THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

10c PER COPY

Vol. No. 95

ROCKPORT, ARANSAS COUNTY, TEXAS, 78382, THURSDAY, AUG. 13, 1964

Eight Pages In One Section

No. 20

Along The Waterfront

Mr. and Mrs. James Stech, of 4300 Rosslyn, Houston, and Mr. and Mrs. William Hoegemeyer, 309 Redwood, Killen, fished with Fred Christilles and caught 86 trout;

Mr. and Mrs. Carl E. Orr, of Bryan, fished with Christilles and caught 87 trout; John O'Quinn, Jr., Gratia O'Quinn, Mike O'Quinn, and Kathy O'Quinn fished in the bay and gulf, caught 82 trout.

Junior High Registration Schedule Set

All new students who are planning on attending Aransas County Junior High School, grades seven and eight, should register in the principal's office of the Junior High School either Aug. 17, 18, 24, 25 or 26. The office will be open from 8:00 to 12:00 and from 1:00 to 4:30 p.m. on these days. New students are those students who did not attend any of the Aransas County Public Schools, such as Fulton Elementary, Rockport Elementary, or Aransas County Junior High School, during the last school year.

Those students who satisfied requirements for promotion by completing work in summer school should register at the time specified for new students if they have not already done so.

Students who attended Aransas County Junior High School last year and did not receive their report cards because of non-payment of fees should pay these fees on the dates listed above in order to be properly registered.

New students should bring their report cards, book card, health record showing proof of having immunization for smallpox, whooping cough, and diphtheria.

All new pupils should be enrolled before Sept. 1, as school will begin on this date and pupils should be prepared to meet all their classes the first day of school.

FULTON SCHOOL READY FOR CLASSES

Fulton School is ready for classes after the summer refurbishing, although there have been some changes in class assignments.

Mrs. Griffith will teach Grade 6A and all sixth grade reading and science. Mr. Richards will teach Grade 6B and all sixth grade social studies and mathematics.

Mrs. Hunsinger will teach the first grade; Mrs. Charles Roe is second grade teacher; Mrs. Richards has Grade three and Miss Gilley is teacher for Grade four. Mrs. Houton is fifth grade teacher; Mrs. DeAngelis will teach public school music; Robinson is band director; Mrs. Lucile Schultz is librarian.

ROTARIANS HEAR OF SEA'S MUSEUMS

Rotarians heard Jack Baughman talk on the great museums of the sea at their regular luncheon. He was introduced by R. R. Rice, program chairman for the day.

Visitors to the luncheon included G. W. Dentler and J. R. Reed, Houston; Lloyd S. Irwin, Tulsa, Okla.; Dr. J. W. Crutchfield, Mineral Wells, Texas; H. E. Menger, San Antonio;

Russell Itchner, R. D. Hatch and John Loftin, Aransas Pass; Ed Frazer and Byrd Harris, Corpus Christi; Dr. Robert C. Burns, Brownfield; L. L. Huff, Jr., Kingsville; John Luker, Houston; and Miss Sallie McCord, Rockport.

Pay Phones To Be Changed To Common Type

Starting next Monday, Aug. 17, Rockport and the surrounding area will have the same kind of pay phones they have in the big city. In other words, you put your money in the slot, dial your number and, if your party doesn't answer, the money is returned.

After years of the other sort, this will probably come as a relief to many of the people who have been frustrated by the present type in which you pick up the receiver, dial and when your party answers, then, and only then, you insert the cash.

In theory, this should have worked fine, except for the fact that it didn't. People in these days don't read, not even the captions under most of the pictures they see in the news magazines, and the result was that hundreds and hundreds of people, used to pay phones in larger cities, picked up the receiver, put their money in the telephone and lost it irrevocably when they couldn't get their party.

If they didn't do that, they dialed, heard the person they wanted to reach, but were thrown by the directions which they hadn't read, failed to put their money in the telephone, and as a result never did get to talk to the person they had on the other end of the line.

After having received calls from friends and others from out of town for a number of years, this reporter believes it cost the average stranger at least two calls, 20 cents, and lost temper to talk to anyone in the area where these phones operated.

All this, says telephone company spokesmen, will be changed next Monday. However, they emphasize that people should pay particular attention to the directions.

The changeover from the present system to the one used in most of the rest of the United States will take about a week, telephone company executives say.

Rockport Elementary School Starts Sept. 1

The Rockport Elementary School will begin at 8:15, Sept. 1, 1964. All students who were in school and received report cards, and the new pupils who have completed registration, will already be assigned rooms. The room assignments will be posted in the main building and on the doors of all rooms the first day of school.

Those pupils not assigned rooms must come to the office to complete registration and be assigned a room.

A number of report cards were not issued at the end of school because the pupils did not complete all of the school requirements. These pupils should check with the principal before school starts and correct the situation.

Pupils may register at the Rockport Elementary Principal's office on Aug. 17-18 and the 24th through the 28th.

All pupils entering the Aransas County Schools for the first time must have proof of immunization against whooping cough, diphtheria, and smallpox. In addition to this pupils entering the first grade must show proof of birth on or before Sept. 1, 1958.

THIRD ROCKPORT SCHOOL OF FINE ARTS SESSION UNDERWAY

The third session of the Rockport School of Fine Arts is underway. Attending are Douglas Renuan, Houston; Mrs. Ella Mielsch, Bay City; Mrs. Nancy Hines, Houston; Mrs. Grace Lentz, Rockport; Thomas Ray Walker, Three Rivers; Miss Polly Madsen, Danavang; Miss Pennie Gaschke, Victoria; Miss Kay Franke, El Campo; and Miss Anna E. Cebrat, Oak Ridge, Tenn.

Water Situation Interest Continues To Climb In Area

Interest continues to mount in the questionnaire recently mailed by the Aransas County Conservation and Reclamation District, and commissioners say that people from all over the northern part of Live Oak Peninsula are inquiring about it, whether they received one of the letters or not.

Jack Baughman, secretary for the district, explained today that letters were mailed only to those people shown as voters in the area, because that was the most complete list available.

However, he said, extra cards had been left at the Weber Grocery and the Big-Low Grocery, and he urged anyone interested in the matter to obtain one of these cards and fill it out. It would be helpful, he said, if the person filling out the card would indicate the location of property he might own on Live Oak Peninsula, north of the city limits of Rockport.

The survey now under way by the District's engineers, Lockwood, Andrews and Newnam, shows that the present water supply for this region is obtained from shallow wells, ranging from 60 to 220 feet in depth. These wells are commonly six to eight inches in diameter, and most are equipped with a gravel wall surrounding a slotted steel casing. Yields range from 25 to 100 gallons per minute, but this can be raised slightly by heavy pumping.

The total use reported by the City of Rockport in 1958 was 260,000 gallons daily. Based on an estimated city limit population of 2800 at that time, this was about 95 gallons per capita a day.

The present estimated permanent population of the Rockport region, according to the survey, as about 6200 people, and the daily per capita use is about 125 gallons per day, including requirements for the heavy seasonal population during the summer. On this basis, the survey says, an average of about 800,000 gallons per day is now being used in Rockport and surrounding Live Oak Peninsula.

This withdrawal of water is greater than was being pumped some ten years ago by the City of Aransas Pass, which was then using wells similar to those by the Rockport region, and taking water from the same formation. Aransas Pass has since started using water from the San Patricia Municipal Water District. This comes from the Wesley Seale Reservoir at Mathis.

The Aransas well field was studied extensively in 1953, the report says, and it was found then that as much as

Library Receives Giant Globe Through Generosity of Patrons

Through the generosity of ten local firms and individuals, a world globe has been presented to the Aransas County Public Library.

Emory M. Spencer, local real estate owner and oil man headed the subscription list, and contacted the others who made donations to the fund for the purchase of the globe, which is 24 inches in diameter and mounted on a stand that makes it easy to use.

Others who donated to the purchase were the United Savings Association, which operates a branch office here; Sea Gun Sports Inn at Lamar; James H. Sorenson, Jr., as an individual; Glass, Sorenson and McDavid, local insurance firm;

The Aransas Natural Gas Co., The Sandollar Motel, Central Power and Light Co.; Modern Abstract and Title Co.; and Carl Krueger, Jr., of Key Allegro Island Estates.

J. L. Baughman, chairman of the Library Board, expressed his appreciation of the gift. A globe of this sort, he said, was an essential research tool for those who used the library, giving, as nothing else could, the relationships of the various countries from the standpoint of their age.

Football Begins Monday Morning

The ACHS Pirates of Rockport will commence practice next Monday, Aug. 17, at 9 a.m., when the linemen will take the field. Backs and ends will practice at 11 a.m. with the whole squad getting together at 6 p.m. for a two hour workout.

Practice will be held twice a day until Aug. 28, when the squad will scrimmage with Odem at 7:30 p.m. in Pirate Stadium.

Coach Baker and his staff expect a large turnout, led by five regulars from last season, with 14 lettermen. Among these are last year's all district quarterback, Charles Picton and seasoned ends Gary Stryker and Ray Brown, and Hugh Morrison and Martin Garcia in the backfield. Other ends that lettered last year and will be back are Tom Barkley, Larry Iles, David Picton, Thomas Lewis and Jimmy Anders. Lettermen guards are Tim Sanchez, Rocky Sanders. Letterman back returning is Rudy Nava.

Newcomers to the squad are Eric Hazelman, tackle; Billy Ormand, guard; and

Tentative Figures Given For City's General Fund Budget

The City Council has set Monday, Aug. 24, as the date on which it will present the budget for the coming year at a public hearing.

The water and sewer budgetary figures are unavailable at this time, but the tentative expenditures from the city's general fund total \$58,000.

Of this, the tax assessor-collector's salary will take \$6,000, while that of the city secretary will consume another \$4,500. Salaries of the four councilmen at \$50 a month each will need \$2,400, and the mayor's salary of \$1,200 brings council expenditures to \$3,600 a year. Janitor and extra clerical help are budgeted at \$2,700. Utilities for the office will cost \$1,200; supplies and printing are estimated at \$940; \$1,000 is budgeted for new equipment; \$360 for property transfer.

Street lights are the largest single item on the budget, and the city pays \$5500 a year for those we have. Insurance costs \$1,900 annually; social security for employees on the city payroll consumes another \$1,800; building maintenance will require \$500. The park fund is slated for \$1500 and \$250 is allocated to the local Cemetery Association.

Councilmen, considering hiring an extra patrol man and buying a new police car, have tentatively set up a budget of \$15,550 for the police department. Of this, \$5,100 would be used for the salary of the chief of police; \$480 is the city's share of the night watchman's income; the new patrolman would cost \$4200.

Other police department expense will include a salary of \$600 per year for the judge of the corporation court, \$1,000 for car expense, \$3,000 for a new police car, and miscellaneous expense, \$1,270.

An annual payment of \$2,000 is budgeted for the fire department, along with \$625 to pay utilities at the fire station, \$450 to send city firemen to school at Texas A&M for a week, \$550 for building maintenance, and \$175 for all fire department expenditures, \$3800.

Legal fees for the coming year are estimated at \$1880; dues to the Texas Municipal League, \$150; cost of the yearly audit, \$450; cost of the Board of Equalization, \$300; cost of elections, \$150; conventions and expenses to conventions, \$315; miscellaneous, \$355; and city health officer, \$300.

These figures are subject to review at the public hearing, and may be changed at that time. A delayed list of water and sewer expenditures will be available at that hearing.

Water Superintendent Tom Shults Presented With a Gold Watch

At the regular meeting of the City Council, Water Supt. Tom Shults was presented with a gold watch in appreciation of his twenty years of uninterrupted service to the city—from 1944 until 1964.

In other action, the members of the council heard M. W. Cochran present a plea for sewage connections at the McLeester Building, set the date for the public hearing on the budget for Aug. 24, and considered a request from Carl Krueger to be allowed to tie on to the city water lines at Surfside for water for Key Allegro.

Cochran told the council that if sewage could be obtained to replace the present septic tank serving the building, McLeester's intent to cut up a portion of the building into offices, in order to increase the return that could be expected. This, he said, would increase valuation with a higher tax return to the city.

Superintendent Shults said that it would cost at least \$750 to do the work, and the councilmen turned the request down.

Carl Krueger then discussed the possibility of tying the Key Allegro water system in with that of the city, at least for the next nine months, while the city and Key Allegro study long range needs. The Council instructed City Attorney Dick Hatch to draw up the necessary agreement.

Krueger said that at present, Key Allegro was using about 8,000 gallons of water a day.

SCOT President To Speak To Local Sportsmen

The monthly meeting of the Rockport Sportsmen's Conservation Association will be held Tuesday, Aug. 18, with Henry LeBlanc, president of SCOT, as the speaker for the evening.

LeBlanc will discuss statewide progress in conservation, as well as what he terms the need for additional legislation to implement efforts of those concerned with better fishing for sportsmen and commercial fishermen.

Tourists, commercial fishermen and other interested citizens are invited to take part in the question and answer session that will follow LeBlanc's talk.

Hi School Registration Aug. 17, 18, 24, 25, 26

All new students who are planning on attending Aransas County High School, grades nine through 12, should register in the principal's office of the High School either Aug. 17, 18, 24, 25, or 26. The office will be open from 8 to 12 and from 1 to 4:30 on these days. New students are those students who did not attend any of the Aransas County Public Schools, such as Aransas County Junior High School, or Aransas County High School.

Those students who satisfied requirements for promotion by completing work in summer school should register at the time specified for new students if they have not already done so. Also, those students who did not return pre-registration forms should complete these forms and return them to the principal's office.

Students who attended Aransas County High School last year and did not receive their report cards because of non-payment of fees should pay these fees on the dates listed above in order to be properly registered.

New students should bring their report cards, book card, health record showing proof of having immunization for smallpox, whooping cough, and diphtheria.

All new pupils should be enrolled before Sept. 1, as school will begin on this date at 8:15 and pupils should be prepared to meet all their classes the first day of school.

IT'S FOR THE BIRDS

County and School Dist. Register Another Protest

Rockport Should Have Close To 19,000 By 1985

Engineering studies covering 15 South Texas counties point to Rockport as the city where the greatest growth may be expected now and 1985.

The figures were compiled by Lockwood, Andrews and Newnam, consulting engineers during a survey of the possible sources for a permanent water supply for Aransas County Conservation and Reclamation District. Compared with similar surveys made for other cities and water districts in the area they tell a most interesting story.

For instance, Edinburg attained a population of 6,000 in 1933; by 1985 its residents will number around 18,500, Chamber of Commerce claims to the contrary. Beeville reached 6,000 in 1936; in 21 years its population will be about 15,000; Robstown had 6,000 people in 1937; by 1985 it will have only about 10,500; Sinton, which reached 6,000 in 1960 will double its number by 1985.

Rockport and its environs only reached the magic figure in 1963; by 1985 it will be even with Edinburg and have a population crowding the 19,000 mark.

Homer C. Innis, vice president of the engineering firm which has been engaged in water projects all over South Texas, emphasized that these figures were conservative, and had been compiled, in connection with the various projects, to form a solid basis for planning.

Rate of growth data for other cities in the area begin with the year their populations reached 3700 people and continue until the present. Earliest of those to reach this figure was Bay City, which reached 3700 in 1924; by 1995 its population is expected to be 11,900 people.

Alice was next, in 1928, and that city and Rockport will be approximately the same size in 1985, with close to 19,000 people in each. In 1937, Refugio had 3700 people; by 1982 it is expected to have 5,000. Raymondville and El Campo reached the magic number in 1939; the first will have 9400 residents in 1982; the second will reach 7900 in 1981.

Bishop can count on 8200 people by 1986.

LIBRARY CONTINUES TO RECEIVE GIFTS

The Aransas County Public Library has been the recipient of a number of gifts this past week.

Mr. and Mrs. James Phillips of Copano Ridge made a new and extensive rack for the paperbacked volumes that the library has on a bring-one, take-one basis.

In addition to this and a number of smaller gifts, I. L. Sorenson donated a number of fiction and non-fiction volumes, as well as back numbers of the National Geographic Magazine.

Librarian Mrs. Val Jean Eaton said the gifts were most welcome, and that the library was always glad to get books or magazines.

"If we have duplicates," Mrs. Eaton said, "we always pass the extra volumes along to some other library in the area that can use them."

TEENAGE DANCE TO BE SATURDAY

There will be a teenage dance Saturday night at the Rockport Youth Center. "Terry and the Venturas" will provide the music.

Admission is \$1.00 per person. Time, 8 until 12 p.m.

County Judge John D. Wendell, representing the Commissioners' Court, and Dr. H. F. Elliot, on behalf of the Aransas County Independent School District, have joined in registering another protest against acquisition of further land by the government for additions to Aransas Wildlife Refuge.

Letters of protest have been written to Lansing

School Board Sets Tax Rate At \$1.76 a \$100

Despite the absence of School Supt. J. D. Gray, who is in a Houston hospital recuperating from an attack of stomach trouble, the regular meeting of the Aransas County County Independent School was held, and a budget approved calling for \$717,005.63 for the 1964-65 school year.

Oil company representatives present at the hearing expressed themselves as satisfied that the School Board had done everything possible to make this budget an exemplary one.

Following the budget hearing, the members of the Board set the tax rate for the coming year at \$1.76 per \$100 assessed valuation. Of this, \$1.43 cents per \$100 will go to maintenance and operation of the school system; 24 cents per \$100 will be used to meet the district's obligations on its bond issue No. 5, and the remaining .09 cents per \$100 will be applied against bond issue No. 6.

Administrative expenditures for the coming year were estimated at \$26,831; expenses of the tax office will total \$20,380; instruction expense will be \$435,350; transportation, \$19,240; plant operation, \$49,380; maintenance of plant, \$24,660;

Fixed charges will require \$3170; food services, \$24,082; student activities, \$10,664; capital outlay, \$1,184.62; debt service, \$69,025; and retirement of principal and interest, \$92,150.

Estimated receipts include \$454,800 in current taxes, \$6,000 from collection of delinquent taxes, and \$17,562, transfer from the cafeteria.

Other money will be received from the state, \$216,381; county available fund, \$265; and from the Aransas Wildlife Refuge, \$3,000. There will be an estimated maintenance and operation balance of \$20,000 from 1963-64, and a balance from the building fund of \$1,184. Balance in the bond accounts amount to \$29,321.

In other business, the trustees discussed and accepted the resignation of Mrs. Edna Snyder, approved payment of current bills, and discussed briefly the projected sale of the Tattat Ranch to the government, which is seeking additional land for Aransas Wildlife Refuge.

ROCKPORT MERCHANTS BEAT SINTON TIGERS PLAN BARBECUE

The Rockport Merchants baseball team beat the Sinton Tigers Sunday, at Merchants' Field, 7-3. Bobby Edwards picked up his second pitching win in two games, as he allowed only five hits. John Chupe was leading hitter as he got a single, a triple, and a home run.

This Sunday, Aug. 16, the Merchants will not play. Instead, they have planned a barbecue at the Lions' Pit. Profits will be used to buy equipment and to help obtain a water supply at the field.

Jupiter is the largest of the planets.

A. Parker, Associate Director of the Bureau of Sports Fisheries and Wildlife; to Congressman John Young; and to Senators Ralph Yarborough and John Tower, all of whom were contacted a couple of weeks ago, when announcement was first made that such a move was contemplated.

Occasion for the latest protest was a letter from Parker to School Superintendent J. D. Gray, in which there is no assurance whatever that either county or school district will receive sufficient federal funds to make up taxes lost when the Federal government takes over.

In a letter to Parker, copies of which were sent to the other three, local officials said:

"After careful consideration of your letter of August 4 to Mr. Gray, we wish once more to register a strong protest against government acquisition of the 32,500 acres of Tattat Ranch land in this county for addition to the Aransas Wildlife Refuge.

"This would be an almost insurmountable financial blow to both county and school district, both of which have bonds outstanding, predicated on income from the Tattat lands.

"As was pointed out in Judge Wendell's letter to Congressman Young, a copy of which was enclosed in J. D. Gray's letter of July 29 to Mr. Perry, if this land is acquired by the Federal government, it will mean that 43 per cent of the county's acreage will be in the Refuge, and that the school would lose tax income amounting to \$14,140 a year, while the county would be short \$12,340 annually, at present valuations.

"In your letter, you say that if Senate Bill 1363 had been in effect at that time, the county would have received \$13,158, and you go on further to say you believe that if such a bill is passed and the Tattat property purchased, the county would receive additional payments that would at least be equal to the taxes from the Tattat property.

"There is some doubt in our minds as to whether the \$13,158 you mention referred to possible income from the acreage already in the Refuge, on which we receive little or nothing, or whether it refers to possible income, if and when the Metcalf bill is passed. Moreover, we are at a loss to understand whether this will be the payment to the county, and the school will get additional payments, or whether this \$13,158 represents the possible total payment.

"If it represents the total payment, this is less than half the amount of taxes that would be lost in a single year at the present valuations.

However, we would like to point out once more that Aransas County development is to the north, towards the Tattat property, and that the land in that area will be worth many times its present value within the next 25 years. Sale of this property to the government would strangle growth of the county, and would cost the county and school treasuries untold thousands of dollars in the next ten years.

"In 1937 the land in question could probably have been purchased for around fifteen dollars per acre, if the owners had been willing to sell. By 1964 it had increased in

The Police Beat . . .

Chief of Police Bob Hewes reports three accidents in the city so far this month. The first one was on Aug. 3. A pedestrian-vehicle accident on Highway 35 near the Securities Real Estate office building involved Casper Garcia of Rockport, pedestrian, and H. J. Schultz of Kenedy. Garcia was taken to Aransas Hospital where he was held for observation and later released.

The second accident occurred at the intersection of Wharf and Live Oak Street, between Mrs. Gilbert Hill and H. McAlister, both of Rockport. Damage in this accident was estimated at \$550.00 by Police Chief Hewes.

The third accident of the month was between Chris Johnson of Rockport and Mrs. Elizabeth Moran of El Campo, damage was estimated at \$110.00.

On Aug. 3, three teenage boys, two from Rockport and one from Aransas, entered the parsonage of the First Baptist Church in Rockport, ransacking the house and stealing food and some smaller items. Upon checking, Police Chief Bob Hewes learned the identity of the three youths. They were referred to Juvenile Judge Johnny Wendell who ordered restitution and turned the Aransas Pass youth over to the San Patricio County juvenile authorities, as he was on probation there. The other youths were turned over to their parents. This was the first encounter with the law for these two.

On August 10, Albert Griffith, principal of Rockport Elementary reported that the school and cafeteria had been entered. Upon checking, it was determined that these youngsters were very small and probably very young in age. Cheese, ice cream bars, corn chips, noodles and two cans of meat were either eaten or ruined, also a small amount of change was taken from the school office. Chief Hewes, along with Deputy Sheriff Joe de la Garza, talked with three sub-teen youths and learned they were the boys who damaged the school. Three were referred to Juvenile Judge Johnny Wendell for disposition.

Hewes said that during July the Police Department handled three juveniles for burglary; two adults for theft under \$2.00; five for drunkenness; two for vagrancy; and one for minor in possession of alcoholic beverages.

On the traffic side of the blotter were two speeding, two reckless driving, one improper equipment, one run stop sign, one no driver's license, two improper turns and two leaving scene of an accident.

Six juveniles were handled by the City Police for the month, one runaway was apprehended, there were eight traffic accidents with approximately \$2,205.00 worth of damage.

WMU NIGHT CIRCLE MEETS

WMU Night Circle of the First Baptist Church met Tuesday, Aug. 11 at the home of Mrs. Nora Casey.

Mrs. B. T. Hardeman called the meeting at 7:30 by reading the prayer request from the Royal Service, with Mrs. John McLester giving the opening prayer.

With no business, the meeting was turned over to Bible study chairman, Mrs. McLester, for the conclusion of "The Christian in the Modern World," with members reading chapters of the lesson.

Mrs. Nora Casey gave the closing prayer. Those present were:

Mrs. B. T. Hardeman, Miss Ruth Lipscomb, Mrs. Alice Ballou, Mrs. Summerville Ballou, Mrs. Sally Townsend, Mrs. Tom Shults, Mrs. John McLester, Mrs. R. L. Condeley and Mrs. Nora Casey, hostess.

The next meeting will be with Mrs. R. L. Condeley, Tuesday, Aug. 18.

Tom A. Ballou while visiting with his daughter, Mrs. John Isaacs, Jr., in Baytown, suffered a severe stroke. He is in Room 104 at Gulf Coast Hospital and Clinic in Baytown.

Mr. and Mrs. Sherman Mundine returned Tuesday night after visiting in Port Lavaca and with Mr. and Mrs. L. V. Clark, Jr., in Elgin.

MRS. JAMES W. HUNT HAS TUESDAY BRIDGE

Mrs. James W. Hunt was hostess to the Tuesday Bridge Club at her home this week. High score winner was Mrs. L. G. Wood; Mrs. Arlo Hansen was second.

Members attending were Mrs. Homer V. Faber, Mrs. J. D. Griggs, Mrs. Arlo H. Hansen, Mrs. L. G. Wood, and Mrs. Chester Johnson. Special guests were Mrs. Leo Burch of San Antonio, and Mrs. W. N. Sanders.

Mrs. G. C. Mullinax and Mrs. Lillian Gray received word that their nephew Murphy Gibson of Houston died of a heart attack last week and was buried Thursday afternoon in Houston. They were unable to attend the services.

New Teenage Books Bought

The following teenage books have been purchased and will soon be on the shelves at Aransas County Public Library:

Africa Is Adventure by Attilio Gatti; Expedition to Kenya, Tanganyika and Zululand; Authors' Agent by Robin McKown, career romance for young moderns; Back to the Smoky Sea by Nutchuk with Alden Hatch, true story of an Aleutian Islander; Betty Loring, career romance for young moderns; Brenda Becomes a Buyer by Rega Krammer, career romance for young moderns; Call of the Tide by Steve Lomas, adventures of a 17 year old boy at sea; Captain Thomas Fenlon Master Mariner by Garland Roark, fifty-four years with the Merchant Marines; Concerning Casey by Eve Bennett, a 17 year old girl concerned about her family; Crossroads for Cela by Dorothy Witton, story of a Tarascan Indian girl in Mexico; Detour for Meg by Helen Diehl Olds, book for teenagers who take cars for granted;

First Lady of the Theatre by Molly Costain Haycraft, biography of Sarah Siddons; Gene Rhodes, Cowboy by B. F. Day, biography of a real cowboy and fiction writer; General's Daughter by Maxine Hunt, an 18 year old girl stands on her own merits; Good Luck Cold by Genevieve Torrey Eames, a boy and his orphan colt; Heart-Holding Mountains I'll Find My Love by Joan Dirksen, she learns the importance of independence; Lucky Miss Spaulding by Eleanor Arnett Nash, career romance for young moderns; Man Against the Elements by Irving Werstein, biography of Marshall Tom Smith of Abilene; Meg's Fortune by Gladys Malvern, romance on romance on the Mayflower and in Plymouth Colony; Mystery Horse by Louise Riley, who owns the mysterious bay filly with the Bar T herd?; Promise of Tomorrow by Jeanne Williams, a young girl learns not to hold on too tightly to anyone; Richie Ashburn Story by

Joe Archibald, biography of the National League batting champion; Rocket to the Stars by Lee Priestley, a 16 year old girl at the Sun Sand Missile Range; Sally's Real Estate Venture by Enid and Margaret Johnson, career romance for young moderns; Son of the Land by Ivy Bolton; historical novel of England under Richard the Second; Stirrup High by Walt Coburn, a 14 year old boy on a ranch in Montana; Stranger in Singamon by Holly Wilson, Connie in a little Michigan lumber town; Sylvanus Thayer of West Point by George Eliot, biography of the early superintendent of West Point; To Buy a Dream by Jeanne Williams, life on a citrus fruit farm in Texas; Tours by Terry by Majorie Mueller Freer, career romance for young moderns.

MRS. ARTHUR BRACHT HAS WEDNESDAY BRIDGE

Mrs. Arthur Bracht was hostess to the Wednesday Bridge Club at her home this week. A dessert course was served.

High score winner was Mrs. J. V. Ferguson; Mrs. J. H. Mills was second, and Mrs. Joe H. Slocum low; Miss Lillian Fahr won the high guest prize.

Members attending were Miss Mabel Bracht, Miss Genevieve Bracht, Mrs. Charles Cleveland, Mrs. Fred Christilles, Mrs. Arthur R. Curry, Mrs. J. V. Ferguson, Mrs. Fred B. Hunt, Mrs. C. F. Rozzell, Mrs. Joe H. Slocum, Mrs. James Sorenson, and Mrs. J. H. Mills, Sr. Special guests were Mrs. J. B. Wilson of Houston, Mrs. Jim Wade, Mrs. Charles Gibson, Mrs. Jones Christian and Miss Lillian Fahr.

S. B. DAGGETT DIES IN FT. WORTH

Word has been received that Stanley B. Daggett, a former resident of Rockport, died Aug. 1 in Fort Worth.

Survivors are his wife; one daughter, Mrs. Harold Stephens, of Houston; two granddaughters, and one great grandson, Steven Daggett Campbell.

What's Going On At Live Oak Country Club

Sunday's Winners — The seventh Scotch foursome toward the Grand Slam to be held Labor Day weekend was played Sunday with 56 entries. A sudden death playoff which went one extra hole between two teams tied with ten under par was held to choose the top team. A nine under par won third place.

First team consisted of Spec Howery, Tom Tiner, Bill FitzSimmons, Wonita FitzSimmons and Sonny Matthews. Kokie Couch, Cecil Miller, Lon Lou Tuer, Carolyn FitzSimmons and Mable Spears were members of second place team.

Third place team consisted of Hayden Elsberry, Warren Howery, Joe Payne, Flo Stelman and Joe King.

Another foursome will be held Sunday.

Golf Clinic — The second golf clinic for the young star members of Live Oak Country Club will be held Aug. 18 from 10-11 a.m.

Lessons will be given Tuesday through Wednesday and a young stars tournament will be held on the last day, Friday. The clinic is open to youngsters eight through 16 years of age. Registration is at pro shop.

Men's Tournament — A men's handicap tournament will be held Saturday, Aug. 22. Tee off time starts at 8 a.m. and lasts until 1 p.m. with players making up own games. An entry fee of \$3 will be charged. More than 12 prizes in U.S. Royal merchandise will be given.

Speck Howery, pro.

Rev. and Mrs. J. H. Gibson of Bryan visited last week with his sisters, Mrs. Lillian Gray, Mrs. G. C. Mullinax and other friends and relatives. He is pastor of the United Pentecostal Church in Navasota.

MRS. BUDDY McELVEEN HONORED WITH BLUE SHOWER

Mrs. Buddy McElveen and a new son were honored with a baby shower Thursday night at the First Baptist Church.

The serving table was laid with a blue linen cloth and held a miniature baby with parasol over it.

Refreshments consisted of white cake embossed with blue booties, mints and punch.

Hostesses were Mrs. John Huckabee, Mrs. Buddy Gambil, Mrs. James Palmer, Mrs. Del McLain, Mrs. Bobby Landrum and Mrs. W. E. Jackson.

Those attending other than the hostesses were Mrs. Freddie Geese, Mrs. Melvin Moore, Mrs. Sonny Watkins, Mrs. Norman McLead, Mrs. John Silberisen, Mrs. Eddie Bradley, Mrs. R. F. McKnight, Mrs. Julian Thompson, Mrs. Gilbert Stettler, Mrs. Wesley Morgan, Mrs. Nora Casey, and Mrs. McLheran.

CARL OLEN SVENDSEN DIES IN SAN ANTONIO

Carl Olen Svendsen, 30, of San Antonio, died there Aug. 10.

Svendsen attended Aransas County High School in Rockport, graduating in 1952.

He was a member of the Bluebonnet Lodge, No. 1219, AF&AM, Scottish Rite bodies and Alzar Shrine, and of the Sons of Hermann.

Among his survivors are his parents, Mr. and Mrs. Peter Carl Svendsen, Center Point; a sister, Mrs. James M. Williamson, Amarillo; and a number of aunts and uncles.

CHURCH OF CHRIST HAS MANY VISITORS

The local Church of Christ has had many visitors this last week. Among them were Mr. and Mrs. V. O. Harp, San Antonio, Mr. and Mrs. J. M. Stewart, Mr. and Mrs. H. P. Bishop, of Rockport;

Mrs. W. C. Noble, Houston; Glen, Glenda and Jeffrey Eaton, Portland; Dorothy Brundrett, Dilley; Mrs. Roy Ward, Fredericksburg; Mrs. A. J. Kuenstler and Sharon, Victoria;

Gene Eaton, Aransas Pass; J. C. Goodwin, Lometa; Mrs. Lee Morch, Debby Mills and Tammy Mills, all of Port Lavaca.

MRS. JOHN R. STAPLER HAS FRIDAY BRIDGE

Mrs. John R. Stapler was hostess to the Friday Bridge Club at her home last week. High score winner was Mrs. R. C. Naper; Mrs. John Stanley was second.

Members attending were Mrs. L. G. Wood, Mrs. W. N. Sanders, Mrs. R. C. Naper, Mrs. W. H. McCoy, and Mrs. Arlo H. Hansen.

Special guests were Mrs. Roy V. Rogero and Mrs. John Stanley.

Miss Connie Hunt is spending the week with her grandparents, Mr. and Mrs. Lloyd Smith.

THREE LOCAL YOUTHS REGISTER FOR DRAFT

Three local youths have registered for selective service on attaining their 18th birthday. They are James W. Cummings, Stephen M. Carleton, and Jose I. Hernandez.

Mr. and Mrs. Mike Goodman of Miami, Fla., arrived Aug. 3 to visit Mr. and Mrs. Gene Carter and family. Mrs. Carter is their daughter.

Mrs. J. R. Morgan of Hixson, Tenn., arrived Monday for an extended visit with her son and family, Mr. and Mrs. Wesley Morgan and children.

Mr. Hunt, Miss Schulze Exchange Vows

Miss Helen Rae Schulze and Joe Earl Hunt were married Saturday evening at the First Methodist Church here.

Arrangements of white gladiolus decorated the chancel. Parents of the bride are Mr. and Mrs. O. R. Schulze of Mission. The groom is the son of Mrs. Charlyne Hunt of Rockport.

The bride wore a triple-tiered sheath of Chantilly lace outlined in scallops and designed with a sabrina neckline. She wore a shoulder length mantilla of Chantilly lace and carried a white orchid.

Matron of honor was Mrs. Dorothy Griffin of Alta Loma, sister of the bride. She wore a light blue Chantilly lace sheath and carried a nosegay of white sweetheart roses.

T. E. Dannelly was best man. Ushers were James Phillip Schulze and Hal Dean Schulze, brothers of the bride.

A reception was held in fellowship hall of the church. After a wedding trip in the Valley, the couple will make their home at Rockport.

The bride is a graduate of Mission High School and Texas A&I College. The groom was graduated from Aransas County High School.

Mr. and Mrs. Elbert Haynes of Harlingen visited her mother and sister, Mrs. John Weber and Miss Hettie Weber last week. Mrs. Edwin Mundine, Jr., and children returned home with them.

Mr. and Mrs. W. I. Wilson and children and Miss Rennie Owens vacationed in Dallas, Six Flags and Shreveport, La. They visited Mrs. Wilson's sister in Dallas and Mr. Wilson's mother and other relatives in Shreveport.

August 28 Rites Announced

Mr. and Mrs. Rafael S. Yarritu of Edcouch are announcing the engagement and approaching marriage of their daughter, Lucila, to Martin R. Pena Jr., son of Mr. and Mrs. Martin R. Pena of Rockport. The rites will be held at 7:30 p.m. Aug. 28 at St. Theresa Church. Miss Yarritu graduated from Edcouch-Elsa High School and Pan American College. Her fiancé graduated from Aransas County High School in Rockport, and Texas A&I College.

REBEKAHS HAVE REGULAR MEETING

Rockport Rebekah Lodge met Thursday with Mrs. Alton Younglove, noble grand, presiding. Mrs. W. C. Sivells is in Spohn Hospital. Mrs. Neva Sorenson, Degree captain, practiced the members in the degree work for the good of the order. Mrs. Lawrence Mc Lester served refreshments after lodge.

NOTICE THE STATE OF TEXAS

All partners, all of whom are unknown to Plaintiff and to her attorney, of each of the Defendants above named who are or were partnerships;

All members, beneficiaries and interest holders, all of whom are unknown to Plaintiff and to her attorney, of each and all of the Defendants enumerated above whose residences are unknown to Plaintiff and to her attorney;

The unknown stockholders of the Rockport Company, a defunct corporation;

The heirs, wives, husbands, devisees and legal representatives, all of whom are unknown to Plaintiff and to her attorney, of each of the Defendants above named, whose residences or whereabouts are unknown to Plaintiff or to her attorney;

Defendants in the hereinafter styled and numbered cause;

You, each of you, are hereby commanded to appear before the Honorable 156th District Court of Aransas County, Texas, to be held at the Courthouse of said County in the City of Rockport, Aransas County, Texas, at or before 10 o'clock A. M. of the first Monday after the expiration of forty-two days from the date of issuance hereof; that is to say, at or before 10 o'clock A. M. of Monday, the 21st day of September, 1964, and answer the petition in cause No. 3867, filed in the 156th District Court of Aransas County, Texas, on the 5th day of August, 1964, wherein Margaret S. Meneley is Plaintiff and Le Roy Kettering, the City of Rockport, a municipal corporation; and all of the persons and firms above named or identified and to whom this citation is addressed, are Defendants; the nature of which said suit being in Trespass to Try Title brought by Plaintiff, who specially pleads therein her limitation title, against each and all said Defendants, to recover title and possession of the following described realty in Aransas County, Texas, to-wit:

Lots Six (6), Nine (9) and Ten (10) in Block One Hundred Thirty-nine (139) of the Manning Addition to the City of Rockport, Texas, as shown by the plat thereof recorded in volume 1 at page 7 of the Plat Records of Aransas

County, Texas, for costs of suit and for general relief, by which Plaintiff seeks to cut off all right, title, claim and interest of all said Defendants in and to said realty.

If this citation is not served within 90 days after date of its issuance it shall be returned unserved.

Witness W. E. Beasley, Clerk of the 156th Judicial District Court of Aransas County, Texas.

Given under my hand and seal of said Court at office in the City of Rockport this 5th day of August, 1964.

W. E. BEASLEY
Clerk of the 156th Judicial District Court of Aransas County, Texas.

NOTICE FOR BUDGET HEARING

On motion by Commissioner Allen, seconded by Commissioner Sparks, it was voted unanimously that a Public Hearing on the 1965 Aransas County Budget to be held on August 31st, 1964, at 9:30 o'clock A. M. in the County Courthouse, Rockport, Texas.

JOHN D. WENDELL,
County Judge

What's going on here?

Good service is power plus people

Given a dam and the proper equipment, you can make electricity with moving water. Mostly, though, it's the other way around here in South Texas. People use electricity to move the water—to pump it from wells, rivers and lakes and put it where it will do them the most good. On thirsty fields, for example. In giant industries. Even the kitchen sink.

When CPL electricity is doing the work, a lot of know-how goes with it—as represented here by Marvin Kolinek in consultation with R. K. Miller about electricity for irrigation. Trained CPL employees are glad to help you use your electric service to the best advantage, whatever the job.

CENTRAL POWER AND LIGHT COMPANY

An Investor-Owned Business Enterprise

James M. Furlong of Peg Leg's Drive In Grocery in Fulton is attending the 27th annual convention of the Texas Retail Grocers Association in Corpus Christi this week.

Mrs. D. U. "Wimpy" Wright and son Buddy left Saturday for Cayenne, French Guiana. Mrs. Wright has been visiting in the States since June 19.

Mr. and Mrs. Johnnie Schleider, Mr. and Mrs. Otis Rouquette and children returned Sunday after a week spent visiting and sightseeing in Bracketville, Sonora Cavern, Ft. Davis Mountains, Carlsbad Caverns and Six Flags.

Mr. and Mrs. John Bunden, of Temple, are visiting Mr. and Mrs. Frazier Cantrell. Mrs. Bunden is Frazier's mother.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

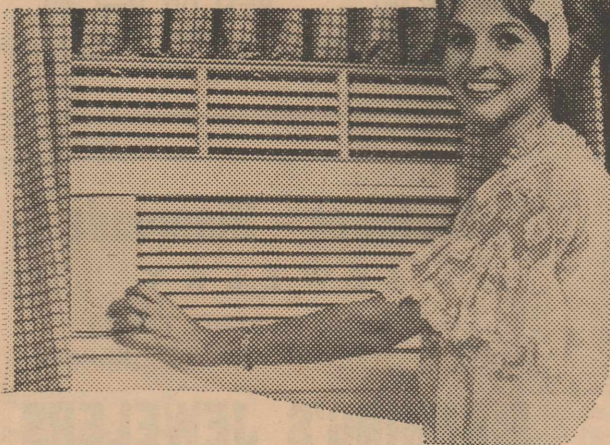

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

value ten times over the 1937 figure; responsible real estate dealers in this area assure us that the same land will be worth in the neighborhood of \$1500 per acre within the next ten or fifteen years, because of demands for home sites.

"The Bracht properties, which lie between Lamar and the Tatton ranches recently sold for \$250 per acre to a real estate development firm, which cut the entire 945 acres up into lots. At present, the same land, without improvements, is selling for a little over \$1,000 per acre, a quadruple increase in value that is badly needed as the oil valuations in the county drop. Where this land is interlaced by channels for a

Venetian type development, it is selling at around \$4,000 an acre, or quadruple its value as unimproved land; with a home on each lot, its value is roughly 160 times that of the raw land.

"Because of the situation of the Tatton property, there is every reason to believe that these properties will rapidly accrue in value and should provide substantial increases in the county valuations within the next ten to twenty years, unless the Federal government takes over, as is threatened.

"At present, we would lose \$26,000 a year in taxes if the purchase is made; within ten years the loss to the tax rolls can be figured conservatively at \$260,000, and within the next 25 years there seems little doubt that this will rise considerably higher. If every lot could be improved, but is not because government ownership would make it impossible, the tax loss could run into a couple of million dollars yearly, within the next 25 to 30 years.

"We note what you say with regard to development of the area for waterfowl. In our estimation, despite your optimism, it would not be any stimulant to the economy of Aransas County. Our income from that area comes strictly from those hunters and fishermen who use it in pursuance of their hobbies. Most of our good duck and goose shooting lies in portions of the area in question. Close these through government purchase, and the people that come here for

these things will go elsewhere in a hurry, and motels, clubs, boat rental services and others that depend on their patronage would have to close.

"We do not have enough birdwatchers to take up even a portion of the slack; we have only a tiny agricultural income; our oil and gas are being depleted and cannot be replaced. Our only other sources of income are from tourists, hunters, fishermen, vacationers, and commercial fisheries. We need the orderly development of our county to stay in business. We need the added real estate values that we will eventually have to support our schools and build our roads.

"To repeat from Judge Wendell's earlier letter, 'we are perfectly willing to see the whooping cranes and deer multiply until they populate all of Aransas County if the Federal government is willing to pay for it'. We are also equally willing to see such clouds of ducks and geese fill our skies that they darken the sun, again if the Federal government will pay for it, but we do not see how \$13,158 can be construed as sufficient to pay for more than a small portion of the loss at our present valuations. Nor can we see where such small payments would be sufficient to pay for future tax losses and the economic strangulation of the county.

"We must, therefore, protest again acquisition of this land by the federal government without a guarantee to the county tax agencies that they will receive reparations for the full amount of loss caused when this land is removed from the county and school tax rolls."

WATER SHORTAGE—

(Continued from Page 1)

15 or 20 feet of draw down was occurring in some wells. This placed the water table below sea level.

Such a draw down happens to any underground source of water supply, the engineers point out. When a well begins to pump, water is withdrawn from storage in the sands immediately in sands around the well, and a cone of depression in the underground water supply occurs. This causes water to move toward the well from all directions, and the cone spreads until a sufficient flow from natural recharge is intercepted to meet the demands of the well. On Live Oak Peninsula, this water is salvaged from water which formerly percolated into the Gulf, the engineers state, and from water formerly lost by evaporation.

The engineers point out that when pumping is concentrated in such a small area, sufficient fresh water cannot be salvaged to equal the water pumped out, and that the cone of depression eventually spreads until it intersects the salt water. This causes a slow encroachment of salt water in the fresh water wells, eventually rendering them unfit for human consumption because of their high salt contents.

In the 1953 study of the Aransas Pass water, it was stated that water from several of the wells in Rockport, at Aransas Pass, and at the United Carbon plant had deteriorated to some extent over a course of the years they had been used.

Eventually salt water encroachment became so great at Aransas Pass that, despite the higher cost, it became necessary to obtain water from some other source, and this is the thing that has been and is happening in Rockport and to an even greater extent in the area north of the city limits, including Fulton, where many of the wells are very shallow.

This, say Conservation commissioners, explains the greater interest in Fulton than in Rockport. Rockport's wells will be adequate for a while longer—perhaps until the conservation district can lay the necessary pipelines. However, there seems no reason to doubt that within the next five to seven years Rockport's wells will be completely inadequate, if the present rate of growth continues.

When that time comes, Conservation district commissioners hope they have the necessary water supply available for the city to hook on to. In the meantime, they are going ahead to alleviate the worst shortage—that at Fulton and the Fulton area.

FOOTBALL BEGINS—

(Continued from Page 1)

Bobby Edwards, quarterback. Coach Baker said he has a mature squad of equal size and speed, but lacking experience. The big question, he said, will be to develop an offensive line. Tackles are scarce.

The coaching staff this year will have a new look, with Baker as head coach, Sonny Watkins as backfield coach, and newcomer Rex Staes as the end coach. Helping the high school will be head Junior High School Coach Pat Smith and his new assistant, Tommy Martin.

Baker said the staff had been functioning for the past month in preparation for the coming season, when they hope to turn out a first class ball club. Part of the time, he said, was spent at the Texas

High School Coaches' School held recently in Fort Worth.

He asks that any boys interested in playing football contact him or one of his assistants at the high school any day between 9 and 11 a.m. and between 2 and 4 p.m. He also said that parents and friends were welcome to visit the practice sessions if they wish. The 1964 schedule is as follows:

Varsity: Sept. 4, Ingleside, there; Sept. 11, Bloomington, there; Sept. 18, Mathis, here; Sept. 25, Woodsboro, there; Oct. 2, Aransas Pass, here; Oct. 9, West Oso, there; Oct. 16, Bishop, there; Oct. 23, Tuloso-Midway, here; Oct. 30, Flour Bluff, here; Nov. 6, Gregory-Portland, there.

Junior Varsity: Sept. 17, St. Joseph of Victoria, here; Sept. 24, Ingleside, there; Oct. 1, Aransas Pass, here; Oct. 8, West Oso, there; Oct. 15, Bishop, there; Oct. 22, Tuloso-Midway, here; Oct. 29, Flour Bluff, here; Nov. 5, Gregory-Portland, there.

Junior High School: Sept. 17, Woodsboro, there; Sept. 24, Ingleside, here; Oct. 1, Aransas Pass, there; Oct. 8, West Oso, here; Oct. 15, Bishop, here; Oct. 22, Tuloso-Midway, there; Oct. 29, Flour Bluff, there; Nov. 5, Gregory-Portland, here.

Sinton Man Makes Beautiful Things of Wood

When R. E. Parker's doctor told him he'd have to quit coaching the Little League baseball team that was the pride and joy of his heart, players, friends and parents gave him a woodworking lathe to show their appreciation for his long years of unselfish interest, with the result that he turned into an artist that has taken prizes for his products.

Parker works for an oil company as a warehouseman, a job he has held for years, but he's looking forward to the day, in a year or so, when he can retire to the neat home he and his wife have in Sinton where she raises African violets and takes prizes at garden club shows, while he works with his own hobby.

When he first received his lathe, Parker tried his hand at a lot of things. He made vases, bowls, lamps, desk sets, goblets, ink wells and similar items, until Mrs. Parker and a friend of hers finally persuaded him to try his hand on wooden fruit. Despite his protests, they kept urging him, sure that he could do as well as the makers of such articles sold by the expensive home furnishing stores and, as it turned out, they were right.

Since then, along with his other projects, he has turned out a whole orchard full of peaches, pears, apples and even bunches of grapes.

And, just to prove his work was top-notch, he has been a consistent winner in hobby shows whenever he exhibited. Several years ago, in one of the Sinton shows, he received the Johnny M. Brown Memorial Award, for the best entry in all divisions.

Every piece, vases, bowls and life-like fruit that overflowed from them was made from the rough limbs of trees, roots, or pieces of driftwood that Parker and his friends had picked up here and there. He likes to use woods native to the area, but he has chunks from north, south, east and west, and even some from foreign countries.

Like the rocks seen by the parkway, any piece of wood is a minor adventure in itself to the man who uses them to make something beautiful. Parker says no two of them

are alike, and that often their characteristics aren't fully apparent until you cut into them. However, by careful treatment in his expert hands, and fullest use possible of the grain structure, even the commonest tree limb becomes a thing of artistic beauty.

VERNON KLEPPAS BUYS BIG-LOW GROCERY FROM JONES

Vernon Kleppas, for eleven years manager of West's Supermarket, and more recently of the H.E.B. Store that bought out West's, has purchased the Big-Low Grocery, formerly operated by Mr. and Mrs. Ernest Jones at Fulton, and has renamed it Vernon's Food Store.

Kleppas, who resigned as manager of the H.E.B. store here effective July 31, took over operation of his new store on Monday, Aug. 10, after having been with the H.E.B. stores for approximately one year after that organization purchased West's.

Kleppas came here a little over 11 years ago, shortly after West purchased the old Bracht Grocery Store, next to the present United Savings office, and remained as West's manager until November, 1963, when the Corpus Christi chain purchased West's. He was retained as manager by H.E.B. until his resignation last month.

Mr. and Mrs. Jones have operated the store purchased by Kleppas for the past 15 years, and Mrs. Jones has been postmaster at Fulton ever since the community became a post office. The post office itself was and is in one corner of the grocery.

Present plans, Kleppas said, are for the post office to move to the building formerly occupied by Port Little's real estate office, thus allowing the food store to expand into the room obtained when the post office moves out.

PUBLIC NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide by General Laws and to make payment for same, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for

needed medical services. The payments for such medical assistance on behalf of such needy individuals shall be in such amounts as provided by the Legislature; provided, however, that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds for such purposes; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer, not inconsistent with restrictions herein set forth."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

viding that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

"AGAINST the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.
