Jack Frost Holding Off Milo Harvest

Hansford County's huge milo harvest has begun to dribble into the elevators. Jack Frost just won't cooperate so that farmers can really get in earnest in harvesting the 15 million bushel milo crop. They need a good killing frost followed by several days of good drying sunshine to ready the grain for harvest.

Ralph Blodgett at B. and B. Grain Company has had some 240 loads dumped at his elevators the past 3 weeks. About the middle of last week dumping picked up a little but it is coming in slow. The milo is good-60 test-with moisture testing between 14-15. Spearman Grain company has had some to trickle in. Fox stated that it is all good, heavy milo but that most farmers won't get really started for about another 2 weeks.

E. J. Copeland at Equity elevators received around 50 loads over the week end. Some is testing on the borderline but the average is running under 15 moisture in most instances. No yield figures have come in yet, but the grain is good and heavy, better than average.

Farm House Burglarized

A farm house, 20 miles north of Spearman, belonging to Gus Renner was burglarized last Friday night. Thieves took canned food, tools, riding gear, bed clothing, etc.

No one lived at the farm home but the Renners keep a supply of food and bed clothing there for use when they are in residence while doing their farming. Sheriff's officers investigated the burglary.

R. L. McCLELLAN IS IMPROVING

R. L. McClellan remains in a Lubbock Hospital this week, but is reported to be improving. R. L. was moved from Intensive Care into a private room last Sunday.

His sister Mrs. Jimmy Hicks spent the week end in Lubbock and reported that R. L. was doing fine, and looking real good. R. L. was seriously injured in a car accident in Lubbock on October 1.

No One Injured In City Wrecks

City Police officials investigated three wrecks in the city last week. Damages to vehicles was heavy, but no one was injured.

On October 5th an accident occurred at Dillon and Davis streets between a 1960 Olds driven by Irvin Sasser and a 65 Chevy pickup driven by Leo Whetstone. Damages totaled \$500.00.

On October 8, a 1964 Ford and a 1965 Ford, driven by Hal Shufeldt and Bruce Bailey, received about \$150.00 damages in an accident at main and Highway 15.

On October 10, Jerry Halley driving a 1959 Ford and Charles Dawson driving a 54 International truck, had an accident at south Brandt and Kenneth. Damages were \$400.00.

Lady Golfers Invited Out October 20th

Spearman's golfing association will play host to the Tri-State play day for women golfers at the Spearman golf course Thursday, October 20. Tee-off is at 9 a.m.

All Spearman ladies who are members of the Golf club are urged to participate in this 18 hole play-day. It is not a tournament, and is designed merely for a get-together for those who like to play golf. You do not have to be a good player to participate in this, a fact most Spearman women haven't had a chance to play this year at all because of construction work on new greens at the golf course.

Ladies from Perryton, Dalhart, Stratford, Guyton, Liberal and Ulysses are expected here for the play day.

An 8:30 coffee and registration at the Cattleman's Cafe is scheduled. Registration fee is \$2.00 which includes lunch. After the meeting at the cafe, golfers will go out to the course to begin teeing off at 9 a.m.

Spearman Artist Wins First In Show

Mrs. Nelda Sheets, above center, her painting of "The Madonna" in the Forty Best Show held in Amarillo last Friday.

The "Forty Best Show" an annual event of the Amarillo Fine Arts Society, opened Friday in the Hospitality Room of the Tascosa National Bank where the exhibition will hang through October 28.

First prize of \$150.00 in contemporary was awarded to Nelda Sheets of Spearman for "The Madonna."

In 1964 Mrs. Sheets won second

place in the show and last year she and another Spearman artist Mrs. Ruth Bryan placed in the 40 best.

Juror for The Forty Best Show was Dr. Donald G. Humphrey, director of the Philbrook Art Center of Tulsa. In addition to selecting the 40 paintings from over 100 entries and choosing the top six works, he also awarded honorable mention to eight other

paintings. The balance of the exhibit also contained works by Beth Phelps and Ruth Bryan, twin-sisters from Spearman, and three paintings by Nelda Sheets.

Mrs. Sheets is being honored with a one-man show in the Gruver Library this month. The exhibit will hang throughout the month of October.

Spirit Wagon Pride Of SHS

If you have been wondering what all the blowing of horns, and ringing of bells is for each Friday afternoon, it's just the new "spirit wagon" getting a work-out from Spearman high school cheerleaders. It travels to every ball game too!

The new Lynx spirit wagon was an original idea in coordination with the Cheerleaders and the Booster club. It was born just 3 weeks ago, and was created by these people: Don Hendricks designed & built the wagon itself. Richard Holton donated the metal to build it. American Trailer and Equipment Company of Amarillo donated the air horns and air tank. Batteries and connections came from Owens Sales Company. The siren was donated by the Booster Club. The paint came from Spearman Motor Parts and the painting was done by Excel Body Shop.

The bells were donated by Irvin Davis and the wheels and axels were donated by Western Auto. School students feel, and everyone has echoed, "it's a great idea and a real winner." They also want to express their appreciation and thanks to the men who put time, effort and materials into the building of the "spirit wagon."

Chamber Asks Decision On Water Depletion

The Spearman Chamber of Commerce, Water Resource Committee Mr. Jim Burks, Chairman and Mr. Johnnie C. Lee, Co-Chairman stated that they had contacted Mr. Ellis Campbell, Jr. District Director, Internal Revenue Department, Dallas Texas requesting that his office give the Spearman Chamber of Commerce an opinion and render a decision concerning underground water depletion allowance for tax reasons.

Wayne B. Smith, Manager had requested information previously as to whether a tax case would have to be established or if the South Plains verdict, which allows tax depletion, could be used. If the South Plains court decision can be used as a Test case then much time and expense would be saved to the farmers and ranchers of Hansford County.

The tax allowance would also be used in the resale of land and water rights.

PAINTINGS EXHIBITED IN PERRYTON, TEX. Oil painting students of Mrs. Bill Hutton will have over 40 paintings on exhibit in the Perry Memorial Library in Perryton October 16. Open house hours are from 2-5 p.m.

Everyone is invited to attend the exhibit.

Mrs. John Berry Attends Cliburn Piano Sessions

Mrs. John Berry spent last week end in Ft. Worth attending the final sessions of the Van Cliburn International Piano Competition. The sessions were held in the Ed Landrath Auditorium on the TCU Campus and in the Will Rogers Memorial Auditorium.

First prize was \$10,000 and it was won by Rada Lupu of Romania, a twenty year old young man. The only American in the finals was Barry Snyder of Bethlehem, Pennsylvania. He won second place.

ACS Delegates Collect Wager At State Meet

Mrs. A. R. Bort of Gruver, Unit Delegate, and R. L. Kieberger, M. D. director on the Board of the American Cancer Society Texas Division, have just returned from Houston where they attended the Twenty-first annual meeting of the American Cancer Society October 5-6.

Key areas in Texas were presented at the election of Directors-at-large of the Texas Division. 62 directors, 30 physicians and 23 laymen were elected to places on the Division Board of Directors.

Dr. Kieberger of Spearman will again serve the American Cancer Society on the board of Directors, Texas Division.

Election of Officers for the 1966-67 year saw Alton B. Goldston M.D. of Amarillo, outgoing President, hand over the gavel to John F. Thomas, M.D. of Austin.

The morning of October 6th was devoted to a Case Presentation Program of five Texas physicians. Discussing colon and rectum cancer in laymen's terms, the physicians emphasized the enormous number of lives that could be saved from this form of cancer if early diagnosis and prompt and proper treatment were routine among adults.

Triumph Texas collected their share of a wager at the annual meeting when the Crusade Chairman from Pennsylvania, Mr. Diehm, travelled to the Lone Star State to present 500 Pennsylvania apples--Texas' bounty in the pre-crusade bet between states for the highest percentage increase. Texas not only won the bet with Pennsylvania, but led the nation in percentage raised--a rousing 1153 percent of the 1965 total.

(Hansford lacked \$1.00 bettering their "best" in funds collected during the April crusade for Cancer.)

FOOTBALL REPORT

By Coach Wright

Our Offense looked better than it has all season. We moved the ball well and controlled the ball most of the game. We made 285 yards on the ground and 5 in the air so you can see that our running game has picked up. However, I was not satisfied with all of the fumbles we had. We fumbled the ball 7 times. This is far too many. We had been averaging about two or three per game. Fumbles and penalties hindered us throughout the first half and the coaches feel that it cost us a couple of TD's at least.

We knew their weaker spots and continued to hit at these areas throughout the game. We planned to hit them inside tackle to tackle until they stopped us and then go wide. They never stopped us inside so we stayed with this most of the way.

The films show some pretty good blocking in the line. However, of the 7 linemen we felt that 2 were poor in blocking. One of our offensive backs did very poorly in the blocking department and two others were only fair. This is one phase that will get a great deal of attention this week. We must get better blocking from our offensive backs. I think we can expect an improvement in this department this week. The backs hit the holes better and with more authority. I was pleased to see less lateral running and more turning up the field by the backs. They lowered their heads and drove for the extra yardage. Jerry Holton can like a demon and played well on defense.

Our defense played another fine game. The pursuit was good and the boys kept the pressure on them all the time. I was very pleased with our coverage on punts. Randy Moore's punting helped us keep good field position. Karl Kunselman continued his outstanding coverage on kicks. Our defensive secondary did a good job. Mike Davis started for the first time at a defensive safety and turned in a good game. Gary Cates turned in one of the top tackles and did an excellent job on returning the punts. Steve Jordan played top defense. Although his height is a definite disadvantage for a defensive back he makes up for that deficiency with lots of lustre and desire. Bobby Smith played a good game both on offense and defense. Bobby reminds me a great deal of an all district corner back I had while at Lubbock High. Same height, weight, speed and sophomore classification. We are real proud of our sophomores this year. They have helped us a great deal. The sophomores starting for us either on offense or defense or both ways are: Bobby Smith, Wesley Jenkins, Joe Vandenberg, Steve Holton, and Mike Davis.

The boys needed this one very badly. Our confidence had begun to drop and was beginning to tell on us. We have a good football team. The difference is that we dropped the first 3 close ones when it could have gone our way just as easily. The boys spirits are good and we expect the kids to really get after Fritch this Friday night. Fritch has tremendous size. They are probably the largest team in our district. Their strong point is their size and weight advantage. Their speed is about the same as ours.

I think the school spirit is excellent. A number of the seniors on our squad said that school spirit is much better than it was last year. This helps a lot. I think we can credit the cheerleaders, the student body, the administration and the teachers with this fine school spirit. Our booster club is playing a big role in the building of school spirit. The "Spirit Wagon", the signs, the blazers all these things come from people who are vitally interested in their athletes and school. This makes everyone part of the "TEAM".

We are very grateful for this wholesome healthy attitude.

Coach Wright

Mr. and Mrs. Jerry Taylor of Amarillo and Betty Brown, Student at WT were home the past week-end visiting the girls parents, Mr. and Mrs. G. I. Brown. Mr. Brown is a patient in Hansford Hospital recovering from injuries he received last week.

Mr. and Mrs. H. D. Moran were here for a visit one day last wk. with their daughter, Mr. and Mrs. Don Denham.

Mrs. Bob Hohertz and children visited with her parents in Canadian over the Week-end.

Audience Will Serve As Jury

Did Karen Andre commit a murder or not? is the question that must be answered by the Jury at Spearman High School Auditorium on October 25th. The curtain rises at 7:30 sharp; the question will be answered about 9:30 the same evening. No one knows the answer yet.

The Drama class, directed by Mrs. June Porter, will present this outstanding play "Night of January 16th." (see story on school page for details.)

Audiences generally leave the theatre after performances of "Night of January 16th" debating the correctness of the verdict. The play is built in such a way that the guidance of the defendant's guilt or innocence is evenly balanced and the decision will have to be based on the juror's own feelings toward the case and upon the juror's own characteristics. Either decision will bring the protest of the opposite side; the case will be a challenge bound to arouse arguments and discussion. It's underlying conflict is the eternal conflict of two definite types of humanity. Thus, it is really the audience that is put on trial.

Mr. and Mrs. Irvin Dolk are visiting this week in Tucson, Arizona with their daughter, Marva Sue, who is a librarian in the Tucson City Library.

Mrs. Marshall Walker spent last week in Amarillo visiting her daughter and family. Mr. and Mrs. Milton Tyson and family.

Mr. and Mrs. Chalmers Porter were in Amarillo last week to attend a voice recital in Canyon by Miss Elsie Porter. The recital was in honor of the 50th wedding anniversary of Mr. and Mrs. John McCulley held at St. Paul Lutheran Church.

Laura Pearson Accepts Award

A proposed series of Fashion Shows to be presented informally in private homes of selected Spearman women will generate funds for local charities, according to Mrs. Laura Pearson of route 1, Spearman, local sales director for Con-Stan Industries, Inc. of El Monte, California.

Mrs. Pearson is shown above accepting a certificate of achievement.

Farmers Union Hansford Unit Organized Tues.

The state office of Texas Farmers Union at Waco announced today that new county units have been organized in Hansford and Ochiltree counties.

State Farmers Union President Jay Naman presented the official charter to the Ochiltree County Farmers Union at the 14th Plains Electric Cooperative at Perryton, 7:30 p.m. Monday, October 10th.

The chartering ceremony for the Hansford County Farmers Union was at the Memorial Building at Gruver, 8:00 p.m. Tuesday, October 11th. State President Jay Naman of Waco addressed this meeting.

Officers for the coming year and delegates to the state Farmers Union convention to be held at Mineral Wells in November were elected at these meetings. The newly chartered groups adopted resolutions to be submitted at the state convention.

The organizational co-chairmen for Ochiltree County are Dean Slaughter of Perryton, Cecil Leitch of Perryton and Billy Conner of Farnsworth.

The organizational co-chairmen for Hansford County are F. A. Shapley of Gruver and Harold Groves of Spearman.

P-TA Parents Attend School

Spearman Parent Teachers Association met for the first meeting of the year Monday evening, October 10 in the Junior High Auditorium. A similar meeting was also held at the High School for parents to attend classes on student's schedules.

The meeting was called to order by president Bill Massie leading the flag ceremony. Reverend Doyle Schnelle gave the invocation. Minutes were read and approved a treasurer's report was given.

All chairmen were also given an opportunity to give their reports. Er. Reeves explained the new project for the year which was voted on and approved. More information will be given at a later date on the new P-TA project.

Mrs. Allen's third grade won the cake party for having this month's highest room count of parents present. Mr. Allen's 7A won the membership drive by having 40 members joining the P-TA out of a prospective 47.

After the business session, Back-to-School night was held for the parents. Parents went through the schedule their youngsters have had met the teachers and visited the student's rooms. After "school" the executive committee served coffee and donuts in the cafeteria.

While parents attended the meeting, the High School Home Economics department provided this month's nursery. Children were entertained by a cartoon film.

November 14 will be the date for the next meeting to be held in the Jr. High Auditorium at 7:30. A nursery will again be provided.

Mr. and Mrs. J. D. Helms and Sons visited in Floydada over the week-end with his parents Mr. and Mrs. P. D. Helms. It was Mr. Helms birthday, and J. D. and Donna helped him celebrate.

and for volunteering sales and service to her community."

Presenting the award is Lee Trent, Con-Stan executive vice-president, who said that Mrs. Pearson was honored in this manner during the organization's recent annual sales seminar because of her collaboration in developing a new public service plan to be inaugurated in Spearman, one of several pilot cities selected throughout the United States and Canada.

According to Trent, Mrs. Pearson worked with other sales directors and Home Office Executives in developing a Unique formula whereby part of the proceeds from the Sales of Con-Stan Merchandise may now be donated to local charities.

This year's sales seminar was held recently at the Sands Hotel, in Las Vegas, Nevada according to Mrs. Pearson, who said that a preview showing of Con-Stan's exclusive, new Jeuniquie Fashions line was the highlight of the event.

Zip Numbers To Be Provided By Post Office

Beginning soon, local post office carriers will distribute two cards to each resident, address with spaces for addresses the householder wishes ZIPPED.

After placing their un-coded addresses on the cards, printed legibly, cards may be dropped into any letter box or returned to their letter carrier. No postage is needed.

The project is part of Postmaster General Lawrence F. O'Brien's program to make Zip Codes more accessible to the mailing public. In completing the cards, only the street address and city and state are required. Individual names should not be listed. Postmaster Elmer Jacobs emphasized the importance of including a return address on the front of cards so they may be returned after addresses have been coded. Additional cards are available from carriers or at the post office.

Ford's famous quiet ride comes in 18 beautiful styles for 1967

Quieter because they're stronger. Stronger because they're better built. For '67, the best-built Fords in history.

COUNTRY SQUIRE WAGON

XL 2-DOOR HARDTOP with new swept-back roofline

LTD 2-DOOR HARDTOP with new Landau roof

3 new LTD's. All three LTD models—2-door hardtop, 4-door hardtop, and 4-door sedan—offer conveniences like a transmission that shifts both manually and automatically (standard), and a full-width front seat that divides to adjust individually for driver and passenger.

2 new XL's. Both the XL 2-door hardtop and convertible offer, as standard, bucket seats and console, plus spirited

289-cu. in. V-8. A 7-Litre power option includes a 428-cu. in. V-8, power disc front brakes, and sports steering wheel.

13 new Galaxies, Customs, wagons. Convertibles, wagons, hardtops, sedans all offer basic Ford strength and quiet, plus a wide range of conveniences and options. Wagons provide a two-way Magic Door that swings out for people and down for cargo.

Better ideas from Ford. SelectShift Cruise-O-Matic transmission shifts automatically... or lets you shift manually without a clutch for things like climbing hills, downshifting to save brakes, pulling trailers, getting extra traction in mud and snow, or just for fun. It's available on every '67 Ford. And all '67s come with Ford Motor Company Lifeguard-Design Safety Features.

JUNIOR FIRE MARSHAL

Johnny Hartford says:

**EVERY YEAR MORE
THAN 6,000 PEOPLE
DIE IN HOME FIRES**

If a fire should break out, do you
know all the vital rules about
smoke, and smoke inhalation?
Such rules could save you and
your family from asphyxiation.
(See if you can pick out the most
important points to bear in mind:)

- 1 Because heat and toxic fire gases
rise, crawl or crouch to avoid smoke
inhalation.
- 2 Take short breaths, breathing
through your nose. Avoid gulping
large lungfuls of smoke.
- 3 Cover your face with a damp
cloth to help filter out smoke.
- 4 Wrap babies in wool — It helps
protect skin from heat.
- 5 Don't open doors if they feel hot.
If trapped, seal up cracks around
door with whatever's handy. This
can prevent smoke from coming
through for some time.

OCTOBER 9-15
IS
**NATIONAL FIRE PREVENTION
WEEK**
Points 1, 2, 3, 4 and 5 are all important.

JUNIOR FIRE MARSHAL

Johnny Hartford says:

90% OF ALL HOME FIRES BREAK OUT BETWEEN 9 P.M. AND 3 A.M.

Night-time fires are worst. You can help prevent them by following a few elementary rules. Make it a daily habit before going to bed.

Do you know what they are? Find them out from among these:

Check ashtrays for smoldering cigarettes.

Turn off unnecessary appliances. Make sure portable heaters function properly.

Check stoves and turn off all burners.

Keep First Aid Kit handy.

Make sure bedroom doors are shut.

'67 CHEVELLES

Chevelle SS 396 Sport Coupe

NOW, as many kinds as there are kinds of drivers to enjoy them—from the SS 396 (the Chevelle for the DRIVING MAN) to the brand new Concours Custom Wagon!

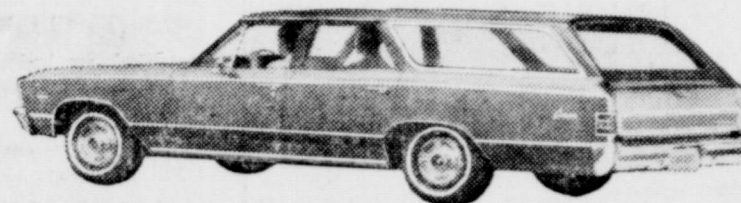

Long live Chevelle! And its trim dimensions, sharp performance and great maneuverability.

For '67, there're a new grille, new wraparound taillights and distinctive sheet-metal changes. The effect is a newer, more contemporary look.

As for specific models, one is completely new: the sumptuous Concours Custom Wagon shown below, featuring the rich look of wood outside. Then there's the SS 396 with a 396-cubic-inch Turbo-Jet V8, special suspension and an even

more remarkable capacity for delighting the stout of heart. Other models, too: Malibu, 300 Deluxe and 300, all with Body by Fisher.

In addition, every '67 Chevelle carries a multitude of new safety features such as a GM-developed energy-absorbing steering column, four-way hazard warning flasher, dual master cylinder brake system with warning light. Try a Quick-Size Chevelle at your Chevrolet dealer's.

LYNX CLAW

CHOIR PROGRAM TO BE OCT. 21

By Kay Huse
The choir program, being presented by Mr. Howk and his talented high school choir groups, will differ from the choir programs in the past. This year there will be staging to add just the right background to the choir. Mr. Howk says that all his choir groups will be on stage together, which is something else new.

LIBRARY CLUB MET OCT. 10

By Nancy Burke
The librarians are busy arranging for the new bound magazine volumes this month. These volumes are monthly issues of last year's magazines. They also have been working on the bulletin board, which depicts the careless driver. The objective is a reminder for the drivers to slow down and live.

LYNX BAND PRACTICE CONTEST MARCHING

By Danny Robertson
The LYNX band is about to finish its contest marching show. The band has been working on the routine for the last few weeks. They have been adding different parts each week.

The contest this year will be held at Canyon in the Bufano Bowl on November 1.
The past few years, Spearman LYNX Band has worked up an admirable record at the District 1-AA VIL band contest. They have won nine consecutive sweepstakes and are working on number ten.

The rating of sweepstakes is

obtained by achieving a division I in marching and a division I in concert. The contest will be held in Hereford, later in the year.

CHRISTMAS CORONATION DECEMBER 17th

By Jimmy Kunkel
On December 17, Spearman High School annual staff will sponsor the Christmas Coronation.
At this Coronation Mr. and Mrs. S. H. S. will be crowned and the other favorites will be recognized. Following the Christmas Coronation a dance will be given at the Ken-Tiki.

TEXAS HISTORY CLASS VIEW SLIDES

By Gail Upchurch
History class isn't always just names and dates.
Recently David McClellan showed one of the Texas History classes slides that he took at the university of Texas. These slides of the campus were taken from the university tower.
David told the class a little about the science research he did this summer at the university.

He also told what he knew about the sniper killings.
The teacher, Mr. Allen, who attended the University of Texas, told the class about some of the different buildings and other features on and around the campus.

FHA INITIATION OCTOBER 11

By Jeanette Davis
The Future Homemakers of America conducted an initiation service Tuesday, October 11 at 7:00 p.m. During this service the new F. H. A. members were given their membership cards.

The hostess for this meeting was Betty Mathis. Linda Edge was in charge of the devotional and Charlene Bulls gave the program on hobbies.

SHS CHEERLEADERS

By Ronnie Gilbert
This weeks report is on eight girls who do more work than anyone to promote school spirit. These eight girls are our cheerleaders: Janie Beck, Linda Hand, Marsha Schuman, Debbie Brock, Sue Sloan, Penny Sanders, Hazel Lesley and Karen Baggerly.

The cheerleaders have built up the school spirit from just about the poorest ever to the best. They have everyone yelling their loudest by creating a competitive spirit between the classes. According to most of the students the junior class is the loudest.

The cheerleaders have put in many hours practicing yells. Every week they decorate the halls with slogans of what they want done to the opposing team during a particular week. The girls spend many afternoons and weekends working on posters.

The whole student body should thank each cheerleader for her work.

SCHNELL AND MCCLELLAN OWN REGISTERED BULL

By Ronald Gray
Last week we had a feature on the registered bull owned by Phillip Renner and Glenn Bodgett. This week we have a story of the bull owned by Clay Schnell and Bill McClellan.

When Schnell and McClellan got theirs, he was about two months younger than the other. They bought a cow with this bull and nursed him for awhile and then put him on pasture. They now have him on a weight-gaining ration and will feed him this until he reaches maturity.

They will show him everywhere they can and then sell him. This one won't go to Denver as the other.

ANNUAL STAFF

By Jimmy Kunkel
The Spearman High School annual staff is in charge of photography editing and the arrangements in the new '67 LYNX annual year book.

The annual staff consists of 4 members each with a special job. Steve Baggerly is in charge of taking pictures of the many S. H. S. events for use in the annual. Lawrence Brown is the sports editor and reports on all athletic events. The main editor for the annual staff is Debbie Standerfer; Janice Trindle is the business manager who directs all the financial details and the problems involved in getting the annual year book to print.

DRAMA CLASS BEGINS REHEARSALS

By Judy Jones
The drama class clavers have been selected and rehearsals have begun. The production of play, "Night of January 16th" is scheduled for October 25, according to Mrs. June Porter, who is directing the play.

Strictly speaking this is a play without a heroine, but Cloetta Fullbright has been selected for the leading feminine part, that of Karen Andre, defendant in the murder trial. Nor has it a hero, the principal male role being that of the prosecuting attorney that will be played by Gary Bengie. Also portraying the rest of the cast are the defense attorney Stevens, Tony Hester, Nancy Lee Faulkner, Debra Brock.

Twelve important members of the cast remain to be chosen, but they fortunately need no rehearsals and will not be selected until the night of the performance. They are the jury who will listen to the evidence and render the verdict. The jury verdict will depend which of the two endings written for the play will be used.

F. H. A. DEGREE NEWS

By Jeanette Davis
The Future Homemakers of America have a degree of achievement program. This program gives a student an opportunity to learn more about the F. H. A. organization & to grow as an individual, a member of a chapter, a member of a home and a member of a school and community.

When an F. H. A. member works toward a degree, she needs to choose definite goals toward which to work, to make plans for working toward her goals, and to decide if she has shown enough growth toward her goals to achieve the degree. She will need to work with her chapter adviser, other members of her family, her chapter and community who can

give her suggestions and help. When a member has achieved her goals for a degree, the chapter may give her recognition by conferring on her the degree toward which she has worked. A member having achieved the Junior Home-maker degree, is entitled to wear the symbol of that degree, the key. The symbol of the chapter degree is the scroll.

FASHION NEWS

By Connie Fowler
Wondering what to wear for these outdoor fall activities this fall? The western, pile-lined jackets are very warm and especially good for those cold October football games. They are made of fake leather or suede cloth in cowhide colors.

You will steal the scene when you arrive in a pants suit of wide-wale corduroy. Matching jacket and stove pipe pants achieve the look of a great sporty ensemble. British walking suits, create the tailored appearance of the pea jacket and A-line shirt. These are very fashionable in small prints.

MARINE SERGEANT SPEAKS AT S. H. S.

By Danny Robertson
Spearman High School had a visitor, a United States Marine Corps sergeant who had just recently returned from Vietnam. The sergeant had a film to show the student body about the Marines activity in Vietnam. It gave a different slant on the whole war over there.

The sergeant told of the way the people lived there and said that the Vietnamese didn't even know what soap was. He said that when the Marines started to hand out soap to the natives, the people thought it was food and started to eat it.

The program had been offered to the school and was sponsored by the V. S. M. C.

CURRICULUM STUDY FOR TEACHERS

By Jim D. Crawford
This year the Spearman school system has a curriculum study for teachers. The study is actually a guide, which, when completed, will outline the minimum standards of all courses in the school system.

It should make the transition from level to level smoother for the student, will allow teachers to omit some repetition and possibly indicate where emphasis is needed. This study must be agreeable to the teachers, because the comment "I like it" was uttered by a teacher.

THE SPORTS CORNER

By Ronnie Gilbert

This weeks report from the sports corner is a report on eight people who, in many students eyes, work very hard. These men, who do their best to help promote school spirit & to help students are our coaches.

The four varsity coaches are George Wright, Jim Allen, Larry Anthony, and Allen Simpson. Two varsity basketball coaches are Dean Weese, girls basketball, and Allen Simpson, boys basketball. Eddie Clemons coaches the freshmen and Jerry King coaches the eighth grade.

Coach Wright, a graduate of the U. of Tenn. coaches the offensive and defensive backs.

Coach Allen, who graduated from the U. of Texas, works with the guards and the centers. He also coaches the defensive line.

Coach Simpson, head boys basketball coach, graduated from West Texas State University. Simpson works with the ends and also scouts far us.

Coach Anthony, Rice University graduate, coaches the tackles and the seventh grade.

Clemens, a graduate of West Texas State, coaches the Freshman and Coach King, also a graduate of West Texas State, coaches the eighth grade.

Coach Weese, known to all as the man who led our girls state basketball champs last year, is our trainer and cameraman.

"Our coaches work very hard for the school. We all must appreciate their work and their ability for making young men and women out of us," said Junior Cheerleader Debbie Brock.

STUDENT BODY CHEERING SECTION

By Brenton Haworth

The Spearman High School's most recent addition, in the way of organizations, is the student body cheering section or the S. B. C. S. for short. The organization is a group effort, everyone shares ideas on boosting spirit, both in school and in the community.

The cheerleaders have been working on ideas for the organization all summer and it is working out well, with thirty-six attending the initial meeting.

That will be charged next week, though. We plan on doubling or tripling that many for this week's meeting, stated head cheerleader Janie Beck.

Janie also says that is the kids club, not the sponsor or the cheerleaders. This is a very progressive idea, so everyone should watch for and listen to, the S. B. C. S.

SENIORS BEGIN PLAY REHEARSAL

By Gail Upchurch
This week the seniors started rehearsing the senior play, "Murdered Alive". This play is a mystery-comedy which will be presented in November.

Portraying the main characters are Debbie Standerfer as Mrs. Libby Ryder, Sharon Mauldin as Arden Ryder, and Jeri Grange as Tillie Meek. Other students in the play are Lawrence Brown, Carla Archer, Penny Gaither, D'ede Colard, Doug Ladkey, Harvey Whitefield, Hal Sanders, Stephanie Patton, and Gary Ellsworth.

SPANISH II

By Randy Watson
Recently the students in Spanish II class told stories of a past experience. This was hard for students, as speeches were done completely in Spanish and in the past tense, the hardest tense to learn in Spanish.

The stories were about such things as vacations, humorous events and La Noche Mala (The Bad Night) story of the Spearman Vs. Gruver Ball game. One story was told by several students. It was about being chased by a Negro in Enid last year.

Mrs. Morse was very pleased with the stories and said that she planned to do more of the same. She also said that she had ordered a book of comical plays in Spanish. There is a part for an interpreter so that the audience can understand what is being said. The plays might be given later in the year if she can get enough students interested.

SEEK PIANO FOR SHS

By Kay Huse
S. H. S. may be honored with a Baby Grand Piano, as Choir director Mr. Howk is in search of one. Howk thinks that it would be of value to the choir and would add to the looks of the high school auditorium.

Anyone who has a Baby Grand piano and would be interested in selling or donating it to the school please contact Mr. Howk or Dr. Reeves.

SOUVENIR'S DISPLAYED IN LIBRARY SHOWCASE

By Nancy Burke
Miss Roden has arranged a display in the library showcase. The display is of items she has collected on her trips to Canada, Hawaii, and Mexico. Many of the items are from Mexico and some have a painted design. There are a few items made from metal.

One metal item is a tray with a picture engraved in it.

The items will be on display for a few more days.

NEW TEACHERS

By Nancy McCullough
Spearman High School has a new choir director Mr. Edward Howk.
Mr. Howk graduated from the University of Texas. He received his musical preference from Austin. Mr. Howk will conduct a variety of music.
Mr. Howk has directed a college choir and has been a director at clinics.

Baptist WMU Had General Session

The First Baptist W. M. U. met October 5 in general session with Mrs. Betty Uptergrove presiding. Singing the W. M. U. hymn opened the meeting followed by Mrs. Donna Helms reading the prayer calendar and Mrs. Edith Cagle leading in prayer for the missionaries.

Chairmen of the different committees gave their reports. A banquet is planned for the R. A. Brotherhood, which the W. M. U. will host in November.

Mrs. Helms presented the program as members were given a guided tour through a WMU Research Laboratory where technicians were Mrs. Lena Stephenson, Mrs. Peggy Archer and Mrs. Marie Berry.

After the tour, members visited replicas of the Statue of Liberty, and the cities of Detroit, Pittsburgh and Atlanta. Tour guides were Mesdames Frankie Brandt, Frances Kilgore, Vicki Adkison, Deloris Guthrie, and Gowanda Golightly.

An attendance of thirty-four members attended the meeting.

Waka PTA Plans Fall Festival

The October meeting of the Waka Parent-Teacher Association will be held Monday night, October 17, at 7:30 at the Waka School Cafeteria.

County Agent's Report

SCREW WORM PROGRAM IN JEOPARDY

I have recently had word from the Screwworm Eradication officials that there has been a very noticeable increase in the number of confirmed screwworm cases in Texas. It has been reported for the week of September 18 there were 48 confirmed cases reported in Texas from 22 different counties. This is more confirmed cases for a one-week period than has been reported since the last week in November, 1963.

All livestock producers are urged to be especially watchful of possible screwworm cases and collect specimen worm samples and mail to the Screwworm Eradication Laboratory in Mission, Texas.

Vials for submitting specimens to the Mission Laboratory can be obtained at my office.

Weather conditions over much of the State have been a contributing factor in the recent screwworm buildup.

GRAINS FOR BEEF RATINGS

The price of various feed grains usually determines which is best to use in a fattening ration for feedlot cattle.

Corn, sorghum grain or barley or any combination of these can be fed with good success.

Wheat can be fed up to 50 percent of the grain portion of the mixture. Oats are excellent for growth and development, but are

not a good fattening grain. The form in which grain is fed is important. Most research indicates a moderately fine grinding is better than coarse grinding. Dry rolling gives similar results to fine grinding. Five percent molasses can be added to control wind loss when feeding in the open.

Steam-rolled sorghum grain may improve feed efficiency. Recent research shows steaming, pressure cooking, reconstituting in air-tight silos and moist harvested sorghum grain from air-tight silos improves efficiency of sorghum grain.

These treatments, along with rolling, flaking, or grinding improve daily gain and feed per 100 pounds gain.

Texas A&M University research shows cattle fed ground moist sorghum grain from sealed storage will need 16 to 18 percent less feed on a dry matter basis than cattle fed ground dry sorghum grain to make a pound of gain.

Pelleted grains may increase feed efficiency by 5 percent. But, pelleting decreases feed intake, reduces gain slightly and pelleted rations with more than 56 percent concentrate is usually not economical.

A one car turn-over at 1:00 a.m. Wednesday October 12 took the life of one man and sent another to Borger hospital in critical condition.

Leroy Mace, an employee of Simmons Construction Co. who resided at the Spearman Hotel was dead at the scene of the accident.

A passenger in the car, William M. Hicks, is in Borger hospital in critical condition. Mr. Hicks was employed with W. O. Groves.

The accident occurred at the over pass just north of Stinnett Texas at the intersection of highway 16 and 136. Hutchison county Highway Patrol surmised the car could not navigate the curve.

FEE SLASHED

The Directors of Hansford Golf Club launched a "special membership" campaign in a drive to secure more members. From now until October 15 you may join the club at the discount price of \$175.00.

Membership in the club has been \$250.00 and after October 15 will again be this price. However, Directors have stated that next year's membership will in all probability be higher than \$250.

Membership in the club now numbers just over 100. These members have just completed a project of grass greens. The investment for this new 18 hole course has amounted to about \$50,000.

More improvements will be made soon. The club has purchased a 3 bedroom home which will be moved to the club for Mr. and Mrs. Andy Anderson, new pro at the club. They will reside in this home, and Andy will have a

pro-shop in the garage. He is planning a course of lessons for beginners.

Greens are improving rapidly. Top-dressing and fertilizer are being applied often and recent rains have really set the grass off. The next 30 days will show an even greater improvement in the greens. Growing season for bent grass continues until cold, freezing weather.

The annual club tournament, for members only, has been scheduled for the latter part of October.

Newcomers to Spearman are invited to join the Golf Club. County residents are urged to take advantage of this new cut-price membership fee. Your help is needed in order to carry out the future plans at the country club. The club needs more members in order to do this. Dues are only \$6.00 per month. You may join the club by contacting Garland Head, president, or by paying your money to Freeman Barkley at the First State Bank. He is Treasurer.

Mr. and Mrs. Jim McLain entertained Monday evening with a dinner to celebrate the 3rd birthday of their daughter, Tarra. Attending were Mr. and Mrs. Gus McLain, Sheryl and Lisa Curry, Mr. and Mrs. Bill Strawn, Shelly and Scot, and Mr. and Mrs. Lawton Guthrie and Brad.

HOMEMAKING NOTES

By Linda Webb

With the summer season over, it's time to check the clothes closet for the fall season. Yes, I know as well as anyone how hard it is to clean closets and throw away old items. So, I'm doing this for my benefit too.

As you clean the closet, decide what can be turned into worth-while clothing again and what should be discarded. You will probably find an old favorite, a misfit, or still another garment which may have been a hasty purchase

or just out of date.

As you sort through the clothing, divide those not being worn into the following groups: 1) needs mending; 2) wrong hem length; 3) doesn't fit; 4) not needed; 5) don't like; 6) aren't using; 7) is worn out; 8) is out of date.

You may want to start with the items that require the least time, effort and money and then proceed to the more difficult problems. Sort out those items most easily mended--buttons, button-

holes, and popped seams. Then look at those in which the mending is a greater problem--such as holes or tears. Be sure the garment is worth the effort.

Adjust hems to a becoming and fashionable length. Cut off the hems that are too long, and lengthen those that are too short, if possible.

If a garment doesn't fit, can it be corrected? If not, place it in the group you are discarding.

Some items of clothing may no longer be needed, such as special event clothing. Graduation dresses or formal, sports clothes for sports no longer engaged in and clothing can be discarded. You may wish to consider remaking some of these items, when it is doubtful they will be worn as they are.

Forty-five finalists will take part in the 1966 State 4-H Dress Revue, October 14-15 in Dallas. The 4-H activity will again be staged during the State Fair of Texas, and the girls will be presented in two public fashion shows at 10 and 11 a.m. October 15 at the Women's Building of Fair Park.

Rebecca Hutchison will be representing Hansford County and District I 4-H in the State Dress Revue this year.

Judging of ensembles by the 4-H participants will take place the morning of Oct. 14 at Hotel Adolphus. Winners will be announced during a luncheon starting at 12:30 p.m. at the hotel. They will have an opportunity to meet the press at the close of the luncheon.

At 3:00 p.m. tour of the Apparel Mart is on tap for the 4-H girls on October 14. The luncheon and educational tour are new features of the 4-H Dress Revue program this year.

The first place winner at the Dress Revue will receive a trip to the National 4-H Club Congress in Chicago, November 27 - December 1st. An alternate win-

ner also will be chosen. Additionally, two top winners will be named in the all-cotton division of the fashion show, and will receive awards given by the Texas Cottonseed Crushers Association.

Girls who take part in the State 4-H Dress Revue represent approximately 19,511 4-H members enrolled in clothing work this year.

The Dress Revue, and other state 4-H Clothing programs are supervised by Extension Clothing Specialists Fannie Brown Eaton, Rhonda Boyles, Dr. Graham Hard, and Miss Routh.

I will be accompanying Rebecca and her mother, Mrs. Dwight Hutchison to Dallas for the Dress Revue Activities October 13, 14, 15.

Pork, more plentiful now than in many months past, will be a welcome menu change for this fall. For a thrifty meat dish, select a pork loin roast large enough for two meals. The larger the roast, the less it shrinks.

Since Oriental dishes are so much in vogue now, use left over pork for chop suey, which calls for another USDA plentiful rice.

You'll need: 2 cups diced cooked pork, one-half cup sliced mushrooms, 2 tablespoons of cooking fat or oil, 1 cup thinly sliced celery, 1 small carrot cut into thin strips, 1 medium onion thinly sliced, One, one-half cups meat broth or water with 3 bouillon cubes, 2 cups canned bean sprouts with liquid, 3 tablespoons corn starch, 3 tablespoons soy sauce, salt, and pepper to taste and two and one-half cups hot cooked rice.

Cook pork and mushrooms in the fat or oil until lightly browned. Add celery, carrot, onion & broth. Cover pan and boil until vegetables are tender. Add bean sprouts and liquid; heat to boiling. Add corn starch and soy sauce, slowly, stirring constantly until slightly thickened; season. Serve over rice. Makes six servings.

HOMEMAKING NOTES

It is now getting late in the gardening season, but I have had so many inquiries lately about blanching vegetables that are to be frozen, I decided to once again talk about this important step in the freezing foods.

First of all, I want to point out that the food coming out of your locker drawer or home freezer is no better than it was before it was frozen. Therefore, top quality fruits and vegetables should be chosen for freezing if top quality is expected as an end result.

The second point I want to make is that proper packing of food to be frozen is important to the end product.

The purpose of packaging or wrapping food is to keep it from drying out and to preserve food value, flavor, color and pleasing texture.

Packaging materials should be selected according to the food to be frozen and personal preference. The main thing is for the packing material to be moisture vapor-proof to prevent evaporation and to retain the highest quality in frozen food.

Glass, metal, rigid plastics, and most bags, sheets of freezer wrapping materials and waxed cartons made especially for freezing are moisture-vapor-proof or resistant. Ordinary waxed papers, aluminum foil, and cartons for cottage cheese and ice cream are not moisture-vapor-proof or resistant and should not be used.

Now to my main point - the blanching or vegetables for freezing.

Until vegetables are ready to pick from the garden, enzymes help them grow and mature. After that they cause flavor loss and color. It is necessary to heat vegetables before freezing to slow or stop the action of these enzymes.

If vegetables are not heated enough, the enzymes continue to be active during the frozen stage. The vegetables will then develop off-flavors in a few months, and may discolor or toughen.

Besides stopping enzyme action, heating also wilts or softens vegetables & makes them easier to pack. Too long a heating period will result in softening of texture and an unnecessary loss of water soluble vitamins and minerals.

For home freezing the most satisfactory way to heat practically all vegetables is in boiling water. Use a large kettle that can be covered & into which a fine mesh wire basket fits; or use a blancher which has a blanching basket and cover. A large loose cheesecloth bag may be used in place of the wire basket in the kettle.

For each pound of prepared vegetables use at least one gallon of boiling water. Put vegetables in blanching basket or cheesecloth bag and lower into the boiling water.

Place cover on blancher and keep covered during entire heating period. Keep heat high so water will continue to boil vigorously. Start counting time as soon as the vegetables are in the water. Each vegetable requires a different heating time. Here are some of the most common:

Shelled green beans - 1 min.
Snap Beans - small, 2 min; medium 3 min; large 4 min;
Sweet corn - (on cob) small ears, 7 min; medium ears 9 min; large ears 11 min.
Corn, whole grain - 4 min. before cutting off the cob.
Okra - small pods, 3 min; large pods, 4 min; Leave whole or slice.
Peas (blackeyes, etc.) shelled, small, 3 min; medium 4 min.

Mr. and Mrs. Roscoe Nelson and Rhonda and Donna Vanderburg spent a long week-end in Sedalia, Missouri visiting his mother who is hospitalized there. They also visited in Green Ridge with Mrs. Nelson's mother and brother.

Visiting in the Johnny Pipkin home recently were their daughters, Mr. and Mrs. Bart Clifford from Ingersoll, Ontario, Canada, and Mr. and Mrs. Larry Stokes of Amarillo. They enjoyed supper in Borger Saturday night.

Mr. and Mrs. Jerry Erve and Mr. and Mrs. Eddie Gates attended a sales promotion meeting in Lateral last Saturday and Sunday. The meeting was held in the Holiday Inn.

Sunday dinner guests in the home of Mrs. Edd Willbanks were Mr. and Mrs. Don Shockley and Chuc-kie Perryton and Jim David and Jo Ed Crawford.

Visiting for a few days last week with Mr. and Mrs. W. H. Gandy was his sister Mr. and Mrs. Cecil Hurd of Clendale, Arizona.

Rev. and Mrs. Luther Berry, Mr. and Mrs. Jerry Ralls, and Mrs. R. H. Gray attended the Annual Workers Conference at Darrouzett, Monday afternoon.

Mr. and Mrs. Clea Sims returned last week-end from Stephenville, where they attended the funeral of her brother. They also visited in Graham with Mr. Sims Mother.

Must Register For 1967 Vote

The poll tax requirement for voting was held invalid in February of this year by a three judge federal court. It based its ruling on the due process clause of the Federal Constitution. The court said this requirement was equivalent to a charge or penalty imposed on the exercise of a fundamental right, & it indicated that any charge for registration would be illegal. The United States Supreme Court affirmed the decision.

Immediately following the three judge decision the State Legislature was called into special session and it adopted a new registration act. The major change in the law was that registration with the County Clerk should be without charge.

Under the law passed in February voters will register annually, as they have previously done, during the period of October 1 through January 31. A temporary registration was allowed in March 1966, but this was a one-time provision only.

You do not have to pay a poll tax now, but you must register. The time to do this is now. To be eligible to vote in 1967 elections, you must go by the County Tax Office and register. Deadline date is January 31.

Everyone from the age of 21 years through 60 must register in order to vote. If you are over 60, you are exempt.

Although no State or National elections of importance are on the agenda now, there will be constitutional amendments, local bond elections school board, city aldermen etc. coming up in 1967, so it is of utmost importance that you register before January 31.

Johnny Hartford says:

A HOUSE CAN BE REDUCED TO ASHES IN 20 MINUTES

In case a fire should break out, would you know what to do to save valuable time? (Can you select the most important precautions to follow from among these?)

- 1 Have a prearranged signal to warn all those in the house--whistle, horn, bell, etc.
- 2 Have a prearranged evacuation plan.
- 3 Call the Fire Dept. from a street alarm box, or a neighbor's house.
- 4 Close all doors behind you.
- 5 Never collect valuables before exiting, or go back after possessions.
