COMPLETE NEWS AND ADVERTISING COVERAGE OF THE GREAT TALCO OIL FIELD

THENTY-SIXTH YEAR

TALCO, TITUS COUNTY, TEXAS, THURSDAY, JULY 19, 1962

NUMBER 23

Wright Patman's Weekly Letter

1st Congressional Dist. of Texas
"Heart of the Gulf Southwest"
Timing on tax cut uncertain.
Groups as widely separated as the AFL-CIO and the United States Chamber of Commerce have agreed with the Administration that tax cuts are necessary. Further, they have recommended that this be done now. Opinion in Congress is divided as to whether this year or next year would be the proper time for such a cut. With the passing of each week, however, the chances for adoption of this measure during the current Congress become less.

Increased depreciation allowances given. The Treasury Department has announced its new schedule of more liberal depreciation for tax purposes. This allows businesses and industries to depreciate their equipment more quickly for tax purposes. For instance, instead of writing off one-tenth of the cost of an item each year for ten years, a business might now write off one-sixth of the cost in each of six years on a given item. The length of depreciation depends on studies made by the Treasury Department on the actual useful life of the article. It is anticipated that this move will result in an increase in orders for new plants and equipment in the remainder of 1962.

Banking Monopoly. The dangers of banking monopoly were dramatically illustrated recently in a hearing before the Banking and Currency Committee by Robert V. Roosa, Under Secretary of the Treasury for Monetary Affairs. According to Mr. Roosa: "The German banks are probably the tightest monopoly of any set of financial institutions anywhere in the world because they control the commercial banking as well as all of the investment banking in the country. Just a few of them are able to maintain interest rates such that, as you may have seen, their government just had to borrow in the open market and pay six and a half per cent. There was no other choice in the German free market. That is where rates are kept by these practices. At this rate, we would be paying about twenty billion dollars a year interest on our National debt."

Accidental atomic war has long been a worrisome possibility. The chance that World War III might commence through the accidental firing of an atomic missile will soon be virtually eliminated if Congress approves the President's request for an appropriation to provide remote-controlled electronic locks to prevent accidental or unauthorized firing of nuclear weapons. This new secret device is described as controlled by radio signal to be sent from command headquarters. It would be installed on all American atomic

New Hospital For Franklin County

Construction of the new Franklin County Memorial Hospital is expected to begin this week, according to J. R. Pruiett, county judge.

Spruill Construction Company of Crockett has the general contract with Hill & Son of Kilgore doing the plumbing, heating and mechanical work.

The new hospital is to be built just outside the city limits of Mt. Vernon on US Highway 37.

The hospital is expected to cost \$359,000 with one-half of the money coming from the federal government under Hill-Burton assistance.

The new 28-bed hospital will replace the old structure that is in rundown condition.

weapons here and abroad.

House - Senate Appropriations feud. The dispute between the House and Senate Appropriations Committees concerning whether joint meetings should be held on the House or the Senate side of the Capitol, and who should preside, continues. The press has not given coverage to the real issue involved here.

Appropriations bills, by custom, originate in the House. A high percentage of them are increased in amount by the Senate. The House Appropriations Committee has 50 members. Each general area of government operation has a Subcommittee specializing in its affairs. The chairmen and members of these subcommittees become real specialists in the workings of the agencies whose money affairs they control. They contend that the 27 man Senate Appropriations Committee has each member on so many subcommittees that the Senators are unable to devote sufficient time to become thoroughly familiar with all the problems involved. After working for many months to cut costs, the members of the House Committee naturally resent these sums being put back in the bills. It is hoped that this disagreement can be settled in the immediate future, as much work remains to be done by these committees.

Telstar's successor on way. Now that American Telephone and Telegraph Company's Telstar communications satellite has proven itself a success, look for the National Aeronautics and Space Administration to launch its satellite, "Relay," soon. Also expected in the near future is the Space Administration's 75-pound "Syncom" satellite. This is a satellite which would be placed in orbit at a height of 22,300 miles; its 24-hour orbit would exactly match the earth's rotation. In other words, if viewed from the earth, it would appear to stand still. Only three of these satellites would be required to

Talco Men To Be Released from 49th

Three members of the 49th Armored Division will return home to Talco Aug. 9 after 10 months active duty with the Lone Star unit at Fort Polk, La. All from Battery B, First Battalion, 132 Artillery, they were recalled last Oct. 15 in the face of steadily mounting international pressure. Aug. 10, the Division will revert to State National Guard control. They are: Pfc. Charles E. Blackburn, Jimmy C. Weisinger and Jerry D. Russell.

The 49th Armored Division has compiled an imposing list of firsts—the first National Guard Armored Division ever formed, the first NG Armored unit to be recalled in peace time and the first NG unit named to STRAC, joining the Strategic Army Corps as a ready, trained and effective striking force.

While at Fort Polk, the Talco soldiers participated in Exercise Iron Dragon, the Army's largest scheduled maneuver for fiscal year 1962. More than 20,000 Reservists and National Guardsmen were involved.

STATE MEETING AMERICAN LEGION JULY 27-29

Austin.—The Forty-fourth Annual Convention of the American Legion, Department of Texas, to be held here July 27-29, promises to be the largest in history, with Past Department Commander Ed Riedel serving as general chairman of the convention.

Department Commander Aubrey L. Bullard will hold a reception for the Executive Committee and Distinguished Guests at the Commodore Perry Hotel from 5:00 to 6:00 p. m., Thursday. The Executive Committee is scheduled to meet following the reception.

produce the same effect.

To be human should be considered a privilege—not an excuse.

Austin.—U. S. Supreme Court's decision that federal courts have power to review acts of state legislatures in reapportioning representation was met with an uproar from many states.

"Reapportionment" is the business of redistricting a state to determine the number of legislators according to an area's population. National and state constitutions both provide for re-examination of representation in legislative assemblies every 10 years.

An area frequently gains or loses representatives to the state house. This happened in Texas recently, when a 1961 redistricting act by the legislature took effect.

Working under a constitutional amendment adopted in 1936, limiting counties to one representative for every 700,000 inhabitants, Texas' representative districts got a pretty thorough going over.

The 31-member senate body was not greatly effected by the reapportionment, however, since the law states that the senate "shall never be increased and no single county shall be entitled to more than one senator."

What the U. S. Supreme Court would hold about such a condition, in view of a congressional provision for two U. S. senators from each state regardless of population, won't be known unless the question is put to its nine justices.

There is some reason to believe, however, that the higher court would look with disfavor on this State's constitutional provision limiting House representation to one member for every 100,000 inhabitants after a county attains a population of more than 700,000.

In the event citizens dissatisfied with the situation in Texas ever go to court for a reshuffling, they'll be armed with the information that 11 urban counties have a little more than half of Texas' 9,579,677 inhabitants and more than a third of the 150

OIL NEWS

Titus County — Talco field: Humble Oil & Refining Co. No. 85 A. P. King, Asa Rinehart survey, half mile southwest of Talco, 17 barrels daily plus 66 per cent water on pump from 4,241-51 in Paluxy.

Humble Oil & Refining Co. No. 6 Della Reed, 4,800-foot Paluxy test 2½ miles southwest of Talco, 330 from south and east lines of 78-acre tract. James Brantley survey, A-24.

Trix-Liz field: Sunray DX Oil Co., Tulsa, No. 11 Bankhead, 4,000-foot Woodbine test, 7½ miles east of Talco, 425 from south and 1,263 from west lines of William R. Porter survey, A-448. Sunray No. 9-B Hoffman, 1,338 from south and 380 from west lines of John Prather survey, A-454.

Golden Agers Meet At Methodist Church

Golden Agers Club met at the Methodist Church July 18 with 22 present. Patsy Williams directed the program and the group sang several songs. The covered dish lunch was held at noon.

Hostesses were Mrs. A. E. Foster, Mrs. Floyd Hamilton, Mrs. Milton Bolin, Mrs. S. F. Worthington and Mrs. W. S. Richardson.

Present were Meses. Ida Thomas, E. B. Taylor, J. R. Lee, Tilton Brown, Aline Morgan, Oscar Goodloe, Jack Riley, Patsy Williams, Vivian Belcher, and Gilbert Harper, S. F. Worthington and Milton Bolin.

Two members were ill and unable to attend, Mrs. E. W. Burks and Mrs. Sidney Frugia. The next meeting will be the second Wednesday in August at the Methodist Church.

League Personnel Meet Set Bogata

A meeting of Paluxy Little League managers and assistant managers from Deport, Bogata, Talco and Detroit is set for Friday night at 7:30 at the Fire Station in Bogata.

Purpose of meeting is to select an All Star team who will play Paris at Bogata on August 9, according to Robert Moore of Bogata. This year's All Star game will be the first played at Bogata, and players will be competing for Little League championship of Northeast Texas.

Revival In Progress At Calvary Baptist

Revival services at Calvary Baptist Church will continue thru Sunday, July 22. Services are held daily at 6 a. m. and 7:30 p. m. Sunday services will be at the regular time.

Rev. Richard Cheatham is the evangelist and Tommie Neugent in charge of the music. The public is cordially invited to attend.

members of the House of Representatives.

TEC TEAMS TO AID SMALL TOWNS—Two teams which form the working force of the Texas Employment Commission's newly organized Expansion Employment Service for Small Communities recently moved into Brady where they'll survey job seekers and job opportunities for the next six weeks.

Service was set up with funds from the Federal Bureau of Employment Security to assist communities like Brady which have "substantial and persistent unemployment problems," yet are too far from one of the Employment Commission's 91 local offices to get help from a regular staff.

According to Ted Clifford of the commission, the teams will go into economically-distressed areas to try to determine what has caused a long-time employment slump, offer remedies and either find job opportunities elsewhere or assist local civic groups in launching industry recruiting programs.

Limestone and Falls county officials already have asked for the teams' services. Clifford reported that some 25 or 30 counties now are in the "substantial and persistent unemployment" category.

CROOKED-HOLE DRILLERS CUT OFF — Texas Railroad Commission has severed pipeline connections and set zero allowances for all wells on leases in the East Texas Field on which deviation or inclination surveys have shown a crooked-hole oil well.

Chairman William J. Murray of the Commission says that the order covers 62 leases.

Attorney General Will Wilson advises that when a deviated well is found on a lease, the whole lease is to be questioned until proven otherwise.

Before the wells involved can be restored to production, operators must have inclination sur-

veys made on each one, and must have production tests to determine each well's actual ability to produce. Wilson said production tests were required because of the possibility that a single deviated well might be drawing the allowances for eight or 10 wells on a lease that are actually dead.

Officials also revealed that the deviation survey is being extended to a single well in the Webster Field in Harris County. Operators have been asked to give permission for the survey under a new policy which allows the operator to volunteer permission before a court order is sought.

SHORT SNORTS

Deficit in the State General Fund, which dipped to \$89,000,000 in March, was \$28,351,556 on July 9, according to State Treasurer Jesse James.

Land Commissioner Jerry Sadler says the waiting list in the Texas Veterans' Land Program has been reduced to less than 16,000. He figured his office would pass No. 94,000 this week, so any veteran applicant can estimate when his number will come up, since 1,000 contract forms are sent out each week.

Gov. Price Daniel reappointed Joseph B. Hutchison of Arlington and Lloyd Gregory of Houston to the Battleship Texas Commission and named Mrs. Murray Ezzell of Port Neches and C. H. Coffield of Houston new members. Also he appointed Weldon Cabanis of Rockport to the Gulf States Marine Fisheries Commission.

Eleven Texas firms were among the 42 recently granted permission to issue \$22,050,375 in stocks by the State Securities Board.

A report by State Auditor C. H. Cavness showed that the Texas Surplus Property Agency, which disburses federal surplus property to schools, colleges and other public agencies, had an income of \$608,606 during fiscal 1961, while cost of operation was \$692,798.

Mrs. S. A. Tidwell Buried Sunday

Mrs. S. A. Tidwell, 75, of Talco, passed away Saturday at 1 p. m. in Titus County Hospital in Mt. Pleasant. Funeral service conducted by Rev. C. G. Renfro of Blossom, assisted by Rev. Howard Seago, Talco Baptist pastor, was held at the First Baptist Church in Talco, of which she was a member, Sunday at 4 p. m. Interment, under direction of Graht Funeral Home, was made in Highland Cemetery at Deport.

Surviving are one daughter, Miss Alice Ruth Tidwell, a teacher at Talco, two sisters and a brother, Mrs. W. I. Lawler of Deport and Talco, Mrs. Jessie Tate of Kountze, and Sam Westbrook of Clarksville.

The former Inez Westbrook, daughter of the late John R. and Alice (Wright) Westbrook, was born at Deport on May 5, 1887. She had resided in Deport and Talco her entire life and was married Sept. 3, 1913 to Sonley A. Tidwell. The family first moved to Talco in 1920, where she and her late husband were in the mercantile business, and returned to Deport for a seven year period, and moved back to Talco several years ago.

After her retirement as a saleslady, she joined The Talco Times as local reporter two years ago. In ill health for some time, she was taken to the hospital on Wednesday of last week.

Pallbearers were Jed Adams of Talco, Quinon Davis of Houston, Morris Westbrook of New Diana, Mack Humphrey of Clarksville, Vernon Westbrook of Paris and Ned Westbrook of DeKalb.

Among out of town relatives and friends here for the funeral were: Mr. and Mrs. D. W. Shelton and sons and Mr. and Mrs. Bill Corby of Denton, Mrs. Sam Westbrook, Mrs. Berta Mae Humphries, Miss Hesta Lee Westbrook, Mr. and Mrs. Clyde Westbrook, Robert Westbrook and Marleah, Mr. and Mrs. Douglas Mitchell and Sheryl, Mr. and Mrs. Ben Tidwell, Mr. and Mrs. Jim Isbell, Mrs. Horace Nation, Eddy and Larry of Clarksville; Mr. and Mrs. James Perkins and daughter, Mrs. Ronn Foster of Slaton;

Mrs. John Westbrook, Miss Rhoda Oliver, Mrs. Bob Southerland, Mr. and Mrs. Floyd Chesshire of Deport, Mr. and Mrs. Austin Wilson of Paris, Mr. and Mrs. Claud Parr Jr. and Pat Parr of Longview, Mrs. W. A. Monk Sr. of Gilmer and Ben David Monk of Crockett, Mr. and

Talco Scouts Win Awards At Camp

Talco Boy Scout Troop 205, which is sponsored by the Talco Lions Club, won first place in physical fitness at Scout Camp last week. They also won first place in volleyball over the Camp Glover staff team.

Ronny Gartman and Mike Reed won swimming merit badges. Four boys, Mike Reed, Jackie Clemmons, Richard Shaw and Lyndon Reed won Forestry merit badges.

Jackie Clemmons won the highest points on the Archery and Rifle range of the week. Marksman diplomas were awarded to Johnny Horton, David Hill, Jackie Clemmons. A pro-marksman diploma was awarded to Ronny Gartman.

Three boys, Ronny Gartman, Mike Reed and Jackie Clemmons were initiated into the Order of the Arrow.

Assembly of God Open House July 22

Opening services were held Sunday in the new Assembly of God Church with a good number attending.

The church is of brick and concrete block construction with many modern features. The sanctuary has a seating capacity of about 200, with 7 Sunday School rooms, 2 prayer rooms and Christ Ambassador hall.

The pastor, Rev. Don Malone, invites the public to attend open house Sunday, July 22 from 2 til 4 p. m. Rev. Malone has been pastor of the local church since August 1961, coming to Talco from Hooks.

Talco Men Burned As Motor Ignites

Charles Floyd (Dixie) Bennett and Dured Hall were burned Thursday when they attempted to start a pump motor and it ignited. They were carried to Talco Hospital and Clinic, where Hall was treated and dismissed.

Bennett, who received burns on his arms, shoulders and back, was reported resting well Wednesday.

Mrs. Adron Westbrook of Ft. Worth, Mr. and Mrs. Ned Westbrook and children of DeKalb, Mrs. R. A. Tate, Mrs. Truitt Willford, Miss Evelyn Willford, Dr. Eugenia Gauntt, Dr. and Mrs. John H. Tate of Kountze, Mrs. Bernice Wyatt of Cunningham, and other friends from Bogata, Deport, Mt. Pleasant and Paris.

HOW MUCH IS A GALLON OF MONEY?

INVARIABLY IN ADVANCE

MOST OF THE local news for
 this week's edition of The Talco
 Times was reported by Mrs. Na-
 dene Caldwell, Mrs. R. G. Hood
 and Mrs. Nora Williams. We
 who make this newspaper ex-
 press our sincere thanks to each
 of you and to all other who have
 assisted in any way since the
 passing of our local reporter, Mrs.
 S. A. Tidwell.

MRS. S. A. (INEZ) TIDWELL
 of Talco, who had served as news
 reporter for The Talco Times
 several years, passed away Satur-
 day and was buried at Deport
 Sunday. Mrs. Tidwell was one
 of the best reporters this news-
 paper has had in its more than 25
 years publication. She wanted
 something to do to occupy her
 time before and even during her
 illness and really did an excellent
 job of reporting the news. A few
 days before her death she sent
 word to us how much she appre-
 ciated the opportunity to work
 for the newspaper and serve her
 friends and neighbors by writing
 and reporting their activities to
 the newspaper. Her daughter, Miss
 Alice Ruth, asks that we tell the
 people how much her mother ap-
 preciated their cooperation and
 kindness in making her last days
 more pleasant. Miss Alice Ruth
 desires to continue writing the
 news. This newspaper would
 like to ask for the cooperation of
 everyone in aiding her in giving
 The Talco Times and Talco a good
 news service. Everyone will miss
 Mrs. Tidwell very much.

EDITORIALLY SPEAKING

by **BURT LOCKHART**
 in Pittsburg Gazette

The cost of a good time is often
 measured by the costly neglect of
 business.

After seven years of bloodshed
 Algeria seems to be settling down
 to a peaceful existence.

One advantage in having plenty
 of nothing is that you will not be
 charged with tax evasion.

Gov. Rockefeller seems to have
 the unanimous support of Gov.
 Rockefeller for president in 1964.

The only fault we can find with
 the past is that it held out so
 many false promises for the fu-
 ture.

Late model cars are equipped
 with everything needed except
 the mortgage, and the dealer sup-
 plies that.

We don't know what is wrong
 with the world, but our govern-
 ment seems to think that what-
 ever it is the remedy is an ap-
 plication of financial dough.

 had been gathered in Ttius Coun-
 ty.

Miss Mary Hawthorne and Sgt.
 John W. Adams of Talco had
 married.

Miss Eva Sue Flecher had en-
 tertained her friends with a party
 on her 15th birthday. Present
 were Misses Vonnie Fay Lindsey,
 Pearl Lilly, Wanda Beth Carl,
 Martha Jean Hoffpaur, Margenia
 Blackburn, Wallace Lindsey, Leon
 Barger, Fremman Wright, Jewel
 Smith, Billy Ray Dickerson,
 James Carter, Geron Dean Black-
 burn, Wayne Martin, Merle
 Adams and the hostess.

Miss Virginia Tapp and Cpl.
 Oscar G. Swanson had married
 June 28 at Washington, D. C.

Week of July 18, 1952

Ben Earl Mayfield, son of Mr.
 and Mrs. B. J. Mayfield of Dallas,
 formerly of Talco, was married
 to Evelyn Josephine Martin of
 Dallas.

Patsy Ann Burnham of Talco,
 and Joseph Wingate McGee of
 Marshall, were married in Dur-
 ant, Ok.

A frame building on Broad St.
 that formerly served as city hall
 and jail and later as Talco Times
 office was being torn down by R.
 V. Parker, who planned to use it
 to construct a grade A dairy barn.
 Lewis Cook of Miami, Fla., con-
 struction engineer for TP and L
 Co.'s, new unit to be constructed
 at Joliet, and Mrs. Cook, had
 moved to Talco.

A son was born to Mr. and Mrs.
 B. J. Blackerby of Dallas.

MRS. KELLEY BREAKS HIP IN FALL

Mrs. Herman (Effie) Kelley
 underwent surgery Wednesday in
 a Mt. Pleasant hospital for a
 broken hip. Mrs. Kelley, who
 has been ill for several weeks,
 fell at her home Sunday night.

What are we going to do with
 the moon after we get it? Who
 wants anything that is 340 de-
 grees below zero?

Nothing delights a vacationer
 more than to return home where
 he can get home-cooked food and
 sleep in a soft bed.

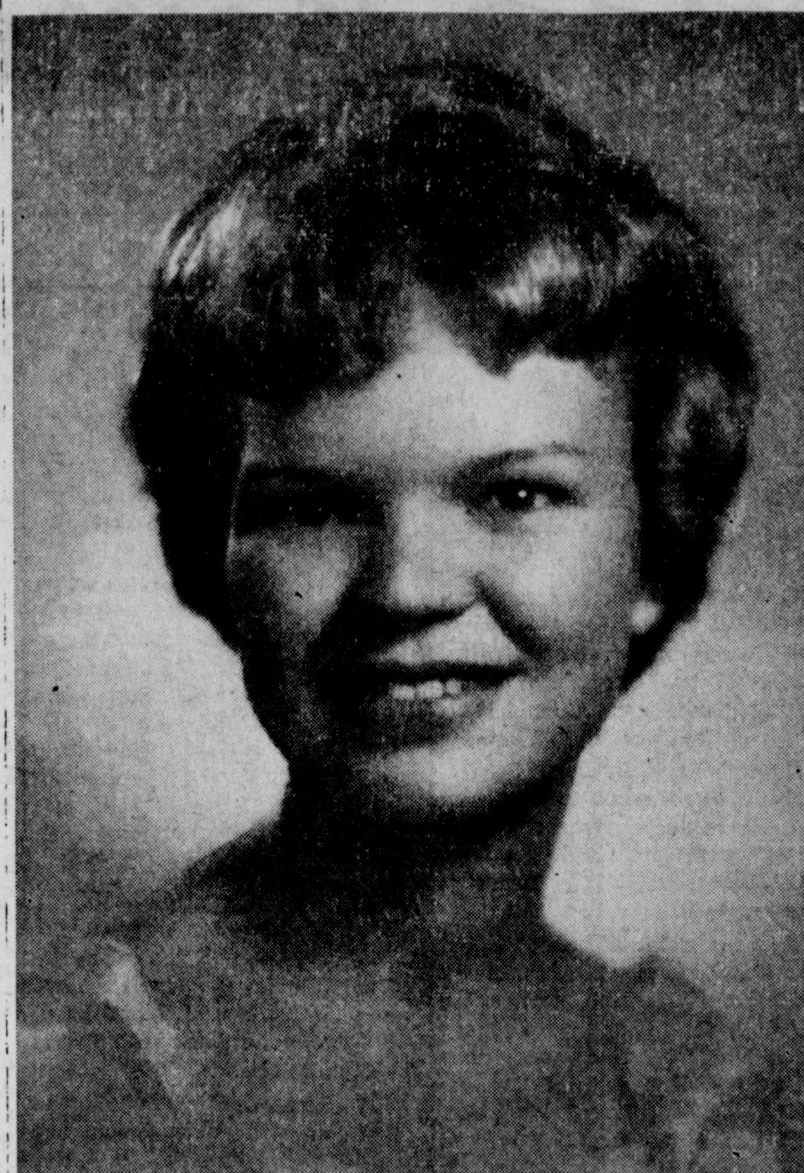

The government finished the
 year with a seven-billion dollar
 deficit. This comes as no sur-
 prise—not even to the spenders.

The man who loses his shirt in
 the stock market faces a gloomy
 situation, especially when he
 doesn't know where his next
 shirt is coming from.

It looks sometimes as if only the
 rich can afford the necessities of
 life. The poor must be content
 with the luxuries they can pick
 up on the bargain counter.

The stock market which went
 to the floor with dizzy spells re-
 cently has staggered back on its
 feet and appears once more on the
 right path. Result of the spree:
 Millions of headaches for those
 who sold. Those who bought are
 happy.

Announce Engagement

JUDY CLARA YOUNG

Mr. and Mrs. W. R. Young, of
 5202 Andover Place, Austin, an-
 nounce the engagement and ap-
 proaching marriage of their daugh-
 ter, Judy Clara, to Robert
 Maurice Pippin, son of Mr. and
 Mrs. Ralph Pippin of Miller
 Grove. The wedding will take
 place Sept. 1, 1962 at 7:30 p. m.
 in the Reavilion Baptist Church
 in Greenville, with Rev. Manley
 Jones performing the ceremony.

Miss Young is a 1960 graduate
 of Talco High School, where she
 was a member of National Honor
 Society, cheerleader, accompanist
 for the choir, and member of the
 girls Sextet. She is a junior and
 elementary education major at
 Baylor University, Waco, where
 she is a member of the Baylor
 Bards and Rhapsody in White.
 She is presently employed at the
 University of Texas in the office
 of the business manager.
 Mr. Pippin, graduate of Miller

 riah Baptist Church and will con-
 tinue through Sunday, July 29.
 Services will begin each evening
 at 7:30. Rev. James E. Johnson
 of Baytown, will do the preach-
 ing. Rev. Johnson is presently
 Associate Pastor of the Stewart
 Heights Baptist Church in Bay-
 town. He graduated with the
 Bachelor of Science degree from
 East Texas Baptist College in
 Marshall and is a well known
 speaker for youth rallies, Bible
 conference and revival meetings.
 The public is cordially invited
 to attend these inspiring services
 and hear this outstanding preach-
 ed. Mt. Moriah Baptist Church
 is located about 4 miles north-
 west of Omaha. Bill D. Williams
 is the pastor.

Mrs. Kelley Presents Club Program

Mrs. W. L. Kelley of Paris, pre-
 sented the program for members
 of Talco Garden Club, meeting
 at the home of Mrs. Dorice E.
 Mitchell. She gave helpful in-
 formation on flower arranging
 and illustrated various areas of
 design used.

The remainder of the meeting
 was devoted to a study of ar-
 rangements made by members.
 The hostess, assisted by Mrs.
 Cato Jones, served refreshments
 to these members: Mmes. Glenn
 Gauden, Jerry Jones, A. C. New-
 some, Bill Vickers, Bill Walding,
 R. E. Furry and these guests:
 Mrs. W. L. Kelley, Mrs. R. R.
 Kelley, Mrs. James Via and Mrs.
 Jed Adams.

BOGATA NEWS 10-20 Yrs. Ago

Week of July 17, 1942

W. C. Barnard, WPA project
 superintendent, had been ap-
 pointed to the War Engineers
 Division and left for Los Angeles,
 Calif., to take a 30-day training
 before leaving to work on the
 Panama and Alaska highway.

Construction work on Highway
 271 had been about half com-
 pleted.

A son had been born to Mr. and
 Mrs. Gilbert Howell.

Twelve Boy Scouts had spent
 four days at Camp Clark. They
 were accompanied by Rev. W. E.
 Howell, James Higginbotham, R.
 S. Smith and Van Dorn Craddock.

Mr. and Mrs. E. G. Morgan gave
 a dinner in honor Mrs. Harvey
 Morgan and children of Bisbee,
 Ariz., and Mr. and Mrs. R. L. Fen-
 nell and daughters, who were
 leaving for Ogden, Utah, to make
 their home.

Week of July 18, 1952

Deaths: Mrs. Frank Setzer of
 Bogata; Jimmy Charles, infant son
 of Mr. and Mrs. Charles Condrey,
 at Lamesa.

A building purchased from
 Camp Maxey was being remodel-
 ed for the Bogata Clinic. Robert
 Williams was doing the work.

Approximately 400 ex-Red Riv-
 er County residents had met at
 Lubbock for a reunion.

Mervin Childers had received
 his Master's degree at Commerce.

W. J. Corbell of Bogata, an-
 nounced his candidacy for sher-
 iff of Red River County.

CUNNINGHAM

By **MRS. CLETUS COOPER**
 Marylon Sue Smith, daughter
 of Mr. and Mrs. Melvin Smith of
 Kentucky, came to visit relatives
 here for several days. Among
 the relatives are her grandfather,
 Jess Smith, Mr. and Mrs. Marlon
 Kennedy, the Weldon Smith fam-
 ily and others.

Mrs. George Cherry of Cooper,
 spent Wednesday night with her
 daughter, Mrs. James Jones and
 family, and attended singing
 school at Paris.

James and Tommy Jones, own-
 ers of Deport Quality Chair Fac-
 tory, spent last week in Dallas at
 the furniture market and con-
 vention.

A bridal shower was given Fri-
 day night in honor of Mr. and
 Mrs. Sammy Speir. She is the
 former Sharon Anderson. They
 received many nice and useful
 gifts. They were married Thurs-
 day night at Deport.

Mr. Russell will enter ETSC, Commerce, this summer and his wife will teach high school English and Spanish in Talco High School this fall.

It's easy to find an excuse for delaying hard work.

You can get into lots of trouble sometimes by repeating what you heard somebody say.

National Farm Safety Week Set July 22nd-28th

College Station, July.—Theme for the 19th annual National Farm Safety Week, July 22-28, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accidents account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabling injuries. Of total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 percent of all accidents involve some human failure, improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-60, nearly a million persons died in accidents, 95 million suffered disabling injuries, and 3.5 million were permanently handicapped.

Accomplishments of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 percent decrease in the farm resident death rate has resulted from this cooperative effort. But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries.

DEPENDABLE

"What a bore," complained the patrolman. "No fights, no burglaries, no rioting, not even a stabbing. If it stays this quiet, they'll reduce the force."

"Rest easy, Fred," said the captain. "Things will break soon. You've just got to have faith in human nature."

List Ways To Beat The Heat

Temperature getting you down these days?

Some ideas to help you beat the heat are offered by Today's Health, the magazines of the American Medical Association:

Wear light, loose clothing—the less the better. Stay out of the sun. Eat your regular diet. Don't go overboard on cold cuts, salads, etc. Drink more liquids than usual. Don't take extra salt if you have liver or kidney trouble, or a heart condition.

Take a shower or a dip in the pool once or twice a day. It will help you cool off. Get a lot of rest and sleep. On hot nights, put a mattress on the floor. Sometimes the air is cooler and circulates better there.

Don't work on the lawn or garden during the hottest part of the day. Work in the early morning or at twilight. Exercise moderately. Don't overdo sports or work.

Too long exposure and too much exercise in the hot sun may produce stroke. Prolonged excessive heat, in or out of doors, may produce heat stroke. The symptoms are the same: headache, fever, complaint that things look red. Such strokes can be fatal. Call a physician at once. Loosen clothing and keep the victim as cool as possible until the physician arrives.

Heat prostration also is caused by getting overheated, but instead of a high fever the victim becomes cold and clammy. Prompt medical attention and keeping the patient as warm as possible until a physician arrives are important.

Memo for the Boss:

Big Thinking Pays Off

IN ANY SMALL BUSINESS

Managers of small businesses sometimes feel that statistics, efficiency and long-range planning are peculiarities of the jobs of big business executives, and have little or nothing to do with their small stores or shops. Yet very few ideas can be as wrong as this one!

About eight out of every ten businesses in America employ less than ten people. These companies operate on a narrow margin of capital—and every year thousands of them go out of business because their managers make mistakes their budgets can't afford. For a mistake is much more expensive when when you can't afford it than when you're part of an industrial giant with rich financial reserves.

ADVERTISING AS AN EXAMPLE

To illustrate the point, marketing executives in large organizations keep records and dig up formulas to determine how much they must spend in advertising to maintain a certain volume of business. Yet many small organizations which may literally be forced out of business if a certain volume isn't maintained never bother with establishing the ratios necessary to tell them how much advertising they need to survive.

THINK BIG — AND GROW BIG

Every big business was once a small business. In almost every case, it grew big because its management thought big.

THE TALCO TIMES

ABUNDANT LIFE

by ORAL ROBERTS

PERFECT SOUNDNESS CAN BE YOURS

Perfect soundness is the desire and goal of everyone of us. We want perfect soundness in soul, mind and body. And thanks to God, this perfect soundness is within the reach of all—if we will only use our faith and believe.

The New Testament cites many instances where Jesus Christ of Nazareth made people perfectly sound. A good example of Christ's complete healing power was the lame man outside the temple gate. "And immediately, his feet and ankle bones received strength. And he leaping up stood; and walked, and entered with them inside the temple, walking, and leaping and praising God" (Acts 3:8).

A miracle of healing—then as today—was something that was seen and felt. A modern-day healing from God opens up a person's heart showing him just how powerful faith can be.

Just as in Bible times when certain men doubted, today some doubt the power of God to heal when no evidence seems apparent. People want to see what faith can do. A miracle of healing is something people can see and feel. They want evi-

dence, and they have a right to know Jesus is alive and real. Every healing wrought in the name of Jesus, every miracle, every sign and wonder is evidence that convinces people of the reality of Jesus.

Faith makes direct contact with God and through this contact faith gives perfect soundness in soul, mind and body. If you want perfect soundness and you feel faith rising in your heart, look up to God right now and believe. Remember, it is through faith in the name of Jesus of Nazareth that you will receive perfect soundness.

There are three kinds of people. Some pay now—some pay later—some don't pay at all.

Insect Repellent Safe, Effective

College Station.—You don't have to spend time fighting off insects this summer while you are out-of-doors. Such pests as mosquitoes, ticks, fleas, chiggers and biting flies can be made to keep their distance by applying a repellent developed by U. S. Department of Agriculture scientists on exposed skin areas.

The repellent is commonly called deet. Diethyl-toluamide is the chemical designation. It was synthesized and tested by chemists and entomologists of USDA's Agricultural Research Service. It is now available in ready-to-use containers under several trade names, and has been approved as the standard military repellent.

Deet is effective and safe for general use on the skin or on certain kinds of clothing materials. However, instructions covering the use of the repellent should be followed closely, because the chemical may affect certain paints, varnishes and some of the plastic materials. The repellent is safe for use on cotton or wool fabrics if they contain no synthetic fibers.

Smeared evenly on exposed skin areas, deet is effective for several hours. It has little or no odor, and it does not cause a greasy feeling on the skin.

For homeowners who are no longer finding DDT an effective chemical against houseflies, USDA scientists suggest the use of one of the commercial sprays containing pyrethrins. Many products containing pyrethrins are available in aerosol containers. The scientists suggest that one be purchased which specifies on the label that it will control flying insects. They recommend the continued use of DDT in areas where houseflies have not developed a resistance to the insecticide.

Have you seen the watch that runs in reverse? It's for folks that want to bring back the good old days.

Alcorn Finds Out About Telstar, Can't Figure How It'll Bring World Peace

Editor's note: Achin Alcorn Philosopher on his Johnson grass farm on Sulphur has found out about the latest achievement in science, his letter this week reveals.

Dear Editor: I was sleeping at the time and missed it, but according to a newspaper article I read yesterday afternoon, television shows were transmitted from the United States to Europe and from Europe to the United States last week by bouncing the beams off a new satellite now circling the earth.

This, the report said, has opened up a vast new field, and one expert announced it would mean bringing the world still closer together.

"The more the people of the world can communicate with each other, the more we can understand each other and the nearer we are to permanent peace," he said.

I have been reflecting on this statement and so far have not quite figured out a few things.

For example, I don't know anything about European television, but I've seen quite a bit of American television, and if world understanding is to be achieved by TV, this sure puts a burden on

Europe. They must have a different brand from over there. The brand we've got over here, while apparently entertaining, hasn't been designed to improve world understanding, not to mention attain permanent peace.

On the other hand, if Europe had to look at our TV every night and we had to look at theirs, and both turn out to be about equal, it might improve world understanding. What we could all come to understand is that the world still has a long way to go yet.

On still another hand, I'm not sure that understanding people is any guarantee for world peace. When I have been the furthest from peace with some people was when I understood them thoroughly and realized that they were up to. The more I understand what Mr. Khrushchev has in mind, the less peaceful I feel toward him.

Worldwide, instantaneous television is an achievement, but, while I may be short-sighted, it's hard for me to see much change resulting from bouncing Gun Smoke off a satellite one night and a Khrushchev speech the next. This would be far too much Khrushchev.

Yours faithfully, A. A.

W. W. White Rites Held Wednesday

William W. White, 85, died Tuesday morning at 1:45 in the Paris Sanitarium. He was a Deport resident. He was born Oct. 22, 1876, in Mississippi.

Services were held at 2:30 Wednesday afternoon at Mt. Pleasant and burial made in the Cuthand Cemetery.

Surviving are one daughter, Mrs. Jack Goss, Mt. Pleasant; three sons, E. G. White, Bogata; W. G. White, Kilgore; M. L. White, Denver, Colo.; eight

grandchildren; six great-grandchildren, and one sister, Mrs. Agnes Chandler, Deport.

Reddy Kilowatt says:

FOLLOW THESE TIPS

to get the most efficient cooling from your room air conditioner

- KEEP AIR FILTERS CLEAN. Clogged filters reduce cold air output, add unnecessarily to operating cost. Filters should be cleaned about once a month. If filters are not the permanent type, they should be replaced after one cleaning.
- Just as your car has a maximum speed, your air conditioner has a maximum capacity to cool. Keep in mind that your window unit is a ROOM air conditioner.
- Remember, air conditioners cool by REMOVING HEAT. Therefore, KEEPING HEAT OUT will improve indoor comfort and can reduce operating cost. Shade glass areas from direct sunlight, and bear in mind that proper insulation can reduce both cooling and heating costs.
- Have your unit checked by a qualified serviceman at least every other season.

Following these suggestions will help your air conditioner last longer and cool better at lower cost . . . help you live better electrically.
