

COMPETING CUBAN BEAUTY—Marta Garcia Vieta, curvaceous 25-year-old secretary, was chosen as "Miss Free Cuba" and will compete for the Miss Universe title at Miami Beach, Florida. Miss Vieta said it was her first entry into any contest and she wasn't sure of her measurements. "I'm so excited—more for Cuba than for myself," she said. Nineteen girls from Miami's Cuban refugee colony competed. (AP Wirephoto)

Rusk Lashes Out At Red 'Coercion'

WASHINGTON (AP)—Secretary of State Dean Rusk today accused the Soviets of plunging the globe into a long-term crisis by seeking to "impose a world of coercion" upon all others.

Rusk said: "The underlying crisis of our generation arises from the fact that the Soviet Union did not join the United Nations in fact as well as in form, and lend itself to the (peaceful) commitments they and the rest of us made in the

midst of a great war. "The possession of power was transferred once there to ambition for more power."

Rusk laid the blame for post-war international tensions on the Kremlin in a speech prepared for a National Press Club luncheon. The secretary of state had conferred with President Kennedy over the weekend and again today amid a mounting feeling of disappointment within the Kennedy administration at what it regards as an uncompromisingly tough line being pressed by Soviet Premier Khrushchev.

At the same time, Rusk said the United States "can move on with confidence if we are prepared to do what has to be done."

He said Kennedy is moving to strengthen "the free world's capability" to meet "the variety of dangers which have to be confronted."

He called for building a world community as designed by the U.N. charter, strengthening of the North Atlantic Treaty Organization and passage of Kennedy's massive foreign aid program now before Congress.

Closer Scrutiny Of Defense Spending Sought By McNamara

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara, noting that the Soviet Union intends to increase military spending, announced today that the United States is taking another look at its defense program.

Soviet Premier Khrushchev announced in Moscow last week that the Soviet Union has suspended plans to cut Soviet armed forces by more than one million men in view of the world situation.

McNamara said that "the simplest precaution calls for still another examination of our defense posture." He added: "Currently we are as strong—if not stronger—than any potential aggressor."

But in the face of the increasing realities that confront us, such as threats to dispossess us of our rightful presence in Berlin, we can do no less than re-examine our needs. This we are doing."

McNamara's statement gave no indication of what new steps the Kennedy Administration might take to bolster defenses.

Shortly before McNamara's announcement, Roswell L. Gilpatrick, deputy secretary of defense, had informed a Senate Appropriations subcommittee that President Kennedy had called for a new appraisal of U.S. fighting power in the light of the Berlin crisis.

Ever since the Berlin crisis began heating up again a month ago, there has been speculation that Kennedy might order some

disagreed with Tower on nearly all points, saying—

"If we seek to militarily occupy Cuba, we better get ready to occupy militarily a good share of the rest of Latin America."

Curry, a high school youth from neighboring Cisco, is accused of beating and stabbing to death Mrs. Florence Hussey, 53, secretary of Cisco's First Baptist Church.

The respected divorcee's scantily clad body was found June 29 when the Rev. Jesse Castle, pastor of the church, went to her home to see why she had not reported for work.

Eastland lawyer Allen D. Dabney, retained by the accused youth's family, said Sunday night he had been trying all weekend to post bond for the boy.

"But the district attorney and the sheriff, who must set the bond, have been continually out of pocket," Dabney said. "If I can't find them tomorrow, I intend to file a writ of habeas corpus the first thing in the morning."

He said the writ hearing probably could be arranged for 2 p. m. Meanwhile, however, there was conjecture among courthouse authorities who would not be named that Dist. Atty. Earl Connor would agree to bond for the youth in order to avoid a hearing.

"We're going to get Nathan Curry out of jail tomorrow," Dabney said.

The youth was arrested July 4, five days after his body was found. Eastland County authorities said young Curry signed a statement in which he admitted the slaying, but the statement had not been shown to newsmen and Dabney said he had not seen it.

Dabney added: "There were many things" that point to the boy's innocence.

He cited several things which he said make it very doubtful that young Curry killed the woman. They included:

1. That Curry had taken a great amount of birth control pills when he was in the army and was doing so at the time of the slaying.

2. That as far as Dabney knows, no other weapon has been produced, although officers say the woman was stabbed 14 times.

3. That Curry had taken a great amount of birth control pills when he was in the army and was doing so at the time of the slaying.

4. That Curry had taken a great amount of birth control pills when he was in the army and was doing so at the time of the slaying.

form of mobilization to alert the American people to the gravity of the situation and to warn Khrushchev that the United States intends to back up its firm stand against being ousted from West Berlin.

Over the weekend, the House Foreign Affairs Committee made public testimony from Gen. Lauris Norstad, commander of allied forces in Europe, that he feels the time has come for a quiet building up of strength "that would go long way toward passing the Berlin ball back to Mr. Khrushchev."

Gilpatrick said that Sunday's display of Soviet airpower in Moscow was another factor behind the President's order.

The deputy secretary declared emphatically that the United States has adequate fighting power to meet its needs through the

1960's on the basis of what is known now.

Gilpatrick said the Soviet air show in Moscow merely confirmed what the Pentagon had believed—that the Soviet Union still views the manned bomber plane as an essential part of its aerial weapons the same as does the United States.

For the first time, Gilpatrick confirmed what has been generally believed, that the U.S. program now calls for a force of 700 B-52 bombers, backed by the Hound Dog and Sky Bolt missiles, as "sufficient to give us adequate bomber strength in the 1960's."

Gilpatrick said the reappraisal Kennedy has ordered will determine whether the administration will ask Congress for additional appropriations for military and defense purposes this year.

Tower Believes Occupation Of Cuba Is In Future

WASHINGTON (AP)—Sen. John Tower, R-Tex., says Cuba "has become a staging area for the potential infiltration and possible invasion of Latin America by Communism."

He said in a television-radio interview Sunday that the "time may be imminent when we will have to militarily occupy Cuba" to keep it from becoming a springboard into other Latin American nations.

Tower said other nations south of the United States eventually could be shown that the United States was occupying Cuba "for their own good."

He said he wouldn't go along with Russian Premier Nikita Khrushchev's call for a summit meeting on the dispute.

Tower said he thought the best approach was for Russia and the Western Nations "to negotiate and mediate and use personal procedures." He said the United Nations has no machinery to enforce its will against Russia.

Tower questioned whether the uncommitted nations should have a greater voice in the dispute because, he said, "They have a more naive attitude toward the Soviet Union and her designs on the rest of the world that we do and this naivete can cost us a very great deal."

On the same program, Issues and Answers, with Tower was Sen. Wayne Morse, D-Ore. He

disagreed with Tower on nearly all points, saying—

"If we seek to militarily occupy Cuba, we better get ready to occupy militarily a good share of the rest of Latin America."

Families Flee As Cloudburst Hits Austin

BY THE ASSOCIATED PRESS

A 4.61 inch deluge caused flooding Sunday night and Monday in low sections of East Austin, routing some families.

Police Capt. Russell Forrester said a few families from the Govalle district took shelter in the Negro Anderson High School after it was opened to refugees.

Officers said as many as 150 persons might be forced from their homes.

Water collecting on the end of the runway near Austin's new air terminal kept planes from landing until foremen pumped it clear.

The downpour came in six hours to midnight, most of it after 9 p. m. The rain continued early Monday, and more was forecast.

It was the latest outburst of unruly summer weather in Texas.

Earlier violent thunderstorms hit the Houston and Galveston areas and pushed in a heaviest and threatening line down the Texas coastal plains through the Victoria area.

Numerous other parts of Texas had drenching rains, some of cloudburst caliber. Gatesville in central Texas had four inches in six hours.

A tornado funnel whirled amid black clouds near the village of Olivia, 15 miles south of Palacios on the middle coast. Apparently the funnel broke up before it hit ground.

The Palacios airport measured nearly two inches of rain in less than 30 minutes. A blinding rain stopped traffic near Port Lavaca at Indianola.

The UAW's current three-year contracts expire Aug. 31 at the Big Three and Sept. 6 at AMC.

The union returns to bargaining with Chrysler Corp. Tuesday and with American Motors Corp. July 26.

When talks were recessed last Friday, the union indicated it planned to complete its presentation of new contract proposals this week.

Hearing Asked For 15-Year Old Suspect

By CLAYTON HICKERSON

EASTLAND (AP)—A habeas corpus hearing was asked today for 15-year-old Nathan Curry, but there was some courthouse talk that the accused killer of a churchwoman might be released on bond before the hearing could be held.

Curry, a high school youth from neighboring Cisco, is accused of beating and stabbing to death Mrs. Florence Hussey, 53, secretary of Cisco's First Baptist Church.

The respected divorcee's scantily clad body was found June 29 when the Rev. Jesse Castle, pastor of the church, went to her home to see why she had not reported for work.

Eastland lawyer Allen D. Dabney, retained by the accused youth's family, said Sunday night he had been trying all weekend to post bond for the boy.

"But the district attorney and the sheriff, who must set the bond, have been continually out of pocket," Dabney said. "If I can't find them tomorrow, I intend to file a writ of habeas corpus the first thing in the morning."

He said the writ hearing probably could be arranged for 2 p. m. Meanwhile, however, there was conjecture among courthouse authorities who would not be named that Dist. Atty. Earl Connor would agree to bond for the youth in order to avoid a hearing.

"We're going to get Nathan Curry out of jail tomorrow," Dabney said.

The youth was arrested July 4, five days after his body was found. Eastland County authorities said young Curry signed a statement in which he admitted the slaying, but the statement had not been shown to newsmen and Dabney said he had not seen it.

Dabney added: "There were many things" that point to the boy's innocence.

He cited several things which he said make it very doubtful that young Curry killed the woman. They included:

1. That Curry had taken a great amount of birth control pills when he was in the army and was doing so at the time of the slaying.

and withdrew \$5,000. This money, he said, might have been a motive for robbery and murder.

The lawyer, with a long record of success in West Texas criminal cases, also said he had proof that Mrs. Hussey, the day before she died, had an argument with somebody in Brownwood.

Dabney said he had contacted a woman friend of Mrs. Hussey's who went to Brownwood with her. "This woman says Mrs. Hussey 'was very upset' when they drove back to Cisco and that she told her that she was nervous because she had been involved in a terrible fuss," Dabney said.

Meanwhile, Mayor John Webb of Cisco, 20 miles west of here, said the town was jittery.

"Innocent people in this town could be killed," he asserted. "The people are so jittery now it is dangerous to walk up in a man's front yard at night."

"The town wanted the case solved. If it isn't solved someone should come up with something. A murder case should not go unsolved, no matter who it falls on."

Dabney said also that Hugh Hartson, a private investigator from Dallas, had found three women who could corroborate the Curry's family's story of a mysterious black car and of hearing screams at the Hussey residence.

Two of the three women Hartson contacted refused to be interviewed by newsmen. A third talked.

"She is Miss Lucy Callaway, a waitress at a Cisco restaurant. 'I'm almost positive it was a scream I heard,' said the waitress. 'It sounded like a scream of fear.'"

Miss Callaway said she went to bed at about 9 p. m. on the night of the killing, and woke up when she heard a sound. Her dog barked.

"I dozed off again for just a few minutes and then I heard it again."

Dodging The Big Bomb

ARMS CONTROL, DISARMAMENT AND NATIONAL SECURITY. Edited by Donald G. Brennan.

Most of us have a vague, uneasy feeling that some day a man will push a button and the Big Bomb will go off, killing all of us. So we struggle our ostrich wings and conclude there isn't much we can do. Something can be done, and something had better be done. The chances for getting it done would be better if more of us understood the principles involved, and this book explains the principles in full.

It is an enlargement of last fall's issue of Daedalus, the Journal of the American Academy of Arts and Sciences. There are 23 contributors, and they are not always in agreement, since they have different viewpoints. The authors are eyebeards, and that is as it should be. They write in a language any reasonably enlightened reader can follow. They sound a little academic, but the things they have to say are both coldly terrifying and calmly analytical.

technological arms race, which is keyed to the idea of "deterrence"—meaning the idea of having a "second strike" force that could belt the Russians so hard in retaliation for a surprise attack that they had better not make the "first strike." In contrast is the idea of arms limitation—by negotiation or tacit, working routines—which presumably can be worked out while a "stable nuclear deterrence" keeps the world on an even keel.

There are intriguing passages in these pages. For example, Herman Kahn's chapter drives home the point that military capability is going through so many changes that every five years there is a new type of warfare to be prepared for, simply because of technological changes.

The publishers have assembled a whole battery of endorsements from President Kennedy and various top level figures, testifying to the worth of the technical, diplomatic, military, legal and economic discussions in the book.

This reader was particularly impressed by the frequent implications that an international body—the United Nations—is needed to bring what order it can out of international chaos. This subject is brought into focus in a chapter by Richard S. Leghorn.

WINNERS NAMED—The Snyder Beauticians Association met at Snyder High School cafeteria Sunday afternoon for a hair styling elimination contest. Judges were Mrs. Mary Welch and Mrs. Dolly Butler of Lubbock, with Glen Neely of Abilene as narrator. The first place winner will go to Lone Star contest Aug. 14 in Fort Worth. At center, Johnnie Taylor stands behind her model Judy Griffin who was first place winner here. Lorraine Vincent, (right) stands behind her model Betty Row, second place; and Mary Beidleman, third place, is shown with her model Joan Bell.

BRIDE HONORED—Mrs. Ronald Hollister, the former Janice White was honored with a gift tea Friday evening in the home of Mrs. Robert Scott, 3205 Hill Avenue. A color theme of pink and white was carried out in the home decor and table decorations. The couple was married May 26 in the home of the bride's parents, Mr. and Mrs. Houston White, 3109 Hill Avenue. Pictured from left is Mrs. White, mother of the honoree; Janice, and Mrs. Robert Scott.

CALENDAR WOMEN'S

TUESDAY
Jayceettes will meet at Martha Ann Woman's Club, 7:30 p. m. with Jewel Roemisch, hostess.

FRIDAY
Ira Home Demonstration Club meets at 2 p. m. community center. Mrs. Billy Calley, hostess. Ladies Golf Association meets at 1 p. m. Country Club.

Mrs. M. Shaffer Honored With Stork Shower

Mrs. Morris Shaffer of Lubbock was honored with a pink and blue shower Saturday afternoon from 3 to 5 o'clock in the home of Mrs. Bill King, 3000 Thirty-seventh Street.

The lace-covered dining table held a centerpiece of pastel carnations and gladioli, towered over by a stork carrying a new arrival. Appointments were in crystal and silver. Favors were miniature diapers filled with pastel mints.

Hostesses for the occasion were Mrs. Wayne Gladson, Mrs. K. R. Preston, Mrs. J. D. Cochran, Mrs.

Dan Holt, Mrs. Jack Dupree and Mrs. Frank Strom.

Picnic And Party Held At Bell Home Friday

Mrs. W. R. Bell, Sr., assisted by Miss Nellie Cotton entertained a group of friends with a backyard picnic and 42 party Friday evening at the Bell home, 2811 Avenue U.

Those enjoying the evening of entertainment were Mrs. Golda West, Mrs. Henry Brice, Mrs. Lora Miller, Mrs. John Leftwich, Mrs. J. F. Morgan, Miss Vela Bell, Mrs. Mabel Belcher and Mrs. Alice Northcutt.

Two-Cheese Polenta

1 1/2 cup enriched white corn-meal
1 teaspoon salt
7 ounces Gouda cheese
Butter and grated Parmesan cheese
Mix the cornmeal and salt with 2 cups cold water. Stirring constantly, add to 1 quart boiling water in a large saucepan. Cook until thickened, stirring often. Cover; continue cooking over low heat about 10 minutes or until very thick. Meanwhile grate cheese coarsely—there should be 2 cups very lightly packed. Add grated Gouda to hot cooked cornmeal; stir until melted. Turn into jelly-roll pan (15 by 10 by 1 inch); that has been rinsed with cold water; chill thoroughly. Cut into small squares; place 1/2-inch apart on jellyroll pan. Dot with butter and sprinkle with cheese. Broil until hot and browned. Makes 12 servings.

Orange Fritters

1/4 cup pancake mix
1/4 teaspoon salt
1 egg (well beaten)
2/3 cup milk
2 medium-sized oranges (peeled and sectioned)
Confectioner's sugar
Stir together the pancake mix and salt; add egg and milk; stir well. Batter will be slightly lumpy. Roll orange sections in sugar, then dip in batter. Fry fritters in hot (350 degrees) 1/2-inch deep fat until golden brown—about 1 minute on each side. Drain on absorbent paper. Sprinkle with sugar; serve at once. Makes 8 servings.

Brown tiny cubes of bread in butter and sprinkle with grated cheese; use as a crisp and flavorful topping for soups, casseroles, fried eggs, split pea or other vegetable soup.

Clements Girls Receive Special Camp Awards

Carla and Janeen Clements, daughters of Mr. and Mrs. N. R. Clements, 3005 Avenue U received special awards at the Heart O' The Hills Camp recently.

Carla was named sub-junior queen of the week for the Pawnee tribe. She was chosen on the basis of her cooperation and individual improvement in various activities.

Janeen was awarded the Senior Modern Jazz medal for outstanding achievement in the dance department. At closing ceremonies, "The Naming of the Braves," this silver award was presented on the basis of attitude, interest, attendance, conduct, participation, and advancement of skill in the field.

Awards were presented by Mrs. Kitty Magee, director of the camp.

Hills Have Guests From Oklahoma

Guests in the home of Mr. and Mrs. D. W. Hill and family, 321 Avenue U are Mrs. Hills sisters and their families of Oklahoma City, Okla. They are Mrs. Flora State and Melinda, Mrs. Calvin Martin, Claud, Gail and James Larry.

Blueberry Pie

1/4 cup sugar
1/4 teaspoon salt
3 tablespoons quick-cooking tapioca
4 cups blueberries
Pastry for 9-inch double-crust pie
1 tablespoon butter or margarine
Mix together the sugar, salt and tapioca; mix with berries. Roll out half the pastry dough and fit into pie pan; fill with berry mixture; dot with butter. Roll out remaining pastry so it is 1 inch larger than pie plate; fit over berries; tuck edge under and, flute and seal. Cut about 6 slashes in center of top pastry; open slits thoroughly with knife. Freeze, wrapped appropriately. Bake unthawed in hot (400 degrees) oven about 1 hour and 10 or 15 minutes. Serve warm with vanilla ice cream.

Mary's Salad

3 cups torn romaine or other lettuce (lightly packed)
1/2 cup thinly sliced celery
1/2 cup minced parsley
2-3 cup Swiss cheese strips
2-3 cup baked ham strips
3 tablespoons olive oil
3 tablespoons garlic-flavored vinegar
1 tablespoon chopped chives
1 tablespoon grated Parmesan cheese
Arrange the romaine, celery, parsley, cheese and ham in a salad bowl; cover tightly and refrigerate. At serving time mix with the oil, vinegar, chives and cheese. The ham will probably provide enough salt; if not, add salt and pepper to taste. Makes 2 main-course servings.

Cheese Snappies

1 roll (6 ounces) soft cheddar cheese
1/2 cup butter or margarine
1 cup flour
Cayenne and paprika
Mix cheese, butter and flour with a dash of cayenne until combined. Shape into two rolls, each about 1 1/2 inches in diameter. Wrap in waxed paper; chill several hours or overnight. Slice 1/4-inch thick; sprinkle with paprika. Bake a couple of inches apart on greased cookie sheet in a hot (400 degrees) oven 5 to 10 minutes. Makes about 36.

Multiple Choice Mania Slops Over Into Many U. S. Fields

BY INEZ ROBB

The multiple-choice examination paper is an educational device that has come into widespread use since my alma mater turned me loose on the world. Now a passing grade simply depends upon X-marking the right spot.

In my day the only choice was to write what you knew on the subject under examination and hope for the best. It is possible that the multiple-choice examination is one of the major influences in lowering the standard of written and spoken English, so deplored by educators among high school and college students.

But the multiple-choice gimmick was too good and too easy to be confined to examination papers. It has now sloped over—and I use that phrase advisedly—into a great deal of magazine writing.

One can scarcely pick up a magazine today without being confronted by 20 "just why the number should always be 20" escape-me multiple-choice questions that will tell the reader whether she is the perfect wife, mother, P.T.A. chairman or straw boss, or reveal to him whether he is best suited to be doctor, lawyer, merchant, chief or pal.

The long and short of it is that I came recently on one of these multiple-choice magazine pieces dealing with the validity of old superstitions. The first question asked the reader whether he believed that hair could turn white in a single night from fear or other causes.

La. with all-night beauty shops springing up all over the nation, I did not have to turn to the back of the book to know the answer to that one, which is "YES." Rather, and I am now speaking of my sex, the hair does

not turn so much white as light in a single time capsule, be it before or after sunset.

And fear usually does it all right—fear of that first gray hair, especially if one has turned a corner of that blue-supper-in-the-day's office, fear of middle-aged megrims, or fear that one may never really know any gentlemen prefer blondes.

I was about to include fear that rockin' chair will get you, but this is no longer valid. On the New Frontier, the rocking chair is a symbol of youth.

A very precocious woman, Barbara Stanwyck, once said that "only the young die good." While there is a large grain of truth in

Miss Stanwyck's observation, it is the more mature who dye determinedly. Today, silver threads among the gold can be regarded as purely accidental or a just cause either for one's money back or a new color-job on the house.

I don't want to be accused of running a bucket shop, but if I had money to invest in a long-term gamble, I would begin to accumulate stocks for the long haul in firms that manufacture beauty products, especially stuff to "tint" the hair. "Dye" is a dirty word in the trade.

My decision is based on a report of the International Committee for Demographic Studies, which reports that real blondes are rapidly disappearing. Even in such countries as Sweden, real blondes will be all but extinct by 1950. So the situation elsewhere is apt to be critical much earlier.

Far from seeing a "brunette cycle" in the offing, as the committee predicts, I see only a more determined rise in the synthetic as-the-real-thing-becomes-more-and-more scarce. Let's face it: the artificial scarcity of real blondes has had anything but a depressing effect on the rhinestone market.

In fact, quite the reverse. Rhinestones increase not only in quantity all the time but steadily and vastly improve in quality. The latter have improved so much that it takes a smart girl today to tell which is her best friend.

Nature, said Oscar Wilde, imitates art, and the truth is that it is getting harder and harder to tell one blonde from another, borned or bottled.

(Copyright 1961 by United Feature Syndicate, Inc.)

July 21, the first day of summer in the United States, is the first day of winter in the southern temperate and polaric zones.

No Injuries Reported In \$100,000 Alvin Fire

ALVIN, Tex. (AP)—Fire swept through a cafe and two stores in the business district and did an estimated \$100,000 in damage.

No injuries were reported in the fire Sunday. The flames hadly damaged the cafe, a building upstairs that used to be a pool hall and an appliance store next door.

The fire also burned the South-main cable for Alvin, cutting telephone service from Alvin to other cities. It also disrupted service from Houston south to cities beyond Alvin such as Freeport, Angleton and other areas in Brazoria County.

Missile Try Ends In Puff Of Smoke

POINT ARGUELLO, Cal. (AP)—The United States' first attempt to launch a missile-alarm satellite into an orbit that would have taken it over Russia failed spectacularly today when the 96-foot projectile failed to lift from its launching pad.

If the launching had been successful, the 30-foot-long Midas satellite would have gotten its first look at Soviet territory in about three hours. The second stage of the projectile, all of which was designed to go into orbit, contains an infra-red eye to sense the heat from a missile's exhaust hundreds of miles below.

Eight minutes after the launching failed, the Air Force said the attempt had been canceled for today and might be rescheduled for Tuesday.

This was the third straight instance of difficulty with the new skyspy. Midas 1, launched Feb. 26, 1960, failed to orbit. Midas 2 orbited May 24, 1960, but its radio failed.

Texans Among Crew To Find Capsule

HONOLULU (AP)—Two Texans were crew members of the C119 Flying Box car that made the aerial recovery of the Discoverer XXVI capsule Sunday.

They are Staff Sgts. John Beckwith 27, of Harlingen, flight engineer, and Thomas Mills, 26, of Kerville, winch operator.

Soviet Won't Accept Laos Proposal

GENEVA (AP)—The Soviet Union has rejected a new British compromise proposal aimed at breaking the deadlock that has all but halted the 14-power conference on Laos.

Sov' in their eighth week, the talks have bogged down over Communist demands that the neutrality of Laos be proclaimed immediately and Western insistence that an effective cease-fire in Laos must be assured first.

Malcolm MacDonald, British co-chairman of the conference, told today's meeting that he made his new proposal on Saturday to the Soviet co-chairman, Georgi Pushkin, who immediately rejected it.

MacDonald said this was his plan: "We should discuss both matters simultaneously. We could discuss neutrality the first day, cease-fire control the second day, and then continue with both problems on alternate days."

PHNOM (PENH, Cambodia) (AP)—Prince Norodom Sihanouk says the king of Laos now is the key figure in settling the Laotian problem.

In a statement issued after his return from the Geneva conference and meetings with leaders of Laos' three feuding factions, the Cambodian chief of state said the conference also had resulted in stabilization of the military situation and surface reconciliation of all three of the warring Laotian princes.

Rebels Rap Dodgers; Phillies Flip Tigers

Saturday night makeup action saw the Pony League Rebels outlast the Dodgers 12-9, the highlight of the action being a second inning grand slam homer as offered up by losing hurler Corky Fox.

Fox tried mightily to win the game practically single-handedly in the hitting department, driving in six runs for the evening. But the Dodger effort fell shy due to a six-run spurge on the part of the Rebels in the fourth frame.

Rebel Tom Kincaid slammed a second-inning leadoff homer for the other half of the game, while teammate Ramon Valdez doubled in the fourth to add fuel to the winning fire.

Valdez reigned as the victorious hurler.

Other action had the Colt League Phillies bouncing the league-leading Roby Tigers by a slim 4-3, with a seventh-inning run by Rob Hall as scored on a balk telling the tale.

Hall had gotten on by single, his second of the evening in three trips.

Pete Greene and Lupe Lopez each doubled for the winning nine, also, while Tiger left fielder Tony

Foreman led the way for his mates at the platter with two singles in three appearances.

Ronnie Bennett hurled the win, allowing five hits over the span.

Bob Waddell was tagged with the loss while being touched for eight safeties.

Advertising Managers Take Part In Meeting

FORT WORTH (AP)—The Texas Newspaper Advertising Managers' annual summer meeting Sunday, talking shop.

About 30 advertising managers were on hand to hear speeches and take part in round-table discussions.

John Murphy of Houston, executive director of TDNA activities, spoke about TDNA activities.

The main speaker was Wilson Crook Jr., of Dallas, executive vice president of Crook Delegates, who told delegates that newspaper ad salesmen must step up their merchandising methods.

The association's mid-winter meeting will be held here Jan.

The Rich-Get Richer

BY THE ASSOCIATED PRESS

Leading Amarillo of the Texas League and Veracruz of the Mexican League increased their margins Sunday as the two circuits split even in the Pan American cup.

Amarillo moved to a 2½-game bulge by trimming Pozo Rica 3-2 while second place Tulsa; was losing to Veracruz, 2-1. Veracruz increased its lead to a full game when runner-up Puebla in the Mexican League split a doubleheader with Austin.

Eight games were played and each league won four. It made the six-day standings in the Pan American Association 19 victories for the Texas League, 15 for the Mexican League and one tie.

Richie Windle furnished Amarillo its push in beating Pozo Rica. Windle singled in two runs in the sixth to put the Gold Sox ahead to stay.

Silvio Castellanos worked a five-hitter as Veracruz beat Tulsa but he had to pitch himself out of deep trouble in the ninth.

Puebla beat Austin 2-1 in the first game as Pedro Almonarez honored and a couple of errors led to the winning run in the sixth. Austin took the nightcap 2-1 on Les Bass' sterling three-hitter.

San Antonio and the Mexico City Reds split a doubleheader. The Reds took the opener 5-3 on Eduardo Escalante's two-run triple. San Antonio won the second game 4-0 by scoring four runs in the tenth inning.

Monterrey beat Victoria 7-3 with a five-run spurge in the sixth inning.

Ardmore clipped the Mexico City Tigers 4-2. Don MacLeod gave up only four hits and the runs by the Tigers were both unearned.

The New York Titans will play only one home football game at night next season. They meet the Oakland Raiders on Saturday night, Nov. 11.

CLEANUP MAN—Jim Gentile, slugging first baseman of the Baltimore Orioles, holds four bats—one for each grand slam homer he has hit this season. He hit the fourth as a pinch hitter against the Kansas City Athletics in Baltimore, tying an American League record for the number of home runs in one season. Celebrating with him are, from left, Ron Hansen, Whitey Herzog and Hank Foiles—who were on base when Gentile hit the homer. Baltimore won 6-2. (AP Wirephoto)

AS TIGERS SWEEP TWIN BILL; YANKS SPLIT

Detroit Holds Slim Lead

BY THE ASSOCIATED PRESS

Ace right-hander, Frank Lary pitched a three-hit shutout in the opener and the Detroit Tigers swept a doubleheader from the Los Angeles Angels 1-0 and 6-3 Sunday, regaining the American League lead by one percentage point over New York.

The Yankees split with Boston, winning the first game 3-0, behind the five-hit pitching of Roland Sheldon before losing 9-6.

Baltimore gained control of third place, seven games behind,

Smith Peppers Greenhill 15-2

R. E. Smith romped and stomped to a 15-2 City Softball victory over Greenhill Baptist in weekend play, where a pair of grand slam homers spiced the action of the evening.

Kenneth Drake clouted the first one in the initial inning, and Lammert the other in the sixth frame.

Drake came through to slam another homer with nobody on, and Lammert poled a fifth inning circuit smash with one on to add to the onslaught.

Winning hurler Leroy Leard, who gave up five hits over the course of the game, helped his own cause with a pair of triples, while Smithmen Powell and Glass each tripled and doubled and Johnny Drake collected a two-bagger.

For Greenhill, Hataway tripled for the only extra-baser as landed by his team.

Rinehart was tagged with the loss.

Dallas Teenager Held On Kidnaping Charges

MESQUITE, Tex. (AP)—A Dallas teenager was under kidnap charges today after authorities said she forced her former wife, 16, into his car.

He surrendered with her at Lindale in East Texas Sunday.

The youth is Jerry Graham, 19. He was charged with kidnaping Patricia Elaine Klein of Mesquite.

Police said the girl was pulled from a car while she was on her way to work in a car driven by Ted Scott, 20, of Mesquite.

Graham and the girl were divorced June 1 after a year of marriage.

GIFT FOR IKE—Former President Eisenhower examines a mahogany likeness of himself at Gettysburg, Pa., office. The head is a gift from the West German government.

THE LADY OF LIBERTY—Here's a view of the Statue of Liberty that rarely is seen by the average tourist. The picture, taken from a blimp, delineates the famous landmark on its raised star-shaped pedestal on Liberty Island in Lower New York Bay.

Big Companies Struggling To Bring Profits Up To Par

By SAM DAWSON

NEW YORK (AP)—Translating business recovery into terms of larger profits is proving tough for many companies. And the stock market is paying increasing attention to their struggles.

Early reports on earnings in the first half of the year show 1961 net income still trailing 1960 at about the same rate as in the disappointing first quarter, before the recession corner had been turned officially.

Many companies hope for a better second half, based on expectations of larger sales. But a goodly proportion concede that production costs continue to rise. Still, competition is weakening prices in some industries. And both trends bode for the profit outlook.

Even the banks have now joined the parade of profit falterers, after generally showing rising earnings right through the recession. Most of the nation's largest banks report a drop in earnings in the first half, compared

with a year ago. They blame a dip in interest yields on loans and other investments as well as rising operating costs.

The nation's railroads have been among the hardest hit by the recession. Its effects still plague the eastern lines particularly. They serve the large industrial areas where increasing production is just starting to mean more freight movement. Some lines have operated in the red until recently.

The Association of American Railroads estimates that the Class I roads (those with operating revenues of \$3 million or more a year) had combined net income of \$17 million in the first five months of the year, compared with \$195 million in the like 1960 period. A slightly better June should lessen the gap for the full six months.

Nonfinancial corporations heard from so far are mostly those with fiscal years closing earlier than the calendar year. Their first half results thus are short one or more months of the general recovery period. But their tightened profit margins are nonetheless interesting to their stockholders and to the U.S. Treasury, which will see in declining profits a portent of loss of receipts from corporate income taxes.

The first 112 nonfinancial companies to report for their six months show 61 with earnings trailing the like 1960 period, and 10 in the previous year.

Combined the 112 cleared \$243,500,000 in this six months period, compared with \$285,016,000 a year ago, for a decline of 14.5 per cent. Some industries are touched by the recovery less than others. But as usual, individual companies within industries go their separate ways.

It's a thoroughly scrambled list—with almost as many reasons for the variations as there are companies.

But the totals lean to the downside and are still waiting for the general business recovery to beef up the profit margins.

Winning Easy For Governor

SAN LUIS POTOSI, Mexico (AP)—Official candidate Manuel Lopez Davila was elected governor of San Luis Potosi state last Sunday by a margin of more than 2 to 1 over independent Salvador Nava, a labelling of ballots disclosed Sunday.

Nava led in only one district in this city. The other 10 went heavily for Lopez Davila.

No incidents were reported in San Luis or other points in Mexico, as the counting of the votes to elect a new chamber of deputies, five governors and other minor officials progressed slowly during the day.

Everywhere, candidates of the official Party of Revolutionary Institutions (PRI) were leading overwhelmingly over the opposition Party of National Action (PAN) and other minor parties.

In Coahuila, PRI candidates polled 231,000 votes against 7,500 for the PAN.

In Nuevo Leon 205,050 votes were reported for the PRI and 10,000 for the PAN.

In San Luis, with only two districts remaining to complete their count, official sources said 108,685 votes had been tallied for Lopez Davila and 45,315 for Nava.

The threat of a general strike called by Nava last week remains in force for Tuesday.

Prison Stay Leaves Sally Speechless

ALDERSON, W. Va. (AP)—Mildred Gillars, the Axis Sally of World War II, walked out of federal prison today with a flourish.

The starring voice of Nazi propaganda broadcasts was still the actress.

A reporter asked for a statement on her first reaction after 12 years in prison, and Miss Gillars replied, "Well after some 15 years in prison, what am I supposed to say?"

That's as far as she would go. She was hustled into the car of a sister, Mrs. E. Em Nieminen of Ashtabula, Ohio and was driven off.

Miss Gillars was convicted of treason in March 1949 and was sentenced to from 10 to 30 years. She was released on parole today.

As Axis Sally, she conducted Nazi propaganda broadcasts during World War II beamed to American troops overseas and Americans at home. She played sentimental recordings and wondered aloud to the GIs about what their girls back home were doing.

Miss Gillars, now 60, said she could not say whether she was going into a convent—as has been reported.

GIVING DEMONSTRATIONS—Joann Smothers, right, and Quinn Cunningham, left, give facials to customers at the Merle Norman Cosmetics Studio at 1806 Twenty-sixth Street. In addition to handling all skin problems, the studio carries Merle Norman products, Norman for Men and an exclusive line of jewelry.

Take All Skin Problems To Merle Norman Studio

"Try first and then buy" is the motto of Merle Norman Cosmetics, and this applies to the studio located at 1806 Twenty-sixth Street in Snyder.

The local Merle Norman Cosmetics Studio is owned and operated by Joann Smothers.

By the motto the owner says they mean, "Come in and let us give

you a free demonstration. In the free demonstration we find your proper coloring, tell you how the skin functions and what causes skin problems."

"When a person knows what causes skin problems, he or she can cope with them better."

"Also, we like to check each customer's color at least two times a year and three if possible. A person's skin will change shades with the season as well as with the years," she added.

No person can own a studio or work in one without training. Merle Norman has a training school for beginners as well as for advanced studio owners and workers.

Joann Smothers has been working with Merle Norman in Snyder for the last 12 years. She has trained Quinn Cunningham, who works in the studio and who gives both demonstrations and contours.

Joann extends a special invitation to teenagers who are having skin problems to come to the studio. This invitation goes not only to girls but also to boys. Merle

Norman's three steps to skin care can help both.

Merle Norman Cosmetics have the Good Housekeeping seal of approval. Merle Norman Cosmetics International were also chosen as the official cosmetics of The International Beauty Congress.

Merle Norman stresses that whether you have a skin problem or not, the way you take care of your skin is the way your skin will hold up. Merle Norman wants her users to look smooth and well-groomed, but above all, natural.

The studio also carries Merle Norman products of all types, men's line in Norman for Men, and an exclusive line of jewelry.

Merle Norman is asking that you don't let your skin get a day older without coming in to the studio at 1806 Twenty-sixth Street and phoning HI 3-6512. You will be welcome!

Plans Good For Dam In Louisiana

BATON ROUGE, La. (AP)—Preliminary steps will be taken by mid-August on the \$60 million Toledo Bend dam, a joint Texas-Louisiana project which will create one of the South's largest man-made lakes in six years.

The dam will be built on the Sabine River, southern boundary line of the two states, about 17 miles northwest of Leesville. The lake will cover 181,000 acres.

Claude Kirkpatrick, Louisiana public works director, said soil borings would be underway by Aug. 15 to get information for the design of the dam, spillway and powerhouse. Surveys then will be taken to determine the contours of the lake.

The dam is expected to be completed within 18 months. Electricity generated by the project will retire revenue bonds issued by the joint Sabine River Authority.

49 Dead, 27 Critical In Formosa Disaster

TAIPEI, Formosa (AP)—The toll from a train-bus collision in Southern Formosa rose today to 49 dead.

Twenty-seven persons were still on the critical list. Blood transfusions were being administered to all of them.

The disaster Sunday, worst of its kind in Formosa's history, occurred when a express train rammed into a bus near Chiayi. The bus was split in two and the wreckage toppled into a canal.

Both the bus driver and the conductor, a girl, were among the killed. Police said they failed to heed a regulation requiring the driver to stop the bus before the crossing while the conductor walked across to signal whether a train was coming.

Wanted: Something That Wiggles

HICKAM AIR FORCE BASE, Hawaii (AP) — Air Force fliers who plucked another Discoverer nose cone from the sky on its return from space hoped today that the next aerial recovery "gives us something that wiggles."

Armies at this mid-Pacific base said they were confident they could retrieve any capsule that could be brought back into the earth's atmosphere.

But next time, said one, "please, let's have something alive in there. These instruments are getting routine."

Discoverer XXVI's instrument-jammed nose cone was snagged in the air by a C-119 recovery plane Sunday as the space capsule parachuted 270 miles northwest of Hawaii.

The two-engine plane, over the Pacific, was the, in fact, made the catch on its first pass with its trailing trapezoidal hooks. The recovery came just 28 minutes after the capsule was kicked loose from space over Kodiak, Alaska.

Congress Acting After Long Holiday Recess

WASHINGTON (AP)—Congress starts a plodding week of action today, getting back into gear after a long Fourth of July recess.

Three key bills—foreign aid, the National Defense Education Act, and the farm bill—may emerge from Senate committees this week. But neither house has scheduled action on any major measures.

The president of Pakistan, Mohammed Ayub Khan, addresses a joint session of the Senate and House Wednesday.

Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, predicts a close committee vote on President Kennedy's five-year \$8.8 billion foreign aid program. He said its chances looked brighter after the committee heard Secretary of State Dean Rusk plead for its passage last week as a key weapon in the cold war.

Midland Crash Kills Martin County Man

MIDLAND (AP)—Robert Vanoy of Tarzan, in Martin County, died Sunday night of injuries suffered Friday in an auto collision in Midland.

BOUGHT WITH FARM SUBSIDY—Farmer William T. Smith, center, of Big Flats, N. Y., shows a sign on the back of a Cadillac which he purchased with a farm subsidy. At left is Sen. Jacob Javits and at right is Sen. Kenneth Keating. New York's Republican senators, Smith made the down payment with money he received for taking 104 of his 262 feed corn acres out of production. He said he will pay off the balance with an additional \$3,663 he expects to get in the fall under the program. (AP Wirephoto)
