NUMBER 8

Red Cross Asks Ochiltree County to Raise \$1800

New Management Opens Sales Pavilion on March 2

Change Sale To Tuesday Each Week

Pavilion Now in Readiness After Reconstruction

Kenneth Munger who recently disposed of his mercantile business at Balco has purchased the interests of Wm. VanGuilder in Perryton Sales Pavilion. The place has undergone a thorough reconstruction making a greater seating capacity and a larger sales ring. The first sale under the new management will be held Tuesday, March 2. Free drinks and doughnuts will be served from 11:30 until 12:30 through the courtesy of the Perryton Chamber of Commerce. The sale will start promptly at one o'clock.

From the present number of listings that have come in for the opening sale it is expected to be the largest ever held in the Pavilion. Mr. Munger states that all stock will be sold according to the time it is listed. Every animal that goes into the ring will be given a fair bid and then will be sold to the highest bidder.

Mr. Munger states that he has secured the service of Col. Olan Littlejohn as auctioneer and J. R. Thomas, office clerk.

Lions to Entertain Ladies and Guests

The Perryton Lions Club will entertain their ladies and guests at a St. Patrick's Day party, Tuesday evening, March 16, at 7:30 p. m. A. P. Spicer, W. B. LaMaster and T. R. Murray, the committee in charge of the affair, announce that plans are being laid for a gala affair. The party will be held at the Hotel Perryton.

The regular noonday luncheon for that date will not be held, the evening party taking the place of it. The entire program for the affair has not yet been arranged but will be announced at next regular meeting of the club.

War Bond Sales Slow This Month

Carl Ellis, chairman Ochiltree County War Bond campaign, says War Bond sales have slowed up during the month of February. This is contributed to the fact that people are paying their taxes.

Even though these taxes must be paid, the war also is going on, and every effort must be made to keep Ochiltree County out in the lead on its War Bond quota. There are just three days left in Feb. in which to buy War Bonds. The February War Bond quota is \$38,400.

Daniel Rites Held Thursday

Impressive funeral services were held Thursday afternoon in the Methodist Church for Mrs. Carrie Daniel, 88 year old pioneer of this community, who passed away in her home Wednesday morning.

Burial was in the Ochiltree Cemetery with Joe Schollenbarger, J. H. Neufeld, Arthur Gray, E. W. Witt, T. P. McLain, and Ike Sharp acting as pallbearers.

Caroline Kytie was born to Singleton and Sally Kytie on June 21, 1854 in Habersham County, Ga. She lived to be 88 years, 7 months and 26 days old. She was united in marriage to John Daniel on February 12, 1874 at Winder, Ga. To this union were born two children, a daughter, who passed away in 1933 and a son, Arthur G. of Perryton. The husband died in 1877.

Mrs. Daniel moved with her family to the Indian Territory in 1902 and to Beaver County in 1905, moving from there to Perryton in 1929. She became a Christian in early life and lived a devoted, consecrated life ever since.

She leaves one son, Arthur G. Daniel, eleven grandchildren, four great grandchildren and many friends, for "Grandma" as she was known was loved by everyone.

WAR FUND DRIVE starts Monday, March 1, lasting 4 days, 8-11-c

Rumors on 'Freezing' of War Bonds Just Loose Talk by Unpatriotic Americans

February 28 is Deadline for Tire Inspection

Nettie F. Nelson, district manager of the Office of Defense Transportation, 1006 Plisk Building, Amarillo, today reminded all commercial vehicle owners that February 28 is the deadline for having tires inspected.

Those who have not had their tires inspected should do so at once. Delay will be particularly costly to operators whose vehicle or tires need some minor repair or adjustment.

Your certificate for War Necessary should be presented to the inspector for his endorsement on the back. In the space provided, at the time of inspection.

Youth Shot Following Ball Game, Hooker

Grady Wayne Thompson, Guyton youth was shot and killed at Hooker last Friday night. He is the son of Mr. and Mrs. Grady Thompson of Guyton, Okla.

It seems that following a basketball game between Guyton and Hooker that young Thompson and a Hooker player got into a fight over results of the game. Deputy Sheriff G. Fell and night watchman of Hooker separated the two and were taking the young men into custody. Young Thompson broke away from Fell and strated to run. A shot was fired and young Thompson died instantly.

Grady Thompson, father of the slain youth is district manager of the Oklahoma Electric & Water Co., property of the Southwestern Public Service Co. Charles Whippo, Tom Waugh, Jim Gunter and C. S. Carmichael were in Guyton Monday afternoon to attend the funeral.

Maybe you've heard this story and maybe you haven't but to clear the record Carl Ellis, Ochiltree County War Bond Chairman submits the following letter from Frank Seofield, War Bond Administrator for Texas:

To All County Chairmen: There is quoted below the pertinent section of a statement in a letter from Mr. Daniel W. Bell, Undersecretary of the Treasury, in response to a communication reporting that rumors are being circulated in the effect that the privilege of cashing War Bonds is to be revoked and that they are to be "frozen" for a period of ten years following the War:

"War Savings Bonds, by their express terms, are payable on specified dates and are redeemable before such dates, at the option of the owners, at fixed redemption values, and there is no doubt that the promise of the United States in such respect will be kept. I might add that in all the one hundred and fifty-five years of the Nation's existence, and despite the vicissitudes through which the country has passed during that time, the United States never has defaulted in the payment of its obligations when due. The Congress under the Constitution has ample power to make provision for meeting obligations in the future."

"The obligation of the United States to pay before maturity, at the option of the owners, in accordance with the terms of the bonds, is quite as binding as its obligation to pay at maturity. I do not understand how any loyal person could question the promise of the United States in such respect."

"Several correspondents have written the Department in the same connection and the only possible basis, so far as can be ascertained is the reservation in the offering circular that a reasonable notice in case of presentation of bonds of

Agents Meet with Extension Service Specialists Here

County and Home Demonstration Agents from Hemphill, Lipscomb, Roberts, Hansford and Ochiltree Counties met with Specialists from the Extension Service College Station last Wednesday at the courthouse in a sub-district meeting to get the latest information in regard to dairying, poultry and 4-H club work.

Those present included Knox Parr and Miss Doris Leggett, district agents; G. P. MacCarthy, poultry specialist; Dr. W. A. Boney, extension veterinarian; C. G. Gibson, dairy specialist; Miss Onah Jacks, state girls' 4-H club agent; J. O. Stavaill, Marvin Simms, John Marconite and E. W. Thomas county agents; Argen Hix, Marjoe Brown and Sadie Seward, home demonstration agents.

The production of poultry and eggs is considered of the greatest importance in supplying vital needs for food for the armed forces, for both the people at home and for lend lease. Ochiltree County is being asked to increase the production of these products in 1943 15%. An increase of 15% is also asked in the case of dairy products.

Judging by the number of new poultry houses being constructed, the farmers intend to more than reach the increased goal for poultry and eggs. Much interest is also being shown in increased dairy production. Many more cream separators would be bought if they were available for purchase, and there is a large demand for dairy cows.

Household fat salvage, by which the War Production Board hopes to make up the deficit in glycerine production for explosives, is not intended to cut down the use of fats in cooking. The butcher is more familiar with the principles of the fat salvage campaign than most people and can explain them to his customers. The government wants only such fats as are left after the housewife has used all she can. Consequently, there is no point to a housewife's turning in fats for salvage if this necessitates her buying others, for that would only result in cutting down our national supply of this vital food source.

February Meeting Of Parent Teacher

The Perryton Parent Teacher Association met in the High School Auditorium, Monday evening, February 22, with Mrs. C. B. Rogers, president, in charge. The meeting was opened with prayer given by Rev. J. E. Mullins.

Pounders Day was observed by a playlet written and given by the high school speech class under the direction of Miss Verna Harris. Those taking part in the play were Kathleen Pinkerton, Helen Marie Hudson, Joan Boston, and Alverna Hudson. Veva Jo Mitchell gave two vocal solos, "Rose of No Man's Land" and "Keep the Home Fires Burning". She was accompanied at the piano by Miss Elizabeth Jamison. A duet was given by Ann Wedgeworth and Danny Jean Stark accompanied by Miss Helen Fitch.

Miss Eugenia Mitchell substituted for her mother to give the main address of the evening "Citizens—Strong with Spirit Free". She said, "Everyone of us live in four worlds, physical, social, spiritual and the world of our own creation. The forces of faith, courage, adaptability and reality create our possibilities. Home is the beginning and here we should all be taught love. To adapt one's self to what cannot be changed is not an admission of defeat. Every intelligent person makes adjustments every day of his life in order to master situations and control events."

The Fourth Grade won the attendance prize.

The educational pictures, which are sponsored by the Parent Teacher Association are still being shown every Friday night at 8:15 o'clock.

Point System Registration Under Way

Ochiltree county citizens started off the point rationing program in the main building of the Perryton school yesterday afternoon. Hours of registration as stated by Superintendent of Schools C. Wedgeworth started at 4:30 yesterday afternoon and continued until 8:30. The registration was resumed again this morning and will continue through the day until 8 o'clock this evening. Hours for Friday are 8 a. m. to 8 p. m.; Saturday 8 a. m. until 6 p. m.

Calling attention to several important facts of the point rationing program, officials urged today that people "be prepared" when they report to registration site to obtain war ration book two and when they go to grocery stores to purchase goods under the processed foods rationing program.

An appeal is made to the public to lessen the problems of the county board by going to the registration site with the required declaration forms and copies of war ration book one, and by studying information published on the point rationing system.

In connection with registration, attention is called particularly to the fact any adult member of a family may obtain new ration books for all members of the family living in the same household by taking to the registration place copies of war ration book one, used in rationing of sugar, coffee and shoes, for every member of the family, and a declaration form completely filled out except for the signature.

Blue stamps in this new book will be used in rationing of foods under the commercially processed foods rationing program which goes into effect March 1. Sales of goods covered in this program now are frozen.

A, B and C blue stamps will be used during March. These stamps have a total value of 48 points. Tables of point values have been sent to post offices for distribution to retail grocers. All food stores will prominently display the official table of point values and clearly mark all rationed food items with their point values before sales are resumed March 1.

Housewives may simplify shopping under the point system by studying the point values and carefully planning in advance their purchases of rationed foods.

Numerous foods are not covered in the rationing order which goes into effect March 1. The housewife if she shops carefully under the point system and combines rationed and unrationed foods in the family menu, will find she has ample food to serve her family. Any minor inconveniences which a program of this nature might cause are small compared to the sacrifices of the boys fighting in the armed forces. We should all remember that tremendous amounts of food are being shipped to our armed

66 Committees Named to Carry On Intensive 4-Day War Fund Drive; Opens March 1

With the United States at war and already thousands of soldiers, sailors and American civilians killed, maimed and wounded, homes destroyed and women and children in want and privation, the American Red Cross has started their 1943 mercy program of aid and succor to our war victims. The minimum goal for this campaign has been set at \$125,000,000. Judge Dave Shanks, chairman of the Ochiltree County Red Cross Chapter, has been notified that Ochiltree County's quota is \$1,800. Of this amount \$600 will be retained for local chapter use and \$1,200 sent to National Headquarters.

Auto Mechanic Welding Class Men, Women

A course in auto mechanic and farm shop welding is being offered to the men and women in this community as a part of the all-out war effort. This is a National Defense School for the teaching of mechanical trades and is sponsored and supervised by the Perryton school. This school will be conducted similar to the one held in Perryton a year ago.

The school will start Monday, March 8 and will continue ten weeks. The classes will be held at the Putnam Motor Co. with J. M. Putnam instructor.

Any man or woman is eligible to enroll. No person in school will be accepted. Tuition is free. All expenses are paid by the government. Any person interested should contact Mr. Putnam. The classes will be conducted each evening from 7 p. m. to 10 p. m.

Twichell Ag Club To Meet Friday

The Twichell Agriculture Association will hold the monthly business and social meeting in the Twichell school building on Friday evening, February 26, 7:30 o'clock. J. S. Slaughter, president, will direct the following program numbers: music, Wilma Leicht; song, Sweigert girls; reading, Gals Pay Milledge; talk, County Agent E. W. Thomas; quiz contest between the men and the women.

A pot luck supper will be held at 7:30 o'clock.

A Week of the War

Germans Attack in Tunisia

The attack started at dawn Sunday, February 14, when two German columns moved westward from Faid and Seneid in Central Tunisia, advancing on Sbeitla and Sidi Bou Zid with tanks, infantry, dive bombers and motorized artillery. This was apparently a drive to expand their corridor along Eastern Tunisia—the corridor leading from the Mareth line in the south to the Tunis-Bizerte triangle in the North.

By the middle of the week the Germans had succeeded in forcing American units to retreat 35 miles from their foremost positions and evacuate three forward flying fields. Gafsa was taken, then Sbeitla, then Periana, only 14 miles from the Algerian border.

Army Casualties. The President has called the battle for North Africa "one of the major battles of this war," and has warned that it would cost us heavily in casualties. Last week Mr. Stimson told the press that U. S. forces in the current fighting in Tunisia have suffered substantial casualties in personnel and equipment. Exclusive of these recent losses, the Army has had 41,858 casualties in the war; 3,442 killed, 6,509 wounded, 25,684 missing, and 6,123 prisoners of war.

The battle for Guadalcanal which ended at sundown Wednesday, Feb. 10, represents a complete American victory. Just six months after the Marines' initial invasion of the island, American forces surrounded the last remaining Japanese, captured large amounts of armaments and equipment, and took unchallenged control of the entire island. The conclusion of the fighting was announced by Maj. Gen. Alexander Patch, commander of American forces in the Solomon Islands.

The strategy which forced Japanese capitulation was described by Secretary of War Stimson. A flanking movement was carried out at sea with naval support, and U. S.

Church Promotes Radio Broadcast

The initial broadcast of a series of radio programs, sponsored by the Perryton Pull Gospel Church, will be held Tuesday afternoon, March 2, 2 to 3:30 p. m., over KPDN, Pampana, 1340 Kilo, entitled "The Gospel of the Kingdom."

Ralph A. Durham, pastor of the local Pull Gospel Church, and the Perryton Gospel Singers will direct this first program, which will consist of songs you will enjoy and a constructive gospel message. The public is invited to listen to this program and the cooperation and prayers of each Christian is needed in this effort to keep the Gospel going out to those who are deprived of attending church.

On the Home Front of World War II

(A weekly summary of developments in the Victory Program, prepared by the Regional Information Office, OEM)

Fifty million dollars is a great deal of money—almost half as large as OPA's original appropriation of \$120,000,000 for 1942-1943, but that much money has been saved the United States government by one single price reduction ordered by the Office of Price Administration. A saving—estimated conservatively at \$50,000,000—has been effected by an order cutting back 10 per cent to 25 per cent the maximum prices for most of the steel castings used in ships, tanks, guns, and planes. This saving to taxpayers on the country's war bill was decided on after examination of the 1942 earnings of steel castings manufacturers revealed that profits on sales were running from three to five times as large as in the four years 1936 thru 1939.

This is one of the examples wherein price control is more than paying its way. Hidden savings effected by the Office of Price Administration run into billions of dollars, but often this is difficult to comprehend because of its intangibility. "What might have been..." is the best way to weigh the advantages of price control.

Everybody has a stake in the continuing battle against inflation. In simple words, inflation means that the standard—the spending power in the hands of the people—is greater than the supply of things that can be bought. That's the situation we're in now. And the results of inflation are so inevitable that even the dictionary says:

"Inflation always produces a rise in the price level."

Income, income pushes up prices; prices push up income; income pushes up prices—until prices are so high and money worth so little that a basketful won't buy a loaf of bread. It happened just that way in Germany after the last war. To a lesser extent, it happened here. When we were this far along with the war of 1914-18, the cost of living had gone up a third.

Of course not everybody's income goes up at the same rate. School teachers, firemen, policemen, widows supported by annuities, old people living on pensions, wives and mothers of soldiers suffer most under inflationary conditions. When prices spiral up, they must stretch and stretch their money until it may be spread too thin for subsistence.

That's not all. Farmers and small businessmen have to look sharply. To them, the greatest peril may come after the war when the spiral—if there has been one—collapses. Prices of their products drop and drop. If we want to preserve what gains we have made, prevent suffering for people with fixed incomes, and avert bankruptcies later, the United States must cling to the line already laid down—keeping profits at a reasonable level through excess profits taxes; taxing incomes heavily to absorb part of the surplus; holding down prices and rents by ceilings; controlling wage increases; limiting consumer credit in such things as buying on installment; paying debts now when money is easy to get; buying war bonds that will make for an "ever-normal pocketbook"—by putting aside excess money and saving it for the time when money will be scarce and more valuable. Some of

these steps are smart for their direct effect on the individual who practices them; in others the smart citizen will cooperate wholeheartedly so that he, along with the rest of us, may escape the common disasters of uncontrolled inflation.

Rationing is another weapon in the battle against the effects of inflation.

Fair distribution of what we have prevents people with the most money from bidding up the price by fighting each other for the limited supply and from buying it all up at the expense of people with less money. Point rationing of canned fruits and vegetables and related foods begins March 1. Sales of the commodities to be rationed have been halted this week while registration of consumers is under way. The week-long freeze will enable grocers to build up inventories, mark stocks and get familiar with the program. Housewives will begin shopping Monday with a new ration book—War Ration Book Two. Everyone—no matter how rich or poor—will get an equal share of the goods available under the point rationing program.

Household fat salvage, by which the War Production Board hopes to make up the deficit in glycerine production for explosives, is not intended to cut down the use of fats in cooking. The butcher is more familiar with the principles of the fat salvage campaign than most people and can explain them to his customers. The government wants only such fats as are left after the housewife has used all she can. Consequently, there is no point to a housewife's turning in fats for salvage if this necessitates her buying others, for that would only result in cutting down our national supply of this vital food source.

Blue Mound Church Missionary Speaker

The Blue Mound Holiness Church extends a welcome to one and all to attend the missionary services, which will be held at the church, Friday evening, February 26, 8:30 o'clock.

The returned missionary from the West Indies will have many things of great interest to tell all. Come, a welcome awaits each of you.

Stockmen Dairymen Farmers

Are Invited to Make This Their Buying and Selling Headquarters

Be On Hand at 11:30 to 12:30 Tuesday for

FREE DRINKS and DOUGHNUTS!

Courtesy Perryton Chamber of Commerce

Sale Starts at 1:00 p. m.

★ ★ ★ ★

It is with pleasure that we announce to the farmers, stockmen and dairymen of this area that we have bought the interests of the Perryton Sales Pavilion and will conduct our opening sale, Tuesday March 2. On this date we will have sales ring and barn in readiness with larger capacity for both buyers and livestock. We are going into the Perryton Sales Pavilion with the determination to make this the leading livestock buying and selling headquarters in the entire southwest.

Our sales pavilion will be conducted in a manner in which every person will be treated with the same courteous service. Every animal that goes thru the ring will be given an honest opening bid as to its value. No other person will be in

the ring other than those helping to keep the animals moving through the pens. The new larger seating capacity that we have added to the pavilion will enable everyone to have a good view of animals and be in comfort during the sales.

"Let's get acquainted and work together." Be at the Perryton Sales Pavilion at 11:30 Tuesday morning, March 2. Enjoy the refreshments being served through the courtesy of the Perryton Chamber of Commerce and the management. Meet your neighbors, make these sales a community affair.

The sale will start promptly at 1:00 o'clock.

How and When of War Ration Book Two

War Ration Book Two, to be used for rationing canned and processed foods, will be issued in the following manner, says OPA:

1. Anyone who has War Ration Book One and has filled out the "consumer declaration" (one for a family is sufficient), may get Book Two.

2. Application must be made between February 22 and February 27, 1943.

3. Local war price and rationing boards will announce places for registration. One adult may apply for all books in the family. All Books One must be presented when getting Book Two.

4. After February 28, applications may be prohibited until March 15, 1943.

5. If war price and rationing board permits, applications may be made after March 1, 1943. Local Board rules in this case.

6. Person without Book One may make special application for Book Two.

7. "Consumer declaration" means stating number of cans of food on hand as of February 21. Limit is five cans per person. All over this number are to be accounted for by the board "tailoring" ration Book Two to fit the situation.

8. Coffee stamps will be removed from Book One for persons under 14 years of age; also one stamp for each pound of coffee in excess of one held by an adult on November 28, 1942.

Stabilization Highlights

Highlights of recent significant economic stabilization orders include: (a) President Roosevelt's order that the 48-hour work-week be generally adopted; (b) Economic stabilization director James P. Byrnes' program stipulating that there shall be no increase in wages except to rectify "gross inequities" and "substandard" wages; Mr. Byrnes also said that changing the parity formula would affect farmers adversely in the long run; that farm and dairy workers who had gone into industry should be urged to return to agriculture and that recalcitrants should be deprived of their deferred draft status. All Americans were urged to obey price controls and rationing regulations as part of their contribution to winning the war. High taxes, Mr. Byrnes said, are absolutely necessary, but he believes, firmly in limiting profits to prevent exorbitant costs to consumers and government alike.

Rules for Discharging Men of 38

Men over 38 years old will be discharged from the Army according to these rules and requirements: (1) At least 38 years old; (2) Enlisted or inducted on or before Feb. 28, 1943; (3) Has submitted voluntary request for discharge to his commanding officer (must be before May 1, 1943); (4) Has submitted statement from responsible person showing that he will be employed in essential industry, including agriculture; (5) Release of soldier must not seriously affect the efficiency of his unit.

Shoes Rationed

Some kinds of shoes are not covered by the rationing order that went into effect Feb. 9. Unrationed are soft and hard-soled slippers and bedroom slippers; infants' soft-soled shoes; ballet slippers; ordinary waterproof footwear; gaiters; work, dress, clog, and toe rubbers; and lumberman's overshoes.

Those rationed (one pair per person between now and June 15, obtainable through Stamp 17 of War Ration Book One) include all types

Texas Farm Bureau In Fight Against Tractor Gas Tax

WACO, Texas, Feb. 15.—If Texas farmers are to be able, in the face of labor and machinery shortages and other difficulties, to produce the food and fiber needed for victory, they must have all-out cooperation on the legislative front, J. Walter Hammond, president of the Texas Farm Bureau Federation, the state's largest farm organization, declared here today.

The state farm leader expressed vigorous opposition to legislation that would add the four-cent highway gasoline tax to fuel burned in farm tractors or any other non-highway using vehicles.

"It is not only illogical and unfair to attempt to tax for highway purposes gasoline not used on the highway, but it would also materially increase the cost of producing food and fiber and add to the seriousness of the already growing shortage of these commodities," Hammond said.

The Farm Bureau is also actively opposing a measure expected to be introduced at this session that would place additional taxation and regulation on itinerant truckers. "These truckers perform a useful service in moving feed, livestock, produce, lumber, cedar posts and

of boots and shoes made in whole or in part of leather, and all rubber-soled shoes.

Shoe stamps are transferable; can be used by any member of the family. In emergencies local ration boards will issue a shoe purchase certificate.

Farmers Pay Off Loans

Farmers repaid \$28,000,000 on loans administered by the Emergency Crop and Feed Loan offices in 1942, compared with \$19,500,000 they borrowed during the year.

V-Mail for Sailors

Your V-mail letter to a sailor will have a better chance of getting to him without delay now, for the Navy has expanded its V-mail services. Four new V-mail stations have been sent abroad. Small, portable machines that can be quickly set up in remote areas will now be available to speed up the delivery of V-mail to sailors.

Recruit Farm Help

Labor to help with production and processing in canning areas will be recruited in a campaign beginning immediately, says the U. S. Dept. of Agriculture. County agricultural agents, the U. S. Employment Service, the Office of Civilian Defense and local operators of canning plants will all cooperate. Urgency of the situation makes necessary the help of local clubs, businesses, churches, and schools.

Who Voted for Alarm Clocks?

Alarm clocks styled for "war time" will be on the market by April 1. They will be spring-wound to save critical materials, and enough will be made to take care of civilian needs. The alarm clock has been found to be a "tool" of production for the war worker.

McNitt on Manpower Rules

Three requirements have been enunciated by War Manpower chairman McNitt. They are: (1) persons now engaged in essential work must stay where they are or transfer to still more essential jobs where their talents are needed; (2) Persons unemployed or working in non-essential jobs must transfer to essential activities; (3) All persons must raise their productive efforts to the highest possible levels.

Wheat and Corn Loans

The Commodity Credit Corp. thru Jan. 30 completed \$13,848 loans on 403,574,539 bushels of 1942 wheat amounting to \$456,305,871.74. The average was \$1.13 per bushel.

In the same period, 31,826 loans on 38,003,737 bushels of 1942 corn had been made, amounting to \$29,341,837.98. Average was 77 cents per bushel.

Have You Any Manila Rope?

Manila rope, 3/16 of an inch or larger, is indispensable for certain military purposes. The government will pay 10 per cent above owner's net cost for all it can get in lengths of 200 feet or more. Owners, whether business men or others, are requested to communicate with Murray Cook, 135 E. 44th St., New York City.

May Buy Goods in Quantities
Ranchers and others who cannot get to market as often as once a month may apply for special permission to buy larger quantities of rationed canned and processed foods. Applications should be made on OPA Form R-315 to the local war price and rationing board any time after War Ration Book Two is received. All ration books for the family must accompany the application.

other supplies to and from the farm," Hammond declared. "The transportation situation is already serious enough without complicating it further by legislation that would put many small truckers out of business."

The Farm Bureau is supporting a bill introduced by Senator George Moffett of Chillicothe that would set certain minimum standards for insecticides sold in this state.

On the national front the American Farm Bureau Federation, with which the state organization is affiliated, is advocating farm prices that would reflect increased costs of farm labor.

"The farmer is having a hard time meeting increased production costs and competing with high wage-paying industry for labor," Hammond pointed out. "Texas farmers, with thousands upon thousands of their sons in the service, have no wish to profit from the war, but the country faces a terrible food shortage unless the farmer is allowed to sell his products at prices that will at least reflect cost of production and enable him to get and retain sufficient labor to make and harvest his crops."

Our Defenders Speak!

The Herald asks that men and women from this community serving in the armed forces write letters to this department for publication. Letters to relatives that would be of interest to the public will be published under this heading.

Somewhere in Africa

February 3, 1943

Dear Mom and Dad:

I received your letter of November 17 and of December 28 yesterday. Sure was glad to get them but after receiving letter written two months later, it was like turning to the last chapter of a book to see how it ends.

I saw a picture of Captain Cherry in a newspaper one of the boys received. I couldn't place him from your letters until I saw the picture. I imagine Dr. Herbie will make a good doctor for the Air Corps. What branch of the service is Captain Irvin in?

What color is the new rug? I would sure like to sit for a few minutes in that base rocker.

Most all the trucks and automobiles here are on gas made from charcoal burners or wood burners. You see one coming down the highway and you think they have a

Report Small Grain Crop Conditions

Editors Note: Following is a part of the February 3, 1943 report of small grain conditions by Frederic T. Dines, director of the Texas Wheat Improvement Association.

The wheat, oat, and barley crops in the State are just now telling the story of the results of two cold snaps that we had during the middle of January. Low temperatures of from about 2 degrees F. above in North Texas to 12 degrees F. below in the North Panhandle have been recorded. It is always hard to tell the exact extent of damage by freezes until after the plants begin to grow again. There has been a great deal of speculation and many questionable reports regarding the extent of the freeze damage. We have investigated the reports and our field examinations indicate at this time that there is no freeze damage of any material consequence to the wheat anywhere in the wheat areas of the North and South Plains of the Panhandle. The top growth has been nipped and has caused a blighting of some of the leaves, but the wheat as a whole is in excellent condition at this time and prospects are very bright as of this date. The winter barley in the Panhandle areas has been damaged. Some of the fields have been completely killed while other fields are only partially thinned down due to the freeze damage. There are very few acres of winter oats anywhere in the

Panhandle and no report can be given on winter oats in the Panhandle.

There has been a considerable amount of speculation as to the Green Bug situation, and as far as we are able to tell at this time, the Green Bug is a potential damage to our 1943 crop providing favorable weather for its development should exist. To a certain extent the weather best suited for good wheat plant development is that best suited for Green Bugs. We have located limited infestations of Green Bugs throughout the major wheat producing areas of the State. I have found them from Startford in the North Panhandle to Floydada in the South Panhandle and as far east as Denton. The infestation so far is very negligible, and one has to look very carefully and usually for quite a while before the Green Bugs are found. I don't believe that any real damage as yet has been experienced this season from the Green Bugs and depending on the weather, we could or could not have another bad Green Bug year. There

is a slight chance that the Apple or Green Bug being found in the grain fields, particularly barley, is not the true Green Bug; but, the chances are that it is the same. Further increase of this insect at a later date will reveal the true identity of the same. For all practical purposes, I believe we can call it the Green Bug for now.

On a whole as of this date, the wheat crop in the main wheat producing areas of the State looks good. Ample sub-soil moisture for normal requirements still exists. We shall of course keep you well informed as to the crop prospects, etc. from time to time.

Community Social Held on Friday

The Ochiltree community enjoyed their regular monthly get-together at the Ochiltree school house on Friday evening, Feb. 19. A delightful and well-attended social was enjoyed by a lively two hours of dancing. A. L. Carter and Mrs. Lloyd Black shared the hostess duties.

Those present were Mr. and Mrs. James C. Crouch and Bill, Mr. and Mrs. Charley McCartney, Mr. and Mrs. Jim Dodson and Jim Bill, Mr. and Mrs. Jack Dodson and Jack, Mr. and Mrs. Lloyd Black and Joe, Mr. and Mrs. Charley Atchinson, Mr. and Mrs. Kirt Williams, Mr. and Mrs. Virginia, Mr. and Mrs. Dewey Allen and Norman, Mr. A. Carter, Alfred, Dennis, Patsy and Lucille Bell, Mr. and Mrs. Alfred Pittman, Maresa Sue and Maresa, Mr. and Mrs. Eli Goucher, Mr. and Mrs. James Blasingame and Perry, Mr. and Mrs. Oscar Black, Mr. and Mrs. Sharon, Miss Sadie Seward, Mrs. May Turner, Mrs. Johnnie Lupton, Mrs. Pearl Humphrey, Albert Dear, Mr. and Mrs. Robert Thurman, DuWayne, Cavita and Lollin, R. A. Thomas, Roy and Troy McCarty and Charles Patton.

War stamps were given as prizes in the pitch games. Mrs. Blasingame and Mr. Pittman played high and Mr. Black and Bill Crouch played low.

Friday Club Met With Mrs. Herndon

Mrs. W. C. Herndon entertained her Friday bridge club in her home, 18 SW Seventh St.

A tasty salad plate was enjoyed for the games. Prize winners were Mrs. Max Boyer, club high, and Mrs. Steiner Mason, guest high. Others playing were Mrs. H. C. Brillhart, Mrs. H. I. Hudson, Mrs. Allen, Mrs. H. A. Hawk, Mrs. Arue Morris, and Mrs. Herndon.

Lt. and Mrs. Roach Dinner Honorees

Mr. and Mrs. W. E. Perry were the gracious hosts Thursday evening when they entertained with dinner as a courtesy for Lt. and Mrs. Curtis O. Roach, Camp Maxey, who enjoyed the past week visiting in Perryton.

Card games were enjoyed after the meal. Guests were Lt. and Mrs. Roach, Mr. and Mrs. Horace Lackey, Myrtle Mae Conley and Louis Dawkins.

Methodists Observe Week of Dedication February 28-March 8

Methodists of Perryton will join in a county-wide observance of a Week of Dedication, beginning next Sunday, February 28 and continuing through Sunday, March 7. Rev. William E. Fisher is issuing a call for all members to attend these services and make personal commitments.

Bishop Ernest Lynn Waldorf of Chicago enumerated the emergency needs to benefit from the special offerings set aside for this work as follows: spiritual services for men in the armed forces; religious work among families in industrial defense areas; relief for war refugees; aid to chaplains in the Army, Navy and Marine Corps; expansion of missionary work in Latin America; evacuating and re-establishing foreign missionaries; building churches defense areas, and to aid Methodist schools.

"Every member of our church can join in this vast effort—strong laymen, humble people, shut-ins, youth, little children, aged folks—all those who wish to build a better world," said Rev. Fisher.

A feature of the national week of dedication climax on Sunday, March 7, will be the holding of services in every one of the 42,000 Methodist churches in America—the first time this has ever happened on one day.

An opportunity will be given at all services for any who wish to unite with the church. It is thought that several homes of members will be formerly dedicated to Christ during this week.

Fidelis Matrons Have Class Social

Mrs. Earl Miller was hostess for the monthly social of the Fidelis Matrons class of the Baptist Sunday School.

Mrs. Oscar Flowers, president, conducted a short business session which was followed by the Bible study from Isaiah, directed by the class teacher, Mrs. I. R. Buchanan.

Dainty refreshments were served by the hostess to those mentioned and Mesdames Leonard Wright, Dan Manning, Travis Flowers, C. H. Williams, Virgil Castle, Oscar Flowers, Ray Wright, J. H. Stephenson, Hollie Palmer, and Furman Bryant.

Entre Nous Club Is Held Friday

The Entre Nous bridge club was entertained Friday afternoon with Mrs. Ray Nelson, hostess, in her home, 1016 SW Sixth street.

Those playing were Mrs. Jack Todd, Mrs. Crawford Sims, Mrs. Cecil Dodd, Mrs. G. L. Kenzie, Mrs. Chas. Kent, Mrs. J. H. Brashears, Mrs. Jake LeMaster, Mrs. Claud Allen, Mrs. W. R. Cayler, Mrs. Ross Leatherman, Mrs. Ray Weir and Mrs. Glen McGibbon.

Mrs. Todd held high score and Mrs. Sims, second high. Both received awards. The hostess served a refreshment plate at the close of the play.

Methodist Ladies Met on Thursday

The W. S. C. S. of the Methodist Church met February 18, in the home of Mrs. W. E. McMillen for the monthly social.

Mrs. Clifford Beck conducted the second of a series of studies on International Relations and World Peace. An informal discussion was held.

After the program, refreshments were served to Miss Nellie Perry, Mesdames Jack Allen, Claud Carmichael, J. W. Richardson, C. P. Jones, W. E. Fisher, Tom Elizey, Fred Butler, L. M. Brillhart, H. C. Sanford, C. B. Rogers, H. W. Ragan, J. M. Bull, Otis Shearer, H. G. Evans, Clifford Beck, James Bray, D. A. Caldwell, J. W. Chase, E. W. Witt and the three hostesses, Mrs. Charles Garrett, Mrs. W. H. Lance and Mrs. McMillen.

General Sorosis Meet Wednesday

The March meeting of the General Sorosis is scheduled for Wednesday afternoon, March 3, in the home of Mrs. R. P. Hurn.

The program is on "America Goes to War" with Mrs. I. R. Buchanan as leader.

WAR FUND DRIVE starts Monday, March 1, lasting 4 days. 8-11-c

Bride is Honored

Mrs. Dale Kerns, the former Miss Annabelle McCarty, was the honoree at a lovely miscellaneous shower held Wednesday afternoon, 4 to 6 o'clock, by Miss Evelyn Engleman and Miss Helen Doerrie in their home, 402 SE First street. Many friends registered during the calling hours. Punch and cookies were served by hostesses. Mrs. Kerns will leave soon to join her husband, who works at the Boeing Air Plant, Wichita, Kans.

Mrs. Witt Hostess For Victory Club

Mrs. E. Witt entertained the Victory club in the W. G. Hibbs home on Tuesday, February 23, for an all day meeting.

Much of the time was spent quilting for Mrs. J. C. May and piecing on a silk bedspread which belongs to Mrs. Sheldon Wilson. It was voted to give Mrs. Bruner one of the club quilts in token of her services as president during the past year.

Those present for the delicious noon meal were Mr. and Mrs. O. E. Carter and Carl, Mrs. Catherine Mounts, Ross and Charlene, Mrs. E. O. Bruner, Mrs. H. H. Balzer, Mrs. Josephine Stanley, Mrs. Willis Hardy, Mrs. J. M. Bull, Mrs. G. W. Evans, Mrs. Ella Firestone, Mrs. J. R. Phelps, Mrs. Walter Wilton, Mrs. C. E. Cline and Pauline, Mrs. C. E. Bryant, Wm. Fulton, Mr. and Mrs. W. G. Hibbs, Mary, Norma, Mrs. Frank Hibbs and Frank Jr. and the hostess, Mrs. E. W. Witt.

Farewell Party Honors Soldiers

Archie Correll entertained Tuesday evening with a party in the R. T. Correll home honoring Lindsay McWilliams and Bob Bray who are leaving soon for army service.

Pop corn was served throughout the evening. Various card games, dominoes and checkers made the evening pass quickly. Sandwiches, cookies and punch were served at a late hour.

Guests present to help compliment the honorees were Dan Carmichael, Irvin Williams, Dale Parvin, Joe McClung, Kenneth Mullins, Bobby Turner, Gerald Murray and Bill Allen.

Birthday Dinner Surprise Husband

Mrs. A. K. Wilson entertained with a lovely dinner Sunday as a surprise for her husband and in celebration of his birthday anniversary, which was on the following day, February 22.

Plates were laid for Mr. and Mrs. E. L. Whippo, Mr. and Mrs. Omar Truax, Mr. and Mrs. Andrew Milledge and daughters and the A. K. Wilson family.

Surprise Dinner on Birth Anniversary

Mrs. R. H. Holland entertained Saturday evening with a dinner party honoring her husband on his birthday anniversary.

Present for the enjoyable affair held in the Holland home were Mr. and Mrs. Lloyd Holland, Panhandle, Mr. and Mrs. T. O. Pugh, Betty Jean, Delos, and L. Louise, Mr. and Mrs. Carl Blackmore, Mr. and Mrs. Andy Hoover, Mr. and Mrs. Clifford Burns and Barbara Jo, Borger, and Mr. and Mrs. Holland and Robert.

Missouri Ave Club Honor the Roaches

About seventy-five friends gathered at the school cafeteria Friday evening for a sumptuous pot luck supper held in honor of Leut. and Mrs. Curtis O. Roach, who were home on a short leave from Camp Maxey.

The delightful affair was sponsored by the members of the Missouri Avenue Home Demonstration club and the evening enjoyed socially.

A new Troop was organized Monday in the Blue Bird Patrol. Officers elected are Lila Sue Kerr, captain; Gwen Lee Vestal, first lieutenant; Claudine Carmichael, second lieutenant; Tommy Jean Weldon, reporter. Mrs. Kerr is leader for this group.

After the business, Peggy Jean Lovett and Edith Gidley served refreshments to the following scouts: Joan LaFever, Marie Pease, Joan Gunter, Veva Jo Mitchell, Annabell Daniel, Gwen Vestal, Patsy Adams, Lila Sue Kerr, Bertie Lee Brum-below, Claudine Carmichael, Tommy Jean Weldon, Mildred Boren, Marva Jean Chisum and the leader.

Dinner Guests in McGibbon Home

Mr. and Mrs. Glen McGibbon had as their guests for dinner Tuesday evening Marvin Erhart, Amarillo, Mr. and Mrs. Claud Shearer and Mr. and Mrs. O. W. Dunkle.

Value of Home Pantry Increases

COLLEGE STATION.—Now that it has been definitely determined that supplies of home-preserved products will not cause families to forfeit stamps in War Ration Book No. 2 soon to be issued, the well stocked pantry becomes even more valuable.

Before spring gardens come into production many families will need to fall back on their home-preserved foods to assure their families adequate diets, says Winifred Jones, specialist in food preservation for the A. and M. College Extension Service. For that reason they should take the best possible care of home canned, dried and brined foods they have on hand.

Miss Jones suggests that food canned in glass should be kept in a cool, dark place. The darkness helps the food hold color and vitamins. Tinned goods should be kept dry to prevent them from rusting. Rust can eat through metals and cause the food inside the can to spoil. There is a special treatment needed by home-dried fruits and vegetables. These should be stored in tight, moistureproof containers and kept in a cool, dark, dry place. Miss Jones advises that homemakers check their dried products frequently to make certain they are kept dry and that they are not damaged by weevils or other pests.

Waka H. D. Club To Meet March 2

The Waka Home Demonstration club will meet Tuesday, March 2, 3 p. m. in the home of Mrs. J. R. Stump. Miss Sadie Seward, home demonstration agent, will give a demonstration on cheese making.

Rev. Wm. E. Fisher left Monday for Borger to attend a three-day session of the Northwest Texas Methodist Church School of Evangelism.

Mr. and Mrs. K. H. McGibbon, Big Springs, were week-end guests of Mr. and Mrs. Glen McGibbon.

Mr. and Mrs. W. D. Thompson are in Ft. Francis E. Warren at the bedside of their son, Pvt. Elmer Thompson, who is seriously ill with pneumonia.

Mr. and Mrs. L. D. Stinson and Gene returned Wednesday from a weekend stay at Temple.

Mr. and Mrs. Sam Herget left Friday for a visit with their son, Pvt. Irvin Herget, who is stationed at Camp Hawze, and the daughter-in-law who stays at Gainesville, near the camp.

Travel Co-Op way. 9-11-c

Hospital Notes

Muriel Rahenkamp, an appendectomy patient, will leave for her home today, Thursday.

Mrs. Geo. Born, Pollett, is improving following a major operation.

Mrs. Dale McLain is a medical patient.

Gerald Morehead, Balco, a medical patient the past ten days, is showing improvement.

W. G. Caldwell, Booker, entered the hospital Friday. He has bronchial pneumonia and is showing much improvement.

Mrs. H. N. Elledge, Waka, underwent a major operation Thursday.

Her condition is satisfactory.

A daughter was born Sunday, February 21 to Mr. and Mrs. Bill Gray of the Gray, Okla., community. The child weighed seven and one-half pounds and has been named Brenda Kay.

Mr. and Mrs. A. J. Winegart are the parents of a daughter born Wednesday, February 24. The name Zoann Adell, has been selected for her.

Mr. and Mrs. Guenn Blackwell announce the birth of a daughter, Glynis Helen, on Thursday morning, February 25.

Holis Gossett underwent an appendectomy Wednesday evening. Mary Lou Shrader a surgery patient, was dismissed Wednesday.

Mrs. Louis Jacquot is a medical patient, entering the hospital Tuesday.

Ochiltree County Red Cross Chapter

That Extra Something!

...You can spot it every time

A game has to possess an extra something to have such widespread popularity as bowling. That's true of a soft drink. Coca-Cola had to be good to become the best-liked soft drink on earth.

Choicest ingredients and a finished art in its making produce in Coca-Cola a drink that stands apart. Notice how you never tire of ice-cold Coca-Cola. Its taste never fails to please. And Coca-Cola more than quenches thirst. It adds refreshment. Makes any rest-pause, the pause that refreshes. Enjoy it whenever you can.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing... "coming from a single source, and well known to the community."

Youngsters Coca-Cola high in its schedule of recreation. Pure, wholesome, taste-good refreshment. It's the just-right companion for games and social gatherings.

The best is always the better buy!

OFFICIAL NEWSPAPER OF PERRYTON SCHOOLS

PERRYTON, TEXAS, THURSDAY, FEBRUARY 25, 1943

Schools Close Two Days for Food Rationing

The Perryton Schools will be closed Thursday and Friday, Feb. 25 and 26 to enable the faculty to assist with the registration for food point rationing. The faculty will be aided by volunteer workers.

The registration starts Wednesday at 4:30 o'clock and continues until 8:30 p. m. Thursday, Friday, and Saturday, Feb. 25, 26, and 27 registration will begin at 8:00 a. m. and close at 8 p. m. Thursday and Friday and at 6 p. m. Saturday.

Individuals who must file for consumers Declaration in order to obtain War Ration Book 2 are requested to prepare their declaration before they come to the registration site.

Remember that any person who applies for a War Ration Book 2 must present their War Ration Book 1 for "tailoring" before he can secure the second book.

Junior Red Cross Aid Book Drive

The members of the Junior Red Cross have been asked by County officials to back up a book drive in Perryton Schools. The slogan for the campaign is "A book you would like to keep is a good one to give."

It should be called to the attention of the pupils and teachers that only 27 books have been turned in for the entire school. This is another drive to keep up the morale of our boys in service. Why not look over your books and select one or more that you think a boy would enjoy reading in his hours of leisure. It is your duty as a member of the Junior Red Cross and an American.

EL TORO

The Stinnett trip proved to be quite entertaining, didn't it Patsy Ruth Paton, and why are you so anxious to go to Borger?

The students of P. H. S. were in danger of drowning last week, because Lucille Jackson just couldn't stand the thought of her boy friend getting married.

Dub Burleson, you will have to be more careful when asking for dates as you were seen on Lavern Crowe's front porch last Sunday week.

St. Valentine's Day proved to be very successful for Mary P. Calhoun, as she was calmly eating chocolate from John Plummer, and reading a very sweet valentine from a boy in South Texas, a rap sounded at the door. Upon answering the door, a messenger boy gingerly handed her a telegram from the one and only, this made Francis' day complete.

Miss Mitchell—Have you ever seen the Catskill Mountains? June Lince—No, but I've seen cats kill mice.

Jack Elledge, are you sure that Rose Marie Mitchell, from Spearman is your cousin? Really Jack, cousin's aren't so affectionate.

Ruby Ann Patton, you shouldn't be so hard hearted, flirting with R. A. Flowers when you know it will break "Red" Boone's heart.

Betty Pugh realized too late that her heart belongs to A. J. Eudy. In the tender process of A. J. saying farewell, Betty finally admitted her hidden feelings.

Jack Parker has been making campaign speeches trying to influence boys to leave for the army. In so doing he hopes to gain the run of the field. Jack's theory is that the only eligible boy left in school is bound to be popular with the girls. You may have something there, Jack.

Charles Brillhart shocked the public by bringing that pretty little sophomore, Jo Layne Allen to the Musical Gathering Saturday night.

And now for a little friendly advice directed toward Betty Pugh, Betty, if you don't want to stand the idle gossipers on their ears, cause quite a commotion among the girls who are on the high, you had better cease the semi-weekly night walks with Billy Parker. A moonlight stroll is a very nice thing I admit, but when they practically become traditional, it's time to do something.

Two Students Leave for Navy

Last Thursday the students were sadly contemplating the loss of two more students, A. J. Eudy and Miles Sumpter. These boys have gone to enlist in Uncle Sam's Naval Air Corps.

These two boys were not waiting for anyone to fight their battles for them. They have given up the security of their school life and gone to fight the tyranny that has a strange hold on our nation. It is just such boys that will keep old Glory flying over our land, and keep the dictators from making slaves out of our countrymen.

Let's wish these boys the best of luck and a mighty prayer for their safety.

Co-Op lub. lasts longer. 9-12

Perryton Girl is Panhandle High School Press Officer

CANYON, Feb. 15—Ann Herndon of Perryton High School is one of the new officers of the Panhandle High School Press Association. These officers, pictured above, are Mary Nell Gibson of Amarillo, president; Miss Herndon, vice president; June Nix of Happy, secretary; and Joyce Carr of Canyon, treasurer. They were elected at the recent press conference in Canyon.

Victory Concert Is Given Friday

The Ranger Band and A Capella Choir presented their second victory concert in the drive to sell war bonds and stamps. The concert opened with the band playing "God Bless America" and the audience joining in the chorus.

The band played several numbers led by Don Hayes. This was followed by numbers from the choir led by Miss Elizabeth Jamison. The concert closed by the band playing "The Star Spangled Banner" as the entire audience stood and sang it.

The Victory Club announced that the sales dropped to about \$197.50. The first concert enabled the sale of about \$1,500 in bonds and stamps.

Hobbies

Dana Lailment

Most everyone has a hobby and often they get started in unusual ways. Take for instance Miss Verna Harris's hobby of collecting dogs. She never had given them much thought, however she did have two little black and white china dogs that guarded the books on her desk. A versatile pupil of hers was impressed by these dogs and composed a poem about them. Then and there was the beginning of a collection of dogs.

The one that interests me most is the little black dog with a tummy full of paper clips which she uses on our themes in English 4. But the mournful looking hound and the pug-nosed bulldog, the aristocratic poodles and the absurdly proportioned dachshund all have charms.

The ones in Miss Harris's room are but a few in her collection, because she has almost two hundred. They came from twenty-six states, the Dominion of Canada and Mexico. From Niagra Falls to Caribish Cavern and then on to Hollywood, I wish they could talk so that they could tell us of their unique and interesting histories.

Rationing Needs Are Explained

Today it is our duty to keep well, buy carefully, and waste nothing. We can keep well by eating a balanced diet, buy carefully by keeping well informed, waste nothing by using every morsel of every bit of food we buy.

Point rationing is the plan whereby civilians will have enough of the necessary foods. Reasons why this plan is needed are: a few selfish and inconsiderate people buy more than their share; lend-lease demands are great; a soldier eats twice as much as a civilian; transportation, labor, and other shortages may cut down on production.

Are you eating a balanced diet? More specifically, are you eating the right foods in the right amounts to keep you in good health? Here are the foods in the least amounts that a proper diet must contain: milk, one quart a day for a child and one pint for an adult; eggs, three or four a week; fruits and vegetables, three or four servings every day, meat, poultry, or fish, one serving every day; bread, butter, fats, oils, sugar and desserts as needed.

We in a wheat growing country should, in particular, eat unrefined and whole grain cereals often, since there is a surplus of them here and they are the best source of important vitamin B1.

Remember to never cut down on the protective foods: milk, eggs, fruits and vegetables, lean meat, whole grain cereals, and whole grain or enriched bread.

If some food you need has a high point value or is not available, don't forget that there may be a substitute almost as good. For example, cheese, peas, beans, and other lentils may be served in place of meat, and some unrationed green leafy vegetables contain as much vitamin C as some fruits.

In short, be wise, be careful, be cooperative and you will eat well and be healthy while you are also being patriotic.

Let Co-Op serve you better. 9-12

EDITORIAL

TAKE YOUR CUE
Dan Carmichael

Was that last play you saw a flop? Why was it? Was it "corny" actors, bad acting, or was it a poor audience? About half the plays that are "duds" owe their downfall to their audience.

To be able to be a good audience you must be able to listen intelligently. Listening only to criticize is neither helpful to actors or an audience. If one person laughs at some insignificant thing, the performers immediately become restless thinking they are the cause of the laughter, and will do some bad acting.

To be helpful to the actors an audience must consider itself part of the performance. If the audience is very responsive it may inspire the actors to a better performance of which they had never dreamed.

If you are watching a serious play, don't laugh at any little thing that attracts your attention. An audience must take its cue as does an actor; otherwise the actors are mixed up.

One should never walk out during a play. If you must leave, wait and go out quietly between acts. If it is imperative that you leave immediately go quietly without attracting attention, and do not walk between the audience and the performers.

The audience has a chance to practise the Golden Rule. As the actors put themselves in the place of the audience, so should the audience put themselves in the place of the actors.

Basketball Closes Season with Loss

Friday, Feb. 19, Perryton lost their last game of the 1943 season to the Turpin Cagers by a score of 32-22. The second team defeated the Second stringers of Turpin by 32-28.

The Perryton Town Team was defeated last Wednesday night, Feb. 17, by the Ex. High School team. The score ended at 69-53 with both teams fighting every minute of play. Star performers of the town team were Jake LeMaster and Sam Port, and for the Ex's, Joe McClung and Lindsey McWilliams.

Orchids to: Dan and Don Ellis, Jack and Bill Parker, Gale Rogers, Bill Allen, Jack Phelps, Tommie Bishop, Johnnie Dunlavy, Robin Watkins, Clayton Schollenbarger, Dean Bennett, Travis French and David Stollings, who made this year's team a success.

Due credit should be given to Coaches George Philbrick and Tom Slack for their successful work and a good season.

Income Tax

RETURNS PREPARED!

This is to inform our customers and others who wish to avail themselves of our service, that we have on hand a supply of forms for Income Tax Returns for the year 1942 and are now ready to prepare returns, as has been our policy for the past 24 years.

We have made a special study of the 1942 Income Tax Laws and believe that we can save you considerable money, bother and time by making out a return for you. Our fees are reasonable. We take care of any future correspondence concerning your return.

Students Observe 'Flag Raising'

Beginning last Monday, Feb. 22, the school is observing an age-old custom, the flag raising ceremony, which had nearly been forgotten thru the years.

Each morning at 9:30 the group of senior boys, designated by our superintendent, C. Wedgeworth, will raise the flag. At the first notes of the bugle the students in homeroom, on the campus, or anywhere in the building will come to attention. When the bugle dies away the students will repeat the pledge to the flag.

This ceremony was started last Monday morning at 9:30. Everyone followed their instructions correctly, as "Old Glory" unfurled in the crisp Panhandle breeze.

"Lord of Lonely Valley" is the book she enjoyed most, and the music of Guy Lombardo's orchestra best suits her musical ear. When asked her favorite subject, Mabel just couldn't make up her mind between speech and bookkeeping, and she likes all foods. For fun, just in the summer mind you, she likes to swim. Her hobby is collecting funny books; pet saying is "What's it to you?" and her pet peeve is the habit some people have of "smacking" their gum. Mabel is looking forward to enlisting in the W.A.A.C.

Rooms Elect New Officers

New officers for this semester were elected last week. They are as follows:

SENIOR CLASS: Run-off between Peggy Thomas, John Daniel, and Kenneth LaMaster for president. Run-off between Donald Ellis, Isabelle Cagle, and Wilbur Cotner for vice president.

JUNIOR CLASS: Edwin Pletcher, president; Run-off between Jack Igou and Gale Rogers for vice president.

SOPHOMORE CLASS: Run-off between Quentin Engleman and Virginia Williams for president. Shannon Daniel, vice president.

PERRYTON HIGH SCHOOL PLAYERS: Run-off between Bill Allen, Ann Herndon and Mary Ellen Moss for president; Norma Lawrence, vice president.

HOME MAKERS' Club: Audrey Lee Stump, president; Mary Lou Rupperecht, vice president.

TYPING CLUB: Ruby Thrasher, president; Vivian Williams, vice president.

SERVICE CLUB: Clara Davis, president; Billie Jo Hoy, vice president.

FOR VICTORY, BUY BONDS—

Meet the Seniors

That musical chemist, that chemical master mind, "professor" W. G. "Dub" Burleson, was born in Amarillo, June 25, 1923. He came to P. H. S. only this school year from Clayton, N. M. Personal data on "Dub" is: most enjoyed movie, "Lost Horizon"; favorite actor, Ronald Coleman; actress, Hedy Lamarr; book, "Twenty Thousand Leagues Under the Sea"; preferred subject, chemistry; pet saying, "Cheese it—the cops." The "prof's" first choice among foods is oysters; comedian, Bob Hope; and orchestra, Glenn Miller's. His hobby is playing hot music, and you can consider that "hot" as underscored. When he has time for fun, "Dub" works in the "lab," and his ambition is to start another Glenn Miller's orchestra, and work in a chemical laboratory. "Dub" gave the following as his pet peeve, and anyone who can figure it out should, by rights, receive some sort of medal, quote: "Disintegration of Uranium, Polonium, Radon, Radon, and etc. It fools 'em." That's right, "Dub," it does fool 'em. In fact it baffles, bewilders, befuddles, and flabbergasts 'em.

Mabel Carpenter was born in Perryton, June 2, 1926, and has done all her school work to date in the Perryton Public Schools. Mabel is not a devoted movie fan, but she never misses radio's Red Skelton and Baby Snooks programs.

SHADE OF THE HAT

Everybody has been wearing the cutest smiles around here lately. W. E. Perry has been busy most of last week taking pictures of the various organizations in school.

Grade School helped to advertise the Speech plays by making posters that were posted over town. The Speech class appreciates this deed a great deal.

The Juniors have added one more name to their roll, Carmen Kizmar of Spearman.

At last High School has reached their goal of 90% on Stamp and Bond sales. So Junior High and Elementary Schools won't be the only one with the Minute Man Flag waving high over their buildings. This is something the school should be proud of, 90% of the entire school has bought bonds and stamps this year. Come on kids, let's make our school 90% every month for the duration. Who said P. H. S. hasn't got what it takes?

Coach Tom Slack has really been putting the Commando boys thru the paces. Johnnie Daniel was the "victim" last week. He received a broken rib while boxing with Clayton Schollenbarger.

The Applied Math students are getting a lot of experience. The boys of the class are measuring the entire campus while the four girls of the class are deeply engulged in measuring the halls. Now if you see a bunch of kids down on their knees either in the halls or on the campus you'll know it's the Applied Math class.

Mary Lou Shrader, a second-grader, and Muri Rahencamp a '42 graduate were both operated on for appendicitis last week. We wish them a speedy recovery.

Orrel and James Daniel were ab-

Stamp Sales in Elementary School

The Elementary School sold \$293.55 worth of War Stamps this week. Mrs. Sam Port's room was first with \$53.90. Miss Mayme Holcomb's room was second with \$46.35.

The 100% rooms were Miss Mary Louise Yoe's and Mrs. Doyle Thompson's. Mrs. Thompson gives credit to one of her pupils for a plan that made her room 100%. The plan was presented by a small boy who sold rags to get his money for stamps. When he related his story to the class and suggested that the others could get their money the same way, the class voted to try the plan. The results was that each child brought rags and bottles

sent Thursday and Friday of last week due to the death of their grandmother.

Peggy Thomas and Lena Mae Wilson spent Friday in Amarillo. Pvt. Irvin Lilly a '40 graduate, visited P. H. S. Wednesday, "Buck" is in the Air Corp stationed at Albuquerque, N. M. and was on a ten day leave.

Another former student of P. H. S., Glen McWilliams visited home last week on a 72 hour leave. "Spog" is in the Glider School at Dalhart. Donald Schuster and Robert Holland were in Lubbock last week-end with Donald's parents, Mr. and Mrs. O. A. Schuster.

Fairy Manning was absent several days last week due to sinus trouble. Hearts failed the Speech Class and their sponsor, Miss Verna Harris, when word was received of Bob Bray's illness. Bob had a leading role in "Afraid of the Dark," one of the Speech plays presented Tuesday night. But Bob recovered and the plays went over with a bang!

enough to give them a class of \$6.32. This was enough to buy two ten cent stamps and give a child a nickel to save for next week.

Musical Numbers Chapel Program

Miss Mayme Holcomb's room presented a clever musical program in grade school chapel Thursday, Feb. 18. This performance was broadcast over imaginary radio station U. S. A.

Among the participants were: Miss Sam, as master of ceremonies; Miss Liberty, representing the period of patriotic music; an Indian maiden, a pilgrim, a colonist, representatives of civil war and of 1812 periods, a group of darkies, a pioneer, and a cowboy. Each of these led a song or from their respective sections of American music. Outstanding in the program were two dances: one by Ann Wedgeworth and Jean Stark. Patsy O'Dell acted as master of ceremonies.

Former teacher, C. C. Baker, a visitor and brief speaker.

BULK SEED

For Your

Victory Garden

The Second Call to America's Gardeners is even more pressing than last Spring's! Every American who has a plot of land is asked to raise more vegetables and fruits in '43 to help release more food stuffs for our armed forces and allies, to save transportation heretofore used for the nation-wide distribution of foods . . . to sustain the home front without fear of a food shortage. Mobilize your garden for Victory today—rely on Equity Field and Garden seed.

TREASURY DEPARTMENT

Bureau of Internal Revenue

Washington, D. C.

Federal Income Tax Material No. 8

Income of Farmers

Farmers, which include livestock raisers, fruit and truck growers, poultry raisers, and operators of plantations and ranches, are liable for Federal income tax returns provided their income is sufficient to require the filing of returns. Primarily, due to the reduction in the credit for personal exemption, many farmers will be liable for returns and to the tax for the first time for the year 1942.

Farmers may maintain their records and file their returns of income on either the cash receipts and disbursements basis or on the accrual basis of accounting. A consistent method must, however, be employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses," is required to be filled out and filed in conjunction with Form 1040. Use of Form 1040F is optional in the case of farmers who report income on the accrual basis. A farmer who reports income on the cash receipts and disbursements basis (in which no inventories to determine profits are used) must include in gross income for the taxable year (1) the amount of cash or other property received during the taxable year from the sale of livestock or produce which were raised, regardless of when raised; (2) the profits from the sale of any livestock or other items which were purchased; and (3) gross income from all other sources.

Under the accrual basis in which inventories are used to determine profits, farmers' gross profits are ascertained by adding to the inventory value of livestock and produce on hand at the end of the year the amount received from the sale of livestock and produce, and miscellaneous receipts of income during the year, and deducting from this sum the inventory value of livestock and produce on hand at the beginning of the year and the cost of livestock and produce purchased during the year. All livestock, whether purchased or raised, must be included in inventory at their proper valuation. Livestock acquired for draft, breeding, or dairy purposes and not for

sale, may be included in the inventory instead of being treated as capital assets subject to depreciation, provided such practice is consistently followed.

If farm produce is exchanged for merchandise, groceries, or the like, the market value of the articles received in exchange is to be included in gross income. The value of farm products which are produced by a farmer and consumed by his family does not constitute taxable income. Rents received in crop shares are to be returned as income as of the year in which the crop shares are reduced to money or the equivalent of money. Proceeds of insurance, such as hail and fire insurance on growing crops, are required to be included in gross income.

Amounts received as loans from the Commodity Credit Corporation may, at the option of the taxpayer, be considered as income and included in gross income for the taxable year in which received. The election once made is binding for all subsequent years unless the Commissioner approves a change to a different method of accounting. Amounts received under the Soil Conservation and Domestic Allotment Act, as amended, the Price Adjustment Act of 1938, section 303 of the Agricultural Adjustment Act, as amended, and the Sugar Act of 1937 constitute taxable income to the recipients for Federal income tax purposes.

Gray Community

Mr. and Mrs. C. E. Delano and Mr. and Mrs. J. W. Mounts enjoyed a delightful birthday supper given Sunday evening in the Delano home for Carl Delano.

Mrs. Helen Agner and son and Clyde Tregellas, Alva, spent the week-end visiting with Mr. and Mrs. E. R. Tregellas and Mr. and Mrs. C. F. Tregellas.

Mrs. Wayne Lewis, daughter of Mr. and Mrs. E. R. Tregellas, came in Monday from Sweetwater for a visit with her brother, Jack Tregellas who is in the Army Air Force and will leave on Wednesday.

Mr. and Mrs. Carl Delano and Mr. and Mrs. Jack Lailement enjoyed Saturday evening visiting in the Frank Leatherman home.

Mr. and Mrs. Howard Cassidy and daughter, Marilyn, were Beaver business visitors, Friday.

This community will register for War Ration Book 2 at Howard Cassidy on February 26 and 27.

Dale Springmeyer has been busy the past week plowing victory gardens for his neighbors.

Dale Kerns returned to Wichita, Kans., Tuesday after a few days visit at home. His wife will join him later.

WAR FUND DRIVE starts Monday, March 1, lasting 4 days. 8-11-c

Blue Mound

Mrs. Walt Clark returned to her home Friday from the Beaver hospital where she has been a patient two weeks following a major operation. She is doing nicely. Mrs. H. E. Pattison, Mrs. Nelson and daughter, Sharon Ann and Mr. and Mrs. L. V. Noe called on Mrs. Clark Saturday.

Balko school was dismissed Monday so the teachers could take care of the registration for Ration Book 2.

Dean Stump was a dinner guest of LaVaun and Ralph Pattison, Sunday.

Mrs. Eleanor Kilman and Jimmy arrived last week at the home of her mother, Mrs. Lena Partridge.

Mr. and Mrs. Newton Milton, Hamburg, Iowa, former residents of this community lost their oldest child, Bryce Lynlee, on January 28.

Death was caused by an injury received when Lynlee was kicked by a horse. There is one other child, Della Lou.

Alton Wayne Pattison, who has been in school in New York the past three months, has been returned to Miami Beach, Fla. for assignment.

Mr. and Mrs. L. E. Rorbaugh and Maxine and Mrs. Emma Bull visited with Mrs. Alma Rorbaugh, Sunday.

Little Billie Dragon spent the week-end visiting with his grandmother, Mrs. B. A. McFarland.

Mr. and Mrs. T. B. Morris, Mrs. Lena Partridge and Mrs. Eleanor Kilman and Jimmy visited Sunday in the Albert Morris home, Stratford.

Lieut. and Mrs. Curtis O. Roach left Tuesday morning to return to Camp Maxey after spending a week with his parents, Mr. and Mrs. F. Roach. Mrs. Harry Blossom, sister of Lt. Roach, and Mrs. Doris Orr, a friend, who have been visiting here, accompanied Lieut. and Mrs. Roach to Paris for a short stay before returning to their homes in Denver.

Notice to Car Owners

Highway Department Instructions:

You must have PHOTOSTATIC COPY of CERTIFICATE of TITLE with you when you come to obtain car license.

1943 Motor Vehicle Licenses are now due and must be paid between now and April 1st. License plates can be placed on your car March 1. We urge you to buy them early in order to avoid such a rush at the last moment.

Car owners applying for 1943 license plates, must have their 1942 license number, or bring receipt for 1942 license. Car owners driving motor vehicles with out-of-county license for 1942, must present 1942 car license receipts.

Farm Truck must be weighed before Registration and affidavit made to that effect.

Money for all Car and Truck registrations remains in Ochiltree County

No. 4 Continued from Front Page

Series E for redemption prior to maturity may be required by regulation. No regulation in such respect has been made, and if one is made in the future you may be sure that it will only require reasonable notice. One month's notice, in writing, is now required, of course, for redemption of Series F and G bonds and this has been the case from the time of their first issuance.

No. 5 Continued from Front Page

p. m. until 8 p. m. at the courthouse. She will give mental alertness tests, complete preliminary steps toward enrollment and issue transportation to Lubbock where applicants will complete enrollment.

No. 8 Continued from Front Page

Registration of the public for a new program such as the point rationing program is a gigantic task and requires the patience and co-operation of every consumer and business man.

Mr. and Mrs. W. E. Perry, Jane, and Mrs. Oscar Blank, were visitors over the week-end with Mr. Perry's parents in Hico and Jamilton. Mrs. Horace Lackey and Myrtle Mae Conley accompanied them. Mrs. Lackey stayed in Oklahoma in the home of her sister, Mrs. George Gentash and Miss Conley was a guest of Cpl. Arch Talley, Dallas.

Mr. and Mrs. W. E. McMillen spent Sunday visiting in the home of their nephew, Bruce Seitz, near Notia. Others present were Bruce's mother, Mrs. Ruth Seitz, Durango, Colo., Mr. and Mrs. Joe Williams, Pampa, and Mr. and Mrs. Roy Williams and Sibyl Ray of Glazier.

Add 70 to Old Age Roll in January

AUSTIN, Feb. 4.—The Old Age Assistance rolls made a net change of only 70 persons added during January, as compared with a net increase of 809 during the previous month, the State Department of Public Welfare announced today. The rolls now number 183,362. The average payment this month will be \$20.62, an increase of thirty-one cents over the January average. Payments during February will total \$3,780,023 from state and federal funds.

During January 1,284 old people were removed from the rolls because of death and 978 because they were no longer in need or failed to meet other eligibility requirements. Those added to the rolls totaled 2,032.

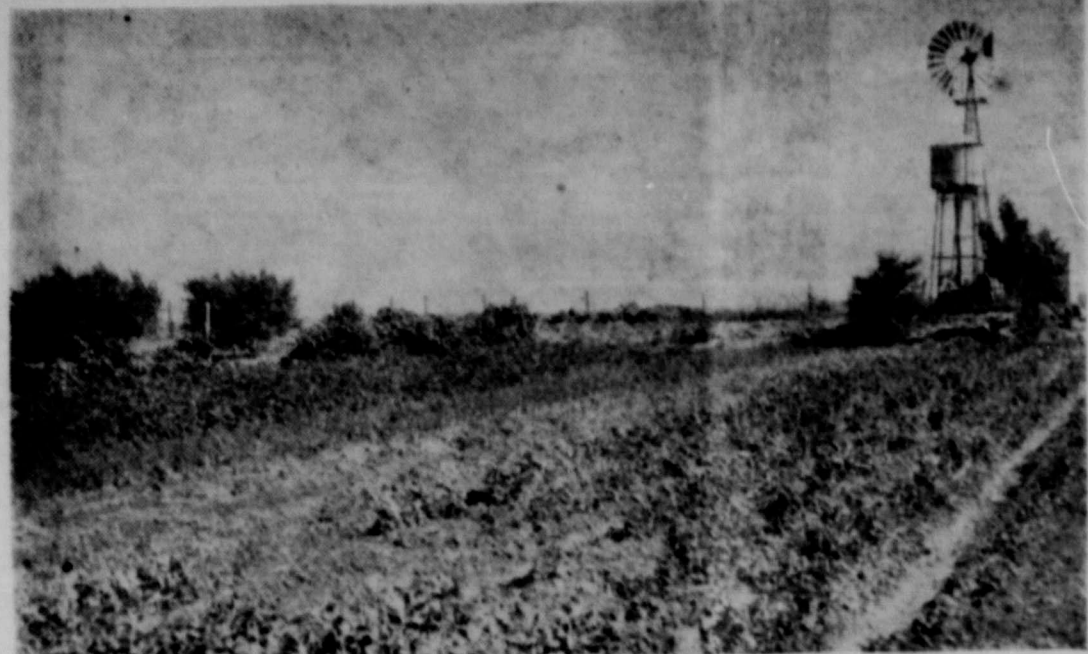

Several factors combined to keep the old age rolls virtually static in January. The death rate, always high in late winter and early spring among the aged, was unusually high in January. Also, the department shifted emphasis from new investigations to reinvestigations in order to validate current grants in compliance with its agreement with the Social Security Board and this resulted in an unusual number of denials based on change of financial status. Increased earnings, soldier's allotments, and property and farm income were mainly responsible for bettered circumstances. In addition, it was pointed out, trends have always revealed that the psychological effect of a cut is to discourage new applications and the current cut is no exception.

Blind assistance rolls made a net increase of 74, bringing the total on the rolls up to 4,180. The average aid to the needy blind payment for February will be \$23.40, as compared with \$23.30 during January. Payments to recipients during this month will total \$97,809.

Aid to Dependent Children rolls continue to decrease as they have since December when the program was reorganized because of insufficient funds. The present policy of the department is to pay grants in full to a limited number of families "in greatest need," since a policy of prororation among all the eligible families would cause the available funds to be spread so thin that each child could receive only \$3 or \$4. In February 11,875 families will receive checks averaging \$21.40. This may be compared with the program last November, before the change of policy, when 22,501 families received checks averaging \$10.55.

The 11,875 families now on the Aid to Dependent Children rolls represent 26,796 children. The net decrease in number of families on the rolls during the past month was 68. Payments to recipients will total \$254,093 during February.

Harold Makore, manager of W. W. Virtue Dry Goods, was taken to Shattuck Hospital for an appendectomy on last Thursday. His condition is satisfactory.

Windmills and storage tanks like the one above to grow war gardens are available to many farmers in Ochiltree County through the water facilities loan program of the Farm Security Administration. Loans also are available for the drilling wells, constructing new or repairing old farmstead and irrigation facilities.

Today, more than ever before in American history, food is needed. Today, more than ever before in American history, a large part of the world looks to this country for food. Much of this food can be grown in areas where water from underground sources can be tapped to supplement scant and erratic rainfall.

The Federal Government, thru the Farm Security Administration's water facilities program, can make loans to farmers for drilling and equipping wells for livestock and domestic use and to irrigate up to one acre of garden land. Farm Security's water facilities lending program also is available to low-income farmers for farmstead facilities, and in certain areas approved for irrigation, to drill wells and buy pumps and other equipment or to purchase water stock in existing irrigation companies.

Many existing farmstead water facilities can be repaired, enlarged or extended to make better use of water for livestock production, vegetable production and so forth. Farm Security loans are available for these purposes.

"Uncle Sam," said Arthur R. Turner, Rural Rehabilitation Supervisor for the FSA, "cannot afford to miss an opportunity to increase the nation's food supply in 1943. We hope to increase production this year by making water available to livestock producers who otherwise could not attain maximum production."

Mr. Turner said water facilities loans are made for a period of time to cover the life of the facility or up to 20 years, at 3 per cent interest. He asks all farmers and ranchers interested in improving their water supplies to contact him soon at The Farm Security Administration Office in the Ochiltree Building, Perryton, Texas, on Saturdays only.

Red Cross Makes Drive in March

This clears away any national drives which might compete with the most important Red Cross campaign in March.

With these words, the President of the United States has approved plans intended to leave the spring months free of any war fund appeal other than that made by the American Red Cross, according to a statement today by Judge Dave Shanks, chairman of the Ochiltree County chapter of the Red Cross.

March has been declared Red Cross month by the President and the Red Cross War Fund appeal will be combined with the membership enrollment during that month in this community and all others in the nation.

Next October, under the nationally-approved plan, is the time set for nation-wide efforts for contributions to a "National War Fund," combining in one united campaign the money raising activities of Community Chests and major war relief agencies other than Red Cross.

Chairman Shanks, in explaining the "green light" given the Red Cross appeal in March, quoted a report to the President by Joseph E. Davies, chairman of the War Relief Control Board. Davies said:

"The Red Cross will, of course, conduct its separate campaign in March for its important world-wide service, and these two will then remain the only national war appeals, as you contemplated. The country now can give its full backing to each of these drives as they come, the Red Cross in the spring and the National War Fund in the fall."

"The Red Cross will, of course, conduct its separate campaign in March for its important world-wide service, and these two will then remain the only national war appeals, as you contemplated. The country now can give its full backing to each of these drives as they come, the Red Cross in the spring and the National War Fund in the fall."

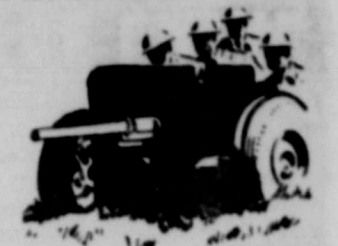

Mrs. R. T. Correll, Mrs. R. C. Allen and Mrs. Irene Correll and Randolph Lewis left this morning, Thursday, on a week's trip. Mrs. Correll will visit in Denton with her daughter, Miss Virginia and Mrs. Allen will visit her daughter, Miss Winona, a student in Teachers College, Denton. Mrs. Irene Correll and son will go on to Fort Worth and spend the time with relatives.

Mrs. Boyce Tucker and son, Lynn, left Wednesday for their home in Katy after a two weeks visit in the home of her parents, Mr. and Mrs. A. J. George and family. Miss Wilma, who has been working in Enid, came with them and remained at home.

FOR VICTORY: BUY BONDS—
If It's Co-Op It's OK. 9-tfc

What You Buy With WAR BONDS

Uncle Sam's lighter 37-millimeter anti-tank guns are dubbed "tank killers." They are attached to the infantry, not the field artillery, and cost approximately \$6,500 each. They have proved particularly effective in anti-tank warfare.

They are mobile, mounted on automobile tires and can be rapidly moved from place to place. Your purchase of War Bonds will help pay the cost of these field pieces necessary for our Army in this War. In the Payroll Savings Plan at office or factory and let's "Top it ten percent" by investing at least ten percent of your income in War Bonds. U. S. Treasury Department

"It Takes Both"

It takes an Isbell and a Hutcheson... a Sammy Baugh and a Dick Todd to form a forward pass combination. It takes both... War Bonds and Taxes to win this war—a war for freedom and humanity. Are you doing your part? U. S. Treasury Department

Boyd, Oklahoma

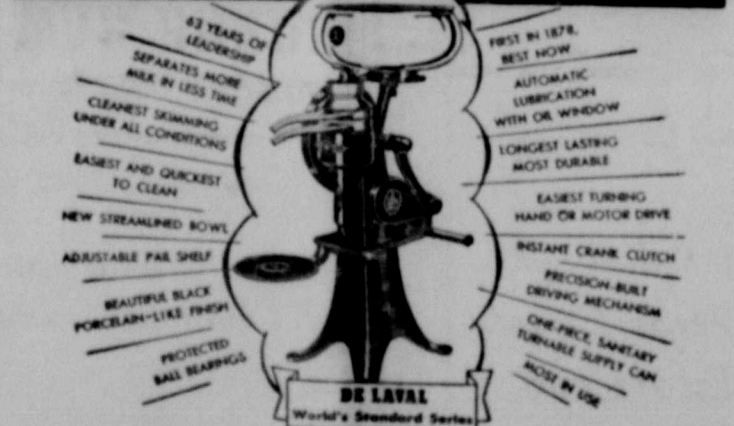

The weather makes one think of green beans and chicks. Mrs. Carter and Emma Claybrook visited with Mrs. Gilbert and Opal Gibson Wednesday.

Mr. and Mrs. Richard Coburn, Hardesty, spent Thursday afternoon in the Ed Claybrook home.

We were sorry to hear of the passing of Mrs. Carrie Daniels. The Daniels were early day settlers near Boyd.

Henry Peters is hauling and stacking feed.

W. A. Carter, Hardesty, lost a good milk cow by founder.

DE LAVAL SEPARATORS
Have Never Been Equalled in the Features that Count

It has been said that De Laval Separators have often been matched but never equalled. For cleanest skimming, lowest cost per year of use, easiest running, longest life and greatest earning power, a new De Laval Separator is the answer. We will gladly arrange a free trial without obligation. Easy payments.

De Laval Junior Series—De Laval Quality in Smaller Capacity Separators

De Laval Junior Separators provide De Laval quality and performance in lower priced machines for smaller butterfat producers. Made in five sizes—all models except the No. 1 can be equipped with high or low stand and electric motor drive.

Plainview Hardware Co.**Over 500,000 Typewriters Are Needed**

It is estimated that over 500,000 typewriters will be needed in 1943 to take care of the needs of the armed forces. Horace Hudson, Commander of Peirce Johnson Legion Post has been asked by state officials to enlist a group to procure as many machines as possible. All Texas Legion Posts are cooperating with WPB officials in this drive.

The Government wants to buy every standard typewriter possible made since January 1, 1935, exclusively for the armed forces. Cash prices higher than the 1941 trade-in allowance are paid on delivery. Purchases are completed by typewriter manufacturers, agents and dealers under contract as buying agents for the Government. Any one having a machine to sell should notify Mr. Hudson and proper steps will be taken to place the machines in proper sources.

The Perryton schools have already released one-fourth of their machines for Government use. Business organizations are asked to release 25% of the total of their machines.

third raid "virtually wiped out" this strategic port.

Eisenhower Assumes Command

Consolidating Allied forces on the North African front, Lt. Gen. Dwight Eisenhower formally assumed his new post as commanding general of the African theatre, with three of Great Britain's outstanding Mediterranean war leaders in his command set-up: Sir Harold R. L. G. Alexander will be deputy commander in chief; Air Marshal Sir Arthur Tedder will be supreme allied naval commander in the Mediterranean.

Although there has been little reports from allied ground forces on the Tunisian front, U. S. Planes have covered wide areas of the African-Mediterranean theater, bombing Gabes, Sousse and Bizerte, on the Tunisian Coast, and Axis air bases and ports in Sicily, Sardinia and Crete, inflicting heavy damage and taking a high toll of enemy fighters attempting to intercept.

Air warfare continues in the Pacific, with U. S. Army and Navy planes attacking Munda on New Georgia Island, Celebes in the Dutch East Indies, Kolombangara Island in the New Georgia group, and Kiska in the Aleutians. A new Dutch Squadron is now operating with Gen. MacArthur's air forces, and last week this squadron was part of a formation that sank or damaged six Japanese ships and shot down five or six intercepting planes in a series of shattering attacks on a 1,800 mile front covering the entire Australian zone. Several of these raids were aimed at Dutch Japanese-held port in the Aroe Islands between Dutch New Guinea and Australia, and the

Spencer Whippo Gives Lecture

Spencer P. Whippo of West Texas State College will lecture Wednesday evening at 8 o'clock in the Auditorium U. S. O. Topic of his address will be "Soils and Life." Mr. Whippo has lived in the Panhandle of Texas most of his life and is well known as a popular and interesting speaker. His talk will deal with human beings, their problems and relations in connection with the land upon which they live. This is an open lecture for civilians and soldiers. Members of A. A. U. W. and Beta Sigma Phi sorority will serve as hostesses, and an open house for soldiers and guests will be held following the lecture—Amarillo Times.

Clarence Morris, son of Mr. and Mrs. R. M. Morris, Perryton and a junior at East Texas State College, Commerce, made the college honor roll for the past semester. Mr. Morris plays center on the football squad and received a medal as all-star center. He is in the Navy Reserve.

Mr. and Mrs. J. C. Walter, Mendota, Ill., came in Tuesday for a visit in the home of her brother, H. J. Boudorf and Mrs. Boudorf. They are enroute home after a visit with their son in Austin.

ODT Issues Rules For Idle Trucks

Specific rules for the use of trucks not in service were today by N. F. Nelson, Manager, Office of Defense Transportation division of motor port. Trucks temporarily idle must be properly cared for to prevent their deterioration. Careful maintenance will pay them for re-entry into service.

The first rule calls for places which give the truck complete protection from the weather. As an added precaution, they should be covered by paper or tarpaulin to keep dust and dirt from into the moving parts.

Cooling systems should be flushed and the fuel tank lines also should be emptied of sediment formations. An ounce of lubricating oil should be poured into each cylinder the engine slowly turned to give the piston walls a protective coating. Oil should be applied to all other moving parts accessible, while grease should be left in transmissions and axles. Unpainted parts of the truck should be coated with grease.

Mr. Nelson recommended that emergency brake released should be removed for periods every three weeks during weather, every six weeks in winter.

Tires should not be deflated, wheels and tires should be stored in a horizontal position in a cool, dark place.

Please Folks... Would You Mind Bringing a Metal Hanger with Your Garments?

Folks, did you know that for the duration, we can't buy any garment hangers? Uncle Sam needs the metal in them for vital materials. Now we have conceived the idea of asking our customers where it is possible, to bring in a hanger with each suit or dress. No, we realize that this is impossible in lots of cases... but in other instances there are thousands of hangers that are idle.

THREE "Don'ts" THAT WILL MAKE YOUR IRON LAST LONGER

DON'T use your iron if handle is rickety. The constant wiggling of a loose handle causes plug to rock back and forth on rigid terminals in iron socket. This in turn produces arcing or flashing of electric current inside the plug, which burns and pits the terminals, resulting in poor electrical contact and slow or irregular heating, or perhaps no heat at all. Always have your iron handle tightened at the first sign of looseness.

DON'T pull plug from iron socket while cord is connected to outlet. Each time you do so, the electricity arcs or flashes when connection is broken, gradually burning and pitting the terminals and eventually resulting in unsatisfactory operation of iron due to damaged electrical contacts. Always disconnect cord at wall outlet. If your iron is automatic, use thermostat to regulate heat instead of pulling plug.

DON'T drop your iron. Of course, you wouldn't do this intentionally, but use every precaution against it. Dropping your iron may break inside connections or damage the thermostat. More irons are put out of commission by being dropped than by any other single cause. Always set iron firmly on a stand or its heel rest... never on a sloping or slippery place.

OTHER TIPS on Iron Care: Avoid ironing over buttons, hooks, zippers and other hard articles that might scratch sole plate... Keep bottom of iron clean by wiping with damp cloth when cool or by using mild abrasive or fine steel wool if necessary... Never immerse iron in water... To remove starch, sprinkle a little salt on waxed paper and run warm iron over it... Never wrap cord around hot iron... Always let iron cool before putting it away.
