MOODY DECLINES AL SMITH DEBATE

EFFORT OF HOUSTON MAN TO DRAW GOVERNOR INTO PUBLIC DISCUSSION IS DENIED TODAY

(By The Associated Press)
HOUSTON, Apr. 30.—The challenge to Governor Dan Moody to fight out the question of Al Smith's presidential candidacy in a joint debate at Houston this week was declined Monday on behalf of the governor by Lynch Davidson of Houston, chairman of Mr. Moody's "Democrats of Texas."

Mr. Davidson announced at the same time that Governor Moody would speak at the city auditorium here Wednesday under auspices of the "Democrats of Texas" and the Harris County Democratic League.

The challenge to Governor Moody was in the form of a letter written to Mr. Davidson by R. L. Henry of Houston, president of the Al Smith-for-president club here and member of the Al Smith state campaign committee.

In commenting on the challenge, Mr. Davidson said he did not "think we want to use the governor to draw a crowd for R. L. Henry."

"Our program is already arranged and the length of time we could reasonably expect to hold any audience has been filled by our program," Mr. Davidson wrote Mr. Henry. "For these reasons your request is respectfully declined."

Mr. Davidson said that governor would "picture the Texas political situation in all its stark reality," and that "not since the state campaign of 1926 has there been as frank and blunt a discussion of things political as Governor Moody will give Wednesday night."

GIRL KILLED IN CHICAGO RAID

AGGIE QUEEN

CHICAGO, Apr. 30.—The slaying of women has been added to the blood and terror repertoire of Chicago gunmen.

They slew 17-year-old Pearl Eggerston last night as she cowered under their guns in the cashier's cage of the Ritz theatre in suburban Berwyn; she was because she screamed at the sight of eyes that stared through oval masks, and guns that poked at her from outside the glass wall.

An army of automatics roared and the little usherette fell. The man with the pistol and his companion with a spaded-off shotgun opened the door to the ticket booth and scooped up \$1,500 of the theater's receipts.

With the loot in their arms, the robbers used their guns to hold back 60 persons in the ticket line, and walked to the curb where a companion waited at the wheel of an automobile bearing a New York license. Each fired a shot in the direction of the crowd before disappearing into the night.

Employed in Spare Time
Miss Eggerston was employed in an Oak Park department store and increased her weekly income by acting as usherette at the Ritz theatre Sunday nights. The second show of the night had just started and the nearly 2,000 persons in the audience were watching "their hour" on the screen when the girl when the girl went to the cashier's cage and was faced by the gunmen.

They pointed their weapons at the girl and told them to "keep your trap shut and give us the money." Miss Plante, in her story to police, said she was on the point of refusing their demand when the Eggerston girl screamed, an automatic spoke and both girls slumped to the floor of the narrow cage. Miss Eggerston with a wound in her abdomen which cost her life before she could be taken to a hospital, and Miss Plante in a faint.

WARSHIPS SENT INTO ZONE WITH CRISIS OVER BILL NEAR
LONDON, April 30.—Several British warships and cruisers sailed this morning from Malta for Egypt in connection with an Anglo-Egyptian crisis which revolves around the Egyptian public assemblies bill. An ultimatum demanding withdrawal of the bill within three days was handed the Egyptian government last night by the British.

The situation today was grave and fraught with serious possibilities, although in official circles in London it was thought that the difficulties were not insurmountable and the sky might clear suddenly. There was no effort, however, to minimize the seriousness of the crisis.

It was stated that the British did not mention sanctions in their note to Egypt as a penalty for Egypt's refusal to comply, but in well-informed circles the opinion was expressed that sanctions would be applied if the Egyptians were obdurate. Brooks Says Relocation Committee Erred In Decision To Move Baylor

Distance From City And Other Things Cited By Him

(By Associated Press)
WACO, Apr. 30.—Dr. S. P. Brooks, president of Baylor University, said today in an address in Baylor chapel that the educational relocation commission of the Baptist general convention of Texas "erred" in recommending the removal of the school to Dallas.

Dr. Brooks discredited the idea that he might be considering the conveniences to either faculty members or to himself.

Statement Expected
The relocation committee has rendered a decision which I say was in error," he said. "And neither the Baptist general convention, nor the university's board of trustees, of which I am only an employee, which itself is divided on the question at present, would have any respect for me unless I did announce my stand on the matter at this time."

Dr. Brooks took cognizance of "conditions" and discussed Dallas' offer of \$1,500,000 and 1,000 acres of land for Baylor's location near that city.

The university's site will be four or five miles from Dallas on a bare prairie, he said, with no neighborhood essential for boarding houses, as is to be found at Waco.

"I grant you that with a few millions you can transform the prairie into a beauty spot; but you can't do it with Baptist optimism," he said.

Decision Expected In General Meeting
DALLAS, April 30.—Final decision as to the removal of Baylor University from Waco to Dallas, as recommended by the educational relocation commission of the Baptist general convention of Texas.

BOWERS NAMED KEYNOTER FOR DEMO MEETING

EDITORIAL WRITER OF NEW YORK AWARDED HONOR BY PARTY

(By Associated Press)
WASHINGTON, April 30.—Claude G. Bowers, editorial writer on the New York Evening World, was selected today to deliver the keynote speech at the democratic national convention.

At a meeting of members of the democratic national committee charged with making arrangements for the convention Bowers' name was proposed by Mrs. Leroy Springs of South Carolina. His selection was unanimous.

Author of Several Books
"Bowers is a former Indian and the author of a number of books built around historical events in the early days of the American Republic."

The committee on arrangements holding its first meeting since its creation in January was only in session an hour.

After hearing a report from Jesse H. Jones of Houston, its executive chairman, the committee appointed a slate of temporary convention officers in addition to Bowers and authorized creation of a number of small committees to handle convention details.

Chairman Shaver of the National committee announced that a suggestion had been made to him that Senator Dill of Washington be designated as keynoter. He said he had discussed the situation with Dill, who had advised him that there was virtually a universal demand for Bowers.

The Washington senator asked that his name be not pressed. No consideration was given to the selection of a permanent convention chairman. This post will be filled when the convention actually gets under way, with the national committee expected to meet at Rankin ten days ago, resulted in bond being refused the defendant.

\$1,000 Posted In Eastland Frog Row

ST. LOUIS, April 30.—Anyone who can prove that the famed Eastland, Texas, horned toad was not incarcerated for 31 years in the corner stone of the old court house here, will be given a reward of \$1,000.

George M. Dieckman, president of the St. Louis Zoological society, made the offer of faith and ridicule which the zoo board has received here since it purchased the toad to put in the reptile house at Forest Park.

"I am getting tired of the criticism of ill-advised people," Dieckman said. "I suppose they consider as fakes all the articles written by scientists on frogs found in coal mines, where they have been buried probably millions of years."

"Let the doubters come and disprove our evidence of good faith," Dieckman said.

The toad has attracted a great deal of attention at the reptile house in the park.

ROBINS TAKE DOUBLE HEADER FROM PHILLIES AND LEAGUE LEADERSHIP WHILE GIANTS DIVIDE DOUBLE BILL

Given the moral support of a presidential year, the Brooklyn Robins are dreaming of pennants and world series.

Although the flowers that bloom in the spring generally are withered beyond repair by fall, Wilbert Robinson's flock of hopefuls are not letting that interfere with their dreams so long as they can stay on top of the National league standing.

Win Double Header. Given pitching better than even Uncle Robby has a right to expect, the Robins took both ends of a double header with the Philadelphia Nationals at Ebbets field Sunday.

Clark allowed five hits and absolutely no runs in the tight game. The New York Giants split a double header with the Boston Braves at the Polo grounds.

Now it so happened that the owners of the two tires were neighbors and the first man "kidded" his friend for paying 20% more for his tire.

The price of new \$35 suits may sound familiar — but it won't breed contempt.

You'll have a lot more respect for the timid sum of \$35 after you've seen these new models.

The Egyptian stand concerning the assemblies bill is regarded as another step in the Egyptian campaign for absolute independence. The assemblies bill in effect permits all sorts of public assemblies and prohibits the police from interfering unless disorders have already started. Much bloodshed has resulted from assemblies in the past, including the deaths of foreigners. The British attitude is that the proposed bill should not be allowed passage.

CHICAGO, April 30 (AP)—Promoter Jim Mullen tonight will make another attempt to discover a bone crushing heavyweight of the Dempsey or Firpo variety who can make things interesting for Gene Tunney. Two of his hopes will meet in the ten round windup of his boxing show at the Coliseum. They are Gilo Von Porat, the Norwegian heavyweight, and "Tiny" Roebuck, former Haskell Indian football star who has been knocking out his opponents with such regularity and rapidity that he has attracted attention in the middleweight. It will be a hard test for the Norwegian. The Indian packs a hard punch and puts his 240 old pounds and six feet five inch height behind it.

TERROR HOLDS AS NEW QUAKE ROCK BULGARIA

DISTRAUGHT AND HALF-NAKED POPULATION IS NEAR MADNESS

(By Associated Press) VIENNA, April 30.—Terror reigned today among the people of south-eastern Bulgaria and the isthmus of Corinth after a continuation of the series of earthquakes which has bestruck them and made them destitute.

Shocks in Bulgaria were accompanied in some instances by the sudden appearance of miniature craters and small lakes. These with the relentless and continuous shaking of the earth accompanied by terrifying subterranean roars kept a distraught, shelterless and half-naked population in a state bordering on madness.

Violent Hailstorm
The quake was accompanied by a violent hailstorm at Borissgrad, which was already laid waste by previous upheavals. The storm destroyed all remaining vestiges of vegetation and killed many cattle. Successive shocks were also felt at Philippopolis, Tapani, Thirpani and Sguro.

Austrian scientists said the quakes were of tectonic character, involving the shifting of giant strata from vertical to horizontal. They thought that the tremors might extend to other parts of the Balkans which have been devastated by similar disturbances from prehistoric times.

Corinth Panic Stricken
The people of Corinth, where but a few weakened structures have survived, were panic stricken when another quake occurred. Unconfirmed reports said much damage had been caused in Isthmus and Velos and some at Assos and Xylocastro.

Madame Paul Koundouriotis, wife of the president of Greece, went to Corinth to superintend relief work and is living in a tent there. Three Italian ships arrived with tents for the thousands of refugees.

Shocks Continue In Area About Corinth
ATHENS, April 30. (AP)—Continued earthquake shocks were felt on the isthmus of Corinth today and soon the injured were being brought into Corinth, where relief operations have been established.

One shock at noon destroyed a hundred houses at Kiso, thirteen miles from Corinth on the Patras railway, and several at Nemea. The shock was also felt at Athens.

TEN FILE HERE FOR TRAINING IN C. M. T. C. SCHOOL

Ten applications have been taken out by Lubbock boys for entrance into the Citizens Military Training camp at Fort Sam Houston, San Antonio, June 13 to July 14. Lt. H. E. Killin, who has charge of the registration here, said today.

The applications were taken out mostly by Tech students. Lt. Killin stated, not a single high school student applying for entrance. The camps are held primarily for boys of the high school age, he said, more than 95 per cent of the members of the camps every summer being high school students.

Lt. Killin says that he would like to see a large number of the Lubbock high school boys sign for the camp this summer as it gives them a full month's vacation and supervised athletic training with all expenses paid.

Lt. Killin will be in his office in the Tech gymnasium every afternoon and will be glad to confer with any boy or man desiring to enter a camp this summer. Transcripts may be made from this area to camps at Fort Hill, Lawton Oklahoma, Fort Logan, Denver, Colorado or Fort Bliss, El Paso, Texas. Lt. Killin said.

Winking wisely, and searching for a dark spot in which to snooze throughout the day, the old fellow was found wandering around in the yard at the Bean home early today.

"PRESIDENTIAL CAMPAIGN PORTRAITS"

FRANK O. LOWDEN

LOWDEN HAD TO FIGHT POVERTY AS A BOY

EDITOR'S NOTE: This, the eventeenth in the series of Presidential Campaign Portraits written for The Journal and NEA Service by Robert Talley, is the second of three articles dealing with the career of ex-Governor Frank O. Lowden. The final article will appear tomorrow.

By ROBERT TALLEY
NEA Service Writer

WASHINGTON, Apr. 30.—There is all the "typically American" color that a novelist might desire in the story of Frank O. Lowden, now a candidate for the presidency. Back in 1858 his father, Lorenzo Lowden, migrated from Pennsylvania to Minnesota, following the lead of the Indian and the fur trader. Lorenzo Lowden, a farmer and a blacksmith, settled at the village of Sunrise, Minn., and there on Jan. 28, 1861, Frank O. Lowden was born. He was raised on a farm, a pioneer

in the office by day and studied law in a night school. He specialized in business law and succeeded. His fame as a lawyer, especially in dealing with intricate business litigation, began to spread. In 1898, Lowden—then a prosperous attorney—married. He met Miss Florence Pullman, who had been wooed unsuccessfully by European royalty, abroad ship when returning from a trip to London. It is related that when Lowden asked George M. Pullman for his daughter's hand in marriage the aged sleeping car Croesus eyed him quizzically and asked him how much his income was. Lowden named the figure. "My boy," Pullman smiled, "that isn't enough to buy violets for Florence!" Nevertheless, they were married and, like the couples in the story books, they have "lived happily ever after." They have four children—three daughters, Florence, Harriett and Frances, and one son, Pullman. About the time of his marriage Lowden began to acquire the first parts of his now famous Sinitisippi farm, his 5,000-acre tract near Oregon, Ill., on which he resides. The farm is famous as a model of efficient agricultural and livestock methods.

In 1896 the law partnership of Lowden, Easterbrook and Davis was formed and rapidly became one of the best known firms in the middle west. It specialized on business law. In 1899 Lowden tried his hand at politics but was defeated for governor by the Yates-Drewnen forces, Drewnen being nominated. In 1903 he was elected to congress to fill the unexpired term of a member who had died. He continued there until 1913, when he voluntarily retired.

In 1916 he was elected governor of Illinois and served four years. During his early years of residence in Chicago, Lowden met another young lawyer who had come to Chicago to seek his fortune. Both prospered, both gained fame and a fast friendship that endures until this day grew up between them. That man was Charles G. Dawes, now vice president of the United States and also being mentioned for the presidency.

INFORMATION FOR PARENTS
NEW YORK—Triplets occur but once in every 6,200 births on an average, figures from four large New York maternity hospitals show. But twins surprise about one set of parents out of every 100.

Ex-Gov. Lowden inspecting his cattle on his Sinitisippi farm

Lowden once told an audience, "There were common hardships to endure, common dangers to face. During those early days there was once a very formidable uprising of the Sioux Indians of Minnesota. My father was absent from the farm with other men patrolling the bounding forests to prevent a possible Indian surprise. My mother, not daring to leave me in the house for fear of the Indians, took with her to the pasture at milk-time. Hard times came upon Minnesota the sixties. When Frank was only seven years old, Lorenzo Lowden loaded his family into a covered wagon and headed south in quest of more inviting fields. At Pleasant Point, in Hardin county, Iowa, a blacksmith halted and decided to locate. The boy plodded beside the wagon, helping his father drive the team. After boyhood upon the farm and the blacksmith shop, Frank Lowden worked his way through a State university, working as a laborer in summer. When he graduated in 1885 it was as class dictator. Lowden taught school for a time in then Chicago and a law career beckoned him. He went there, not as clerk in a law firm, work-

SUMMER HILL ADDITION
Summer Hill is located due south of Myrick Addition and 700 feet East of O'Neill Terrace, in the popular and growing Southwest section of Lubbock.
Summer Hill lots are 50x131, face North and South, are high, level and slightly. Restricted to moderate priced homes.
Summer Hill lots can be bought at \$150 on the very easy terms of \$5.00 cash and \$5.00 monthly with 8 per cent interest.
Taxes paid for 1928. Abstract of Title with each lot.
INDUSTRIAL SITES
In Summer Hill, we have 24 lots that are on the Denver Switch. These are fine for warehouse or similar sites. Think of a lot with switch for \$150.00! Where can you duplicate this in Lubbock? At \$5.00 down and \$5.00 month?
We believe that Summer Hill lots will make a handsome profit on present prices. Streets are being graded.
Drive out Avenue P and you will see Summer Hill, it's between 30th and 34th Streets. Take a look—"It means a lot."
Phone 236, ask Mr. Martin or
CHAS. F. O'NEALL,
Realtor, Owners-Agent, Avalanche Bldg.

LINDY TO GIVE FAMOUS PLANE TO INSTITUTE

FLYS TO WASHINGTON TODAY TO DELIVER SHIP IN PERSON

(By Associated Press.)
 ST. LOUIS, April 30.—The famous partnership "We", composed of Col. Charles A. Lindbergh and his silver monoplane "Spirit of St. Louis" neared dissolution with the announcement of his intention to fly the ship to Washington today, to place it on permanent exhibition in the Smithsonian Institution.

The ship, which has flown slightly more than 40,000 miles under the hand of its famous pilot in a score of countries in its year of existence, carried Lindbergh through his epoch-making New York-to-Paris flight, a tour of the United States and Canada, and the good-will flight to South America.

Officials Express Agreeable Surprise

WASHINGTON, April 30 (AP)—Apparently no one but Lindbergh himself was "in" on the date he had decided to give the last familiar touch to the "stick" of the famous "Spirit of St. Louis." Surprise, though agreeable, was expressed last night by officials of the Smithsonian Institution when they were informed of the flying colonel's St. Louis announcement of his intention to fly his trans-Atlantic monoplane here today for presentation to the institution.

Charles G. Abbott, secretary, said he had not talked with Lindbergh since December 8 when the Smithsonian presented the aviator with the Langley medal. At that time, Dr. Abbott said, the pilot promised to present his ship to the institution, but set no definite date.

The Langley medal, presented Lindbergh by Chief Justice Taft last December, was established in honor of Prof. Samuel P. Langley, pioneer in aviation research, whose first crude airplane now rests within the walls of the big white science structure waiting for its silent partner "We."

Another historic airplane, that which the Wright brothers flew at Kitty Hawk, North Carolina, 25 years ago, might have reposed there too had not a controversy between institution officials and the air pioneers over the label on the Langley plane ended in the famous Wright plane being turned over to an institution in England.

CALIFORNIA TO VOTE TUESDAY FOR NOMINEES

BITTER STRUGGLE FOR DEMO NOMINATION ANTICIPATED

(By Associated Press)
 SAN FRANCISCO, April 30.—California voters will cast their ballots in a presidential primary tomorrow, which many observers predict may prove the deciding factor in selection of the democratic nominee at the national party convention in Houston.

Three democrats are seeking the support of the state's 25 delegates. They are Senator James A. Reed, of Missouri; Gov. Alfred E. Smith, of New York, and Senator Thomas J. Walsh, of Montana.

The republicans have only one candidate—Secretary of Commerce Herbert Hoover, to whom the state's 29 delegates will be pledged.

Prohibition Candidate
 A prohibition candidate, Daniel A. Poling of New York, will be on the ballot, although he asked that his name be withdrawn after the ballots had been printed.

The bitter struggle that took place between William O. McAdoo, former secretary of the treasury and Gov. Smith for the presidential nomination at New York City in 1924, has been carried into the California primary. Old friendships and political alliances have turned to animosity, and the man who nominated McAdoo in 1924, former United States Senator James D. Phelan of California, now is supporting the candidacy of Smith.

The bitterness between the factions was expressed when Phelan declared he "was sorry he nominated McAdoo in 1924."

McAdoo Leads For Walsh
 McAdoo leads the dry delegation pledged to Walsh, who also is backed by the anti-saloon league forces and Woodrow Wilson democrats.

Reed is the unknown factor. Doubt that the Missouri senator can even hope to win the delegation has been expressed by political observers, but the vote polled by Reed, cutting into the ballots cast for Smith and Walsh, may prove the determining factor.

An unusually heavy registration shows 1,234,514 republican voters, and 463,793 democrats. Registration officials said that many republicans
