AIR VETS

Fellow air veterans are Capt. Warren L. Johnson, of Elmhurst, Ind., and his battle-wise 66, "A. Shortshorter Gremlin" who are pictured above at Santa Monica, Calif., in cockpit of a Douglas Havoc dive bomber after their return to the U. S. from southwest Pacific duty. Lieutenant Gremlin has flown 225 hours, 75 of them on combat duty. He has his own parachute and is a genuine "short-shorter" carrying the regulation dollar bill with his paw print and autographs of crew members and other flyers.

47 RAF Officers Killed as They Try to Escape

LONDON, May 19.—(AP)—Foreign Secretary Anthony Eden disclosed today 47 RAF officers had been shot by Germans after a mass escape from a war prison camp near Dresden on March 25.

Seventy-six officers participated in the break. Eden told the house of commons. Fifteen were reported captured alive, and 14 still at large. Some were shot resisting arrest and some in the course of a new escape attempt after they were captured, Eden said.

It was the first such episode of the war.

The government is profoundly shocked by this news and I have urgently requested the protecting power (Switzerland, through which notification of the deaths came to the relatives and the air ministry) to demand from the German government a full and immediate report of the circumstances in which these men met their deaths, and an explanation of its failure to report the facts at once to the protecting power," Eden said.

The men were members of the "RAF dominion Allied" air forces, the customary term for RAF and other national groups in the air like the Poles, the Dutch and the Norwegians.

As far as is known there were no Americans involved.

Wakde Island Defenses Give Way to Allies

By RICHARD C. BERGHOLZ Associated Press War Editor. The Tokyo radio said today that Soerabaja, one of Japan's key bases in the Netherlands East Indies, had been raided twice by Allied bombers on the morning of May 12 and 13.

The broadcast said some 50 bombers and fighters "coming from the direction of the Indian ocean" carried out the first attack.

"It appears as though the enemy came as a portion of a task unit based on an aircraft carrier," it added.

Meanwhile, powerful Allied offensives in the southwest Pacific and in Burma today brought control of the important Wakde area.

12 of 41 Senate Votes Cast For Wallace in Poll

(By The Associated Press) WASHINGTON, May 19.—Forty-one democratic senators naming their votes for the party vice presidential nomination in an Associated Press poll today gave 12 votes to incumbent Henry A. Wallace and split the rest among 10 other possible candidates.

Fifty-three of the senate's 58 democrats were asked to name their personal choice for second place on a ticket most of them now believe will be headed by President Roosevelt. (Five could not be reached.)

Of those polled, 12 said they did not make up their minds; six supported Sam Rayburn (Texas) of the house; five each voted for Senator Barkley, of Kentucky, the majority leader, and Chairman Truman (MO) of the senate's war investigating committee; and four named War Mobilization Director James F. Byrnes, a former South Carolina senator.

Three members suggested Senator Gillette (Iowa) for the vice presidential nomination. Senator O'Mahoney (D-Wyo) was the choice of two and the following received one vote each: Circuit Judge Sherman Minton, former Indiana Senator; Henry J. Kaiser, ship builder; Gov. J. M. Broughton of North Carolina, and James A. Farley, New York state democratic chairman.

Of those unwilling to express a choice, three said they were against Wallace's renomination and one said that a southerner ought to be chosen. On the other hand, some of those who named others as their personal choice, said they were prepared to support Wallace if he were the presidential candidate.

Although Wallace was a two to one favorite over the next highest man, 29 votes were cast for other potential candidates despite his position as presiding officer of the senate. This apparently represented a clef on the part of some of the senators that another candidate would strengthen a ticket more than Wallace, although he hails from Iowa, a doubtful state.

Officer Guilty Of 11 Charges

TEXARKANA, May 19.—(AP)—Col. Raymond Marsh has been sentenced by a general court martial to be reprimanded by the reviewing authority, to be confined to the limits of his post or station at which he may be serving for six months, to be reduced in rank to the foot of the list of officers of his grade, and to remain there for five years.

Col. Marsh, former commanding officer of the Red River Ordnance depot, was found guilty of 11 of 14 charges yesterday. All findings of guilty were for action taken without proper authority while he was in command of the depot. He was charged with misuse of funds for unauthorized construction.

Colonel Marsh said he would report to Maj. Gen. Richard Donovan, commanding general of the eighth service command, at Dallas Monday.

James Forrestal Is Sworn Into Office

WASHINGTON, May 19.—(AP)—James Vincent Forrestal, 52-year-old New York investment banker and broker who first learned about sea warfare as an enlisted man in the first World War, today took the oath as Secretary of the Navy succeeding Frank Knox who died April 28.

Texas Democrats Take Squabble Into the Court

AUSTIN, May 19.—(AP)—The pre-state convention battle of Texas Democrats entered the courts today. On file in 98th district court here was a petition of Mrs. Jane Y. McCallum of Austin, member of the party's state executive committee, asking that Charles E. Simons, committee secretary, be restrained from interfering with her inspection of committee records.

Mrs. McCallum complained that on three occasions she had been denied permission to examine returns of county conventions, including lists of delegates, certified to the secretary for use in the state convention here May 23.

Mrs. McCallum is identified with pro-Roosevelt forces which are battling Democrats for control of the national convention in Chicago July 19. The national delegates will be chosen at the state meet.

The committee secretary alleged that she was entitled to examine records in the performance of her duties.

She alleged, too, that Simons on lettersheads of the committee had sent out communications, a so-called "state party program," and a four-point resolution which purported to be acts of the committee which actually never had been approved by majority of the committee called in meeting for the purpose of passing on them.

A complete tabulation of the number of state convention delegates instructed by county conventions to support re-nomination of President Roosevelt and those which are uncommitted has not been made. Simons announced recently that the returns are not complete and therefore have not been tabulated.

Factions Silent On Keynoter

HOUSTON, May 19.—(AP)—Neither the supporters of an uncommitted delegation nor the pro-Roosevelt forces have revealed whom they hope to elect as keynoter at the state democratic convention in Austin next Tuesday, but it is expected that each side will have a general caucus in Austin Monday night when the matter will probably be settled.

The names of former governors James V. Alfred, for the pro-Roosevelt forces, and Dan Moody, for the anti-fourth termers, have been mentioned.

Meanwhile, George A. Butler, state democratic executive committee chairman, has declared that there will be no steam-roller tactics at the state convention which he is in charge of the meeting. He said yesterday all nominations for temporary chairman will be given a chance to be heard. He will call the meeting to order and preside until a temporary chairman is elected.

SKIPPERS' BODY FOUND HOUSTON, May 19.—(AP)—The body of Skipper Louis Swearingen, 28, who disappeared yesterday when the Parker Brothers tug "Say When," grounded with motors running at full speed on swamp land in the San Jacinto river, was discovered today, according to T. H. Boettler, Parker Brothers officer manager. He said the information had been sent in by Capt. Briscoe Parker, company secretary.

Rep. Dies Promises Sensational News

JASPER, Texas, May 19.—(AP)—Rep. Martin Dies (D-Texas), who recently announced his decision not to seek reelection, says he is "going to give the people of the United States a clear picture of what has been going on in Washington."

In an interview with a Houston Post reporter at his country home near here yesterday, Dies declared that between June 1 and 15 he intends to lay on the desks of American newspaper editors a document denouncing the New Deal. He added there would be disclosure of more sensational than anything his congressional committee on un-American activities has ever yet announced.

Dies said they had never been asked to convince the people how deadly the "communist menace is, because, he said, "the elements in the national administration which have hampered and opposed the committee have had too strong a control over the channels of public information."

"We have been criticized and ridiculed for years on the claim that we did not have enough documentary evidence to prove our charges irrefutably," the Texas congressman declared. "This time I think we will have enough evidence to give a clear picture."

Dies reiterated that a threat against him he said prevents him from making public speeches had prompted his decision not to run again, along with his wish to dissociate himself from the Roosevelt administration more thoroughly than he could while entered in a democratic primary. Another factor, he said, was his unwillingness to raise and spend a campaign fund big enough to match sums he said the CIO planned to spend in an effort to beat him.

The Post reporter said the election of J. M. Combs, former justice of the ninth court of civil appeals and candidate to succeed Dies, appeared almost certain. The only other candidate against him was Hugh A. Wilson, Camp Swift soldier and former Port Arthur refinery worker.

C. T. Rowland, Fort Worth, Seeks Office

AUSTIN, May 19.—(AP)—Charles T. Rowland of Fort Worth today paid his filing fee and gave notice of candidacy as Democratic nominee for associate justice of the state supreme court.

Rowland listed his age as 70 years in an application filed with Charles E. Simons, secretary of the state Democratic executive committee.

Humorist's Body Being Returned To Oklahoma

CLAREMORE, Okla., May 19.—(AP)—The body of Will Rogers is coming home to a resting place in the soil of his native state. The remains of the famous Oklahoma humorist were taken from the Glendale, Calif., cemetery today and will be interred in native stone crypt beside the Will Rogers Memorial Museum here.

A brief private ceremony will be conducted. Members of the family requested that the time of the burial be kept secret. Less than 100 persons will be invited. Arrangements to move the body to the hill overlooking Claremore were made by the Will Rogers memorial commission, headed by N. G. Henthorne, Tulsa world editor, with the cooperation of Gov. Robert S. Kerr and former Gov. Leon C. Phillips.

News of the body's removal was broken by the Tulsa Tribune in a copyrighted story. The article, written by Lewis T. Ponca City oil man, and Ewing Halseel, Vinita rancher, are in California and will accompany the body home.

Texas Fishermen Have Big Year

AUSTIN, Texas, May 19.—(AP)—Many a retired sea dog got behind the wheel to make up for the manpower shortage, and Texas' commercial fishermen produced a record-breaking poundage of sea food last year.

The game, fish and oyster commission reported a total of 24,230,520 pounds of sea food was sold during the fiscal year 1943-44, and listed the nation's tables, the game commission's report said.

There were increased takes of shrimp, redfish, trout, drum and red snapper. Generally good prices and good weather. Co-operation of sports fishermen in selling surplus catches. Allotment of sufficient materials by the co-ordinator of fisheries so that no acute shortages developed. Agreements with army and navy authorities to allow fishermen to use restricted areas at specified times and under certain conditions. Let-up in the submarine menace to permit more fishing offshore for Red snapper.

Nazis Reported In Disorderly Retreat

By RICHARD McMURRAY Associated Press War Editor French troops and U. S. tanks broke into the Hitler line at its very center today—in a smash toward Sant' Oliva, a front dispatch declared, as the Allies hammered all along the front at this new mountain wall manned by the Germans after "a disorderly retreat."

Sant' Oliva — only four miles from Pieve on the inland road supplying the Nazi front—is at the tip of a pie-shaped wedge driven into the mountains between Pontecorvo and Frenca-carna, Esperia.

A headquarters officer declared the Germans had made "a disorderly retreat instead of a mere withdrawal" between the Liri valley and the sea when they fell back from their smashed Gustav defenses to the Hitler line under combined American and French blows.

Advances of up to 17 miles were made over a carpet of German bodies and masses of wrecked and abandoned war equipment. Around 1,500 American heavy bombers and fighters attacked the Berlin and Brunswick areas of Germany, ending a lapse of five days in which weather had chained planes to British bases. The enemy said Hannover and the invasion railroads of northern France and Belgium also were bombed. The German air force hit heavily at massing Russian troops, at massing American armor.

Americans astride the ancient Apennine way turned field guns on Itri, 62 air miles from Rome, and upon Gaeta, the Roman emperor's naval base. The enemy's objectives within a dozen miles of Terracina, where the flooded Pontine marshes begin.

The Poles and British, exploiting their victory at Cassino, struck up the via Cassina to within a mile and a half of the Hitler bastion of Piedimonte. The French in the center advanced four miles north-west of Esperia and captured Monticelli.

Allied reserves in the Anzio beachhead 20 miles below Rome waited impatiently for the signal to strike. The Allies struck from the rear. Overhead the Allied air fleets flew 2,200 flights and a share of credit for the spectacular land gains could go to the fliers, who had denied the Germans supplies by cutting communications south of Florence.

Moscow and Berlin agreed that renewal of grand scale battle was imminent on the eastern front. Local skirmishes were reported in southern old Poland and in White Russia near Vitebsk in which up to a thousand Nazis died.

The London Daily Mail said the Germans had hidden enough gliders and transport planes to land at a division in Britain to disrupt Gen. Eisenhower's invasion. Berlin said they had denied the Germans supplies by Plymouth, Bristol and London were "bristling" — positively crammed with bursting point — with all manner of invasion equipment.

The better fleets in Britain still were idle last night because of storms. Berlin said U. S. bombers were over northwest Germany today. The Americans lost 13 heavy bombers and eight other planes yesterday and destroyed 14 Nazis in bombing Ploesti in Romania, Belgrade and Nis in Yugoslavia, Italian shores and battlegrounds.

Air Commander Promises Nazis More To Come

WASHINGTON, May 19.—(AP)—To German Europe, battered by the combined bomber offensive, went word today from Gen. H. H. Arnold that these air attacks, fierce as they are, have yet to reach their peak.

In his first press conference here in months, the commanding general of the air forces presented to reporters yesterday the outline of a combat organization of 2,300,000 officers and men which doesn't know its own strength, but has an impressive record of achievement.

"I don't know what an air force can do," said Arnold. "There never has been an air force constructed in the world before—an air force that had the power that we now have to use against Germany."

"Can we knock Germany out of the war? Can we break the morale of her people? I don't know, and I don't believe anybody else knows. However, we hope to get a pretty good idea of what can be expected in future air operations."

Arnold used a map, a chart, a prepared statement and hand answers to present this summary. In all theaters, from the start of the war to May 15, the army air forces flew 746,353 sorties, dropped 468,281 tons of bombs, destroyed 30,174 enemy planes, probably destroyed 4,997, and damaged 6,976, while losing 6,154.

Army planes sank 320,489 tons of Japanese shipping in the first four months of this year. Combined bomber missions in Europe now reach all German-held territory; the Nazis no longer can move their factories out of danger. But they have a "remarkable facility" in rebuilding.

Primary mission of the AAF in Europe has been to destroy the Luftwaffe, an objective not yet accomplished.

Man Will Die In Chair For Stabbing

CROCKETT, May 19.—(AP)—Clay Whittle, 38, previously convicted for robberies with firearms in Ector, Lubbock, Midland and Winkler counties, has been sentenced to die in the electric chair on June 30 following conviction by a Houston county grand jury in the 1943 stabbing to death of T. H. Kelley.

District Judge Sam Holland sentenced Whittle. Texas prison inmate from Durant, Okla., yesterday. Kelley was a fellow inmate of Whittle at the Eastham Unit No. 1, where the stabbing occurred.

Marshall Field Is Sued for a Million

CHICAGO, May 19.—(AP)—A suit for \$1,000,000 against Marshall Field, publisher-editor of the Chicago Sun, was on file in U. S. district court today, instituted by Sec. L. Avery chairman of Montgomery Ward and company, and charging Field "maliciously published untrue, false and defamatory statements" about Avery and his company.

The complaint, which recited the history of the mail order concern's controversy with a union, said the Sun "acquiesced the action of the tacked" Avery for seeking to "protect and defend the property of the company from unlawful seizure by the federal government last April 26." The government relinquished control of the management on May 9.

Give Too-Thin Legs a Build-Up With This Time-Saver Exercise

DEANA LEWIS: Has a new twist for lovelier legs.

Less fretting and more exercise will take care of those legs that you think are too thin.

While you're casting about for the right exercise, why not pick one which will also strengthen the arches of your feet, one which can be done while you're busy doing something else?

"That way," says shapely Deana Lewis, "Cry Haven" star, "you'll be more apt to stick to your exercise, which, of course, is what brings results."

Her routine. You cross your legs first one way then the other and see-saw the foot that's free, first pushing toes as far down as they will go, then bringing them up as far forward as possible. Deana takes this exercise while she sits in a taxi, when she knits, reads a newspaper or watches a movie.

"Meanwhile you can make your legs look fuller," says Deana, "if you'll wear flat-heeled shoes—the ballet type slipper and almost heelless shoes with high bracelet straps which currently are so popular."

Officers Named At Hopkins PTA Meet This Week

The final meeting for Hopkins Parent Teacher Association was held this week when Mrs. A. L. Montgomery read the devotional and Mrs. Clyde Mason, president, had charge of a business session at which time each chairman gave a report of the year.

Huelyn Laycock, former school principal and teacher at Hopkins was presented with a life membership in P. T. A. A gift from the P. T. A. was then presented Mrs. Clyde Mason by Mr. Laycock.

Mrs. Huffman, music teacher, directed a program with her choral club singing "The Lord's Prayer" and several other selections.

The "Ash-Barrel Quartette" consisting of Marvin Stone, Clyde Jones, Bob Ott, and John Litton, leader, sang "Down By The Old Mill Stream."

Officers for the coming school term were then installed by Mrs. Laycock. They are: president, Mrs. Marvin Stone; vice-president, Mrs. L. L. Hutsell; secretary, Mrs. George Adams; treasurer, Mrs. Joan Phillips.

Refreshments were then served to

Laundry Shaker Doubles Suds And Saves Soap

Use the cocktail-shaker method of washing neckwear—put it in a bottle of hot water and soap suds, cap tight and shake—and you'll be needing fewer flakes.

There's need to conserve, because 100,000,000 pounds of soap are used annually in the process of making synthetic rubber for tires. The cocktail-shaker method described also means less wear and tear on hands and nail polish for the frequent clean-up of the frosted white lingerie touches.

In washing clothes that you have to rub clean—that goes for dish washing, too—it is better economy to keep enlivening suds than it is to dump in your full quota of soap at one swoop and let suds die out.

Most extravagant waste of soap is to return a wet cake to a dish or stand where it stays wet and melts. After you use a cake, either take the trouble to dry it and put it in a dry niche or place it on the flat edge of the basin and let it harden of its own accord.

38 members and to the children present.

The room award went to the seventh grade for having the greatest number of parents attending.

SUNDAY BREAKFAST MUFFINS

1 1/2 cups sifted Swans Down Cake Flour 1/2 teaspoon salt 1/4 cup milk
2 tablespoons sugar 4 tablespoons melted shortening or cooking oil
1 1/2 teaspoons Calumet 1 egg, well beaten

• Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Add egg, milk, and shortening. Stir only enough to dampen all flour. Bake in greased muffin pans in hot oven (425° F.) 18 minutes, or until done. Makes 8 large muffins.

JOIN GULF'S "Anti-Breakdown" Club TODAY...

Here's Gulf's Protective Maintenance Plan...

1. It protects your car at 39 danger points!
2. It helps keep your motor in A-1 shape!
3. It stretches your gas coupons!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America...

1. those who can still get to work in automobiles,
2. those who are forced to walk.

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)

IT'S IMPORTANT to give your car a good motor oil... and to change oil regularly. Gulf offers two outstanding oils... Gulfpride. "The World's Finest Motor Oil," and Gulfblue, an extra-quality oil that costs a few cents less.

AIR-FILTER CLEANING, spark-plug cleaning, and radiator flushing help give you better gas mileage. A clean air filter makes gas burn more economically; clean plugs increase power; a clean radiator prevents overheating, thus saving gas.

GET AN APPOINTMENT AT YOUR GULF STATION!

To HELP YOUR Gulf Dealer do a thorough job on your car—and save your own time—make an appointment in advance. Phone or speak to him at the station—arrange a convenient time. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan... 15 services in all!

GASOLINE POWERS THE ATTACK... DON'T WASTE A DROP!

for better car care today... to avoid breakdowns tomorrow

ASK YOUR GULF DEALER to have your tires re-capped, adding greatly to their length of service. Ask him to inspect for cuts and bruises, and make needed repairs... to check air pressures, and inflate tires properly.

Holy Communion To Be Celebrated At Lutheran Church

The regular 11 a. m. service of worship will be conducted this Sunday at the Zion Lutheran church with the Rev. H. G. Wolter as speaker.

Holy Communion will be celebrated at this service. Rev. Wolter has extended a special invitation to all servicemen and their families to attend services and take part in the Lord's supper.

Christian Science Sunday Study Topic

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 21.

The Golden Text is: "For our conversation is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ; who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself" (Philippians 3:20, 21).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And be not conformed to this world; but be ye your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, God, for man is God's image" (page 120).

OVER 21
BATON ROUGE LA.—State Senator Drayton Boucher says that his bill to eliminate the requirement that precinct registration lists carry the age of voters were introduced to protect "ladies shy about divulging their age."

"Why, five women in my parish (county) told me they were never going to vote for me or anybody else again if their ages continue to appear on the lists," he said.

Girls of the Church of the Brethren who will sing at the worship hour Sunday are: left to right, Wainne West, Peggy Ann Covey, Marjorie Gillis, Jane Kirbie, Lucille Johnson, Charlyn Rose Poveck, accompanist, Virginia Lee West.

Japanese-American College Student To be Guest and Speaker Here Sunday

"Christian Human Relationship" will be the major emphasis this Sunday at the Church of the Brethren. Miss Maye Oye, a Japanese American Christian girl of McPherson College, Kansas, will be the guest of the young people of the church and serve as the morning speaker.

Miss Oye is a native born American citizen and a devoted Christian. Along with many others whose loyalty to America and our Christian way of living is above question, she was released by the federal government from the relocation settlement camps that she might continue with her education. As a student in college she has made a splendid record, and has wielded a wholesome influence in the school, the church and the community. Her message on Sunday morning at 11 o'clock will be "Brotherhood Through Christ," said the Rev. Russell G. West, minister.

During the worship service the girls of the church will sing a group of numbers, including "Prayer Perfect," "O Zion, Hasten," "The Palms" and "Above the Hills of Time."

Captain Murphy To Speak at Salvation Army Here Sunday

"Ascending to the Standard" will be the morning sermon topic for Captain Herschel Murphy at the Salvation Army Citadel Sunday. This will be preceded by the regular Sunday school sessions at 9:45, with Young Peoples Sergeant-Major Edith McPhillips, in charge.

A full report will be given of the annual Commissioning of Cadets in Atlanta, Ga., in the Y. P. L. meeting at 6:45 p. m. Captain and Mrs. Murphy and the Young People's Sergeant-Major have just returned from these exercises, where several thousand friends were in attendance.

"The Captain's Commission" will be the evening sermon subject, with the text found in Luke 4-18. The public is invited to attend these special services.

El Paso Speaker To Be Heard At Christian Church

On Sunday morning, O. Ray Miller of El Paso, Texas will preach in the First Christian church. Miller is a field worker with the United Texas Doves in West Texas and will present a helpful program.

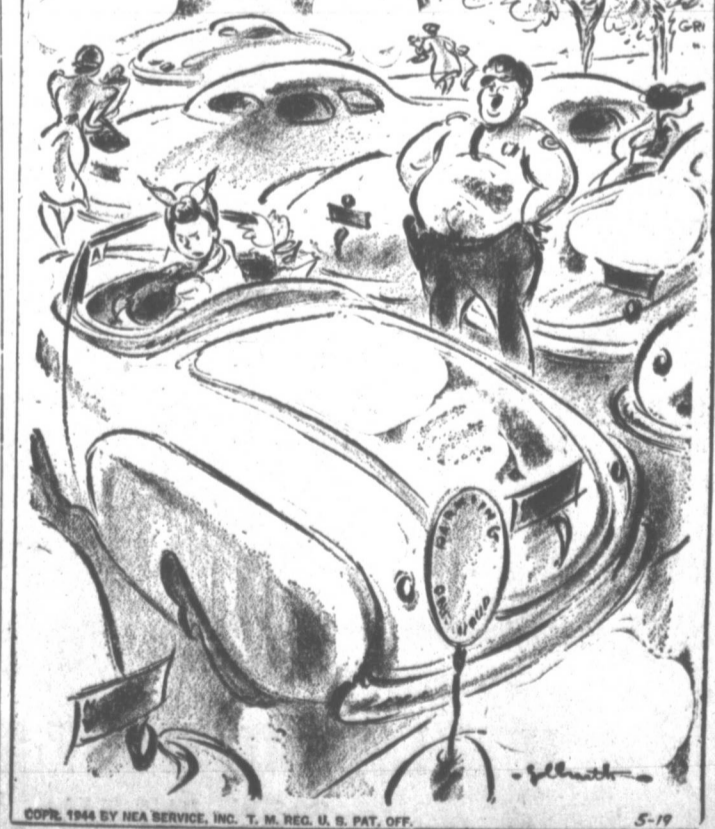

In the morning service, Mr. Miller will preach on the subject, "The Fifth Freedom," and in the evening on, "When the Gospel is Dynamic."

SOC-SPECIAL MUSIC Special Music Is Planned For Sunday

Sunday school will begin activities for the First Methodist church Sunday when it opens at 9:45 with Parris Oden, general superintendent, in charge. Classes have been arranged for all ages.

Morning worship begins at 10:55 and the evening hour opens at 8 o'clock. The Rev. E. B. Bowen will speak at both services.

Boys and girls in the choir directed by Mrs. Lloyd Stallings will be present for the evening service. The sextette directed by Mrs. Flaudie Gallman will also furnish special music for this service.

2,165 Social Security Cards Lost in 3 Months

A total of 2,165 original social security cards were issued by the Amarillo Field Office of the Social Security Board during the first quarter of 1944, which is less than 68 per cent of the 3,200 original cards issued in the same period of 1943, according to Dewey Reed, manager of that office.

There was also decrease in the number of duplicate social security cards issued in the first three months of this year as compared to that of last year. Reed said.

"Through March 31, 1944," he continued, "we issued 1,400 duplicates to replace cards which were misplaced or lost as compared to 1,943. While we are pleased to note that only 96 per cent as many people have lost their cards thus far this year as compared with the first three months of last year it would assist us materially and reduce costs if more people would guard against the loss of their cards."

Greater Movement Of Trains Reported

MEXICO CITY, May 18 — (AP) — There was great improvement yesterday in the movement of trains over the lines of the National Railways, said officials of the management. Passenger trains made closer connections and arrived at their destinations with less delay than for many days past.

National Railway statistics showed that on Wednesday of last week 74 freight trains with a total of 6,798 cars were moved between here and the northern frontier.

DEATH

MARTIN, ORPHA, bookkeeper for American National Ins. Co., died in local hospital at age of 32 years. She was the beloved daughter of Mr. and Mrs. C. M. Martin, 236 Pitts St., Pampa. Funeral arrangements are pending arrival of relatives. She was a member of Central Church of Christ. Body in state at Duenkel-Carmichael funeral home.

Card of Thanks

Those in the face we loved so dear, silent is the voice we loved to hear; too far away for sight or speech, but not too far for thought to reach, sweet to remember him who once was here and who, though absent, is just as dear. Even there shall thy right hand lead me, and thy right hand shall hold me. -Wesley 139-110.

WE WISH to express our sincere appreciation to our many friends and neighbors who so kindly assisted us in the hours of our sorrow in the loss of our loved one P. W. Goff, who passed away at the beautiful floral offerings, words of comfort and deeds of kindness. May God's blessings rest upon you. Mr. & Mrs. E. D. CITY of PAMPA, TEXAS

YEAR ENDING MARCH 31, 1944

REPORT OF OPERATIONS

TAXES: 1943 valuations for tax purposes amounted to \$8,053,950.00, a decrease of \$100,680.00 in comparison to preceding year. In the following schedule is shown a comparison of valuations and taxes assessed for the years indicated:

Roll	Valuation	Taxes Assessed
1933	\$6,380,370.00	\$ 89,325.18
1934	6,432,981.00	89,400.01
1935	6,519,250.00	97,788.77
1936	6,872,451.00	103,084.77
1937	7,084,569.00	99,211.96
1938	7,196,140.00	107,942.10
1939	7,223,360.00	108,350.40
1940	7,440,645.00	111,606.33
1941	7,910,690.00	118,660.35
1942	8,154,630.00	130,474.08
1943	8,053,950.00	120,809.25

It will be noted that valuations and taxes assessed for 1942 are the highest for the eleven year period shown in the above comparison.

Net tax collections after discounts but including interest and penalties amounted to \$126,511.81 for the year ending March 31, 1944, in comparison to \$133,189.63 for the preceding year. The current year collections of \$126,511.81 were deposited to the following funds:

To Interest and Sinking Fund	\$93,301.35
To General Fund	23,459.92
To Library Fund	2,389.90
To B. C. D.	7,360.64

Delinquent and unpaid taxes as of March 31, 1944, amounted to \$60,514.02 in comparison to \$74,289.36 as of March 31, 1943, a decrease of \$13,775.35.

The above summary reveals that the bulk of the taxes are deposited to the credit of the Interest and Sinking Fund for the purpose of servicing the bond and warrant indebtedness and only a small portion of the taxes for operating the city.

INDEBTEDNESS: The Bond and Warrant indebtedness of the City of Pampa amounted to \$804,000.00 on March 31, 1944, a net reduction of \$44,000.00 during the year. The indebtedness matures over the next twenty-four years and is payable as follows:

Years Ending March 31st	Payable From Taxes		Payable From Water & Sewer Fund		Total Annual Requirements
	Principal	Interest	Principal	Interest	
1945	\$38,000.00	\$35,965.00	\$ 11,000.00	\$ 5,062.50	\$ 90,027.50

1967	7,000.00	635.00			7,635.00
1968	4,000.00	220.00			4,220.00
Totals	\$686,000.00	\$362,670.00	\$118,000.00	\$25,515.00	\$1,192,185.00

\$686,000.00 of the principal is payable from taxes and \$118,000.00 from the Water and Sewer Fund. Total requirements to liquidate indebtedness amount to \$1,192,185.00 which includes \$388,185.00 interest.

The City of Pampa maintains two Interest and Sinking Funds for the purpose of servicing the Bond and Warrant indebtedness of the city. A fund termed "General Interest and Sinking Fund" is used for the purpose of servicing all bond and warrant issues of the City with the exception of the 1938 Water Revenue issue—the income of this fund is derived entirely from taxes collected. A fund termed "Water Revenue Bonds Interest and Sinking Fund" is used for the purpose of servicing the 1938 Water Revenue Bond Issue and the income of the fund consists entirely of direct transfers from the "Water and Sewer Fund."

The Bond and Warrant indebtedness of the City consists of eighteen separate issues bearing interest from 3% to 6%. Although a number of the Bond and Warrant issues were issued for the Water and Sewer Department, they are all paid by taxes with the exception of the one issue.

FUND BALANCES: Fund balances on March 31, 1944, amounted to \$93,035.75 cash plus \$35,000.00 bonds owned by the Water and Sewer Fund and \$50,000.00 bonds owned by the Interest and Sinking Fund:

of Dutch New Guinea and sent Myitkyina, main Japanese base in northern Burma.

American sixth army troops hopped more than 100 miles up the Dutch New Guinea coast from Hollandia for a speedy amphibious conquest of the Wakde island area, site of an important air base from which General MacArthur's forces might speed the clean-up of New Guinea and bring the Palau and the Philippine Islands under air assault.

Latest reports indicated the Americans had pinned the last Japanese defenders of Wakde against the edge of the 4,700-foot Coral airstrip and were wiping out determined enemy mortar gun crews. On the whole, Japanese defenses were "negligible," MacArthur said.

Young Brig. Gen. Frank Merrill, some of whose Marauders helped capture the Myitkyina airfield, sent another column west of the city to block the supply line from Mogauing, 40 miles west. Other Allied forces were moving on Myitkyina from the north.

Approximately 80 airline miles to the east, Chinese columns were developing a pincers drive to clear a portion of the enemy-held Burma road and effect a juncture with Stilwell's army, thus connecting the Ledo and Burma roads and opening an overland supply route to China's scantily equipped army.

North American Goes to Mexico

MEXICO CITY, May 19—(P)—Mexican newspaper reporters were surprised yesterday at the novelty of a roughly dressed north American applying at the ministry of industrialization and agricultural development for permission to establish himself as an immigrant in this country to work as a small farmer.

The applicant was William Haut, of Illinois, who, with a tourist permit, has been looking for a suitable place to work modest farm.

"From what I have seen of Mexico," he told reporters "this country offers as good opportunities as Argentina. The only thing necessary for a man reared on the soil and not afraid of work to get ahead in this wonderful country is that he be allowed to toil without undue hindrance."

Haut said that his opinion the best land in the temperate region of Mexico to be found in the state of Michoacan, where he expects to invest his savings in a small piece of property, which he himself will cultivate.

School Law Changes Urged

AUSTIN, May 19—(P)—A new code of school laws, designating more efficient spending of school moneys, negating federal aid, and seeking better pay for teachers, has been suggested by a sub-committee of a joint legislative educational committee.

Chairman Karl Lovelady, Senator of Meridian, and Secretary Newton W. McCann, Representative from Texas, said the sub-committee had reached these preliminary conclusions:

More study should be given to the selection of text books; teaching standards should be improved and curricula revised to meet present day demands of citizenship. Teachers should be compensated adequately.

Public school moneys should be spent more efficiently. The state is able to carry its educational program out without federal aid.

Types of school districts should be limited to common and independent. Clearly defined statutory provisions are needed with reference to maintenance and operation of public junior colleges.

A state fund for future building needs should be created.

Local Bookkeeper Died Here Yesterday

Miss Orpha Florene Martin, 22, daughter of Mr. and Mrs. C. M. Martin, 536 Pitts, died Thursday afternoon in a local hospital. Funeral services and interment will be held here, but arrangements are pending the arrival of out-of-town relatives.

Besides her parents, Miss Martin is survived by two sisters, Anna, Pampa, and Mary L. WAVES, Washington, D. C.; five brothers, H. E. and C. V., both of Dallas; Arthur and Doyle, both of Pampa; and Harry, U. S. Army, Waco.

Services will be conducted at the Central Church of Christ. Miss Martin had resided in Pampa for three years. She was a bookkeeper employed by the American National Insurance company. Arrangements will be in charge of Duengel-Carmichael Funeral home.

Puerto Rican Is Getting Wings Here

PAMPA ARMY AIR FIELD, Pampa, May 19 (Special)—A Canovanos Puerto Rico youth, John T. Cochran, 21-year-old son of Mr. and Mrs. Alexander R. Cochran, is training with the current undersides of Aviation Cadets to become a crack AAF pilot and nearing his silver pilot's wings and officer's bars at this twin-engine advanced flying school of the AAF Central Flying Training Command.

His father is associated with the Loisa Sugar Co., Canovanos, as an engineer.

A 1942 graduate of Phillip Academy, Andover, Mass., he studied from 1942 to 1943 at Yale University, where he was a member of the A. G. C. fraternity. He entered the Army April 24, 1943 and was appointed an Aviation Cadet August 2, 1943. After primary flight training at Arlington Field, Stamford, Texas, he went to Ferrin Field, Sherman, Texas, for basic training.

At the completion of his rigid training he will be assigned to duty as a combat pilot or as an instructor.

Another member of the Cochran family is in the Air Force. He is Lt. Alexander R. Cochran, Jr.

The first collected edition of Chaucer's works appeared 132 years after his death.

NEW YORK, May 19.—(AP)—Overseas sports roundup:

PERSIAN GULF COMMAND

Egt. Allen Lacombe, the No. 1 boxing promoter from Cairo to Teheran, types this report: "Boxing in the P. G. C. has been pretty good in the last month or so. I took 22 boys on tour of the command. There is only one place that we can fight during the summer and that is Teheran. It is nice and cool up in the mountains where the camps are, so once a month I have to put on 12 fights up there, matching boys from all over the command. The only rough part about it is that we fellows stationed down in the southern part of Iran have to travel almost 850 miles to fight. The change of climate is murder; you can hardly breathe when you get up in them mountains. And you have to travel fourth class or ride in box cars all the way, eating C rations, but the boys do not seem to mind it very much. In fact they raise hell if you cannot get them a match every time you go up there. When this war is over and all the boys turn pro and we have to ride the rods from town to town, you and down kerosene circuit, we will be used to it."

The sea is our playground and water sports are the main diversion."

NORTH AFRICA

Chief Warrant Officer Frank Hartley reports as follows to his old paper, the Louisville Times, on racing in North Africa: "It's confusing enough to buy a ticket which reads 20 francs, but which sells for 60 francs, or \$1.30. It's even worse inside—if you're lucky, you can find through the use of sign language and GI French that favorites aren't posted and there aren't, as a result, any opening odds—so long as the race is going on, you can imagine that you're back in the States, because usually their aces are good and it's just as difficult to see the backstretch as it is 'at home.'"

NEW YORK, May 19.—(AP)—Since the death of Lord Lonsdale, the great British sportsman, King Folks have been wondering if anyone will continue the custom of giving belts to champions who successfully defend their titles three times—these awards have been made for over 100 years and in that time only about a half dozen have been won outright incidentally, Nat Fiescher, who hands out trophies in America on a wider scale, figures he owes belts to Manuel Ortiz and Willie Pep as the only real champions crowned since most titles were frozen for the duration—when Jolly Cholly Grimm took over the Cabs' management at the 10-loss mark, he wasn't exactly undergoing a new experience. Grimm broke in with the Athletics in 1916 when they were in the throes of a 20-game losing streak.

Senators Tie With Yankees To Lead Loop

By JACK HAND

Associated Press Sports Writer Clark Griffith's night life diet has fattened the Washington treasury by some 100,000 admissions and today has lifted the Senators into a virtual tie with the Yankees for the American league lead.

Lodged in sixth place in early season after pre-campaign dopes had touted them as the club New York and the rest of the loop had to beat, the Latin-tinted Nats have won 12 of their last 16, and six out of eight since they turned on the lights at Griffith stadium.

Today's standings show them with one more win, and one more loss, than New York, although nine points back in the percentage tabular, after last night's 4-2 nod over Cleveland.

Roger Wolff, Johnny Niggeling and Mickey Haefner have been three-time winners since the spurt started at Dulac Leonardi's third straight victory of the campaign last night on one big four-run inning.

Chicago's Thurman Tucker belted New York out of a 10-inning ball game, 8-4, when he tripled with the bases loaded off relief man Em Roser. Ernie Bonham was raked for 14 hits before he retired in the ninth after Wally Moses' circuit clout tied the score. Hal Trosky, continuing his successful comeback, moved into a tie in the home run derby with No. 5.

Rufe Gentry blanked Philadelphia with nine hits and batted in the only run of Detroit's 1-0 triumph over Don Black, and Oscar Jacobs clubbed two hits and scored three times while going the route for the first time in Boston's 12-1 swamping of St. Louis.

In the National Al Javery added another link to his tough luck chain by dropping a two-hitter to St. Louis. Javery, who has lost five in a row but never yielded more than four runs, blew this one on the first hit, a single by Whitey Kurowski driving in two runs for a 2-0 edge in the seventh. George Munger scattered five blows for his fourth triumph.

Ken Rafenberger of the Phils didn't quite match Javery in his three-hit effort at Cincinnati but he managed to win and snap Bucky Walters' streak at five by a 2-0 score.

Rube Melton of Brooklyn whites-washed Pittsburgh for eight innings but the Pirates got after him and reliever Bill Lohman for four runs and a 4-3 victory before a man was retired in the ninth. Coach Spud Davis, recently reinstated to the active list, drove home Babe Dahlgren with the decisive score in the first game of the series.

Wilson, Mann Teams Lead Softball Series

Woodrow Wilson boys and Horace Mann girls were tied today for the lead in the city ward school softball series with each team having two wins and no losses.

Pampa Field Olympics To Be Held Tomorrow

Aviation cadets at Pampa field of both upper and lower classes will pit themselves individually and in teams against each other at field day tomorrow for prizes valued at \$150 and purchased from the cadets detachment fund. Maj. Gilbert F. Friederichs, commandant of cadets, announced today.

Field day is one of the high spots in the lives of the cadets while they are at Pampa, second in importance only to graduation day, Mrs. Friederichs added.

According to Lt. J. C. Keyes, cadet physical training director, who is directing the event, this field day will feature a combination of physical prowess and military achievement. Following the day's field activities, a barbecue for cadets and their wives will be held in the cadet detachment mess hall at 5 p. m.

From 9 p. m. to 1 a. m. a dance will be held in the post recreation hall with the post orchestra "beating it out" and a cadet group presenting a floor show. Supervising officers and wives, together with cadet wives and sweethearts, will attend.

A tremendous amount of enthusiasm has been built up among the cadets over the competitive events, Lieutenant Keyes said, especially since the scoring will pit the upper classmen against the lower classmen.

Results will also be tabulated on an individual basis and many prizes will be awarded at the end of each event. Awards will be made by Lt. Col. W. E. Clark, assistant deputy of training and operations. Judges for all events are expected to be the following flying officers, all squadron commanders: Majors R. H. Farrell, F. L. Weatherbee, A. T. Ousley, and Herman Rumsey.

Lieutenant Keyes expects all records established in previous field days to be broken. Last year's times were: 100 yard dash, 10.4 sec.; 220 yard dash, 24 sec.; 440 yard dash, 57 sec.; 880 yard run, 2 min. 15 sec.; mile run, 5 min. 20 sec.; high jump, 5 ft. 6 in.; broad jump, 19 ft. 6 1/2 in.; 880 relay, 1 min. 52 1/2 sec.

Following is a schedule of the events: 8:45—Drill competition between squadrons.

10:30—Squadrons 1 and 3 will play squadrons 2 and 4, respectively, in three types of games—basketball, volleyball, and softball.

11:45—Losers of the basketball games will play the losers. Winners of the volleyball games will play each other, while the losers of the volleyball game, play the losers. Winners of the softball games will play each other and the losers will play each other.

1:00 p. m.—Winners of the basketball games will play officers of squadron three.

3:30 p. m.—100 yard dash run off. Broad jump competition.

3:15 p. m.—1 mile run.

3:30 p. m.—440 yard dash.

3:45 p. m.—220 yard dash.

4 p. m.—80 yard dash and high jump event.

4:15 p. m.—440 yard relay.

Pampa Golf Pro On Winning Foursome At Amarillo Meet

AMARILLO, May 19.—(AP)—Pvt. Jimmy Gaunt, who won the Texas PGA open last week for the third straight year, was a heavy favorite today to share the \$500 war bond prize in the 54-hole medal play strating today and continuing through Sunday.

Gene Root, Amarillo pro, is defending open champion in this top event of the second annual Diamond shop golf tournament.

The opening pro-amateur matches yesterday ended in a three way tie with a low ball of 64. Members of the winning foursomes were: Jimmy Gamewell, Frank Linder, Knox Whitney, Amarillo; Bob Taylor, Amarillo; Drew Crossett, Amarillo.

Dr. E. W. Cain, Amarillo, Tex. Muncy, Amarillo; Frank Baker, Pampa pro; Carl Culwell, Amarillo. Capt. Clay Underwood, Amarillo field and former Wichita Falls city champion; Frank Linder, Amarillo; W. C. Allen, Amarillo; and Fred Grimes, Amarillo.

Waco Soldier Wins Middleweight Title

WACO, May 19.—(AP)—In a fight billed as a bout for the middleweight championship of Texas Chuck Hirst of the Waco army air field, who barely touched Hirst, Howell Steen of Dallas and Houston in the fourth round of a scheduled 15-round bout here last night.

Hirst, who hardly touched Hirst, was knocked down twice before the blow that finished him off.

In the six-round semi-final, Bob Kirkland of Waco won by technical knockout from Bill Dillar of Juarez, Mexico in the fourth round. Tommy Lenor of Waco won a six-round decision from Willie Barnett of Dallas.

Al Hostak, former middleweight champion of the world, participated in a three-round exhibition bout against Jimmy Clabby of Kansas City. Ray Martin of Pittsburgh won from Sammy Young of Los Angeles, and Lee Taylor of Dallas won by a technical knockout from Jimmy Sims of Fort Worth in the second round of a four round bout.

Three thousand fans saw the boxing program.

Racing Fans Debate Over Pensive, Tear

NEW YORK, May 19.—(AP)—There is an argument going the rounds of racing circles over the relative merits of Pensive, the Kentucky derby and Preakness winner, and Twilight Tear, a filly with a record of six straight victories, but Ben Jones will have no part of it.

Missouri Ben is the one man who could settle the argument since he's the trainer of the two ace three-year olds from Warren Wright's Calumet farm, but if he knows which is the better he's not saying. His answer to the question

after Twilight Tear cakewalked home in the Acorn stakes at Belmont park was:

"If somebody wants to arrange a match race between the pair, winner take all, I'll gladly see that both of them get to the post."

The debate started after Pensive's surprise victory in the derby.

Backers of Twilight Tear added fuel to the discussion when she easily won the Pimlico Oaks, but

supporters of Pensive answered that after they horse came from behind to take the Preakness. New Yorkers got their first glimpse of the filly yesterday as a three-year old and they left Belmont wondering if Twilight Tear is not the better of the two since she traveled the mile in 1:37 and easily hung it on nine others of her sex and age.

There is little to choose between their won and lost records. Pensive has been out of the money only once in 14 trips to the post since he came to the races last year. Twilight has raced 13 times and never finished farther back than third.

Battle of Germany Today
One of the strangest and most curious battles in the history of warfare is going on inside Germany. The opposing "armies" are Allied bombs and the Nazi military and secret police. The "battlefield" is the German people. The prize of victory is their morale.

This is made clear in a Swiss newspaper story by a man who lived in Berlin for several months in Germany and underwent 60 air attacks in Berlin. Even before the pulverizing attacks of the last six weeks, he reported that 70 or 80 per cent of the Nazi capitalists' factories were destroyed or damaged. He also disclosed that residential bombings had killed out of thousands of small home workshops serving armament production.

But of equal military importance is his story of the terror of Germany's war-ack people—terror of the bombs and of the Gestapo. "Fifty per cent of the German population is already demoralized," he writes. "It is unthinkable that the German people can bear the existing conditions for an indefinite period. People now say quite frankly that if the air offensive is further intensified a way out must be found. There can, however, be no thought of a revolution. The Gestapo and the SS are too powerful for the whole German people to dare to rise up against the National-Socialist system."

It is obvious that the air offensive has been tremendously intensified. And as we attack the Nazi strength, the Gestapo and the SS surely are finding that their job is also tremendously intensified. First of all there are the physical difficulties. Each attack adds thousands to the dazed and weary homeless, deprives sections of a city of light, gas and water, disrupts transportation.

But there must also be a weakening of morale. Each Allied plane over Berlin is another harbinger of German defeat. Each explosion echoes the ever growing ring of party boasts and promises. As late as January, the Swiss writer says, the faithful Nazis were boasting that Berlin—could never be attacked by a grim, relentless, night-raiding team, and party prestige must have fallen even more.

Against fear, disorientation and weariness, Hitler's brutal police are attacking a grim, relentless, night-raiding team, and party prestige must have fallen even more. Against fear, disorientation and weariness, Hitler's brutal police are attacking a grim, relentless, night-raiding team, and party prestige must have fallen even more.

Even the Gestapo's guns cannot delay forever the inevitable. The desperate search for "a way out."

REALISM IN THE ZOO
(Minneapolis Morning Tribune)
New Yorkers have been able to visit a farm of sorts by going to the Bronx zoo, where cattle, horses, poultry were on display, together with a jackass presented by a farmer who finally decided to get rid of the noisy animal who had to leave the old home place. In trim little fields and modern buildings, pseudo-agricultural activities were carried on, and a picnic seemed to go by clockwork.

But now as the farm-in-the-zoo is about to open for the summer, the man who milks the cows has put in his time. He's gotten to run his own farm in Jersey. And so far no one has been interested enough to apply for the job, which pays \$1,800 a year with a five room apartment and six eggs a day thrown in.

Labor Leader's Remedy for Unemployment
A news dispatch quotes R. J. Thomas, president of the C.I.O. United Automobile Workers, as saying that a 30-hour week throughout industry will be the only way to guarantee full post-war employment.

The trouble with this line of reasoning is that those people who advocate it do not understand that there is not a limited amount of work to be done. They are regarding people as animals wanting only to be fed, or having limited wants. The fact of the matter is that wants increase much more rapidly than our ability to supply these wants, even if we were to work 60 hours a week.

What those who believe in labor unions fail to understand is that the worker produces his own wages or the wages of those who produce something different. Every time anybody works and produces some wealth he makes what everyone else produces of a different nature exchange for more. Cutting down the hours, and thus cutting down production, keeps down the standard of living of all people.

Even an advocate of the 30-hour week can find no individual in the country who has all his desires satisfied. He desires can be satisfied only by labor. If no individual has all his wants satisfied, there will be as much demand for labor as there is wants; that is, unlimited demand.

While the whole theory of improving the lot of man by labor unions is to make things scarce and try to get the money price of things up, believing that will improve the lot of man. The working man would be better off getting \$3 a day than \$50 if his \$5 would buy more comforts than the \$50.

If working men as a whole work 40 or 45 hours a week, they will produce one-third or one-half more than if they work only 30 hours a week. As a result they will have one-third or one-half more to divide if they work the longer hours. Of course any individual has a right to work as short a period of time as he wants. The purpose of all tools and all business is to reduce the time of work required to satisfy a given human want.

But the idea that we should have a law to prevent any man from working as long as he wants is ridiculous. It shows an utter lack of consistent reasoning on the part of the man who advocates such a policy.

But this is the kind of leadership we have when we count on state majority-rule schools and colleges to teach the young. They teach them not to think, not to understand the natural relation between things—not how to think. The state school teachers are more interested in holding their jobs and being popular with the masses than they are in trying to get the pupils to understand eternal principles.

We are reaping, of course, exactly what we have sown.

Leaves From The Editor's Notebook

Regional OPA Administrator Max McCullough reports that "the war-time cheater and chisler and is demanding stricter enforcement of OPA regulations." As a result of this trend, which has changed significantly since the early days of OPA, 267 law suits were brought in April against alleged violators in this region of six states, Missouri, Kansas, Oklahoma, Arkansas Louisiana and Texas. This figure, said the administrator, represents an increase of 14 cases over the 253 brought by OPA during March.

In addition, 102 suspension order hearings were held before the regional commissioner, who suspended eight companies from a certain rationed commodities for the duration of the war.

Of all procedures followed by OPA enforcement of its regulations, McCullough said, "the most important is the suspension order hearing." This enforcement method is used entirely in cases involving rationing violations by retailers, consumers and companies. In the case of consumers, the hearings are held before either members of the War Price and Rationing Board or a special hearing officer appointed by the director of the district OPA office. There are 13 districts OPA offices in the region and some 750 War Price and Rationing Board members.

Cases involving distributors of rationed commodities who are alleged to have violated rationing regulations are heard by the regional hearing commissioner.

Despite the fact the hearing is purely an administrative procedure and not a court procedure, it is open to the public "because the rationing program belongs to the public and the hearing is public business," according to McCullough. The dealer accused of a violation may be accompanied by an attorney and, after the case is heard, he may request a transcript of the proceedings. If the distributor receives suspension and he feels it is not fair, he may appeal, by mail, to the hearing administrator in Washington, D. C. Then, the decision of the Washington hearing administrator is not satisfactory to the dealer, he may further apply to the United States district court for an injunction to prevent OPA from putting the suspension order into effect, thus securing a court review of the entire matter.

Most of the misunderstanding about the suspension order hearing procedure embraces the charge that the system denies the individual or company the right of taking his case into a constituted court," said McCullough, "but no suspension order or individual consumer is denied that right—if he desires to carry that matter that far."

The validity of the suspension order hearing procedure was upheld early this year by the Fifth Circuit Court of Appeals sitting at New Orleans. In a unanimous decision, the court, speaking through Judge Sibley, said:

"The true purpose of the suspension order is to effect the efficient of rationing, rather than to punish for past misdeeds. By accepting the right to handle rationed commodities, the consumer agrees to the appointment of the government to assist in the administration of rationing. If any of them should prove unworthy of non-cooperative, we think it is a fair exercise of the administrative power to withdraw from such dealers, temporarily or permanently, the privilege of distributing rationed material."

While the regional hearing commissioner is permitted by law to hear consumer violation cases as well as those of distributors, they have been heard entirely far by the special hearing officer or by a board members, as previously mentioned. If a consumer is found misusing his ration, for example, he is given a pleasure trip on gasoline issued him by the board for business purposes, either the hearing officer or the board may deny the consumer's ration for a certain period of time or for the duration. In such a case, the consumer may also be liable to criminal prosecution for failure to apply for rationed goods.

The consumer also may apply for a re-hearing of his case, provided he feels it is not fair. His application, however, is made to the regional hearing commissioner, Dallas.

ATTACK—The seepage of information on 1944 campaign plans between Democratic and Republican National Headquarters here is one of the wonders of present-day politics. Sometimes the data flow directly from one main office to another, but usually the exchanges are the result of informal talks between members of the staffs.

This intra-party underground has furnished the G. O. P. with a fairly accurate preview of the four principal candidates for the White House. Then, the decision of the Washington hearing administrator is not satisfactory to the dealer, he may further apply to the United States district court for an injunction to prevent OPA from putting the suspension order into effect, thus securing a court review of the entire matter.

The President foresaw American Executive in the past. At the start, while the Republicans adopted a narrow nationalistic viewpoint which prevented him from re-entire the United States. More specifically, the Democrats will charge that the seeds of the current conflict were sown during the Harding, Coolidge and Hoover regimes. War Today

Continued success of the Allied drive in Italy will be bound to have a salutary effect on the European neutrals and wretched Axis satellites.

Indeed, when the Allied invasion of Sicily was successful, it was a successful inauguration, and the result of a successful invasion of Sicily was a successful invasion of Sicily.

The point is, of course, that most of these little countries haven't been masters of their own fates but have been sitting under the Führer's big guns. Once the Nazi devil is trapped and their security is guaranteed, their moral support will be active and they are likely to be flung to the Allies.

Pending the arrival of that favorable moment, the big three—America, Britain and Russia—are compelled to use strong-arm methods in the cases of neutrals which are giving invaluable aid to Hitler. Among the most urgent cases is that of Sweden whose export trade with Germany includes ball bearings, which are among the most vital of war materials.

Pressure from the big three has failed to move Stockholm. Why does Stockholm take this stand? The answer from what is understood to be the Swedish viewpoint is interesting, though unsatisfactory to the big three.

The tell us that the vast majority of the Swedish people are with the Allies. The reason they're not in the war on our side is because they have right up to now, been faced with these hard alternatives—either to maintain neutrality or commit national suicide.

One hostile gesture from Sweden and Hitler would have treated her as a conquered nation. The Nazis control Swedish waters and Marshall thinks that no matter where you sit in a night club, you face the music.

Sweden's position is a delicate one. She is a neutral, but she is a neutral who is being pulled in two directions.

DISTY WORK AT THE CROSSROADS.
TILDA COURTRIGHT entered the inn. But Norma was there, and she couldn't talk to Norma now. She hurried on, into the garden. She couldn't stand the sight of the garden, she realized. She went on to the woods, among the trees. She was, without realizing it, almost running.

One of the Japanese soldiers stopped her. "Tomare!" he said suspiciously, and demanded where she was going and why.

"She called him an idiot, speaking Japanese. It had no effect on the soldier. Then he told her that Captain Azaraski wished to speak to her.

"Very well. But go get him," she said sharply. "I will not wait long on him."

Tilda Courtright thought about herself while she waited. None of the thoughts were very pleasant.

calmness into her voice, and lying. "He hasn't."
"For a moment Azaraski's face was ugly with disappointment. "If they weren't stupid Americans," he said, "they would have found it out."
She didn't trust herself to answer that.
Azaraski said, "It's up to you to bring up the subject. I don't know whether I am that clever."
"Do it. Do it quickly!" Azaraski scowled. "I am getting impatient." She stared at him and a horrible thought entered her mind. Did he plan to kill Link and Norma after this was over? It was quite possible he did.
LATER, with the widest smiles on his flat face, Captain Azaraski approached Link. "Excuse me, please, how do you mean hunting me?" he asked. "I have been going to chapel for a few minutes."
Link was in a mood where he wanted to make nasty remarks, but he felt he couldn't very well slay a man's religion. He forced himself to behave casually.
"I was wondering," Link said, "how long we were going to stay here. I haven't started sighting the inn yet."
Azaraski rubbed his hands together. "Pat, I wanted to get that surprise until later," he said.
"Well, well, another surprise," Link said dubiously. "That's new, Pat. What is it this time, a centipede?"
Link could guess what it was. He had a kind of premonition that Azaraski's surprise would be: They could stay at the inn a while.
Sure enough: "You can spend maybe two or three days here at the inn," said Azaraski. "Isn't that wonderful?"
"Sure," said Link. "Wonderful, wonderful."
"Believe me, I had some trouble arranging it," said Azaraski.
"You're undoubtedly a liar and you do a good job of it, Link. I reflected. At any rate, I feel the dirty work at the crossroads is just commencing."

THE ARMY AT WARD'S
(The Chicago Tribune)
The army's seizure of Montgomery Ward & Co. properties in Chicago has provoked a few side-walk wits to ask what sort of a campaign ribbon will be awarded the men who saw action on the Ward front. The joke is in poor taste. The officers and men from Camp Skokie who were sent to enforce Mr. Roosevelt's flat were only carrying out their orders. Certainly none of the critics leveled at the New Deal administration for its seizure of private property should attach to them. The founding fathers intended that American troops should be raised by the state and officered up to the rank of colonel by state officers. The Constitution gave the congress power to raise and maintain an army, but the men who drafted the Constitution feared a standing, federal army subject to the orders of a dictatorial tyrant as thoroughly as they feared a dev.

The Lesson of Blood Plasma Comes from Dried Vegetables

(Third of Six Articles)
By SCHUYLER ALLMAN
AP Features Writer

In a St. Louis laboratory, a scientist surrounded by paraphernalia was methodically drying vegetables. The year was 1909. The scientist was Dr. L. P. Shackell of the Washington University School of Medicine. The paraphernalia was a freezing unit and a vacuum.

Remember this scientist with his new method of preserving vegetables while we skip a few years to World War I.

Americans surgeons, brandishing flagons of human blood in a solution of sodium citrate, descended on

the battlefields of France saving thousands of lives with a new transfusion technique.

The approved but cumbersome and difficult method was transfusion direct from donor to patient, because no one knew how to store blood without clotting. Sodium citrate did it.

Medical experimenters found in 1938 that blood plasma, the part remaining after red cells are removed, could be used instead of whole blood in some transfusions.

The reason plasma was used was that some saving soul, knowing that his citrated blood in the beakers was about to spoil, drew off the plasma and tried it out.

Experiment showed it could be given to anyone regardless of blood type—patients can receive whole blood only from donors with a suitable type—and it would keep much longer than citrated blood.

When World War II broke, research in all countries was racing after an easy way to get plasma to

battlefields, for it could be preserved only at regulated temperatures and took up a lot of precious shipping space.

The laboratories remembered Dr. Shackell and his dried vegetables. They also remembered he had dried some blood serum.

So they borrowed his dehydrating methods, took liquid plasma, froze it, put it in a high vacuum and drew off the moisture.

The dried product took less shipping space, needed no regulated temperature, and when mixed with sterile water is ready to use, on the battlefield if necessary.

Invaluable in treating wounds, plasma also has been mixed with sulfanilamide to cure severe burns rapidly.

Implications of widespread use of plasma are enormous. Red blood cells left after plasma is extracted, for example, have produced promising results in treating anemia.

Medicine has indeed traveled far since the seventeenth century, when court physicians still were solemnly prescribing bleeding in treatment of battlefield wounds.

Many Jobs Open In Army Corps

Holding down key jobs as instructors in radio, telegraphy, map making and other such roles on airfields and camps throughout the country, members of the Women's Army Corps are playing professor to thousands of fighting men at the Army's real training commands. Lt. Evan K. Shelby, recruiting officer for the WAC at Pampa Army Air Field, said today.

Wacs are being used more and more as instructors, he said, because of the continued high scores their students have achieved.

Under the new triple-choice plan, members of the Women's Army Corps with teaching experience can request the type of teaching job they want. Wacs can now choose their jobs from a list of 239 Army jobs open to them, ranging from airplane mechanic and photographer to meteorologist and X-ray technician.

Second feature of the new triple-choice plan is that Wacs can choose their branch of service from the Army Air Forces, Army Ground Forces or Army Service Forces.

Interested women between the ages of 21 and 49 may call 1700 and ask for 323 to reach Lt. Shelby, this week.

County Agent Offers

Help For Harvest

Farmers who want hands for the 1944 wheat harvest had better put in their applications now, County Farm Agent Glenn T. Hackney said today.

To provide a service whereby farmers wanting harvest hands and harvest hands wanting jobs might get together, the county agent's office two weeks ago started a registration system.

Only 12 farmers to date have put in applications for laborers. These 12 wanted 16 hands. Men wanting jobs totaled 10. Out of this number seven have taken jobs and started to work on farms in the past month.

Agent Hackney explained that if farmers wanted hands it would be to their advantage to make their applications now rather than wait until the last minute, since labor is short enough at best.

The wheat harvest in Gray ordinarily starts around June 25 and 300 hands in all is the number needed.

Along with a request that farmers get busy on making applications for hands, the county farm agent also directed attention to the U. S. Corp corps victory arm volunteers and the Women's Land army.

The farm volunteers are boys and girls from 15 to 18 years, while the land army is for women over 18. There are distinctive uniforms and insignias for both the volunteers and the army, an insurance feature, identification cards for all members.

This is the first year the plan has been used here. The corps is for permanent work of all types on farms.

White Deer Farm Bureau Hears Talks On Tires and Co-Ops

Special To The NEWS.
WHITE DEER, May 19—The White Deer Creek Farm bureau met at the home of C. E. Terry recently to hear a talk on farmer cooperatives and farmers' cooperative insurance by A. D. Nance of Amarillo.

Before Nance's talk, Buel Gray gave the present and post-war plans of the Top-O-Texas Hereford Breeders association and explained plans for a show to be held next spring before the date of the Amarillo Stock show. The membership dues are \$5 and assessments are \$5 per year. All men who own Hereford cattle, whether the cattle are registered or not, are eligible to join.

John Neilson, county agent, talked on matters of pressing interest to farmers, in particular the matter of obtaining needed tires for trucks and tractors.

Neilson also discussed post-war plans of the extension service, explaining that the set-up of extension work would not be charged after the war, but that the problems worked out by the extension service and the farmers and stockmen may be vastly different.

He emphasized the fact that, while the extension service brings improved ways of farming to the farmer, it is bringing proven ways worked out in farm demonstrations, and not theories.

GOOD WILL EXPRESSED

KANSAS CITY—Members of the community church will liquidate the debt against their building next Tuesday as a part of the congregation's ceremonies in observance of the 50th wedding anniversary of their pastor, Dr. Burris A. Jenkins and Mrs. Jenkins.

As an "act of good will toward their Christian friends," Jewish people of the city have contributed \$20,000 toward retirement of the obligation. Rabbi S. Meyerberg made the presentation.

THE OLD JUDGE SAYS...

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."
"Don't know as you can call it lucky, Harold... we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places

are not provided for them. Young people always want to be with others of their own age... want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."
"Guess I didn't really know how far-fought our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"

Scene of An AMERICAN VICTORY Can Be Right In YOUR OWN KITCHEN!

by Giving Electrical Appliances the BEST of CARE!

Why

OVER a period of years modern Electric appliances have lifted the yoke of household drudgery. Now in this war, when your job as housewife is infinitely more complex, you need more than ever before the time-and work-saving assistance your Electric appliances give. Therefore, it's essential that they be kept in use and given proper care. Keep them clean and in good working order so that for the duration they won't go on vacation.

How

Your Electric appliances are sturdily built and will give years of dependable service if given careful attention. Follow these general suggestions on how to help make your appliances outlast the war.

- 1 Never drop Electric appliances. Don't leave cords so appliances can be accidentally jerked to the floor.
- 2 Avoid letting spilled foods dry or harden on appliances. Clean with damp (not wet) cloth. Never, never put in water.
- 3 Oil or lubricate motor operated appliances regularly according to manufacturer's suggestions and directions.
- 4 Keep wiring in tip-top shape. Grasp plug to disconnect. As soon as lamp and appliance cords become frayed or rubber insulation cracked repair at once.
- 5 When not using for some time, cover appliances with wrapping paper or cloth.
- 6 Don't tinker with Electric appliances unless you know what you are doing.
- 7 At the very first sign of trouble, take your appliance—along with any broken parts—to a reliable serviceman for repairs. Don't wait, do it before it's too late.
