TWENTY-SECOND YEAR

NUMBER 29

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JANUARY 24, 1963

EIGHT PAGES

January 31 Last Day for Poll Tax

Feb. 8-9 Are Dates for Annual 4-H, FFA Project Show

Arrangements are being completed for the 26th annual Foard County FFA and 4-H Club Project Show, according to Dr. Walter Stapp, president of the Crowell Rotary Club—the sponsoring organization.

The show will get underway Friday afternoon, Feb. 8, and end Saturday, Feb. 9.

The new Vocational Agriculture building at the Crowell school will be the location of the show again this year.

The FFA and 4-H Club boys and girls are busy getting their exhibits ready for the show, and according to Marvin Myers, Vocational Agriculture teacher; Mrs. Virginia Ilseeng and Joe Burkett, county Extension Agents, this could be a good show with a large number of entries. Approximately 145 boys and girls have indicated that they will have entries in either the livestock, poultry, or food division of the show. Over 200 4-H Club boys and girls have indicated that they will bring to sell in the annual 4-H club food sale which is held in conjunction with the show each year.

The livestock and poultry will be brought in between 4 and 6 p. m., Friday, Feb. 8. The food sales will be brought in Saturday, Feb. 9, by 9:00 a. m.

Kenneth Halbert Attends District Lions Club Meeting

Kenneth Halbert, Deputy Governor of Crowell will attend the District 2E-1 winter conference and cabinet meeting to be held Saturday in Abilene. Over 50 Lions and their wives are expected to participate. District Governor P. E. Shotwell heads the district which covers 22 counties in central West Texas. The Lions organization in this area consists of 51 clubs with approximately 2700 members. The four Lions Clubs of Abilene are co-hosts with Past International Director R. A. Lipscomb of Odessa, who will be the featured speaker at the noon luncheon and entertainment will be furnished by the Downtown Abilene Lions Club and the Elmwood West Lions Club.

At the evening banquet, International Director Jim M. Cherry of Columbia, S. C., will give the address with entertainment furnished by the Cactus Lions Club and the Abilene Evening Lions Club. The ladies will be entertained at a luncheon and style show and a variety of other diversions.

Over one-half of the eligible voters in Foard County will forfeit the important right of voting if poll tax receipts are not purchased prior to January 31.

There are only seven days left during the month of January that the office of Deputy Tax Assessor-Collector R. R. Magee will be open.

Only by buying a poll tax unless one is eligible for an exemption, can one be assured of a voice in governmental, political and municipal affairs.

By Monday morning, the county tax office had recorded the issuance of only 344 poll tax receipts—less than half from the some 800 potential.

Officials point out that in order to vote at any election during 1963 residents must have a valid poll tax receipt or be eligible for exemption. In counties with less than 10,000 population, exemptions for over 65 are not required.

Legislation has been proposed on both national and state levels to abolish the poll tax, but as yet it has not been adopted, so provisions in the laws will not apply in 1963. So it remains that Texans desiring to vote in any election during 1963, will be required to have a poll tax unless they fall into one of the exemption categories.

Persons 21 years of age and over, residents of Texas for one year and residents of the county for six months at time of election and a U. S. citizen, are required to have a poll tax, or be eligible for exemption in order to vote.

Free exemptions are offered persons who become 21 since Jan. 1, 1962, or will become 21 any time in 1963; persons over 65 years of age and new residents of the state who have resided in the state one year and six months in the county.

Disabled persons, defined as a person deaf, dumb, blind, permanently disabled, or one who has lost a hand, a foot, or is a disabled veteran of foreign wars, where such disability is 40 percent or more, may purchase exemption certificates for \$1, for a saving of 75 cents. National Guardsmen may also effect the 75 cents savings by declaring their military status.

Further information concerning various regulations on the poll tax and exemptions may be obtained by contacting Mr. Magee in the court house.

Cotton Season Nearing End with 5,420 Bale Total

With the four gins in the county reporting that the cotton harvest is nearly over, a total of 5,420 bales of the 1962 crop had been ginned up to Monday noon. This makes a total of 346 bales ginned last week, as last week's total was 5,074 bales.

Wall; Denny Todd trophy award, Coach Thayne Amonett; speaker, Coach Grant Teaff of McMurry College; and benediction, Rev. Glenn Willson.

Bloodmobile Plans Visit to Crowell on Friday, Feb. 1

Friday, February 1, is the date set for the semi-annual visit of the Red Cross Bloodmobile. According to Dr. Walter Stapp, the bloodmobile will be in Crowell at the community center during the afternoon of February 1 to receive blood donations. The donations will be used to replenish the supplies of the regional blood bank in Wichita Falls of which Foard County is a member.

The readiness of the bank in Wichita Falls to supply blood for local hospital patients depends entirely on the availability of the blood by the bank. The only way the blood can be made available is for area residents to give regularly. Every Foard County resident who is physically able is urged to participate in this program to help assure the continued supply of blood here.

Fire Department Answers Two Alarms Last Week

The Crowell Fire Department was called out to extinguish two fires last week.

The first was a grass fire on the Maude Raspberry land west of Crowell which occurred last Wednesday shortly after noon.

The second was about 4 a. m. Friday at the home of Mr. and Mrs. John Welch on East Commerce Street. The bed in which Mrs. Welch was sleeping caught fire, apparently from an overheated electric blanket. Mrs. Welch was admitted to the Crowell hospital suffering from smoke inhalation.

School Bond Election Is to Be Held February 9

Basketball Teams Break Even in Last Week's Play

The Crowell High School basketball teams broke even in their first two conference games. The Crowell boys defeated Paducah there on Tuesday night 36 to 24, and won at Munday on Friday night 30 to 20. The Crowell girls lost to Paducah 43 to 20, and lost a close one at Munday 59 to 53.

These two victories away from home gives the Crowell boys the advantage for the championship of the western half. However, Chillicothe is definitely still in the race.

Dale Doyal's backboard work, floor play of Kenny Ownbey and Dan Mike Bird, and Ken Ferguson's defensive playing, should give the Wildcats a good chance at the district crown. However, Henrietta in the eastern half of the district has been picked to win the championship of the entire district.

The Crowell girls look good when all of the regulars are in the line-up. They were all present for the Munday game for the first time in several weeks. Clona Brown scored 31 points in that game. Betty Kajs is back in the line-up now, and the Crowell girls should get back in their winning ways. They had won six non-conference games early in the season. Their defensive play has been pretty good all along. Barbara Bell, Scherry Goodwin, Carolyn Eubanks, and Judy Harper play the guard positions.

Local Women's Brother Died in San Antonio

Fred Jobe, 72, of San Antonio died in the Veterans Hospital in that city Saturday following a long illness. Mr. Jobe was a former resident of the Thalia community and was the brother of Mrs. J. S. Long and Mrs. Tom Russell of Crowell.

Funeral services were held Monday morning and burial was in the Sam Houston National Cemetery with full military honors.

Mr. Jobe, who was reared at Thalia, is survived by his wife, four daughters, 15 grandchildren; one brother, Luther Jobe of San Antonio; five sisters, Mrs. Long and Mrs. Russell of Crowell, Mrs. Minnie Moore of Vernon, Mrs. Bessie Davis of Borger and Mrs. Maggie French of Woodsboro.

Attending the services from Crowell were Mr. and Mrs. Tom Russell and Glendon Russell.

Two December Accidents Reported by Highway Patrol

The Highway Patrol investigated two rural accidents in Foard County during the month of December, according to Sgt. D. R. Dowdy, Patrol Supervisor of this area. These wrecks accounted for one person injured and an estimated property damage of \$1,725.

The rural traffic accident summary for Foard County from January through December of 1962 shows a total of 30 crashes resulting in no fatalities, and 26 injured. The estimated property damage amounted to \$19,435.00. When the final reports are tabulated in March of 1963, it is estimated the death count will be approximately 4 per cent above the 2314 killed in 1961. This increase should be a challenge for every individual to put forth his best defensive efforts to prevent accidents for the new year.

Norther Saturday Drops Mercury to 5 Degrees

Another severe blast of arctic air drove down from north over this area last Friday and by Saturday morning had dropped the temperature to five degrees. The norther was accompanied by a light snow.

Another One Tuesday Night

After 1½ days of relief from the extreme cold, another norther blew in Tuesday night and dropped the mercury from a high of 58 Tuesday afternoon to a low of 8 degrees early Wednesday. Clouds were covering the area Wednesday morning, but the skies cleared about mid-morning, and local residents were hoping that the forecast for sleet and snow for this area did not materialize.

The extremely cold weather of the past two weeks has left the wheat and oats badly burned.

High and low readings for the past week follow:

Jan. 17: high 60, low 26.
Jan. 18: high 46, low 26.
Jan. 19: high 16, low 5.
Jan. 20: high 44, low 9.
Jan. 21: high 58, low 22.
Jan. 22: high 58, low 22.
Jan. 23: low 8.

Unusual Bones Found in Gravel Pit by O. E. Ketchersid

O. E. Ketchersid of Margaret brought to the News office Tuesday morning some bones he found in a gravel pit on his place near Margaret. The bones are apparently from some very large animal which at one time roamed this area. One of the pieces looks like it is probably a tooth. It is several inches across the cutting services and several inches high. The bones are at the News office, and anyone who may be interested is invited to look at them.

Mr. Ketchersid will furnish gravel for the surfacing of Highway 283 from Crowell to the Peace River bridge.

Revival Begins Sunday at Bethel Church in Crowell

Evangelist Maywood L. Little Jr. of Greensburg, Kansas, will be the preacher at the Bethel Church for a revival meeting beginning Sunday, Jan. 27. The revival will continue for a week, and possibly longer.

Rev. Warren Everson, pastor, and members of his congregation extend a special invitation to everyone to attend these services starting each night at 7 o'clock.

Senator Moffett Named to Twelve Senate Committees

Senator George Moffett will be a member of twelve of the twenty-four standing Committees during this term of the Legislature.

Senator Moffett is chairman of the Agriculture and Livestock Committee, vice-chairman of the Constitutional Amendments Committee, and a member of the following committees: Finance, Insurance, Interstate Cooperation; Legislative, Congressional and Judicial Districts; Military and Veterans Affairs, Oil and Gas, Rules, State Affairs, Water and Conservation, Contingent Expenses.

The Crowell School Board met in another special session last Monday night and set Saturday, February 9, for the date to hold a bond election of \$500,000 for the purpose of remodeling the Crowell School plant. A petition requesting this election has been signed by over one hundred qualified voters.

The building program will provide a new gymnasium (with an auxiliary gym for physical education for grade school); a new band hall and choral room; a new bus shop; and remodeling of both the High School and Grade School buildings. There will be minor improvements made in the Colored School building.

According to Mike Bird, President of the Crowell School Board, this building program will call for a school tax rate of \$1.77 to \$1.80 on each \$100 (the valuation of property will remain the same). The present tax rate is \$1.50 on each \$100. This 18 or 20 per cent increase will raise the tax of an individual that is paying \$25 to \$30; the \$50 group will pay \$60, etc.

The Board has set Monday night, February 4, at 7:00 o'clock for the date to give the interested patrons an opportunity to discuss and ask questions pertaining to the bond issue. Almon & McKinney Bonding Co. of Dallas and Rittenberry & Rittenberry, Architects of Amarillo, will have representatives present at this meeting.

Two Proposals to Be Voted On
The two proposals that are to be voted on at the February election are as follows:

Proposition No. 1: "Shall the Board of Trustees of Crowell Consolidated Independent School District of Foard, Knox and King Counties, Texas, be authorized and empowered to levy an annual ad valorem tax at a rate of not to exceed one dollar and fifty cents (\$1.50) on the one hundred dollars' valuation of taxable property in said School District, for the further maintenance of public free schools therein, as provided by the terms and conditions of Article 2784e-1, V. A. T. C. S., as amended?"

If such tax is so adopted by majority vote of the duly qualified resident property taxing electors voting at said election therefor, then the provisions of Article 2784e-1, V. A. T. C. S., as amended, shall apply to said District.

Proposition No. 2: "Shall the Board of Trustees of Crowell Consolidated Independent School District of Foard, Knox and King Counties, Texas, be authorized and empowered to issue the bonds of said District, pursuant to the authority of Article 2784e-1, V. A. T. C. S., as amended, and to the amount of five hundred thousand dollars (\$500,000) for school building purposes, to-wit: the purchase, construction, repair or equipment of public free school buildings and the purchase of necessary sites therefor, within the limits of said District, said bonds to become due and payable serially as follows: \$5,000 in each of the years 1964 to 1968, inclusive; \$10,000 in each of the years 1969 to 1972, inclusive; \$15,000 in each of the years 1973 to 1978, inclusive; \$20,000 in each of the years 1979 to 1986, inclusive; \$25,000 in each of the years 1987 to 1991, inclusive; \$30,000 in each of the years 1992 and 1993; and to bear interest at a rate not exceeding five per cent (5%) per annum, payable annually or semi-annually; and shall there be annually levied and collected on all taxable property in said District for the current year and each year thereafter, while said bonds or any of them or any interest thereon are outstanding, a tax sufficient to pay the current interest on said bonds and the principal thereof as the same becomes due?"

Let's Be More Friendly

"Good morning," said the new student to those standing near the door, but she was ignored. This newcomer was eager to make friends; she greeted everyone with a warm smile and cheery "hi," but she was welcomed with blank stares and cold shoulders.

This account of a new student's first day at school may be exaggerated, but perhaps not much. Maybe the attitude is due more to indifference than to unfriendliness, but the effect on newcomers is the same—Brrr!

Whose fault would it be if this were true of our school? The answer might be "your's." Are you friendly only to a select group? Do you ever "run around" with anyone besides your very best friend? Are you "two faced" enough to gossip about everyone who isn't a member of the clique? Are you one of those narrow individuals who give our school its "select-only" atmosphere?

If you are guilty of these things, remember that if places

could be changed, how would you like to be treated? Being friendly to everybody won't hurt at all. Let's try it and make CHS the pleasant place it should be.

Senior Personality

Filling the senior personality spotlight this week is none other than Carolyn Eubanks. This 5' 4", brown eyed, brown haired senior is currently a member of the Student Council, annual staff, F. H. A. and Sub-Junior Columbian Club. She also holds the honor of being the captain of the girls basketball team.

If you find Carolyn enjoying herself, she is probably listening to instrumental music or riding around. In the food department, shrimp and strawberry shortcake appeal to her liking. English is her favorite subject, and history rates lowest. She prefers basketball as a sport and yellow as a color.

The greatest influence in Carolyn's life has been her parents and teachers. After graduation, she plans to attend business school. Best of luck to Carolyn.

Southern Assembly Program

Friday, January 18 at 1:30 p. m., the student body was entertained by daring gymnastic feats performed by Douglas Patterson. He gave an almost fantastic exhibition of strength which was achieved through great concentration and practice. Mr. Patterson also discussed the need for proper training on the part of all athletes. To conclude the show, his wife "painted" a beautiful picture with strips of felt.

Slave Sale Is Held

Monday was the beginning of a week-long slave trend in CHS. As usual, the Student Council sponsored the Slave Week in order to raise needed money.

The following persons bought the following boys: Scherry Goodwin—Steve Kralicke, Bobby Bond and Bob Borchardt; Toye McCurley—Randy Adkins; Rosa Latimer—Dan Mike Bird, Carole Priest—Jackie Eddy; Mary Ramsey—Paul Campbell, Ken Ferguson; Merida Taylor—Lorry Wright; Kenny Ownbey—Jimmy Gillespie; Mary Sue Speer—Mike Gamble; Sandra Weatherred—Toye McCurley; Carolyn Hickman—Gary Taylor; Karen Shirley—Freddie Wehba; Shirley Raspberry—Ronny Clifton; Paulette McBeath—Bill Harris; Judy Traweck—Otis Smith—Ronni Sue—Ricky Traweck; Ruth Sanders—Philip Welch; LaRue Gidney—Kenny Ownbey; Betty Kajs—James Cor-

der; Dena Todd—Jon Lee; Paula Sparks—Woody Lemons; Jill Cooper—Larry Henry; Teresa Wright—Joe Drabek; Beverly Gray—Charles ten Brink; Judy Howard—Bill Fitzgerald; Elly Wehba—Paul Bax, Elaine Crowell—Dale Doyal; Paul Bax—Junior Hopkins; Pat Cates—M. L.

About fifty dollars resulted from the sale of the slaves. This money will be used by the Student Council in various ways. Some will be used to send the Student Council officers to the district meeting to be held in the spring.

Sports

The Crowell boys' round ball team got off to a good start last week by beating Paducah and Munday. The Paducah boys couldn't come close to Crowell as our experts went wild in the new gym! Imagine what the home games would be like in a new gym! The Munday Moguls (what-ever one of them is) proved that they should have struck with football (revenge is sweet).

The girls no longer will wear black and gold as twice they have been defeated in the district play—by Paducah and Munday. However, because we really love them, we'll let them wear gold and black!

Speer and Ekern are going to practice tennis for the next two weeks in order to try to win the February tournament in Vernon.

New Books and a New Bulletin Board

Saunna Martin has made good use of our new paperback books in her bulletin board for the library. Under a picture of "you" is the caption, "Read in Your Life." Beneath the caption is a display of the following new books: Abraham Lincoln, Napoleon, Benjamin Franklin, The Pathfinder, Twice-Told Tales, Mid-Century, O. Henry Short Stories, and Robert Frost's Poems. In case there is the problem of finding this bulletin board, try looking on the north wall in the library.

Opinions of Slave Week

This week being "Slave Week," I asked members of the student body their opinion of it. The following are the answers I received: Sue Cates: It's all right, as long as the boys are slaves and the girls aren't. Gary T.: I don't like it! Bill F.: Kinda corny. Paul Bax: Be better if girls were sold. M. L.: I like it. Charles: Ready for the Second

posal to combine the Game and Fish Commission and the State Parks Board. Opposition was based largely on the idea that the Game and Fish Commission would suffer.

Tax Man Sam Says

The fact that Internal Revenue collects 97 per cent of our taxes without any enforcement effort on the part of Internal Revenue is one of the finest compliments to the American citizens that could be paid. The tax folks believe that most American taxpayers want to do what is right. They want IRS to see that other folks do what is right. None of us want to pay any more than we owe, but we are willing to do our share if the other fellow is made to do his share.

F. H. A. News

In working toward achieving the Junior Homemaking degree, a girl must learn the Homemakers creed, which is as follows:

We are the Future Homemakers of America. We face the future with warm courage and high hope, for we have the clear consciousness of seeking old and precious values. For we are the builders of homes, homes for America's future homes where living will be the expression of everything that is good and fair. Homes where truth and love and security and faith will be realities, not dreams. We are the Future Homemakers of America. We face the future with warm courage and high hope.

The FHA colors are red and white—red for the courage and firm determination to succeed, white for the purity and integrity of youth. The flower is the red rose. It is symbolic of vibrant, flowing health—which contributes to happiness and efficiency in home and group life. The emblem is octagonal in shape. It bears the names of our organization around the top of the plane, and around the lower side is the motto. In the center there is a house supported by two hands symbolizing that the future homes of America are in the hands of its youth.

Personality Pictures Made Sunday

On Sunday afternoon, January 20, the pictures of the school favorites were made. The home of Mr. and Mrs. Hubert Brown was the scene for several of the pictures, while the others were made in the homemaking cottage. The annual staff sincerely thanks the students for responding to this yearly event, and the Hubert Browns for the use of their lovely home.

Crowell Students Invited to Concert in Wichita Falls

Students of Crowell schools have been invited to attend a special youth concert by the Wichita Falls Symphony Orchestra at 10 a. m. Saturday, Feb. 9, at the Memorial Auditorium of that city, according to Mrs. Walter Stapp, Crowell representative to the area board of the Wichita Falls Symphony Orchestra.

The hour-long concert by the 65-member symphony orchestra, conducted by Dr. Walter Charles, will open with Carl Maria von Weber's "Invitation to the Dance." The students will then hear the last movement of Mozart's D Minor Concerto with Dale Dublin Prothro as guest piano soloist who will be making her debut performance with the Wichita Falls orchestra.

The third feature of the program will be an innovation which has proven quite popular with student audiences and which has been dubbed the "sing along with

Earl Hesse, Crowell High School music teacher, and Mrs. Stapp have received detailed information on the concert program including background information on the compositions and composers to help them inform the students attending the concert on how orchestra members are seated, what to expect of a symphony concert and correct concert conduct.

Crowworm Program May Be Stopped

The Southwest Crowworm Eradication Program will be stopped on March 31 unless by that time livestock producers and sportsmen have raised the remaining one million dollars of their three million dollar goal, the board of trustees of the Southwest Animal Health Research Foundation announced at its January meeting in Austin.

Foundation President Charlie Scruggs said the move could become necessary because the Federal appropriation bill specifies that federal funds cannot continue whenever non-federal funds are no longer available on at least fifty-fifty basis. All of the non-federal funds will have been expended by March 31, and state funds, if appropriated, will not be available until after that date. The trustees immediately issued an emergency appeal to livestock producers and sportsmen from all southwestern states to raise the required one million dollars. They voided their original policy of not asking producers to contribute more than once in an attempt to save the program.

In making the announcement, Scruggs remarked it would be a shame to have to terminate the program at just the crucial time when the crowworm menace is being brought under control. Texas, Oklahoma and New Mexico experienced only a fraction of the normally-expected number of crowworm infestations in 1962, while Arkansas had none and Louisiana reported only two cases in 1962 (both of them shipped in from infested states). States east of the Mississippi River, which normally experience considerable crowworm fly movement from southwestern states, reported only one case in 1962, Scruggs said.

The trustees pointed out that contributions from the livestock industry moved the three-year eradication program underway a year ahead of schedule.

Press Names Dan Blocker 1963 Texan of the Year

Dan Blocker, a really "big" man, will be the recipient of the Texas Press Association's 1963 "Texan-of-the-Year" award.

Announcement of his selection has been made by George Baker, president of the newspaper association and publisher of the Fort Stockton Pioneer.

The presentation to Dan Blocker, 300-pound co-star of the NBC-TV show Bonanza, will be made at TPA's Mid-Winter meeting in San Antonio Saturday, Jan. 26.

Blocker, known on TV as Hoss Cartwright, was born in Bowie County, Texas, on Dec. 10, 1929. He grew up in the Texas Panhandle and received his education in Texas.

Weighing 14 pounds at birth, he pulled the scales to 105 pounds by the time he entered grade school. He became known among his friends as "The Big'n." At age 10 he worked alongside grown men at grain elevators and could whip any of the local toughs, regardless of their age.

Despite his extraordinary strength, Dan Blocker had other ideas than pushing his weight around as a strong man. When 12 years old he enrolled in the Texas Military Institute at San Antonio. At that time he weighed 200 pounds and stood six feet tall.

From the military institute he went to Hardin-Simmons University at Abilene for a semester, then to Sul Ross State College at Alpine, on a football scholarship, to major in physical education.

He changed his major to drama before he was graduated in 1950.

From Alpine he went to Boston for summer stock. Then, as did most young men of his time, Dan Blocker received greetings from The President and went overseas for a whirl at Korea.

When he finished his army hitch, he came home with the stripes of a first sergeant, to further impress Dolphina Parker, his college sweetheart. They were married on August 25, 1952. They now have four children, twin girls and two boys.

Blocker returned to Sul Ross shortly after his marriage to work on his master's degree. He left classes for one year to teach in the high school at Sonora. Upon receiving his master's degree in drama and English, he taught school at Carlsbad, N. M.

In 1956, he went to Los Angeles for graduate work at UCLA. Almost immediately he was chosen for a feature role in a Gunsmoke episode, where he made more money in four days than in a month of teaching.

Since that time his rise to stardom has been rapid. He has played in many significant TV roles and today has top billing with Bonanza.

Pair of Mother's Helpers

Paula McBee, 5, and brother Bobby, 4, Washington, D. C., can be mother's little helpers with the family wash today thanks in great part to medical care financed by The National Foundation-March of Dimes. Bobby has paralytic polio and Paula was born with an open spine and water on the brain. She is now a patient of the March of Dimes-supported Birth Defects Special Treatment Center at Children's Hospital, Washington. Now marking its 25th anniversary, The National Foundation's nationwide program is dedicated to aiding victims of crippling birth defects, arthritis and polio through the best in scientific research and medical care.

at which time Mrs. Chatfield was elected a nominee for delegate to the district THDA meeting.

The program for the meeting was brought by Mrs. Bernice Carroll and consisted of a discussion on "The Bill of Rights." Mrs. Carroll opened her discussion with "The Bill of Rights is a term for laws which guarantee rights to individuals and consists of the first ten amendments to the Constitution." She then read the ten amendments and called special attention to the first which guarantees freedom of religion; to the second which gives people the right to keep and bear arms and she discussed the reasons for the passing of this amendment; and to the tenth which gives to the States the powers which are not delegated to the Federal government by the Constitution nor prohibited by it to the States.

Following the program, refreshments were served. Next meeting of the club will be Friday, Feb. 1, with Mrs. Sue Bartley as hostess.

Adelphian Club

Mrs. Ramon Rasberry was hostess to the Adelphian Club on Wednesday, January 16, at the Community Center.

During the business session, Mrs. Bob Thomas read a letter from Mrs. Miller at the Vernon Branch of the State Hospital in which she expressed thanks to the Adelphian Club for the many Christmas gifts that were taken to the patients. Mrs. Thomas reminded departmental chairmen that reports are due by Feb. 1.

Mrs. Virgil Johnson, Federation Counselor, reviewed briefly news items of interest from the "Texas Clubwoman."

Mrs. W. B. Tysinger introduced Mrs. Gordon Erwin who showed a sound film, "High Fashion," produced by International Ladies Garment Workers Union. Besides presenting the latest fashions, it showed factory workers and the construction of these fashions.

Mrs. Rasberry served a refreshment plate to fifteen members and one guest, Mrs. H. Stapp.
