U.S. To 'Work Closely' With New Brazil Regime

CANDIDATES—Miss and Mr. Snyder High School will be chosen tonight from the 10 candidates pictured above. Dr. Robert Clinton, high school principal, will crown the winners following the program which will start at 8 p.m. in the high school auditorium. Entertainment will be furnished by Mrs. Jane Womack and by music students of the school. Pictured are Treva Moore, Diana Ator, Mary Brice, Joyce Yoast and Ann Patterson. In the back row are Phil Moore, Billy Stewart, Jimmy Wilson, Edward Schulz and Danny Aycock. All are seniors.

School Election Is Scheduled Saturday

School trustees will be elected in contested races in all Scurry County School districts Saturday.

In addition, three members will be elected to the county board. There are no contested races in the County School Board election.

Voters in the Snyder Independent School District may take their pick of three polling places. The Snyder polls will be located at East Elementary School, West Elementary School and the city hall. The polls will open at 8 a.m. and close at 7 p.m.

Two Snyder trustees will be named from a field of five candidates in tomorrow's voting. The candidates are Joe Sentell, Harold Bennett, Dr. B. J. Weaver, C. C. Terry and Charles Hartman. Dr. Weaver is an incumbent who has served for one term.

The Ira Independent School District ballot includes the names of J. L. Byars and J. B. Autry, incumbents, and R. C. Howard, Linden Solomon, Billie Calley and Weldon P. Wiggins. Two places on the Ira Board will be filled.

Fluvanna Independent School District will fill three posts on its board. The candidates there are K. D. Ball, R. L. Jordan, and Paul Turner, all incumbents, and Ray Herring, Glenn Toombs, James E. Beaver, Roy Lee Beaver and W. O. Mathis.

At Hermleigh, where three board members will be elected, the candidates are Arthur Lee Pieper, G. L. Wall, Marvin H. Hanson Jr., Raymond E. Swartz and Leonard Mason. Peiper, Wall and Hanson are incumbents.

At Hobbs there are five candidates for two places on the board. James Mettleton and John Hull, incumbents, are seeking re-election. Other candidates at Hobbs are Robert Martinez, Carroll Hodges and Dale Cave.

Candidates for the County School Board are Blake Walker, Precinct 1; Charlie Bley, Precinct 2, and Hugh Taylor, county-at-large. All are incumbents.

More Word Is Received From Alaska

Snyder area residents still are receiving reports from relatives in Alaska and in all cases so far the relatives made it through last weekend's earthquake safely.

Mrs. E. L. Vandiver, Roby Highway, received a long letter yesterday from her sister who lives 8 miles out of Anchorage. Their family was unharmed by the quake, although a son who was working near Anchorage at the time saw buildings in the town crumble. The earth shifted considerably at the family home but there were no injuries.

Mrs. M. M. O'Rear received word that her relatives in Alaska were safe. Mrs. O'Rear talked with an aunt in Mangum, Okla., by telephone, and the aunt reported that someone who knew her son-in-law, M. Sgt. Anthony Blondell, had advised that the family was safe. They have a daughter who lives in a trailer house with a small son near a college where the daughter attends class, but that section of Anchorage was not hurt. Mrs. O'Rear had feared that a niece, who was second runner-up for Miss Alaska last year, might have been injured because she works in Anchorage. However, she was not in downtown Anchorage when the quake hit.

Rusk Tells Of Decision

WASHINGTON (AP)—Secretary of State Dean Rusk said today the United States is ready "to work very closely" with the new government of Brazil in tackling Brazil's difficult problems of economic and social development.

President Johnson had sent a message to new Brazilian President Ranieri Mazzilli Thursday night, congratulating him on Brazil's having solved its government change within that nation's constitutional framework.

This established U.S. recognition of the new regime following the ouster of President Joao Goulart.

Rusk told a news conference that Goulart had been overthrown by a combination of forces representing fears in the Brazilian Congress, armed forces, and among state governors that constitutional government in the country was in danger.

"They moved to insure the constitutional process," Rusk said. Goulart's enemies had accused him of leading the country down the road to communism and U.S. officials had become alarmed about Communists moving into positions of power in Brazil.

Rusk said he wanted to emphasize that the upheaval which has now taken place in Brazil has not solved "all that country's problems by any means." He said he included problems of inflation, the size of the external debt, need for capital investment and many others.

It was clearly in this context that he was in effect holding out the hand of U.S. assistance to whatever extent the new Brazilian government wishes it. He predicted that the United States and Brazil would be consulting on common efforts.

Rusk also said he thought that South America's biggest country might now, under new leadership, begin to cooperate more with other nations in the hemisphere, including the United States, on such problems as those arising around Cuba.

Under the Goulart administration, Brazil was reluctant to join in any kind of action against Fidel Castro and this was a frequent source of irritation in its relations with the United States.

On the Cuban situation itself, Rusk appeared to take issue with a statement which a questioner attributed to Sen. Thomas Dodd, D-Conn., that the power of Castro in Cuba would be overthrown by a revolution.

Rusk said that he did not see any immediate prospect "that internal forces in Cuba will be able to unseat the police apparatus" which Castro has fastened on that island. Rusk added that he did not know what the long future might bring.

Undersecretary of State George Ball today described the political upheaval in Brazil as "a rather remarkable event and not at all the usual coup" which frequently occurs in Latin America.

Ball asserted that "all elements of the country, the military, state governors, Congress" had combined to force Goulart out of office.

Actually, he said, they were acting "to preserve constitutional government by stopping efforts to undermine the constitution."

IN AUSTIN

Integrationists Resume Efforts

AUSTIN (AP) — Integration leaders resumed today their drive for an anti-discrimination ordinance after staging an 11-hour "speak-in" at a City Council meeting before yeilding to a post-midnight recess.

Palmer said the council had referred to Eskew the question of whether a permanently paid staff to hear civil rights complaints could be set up without a charter election.

"This entire council has gone on record as being against segregation," Palmer said. "I think it nothing but fair that the council be allowed to get the information that we have asked the city attorney to get us."

The marathon session developed when two representatives of the National Association for the Advancement of Colored People appeared before the council seeking passage of an anti-discrimination ordinance.

Volma Overton, president of the Austin NAACP chapter, took th floor at 10 a.m. and held it by reading from a book until 4 p.m., with a council time-out for lunch.

Then Claude Allen, an instructor at Huston-Tillotson College, took over with a rambling dissertation on civil rights that continued — with an hour-plus break for dinner — until 12:30 a.m.

The council took it all in stride until at 12:30 a.m. Mayor Lester Palmer suddenly but quietly announced a recess and told Allen he could resume his remarks at 8 a.m. today.

It had been a long but uneventful day and a seeming contest to see which side would give in first. The mayor peeled off his coat and unbuttoned his collar as the night progressed. Another councilman slipped off his shoes and propped his feet on a table.

A behaved crowd of from 75 to 100 persons, mostly whites, packed inside and around the council room door to view the proceedings. A few Negro pickets marched outside.

The talkathon was to attract attention to an ordinance Overton has drawn up. It would set fines for persons engaging in discriminatory acts against Negroes in matters ranging from restaurant service to public employment.

Out Of Hospital— Glenn Heads Home

SAN ANTONIO (AP)—Former astronaut John Glenn Jr., who quit the Senate race in Ohio because of an ear injury, checked out of an Air Force hospital today.

Col. Glenn went on convalescent leave and left by automobile for his home at Seabrook, near Houston. His secretary drove the car.

Doctors said he would return to the hospital for periodic checkups during the next few months. He suffers from an inflammation of the inner ear.

Glenn fell Feb. 26 in the bathroom of his Columbus, Ohio, apartment, five days before he was to retire from the Marine Corps and actively campaign for the Democratic senatorial nomination.

He withdrew from the race Monday.

ASK SHOWDOWN

Red Powers Trade Jibes

MOSCOW (AP) — The Soviet Union finally lashed back at Red China today, calling for a showdown meeting of the world's Communist parties to thrash out communism's big feud.

Breaking a six-month silence, the Kremlin accused the Chinese of trying to run the Red bloc, to stir political unrest in the Soviet Union, to sabotage Premier Khrushchev's policy of peaceful coexistence and to obtain nuclear weapons at any cost.

The Soviet reply occupied nearly an entire edition of the Communist party newspaper Pravda. In a front-page editorial, Pravda called Mao Tze-tung's regime "the main danger to the unity of the world Communist movement."

Pravda said the final straw was Tuesday when Peking called Khrushchev "the greatest capitulationist in history" and demanded that Communists in and out of the Soviet Union repudiate his policies.

The party organ called the attack a "terrible insult to our party and the entire Soviet people."

"It showed conclusively that the leaders of the Communist party of China have passed all limits in their political struggle against the world Communist movement," the editorial continued, "and have chosen the Communist party of the Soviet Union and the Soviet Union as the main target for their attacks."

The remainder of the paper contained an anti-Chinese speech by Mikhail A. Suslov, the Soviet party's chief theoretician. The speech had been kept secret since Suslov delivered it to a meeting of the Soviet Communist party's central committee Feb. 14.

Accusing Red China of "nationalist arrogance" and "great power, egotistical interests," Suslov said: "There is no longer any doubt that Peking is steering a course toward a split among the Communist parties, toward the setting up of factions and groups hostile to Marxism-Leninism."

Student Pilot Killed

DEL RIO, Tex. (AP)—A student pilot from Jacksonville, Fla., was killed Thursday night when his T-33 training plane crashed in rugged ranch country five miles north of Laughlin Air Force Base.

Killed was 2nd Lt. Maurice Berner Millis, 23, who would have graduated from the base April 24.

Air Force officials said Millis was making a routine solo flight from Laredo to Del Rio.

AFS Session Is Slated Saturday

The local chapter of the American Field Service will meet Saturday morning at Sallie's Cafeteria.

The breakfast meeting will begin at 7 a.m. and all members of the AFS have been urged to attend.

Mrs. Sterling Dies: Rites Are Pending

Funeral services are pending at Bell-Seale Funeral Home for Mrs. Annie Cole Sterling, 65, of Ira.

Mrs. Sterling died this morning at a Temple hospital.

She is survived by three daughters, Mrs. Mack Kruse of Ira; Mrs. J. D. West, who lives north of Snyder, and Mrs. L. L. Allen of Snyder; four sons, Gus, Leon, and Pete all of Ira, and Marshall of Monahans; two brothers, Monroe Cole of Orange and Reagan Cole of Ranger; and 17 grandchildren.

CRMWD Board Takes Steps To Extend Waterflood Pact

Extension of the contract with Sun Oil Company for its waterflood purposes was in prospect as a result of the board of directors meeting of the Colorado River Municipal Water District in Big Spring Thursday.

If negotiated by E. V. Spence, general manager, the deal would involve the CRMWD furnishing an additional 600,000 gallons of water a day. Sun has approximately 900,000 gallons per day leeway under its original 3,000,000 gpd contract with the district. This would meet the requirements of Perkins & Prothro for 1,500,000 gpd to supply another waterflood project.

The district proposes to construct a 5½-mile pipeline to serve the proposed project. Sun Oil Company would treat water which goes into the line. The district's investment would be set up over a 15-year contract period.

The way also was cleared for some selective experimental kills on rough fish in Lake J. B. Thomas. The board provided funds which may be used upon recommendation of the Texas Game & Fish Commission. R. A. Schooling, lake superintendent, said this would be an effort to improve fishing, but he pointed out that recent nettings had indicated the lake's ratio of game fish to rough fish is more than acceptable.

An experiment in stockpiling raw lake water underground in a portion of the Martin County well field is proceeding above expectations, O. H. Ivie, assistant general manager, told the board. He said that since Dec. 27, 1963, the district had injected 136,000,000 gallons in dewatered formations and that the goal of 160,000,000 gallons would be reached before pumping to Odessa in the early summer would be necessary.

Directors approved contracts for drilling and equipping three wells which were installed to recover water put in under the injection program.

A recommendation on the location of a dam to impound a second lake on the Colorado River is due to be ready by July 1, S. W. Freese, Fort Worth, the district's consulting engineer, told the board. He said that he was hopeful that the district would be in a position to start securing land for the dam and basin before the end of the year. Two sites, one in southern Mitchell County and one northwest of Robert Lee, have been under consideration. The lake would impound about twice the volume of Lake J. B. Thomas, the present reservoir.

Attending from Snyder were Dr. John Blum, Rex Fields, W. A. McGlaun, Lyle Deffebach, board members, together with James Rosser, Attorney, and George Patterson, city manager.

Commissioners, Board In Accord

At the request of the governing board of Cogdell Hospital, the Scurry County commissioners court met with the board in a special called session Thursday afternoon.

The board, which is appointed by the commissioners court, had requested the meeting so that the attitude of the court could be determined in regard to the deficit financing which would be necessary if substantial pay raises were granted to hospital employes.

Such pay raises were recommended to the board by the Medical Staff and the Scurry County Grand Jury.

A motion was made by Commissioner Marion Dabbs that the commissioners court support the recommendations of the hospital board concerning the hospital affairs recommended by the Medical Staff and by the Grand Jury; and also that the board accept the resignation of the Superintendent of Nurses.

Dabbs' motion died for lack of a second.

The commissioners court then unanimously approved another motion in which the court gave their support to the hospital board in any action which the board would take in regard to operation of the hospital including the recommendations of the Medical Staff and Grand Jury.

The commissioners expressed to the board members their appreciation of what the board had done in the past, and expressed their confidence that the board would continue to operate the hospital as efficiently as possible.

Absenteeism Growing In Rights Fight

WASHINGTON (AP) — Senators leading the fight for the House - passed civil rights bill take up the school desegregation section today, amid signs of growing absenteeism in their ranks.

Sens. Paul H. Douglas, D-Ill., and John Sherman Cooper, R-Ky., were assigned to spell out the arguments for this part of the measure in behalf of the bipartisan coalition arrayed against Southern opponents.

Having a tandem of Democratic and Republican speakers each day is the pattern established by the bill's proponents in taking the offensive this week.

Another key part of their strategy is to keep the debate moving by having enough senators around to produce quickly a quorum - a majority of the 100 members.

But Thursday, Sens. Hubert H. Humphrey, D-Minn., and Thomas H. Kuchel, R - Calif., leaders of the coalition, were away. And it took 53 minutes to round up one quorum, 43 minutes to produce another.

After Democratic Leader Mike Mansfield of Montana made a plea for senators to stay close by during the civil rights battle, Sen. Joseph S. Clark, D-Pa., said it would be startling to know how many senators were not in town.

A daily newsletter put out by the coalition leaders said an hour and two minutes spent in getting a quorum Wednesday night was "the outstanding victory of the week for the opposition."

Douglas, in his prepared remarks, upheld authority that would be conferred on the attorney general to initiate school desegregation suits if he finds individual citizens are unable to act in their own behalf.

He said this part of the bill is essential because "only one per cent of the Negro school children in the states of the Old Confederacy are now in desegregated schools" 10 years after the Supreme Court's ruling that racially segregated public schools are unconstitutional.

Alaska Governor Pushes Emergency Relief Bond

By WARD SIMS

ANCHORAGE, Alaska (AP)—Gov. William A. Egan flies to Juneau today to urge a joint session of the Legislature to approve a $50-million emergency bond issue to help earthquake-torn Alaskan cities.

The amount is only a tenth of the estimated loss but, says Egan, it will show Alaska is willing to do everything possible to pull itself up by its bootstraps.

President Johnson urged Congress to approve $50 million in emergency funds quickly and in Seattle, Sen. Henry M. Jackson, D - Wash., predicted eventual congressional approval of up to $200 million.

Jackson, attending a meeting of 500 state and federal officials and Seattle businessmen, proposed a government-sponsored retroactive disaster insurance plan. He said the precedent of retroactive insurance was established during World War II when the government offered war-risk insurance to persons suffering property losses.

Alaska Sen. E.L. Bartlett told the meeting his state has an assessed valuation of $815 million and damage, in terms of replacement costs, would amount to about $550 million.

While others talked of money for the vast rehabilitation tasks, Alaskans continued doing the little jobs that bring order out of chaos. Homes, shaken but liveable, were straightened and it was back to school for youngsters in many places.

The weather turned cold and snow began to fall. But it could not cover the ugly piles of rubble in the center of this beautiful city, Alaska's largest.

Heat and power have been restored to most of the city and telephone service is back to normal. It is being overtaxed, however, by anxious relatives and friends.

Although a week has passed, the total number of casualties is not known, and may not be for some time yet. Civil Defense officials place the figure at 125 dead and missing.

There was no food shortage here, but 60,000 pounds was airlifted to Kenai, Soldotna and Homer in the hard-hit area on the peninsula south of here. Another 3,500 pounds was flown to Seward.

Military planes flew almost continuously between here and Seattle bringing in more supplies.

Aftershocks, normal following a major earthquake, continued and the U.S. Coast and Geodetic Survey's seismology station at Sitka reported one Thursday that registered 6.5 on the Richter scale. Last Friday's quake registered as high as 8.6, one of the worst ever recorded.

Warnings Posted In Panhandle

By The Associated Press

Livestock warnings were posted for the Texas Panhandle today as a new cold front pushed into the state, setting off turbulent weather that spawned a tornado in the Lake Texoma area.

The new storm that brought high winds, snow and bitter cold to eastern Colorado and Western Kansas was expected to bring sub-freezing temperatures and snow to the Texas Panhandle tonight.

A twister that hit the Lake Texoma area early today did an estimated $100,000 damage to Catfish Bay Marina and boats on the Oklahoma side of the resort area.

The Marina and a golf course equipment building were destroyed and a number of large boats and cottages damaged. The damage estimate was made by marina owner H. A. Burchfield.

The cold front brought lower temperatures to northwest Texas and the prospects of thundershowers for central, eastern and southeastern area.

Early morning minimums ranged from 33 degrees at Dalhart to 71 at Brownsville.

The periodic flooding of the tall grass and sedge swamps of the everglades is vital to the life cycle of the birds which live there.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am the mother of a 16-year-old daughter. She is kind, thoughtful and helpful around the house. She wears the key to her diary on a chain around her neck. The other day she forgot it. I don't know what made me do it, Abby, because I have always trusted her but I did an unforgiveable thing. I opened her diary and read it. What a shock I got! I was sick inside. You would never believe the things she does outside the house! My problem is, how do I let her know that I know these things about her without telling her that I read her diary? Should I tell her dad about her goings on? It would break his heart as she is our only child.

WORRIED SICK

DEAR WORRIED: **You already know that reading your daughter's diary was "unforgiveable". I don't recommend that you tell your daughter. It's apparent that she needs the friendship of a mature, understanding person in whom she can confide. Perhaps it's not too late to build that kind of relationship with her. Try, and try hard; and, if you succeed, she will tell you all about her "goings" on herself. If she doesn't, keep an eye on her. There will be other clues.**

• • •

DEAR ABBY: My mother-in-law is a very outspoken person. When she invites my husband and me to her home for dinner she asks us to leave the children home. She says too much "commotion" makes her nervous. Ours are 5, 7, 8 and 10, and they aren't any worse than anybody else's. She lets us bring them every Sunday for supper when she has all her other grandchildren there. There are eleven in all, and I wonder why the "commotion" doesn't make her nervous then. I am ready to tell my husband if his mother doesn't want my children during the week, she doesn't have to put up with them on Sundays, either. Am I wrong?

MENDELL's WIFE

DEAR WIFE: **Yes, you are wrong. Take the children to their grandmother's on Sundays and keep quiet.**

• • •

DEAR ABBY: I live in a small town and would like to know how one goes bout making a donation to the HEART FUND or the CANCER SOCIETY at the time of death when the family requests a donation instead of flowers. How is the family made aware of the donation? I am sure there are others who would like to know, too. Thank you.

UNCERTAIN IN TANKTOWN

DEAR UNCERTAIN: **Consult your telephone directory for the local headquarters. If there is none, write to national headquarters: American Cancer Society, Inc., 219 East 42nd Street, New York, New York 10017, and American Heart Association, 44 East 23rd Street, New York, New York 10010. They will let the bereaved family know of the donation and who sent it, but will not reveal the amount.**

• • •

CONFIDENTIAL TO SANDRA: **When a man tells you that he is poor marriage material — believe him. He knows himself better than you know him.**

LBJ To Outline NATO Policies

By FRANK CORMIER

WASHINGTON (AP) — President Johnson will outline current American attitudes toward the 15-year-old North Atlantic Treaty Organization at a special White House ceremony late today.

The importance attached to Johnson's address by administration officials apparently was indicated by the fact that television and radio networks were invited to make live broadcasts of the event in the East Room of the executive mansion.

The address is scheduled for 5 p.m. Eastern Standard Time.

The ceremony comes on the eve of the 15th anniversary of the treaty-signing that created NATO.

George Reedy, White House press secretary, announced the speech Thursday night and said Johnson would discuss "the current status of the alliance and America's attitude" toward it "in the light of the 15th anniversary."

It appeared that the idea for Johnson making an anniversary speech on NATO had spur-of-the-moment aspects.

Reedy acknowledged it is not a project of long-standing." He said this after a newsman suggested the plans were devised at noon Thursday, the hour when Johnson met with the National Security Council for a far-ranging review of world affairs.

The United States remains a strong believer in NATO as a deterrent to possible Communist aggression in Europe.

However, French President Charles de Gaulle has been cool toward NATO ever since other members spurned his suggestion that France, Britain, and the United States set up a three-nation directorate to lead the organization.

Child Tells Vivid Story Of Quake

EDITOR'S NOTE — Seven-year-old Rossane McCoy, who is now in Seattle, wrote this account of last Friday's earthquake and tidal wave in Valdez, Alaska, for the Seattle Post-Intelligencer which made it available to The Associated Press. Rossane's father lost his life in the tidal wave, but she refuses to believe he is dead.

By ROSSANE MCCOY

SEATTLE, Wash. (AP)—The earthquake was awful! First everything was falling and cracks were in the roads and snowbanks. Then a BIG tidewave hit the town! The tidewave was bigger than a house!

Some of the water went in houses. Some oil tanks broke. The water carried the oil in town.

Nobody knows, but people think someone lit a cigarette and forgot to put the match out. And then it made fire! Houses began burning! Every one jumped in cars.

They went far up the road to get away from the fire and water. All our homes were ruined.

My daddy was working on the dock when the tidewave hit. So we waited up the road for him to join us. We were with our neighbors. We waited most of the night for daddy to come, but he did'nt.

People were scared and kids were crying. When the tidewave hit the dock went down! And a lot of my friends got killed! After a few nights my uncle came and said he would take us to Fairbanks. We got there in one day.

Then we went to a place where a lot of clothes were, and we got a big box full.

(Rossane, her mother, sister, Sandra 10, brother Bucky, 12, and the two family dogs flew here Wednesday night to stay temporarily with her aunt.)

Old B25 Donated To Calif. Museum

WICHITA FALLS (AP) — Instead of a junk heap, an outdated World War II bomber has been assigned a shiny spot in a private air museum at Ontario, Calif.

The old B25 was flown Thursday from Sheppard Air Force Base to the California city to join 83 other reconditioned aircraft in an air history collection.

The bomber was piloted on its one-way flight to California by Col. Walker Mahurin, Air Force reservist and an official of North American Aircraft Corp. and chairman of the Ontario Museum.

The aircraft was donated to the California museum.

Services Set For Rodriquez Child

Funeral services will be held at 9 a.m. Saturday for Ramona Rodriquez, 7-month-old daughter of Mr. and Mrs. Henemoncio Rodriquez of Ira.

The child died at 1:45 a.m. today at Cogdell Hospital.

In addition to the parents, she is survived by one brother, Adam, and one sister, Debbie.

The funeral services will be held at Our Lady of Guadalupe Catholic Church with Fr. Peter Verguawen officiating. Burial will be in Snyder Cemetery under the direction of Bell-Seale Funeral Home.

Cameraman Does Part Of Building

By VIVIAN BROWN
AP Newsfeatures Writer

If you've been postponing that screened-in porch project because you can't muster up the courage to tackle it, give up and call for help, says photographer John Hugelmeyer of Riverdale, N.J., who did just that. It's better to begin the project, and get into the act later, if you must, he says, by doing some phase of the work that doesn't require professional talent.

"At first I thought I'd tackle the whole project — flooring, roof and all," says Hugelmeyer of his 16 foot by 25 foot project. "My brother, an architect, drew up plans in large scale, but the more I looked at plans, the more I realized it was too big a job for me. So I decided to get someone to build the foundation and roof, and then I'd tackle the screening myself."

Such considerations as how to connect rafters to the house, how water must run off, how the roof should be edged, and venting convinced Hugelmeyer that the job required professional know-how.

But whammo, as soon as porch posts, ceiling and foundation were installed, Hugelmeyer was ready to tackle the screening in with gusto.

"That part of it was fun when I got around to it. I armed myself with aluminum wire screening, a stapling gun and some pine stock for frames. I put the screening on frames that would slide in between the posts.

Good clear pine is best for framing as knots will weaken the frame, he says. The screening should be started by stapling the middle of each side of the frame, pulling from the center toward those points so there will be no sags or ripples in it.

"If screening is properly put up it will be impervious to everything. Ours has withstood the barrage of chipmunks, cats, other animals and two lively youngsters," he says.

Many people make glass frames for winter use of a porch, Hugelmeyer points out, and this is a great idea. But after considering that plan, he decided against it because in his case, the concrete floor might necessitate expensive heating arrangements.

Though Hugelmeyer's original plan was to have an open covered porch, he went on from there to the screened-in version because "It is almost a necessity in any buggy area to use screens, if you'd get the maximum enjoyment out of an outdoor area, particularly at night," he says.

Anyone who has an open porch that merely needs screening could have an enclosed one by expending the little time and effort required in building frames and applying screening.

Dallas FBI Man Speaks To Acacia Club And Guests

The Acacia Study Club met Wednesday afternoon at the Martha Ann Woman's Club with all federated clubs, men's clubs, attorneys and local enforcement officers as their guests, to hear J. Gordon Shanklin, special agent in charge of the Dallas Division of the FBI.

Mrs. Carl Dillaha served as hostess. Mrs. James Mathis, club president, introduced the guest speaker.

Mr. Shanklin was born in Kentucky, graduated with a law degree from Vanderbilt University in Nashville and practiced law there for eight years. He then went with the FBI, subsequently spending 20 years with that organization, four years of which were spent in Honolulu.

Shanklin's talk touched on a number of facets of the FBI, of course, explaining that there was much information he could not reveal. The FBI now has 53 agencies with 6,000 agents. When J. Edgar Hoover took over in 1924, there were only 20 federal violations. The agency gets their jurisdiction by acts of congress or by direction of the President. It is responsible for investigating, not prosecuting.

Any federal violation must have the interest of the government in assisting local law enforcement. There will never be national law enforcement supplanting the local law. Therefore, the Federal Bank Statute does not supersede state laws.

The Federal Kidnapping Statute was passed because Congress wanted in on kidnapping after the Lindbergh baby case. In order to do this, there is a conjunction that if the victim has not been returned in seven days, or has been transported across the state line, the FBI is able to move in to assist local law enforcement officers. The biggest problem is to do nothing that will endanger further the life of the victim.

One of the biggest facilities used by the FBI is their large criminology labs in New York City. One of the most thorough departments is the handwriting lab. The agents then are available to testify in court in any case they investigate, often proving a suspect innocent as well as guilty.

Mr. Shanklin reviewed some very difficult cases which were solved by the crime lab, and gave examples of actual violations of the Interstate Commerce Law. When it was passed it enabled the FBI to help stop confidence games from moving across state lines in order to escape prosecution by local and state law officers. The men get faked more often than women by these confidence men, he added. A man had rather take the loss than have the embarrassment of publicity.

He pointed out some of the characteristics of FBI agents, and ended by asking for the voluntary cooperation of the public. Criminal laws are passed to protect society, not to punish. Punishment is incidental after having been proven guilty, he added.

Make A Beauty Box For Beach Travel Supplies

Beauty on the beach can be organized and colorful if you highlight your beach accessories with a beach beauty box. It's easy to make and ideal for concealing rollers and pins for quick after - swim pin-ups, and make-up supplies to accentuate your mid-summer tan.

All you need is an empty cigar box, a purse-size mirror, and a roll of colorful adhesive covering. You might choose a bright yellow to match a yellow-flowered suit. Or a gay red and white checked pattern to compliment a white bathing suit.

To make your beach beauty box, choose a cigar box in good condition. Remove any loose paper clinging to the box. Select a roll of adhesive covering in a solid color or pattern.

Partially unroll with backing side up, on a flat surface. Cut a piece large enough to cover the entire outside of the box. Peel off the backing and apply. Make cuts at the corners and fold adhesive smoothly over side and lid. Line the box with a matching or contrasting covering cut to size.

Glue mirror to the inside of the lid, using a liquid cement.

For additional glamour, trim the box with cut-outs of a contrasting color. Just draw or trace on the backing of the adhesive covering, cut out, peel off backing, and apply.

Strangely Worded Greeting Sent To New President

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Johnson has used unusual language in sending fast greetings to Brazil's new president, Paschoal Ranieri Mazzilli.

In his message Johnson expressed admiration for the way Brazilians settled their difficulties "within the framework of constitutional democracy and without civil strife."

Yet, the new president's ascension to office was the result of a military coup—not a constitutional process—in which the army threw out the elected president, Joao Goulart, who then fled the country.

It was after the army got rid of Goulart that the Brazilian Congress named Mazzilli, president of the Chamber of Deputies, the new president.

The process of choosing Mazzilli could be considered constitutional since the constitution provides when there is no president or vice president the Congres will choose the chief executive.

Favorable American reaction had been expected since last Monday night when a high U.S. State Department official said there was increasing danger of a Communist takeover in Brazil.

The Brazilian army went into action Tuesday night.

The Associated Press in stories from Brazil has bluntly called Goulart's regime a left-wing, Communist influenced government. The Johnson administration wants no more Communist takeovers in the Americas.

And Goulart had let Communists move into high positions.

Last month U.S. diplomats stationed in Latin America were called here for a three-day strategy session on Johnson administration policies in the hemisphere.

After the meeting one source told this story of what happened:

Among other issues the diplomats discussed how far the United States should go in opposing certain dictatorships and military governments.

Some of the diplomats expressed belief the United States should modify its policy of disapproving some of the military and other strongly conservative governments in Latin America.

(Under President John F. Kennedy this government expressed displeasure with some undemocratic regimes by calling its diplomats home and by cutting off economic and military assistance.)

The visiting diplomats, the same unidentifiable source said, contended that U.S. pressure had little effect on the undemocratic regimes and that it would be better for Washington to keep contact with anyone in power and try to use its influence to alter conditions.

Whether the Johnson administration will recognize extreme reactionary regimes, even if they take over illegally, remains to be seen. The group in control now in Brazil is conservative.

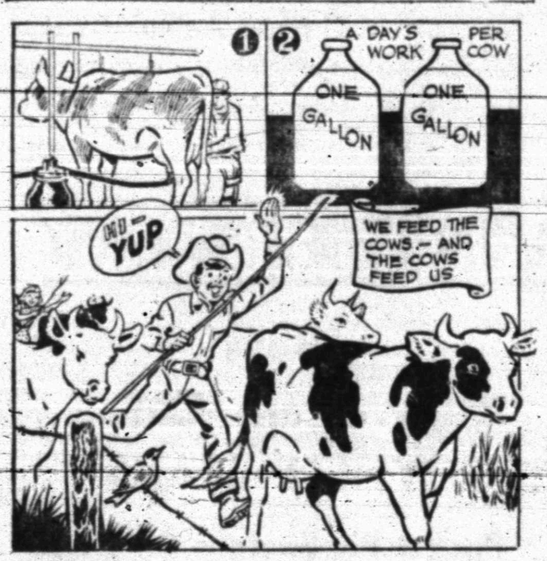

It's a nation where 8 per cent of the landowners hold 75 per cent of the cultivated land although more than 60 per cent of its more than 75 million people gain a living—often sparse—from farming.

More than 60 plans for farm reforms have been made in the past 13 years but little has been done about them. Yet under Goulart in the past year inflation amounted to 81 per cent.

There has been crisis after crisis in the economy. Whether Mazzilli can do any better remains to be seen. But so long as the army and the wealthy conservatives stay together a coup by leftists is unlikely.

But how long revolution can be avoided — without wide reforms to give more people a better share of the living—is a question that will haunt any regime which tries to stand pat and ignore the problem.

Junior Editors Quiz on COWS

QUESTION: When does a cow begin to give milk? How much does she give?

* * *

ANSWER: Dairy cows begin to give milk after they have had their first calf, which is usually when they are between two and three years old (1). As a rule there is only one calf, although there may be twins. A cow starting to give milk is called a "fresh" cow and she can then be milked steadily for about ten months. For more milk, breeding must be arranged so she gives birth to another calf, for without this, a cow cannot produce milk. As a rule, dairy cows can go on producing good quantities of milk for five or six years but exceptionally good ones may continue for as long as 20 years.

Farmers think of milk production in pounds, because creameries pay for the milk by the pound. It is easier for the rest of us if we measure a cow's production in gallons, a gallon representing 8.6 pounds. Figured this way, we may say that two gallons a day might be an average cow's production (2). The individual cow will vary up and down from this, since some breeds, such as the Holstein, give more milk than others. However the Holstein's milk is not so rich in butterfat as others, such as cows of the Jersey breed.

* * *

FOR YOU TO DO: See if you can tell the breed of the next cow you see. The Holsteins are large, colored black or white or a spotted mixture. Jerseys are the smallest, fawn colored like a deer. Guernseys are middle sized, red and white. Ayrshires are a red and white northern cattle with long horns, and Brown Swiss are brownish gray. 4-3

Robin Gets Tipsy On Chinaberry

By JAY WEST
Editor and Publisher
Laurel Leader—Call

LAUREL, Miss. (AP)—If you see a drunken robin reeling around in your yard these spring days, please take it into your house until it sobers up and can resume its flight northward.

It is likely intoxicated with the fermented juice around seeds from the chinaberry tree.

The seeds are encased with pulpy covering and it is this that ferments and causes enough alcohol to put red robin on a jag.

When the robin gets enough to start reeling it loses wing power and is a likely prey for natural enemies—cats and dogs.

In defense of the drunken robin it should be told that for most of the year it feeds soberly on seeds from dogwood, choke berries, juniper berries and small fruits.

But when time comes for the spring trip from south to north, about all that is left is the chinaberry. Spring rains have soaked the berries. The warm sun has fermented them.

Some bird watchers are of the opinion the robin is not naturally inclined toward drunkenness. It's just that the alcohol-soaked chinaberries are the only food it can find.

The chinaberry tree is a native of the Southern states and Mexico. In its wild state, it seldom grows north of the southernmost Tennessee line. That is why most bird lovers in the North have never seen a drunken robin. The chinaberry is cultivated in a lot of Southern yards as an ornamental tree and because of its heavy shade.

So, kind sir, if you will, please pick up the robin after its yearly binge and let it sober up until it is able to fly north.

It should be protected because it has the strongest personality of all birddom, despite its spring toddy.

John Burroughs, the naturalist, described it as the "most native and democratic" of all birds in the United States. The robin's song is pleasant and highly varied.

In the North, in the summertime, it is seen singly, or near its mate, hunting for the early worm. But in the winter it travels to the Gulf Coast where it lives with big, friendly flocks in the piney woods.

Dallas Bank Has Income Increase

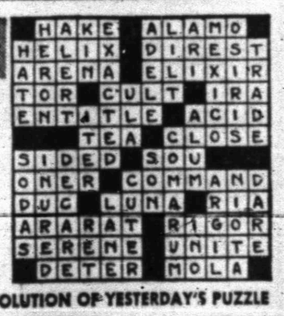

DALLAS (AP)—Republic National Bank of Dallas has reported a 7.51 per cent increase in income for the first quarter of 1964 over a similar period of 1963.

President James W. Aston said Thursday deposits as of March 31 were $1,178,084,305, a gain of $106,333,706 over deposits for the final quarter of 1963.

Old Sam Just Keeps On Hitting The Ball

By KEN ALYTA
Associated Press Sports Writer

GREENSBORO, N.C. (AP)—Jack Nicklaus hadn't been born back in 1938 when Sam Snead won the inaugural Greater Greensboro Open Golf Tournament for the first of his seven victories in Greensboro.

Young Jack, now a powerful 24-year-old, had a good look at 51-year-old Sam Thursday as the PGA senior champion shot eight birdies and grabbed a three-stroke first - round lead with a superb seven-under-par 64.

Nicklaus was to get another good look at Sam today. They were paired together for the first two rounds of the 72-hole tournament.

Nicklaus, sharpening his game for next week's defense of the Masters championship, had this to say of the old master after he had posted a 70 to trail Sam by six shots:

"Sam is amazing. He has enough nerve to play shots the way they should be played. Some men at his age play what you might call 'skinny' golf. Buf he keeps hitting the ball close to the pin. He is amazing."

When Nicklaus won the Masters last spring, Snead was only two strokes off the pace in a third-place tie. He has won the classic three times, the last in 1954.

Although he has curtailed his tournament play sharply in recent years, the old slammer from the Virginia hills has been amazingly sharp in his few appearances.

He has taken away more than $27,000 from Greensboro, where his record includes seven victories and eight seconds or thirds.

His 64 Thursday was good for a $400 bonus check, awarded daily for the low round.

Sam had one three-putt green for his only bogey and had four birdies on each side of the 7,000-yard Sedgefield Country Club course, with par of 36-35.

Starting today's play, Australian Bill Dunk and George Bayer were in second place at 67, one shot in front of U.S. Open champion Julius Boros.

Six men shared fifth place at 69, among them British Open champ Bob Charles and Gene Littler.

Joining Nicklaus at 70 were six men, including Arnold Palmer. Still without a victory this year, Palmer started the first three holes three over par, then unleashed seven birdies.

Angry Torre Has Braves Smiling

By MURRAY CHASS
Associated Press Sports Writer

Milwaukee officials don't mind if Joe Torre remains angry with them the entire season. They wouldn't even mind trying the same tactics next season — if the final results this year are as profitable as the beginning.

For Torre, however, a repeat performance by the Braves' management wouldn't be profitable. That's what made him angry this year. He arrived at camp about three weeks late following a long contract hassle with President John McHale.

Now after only two weeks, the 23-year-old catcher-first baseman is batting .500. His two-run homer in the 11th inning powered the Braves to a 7-5 triumph over Pittsburgh Thursday, their 11th in 12 exhibition games. The winning blow was Torre's fourth hit of the day.

Torre, whose brother, Frank, also played for the Braves, accepted less money than he wanted after deciding "I wasn't going to let one man spoil my career." He referred to McHale.

The Brooklyn native reportedly signed for about $25,000. McHale said he had asked for a 100 per cent increase over his 1963 salary of $17,500.

In his third year with Milwaukee, Torre batted .293, the best average among catchers in the major laagues.

Houston's Jim Wynn also came through in an extra-inning effort, smashing a 12th-inning grand-slam home run which gave the Colts an 8-4 victory against the New York Mets. Wynn also had a two-run homer in the eighth that tied the game.

Six of the other seven exhibition contests were decided by one run. Only Cincinnati's 8-3 triumph over Detroit was not a close game.

St. Louis handed Sandy Koufax and the Los Angeles Dodgers a 2-1 setback while Minnesota rallied in the eighth for a 2-1 victory against the New York Yankees. Philadelphia nipped Kansas City in still another 2-1 game on John Herrnstein's ninth-inning single.

Dick Dietz' single in the ninth carried San Francisco over Cleveland 4-3, three walks by rookie Wally Bunker in the ninth paved the way for the Chicago White Sox' 8-7 triumph against Baltimore and the Los Angeles Angels squeezed by the Chicago Cubs 6-5, giving Ken McBride his fourth decision.

Lincoln Cagers On All-District Team

Two members each from the boys and girls basketball teams of Lincoln High School have been selected for all-district honors.

Linwood Durst was named to the first team and Lonzell Brown to the second team in the boys division.

Mary Goosby was named to the five-team all-district aggregation for the second year in a row, while Pearlie Joe Scott was named to the second team the second year in a row.

Colts Tangle With Farm Club Again

COCOA, Fla. (AP)—The National League Houston Colts meet their top minor league farm club, Oklahoma City, tonight in a spring exhibition game.

The Colts won a 12-inning Grapefruit League game Thursday over the New York Mets, 8-4, on a bases-loaded home run by Jimmy Wynn.

The home run was Wynn's second of the game. His first one came in the eighth and tied the score at 4-4, sending the game into extra innings. He hit safely in his last four times at bat and drove in six runs for the day.

Claude Raymond was the winning pitcher for Houston, the fourth one used by the Colts. He struck out Ron Hunt with the bases full in the top of the 12th.

Abilene To Face Tigers In Twinbill

The Snyder High School baseballers will take on another strong Class 4A aggregation Saturday in the final tune-up for the District 3-AAA campaign.

Abilene High School's Eagles will challenge the Tigers in a doubleheader tomorrow on the Towle Memorial Park diamond, with the first game due to get underway at 1 p.m.

The Tigers have won 4 and lost 7 so far in competition against Class 4A teams. Their first Class 3A competition will come Tuesday when Sweetwater comes here to open the conference slate.

Beginning next week, activity will be limited to conference play, except for a doubleheader on May 9 with the Andrews Mustangs.

Tebbetts Is 'Doing Well'

TUCSON, Ariz. (AP)—Birdie Tebbetts was reported "in satisfactory condition and doing well" early today, but doctors still wouldn' tmake any predictions as to when the Cleveland Indians manager would return to action.

The attending physician at St. Mary's Hospital, where Tebbetts was taken Wednesday night after a heart attack, said tests indicate there has been "some tissue damage." The doctor said no one can make positive statements about a coronary for four or five days.

The 54-year-old manager was described as resting well and not in pain.

Tebbetts was stricken while at the hotel the Tribe calls home during its annual spring training stay in Tucson.

Third base coach George Strickland has been named acting manager while Tebbetts is recovering.

Whitworth Still Leads

ST. PETERSBURG, Fla. (AP)—Kathy Whitworth, shooting an erratic but winning game, moved into the second round of the $10,000 St. Petersburg Women's Open Golf Tournament today with a one-stroke lead.

However, she was being pressed hard by the field of 37 professionals and 123 amateurs playing the 6,237-yard, par 36-35—71 Sunset Golf course.

Miss Whitworth, who was runner-up in total money won last year, carded five birdies and four bogeys in Thursday's one-under par 70 round.

Pushing the Jal, N.M., player were Patty Berg of Fort Myers, Fla.; Ruth Jessen of Seattle; Sandra Haynie of Phoenix, Ariz., and Betsy Rawls of Spartanburg, S.C. All carded 71s.

Mickey Wright was not on hand to defend her 1963 St. Petersburg title.

Lincoln To Host Meet

Lincoln High School will be host tomorrow to the District 2BA track and field meet.

The meet will be unreeled in Tiger Stadium, with the first event scheduled for 10:30 a.m. Pole vaulters will see the first action in the meet.

In addition to Lincoln, member school competing in the meet will come from Levelland, Big Lake, McCamey and Crane.

Football Mothers Operating Stand

The Football Mothers organization has taken on the task of operating concessions at Snyder High School baseball games.

The concession stand was opened for the first time at last Tuesday's game, and it will be open again throughout the Saturday doubleheader and for all future home games of the Tigers. They sell a variety of candies, etc., along with soft drinks.

Purebred Pooches Slated To Romp

CHICAGO (AP)—A field of 2,793 purebred pooches from 32 states and Canada will romp before judges this weekend at the 24th International Kennel Club of Chicago Dog Show in the International Amphitheatre.

The two-day show has been the country's largest in number of dogs exhibited in four of the five last years.

Dozen Records Likely To Tumble In Texas Relays

By HAROLD V. RATLIFF

AUSTIN (AP)—The Texas Relays—first of the major outdoor track and field carnivals — opened today with everybody expected to try real hard because it is a step toward the Olympic Games.

Two Olympians were in the field, seeking a return to the big show, and one top new prospect was among the athletes seeing first action. He is Randy Matson, the Texas A&M freshman, who has been throwing the 16-pound shot almost 63 feet — with a strained hand.

Matson appeared in the junior college freshman division.

A dozen records were forecast for the 37th running of the big relay meet and several of them could come in the preliminaries this afternoon.

High hurdlers Billy Hardin of Louisiana State and Ed Renfrew of Arkansas, who have equalled the Texas Relays record of 13.9, will be among the first to see action.

Also, the Grambling 440-yard relay team, expected to hammer hard at the world's record of 40.0, will be seen in the college class. Grambling already has a 40.3.

A couple of schoolboys could start chipping away at the 120-yard high hurdles record of 14.2. They are Johnny Morriss of Houston Jones and Harold Wooten of Galveston Central. Each has whipped up a 14.1.

The 100-yard dash in all divisions also is down for trials and the university class is due to feature Billy Foster and John Roderick of Southern Methodist and Terry Williams, the Omaha flash.

Foster had a sore leg and wasn't sure he would run the 100. But if he does it will mean at least three 9.2 men.

Anthony Watson of Oklahoma, who broad jumped in the last Olympics, is an entry.

Twenty finals will be run off tonight and among them will be an open 440-yard dash in which Earl Young will participate with a view toward a return to the Olympics. Young, the ex-Abilene Christian College star, was sixth in the 400 meters and ran on the winning 1600-meter relay team in the 1960 Games.

Ollan Cassell, Don Styron, Ted Nelson, Mickey Miller, Doug Thompson and Ray Saddler will furnish Young his competition. Nelson is from Texas A&M, Thompson is an Abilene Christian College freshman, and Saddler is from Texas Southern. The others are ex-collegians.

Most of the relays are scheduled for Saturday afternoon's windup, when 25 finals will be run off. Southern Methodist and Missouri are expected to dominate the relays. SMU's 440-yard quartet featuring Foster and Roderick and its 880-yard combination could set records. Missouri appears tops in the two-mile and distance medley.

Abilene Christian is the pick for the spring medley relay where a record appears mostly likely. The Christians will be aiming at the 3:19.8 standard. Oklahoma State is the choice in the mile relay and Drake is the four-mile.

Texas Southern is favored to win four of the six relays of the college division, where the Houston school holds all the records, and set a record in the mile relay. The Mark is 3:09.0 and Texas Southern already has made it in 3:10.0.

NCAA Has Top Cagers

NEW YORK (AP)—The NCAA emerged as the team to beat and Villanova's flashy Wally Jones as one of the brightest stars after first-round action in the U.S. Olympic basketball trials.

"Oh, but what a pair they'd make," UCLA Coach John Wooden said today. "Just imagine Jones and (Walt) Hazzard in the same backcourt. They'd make somebody sit up and take notice."

Jones, a fancy playmaker with all the moves, piloted the Reds to a whopping 86-63 decision over the Armed Forces Missiles Thursday in a first-round game at St. John's University and delighted the crowd with his spectacular ball handling and passing.

In the other first-rounders, the AAU Stars upset the NCAA Blues 82-76; the NCAA Whites beat the Armed Forces Jets 74-64 and the NAIA All-Stars edged the AAU Stripes 77-74.

Actually, the team scores make but little difference since the Olympic Selection Committee will make its choices by individuals rather than by teams.

Junior Tennis Meet Opens In Houston

HOUSTON (AP) — The River Oaks junior tennis tournament opened today with Stanley Pasarell of Dallas scheduled to meet Bruce Bartlett of New Orleans in the top match.

Pasarell is top seeded in the 16 years and under division and ranks 15th in the nation in that competition.

Woody Blocker, also of Dallas, is top ranked in the 14 and under competition.

Big Spring JH Teams Win Meet

Big Spring schools won both divisions of a seventh and eighth grade track meet here Thursday afternoon, with Goliad rolling up 36 points to dominate the eighth grade division, while Runnels copped the seventh grade division with 27 points.

Goliad took first place in four of the seven events in the eighth grade division, including the 440-yard relay which accounted for 10 points.

Snyder Lamar was second in the eighth grade division with 16 points, while Travis was third with 14½, Runnels was fourth with 11, Colorado City was fifth with 9½ and Post trailed with 1 point.

Travis scored 22½ points for runnerup honors in the seventh grade division, which had Colorado City third with 15, Lamar fourth with 12½, Goliad fifth with 9 and Post sixth with 2.

THE "Write" WAY

By RUTH FOWLER BROWN

DEAR RUTH:
My wife and I bought a home in a retirement city, and I discovered I'm bored to death by these senior citizens constantly hashing over the past. Why can't they be interested in right now, and the future that is still ahead of us? Do you see anything inspiring in my handwriting that I could do?
JIM

DEAR JIM:
You've got yourself a project! I can see that you're an organizer and a "do-er". Start a "Live for the Future" club and inspire these people to get together and do things for others who want to retire but are forced to continue working to meet

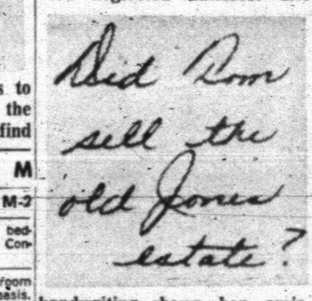

expenses. Open your homes to young people, particularly the group in the thirties. You'll find them compatible and willing to learn from your experiences. Your future is going to be happy if you start stirring up your reminiscing retired friends.

* * *

DEAR RUTH:
I really enjoy my mother-in-law, an intelligent woman who writes for her hometown newspaper. But she has one fault that really annoys me. Every time she visits us she invariably noses into our business. She and my husband gabble away like mad over the sales he's made (he's in real estate), who bought what, and how much, and what commission did my husband clear. Then she corners me and noses into my club activities, my household affairs — whether I'm buying anything new, and how much. Even the kids are quizzed on grades in school, playmates, etc. I'm enclosing a letter she wrote us. What makes her so nosey?
MRS. J. P. L.

DEAR MRS. L.:
Sounds to me as if she's just an "inquiring reporter" with a nose for news! Be glad she's not a carping critic, or a neurotic neglected sufferer. Her handwriting shows her amiability, talkativeness, pride in her family and desire to see her children happy and successful.

* * *

DEAR RUTH:
Can you tell me from this sample of my handwriting if I'll find a husband this year?
LEAPING LENA

DEAR LEAPING
No, I can't tell on the basis of handwriting analysis. But lots of luck!

Search Ends For 2 Men

PORT ARTHUR, Tex. (AP)— The Coast Guard says it has abandoned its search for two men still missing in the explosion of a seismograph boat Wednesday in the Gulf of Mexico.

The Coast Guard said it called off diving operations Thursday and presume the two are dead. They were Tyrone Swack, 21, of Bossier City, La., and Paul Metcalf, 40, of Morgan City, La.

The bodies of Donald Martin, 37, of New Orleans and Edwin Ott, 32, of Biloxi, Miss., were recovered after the boat Terry Walker blew up off Sabine Pass.

The blast occurred as a 200-pound charge of explosives was being lowered into the water. Five crewmen were rescued by nearby vessels.

A Coast Guard spokesman said commercial divers failed to locate the missing pair in ruins of the Terry Walker at a depth of 30 feet.

Calvary Baptist

Sunday, April 5, will be "V Day" at Calvary Baptist Church, marking the first day of a new Sunday School campaign designated as the "Victory Campaign."

The campaign will continue for seven Sundays, and each class and each adult group has a goal set for each Sunday. A large board will be constructed and placed in the auditorium with the name of each class and each adult group, along with the name of the teacher or group leader. Each Sunday, as they make their goal, they will be given a letter of the word The classes that meet their goal each Sunday will spell "victory." This Sunday, "V Day," is the day when the first letter in the word will be placed on the board.

There also will be a goal set each Sunday for the entire Sunday School and as the goal is reached each Sunday there will be a large letter placed on a wire across the front of the auditorium spelling the word "victory," so that each member is urged to be present each Sunday during the campaign.

• • •

Colonial Hill Baptist

Spring revival is in progress at Colonial Hill Baptist Church. Dr. Charles Wood, evangelist, will bring both the morning and evening messages Sunday. During the Sunday School hour, from 9:45 to 11 a.m., there will be a special evangelistic service in the auditorium, with the visiting evangelist as the teacher.

Training Union will begin at 6 p.m., seeking the highest attendance of the year.

Saturday night, beginning at 10 p.m., there will be an all night chain of prayer. There will be someone at the church throughout the night at each one-hour interval. Deacons of the church are leaders for the various periods.

Revival services will be held Monday through Friday nights next week at 7:30 p.m., and Tuesday through Friday mornings at 10 a.m. The Sunday School department have been charged with conducting an attendance campaign for each night. The closing day of the revival will be Sunday, April 12.

Portales School Offers Accredited Religious Study

By DUDLEY LYNCH
Portales, N.M., News Tribune

PORTALES, N.M. (AP) — Quietly, and with little publicity, Eastern New Mexico University is pioneering in a field normally reserved for religious colleges or seminaries.

The Portales institution produces a dozen or more ministers each year, complete with degrees.

Buildings, religious instructors materials and expenses are underwritten by the participating religious groups.

The university accredits the courses offered.

Members of small churches in Eastern New Mexico and West Texas are acutely aware of the program. Many of the country congregations depend on ministerial students to fill their pulpits each Sunday.

At this time of year at least two of the three chairs of religion at ENMU are swamped with requests for graduates to fill pulpits throughout the Southwest.

The Church of Christ Bible Chair has the largest program with two fulltime staff members and curriculum which leads to a master's degree in religion.

Dr. Steven Eckstein, dean of the Bible Chair directors after 11 years here, said the chair has sixteen ministerial students this year.

"This is the best year we've had," Dr. Eckstein said.

Since the Church of Christ chair was begun in 1947, 75 to 100 preachers have been turned out of ENMU with religion and related majors.

Eugene Byrd, is co-director and an assistant professor in religion.

How does the ENMU student of religion compare with the ministers turned out by Church of Christ colleges?

The Rev. Robert Clarke, director of the Baptist Student Union, prepares more men for the theological seminaries than he sends directly into the preaching fields. Many of his religion majors are already full-time ministers however, and commute to Portales three or more days a week from points as far distant as 100 miles.

The Baptist chair turns out an average of five ministers a year.

The situation at the Methodist Church's Wesley Foundation is quite different.

The Rev. Milton Chester, completing his first year here, said the difference is due to the preferences of Methodist seminaries.

"Our seminaries do not want religious majors, they want liberal arts students," he said.

For this reason the Methodist chair turns out no religious majors although it is a center for future seminary students who are working on their preliminary liberal arts degrees.

Union Will Seek National Contracts

NEW YORK (AP) — The 400 delegates to the contract formulation meeting of the International Longshoremen's Association have agreed that the ILA's negotiators in the next talks with employers should insist on a national contract for the union's 60,000 members.

Union insistence on uniform national bargaining presumably will be opposed by the employers when contract talks begin, possibly in early June. Representatives of employers in ports from Maine to Virginia, who met in Philadelphia late last month, agreed that bargaining should be regional rather than national.

A two-day contract meeting, which ended Thursday, was presided over by ILA President Thomas Gleason. He had invited union delegates from Atlantic, Gulf, Canadian and Puerto Rican ports.

The delegates drew up the union program for bargaining talks with employers in ports from Maine to Texas. The delegates decided to dispose of purely local matters before drawing up major demands for a national contract.

The present two-year agreement, which expires Sept. 30, provides an hourly basic wage of $3.26 an hour in New York.

New Mayor In Rio Bravo

RIO BRAVO, Mexico (AP) — Eduardo Reyna Creado, 29-year-old lawyer, is the new mayor of this town of 23,000 just below the Texas-Mexico border.

He took over Thursday from Pedro Martinez Vega, whose resignation, said the new mayor, was requested by Gov. Praxedis Balboa of Tamaulipas State.

The 38-year-old Martinez had been mayor 15 months. Reyna said complaints had been made against Martinez by residents, union leaders and businessmen.

Some complainants said the town's public works and sanitation projects had not progressed as promised.

Martinez also was blamed for "unfavorable publicity" received by the nearby farming area of Plan Del Alazan because of disease and drought which plagued the area last year.

Says GOPs Gain Strength In South

DALLAS (AP) — The chancellor of Vanderbilt University says Republicans are steadily gaining strength in the South, although their fortunes waned after the assassination of President Kennedy.

Dr. Alexander Heard is a former political science professor who has written several books on Southern politics.

Heard said if the present GOP growth continues, the South eventually will become a two-party region, although how fast and how much the Republican organization grows depends on the candidates.

"With Mr. Johnson as the Democratic nominee for president, the GOP task in the South in 1964 will be much more difficult than it would have been otherwise," Heard said. "In fact, any Republican will have a tough time."

He said the trend toward the Republican party has been going on since 1948.

"Social and economic changes have brought about the shift and also increased GOP presidential voting and more Republican candidates in state and local races," Heard said.

"I think there has been an over-all decline in the old blind prejudice against the Republican party."

Training Saves Boy

DILLON, Colo. (AP)—Caught alone in the high Rockies in a snowstorm, a 14-year-old, 100-pound boy says he used his Boy Scout training to get through the ordeal unharmed.

Martin Koether Jr., of Winnetka, Ill., made a bed of boughs, covered himself with others and curled up to rest.

Seventy searchers on skis toured the area a few hours later Wednesday, shining flashlights and shouting for the boy. The commodition didn't get through to Martin — he was asleep in the 20-degree cold.

Martin hiked up the mountain Thursday, floundering in deep snow that included a 10-inch overnight fall. More than 100 persons were looking for him by then. When they spotted Martin, they said he apologized for causing trouble.

Martin is spending a week at the Vail area with an aunt, Mrs. Herbert Koether of Denver.

Says Exhibit Will Draw Many People

MEXICO CITY (AP) — Mexico's tourism department expects nine million persons to visit Mexico's exhibit at the New York World's Fair.

Tourism director Francisco Gonzalez de la Vega made the prediction, estimating that at least ten per cent of the expected 90 million attending the fair would take time to inspect Mexico's exhibit.

LEADERS OF FIRST METHODIST CHURCH met Tuesday in a general planning session for their Every Member Canvass, designed to underwrite the budget for the coming church year. Co-ordinating the campaign will be Bob Crowell, General Chairman, and Mrs. Ruby Anderson and Ollie Peek, Co-Chairmen. Working closely with them will be Pat Falls, Chairman of the Official Board, and Wayne Boren, Chairman of the Committee on Finance. Special emphasis on stewardship will be made in the program of the church during the first three weeks in April. Above are Mrs. Anderson, seated, and standing from left to right, Mr. Boren, Mr. Crowell, Mr. Peek and Mr. Falls.

Queen's Visit Will Cement Relations

MEXICO CITY (AP) — The visit next week of Queen Juliana and the royal family of the Netherlands will bring closer relations between that country and Mexico, a prominent banker says.

Juan Ortiz Monasterio, president of the Mexico-Holland Businessmen's Committee, said that Mexico would obtain "logical benefits" from Holland, an advanced country with a developed economy and a democratic government.

The royal family is due in Mexico April 8, and will be received by President Adolfo Loceived by President Adolfo Lopez Mateos at the International Airport.

Guatemala, Mexico Trade Extensively

MEXICO CITY (AP) — The National Bank of Foreign Commerce says Guatemala was Mexico's best customer in Centralia America last year.

The bank said Mexico sold Guatemala $4.16 million worth of such items as tobacco, cotton, books, copper, and natural and synthetic hormones.

San Angelo Holds Miss Wool Crowning

SAN ANGELO, Tex. (AP) — Miss Wool of America for 1964 will be crowned tonight in this wool capital of the world.

The winner will be picked from 20 beauties from the country's wool growing states in a nationwide televised pageant at San Angelo coliseum.

Also on today's program is a downtown street parade.

Fires Are Unexplained

DALLAS (AP)—Fourteen unexplained fires have occurred in Negro churches here since mid-December, but a fire department officer said Thursday no racial conflict appears involved.

Capt. Ernest Emerson, acting chief of the fire department arson squad, said amateur burglars are believed behind the rash of blazes.

"At this time we don't see any indication that it is racial in nature," Emerson said.

A police department report for the entire city of Dallas lists 47 church burglaries since early January.

Emerson said the burglars have taken "small change" while passing up valuables that more experienced thieves would take, such as office equipment and musical instruments.

Arson also was blamed in a fire at a white church last January.

U.S. mailmen suffer approximately 7,000 dog bites annually.

Don't Swear!

It's a Bible command... a common-sense law of life. *"Thou shalt not take the name of The Lord Thy God in vain."* THEN WHY DO YOU DO IT??? Careless habit? Limited vocabulary? Calloused soul?... JUST WHY DO YOU DO IT? *"The Lord will not hold him guiltless that taketh His name in vain."* Man, too, will hold you guilty. The members of your family,—the fellows in your office,—the stranger on the street ...none of them like it! Your family deseryes better of you. Your neighbors expect better of you. God requires better of you. Go to church and break the swearing habit. *Learn to respect and honor and reverence God's name. Please don't swear!*
