6th WAR LOAN

Role of War Bonds in Checking Inflationary Trend is Stressed

Col. D'Olier Points Out Funds Invested Cannot Bid Up Prices

BY COL. FRANKLIN D'OLIER

Chairman, New Jersey State War Finance Committee, and President, Prudential Insurance Company of America

In addition to giving those of us who must stay at home a chance to assist in the prosecution of the war, our investments in war bonds enable us to help ourselves in many ways, not the least of which is in the control of inflation. The money we put into these bond purchases is temporarily removed from our control and, may be thought, not be used in bidding up the prices for the things ordinarily bought.

As in life insurance where progress in supplying the needs of the community for protection is measured by the increase in the amount of insurance in force on the books of the companies, so in the fight against inflation real progress is measured by the actual increase in the amount of war bonds outstanding. Series E bonds, which are referred to as "People's Bonds" are, of course, most important in this connection. These bonds have been specially designed for ordinary everyday people who do not wish to spend money which is not invested in bonds might easily become inflationary money. The following figures, which have been supplied by the Treasury Department, indicate the growth in the outstanding total of Series E bonds, by quarters, since the beginning of 1943. The increases are due not only to sales, but also to the increase in the value of the bonds outstanding.

SERIES E BONDS
(Amounts in millions of dollars)

	Out-standing end of period	Re-demptions during period	Quarterly rate of re-emption
1943, 1st quarter	\$8,874	\$229	2.58%
2d quarter	11,287	299	2.65%
3d quarter	13,660	391	2.86%
4th quarter	15,957	461	2.89%
1944, 1st quarter	10,186	566	2.95%
2d quarter	21,125	682	3.23%

It will be noted that substantial progress has been made in the fight against inflation as the figures indicate that the amount outstanding has shown a consistent increase each quarter year. In the first six months of this year, in more than \$5,000,000,000. Naturally the increase would have been greater had there not also been an increase in the redemptions due to bond purchasers surrendering their bonds before maturity. In this connection it is important to remember that before there can be any real increase in the outstanding bonds each bond redeemed must be replaced by another sale. The necessity of holding bonds to maturity for the full job is to be done becomes immediately apparent.

While, as intimated above, there has been a substantial increase in bond redemptions it is also important to consider the fact that these increased redemptions arise from the increased amount of bonds outstanding. In other words, the amount redeemed each quarter year would increase even if the rate of redemption remained the same because of the increase in the amount outstanding.

Actually there has been an increase in the rate of redemption as well as in the amount redeemed.

Mr. and Mrs. D. A. Caldwell and family had as their guests, Friday, Mrs. Caldwell's niece, Mr. and Mrs. Tandy Bruce of Beaumont, and Mrs. Cecil Pliskin, Mrs. Lloyd Harlow and Mrs. Baten of Pollett.

Aged Perryton Couple Found Dead in Home from Gas Fumes

Mrs. Martha Angie Cox, 71, and her husband, age 74, were found dead in their home, 718 Southwest Third Avenue, last Saturday morning. Their lifeless bodies were discovered early Saturday morning by their son, O. O. Cox, owner of the Perryton Equipment Co.

Mr. Cox went by the home of his parents, expecting to take them to Amarillo. When they did not answer his call, he went into the house. Cause of death was asphyxiation from fumes from a natural gas stove. Time of death is uncertain, but it was probably late Friday evening.

Survivors include three sons: O. O. Cox Perryton; E. R. Cox, Texhoma, formerly of Amarillo and Perryton; and Chester C. Cox, an Army Engineer stationed on the West Coast. In addition there are four grandchildren and several nephews and nieces. Mrs. Cox is also survived by a sister, Mrs. Rachel Hines, and two brothers, Robert and Luke Lee, all of Ray County, Mo.

A joint funeral service was conducted at the First Christian Church, Tuesday afternoon at three o'clock with Rev. Ward H. N. Gregg officiating. The funeral arrangements were under the direction of the Boxwell Brothers Funeral Home. Interment was in the Ochiltree cemetery.

Vocal selections at the service were by a quartet composed of Mrs. Carl Ellis, Mrs. Debs Riley, J. P. Herridon and Sam Hergert, accompanied by Mrs. A. K. Wilson.

pallbearers for Mrs. Cox were Elton Walker, Creed Walker, C. E. Cline, W. W. Brown, S. L. Brillhart and Tom Evans.

pallbearers for Mr. Cox were A. K. Wilson, Dewey R. Allen, Howard Holt, Alfred Pittman, Claude Schell and S. P. Whippo.

Mr. and Mrs. Cox were born in Ray county, Mo. Mrs. Cox, born Martha Angie Lee on Jan. 4, 1874, was almost 71 years old when she passed away. Mr. Cox, born Henry Luther Cox on Oct. 29, 1870, was just a few days past his 74th birthday.

They were married Dec. 31, 1890, almost 54 years ago. He was a very devoted father and husband, always holding before his family the high ideals of a pure life. She was a devoted mother and wife of unlimited devotion.

High School Honor Society Initiates New Members

The Perryton chapter of the National Honor Society of Secondary Schools initiated 18 new members at a special program on Tuesday afternoon in the auditorium. W. L. Puryear, high school principal, gave the pledge of the National Society. Supt. J. A. Anderson presented the pins.

Officers for the school term of 1944-45 in charge of the initiation were Mary Lou Rupperecht, vice president; Alvina Records, vice president; Shannon Daniel, secretary-treasurer; and Helen Marie Hudson, reporter.

The new members are: Jimmy Dick Key, J. C. Jones, E. R. Bell, Carol Ann Larkey, Carmen Keith, Kay Kizziar, Beth Trollinger, Nettie Mae Kizziar, Earline Ragan, Nona Holdeman, Bob Urban, Woodrow Handy, Georgine Lallemond, Ruby Ann Floyd, Virginia Williams, Meri Trollinger, Floyd Enterline and Yvonne Trollinger.

This National Honor Society was founded in 1921 by the National Association of Secondary School Principals and has over 2500 chapters in the public schools. The Perryton chapter was organized in 1941, and now has approximately 40 members. Students eligible for membership must meet certain qualifications, such as leadership, service and high scholastic rating.

At the Ellis

Thursday-Friday, Nov. 23-24—"Bowery to Broadway," with Jack Oakie, Maria Montez, Susanna Foster, Donald O'Connor, Peggy Ryan and Turhan Bey.

We Give **THANKS** *FOR OUR HERITAGE OF FREEDOM*

We have much to be thankful for—even in this year of war and sacrifice. We can be thankful that our cities and towns have remained unharmed . . . that we are on the road to Victory . . . that through it all we have upheld the ideals we have been fighting for . . . that we have kept our heritage of Freedom. On this Thanksgiving Day, . . . let us thank the Eternal Power: convinced that Heaven but tries our virtue by affliction—that off the cloud which wraps the present hour serves but to brighten all our future days."

GIVE THANKS, that down through the years we have been able to maintain the things so important to us . . . the freedom to print and to read what we choose . . . to voice our own opinions and listen to those of others . . . to worship and pray and go to the church of our faith . . . to vote for those we wish to have represent us in our government . . . the freedom to work and play in the way that will make us happiest and most successful. These things are part of our heritage — give thanks that we have kept them.

Gifts for Servicemen Spending Christmas on the High Seas

A plan has been worked out for all servicemen, who are on the high seas at Christmas, to receive a Christmas gift. Each County through the Camp and Hospital Committees of the American Red Cross, is asked to prepare items for these gift packages.

The time is limited as the packages must reach San Francisco by Dec. 10. Organizations will be contacted and given an opportunity to participate. Any individual may contribute to this fund.

Items suggested for each gift package are: pad and pencil, paper-backed novel, handkerchief, cigarettes, soap and camphor ice. Substitutions may be made as a small notebook, snapshot case, miniature game, waterproof oil skin pouch, wash cloth, inexpensive wallet, pipe tobacco, nail file and similar items.

Any contributions or donations may be left at the County Judge's office with Mrs. F. L. Garrett, or at the Stewart Printing Company with Mrs. Van W. Stewart. If you have one of the small twenty-five cent paper back novels, please give it to these packages. Ochiltree County has not received a quota, but the more packages that we can send the better. Remember, get your donations in at once.

This high seas program to remember all service men at sea on Christmas is a real challenge.

Waka P. T. A. to Sponsor Mexican Supper, Dec. 1

Come ye Senors, Senoras and Senoritas. Come to the Mexican supper and costume party sponsored by the Waka Parent Teacher Association.

The time has come Senora and Senorita to put on your long bright colored dresses, your shawls, flowers in your hair along with rings on your fingers, beads around your neck and earrings on your ears.

You, Senor, put on those tight legged pants, long sleeved blouse with the red bow tie, and hang a guitar around your neck so that you make music most of the night.

After the program and games you will be served chili con carne and Mexican tortillas. So—senor bring Cows sweat only on their noses. It is the only place they have sweat glands.

See No. 5, Page 7

AAA Election Thursday December 14

A second election, this one without parties, speeches and torchlight parades, and limited to the farmers will be held in Ochiltree county on December 14, 8 p.m. at the courthouse. Every farmer in Ochiltree county will have an opportunity to vote for community committees.

The farmers elected at these meetings will be responsible for insuring maximum benefits to farmers of their communities for the many programs and activities of the Agricultural Adjustment Agency. The work of local committees includes explaining AAA practices, certifying applications for payment, assisting with storage and loan programs and working on the disposition of surplus war property.

All farm operators—men or women—who will take part in the program in 1945 are eligible to vote in community elections. In addition to electing community committees, the meetings will name delegates to a county convention to be held later to elect county committees.

Committees represent both neighbor farmers and the executive branch of the Federal government in the work and responsibilities of the Agricultural Adjustment Agency. Their recommendations, based on personal knowledge and experience, help shape agricultural programs to fit the needs of their own localities and to meet the problems of farmers and consumers throughout the nation.

Plans are being made for a full discussion of the vital problems facing agriculture during the coming year. Other topics that will be discussed will be the REA lines that are to be constructed in Ochiltree county.

In emphasizing the importance of full attendance at the election meetings, Mrs. Viola S. Miller, county administrative officer, quotes N. E. Dodd, national AAA Chief:

"These elections, much the same as local school elections and like town meetings of other days, constitute real democracy in action. With the approach of peace AAA elections take on a new significance. It is more important than ever to have the best men available on AAA committees at this stage of the war, and those that face the nation from here on out will require the best possible leadership and the full participation of farmers."

Lake Fryer Concession To Be Let

George M. Parker, district conservationist for the Soil Conservation Service, announces that the SCS is receiving bids for the concession privileges at Lake Fryer, Buffalo Lake, Lake McClellan and Lake Tule.

The present contracts on the four lakes expire Dec. 31, 1944 and the new concession bids will be for a five year period. Persons interested in submitting bids on any of the projects can get blank forms and full information at the SCS office, Room 239, old Postoffice building, Amarillo.

John Lohm is the present concessionaire at Lake Fryer and it is understood that he will submit a bid for the 5-year term. Mr. Lohm's operation of the lake facilities has been highly satisfactory to the people of the Lake Fryer area.

Basketball Practice Starts Next Monday

The basketball season of 1944-45 for the Perryton schools will be open Monday, November 27, when R. C. Elnor, coach, has the first practice. Approximately 30 boys are expected to try out. Only two lettermen will be on the team. Twenty-four new suits have been purchased.

Council Report

The Ochiltree county council of the Home Demonstration clubs met Saturday afternoon, November 18, at 3:00 o'clock in the county court house.

The Council voted to finance the luncheon to be held in December on the regular council meeting date for the old council members and the new ones for next year. Council will sponsor a kitchen shower for the Lounge Room on December 3. Each president will be responsible for bringing the donations from her club on that date. The officers and chairman gave their reports of what they had done in club work during the year.

Those present were Mrs. E. Tarbox and Mrs. Hollis Gossett, Mrs. Miller; Mrs. J. H. Kershaw and Mrs. Albert Ackley, Missouri Avenue; Mrs. Dan Manning and Mrs. L. R. Conner, Waks; Mrs. Corwin Trooper and Mrs. Jerry Thrasher Hantoon; Mrs. A. J. Morris and Mrs. George Pletcher, Lone Tree; and Mrs. Virdie Wheeler.

Eat Right and Live Longer

COLLEGE STATION—If you want to add years to your life, eat right day after day.

This is the theme of a new bulletin just issued by the U. S. Department of Agriculture which points out that nutrition, along with heredity, plays a major part in determining the length and vigor of normal lives.

The science of nutrition offers extra years—perhaps seven to 10 of them. These should not be considered as "added to old age; rather, they are inserted at the prime of life, while old age is postponed," the bulletin points out.

The bulletin is entitled "Principles of Nutrition and Nutritive Value of Food," (MP 546) and it was written by Dr. Henry C. Sherman, former chief of the Bureau of Human Nutrition and Home Economics.

Dr. Sherman's statement that there is nothing mysterious about good nutrition is emphasized by Miss Edith Lawrence, food preparation specialist for the A and M College Extension Service. She says for most Americans that "extra something" that can add to the good years of life is simply a matter of getting more milk or milk products and more fruits and vegetables.

Often, even people who consider themselves well nourished can profit by adding more of these to their diet, Miss Lawrence says. Texans who want to check on themselves can obtain a copy of the Texas Food Standard, a simple guide to a good daily diet, from their county home demonstration agents.

Missouri Ave. Club

The Missouri Avenue Home Demonstration club met Friday afternoon, November 17, at 3:00 in the home of Mrs. H. J. Wilson.

Mrs. Virdie Wheeler, Home Demonstration agent, suggested that braided rugs were probably the easiest rug to make and also the most durable. She showed the club a variety of handmade rugs and discussed the merits of each. The demonstrators gave their yearly reports on food, clothing and kitchen improvements. Plans were made for the Christmas party to be held on Tuesday, December 19, at the home of Mrs. Slaughter. The party will be a pot-luck dinner and everyone is asked to be there by 12:00. There will be a gift exchange.

Visitors present Friday were Mrs. Cline and Mrs. Wheeler. Members were Mesdames D. D. Shanks, Fred Huston, Albert Ackley, E. W. Witt, Earl McGarragh, W. B. LaMaster, J. S. Slaughter, C. A. Zirkle, J. H. Kershaw, Rufus Bolerjack, L. E. King, and the hostess, Mrs. Wilson.

J. O. Wooten, who has been a patient in the St. Anthony hospital, Oklahoma City, for several weeks, is now able to be home.

Cut This Out and Read It Every Day

"In sending you this clipping," says a reader, "I feel that it cannot be reprinted too often. To me it seems to be a complete catalog of human nature, and as I read down the list I cannot help but apply the specifications to various persons I have met in my rounds."

The greatest sin—Fear. The best day—Today. The biggest fool—The boy who will not go to school. The best town—Where you succeed.

The most agreeable companion—One who would not have you any different from what you are. The great bore—One who will not come to the point.

A still greater bore—One who keeps on talking after he has reached his point. The greatest deceiver—One who deceives himself.

The greatest invention of the devil—War. The greatest secret of production—Saving Waste. The best work—What you like. The best play—Work.

The greatest mistake—Giving up. The worst bankrupt—The soul that has lost its enthusiasm. The cleverest man—One who always does what he thinks is right. The most dangerous person—The liar.

By Ed Reed Register & Tribune Syndicate

THE THREE BARS

They'll all be singing if we buy more War Bonds to speed victory.

The most disagreeable person—The complainer. The best teacher—One who makes you want to learn. The meanest feeling of which any human is capable—Feeling bad at another's success.

The greatest need—Common sense. The greatest puzzle—Life. The greatest mystery—Death. The greatest thought—God. The greatest thing, bar none, in all the world—Love.

Mrs. Kenneth Crisp left Wednesday for Alva, Okla., where she will visit with her daughter, Dorothy Jean, who is attending college there. Mr. Crisp, who is stationed in Oklahoma City, will join them today.

IT TAKES PLENTY OF WAR BONDS TO BUILD B-29s

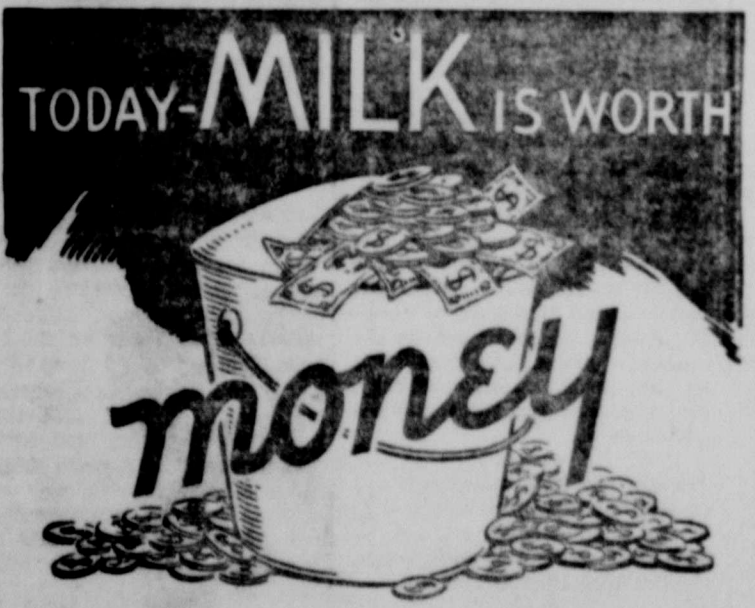

THE WAR in the Pacific is the most costly war America has ever engaged in. It's simple arithmetic. A mountain of special, costly equipment is needed. A B-29 Superfortress used in the bombing of Japan costs \$600,000 in War Bonds. And this is just one of the many extra costly implements of war needed to achieve final victory in the Pacific. That's why the 6th War Loan Drive is so important. That's why you must back it as generously as you have every other war loan drive. Invest in the next raid on Japan... BUY AT LEAST ONE EXTRA \$100 BOND

**TODAY—570 of our boys
will pay for war the HARD WAY**

American casualties now average more than 570 for every day of war. As the conquest of Japan advances, losses will probably be higher.

THEY still die—will YOU buy?

It's a BIG farm year—buy BIGGER Bonds!

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1,000 in the big 6th War Loan. War Bonds give you:

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value?
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

THE BIGGEST JOB IS STILL AHEAD. BUY BIGGER BONDS!

Will you loan dollars, while they give lives? The conquest of Japan will probably be the costliest war in history. Distances are enormous. The enemy is tough and fanatical. We have no reserves of supply within thousands of miles—everything must be transported. And war in the Pacific requires special equipment, not used elsewhere.

Loaning money is the easiest part of the war effort; but it is no less important than fighting. One B-29 Superfortress to bomb Tokyo costs \$600,000. To train the pilot costs \$27,000. Each torpedo costs \$12,000. Because of the vast

distances, it takes four to six ships, constantly in motion, to deliver one shipload per month.

The Japs think our home-front is soft. They think we'll get tired of the war and quit. Well — it's up to you. Our fighting men aren't quitters; the Japs know that. It's you they are counting on.

Let's give them the answer—in the 6th War Loan! Let's show Tokyo we can "take it", too! Buy BIGGER Bonds, and we'll finish the big job faster.

BUY BIGGER BONDS NOW!

Memo for Thanksgiving Day

Reprinted from "The National Legionnaire"

On Thursday, November 23, banks and government offices will be closed.

Citizens, in the cities and towns and on the farms, will prepare and consume tremendous quantities of specially prepared foodstuffs.

Great crowds will gather in football stadia throughout the land to watch contesting teams try for gridiron victory.

These things are inevitable for they have become part of the warp and woof of Thanksgiving Day as observed in these United States.

But on November 23, in this year of grace 1944, the observance of Thanksgiving Day calls for something more than a peacetime program of observance.

November 23, 1944, should be a day of real thanksgiving first—and a day of celebration second—if you feel that you must celebrate!

It should be a day of retrospection—a day of renewed faith, a day of resolution for the future, and less a day of civilized gluttony.

It should be a day of crowded churches in the morning even more than a day of crowded gridiron bleachers in the afternoon.

It should be a day of true and honest thanksgiving to which the heart is attuned and of which the mind is cognizant, rather than a hurried day of catering to the flesh and the devil.

Or don't you think you have much for which to be thankful? Do you think that you are abused because you find choice items rationed in the stores? Or because you can't get as much gasoline as you would like to have for a long Thanksgiving Day motor jaunt? Or because you are asked to put in overtime at your job? Or because there are no nylon to be had at the hosiery bars—or imported liquors at the refreshment bars?

Or do you think that the war itself, which may have broken up your family circle—may even have cost the life of some gallant young member of it—makes thanksgiving a travesty this year?

Count your blessings again—one by one—then answer!

You are free, you come and go as you wish without official restraint. There is no curfew; no concentration camp for you; no enforced slave labor that works without hope of reward or relief. Thank God you are free!

You are fed. There are meals on your table sufficient to keep you healthy. You are not starved as are

those who are subject to the invader, which takes the grain from the fields, the cattle from the pastures, the very food from the larder. Thank God you have bread!

You have clothing. No one goes bare of foot despite the rationing of shoes. And no ration points are asked for clothing. You will be dry in damp weather, warm when it gets cold. You do not have to wrap your feet in rags, or stuff old newspapers between your threadbare rags and your skin to keep out a part of the bitter chill. Thank God you are clothed!

Your church is open—whichever one is your choice. You are free to attend it openly. You may kneel in prayer to your God, in your own way, and neither persecution nor mockery will assail you when you do. You can seek religious solace for your troubles, and Divine aid in relief from them, without the fear that the door will be ever locked against you by some official of the government, or that you may find yourself in an internment camp because your church happened to be one that someone else didn't like. Thank God for your religion!

Your sons in service and those who have returned from service—how justly proud you are of them and what they are doing. Without them, these rights and privileges that have been enumerated might have been lost. So thank God for our sturdy defenders of national liberty. Thank God that you were able to provide for them the strong physical bodies and the keen, alert minds that made them acceptable for military service. Thank God for your strong young sons and daughters.

And if the fates have dealt you a bitter hand, and there has come that blunt message that has told you that one of your loved ones will no more come home—you still may find some solace and some reason for thanksgiving if you seek.

How much better that he could go into that "great blue yonder" with his head up, striving for the right. He had a chance for his white alley; he had a chance—though he lost. He went into the Unknown with his weapons in his hands and with his comrades free beside him—whether in the clean atmosphere where our airmen dust with fate or on a muddy hillside where the infantry takes its objective inch by bloody inch. How much better that he could go that way—if he had to go—than to go the way of the gas chambers and

'Hex---Yer Out!'

G. I.'s of an evacuation hospital in the Southwest Pacific claim that Matuku, about 6, their bat boy, brought them enough luck to win the island baseball championship. From here it looks like Matuku's putting the hex

ovens of Lublin. Thank God that if death had to come to him, it could come that way and not by the way of the abattoir.

If you will remember to take time to be privately thankful for these things so worthy of thanks to your Creator, early Thanksgiving Day, you can then eat your big dinner and go to your big football game, or join your big family gathering and enjoy them all far more than you otherwise will be able to do.

Sad Traitor

Even the glass-topped table mirrors the downcast state of Georges Suarez' mind as he contemplates his fate while on trial for dealing with the Nazis as a collaborationist editor in Paris. Death was the sentence.

Selective Service

Men Can Volunteer For Navy Duty

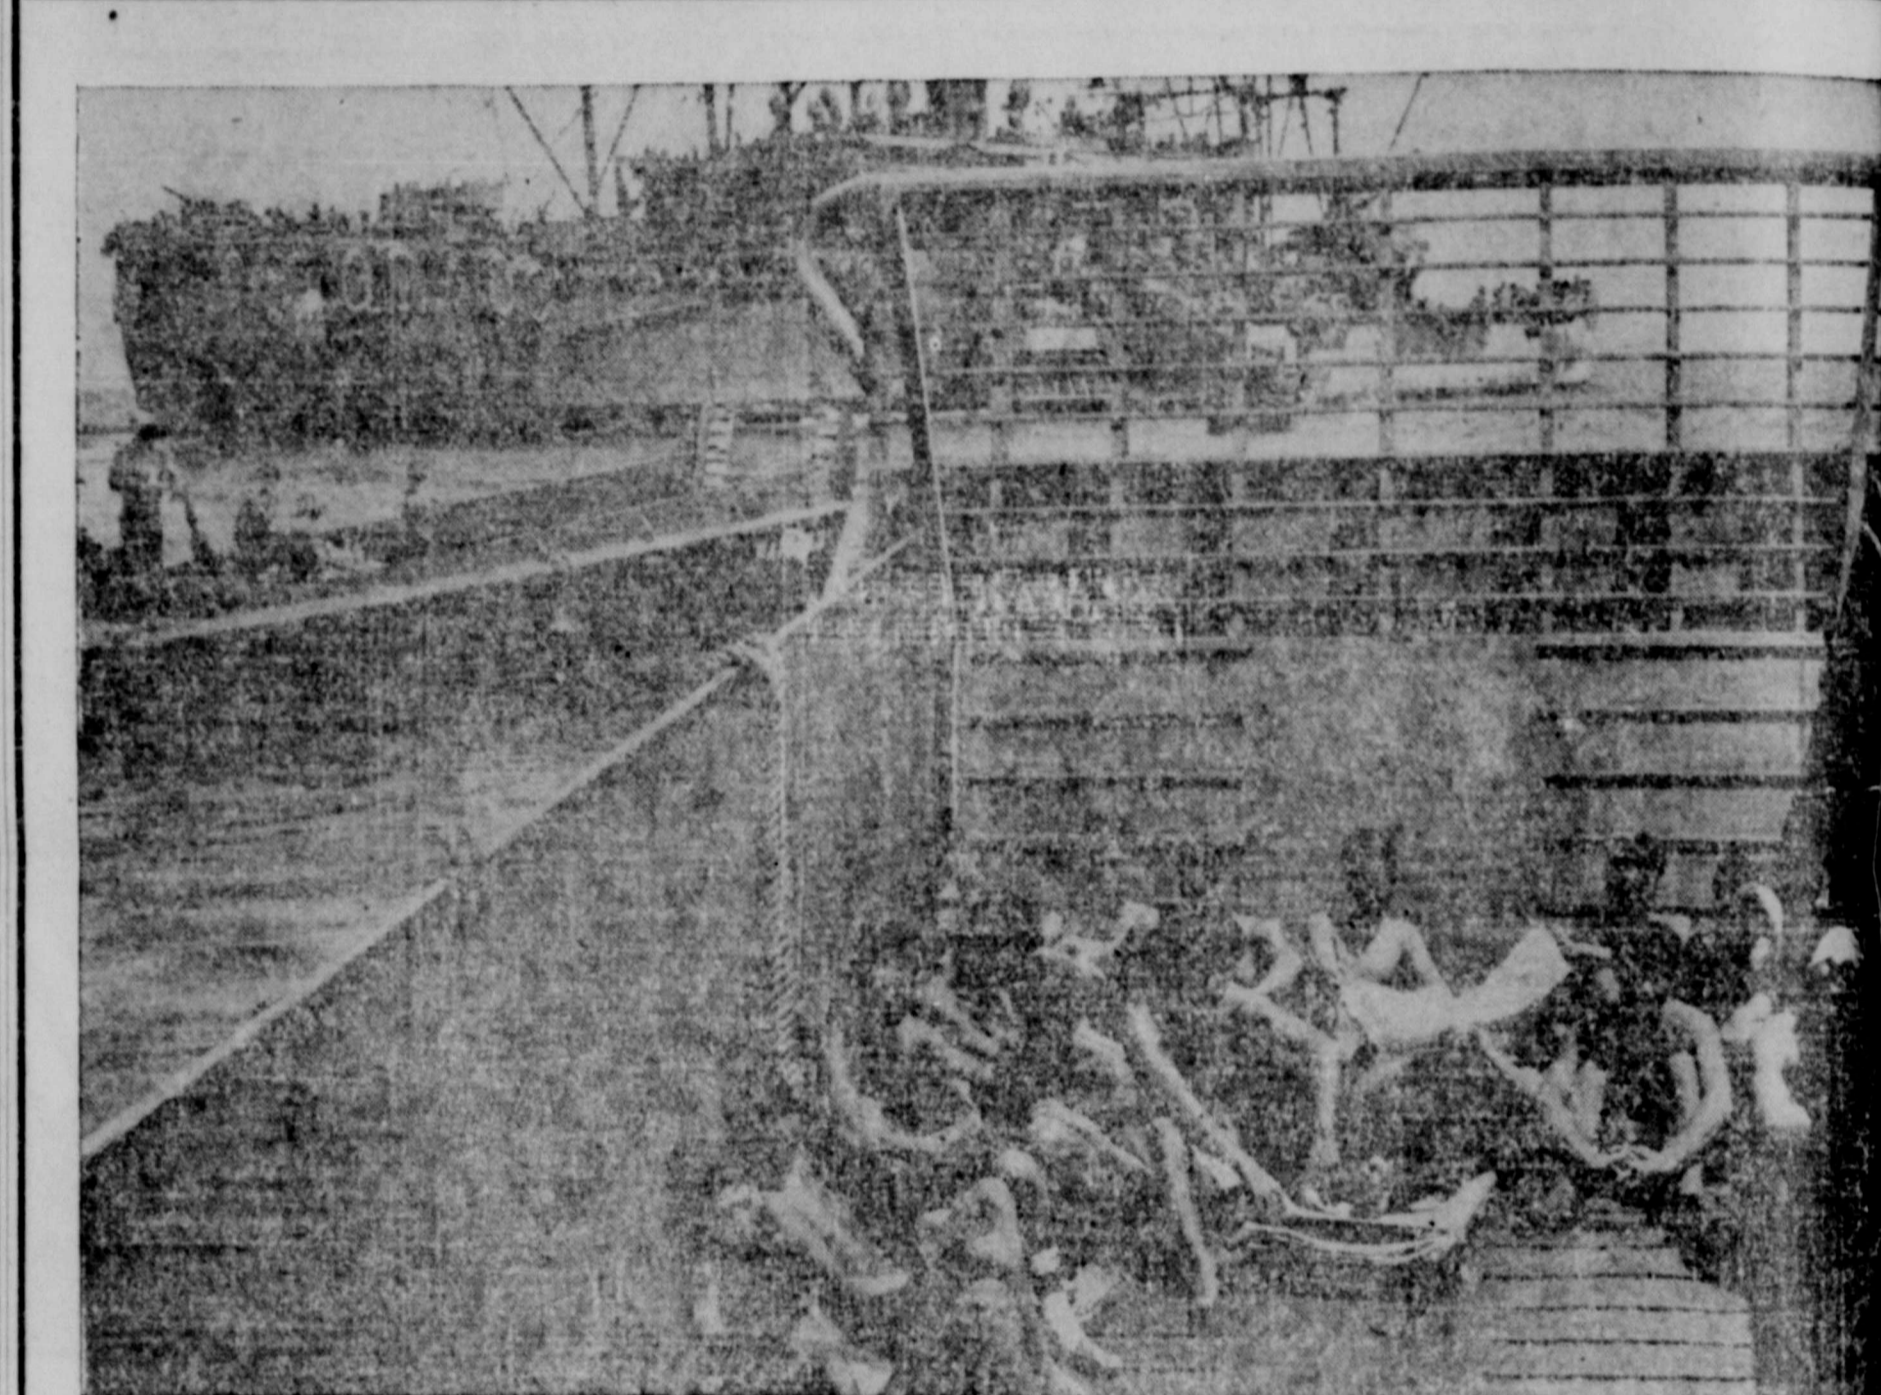

DALLAS—A major change in procurement policy whereby qualified men of selective service ages—as well as in the 17 and 28-30 groups—may volunteer for special Navy service and be assured of assignment to that branch upon induction has been announced by the Navy Department.

Lieut. Comdr. Dan Henry, officer in charge of North and West Texas Navy recruiting, said he had been authorized to announce that, effective immediately, men who have physically qualified for armed service through pre-induction examinations, and before reporting for actual induction, may take the Eddy test for radar and radio technician training, without obligation, at any Navy recruiting station or sub-station.

Successful applicants who have not received orders to report for induction, will be given letters of directed assignment to submit at the time of induction. These letters will assure assignment to the Navy and enlistment as Seamen, first class, in the U. S. Naval Reserve, in which the men will enter a ten-month course of concentrated, technical training in radar, radio and related subjects. Need for men

Only by taking—and passing Eddy test prior to induction of draft age eligible to apply voluntarily enlistment in the not required. Commander Henry said.

While Our Farm Boys Harvest Japs...

This is a BIG farm year—
Now buy BIGGER Bonds!

OUR FARMS HARVESTED PEAK PROFITS IN '44
NOW YOU CAN AFFORD TO BUY BIGGER BONDS

THE hardest part of the whole war effort is still ahead. The easiest part is lending money, but it is just as essential as fighting. Now, more than ever, your dollars are needed to speed Victory in what will probably be the costliest war in history, the conquest of Japan.

The picture above is rare. We don't take many Jap prisoners; they die first. Do you know why Japan fights on so fanatically, even though they know they can't win?

Japan thinks our home-front is too soft to "take it"—that we would rather quit than sacrifice our comfortable life. They are waiting for us to get tired, and give them an easy peace.

Let's give them the real answer, in the 6th War Loan, Now! Buy BIGGER War Bonds! You can afford them. In fact, you can't afford *not* to buy them. Your welfare is linked with the welfare of this country. Help yourself by helping the war effort.

THEY still die—will YOU buy?

BUY BIGGER BONDS NOW!

Feather Your Nest With War Bonds

U. S. War Bonds top all other as an investment and a saving! When the time comes to build your own home, a nice nest egg of War Bonds will come in mighty handy . . . at a time when you'll need it most. Lay aside an extra amount of Bonds during the Sixth War Loan.

Ernie Pyle's Slant on the War:

Wounded Fight to Return Early to Battle Fronts Exhausted and Wounded GIs Carry On Beyond All Human Endurance

By Ernie Pyle

SOMEWHERE IN SICILY.—It was flabbergasting to lie in a tentful of wounded soldiers recently and hear them and beg to be sent right back into the fight.

Not all of them do. Some depend on the severity of their wounds, and on their individual personalities, just as it is in peacetime. But I will say at least a third of the wounded men ask if they can't be returned to duty immediately.

When I took sick I was with the 45th division, made up largely of men from Oklahoma and West Texas. You don't realize how different certain parts of our country are from others. You see their men set off in some faraway place like this. The men of Oklahoma are drawn-out and worn. They are just skeletons. Something of the purplish soil seems to be in them. Their cursing is simpler and more profound than the torrential curses of Eastern city men. An American of the plains is an American of the plains. He is slow to criticize and hard to anger, but once he is angered by the wrong of someone else, he will fight.

Somehow this stark announcement hit me like a hammer. He didn't say, "I'm going to pray for you to get well," he just said he was going to say a prayer, and it was obvious he meant the final prayer. It was as though he had said, "Brother, you may not know it, but your goose is cooked."

He said a short prayer, and the weak, gasping man tried in vain to repeat the words after him. When he had finished the chaplain said, "John, you're doing fine, you're doing fine." Then he rose and dashed off on other business, and the ward boys went about their duties.

The dying man was left utterly alone, just lying there on his litter on the ground, lying in an aisle, because the tent was full. Of course it couldn't be otherwise, but the awful loneliness of that man as he went through the last few minutes of his life was what tormented me. I felt like going over and at least holding his hand while he died, but it would have been out of order and I didn't do it. I wish now I had.

Outside of the occasional peaks of bitter fighting and heavy casualties that highlight military operation, I believe the outstanding trait in any campaign is the terrible weariness that gradually comes over everybody. Soldiers become exhausted in mind and in soul as well as physically. They acquire a weariness that is mixed up with boredom and lack of all gaiety. To lump them all together, you just get damn sick of it all.

The infantry reaches a stage of exhaustion that is incomprehensible to you folks back home. The men in the First division, for instance, were in the lines 28 days—walking and fighting all that time, day and night.

After a few days of such activity, soldiers pass the point of known human weariness. From then on they go into a sort of second-wind daze. They keep going largely because the other fellow does and because you can't really do anything else.

Have you ever in your life worked so hard and so long that you don't remember how many days it was since you ate last or didn't recognize your friends when you saw them? I never have either, but in the First division, during that long, hard fight around Troina, a company runner came slogging up to a certain captain and said, excitedly, "I've got to find Captain Blank right away. Important message."

CLUBS PARTIES WEDDINGS PERSONAL MENTION DOROTHY CARADINE, Editor OFFICE PHONE 67—RESIDENCE PHONE 95

Dorcas Class Gives Party For Husbands

The Dorcas class of the Baptist Sunday School entertained for their husbands Thursday evening, November 16, for a pot-luck dinner and games of 42 Mrs. A. J. Kelly, Mrs. Robert Lawrence and Mrs. Ralph Adams were hostesses for the party, held in the Kelly home, 903 Southwest Second street.

After the delicious meal several games of 42 were played and then the group sang old time songs. Attending the party were Mr. and Mrs. C. I. Case, Mr. and Mrs. A. V. Goff, Mr. and Mrs. R. H. Holland, Mr. and Mrs. John Osterbuh, Mr. and Mrs. Chas. Selby, Mr. and Mrs. L. T. Tucker, Mr. and Mrs. T. O. Pugh, Mr. and Mrs. A. K. Wooten, Mr. and Mrs. J. S. Slaughter, Mr. and Mrs. J. R. Thomas, Mr. and Mrs. George M. Parker, Mr. and Mrs. H. R. Slaughter, Mrs. Pearl Wade, Mrs. Elmer Holt, Mrs. A. S. Brillhart, and Robert Lawrence.

Modern Matrons Meet Friday

The Modern Matrons club met with Mrs. D. K. Baumann Friday afternoon, November 16, to spend the afternoon quilting on the club quilt.

Refreshments were served to Mrs. F. W. Streun, Mrs. J. H. Key, Mrs. H. F. Hulsey, Mrs. C. I. Case, Mrs. M. L. Clark, Mrs. W. M. Clark, and the hostess, Mrs. Baumann.

The next meeting will be held Friday afternoon, November 24, in the home of Mrs. J. H. Key, 703 Southwest Second street.

'Overall Queen'

Folks at Consolidated-Vultee Aircraft picked Mert Callis, 22-year-old assembler, as their "Overall Queen." And quite an assembly she's got there, you might say.

Home Ec Dept. Wednesday Meet

The Home Economics department of the Sorosis club met Wednesday afternoon, November 15 in the home of Mrs. Sibley Jines, 1022 Southwest Fifth street, with Mrs. L. D. Stinson assisting as hostess.

Mrs. R. T. Correll led the program of Current International Topics from Time magazine of club programs and round table discussions were in order.

The hostesses served delicious refreshments to Mrs. Mark Boehning, Mrs. George W. Cutler, Mrs. W. E. Fodessong, Mrs. Ray Grabeel, Mrs. Ralph Headlee, Mrs. G. D. Holt, Mrs. Louis Jacquet and Mary Lou, Mrs. J. C. May, Mrs. O. C. Spearer, Mrs. E. W. Thomas, Mrs. Harriett P. Thornton, Mrs. J. H. Woodward and Mrs. Carl Blackmore.

Dinner Guests

Mrs. Robert Hamilton Jr. entertained guests in her home, 318 1/2 Southeast Second street, Wednesday evening for dinner and games of bridge.

Guests were Mrs. Gene Brillhart, Mrs. George Marxsen and Miss Alta Todd.

Methodist Society Hears Book Review

The Women's Missionary Society of the Methodist Church met in the home of Mrs. C. B. Rogers, 900 Southwest Second street, Thursday afternoon, with Mrs. C. F. Jones assisting Mrs. Rogers with the entertaining.

Mrs. Jack Allen, program leader, gave the devotional. Mrs. Clifford Beck reviewed the book, "Papa Was a Preacher." The hostesses served a delicious refreshment plate at the close of the meeting.

Those present were Mesdames C. E. Forbes, P. E. Gidley, Roy Davis, H. L. Thurston, R. B. Orrill, Jack Allen, Oris Bruner, W. C. Herndon, E. W. Thomas, Robert Barlow, J. W. Richardson, J. W. Chase, Fred Butler, Glen Shrader, H. W. Ragan, Belle Truax, James F. Bray, Clifford Beck and Miss Nellie Perry and Mrs. Rogers and Mrs. Jones.

Ralph Adams left Tuesday evening for a few days business trip to Alva, Okla.

Most successful men think they did it themselves. Their wives just smile and let it go at that.

Silver Tea at Christian Church November 30

Women of the Perryton churches are invited to attend a book review and silver tea to be held at the Christian church Thursday afternoon, Nov. 30, at 2:30 p.m.

Mrs. W. H. Pattison will review the book "The Emperor's Physician" by J. R. Perkins. This is a novel of faith, as it might have been told by Luke of the eventual year he first met Jesus of Nazareth. The book abounds in fresh characterization and in incident. It is a lesson in faith as inevitable as it is heart-warming.

The silver offering will go to the Mexican Christian Mission in Amarillo.

A cordial invitation is extended everyone to attend.

Vance Apples Hosts For Dinner Parties

Mr. and Mrs. Vance Apple were hosts for two dinner parties last week in their home, 1012 Southwest First street.

Guests Wednesday evening were Mr. and Mrs. W. L. McConnell and Mr. and Mrs. LaRue Norris.

Friday evening guests included Mr. and Mrs. Max Boyer, Mr. and Mrs. W. C. Herndon and Mrs. Ken Fuelscher.

Dress or Sports

A version of the coachman's silhouette, say in bright green wool. The buttons make a novel "Y" with the wide revers. It can be dressed up with a fur turban or worn with sports accessories.

Fidelity Class With Mrs. Norris

The Fidelity class of the Baptist Sunday School met in the home of Mrs. LaRue Norris, Friday afternoon for their regular social meeting.

Mrs. J. R. Gunter, president, presided for the meeting. Mrs. Virgil Castle and Mrs. R. L. Watson had charge of the program for the afternoon.

At the close of the program the hostess served refreshments to Mrs. Dan Manning, Mrs. Lillian McDonald, Mrs. Earl Miller, Mrs. Holly Palmer and Mrs. Castle, Mrs. Watson and Mrs. Gunter.

Entertain Guests At Dinner

Mr. and Mrs. LaRue Norris, Larry and Sandra, entertained with a duck dinner Thursday evening in

their home, 400 Southwest First street. Guests were Pfc. and Mrs. Seidon Caradine, Mrs. Henry Richardson and Marilyn, Mrs. Irvin Herget and Mrs. Ken Fuelscher.

LeMasters Hosts For Supper Club

Mr. and Mrs. Jake LeMaster entertained for their supper club last Friday evening in their home, 317 Southeast Second street.

The Thanksgiving theme was carried out in the table covers and the bridge appointments. In the bridge games Mrs. Clara North and Miles Edwards were winners of high score awards.

Attending the party were Mr. and Mrs. J. H. Brashers, Mr. and Mrs. J. M. Anderson, Mr. and Mrs. Miles Edwards, Mr. and Mrs. Bill Cayler, Mr. and Mrs. Jack Todd and Mrs. Clara North.

ELLIS THEATRE

"Land of Outlaws" Thrilling Western

A western film combining mystery with breath-takingly beautiful outdoor vistas is "Land of the Outlaws," the action comedy-drama playing next Saturday at the Ellis. It's baffling plot forms the frame for a portrayal of boamtown gambling operations, as well as an appealing romance.

Johnny Mack Brown, as nimble with his fingers as with his mind, plays the role of a U. S. marshal who goes undercover in the guise of a card sharpster. His secret associate is Raymond Hatton, whose easygoing comedy keeps the outlaws from suspecting his true identity.

QUOTES OF THE WEEK

"He used to be afraid of the dark!"—Mother of Pvt. James Mill, 21, Fort Meade, Fla., awarded Congressional Medal of Honor for heroism.

"They scared the daylight out of me!"—Ex-Capt. Clark Gable, escaping from 500 women admirers in Hollywood.

"I'll listen pretty much—and of course vote."—Congresswoman-elect Helen Gahagan Douglas, of California.

"American industry must speak up to convince the people who look to business for leadership that it has leadership."—Malcolm Muir, Newsweek publisher.

"No international trade is worth the name unless both the buyer and the seller profit."—Robert Gayford, pres., Nat'l Ass'n of Manufacturers.

"It took me eight years to influence a woman to marry me!"—Dale Carnegie, at his nuptials in Tulsa, Okla.

"I wanted to be the shortest man in the Army."—Pvt. Stanley Salenstien, 4 ft., 10 1/2 in. tall, of Peoria, Ill., who finally made it.

Rheumatic Heart is No. 1 Child Killer

AUSTIN—Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child and adult examined at least once a year by a physician, to have the right kinds of food for an adequate diet, and to have plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once.

Fred L. Packer—Bressler Editorial Cartoons, Inc.

Common Cold Cause Of Most Lost Hours

AUSTIN—"The common cold is responsible for more lost working hours, with resulting loss in income and production, than any other illness prevalent in the United States," asserts Dr. Geo. W. Cox, state health officer, in a statement just released. He stated that the number of victims remains, from year to year, practically the same, and expressed the opinion that the only way this situation can be remedied is by more universal care and thoughtfulness on the part of the general public.

"One of the more common predisposing causes of a cold is the overheated living room, or office, in which much time is spent, especially when insufficient outdoor exercise is taken and when insufficient ventilation is provided," Dr. Cox said. "Such a living environment, when coupled with careless eating habits and too late hours, tends to lower resistance and invites the appearance of debilitating colds."

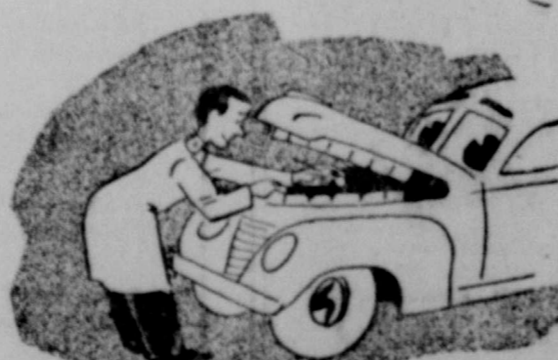

Dr. Cox stated that it is wise to avoid direct contact with infected persons; and said that the cold victim himself has a definite duty to perform in keeping away from gatherings and in the unfasting use of a handkerchief, or paper tissue, when coughing or sneezing.

"Colds themselves are troublesome enough, but frequently they lead to pneumonia, and even in these days of improved treatment, pneumonia still remains a devastating and dangerous disease," Dr. Cox warned. "If, in spite of precautions, a cold is contracted it is wise to see your physician at once. If fever is present, bed is the only safe place to be regardless of temporary inconvenience or loss of earning power."

Arthur Schroeder Wins Two Stripes

Army Service Forces Training Center, Camp Barkeley, Tex.—Headquarters of the Army Service Forces Training Center announced this week the promotion of Arthur M. Schroeder, 11th. Med. The Regt., to Technician Fifth Grade. He resides at 1065 Southwest 6th St., Perryton.

Farm Produce to Fill Red Cross Overseas Thanksgiving Tables

Farm products will contribute to the Thanksgiving celebration in American Red Cross clubs throughout the world, where our servicemen will be served the traditional turkey dinner with all the trimmings, including cranberry sauce, mashed potatoes, vegetables, salad, and, of course, pumpkin pie. Turkeys are expected to be plentiful overseas for the American boys who last year consumed 28 tons of turkey in one city alone.

Entertainment, though simple close to the front, will include in Red Cross leave area clubs back of

the lines large dinner parties preceded by games, movies and Thanksgiving programs.

For hospitalized servicemen and those unable to come to the clubs, the American Red Cross has made special provision. Clubmobiles will visit outposts and airfields. And in hospital wards brightened with decorations made in many instances by the patients themselves, Red Cross hospital workers will again provide entertainment, and a Thanksgiving dinner will be served. Red patients will have specially prepared holiday trays.

Mr. and Mrs. Ray Weir and twins, Neva Fay and Billy Ray left Tuesday for Garden City, Kans., where they will make their home.

Mr. and Mrs. Debs Riley of Canadian Monday evening Mrs. Edna Watson and Marion Riley, who will spend days in the home of Mr. Furman Williams and family.

the Booker community showed
when they backed their school
carnival with a gross take of
\$1,242.33.

Did you hear Bob Hope's defini-
tion of strategy? It's when the
High Command meets and decides
when to attack, where to attack
and how to attack... without
getting Eleanor caught in the
crossfire.

Don't worry when you stumble,"
says the Old Philosopher, "the
worm is the only thing that can't
fall down."

With all its ailing friends that
some one else will guarantee for
the rainy day, social security can
never replace the program that
man's future welfare is, after all,
a matter of individual responsibil-
ity.—Dr. Harold Stonier.

Worry is a thin stream of fear
trickling through the mind. If
encouraged, it cuts a channel into
which all other thoughts are
drained.—Arthur Somers Roche.

The following figures on the
national election have been re-
leased by Myron G. Black, na-
tional Democratic chairman for
Texas.

On the basis of the last figures
President Roosevelt had a popular
majority of 1,051,000 in the 26
states carried by him and from
which he received 532 electoral
votes. Of these, 1,099,000 were
from 11 southern states which gave
him 127 electoral votes. In other
words, 11 southern states supplied
more than 50 per cent of his
popular vote majority, but less
than 30 per cent of his electoral
vote.

Connecticut, Idaho, Illinois,
Kentucky, Maryland, Massachu-
setts, Michigan, Missouri, Nevada,
New Jersey, Oregon and Pennsil-
vania gave the President 169
electoral votes with only 532,728
votes majority. If 262,000 of those
votes, properly placed, had switch-
ed from the Democrats to the
Republicans, these 169 electoral
votes would have gone to Dewey,
and the President would have
been defeated.

Another illustration of how
close the election was: Connecticut,
Massachusetts, Michigan, Minne-
sota, Missouri, New Jersey, New
York and Pennsylvania gave the

President a majority of only 594,
764 votes and 167 electoral votes.
If 285,000 of these votes, properly
placed, had switched from the
Democrats to the Republicans,
the 167 electoral votes would have
gone to Dewey, and he would
have been elected president.

The Camp and Hospital Com-
mittee of the Ochiltree County
Chapter of the Red Cross is pre-
paring Christmas Gift packages
for servicemen who will spend
Christmas on the high seas. There
are two items that will go into
these packages that are not avail-
able for purchase in quantities.
They are the small twenty-five
cent paper back novels and minia-
ture games. Every home has a
few of these that can be donated.
Gather up your paper back novels
and miniature games today and
take them to County Judge
Shank's office in the courthouse
or leave them at the Herald office.
Do not delay! Our packages have
to be in San Francisco by Dec. 11.

Ochiltree county made a good
start Monday and Tuesday toward
the goal of \$299,000 War Bond
sales for the 6th War Loan. A
check Tuesday afternoon showed
sales of about \$20,000 in E Bonds.
The E bond quota of the overall
is \$200,000. If the county can
make the E bond quota, the \$199,-
000 in other types of War Bond
should be easy.

But to raise the E Bond quota,
every single person in the county
will have to do their share. Many
of the larger bond buyers have
already bought their limit for the
year on E bonds.

We believe that Ochiltree county
will make the quota. We have in-
finitely faith in the patriotism of
our folks to think that they are
going to back the fighting men
and women from this area with
their dollars.

And again we say we wish we
could be permitted to publish a
list of the bond buyers in Ochil-
tree county, not to give credit to
those who are doing their duty,
but to show up some people who
are able to buy but are not. We
would just like to let you who are
offering your lives for your coun-
try check on the selfish birds who
are seeking the blood soaked war
profit dollars with their money
instead of giving you the backing
you deserve.

leased.

Mrs. Verma E. Evans, the colonel's
wife, is living in Guyton, Okla.
He is a member of the 81st "Wild-
cat" Infantry Division. This division
recently invaded the Southern Is-
lands of the Japanese-held Palaus
group, 500 miles west of the Philip-
pines, thus establishing another link
in the chain of events leading to
victory in the Pacific Ocean Area.

No. 5 Continued from Front Page

The Rangers, Perryton high school
football team, won their last game
of the season Friday afternoon, Nov.
17, when they met the Goodwell,
Okla., high school team on the
Ranger field. The final score was
27 to 20.

The Rangers won four games and
lost five this season. They won over
Dumas, Goodwell and two games
from Guyton. They lost to Mein-
phis, Canadian, White Deer, Philip-
pines and Panhandle.

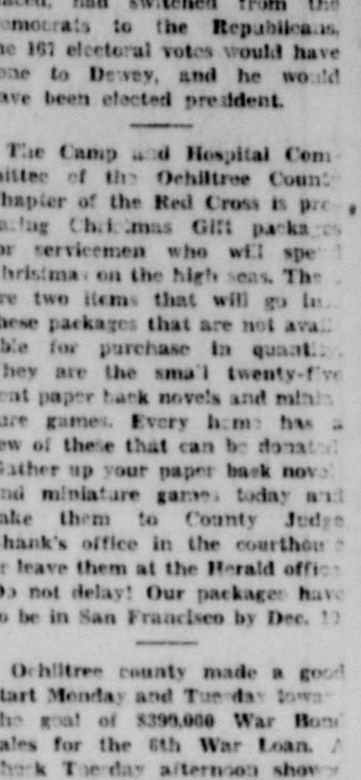

Lt. G. C. Claybrook Returns to States

Lt. G. C. Claybrook of Amarillo
is back in the states after 162 mis-
sions in a C-46 into China from
India. He is a son of J. P. Clay-
brook, pioneer Ochiltree county
man who has lived in Amarillo for
many years. He is a nephew of Mrs.
Clyde Cifer of Perryton. Lt. Clay-
brook is now in a rest center hos-
pital at Long Beach, Calif. He is
uninjured.

Among the decorations he wears
are the Distinguished Flying Cross,
Air Medal with one Oak Leaf Clus-
ter, Presidential Citation, Asiatic
Theatre of War Ribbon with a
Bronze Star. He is credited with
many hours of operational flight
over the "hump" into China from
India hauling military supplies to
the Allied forces in China.

Enjoying the evening in the home
of Mr. and Mrs. S. P. Whippo, Sun-
day, were Mr. and Mrs. R. T. Cor-
rell, Rev. and Mrs. Ward Gregg, E.
L. Whippo and Mrs. E. D. Kelley and
Camilla.

To Bed in a Barrel

Arthur Koenig of Chicago beat
the crib shortage with this: a
flower barrel and a bit of han-
dwork. That's Rosemarie Don-
ovan, his daughter, putting her
7-weeks-old Linda Lee to bed.

Strictly Fresh

A CREMATORIUM in Scot-
land got in trouble when it
was learned that coffin lids
taken from it were being made
into furniture. No body com-
plained, but nevertheless the
court took a grave view.

It is reported that beleaguered
Germany is fighting a tank in-
vasion. Well, as the saying goes,
a house divided against itself
cannot stand.

It will be interesting to learn
what sort of definition will be
used to determine the Dumbarton
Onks "peace-loving" nation.
For instance, Japan might qual-
ify: a piece of China here, a
piece of Burma there, etc.

British business men, in favor-
ing cancellation of lend-lease
balances, lend further credence
to the Englishman's reputation
for slowness in catching a joke.
The crack "Come over to my
house for a duck dinner—your
bring the ducks," has been old
for years.

The Japs claim they've discov-
ered how to make a wonderful
new food of wood. The potential
eaters are probably wondering
whether the lute will be worse
than its bark.

Expect No Miracles

from your present car if the tank were
filled with 100-octane gasoline.

Its motor was engineered spec-
ifically for the gasolines which
were available at the time you
bought your car. To secure the
benefits of very high octane fuels,
post-war motors will have much
higher compression ratios, will be
smaller and lighter, and will deliver
greatly increased power and extra-
ordinary mileage.

All this will be possible because
of the super gasolines to be made
available for motorists in the post-
war period. And you have every
reason to expect that Phillips will
be among the first to offer these
vastly improved motor fuels soon
after victory.

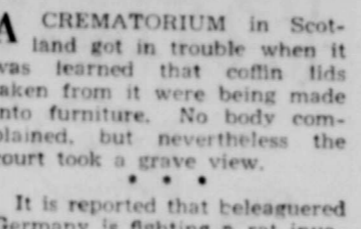

Why? Because Phillips is today
one of the nation's five largest

producers of 100-octane aviation
gasoline. Phillips is also one of the
leaders in the war production of
butadiene for synthetic rubber.

These achievements are a direct
result of Phillips long years of
persistence research to extend the
frontiers of knowledge concerning
hydrocarbon chemistry. Other ac-
complishments, which cannot now
be told for security reasons, flow
from Phillips wartime exploration
of the limitless possibilities of
chemical production of new and
better things from petroleum gas
as well as from petroleum.

This is why we say: Every time
you see the Phillips 66 Shield, let
it remind you that Phillips ref-
eries, in addition to producing
gasolines, lubricants, and fuel oils
... are also gigantic chemical plants
pouring out weapons for victory.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

PHILLIPS PETROLEUM CO.
Bartlesville, Okla.

FOR VICTORY... Buy U.S. War Bonds and Stamps

husbandman for the A. and M. Col-
lege Extension Service, the disease
is highly contagious and is trans-
mitted mainly by contact with in-
fected or recovered carrier birds. It
generally is seen after birds are over
six weeks of age.

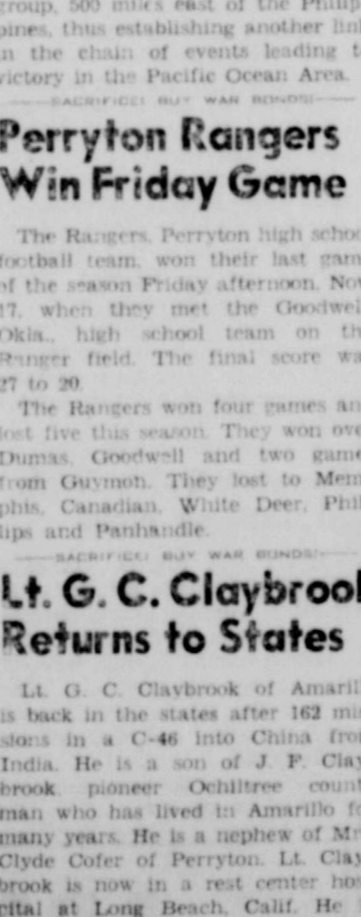

The condition usually is exhibited
by swelling or enlargement of the
sinus due to accumulation of a gelat-
inous-like fluid in the sinus. The
lung form often is present with or
without the swelling of the sinus
and sometimes produces more
deaths. Birds so affected usually
exhibit a rattling in the lungs and
go off feed.

Moore says that vaccines or bac-
terins do not provide any protection
or promote any curative effects on
sinusitis. But turkeys at all times
should be provided with sufficient
amounts of vitamin A either in the
feed, or as green feed or alfalfa hay.

In the swollen sinus type good
results often are obtained by re-
moving the fluid from the sinus
with a syringe and needle (16 or 18
gauge needle) and injecting 1-2 cc.
of four per cent silver nitrate into
each sinus and then massage light-
ly. If a syringe is not available, open
the sinus, drain, and wash with four
per cent silver nitrate. Make the in-
cision large enough so it will stay
open and drain. Cutting a circular

You wouldn't let a pal down...

WOULD YOU?

"Not now. Not while the going is toughest. Not while that
extra winning punch is needed most. Not on my life..."

The 6th War Loan is now on! Let's not let any of our fighting
pals down. The Japs are far from being pushovers—there are
73 million of them, stubborn, cruel, fanatically determined to
stop us. To save American lives, to save time, we must over-
whelm them with supremacy of materiel. Our fighting men will
need more and bigger planes, more ships, landing craft and
supplies, more of everything than in the invasion of Europe. So
let's buy that extra \$100 Bond right now to help shorten the
war. Let's save other lives by saving our money!

BUY AT LEAST AN EXTRA \$100 WAR BOND!

Service Kits Will be Shipped Next Week

Mrs. J. F. Cox, production man of the Ochiltree County Red Cross chapter announces that 40 service kits will be filled, packed and shipped to boys overseas.

Members of Beta Sigma Phi met at the Red Cross room last week to fill the kits. Those who have material out are asked to finish the kits and turn them in.

Material for hospital pajamas has arrived and work on these will begin at once.

Workers Tuesday, Nov. 14, were Mrs. R. T. Correll, Mrs. W. B. LaMaster, Mrs. Herb Graham, Mrs. Harriett Thornton, Mrs. H. L. Thurston, Mrs. W. C. Herndon, Mrs.

Jack Allen, Mrs. J. C. May, Mrs. Herman Ball, Mrs. C. B. Rogers, Mrs. George C. Cutler, Mrs. George Spriggs, Mrs. Paul Anderson, M. W. Graves, and Mrs. B. L. ...

Thursday workers included Mrs. Charlie Jackson, Mrs. E. M. ... and Mrs. Harriett Thornton, Mrs. Louis Lance, Mrs. C. E. W. ... Mrs. O. O. Cox and Mrs. C. A. Allen worked at the Red Cross room Friday, November 17.

Virginia Tucker, field representative for the American Red Cross in St. Louis, Mo., was in Perryton Friday.

Mr. and Mrs. Frank W. ... of ... N. M., came in Sunday for a two weeks' visit in the home of Mrs. Roberts' sisters, Mrs. C. Ellis and Mrs. G. W. Allen. The Roberts' son, Lt. Bill ... Wichita Falls, will arrive today and spend Thanksgiving here.

FOLKS in Uniform

"If your folks didn't know about it, then who rigged up all this—including the ladder!"

Cooley Beats Whiskey Sale Court Case

"Not guilty" was the verdict of the county court jury in the case of the State of Texas vs. Benny Cooley on a charge of sale of whiskey in a dry area. The case was heard before Judge Dave Shaaks and the verdict rendered last Tuesday afternoon.

Members of the jury were George Barnett, Harry Barlow, Wesley Bryan, Joe Buckhaulta, Claude Crough and O. R. Bruner.

Cooley was represented by Attorney Dan E. Archer, Perryton. E. J. Cussens and Ed Hoover of Canadian County Attorney Max W. Boyer prosecuted the case.

The defendant in this case also faces a county charge for possession of whiskey for sale. There are also two cases on the docket in which Mrs. Benny Cooley is charged with sale of whiskey in a dry area.

No date has been announced for the trial of more criminal cases at this term of the county court. A civil case is set for Friday, Nov. 24.

Mr. and Mrs. Don Yates had as their guest for dinner Sunday evening, Mrs. Bud Fuller.

GOOD BYE, TOP SERGEANTS!

I'll bet ten million American men in the armed services are going to be plenty sick of regimentation by the time this war is over.

They'll admit the need for it in war and they'll love their Uncle Sam. But, boy, will they be glad to be free from sunrise bugle calls and top sergeants and "squads right" and GI rations and a million regulations of life in the service!

In short, it's more fun to be free! It's more American to be more your own boss and to have at least 120 to 128 hours a week you can call your own!

That's why I want us to keep just as much of our system of freedom as we can in this country, and to get along with the least possible bureaucratic regulation.

Nazi Boys Learn a Soldier's Work

Completeness of Hitler's desperate utilization even of children for defense of the Reich is illustrated in these two pictures, radioed from neutral Stockholm, Sweden. Upper, a German officer is teaching one of a group of knee-panters how to operate a multiple rocket gun. Lower, teen-agers learn how to use military compass.

Waka P. T. A.

The Waka P. T. A. met Friday night, Nov. 17. During the business session it was decided to sponsor a Mexican supper Friday night, Dec. 1, in order to raise money for the school.

The program consisted of the following: A short talk on Thanksgiving by Rev. Rhine; a film, "The Story of the Flag"; a pageant, "The Cavalcade of Freedom."

The pageant gave colorful events in the history of our country which were dramatized by the children. The story between scenes was read by Mrs. Rhine. Songs suggestive of each event were sung by a chorus consisting of Mrs. H. N. Elledge, Bonnie Reeves, Mrs. R. G. Burger, Mrs. Roy Leitch, H. N. Elledge and Rev. Rhine, accompanied by Mrs. Allen Dennison.

In keeping with the theme of the evening, the children had an interesting exhibit of work done in their history classes.

Three words in the English language contain all the vowels in their proper order: Abstemiously, facetiously and arsenious.

Lt. J. E. Barbour Prisoner of War

Lt. James E. Barbour Jr., reported missing in action over Germany since Sept. 28, is a prisoner of war, according to information received here by his uncle and aunt, Mr. and Mrs. W. E. McMillen. He was a copilot on a B-24 liberator.

Lt. Barbour, son of Mr. and Mrs. J. E. Barbour, Albuquerque, N. M., was born in Ochiltree County and lived here until 1935. His wife and four-year-old daughter are living with his parents. Lt. Barbour left the States for overseas duty about the first of June.

New York's Broadway avenue is 15 1/2 miles in length.

"LIKE TO SWAP NIGHT CLUBS, PAL?"

"Sorry, chum—no ringside seats. You sit in the mud, see?"

"You got a floor show of lizards and mosquitoes crawling over your face."

"You got a nice little 4-piece orchestra of Jap mortars, Zeros, machine guns, and your best friend screaming in the next foxhole."

"Come any time, pal. The show goes on all night. For a long time. There's never a cover charge. Not even for the flag they put over you when they carry you out."

We're all human.

We all like to go dancing or see a show or buy an extra suit or dress occasionally. But this war still has a long way to go. There are still 75 million Japs who don't believe in surrendering.

So during this 6th War Loan, how about putting all that luxury money into something a little more permanent—an extra \$100 War Bond at least—to help get this thing really over and bring those boys of ours home?

It'll hurt. But not as much as the Jap bayonet in your neighbor's stomach. You get something back—in ten years—\$4 for every \$3 invested. He doesn't.

BUY AT LEAST ONE EXTRA \$100 WAR BOND TODAY!

Our Defenders Speak!

The Herald asks that men and women from this community serving in the armed forces write letters to this department for publication. Letters to relatives that would be of interest to the public will be published under this heading.

November 11, 1944

Dad, Mother and Sister: Being Saturday night and a great occasion—Armistice—just had to wash my scaly head and go to town. I and I mounted our trusty bicycles—and were off to the distance of about six or eight miles. The route was a lonely, typically narrow English lane, seasonal traffic on G. I. vehicle. Of course wouldn't have normal had it not been for constant drizzle, not actually raining and yet not exactly a mist. An enjoyable and leisurely view of all the grandeur of the known English country-side. Occasionally we passed a pub on the left and later on a pub on the right. This pub is a small meeting place where the townspeople congregate in the evenings to discuss the "local" happenings and news of the past afternoon. It has a large fireplace, a table here and there, in fact, the one small room is comparable to our own living room on miniature scale. And yet have I been in a pub that

is lacking a dart board—this is their game and traditional indoor sport. Each pub has its bar, behind which are one, two, or three large barrels of dark and light ale, mild and bitter. The bartender is a short, stocky, jolly Englishman boasting a pride in his unique and well trimmed and twisted mustache; this gentleman is also a good source of all the local news like that we get in our own barber shops. Here we leave the pub peddling along the narrow lane into the hamlet ahead.

With the rain in our eyes—it has begun to rain now—and is colder as the time rolls around to 7:00 p.m., an inviting sign reading "American Red Cross" leads us in for a good hot cup of coffee and not two doughnuts, but four. Over near the radio is a huddle of G.I.'s listening to the Army-Notre Dame football game. In nearly all the American Red Cross Service Clubs they have a register alphabetized according to the states. Visitors are invited to sign their name, APO, and home town. Glancing down the list of names and home towns—Dallas, Higgins, Canadian, Dumas, Amarillo, Austin, Perryton, Houston, Paducah and others—PERRYTON—who in the hell can that be? I checked the center map and the small flags marking the home towns and there it was pegged right in the center of Main street at the intersection, First National Bank and the Ideal Food Store, well not quite so distinguished. Sgt. Carroll McClung had been there only two days before on the 9th of November. I left a message and additional flag with the hope of seeing him before another week passes or sometime soon.

After leaving the Service Club we went to accomplish some shopping, such as it was, and then stopped in a cozy tea room for our "treat and cookies". Spent nearly an hour sipping our tea, unsweetened cakes. After enjoying that cordial atmosphere, so quiet and everyone talking in a tone that is near a whisper, we departed after answering the inquiry, "Did you enjoy your meal?" Meal, did she say, maybe I misunderstood. At any rate we truly had an enjoyable evening and all in all an evening ride of about twenty miles, round trip.

Dad, I can just imagine your joy and behavior this day twenty-six years ago, and have been thinking all day of home and of that day you were in France. Let me know

the occasion of that celebration or some of the particulars and I'll try to duplicate the same as nearly as possible. War news from here seems more encouraging but will take time. With Hudson and I over here maybe we can take care of the situation and make a quick trip home. So take care in the meantime; I'm doing fine and am all right.
Love,
Sidney
(Sgt. Sidney Jines)

Nov. 14, 1944

Dear Mother: We have not had any mail for quite a while until yesterday. I got my birthday card and it arrived just in time. I also got a paper and it said A. J. Eudy was home on leave. Have you heard anything about Lester since he went aboard ship? I have the watch soon so I must hurry and finish this letter. A fellow from New Jersey and I are standing on market today. I was pretty busy today trying to catch up on some corrections I have to make in some books. This leaves everything well and good so guess I'll sign off for now and go on watch. I'll try and write again tomorrow.

We were at the Philippines, the Japs saw that we didn't have a dull moment. We were there for the landings and it was a great show. Walter Taylor S 1/c
Belgium
Oct. 30, 1944

Mr. Stewart and all staff: I am thanking you very much for the trouble you have been taking in sending me your County's Herald. No matter what other people may say, I say that it is the best paper on market today. Especially because it concerns my home town. Weather here has been rather bad. Right now it is misting and if it were a little colder, I believe that it would be snowing. I do hope we have some nice weather, so our boys can do more flying. They really seem to be doing a wonderful job.

Van here are some clippings on the work of our fighter bombers. They are really wonderful planes. Also another article on the Germans and their underground which is very true and interesting. Our group seems to be taking an interest in sports which is very nice. I hope to make the volleyball team and also football. We will probably be able to play volleyball in gyms in the town nearby, which is very nice of the people here.

All is the best, and most close. Regards,
T/Sgt. Werner Lehman
Greenville, S. C.
Nov. 13, 1944

Dearest Folks: I will now try to give you a full report on the last two days' activities. We will begin with the most recent: today's events. We got up at 7 o'clock in order to reach Sqd. S. by 8 o'clock to begin the customary processing. Most of the class had already finished so we had until 4 o'clock to do what they had done in two days. However, since there were only 8 in our group we made the rounds real fast, so that we had finished by 2:30. At 4 o'clock we met down at an old mess hall. There we received several talks and lectures from various authorities on the field. Upon the termination of this orientation program the first pilots were segregated into one group and told to pick their crews. No one knew anyone else so you can imagine what an uproar it was. About all one could hear was such things as "any good pilots from N. Y.?" or "wanted a navigator from the mid-west". Eventually, however, crews were formed. I know very little about the other members in my crew, except where they are from. The pilot calls Oregon his home now, formerly he was from Colorado. The co-pilot and the radio operator are from Michigan and the engineer and armorer hail from Mass. So you see the various sections of the country are represented on this crew.

Now we will go back to yesterday. I went into town about 9 o'clock and began looking for a church. The church directory giving one of the hotels was not very exclusive so

finally I found a general city directory and there all the churches were classified according to denominations. I finally picked one called "Holmes Memorial." During 2 years in the army and 4 years at college I have been wondering if something like this didn't exist somewhere. I walked down the street not far from the heart of the city and here on the corner stood a large brick building with an illuminated marker in the front, "Holmes Memorial."

It was rather late and I just got in on the tail end of the Sunday School discussion. They had quite a lively discussion too. At close of Sunday School, folks began to file in from the basement and the building was soon full. There is also a Bible school connected with the church which of course provides considerable talent.

The regular pastor was absent so several of the young folks from the college gave talks and songs. Also a returned missionary from China was the principal speaker. The most impressive part was when the four students gave their testimonies of how God had called them to go into foreign missionary service, you could tell they were really sincere and felt their responsibility. Three of them were young ladies and the fourth a young man. The prayer service reminded me so much of the services at home just before we left for Shamrock. My first impression has been that it is a very spiritual church made up of higher classes of people.

An elderly gentleman invited me out to dinner. He seems to be a wonderful Christian character, he knows most of the prominent citizens of Greenville. Later in the afternoon he took me over to meet one of his friends, a prominent doctor here. The Dr. and his charming family got in their car and drove us all over the city and really treated me royally. I am really a believer in this southern hospitality.

Love,
Bus.
(Lt. Chas. B. Bowen)
Nov. 11, 1944

Dear Van: Thought I had better drop you a line to let you know that I am receiving the paper o. k., but a little slow due to my negligence in letting you know my change in address. The present address is, 2500 Broadway, Boise, Idaho. Van I sure thank you, I enjoy reading all the news from good old Texas and especially Ochil-tree County.

Van I am working as an airplane mechanic here at Cowen Field now. I like my job fine, of course I find it some job keeping these ships in flying shape, but due to a lot of hard work and a swell bunch of guys we have a good maintenance record. In fact we have one of the best records in the second air force, on hrs. flown per mo. with fewer accidents and of that I am very proud.

Van I am sending you a couple of copies of our field paper for your collection. Well guess I had better sign off for this time and thanks again for the paper.
Your friend,
Eld Schroeder
England 9-15 a. m.
Oct. 22, 1944

Dear Folks: Well, I guess you have been wondering what has happened that I haven't written but we have been pretty busy. Everything seems like a dream. It just doesn't seem possible that Albert has been killed. I sure hated to hear about it. I was in on the Holland invasion and it was pretty rough.

My first trip over, I was very lucky my ship wasn't hit a time, but the bullets were going all around us and the flak was bursting on both sides and in front, but I was lucky that time. The next day I took a glider over and we could hear the guns going off right underneath us and I was watching the plane on my left and saw a large shell go through his wing, but he made it o. k. and about that time my glider was hit, but nobody was hurt. We made it to the landing zone o. k. but there all hell broke loose. We were about 200 ft.

off the ground and going about 200 m. p. h. and the tracer bullets were flying thick and fast just in front of my plane so I slip my ship to the side and something hits it, so I have my co-pilot to check my gas, it is o. k. so we start climbing for altitude to get over a cloud for protection. While climbing I notice a drag on my left wing so I trim it up to fly o. k. and then I look at the left wing. I have two large holes in the wing, one close to the engine and one that cut the main spar into about ten feet from the wing tip. We rose now up to 4,000 ft. and headed for home, but there are a few flak barrages that we have to fly over, but their aim is bad and they miss by a few feet, which is considered a big miss, but we made it home o. k. with nobody in my ship even scratched. I still have one of the small bullets that came through the plane and landed in the floor. They put on a new wing that night. My next trip over was with another glider, and we didn't get much flak. A small amount came up, but none of us were hit bad.

The next trip I landed only 4 miles from the enemy line, and we didn't have a shot fired at us. It sure takes a lot of luck and the help of God to bring a guy through stuff like that and be able to tell about it.

When we invaded France, it was a lot easier than when we invaded Holland, because we went in at night and I only caught 2 small bullets in the plane that night, then the 2nd day, I didn't get hit a time. I have been very lucky, and I hope it stays that way. We haul supplies almost every day, if the weather permits and it sure keeps us busy. I had the pleasure to visit London for two days and that is sure some town. It is so old and large.

I have been to Ireland a few times and all over the southern and middle part of England, over most of France a lot of Belgium and some of Holland.

I was at Casablanca, North Africa for almost a month and I visited Oran and Algiers, and Tunis all in North Africa. I spent about 2 months in Sicily around Bo Rizzo, Trapani, Palermo, Catania, and while I was there I got to go to Naples one time. We are supposed to be flying today, but the weather is bad so I'll try to write a few letters. I think that we can take off around noon.

Well, I guess you are tired of reading all this stuff so guess I'll sign off for now and try to write to Dwight. I haven't heard from him in a long time. I'll try to write again soon.
As ever,
Lloyd (Lt. Lloyd Drake)

P. S. In case you see a news reel showing paratroops and glider missions to Holland and the planes have a W7 or 6E or T3 or 4C on the side, they are from our field. I saw the pictures a few days ago they are good.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Vacation Travel

Motorists who use gasoline illegally to travel to winter resorts face the loss of their mileage rations. The Office of Price Administration warns, Chester Bowles OPA Administrator said: "The millions of patriotic drivers throughout the country who are abiding by the mileage regulations and getting along on tight rations so that all may share fairly the scarce civilian supplies have a right to expect OPA to shut down hard on those who obtain gasoline unfairly for non-essential trips. We intend to do just that." The agency has ruled that persons who are planning a seasonal trip for a definite period of time are not making a bona fide change of residence and that special rations may not be granted for such trips.

Cigarettes Unrationed

The shortage of cigarettes experienced throughout the country reflects the bad distribution due to war time conditions and the fact that the armed forces are now smoking a fourth of the country's total production, but no rationing of them is contemplated. The Office of Price Administration states, The War Food Administration reports that the number of cigarettes being manufactured for civilian and soldier consumption is the greatest in the history of the tobacco industry. Only a negligible amount of tax-free cigarettes is sent abroad for consumption other than by our armed forces. Black market operations and hoarding are also believed to be the factors contributing to the very spotty distribution and civilian shortages.

Find Jobs for Veterans

Jobs were found for 40,064 veterans of this war and for 10,892 from the last war during the month of September by the United States Employment Service, the War Manpower Commission reports. Of the total of placements, 12,492 involved disabled veterans whose skills, aptitudes and experiences enabled them to perform many types of productive work.

Land Boom Peril

History is interesting to repeat itself in the farm land boom. Another farm land boom, closely paralleling the one that ended so disastrously after the last war, is building up in this country. Both the price of farm land and the number

of farm sales in many areas have been rising at about the same rate as in the last war. If this trend continues, rural America had better watch out.

One encouraging sign is that actual land prices haven't yet reached the high level of 1919-20. But still, we can't say now how much higher these prices are likely to go because, in the world war I period, the high point in the land market was not reached until more than a year after the fighting stopped.

It would be sad indeed if the farm land foreclosures, bankruptcies and forced sales such as hundreds of thousands of rural families experienced after the bottom fell out of the land boom that accompanied the World War I period. For 13 hard years after 1920, land prices were on the downhill trail. And that statistical fact doesn't begin to tell the full story of human tragedy and misery. Because when a wave of bankruptcies hits a community, everybody suffers—lender and borrower, business and professional people alike.

It will be particularly unfair for returning veterans, who want to buy land, if they have to compete in an inflated land market. For them, or farmers either for that matter, to go heavily in debt on land prices bid up far beyond longtime earning capacity is an invitation to disaster.

So my advice is—Don't buy land at inflated prices. Put your war-time income into sound investments, such as war bonds, so that you can benefit from that money in the years ahead.

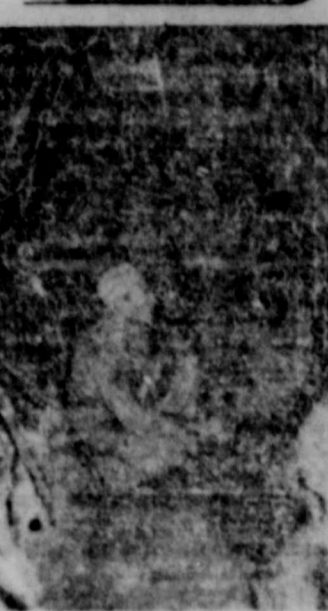

Public Asked to Help

The necessity of everyone of us to cooperate with the medical profession in order to keep to a minimum the demands on our physicians is urged by Paul V. McNutt, Chairman of the War Manpower Commission. Pointing out that about 1,500 physicians had died on the home front during the first six months of this year, Mr. McNutt said, "All over the nation our doctors are sacrificing themselves to help us do a magnificent job." He cited the day and night work, the extra travel and physical hardships facing doctors responding to the calls of increased numbers of people.

Mr. and Mrs. Jimmie Lee were in Amarillo from Thursday to Saturday of last week.

WAR BONDS

In Action

Signal Corps Photo

An indication of how difficult taking territory from the Japs in the jungle may be is this position, being examined by a United States Infantryman on Bougainville. It was a Jap shelter and tunnel. Americans use every conceivable type of fire—from artillery to flame throwers—in routing the enemy. The equipment paid for by your War Bond purchases made the difference between victory and defeat in positions such as this one. Keep up your War Bond buying.

Perryton Bombardier Wins High Citation

WITH A 12th AAF B-26 MARAUDER BOMBER GROUP—2nd Lt. Dwight N. Drake, son of Mr. and Mrs. J. F. Drake of Perryton, is entitled to wear the Distinguished Unit Badge, mark of the highest distinction that is awarded units of the American Armed Forces.

"His AAF B-26 Marauder Bomber group in the Mediterranean theater has been cited by the War Department for 'outstanding performance of duty in armed conflict with the enemy.' During aerial operations which preceded and supported the Allied break-through at Cassino, Marauders displayed extraordinary accuracy bombing numerous targets.

On May 12, in direct support of the Fifth Army drive toward Rome, the group achieved spectacular results in an aerial attack on heavily defended enemy troop concentrations including the famed 15th Panzer Grenadier Division. Despite numerous planes damaged and crew members wounded, the unescorted Marauders released almost 4,000 fragmentation bombs on the target. Irreplaceable casualties and destruction were piled on the already hard-pressed enemy, smashing key reserves and aiding the Allied drive northwards.

The group was cited for "results which set it above and apart from other units, typical of the continuously superior precision bombing

Champion Army Mole In Normandy

The champion Army mole in Normandy is Pvt. Robert A. Crockett of Neponsett, Ill., and he set his record with a trench knife.

While on patrol the doughboy was caught in machinegun fire and dived into a foxhole in an open field. The Nazi soldier could keep his gun trained on the position, so Crockett dug a trench in two hours to reach a place from which he was able to make a getaway.

Crockett hopes the enemy gunner is still there waiting for him to come

made possible through unstinted effort and superlative performance of duty by every member of the organization. Through their unsurpassed courage, skill in combat and steadfast devotion to duty, the personnel of the group have reflected great credit upon themselves and the Military Service of the United States."

Marauders from the group have flown more than 350 missions during the African, Sicilian, Italian and France campaigns. The group has also received the Croix de Guerre from General DeGaulle and the provisional French government.

Lt. Drake is a Marauder bombardier and has been overseas since April, 1944.

They stabbed us in the back

LET'S GIVE IT TO THEM FACE TO FACE!

Remember that bloody Sunday when the Japs stabbed us in the back? Remember those dark days when we had to give way on half a dozen fronts in the Pacific? Remember how you wished you, personally, could do something about it?

Well, now's your chance! The 6th War Loan Drive is under way—and your part is to buy at least one extra \$100 Bond, above your regular Bond buying. It's the one way you, here at home, can say "thumbs down" to the Japs and "thumbs up" to your boys

fighting their way to Tokyo. No one dares hesitate. Here's your opportunity to buy a share of the victory to come.

So buy that extra Bond. There's still a long way to go to victory—and that means we've all got to fight this war out together. It's going to take more of everything to defeat the Japs—planes, guns, tanks, supply ships, aircraft carriers, more gasoline and oil than are being used in the European invasion. Your men are doing the fighting—your job is to buy Bonds—and buy them today!

YOUR COUNTRY IS STILL AT WAR...ARE YOU?

Shop Now! Mail in November

Public response to the Post Office Department's "Shop Now! Mail in November" campaign is good but needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Mr. Walker said. "Unless more people buy and mail this month the Postal Service cannot do its job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans cooperate magnificently."

"Unprecedented shortages of manpower and transportation facilities, growing out of the war compel early mailing. The Postal Service has given 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence."

"In a great number of our 43,000 post offices the man power situation is critical. The 200,000 extra workers whom we normally recruited to handle the swollen Christmas volume of mail were able to work long hours of overtime and to do heavy work. This cannot be expected from the women and high school boys and girls to whom in large part we must look this year to meet the situation."

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic clubs and all Americans in making it possible for

Huntoon Club

"When joining materials to be used in a braided rug, join the pieces together on a trow bias. Mrs. Virgie Wheeler, home demonstration agent, told the Huntoon club that met in the home of Mrs. Roy Doerrie on Wednesday, Nov. 15.

Mrs. Wheeler also gave some Christmas suggestions and displayed several handmade articles that would be appropriate for Christmas gifts.

Roll call was answered by each member giving a living room improvement. Plans for the Christmas party to be held Dec. 20 at the home of Mrs. C. S. Nowlin were partially completed and Mrs. J. S. Thrasher, Mrs. M. S. Hummer and Mrs. Corwin Trospen were appointed to complete plans for the party. Mrs. Wheeler gave a very interesting demonstration on rug making. She had several braided rugs and some crocheted rugs on display.

Refreshments were served to Mrs. C. S. Nowlin, Mrs. Lola Doerrie and son, Mrs. Dave Hummer, Mrs. Clyde Devers, Mrs. Corwin Trospen, Mrs. J. S. Thrasher, Mrs. M. S. Hummer, Mrs. Rhodie Stollings, Mrs. Robert Burke, Mrs. Martin Duke and daughter, Mrs. Hugh Trospen, Mrs. Virgie Wheeler and the hostess, Mrs. Ray Doerrie.

CARD OF THANKS

We wish to express our sincere appreciation for the many acts of kindness shown us and words of consolation extended us in our sorrow by the tragic death of our mother and father. The beautiful flowers were deeply appreciated.

Mr. and Mrs. O. O. Cox and Joe.

Mr. and Mrs. E. R. Cox and Beatrice.

Mr. and Mrs. Chester C. Cox, Mr. and Mrs. Gene Brillhart.

Mr. and Mrs. Johnnie Luthi visited from Friday until Tuesday of this week with Lt. and Mrs. Robert Howard Holt, San Angelo, Mrs. Luthi and Mrs. Holt are sisters.

Test Your I. Q.

1. What was the origin of the name johnny cake?
2. What new resource is being developed by Chile?
3. What percentage of the armed forces are commissioned officers?
4. What commodities are obtainable in Jap-held Borneo?
5. What is the origin of the term 10 penny nail?

ANSWERS TO Test Your I. Q.

1. It was cornmeal and milk, baked hard so it could be carried on a "journey". Journey cake developed into johnny cake.
2. Guano, nitrogen-rich fertilizer obtained from rookeries of fish-eating birds in islands off Chile's coast.
3. About 10 per cent.
4. Camphor, sugar cane, pearls, rubber, resin, bamboo, tobacco, dried fish, timber, coal, gutta-percha, iron, oil, gold.
5. In the 17th century nails cost 10 pence a dozen in New England and were used as currency.

Waka School News

One Thursday afternoon Mrs. Davis surprised the eighth grade by taking them to Perryton to visit in Junior high school. They had a wonderful time. The eighth grade consists of Roberta Janzen, Max Dendy, Freddie Wiebe and Donald Ashley. Donald Ashley was absent that day, helping his father.

The following Wednesday the fifth grade was given a surprise—a treasure hunt—directed by Roberta Janzen. The fifth grade is made up of Rozella Gurley, Arthur Boese and Gail Janzen. The sixth grade is expecting a surprise the week after Thanksgiving.

Edwin Rhine spent Tuesday night with Waldo Bushman. The Community Sing at H. N. Elledge's recently was attended by the following school children: Curtis Leicht, Edwin Paul and Charles Rhine, Max and Fritz Dendy and Harold Groves.

Office Supplies at Herald office! If it's Co-Op it's OK.

Applications for Dairy Feed Payments

Applications for Dairy Feed payments for the months of September and October are being taken now at the AAA office and producers are urged to bring in their sales records immediately and receive this payment. Applications on this pay-period will be accepted through the remainder of November and the month of December, but you are urged to bring them in before they are lost or destroyed.

Daylight saving to some people simply means another hour they can waste.

CARD OF THANKS

I wish to take this means of expressing my most sincere thanks and appreciation for the many lovely flowers, gifts and cards I received during my recent illness.

Willie Rae McCarty. It requires great ability to conceal one's ability.

INCREASE INCOME and SAVE LABOR

On Your Farm WITH A WINCHARGER ELECTRIC SYSTEM

Electricity can give you three big advantages on your farm. It can increase your income! It can save you labor! It can give you city comfort and conveniences. Lights in the hen house can increase egg production 29%. Pig brooders can save 16% more young pigs. Electric milkers can save 30% to 50% of milking time. Electric lights alone can save 1 1/2 hours daily chore time. You can have all these advantages on your farm right now. Put Wincharger Electricity to work.

KEY & BURTON WINCHARGER RURAL ELECTRIC SYSTEMS

SUNDAY SCHOOL LESSON

Ideal of Service Must Dominate in Christian Society

The International Sunday School Lesson for Nov. 26.
Text: Luke 19:15-26; II Thessalonians 3:10-12

Times and conditions change, but basic facts and problems of human life remain much the same. Slackers and wasters, who refuse to bear their fair share of the world's work and responsibility, are as much a problem and a menace to society as they were in the days of Paul.

In a truly Christian society every capable person would be making his contribution to the common good. If he did not need to work for his own living, he ought to be engaged in some sort of work, not necessarily physical labor, for the welfare of others. True democracy demands this, quite as much as Christian idealism.

It is rather amazing to find that in the early Christian communities there were slackers so flagrant that Paul had to rebuke them, and to warn the church that if these poltroons would not work neither should they eat.

The principle that Paul lays down is a sound one, even for modern complex societies. Welfare depends upon work, and the full welfare of society depends upon the provision of useful work for all, and the willingness of all to do it. And this is true, despite the recurrence of periods of unemployment, and the failure thus far of every modern nation to find a solution for the problem of unemployment.

War is obviously no solution, though it keeps all who want to work employed while the war lasts. Relief, the "dole" system, as it was called in Britain, and similar provision in this country, necessary and humane as the measures of relief were, is no solution.

Two things, it seems to me, are needed: we must establish more useful work for the common good, so that if labor is not absorbed in free enterprise it can be turned to other socially organized and socially profitable enterprises; and free enterprise must become increasingly dominated by the ideal of service, rather than the motive of personal gain.

Mr. and Mrs. Tom Starkey and Mrs. W. M. Boston, of Wellington, visited with their daughter and sister and family, Mr. and Mrs. E. B. Morgan. They returned to Wellington Monday.

Christian Science

Thanksgiving Day services are held each year by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world. The Thanksgiving Day service in Perryton will be held in the Church of Christ, Scientist, 895 Southwest 3rd street, at 10 a. m. Thursday, November 23. The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving," and opportunity is afforded for testimonies of gratitude to be expressed appropriate to the occasion. The public is cordially invited to attend these services.

The Golden Text is: "Thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savour of his knowledge by us in every place" (II Corinthians 2:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known to God" (Philippians 4:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Are we really grateful for the good already received?" Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more" (page 3).

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 26.

The Golden Text is: "In the multitude of dreams and many words there are also divers vanities; but fear thou God" (Ecclesiastes 5:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "To him that overcometh will I grant to sit with me in my throne, even as I also overcame, and am set down with my Father in his throne" (Revelation 3:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is life eternal" (Preface vii).

We Give Thanks for the Way of Life We Love

The Axis cannot understand our way of life because to them living has been existence at best. The gracious dignity of the American home is utterly beyond their comprehension. Only the very rich in those countries can afford what every American family takes for granted. Today we, too, realize that our American way of life cannot be taken for granted, that we must fight and sacrifice for it. So on this Thanksgiving Day, 1944, resolve to do your share—and more—during the Sixth War Loan now under way. Put your saving into the War Bonds that will help bring early Victory. Remember that these War Bonds will some day be yours to buy an increasing share of the beautiful things that make our homes and our way of life what they are.

Farmer's Co-Op Society

"POSITION SECURE!"

That terse military message tells that our boys have achieved another objective. It does not tell the price they paid, in suffering and death.

BIGGER WAR BONDS will Secure the Position of Postwar Farming

This is a BIG farm year—Now Buy BIGGER Bonds!

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1000—in the big 6th War Loan. War Bonds give us:

1. The best and safest investment in the world.
2. At maturity, \$4.00 for every \$3.00 you loan.
3. The convenience of cash—plus increase in value!
4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

THE BOYS who win our beachheads on strange and foreign shores expect us to hold the home-front intact, for those who will come back. They have every right to expect this.

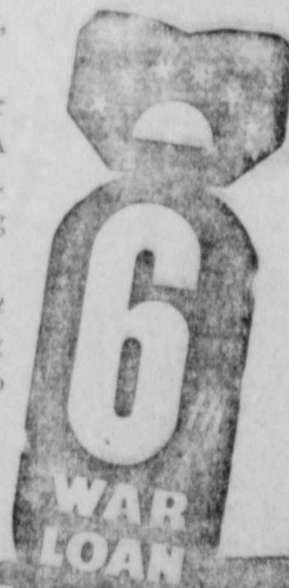

The War Bonds you buy now do just that—in two vitally important ways. First, they answer Japan's belief that our home-front is "too soft" to carry on the war against them. They firmly expect us to quit and give them an easy peace, because they think we are unwilling to sacrifice any of our comfortable living. Japan knows the B-29's that bomb Tokyo cost \$600,000 each and that even a torpedo to sink a Jap ship costs \$12,000. They think we'll stop paying before they stop fighting. Give them your answer, as

a patriotic American... Say it with bigger War Bonds!

It will probably be the costliest war in history—but you know it is worth the price! If we failed to whip Japan now, we could never count on Peace again.

A second way your War Bonds protect the home-front is by securing America's position in the postwar world. A sound national economy will mean prosperity for all of us. Such an economy can only be if each of us avoids spending now, and builds up a strong reserve for the future.

It's still a big job ahead. Lending money is the easiest part—but it will finish the war faster and go far in winning the Peace. Buy Bigger War Bonds Now! Let's show Tokyo we're in it to the finish!

BUY BIGGER BONDS NOW!

Texas fighting men of the 36th division grow furious when they hear predictions that "the war is just about over." They know better and tell an authentic story that graphically proves their point.

When the "Texas Division" went in at Salerno, the men were told that little opposition was expected and that they would conquer Italy in less than three months.

But at Salerno beach they were met by a withering fire of rifles, machine guns, mortars and artillery, and many Texas boys made the supreme sacrifice. The predictions of a quick victory just made the whole thing more pitiful.

Incidentally, that prediction that Italy could be conquered in three months was made exactly 14 months ago, and Americans still are dying there. So the men of the 36th are fighting mad when they hear predictions that "the war is just about over."

When Capt. Faron J. Moss, public relations officer of McCloskey General Hospital, spoke before the Austin Lions club recently as guest of State War Chest Manager Wayland D. Townner, he took with him two Texas heroes of the 36th. Corp. Richard Reno and M/Sgt. Bill Wasko.

Reno and Wasko were more than frank in letting the Lions know what wounded service men think of those who encourage "let down" rumors in the home front. They don't like civilians who sell their war bonds, either!

"Home was never like this!" That is probably what Willie Munry of Galveston is thinking these days, as he lives in a sandbagged foxhole in France. The army recently released a photograph showing Willie's battlefront home, with the Texas in the "doorway."

Kenneth Bennett of Pampa, Texas, who has seen much fighting in France, took time out to write a new military march, "Here Comes the

No Desert, That Leyte

Not only foot soldiers, but armor as well finds tough going on Leyte in the Philippines. These advancing troops go hip deep in places, and the amtrac is practically half submerged in the swampy terrain.

Nineteenth!" Wick Fowler, Dallas News war correspondent, liked it, sent it back, and soon it will be published and played on radio programs.

When Lt. Dan Gilmore's Flying Fortress exploded during a mission over Europe, the Luling bombardier experienced one of the war's most unusual escapes from death. He had just picked up his parachute when the blast came, and was hurled from the plane with the chute in his hands. He fell 10,000 feet, before he was able to slip into the harness and pull the rip-cord, but he finally landed safely only three miles from the German lines.

Another Texan who marked up a new sort of record was Pvt. Dan Castro of New Braunfels. Dan was advancing near Chateau Sahn, France, when his rifle jammed at a crucial moment, with Nazis dead ahead. He grabbed a grenade and hurled it. Just as the grenade left his hand, a German 88 shell exploded, the blast hurling Castro into the air and wounding three of his comrades.

When Castro came down, he landed on a German "S" mine, which bounced him up into the air again. Despite all this, and despite many

Notia News

Mr. and Mrs. W. C. Cotner were Perryton business callers, Monday.

Mrs. Hugh Parsell has been in Canadian for the past ten days taking care of her sister, Mrs. Claude Jones, who had pneumonia.

Otis Kizzlar and Kiff White are in Rosewell, N. M., this week, after cattle.

We are glad to welcome to our community our new neighbors, Mr. and Mrs. Savage and family on the W. B. Johnson place.

Sam Allison, Canadian, was in this community Sunday looking after business interests.

Mrs. Otis Kizzlar and Kay visited Sunday with her parents, Mr. and Mrs. W. F. Taylor, Perryton.

Caivert Morris, formerly of this community, who has been quite ill in the Baylor hospital at Dallas, will

wounds, he refused aid of litter-bearers and insisted upon helping other wounded men.

All of which proves that Texans really are tough.

History of MP Platoon of 36th Texas Division

WITH THE 36th "TEXAS" DIVISION OF THE SEVENTH ARMY IN FRANCE—The Military Police Platoon of the 36th "Texas" Division was activated at Camp Bowie, Texas, on February 10, 1942, with Major Armin F. Puck as Platoon Commander. The personnel for the M. P. Platoon were selected from units within the Division, each unit furnishing a certain number of men.

In March 1943, after an intensive period of training at Camp Blanding, Florida, followed by the Louisiana and Carolina maneuvers of other specialized training at Camp Edwards, Mass., the M. P. Platoon embarked for overseas duty. Landing in North Africa on April 13, 1943, the Platoon immediately went through another period of training and further prepared for combat service.

On September 9, 1943, members of the platoon landed at Paestum, Italy, with assault elements of the 36th Division in the early hours of "D" day, thus being among the first American troops to land and establish a beachhead on the shores of Europe.

From Salerno to Cassino, the M. P. Platoon supported the 36th by handling prisoners of war, stragglers

and controlling and regulating traffic. In spite of bad weather, mud, poor road nets, mountainous trails, heavy shell-fire at the Rapido River, on Mt. Cairo and Mt. Lungo, Cammino and Maggiore, the M. P.'s performed their duties cheerfully and efficiently.

In the latter part of February 1944, the Platoon together with the remainder of the Division went into a rest area. A few days later, training for the next operation began.

In May, the Division returned to the line. This time it was sent by water to the Anzio Beachhead. When the push for Rome and beyond began, the MP's fought 29 days and traveled 240 miles. For that monumental drive, the platoon was cited by the Division Commander, Major General John E. Dahlquist.

The citation marking the award stated: "As the troops massed around Velletri, Italy, in preparation for an attack against that stubbornly defended enemy stronghold, personnel of the military police platoon worked day and night, frequently under artillery and sniper fire, guiding units to their new areas and providing traffic control in the division sector. During the savage fighting which followed, the platoon established a prisoner of war collecting point and skillfully handled the large number of enemy soldiers captured in the attack. The swift advance toward Rome, through the Eternal City and to the north necessitated frequent displacements of the prisoners of war, stockades, but

Cars, Refrigerators To Cost Little More

WASHINGTON—The first new cars, refrigerators and washing machines will cost 20 to 35 per cent more than their pre-war counterparts, a survey of government and trade sources indicates.

Radio sets will not increase so sharply, but householders can expect a postwar trend to better quality receivers embodying wartime improvements, industry spokesmen reported.

Wage increases, higher material costs and taxes account for the bulk of the expected price rises.

The OPA, while inclined to doubt that prices must climb to the full extent claimed by industry, nevertheless indicated it would avoid any price clampdown so severe as to obstruct the rapid reconversion of industry when the time comes.

In spite of limited personnel the platoon processed over 5000 prisoners taken during the operation. Although the difficulty of traffic control over the long networks of roads forced members of the platoon to remain on duty for 24 hour periods without relief, they worked indefatigably posting and guarding the roads, and they prevented all traffic jams which would have tied up the forward movement of troops and supplies.

The division went into training near the scenes where the invasion

of Italy took place. It was this period of training that the review given in honor of General Fred L. Walker, then commanding officer of the 36th, was leaving for reassignment, Commandant of the Infantry at Ft. Benning, Ga.

Upon completion of training, the Division prepared for other amphibious operations. August 15, 1944, it landed on the shores of southern France, that day until the present the M. P. Platoon has handled 15,000 prisoners captured by divisional and non-divisional units provided traffic control for the division from the beachhead at the Riviera, up the Rhone during the fierce fighting at limar, up to and across the River.

The M. P. Platoon has now more than 77 men. Yet, 25 are set to OCS and to AG Training centers. It has 52 men for new units to be assigned many of which are serving distinction overseas. The best decorations awarded to the organization has been commendations from various officers for exceptionally good work formed by its personnel.

The Military Police Platoon of the 36th Infantry Division completed 32 months of service activation, thirteen months of which have been in combat.

They can't come back till it's over, over there!

FOR THESE American fighting men, the war is far from ended.

For, although the Germans are on the run, these Jap-fighters must go on... sweating, fighting, bleeding... till the last Jap has had his belly full of war—and says so.

No... they can't come home till it's over Over There.

The one sure way of getting these American boys home sooner is to give them the same overwhelming amount of equipment which is crushing the Germans. The tanks... the planes...

the shells... the ships... the stuff with which a war is won.

That's where you come in. The Sixth War Loan Drive is on in this very moment. The War Bonds you buy during this Drive help pay for the equipment our men need—help get it to them.

Make sure you buy at least one extra \$100 War Bond.

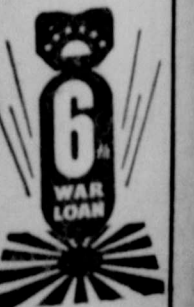

Don't say you can't afford it.

For one thing is as certain as that day will follow night. These men won't ease up till it is all over.

Will you?

6 more reasons for buying at least an extra \$100 War Bond in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you, a nest egg to fall back on, come what may.
5. War Bonds help keep down the cost of living.
6. War Bonds will help win the Peace by increasing purchasing power after the war.

Your Country is still at war—ARE YOU?
