Reflections

by Louise Taylor

Today marks the first day of Fall and I certainly welcome the aspect of cool breezes and crisp north winds. I'm not too particularly fond of extreme icy and slippery weather but I do like the Fall of the year. It is a favorite time of year to enjoy football games, long walks in the country and leisurely afternoons in front of the fireplace.

This part of the country is nice because you do not have as much cold weather as in the northern states and Canada. I would never survive in places where it gets 20 or 30 degrees below zero! Thank heavens for West Texas.

Of course, there is always some amount of displeasure to West Texas especially when the north wind brings a bit of sand with it, or maybe I should say "a good old fashioned sand storm."

The Fall and Spring are times of the year most people enjoy but you will find a few who really enjoy all the cold weather, snow and ice. I don't enjoy the frozen water pipes, slippery country roads and freezing temperatures.

Fall is a beautiful time of year. The leaves on the trees began to turn a brilliant orange and then a crisp brown. A soft breeze and the leaves gently fall to the ground. The days become hazy and you began to enjoy the cool autumn nights.

Some of us can remember the old wood cookstove our mother or grandmother cooked on, carrying water from the well or washing clothes in the "wash pot." Those were the "good old days" or were they? I enjoy my electric range, washer, dryer, (a microwave if I had one), push button conveniences and a reclining lounge chair!

There are lots of activities in the Fall of the year. The Mitchell County Fair is scheduled to begin October 4 continuing through the 6 at the County Ag Barn. This is a big event each year with preparations already underway with many clubs, organizations and individuals.

Another event that is exciting is Homecoming! Colorado City will have their homecoming on Oct. 5 and that is just around the corner. A "Homecoming Queen" will be crowned during halftime of the football game with Anson.

Lorraine's homecoming will be Oct. 12 when they play Sterling City. A "Homecoming Queen and King" will be crowned and also a "Coming Home Queen" is always recognized.

Many activities are planned during homecoming time when classes get together for reminiscing about old times and old friends.

Of course, the fall of the year is also harvest time. A time of harvesting gardens and crops. With a little warm sunshine, the cotton crops should be very good this year. We shall have thankful hearts for a bountiful supply.

As Spenser once said "To reap the ripened fruit the which the earth had yold."

Cash Prizes To Be Won At St. Ann's Festival

Games, food and good times are continuing through Sunday at St. Ann's Fall Festival in the County Ag Barn. Doors open at 11 a.m. and festivities continue until 11 p.m.

A total of \$500 in prize money will be given away with \$400 given as first prize, \$50 given as second prize and \$25, each, given for third and fourth prizes.

Winners will be determined by the "luck of the draw" between 9

and 9:30 p.m., Brenda Aguilon stated.

Prize monies will come from the sale of tickets by queen candidates. These tickets may be purchased for \$1 each.

At 9 p.m., one of the two queen candidates, Michelle Franco or Anna Arellano, will be crowned as reigning queen of the Fall Festival.

Candidates have been selling tickets, holding dinners, car washes, dances and bake sells to

Five Men Indicted By Grand Jury

The 32nd District Grand Jury Friday returned five indictments against six people.

John Salazar was indicted for an incident on Sept. 2 in which according to the indictment, "He did knowingly and intentionally deliver a usable amount of marijuana of more than 1/2 ounce to a person whose name is unknown to the grand jurors but whose description is a young, white male in his 20's of medium build."

Sammy Gomez was indicted for an incident on Sept. 3 in which according to the indictment, "He used force against Billy Williamson to obstruct Williamson from effecting his arrest."

A double indictment was returned against Jose Manuel Rivera and Richard David Rivera in which according to the indictment, "They

Bicycle Rodeo Is Set

Colorado City Optimist Club will sponsor a bicycle safety inspection clinic and rodeo Saturday starting at 9:30 a.m. at the Colorado High School parking lot.

Part of the safety clinic will be the passing out of reflectors. The first 500 youngsters will receive a free reflector for installation on their bike.

The Optimists also will make minor adjustments on bike defects that show up during the inspections.

did damage one 1952 brown Ford pickup without the effective consent of Felix Franco, the owner, by breaking a window, damaging a door and gearshift and removing the spare tire, such damage amounting to a loss of between \$200 and \$10,000.

Carl Leroy Anderson was indicted for an incident on Sept. 11 in which according to the indictment, "He intentionally and knowingly without the effective consent of Raymond Fuller, enter a portion of the building not then and there open to the public with intent to commit theft."

Three-Quarters Ruling Is Favored By Taxing Bodies

"I suggest we utilize the three-fourths majority rule, nominate five men and get on with it," Brenda Tarter, city tax assessor commented during a meeting of all seven Mitchell County taxing bodies Wednesday afternoon.

Last Of Red Hot Lovers Is Chosen

Neil Simon's "Last Of The Red Hot Lovers" is the next production scheduled for the Colorado City Playhouse.

The hit comedy, which has an adult theme and is intended for mature audiences, will be directed by Bill Martin of Snyder. Performances are tentatively scheduled for mid-November.

The three-act play poses the question: "What does a happily married forty-seven-year old seafood restaurant owner do when he suddenly realizes that in his entire life he has never sown a wild oat?" Is there an element of life that he is missing?

Well, Barney Cashman decides that there is and sets out to do some gardening on the sly. However, under the glib stroke of Neil Simon's pen, our hero finds his thumb more yellow than green and the soil very hard to till.

Poor Barney. It's not that he's waited too long to plant, he just can't manage to pull the tractor out of the bog.

Nonetheless, Simon and the Colorado City Playhouse do offer up a very hilarious horn of plenty for the Thanksgiving Season.

Carl Beery Moore will portray Barney, Robin Decker is Elaine Navazio, Susan Samuelson will appear as Bobbi Michelle, and Paula Chastain plays Jeanette Fisher.

Porter Richardson is designing the set and David Galvan is scheduled to handle lighting and sound.

"How The Other Half Loves," had been scheduled to be presented by Colorado City Playhouse but a different play had to be selected due to casting problems

Rattlesnakes Can Be Big Business

"Rattlesnakes are my business. I've hunted them for 40 years," Ira Hardin commented.

Hardin and his wife, Artie, have captured more than 19,050 rattlers in the years they have hunted.

"When we first started to sell snakes, they sold for 10 cents a pound, that was in 1938. Last year they sold for \$2 a pound and we expect them to be worth more this year," he commented.

Most of the snakes Hardin captures are sold for medical research. Their venom is extracted and their blood is used for laboratory tests, he indicated.

The meat is sold and the skin is used by Hardin to make hat bands, billfolds, purses, belts, belt buckles and the most recent accom-

plishment a red velvet vest, which he sells.

"I got into this business because I had a wife and two kids and no way to feed them," Hardin stated.

"This business has been very good to me," he commented.

With the ever increasing interest in hunting snakes, Hardin noted he continually has requests from persons wanting to hunt along with he and his wife.

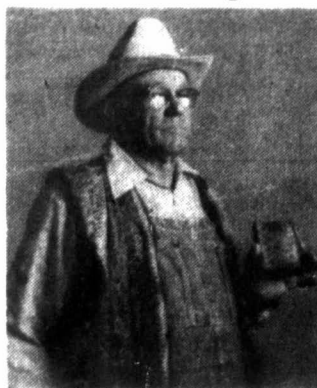

"We hunt all over the

country. A lot of what we get are on the Spade, Powell, Wulfjen and Foster Ranches.

"I've taken as many as 15 persons hunting at one time. I don't get to hunt much when it's like that, I have to keep a close watch on the people to see they do things right," he said.

"In the 40 years I've been hunting snakes I've never been bitten. I've never had anyone with me bitten either," he noted.

"One time," he recalled, "A doctor from See TIME Page 2

Kiowas Interwoven In Colorado City's History

The program at the bi-monthly meeting of the Mitchell County Historical Society Wednesday featured Attorney Lee Jones Jr. reviewing

his soon to be published book, "Red Raiders Retaliate."

Jones' book is the Story of the Indian Tribes of this area from

about 1800 to about 1874 and is particularly concerned with the Kiowa Tribe and their chief, Lone Wolf the Elder.

Jones went into great detail during the program describing the battles between the Kiowas and the white man during the 1870's.

Council Cuts Back On Lone Star Gas Request

Lone Star Gas Company will receive a 10 per cent increase rather than the 13.3 per cent they originally requested.

During a called workshop Thursday Colorado City Councilmembers met with Lone Star Gas representatives to determine exact costs of operation in an effort to lower the requested rate increase.

Councilman Elmer Martin had contacted City Manager Ray Mason prior to the meeting. He had requested Mason contact the gas company with a proposal for a 10 per cent rate increase. This included service charges, Mason told the council.

Rick Vaughn, district representative for Lone Star Gas, indicated his company would be willing to accept an overall increase of 10 percent on gas rates but the service charge rate increases would be necessary.

"In light of everything, we wish to work as closely as we possibly can with you on the rate increase application. My company sees no problem with the 10 per cent overall increase as long as we can get the service rate increase too," Vaughn stated.

"We have no guarantee that if we cut the increase to 10 per cent your company will not come back next year and request the 13.3 per cent increase," Mason questioned.

"That's true, we feel our company has the right to the opportunity to make a reasonable profit on its investment," Vaughn said.

"Their suggested service rates are about half of what you would pay to have the same work done commercially and seem in line to me," Councilman Loyd Ledbetter noted.

Service rates suggested increases are: reconnect was \$5, increased to \$20; Appliance was \$13.50 per hour, increased to \$18 per

hour; air conditioning was \$17.50 per hour, increased to \$20 per hour; disconnect and reconnect customers yard service was 0, increased to \$40 and returned customer check charge by company policy was 0, increased to \$5.

"This is a good example of two bodies working together for the good of the community. Councilman Macca Findley commented.

The councilmembers voted unanimously to offer the 10 per cent rate increase.

Thieves Flee From Officers

The Colorado City Police Department is investigating an incident in which three men were interrupted in the act of entering an automobile at the Trucktown Parking lot on Interstate 20 about midnight Thursday.

Bonnie Turnbull of 321 E. 6th St., Colorado City called the department from Trucktown and stated that the men were trying to break into her 1966 Chevrolet Impala.

Officer Donald Hamilton answered the call and when the men saw him they took off running.

Officers Jimmy Roundtree, Bobby Calloway and Assistant Police Chief Jerry Cowin were

called in on the chase and they searched the area of Interstate 20 and around Colorado City until about 4 a.m. with no success in finding the men.

No damage was reported to the car. The woman's purse was reported missing but was found later on the parking lot. Some medication from Trucktown and a tear gas pistol were reported taken from the purse.

The vehicle was unlocked at the time of the incident.

The department did find another Chevrolet Impala behind Trucktown which had been reported stolen out of Floydada. This vehicle was believed to have been used by the men.

THE MITCHELL COUNTY AG BARN was the scene of the St. Ann's Fall Festival this weekend. This is how the barn looked on Thursday before the crowds came and the barn was still in the process being readied for the Festival.

***TIME, From Page 1**
Kingsville A & I College called me to buy my snakes. I had about 2,000 of them in a cellar on the Spade Ranch. "That doctor thought

I only had about 200 and he sent six men down to get them.

"It took us about two days and nights to milk those things. We started at midnight and worked straight through. It rained about seven inches in those two days with us out in it the whole time," Hardin recalled.

"Any snake over three feet was used for its meat too but," he commented, "we didn't fool with anything under that."

Hardin uses equipment especially designed for him to capture the snakes. "I've caught snakes from 10 inches up to six feet six inches long," he said.

"The longest snake I ever caught was over 69 inches long," he commented.

"I want to warn people who have snakes under their houses not to pour gasoline under there to force them out. You're likely to blow the house up. Instead, use crushed moth balls. They work just as well," he commented.

Hardin begins his hunt in mid-November. He hunts until about March 15 each year. "The most snakes I

ever caught in one day is 165. One time I found more than 65 under one rock," he stated. "There will be a bumper crop of snakes this year. We had a very wet spring, and that makes lots of rodents. When the rodent population is great so is the snake count," he said.

"You will see a lot of them on the road when the farmers are taking in grain. The grain spills on the roads and the rodents come to the grain. The snakes come to catch the rodents," he noted.

"The worst thing that ever happened to me was last year. I fell off a bluff and rolled down about 15 feet and landed in a tree. My feet were up in the air and my arm was caught in the tree," Hardin recalled.

"That's just one reason I never go out hunting alone. It's foolish. There are just too many dangers," he commented.

The snake catching business is a profit making business, according to Hardin.

"Last spring a boy came from Fargo, N.D. just to hunt snakes with me. We got 230 and he froze them and carried

them home. He was a taxidermist.

"This is a good clean sport and I love it. The only thing I tell people is that alcohol and snakes don't mix so if they plan to go with me the alcohol has to stay behind," he said.

Officers Elected

The Lydia Bible Class met Thursday evening in the fellowship hall of Oak St. Baptist Church for a social and business meeting.

After a salad supper, Mrs. Ethel Richburg gave a devotional from I Corinthians 3:9. She also gave a report on the Mitchell-Scurry Association meeting.

Mrs. Richburg, outgoing president, presided during the election of new officers.

"Ready" was chosen as the class song and the Bible verse chosen was Psalms 119:11.

Mrs. Bessie House was elected president and ministries chairman; Mrs. R. E. Geiger, vice president; Jewell Horn, secretary; Rachael Ruffin, treasurer; Edna Fowler, social chairman; Lucy Breeden and Irene Walraven, group leaders and Mrs. McWilliams, benevolence.

Those present were Lucy Breeden, Irene Walraven, Ethel Richburg, Rachael Ruffin, Bessie House, Edna Fowler, Ruth Geiger, Mrs. Cleo Brather and Nettie Hodges.

THE GOSPEL REALLY IS GOOD NEWS!

Rev. Monte Jones,
Vicar

All Saints' Episcopal Church

So often, these days, when I turn on my radio, some half-baked, semi-educated "preacher" is ranting and raving about gloom, despair, sin and judgement. That upsets me, because this is, unfortunately, the idea far too many people have about religion, especially Christianity, and that is just not true!! To be a Christian is to follow the example of Jesus Christ, to spread the Gospel, which means, literally, "God News!" where is the good news in such statements as "Oh, my friend, you are surely going to Hell to burn in a sea of fire!" That doesn't sound too encouraging or too friendly, does it?

So instead of listening to those experts of destruction and depression, hear instead the word of God: "Come unto me, all ye that travail and are heavy laden, and I will refresh you." Matthew 11:28

"God so loved the world that he gave his only-begotten Son, to the end that all that believe in Him should not perish, but have everlasting life." John 3:16

"This is a true saying, and worthy of all men to be recieved, that Christ Jesus came into the world to save sinners." I Timothy 1:15

"If any man sin, we have an advocate with the Father, Jesus Christ the righteous; and he is the perfect offering for our sins: and not for ours only, but for the sins of the whole world." I John 2:1-2. That is the Good News Jesus came to reveal and our duty as his followers in to do no less. The Peace of the Lord be always with you.

32 yard average in four tries and Ricky Arellano was on target with his snaps from center.

The Colorado Freshman Football team had a tough game against Stamford Thursday and walked off the field after the final buzzer on the 0 end of a 20-0 score.

Coach Rick Robinson noted a couple of bright spots in the loss. He specifically mentioned the play of Steve Marino at running back and defensive safety, Rodney Blankenship at defensive tackle and Willie Martinez at inside linebacker.

The Freshman team is now 1-1 for the season and will play Post at 5:30 p.m. Thursday in Post.

The Colorado eighth grade football team evened their season mark at 1-1 Thursday afternoon with a 16-12 road win over Big Spring Runnels.

The first Wolves' TD in the second quarter was set up by a blocked punt by Ben Gonzales. Gonzales then scored the TD himself on a 20 yard run. The two point run was made good by Henry Garcia.

The halftime score was 12-8 in favor of Big Spring but in the third frame the Wolves went ahead to stay on a 25 yard run by Larry Hamilton. Gonzales made the plunge for the two points and the Wolves were ahead to stay 16-12.

In addition to the offensive performances, Coach Raymond Zamarrilla noted the defensive play of Ruben Aguilar and Alfred Diaz at their defensive end positions. He added, however, that the entire defense played a "fantastic game."

The eighth graders next game will be a home contest at 7 p.m. Thursday against Post.

The Colorado seventh grade football squad dropped a road contest to Big Spring Goliad 14-0 Thursday afternoon.

Coach Ronnie Gainey stated that the defense played very well in the contest but the offense simply couldn't move the ball.

He did point out the play of Doug Chitsey at quarterback as a bright spot on offense.

He also noted three defensive players who had good performances, David Britton and Freddie Pineda at defensive tackles and Cesar Mendoza at linebacker.

The seventh graders are now 0-2 for the season. They will next play Post here at 5:30 Thursday.

Coach Victor Munoz's Lorraine Junior High football squad played a good second half against a much bigger Sterling City squad Thursday night but still came out on the short end of a 36-16 score.

The Bulldogs were behind 36-0 at halftime against their opponents who outweighed them about 50 pounds per man on the line.

Both of Lorraine's scores came on runs by Sammy Castro who had an outstanding game.

Castro scored in the third quarter on a five yard plunge and in the final frame on a 35 yard gallop. Overall he had

80 yards on 15 carries for the game.

Lorraine had 107 yards total rushing. They only attempted two passes, one of which was in-

complete and the other was intercepted.

On defense, Munoz noted that Ruben Garcia had a good game at defensive end and middle safety and Lupe Rodriguez did a good job at nose guard.

Munoz also praised Ricky Banks for having done a good job on blocking in the offensive line.

The squad is now 0-2 for the season and has an open date next week. They play Abilene Christian Junior High in Lorraine on Oct. 4.

It was a long night for the Lorraine Bulldogs Friday as they were downed 37-16 by the Lubbock Christ the King Trojans.

With seven minutes into the ballgame, the Trojans were inches away from the goal and the Bulldogs recovered a fumble but could not

drive the ball far. With 22 seconds left in the first quarter, Lorraine punted and the Trojans returned the ball some 60 yards to the goal for six points. Extra point attempt was no good.

Early in the second quarter the Trojans scored again on a pass play. Again the extra point was not good. Minutes later, a pass play and 35 yards put another score on the board for the Trojans. The try for an extra point failed.

Later in the second quarter, the Trojans

edged their way across the goal for six more points. The extra point attempt was blocked by the Bulldogs. Minutes later, they did it again and extra point attempt failed. This put the Trojans ahead 30-0.

The Bulldogs blocked a Trojan attempt for a

field goal with about a minute left in the first half. The halftime score was 30-0. This time their extra point attempt was good.

Lorraine got on the scoreboard in the fourth quarter with Jr. Martinez taking a long pass from Casey Merket for six points. Curtis Haden made it over for two extra points.

With 44 seconds left in the ballgame, Martinez intercepted a Trojan pass and ran over 90 yards for a touchdown. Extra point attempt was good. With only a

few plays left, the Trojans ran the clock out to win the ballgame 37-16.

Delta Kappa Gamma Meeting

Several from Colorado City attended the area meeting of Delta Kappa Gamma held at Hardin Simmons University Saturday.

Frances God-

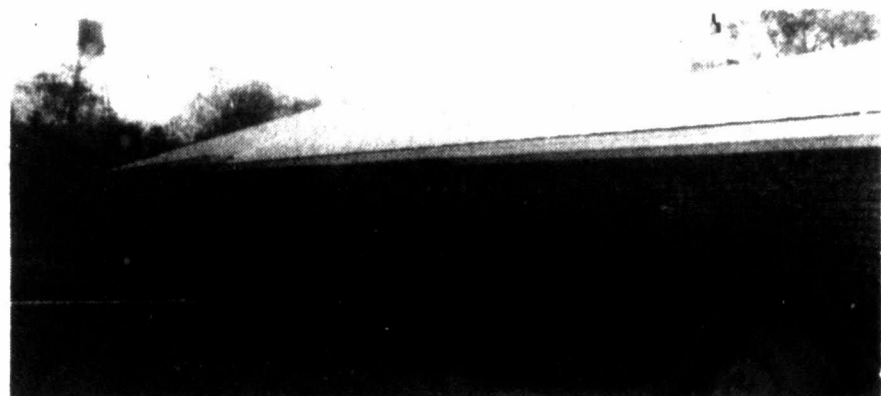

win, Nadine Gordon and Earline Sellier were on the program.

Seven counties were represented at the area meeting.

Attending from Colo-

rado City were Jean Robinson, Florence Bodine, Faye Welch, Ann Halbert, Clara Shoemaker, Peggy Ratliff, Frances Godwin, Earline Sellier and Nadine Gordon.

history however, he related a number of interesting facts about the tribes who had lived in and roamed through this area.

The Indian population of West Texas during the 1800's was made up mainly of some half dozen tribes, the Comanches, Kiowas, Apaches, Keeches, Kickapooos and Lipans.

The Kiowas and Comanches were the dominating tribes.

The Kiowas were known as the "Red Raiders" from which

cluded to expedite implementation of the new system," Judge Carter said.

"The boards should also choose one man to represent them at the taxing entities' meetings. He should have the authority to select the five candidates to the board.

"These five names should then be presented to our boards for final approval and then the entities should meet again and invoke the three-fourths rule," Colorado School Board President Tom Rees suggested.

Tax Assessors Mike

Jones got the name of his book.

As might be expected, the Kiowas were tremendous athletes and good horsemen. In fact a Kiowa on a horse was apparently something to be feared.

Jones mentioned one incident in which the U.S. Army killed 1,400 horses belonging to the tribe. One U.S. Army officer is supposed to have said that he would rather face 4,000 Kiowas on foot than 400 of them on horses in battle.

Burt and Jay Craddock attended a meeting of the Texas Association of Assessors Office Thursday after the entities met Wednesday.

Information brought out during that meeting indicated once the October 1 deadline had been reached and the county clerk officially notified each taxing body of the number of votes to which it is entitled, the three-quarter rule could not be evoked, according to Burt.

County Clerk Joan Beach is currently contacting entities to notify them of this decision.

"Hopefully we will be able to meet again before the deadline and expedite the implementation of this new system," Mrs. Tarter stated after being contacted.

As also might be expected they liked buffalo meat. They were particularly fond of buffalo liver sprinkled with gaul.

They would also remove their moccasins before a battle on the idea that without moccasins, no Kiowa could ever retreat.

Another interesting fact which Jones related concerned Cynthia Ann Parker, a girl of nine-years-old who was captured by the Comanches in 1836.

She was later traded to the Kiowas and became the wife of Lone Wolf the Elder.

She incurred Lone Wolf's displeasure, however, when she bore him a child who was mentally retarded and he kicked her out of his teepee.

Later she had another child named Quannah Parker who was one of the most famous of all Indian chiefs.

The entire history of the relations between the Indians and the white man as related by Jones is one of bloody battles, massacres and broken promises on both sides.

In 1874 the Kiowas were finally conquered and several of their chiefs including Lone Wolf the Elder were sent to a prison in the swamps of Florida.

Lone Wolf the Elder was released from prison three years later but he died soon after-

ward and the tribe was never the same.

Jones noted a number of other facts which he has come across during his research for his book which will be published in late 1979 or 1980.

The town "Iatan" got its name from the Indian tribe known as the Iatans and much more commonly known as the Comanches.

"Coahoma," is a Comanche name meaning "Signal."

The next regularly scheduled meeting of the Mitchell County Historical Society was to have been on Nov. 24. That is the day before Thanksgiving, however, and the meeting was rescheduled for 3 p.m. Nov. 13.

Church News

OAK STREET BAPTIST CHURCH

"Bible Study Basics", a new film featuring Dr. Howard Hendricks, will be shown Sunday evening at 6 p.m.

Founder and Chairman of the Department of Christian Education of Dallas Theological Seminary, Dr. Hendricks uses the medium of motion pictures to show how people of the

20th century using the basic study methods can come to an understanding of the Bible.

The public is cordially invited to join the people of Oak Street in seeing this new production from Gospel Films.

FIRST BAPTIST

Gary Warden, a full time volunteer missionary, will bring the morning message Sunday.

Warden is an aviation specialist and is using his talents and experience in the River Ministry near the El Paso area.

FIRST UNITED METHODIST CHURCH

The Administrative Board will meet Sunday at 7 p.m. in the fellowship hall. Please make plans to attend.

The Finance Committee will meet Sunday at 7 p.m. immediately following the Administrative Board meeting. The 1980 budget will be finalized.

School Board To Meet

The Colorado School Board will hold a special meeting at 7 p.m. Tuesday to discuss nominees for the Mitchell County Tax Appraisal District which will go into operation Jan. 1.

The Taxing district was made necessary by Senate Bill 621 recently passed by the Texas Legislature which establishes a tax appraisal district for each county in Texas.

Each of the governing bodies of Mitchell County must submit a list of nominees for the five person board by Oct. 15.

Each of the bodies must then cast its votes and return them to the Mitchell County Clerk by Nov. 15.

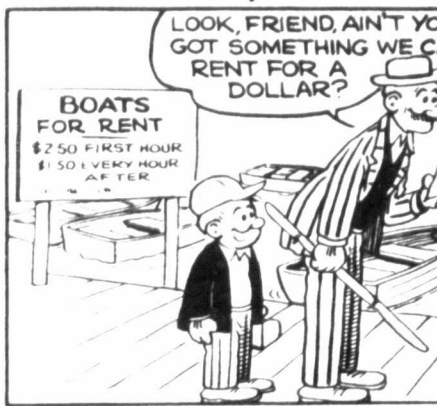

The County Clerk will count the votes and declare the winners by Dec. 1 and the directors will begin serving their two-year terms on Jan. 1.

Ballard Home Displays Old And New

By LOUISE TAYLOR

As you enter the house on eighth street, you immediately feel the warm and inviting atmosphere of the home of Drew and Shirley Ballard.

The home has undergone some extensive remodeling and redecorating in the past several months. Eliminating walls, adding closets, a four foot wide stairway leading to an upstairs with a balcony have all been part of the makeover. A corner fireplace was also added in the den.

Upon entering the house, you step into the living and dining area. At the extreme left of the entry is the game area with a round table and chairs and a piano. Atop the piano is a candelabra and hanging over the piano is a large mirror trimmed in gold. To the right is a portrait of their youngest son, Johnny.

The living-dining area is carpeted in gold velour with a green velvet sofa and love seat surrounding the fireplace. Built-ins for books and a television are to the left of the fireplace. A striped wing chair and a stuffed lounge chair accent the decor. Maple tables and bronze accessories add a decorative touch to the room as does an antique light fixture.

The dining area has maple table and chairs along with a glassed door china cabinet. By the staircase wall is a tea cart displaying a silver tea service. A floral arrangement accents the round dining table.

Four foot wide staircase

At the opposite end of the entry is a long hallway leading to the downstairs bedroom area. The hallway curves to the right at the end as you enter the master bedroom. The curved wall was added in order to afford room for the game area in the living room.

Plush rose carpet and drapes accent the master bedroom along with a rose bedspread covering the four poster bed. Furnishings consisting of large chest of drawers, dresser and secretary desk are of dark pecan Georgian court.

The master bath has the original fixtures dating back to about 1927. They are wedgewood blue with rose colors as accents for the room.

Down the hall, the guest room has pale green carpet, blue and green designed bedspread on the king sized bed, and white shutters on the double windows. Aside the double windows are white corner hung shelves displaying trophies and awards won by daughter Margie Shawn in twirling contests.

Game area off living room

Front View of Ballard Home on Eighth Street

The guest bath has champagne pink marble fixtures including whirlpool bathtub. Dark rose towels and accessories accent the fixtures. A stained glass window completes the decor of this room.

At the opposite end of the hallway is the den, to the left, and the kitchen.

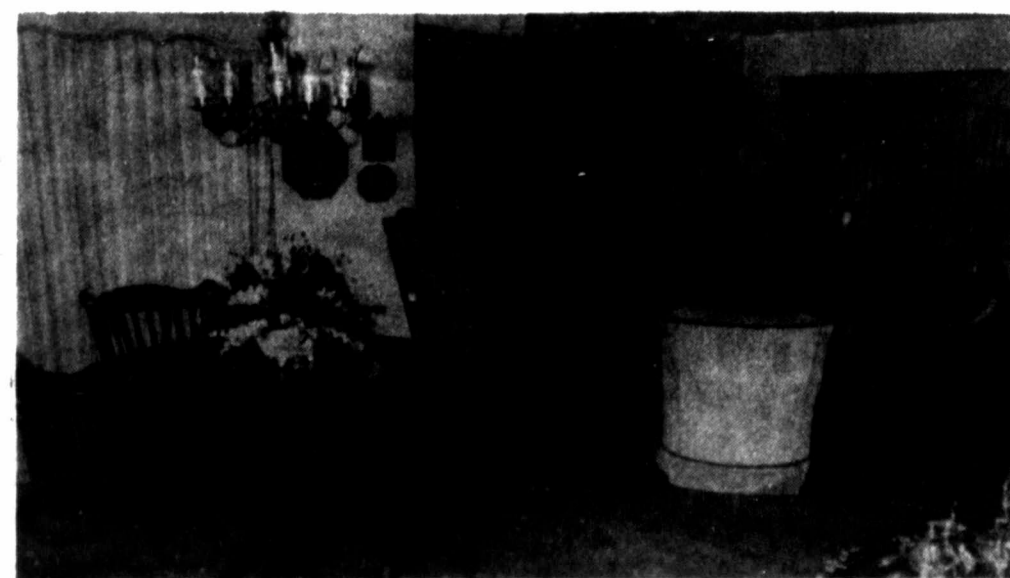

The kitchen has blue patterned axminster carpet and white cabinets with blue countertops. Appliances are of antique gold. A canopy valance tops the open window looking into the utility area. This area holds the washer/dryer and is carpeted in bright green. The wallpaper in the kitchen is a blue and white stripe pattern. Double windows are covered with blue shades and white curtains over a window seat covered in the same patterned carpet of the floors. An unusual light fixture hovers over the dining area table. It was painted blue with the ceiling base originally part of another antique fixture used previously in the home.

An open china cabinet and rocker complete the warm atmosphere of the room.

As you enter the den, the corner fireplace immediately catches your eye. The brick originally came from the Thurber Brick Co. which originated in 1897. "We had one brick turned outside showing the name and date on it. Each brick weighs about ten pounds and they are larger in size than the brick manufactured today," commented Shirley. "These bricks were made to be used on streets such as those found in some areas of Fort Worth."

Balcony overlooking the back yard

Dining, living area

Another eye catcher in the den is the bar area. At the center back is a cut, beveled and frosted glass set over a mirror into the wall with lights behind for accent. The glass has an inscription reading "Select Room." This glass is one of many antiques Shirley has collected in the past several years.

The bar area houses the stereo, built-in speakers, and storage areas.

A blue striped sofa and love seat surround the fireplace along with a floral covered stuffed chair and ottoman. Bookshelves are on each side of the fireplace. Carpet is wedgewood blue with white drapes covering the full length windows which provide a view of the patio area and back yard.

The staircase in the entry area is covered in dark sand carpet and leads to Johnny's bedroom and "sound" room. Dark sand carpet also covers this room. The bed is covered in a beige spread, open weave beige drapes cover the double sliding doors leading to the balcony. Furnishings are in pine.

Matching sofa and love seat in a burnt orange patchwork design provide an area for relaxation and TV viewing. Hid in a corner of Johnny's room is an old fashioned telephone booth for his own private conversations. A pin ball machine also provides fun for friends.

As you enter his room to the extreme right is his "Stereo Sound Room". This is a

Living room area with fireplace

unique room where much time is spent. Navy carpet is used and skylights provide needed light.

The upstairs bath has chocolate brown fixtures accented with beige and rust towels and accessories. Over the tub is a small window with beveled glass.

In the fenced in back yard is a flowing fountain, patio area and lots of shade.

The outside of the home has large shade trees, tall hedges and lots of shrubbery. The front porch has an old fashioned swinging love seat.

Every inch of space in the house has been utilized as much as possible. There is lots of storage and closet space, some for coats and out of season clothes and other articles.

Pictures are displayed throughout the room and along the hallways. Floral arrangements, bronze accessories, some of which are antiques and antique items compliments the decor.

An intercom system was installed throughout the home as well as outside also.

"There are still a few things I would like to do, but I am so glad we have completed our remodeling and decorating thus far," she added.

The Ballard family moved to Colorado City in 1967 when Drew took over as owner of KVMC. They bought the house at that time. It once belonged to Mrs. P. K. Mackey, mother of Frances Witten.

Leslie Moore Receives Secretarial Scholarship

Leslie Moore has received a scholarship from the National Secretarial Association in Lubbock recently. Only two are given each year in the South Plains District.

Leslie was the recipient receiving this scholarship from Texas Tech University where she is a Sophomore majoring in Business Education.

She had also received an earlier scholarship from the Golden Spread Chapter of the American Business Women's Association.

Leslie is a member of the Alpha Lambda Delta Honorary Sorority and a pledge for the Pi Omega Pi Business Education Honorary Sorority this fall. She maintains a 3.79 G.P.A. on a 4 point system and has been on the Dean's list each semester while attending Tech.

Scholarships are based on character, scholastic abilities, faculty reference and other factors.

She is the daughter of Pat Moore, 1430 Oak St.
