill.

Today's election was at a plenary session of the Kuomintang (nationalist party) committee.

As chairman of the government Lin Sen has virtually the same powers as president of the French republic.

Linguistic Mix-Up Is Blamed For SOS

NEW YORK, Dec. 28 (AP)—A linguistic mix-up was believed responsible for reported S O S calls which caused excitement along the south and Pacific coasts early today and cleared the air of radio entertainment for 15 minutes while a check was made.

The naval radio station NAX at Colon first reported receiving the S O S and believed it to be from the filibustering ship Superior of the Mexican Gulf Navigation company on its way back to Vera Cruz from Venezuela.

Other stations were ordered to clear the air at once and operators listened for further calls. Various reports were received tending to confirm the distress signal but none of them tallied on position and when the Superior reported safely on its course it was decided someone had misinterpreted a Spanish weather message.

January 31 Final Date To Pay Taxes

January 31 is the final date for payment of poll taxes and also state and county taxes, W. H. Carpenter, deputy tax collector, said Monday.

No check has been made of the number of poll taxes paid so far this month, but Mr. Carpenter anticipates there will be a good increase in January as this is election year for national and state as well as county tickets.

One dollar of the $1.75 poll tax money, goes to the school fund, he pointed out; 50 cents is sent to the state and 25 cents is for the county general fund.

TEMPLE, Dec. 28 (AP)—J. E. Permenter, 62, dairyman, was wounded probably fatally Saturday when his shotgun was accidentally discharged as he crawled through a fence while hunting rabbits. The shot passed through his left jaw and lodged back of his left eye.

Queen of Queens In Missouri

This queen reigns supreme at the Northwest Missouri Teachers college, at Maryville, Mo. She is Miss Velma Dowis, of Sheridan, Mo., chosen first ranking queen of that institution from a group of 50 girls, by James Montgomery Flagg, the artist.

NEW YEAR'S DAY PARADE TO INCLUDE GOVERNMENT, PEOPLE AND THE WORLD

WASHINGTON, Dec. 28 (AP)—The government, the world at large and the people will be symbolized in the procession which will file by President Hoover New Year's day.

Beginning at 11 a. m. Jan. 1, the program calls for reception of "the members of the cabinet; the diplomatic corps and the director general of the Pan American union."

At stated intervals thereafter will come members of a long list of organizations and federal departments, with the usual public reception of citizens beginning at 1. p. m.

Judges To Arrive

Chief Justice Hughes and the associated justices of the supreme court will arrive at 11:15, followed by other judges.

After them the program lists senators and representatives, high officials of the district of Columbia, and the government, including generals and admirals of the army and navy.

Next comes executive assistants of cabinet members and then officials of the Smithsonian institution, civil service commission, members of the interstate commerce commission and a long list of other government commissions and bureaus.

At 11:50 will start the parade of various organizations headed by "the Society of Cincinnati" and ended by "the Oldest Inhabitants' association of the District of Columbia."

Much Cotton To Be Picked In Hockley

Hockley county has a "world of cotton yet to be picked," according to T. L. Mullican, Levelland automobile dealer and president of the chamber of commerce, said while in Lubbock today.

"I know of one gin at Levelland that has 1,100 bales of cotton in its yards that the farmers who own it are holding," Mr. Mullican added. "We will be picking cotton for some time.

"There is a lot of feed in the county. I never saw so much feed there before."

The annual meeting of the chamber of commerce is expected to be held some time in February, Mr. Mullican added. Definite date has not been announced. Directors for the coming year are to be selected at a banquet and business session, and also reports made by the committees and the secretary.

MISSING LINK

(Continued from Page One)

"family," as evolutionists say, the back-boned animals, and about three fourths of all the world's living creatures which were considered beyond the pale of kinship. This vast outside host includes the insects. It is the arachnid family, the jointed-foot animals, creatures which carry their skeletons outside like armor plate instead of inside built around a backbone.

Now, he thinks, he has found the missing link to convince them.

The ostracoderm had six pairs of gills, or arches, in the mouth. Prenatal humans also have gills and other similarities to animals. These animal "vestiges" change rapidly in the developing human into various normal organs.

It appears, Professor Patten explained, that the two upper pairs of ostracoderm gills developed into some of the upperhead bones. The third, fourth and fifth pairs became the upper and the lower jaws. The sixth pair turned into a chin.

"These developmental readjustments," he said, "laid the foundation for the human race."

Six Girls And Boys Held For Shooting

CHICAGO, Dec. 28. (AP)—Two girls and four youths were held today in connection with the slaying of Policeman James J. Caplis during the holdup of the Beach View gardens.

Three others, police said, were sought.

Frank Freeman, 25, accused by police of being the leader of the gang, first said one of the girls fired the bullet which killed Caplis. But the girl, Marcella Royce, 17, a member of a well-to-do family and a graduate of a girls' academy, denied the accusation. She said she and the other girl, Dorothy Evans, 16, a divorcee, acted only as decoys and were in the cloakroom at the time of the pistol battle.

Family Aids Accused Miner

One of a score of men accused in connection with the killing of four persons in the Harlan County, Ky., minewar, W. B. Jones, a miners' union officer, is shown above at his trial in Mount Sterling, Ky. With him are his wife and two of their children, 5-year-old Madge (left) and Loretta, 9.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 28 (AP)—The cotton market here today had a quiet opening, while still under the influence of the holidays. Liverpool cables came in better than due but the gain was offset by easier sterling. The market here opened 1 to 2 points above last Thursday's close and as the New York market was also higher, prices here improved slightly after the start. March trading up to 6.41, and May to 6.59, or 2 points above the previous close.

Later in the first hour the market eased off with a little realizing March dropped to 6.3 and May to 6.55, down 3 to 4 points from the opening highs.

At the end of the first hour the market was quiet but steady, at the lows.

The market ruled quiet all morning. In sympathy with easier stocks prices declined slightly. March dropping to 6.33, May to 6.52 and July to 6.78, or 5 to 8 points down from the previous close. Toward noon the undertone was steadier and prices rallied 1 to 3 points from the lows.

NEW YORK REPORT

NEW YORK, Dec. 28 (AP)—Cotton opened steady today, unchanged to 4 points higher on buying orders from the south and commission houses. March sold at 6.47.

There appeared to be a little more New Orleans and other southern selling after the call and prices slipped off a few points early. By the end of the first half hour March was selling around 6.39 and July 6.74, with the general list showing net declines of about 1 to 6 points. Liverpool cables made a relatively easy showing, an advance in that market on calling and continental buying somewhat short of meeting the pre-holiday advance in the local market.

The market was quiet later in the morning with prices slipping off to 6.36 for March and 6.70 for July, or about 4 to 10 points net lower under a little southern, New Orleans and possibly some Wall Street selling. The comparatively small offerings were taken by trade buying, however and the market at midday was quiet and steady at the decline.

NEW YORK OPEN

NEW YORK, Dec. 28 (AP)—Cotton futures opened steady today: Jan. 6.29; March 6.47; May 6.61; July 6.84; Oct. 7.04; Dec. 7.21.

NEW ORLEANS OPEN

NEW ORLEANS, Dec. 28 (AP)—Cotton futures opened steady today: Jan. 6.20; March 6.41; May 6.58; July 6.76; Oct. 6.97.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 28 (AP)—Influenced by relative weakness of wheat quotations at Liverpool, grain prices here tended downward early today. World shipments of wheat to importing countries were larger both as compared with the week previous and a year ago. Starting at 1-8 to 3-8 decline, wheat continued to sag. Corn opened unchanged to 1-8 to 1-4 up and subsequently receded.

Holiday Death Toll Is 45 In The South

ATLANTA, Ga., Dec. 28. (AP)—Fourteen week-end fatalities brought the south's traffic accident death toll for the Christmas holidays to 45. Since Christmas eve, automobile deaths averaged more than ten a day and suicides, shootings, railway accidents, drownings and mishaps from fire works added approximately a score of deaths to the total.

Georgia led in week-end fatal accidents with four. Alabama, Tennessee and Kentucky had two each. One each was reported from North Carolina, Louisiana, Virginia and Florida.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company. Delivered Lubbock. Grain & Feed — Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Glocker Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT

NEW YORK, Dec. 28 (AP)—The stock market developed a heavy tone today as trading was resumed after the three-day vacation. Volume, however, was light and declines in most instances were moderate.

American Telephone was sold rather actively, losing more than 2 points to a new low. American Can, Consolidated Gas, Lambert, Proctor & Gamble, Westinghouse, Woolworth and National Biscuit sagged about a point. The decline in U S Steel was fractional. Rails were generally firm.

Call money renewed at 3 per cent.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Dec. 28 (AP)—(U S. Dept. Agr.)—Hogs: 1,700; rail hogs unsold, tending weak to lower, trucks steady to 10 lower, mostly 10 off on packer account; truck top to packers 4.65, bulk desireable hogs 4.60 to 4.65, packing sows at 3.75 steady.

Cattle, 2,500; calves: 500; about steady, slaughter calves 25 to 50 higher; slaughter steers 4.25 to 5.50; fed steers 5.00; good fat yearlings 6.25; butcher heifers 4.00; fat cows 3.00; butcher sorts 2.60 to 2.90; stocker trade mostly nominal, heavy slaughter calves 4.00-5.25.

Sheep: 1,000; slaughter lambs, wooled and shorn, steady to 25 lower; good wooled fat lambs 3.75-4.00; good shorn fat lambs 3.25-3.50; half fat lambs on trader account 3.15; feeder lambs 2.75; good aged fat wethers 2.65, strong to slightly higher.

KANSAS CITY REPORT

KANSAS CITY, Dec. 28 (AP)—(U. S. D. A.)—Hogs: 6,500; uneven; steady to 10 lower; top 4.25 on 170 to 220 pounds; 140 to 160 pounds, 3.80 to 4.25; packing sows 275 to 500 pounds, 3.10 to 3.75; stock pigs, 70 to 130 pounds, 3.25 to 3.85.

Cattle: 8,000; calves: 800; indications steady to 25 lower; other classes firm; top heavy steers 8.25; steers, 600 to 11 pounds, 6.25 to 10.00; heifers, 550 to 850 pounds, 5.00 to 8.00; cows 3.00 to 4.25; vealers (milk fed) 3.50 to 6.50; stocker and feeder steers (all weights) 4.25 to 5.75.

Sheep: 13,000; steady to 15 lower to shippers; packers bidding 50 lower; top fed lambs to shippers 5.50; lambs, 90 pounds down, 4.50 to 5.50; ewes, 150 pounds down, 1.25 to 2.50; feeder lambs, 80 to 75 pounds, 3.50 to 4.00.

The student body of the University of Texas includes residents of 40 states and eight foreign countries.

MINE SLAYING CASE OPENS

HIGHTOWER WILL FACE TRIAL FOR MURDER OF OFFICERS

MT. STERLING, Ky., Dec. 28 (AP)—Harlan county's mine labor troubles, in which eight men have been shot to death, again reached the bar of justice today.

The case of William Hightower, president of the Evarts local of the United Mine Workers of America, was set for trial after hearing was conducted on a motion for a new trial for W. B. Jones, secretary of the union under sentence of life imprisonment.

Hightower was charged with aiding and abetting the murder of two deputy sheriffs and a mine commissary clerk in the battle of Evarts last May on a hillside in southeastern Kentucky, in which a miner also was slain. It was on the same charge that Jones was convicted.

Back in Harlan county, funeral services were conducted today for Virgil Sizemore, a deputy sheriff slain Christmas night. Virgil Hutton and Kike Hall, miners charged with the murder, will be given a preliminary hearing tomorrow.

HAWKINS CASE IS SET IN JANUARY

Trial of Joe Hawkins, Crosby county farmer, on a charge of murder for the slaying of his father-in-law, S. M. Watkins, in Crosby county in October, 1929 is scheduled for Hale county district court on January 25, Durwood Bradley, district attorney said Monday.

Meade F. Griffin, district attorney at Plainview, will lead in the prosecution of the case.

This will be the third trial of Hawkins on the charge of slaying his father-in-law. The first trial, held in Crosby county, resulted in a sentence of 50 years but an appeal to the state criminal appeals court resulted in the judgment being set aside and the case transferred to Floyd county.

At the trial in that county last February the jury was unable to agree. When called during the fall term at Floydada, the special venire of 100 men was exhausted and only six or eight jurors secured. Following this Judge Kenneth Bain announced the transfer to the Hale county court.

Mr. Bradley, who prosecuted the case in Crosby county also assisted A. J. Polley, district attorney, in the Floyd county trial.

JAPANESE DRIVE

(Continued from Page One)

nese offensive toward Chinchow, last stand of the Chinese forces in Manchuria.

Considerable reinforcements have arrived from Japan, bringing the Japanese forces in Manchuria now to approximately 20,000. The exact number of troops on hand was kept a closely-guarded secret but the Japanese command no longer considered itself bound to keep the total below the treaty figure of about 16,000.

JAPAN DENIES IT WANTS MANCHURIA

TOKYO, Dec. 28 (AP)—Chinese irregular forces near Changchiatun, Manchuria, a few miles northwest of Tienchuangtai, were reported fleeing today after heavy fighting in an encounter with General Amani's Japanese brigade which was aided in the attack by a squadron of light bombing planes.

The Japanese brigade dispatches to the Rengo news agency said, advanced in three columns, driving everything before it.

The Japanese encountered another group of irregulars at noon near Sanchiatzu and Matao, the dispatches said, and the Chinese were driven back, leaving many dead behind as they withdrew.

The gunfire could be heard at Tienchuangtai, five miles away, reports said. The temperature was 20 below zero.

Tienchuangtai is a few miles west of Yingkow, on the Yingkow branch of the Peiping-Mukden railway.

"Japan wouldn't accept Manchuria, even as a gift," Premier Tsuyoshi Inukai said today in an interview that followed complaints of American business interests that Japan is putting foreigners at a disadvantage in the territory.

United States Ambassador W. Cameron Forbes on Dec. 24 presented complaints of American interests and also was understood to have expressed Washington's concern regarding the open door policy.

REPORT ON ROADS

This report is furnished daily by the South Plains Automobile club, local branch of the American Automobile association.

Roads throughout South Plains and Panhandle are passable but rough.

Motorists are warned to drive slowly on account of chug holes which may cause upsets.

For more detailed information phone club office, 330 or 2200.

Highway No. 137, 21 miles detour from Lubbock to Hockley county line on account of paving—good when dry, difficult when wet.

Route recommended to Oklahoma City, due to detours on U. S. Highway 66. Follow State road 53 to Dickens, State road 100 and 24 to Seymour, No. 277 from Seymour to Wichita Falls, State road 79 to Devol, Oklahoma, same road to Waurika, Oklahoma, U. S. highway 31 to Chickasha, going to Oklahoma City by way of Amber, Tuttle and New Castle. Paving east to Chickasha, detour mostly gravel.

Best route to Dallas: Follow Highway No. 7 to Post, No. 84 from Post to Clairemont, No. 84-A from Clairemont through Rotan to Roby, State road 53 to Anson, No. 16 from Anson through Albany to Breckenridge, No. 1-A to Mineral Wells and U. S. No. 80 to Dallas.

Ernestine Hickey, 4, daughter of the Rev. S. W. Hickey of Decatur, Texas, has been a radio singer for two years.

California Rivers Are Rising Today

SAN FRANCISCO, Dec. 28 (AP)—Fed by one of the heaviest rainfalls on record, virtually every stream in northern California was rising today.

Many overflowed yesterday, including the Sacramento river, which poured water toward Chico, Calif., and inundated lands near Colusa.

Rain fell steadily Saturday night and yesterday, reaching a high at Kennett, Shasta county, of 9.88 inches in 24 hours. Kennett is on the upper Sacramento river watershed.

A snowslide near Cisco last night blocked the Southern Pacific main line east. The Pacific Limited, carrying approximately 100 passengers, was backed to Colfax for the night.

HEAVY DAMAGE IN FLAMES

MILLION AND HALF IS ESTIMATED LOSS IN ALTOONA BLAZE

ALTOONA, Pa., Dec. 28 (AP)—A fire that gained headway while a watchman lay unconscious yesterday destroyed several units of the Pennsylvania railroad's Twelfth street shops. Loss was estimated at $1,500,000 by insurance officials.

The watchman discovered the fire and started to run for an alarm box but fell down a flight of stairs. When he recovered consciousness the fire had spread through oil-soaked waste and grease over the entire floor of the bolt shop.

Oil reservoirs blew up and showered flaming oil. In the airbrake shop acetylene tanks exploded. Three minutes after the fire department arrived the roof of a four-story building caved in and bricks and steel crashed down on the Twelfth street pedestrian bridge, smashing the guard rail.

About 1,100 men were employed in the destroyed units but none was injured, the shops being closed for the holidays.

Railroad officials said the men would continue in service being distributed among the other shops.

HONOR COURT IS SLATED TONIGHT

Program for the presentation of awards for the December court of honor of Lubbock Boy Scouts, to be held tonight in the district courtroom at 7:30, was announced today by D. T. Jennings, scout executive.

George W. Dupree will preside as chairman of the court of honor. A Christmas tree will feature the program with Santa Claus, in the person of Charles Whitacre of Troop 8 committee, will present the awards. Each troop will have all its awards and honors in an envelope on the tree.

Thirty awards and promotions are scheduled, as follows: tenderfoot, four; second class, four; first class, one; merit badges, 12; star awards, two; eagle, one; five year veteran, three and eagle palms, three.

Charter and commissions to troop 2 will be made and also commissions to troop four and eight.

Troop 4 will give a flag ceremony and troops 4 and 8 will engage in a first aid contest. Troop 8 will receive the attendance banner, having won it seven times out of the past 11 month contests.

CULBERTSON

(Continued from Page One)

Lenz and Jacoby have complained of inferior cards since Culbertson began to gain. The records of aces and kings shows no great disparity. In fact, Lenz and Jacoby have held 1,156 aces to 1,124 for Culbertson's side. The kings compared 1,166 and 1,114 with Culbertson's side having held the greater number.

Theodore Lightner, the partner responsible for most of Culbertson's lead, leaves the match tonight. Mrs. Culbertson, who by the contract for the match must take part in at least 75 rubbers, has 27 left in which to play.

Lenz can change partners, now that Jacoby has played at least half the match, but he has given no indications of doing so.

There will be sessions tonight, tomorrow night, Wednesday night and Saturday afternoon.

BABY KILLING

view of the proof as to Brecht's record that has been produced in court.

"Brecht mad a good impression on me on the witness stand as he stood up under several hours of severe cross-examination.

"The court, the district attorney and the police are only interested in seeing justice done and in view of the facts in this case, I direct you to return a verdict of not guilty."

Judge Corrigan remanded the defendants to the Tombs. Giordano already is under death sentence for the murder of Joseph Mullen, a beer checker for the Arthur (Dutch Chults) Flegenheimer gang.

Fog Hinders Hunt For Missing Flier

MARLINGTON, W. Va., Dec. 28. (AP)—Fog and low hanging clouds today prevented six army planes from taking off to aid in the search for Lieut. E. H. Bobbitt, jr., 24, missing army flier.

CAPT. FORSYTH DIES SUNDAY

SECRET SERVICE HEA SUCCUMBS AFTER AN ACTIVE CAREER

DALLAS, Dec. 28 (AP)—Capt. William H. Forsyth, 85, survivor many dangerous experiences as sailor and foe of criminals, died his home yesterday. He was head the United States secret service the southwest many years. Appo ed to the service in 1888, he placed on the retired list five y ago.

While in charge of the New Y district in the nineties, Captain F syth made one of the greatest tures of counterfeiters and eq ment in the history of the se service. About $18,000 of pri bills, paper sufficient to print 000,000 of the bills and nume counterfeiting devices were co cated before any of the spur money had been passed. The c terfeiters' paper was so nearly feet the government adopted other fiber paper for currency.

Forsyth heeded the call of sea when a boy. While still a y he was shipwrecked on an habited island in the Pacific, ing there thtree months and days before the attention of a ing there three months and rescued. The three men who been cast on the isle with him from starvation and Forsyth 60 pounds. He was in a hospit weeks.

DAUGHTERTY
