

You Can't Take It With You

The movie "You Can't Take It With You" convinced John F. Webendorfer, top photo with grandson. So he sold his Mt. Vernon, N. Y., printing machinery business for \$1,000,000 and gave \$250,000 of that to happy, cheering employees.

Employee-Benefit Programs Announced By General Motors

DETROIT, Nov. 15 (AP).—General Motors Corporation announced Monday two benefit plans, effective in 1939, intended to give approximately 150,000 hourly wage employees within the United States the economic security of assigned weekly incomes.

Alfred P. Sloan Jr., chairman of the corporation, said a similar plan applicable to 37,000 salaried employees would be announced soon.

Hourly wage workers with five years or more of service will be eligible for the "General Motors income security plan," under which the corporation will advance to each employee in periods of curtailed employment an amount sufficient to give him 60 per cent of his standard weekly earnings, including unemployment compensation and pay for any other regular employment. The "standard week" is to be figured at 40 hours.

Hourly wage workers with two or more years of service who are not within the first plan will be eligible for the "General Motors lay-off benefit plan" under which the corporation will advance a sum sufficient to give each worker 40 per cent of his standard weekly earnings, with some restrictions not included in the plan for five-year employees.

Employees who receive the benefits will repay the corporation by work performed when production increases. Repayment can be made in no other manner, Sloan explained.

The plans will be applicable only to employees of the corporation and wholly owned subsidiaries within the United States. To be eligible for the income security plan, an employee must be in the employ of the corporation during December, 1938. Employees who work any time after Dec. 1, 1938, will be eligible for participation in the lay-off plan.

Contributions for Orphans' Box Taken

Contributions are being received for a box to be sent to the Juliet Fowler Orphans Home at Dallas, the women's council of the First Christian church, sponsor of the project, has announced. Clothing needed includes that for high school students as well as smaller children.

Those who have clothes they will contribute are asked to telephone 734 and the garments will be called for.

The box is to be sent off Saturday so those interested are asked to make their donations by Friday night.

Let's Go Over the Top Today.

Anti-Trust Suits Filed On 30 Firms

Milk and Ice Cream Companies Charged In Federal Warrant

CHICAGO, Nov. 15 (AP).—More than 30 companies, officials of two labor unions and four Chicago city officials were named today in two federal indictments charging violation of anti-trust laws in milk and ice cream industries.

The indictments were returned November 1 after 16 weeks of grand jury investigation and one year's work by the Department of Justice but had been suppressed until today at the request of the government.

The indictments marked another step in the most extensive anti-monopoly campaign in American history.

One indictment, charging anti-trust violations in the sale of fluid milk in the Chicago area, named 13 firms and 51 individuals.

Another alleging illegal combination and conspiracy of nationwide proportions in the ice cream field, listed 21 individuals and two firms.

Irwin Enters Plea Of Guilty in Order To Escape the Chair

NEW YORK, Nov. 15 (AP).—Robert Irwin, the "mad sculptor" who killed a mother and beautiful daughter and their apartment boarder on Easter morn., 1937, Monday accepted—but protesting rather—life in prison rather than the possibility of death in the electric chair.

The 31-year-old one-time divinity student and erstwhile asylum inmate was pleaded guilty to second degree murder before completion of a jury to try him on first degree charges.

"I looked up in the dictionary," he screamed, "and it said murder was the malicious killing of one person by another. There was nothing malicious in what I did."

Irwin's victims were Veronica Geddon, pretty young photographer's model; her mother, and Frank Byrnes, all slain in the early morning in a rage of twisted jealousy over Irwin's thwarted suit to win the affections of Veronica's sister, who married another.

District Attorney Thomas E. Dewey said he would recommend a sentence of 90 years to life for each of the three murders and that they should be served consecutively.

Complex Law Almost Halted a Wedding

AUSTIN, Nov. 15 (AP).—Numerous interpretations of the complex liquor law are given by the State Liquor Board.

Monday officials believed they had given their best interpretation.

They sanctioned a marriage.

It happened this way: A West Texas couple—the man an employe of a beer distributor, the woman a holder of a beer retailer's permit—nearly cancelled their proposed wedding because the law said a distributor shall have no interest in or affiliation with the license or business of a retailer.

C. A. Paxton, chief enforcement officer, thought the matter over and ruled any property the man acquired by marriage was personal and not acquired for the benefit of the distributor.

CIO Not Seeking Peace With AFL

PITTSBURGH, Nov. 15 (AP).—The CIO convention unanimously adopted its "peace" committee's report which did not recommend any new steps to heal the branch with the American Federation of Labor.

The report declared there would be "no compromise" with the CIO's "fundamental purpose and aim of organizing workers into powerful industrial unions."

Mothers and Daughters to Be Guests at Baptist Revival Tonight in Series of Special Events Announced for the Week

A splendid Monday congregation was present Monday evening for the revival at the First Baptist church. One young woman confessed her faith in Christ and was received into the church as a candidate for baptism. The Rev. H. D. Bruce, pastor, who is doing the preaching, announces that on Wednesday evening the service will honor the fathers and sons of Midland. Thursday evening will be a special Sunday school service, and on Friday evening Midland's public schools, trustees, faculty and student body will be our guests of honor. Services, also, each morning at 10 o'clock.

The preacher's subject last evening was "God's Book of Life." The following is a summary of the message: "The Lord shall count when He writeth up His people that this man was born there," was the text of the evening. "It is very clearly stated in God's word that God has

Slaughter West Extender Swabs At Rate of 200 Barrels Per Day

By FRANK GARDNER.

Swabbing eight and one-quarter barrels of new oil hourly through tubing for a 20-hour period, Texas Company No. 1-B Mallett Land & Cattle Company today was assured of commercial production, besides marking a two-mile west extension of the Slaughter pool in southwestern Hockley county. At the end of the 20-hour test, swab became hung in tubing, and it will probably be necessary to pull tubing to recover it.

Located 510 feet out of the southwest corner of labour 1, league 52, Scurry county school land, No. 1-B Mallett is bottomed at 5,035 feet in time, where it has been given one acre treatment of 1,500 gallons. Before deepening from 5,007 feet, the well had swabbed 48 barrels of oil daily through tubing after treating with 3,000 gallons. Continuous saturation was logged from 5,007-35.

At the north end of the pool proper, Texas No. 3 Slaughter, which was deepened from 4,984 to 5,033 feet in search of pay increases when it failed to make sustained flow, ran 2 1/2-inch tubing to 4,090 feet. Nine flow valves had been installed in tubing. After pulling swab once, the well kicked off, flowing 148 barrels in three hours, then died. It then was shut in for nine hours, making 22 barrels of pipe line oil when re-opened, then dying again. Texas No. 4 Slaughter is drilling at 3,875 in broken lime and anhydrite.

In southeast Cochran, Texas No. 1 H. T. Boyd is drilling past 4,823 feet in hard gray lime. It is reported running about flat stratigraphically with Devonian No. 1-C-8 Duggan, pool well two miles to the northwest.

Seminole Extension Test.
Depth of 2,080 feet in red beds had been reached this morning by Adams & Bradley No. 1 Ohio-Clean Crain, interesting wildcat three miles north of the Seminole pool in central Gaines. Elevation is 3,413 feet. The test is 1,980 feet from the north, 660 from the west line of section 216, block G. W. T. R. R. survey.

Magnolia and Atlantic No. 1 Havenmyer & Jenny, on the northeast edge of the Seminole pool, is starting while cement sets around 7-inch casing run to 5,033 feet, the total depth. Three hundred sacks of cement were used.

Great Western Producers No. 1 O. B. Holt, second well in the Rogers & Rogers-Holt area of southern Andrews, had 900 feet of oil and 300 feet of salt water in the hole while cleaning out shot cavings 10 feet off bottom. Shot was thought to have damaged lead wool plug driven to 4,476 feet to shut off five gallons of salt water hourly encountered from 4,478-79, the total depth. It had shown about a baller of oil hourly before shooting, having logged shows from 4,458-65 and from 4,468-72. Shot was with 110 quarts from 4,450-76.

A mile and a half to the northwest, Rogers & Rogers No. 1 Underhill is plugging back with lead wool to approximately 4,475 feet. Top of cement plug, set to shut off water encountered in drilling to 4,539, was found at 4,500 feet. Operators plan to test a sand zone which showed oil saturation in cores.

H. Wentz No. 1 W. P. Cowden estate, Andrews wildcat southeast of the Emma pool, is drilling at 4,309 feet in hard gray lime, showing nothing.

Deepest Denver Well.
Humble No. 3 H. O. Wooten, deepest test yet, drilled a corner of southern Yoakum, flowed 730.39 barrels of 32.6 gravity oil on 24-hour proration gauge, with gas-oil ratio of 1,910-1. It failed to show water when drilled to total depth of 5,346 feet, having penet-

Annual Red Cross Drive Is Underway

1200 Members Are Sought by Groups Now Working City

Red Cross lapel buttons and 100 per cent window stickers were very much in evidence throughout the city early this afternoon as volunteer Red Cross workers, more than 50 strong, continued the annual Red Cross roll call which was started here early this morning, every section of the city being canvassed for memberships in the great American Red Cross.

Although only a few group captains had reported by noon, Mrs. Don Sivalls, vice-chairman in charge of solicitations, reported a marvelous response, over \$700 having been turned in during the morning. The campaign is expected to go "over the top" by nightfall, the Midland goal having been set at 1,200 memberships, 300 more than last year's goal. It is believed that 1,500 memberships will be secured.

Groups of solicitors were assigned special areas in which to work, the city having been divided into nine sections with captains having been appointed over each group. Groups of workers were also stationed in various of the downtown lobbies.

Workers in the business and residential districts were expected to complete their drives sometime this afternoon, and it may be that the scheduled two-day roll call will be completed this afternoon instead of tomorrow.

Persons who were missed during the canvass are urged to call by the chamber of commerce office in Hotel Scharbauer and join the Red Cross sometime during the remainder of this week.

Lindbergh Seeks Berlin Residence For Self, Family

BERLIN, Nov. 15 (AP).—Colonel Charles Lindbergh is hunting for a residence in Berlin for the winter, says a source here, who has been transferred from the Central Texas Conference to the Northwest Texas Conference. The Rev. Mr. Epps, who has been serving as pastor of the Herring Avenue church in Waco, is to be assigned a new church when the Northwest Conference meets this week.

Telegraph Companies Comply With New Law

NEW YORK, Nov. 15 (AP).—The Western Union and Postal Telegraph Companies announced last night they would comply with an official recommendation that messengers be paid not less than 25 cents an hour, under the federal wage-hour act, but Western Union asserted it would result eventually in employment of some 3,000 fewer messengers.

CC Authorizes Scheduling University Football Game

The taking of immediate steps toward the scheduling of a university football game in Midland next fall was authorized by the Board of Directors of the Midland chamber of commerce at their regular monthly meeting in the chamber of commerce office Monday evening, W. M. (Bill) Holmes, chairman of the Young Men's Committee of the chamber of commerce, being authorized to book such teams as he sees fit for a game here. It is planned to play the game on Lackey Field here, arrangements for increasing the seating capacity at the local athletic field to be worked out in conjunction with the local school board.

Holmes and Russell C. Conkling were appointed as a committee to contact school board members in this regard. It was indicated that the chamber of commerce might underwrite the enlarging of present stands at Lackey Field, proceeds from the game or games going to pay for the enlarged stands. Holmes has tentative agreements to play here from several teams, but he declined this morning to say which teams would likely be scheduled to play in Midland.

Amendment Voted.

AAA Program for 1939 Approved by Agriculture Head

WASHINGTON, Nov. 15 (AP).—Secretary of Agriculture Wallace today approved the 1939 soil conservation program providing for reduction of about 7,500,000 acres total allotment for major crops.

The new maximum for soil-depleting crops will be from 270,000,000 to 285,000,000 acres. The reduction was due chiefly to the wheat allotment. Cotton and corn acreage will remain about the same.

Congress has allotted \$712,000,000 for farmers complying with the program.

Highland Mayor Is Boomed for Job

DALLAS, Nov. 15 (AP).—A group from Van Zandt and Kaufman counties Monday, called on E. E. Germany, mayor of Highland Park, in connection with a move to urge Germany's appointment as a state highway commissioner.

Ernest West of Canton, member of the committee, said the group later would call on Gov.-elect W. Lee O'Daniel to urge Germany as a successor to State Highway Commissioner John Wood.

Reports on Nazi Action To Be Made

Urgent Summons to Ambassador Made In U. S. Capital

BERLIN, Nov. 15 (AP).—The American Ambassador to Germany, Hugh R. Wilson, said today he had cancelled a planned visit to England and would leave tomorrow for the United States as the result of an urgent summons from Washington.

Political circles here believed Wilson would point out to Washington officials the time has come for the international refugee committee to get down to concrete methods of allaying the German Jewish situation.

In Paris a French government spokesman announced today a basis had been reached for an accord between France and Germany renouncing war against each other.

The spokesman hinted it would not be long before the pact would become effective.

WASHINGTON, Nov. 15 (AP).—The United States government, plainly aroused by the sweeping measures taken against Jews by German nazis, called its ambassador home last night for "report and consultation."

While officials issued no statement, it was clear the move was intended to convey to the reich's leaders and to the world that Washington strongly disapproves the treatment meted out to minorities in Germany.

The ambassador, Hugh R. Wilson, was directed to make his journey home immediately. Such a summons was attached to the move, since it is one taken only in case of outstanding importance.

The step does not, however, mean a break in diplomatic relations.

Secretary of the Interior Ickes, protesting what he described as the "assaults against civilization" taking place in Germany, said in the prepared text of a radio speech: "No nation can live unto itself alone. The time comes when neither man nor nation can live without the descent respect of their fellow men."

Senator King (D-Utah) asserted that the United States and other nations have had ample reason to advise Germany that they would break off diplomatic relations with her if she continued her persecution of Jews.

Wilson will confer with President Roosevelt and also with Secretary of State Hull, provided Hull has not already left for the Pan-American conference at Lima-Peru. The date of Hull's departure has been moved up from the weekend Saturday to Friday of next week.

The treatment of Jews, including American Jews, in Germany, will form only one topic of consultation.

Unofficial reports have reached the state department that property of American Jews has suffered in the current anti-semitic campaign. No protest has yet been made in Berlin on this score.

BRITISH EVOLVE PLAN TO LOCATE REFUGEES.

LONDON, Nov. 15 (AP).—The British government today gave urgent consideration to a bold scheme under which the United States and England would find homes for thousands of German Jews seeking refuge from violence and restrictive laws.

United States Ambassador Kennedy was believed to be author of the plan.

It was understood that Prime Minister Chamberlain had agreed to cooperate in a plan to move Jews by thousands into the British empire and North and South America.

Every major nation will be asked to aid in the plan.

Pastor Expresses His Appreciation

Appreciation for the help and cooperation given by the Methodist church during his year's pastorate now closing, was expressed by Rev. W. C. Hinds, pastor of the First Methodist church, on the eve of his departure today to attend the conference at Memphis, Tenn.

A total of 169 members has been received into the church this year; a substantial increase in church and Sunday school attendance has been shown; and finances are paid in full, he said in discussing progress made during the year.

Mr. and Mrs. Hinds left today for Memphis and plan to stop overnight at Childress with a daughter and son-in-law before continuing to Memphis where the conference will open tomorrow.

There will be no preaching services next Sunday, Mr. Hinds announced, as the Baptist revival meeting is in progress and Methodists are invited to attend services at the Baptist church. However, Sunday school will be held at the usual hour as will the young people's services in the evening.

EDITORIALLY SPEAKING

Germany and Colonies No Problem for America

By BRUCE CATTON.

A speculative gentleman inclined to venture his money on international politics might very well lay a little something on the line right now to say that Germany will presently be in possession again of her old pre-war colonies.

The heat is on; Germany has notified England and France that she would like to discuss the colonial problem at their convenience, and Hitler has come to bat with one of those "or else" speeches calling for return of the missing property. Since Hitler seems to be getting just about what he asks for in Europe these days, it would hardly be surprising to see him win out on this point, too.

But before he does, the unconcerned American might take the trouble to get himself straight on the background. The whole business of overseas colonies has always been pretty ugly. Offhand, it is hard to think of any nation that ever acquired any colonies other than by force. And so any discussion of the German colonial question will be realistic only if it leaves out all considerations of "right" and "wrong."

Consequently, Hitler's recent speech at Munich—in which he spoke of "the colonies to which we have a right"—can be taken as something for home consumption only. For when you try to figure out whether Germany "has a right" to those colonies, you quickly discover that you simply can't discuss colonies in those terms.

Look at the simple history of it. Germany got her pre-war colonies by force, just as England got South Africa, France got the Sahara and America got the Philippines. She held them until the World War occurred—a war which, even when all the 1917 propaganda is discarded, was at least partly brought on by Germany herself. As a result of the war, she lost them.

The fact that the allied nations professed the noblest of ideals while they were scrambling to take Germany's overseas possessions away from her may inspire one with cynicism about the statesman's profession, but it still does not affect the fundamental fact: that property which is acquired at the point of a gun and lost in the same way does not trail any particular odor of sanctity.

It is rather important that all of this be kept in mind. It may at least save us from regarding this colonial problem as a moral issue. There are enough moral issues involved in the international situation, Heaven knows, without adding any new ones.

And when we do look at the problem realistically, we shall probably find added reason to feel that our isolationist policy is a wise one. We have not the slightest interest in whether Germany does or does not regain the overseas possessions she once held. If the question of their return is going to disturb the international political arena, we certainly are well-advised to stay at home and tend strictly to our own knitting.

SO THEY SAY

SERVICE—WITH DISTINCTION

(Big Spring Herald.)

The 70th judicial district of Texas, comprised of the counties of Howard, Martin, Midland, Ector and Glasscock, has been favored, we believe, with the services of one of the state's outstanding jurists. We make this observation because the current term of the district court in Howard county is the last over which Charles L. Klapproth will preside. Judge Klapproth is retiring, voluntarily, at the end of the year, after 12 years of notable service. We believe it is no exaggeration to say that citizens of the district, without exception, regard Judge Klapproth's period on the bench as one bringing honor to him, his courts and to the public he has served.

Versed in the law and equipped with that ability to administer a court with intelligence and justice, Judge Klapproth also has been a man of tolerance and understanding, a man with an insight into the difficulties arising out of any judicial problem, civil or criminal. It is not the purpose here to recite his "record" of decisions, the percentage affirmed or reversed by the higher tribunals. It is more our endeavor to laud him for the humanness with which he conducts his courts and the sincerity with which he treats all problems and all people.

We know that fellow workers in the courts and members of the bar—those who know him best—join in this recognition. And we know that the citizenship of Howard county and of other counties in the district realize, too, that on the first of the year Charles L. Klapproth may look back on a 12-year period of service with distinction.

Delegates to the Pan-American conference in Peru should not spill the beans while they're in Lima.

What the U. S. wants in the way of preparedness is more seats on the 50-yard line for the Army and Navy game.

Straw from the straw polls of the recent election may be gathered up and used in making hats to pay election bets.

The re-enactment of Steve Brodie's jump from Brooklyn Bridge at the New York World's Fair sounds rather flat. It was hoped Grover Whalen could get somebody to jump over it.

The elections should serve to emphasize the obligation of the Democrats to the Republican party.

BEHIND THE SCENES IN WASHINGTON

WASHINGTON, Nov. 15. — You can figure an electoral college majority for republicans on the basis of the 1938 election. If states in which the party made noticeable gains were to be carried by the G. O. into the White House.

In state where a new republican the total electoral vote would not be big enough to elect a President. But it could be assumed that, in addition to those states, each state which elected two or more new republican party presidential candidates would be assured.

That assumption may be considered optimistic. But if the 1938 trend toward the republicans is half matched by one in 1940 the result appears to be indicated by these figures:

In 1936 Mr. Roosevelt received 523 electoral votes as against Alf Landon's eight from Maine and Vermont.

In 1938 republican gubernatorial or senatorial candidates — or both — displaced democrats in these states: Pennsylvania, 36 electoral votes; Ohio 26, Michigan 19, Massachusetts 17, New Jersey 16, Wisconsin 12, Minnesota 11, Iowa 11, Kansas 9, Connecticut 8, Colorado 6, Oregon 5, New Hampshire 4, South Dakota 4, Idaho 4, Rhode Island 4, Wyoming 3, Delaware 3.

WHAT'S THE MORAL HERE?

TODAY'S true story concerns a young man who got a job in the Department of Labor helping enforce the Walsh Healy act, which requires certain government wage-hour standards in factories filling government contracts.

He got the job through a congressman and was sent out to check on factories. He was a bright boy, but couldn't write a report.

He met the difficulty by proceeding, on arrival in each town, to acquire a girl friend who could.

The girl friends came through magnificently until the day the job-holder was required to take a written city service examination. The young man recently returned to New York.

The total electoral votes of these states, added to those of Maine and Vermont, is 266.

But an electoral college majority is 266. Apparently it hasn't been done yet, but any smart republican can figure that majority and more if he banks on the following states in which his party has just gained two or more seats in the House:

New York, 47 electoral votes; Illinois 23, California 22, Indiana 14, Nebraska 7. Which is 119. And if you add that to the previous total the result is 325 electoral votes. A campaign record appears to have been established by Senator Homer T. Bone of Washington, democrat, who won in the primaries without accepting a contribution or spending a nickel and beat his republican opponent in the election without accepting a contribution.

Folks at Democratic Senatorial Campaign Committee headquarters swooned all over the place when Bone returned the perfunctory \$500 campaign contribution they sent him. In the election campaign he reported no contributions and \$406 for expenditures.

Native Sons Miss Sequoia.

GIANT FOREST, Cal. U.P. — A meeting here of the staff of the State Board of Education, consisting of 14 prominent Californians, developed the fact that only one of them had previously visited the Sequoia National Park and viewed the largest trees in the world.

much of the time.

So many cases by or against the state are filed in the three district courts here that litigants in non-state suits find it difficult to obtain speedy trials.

Gov. James V. Alford said the trouble necessitated by the required citation of officials could be rectified by the legislature. He suggested a law stipulating service is needed only on the attorney general. That would suffice, he said, since the attorney general represents the state in law suits.

Allred doubtless will step from the governor's office to the new South Texas federal judgeship Jan. 17 with mingled feelings of joy and sorrow but the fact he no longer will have to worry about job seekers most certainly will be "on the joy side."

The chief executive said at a recent press conference the biggest handicap to government was that public officials had to spend so much of their time answering job applicants. He added he might advocate some action to reduce this evil in his final message to the legislature which will be delivered about January 11.

An incoming governor, as Governor-Elect W. Lee O'Daniel already has found out, doesn't have nearly as many jobs with which to reward the faithful as the average person may believe. All of the large commissions are overlapping, that is, only one third of their members are appointed each two years. The jobs are handed out by the commission majority, not the governor.

The livestock sanitary commission is the latest addition to the list of overlapping agencies. A law enacted at the last regular session of

the legislature changed its status. Other overlapping bodies include such important ones as the highway commission, board of control, pardon board, unemployment compensation commission, insurance commission, liquor control board and board of education.

About the best story going around the capitol city is on Coach D. X. Bible of the University of Texas, who has had trouble bagging football victories in the tough southwest conference.

The bald coach got a haircut in an Austin barber shop and then bought ten-cent cigars for every barber in the establishment. Pressed for an explanation of this generosity, he replied:

"Well, it's the first place I've been in some time that no one asked me what's wrong with the football team."

An old frontier 45 calibre six-shooter belonging to Rex Fowler, Austin captain of detectives, recently entered its 66th year of service. Fowler's father used it 34 years, then handed it to his son.

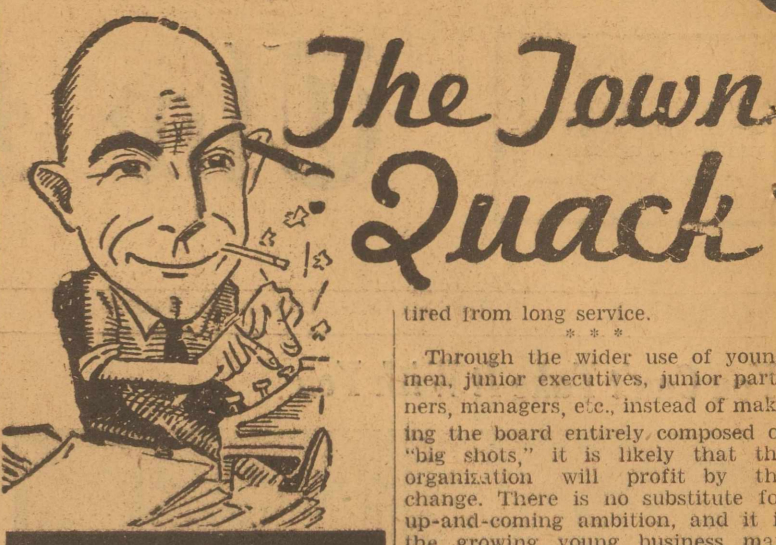

War Records Saved At State School

AUSTIN—Records of the wheatless and meatless days of Texans during the World War will be handed down to posterity by the archives of the University of Texas where there are filed away increasingly valuable evidences of the activities of people of the state during the time of war.

More than fifty filing cabinet drawers in the library archives of the university have been filled with collections made by the Texas war records collection bureau, established in October, 1918, and which functioned for several years. Instituted by the desire of several Texas historians that the war records of the state be gathered and preserved, the bureau selected Dr. Milton R. Gutsch, professor of history at the university, as director of the work. He made an intensive drive to acquire as soon after the war as possible evidences of every citizen engaged in by civilians during the conflict.

The search for material brought to the bureau books, war pamphlets, tags, buttons, war music, photographs, newspapers, war maps, and countless state records.

Especially complete and valuable is the collection of war-time propaganda posters from, not only the United States, but Britain, France, Italy, Belgium, Germany, Canada, and Russia. Some of these are advertising posters with war motives of private corporations, and are regarded as vivid illustrations of the crystallization of public opinion dur-

Young men are needed to take more responsibility in civic affairs. There are many projects which go unattended because the older, more "set-in-their-ways" civic leaders have their interests elsewhere. A plan for organization of a Junior Chamber of Commerce has been put up to the senior chamber. Appointment of a committee to study the situation has been made, and directors of the regular chamber apparently are in favor of getting the young men in the harness.

However, it may be that more can be accomplished by injecting this new blood into the older organization, replacing some of the long-time servers with new ideas and new energy. This is in no wise a complaint about the membership of the present board.

The board itself, considering the situation, voted last night to restrict the period of service of any one director to two successive years. This means that about half the bunch will be going off with new ones coming on each year, thereby gaining energetic directors when some of the older ones may have become

tired from long service.

Through the wider use of young men, junior executives, junior partners, managers, etc., instead of making the board entirely composed of "big shots," it is likely that the organization will profit by the change. There is no substitute for up-and-coming ambition, and it is the growing young business man who possesses this in a marked degree. The wise sage counsel of his elders is advisable, but the combination of the two should work wonders. I would like to see the juniors mixed up with the seniors, and not separated into two organizations. However, whatever it takes to get the younger men identified with civic affairs is the plan needed.

As one director said last night, the membership should be rotated from year to year for several reasons. One is that long-term members may get tired and let up on their interest. Another is that in a large membership, more man power should be put into use. Another is that, whether true or not, the opinion often gets expressed that the chamber of commerce is being run by a clique or a bunch of men who keep control of community affairs.

Many new members were added to the organization not long ago. Many more are available and are badly needed. I'm for the "shake-up" and I hope it will account for much new activity on the part of all citizens toward building Midland larger and better.

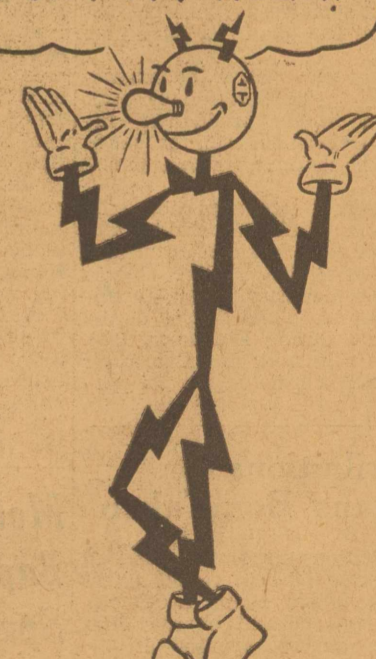

Registrations of New Cars Decline

AUSTIN—New automobile registrations in Texas during September were moderately above the preceding month but sharply below September last year, according to the bureau of business research of the University of Texas. The gain in total registrations over August resulted from the sharp gains in the intermediate and upper price groups, the lowest price group showing a decline for both comparable periods, the bureau said.

Reports from 16 representative Texas counties indicate an increase of 8.7 per cent in total registrations during September over the preceding month but a decline of 40.1 per cent from the like month last year. Aggregate registrations during the first nine months of the year in the 16 counties were 36.6 per cent below the corresponding period last year.

YOUR ELECTRIC FOOD MIXER USES ONLY 1/4¢ WORTH OF ELECTRICITY AN HOUR!

No woman would be willing to do hard work for only 1/4 cent an hour, yet that is all it costs to run an electric food mixer. If you use your mixer for a full hour to whip cream, mix a heavy batter or to do other kitchen tasks in preparing a Thanksgiving dinner, you can figure that the cost for electricity will be only 1/4 cent.

Isn't that a small price to pay for using a handy servant that saves your time and your strength?

Other electric appliances do their daily jobs just as cheaply. For example, cleaning a room with an electric cleaner costs on the average only about 1/4 cent. That is why we say that electric service is the biggest bargain in your home.

Martha Holloway. Mrs. H. S. Collins, 511 W. Louisiana, was hostess to the Martha Holloway circle.

Mrs. Myrtle Scarborough-Smith offered the opening prayer.

During the business session it was voted to hold a prayer meeting each morning at 9:30 o'clock during the revival meeting. The prayer services will be held at the home of Mrs. Ella Youngblood.

Mrs. Charles Kaase presented the book review, after which silent prayer was offered for foreign missionaries.

Prayer by Mrs. B. C. Girdley closed the meeting after which a social hour was held and refreshments were served to: Mmes. Girdley, A. C. Travelstead, Chas. Skinner, A. C. Francis, Kaase, a visitor, Mrs. Cox of Abilene, Mrs. Myrtle Scarborough-Smith, and the hostess.

Kara Scarborough. Mrs. T. S. Cole offered the opening prayer for the Kara Scarborough circle meeting with Mrs. Ernest Neill, 411 North A street.

Devotional was brought by Mrs. Brooks Pemberton and prayer by Mrs. W. W. Wimberly. This circle also voted to hold a prayer meeting each morning during the revival.

Mrs. S. L. Alexander reviewed the book for the day.

Closing prayer was offered by Mrs. D. W. Brunson.

Refreshments were served to a new member, Mrs. M. A. Floyd, a visitor, Mrs. Clinton Dumagan, and Mmes. Alexander, Wimberly, Pemberton, D. W. Brunson, Eula Mahoney, Garth Neill, T. S. Cole, A. T. Donnelly, Fred Middleton, and the hostess.

Annie Barron. Mrs. J. M. White brought the devotional for the Annie Barron circle meeting with Mrs. R. O. Collins, 701 N. Big Spring.

Opening prayer was offered by Mrs. J. H. Trickey.

The book for the day was reviewed by Mrs. J. Howard Hodge.

Mrs. Bob Preston offered the closing prayer.

The circle voted to have a daily prayer meeting during the revival.

Country Club Members Hold Their Initial "Club Night"

Opening what is expected to become an established series of such entertainments, Country Club members held their first "club night" at the clubhouse Saturday evening. A spaghetti supper was served, after which the evening was spent in bridge and other games.

Arrangements for the affair were in charge of the entertainment committee consisting of Mrs. Paul S. Oles, Mrs. E. A. Culbertson, and F. A. Stacy.

Plans are being made to repeat the "club night" each month. All Country Club members are urged to attend.

Present Saturday were: Mmes. and Messrs. R. W. Hamilton, W. T. Doherty, Preston Bridgewater, W. P. Thurmon, John Adams, John House, E. A. Culbertson, Olney Black Daines Dale, John M. Perkins, W. B. Harkrider, A. H. Riley, C. A. Mix, Addison Wadley, Paul S. Oles, Miss Dorothy Henderson, F. A. Stacy, Phil Yeckel.

The hostess served refreshments to: Mmes. White, Hodge, Percy Mims, A. W. Wyatt, Paul Barron, Bob Preston, Bill Epley, Trickey, and a visitor, Mrs. Myrl Jowell, mother of the hostess.

Glenn Walker. Glenn Walker circle met with Mrs. Geo. R. Grant, with Mrs. W. L. Fickett presenting the book review.

The meeting opened with songs and a prayer by Mrs. R. O. Walker.

Mrs. R. Chansler conducted the short business meeting.

Closing prayer was by Mrs. O. J. Hubbard.

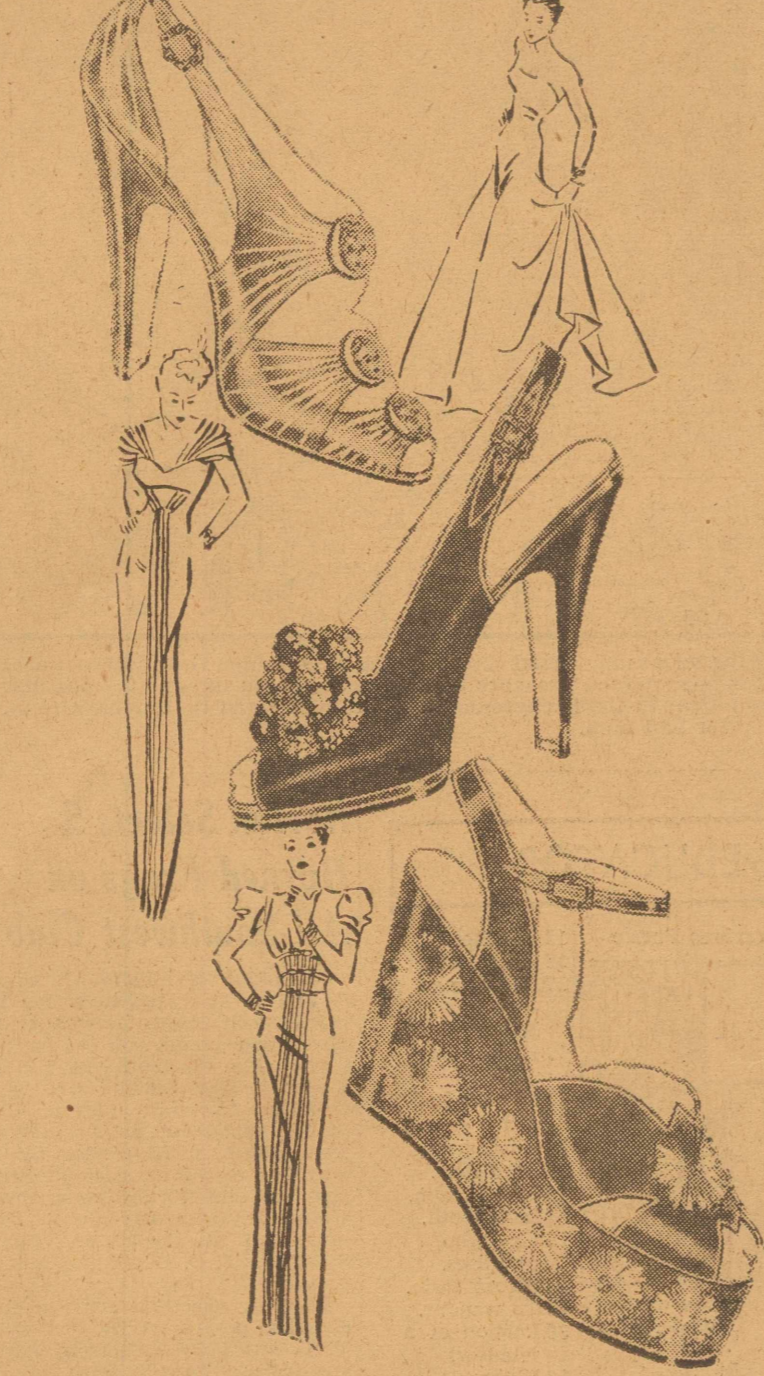

At the close of the program and business, refreshments were served to: Mmes. I. S. Moore, John Dumagan, Robert Cox, Paul Filson, Ray Hyatt, R. O. Walker, J. O. Vance, E. W. Cowden, Fickett, W. D. Anderson, O. J. Hubbard, Geo. Phillips, Chansler, and the hostess.

Butterfly Wings and Jewels Shine as Evening Stars in Shoe World for This Winter Season

One Model Boasts Three-Inch Sole

Antique masks of gold or silver kid trim the front of the arresting formal slipper at top. In the center is a black crepe sandal with a platform sole of gold kid and an ornament of colorful sequin flowers. Velvet footstool shoe, bottom, is trimmed with Louis XIV sun discs in gold. This makes you three inches taller than you actually are.

By MARIAN YOUNG
NEA Service Staff Correspondent.

NEW YORK—The smartest feet at formal parties these November evenings glitter and sparkle or are otherwise attention-getting. As always, chic women like plain, streamlined pump and one-eyelid ties for daytime, but, with evening clothes, such ideas as butterfly wings on heels and toes and sandals made entirely of straps into which are set cabochon amethysts or topazes or synthetic emeralds strike their fancy.

The widely-discussed butterfly wings are genuine ones, set into specially processed heels and buckles, the gay colorings in the wings contrasting charmingly with black, navy or royal blue satin.

Combinations of black and gold and black and silver satin are pressed to simulate hand-tooled leather. Antique masks of gold and silver are unique and effective trimming. Colorful sequin flowers fashion lovely toe bows.

Baby Blue and Baby Pink. Large bows in various fabrics are popular. One smart two-toned sandal, in baby blue and baby pink, is trimmed with an enormous bow in the same shades. It makes the foot look ever so smart and doll-like.

Velvet evening shoes come in wonderful jewel tones. A model with a three-inch platform sole and an arch-wedge heel is in tangerine velvet. For an important dinner, a black sandal of crushed velvet with green antique masks on toe and heel would be ideal. For less elaborate dinners, antelope pumps with or without rhinestone buckles or ornaments of sequin flowers are perfect. Black satin sandals with gold or silver kid platforms are a nice choice, too.

Once your evening shoe wardrobe is assembled, plan to care for it as carefully as you do the rest of your clothes. Put shoe trees in dancing pumps the moment you take them off. Next morning, remove the trees and stuff tissue paper into the toes. Incidentally, there are tiny satin sachet pillows made especially for this purpose. Wrap shoes which are tarnishable or trimmed with tarnishable bows or ornaments carefully in black tissue paper and put them in a box. Place wads of tissue paper between loops of bows before wrapping them in tissue paper. Remove spots on satin or crepe with a bit of cleaning fluid.

Velvet in Gem Tones for Theater

(From Delman, New York.) A beautiful evening slipper, top, in black and gold pressed satin which simulates hand-tooled leather, is piped with plain gold, has a spoon heel and a gold cord tie. The lovely model in the center has a series of slender black satin straps set with cabochon amethysts. The royal blue crepe sandal, bottom, is trimmed with a genuine butterfly wing, processed so as to be waterproof.

Christian Women Plan for Gifts To Orphans Home

Mrs. Glenn Brunson taught the lesson at the meeting of Circle No. 2 of the women's council of the First Christian church for which Mrs. B. W. Stevens was hostess Monday afternoon.

The group is now reviewing the four Gospels with the members taking different parts of the book for their individual topics.

During the short business session plans were made for sending a box to the Orphans Home at Dallas Saturday and also to send the Home a gift of apples for Thanksgiving.

A social hour followed the business and study.

Present were: Mmes. M. A. Park, L. A. Arrington, Chas. Klapproth, Frank Williamson, R. D. McBrian, L. B. Pemberton, J. E. Pickering, S. P. Hall, Alvin Johnson, Glenn Brunson, and the hostess.

Circle No. 1 met at the church with Mrs. J. R. Jones, president, conducting the meeting.

During the business session, it was decided that the group should send a gift of apples to the Juliet Fowler Orphans Home at Dallas.

Mrs. Geo. Ratliff read the Twenty-Seventh Psalm and offered prayer. She also presented the study from the book, "The American City and Its Church."

Present were: Mmes. Jones, G. H. Butler, D. E. Legges, Ella Ragdale, F. E. Ingham, Ratliff, Johnson, and a visitor, Mrs. W. H. Smith of Arizona.

Mrs. R. L. Miller Directs Program

Ruth circle of the Presbyterian church met with Mrs. John West Monday afternoon.

Discussion of Christmas plans was the feature of the business meeting.

Mrs. R. L. Miller directed the program on "We Believe in Prayer." She was assisted by Mrs. W. G. Whitehouse.

Collection was taken for home missions.

Refreshments were served to: Mmes. J. M. Armstrong, W. H. Gilmore, E. C. Hitchcock, Ora Holzgraf, W. P. Knight, J. B. Richards, Tom Sealy, V. W. Siebert, Frank Stubbeman, A. Van Kampen, Whitehouse, Don Traynor, Curtis Gilmore, Miller, and the hostess.

Beauties 'Mush' to Fair

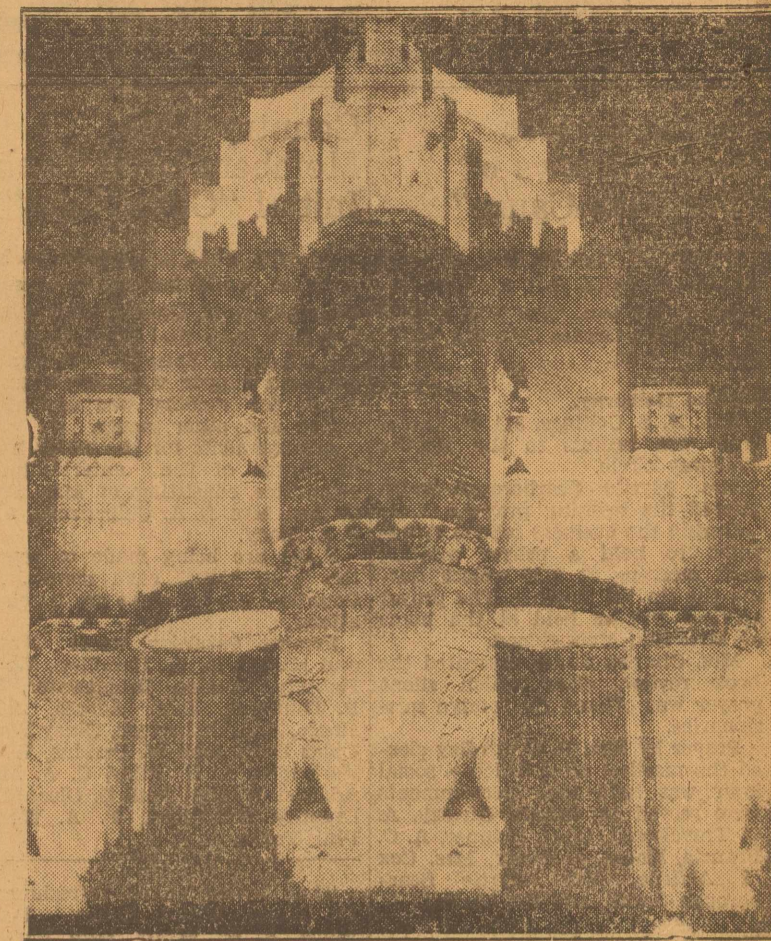

Laura Textor (left) and Bettina Norberg, who say Alaska is "the grandest place in the world," could not wait for opening of the California World's Fair next year. They "mushed" there with Trainer Bill Thompson's famous dog team and here are seen on palm-bedecked Treasure Island in San Francisco Bay.

As Seagulls See California World's Fair in San Francisco Bay

This humorous sketch by Artist Lewis Roe colorfully portrays the man-made island setting of the 1939 Golden Gate International Exposition in the middle of San Francisco Bay. The site, which has been named Treasure Island, lies between the two famous new bridges. In the foreground is Oakland and other East Bay communities; in the background, San Francisco and the Pacific Ocean. Note at right, Alcatraz Island, the Federal Government's "home" for bad men.

NOTRE DAME PASSES TCU AS FIRST CLUB IN NATION, WRITERS DECLARE

BY DREW MIDDLETON

NEW YORK, Nov. 15. (AP). — The nighties Notre Dame football team since the halcyon days of Knute Rockne took over national leadership in the fifth Associated Press poll of sports writers, Monday.

The flying Irish, who bagged their seventh major victory Saturday, rolled up a total of 887 points to lead Texas Christian, the first team a week ago, by 101 points. Sixty of the 92 sports writers who participated in the poll named Notre Dame as their No. 1 eleven.

The rise of the Irish from second to first place was accompanied by other upheavals of lesser note. Tennessee, paladin of the Southeastern Conference, moved from fourth to third, and Duke, triumphant over Syracuse in its northern invasion, rose from seventh to fourth. Unbeaten Oklahoma jumped from tenth to seventh and Cornell, which finally harnessed its acknowledged manpower against Dartmouth, made the poll's biggest gain, a spur from 20th to eighth.

The first ten (first place votes in brackets, points scored on 10-9-8-7-6-5-4-3-2-1 basis):

Team	Points
Notre Dame (60)	887
Texas Christian (19)	736
Tennessee (5)	633
Duke (5)	586
Pittsburgh (2)	532
Carnegie Tech	532
Oklahoma (1)	315
Cornell	194
California	136

Holy Cross 130
Second ten: Santa Clara 79, Wisconsin 52, Southern California 40, Dartmouth 38, Villanova 26, Northwestern 23, Michigan 19, Fordham 18, Texas Tech 17, Alabama 16.

Citrus mentioned: Boston College 12, Georgetown 10, Minnesota 9, Iowa State and Ohio State 4 each, Georgia Tech and St. Mary's 3 each, Auburn 2, North Carolina, Vanderbilt and Clemson 1 each.

Notre Dame's exceptional showing against Minnesota apparently was all the pundits needed. When Minnesota, always large, courageous and well-drilled fell, the press—and the public gave heed.

An outstanding victory such as Notre Dame's rout of the Gophers was necessary to take the leadership from T. C. U. which retained its all-winning form by bombing hapless Texas.

Since Pitt's defeat by Carnegie Tech there has been a general flailing out. T. C. U., Tennessee, Duke and Pitt all have extremely good opportunities to take over the leadership.

Duck Hunters Will Unlimber Guns as Season Opens Today

Plenty of ducks but not a lot of geese will be found by hunters of this area of West Texas as they open the season on the fowls today, according to game warden Tom Grammer.

Today also marks the close of the dove hunting season as well as inaugural of the duck shooting, the warden reminded.

Stressed by the warden in a warning to hunters is this: The time of day in which ducks and geese may be killed differs from the dove regulations. The water fowl hours are from 7 o'clock in the morning to 4 o'clock in the afternoon and not "sunset to sundown" as in the case of doves. Hunters are requested to keep a close tab on their watches.

Galento Knocks Out Thomas in 3rd With "Invisible Punch"

PHILADELPHIA, Nov. 15. (AP). — Titanic Tony Galento flattened Harry Thomas in three rounds last night with as much trouble as he'd have downing ten or a dozen bears in his Orange, N. J., tavern any evening with his pals. Galento weighed 236, Thomas 198 1/2.

Before a crowd of 12,000 which booted the finish roundly, the two-ton gent from Jersey dropped the ex-horse shooer from Eagle Bend, Minn., four times in the third round, twice with punches that barely landed. When Thomas sank to the canvas a fifth time—on this occasion before Tony could rush in at him—Referee Tommy O'Keefe called a halt to the proceedings at 2 minutes 12 seconds of the session.

Thus the Jersey Nightstick came back to the ring was he forced to desert last summer to battle with "Kid Pneumonia" in a battle to a finish. From what he showed last night, each customer was more or less convinced that the heavyweight champion laurels of Joe Louis, who is on Tony's "must" list of opposition, are safe for a while.

Stressed by the warden in a warning to hunters is this: The time of day in which ducks and geese may be killed differs from the dove regulations. The water fowl hours are from 7 o'clock in the morning to 4 o'clock in the afternoon and not "sunset to sundown" as in the case of doves. Hunters are requested to keep a close tab on their watches.

Another warning was issued on the capacity of guns. Repeating and automatic shotguns should not contain more than three shells.

Local duck hunters are likely to be forced quite a distance for any hunting this season due to the scarcity of water in this area. Many will probably go to the Blacklock lake in Glasscock county, restricted to members of guests of the Lake Hunting Club.

Numerous hunters are expected to forego duck hunting to continue preparations for deer and turkey shooting which legally opens tomorrow morning. The duck season is much earlier than usual this year.

The quail season does not open until Dec. 1, ends January 16. There will be no open quail season in Midland county this year.

Nimrods planning to hunt ducks were reminded they must exhibit the federal duck stamps, which are obtainable only at the post office. About 40 stamps had been sold by noon today.

The waterfowl hunters may bag 10 ducks in the aggregate or five

End of Season Appears in Sight for All Members of Southwest Conference

FORT WORTH.—The end of the 1938 grid season hoves into sight this week. For the first time since the September opening, only three games are booked for one week-end, two of them conference contests and the other an inter-sectional tilt.

Rating the top spot on the week's card is the Texas Christian-Rice game in Houston. The Owls have gone 14 years without a victory over the long famine. A crowd of from 30,000 to 35,000 is expected for the affair, including several of the nation's top sports writers. Predicting a winner would be beyond the power of the most gifted gamblers. The Frogs won, 7 to 2, last year in Fort Worth.

The other conference go is between Baylor and S. M. U. in Waco. Here again, predictions are both difficult and dangerous. The Mustangs started out weak but have been coming along fast. The Bears will be back from their long trek to Los Angeles and might be a bit travel weary. Pull a name out of your hat and abide thereby. S. M. U. won last year, 13 to 7.

The Arkansas Razorbacks play Mississippi U. on the neutral soil of Memphis, Tenn. The Razorbacks swamped Ole Miss under a 32-to-6 count in the 1937 encounter, and

should be able to add another victory to help along the Southwest's 1938 percentage average.

The Texas Aggies and the University of Texas Longhorns will be idle this week, devoting the open period to preparations for their annual Thanksgiving encounter, scheduled this year for Austin.

Norton Selects 5 Horned Frogs on All-Southwest Club

COLLEGE STATION.—Based on players he has seen in action this year, Coach Homer Norton of the Texas Aggies today selected for NEA Service his All-Southwest Football Team of 1938, placing five Texas Christian University players, three Aggies, two from Baylor and two from Southern Methodist University. The reason for selecting twelve men was that Norton was unable to decide between Big John Kimbrough of the Aggies and Connie Sparks of T. C. U. for the fullback post.

Norton's selections for the other backfield posts were Davey O'Brien, T. C. U.; Billy Patterson, Baylor, and his own Dick Todd of A. & M. S. Center position went to Ki Aldrich of T. C. U. while G. Sanders of S. M. U. and Forrest Kline of T. C. U. received the nod for guard positions. Tackles selected were Joe Boyd of A. & M. and Captain I. E. Hale of T. C. U. Billy Dewell of S. M. U. and Sam Boyd of Baylor were Norton's choice for the end posts.

The request for the selection of the All-Southwest team came to Norton from Harry Grayson, sports editor, News Enterprise Association, Cleveland.

Business Women Hear Reports on Regional Meeting

Reports on the regional meeting of Business and Professional Women's clubs in Oklahoma City the past week-end were made by Miss Maria Spencer, Miss Fannie Bess Taylor, and Mrs. Frances Carter at the meeting of the Midland Business and Professional Women's group Monday evening at the home of Miss Taylor.

The trio reporting stressed the gains to be made by attending such conferences through friendly association with active, progressive, thinking women leaders in their professions and in their clubs and through gaining wider outlook on conditions of the country and the world.

Three new members were elected to the club including Mrs. Lenora Epley of Stanton, Mrs. Hal Peck, and Mrs. A. Van Kampen. Election was by acclamation.

Reports of committees were heard and other business conducted. Resignation of Miss Lydie G. Watson was accepted.

The program for the evening, "Candid Portrait of Employers," was in charge of Miss Kathleen Eiland. Assisting her were Miss Mamie Belle McKee, Miss Betty Wilson, Mrs. L. A. Denton, and Miss Elma Graves, who discussed such questions as hours, wages, tenure of position, and other fundamental problems of their work.

Eighteen members were present.

Mrs. Forest Is Hostess to Party Honoring Daughter

Mrs. Charles Forest entertained a group of children at her home, 494 E. California, Monday, honoring her daughter, Martha Louise, on her third birthday anniversary.

Games furnished amusement for the guests and refreshments were served at the close of play.

Present were: The honoree, Lois Shelburne, Lady Bug Kidwell, Dale and Sue Nell Porter, Joyce Forest, Betty Jean Stultz, Irene Stultz, Freddie Mae Stultz, Milton Jones, Dorothy Lee and Donald Prager, Dorothy Lee, John and Joe Ricers, Paul Forest, and Kathryn Forest.

Mexican Luncheon Is Served to 24

Usual meeting of the Episcopal auxiliary was omitted Monday its place being taken by the Mexican luncheon served by Mrs. Allan Hargrave at her home, 213 South L street, as a method of raising her share of the church pledge.

Mexican dishes were served on the menu, 24 women being present for the affair.

"Beloved God is writing your record each day, writing it as it is. Before Jesus, what will your record be? You and I make our own record."

Announcement was made today by Manager Bob Williams of the Household Supply company of the winners in the Quiz Contest recently held at the store during its formal opening at 123 North Main street.

Winner of first place in the contest was Mrs. J. W. Skinner. She will receive a mix master set. Her paper received first place over approximately 100 other answers turned in.

Other prizes went to Mrs. T. L. Morgan, Mrs. J. E. Pickering, Mrs. Roy F. Stockard and Mrs. Roy McKee.

Mrs. Mark Whittaker was given a prize for owning the oldest Frigidaire in the county, having a 1925 model machine.

Williams voiced appreciation to the many women that entered the contest and expressed regret that it was not possible to reward all.

Rev. H. C. Shipley, former foreign missionary to India, China, and other Oriental countries and former lyceum lecturer, will present a lecture on the Hawaiian Islands at the First Christian church on Wednesday evening at 7:30 o'clock.

The lecture will take the place of the usual mid-week prayer service and the public is invited to attend. There will be no admission charge.

Mr. Shipley, whose lectures in Kansas, Missouri, Iowa, and Illinois elicited favorable comments from the press in cities visited, has numbers of photographs made in foreign lands.

All citizens interested in foreign travel lectures are invited to be present.

Mustang Boys Club Column

Wednesday night at 7 o'clock the gates of the corral at the Mustang Boys' club will be thrown wide open for the big winter's program. Interesting plans are being developed for lively doings between now and Christmas with plenty of fun just around the corner.

At the Wednesday night meeting each Musty Mustang may have the privilege of bringing any pal or buddy who may wish to come as his guest. Any Maverick who has not joined the herd and thinks he would enjoy the permanent company of this wild bunch of young horses is also invited to come. You are never a stranger while in the Mustang pasture or corral. The watchword is Tejas (meaning friendly) and the club motto is "One for all and all for one."

At the Library

Good Book Week Contest.

Boys and girls interested in entering the Good Book Week Contest now in progress at the county library may do so by asking at the desk for particulars.

Three groups of pictures have been arranged illustrating well-known children's stories. One is for the younger children of grades 1-2; the second for children of grades 3-4; and the third for children of grades 5-7.

For the youngest group the title only is to be given. The other two groups are to give a title of the book and then look up the author's name in the card catalogue.

The child in each group giving the greatest number of correct answers will be presented with a prize.

The contest, opening Sunday, Nov. 13, will close Saturday of this week, Nov. 19.

life for Christ. The child of God ought to live a clean life. Questionable amusements, worldly entertainments, lustful indulgence, Sabbath desecration, gambling, by that name or any other name, lying and cheating should have no place in the life of the Christian. None can let live with half our lives in the world and the other half in the church and win from Christ. Our everyday life should count for God as much as our Sunday life.

"I want it written that I am faithful to Him. I want it written that I am faithful to the Bible. I believe the Bible—Jonah and the whale, and every other miracle. I have no doubts about the miraculous in God's book. Some day I must meet its author and I want to be able then to say that I have never doubted it."

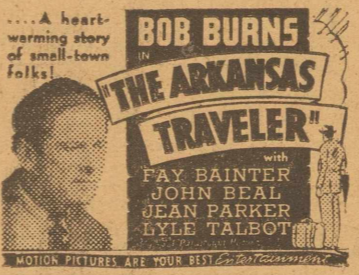

"I want to be faithful to His church. The church has been my spiritual mother and I love her. I have nothing but contempt for those who would impair the usefulness of the bride of Christ by their continual carping and criticizing. When I hear them I never say, 'What is the matter with the church?' but 'What sin are they trying to hide?' The church is not perfect, composed of poor frail humanity, but it is the only institution dedicated to making this a better place in which to live."

"I want to be faithful with my money, faithful with Him in giving to His cause all He asks and then some of my substance. My title would ever be His. He asks that. Then out of the abundance of love and joy in my heart, let me bring liberal offerings at times. Those are my gifts of love. I want it written that I am faithful to the gospel of Christ. I do not know much science. I know very little philosophy. I know a poem or two. However, I want it on record that I have preached the plain simple gospel, that the church I serve is lashed to the old blood gospel of Christ."

"This preacher once had an ambition to be a great preacher, but now a greater ambition has seized him—to be a winner of souls, and a good man for Jesus Christ. He wants his preaching to be evangelistic. His influence to be a silent soul winner. His money to extend his soul winning achievements beyond the range of his voice and the reach of his hands. He wants it written he is a winner of souls. 'Beloved God is writing your record each day, writing it as it is. Before Jesus, what will your record be? You and I make our own record.'"

Believe YOUR FRIENDLY MAGNOLIA DEALER WHEN HE SAYS...

"IT PAYS TO WINTER PROOF"

Sure, it pays to Winter Proof your car. My regular customers prove that for themselves every year. And I've got all kinds of customers. A few of them haven't tried all seven points of Winter Proof service. If they could talk to some of my other customers whose repair bills made them appreciate complete Winter Proof service... they would probably save themselves the same kind of repair bills. Most of the new names I add to my Winter Proof records each year come back for more the next winter. That's the best proof I know of that it pays to Winter Proof. How about a Winter Proof job for your car this winter?"
