Findley To Lead Student Council

Macca Findley was elected president of Colorado High School student council by the student body in annual election for 1967-68 school term beginning next fall.

Son of Mr. and Mrs. W. A. Findley of 1636 Dallas St., he is a junior student who will be a senior next fall. He is member of the Key Club, football and basketball teams, served his sophomore class as president and the Spanish club and junior class as president this year.

Keaton Grubbs, son of Mr. and Mrs. John K. Grubbs 1232 Vine St., was named by his fellow students as vice-president-elect of the council. He is a sophomore student this year who served his freshman and sophomore class as vice president.

was vice president of Student Council at Junior High, and is a tennis and football player.

Secretary, treasurer chosen to serve during 1967-68 is Vickie Bodine, daughter of Mr. and Mrs. Truman Bodine of Buford Community. Vickie is active in all student affairs, a twirler, and member of the band. She will be a senior next year with the 1968 graduating class.

Gloria Richardson, daughter of Mr. and Mrs. Porter Richardson, 1736 Chestnut St., won the office of student council chaplain for the new term to start in September. She is a junior active in the council and on the campus.

New officers, along with this year's officers, will lead

the early Thursday, March 16, for Laredo where they will take part in the State Student Council meeting March 16-17.

Dale Eydum, currently Student Council president; Pearlne Mize, secretary-treasurer; Jeral Graves, chaplain, and Macca Findley, president-elect, will present a panel discussion, "Concensus vs. Parliamentary Procedure," at the convention.

Colorado High also took part in a West Texas Council forum in Andrews last month.

Sponsors of student council, Mrs. Bass Hines and Eugene Merket, will accompany the group to Laredo. They will travel by car and station wagon.

Rusty Stanley is serving CHS Student Council as vice president this term.

Tracksters Set 2 Records

Wolves on the Run

Colorado High tracksters with two records to their credit in McCamey last week travel again this weekend in the far places of West Texas.

They'll pile into a bus shortly here Saturday at 5 a.m. and begin competition four hours later in Crane Invitational Track Meet.

Both the varsity and freshman teams will participate in the Crane competition, according to Coach Dell Riley.

The Wolf varsity opened its 1967 track season last Saturday in McCamey Invitational Meet, setting two meet records, winning first places and taking third place with 90 team points.

McCamey, the host team, won its own meet with 120 points. Just ahead of the Wolves in No. 2 spot was Rankin with 117. Behind the Wolves were Crane, 52; Alpine, 51; Marfa, 25; Stanton 25; Forsan, 14, and Rankin B. 4.

Larry Campbell led the Colorado High with a record-breaking performance in the 880-yard run and a come-from-behind anchor lap in the mile relay which brought another meet record for the Wolves.

Campbell ran the 880 in 2:01.4 to beat the old record of 2:02.6 set in 1966 by Paul

Godwin of McCamey.

Bobby Pineta, Robert Brown and Donnie Higginbotham teamed with Campbell for a 3:32.8 timing in the mile relay — easily beating the 3:36.4 record set last year by McCamey.

However, the Wolves were running in third place about seven yards out of the lead when Campbell took the baton from Higginbotham on the final lap. Campbell overcame the deficit for the victory.

Glenn Nix won the 330-yard intermediate hurdles in a time of 41.8 seconds.

Other points scored by Colorado were:

Don Campbell, fourth in

discus with 116 feet 6 inches; Mike Garrett, sixth in pole vault with 10 feet; Dan Ramsey, third in high jump with 5 feet 9 inches; Pineda second in 880 with time of 2:03.7; Nix, third in 120-yard high hurdles; Dan Steakley, third in 100 yard dash; Apolinar Molinas, sixth in 440; Steakley, fourth in 220 yard dash; Paul Molina and Apolinar Molina, second and third in mile run, with 4:53.4 and 4:56.3.

Church Rites Monday for Hartsfield

Funeral for Hugo Hartsfield, Sr., 61, was conducted in Central Baptist Church Monday morning at 10:30 by the pastor, Rev. Prentice Smith, assisted by Rev. Fred Smith, pastor of Payne Baptist Church.

Mr. Hartsfield died Thursday in Farmington, N. M. He was born in Mitchell County Oct. 1, 1905, and lived here most of his life. He was a retired farmer.

He was married to the former Lora Eaves Light Dec. See Rites Page 5

Murder with malice charge was filed Wednesday morning in Colorado City against 28-year-old Horace Lee Williams, Lorraine father of five children.

Williams is accused of fatally shooting Miller Holland, 62, of Colorado City, who for years worked in service stations in Colorado City.

HOLLAND WAS dead on arrival late Tuesday evening at Johnson Memorial Hospital in Lorraine. He was shot in the right chest area.

Sheriff Lewis Claxton said Williams, who for nine years has worked for Chemical Express at Maryneal in Nolan County, was taken in to custody after he (Williams) had arrived at the service station of Lorraine Constable Lawrence Graham.

The sheriff said Wednesday morning that he had discovered no witnesses to

the shooting of Holland.

HOLLAND WAS dead in his car at rear of Johnson Hospital when Claxton arrived at the Lorraine hospital.

The victim had been driven to the hospital by Jesse Griffin, Claxton said.

Griffin told the sheriff he had discovered Holland wounded in the driver's seat of the car parked near the residence of Williams.

"I asked him if he wanted

me to help him," the sheriff quoted Griffin asking the shooting victim, "and he never said a word."

SHERIFF SAID Griffin reported that he (Griffin) moved Holland from under the steering wheel enough to take control and drive to the hospital.

In addition to the wound in the victim's body, the sheriff said Holland's car had an apparent bullet hole

in the left door window.

The sheriff in Lorraine Tuesday evening took possession of a pistol which is believed to be the death weapon.

WILLIAMS WAS taken before County Judge Elmer Martin at 2:30 a.m. Wednesday for the judge to explain his legal rights in the investigation. The defendant also was warned of his rights by Sheriff Claxton, according to the sheriff.

Again Wednesday at mid-morning, Williams heard his legal rights explained as District Attorney Weldon Kirk filed murder with malice charge before Justice of Peace Henderson in Mitchell County Courthouse.

WILLIAMS, WHO was taken into custody just after the dusty northern hit Tuesday evening, was neatly dressed after his night in county jail — wearing clean plaid shirt, predominantly gray-yellow-green, gray pants, black shoes, yellow socks and gray cap.

"I got a little bit," he answered when asked if he had been able to sleep any during the night.

The defendant, who said he is paid on an hourly basis at his Maryneal job, has been off his job several days recently because of illness.

And at "this particular time" he told Justice of Peace Henderson, he was not financially able to hire an attorney.

HENDERSON immediately appointed Tom Rice, Colorado City lawyer, for his counsel at this stage of the case.

Williams, whose children range in age from less than two years to nine, lives in a rent house owned by the shooting victim. His wife commutes daily to Sweetwater to a job there in a shirt factory.

Body of Holland was moved to Abilene Wednesday for an autopsy authorized by Lorraine's Justice of Peace Homer Hart.

Funeral service for Holland, are pending with Kiker & Son Funeral Home to announce arrangements.

Born in Minden, La., June 18, 1904, he was married in Dawson, Texas, to Beatrice Hawkins, August 21, 1921. The couple had lived in Colorado City since their marriage.

Holland was employed until he retired at the age of 62 by Pace Phillips 66 service station, Interstate 20, and lived at 736 First St. He previously had worked at other locations — including Thomas Bros. station and the service station of the late Jim Cantrell.

Surviving are his wife of the home; one daughter, Mrs. Robert Bracy, 345 West 4th St.; one brother, W. L. Holland of Tucson, Ariz.; four sisters, Mrs. Sherman Metcalfe of Colorado City; Mrs. R. C. Hopkins and Mrs. Milton Brown of Dawson; and Mrs. Lorraine Byrd of Las Vegas, Nev.

Seven grandchildren also survive. One grandson, Ronny Green, is currently stationed in Vietnam.

20 Major Projects On View Sunday

'Eyeful' For School Tour

More than 20 major construction and remodeling projects — plus scores of equipment additions — will be on display Sunday afternoon in Colorado Independent School District's public open house tour.

The tour will follow a 2 p.m. special program and address by Dr. John C. Stevens, assistant president of Abilene Christian College, in Colorado High Auditorium.

Points of interest in the tour — which will display approximately \$580,000 in improvements completed recently — will be at Colorado High, Colorado Junior High, athletic field house and athletic facilities, Primary School.

T. D. Wiman Jr., school counselor, is chairman for the Sunday event and will provide tour information at the 2 p.m. auditorium program.

Here is a capsule listing of new facilities which will be included in the public tour:

At Colorado High — New air-conditioned library and cafeteria, vocational and industrial arts shops, drafting room, boys and girls physical education facilities.

At Colorado Junior High — cafeteria, band stage, boys and girls physical education facilities, library, and auditorium stage improvements.

Primary School — new music room addition.

Athletic Field — New field house, track and other improvements.

Remodeling projects which will be viewed in the tour include:

You can cook a steak in a Gas Infra-Red broiler before the ice melts.

Put an ice cube on a steak and put the steak in a gas infra-red broiler. The steak will be done before the ice cube melts. That's because gas infra-red broiling is so fast...up to 30% faster than ordinary broiling! And it's smokeless, just like all

gas broiling. The flame inside eats up the smoke. And you broil with the broiler door closed with gas. Your kitchen stays cooler and cleaner. See the modern, automatic, economical gas ranges now on sale at gas appliance dealers and LONE STAR GAS.

REHEARSALS SET

United Easter Choir To Practice Sunday

An all-church choir is to take part in the early all-church services here Easter morning, Sunday, March 24, under direction of Frank Prewitt, minister of music

and education, First Baptist Church.

Easter service will be in Calvary Baptist Church at 7 a.m. sponsored by the Mitchell County Ministerial Alliance.

Prewitt announced this week two rehearsals for the choir. First rehearsal is set for 4 p.m. at First Baptist Church, Sunday, March 12. Second rehearsal will be at 4 p.m. Sunday, March 19, in Calvary Baptist Church.

Two special numbers are planned, with the united choir to sing "God So Loved the World," by Statner, and "He Lives," gospel anthem by Ackley.

The director is urging members and directors of all church choirs to attend rehearsals and help with the Easter morning music.

Women Go To Amarillo Conferences

In Amarillo to attend Northwest Texas Conference annual WSCS and WSC meetings were a group of women from First Methodist Church last weekend and Tuesday and Wednesday.

Study Club To See Film

"From Fiber to Fabric" the story of fiber glass drapery fabrics, is the dramatic new decorating program to be presented at the Zeta Delta Study Club meeting to be held Thursday evening.

A 30-minute color slide presentation will be featured as part of the program which discusses the care and characteristics of fiber glass fabrics, how they are manufactured, and how they can be used in decorative window treatments.

The program was prepared for women's groups by the Pittsburgh Plate Glass Company. It will be presented by Mrs. Bobby Nobles program chairman.

CONVERSATION CORNER

CAN'T decide whether to be flabbergasted or just settle for feeling tickled pink... vindicated and elated. Never thought it would happen. Never in a million years. Never thought I'd live to see the day.

Matter of fact, am still looking for "the catch" to the thing because for a long time now any mention of a "TV survey" has set teeth on edge, brought a snarl to the lyrical voice, and a cynical remark to the ruby lips.

"Nobody ever asks ME to take part in a survey," have objected one thousand times, "Nobody ever asks ME what I'm watching... so foxy to rating shows by the surveys."

WELL now, guess what? After all these years and all that doubting, sarcastic opinion of surveys... am to take part in a TV show survey from March 8-15.

It happened in a very fascinating manner. Answered the phone at home late one afternoon to hear this strange feminine voice purr in excellent diction to ask if I might be willing.

Willing? Ecstatic would be more like it. Course, there was no point in telling the voice that anytime I like a TV show it is equivalent to the kiss of death and that show gets "pulled" in the middle of the season.

THE VOICE, calling long distance from Baltimore, Maryland, assured me that all I had to do was keep a little diary.

Was about to refuse, saying "Last time I kept a diary I was just 15 years old," when the voice explained.

You're just supposed to keep a little diary of every show you and other members of the family watch. Listing time turned in and turned off, along with station.

Looks like it might be fun. Even though they didn't leave room for personal comment from the surveyed.

SEVERAL DAYS after that first call, there came another to check whether the telephone interview had taken place and the supervisor voice asked "Was our representative courteous?"

She was. She sounded like an English-speech major on good behavior. So, after the supervisor voice verified my willingness, there came thanks from the second voice. She should thank ME?

Saturday, the two little diaries came in the mail. Would have watched TV all day, Dick Clark's American Band Stand and all, just to have something to put in the survey... only it wasn't supposed to start until Wednesday.

NATURALLY it's gonna be complicated to be surveyed during work days at the office.

Being surveyed could also interfere with family rela-

tions social life, and library book reading.

Unless, of course, the surveyed goes honest and lists things like "Turned on set at 7:30 p.m. Picked up magazine at 7:45 p.m. Turned off sound after the news. Woke up and turned off set at 12 midnight. Went to bed wondering what had been watching."

ANYHOW it all proves one fine fact. Surveys are real and they are earnest. If you live long enough you may get surveyed even way down here in Texas!

Just don't blame ME if all your favorite programs get cancelled after they study my survey diaries.

When I watch 'em they're headed for disaster, oblivion, or the re-run.

Which well may be why they dialed my number in the first place. That way, they predict with reasonable certainty just which shows will go off the air first.

SEEN LATELY were Pat (Mrs. Jim) Kelley lunching out with our Hattie Ramsdell... Mrs. Mardell Feaster on the shopping scene.

Isabel Ratliff (Mrs. Harry) was hosting her bridge luncheon club at the Villa Restaurant. She says her husband is fine but will remain in the hospital another four weeks for treatment of a compound fracture of his leg.

Saw Zelma Owen (Mrs. Ed) looking mighty pretty. Montie Foster (Mrs. G. D.) in a spring hat of silver straw... and Ruth Latham.

Another time, another place spied Marie Bassham and Geneva Bynum sharing a lunch booth... Mary Post Hart and Juanice Bruce... Deputy Forrest Smith on Walnut St. Frank Prewitt, education minister at First Baptist, tab.

HEAR TELL that Frank Deregibus piloted the chartered plane which took Pierce Dorn back to a Houston hospital, Sunday afternoon. His son Junior Dorn is with him. The older Mr. Dorn was still in intensive care unit, Tuesday.

Hear, too, that Dolores Boles (Mrs. Lacy) has been in Big D at a Sears meeting this week.

And that Major Jimmy Lee Howell of Tokyo, Japan has been visiting his parents the Roy Howells, route two.

FAMILIAR FACES, at various places, belonged to Mrs. Jim Hale... Blanche McCarley Bell (Mrs. Willie A.) of Westbrook... Newby Pratt... Mrs. John Brown of Elm St.

Angeline Biggers, wife of E. B. (Pete) and mother of the late Ernie Biggers, was an office visitor. Second Biggers son Frank is still here on furlough from Fort Bliss.

Saw pretty Alred Pickens, wife of Sefton, on the down.

Susan and Jane, Daughters of Littlechap

Cindy Birdwell, at left, plays Susan, first daughter of Littlechap and his wife Evie in "Stop The World I Want To Get Off," to play in Colorado City Friday & Saturday and again next weekend. Debb Baker, at right, is cast as Jane, younger daughter of the lead couple. The musical is being presented by the local amateur theater group, the Colorado City Playhouse. Songs and dances are exceptionally lyrical, the action fast, the motivation serio-comic.

PLAYHOUSE MUSICAL

'Stop The World' Opens Friday Night

By RUTH COFFEY

"Stop The World-I Want To Get Off," new Playhouse production is set to open in Colorado High School auditorium at 8 p.m. Friday.

To be repeated at 8 Saturday evening and again Friday and Saturday, March 17 and 18, the serio-comic musical promises four sparkling evenings in town.

Cast is made up of Colorado City Playhouse members, the local amateur theater group.

Supporting the singers and

actors will be a full orchestra made up of local talent.

Curtis Baker, vocal music director in Colorado High School, directs both the musical and the eleven-piece orchestra. George Womack is assistant stage director.

Relucting lyrics, singable routines, and haunting melodies as solos made the musical, first staged in London, a hit both in England and in New York. Music, lyrics and book are by Leslie Briscuse and Anthony Newly.

Even the programs will be

different for, the "Stop The World" crowds expected. There will be American translations for some of the British terms pointed on the programs.

Stage set by Porter Richardson, Playhouse president, will offer a colorful background for the two-act musical. The set is a cross-section of a small circus tent and to say "Curtain time at eight," is figurative. The curtain is already up when the audience arrives.

Special lighting effects by

Richardson are expected to help put the performance in the professional category while J. J. Goss and Tandy Curke operate spots and stage lights.

Costumes, locally designed and made, will carry out the circus theme.

Littlechap, to be played by Al Lewis, band director at Loraine High School, appears as a clown in white-face. Evie, acted and sung by Colleen Palmer, and the couple's daughters, Susan and Jane also appear as clowns as does The Boy, played by Jimbo Morgan.

Littlechap and Evie have the musical's major roles in the story of a man's life, love, adventures, ambitions, and attitudes toward the world. Mrs. Palmer, also plays Littlechap's German, Russian and American girlfriends.

Cast as members of the chorus are Charlotte Nighthut, Martha Anderson, Gloria Richmond, Ann Morgan, Linda Morgan, Carolyn Ferry, Joyce Godwin, and Frances Deregibus.

In the orchestra pit will be Bob Newman at trumpet, Alice Baker at piano, Dale Egan at cornet, Patty Adams, flute, David Helm, percussion, Jay Henderson, alto saxophone, Debbie Hendrix, Martha Knard, and Bobbie Schroeder, clarinets, Addie V. Payne, bass.

Three songs from "Stop The World" are familiar to most modern music lovers: "Once in a Lifetime, What Kind of Fool Am I" and "Build Myself a Mountain." The musical, full of satirical lines, offers fast-paced laughter tempered with human pathos.

Cast, director and assistants have worked arduously since January to make "Stop The World" the best production in Playhouse history, members announced.

Friday and Saturday nights, this week and next, they'll be playing and singing their parts for "real."

All Playhouse members have tickets for sale at \$1.50. Bought at the door, tickets will cost \$1.75. Playgoers are reminded.

Coach L. M. Scroggins, Dannie Jarratt, Doyce Edwards, and Robert Chambers left Wednesday for Austin where they will attend the State basketball playoffs.

Teams Win At Duplicate

Duplicate games in Colorado City Country Club, Thursday afternoon, were won by Mrs. J. P. Lacy and Mrs. Charles Morton, high-scoring team.

Mrs. W. R. Powell and Mrs. R. D. Bridgeford were second high for the series.

Third high honors went to Mrs. Evan Thomson and Mrs. J. F. Quimby with Mrs. J. P. Hendrix and Mrs. J. C. Richardson scoring fourth high.

Games start each Thursday at 1:30 with all interested women players invited to attend.

Westbrook Personals

WESTBROOK Mrs. Terry Berk and son, George, of Abilene were recent guest in the Sam Scroggins home.

Friday night guests in the Sam Oden home were Mr. and Mrs. B. L. Pruitt and children, Debbie and Stormy, of Balmorhea.

From Opposite Sides

A couple of community assets on opposite sides of Colorado City have new leaders. Hulén Bagwell is new president of Sportsman's Club at Lake Colorado City and Jinks Powell has taken over duties as president of Colorado Country Club.

Both of these clubs offer splendid recreational facilities for the citizens of our community and attract interest from a wide area. They are important for business and industry, too.

So, I'm not the least bit hesitant in saying to both of these club presidents that we appreciate the freewill work they do in our behalf.

CORNER DRUG

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE 86 soil fumigant applied at only 1 to 2 gallons overall an acre, you can take care of root-knot, sting, meadow and other nematodes—those microscopic, worm-like soil pests that attack plant roots, suck away profits.

FUMAZONE 86 soil fumigant increases yields up to 1/2 bale an acre. Many High Plains farmers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No

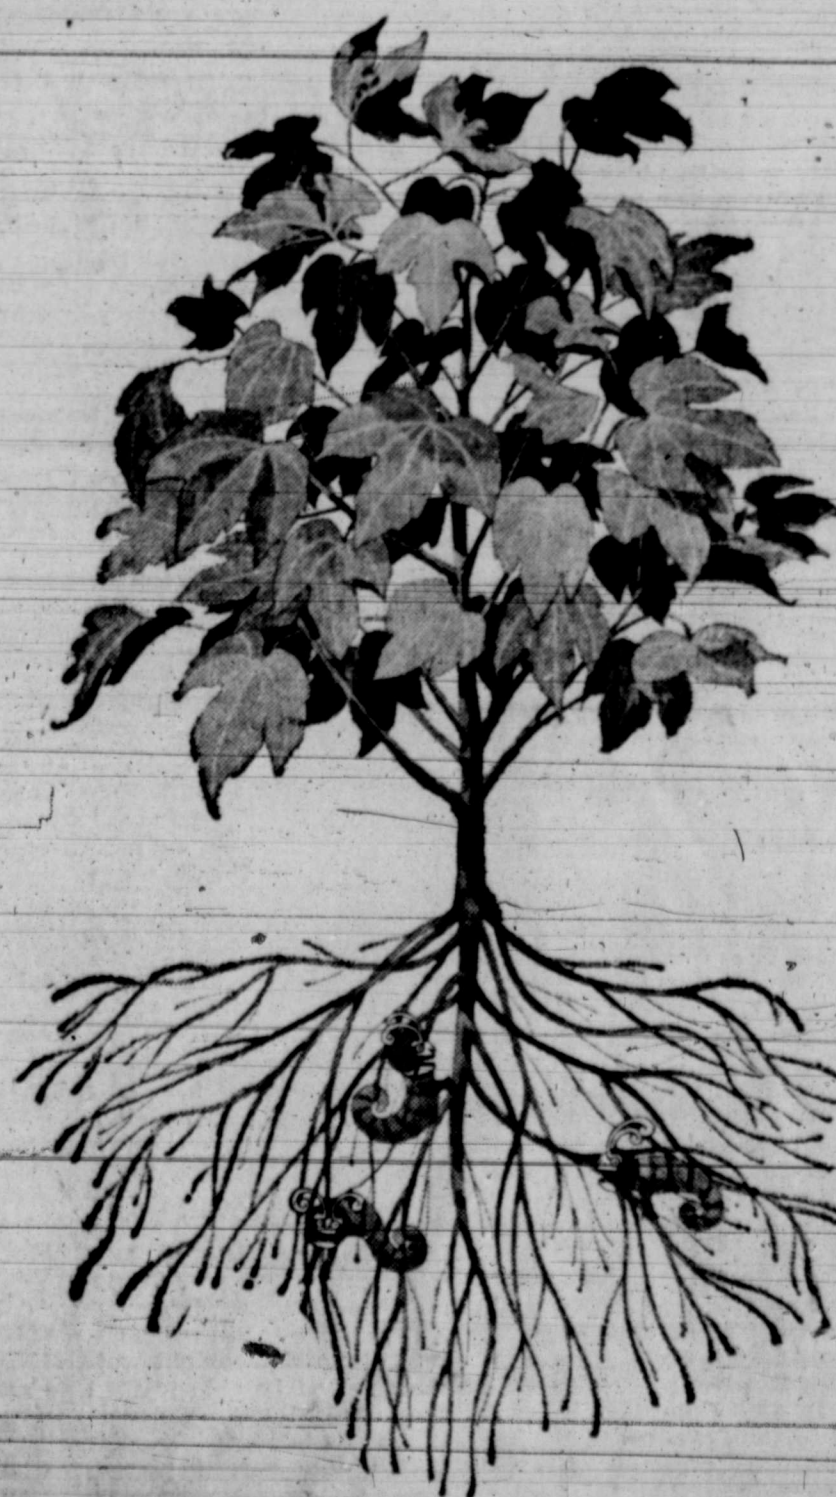

mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowsole method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow farm chemicals supplier about it.

words of those men who
were persecuted, defamed,
and despised for their
Christian conviction and be-
lief.

MARTIN LUTHER was
speaking out against the
church that had infiltrated
into his church, and was
basing his authority on Biblical
Scripture, and not on the
ecclesiastical authority of the
church.

How often we find that
we are leaky vessels of hu-
man clay, crying out, Lord
meet me, mold me, fill me,
use me, Spirit of the Living
God fall afresh on me!

WHEN WE think of the
word confess today, we gen-
erally associate it with
court procedure and not with
the church. We think of
someone confessing that he
has committed some terri-
ble crime, or done some ev-
il deed.

The early Roman church
and the confessional, and
even today some churches
will retain this early prac-
tice, whereby the sinner can
go to the priest and confess
his sins. As Protestants we
do not have the confessional,
but the scripture tells us to
confess our sins one to the
other, to confess them to
God, there is therapeutic
value in confession as it
serves as a release valve for
the built up anxieties and
guilt that are within the
mind and heart of man. I
think all of us will have to
confess that we stand in the
need of prayer, the forgive-
ness of sin, and are depend-
ent upon the grace and mer-
cy of God for our salvation.

I confess, I admit, I
acknowledge, I own up to
the fact, that I believe that
Jesus is the Christ, the Son
of the Living God. That He
is my Lord and my Savior.

I confess, that I believe
that there is no name given
under heaven or earth where
we may be saved except
the name of Jesus Christ.

I confess, that I believe
that Jesus Christ is the Life
and the Truth, and the Way.

I confess, that I believe
that Jesus is the Promised
Messiah, the Good Shepherd,
the Bread of Life, the True
Vine, the Door into the King-
dom of God.

I confess, that I believe
that nothing can separate
me from the love of God, not
death, nor life, nor princi-
ples, nor powers, nor heights,
nor depths, nor any creature
between us and Him.

I acknowledge that God
is Christ Jesus person-
ally, the world unto himself.
I acknowledge, that I am
not ashamed of the Gospel
of Jesus Christ for it is the
power of God unto salvation
to everyone that believeth.

I admit that there is One
Lord, One Faith, One Bap-
tism, One Lord and Father
of us all who is in all, and
over all and through all.

I admit that man is a
sinner and like unto myself
I need the saving grace of
Almighty God.

I admit that Christ is the
Hope of the World, the Abin-
dant Life, and Life Eternal.

YARBOROUGH REPORTS

Illiteracy Harms Nation's Talent

By RALPH YARBOROUGH
United States Senator

Today the United States is
flooded by millions of illiter-
ate people, which can be met only by using all
of our available resources.

But the most important of
these resources is our people.
The illiterate people are
not only a burden to the
nation, but they are a waste
of the talents and abilities
of our citizenry.

means that 43 of the 50
states have a higher per-
centage of the people who
are able to read and write
than in Texas.

A start has been made na-
tionally to train these peo-
ple and help give them the
tools to make their own liv-
ing. The Adult Basic Educa-
tion program is holding clas-
ses all over the nation to
teach our adult citizens to
read and write.

But the funds for the pro-
gram have been nearly used
up. Over \$26 million of the
original \$30 million appro-
priated has been spent by
the states, and there have
been requests to provide
more money to continue this
program. Already 3,000 clas-
ses teaching these adults
have been shut down, and 2-
600 more are being forced to
quit by summer.

It is for these reasons that
I am offering an amendment
to appropriate \$10 million
more just to keep this ef-
fective program going. We
simply cannot let these clas-
ses shut down because of a
lack of funds. The hopes and
dreams of many people will
be shattered, and our nation
will be greatly weakened if
the program is forced to an-
nually shut down.

Harris County alone has
150,000 illiterates. When the
classes opened, some 8,000
attended on a regular basis.
This is a tremendous number
of people who are unable to
read or write.

In the City of Crockett
(Houston County) they ran
out of money but the pleas
of these people were so great
the teachers are teaching free.

"PRETTY PLEASE!"

It's Up To Senate, Now!

3 Major Bills Move Up From House

By VERN SANFORD
Texas Press Association

Three pieces of major leg-
islation passed by the House
now have landed on the Sen-
ate's doorstep.

These include:
• Local option authority
for financially distressed
Texas cities to levy a one-
percent sales tax. (Vote 35-
63.)
• A stiff code of ethics for
legislators, and other state
officials, and employees.
(Vote: 140-6.)

• Repeal of emergency
provisions to put
to rest in Sunday closing laws.
(Vote: 132-4.)

Before passing the city
sales tax bill, sponsored by
Rep. John Traeger of Seguin,
the House spent nearly three
hours of continuous debate
and voted through more
than 30 amendment attempts.

Advocates predict a major
vote in the Senate, too.
But no action is expected
across the rotunda until af-
ter rules suspension eases
with passage of the session's
60 day mark.

Code of ethics bill, by Rep.
Jim Nugent of Kerrville,
made its third trip through
the House. Substantially the
same bill has been approved
by representatives in two
prior sessions but died in
the Senate. Same fate is an-
ticipated this time for what
advocates term "one of the
strictest codes in the United
States."

Measure would require
lawmakers to disclose per-
sonal interest in legislation.
Representatives and state of-
ficials and employees to re-
veal substantial interests in
private businesses and re-
quire identification of rela-
tives on the state payroll.

Surprisingly, the strength-
ened Sunday closing law, in-
troduced by Rep. Willis J.
Whaley of Houston, cleared
the House in seven min-
utes. Only one amendment was
made. Smooth sailing also
is anticipated in the Senate.
(What this law will do to
tourist spending has never
been mentioned.)

OFFICIALS' RAISE —
County auditors and precinct
officials would make sub-
stantial monetary gains un-
der a pair of bills being
sponsored in the House by
Reps. Vernon Beckham of
Odessa and Dick Cory of
Victoria.

Beckham's bill would let
county commissioners courts
pay mileage reimbursement
to county auditors for travel
in their line of duty. House
Committee on Counties
referred that measure to a
sub-committee for further
consideration.

Cory's bill would allow
commissioners courts to
raise the salaries of justices
of the peace and constables
up to 20 per cent over what
they now earn. Committee
favorably reported this one
back to the House floor
where it is awaiting action.

LIVESTOCK MARKETS
— Sen. Wayne Connally of
Floresville and Rep. Charles
Jungmichel of La Grange
have introduced legislation
to place greater emphasis on
encouraging the construc-
tion, development, and ex-
pansion of services and fac-
ilities of livestock markets
in Texas.

Connally's bill would es-
tablish a charter-fee system
to govern livestock markets
and to create a seven-member
Public Livestock Board.

grant charters and supervi-
se the markets where live-
stock are auctioned.

"We have seen in the last
10 to 15 years a vast im-
provement in bank facilities
and an expansion of their ser-
vices," the Senator said.
"The same results can be ob-
tained by providing the pro-
per basis for establishing
and developing livestock
markets."

MOVIE REGULATION —
Every incorporated city and
town in Texas would be re-
quired to set up a "Motion
Picture Classification Board"
to preview every movie to
be shown in that city and
classify it as "suitable" or
"not suitable" for persons
under age 18 by a bill intro-
duced in the House by Rep.
Gerald Huff of Fort Worth.

Huff said that cities now
have the authority for such
regulation, but his bill would
make the board mandatory
and would provide guidelines
for classifying movies. Board
would be composed of nine
members appointed by the
city's governing body for
two-year terms.

TEACHING SPANISH —
Rep. Ralph Wayne of Plain-
view has introduced a bill
requiring public schools to
offer course in Spanish to
students in the second, third
and fourth grades.

Wayne's bill, now in the
House Education Committee,
would require that within
five years after passage of
the bill, every elementary
school in the state begin
teaching Spanish to students
in at least those three grades.

It also provides that the
State Board of Education
furnish textbooks and re-
corded Spanish exercises to
the school districts without
cost to the students.

COURTS SPEAK — U.S.
Supreme Court rejected a
challenge of the Texas law
which provides penalties up
to \$1,000 a day for operating
slant hole oil wells.

High court vote no op-
inion in ruling that it would
not hear arguments on the
state law dealing with viola-
tions of the prohibition
against angle drilling across
another property owner's or
lease holder's boundary.

A total of \$304,800 in fines
are involved in appeal. But
petitioners claimed the state
is seeking fines and penal-
ties ranging into millions of
dollars in 100 similar cases.

TIME OUT — First big
break in one of the session's
closest-fought contests — ov-
er whether Texas should go
on Daylight Saving Time
— came when the Senate
state affairs committee ap-
proved the exemption bill.

Theater owners, restaurant
operators and farmers back-
ed the bill, by Sen. Joe
Christie of El Paso, to contin-
ue Texas on Central Stand-
ard Time. (After April 1 the
new federal Uniform Time
Act goes into effect every-
where except where state
legislators vote otherwise.
Only one state, South Dako-
ta, so far has passed an ex-
emption act.)

Panel was unimpressed
with arguments of televi-
sion broadcasters, railroad
and airline spokesmen that
the state must stay in time
with the rest of the nation.

Same bill, heard in House
state affairs committee, was
referred to sub committee
and has not yet emerged.

A Congressman's View

Dangers In Tax-Free Foundation

By WRIGHT PATMAN
U. S. Congressman
First District, Texas

The current tax-cutting
operations is most signifi-
cant in pointing up the dan-
gers inherent in the exist-
ence of tax-free unregulated
private foundations in our
economy.

In a free enterprise profit-
motivated society such as
ours, business ventures are
tested daily in the compe-
titive marketplace. They
stand or fall on the merits
of their products and ser-
vices.

Private foundations, on
the other hand, by the terms
of their creation under ex-
isting laws, are independent
of normal controls. They
may be used for a variety of
purposes, some excellent,
some whimsical, some waste-
ful, and some actually con-
trary to our best national
interests.

There is no doubt that pri-
vate foundations, properly
regulated, can be a useful
adjunct to our society.

It is equally certain that
with assets totaling billions
of dollars they are too pow-
erful to be permitted to wan-
der haphazardly in and out
of commercial channels, oc-
asionally grinding small
businesses underfoot.

It is now clear that their
vulnerability to infiltration,
for purposes good or bad
(however you view the CIA
incident), makes it impera-
tive that private foundations
be brought within the basic
pattern of the American sys-
tem.

Both the President and Ram-
sey Clark are to be sincere-
ly congratulated upon this
fine selection for the im-
portant Cabinet post of U. S.
Attorney General.

Many of us who have fol-
lowed Ramsey's career with
great interest and admira-
tion as he accepted positions
of ever-increasing responsi-
bility are understandably
proud of his outstanding
success.

An element of mixed feel-
ings enters in, however, as
we contemplate the retire-
ment of his father, Supreme
Court Justice Tom Clark, an-
other great Texan, who has
been a bulwark of the Court
since 1949, during one of its
most historic periods.

Mr. Justice Clark is also
to be congratulated on his
son's appointment, and while
his loss to the Court is
deeply regretted, there is
solace in the fact that his
wise counsel will continue
to be available to our Na-
tion.

DAIRY IMPORT Act of
1967 (H.R. 6123) — There is
mounting evidence that the
income of our dairy farm-
ers will continue to lag be-
hind other segments of the
economy.

The continued dumping of
dairy imports into this coun-
try, using gimmicks to cir-
cumvent existing regulation,
does not help this deplorable
situation. If it is not stop-
ped, farm incomes will be fur-
ther reduced, and more and
more farmers will be forced
to butcher their milk cows.

An adequate domestic
milk supply comes closer
than any other food prod-
uct to being a strategic es-
sential for national health and
welfare.

With this in mind, on Feb-
ruary 27th, I introduced H.
R. 6123. The Texas dairy in-
dustry now ranks tenth
the U.S. with every indica-
tion that it will grow to even
greater importance in the
years ahead — provide
foreign import dumping of
butterfat-sugar mixtures —
prices below foreign coun-
tries' own price levels —
stopped.

Over 3 billion pounds of
milk are now being produced
annually for consumption
in Texas, with an additional
1 billion shipped in from other
states. In ten years' time
Texas will need an additional
billion pounds to meet de-
mands, and I am determined
that we shall not have to de-
pend upon foreign nations
for this most basic of a
foods.

THE IDEA OF a 60-
to-hike for moral rather than
fiscal purposes has a cer-
tain appeal.

At a time when some of
our finest young men are
giving up their lives in Viet-
nam, surely we at home can
sacrifice our luxuries. But
from the economic point of
view, it is arguable that the
government would actually
receive less income with the
suggested 6% surtax than
without it.

TO BE PROPERLY
seated in Congress, a United
States Representative should
morally as well as legally
qualified to represent not
only his Congressional Dis-
trict, but also the American
Nation. My vote will always
be in accord with this fun-
damental policy.

With increased tourism to
Russia there might be some
advantage also, to making
the Soviets agree again to
the tourist safeguards they
once agreed to but consistently
ignore.

So, it is not really the spec-
ifics of the treaty that are
of overriding importance,
but the timing of it.

A Consular Treaty in
peacetime is one thing. But
a Consular Treaty in war-
time is something else again.
The only real significance to
this treaty is its intended
use as a building-block in
new bridges of trade and co-
operation with the Commun-
ists.

Yet, it is offered at a
time when we are fighting
a war against a bitter Com-
munist enemy who is sup-
plied with oil, missiles, mor-
tars, trucks, weapons and
advice by the Soviet Union.
Only this week we find
that new, powerful Russian-
made ground rockets were
used to attack our Marines
at Danang.

The purpose of a Consu-
lar office is to increase
trade. Yet our men in Viet-

Teachers in County Plan for Convention

District IV, Texas State Teachers' Association, will meet in Odessa March 9-10 with President Barbara Bigham, Snyder classroom teacher, presiding, and Mitchell County teachers attending.

House of Delegates will convene March 9, at 7:30 p. m., at Permian High School cafeteria.

Attending from Colorado City will be Superintendent and Mrs. James G. McMath, Primary Principal and Mrs. Brooks Teague. Miss Jane Merrill and Mrs. Gerald Gordon, Coach Bobby Dodd, Lorraine will also attend as a delegate.

Miss Merrill is a district committee member and Mrs. Gordon is chairman of Public Relations committee and will present recommendations and resolutions of the committee to the House of Delegates.

Featured speaker to address the 16 county, 4,000 member organization, is Judge Harold Sam Kessinger of New Jersey, international speaker and humorist. His topic will be "The World's Greatest Adventure."

Total Look Program for Club at Carr

WESTBROOK — Mrs. T. A. Rees was hostess to members of the Carr Home Demonstration Club, Friday afternoon, March 3.

Mrs. Ben Elliott said the club prayer and read minutes of the previous meeting. Roll call was answered with "What does your mirror tell you?"

Mrs. Don Henderson led the song, read the devotional thought from Proverbs 3:1-6 and presented the program "Four Total Look" Thought for the day was "Let us so love each other that we give ourselves to peace-making."

Present was Mrs. Elliott Henderson, Tom Jackson, John Latta, T. L. McKinney, Bill Rees and the hostess.

Mrs. Bill Rees, president, will host the next meeting on March 17.

the table for all Americans to see and to evaluate.

U. S. ratification of this treaty would be interpreted by many as a concession to a country currently aiding the enemy. It might be interpreted as a psychological victory for international communism and could decrease neutralization respect for American wisdom and determination.

Regardless of the merits or demerits of the Consular Treaty provisions, the suggestion that it be approved at this time is exceedingly unwise.

Let's talk about this treaty later — after peace has been restored. It might make some sense then. It doesn't make sense now.

Westbrook News Notes

NOTICE

To the real and true owners of property abutting upon the hereinafter described and defined portions of streets, avenues, and alleys in the City of Colorado City, Texas, and to all persons owning or claiming any interest therein, and to all persons interested in any of said property, or in any of the pro-

ceedings, contracts and matters herein mentioned, that: The City of Colorado City, Texas acting through its City Council has, by proper actions, determined the necessity for, and has ordered, the permanent improvement of portions of various streets, avenues and alleys in the City of Colorado City, Texas, described and defined in the City Engineer's schedule of cost estimates, hereinafter set out in this notice, by raising, grading, filling, widening, permanently paving or repaving same by the construction, reconstruction, repairing or realigning concrete curbs and gutters in the manner and where the City Engineer determines that adequate curbs and gutters are not now installed on proper grade and line, and by construction of such drains and incidentals and appurtenances as deemed necessary by said Engineer, said permanent paving to consist of an adequate asphalt wearing surface upon a substantial caliche base, both of such type, construction, materials and thickness as is deemed adequate and proper by said City Engineer, all of such improvements to be constructed according to such specifications

City Engineer deems adequate and suitable, and to be constructed in the manner and as provided for in Plans and Specifications and the Contract covering the construction of said improvements entered into by and between said City and H. G. Counts and Co., which Plans and Specifications and the Contract being on file in the office of the City Secretary. That said City Council has further determined the necessity of levying assessments for a portion of the costs of the construction of said improvements against the properties abutting upon said streets, avenues and alleys within the limits of said improvement units hereinafter defined, and against the real and true owners thereof, and has adopted the proposed apportionment of costs hereinafter set out as between said City and said abutting properties and their owners; that the portion of said costs proposed to be so assessed will be in accordance with the Front Foot Rule or Plan, and said City Council has further adopted the following proposed rates and estimates of said costs in reference to each of said streets, avenues and alleys within the limits defined, as set out in the following schedule, to-wit:
