Harvey Urges Unity Of Western World

By DALE WALTON

"If we believe that right must conquor wrong, then we must face the future together, with harmony . . .we can't afford the luxury of quarreling or misunderstanding each other too much," John Harvey, member of the British Parlia- [illegible] the annual Chamber of Commerce banquet here Friday night.

Harvey, in his 45-minute speech at the banquet, reviewed the Middle-East situation, economic petroleum problems of Britain and the rest of Western Europe, and Britain-U.S. relations.

The English lawmaker urged that America take its responsibil- [illegible] point the way in keeping the free world free.

Harvey opened his talk with a review of the Middle East problems and why Britain had such vital interest in them. Britain, he said, is dependent on Middle East petroleum for domestic use, and especially for industrial purposes. Some 80 per cent of Western Europe's imports have been from the Middle East, and the Suez crisis reduced by 65 per cent the supply of Britain's total petroleum products needs.

Britian is dependent on Middle East oil for several reasons. One is the Sterling exchange, well-established in Western Europe and the Middle East. Also, transportation of the products have been easy. There is also plenty of production in the Middle East, where 80 per cent of the world's known oil reserves lie.

While Britain's needs for its acute gasoline shortage might be supplied by the American petroleum industry, there are several problems involved in that. One is the [illegible] England. If U.S. industry could sell products for Sterling instead of dollars, Britain could [illegible] large quantities of products from America. Transportation is another problem. With vast expansion of petroleum use in Britain now underway, converted from coal, Britain's tankers are all in use transporting fuel oil.

SPEAKER BECOMES TEXAN—John Harvey, British Parliament member who spoke Friday night at the annual Chamber of Commerce banquet here, is made an honorary Texan by Will Wilson, Texas attorney general, shown here at right presenting Harvey his certificate of citizenship. Harvey's speech dealt with the Middle East situation and with petroleum problems in Western Europe.

CHAMBER PRESIDENTS—Dr. Wilton Jones, right beginning a term as president of the Snyder Chamber of Commerce, is installed by Wacil McNair, 1956 president, at the annual chamber banquet Friday night. Outgoing, incoming, and continuing directors were also introduced at the banquet, which annually marks the end of the old chamber year and beginning of the new.

FARMER OF THE YEAR—Receiving a plaque from the Snyder Chamber of Commerce as the 1956 Farmer of the Year here is Martin Murphy, left, who farms in the China Grove community. George Killam, master of ceremonies at the annual chamber banquet Friday night, makes the plaque award. Murphy was chosen from a number of candidates by a committee of men in agriculture.

BUSINESSMAN OF YEAR—Claude McCormick, left, head of McCormick & Sons Oil Co. here, receives a plaque from the Chamber of Commerce as the 1956 businessman of the year. George Killam, master of ceremonies at the annual chamber banquet, presents the award, which will be made annually. McCormick was chosen by a local committee of men engaged in various types of businesses.

650-700 ATTEND

Awards Presented At Banquet Here

Between 650 and 700 persons Friday night attended the annual banquet-meeting of the Snyder Chamber of Commerce, held in the high school cafeteria and auditorium.

Only 500-plus were fed in the cafeteria, but numerous crowds of persons, especially many from out of town, attended only the program in the auditorium, which included the speech of John Harvey, member of the British Parliament.

Harvey was introduced by Mark McLaughlin, who had met him in London last year.

At the meeting, new officers and directors of the chamber were installed, and outgoing and continuing directors were introduced.

Incoming president is Dr. Wilton Jones, who was introduced by Wacil McNair, outgoing president who will continue as a director.

Retiring directors are Nolan von Roeder, Stanley Noah, Max West, H. A. Johnson, Jr., Bob Wilson, and Mrs. Carrie Line. New directors are R. C. Patton, Bob Taylor, Fred Auforth, Dr. Carl Dillaha, Bob McCormick, Frank Maddox, and Mantha Landfried. Continuing directors are L. A. McClanahan, C. O. Holder, Zane Gilbert, and Jay Rogers.

At the end of the program, Will Wilson, Texas attorney general, presented Harvey with a certificate of honorary Texas citizenship.

Check the back of your old poll tax receipt, and if you made use of it everytime there was an opportunity you can see at a glance that it was a bargain.

This year, Snyder residents already have four elections "guaranteed" which will require new poll tax receipts. The road bond election scheduled for Feb. 16 will be first on the list. It will be followed by the city and school elections. Then there is the special election set for April 2 to name a U. S. Senator.

There may, and probably will, be others before the year is out. Only four days remain for you to qualify to vote this year. And there's no such thing as an "off year" in politics.

• • •

Speaking of politics, as practically everybody does in America at some time or another, British Politican John E. Harvey projected a point that probably few of us ever considered before. Actually, I think most of us have been aware subconsciously that our enemies take advantage of our "lapses" during political campaigns, but the possibility that they have long range plans mapped to spring some new problem everytime we prepare to go to the polls is something else again.

Actually, it further substantiates America's role of leadership in the free world, which, apparently, London recognizes even more clearly than Washington.

• • •

As for Harvey, we thought his presentation of what he termed the "British point of view" on the Suez problem and other international problems was enlightening, but his knowledge and appreciation of the "American point of view" probably was more surprising.

Effigies Of Nehru Burned By Angry Mob

KARACHI, Pakistan, Jan. 26 (AP)—Pakistanis demonstrated angrily in every major city of this Moslem nation today against India's absorption of the richest half of Kashmir.

A mob burned effigies of Indian Prime Minister Nehru, one of Kashmir's most famous native sons, outside the Indian High commissioner in Hyderabad to protest India's integration of the Indian-occupied section of the border state whose 4½ million people are predominantly Moslem.

Several were injured as the police struck back with clubs and tear gas.

Others marched by the thousands in Karachi, Dacca, Lahore, Peshaware, Syhlet, Chittagong. Most shops and businesses closed.

Political and religious groups declared this a "black day"—or day of mourning—because of formal dissolution last midnight of the constituent assembly in the fertile Kashmir section occupied by Indian troops.

Demonstrators in Dacca, the capital of East Pakistan, wore black badges on their left arms to protest developments in the nine-year struggle between Pakistan and India—first with arms in the field and then with words in the United Nations—over the future of the Minnesota-sized state once known best for a love song about the pale hands somebody loved beside the Shalimar.

Lamesa Resident Is Killed In Accident

HOBBS, N. M., Jan. 26 (AP)—Mrs. Beatrice Morrow, 26, of Lamesa, Tex., was killed today, and her daughter, Edna, 2, was injured critically in a car-truck collision near Hobbs.

Officers said Mrs. Morrow and her daughter were riding in the front seat of a car driven by Miss Sandra Moss, 19, of Lamesa.

They said Miss Moss tried to pass a car five miles west of Hobbs on Highway 180, saw a truck heading toward her, slammed on her brakes and the car spun on a stretch of ice. The right side of the car hit the truck.

No one else was injured.

Bad Ice Jam Hits Connecticut River

EAST HADDAM, Conn., Jan. 26 (AP)—The worst ice jam in 20 years on the navigable portion of the Connecticut River trapped several oil tankers and tugs and oil barges here today.

The Coast Guard ice breaker Manitou itself was trapped for a time, but was freed by the blue line tug Salutation and joined the latter in trying to free the others.

State Has 11 Deaths

Winter hurled an icy blast at West Texas and the Snyder area still was shivering Saturday night under a silvery coating of frozen mist.

Thick, low clouds which hovered over the area all day Saturday produced little moisture, but what there was glazed auto windshields, sidewalks, streets and highways.

Highway travel throughout West Texas was reported hazardous, and conditions were expected to grow worse later in the night.

One highway accident which was blamed on the icy weather occurred at 8:15 a.m. Saturday about eight miles west of Snyder on U. S. 180.

Mrs. Ozane Stringer Pylant, 2312 Twenty-seventh Street, was headed east in a 1955 Ford sedan when the car skidded on ice and struck a bridge abutment. There was no injury, but an estimated $150 damage to the car resulted.

The accident was investigated by Frank Bean and Arthur Dyson, highway patrolmen.

The thermometer dropped to 18 degrees in Snyder on Friday night, and temperatures remained below the freezing mark throughout the day. Freezing rain, and possibly some snow, were forecast for the area Saturday night.

By The Associated Press

Snow, sleet, freezing drizzle and fog blanketed the northern two-thirds of Texas Saturday night.

At least eleven persons have died in accidents associated with the winter weather in the last two days. Seven were killed in plane crashes and at least four highway deaths were blamed on icy roads.

The Weather Bureau forecast continued bad weather through Sunday.

Snow fell at Dalhart, Amarillo, Lubbock, Plainview, Childress and Wichita Falls. Snyder had sleet.

Light rains were reported at Beaumont, Brownsville, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, Laredo, Lubbock, San Angelo, San Antonio, Victoria, Waco, Wichita Falls, Lufkin, Palacios, Beeville, Kingsville, Cotulla, Junction, College Station, Mineral Wells, Sherman, Big Spring, Dalhart, Childress, Wink, Abilene, Amarillo and Del Rio.

Hike In U. S. Oil Production Sought

WASHINGTON, Jan. 26 (AP)—The government appealed today for an increase in U. S. oil production and a slowdown on gasoline refining to help meet "an especially critical period" in the European oil famine.

West European nations cut off from much of their regular supply sources by the Suez Canal closing are sorely in need of fuel and heating oils, the Interior Department said, but can get along on rationed gasoline.

It said "domestic gasoline stocks are at an all-time high" and refinery operations can be temporarily reduced without risk of a shortage in this country.

The statement was issued by Felix E. Wormser, assistant secretary for mineral resources, whose office disclosed yesterday that emergency shipments to Europe had slumped to an average of 275,000 barrels a day during the week ended Jan. 16.

The daily target set when the emergency program was started last November was from 400,000 to 500,000 barrels a day.

Wormser said:

"Our relationships with Western Europe are of fundamental importance to us. Our NATO associations are basic to our security. Both are likely to be seriously undermined unless the economic effects of the oil shortages on vital industries of Western Europe are mitigated.

"The supply of oil to the civil economy of Europe is of major importance to our own armed forces."

Wormser said he had discussed the situation at a meeting Thursday with oil industry representatives. Also attending were representatives of the State and Defense departments.

He said the Defense Department, "concerned over the diminishing supplies of petroleum available for export to Europe," offered to release some of its military reserves of fuel oil to meet any specific domestic emergencies that might arise.

"I hope we will not be forced to draw on military reserve stocks," Wormser said. "Even with an adjustment in domestic refinery operations I believe this can be avoided only by increasing crude oil production in the United States."

Production is regulated by state agencies.

Wormser reported that from November through the Middle of January domestic crude oil stocks on the East and Gulf coasts were reduced over 18 million barrels or an amount equal to the crude shipments to Europe.

School Turns Out For Barber's Visit

ELK CITY, Idaho, Jan. 26 (AP)—They called off school when the barber came to town this week.

This little mining town in remote north central Idaho has been without a barber for two months.

So, when the barber came to town, school was dismissed and 33 shaggy-haired boys lined up for haircuts.

Barber Bill Spears said he didn't have time to trim the hair of 11 girls in the school but he said he'd try to get back before spring.

2,869 QUALIFY HERE

Poll Tax Deadline Nears

Only four days remain for residents here to pay their poll taxes and secure exemption certificates.

By noon yesterday, a total of only 2,869 persons had qualified to vote. This included 2,148 who had paid poll taxes and 721 who had secured exemption certificates.

Unless there is a drastic pickup in the number early this week, there will be less persons qualified to vote here this year than there have been in quite a number of years.

Since 1952 there has not been a total that low. The lowest since that time was 3,506 in 1953.

This is not a regular election year, but neither was 1953. Even though there will not be the county, state, and national elections this year, there will be several important elections.

Already scheduled are these elections: a $750,000 right-of-way bond election in Scurry County Feb. 16 in connection with the proposed freeway here; an election to fill the U. S. Senate post vacated by Gov. Price Daniel April 2; and two important local elections, those for three places on the city council and for two places on the Snyder school board. There will also be school board elections at Hermleigh, Ira, Fluvanna, and other surrounding communities.

Poll taxes cost only $1.50 per person. Persons who were 60 years old by Jan. 1, 1956, are eligible for exemption, while those who will become 21 this year can also be exempt. Those just becoming of age need not worry about the deadline. They can get exemption certificates when they become 21 but cannot vote for 30 days after doing so.

All persons living in the city limits of Snyder who were over 60 Jan. 1, 1956, must get exemption certificates to qualify to vote. Those living outside the city can qualify without exemption slips, but there would be less confusion at voting times if those who live outside the city but vote in town boxes have exemption certificates.

Poll taxes are paid at the office of the county tax assessor-collector on the main floor of the courthouse.

Last year a total of 7,145 persons qualified to vote, while there were 3,950 in 1955 and 5,025 in 1954 The record number was 7,335 in 1952.

Action In Mid East Demanded

WASHINGTON, Jan. 26 (AP)—The House Foreign Affairs Committee today called on the Eisenhower administration to come up with "positive and comprehensive measures for dealing with the fundamental problems of the Middle East."

"Our country should lead in boldly pursuing and implementing policies and programs to bring peace, security and economic stability to the Middle East," the committee added.

The committee spoke in a report on President Eisenhower's military-economic resolution aimed against Communist expansion.

The report spoke of the "grave importance" of Middle East questions like the Suez Canal and Arab-Israeli disputes. The Eisenhower resolution is directed, not primarily at these questions, but at the "external" threat of international communism.

The committee approved the resolution by a 24-2 vote Thursday night. The House is expected to pass the bill next week. It would empower Eisenhower to step up foreign aid to the Middle East and to use military force, if necessary, to stop any overt Communist aggression.

The committee document gave general endorsement to the Eisenhower plan. But its call for a positive" program, coupled with a statement by Sen. Fulbright (D-Ark), heightened prospects that the Mideast issue will again come to the fore later this congressional session.

Fulbright, a senior member of the Senate Foreign Relations Committee, said he believes a Senate inquiry into the administration's Middle East policy will follow congressional passage of the Middle East resolution.

The senator said he will ask for policy review Monday when his committee and the Senate Armed Services Commitee meet in closed session to continue their questioning of Secretary of State Dulles. He predicted the inquiry would be approved.

Dulles, the target of stiff attacks by Fulbright and some other Democratic senators, has contended such an investigation would harm U.S. relations with Britain and France.

Anniversary Held In India

NEW DELHI, India, Jan. 26 (AP)—Spectacular pageantry, a display of armed force and fired works marked India's celebration today of its seven years as a republic.

Hundreds of thousands of persons, many of whom had walked miles from their villages, lined the streets of New and Old Delhi to cheer paraders. Taking part were the camel corps, turbaned lancers, elephants and tribal dancers. Leading off were American-made tanks.

The first annual awards of Farmer of the Year and Businessman of the Year were presented by George Killam, master of ceremonies, to Claude McCarmick, businessman, and Martin Murphy, farmer. The awards were wall plaques.

As the crowd moved from the cafeteria to the auditorium, Mrs. Bob Womack played organ music. Students of the high school choral department, under direction of Bob Clinton, then entertained with several numbers, including some which will be presented in March in the student production of "Oklahoma" here. The groups included the Teenagers, composed of 10 junior girls, the Satisfiers duet, and Madrigal Singers.

Invocation was by the Rev. Julian Hendren, president of the Snyder Ministers Fellowship and pastor of the First Presbyterian Church.

Special awards were also given to members of the chamber's membership committe who recruited the most new members and raised the most money for the chamber budget during the year. First place awards went to Frank Maddox and Jimmy Tatum, and second place awards went to Woodrow Worthington and Dale Walton.

Several special guests were introduced by C. T. McLaughlin and Killam. They included Wilson, internationally-known painter Peter Hurd, Waggoner Carr, speaker of the Texas House of Representatives; Jim Lindsey, former House speaker and now chairman of the state Democratic executive committee; Cecil Collings, judge of the court of civil appeals in Eastland; J. B. Thomas of Fort Worth, president of Texas Electric Service Co.; Raymond Tollett of Big Spring, president of Cosden Petroleum Corp.; Dean Page Keeton of the University of Texas law school; and Kenneth Woodward, professor of law at the University.

A large number of out-of-town guests, many of them representing chambers of commerce in other cities throughout the state, were introduced during the dinner by T. D. Wilman and Bob Crowell.

petroleum products in Western Europe, with such a rapid turnover from coal to petroleum use in industry. For example, in Britain from this year on, not a single steam locomotive will be built. All will be diesel.

There is, of course, development of atomic power for industrial use underway, but it will take a number of years for atomic power development. In the meantime, Western Europe will continue its conversion from coal to petroleum products for power.

In reviewing the Middle East and problems in Western Europe, Harvey said the Communists are gradually choking Western Europe to death, working on the idea that battles can be won on the economic and political fields rather than on the battlefield. "They can shoot yesterday's friend and make a friend of yesterday's enemy," he said, adding that as long as Communism is regarded that way it is kept in its proper perspective.

In the Middle East, the problem was basically differences between the Arabs and Jews, and Russia was using every known method of playing the two against each other. There was still time, when those difficulties arose, to quarrel with smaller countries, but if Britain had waited longer it might have had to deal with Moscow.

Closer work is needed between the U.S. and Britain, Harvey said. During the summer and early fall when crises arose, Washington was primarily concerned with the presidential election campaign. And now prospects of the next election can already be seen in the newspapers.

American foreign policy, Harvey said, always takes a six-month vacation during an election year. If a person looks back to the summer of every even (election) year, he said, he can see that each time, while America would make no commitments in foreign policy, some major world crisis arose. Russia knows what happens in the U.S. during an election year and takes advantage of it while the world leader is out of commission.

Harvey urged that Americans attempt to get some continuity in its foreign policy. He also urged closer work of countries of the free world. "Peace and freedom are not divisible," he said, adding that at one time England was safe from the rest of Europe because the English channel divided the two. When Harvey was a youth, it became common for planes to fly across the channel. Now, he said, it is just as common for aircraft to fly across the ocean.

"We can no longer erect a barrier to keep ourselves free," he said.

Soil Bank Plan Given

COLLEGE STATION, Jan. 26 (AP)—East Texas landowners may plant southern pine seedlings on former crop lands under the conservation reserve portion of the soil bank program. Don Young of the Texas Forest Service, said today.

He cautioned farmers wishing to take part in the program this year must be signed up by March 15, 1957.

"Landowners in the pinewoods counties will receive an annual rental payment of about $8, or slightly more, per acre plus up to 80 per cent of the cost of planting the trees," Young said.

Information on local application of the soil bank program may be obtained from the County Agricultural Stabilization and Conservation Committee. The average cost of planting is estimated to be about $10.50 per acre.

Funeral arrangements were still pending Saturday, but services probably will be held on Monday.

Hungarians Oust American Woman

BUDAPEST, Jan. 26 (AP) — The Budapest Municipal Court today sentenced an American woman free lance photographer to 50 days in jail for entering Hungary illegally. Because she had been in prison longer than that, she was set free but told to get out of the country by Sunday midnight—and stay out.

At the same time the Interior Ministry disclosed it was holding four young Britons, including a granddaughter of the late Sir Stafford Cripps, for trial on charges of spying. They had vanished after entering Hungary about 10 days ago and the ministry's announcement was the first official word on their fate.

Still unheard from are Richard Roraback, 26, of Dobbs Ferry, N. Y., and Einar Roos of Oslo, who were arrested Jan. 12 by Hungarian frontier guards while trying to aid exhausted refugees cross into Austria. The United States and Norwegian governments have demanded their release.

The American woman, Mrs. Georgette Meyer (Dicky) Chapelle 36, looking pale and tired after 54 days of Communist imprisonment, told the court:

"I understand the sentence and I do not have any comment to make."

She was placed in custody of the U. S. legation pending her departure. U.S. Consul Richard Selby said she would remain at the home of the U.S. minister, Edward Wailes, until she leaves.

Mrs. Chapelle, a native of Milwaukee whose last address in the United States was 487 1st Ave., New York City, testified she entered Hungary last Dec. 4, coming from Austria to deliver some medicines as a "token gift to the first Hungarian doctor or hospital I could find."

The four Britons held by the Hungarians are Judith Cripps, 19, whose grandfather was a noted economist and Labor party leader; Roger Cooper, 21, nephew of poet Robert Graves; Christopher Lord, 21, and his brother, Basil 23. Miss Cripps, Cooper and the younger Lord are Oxford undergraduates.

The drizzle was expected to continue through Sunday, but the Bureau said the freeze line would probably inch northward Sunday afternoon.

The Weather Bureau said the rains should help replenish soil moisture, but wouldn't create an appreciable runoff.

Icing was earlier reported as further south, including Odessa, San Angelo, Brownwood, Waco, and Texarkana.

Crews were busy sanding streets and bridges. The Highway Department said travel in the icing areas would remain dangerous over the weekend.

Dallas closed one viaduct after four persons were sent to the hospital with minor injuries when 15 piled up. Wichita Falls said a traffic accident had been reported every 20 minutes since daylight.

D.I. Newton of the Fairview Community was killed when his auto overturned near Pilot Point. W.H. Wolford of Pecos was killed when a truck skidded on an icy road near Sherman and struck him.

Jack Johnson, 41, was killed in the collision of two pickup trucks on an icy highway near Colorado City. Kenneth P. Rose, 35, of Fort Worth was killed when his car skidded on an icy Dallas bridge, hit a curbing, sailed 250 feet and landed upside down in the dry bed of mountain creek.

WHO'S THE FRIENDLIEST?

Over 50 Are Nominated Here

There are many friendly employes in Snyder firms, and over 50 of them already have attracted the attention of voters in the contest to determine the friendliest and most courteous women employe and the friendly and most courteous man employe in the city.

Yes, there are over half a hundred nominations, and the contest still is running is high gear, of perhaps "overdrive" would better describe.

There have been even more nominations submitted on ballots, but some were for owners and managers of firms. In fact, virtually every store manager has been listed on one or more ballots.

The owners and managers are welcome to the recognition, but the contest in this case is for employes only—the clerks, sales people, receptionists, etc. It doesn't matter what their duties are, so long as they are employes and their duties require them to meet the public.

A $50 savings bond will be awarded to the winner of the friendliest and most courteous woman employe and to the friendliest and most courteous man employe. In addition, each will receive a framed award certificate.

Nominated so far are the following women employes:

Treva Abercrombie, McDonald's Dept. Store. Norma Bowers, Furr's Super Market; Viola Breland, Safeway; Sterline Morgan, Snyder National Bank; Mrs. Lottie Morton, J. C. Penney Co.; Ann Bolding, Vogue Beauty Shop; Marian Cherry, school administration office; Marjorie Callaway, school administration office; Faye Erwin, Sears; Mabel Ford, DeLuxe Beauty Shop; Winnie Garner, Gray's Style Shop; Mary Green, Dunlap's; Oleta Hopkins, B&B Steak House; Juanita Hickman, Joe Williamson Buick Co.; Avonell House, Perry's; Clara Jones, Dr. C. R. Cockrell's office; Mrs. Connie Kelley, Snyder National Bank.

Also, Ruth Kruse, Stinson Drug; Mrs. Sadie Longbotham, Lone Star Gas Co.; Hazel Lewis, school administration office; Opal Maroney, D&H Super Market; Bonnie Moore, Lad & Lassie Shop; Oneida Melton, Rogers Men's Wear; Jessie Ramsey, C. R. Anthony Co.; Mrs. Velma Smith, Snyder Drug; Mrs. Mildred Stokes, Snyder National Bank; Mrs. Vallie Stokes, J. C. Courses Offered

Persons interested in taking an education course offered by extension by Texas Technological College have been invited to attend a meeting set for 6:30 p.m. tomorrow.

The meeting will be held in the agriculture room of the high school industrial arts building.

Frank Wilson, director of curriculum and instruction for the Snyder schools, said a number of Snyder school teachers have enrolled in the course, and it is open to others in Snyder and surrounding cities who desire to take it.

The course will be one on curriculum development, known as Education 4317. It can be counted for either secondary or elementary work.

The course will last for 16 weeks. The class will meet one night weekly for three hours.

Dr. Bruce Browning of the Texas Tech education department will be instructor.

Warning On Icy Highways

AUSTIN, Jan. 26 (AP)—The Highway Department warned motorists today that areas with hazardous ice on the roads will continue throughout the week-end.

Ice is on highways from a line beginning at Lubbock, through to Odessa and Midland, down through Brownwood and San Angelo, fringing on Waco and going east to Texarkana. This takes in the heart of state including Dallas, Fort Worth, Paris, Abilene.

The department warned that structures with air under them, such as bridges, will freeze more easily than highways. The light freezing rains prevailing in the area will make all highways hazardous for fast travel.

Hills, bridges and other frozen—over objects will be sanded today by the Highway Department. All state highways are currently open.

There is no ice from Austin to Waco, but north of that area, highways are slick. Temperatures tomorrow will be similar to today's, ranging in the area from 20 to 24 degrees, and dropping to 10 degrees tonight.

Still No Settlement

KENOSHA, Wis., Jan. 26 (AP)—Five hours of negotiations last night failed to produce a settlement of the five-day-old American Motors Corp. strike that idled 6,500 productions workers.

Ike, Thad — Hutcheson Will Confer

WASHINGTON, Jan. 26 (AP)—President Eisenhower will confer Monday at the White House with Thad Hutcheson of Houston, Republican candidate for the Senate.

The White House arranged the appointment today for 10 a.m.

Eisenhower is expected to wish Hutcheson luck in his April 2 race with half a dozen Democrats for the nearly two years remaining in the term of Price Daniel, recently sworn in as Texas governor. The seat is now occupied temporarily by William Blakley of Dallas, appointed by former Gov. Allan Shivers.

The special election will decide the seat. No provision is made for a run-off should none of the candidates receive a majority of the votes cast.

Republicans hope that splitting the Democratic vote among a large group of candidates will give their lone candidate a good chance of victory.

If Hutcheson wins, the GOP could retain control of the Senate as the line-up then would be 48 Republicans and 48 Democrats. Vice President Nixon could break a tie in favor of the Republicans.

President Eisenhower saw Hutcheson briefly at San Angelo recently on his drought inspection trip.

IMPROVEMENT IN EAST TEXAS

Farm Hopes Are Fading In Much Of Texas

COLLEGE STATION, Jan. 26 (AP)—Farm conditions have improved in much of East Texas, but hopes are fading in other parts of the state, the Texas Agricultural Extension Service said today.

Director G. G. Gibson said rain in northeast and East Texas will allow plant growth for grazing and plowing for planting, and that temperatures have been low enough and continued long enough to break the rest period of fruit trees for a crop in spring.

In Central and South Texas, soil moisture conditions vary from enough for small grain to critically dry and bare in the Edwards Plateau, far west and the Plains, he added. Crops in irrigated sections are progressing favorably. Winter vegetables are being harvested.

"General rain which measured one inch or more in some localities of northeast Texas should help grazing and bring out the spring weeds essential to depleted pastures," John Surovik at Mt. Pleasant reported. "Land preparation will continue. Livestock are being sold in large numbers. Considerable hail fell near Tyler but no farm damage was reported."

Deep East Texas received helpful showers in the eastern part.

Conditions in the Panhandle are not going to improve until a lot of moisture is received, said Knox Parr at Amarillo. These cold, dry northers are going no good. Wheat is in critical condition, ranges are bare and a big per cent of cattle have been sold.

Land preparation and pre-planting irrigation continues in the South Plains but a good rain is needed.

Some citrus trees are being lost due to drouth in the Lower Rio Grande Valley. Irrigated vegetables are progressing good, but cattlemen have realized very little grazing from small grain for their herds. Heavy feeding and liquidation of herds continues.

Surface moisture along the Gulf Coast is generally adequate for winter vegetable growth and harvest, but low temperatures have small grain and clover pastures progressing slowly. Many pastures are grazed to the ground and heavy feeding continues. Much land is being prepared for spring planting and some farmers are planting small grain hoping for late spring grazing. Stock water is ample.

High, cold, dry winds have been unfavorable for vegetable and small grain growth, but that oats are providing light grazing in some sections of South Texas. More moisture is needed for ranges.

Sheep in the Edwards Plateau are lambing. Winter oats need moisture badly. Three nights of hard freezes have hurt.

Far West Texas farmers and ranchers still are among the hardest hit by drouth. At Fort Stockton Ray Siegmund said there's no surface or subsoil moisture and ranges are critically bare except where irrigated. Livestock is in fair to poor condition and all is being fed.

Growth of small grain has been retarded by low temperatures in North Texas. Some small grain is providing a little grazing, but many ranchers have no range or pastures, requiring heavy feeding. No beneficial grazing on ranges can be expected until late spring.

Cloudy and misty weather in much of Central Texas has kept surface moisture in fair to good condition, allowing enough oat growth to furnish some grazing for a livestock. Land is being prepared for spring planting but will need more moisture before planting. Pastures are poor with water scarce on some farms and ranches, and the demand for feed is high. Some mite insect damage has hit oat fields.

Spring planting of oats has begun in Archer and other counties in the Rolling Plains. Moisture is needed throughout the area. Low temperatures have been extremely hard on grain and livestock.

More than 27,000 cafes in California are licensed to sell liquor, beer or wine. Another 22,000 premises have permits to retail alcoholic beverages.

ONE OF THE TEAMS from Snyder High School which will compete in the state grass judging contest in Fort Worth Feb. 2 in connection with the Southwestern Exposition and Fat Stock Show is shown here in practice. Aiding the team is Billy Bob McMullan, left, agriculture teacher and team coach. Team members, left to right, are Richard Miller, Benny Rinehart, and Robert Nail. Another member, not shown, is Steve Nail. All those shown here are seniors. The ttwo Nail youths were members of the team which last fall took third place in a contest at the State Fair of Texas. Rinehart, Miller, and Steve Nail were members of a team which won area and district first place awards last year. (Lee Watson photograph.

Farmers' Meetings Are Scheduled At Hermleigh And Ira

Two more rural meetings have been scheduled by the Scurry County Farmers Union and Agriculture Stabilization and Conservation committee to explain the 1957 ASC program.

The meetings will be held at 7:30 p.m. tomorrow at Hermleigh and Ira. Both meetings will be at the schools.

Darrell Sims will explain the ASC program at Hermleigh, and Grady Williams and Glenn Tate will represent the Farmers Union. ASC representatives at Ira will be Henry Burchett and Roy Hanson, while Bill Jordan will be Farmers Union representative.

Four such meetings have already been held. Sims and Jordan were in Fluvanna and Hanson, Williams, and Tate in Dunn Thursday night for similar meetings. There were about 35 farmers at the Dunn meeting and about 25 at Fluvanna.

At the meetings, recent changes in the ASC program are explained, especially those affecting the Soil Bank cotton acreage reserve program.

"It is important that farmers learn about these changes and acquaint themselves with the ASC program," Jordan said, adding that is the reason the meetings were scheduled.

More such meetings will be held later, probably Thursday night at Ennis Creek and China Grove.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE GENERAL IMPRESSION many people have that athletes, as a rule, are "dumb" certainly doesn't apply at Snyder High School.

Mid-term grades have been recorded at SHS and no less than six members of the district champion Tiger football squad last fall would up with a straight "A" card.

One of the straight "A" footballers is all-state center Joe Reaves.

The other five all-A Tiger gridders are end Robert Dabbs, tackle Wiley Denson, guard Bill Crowell, quarterback Ronnie Smith and halfback Tommy Prichard. All but Crowell is a senior. Crowell is a junior.

Four other Tiger athletes made straight A's the first semester just completed. Three are members of football teams below the varsity, the Drake twins, Kenneth and Johnny, of the Tiger B team, and Ronnie Martin, of the freshman team.

The 10th straight A Tiger athlete is tennis player Ronnie Pitner.

Other Athletes Rank High, Too

There are six other SHS athletes who made three A's and a B. This list consists of all-state gridder Milton Ham, halfback Gary Vice of the Tiger varsity squad, Jerry Davis of the "B" team and Mike LaFountain of the Freshman team, baseballer Neal Boyd and track man Hollis Cox.

Ham made a straight A card the second nine weeks but one of the A's "tumbled" to a B for the term mark.

Abilene can talk about its "brainy" football team but we don't believe the Eagles can boast of as many straight A boys as the Tiger football squad of 1956 had.

We think it's quite a credit to SHS to have two boys make the all-state football team and that both are honor students.

Several of these honor athletes, by the way, participate in more than one sport. Three of 'em are three-sport lettermen, Ham and Prichard in football, basketball and baseball; and Smith in football, basketball and tennis.

Vice, who was injured in football and didn't get in enough time to letter, competes in two other sports, basketball and baseball.

Two sport lettermen among the scholar students are Reaves in football and baseball and Dabbs in football and basketball.

We offer our congrats to these fellows who have sparkled both on the field of play and in the class rooms.

Support Good At C-City

Despite the freezing temperatures and the various other activities being held in our city Friday night, there was a surprisingly good turnout of Tiger fans at Colorado City for the Tiger-Colorado City basketball tilt Friday.

The Snyder following, in fact, made up more than one-half of the total attendance at the game.

The Tigers rewarded these faithful fans with a fine performance. We wouldn't say it was one of their best games but the "whistle happy" refs kept both teams in a "fizzle" for the most part.

The Bengals continued their balanced scoring attack Friday with all five regulars hitting in double figures. It was the third straight game that the Tigers have had at least four scoring 10 or more points.

Basketball is still a "5-man" game. Very few "one or two men" teams have ever done well.

Great team work has been muchly responsible for the Tigers distributing their points so well in the past few games. And, too, they have been finding the range with more consistency from the free throw line.

You're doing a good job, Tigers. Keep it up.

K-State Rips Hogs

MANHATTAN, Kan., Jan. 26 (AP)—Kansas State solved a troublesome Arkansas zone defense to run away from the Southwest Conference Razorbacks in the second half tonight for a 70-56 basketball victory.

OUTSTANDING PLAYER—Milton Ham, left, is being congratulated by Carl Herod upon winning the "Outstanding Player" award for the 1956 District 3-AAA champion Tiger football squad. The ceremony took place at the annual Quarterback Club football banquet last night at the high school cafeteria. Ham's name will be added to previous winners of the award on a plaque that will be presented to Snyder High School by Herod next week. (Lee Watson photograph)

Ham 'Outstanding Tiger'

Milton Ham, perhaps the greatest end to ever don the Black and Gold uniform of Snyder High School, last night was named the "Outstanding Player" on the Tiger football team for 1956.

The announcement came at the annual Quarterback Club football banquet honoring all of Snyder's schoolboy teams at the high school cafeteria.

Carl Herod, who has been awarding a trophy for the winner of this honor since 1944, made the presentation last night.

Ham made every all-state Triple-A team that was picked last fall including the one picked by the Texas Sportswriters Assoiaction which is considered as the "official" all-state team.

Ham was chosen by a vote from a 10-man panel picked at random by Herod. Herod, in making the award last night, said the voting was the closest it had ever been in the past.

Three other boys figured heavily in the voting. They were center Joe Reaves, tackle Wiley Denson and quarterback Powell Berry.

The 400 or so banqueteers last night were jolted at the outset when it was announced that Alvin Dark, the famous major league ball player who was to have delivered the main address, was unable to make it to Snyder because of the weather conditions.

Dark was to have flown to Midland yesterday afternoon from his home in Lake Charles, La., and then was to have made the remainder of the trip here by car. But the blizzard that hit all of the southwest area made it impossible for him to catch a plane out of Louisiana.

Dark, in an all-out effort to make it to Snyder, drove to Houston in hopes that he could catch a plane from there but planes there too were grounded due to the weather conditions.

But the show went on and through the efforts of Dr. Wilton Jones, the master of ceremonies; guitar playing Dr. John Hamblen and his son; and Herod, the after-dinner ceremonies were highly enjoyable.

Dr. Jones made two personal awards to the Tiger footballers, one to Robert Dabbs as the "best looking boy on the squad" and to Ronnie Giles as the "fastest man on the squad."

As a fitting climax to the program, the 10-man coaching staff of the local schools were awarded cash gifts amounting to $1,100 through the compliments of the Quarterback Club and the football fans of the city.

Head coach John Conley received $300, his two chief assistants, Hal Battle and Horrace Bostick, $200 each. Jim Stehley, B team coach; J. P. Ward, freshman coach; and V. V. Shearburn, assistant B and freshman coach, each received $100.

The four junior high coaches, Ace Amos and Charlie Sparks of the 8th grade, and Bill Hartsfield and Jimmy Stewart of the 7th grade, each received $25.

Bob Crowell, representing the Quarterback Club, made the gift presentations to the coaches.

Snyder, Sweetwater Boxers Clash Here Tomorrow Night

Snyder and Sweetwater boxing teams will meet in an inter-city duel at the County Barn tomorrow night as the two teams continue preparations for the Regional Golden Gloves tournament.

Activities are scheduled to get underway tomorrow night at 8.

Between 12 and 15 fights are on tap.

The feature bout will be a rematch between Joe Reaves of Snyand Richard Ferrell of Sweetwater.

These two middleweights met two weeks ago here when Snyder hosted Abilene and Sweetwater in a triangular affair.

Ferrell, a veteran in the ring, won a close decision from the inexperienced Reaves when they met previously.

Ferrel will defend his Open Division title in the Regional Golden Gloves Tournament at Abilene next weekend. Although Reaves will be fighting in the High School Division, the all-state Tiger footballer wants another crack at the more experienced Ferrell here tomorrow night.

In the first fight between the two, Reaves won the first round but Ferrell rallied to win the final two and the decision as the Tiger gridder "ran out of gas."

Snyder coach Lacy Boles still has 15 or so boys working out daily and all are expected to see action tomorrow night.

No other definite parings will be made until after weigh-in time late tomorrow afternoon.

Since the fights are being held in the County Barn tomorrow night, there will be no admission charge. The County Commissioners have ruled that no admission, other than to the swimming pool, be charged for activities at Towle Memorial Park.

As in Little League and Pony League, though, a hat will be passed among the crowd tommorrow night.

The Snyder Optimist Club, sponsors of the boxing program here, hope to raise enough funds to send a team to Regional Golden Gloves Tournament in Abilene next weekend, Feb. 1, 2 and 4.

Between 12 and 15 Snyder boys are training for the Abilene tournament.

Weatherman Halts Jr. High Tourney

The "blizzard" that hit West Texas yesterday caused postponement for portions of the 1st annual Snyder Junior High Invitational Basketball Tournament over the weekend.

All first round games were played Friday but some of the teams couldn't return for the second round Saturday because of the icy road conditions.

One of the semi-final games, however, was played with Sweetwater beating Big Spring 40-23, to gain a finals berth.

Ace Amos, tournament director, announced last night that the tournament would be completed Saturday, Feb. 9.

Five games remain to be played in the tournament. Still to be played are one semi-final game, one consolation semi-final game, the third place game, consolation and championship finals.

The other two semi-finalists are Snyder and Lamesa. Snyder edged Colorado City, 17-16, and Lamesa defeated Stamford, 35-23, in first round play Friday.

Two games were played yesterday. In addition to the Sweetwater-Big Spring semi-final game, Andrews downed Snyder B in a first round consolation game, 39-22, yesterday afternoon.

The win put Andrews in the consolation finals.

In the Snyder-Colorado City game Friday, the locals had trouble locating the basket and had to come from behind in the final minute of play for the victory.

Snyder led most of the way but Colorado City went ahead 16-15 with about two minutes to go. Eddie Lloyd then tossed in a two-pointer to hand Snyder the victory.

Lloyd was high for Snyder with six points. Mike Moffett had five and Jimmy Don Robinson, Stanley Kruse and Larry Patterson 2 each.

Lemons and McKay with 5 each were high for Colorado City.

In other first round games, Lamesa defeated Stamford, 35-23; Big Spring won over Snyder B, 18-15, and Sweetwater thumped Andrews, 42-14.

Crump was high for Lamesa with 10 points while Kelly led Stamford with 8. Morgan led Snyder B with 10 against Big Spring with Jerry Dunlap high for Big Spring with 9.

Sepeda paced Sweetwater past Andrews with 12 points. Jeffreys led Andrews with 7.

In yesterday's consolation semi-finals, Jeffreys led Andrews over Snyder B with 17 points while three Snyder players shared honors for the losers, Moore, Minton and Reep with 4 each.

Belew guided Sweetwater to its semi-final win over Big Spring yesterday with 16 points. Dunlap led Big Spring with 15.

The pink and black jockey silks of Greentree Stable were first worn in a race at Havre de Grace in 1912.

Tiger Frosh Bow In SA S-Finals

Edison of San Angelo eliminated the Tiger freshmen basketeers in the semi-final round of the San Angelo Invitational Basketball Tournament yesterday morning, 43-30.

The Tiger Frosh had battled their way into the semi-finals with two victories Friday, defeating North Abilene, 64-47, in the opening round and Eldorado, 35-34, in the quarterfinals.

Eldorado, prior to its game with Snyder, had eliminated the tournament favorite, Abilene Lincoln, 47-42, in the first round.

In yesterday's game, Edison jumped into a commanding lead in the first quarter and the Tiger Yearlings were never able to catch up. Edison led 13-2 at the first quarter mark and 21-10 at halftime.

The future Tigers made one last bid to get back in the game in the third period when they cuty the Edison lead to seven points, 26-19. But the Tiger Frosh ran out of gas as the San Angelo club pulled away in the final period.

Dick Hays, who led the Tiger Frosh scoring for the entire tournament with 47 points in three games, topped the Snyder scoring against Edison with 15. He was followed by Barry Walker and Norman Gladson with 4 each, Stanley Wooliver and Alex Cross with two each and Mike LaFountain with 3.

Hays hit 22 points to take scoring honors in the North Abilene game. Others scoring for the Tiger Frosh against North were Cross with 9, Walker with 8, Gladson with 7, Wooliver with 6, and Devane Jones with 2.

Walker was the high scorer in the Eldorado game with 12. Hays followed with 10, Gladson 7, Cross 4 and Jones 2.

The Tiger Frosh trailed Eldorado by 12 points with five minutes to go and then pulled it out with a fast finish. A full-court press by the Tiger Yearlings led to Eldorado's downfall.

The Tiger freshmen team is coached by Hal Battle.

Tigers Drub Wolves, 74-51

By BUCK FRANCIS
News Sports Editor

COLORADO CITY, Jan. 26 — The Tiger basketeers completed their first round of play in the District 3-AAA race unbeaten with a smashing 74-51 triumph over the Colorado City Wolves here Friday night.

The win gave the Tigers a 4-0 District [illegible] and the gals will now start on their second [illegible] 3-AAA schedule next Tuesday night against the Lake View Chiefs at Tiger Gym.

Lamesa stayed hot on the heels of the Tigers in the race for the pennant by subduing Sweetwater, 52-38, Friday night at Sweetwater. The Tornadoes are one game back of the Tigers with a 3-1 record.

The Tigers took the lead after the first four minutes of play here Friday night and led the remaining distance. Colorado City held leads of 1-0, 3-2, 5-2, 5-4, and 7-6 before Robert Dabbs dunked in a fielder four minutes deep in the game to give the Tigers an 8-7 lead, a lead they never relinquished.

Coach J.P. Ward's Bengals, in fact, ran off and left the Wolves in the final four minutes of the first period. The Tigers scored 14 points while holding the Wolves scoreless for a 22-7 lead just before the first quarter buzzer sounded.

The Wolves hit three quick points in the final seconds of the first quarter to cut the Tiger lead to 22-10. But the Bengals moved further ahead at halftime, 37-20, and were leading 52-37 after three periods.

A balanced scoring attack carried the Tigers to the decisive decision. Five Tigers hit in double figures with guard Ronnie Smith pouring in 17 points for top scoring honors.

Robert Dabbs followed with 15 points, Milton Ham with 13, Dwayne Prince with 12 and Powell Berry with 10.

The Tigers hit 28 of 43 free throw attempts for 65 percent while Colorado City made only 15 of 37 for 40.5 percent. Smith led the Tiger free throwers with 9 out of 11.

Colorado City held a slight edge in field goal percentage but the Bengals managed to shoot 17 more times than the Wolves. The Tigers hit 23 of 63 from the floor for 37 percent, Colorado City 18 of 46 39 percent.

The game was marred by excessive "whistle blowing" by the officials as 50 personal fouls and one technical were called.

Ham, the leading Tiger scorer of the season, played less than half of the game as result of drawing his fourth foul in the first half.

Ham sat out the entire third quarter and reentered the game briefly in the fourth, getting seven of his 13 points in the fourth.

Four of the five Tiger starters had four fouls against them before Coach Ward cleared his bench in the final minutes of play.

Dwayne Prince led the Tigers in rebounds with 17, 10 of them off the defensive boards. Ham had 10 rebounds, Dabbs 9, Berry 5, Smith and John Ward 2 each, Vice, Israel Hinojos and Billy Phillips 1 each for a total of 45.

The Tiger B team [illegible] on the winning trail in the preliminary game, by trouncing Colorado City B, 73-56. Coach V. V. Shearburn used all 20 boys on the squad during rout.

One of the reserves, David McIntosh captured scoring honors with 12 points. Leon Reed followed with 10. Fifteen of the 20 Tiger B teamers seeing action dented the scoring column.

Freddie Treadwell of Colorado City B was high for the game with 24 points, 16 of his points coming from the free throw line.

Fifty-eight fouls were called in the game, 32 against Tiger B and 26 against the losers.

Hoad Upset In 'Grand Slam' Bid

MELBURNE, Jan. 26 (AP)—Lew Hoad, plagued by a bad back, saw his renewed bid for a tennis "grand slam" shattered today by fellow Australian Neale Fraser, who scored a stunning upset in the semi-finals of the Australian National Championships, 7-5, 3-6, 6-1, 6-4.

The crowd of 4,000 at the Kooyong Courts, many not conscious that Hoad was favoring a mysterious injury, sat in disbelief as the handsome, lefthanded Raser wrecked Hoad's big game with disheartening steadiness and left the world's No. 1 ranking amateur a badly beaten and disillusioned figure.

"Of course I would have liked to have won," Hoad said bitterly later. "But it's too late now to do anything about it. Neale played well and I was not at my best."

The blond Australian Davis Cup ace made no excuses about his back but an Australian tennis official, who declined to be identified, said Hoad certainly would have defaulted had the tournament been any other except the National.

Hoad turned down a $67,000 professional offer this year in order to seek a sweep of the four major titles, a feat accomplished only by America's Don Budge in 1938. He won the first three of these last year—the Australian, French and Wimbledon crowns—only to be thwarted by teammate Ken Rosewall, who beat him in the finals of the U.S. meet at Forest Hills.

The surprise reversal overshadowed other developments of the day which saw America's Shirley Fry and Althea Gibson capture the women's doubles title and young Ashley Cooper gain the other men's singles final opposite Fraser.

Perini Quits As Braves President

MILWAUKEE, Jan. 26 (AP) — Louis R. Perini resigned as president of the National League baseball club of Milwaukee tonight and Joseph Cairnes, who has been executive vice president, was named by the directors to succeed him.

Perini was named chairman of the board, a post he said he would hold in "an advisory capacity."

In a statement, Perini said in resigning the position he has held since 1945 that it was his belief there are "many advantages to the president of any organization residing in his home community."

Cairnes is a permanent resident of Milwaukee, Perini said, while other business interests keep Perini elsewhere much of the time. The people of Milwaukee and Wisconsin "are entitled to direct, on-site leadership," Perini added.

Cairnes joined the Milwauke Braves in 1947 as business manager of the club's farm system. He was named executive vice president in 1953.

Perini said in his statement that he found Cairnes "well qualified" to handle the administrative affairs of the club.

Directors renamed other officers, including Charles R. Perini as first vice president, Joseph R. Perini as treasurer, John Quinn as vice president and Francis Leary as secretary and assistant treasurer.

Cougars To Be Passing Team

HOUSTON (AP)—The new University of Houston football coach, Hal Lahar, has promised the Cougars will be passing more under his tutorship.

The 37-year-old former Colgate coach operates with a split-T from which his team last season averaged at least 15 passes a game.

Lahar met the Houston team yesterday. Andy Zubel and Fred Rice, two Colgate assistants who will transfer here, were also present.

Clemson backfield Coach Carl Wise arrived during the day and talked briefly with Lahar about joining the Houston staff. Lahar said no decision was reached, but discussions would continue today.

Lahar was selected last week to succeed Bill Meek, who accepted a long-term contract with SMU.

Asked about his plans for spring football training, Lahar said he had not conducted spring training the past four years since none is held at Colgate. He said he will be ready with a complete staff by the time the sessions are scheduled to start on Feb. 11.

Lahar said he might seek an outstanding Texas high school coach as one of his assistants.

Top Jockey Named

ARCADIA, Calif. (AP)—Two-time national riding champion Ted Atkinson has been named 1957 winner of the George Woolf Memorial Jockey Award.

Strong Quits As Sacramento Coach

SACRAMENTO, Calif., Jan. 26 (AP)—Dave Strong quit today as coach of the Sacramento State College football team because he never produced a winner.

The 40-year-old ex-Michigan halfback, the Hornets' first coach, said after three losing years at Sacramento he decided to let somebody else have a chance.

Strong's teams lost eight straight in 1954, won 2 and lost 6 in 1955 and wound up last season 3-5-1. The school is in the Far West Conference.

Before coming to Sacramento State, Strong served as assistant under Red Sanders at UCLA and Blair Cherry at Texas. He played on the great Michigan teams of 1938 and 1939.

Tribute Paid Stan The Man

ST. LOUIS (AP)—Stan Musial was feted last night as a man who some day may be looked upon as the greatest baseball player of all time.

The 36-year-old star, whose name is peppered through baseball's record book, cast back across 14 seasons with the St. Louis Cardinals for his biggest thrill and said:

"It's just putting on the uniform—to know you are a big league ball player."

There was a quiver in his voice as he accepted the Humanitarian Award bestowed by the St. Louis Advisory Board of the American Medical Center.

"This isn't my farewell party," he said. "I'm going to play a couple more years—for sure."

Some 700 persons paid $25 a plate to honor him, with the proceeds going to the Medical Center's non-sectarian hospital at Denver.

Warren Giles, president of the National League and one of the many speakers who heaped praise on Musial all evening, looked into the future and said Musial "because of his great contribution, plus his record and personality, could be chronicled as the greatest player of all time."

August A. Busch Jr., owner of the Cardinals, was out of town but sent a telegram which said:

"No other Cardinal will wear No. 6 after Musial. His last uniform will be sent to the Hall of Fame at Cooperstown as a symbol and a reminder of the great record by this great baseball player and gentleman."

Frank Lane, Cardinal general manager, allowed he is Musial's most ardent fan.

"In fact," he said, 'I'm willing to pay for his autograph next week."

Musial hasn't yet signed his 1957 contract. A good guess is he gets about $80,000 a year.

McMillan Winner Of Tulsa Alumni Award

TULSA, Okla. (AP)—Roy McMillan 26-year-old shortstop of the Cincinnati Redlegs, today was named winner of the Tulsa Oiler "Alumni Award" and will be present Tuesday night at the 11th annual Oklahoma Old Timers Baseball Assn. Diamond Dinner. McMillan was a member of the 1950 Tulsa team.

Jackie In Rhubarb With Campanella

By JERRY LISKA

CHICAGO, Jan. 26 (AP)—Jackie Robinson's latest post - retirement baseball rhubarb is a wrangle with his former Brooklyn Dodger teammate Roy Campanella which Jackie apparently would like to forget.

A fuss between the two veteran Negro big leaguers came to a head yesterday when Campanella took exception to a reported statement by Robinson that the still-active Dodger catcher is all washed up.

Roy, in Chicago, Robinson today issued a rebuttal to Campanella's "shame him publicly for "just shooting off his mouth." Jackie admitted he had "cool" relations with Campanella.

Here's what happened to set the stage for Jackie's latest incident:

Somebody told Campanella that Robinson, evaluating the Dodger chances next season, said Campy could not make a comeback after a poor 1956 season. Campanella then struck back at Robinson saying they had never mixed well as Dodger teammates and that Jackie left baseball "with a lot of enemies."

Robinson, on tour as chairman of the National Assn. for the Advancement of Colored People's Fight for Freedom Fund, gave The Associated Press a carefully prepared statement. It read in part:

"Friday night in St. Louis, a dispatch from New York allegedly quoting Roy Campanella was called to my attention. It said among other things that I'd said Roy was washed up. I have never made such a statement. I have said that the Dodgers were understandably concerned about Roy's hand having completely recovered from last year's surgery.

"I'm sorry that Roy popped off, apparently without checking the accuracy of Dick Young's (New York News sports writer) statement to him (about Campanella's future). I could say why my relationship with Campy was cool, as he said, but it would accomplish no good for me to do so. I have no argument with him and I don't want one."

Campanella, in striking back at Robinson's purported comment about his limited future, predicted he would catch "at least 100 games for Brooklyn in each of the next three years."

He said his injured hand had mended satisfactorily after an operation.

Fullmer In Bout Monday

SALT LAKE CITY, Jan. 26 (AP)—Gene Fullmer starts after the cash that goes with the glory of being middleweight boxing champion in a non-title bout Monday night against Pittsburgh's handsome Wilf Greaves.

It will be the first in a series of non-title 10-rounders before Utah's boxing buzz saw has to give Sugar Ray Robinson a chance to get the championship back.

The rematch with Robinson, for which the date has not yet been set, is required under the contract for the New York bout in which Fullmer decisioned the aging Sugar Ray Jan. 2. Gene got only 12½ per cent of the gate then, but now he's in a position to have the money flowing his way.

Rangers Rebound To Overtake Boston

BOSTON, Jan. 26 (AP)—The New York Rangers, stunned by the suddenness of a Bruins' rally, scored twice during penalties in the third period today and defeated Boston 5-3 in a National Hockey League game marked by goal flurries and odd moments.

While his team was shorthanded Larry Popein broke away and scored from close range on Don Simmons who had a rough major league debut in the Boston net.

Popein took a loose puck near his own blue line and raced ahead of the field while the Bruins concentrated on pressing their advantage. New York's Jack Evans was in the penalty box for holding.

The goal came at 10:12 as a national television audience and 11,004 Boston fans watched.

Prizes Run High

MIAMI, Fla., Jan. 26 (AP)—The daily double hunters who picked the combination of 1 and 7, consisting of Asthore at $105.40 in the opener and Gratuity, $15.20 in the second, collected a walloping $727.90 today, highest of the Hialeah meeting.

Sold on it were six $10 tickets; five $5 tickets and 141 $2 ducats.

HUBBY ACCEPTS PLAQUE

Babe Winner Of Bob Jones Trophy

NEW YORK, Jan. 26 (AP) — Another honor came to Babe Didrikson Zaharias today—Four months after her death—when the fabulous woman athlete was awarded the Bob Jones Trophy for outstanding sportsmanship in golf.

The Babe's husband, ex-wrestler George Zaharias, accepted the posthumous award and then, choking back the tears, told delegates at the annual meeting of the U.S. Golf Assn.

"Babe won many awards in many sports but this would have been the crowning glory of her career."

With the bronze plaque in his arms George left the rostrum and went over in the corner and broke down.

The trophy is the third annual award given in the name of Bob Jones, the great grand slam golf champion from Atlanta who was present at today's meeting although he himself is handicapped by a crippling spine ailment.

The first winner of the award was Francis Ouimet, the Bostonian who as a youth beat England's great stars in the National Open championship, and the honoree last year was Bill Campbell the Walker Cup captain from Huntington, W. Va.

In presenting the trophy, Totton P. Heffelfinger of Minneapolis, chairman of the Bob Jones Award Committee, said it was given "not only for Babe Zharias' great victories and sportsmanship on the golf course but also for the fight she put up against death."

Mrs. Zaharias, winner of every major golf crown, Olympic champion and all-around athletes, died Sept. 27, 1956 of cancer.

George Zaharias told the gathering the Babe "always lived by the rules and had a deep love for the game of golf."

"She played the ball as it lay," he added, using a golf term. "If the babe could be here today this would be the happiest moment of her life."

The only other important action of the USGA dealt with tournament exemptions and handicaps.

The golf fathers announced that exemptions from sectional qualifying for the national amateur tournaments would be given the semi-finalists of the last tournament and all past winners of the National Open who still are amateurs. Exemptions also were given to the runners-up as well as champions of the Amateur Public Links, Junior and Senior Amateur Tournaments of the previous year.

William Blaney, chairman of the Handicap Committee, announced that a poll of members showed 90 per cent in favor of a uniform handicap system. Now two systems—basic and current—are in effect.

Richard Tufts of Pinehurst, N. C., was re-elected president.

Wall Ties Venturi For Tourney Lead

PALM SPRINGS, Calif., Jan. 26 (AP)—Art Wall Sr. rallied courageously after taking a whopping nine on one hole and stroke back to a one-underpar 70 and a tie for first place with Ken Venturi in the third round of the $15,000 Thunderbird Open Golf Tournament today.

The 33 year-old professional from Pocono Manor, Pa., hit two balls out of bounds on the third hole of the Thunderbird Country Club's wind and sandswept course and found himself four over par at that point.

As Venturi, the young pro from San Francisco, shot a conservative 70, Wall managed to get down to two over par after nine holes and come on in with a 32 for his 70.

The pair of 70's gave 25-year-old Venturi and Wall a 54-hole total of 204, nine strokes under par for the club's par 36-35—71, a course that measures 6,843 yards.

Five players started out tied for the lead—Wall, Venturi, Julius Boros, Billy Maxwell and Doug Ford—with Cary Middlecoff one stroke behind.

When the shooting for the day was over, Middlecoff, with a 70 was still one stroke behind the leaders. Tied with him were Boros and Maxwell with 71's.

At 206 and very much a threat were Mike Souchak, who shot a 70; Ford, with a 72, and Jimmy Demaret, the 1956 winner, who came up with a rush and a neat 68.

Hobbs Cagers Capture Two

Hobbs swept both ends of a doubleheader from Blackwell Friday night in District 15-B games at Hobbs.

Hobbs eked out an 82-81 decision in the girls game and won the boys game by 75-44.

Anna Rogers of Hobbs and Rita McCarley of Blackwell staged a terrific individual scoring battle with McCarley gaining high scoring honors with 63. Miss Rogers bucketed 45.

The win moved Hobbs' sextette into second place in the District 15 B standings with a 5-1 record.

Trent leads with a 6-0 mark.

Edwards Released: Gets Pilots Post

CINCINNATI, Jan. 26 (AP) — The Cincinnati Redlegs today gave veteran catcher Bruce Edwards his unconditional release and said he would become manager of their Visalia farm club in the Class C California State League.

Edwards, 33, started his major league career in 1946 with Brooklyn. He later played with the Chicago Cubs. The Reds brought him back from the minor leagues last year as a third string catcher but he played in only seven games.

'DON'T GAMBLE WITH HEALTH'

No odds are large enough to justify gambling with one's health. Winning such a gamble at best only restores the former status quo, while losing can be disastrous.

The smart money always rides on the individual who sees his physician periodically for a physical checkup, and who consults him whenever circumstances dictate that a physican be called in. The long term odds are extremely short on those who repeatedly resort to hearsay, lay advice, and quacks and quack remedies when a competent medical examination and proved medications are called for.

You won't be gambling when you bring your prescription to Burgess Professional Pharamacy, 40th St. & Big Spring Highway. Phone 3-7582.

Fluvanna In Overtime Win

Fluvanna's Buffaloes edged the Ira Bulldogs 49-47 in a double-overtime game Friday night at Fluvanna. It was a District 16-B game.

Vernon Browning hit a field goal two minutes deep in the second overtime to give the Buffaloes the decision.

The regulation game ended at 47-47. There was no scoring in the first overtime.

Kenneth Kellner led the Buffs with 14 points with Browning the second high Buff scorer with 9.

Jerry Ford with 15 led Ira. Billy Farmer had 12, Tommy Echols 10 and Jo Neal Smallwood 7 for the Bulldogs.

Ira easily won the girls game, 66 [illegible] Balera Richards led the Bulldogettes with 30, followed by Peggy Taylor with 20 and Darla Bryant with 12.

Jacquelyn Martin led the Fluvanna lasses with 14.

Goggins Leads By Stroke In Tourney

DUNEDIN, Fla., Jan. 26 (AP) — Willie Goggins, a long ball slammer, played an allaround good game of sub-par golf today for a 69 and a one-stroke lead in the annual PGA seniors tournament.

Goggins' 36hole total was a 138 on the 6,589-yard PGA National Course where par is 72. Goggins, from Rutherford, N. J., is making his first start in a PGA Seniors.

Runnersup are Jim Barfield of Grand Rapids, Mich., who shot a 73 for a 139 total and Al Watrous of Birmingham, Mich., who shot a sparkling 68.

Another Assistant Leaves Texas A&M

COLUMBIA, MO., Jan. 26 (AP) — Athletic Director Don Faurot announced today the appointment of Jerry Claiborne as defensive football coach at the University of Missouri.

Claiborne, former Kentucky end, has been defensive coach at Texas A&M under Paul "Bear" Bryant and previously assisted Bryant, his college coach, at Kentucky for two years. Claiborne will be an assistant to Frank Broyles, who was appointed head Missouri football coach earlier this month.

DATE DATA

By BEVERLY BRANDOW

Dear Miss Brandow:

I am giving aparty. My best girl friend is invited and I have just learned the date she is bringing is my ex-steady. I am afraid this will mean trouble and certainly will make me uncomfortable.

How can I tell her politely that I don't want him there?

Barbara

Tell her you realize she is free to date anyone she pleases, but in consideration to you you hope she will not bring your ex-steady to your house because you are afraid it will put a damper on the party and cause you both to feel uncomfortable.

If she doesnot agree, there is little you can do except strive to be the best hostess you know how and pretend nothing is the matter.

Next time make up your guest list more carefully and do not invite your best friend if she is still dating your ex-steady.

Dear Miss Brandow:

Will you please write something about "holding hands." We are two girls twelve years old and it is a problem for us.

Jill and Audrey

The problem springs from your own self-consciousness and your inexperience in dating.

Hand holding is neither risque and daring nor something to be done simply because you think think you ought.

Holding a date's hand should be natural, without hesitancy or fright, or you shouldn't hold hands.

Hand holding is not petting; there is nothing wrong with it if you really enjoy a boy's company. It should be spontaneous and without any particular conscious thought as when you reach for each others hand and give it a squeeze during the climax of a mystery thriller at the movie.

(For personal counseling on your problem, write Miss Brandow in care of this newspaper and enclose a 3 cent stamp.)

BANQUET FASHIONS SEEN

Along with being educational and entertaining the annual Chamber of Commerce Banquet Friday night proved to be quite fashionable. Attractive hats of every color and description were present. Velvets, feathers and sequins were predominate and ranged from a tiny plume of feathers to brims measuring five to six inches in width.

With old man winter out to strut his power it did not keep down the array of attractive dresses. Rather than a suit with a top coat the auditorium isles looked more like a fashion stage as trim sheath dresses topped by fur capes marched down to take their seats.

Accompanying the attractively dressed women were the usherette in formals. They were Jan Carey in orange, Clovis Ann Terry in white with a sprinkle of silver, Betty Ford in red, Kay Lynn Walker in white, Karen Porterfield in red, Carolyn Murphy in blue and Diane Young in all white. The girls looked like they were ready for a prom in their strapless gowns with tiny waists and full ruffled skirts. We are sure their polite manner and ready smiles were noticed by our out-of-town guests.

Public Exhibit Of Mazza To Be Held This Afternoon

Public exhibit of some of the works of Rene Mazza, famed Italian — American artist, will be held at the Martha Ann Women's Club building from 3 to 5:30 o'clock this afternoon.

Mrs. W. A. McGlaun, president of the Snyder Palatte Club, newly organized club of local artists and art enthusiasts, said that everyone is urged to visit the exhibit and view the many works of the world famous painter.

Mazza, a native of Venice, Italy, came to the United States in 1938, and has made his home in Dallas since, although he frequently returns to his homeland. He maintains permanent art studios in Dallas, Venice, Rome, Boston, New York, Santa Barbara, Calif., New Orleans, Houston and on the island of Capri.

Many of Mazza's portraits, his favorite works, are on display in the showing here.

Also displayed prominently are street scenes from many of the world's leading cities. Such street scenes are also favorite subjects of Mazza.

Mazza is also instructor of art classes here, and many of the members of the newly formed Snyder Palette Club are his students, as well as many who are not affiliated with the club.

Mrs. McGlaun said: "this is truly a great honor for Snyder, and I think everyone will enjoy seeing these wonderful works of art."

The exhibit is being sponsored by several individual members of the club, rather than the club itself.

Mazza will not be present at today's showing, but members of the club will act as hostesses and guides to explain the different works.

He was guest of honor at a private exhibition in the same place Tuesday night.

ART EXHIBIT TODAY—Three Snyderites examine works of Rene Mazza, artist of Dallas and Rome, who is giving a one-man exhibit of paintings in the Martha Ann Women's Club building from 3 to 5:30 o'clock this afternoon. The women from left are: Mrs. F. G. Sears, Mrs. Jack Bowden and Mrs. Wade Winston. The painting at left above is a portrait of a girl and the other is a street scene in Venice, Italy, the artist's home town. (Lee Watson photograph)

Need For Books Is Discussed By Troop

Girl Scout troop No. 17 met Thursday at the Scout Hut for their regular meeting with four members present.

Discussion was held on the senior weekend at Camp Booth Oaks and the need for books at the library there. Anyone having books for girls from the 5th grade up who would like to donate them, they would be greatly appreciated. They will be picked up by the girls. The phone numbers to call are 3-5244 or 3-6189.

Helen Ivison worked on her five point program and the meeting adjourned.

Brownie Laws Are Studied By Troop

Brownie Troop No. 35 met at 5 p.m. Tuesday in the North Elementary School with seven members present.

The club studied and worked on their Brownie laws.

Virginia Calclover served refreshments following the meeting.

Superintendent C. Wedgeworth and his faculty have inaugurated a new winter-time high school schedule that is proving of benefit in several respects. Under the new arragnement the school day opens at 9 o'clock in the morning, and regular class periods end at 3:30 o'clock. Four 45-minute periods are scheduled in the mornings, and two one-hour periods are used in the afternoons.

MRS. JIMMY LEE COOPER
formerly Sue Ann Mayo. (Wolfe Studio photograph)

Miss Sue Ann Mayo Becomes Bride Of Jimmie Lee Cooper

In a candlelight ceremony held at the Hermleigh Methodist Church Saturday evening at 7 o'clock, Miss Sue Ann Mayo became the bride of Jimmy Lee Cooper. The Rev. S. A. Sifford, minister of the First Methodist Church at Hart, read the double ring ceremony.

Sue Ann is the daughter of Mr. and Mrs. W. G. Mayo of Hermleigh. Jimmy Lee is the son of Mr. and Mrs. Alfred Cooper, Hermleigh.

The vows were exchanged before an archway of white candles and baskets of white stock, while the alter rail was lined with lemon leaves and candles. Pews were marked by burning white candles.

Given in marriage by her father, the bride wore a gown of Chantilly lace over satin, fashioned with portrait neckline and long sleeves which came to points over the hands. The long fitted bodice ended in points in the front and back. The full skirt was scalloped at the bottom, revealing tulle ruffles. The graceful neckline was edged in hearts formed of seed pearls and sequins. Her fingertip veil of silk illusion fell from a terra of chantilly lace and pearls. Completing the ensemble of the attractive bride, she carried a cascade bonquet topped with a white orchid and stephonotis.

Mrs. Cooper wore a bracelet belonging to her grandmother, Mrs. Neal E. Farr, which was worn on her wedding day. The bride's mother also married in it as well as eight other brides in the family. It is engraved with initials of each couple. Something borrowed was a silver six pence in her shoe which belongs to her uncle, Jim Farr. Blue was a garter given her on graduation from high school by a classmate, Jean Robinson.

Attendants were Mrs. Bobby James, Snyder, matron of honor; Dixie Lee Kimmel, Snyder, Sandra Gail Sturdivant, Hermleigh, and Connie Longbotham, Snyder, all bridesmaids. Their gowns were all identical in red velveteen with low necklines, three-quarter sleeves and full skirts. The head pieces were of red velvet from which fell illusion nose viels trimmed in seed pearls.

Jane Wall of Hermleigh served as flower girl. Her gown was of white dotted pima cloth, with which she wore a headdress of net illusion ruffles trimmed in seed pearls.

Best man was Don Cooper of Perryton. Ushers included Jim Swink, Rusk; Joe Williams, Greenville, and Norman Hamilton of Vanderbilt.

Larry Barfoot, former organ pupil of the bride served as organist and accompanied Ray Harden of Snyder who sang "Always" and "Why Do I Love You".

A reception was held in fellowship hall that was attractively decorated with baskets of white stock. The lace covered refreshment table was centered with the traditional three tiered wedding cake topped with a bride and groom.

Sandra Cooper, sister of the groom presided at the guest book. Jean Robinson and Nelda Smith of Snyder and Ann Wall of Lubbock served cake and punch.

The couple will make their home at 2560½ Rogers in Fort Worth.

Mrs. Cooper is a sophomore at Texas Tech, Lubbock, and a member of Phi Gamma Nu Sorority. Mr. Cooper is president of the senior class at Texas Christian College, a member of the Phi Delta Theta fraternity, "T" association for football letterman, athletic council, and student congress.

Out of-town guest were from McCamey, San Antonio, Greenville, Abilene, Lubbock, San Angelo, Snyder, Sweetwater and Fort Worth.

Ladylike Prettiness, Simple Elegance To Keynote Fashions

The curtain has gone up on the spring fashion show, and the script reveals a determined plot to make the American woman slimer and prettier than ever.

Two notes alternate. One note is a simple elegance, accentuating the softened sheath, the clinging importance of crepe, and the strong dramatic note of black and more black. The second is a note of ladylike prettiness, inspired by the "Fair Lady" type of dress, and is reflected in the importance of chiffon, the soft muted shades of mauve, yellow, gray and pink.

In both pictures, the role of jewelry and accessories is more important than ever before, for often it is the finishing touch that completes the ensemble and makes it outstanding or not. The new trends in styles have brought about many new styles in the spring jewelry field, according to the Jewelry Industry Council.

The strong influence of Chanel, the uncluttered long line, has revived interest in beads, beads, beads and more beads, singly and in pairs, to relieve and brighten the starkly simple lines.

Since necklines have been scooped out, cut low, dropped off the shoulder for spring, new importance is given to the multiple strand or bib necklaces and plenty of back decoration on the necklaces gives a smart touch to the low-backed and sun clothes of summer.

Waistlines are where you find find them this spring — low, high, undefined or wherever, and pins and brooches do important tricks in defining them. Pins are used everywhere, at the hipline, at the waistline and shoulder to give balance to the simple dresses.

The new bouffant hair styles have had their effect on earring designs, and long thin pendants are voted most likely to give balance to the broadened coiffuree Flat round button earrings are tailored favorites.

The pretty woman (or the woman who aspires to be) finds exciting collusion between dress and jewelry designers toward this goal. The soft lovely spring colors of mauve, pink, yellow and gray are repeated in jewelry to complement the dress shades or accent the dark colors.

For summer, fresh sparkling white jewelry in all shapes and sizes is an important accent to the bright cottons as well as the smart blacks so important for city-wear. And the newest white look of all is the combination of white and turquoise, designed to flatter [illegible] the Council reports.

The "delicate air" describes the fine gold jewelry that is so important this season. Slim bracelets both rigid and flexible, worn several at a time, have replaced the chunky styles of yesteryear; and gold and jade is a popular combination of beauty and fashion.

White gold, set with diamonds and pearls, is a newcomer to prestige jewelry and the pale ladylike look is as smart as it is flattering.

The gild on the lily, in the form of jewelry, is a vitally important factor in the spring fashion picture, according to the Jewelry Industry Council, and if the American woman follows the direction mapped for her, she will "walk in beauty" all season long.

Ambidextrous?

OKLAHOMA CITY (AP) — Six-year-old Michael Sullivan had been worried about how he was going to cut his birthday cake since he broke his left arm and had to have it in a cast.

Just before the party, he fell off a low fence and broke his right arm.

WHAT'S GOING ON

Vows Are Solemnized In Clovis

Wedding vows were solemnized for Mrs. Gerry Scaramella and Vernon Oliver in a mid-afternoon ceremony Thursday in the First Presbyterian Church in Clovis, N.M.

The bride is the daughter of Mrs. O. L. Morrow, 1303 23rd Street. The bridegroom is the son of Mr. and Mrs. N. M. Oliver of Seymour.

The Rev. E. L. Coon, church pastor, officiated for the double ring ceremony. Brasell McClure of Snyder attended the couple.

The bride wore a two piece wool dressmaker suit of midnight blue. Her accessories were of winter white and periwinkle blue and she wore a white orchid corsage.

Mrs. Oliver is a graduate of Snyder High School. She is employed as a bookkeeper-secretary for Ray Taylor Well Servicing. Oliver, who attended schools in Black Rock and Francis, Okla., is employed with Universal Construction Co.

The couple are at home at the Bel-Air Village apartments.

Mr. and Mrs. Vernon Oliver were honored at an informal supper Friday night at the home of Mr. and Mrs. Clifford Hale, 1109 32nd Street. Mrs. Oliver is Mrs. Hale's sister. Gifts were presented to the couple.

Nuclear Speedup

WASHINGTON (AP) — Tires could be vulcanized with steam produced by nuclear energy far more efficently than by present methods, says a University of Michigan nuclear engineer.

Richard A. Baizhiser told the American Nuclear Society that a 75-million watt reactor could vulcanize 17,000 tires daily compared to the present [illegible] capacity of a conventional plant.

THANKS!

I am deeply appreciative of the courtesies extended to me by citizens of Scurry County during my 20 years of public service.

It has been a pleasure to me. I always have had, and will continue to have confidence in the people of Scurry County, and I am happy that you have indicated that you have confidence in me.

Now that I am in another field of endeavor, I shall continue to treasure your friendship, and I look forward to continued pleasant associations with all of you in our community life.

Handicapped Get Lesson From Ray

HOLLYWOOD (AP)—Aldo Ray is an object lesson in how to turn a handicap into an asset.

When you think of Aldo, you think of his voice. It sounds like a muted foghorn on the San Francisco Bay, which is where he grew up. His voice is his trademark, the thing that sets him apart from other actors.

Yet many people would consider his voice a handicap. And Aldo did too in his earlier years.

"My voice was normal until I was 9 years old," he recalled. "Then one day I was playing football with the bigger guys. They were teaching me how to tackle, showing me I should grab low at the ball carrier's legs.

"On one play, I took a dive at a guy's legs and his heel came up and hit me right in the Adam's apple. The breath was knocked [illegible] I went home scared.

"For 24 hours I couldn't talk. My mother was frightened, but she couldn't afford to take me to a docter. Those were depression days; a $2.50 doctor bill would have been a catastrophe. Eventually I was able to talk, but my voice was never the same."

His playmates in Crockett, Calif., often tormented him about his voice. Aldo got into many a battle over their taunts. But then he changed his attitude.

"People noticed my voice," he said. "I was always being chosen president of the class and captain of the team. I figured that the voice must be an advantage, that it called attention to me. So I decided to use it as an asset."

And he did. He continued winning honors in school. And he credits the voice for starting his acting career.

Director David Miller was interviewing football types in San Francisco for roles in "Saturday's Hero." Aldo's brother wanted to try out for it, and Aldo went along with him. When Miller heard his voice, Aldo was signed.

He was a hit in pictures from the start. His voice seemed to fit him perfectly — a big, chunky, tough guy who could also be soft. Now he's got one of his best roles so far, as a hardbitten sergeant in "Men in War," a superior battle picture.

Stars Not Being Made On TV Yet

By CHARLES MERCER

NEW YORK (AP)—A man was saying the other day that television has fed the dramatic actor's stomach, but not his ego.

"Name me one TV actor who climbed to star status in the medium without first leaving television for the theater or the movies," he said. "Eva Marie Saint was not well known despite more than 100 TV roles until she made the motion picture 'On the Waterfront.' Even though Rod Steiger portrayed TV's 'Marty,' he had to climb to stardom by the movies."

It's always risky to say, "Name me one," of course. First thing you know somebody in Arkansas will rise up and name you half a dozen. But, I think this fellow is right. Television has raised to prominence comedians and comediennes, emcees and quiz contestants. But its hard core of regularly working actors and actresses remain largely anonymous in the public mind.

"The Girl Can't Help It"

HITS SIZZLING ROCK 'N' ROLL PACE!

Twentieth Century-Fox hits the rock 'n' roll jackpot with its CinemaScope-Deluxe color comedy, "The Girl Can't Help It," which comes to the Palace Theatre on February 3, 4, 5, 6 with Tom Ewell, Jayne Mansfield and Edmond O'Brien in the starring roles. Fourteen of the hottest musical artists on the jazz scene today, such as Julie London, Ray Anthony and his Orchestra, Fats Domino, The Platters, Barry Gordon, Little Richard and his Band, Gene Vincent and his Blue Caps, the Treniers, Eddie Fontaine, The Chuckles, Abbey Lincoln, Johnny Olenn, Nino Tempo and Eddie Cochran, appear in the picture.

Stripper Used To Liven Up Theatre

By MARSHALL COMERER
The Associated Press

The Dallas Little Theater, whose semi-pro stage production have drawn poorly, has come up with some off-beat casting.

Candy Barr, the equivalent of Gypsy Rose Lee on the Dallas night club circuit, will play the lead in "Will Success Spoil Rock Hunter."

"We needed someone with a certain amount of flambouancy to fill the part and no one in Dallas is more perfectly suited for the role than Candy," said co-producer Robert Glenn.

"It's quite a challenge," said the pert blonde stripper, who will be making her first appearance on the legitimate stage.

The Symphony Society of San Antonio will hold its annual grand opera festival Feb. 2, 3, 9 and 10.

On the program are "Der Rosenkavalier" Feb. 2, "Cavalleria Rusticana" and "Il Pagliacci" Feb. 3, "Rigolleto" Feb. 9 and "Martha" Feb. 10.

AMUSEMENT

CO-STARRED WITH Grant Williams in Universal-International's "The Incredible Shrinking Man" is Randy Stuart, a screen newcomer.

TV Performers Begin To Worry About Their Ratings

HOLLYWOOD (AP) — This is the ulcer season in TV.

Now is the time when all good men run to look to their ratings. The next few weeks will determine life or death for many a TV series. Already Noah's Ark has bitten the dust, and The Brothers may follow.

One of the new shows that may succeed is Hey, Jeannie, starring a cute little Scottish-English redhead named Jeannie Carson.

"We won't know until March," said the actress, "but it looks very favorable. The ratings have been climbing all the time, and the sponsors appear to be very happy with it. However, they never make a decision one way or the other until March."

Another favorable sign is the fact that a hefty bankroller has come in on a cosponsorship deal. Even with such good tidings, Jeannie must wait. It's sort of like listening for the other shoe to drop upstairs.

If Hey, Jeannie is renewed, it will be a triumph for the actress' American audiences, having appeared only on four spectaculars and a few guest spots. A stage star in England, she was brought here by Max Liebman.

"I was appearing in a musical version of 'Daddy Long Legs,'" she explained. "The show had been running 2½ years, and he saw me in the last week of the run!"

Jeannie figures it was fate that brought her here, and she isn't one to fight fate. She and her husband-manager Bill Redmond have decided to settle here.

DO YOU KNOW-

the three persons who give you top service at HOLT MUSIC CO.? The owners are Mr. and Mrs. Holt—what are their first names? What is the last name of Lou Ann in the office?

In your daily purchases . . . in buying anything . . . when the sales person "calls you by your name"—when you know one another—isn't there a "different feeling"?

The "pleasure of buying" or "just a purchase" in the buying of anything is determined by acquaintanceship of the customer and the sales-person—don't you think? Yes . . . look forward to "LET'S GET ACQUAINTED"!

Used Car Is Taken For Long Trial Run

OSHKOSH, Wis. (AP) — "Take it home and give your wife a ride," the salesman at a used car lot told Melvin Kuehn.

So Kuehn, says he took the auto to the home of his divorced wife and showed it to her.

As a result, a federal warrant for auto theft was issued against Kuehn.

The used car lot is in Toledo, Ohio.

His ex-wife lives in Oshkosh.

Water Delivery By CRMWD Is Increased By 32 Per Cent

The Colorado River Municipal Water District delivered more than nine billion gallons of water to its customers in 1956, an increase of 32 per cent over the previous year.

The district exceeded a million and a quarter dollars in revenues, which was approximately a quarter of a million dollars more than in 1955.

Another milepost in the banner year reported by E. V. Spence, general manager, was the virtual completion of the one million dollar reserve required under the trust indenture to support revenue bonds. The district met all interest requirements and had upwards of $128,000 to apply to bonds of longest maturities. It also had laid by funds for the first schedule principle payments during 1957.

All construction, with the exception of that needed for additional pumping facilities, when Odessa begins to take lake water, has been completed. However, the district set the stage for construction of five miles of 16-inch pipeline in southwest Scurry County to parallel its existing 27-inch diameter line. This project, which will cost around $140,000, will enable the district to deliver more water to the Monsanto (Lion) repressuring project.

Of the total sales of water, 5,606,742,000 gallons went to the member cities of Big Spring, Odessa and Snyder; 3,431,672,000 gallons went to repressuring, except for a small amount to industrial and rural domestic use. Municipal totals were 1,205,559,000 gallons more than for the previous year; repressuring, etc. 996,816,000 gallons more.

Deliveries to customers showed 2,952,695,000 gallons to Odessa, 1,995,158,000 to Big Spring, 658,889,000 to Snyder, 2,801,682,000 to SACROC unit, 586,033,000 to Sharon Ridge unit, 43,957,000 to Texas Gulf Producing Co.

Of the total production, of 9,239,712,000 gallons (which necessarily exceeds actual deliveries), 6,037,256,000 came from Lake J. B. Thomas, 2,773,206,000 from the district's well field, 429,250,000 from city well supplies.

Revenues for the year grossed $1,298,386.70, including $1,263,840.57 from sale of water and $34,548.13 from recreational facilities. The previous year gross revenues stood at $1,045,369.51, of which $1,019,592.41 came from water sales and $25,777.10 from recreational facilities.

During 1956 Odessa contributed $423,172.30, Big Spring $280,289.60, Snyder $124,878.34, SACROC $336,202.21, Sharon Ridge $70,324.50, Texas Gulf Producing $10,047.98, rural users $16,825.43. An additional $2,100.21 came from rural installations.

Principal sources of recreational revenue came from lease rentals of $13,564.88 and recreational permits of $15,001.50.

A breakdown on expenditures showed $9,478.60 for operation of the Odessa city production system, $1,154.40 for operation of the Big Spring city wells and only $120.36 for the Snyder system.

The district paid out $1,907.40 for lease rentals, $37,572.44 in water royalties; $181,291.74 for maintenance (including a non-recurring contingency of $131,658.11 for dam drouting); and $230,691.10 for operating expense. The latter included $52,949.04 for labor, $161,175.21 for electric power, $5,705.70 for repairs and $10,861.15 for supplies. Administrative and general expense totalled $64,868.89.

Recreational expenses aggregated $35,269.41, the big end of it in capital improvements for new and additional facilities.

Total expenses were $562,354.34, leaving an excess of revenues over expenditures of $736,034.36. Of course, this was applied, in keeping with terms of the indenture under which the CRMWD originally borrowed $11,750,000 to privately finance its undertakins through revenue bonds, to the various funds such as interest and sinking, reserve, contingency, improvement and extension and retirement.

Of general interest were cumulative figures which showed $3,827,991.28 grossed since the beginning of operations three and a half years ago and transfers of $2,406,297.72 of this to the net revenue fund. During the life of the project the district has sold 24,773,439,000 gallons of water.

Perhaps the major decision of the past year was that of the board in electing to undertake studies looking toward creation of another lake on the Colorado River in southern Mitchell County. In this study, the district is taking into account the possibility of furnishing part of the supply for Midland, Stanton and other municipalities in this area of West Texas.
