City Selects Memorial Park As Name for Local Recreation Area

The City Council Monday chose Memorial Park as the official name for its 25-acre recreation area northwest of the city limits.

The city had conducted a "name the park" contest and 10 suggested names were submitted.

The name, Memorial Park,

Vacant Lot Mowing City Problem

The City of Rockport has a serious problem in trying to get the owners of vacant lots to keep the weeds mowed.

The procedure that city officials follow is: (1) a city inspector will notice that a vacant lot has grown up in weeds and represents a health hazard as well as being unsightly. If a city representative doesn't spot this violation, a neighbor may and he (or she) will call the City Hall and report it.

(2) The city then sends a notice to the owner of the property asking him to have the weeds mowed within a certain length of time. The notice points out that if the property owner fails to have the weeds mowed, a city crew will do the job and the property owner will be charged. The minimum charge is \$7.50 and the charge will be more if the work takes more than one hour.

(3) If the property owner fails to have his lot mowed by the time set by the city, a city crew does the job and then the city sends a bill to the property owner.

The procedure doesn't always work smoothly. Some property owners, particularly those who live out of town, sometimes fail to pay for the mowing.

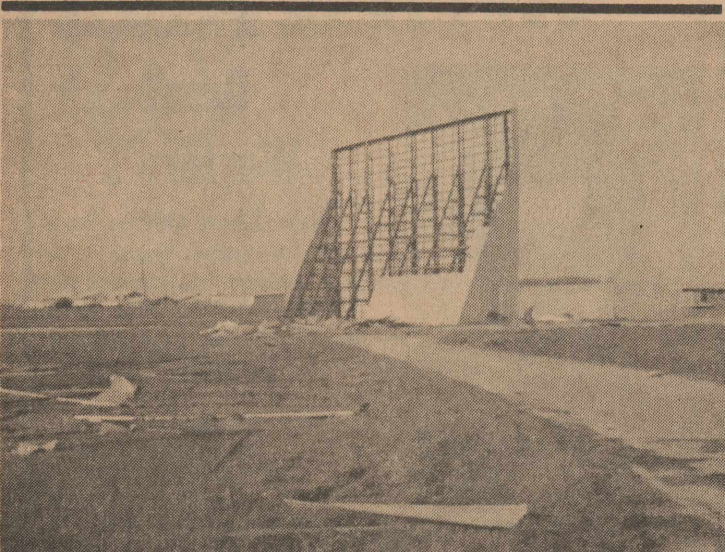

Also, some property owners say, "Don't you dare come on to my property and mow. I bought this lot because of the beautiful vegetation growing on it."

At the City Council meeting Monday night this entire matter was discussed. The Council voted, by a split vote, to toughen the city ordinance by amending it to increase the charge for mowing lots.

The decision was to raise the minimum charge for having the city mow a lot from \$7.50 to \$10. If the work takes more than one hour, the charge will be \$10 per hour. Aldermen Murray McMillan and Joe "Pepe" Zambrano voted in favor of the amendment and Charlie Garrett voted against it.

Former Postal Employee Indicted

A federal grand jury in Laredo has indicted Grace Morales Coronado on a charge of converting to her own use \$450 in stamps while employed by the U. S. Postal Service at the Rockport Post Office. The offense allegedly occurred from about Dec. 1, 1971 to about July 12, 1972.

TWISTER HITS COVE DRIVE-IN THEATRE — A twister dipped down from the sky Saturday night and ripped off the east part of the screen at Cove Drive-In Theatre, scattering pieces of sheet metal a quarter of a mile. Tom Davis, owner, estimated the damage to be \$4,000.

Davis reported that although the east side of the screen was damaged, the face of the screen was not damaged and the movie schedule will go on as usual.

Democrats Honor Miss Lola L. Bonner

Lola L. Bonner, Chairman of the Aransas County Democratic Executive Committee, was elected Permanent Vice Chairman of the "Governor's Convention" of the Democratic Party held in Houston on September 19.

Such conventions are customarily brought to order by the Chairman of the State Democratic Executive Committee, acting as Temporary Chairman. Permanent officers are then elected by the total delegates in attendance, such officers having been recommended by the State Executive Committee, with consideration having been given to the wishes of the Democratic Candidate for Governor.

Miss Bonner was chosen by Dolph Briscoe, recommended by the State Committee and elected by the convention.

Miss Bonner's duties included presiding when Chairman Will D. Davis was absent from the platform, receiving committee reports and counting votes when voting was done by standing vote in the senatorial districts.

Also attending the convention from Aransas County were Neva Jackson, alternate to Miss Bonner, Dr. H. F. Elliot, delegate, Maceal Casterline, delegate, and Mickey Casterline, alternate.

Meceal Casterline was elected from the 17th senatorial district to serve on the permanent rules committee for the convention.

The Aransas County delegation formed a coalition with the delegates from Calhoun, Matagorda and a part of Brazoria Counties in an effort to elect a committeewoman and committeewoman of their choice to the State Executive Committee.

Their efforts failed when delegates from that portion of Harris County which is in the 17th senatorial district and Galveston County voted solidly in a block to defeat them.

Miss Bonner was in Houston early Sunday to attend a meeting of the Legislative Committee, of which she is Chairman, of the newly formed Texas Democratic County Chairmen. She also served on the Interim Rules Study Committee which was established after the National Rules Committee met in Washington in June.

Chairman Gordon Wynne, Jr., of Willis Point was successful in his petition to the new State Executive Committee to establish an Advisory Rules Committee consisting, among others, of Texas members who attended meetings in Washington and Miami.

Such an advisory group would enable Texas to have a sounder and more experienced voice in the promulgation and adoption of party rules and party structure for the National Democratic Party.

Three Local Youths Injured In Crash

Three local youths were seriously injured Saturday night in a one-car crash on FM 881 about a mile west of Highway 35.

Injured and taken to Memorial Medical Center in Corpus Christi, were:

Gordon Blocker, 17, driver, who sustained facial fractures, left eye injury and a broken pelvis;

Taylor Blocker, 15, fractured cheekbone, jaw, finger and left leg;

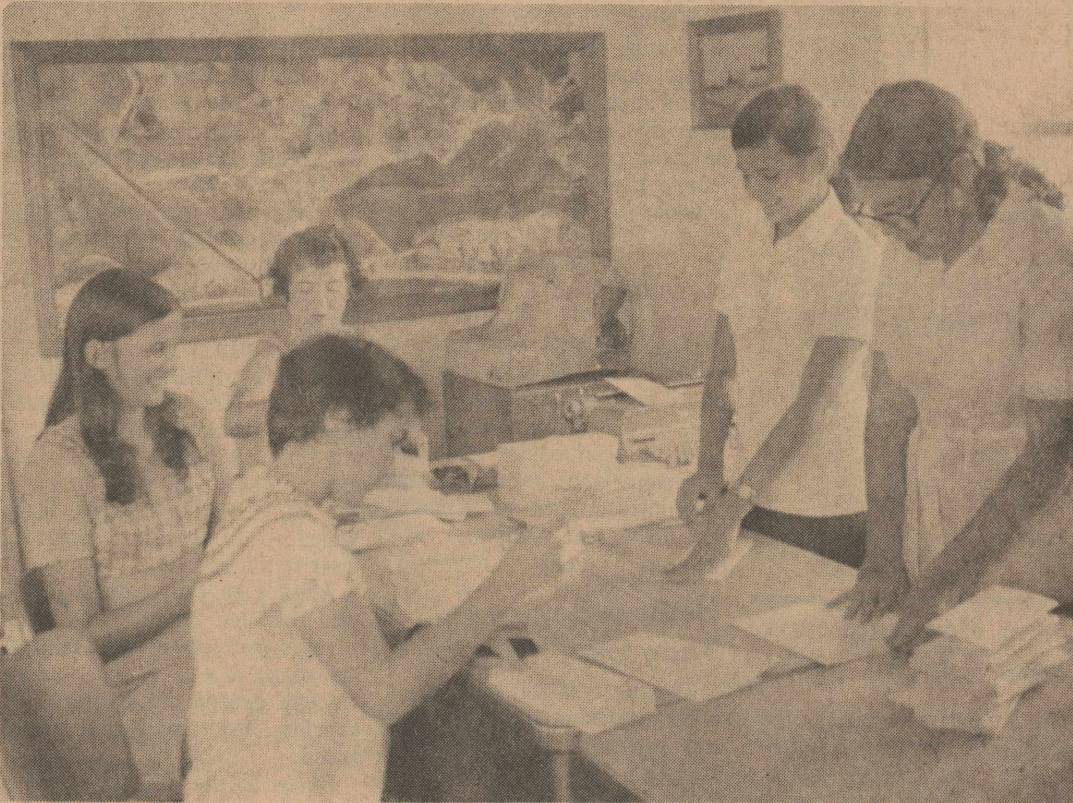

Reagan Lee, 15, lacerations to head and foot and shoulder separation.

It was reported that Gordon Blocker, proceeding west on FM 881, attempted to pass Coach Norman Spears who was traveling west in a pickup truck.

Blocker hit a slick place in the road, skidded off the highway and hit a tree. Spears helped place the injured youths in an ambulance which took them to the hospital.

Catch 12 Dogs

During the past month, the city dog pound master picked up 12 dogs roaming the streets without license tags. City officials remind the public that all dogs in Rockport must wear license tags which may be purchased at the City Hall.

GIRL SCOUTS AID UNITED FUND — Members of Senior Girl Scout Troop No. 223 were busy Monday afternoon stuffing envelopes with letters and United Fund pledge cards for mailing to residents of Aransas County.

Shown clockwise are Lou Ann Agee, Kay Bell, advisor Betty Whitney, Teresa Domaschk and Kerry Ogle.

Give Generously To United Fund

Sam Simpson, chairman of the United Fund Campaign, has sent the following letter to all residents of Aransas County asking them to give generously to the drive which is seeking \$14,442:

GREETINGS:

May I please ask you to take a minute to look at the list of organizations at the bottom of this page. Think of the hours of work that each of these groups put forth and the benefits that we derive from their endeavors. I believe that it can be safely said that we all know of people in our midst who gain throughout each year from the services rendered by these organizations. But like all worthwhile projects, assistance is needed in order for these benefits to continue. Through the United Fund we can "unite" our assistance and channel it the right direction for the most effective results.

Now may I ask you to take a few seconds to make your donation to the Aransas County United Fund Campaign. A guideline that has been used in the past is "A Day's Pay the United Way." Whether or not you follow this guideline is not the important factor. What we really need is any contribution you can make. Your "Fair Share" is what we are asking for. We will even write your check if you will sign the "Bank Authorization" card which is enclosed.

If you wish to contribute to your favorite agency or agencies, make individual checks payable to the specific agency or agencies and we will forward them. Your contribution will not be divided among the causes listed below if you so specify. Your generous support will help many people in this area. And—they will appreciate your help.

Sincerely yours,
Sam Simpson,
Chairman

United Fund Seeks Help from Firms

Pledge cards have been sent to local business firms by United Fund officials who are hopeful that all employees of all the business establishments will give generously.

It is the goal of the United Fund to have 100 per cent participation by the employees of local firms to help the campaign go "over the top" and reach the goal of \$14,442.

COG Official Addresses Club

Responsibilities and activities of the Coastal Bend Council of Governments were described by John Buckner of Corpus Christi, who is the Council's environmental engineer, at a luncheon meeting of Rotary Club September 20, at Corky's Restaurant.

The local Council and 23 similar groups in Texas are charged with encouraging local components of government to work together in the interest of health, safety and general welfare of the public. Enabling legislation was passed by the state legislature in 1965. The Councils which are in operation throughout the country, are, in a way, local representatives of the federal Department of Housing and Urban Development, which supplies the major portion of operating funds, according to Buckner.

For the local Council the federal agency supplies \$150,000 of its \$400,000 annual budget. The state supplies \$65,000, with \$32,000 coming from local governmental units and \$30,000 from the Texas Criminal Justice Council. Smaller amounts are contributed by various local organizations and other federal agencies.

The Coastal Bend Council of Governments includes 13 counties and 19 cities, in addition to a number of voluntary organizations whose objectives are compatible with those of the Council, Buckner said.

Presbyterians Look At Drug Scene

What is the drug scene in America today? Why do some people turn to drugs? Who is winning the battle for men's minds?

The First Presbyterian Church is continuing its Family Filmfest this week with a hard-hitting documentary film on drug-abuse. Teenagers who have grown up in a drug subculture relate their true story in "Journey In Time".

The program will be presented Sunday morning at 9:45 in the Fellowship Hall. Plan to bring the entire family for this film experience.

Cross Promoted To Sergeant

SAN ANTONIO -- Terry L. Cross, son of Mr. and Mrs. Phillip K. Cross of First St., Rockport, has been promoted to sergeant in the U.S. Air Force.

Sergeant Cross, a medical services specialist at Brooks AFB, Texas, is serving with the Air Force, which is celebrating its 25th anniversary this month.

The sergeant, a 1970 graduate of Robert E. Lee High School, attended San Antonio College.

Pirates Tackle Gregory-Portland Tomorrow Night

The Rockport-Fulton Pirates will face the supreme test tomorrow night as they take on the team from Gregory-Portland, State Finalist last year, on the home grounds of the Wildcats at 8:00 p.m.

The Pirates will enter the game with an 0-2 record, losing

to Mathis and Tulosos-Midway, while the Wildcats enter the game with a record of 1-1, shutting out Calallen last week and losing their season's opener to Class AAAA Carroll High School of Corpus Christi.

The Wildcats are missing some of the main people who played on the team which lost out in the finals last year by the narrowest of margins, but they are still a potent team, ranking in the top 10 again this year.

Rockport-Fulton will hope to be healthy as they go into play this week after being without top ground gainer Rickey McLester last week against Tulosos.

Young Homemakers To Meet Oct. 3

All women in the community, above high school age, who are invited to meet in the living room of the Rockport-Fulton High School homemaker building, Tuesday evening, October 3, at 7:00 p.m.

A program entitled the "Young Homemakers of Texas Slide Story" will be presented.

Mrs. Becky Livingston, newly elected president of the local chapter of the Young Homemakers of Texas will preside. Assisting her will be Mrs. Marilyn Bennett, vice-president; Mrs. Linda Puster, secretary; Mrs. Jane Browning, treasurer; and Miss Debra Kelly, reporter.

Babysitting will be provided by members of the Future Homemakers of America.

Thanks go to Miss Debbie Brown, and Miss Sue Driver, FHA officers, for their assistance with the children at the August meeting of the chapter.

Mrs. Janice Spears, and Miss Frances Mutscher, local high school homemaker teachers, serve as advisors to the Young Homemakers organization.

Voter Registration

Mrs. Ruby Hart, Aransas County Clerk, announced that in connection with voter registration, change in erroneous precinct registration can be made only by appearing at the County Tax office. Persons changing precinct lines have the responsibility of appearing in person at the tax office regarding any change at least five days before an election.

City May Have 10 Trash Receptacles

Special Services Company of Brownsville, Texas received permission from the City Council to install 10 trash receptacles on sidewalks throughout the business district -- free of charge.

The firm explained that it expects to get its revenue from advertising from local firms whose names will be placed on the attractive metal receptacles.

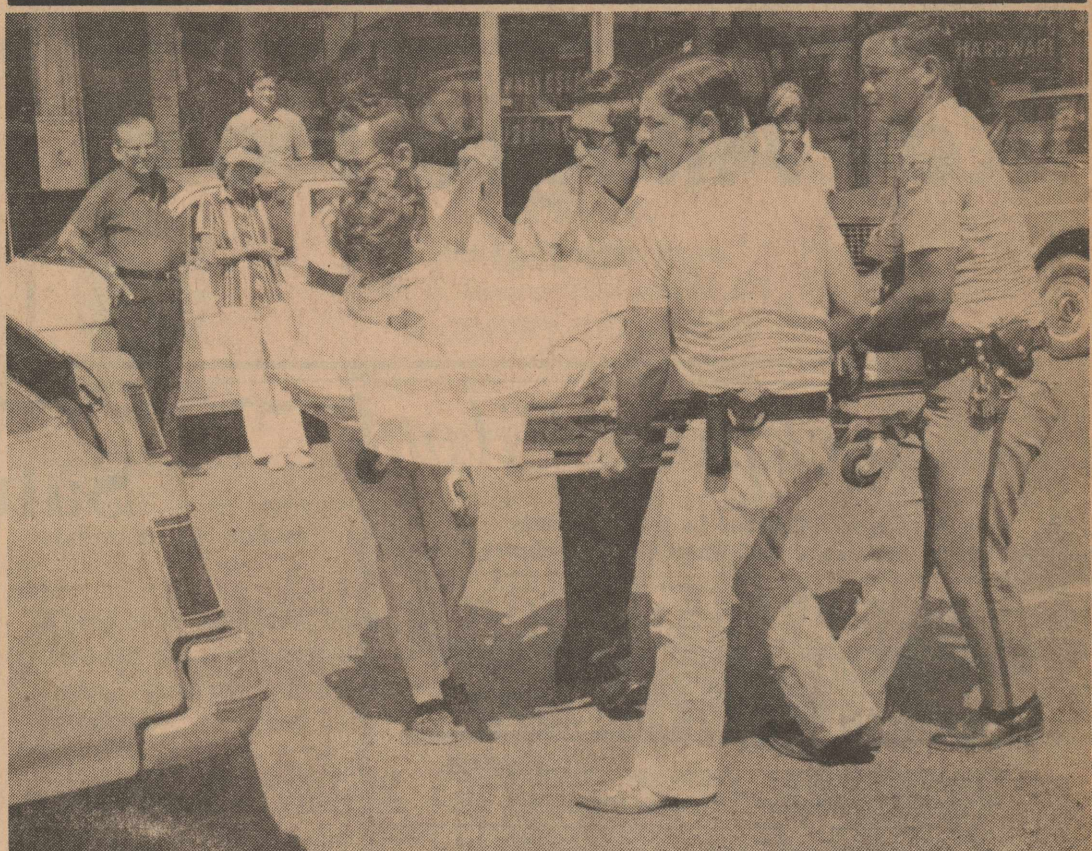

Each receptacle will contain a 26-gallon can to collect trash which will be picked up by city garbage collection crews.

Football Game Reserved Seats

Reserved seat tickets are on sale at the High School Principal's office for the Gregory-Portland football game to be played in Portland Friday, September 29. Reserved seat tickets sell for \$1.50 each and will be on sale until 3 p. m. Friday.

Bank Closing

The First National Bank will be closed Monday, October 9, in observance of Columbus Day.

MOTORCYCLIST INJURED — Robert Balderree, 15, is placed in an ambulance after his motorcycle rammed into the rear of a car in the 200 block of South Austin on Sept. 20. He suffered a leg fracture and was taken to memorial Medical Center in Corpus Christi.

Third Grade Gets Historical Tour

A group of 68 third grade youngsters from Live Oak Elementary were introduced to some exciting local history featuring the Fulton Mansion on September 19. The children were accompanied on the tour of the mansion by their school principal, Mr. James Gillis, and their teachers, Mrs. Carol Smith, Mrs. Floy Shirey and Mrs. Sherry Hiller.

The trip was a part of a study of our community, and how all communities change and grow.

The children were very interested in the Fulton family history. They were amused at the stories connected with the old Colonel Fulton's "grumble room." Some intrigue and mystery filled the air as they listened to the tale of the underground tunnel to the bay.

Everyone enjoyed the trip and learned more about our community.

NAMED TO BOARD

William McNickle has been named to the Board of Adjustment by the City Council. The appointment was made Monday night.

Shown lifting the injured youth into the ambulance are (in the foreground) Deputy Sheriff James Russell (left) and City Patrolman James Bell, and (in the background) Raymond Nelson (right), ambulance driver, and an unidentified man at left.

Future Homemakers Hold Meeting

The first meeting of the 1972-73 school year of the Future Homemakers of America was held Monday evening at 7 p.m. The meeting began with the opening ceremony led by President, Debbie Brown. Each of the officers were introduced, and each of them spoke to the group about the responsibilities related to their office.

Carol Shaver introduced the program of work for the year,

and discussed some of the activities which the organization will be participating in during the year. The theme for this year is, "Our World, A Growing Heritage."

Big and Little sisters were chosen. Following this, plans were made for the Initiation Picnic, which is going to take place at the High School Saturday, September 30, from 1:00 to 3:00 p.m. Each girl is to bring her own sack lunch, and initiation of the new members will be held. There were fifty-five girls present at this meeting.

Young Homemakers Revise Bylaws

The Executive Council of the Young Homemakers met, Saturday, in the home of its President, Becky Livingston. The officers revised the constitutional By-Laws and finalized all plans for Tuesday's meeting.

Officers attending were: Linda Puster, Marilyn Bennett, Debra Kelly, Becky Livingston and Frances Mutchner, chapter advisor.

which support the activity comprise the Council's Board of Directors. The operating staff totals 17, of whom nine are professionals, Buckner explained.

He said an important responsibility of the Council of Governments is to survey and review local needs, especially in dealing with federal agencies, attempting to resolve conflicts at the local level. The Council makes specific comments on proposals but does not approve or disapprove applications for federal grants.

Buckner reported the local council revised 87 proposals in 1971 involving some \$140,000,000 in requests for federal aid. These included the current dam site controversy, water and sanitary sewage plans, housing, land use, drainage, law enforcement, health planning, community services of various kinds, recreation and open spaces, park development and industrial manpower resources, he said.

Homemaking More Than Pots 'n' Pans

The homemaking program is a far cry from the "stitchers and sewers" that some might envision. It encompasses all kinds of youth-planned projects and activities that strive to improve personal, family and community living. The following students are working on such projects in their homes and were visited by Mrs. Spears, their homemaking teacher in their homes during the past week: Eileen Sanders, Barbara Lewis, Donna Bardwell, Rachel Saucedo, Joy Crawford, Tammy Boddie, Polly Bracht, and Lucy Rivera.

The constant and rapid social, technological and economic changes taking place in the world today are a challenge to education in the preparation of individuals capable of assuming roles of responsibility. Homemaking education has been challenged to broaden its scope in preparing youth for the vocation of homemaking.

Frank Price, recent graduate of Tascosa High School, the first male to be elected city council president for the Future Homemakers of America recently said, "Those who think the term homemaker means nothing more than a 'sweet young thing' who's tied-up in her own apron strings...better take a second look! In today's society its no longer just the woman's job to keep house. It takes cooperation and effort from both husband and wife to make a successful home. The responsibility should be equalized out so that there's a balance of power. The man's role in the home has been either over looked or ignored. The home is the central figure of everything. A better understanding of the problems of a home leads to a better understanding of the worlds problems. Maybe someday, through a joint effort of each and everyone of us, we'll strengthen the home and make a better life for ourselves and our children."

These are some of the ideas the Homemaking I and III students of Mrs. Janice Spears have gained through their recent study of Personal and Family Relations.

Pirates Lose To Tuloso 27-0

By BOB CRAWFORD

Tuloso - Midway initiated Rockport-Fulton to Class AAA football with a stunning 27-0 victory over the Pirates in Pirate Stadium last Friday night.

The Pirates, who moved up a notch in classification this year, were plagued by fumbles and interceptions as they turned over the ball a total of ten times in a game similar to the Taft game of two years ago where the Pirates surrendered the ball 12 times. Tuloso was quick to take advantage, converting four of those miscues into scores.

On the first possession of the Pirates, Rockport seemed TD bound as they had moved the football 63 yards to the Warrior 11 yardline, with half-back Joe Pina covering 58 of those yards. After two fruitless attempts to move the ball in for the score, the first fumble by the Pirates gave the Warriors possession deep in their own territory.

After a 28 yard return of a punt by Joe Dominguez, the Pirates seemed to again be on the verge of a score, but again the ball evaded the Pirate ball carrier and that threat was ended.

Early in the second period Tuloso was in Pirate territory when Pirate safety John Vick picked off a Warrior pass and returned it to midfield, only to have a clipping penalty set the ball back to the Pirate 35. Four plays later, another miscue kept the Pirates from punting the ball safely out of there end of the field as the high snap from center was not handled and the Warriors took possession on the Pirate 23 yard line. From that point Warrior halfback Steve Almond took over and scored the first TD from six yards out after three plays.

The Pirate defense held off the Warriors until late in the third period, Almond broke on a 35 yard run, followed three minutes later by another TD run of 5 yards. Almond scored the fourth TD with 40 seconds remaining on the scoreboard.

Although the point total was 27-0, it did not tell the true story. The Pirate defenders kept Tuloso away from their goal on numerous occasions, playing about 38 of the 48 minutes of playing time. With the exceptions of the two long gainers by Almond, the Pirates were much more in the game than the score tells. Defensively, Danny Cox, Bob Gillis and Paul Kuehn led the team in tackles during the game, many times teaming up to make a three way tackle.

The Pirate offense was playing without top ground gainer Rickey McLester who was out with an injury, and the burden of the ball carrying fell on Joe Pina who responded with 80 yards in 17 carries.

The Pirates still have a long way to go, and considering that only one boy on the team played as a starter for more than five games last year, lack of experience has been taking its toll, but in the weeks to come, things should be looking up.

Individuals who set out to reform the human race will be pretty tired before the job is done.

From left to right: Top row—Joe Pina (21), Paul Kuehn (81). Bottom row—Danny Cox (66), Bob Gillis (77).

Freshmen Lose 28-6

By BOB CRAWFORD

Tuloso - Midway used the Power-I formation to move the football past the Rockport-Fulton Freshmen, as the Warriors scored a 28-6 win over the Pirates.

The Pirates fumbled early in the game which resulted in a Warrior score, but came back to tie the game after a blocked kick set up the scoring drive. After tying the score, the Pirates did not get close until the last series of plays, but an intercepted pass stopped the last attempt.

Defensively, the Pirates were led by Ricky Herron, Willie Flores, and Eddie Gonzalez, with Frank Zamudio leading the defensive secondary in tackles.

This week the Pirates will host Gregory - Portland Thursday afternoon at 5:30 in Pirate Stadium.

Pirate JV Loses To Tuloso 7-0

By BOB CRAWFORD

Rockport-Fulton's JV staged a gallant effort against Tuloso-Midway, but came out on the short end of the score 7-0. The Pirates carried a squad of only 14 boys to meet the Warriors and when the team has to go both ways for 40 minutes, no matter what condition they are in, it is surprising Tuloso didn't wear them down for more scoring.

The Pirate defense held the Warriors away from the goal until the last minute of the first half. After that, there was no more scoring. Leading the Pirate defense was a host of players, eleven to be exact, but Gene Carter, Jeff Landrum, David Mundine and David Brooks let the squad in tackles around the line of scrimmage, and Kevin Vamatter made some

saving open field tackles in the secondary.

The Pirate offense moved to inside the 20 yardline early in the first quarter, but could never generate another threat. Alan Passmore was forced into service as a quarterback when Clafiro Solis was injured and Passmore responded with a fine job in his debut.

This week the gallant Pirates take on Gregory - Portland, which not only has a JV team, but a sophomore level squad as well. The Pirates will play at home Thursday evening after the Freshman game.

SOUND SLEEPER

Chesterfield, England - After neighbors reported seeing lights and hearing buzzing noises in the next apartment, police broke into Len Marsh's apartment to find an alarm clock which triggered flash lights and a buzzer to waken Marsh, a sound sleeper.

Rockport Firemen's Auxiliary Meets

The Rockport Firemen's Auxiliary met September 12 for their monthly business meeting. The meeting was called to order by the president, Peggy Hunt. Minutes were read and approved from the last meeting. Bills and correspondence were approved.

One correction was noted from the last newspaper article: Ivalea Hlnze also furnished refreshments for the August social.

Peggy Hunt and Dorris Hill will bake cakes for the firemen for their October business meeting.

Judy Johnson, refreshment chairman, thanked Cleo Truelove for baking a cake for the Firemen's September business meeting.

Ivalea Hlnze, program chairman, announced that a fishing trip is planned for the October social.

Delegates for the October District Firemen's meet in Elshod are Gwynne Howland and Judy Johnson.

A money making project projected for the auxiliary will be a handmade afghan made by Mrs. Rufus Casterline. Tickets will be on sale starting September 26 and may be purchased from any auxiliary member. This money will be used to buy the firemen boots and to help with a Coke machine for the fire station. Tickets will be 50 cents a piece. The drawing will be November 21 at the fire station.

The auxiliary voted to buy the president a past president's pin to be presented to her at the Christmas social.

Members present were Lois Gurley, Dorris Hill, Ivalea Hlnze, Gwynne Howland, Peggy Hunt, Judy Johnson, Mona McNutt, Teet Mullinax, Sarah Belle Smith, Cleo Truelove, Joan Truelove, Sadie Smith, Evalon Redden, Mary Lee Frizzell, Joyce Hill and Cynthia Chlodo. One guest was present, Mrs. Annie Wilson.

LOUISA'S LETTER

Dear Louisa,
I have been going with this guy for almost a year now. I like him very much, but I have a slight problem. I am here and he is in another state working. I was wondering if there was any way I could get him to come home more often and let me see him. I haven't seen him in some time because he has been in the service.

He is a very nice guy and I would like to see him. When school starts I will be even farther away from him. Please tell me what I can do to help the situation. I need an answer quick because I really like him. Also I am the first girl he has ever been interested in.

L-Ky.

Answer:

may prove helpful. Go out to dine somewhere you've never been.

LEO -- July 23 to Aug. 22 -- Family togetherness is important now. Plan a special dinner for yours this week. Communication is needed.

VIRGO -- Aug. 23 to Sept. 22 -- If you feel overworked take a day off. You will come back with a new outlook. Achievement is at its peak for you.

the service he is probably limited as to his leave periods and the extent of time he can be away. So I assume his visits would depend a great deal on "Uncle Sam". Also, his visits would depend on how far away he is from your home and as to what kind of transportation is available for his use.

If he has a car and the distance is not very far there is no reason why he couldn't come to see you if he wishes to. On the other hand if he has to depend on trains or a bus and the distance is considerable he would have to limit his visits.

Louisa.

Information On Proposed Amendments

Continuing its analysis of the proposed amendments which will be voted on Nov. 7, the Pilot offers the following information regarding Amendment No. 9.

The proposed amendment to Article XVI, Sections 33 and 40, exempts directors of soil and water conservation districts from constitutional prohibitions against holding more than one civil office of emolument and against payment of compensation to persons holding more than one office or position of honor, trust, or profit under this state or the United States. The amendment would prohibit a member of the legislature from holding the office of director of a soil and water conservation district. It is doubtful that this adds anything not already prohibited under the existing provisions.

Background: Article XVI, Section 40, prohibits the holding of more than one public office of emolument, including those of all local governmental units, with exceptions for justices of the peace, county commissioners, notaries public, postmasters, and the various reserve and retired military personnel.

The proposed Amendment No. 9 would permit directors of soil and water conservation districts to hold more than one public office or position and, where applicable, draw a salary or other compensation from the state treasury.

Arguments for: 1) In many of the less populous areas of the state, a shortage of qualified people renders positions as director of soil and water conservation districts difficult

Wedding Set

Mr. and Mrs. Roscoe Johnson announce the approaching marriage of their daughter, Miss Martha Ann Johnson, to J. L. Wiggins, son of Mr. and Mrs. Gorman P. Wiggins of Pasadena, Texas. They plan to be married October 28 at the Sacred Heart Catholic Church.

THURSDAY STORY HOUR

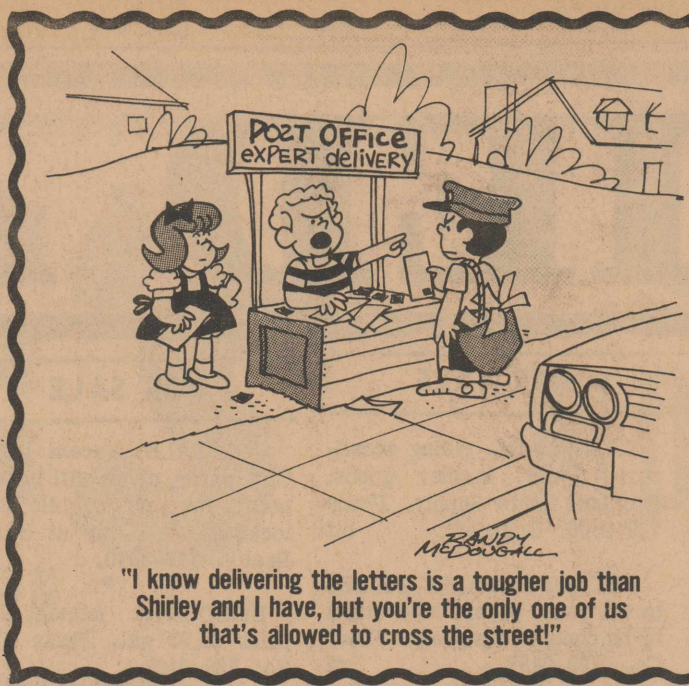

Mrs. Marilyn Bennett entertained the children on September 20 by reading "Madeline", "The Story of Ping" and "Finders Keepers". There were 28 children and 4 adults present. Mrs. Bennett will present the next story hour at the library on Thursday, October 5 from 10:30 to 11:00.

to fill. The proposed amendment would increase the available manpower for these positions by freeing public employees to fill them.

2) Established principles of the common law would continue to prevent persons from holding two public positions if there should be a conflict of interest between duties.

Against: 1) The existing constitutional prohibitions are intended to prevent concentration of public jobs among a relatively few people and to spread public jobs as broadly as possible. The proposed amendment would constitute a step toward concentration.

2) Persons holding positions as directors of soil and water conservation districts together with another public office or position could find their time and attention too divided to permit the performance of either function efficiently and capably.

THE FAMILY LAWYER

When You Go Dancing

Whenever business was good at a suburban night club, the management would "stretch" their space by putting extra tables and chairs on the edge of the dance floor. One night, a dancing couple stumbled over a stray chair.

The woman suffered painful injuries, and later sued the club for damages. She pointed out that the chair had been shoved several feet into the dancing area.

"If it was," countered the management, "some other customer must have done the shoving. We are not legally liable for what our customers do."

But the court granted the woman's claim. The court said that by placing chairs directly onto the dance floor, the management had set the stage for trouble.

When you go dancing in a public place, you are entitled to conditions of reasonable safety. The dance floor, the lighting, and the furnishings should all be maintained in such a way as to minimize the chance of accidents.

Nevertheless, merely by choosing this form of recreation, you are accepting those dangers that are "natural" to it. For example:

Another woman, injured while dancing, claimed she lost her footing because the floor was slick. But the court found no reason to blame the management for this. As one judge put it:

"Dance floors are intended to be slippery."

Furthermore, your own behavior might amount to negligence. That was the court's ruling in a case in which the claimant had ventured onto a ballroom floor in a state of advanced intoxication.

And in another case, the court declared it was negligence for a woman to try a particularly tricky step while wearing heels three-and-a-half inches high.

"The situation," said the judge, "parallels that of the risk taken by a participant in a sport."

ORDINANCE NO. 317
AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF ROCKPORT, TEXAS WHEREAS, certain requests for the rezoning of property within the City of Rockport, Texas were considered at a Joint Meeting of the City Council and the Planning and Zoning Commission of the City of Rockport, Texas at a meeting held on September 11, 1972; after recommendation of the Planning and Zoning Commission the City Council at their Regular Meeting held on September 11, 1972 granted the rezoning of said property as shown hereafter.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS: Section 1. The request of Joe Barrera for the rezoning of the South 1/2 of Lot 10, Outlot 13, Smith and Wood, has been granted and is hereby rezoned from R-2 Residential to B-2 Business.

Section 2. This ordinance shall be published in full one time in the official newspaper of the City of Rockport, Texas and shall be in full force and effect from and after such publication.

PASSED AND APPROVED this the 26 day of SEPTEMBER, 1972.
s/ Walter S. Falk, Jr., Mayor

Fix-It Tip

Tiny hairline cracks in plaster can be sealed without preparation by rubbing them over with spackling compound. The finest cracks can be sealed with a coat of paint.

Walls in bad condition--due to structural faults or an assortment of cracks and dents--may be better off disguised than repaired. The disguise is a textured paint, which gives the wall a rough surface -- one that hides marred surfaces by "paving" over them.

TIPS FOR OUTDOORSMEN

by Vern Sanford

It Takes Trailer Care To Get You There And Back Home Again Safely!

PART I

Pulling a boat and trailer behind the family automobile can be a pleasure. But only if (1) the trailer is hitched securely to the car; (2) the boat is resting evenly on the runners and the rollers; and (3) the boat is tied down properly to the trailer.

There are numerous types of hitch connections to fit the trailer ball and all seem to work well. If there is a weakness at this point it must be with the installer.

Double-Check Hitch Ball

Usually his fault is in failure to double-check. He should make certain that the ball is well seated in the cap, that the grippers are beneath the ball, and that the lock nut is secure . . . screwed down as far as it will go. The nut should be tightened to the point where threads are visible above the nut.

On the snap-down type the clamp should be pushed down until it is horizontal. The safety catch should be inserted to prevent sudden lurching or bouncing of the trailer from snapping open the safety arm.

Use Proper Length Chain

For added security a sturdy clamp-on chain should be attached on each side of the hitch from trailer to hitch and long enough only to allow the maximum turning space needed. If the chains are too long they may

catch on ground objects, stumps, etc. over which the trailer rolls, or worse yet whip-snap and break.

Don't use a hitch that merely clamps onto the bumper. One loose bolt and away goes your boat and trailer. Use a hitch that bolts firmly to the steel frame of the car at several points.

Also don't try to pull a heavy boat and trailer with a small, light-weight automobile . . . for your car could be flipped over by a sudden gust of wind.

Steel Cable A Must

Once the trailer is safely attached to the car, the boat should be tied down tightly on the trailer.

A good winch and a strong cable are essential. Many use quarter-inch or larger nylon rope on the winch. But nylon will rot, and you can't tell it by looking at it.

We strongly recommend using either 1/8 or 1/4 inch steel cable. Braided 1/8 inch airplane type cable is great if you want considerable length. It tends to bind in the winch more than the larger size, but is easier to handle and you can get considerably more cable on the winch . . . in case you need it.

So use steel cable on your winch and save the nylon rope for tie-downs at the dock, rescue purposes, and anchors.

Local Boys Outstanding at Texas A&I

GETS LONGEST RUN — Ruford Huff, 5-8 junior fullback from Rockport-Fulton High School, recorded the longest run from scrimmage in Lone Star Conference history last weekend as he broke for 95 yards in Texas A&I's 30-6 victory over New Mexico Highlands. Huff was the offensive standout of the game, picking up 148 yards on 13 carries, and increasing his season's per-game average to 110.0. Mr. and Mrs. L. C. Huff are his parents.

TOP TACKLER — Johnny Jackson, 6-2, 205-pound junior defensive end from Rockport-Fulton High School, was the leading tackler for the Texas A&I University football team in last weekend's 30-6 victory over New Mexico Highlands. Jackson also tackled the Highlands quarterback behind the Cowboy goal to give the Javelinas a safety. He is the son of Mr. and Mrs. Norvell F. Jackson.

Sr. Pole Bending, Audre Ankele; Jr. Pole Bending, Brenda Pullin; Open Ribbon Roping, Lee Ledbetter and Debbie Boudoin; Jr. Figure 8 Barrels, Missy Boudoin; Sr. Figure 8 Barrels, Kenny Keller.

The next meeting will be Oct. 2 at Fulton Fire Station. This will be election night. The Over-night Trail Ride is coming up in October and hope to have all the members as well as guests to join in this ride.

Troop 49 Has Weiner Roast

Scout Troop 49 was feted with a weiner roast September 25, at the home of Rev. and Mrs. Josef Barton. Reverend Barton is the leader of the troop. Assistant leaders and their wives attending were Mr. and Mrs. James Tumlinson and Mr. and Mrs. Roger Bennett. Sixteen hungry Boy Scouts were there.

John Leslie attended the weiner roast also. He is the Institutional Representative of the First Presbyterian Church which sponsors the troop. Approximately 30 guests were there and a good time was had by all. The boys had a canoe race before dinner.

What determines the course of a hurricane? Why does it suddenly change direction, or speed up its forward motion?

Unfortunately, the answers to these questions are not yet known, although there are various theories about why hurricanes do what they do. What is known is that hurricanes always move to the north, and eventually, to the east, in this latitude.

They travel slowly, but they sometimes pick up speed and travel as fast as thirty miles an hour. Often, though, they crawl at five miles per hour and seem to be pondering what direction to take. Why they change direction suddenly is not finally established.

However, they do follow the line of least resistance and if you are in a high pressure system when a hurricane nears your area it will probably detour around you. A hurricane itself is a low pressure area.

Finally, do not take any one's personal advice, these storms are unpredictable.

Castaways Rummage Sales

The Concerned Women of Aransas County are again holding weekly rummage sales, thanks to the Methodist Church Board and their pastor, Rev. Tom McClung.

The ladies plan to sell two days, Thursday and Saturday mornings, this fall. The sales will be held in the old Methodist parsonage at Main and Church Street.

Anyone who can help on these days, whether an hour or full time, come by the old parsonage Thursday or Saturday, or call 729-5500 or 729-2164.

Those of you who have rummage to contribute can call the above two numbers if you are not able to bring your donation Thursday or Saturday mornings when the ladies are working.

United Fund begins its fall campaign.

Tues., Oct. 3: Braised Beef tips with vegetables, buttered whole kernel corn, head lettuce salad, 1000 Island dressing, bread, butter, applesauce squares and milk.

Wed., Oct. 4: Cheese enchiladas, boiled pinto beans, cole slaw, cornbread, butter, fruited jello and milk.

Thurs., Oct. 5: Fried chicken, gravy, steamed rice, carrot salad, bread, butter, ice cream and milk.

Fri., Oct. 6: Breaded steak-ettes, gravy, mashed potatoes, tossed green salad, bread, butter, oatmeal cake and milk.

Note: These menus are subject to change without notice, depending upon availability and delivery of food.

KINGSVILLE -- Two Rockport-Fulton High School products have played key roles in Texas A&I football victories for the last two weekends.

Ruford Huff was the offensive standout and Johnny Jackson was one of the top defensive men in the Javelinas' 30-6 victory over New Mexico Highlands last weekend.

Huff, 5-8, 190-pound junior fullback, accounted for more than half of A&I's 209-yard rushing total, picking up 148 yards on 13 carries.

A large chunk of Huff's yardage came with two minutes left in the game when he swept around right end for 95 yards and a record-breaking touchdown. It was the longest run from scrimmage in Lone Star Conference history.

It was the second straight week Huff has led the Javelina rushing, and he now has jumped far out in front on the team's statistical chart. He is averaging 110 yards a game, the second best figure in the LSC.

Jackson, who had been the defense's top grader in the Trinity game, was the top tackler against Highlands and contributed points to the final score.

The 6-2, 205-pound junior had seven unassisted tackles and two assists. And he got the points in the third period when he tackled the Highlands

quarterback behind the Cowboy goal for a safety.

"There's no way you can give these men too much praise," Gil Steinko, head coach of the Javelinas, said of Huff and Jackson. "They give 100 per cent, have excellent attitudes and are all-around good football players. You just wish you had several dozen like them."

The Rockport-Fulton pair will try to maintain their skeins Saturday night as the Javelinas open their Lone Star Conference slate in Nacogdoches against Stephen F. Austin.

Letter to the Editor

Dear Sir:

The Holiday Beach Volunteer Fire Department celebrated its first birthday Sept. 17. We wish to thank all the people who helped us survive and accomplish the things we have done.

There is no room in any volunteer fire department for glory seekers, but men who are willing to donate time, effort and sometimes money. Each member of the Volunteer Fire Department is also a member of the Aransas County Emergency Corps. This means if any emergency is declared by the Aransas County Judge, the fire department member is subject to perform any duty which might become necessary.

This has not been an easy year for our Fire Department. We have had to rely on the good people of our community and surrounding towns for donations. We have had barbecues, raffles and other types of fund raising devices. The response has been great.

At present the Fire Department is building a new fire truck which the county got for us. Work is progressing and in the near future we expect to see some of our dreams come true.

To all the people who have helped with money, time and effort, the Fire Chief and all members wish to say thank you. Any help anyone wishes to give may be mailed to Holiday Beach Volunteer Fire Department, Star Route 1, Box 217-F, Rockport.

C. M. Campbell,
Fire Chief

New Guarantee Added to Navy Enlistment Program

The U. S. Navy has added another guarantee to its new three year enlistment, Seafarer-Airman Program.

Previously the program guaranteed a man his choice of coast and training in the Seaman, Airman, Fireman (Engineering) or Construction fields.

Now, in the Seafarer-Airman Program, the Navy has added the guarantee that buddies may enlist and serve together for their first assignment following basic training.

Basically the Seafarer-Airman program allows the recruit to choose the type of apprentice training he desires following basic training at one of three recruit training commands located in San Diego, California, Great Lakes, Ill., or Orlando, Florida. He will then be assigned to a ship, an aviation activity or shore station on the coast of his choice for on the job training.

The new guarantee, available to those desiring training in the Seaman, Airman, Fireman (Engineering) or construction fields, allows up to four buddies enlisting in the same job field to serve together at their first duty assignment.

Further information can be obtained from the U. S. Navy Recruiting Office located at, 723 N. Upper Broadway, Corpus Christi, or calling 883-8901.

REJECTS FUND CUTOFF

The House rejected a proposed cutoff of money for U.S. Indochina-war operations in four months. The proposed amendment to the \$74.6-billion defense appropriations bill was turned down 208 to 160.

Flamboyant fashions from a dazzling decade will be reflected in daily apparel shows at the Women's Building during the 1972 State Fair of Texas, October 7-22, at Fair Park in Dallas.

Introducing the Hornet Hatchback. It sure doesn't look like an economy car.

Model illustrated, \$2399.00, equipped with special trim package, sports steering wheel, slot-style wheels and Polyglas tires, optional at extra cost. Prices subject to change without notice.

And it sure doesn't act like one. The big 6-cylinder engine makes it fly. The steering is quick and precise.

When you need extra cargo space, the back seats fold down so you can load up through the hatch for a long vacation.

You see, the Hornet Hatchback is really a sports car with room to travel in.

A car that does everything a sports car should do. It moves like one, handles like one, but it doesn't cost like one.

It comes standard with a piece of

equipment no other economy car has, The Buyer Protection Plan.

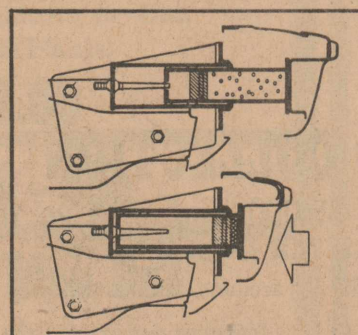

Only American Motors makes this promise: The Buyer Protection Plan backs every '73 car we build and we'll see that our dealers back that promise.

AMC Hornet Hatchback

Manufacturer's suggested retail price, state and local taxes excluded. Destination charges and options extra.

The new energy absorbing bumper system on Hornet telescopes the front bumper as much as 3 inches and returns to normal after repeated 5 mile per hour barrier impacts. It's one of the most advanced systems in the industry.

Buckle up for safety.

AMERICAN MOTORS BUYER PROTECTION PLAN

1. A simple, strong guarantee, just 101 words! When you buy a new 1973 car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship. This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first. All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada, and that guaranteed repairs or replacement be made by an American Motors dealer.

2. A free loaner car from almost every one of our dealers if guaranteed repairs take overnight.

3. Special Trip Interruption Protection.

4. And a toll free hot line to AMC Headquarters.

A Hungry Artists Sale will be staged with no item selling for more than \$10.00. If you are interested or would like an entry form please write to Mrs. Normaj Broussard, P.O. Box 3801, Port Arthur, Texas, 77640 or call Area Code 713-982-5165.

CORN CROP SHORT

The Agriculture Department estimates the nation's corn crop will be 5,124,425,000 bushels down from the 1971 harvest. The eight per cent shortage will effect the meat supplies next winter.

Presbyterian Dist. Conference Held

On Sunday night, September 24, fourteen women of the First Presbyterian Church attended the Conference of District 3 at Portland Presbyterian Church.

John Leslie and Paul Morrison drove two of the cars and also attended. Women present were Mrs. Paul Morrison, Mrs. John Kinsey, Mrs. Alex Scott, Mrs. Harry Allen, Mrs. I. E. McLester, Mrs. Volney Cavitt, Mrs. Nancy Currie and Mrs. Ted Little.

Also, Mrs. W. L. Reasor, Mrs. Henry von Pein, Mrs. Kenneth Holmgreen, Mrs. Walter Hatley, Mrs. Lamayer and Mrs. John Leslie.

The theme of the program was "God's Servant People". Mrs. John Leslie is chairman of this district which consists of 11 churches.

M/Sgt. James D. Gillum of Alconbury, England left Tuesday for Kansas City, Mo., for six weeks of schooling. Gillum has been visiting his parents, Mr. and Mrs. Travis Owens, for the past week. Other visitors in the Owens' home over the weekend were Mr. and Mrs. Chester Henson, Refugio; Mr. and Mrs. Glenn Owens and family, League City; and Mr. and Mrs. Roy Irwin and baby of Portland, Texas.

Shoplifters are most active between the hours of 3 p.m. and 6 p.m. according to the FBI.

Women Take Interesting Trip

Mrs. Ed Cessac and Mrs. Merrill Swann spent a week traveling and sightseeing through Texas, New Mexico, Arizona, Utah and Colorado.

They met Mrs. William Sans of Farmington, New Mexico and toured the Mesa Verde National Park in Colorado. They explored pre-historic ruins and marveled at artifacts left by people who vanished 700 years ago. At one point they were 8,572 feet in elevation.

Later, the ladies drove to Durango, Colorado and saw several ski resorts. Friday they drove to Aztec, New Mexico to visit the Aztec ruins and National Monument. The ladies traveled a total of 1,665 miles.

Mrs. Merrill "Shorty" Swann remained in Farmington, New Mexico with her husband who is employed by Trentham Corp.

Shorty says that she intends to do more sightseeing and hopes to find some good looking chiefs and Indian maidens for several friends.

Mrs. Cessac returned home Saturday afternoon via Denver, Colorado and Dallas.

Rebekah Lodge News

The Rebekah Lodge met September 21, with Mary Lou Ashley as noble grand and Dean Mackey as vice grand. Seventeen members were present.

Janet Mayes is ill at home. Ora May is feeling better and is at home.

The lodge project is the selling of Mary Gordon wax candles and rose sachet bowls.

Irving McMahan recited a poem entitled "The Indispensable Man."

Cake and soft drinks were served during the social hour. The next meeting will be September 28.

THE KANSAS CITY Chiefs will open their 1972 home season at a new stadium—Arrowhead—with 200 hostesses—usherettes, including Sydna Burton, on hand to guide fans to their seats.

ON REVENUE-SHARING

House and Senate conferees have agreed on a formula for sharing federal revenues with states and local governments. This agreement apparently clears the way for enactment of the legislation and distribution of the first \$5.3 billion annual installment.

Art Show at Victoria

Victoria has something special planned on Sunday, October 1 for browsers and people who hunt for bargains on art work and crafts—the Second Annual Riverside Art Show.

Mrs. George Weaver and Mrs. Robert Brown, co-chairmen of the art show announce the show will be held in Town Plaza Mall, Victoria, Texas, opening at 9:30 a.m. and closing at 6:00 p.m.

Entry registration will continue until 9:30 a.m. Entrants will provide their own tables, props, chairs, water and money change. A registration fee of \$7.50 will be charged each entrant. The club reminds all entrants it will not be liable for paintings, crafts or equipment of entrants.

TV COMMENTARY

By John Smiley

SINCE "ORRIBLE" Henry VIII and the Good Queen Bess were royally accepted on the telly, viewers can anticipate more history stew on TV. ABC devoted seven and a half hours of prime time to Tolstoy's "War and Peace," the panoramic tale of Napoleon's assault on Russia.

IN THE SAME history hopping vein, Xerox will steep viewers in "America," a 13-part series featuring historic sites in the U.S. Another apple-pie series headed for the mini-screen is "Eleanor and Franklin," based on Joseph P. Lash's Pulitzer Prize winning biography of Eleanor and Franklin D. Roosevelt.

THE TIME LIMIT set by ABC for Dick Cavett to shape up his ratings or ship out has expired. Cavett is out, but not all the way out.

A politician's paradise is a campaign without opposition. on the air for one week each month. In the Cavett time

slot for two weeks each month will appear a potpourri of programs of mystery, musical variety, and comedy. The remaining week in the month will be filled by another talk show, chaired by Jack Paar.

SESAME STREET is a thoroughfare that stretches all the way around the world. It is seen in no less than 48 nations and territories, including countries behind the iron curtain.

BECAUSE of an FCC ruling, ABC will not be able to telecast as much coverage of the Olympics as had been planned. Coverage will be cut by five hours.

V.I.C.A. Group Elects Officers

The Rockport-Fulton Vocational Industrial Club of America, held their first meeting of the 1972-73 school year. The meeting was held to elect the VICA officers for the current year.

The newly elected officers are as follows:

President, Mike Trimyer; Vice-President, Dee Leach; Secretary, Steve Davidson; Treasurer, Richard Iniguez; Reporter, Gary Klamm; Sergeant-at-arms, David Farnham; and Parliamentarian, Joseph Gribbin.

Mr. and Mrs. Perry Jones' names were omitted from the Stewart family reunion which was held at the VFW Hall September 17.

Some 200 mini-drugstores, about the size of newsstands, are scattered throughout the jungles of Burma.

More than half a billion dollars is spent annually in the United States on vocational rehabilitation of the disabled.

Smokers develop more facial wrinkles than nonsmokers.

A new antifat drug that reduces cholesterol is a promising weapon against heart disease.

Shades of the past; castor oil, once a popular laxative, is still in use -- to grease wheels and soften corns.

Nose surgery for cosmetic purposes usually takes about three hours, followed by three days in the hospital, and another week of recovery at home.

What Can One Man Do?

Plant a garden or window box. Surround yourself with trees and shrubs and grass and live, growing flowers and plants.

During the course of the 23,000 times we each inhale and exhale in a single day, we take in 35 pounds of oxygen—and we get it all from green plants on land and vegetation in the sea. In the process of manufacturing oxygen (the process is called photosynthesis), the green growing plant materials and vegetation also absorb huge quantities of carbon dioxide from the air. We are totally dependent on this process for our very lives. The color of survival truly is green.

The
Kinsey
Report

A motion picture titled "Of Time, Work and Leisure" was shown Sunday morning at the Family Filmfest at First Presbyterian Church.

This thought provoking film, based on the findings of a scientific study, demonstrated that although technology has created additional leisure time and money for most people, few have taken full advantage of this extra leisure time.

In fact, the movie showed that many people use their leisure time to get a second job in the mad pursuit for more and more money. The scientific study established that many persons actually did not need additional income but simply didn't know what to do with spare time except work.

Many persons interviewed in the study said they dreaded the day when they would retire. This included numerous men who were assured of large pensions that would enable them to do almost anything they wanted to. "If I don't work, what will I do?" That's what many of the men said, and they were men who had worked hard—always

Woman's Missionary Society Meets

Woman's Missionary Society of the First Baptist Church met Sept. 19 in the home of Mrs. C. O. Lietz in Fulton. Mrs. Larry Stewart, the president, was in charge of the meeting.

Mrs. Truett Roach was in charge of Bible study. The study was Paul's Letters to the Seven Churches of Asia. Each member was given the name of a missionary, and asked to pray for that missionary.

The following members were present: Mrs. J. R. Acton, Mrs. George West, Mrs. T. L. Beedy, Mrs. Lillie Calvert, Mrs. Truett Roach, Mrs. Larry Stewart, Mrs. J. A. Cox, Mrs. C. O. Lutz, Mrs. Herman Gayle, and two visitors, Mrs. T. L. Green and Mrs. Hazel Pleinimer.

Delicious refreshments of coffee, ice tea and cake were served.

racing the clock—for many years.

The film made one think. What am I doing with my life? Am I reading any good books? Am I enjoying the wonders of nature? Am I helping anyone except myself? Or am I following a schedule of work, eat, watch TV and sleep—day after day?
