

'Nixon Is The One' For Olton

Lions Club Pay Tribute To Campsite

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given over ten thousand handicapped youngsters a new dimension of freedom since it was opened in 1953.

The camp, located at Kerrville in the Hill Country of Central Texas, is free to crippled, blind, deaf or mute children of seven through sixteen. The 17 permanent buildings and other improvements dotting the 504 hill-side acres represent an investment of more than \$700,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their shyness imposed by their handicaps. By mutual association with other handicapped children and by skillful and gentle counseling, these youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow.

FIRST TIME VOTER—Pat (Thompson) Boedeker exercises her right to vote when she went to the polls at Olton for the first time in a very important national election.

NOTHING NEW to Mrs. Mellie Gabehart was this voting procedure, except the names on the ballot. Mrs. Gabehart voted in Tuesday's election as did 973 other Olton voters.

Smith, Barnes, Price, Clayton Are Favorites At Local Polls

A large number of voters turned out for the most talked-about election in many a year all over the nation and Olton was no different.

A total of 974 voters went to the polls here Tuesday and cast a majority of the votes for winning candidate, Richard M. Nixon in the presidential election.

Nixon received 457 of those votes and Humphrey got 319, while Wallace polled 188 votes in the Olton balloting.

In the Congressional race for the 18th District, Bob Price won the Olton vote with 464, compared to 421 for his opponent, J.R. (Dick) Brown. Lamb County, however, gave Brown a slight margin, 2872 to Prices's 2770.

Price was named winner in the Congressional race.

Another race of great interest to the Olton voters was that of the state representative of 72nd District between Billy Wayne Clayton and Frank Ford.

was Barnes, 4698, DeCluit, 1232.

Crawford C. Martin, Attorney General, had an easy victory in Olton and Lamb County, receiving 607 Olton votes against his opponent's 258 and county votes of 4385 compared to Wynn's 1298.

Robert S. Calvert was favorite of Olton voters getting 615 while John M. Bennett, Jr. received 253. County vote was Calvert, 4306, Bennett, 1393.

State Treasurer Jesse James carried Olton with 672 votes compared to 222 for Manuel Sanchez. In the vote of the county, James received 4557 and Sanchez, 1200.

Jerry Sadler remained as Land Commissioner, receiving 634 votes from Olton and 4392 total county votes. Millard K. Neptune received 242 Olton votes and 1299 total county votes.

In the race for Commissioner of Agriculture, John C. White received the majority of votes from Oltonites, with 603 going to him and 261 going to E.G. Schuhart, II. County gave him 4243 and Schuhart, 1395.

Jim C. Langdon received 572 votes in Olton in the race of Railroad commissioner while Jim Segrest received 272. In county votes, Langdon received a total of 4140 and Segrest, 1399.

Other races were uncontested and there were a total of five write-ins.

Jerry Kirby received a write-in vote as county attorney as did Bill Street.

Elmo Bryant received two write-in votes for county commissioner of precinct one and J.B. Davis received one for county judge.

There were 14 constitutional amendments on the ballot and only three of the 14 were passed by Olton voters Those passed were:

Number Seven--Continuously reducing ad valorem property taxes and abolishing all State ad valorem property taxes after Dec. 31, 1978, except the tax levied by Article VII, Section 17, for certain institutions of higher learning.

Number Nine--Allowing contributions to be made on the basis of full salary of members of the Teacher Retirement System of Texas.

Number 14 -- Fixing the time during which members of the Legislature shall be ineligible to hold other offices.

Now that the tension and anxiety of the waiting of votes to be settled is over, the country can settle down to the business at hand, . . . which Nixon has set as his goal -- uniting the country.

Mustangs Meet Last Foe In District Competition

Olton's Mustangs journey to Friona this Friday night to play the Friona Chiefs.

A victory this Friday night gives the Mustangs 9-0 season and the district championship.

Olton clinched a tie for the championship last week by beating the Floydada Windwhirls 24-0 before a rain soaked Homecoming crowd here in Olton.

Friona is a twice-beaten team thus far in district play this year with losses to Dimmitt and Floydada.

Coach Beck commented, "Friona is not a team to be taken lightly as they are a fine team and just had some hard luck in the two games they have lost."

"Friona is by far the best team we have faced this year and the biggest 'also'. Their defensive line will average over 200 pounds per man for the front four," continued Beck.

"Leader of the Chiefs is Tony Perea, the best running back we have faced this year along with being a stand out linebacker on defense. Filling in with Perea in the backfield is Johnny Barker and Lowery Harper a hard line-busting runner," Beck stated.

"Friona uses a running game mostly but can pass when the need arises," he concluded.

Friona Junior class is sponsoring a chili supper in the school cafeteria before the game at Friona.

Starting lineups for Olton will be as follows:

OFFENSIVE-- Joe Luera, Steve Burleson, Eddie Hooper, Jason Latimer, Tony George, Joe Hernandez, Emiliano Marquez, Johnny Lewis, Charles A. McClain, Kenneth Johnson and Benny Akin.

DEFENSIVE -- Kenneth Johnson, Johnny Lewis, Joe Luera, Steve Burleson, Barry Cowart, Eddie Hooper, Gary Durham, Tony George, Benny Akin, Sel Sanchez and Charles A. McClain.

'Blue' Day Set Friday

Olton's Cheerleaders have designated Friday as "Blue" day and are asking the townspeople to turn out for the pep rally which will be held at 3:30 p. m. in the high school gymnasium.

Everyone is asked to wear something blue to the pep rally and to the football game at Friona that night.

Head cheerleader, Kathline Carson said, "It doesn't have to be the exact color of blue as that of our school colors--just as long as it's blue. We think this Friona game is important and we want the boys to know we are backing them."

County Commissioner Speaks Opinion On Retirement Plan

Lamb County Commissioners Court probably will vote for a retirement program on Monday, November 11. It will not be a unanimous vote. The retirement program will be for all elected officials and county employees--about sixty persons at a cost of approximately \$15,000 per year to the taxpayer and the same cost to the county official and employees.

To qualify for retirement, one must serve twelve years and reach the age of sixty, or serve thirty years and retire at any age. A person must work at least a year to draw three per cent interest on his money; that is only the money the official or employee pays in, not any on what the county pays in. If he quits at any time after working a year and before reaching the retirement requirements, he will draw the three per cent interest on what he has paid in.

An employee or an official who has twelve years prior service and sixty years of age would be eligible for retirement after paying only one month into the program; Lamb County would have to pay their retirement as long as they live. It seems this favors the official or employee who is ready to retire when the program goes into effect much more than the county official or employee who still has years of service to render to the county (he will help pay for his retirement). This could or should be called a bonus for the soon-to-be-retiring county employee. Lamb County has the same retirement plan that most county residents have, that is Social Security, and has had for several years.

In the November 1966 General Election, Amendment No. 5, created the Texas County and District Retirement System, providing certain retirement, disability and death benefits for officers and employees of counties or other political subdivisions of the State

and of political subdivisions of counties, authorizing any of these groups to participate in this system at no expense to the State--to be paid for by county taxes.

This amendment WAS DEFEATED in Lamb County; 1448 against to 1035 for, but it carried state-wide. This should be a good indication to the Commissioners Court that the tax payers of Lamb County do not want this retirement program.

A good retirement program is fine; one that will attract and keep good officials and employees, a plan where your time starts when you start paying into the retirement program. Some of the younger county employees have families, and with the deductions that already come out of their checks; Social Security, insurance and withholding tax--now, tell them we are going to take out \$24.00 more a month. Their budgets are already over-loaded, as is the county's. The next thing necessary would be to give them a raise in pay so they could afford this retirement plan. This would cost the county \$30,000.00 a year instead of just \$15,000.00 more. Should not ALL four precincts be represented in this matter? Do you think taxes might go up? If you want to help pay for this retirement program, tell your representative on the Commissioners Court. If you don't want to help pay, tell him before Monday, November 11. Maybe you can stop it before it happens.

We have a good Commissioners Court in Lamb County, but we don't all see eye to eye on everything, and this is good for all concerned.

This is not the opinion of the entire Commissioners Court, but it is the opinion of the Commissioner of Precinct One, Lamb County.

A. J. Spain, Olton, Texas

Clayton received 618 votes in Olton and Ford got 306. County votes totaled 4246 for Clayton and 1729 for Ford. District votes for Clayton were 10,147 while Ford received 5,938.

Preston Smith carried Olton as well as the county vote in the race for governor of the state. He received 601 and Eggers received 338 in Olton. County vote was 4373 for Smith and 1723 for Eggers.

Ben Barnes had a larger number of votes in the race for Lt. Governor against Doug DeCluit, Barnes received 663 and DeCluit, 243. County vote

Season Grid Contest Tied, Don Nafzger Wins Weekly

In the closing weeks of the season football contest, two are tied for first place with 89 points, followed closely by one person with 88 and another with 87.

Ruby Lee Sherman stepped down from first place this week, relinquishing her top spot to Charles Didway of Post and Trent Sharp, each posting 89 points at this stage of the contest.

Mrs. Sherman now has 88 correct guesses for the season and Wandie Hutson has 87.

Closest in running to Hutson are five contestants, each with 85 points. They are Steve Lee, Jess Parker, Sandra Splawn, Chuck Saul and Basil Sherman.

This week's contest must have been somewhat easier than

usual, as there were eight entries with only one incorrect score.

Don Nafzger won first place when he guessed the tie breaker 26-0, off only two points. Charles Didway guessed the score 25-7, off 8 points for second place.

A three-way tie for third place was between Keith Workman, R. C. Parsons of Lubbock and Junior Muller, each guessing the identical score of 28-6, off 10 points.

Others missing only one were Roy Hendrick, Tom Sluder and Larry Farr.

Dear Editor

Treasury Watchdog

Dear Sue:

You as a businesswoman are as concerned as I am with economy and fiscal responsibility in government.
I was honored recently to receive the gold bulldog award as a Watchdog of the Treasury from National Associated Businessmen, Inc. for my voting record in favor of economy.
One of the major projects of this or-

ganization over the years and one I fully support is the elimination of government competition with taxpaying businessmen.
I will always appreciate hearing from you on any matter affecting business that may come before Congress.

Sincerely,
Bob Price,
Member of Congress

'Whoa Wrangler'

Hello Friends,

My long ride came to an end, at Humboldt, Tennessee. After being jailed for the second time I did not undertake such a long ride just to be thrown in jail.
The first time it happened was on August 2nd, in Choctaw County, Oklahoma. I was picked up in Boswell, and taken to Hugo and detained in the county jail. They accused me of stealing a paint horse. After six hours, they apologized, and said it was a mistake, then they let me go.
The second time was on September 25th at Humboldt, Tennessee. They said I had broken into a garage at midnight the previous night, and stolen some money. After two hours

they let me go with the usual apology.
After spending a total of eight hours in jail, I decided to quit.
Wrangler is still down in Tenn. When I have saved enough money I am going to have him shipped to West Virginia.
We were on TV twice, Channel 3, Wichita Falls, and Sherman 12.
Thanks for sending a copy of the story you wrote about us. We appreciate it very much. If you write anything about us in the future, we would be most grateful if you would send us a copy.

Sincerely,
Bill Webb, the English Cowboy and
Wrangler the toughest horse in the West.

Worthwhile Effort

Dear Sue:

This campaign has been a very enjoyable experience for my family and for me. We would like to express our sincere appreciation to all those who worked so hard for its success, and to the area news media for providing good coverage of the issues.
It has been a very worthwhile effort, in that it takes both competition and cooperation

to achieve progress. Our campaign provided the 72nd District with competition, and now is the time for cooperation toward a better America and a stronger area.

Thank you very much

'For Pete's Sake' Coming To Littlefield's Palace Theater November 10,11, 12

"FOR PETE'S SAKE," from World Wide Pictures, will premiere at the Palace theatre in Littlefield on Sunday. Produced in wide screen and brilliant Eastman color, this comedy-drama stars Robert Sampson and Pippa Scott in a mile-high Denver setting, against the magnificent backdrop of the Rockies.
"FOR PETE'S SAKE" lives day by day with a meat-and-potatoes guy who has dared to take on big questions about Christianity today, and comes up with even bigger answers. To Pete, GOD WAS NOT DEAD! Or was He?
On a damp, gray, Sunday afternoon, Pete Harper was one of a large crowd at Denver's Bear Stadium listening to a sermon during a Billy Graham Crusade. Why was he there? "It was free." It was free, but Pete, his wife, and their son all got more than they had bargained for. Moved by the message, they found themselves

going forward. What then? You will see as you live with Pete and his family during the months that follow and watch them meet the challenges of a Christian commitment. Faith becomes a working commodity for Pete, starting on the inside and growing up and out. It grows while he's pumping gas on a busy Denver street corner, while returning a cake plate to a neighbor, and while colliding with a gang of teenage motorcyclists who challenge him with the shattering honesty of today's youth; youth who force him to match his faith against the turbulent world of leather and dare-devil races. Ride with him as he grinds over steep mountain trails to prove that he's not afraid to try their world.
Incidentally, the film doesn't boast any angels; just warm, funny, inspiring, real human beings! It's a love story, a laugh story, and a life-sized look at the ups and downs of the faith of a twentieth century

man.
Robert Sampson, who portrays Pete Harper, also starred in World Wide's "THE RESTLESS ONES," which is still playing to capacity audiences throughout the world. Pippa Scott, as Pete's wife, Marge, is well-known for her Broadway appearances and starring roles in most major television shows. Al Freeman, Jr., and John Milford work with Pete in their Denver service station. Al, who starred on Broadway in BLUES FOR MR. CHARLEY and was recently seen in GOLDEN BOY, adds a special musical message. John Milford is often seen in "Get Smart," "Perry Mason," "F.B.I.," and other television presentations. Sam Groom, Pete's fresh-from-seminary minister, is a familiar face to television fans.
Other featured players include Johnny Jensen as Pete's son, Irene Tedrow as Grandma Harper, and Nicolas Surrov

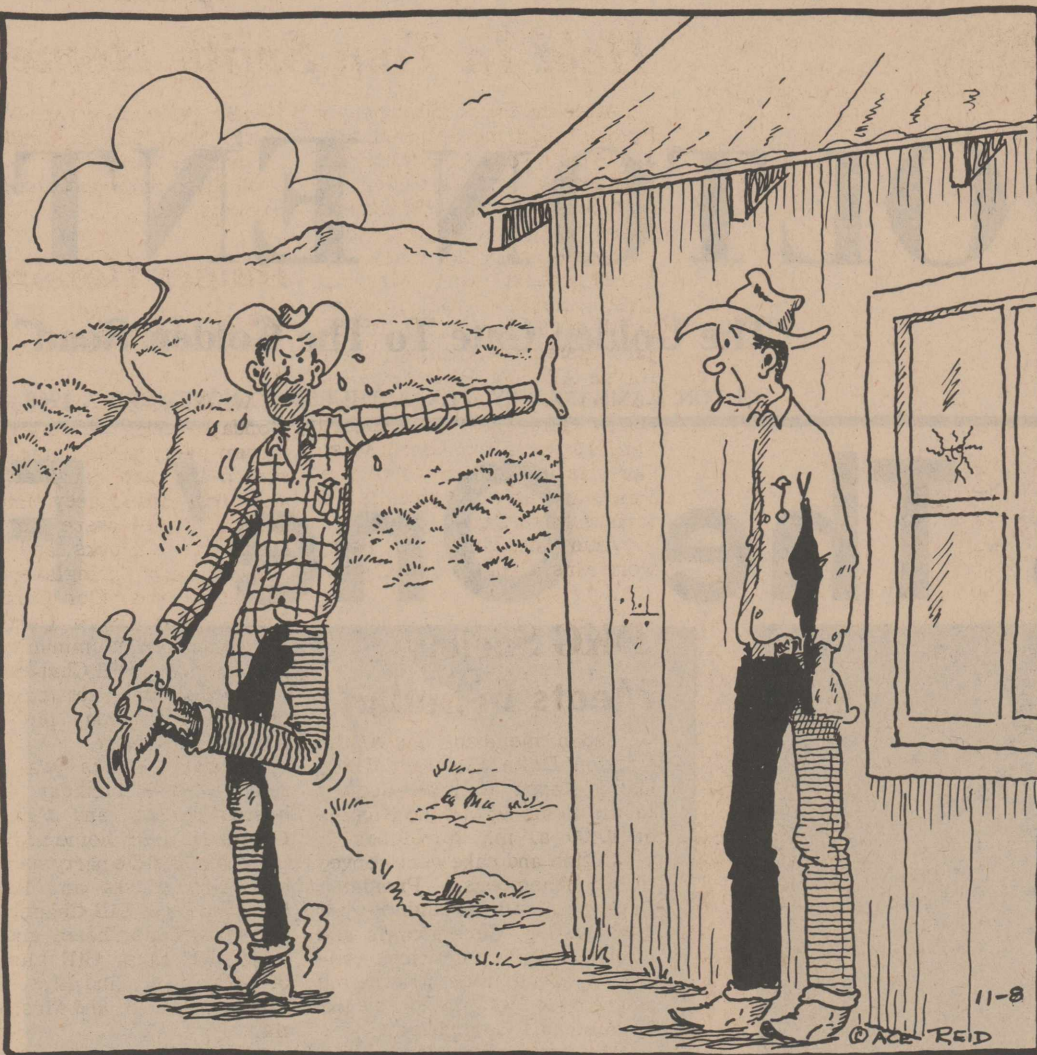

Classes are being organized under direct supervision of the Lubbock State School which is supplying supervisory aid and most of the financing. The overall program is under the Texas Department of Mental Health and Mental Retardation.

will be in need of volunteer helpers. The Volunteer Coordinating Committee of the Advisory Board is appealing to residents of the Littlefield area to help. In addition to physical help, they will need refreshments of cookies and soft drinks. Contributions of this kind will be gratefully accepted.
Mrs. Claude Oliver of Littlefield, student placement committee chairman, has received a total of 16 applications for the classes, ten of which are in the pre-school category and six in the post-school group. There were seven pre-school pupils who reported for the first day's class Wednesday morning.
Ages of the applicants range from four years old to 17. Enrollment is open to anyone not eligible for public school education and has no maximum age limit.

A goal of \$600 in public contributions has been set by the advisory committee to defray the cost of supplies and equipment for the classes. Sid Hopping of Littlefield, chairman of the finance committee, reported last week that \$433 had been contributed thus far. Anyone wishing to make a contribution is invited to contact Hopping at the school tax assessor and collector's office at 410 LFD Drive in Littlefield.

Sue's Views

Spooks

Sure hope everyone enjoyed Homecoming and all the class reunions that were going on. This has been one more busy week, hasn't it?

What with Halloween, Homecoming and the election.

Wow, what a combination! Halloween night, of course, was the night for trick or treaters, and I had to work late getting that special homecoming paper out. But I managed to get out with my two little ones before all the treats were gone. But the "MOST-EST" fun of all that night was going through Virgle and Ruby Gray's house. If you didn't hear about it and get to go, you sure missed a treat.

They had turned their entire household topsy-turvy simply to have a fun night with the trick or treaters who came to their door. (Pictures inside)

When you arrived at the house, there was this weird music playing and you were told to go to the back door, which is wide open and beckoning -- only the lights are dim and you can't see that spooky looking character to your left who hollers at you. Then there is the pirate down at the end of the hallway which is covered with gunny sacks full of newspapers or shucks or something "rattly".

Then there are two creatures to greet you before you go into the hallway which is littered

MRS. CHARLES RAMAGE

Struve-Ramage Wedding Vows Pledged In Methodist Church

Double ring vows were recited Saturday evening in the First Methodist Church between Miss Francine Struve and Charles David Ramage of Midland.

The Rev. Tommy Nelson, pastor, and the Rev. C. P. Mc Master of Littlefield directed the exchange of vows.

Parents of the couple are Mr. and Mrs. Frank Struve of Olton and Mr. and Mrs. Robert Ramage of Spade.

Candelabra with green tapers were adorned with bows of blue and green and white pom pom mums marking the altar of the church. Greenery and cathedral candles decorated the communion table. Blue and green bows with sprays of greenery marked the pews.

Miss Carolyn Ramage, sister of the groom, presented the tradition wedding marches and accompanied Mrs. Owen Jones as she sang "O Perfect Love", "Whither Thou Goest" and "The Wedding Prayer".

Presented in marriage by her father, the bride wore a formal length princess styled gown of white pure silk with yoked bodice and sleeves of hand-run Alencon lace. The high Elizabethan neckline and three quarter length belled sleeves were outlined in natural scallops.

Her bouffant train, attached at the yoke, was enhanced with vine-like appliques of Alencon lace, swept to cathedral length. Her shoulder length veil of silk illusion was outlined in lace and held by a pillbox headpiece.

She carried a cascade bouquet of frenched carnations surrounding a white orchid. She carried a penny coined the year of her birth and wore the traditional blue garter. For "something old" she wore a ring belonging to an aunt. Her gown was "something new" and her bridal veil "something borrowed."

Mrs. Robert Struve of Carrizo Springs, sister-in-law of the bride, was matron of honor. Miss Laura Akin was maid of honor and bridesmaid was Miss Susan Norfleet. They wore formal length gowns of blue-green iridescent brocade styled with jeweled neckline, three-quarter length bell sleeves and deep inverted pleat down the back accented by a Martingale belt. Board Members Named By Texas Cotton Producers

Texas cotton producer organizations have chosen one new member to serve on the board of trustees of Cotton Producers Institute, have re-elected three board members to three-year terms, and have chosen alternates for each board member. Their terms will end on December 31 in the years listed.

Maurice Clack, Caddo Mills, is the new member, and Wayne Underwood, Vernon, is his alternate. Their terms end in 1971.

Board members re-elected, along with their alternates and year their terms end:

John A. Abbott, Harlingen, and George Shimek, Santa Rosa, alternate, 1971; Roy Forkner, Route 1, Lubbock, and W. L. Edelman, Friona, alternate, 1971; Dan Pustejovsky, Route 3, Hillsboro, and J. G. Dobbs, Grandview, alternate, 1971.

Other Texas CPI trustees, alternates, and year their terms end:

Joe B. Pate, Jr., Lubbock, and Donnell Echols, Star Route 4, Lamesa, alternate, 1969; R. L. Skov, El Paso, and G. B.

Spence, Route 1, El Paso, alternate, 1969.

J. D. Smith, Littlefield, and Don Marble, South Plains, alternate, 1969; L. C. Unfred, Route 4, Tahoka, and Joe D. Unfred, New Home, alternate, 1969.

Howard Alford, Route 4, Lubbock, and Jay Cannon, Route 2, Hale Center, alternate, 1970; W. W. Hart, Sinton, and P. L. Geistman, Corpus Christi, alternate, 1970.

Lawrence J. Petersen, Danavang, and Max Mahlmann, Richmond, alternate, 1970; Charles W. Stenholm, Stamford, and J. Frank Inman, Childress, alternate, 1970.

Cotton producers Institute carried out a research and promotion program for cotton, financed through \$1-per-bale payments by growers under the Cotton Research and Promotion Act.

In its first year under the Act, CPI received the National Retail Merchants Vanguard Award for "extraordinarily effective work with retailers." The patented wet-fix process for durable press cotton fabrics is a result of CPI research.

The trustees have budgeted \$10 million, contingent upon collections from the 1968-69 crop, for cotton research and promotion in 1969. This represents a 25 per cent increase over the 1968 effort.

There are 51 CPI trustees and as many alternates -- allocated to each state in ratio to its contribution to the total program. The board is composed exclusively of cotton growers. Trustees and their alternates are chosen by certified cotton producer organizations in each state.

Producers, through their representatives on CPI's board, determine the projects to be included in the research and promotion program. To avoid unnecessary overhead and duplication, CPI uses the staff of the National Cotton Council to assist in developing and carrying out its program. The Council's experience in programs of this type dates back to 1939.

Firearms and devices covered by the registration requirements must be registered by filing Form 4467, in duplicate, with Director, Alcohol & Tobacco Tax Division, Internal Revenue Service, Washington, D. C., 20224.

"Anyone with a weapon to register," White said, "should write or phone an office of the IRS and obtain a copy of Form 4467. Weapons and devices should not be brought to IRS offices for the purpose of registration."

Former servicemen should register any automatic weapon, pistols with shoulder stocks, or other national firearms act weapon they might have as a souvenir of their military days.

Anyone with a bomb or grenade should make sure it is deactivated. The IRS can make arrangements to have the device inspected and de-activated.

The registration requirement for gangster-type weapons dates back to the National Firearms Act of 1934. There is no federal registration requirement for ordinary rifles, shotguns, pistols and revolvers, although certain controls on the sales of these weapons become effective December 16, 1968, as part of the new gun law.

Firearms which must be registered under the act include shotguns with barrels less than 18 inches long, rifles with barrels less than 16 inches long and altered rifles and shotguns with an overall length of less than 26 inches, such as shotguns or rifles cut down to pistol size or shape.

Other firearms covered by the registration requirements: fully automatic guns, such as machine guns and pistols that fire more than one shot by a single function of the trigger, and firearm mufflers or silencers. In addition, registration is required of all weapons or devices, except for conventional pistols or revolvers, which are capable of firing a shot and being concealed on a person and weapons formerly classified as "DEWATS" -- deactivated war trophies.

Destructive devices, such as explosives, incendiary or poison gas bombs, grenades, rockets, missiles, mines and certain projectile firing weapons, namely anti-tank guns, bazookas and mortars, also must be registered.

White said anyone who possesses a firearm or destructive device, as defined by National Firearms Act, and who fails to register the weapon between November 2 and December 1 as required by the gun control act, will be subject to imprisonment up to 10 years, a fine up to \$10,000 or both for each weapon not registered. Under certain conditions, the law provides civil penalties and property forfeitures.

Oltonites Visit John Stiles

Mr. and Mrs. Dewayne Stiles of Pampa, Mr. and Mrs. J. A. Stiles and Misses Rita Stiles and Darlene Struve went Friday night to Clifton, Ariz. where they were met by John Wayne Stiles who is stationed at the San Diego Naval base.

Among interesting places viewed by the Stileses was a cave within the city limits of Clifton. The cave had formerly served as the city jail. The iron bars which separate the space into cells remain in the area. Now the cave is lighted with electricity but when it was used as a jail, as now, it was impossible to see any natural sun light.

The Olton group also saw an open pit copper mine near Morinci, Ariz. The Stiles went bowling Saturday night in Morinci. Illustrating that it is indeed a small world the operator of the bowling alley a Mr. Parsons, attended the Mayfield school several years and knows the Struve family.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

There was a time in this wonderful land of ours when a weary traveler always found the welcome mat out and the front door unlatched.

Even when the family was away from home the sojourner was welcome to stop in and fix himself a bite to eat and find a bed to get a good night's sleep.

Pioneers can tell you of those days - days of a different world from ours.

Dead and buried also are the days when the foot-sore wayfarer was sure to be given a "lift" - not so today.

What caused us to cease trusting our fellowmen? When did we change? Do we no longer believe in the "Good Samaritan"?

I have to admit that I bear no resemblance to those early settlers with faith in their fellowman. I'll admit, too, that sometimes my conscience bothers me!

Right away I'll confess that on our return from College Station a few weeks ago, while I was driving, I zoomed right on by a young man standing beside his suitcase, holding a sign "Going to Lubbock". For shame! We could have brought him all the way - and yet, I'd probably do the very same thing tomorrow!

Recall the story we had back in June about the Englishman who was traveling by horseback from Arizona to West Virginia?

The day he passed through Olton, Boss Lady called me as I was finishing lunch and said, "There's a fellow on Highway 70 who's going from Arizona to West Virginia riding a horse. Why don't you go talk to him and get a story?"

I wasn't too keen on stopping this stranger and saying "I'm a reporter, could I talk to you?" but that's just what I did. Stopped him right there on the highway and know what? That was one of the most interesting things that's happened to me since I've been trying to be a second Loreli Wilson.

The traveler, it turned out, was from Worcester, England and had wanted to see America by horseback ever since reading a Zane Grey novel as a boy. Know what his impression was of our country?

Cowboy William Webb said "I've found that almost everyone is friendly. More so than my people." and "This is a wonderful place - a wonderful country."

Do you suppose he still thinks so? Read the letter we received from him this week on page two. He doesn't say in his letter but I wonder if he still plans to try for his U. S. citizenship when he becomes eligible next month.

Yes, I do think it's shameful that somewhere through the years we've forgotten how to CARE.

Big Blue Clobbers Whirlwinds

BY ELMER HOUSTON
Olton's Mustangs played one of their best games of the year Friday night defeating the Floydada Whirlwinds 24-0, to make Olton's Homecoming complete.

Their wing gave the Mustangs an 8-0 record for the season along with clinching at least a tie for the district championship, and the right to represent this district in bi-district play.

Olton can win the district title on right this Friday night by defeating the Friona Chiefs at Friona.

The Mustangs did everything in the first half of play Friday night except cross the Floydada goal line. Olton's undefeated, untied Mustangs held the Whirlwinds to two first downs while picking up ten of their own and 180 yards to 29 for the Winds in the first half of play.

It started raining in the last of the first quarter and kept on until halftime.

But the skies cleared as the halftime show ended and the Mustangs exploded for 14 points early in the third quarter.

Late in the fourth quarter Benny Akin kicked a 44 yard field goal to round out the Mustang scoring and ice the game away for good.

Olton's proud Mustangs took the field Friday night looking for their fourteenth win in a row on their home field and got it.

Floydada won the toss and selected to kick off to Olton and play with the wind to their backs as the clouds were moving in from the south.

Olton's Charles A. McClain received the ball on the Olton 21 and returned it to the Olton 36 before being brought down. On second down big Benny Akin

picked up a first down at the Whirlwind 44.

Olton drew a five yard penalty back to the Wind 49.

McClain picked up five yards and Akin added another three to put the ball on the Wind 40.

With third down and six needed for a first, quarterback Johnny Lewis went to the air only to have Floydada's Bob Marler pick off the pass and return it to the Wind 44 yard marker.

Olton's mean defensive unit held the Whirlwinds forcing them to punt the ball to Olton.

Olton received the ball on the Olton 15 and picked up three first downs moving to the Floydada 49 before McClain punted to the Wind's three yard line.

Steve Puckett picked up one yard out to the four before Tony George surprised the Floydada quarterback by knocking him down on the Wind one half yard marker.

Steve Craig punted on third down for Floydada and McClain returned seven yards to the Whirlwind 43.

On first down McClain broke through the right side of the line to the 28 only to have a clipping penalty erase the play and put the ball back on the Floydada 43.

On third down Stan Pierce intercepted another pass to stop the Mustangs' drive and give the Whirlwinds the ball on the Olton 34 after returning 21 yards from the Floydada 45.

But on second down, Mustang quarterback Lewis decided turn about is fair play and he intercepted a Whirlwind pass on the Olton nine circled around and picked up blocking, moving out to the Olton 20 before being knocked off his feet.

Olton picked up nine yards

and found themselves faced with fourth down and one. McClain punted to the Wind 12 where Tim Rose fielded the ball and returned 18 yards to the Floydada 30.

Unable to move the ball Floydada punted to the Olton 40 with Lewis returning it to the Olton 49.

Mustangs picked up three first downs in moving to the Whirlwind five yard line with the rain coming down cold and hard. Hooper had a field goal try go astray on fourth down from the thirteen yard line.

Both teams swapped punts as the field was wet and slippery and rain still falling. Olton had a drive going just as the half ended running out of time in Floydada territory.

As the teams took the field for the third quarter the skies cleared and the stars glittered in the sky just before the bottom fell out for Floydada.

Olton's tough defense kicked off to Floydada to start the third quarter and pushed them back to their own 25. Steve Craig started things to rolling as he punted on fourth down for the Whirlwinds.

Halfback McClain took the punt on his own 26 circled back to about the 20 and set sail through the 'Mean Green', nickname for the Whirlwind defensive unit.

McClain started up the right side, cut back to his left picked up some fine blocks and crossed the goal standing up as Floydada hopes of spoiling Olton's homecoming was washed away.

Eddie Hooper, 206 pounds of muscle kicked the extra point making it 7-0 with 9:49 remaining in the third quarter.

One minute and fifteen seconds later Olton was in business again as on first down after forcing the Winds to punt,

Quarterback Lewis completed his first pass of the night to McClain in the left flat and away to the races he went as he broke down the west sidelines behind beautiful blocking.

Emiliano Marquez opened the door for McClain as he cut the last defender down with a beautiful block on about the Floydada 40 yard line. McClain had his second T. D. of the night. Hooper added the extra point making it 14-0.

Floydada finally picked up their two first downs of the second half in moving to the Olton 21 yard marker before Hooper threw Jack Gregory for a 10 yard loss back to the Olton 31.

Both teams then traded punts to end out the third quarter of play.

Light rains started to fall as the fourth and final quarter started. This time the dampness did not hurt the Mustangs too bad.

On second down McClain took the ball on the Floydada 25 and dodged, ducked and faked his way into the Whirlwind end zone for six more points.

McClain was aided by effective blocking by several Mustangs on the T. D. run, one of the best runs of his high school career.

Eddie Hooper kicked his third extra point of the night to put Olton in the lead 21-0 with 11:14 remaining in the fourth quarter.

Olton had another drive stopped as they lost a fumble to the Whirlwind crew on the Wind 39. But on the next play Sel Sanchez (a do everything boy for Olton) intercepted pass and had a good return only to have the run back nullified by a clipping penalty.

Olton then set up shop on the Floydada 49 and picked up

two first downs to the Whirlwind 27.

On fourth down Akin kicked a 44 yard field goal to make it 24-0 with 0:36 remaining to be played in the game.

Floydada's Whirlwinds took to the air for good and the game ended as their third pass in a row fell incomplete and the undefeated Mustangs with 19 district wins in a row under their belts carried Coach Beck and Coach Sharp off of the field on their shoulders.

McClain was the offensive player of the week for the Olton Mustangs. The hard running halfback scored 18 points in Friday night's game to push his seasons point output to 88 points.

Turning in outstanding games on offense also were Steve Burleson, Hooper, George, Akin and Kenneth Johnson.

Defensive player of the week is Hooper who turned in a fine game last Friday night. Nipping at Hooper's heels for the honor was Sel Sanchez the other head-hunter of the week.

Veteran's Wives Eligible For Educational Benefits

The President has signed a new law giving educational benefits to widows or wives of veterans who died of service-connected causes or were totally and permanently disabled because of military service, Jack Coker, Manager of the Veterans Administration Regional Office in Waco, said today.

After December 1, 1968, when the new law goes into effect, these widows and wives will be eligible for the same VA educational assistance now available to sons and daughters of veterans who died or are permanently and totally disabled as a result of military service, he added.

This marks the first time in the history of veterans' benefits in the United States that widows and wives will be authorized a VA educational assistance allowance, the VA Manager pointed out.

Payments will range from \$130 a month for full-time training (up to a maximum of 36 months) down to \$60 for half-time training.

The new law also gives veterans separated from service after January 31, 1955, one-and-one-half months of education and training entitlement under the current Post-Korean GI Bill for each month of mil-

itary service after January 31, 1955. This is a change from the present ratio of one month of entitlement for each month of service.

Unchanged, however, is the maximum of 36 months of entitlement.

Under another provision of the law that goes into effect the first of December, veterans with 18 months or more of service after January 31, 1955, who have satisfied their military obligation, will be entitled to 36 months of VA educational assistance.

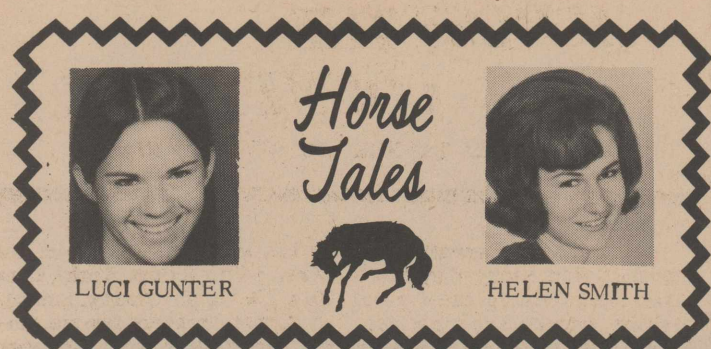

Other provisions of the new law:

- * Increase from 36 to 48 months the aggregate period for which a veteran may receive educational assistance under two or more Federal veteran benefit programs.

- * Authorize the payment of the VA allowance to veterans in flight training on a monthly rather than quarterly basis.

It is estimated that during the first full year this new and expanded education and training program is in effect the number of widows and wives in training will average nearly 9,000 monthly, Coker said.

He estimated the first full year cost of the new law at \$71 million.

Who ever heard of rain at a homecoming football game? Boy, everybody scattered—but fast! But it didn't seem to bother the score much! We'd like to be the first to announce the 1968 Champs of District 3-AA, (we aren't but we'd like to be) the Mustangs. Congratulations and keep going!!!

The FTA had their regular meeting—one week late—Wednesday afternoon. They discussed whether to run a member of our chapter for district office, and a treasury report of club finances was given. The speech department presented a fine program after which we got refreshments—finally!!!

Pep squad king candidates were released Tuesday after school. The lucky humans are: Kenneth Johnson, Steve Burleson, Benny Akin and Charles A. McClain. The crowning will be Thursday, Nov. 14. They're all deserving and we're just glad we don't have to pick one.

Ouch! Talk about leg cramps! The band has them! They're practicing for the U.I.L. Marching Contest in Levelland Nov-

ember 12. Personally we couldn't be more pleased with the location this year. Good Luck, Band!! Keep marching! We have faith in you!

Oh joy! This week we have Mr. and Miss Personality Plus. Now, don't you feel bad about all those tacky things you were thinking about this magnificent column. Bet your glad you took a moment from your otherwise boring day to read this now, aren't you? Anyway, here we introduce Mr. and Miss Personality Plus:

Mr. eyes: Steve Stockdale hair: Terry Snider smile: Sel Sanchez walk: Kenneth Johnson personality: Jackie Kemp physique: Benny Akin hands: R.L. Copeland wittiest: Guy Ballard

Miss eyes: Kay Huguely hair: D'Lyle Wilks smile: Jan Amerson walk: Leslie Norfleet personality: Kathy May figure: Kathy Garry hands: Diane Malone wittiest: Karen Mills

Eddie, we're doing our very best for you. We hope you appreciate it! Yes, Barry, we promised we wouldn't say a word about your neck, and we won't. We said several.

Bet you thought we'd forgotten our "Cutest". Anyway, you hoped so, but no such luck—we didn't. This week we have the "Cutest book cover". This fantastic honor goes to Barry Thompson for his black and white Civics book.

Boy, we're glad we aren't President. He had our sympathy.

Benny and Eddie what happened to all that powerful torque you're supposed to have! And Eddie, you proved where you went to high school okay! Letting somebody take all that lovely cash out of your pocket—and not get it back! We're talking about the Southern Assembly program held Monday morning featuring Mark Evans and his magic. It was pretty good—anyway, we got out of class.

Now, our definition of Love.

What is love? Love to a senior is realizing we get to vote next time!
