New Telephone Directory Mailed To 4,700 Customers

The new telephone directory has been mailed to telephone customers here, according to C. J. Bud Richards, manager for Southwestern Bell.

Richards pointed out that distribution of this directory was delayed due to Hurricane Celia. In order to have the directory list phone customers who we restored to service or had altered their listing in some way, the directory was delayed and will be used for eleven months until next year's book is issued in September.

Old Houses Coming Down

Hurricane Celia did some good—at least in the Rockport area.

She made it possible for the City of Rockport to get rid of some dilapidated buildings—houses and business structures—which have been eyesores for years.

The demolition program is being conducted by the Office of Emergency Preparedness and Governor Preston Smith's office in co-operation with the U.S. Corps of Engineers.

So far, 19 buildings have been torn down, and 16 more are scheduled to be demolished within the next 20 days.

The cut-off date for accepting demolition applications is Oct. 31, and all applications received at the City Hall or in Judge John D. Wendell's office in the Courthouse by that date will be processed by the Corps of Engineers and all buildings inspected to determine eligibility for demolition.

All local persons who own houses or business buildings that are unrepairable and who wish to have the structures demolished are urged to make application at the City Hall or Courthouse before Oct. 31.

Mathis Beats Pirates 7-6

By Bob Crawford

Time ran out on the Rockport-Fulton Pirates in Mathis last Friday night as Mathis won the first district game for the two teams, 7-6.

Trailing 7-0 after the half, Rockport came alive in the fourth period and scored a touchdown, sparked by some nifty running by fullback Richard Schendel.

With the ball at the Rockport 20-yard line, Schendel broke loose on a 54-yard jaunt, only kept from going the full 80 yards by a skimming hand on the back of his foot. The Mathis defender touched Schendel on about the Mathis 30, but Schendel's momentum carried him another four yards before he hit the ground.

After another first down, gained on a roll-out by quarterback Craig Thornton, Schendel pounded the Mathis line and with great second effort he turned the run into a 15-yard score. The try for two points failed as Thornton was caught short of the goal line. The RF Pirates went for the win by the two-pointer try because they would have lost the tie on team penetrations inside the opponent's 20-yard line by a 3 to 2 margin. This rule applies to district ball games to determine a winner.

The RF Pirates were led on defense by Robert Brooks, Charles Crusier, Eddie Setterbo, and Clay Gillis who along with the other Pirates held the Mathis passing game down to a total of less than 100 yards. Adding to the de-

School Trustees Oppose Amendment

The Trustees of the Aransas County Independent School District have gone on record opposing Amendment No. 3 to be voted on in the General Election on Tuesday, Nov. 3.

Three whooping cranes, the first of the season, have arrived at the Aransas National Wildlife Refuge, Gordon Hampton, refuge manager, said Monday.

Two of the rare, white birds were spotted Monday, he said, and another was spotted Saturday. All are adults, he said.

Hampton said each norther should bring in more of the large birds until about the beginning of December when the last of the birds is expected to have arrived.

Hampton said he expects about 60 birds at the refuge. Last year 56 were counted at the winter nesting grounds. The birds remain at the refuge until April 1 when they return to Canada, where they stay during the summer.

Since the Aransas County Rockport Centennial Celebration this summer was a financial success, those who purchased stock certificates to supply the necessary operating funds at the start may now redeem the stock shares at \$1 per share, representing 100 per cent of the value.

The announcement was made this week by Mayor Delmar R. Hiller, president, Aransas County - Rockport Centennial, Inc.

Hiller said: "The financial success was made possible to a large degree by the businesses and individuals who purchased stock certificates to supply the necessary original operating funds which in turn allowed the Centennial Committee to purchase items for resale."

"The Centennial Board of Directors has determined that any excess funds in the Centennial treasury will be used to beautify public property in Aransas County."

"Some shareholders may wish to leave all or part of the value of their stock in the treasury to be used for this purpose."

"Those wishing to redeem any part of their stock certificates are asked to mail or to deliver their certificates to Bob Mosier, P. O. Box 271, 302 North Live Oak Street, Rockport, during the month of October."

Jarboe, County Surveyor of Aransas County, Texas, dated March, 1956, by metes and bounds thus:

BEGINNING at a point on the Easterly right-of-way of State Highway No. 35 where it is intersected by the existing fence between this tract and the Bracht Estate Tract on the South for Southwest corner of this Tract;

THENCE North 9 deg. 48' East with the Easterly right-of-way line of Texas State Highway 35, 4066.3 feet to where the Paul Estate East fence intersects for North corner of this tract;

THENCE South 4012 feet with the existing East fence line of the Paul Estate Tract to a point, for Southeast corner of this tract;

THENCE North 89 deg. 40' West 687 feet to the point of beginning, constituting a triangular tract fronting 4066.3 feet on State Highway 35 and containing 31.6 acres.

SAVE AND EXCEPT, however, that undivided interest in and to the entire mineral estate under both Tracts One and Two described in Deed from R. C. Kohler, et al, to W. E. Fox dated August 1, 1936, which is recorded in Volume 2, page 125 of the Oil and Gas Records of Aransas County, Texas; such undivided interest in minerals having been described in said deed as an undivided one-half interest in and to all of the oil, gas and other minerals in and under an undivided 226.96 acres, more or less, in the whole tract originally described as 756.5 acres in Quit-claim from L. M. Bracht, et al, to Simon H. Paul, et al, recorded in Volume Q-2, Page 152, of the Deed Records of Aransas County, Texas, to which reference is made for all purposes; and being the same

land described in a deed from Elmo F. Brundrett, Administrator, in favor of John Zarsky, dated the 30th day of January, 1957, recorded in Volume U-3, Page 199, Deed Records, Aransas County, Texas, as said Mechanic's and Materialmen's lien existed on the 10th day of October, 1969 and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said Don C. Wiley. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed, and place the purchaser of said property in possession thereof within thirty days from date of sale.

Therefore, you are hereby commanded that you proceed to seize and sell the above described property, as under execution, and make a good and sufficient deed, and to place the purchaser of the same in possession thereof within thirty days after the day of sale, and you apply the proceeds thereof to the

payment and satisfaction of said sum of Twelve Thousand Eight Hundred Forty-Eight and 72/100 Dollars, together with the interest that may be due thereon, and the further sum of Thirty-Five and No/100 (\$35.00) Dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant, Don C. Wiley. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy said judgment then you are directed to make the money or any balance thereof remaining unpaid, out of any other property of the defendant, in case of ordinary executions.

Herein Fail Not, but due return make hereof within thirty (30) days, showing how you have executed the same.

Given under my hand and seal of the District Court of Aransas County, at my office in Rockport, this 18th day of September, 1970.

W. E. BEASLEY,
Clerk, District Court,
Aransas County, Texas.

T. Jeremiah Beam. Part of the Beam family art for 175 years.

Son of the famous Col. Jim Beam, T. Jeremiah is the fifth generation of the only Kentucky family that's made the same Bourbon since 1795. As a matter of fact, 1970 marks the 175th anniversary of the year that Jacob Beam, founder of the Beam clan, sold his first barrel of Kentucky Straight Bourbon Whiskey.

That's a mighty long time for one family to make one product, according to one formula.

So the next time you sip Jim Beam, savor its quality and its light taste. That's what we mean when we say it's a 175-year-old family art.

GIRL SCOUTS

Troop 448

Troop 448 has been meeting for three weeks. We divided into patrols the second week. The patrols are:

Fish Patrol, Bee Patrol, Turtle Patrol and Deer Patrol on Oct. 19. The Deer Patrol had the opening ceremony.

One girl out of every patrol served refreshments. After we had refreshments, we divided into patrols and talked about badge work. Mrs. Green, troop leader, came around and asked who needed pins, etc.

The troop decided to have a slumber party at the scout house on Friday, Oct. 23. The Fish Patrol had the closing ceremony.

Art Guild Gatherings

By
JAN WENDELL

At the present time and until Nov. 13, there is an exhibition of local artists at the Long Gallery on Key Allegro Isle. Twelve members of the Art Association are displaying 23 paintings in oils, watercolor and acrylic. The Meridith Long Gallery is open from Tuesday through Saturday, 9 to 5 and the Saturday Sun-downer hours are 5 to 7. The members are delighted to be able to show in a professional gallery.

The Art Mobile of South Texas will be in our town again next week and the schedule is Monday through Friday, Oct. 26 through Oct. 30. It will be open from 10 to 5 and 7 to 9 in the evenings. This time the Art Mobile is featuring the works of only two artists: Frederick Remington, 1861-1909, and Charles M. Russell, 1864-1926. Both are noted for their realistic portrayals of the American West—Indians, cowboys, soldiers and other aspects of life on the plains. There will be paintings on display as well as sculpture in bronze. The Art Mobile will be located at the Rockport-Fulton High School at the basketball practice court.

Certainly this visit of the Art Mobile is a rare opportunity for our community to view such magnificent and treasured works.

We have our first sad note to relate in this column. One of the charter members of the Rockport Art Ass'n died last week—Mrs. Fay Hartman. Mrs. Hartman was one of our most active members, always

serving on committees and always ready to lend a helping hand. She was also one of the most avid advocates of our local art. She was amazing to work with through the years. She will be missed.

Cadette Troop 361

This week the Cadette Troop made small Christmas trees of papier mache' and will paint them Oct. 27.

Also, they discussed future plans. On Oct. 20 they are having a Hallowe'en party. Kerry Ogle and Vicki Arthur are on the entertainment committee and Linda Ovenden and Susan Stafford are on the refreshment committee.

On November 7 the troop will go to Camp Green Hill to clean up what Celia left behind. Those who attend this work day are eligible to attend the November project of fun.

Also October 26, they will go to Refugio as guests of Mrs. Clara Sparks to watch her paint china. Afterwards they will visit the missions and park at Goliad.

Kay Bell, Troop Scribe

Sgt. and Mrs. James G. Jackson were recent visitors in the home of Mrs. James B. Jackson. Jackson finished his tour of duty at Clark Air Base in the Philippines. They were en route to Sheppard Air Base in Wichita Falls.

Johannesburg, South Africa, sold more than \$692 million worth of gem and industrial diamonds in 1969.

Ladies day golf on Tuesday, featuring \$5 day competition, was won by Helen Dupre with a 76 for low net of the field. Lou McCleese won second low net with 77; Mack Anderson, third low net, 78; and Rose McCoy had low putts, 32.

In Scotch foursome competition Sunday, the team of Don Vance, Lou Tuer, J. G. Richards and Rose McCoy won first prize with six under par.

Finishing second with four under par was the team of Simon Petty, Bill Barr, Bill Burge and Rose Smith. Twenty players competed.

There will be no Scotch foursome tournament Sunday, Oct. 25.

Presby. Circle 2 Holds Meeting

Circle II, Women of First Presbyterian Church, met at the home of Mrs. Eloise Young on October 15. Refreshments served by the hostesses were enjoyed by the group. The meeting opened with prayer led by Mrs. Kay Ragot, followed by roll call to which 11 members answered with a Bible scripture.

Mrs. Beth Brundrett led the Bible study on the subject of "Righteousness." The emphasis for the month was given by Mrs. Eloise Young.

The least coin offering was presented by Mrs. Lillian Cox.

Good Neighbors To Meet Oct. 28

The Good Neighbor Club will meet Wednesday, Oct. 28, at the Oddfellows Hall, at 11:30 a.m. All members are urged to attend.

Covered dish luncheon will be followed by a program presented by Mrs. Fry of Corpus Christi, representing the Cities Service Oil Co. The subject of this interesting program is "The Magic Suitcase."

Hostesses are Mrs. Ruth Hoover and Mrs. Neva Sorenson.

Taxpayers Ask IRS

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) What tax records do you need to file a return? I just started work and will be paying tax for the first time next year.

A) You will need records to show your income and expenses for the year. If taxes are withheld by your employer, he will give you a statement of wages paid, and taxes withheld at the end of the year. One copy of this should be filed with your return.

If you are not subject to withholding be sure to keep a record of your earnings. You may have to make estimated tax payments during the year to keep you on the same pay-as-you-go basis as those subject to withholding. Forms and instructions for making estimated payments are available at your local IRS office.

You should also keep a record of all expenses that are deductible for federal income tax purposes. This would include medical expenses, charitable contributions, interest expenses and the like. Receipts, cancelled checks and similar evidence on these expenses should be kept in a file folder or special envelope so that they will be readily available when you start working on your tax return next year.

Q) Can the fellow who made out my return handle my tax appeal? He knows more about it than I do.

A) It depends on his qualifications. If the tax adviser is a certified public accountant, a lawyer or has passed a special examination given by the Treasury Department, then he can represent you. A tax return prepared without these qualifications can only assist the taxpayer of the return and not thereafter.

Q) Is it too late to make a change in the return I filed for 1969? I think I'm entitled to a deduction for moving expenses.

A) You may still claim this expense by filing Form 1040X, Amended U.S. Individual Income Tax Return. As a general rule, you have three years from the date your return was due to claim items

you forgot. Copies of the form and instructions for completing it may be obtained by writing to your District Director.

Q) Is money given a maid for carfare subject to Social Security tax?

A) Yes, the Social Security tax applies to the total cash paid a household employee, even though some is paid for transportation.

Tax payments for the July, August, September quarter are due November 2. Any person who has paid \$50 or more cash wages in a quarter to an employee for household services (cleaning, gardening, etc.) must file a return using Form 942, Employer's Quarterly Tax Return for Household Employees.

Q) My ex-wife has always claimed our son as her dependent but this year I've been paying college costs. Can I count this as a contribution to his support?

A) Yes, education is one of the items included in the support test. If you can establish that you provided more than half your son's support for the year, then you may be entitled to claim his exemption. Normally, the parent with custody for the greater part of the year is entitled to claim the exemption.

Q) Our apartment was broken into and my wife's jewelry stolen. Can we deduct this loss on our tax return?

A) The amount of the uninsured loss over \$100 may be deducted as a theft loss provided certain conditions are met.

To be deductible, you must show that the property was actually stolen and not lost or mislaid. Your records should also establish the date the theft was discovered, the cost or other basis and fair market value of the stolen property, proof of ownership and the amount of insurance or other compensation received.

Q) When I left my summer job my boss gave me a statement showing my wages and taxes paid. Should I send it to you now or wait until the end of the year?

A) Keep the withholding statement given you until you file your 1970 tax return. Then a copy should be attached to your Form 1040. When an employee stops work, his employer is required to give him a withholding statement of wages paid and taxes withheld not later than 30 days after the last payment of wages.

Q) What are the rules for deducting long term capital losses against ordinary income under the Tax Reform Act of 1969?

A) You may deduct from ordinary income half of any long term capital loss up to a maximum of \$1,000. Although this \$1,000 figure is the same as last year, the 1969 Tax Reform Act made only half of the long term losses deductible from ordinary income, not the full amount as in previous years.

Q) Can a self-employed individual set up his own retirement plan?

A) Yes, if you are in busi-

ness for yourself you may deduct your contributions to a self-employed retirement plan, provided that the contributions are based on earned income. Your business can be

either full or part-time. For details, send a post card to your District Director and ask for a copy of Publication 566, Questions and Answers on Retirement Plans for the

Self-Employed. It's free. The average cost of a wedding gown in 1969 was \$115.98, according to Modern Bride Magazine.

Local Man In Beirut
When Nasser Died

Charles DeForest, who owns Yacht Haven Restaurant in Fulton, had the harrowing experience of being in Beirut, Lebanon recently on the day President Nasser of Egypt died following a heart attack.

He was there in connection with business for Price International, a pipeline company with which he was associated.

"I arrived by plane," he recalls, "and took a taxi from the airport to go to a hotel and then go to the Price office."

"As the taxi headed for the hotel, I saw large crowds in the streets, many policemen and soldiers. The driver stopped several times and asked people what all the excitement was about and finally learned that Nasser had died."

When DeForest got to the hotel, mobs started smashing hotel windows and demanding that all lights be turned out as a sign of mourning for Nasser. Police and soldiers dispersed the mob, and the lights were turned out.

DeForest and all guests at the hotel were advised to stay there and not venture out. He stayed there four days and nights during which he heard dynamite explosions, guns being fired, saw mobs milling about and firing guns into the sky, and received little news.

"Finally, I got through on the phone to some Lebanese friends and learned, among other things, that at least six persons had been killed by stray shots," DeForest said.

Later he learned that two refugee camps had been set up between the hotel and the airport, that all roads leading into Beirut had been blocked, that all persons were forced

to mourn Nasser's death, that great damage had resulted to property from explosions, that the road blocks were made of piles of old tire trucks which were set afire and the fire spread to houses and business structures.

"When I finally got to the airport," DeForest said, "there were few people there. The only security measures I went through were metal detecting devices."

"I flew to Amsterdam, where I went through a thorough check of my person and my luggage, and flew on to Chicago, then to Houston and then home."

DeForest said that in his opinion, the Egyptians don't want Communism but they blame the United States for not taking an active part in helping them with their problems.

"One thing I know: I will not be returning to Beirut as things now stand. Conditions are more unstable and unsafe than ever before," he said.

FUN IN THE PRESS

Just before the congregation departed, the minister declared: "Oh yes, next Wednesday the Ladies Aid will have a rummage sale. This is a good opportunity for all the ladies to get rid of anything that is not worth keeping but is too good to be thrown away. Don't forget to bring your husbands."—Wall Street Journal.

A psychologist says loneliness is an increasing problem. And everybody knows about the population explosion. Thus the world may be in danger of becoming crowded with lonely people.—Kitchener-Waterloo (Ont.) Record.

Members in attendance at the meeting were Mary Lake Segler, Bird Harrell, Loyce Ogle, Virginia Shivers, Ruby Hart, Thelma Sours, Gladys Gibson, Clara Brymer, Patricia Smith, Kitty Theodore, Bona Suttles, Billie Griffith, Lois Atwood, Barbara Rogers, Penny Baldwin, Margot Del Rocco, Marie Tong, Peggy Bloomer, Pat Harper, Dorothy Morrison, Elsie Hawes, Veronica Klaeser, Tony Harden, Bernita Kinsey, Gladys Nelson, Barbara Taffini.

In brief, the proposed amendments are as follows:

I. In existence a State Judicial Qualifications Commission consisting of 9 members who do not receive compensation as such. Two CCA Justices; Two District Judges; Two members of the Bar and

Three lay citizens. Provide for retirement at age 75 years and fix compensation. Amendment Number 1 would provide for the censure of any judge for willful or persistent conduct which is clearly inconsistent with the proper performance of duties.

II. Repeal of prohibition.

III. Uniform method of assessment of ranch, farm and forest lands, which shall be based upon the capability of such lands to support the raising of livestock and/or to produce farm and forest crops rather than upon the value of such lands and the crop growing thereon.

IV. We have had a State Building Commission since 1954. It consisted of the Governor, Attorney General and Chairman of the Board of Control. Amendment IV would change that to a governor's appointment of three Texas citizens.

VI. Change homestead (city) from \$5,000 to \$10,000.

VII. Authority in present Section 64 limits to El Paso and Tarrant Counties.

Rice Institute is at Houston.

Independence Trail

AUSTIN — A 585 mile Travel Trail, tracing Texas' fight for independence from the first battle at Gonzales to final victory at San Jacinto has been mapped as part of the Texas Travel Trails system.

The Independence Trail route was announced at the third annual Governor's Tourist Development Conference.

With the exception of the Alamo and Refugio (Battle of Refugio) all other historic sites and battlegrounds that played roles in Texas' march for independence are on the trail. Eighteen counties are covered including Austin, Bastrop, Brazoria, Caldwell, Calhoun, Fayette, Fort Bend, Galveston, Goliad, Gonzales, Guadalupe, Harris, Karnes, Matagorda, Washington, Wilson and Victoria.

At Gonzales the first shot was fired. And only Gonzales answered the call from the besieged Alamo, sending 32 men to die within its walls. Historical markers and monuments are numerous throughout the town. The revolution began here when a Mexican force attempted to seize a cannon from Texas forces. Flying a flag

that boasted, "Come and Take It," the Texans repelled the effort.

From Gonzales, the trail winds through Luling, Fentress and into Bastrop, first settled by Stephen F. Austin's colonists. Bastrop State Park is situated among tall pines, often referred to as "Lost Pines" because of their distance from the East Texas Forest Country.

State Highway 71 through Smithville and La Grange brings the trail rider to another hallowed state park—Monument Hill. High on a bluff overlooking the Colorado River Valley is the final resting place of the man who drew the ill-fated black beans after the Mier Expedition against Mexico. Also buried there are 41 of Captain Nicholas Dawson's troops who were killed in the battle of Salado Creek in 1842. From La Grange the trail travels northward again through Round Top, past restored Winedale Inn and onward to Navasota and Washington on the Brazos State Park. This 71-acre park contains a replica of the building where the Texas Declaration of Independence was signed in 1836. The first capital of the Republic of Texas was located here.

Angling southward the trail

follows State Highway 36 through Bellville and Sealy, then turns on Farm Road 1093 into Houston. No attempt will be made to list all attractions in the South's largest city. As all Travel Trails, the Independence Trail guides the traveler to the outskirts of major cities but does not attempt to designate routes within the city limits. Visitors should contact local chambers of commerce for city information.

The trail emerges on the eastern edge of Houston and leads 22 miles to the San Jacinto Battleground on State Highway 134. It was here on that April day in 1836 that Sam Houston's army needed only 18 minutes to defeat Santa Anna and win Independence for Texas. Take State Highway 146 from the battleground to Galveston, once pirate's cove but now a sunny vacationland featuring modern hotels and 32 miles of beaches.

The trail moves down the coastline by causeway to Freeport and north again on State Highway 36 to West Columbia and site of the spacious Varnier-Hogg Plantation. It is now a state park where colonial life is preserved in an 1836 landmark. From West Columbia the trail hugs the coastline moving through Bay City, Wadsworth, Palacios, Port Lavaca and Victoria, another of Texas' earliest settlements. Victoria was one of the first three towns incorporated by the Republic of Texas and remains today a leading center of surrounding cattle ranches and modern industrial plants.

Next stop is Goliad and restored Presidio La Bahia where Col. James Fannin and his men were massacred by Santa Anna on Palm Sunday in March of 1836. The graves of Fannin and his men are marked by a monument two miles south of Goliad off State Highway 183. Goliad State Park, the birthplace site of Mexican military hero General Ignacio and the Mission Espiritu Santo are three additional attractions.

Moving northward again,

the Independence Trail visits Panna Maria. Thought to be the oldest Polish settlement in America, Panna Maria (meaning Virgin Mary) is located on State Highway 123 north of Karnes City. It is also said to have been site of the first Polish school in America. Continuing north, the trail leads to Floresville, passing Gov. John Connally's ranch, and into Seguin, home of Texas Lutheran College. Lake McQueeney, four miles northwest of Seguin, has become a popular boating, swimming and lake-side resort.

Returning to Gonzales via Farm Road 456 completes a hurried trip through Texas history along the Independence Trail.

Mathis Beate—

(Continued from Page 1)

fensive performance by getting Mathis turnovers were Pete Perez and Setterbo with fumble recoveries, and Steve Arispe with an interception.

Offensively the RF Pirates were led by the outstanding running of Schendel, as the Mathis defense cut off the effectiveness of the halfback running game. Schendel gained 139 yards for the night in 18 carries.

The Pirate Junior Varsity took their third straight defeat as they lost by a score of 20-3 to Mathis. The Pirates began the fireworks on a 25-yard pass from quarterback John Vick to halfback Freeman Lamar for the score, but it was called back on a clipping penalty. The Pirates drove the ball on in for the score with fullback Paul Kuehn blasting in for the score. Joe Dominguez added the two points on an end run.

The JV could not mount another attack except for the power running of Paul Mauer and Kuehn.

Defensively for the JV, Dean Richard led tacklers with aid from Andrew Carlin, Kuehn, and Brad Ward.

The Rockport-Fulton freshmen held on for a 28-22 win over Mathis. Halfbacks Ricky McLeister and Billy Holt provided the Pirates with most of their running punch with 189 yards and 78 yards, rethrilled the fans as he returned the punt of the Mathis kicker 70 yards for the score.

For the freshmen defense, the middle of the defensive line, Peden Rogers, Bob Gillis, and Alvin Griffiths clogged up the Mathis attack and forced them outside or to the air.

November Draft Call Is For 450

AUSTIN — The November draft call for Texans is 450, and local boards will fill the call with men with random sequence numbers 1 through 145, insofar as possible, Col. Charles M. Duncan, acting state Selective Service director, said Friday. He stated, however, that this does not mean that registrants with numbers higher than 145 may not be needed for future calls.

Colonel Duncan stressed that under the new Executive Order signed by the President September 26, 1970, all men in I-A, I-O-A or I-O on Dec. 31, 1970, with numbers lower than the high number reached this calendar year by their own local boards will be assigned to the Extended Priority Selection Group to be called during the first quarter of 1971. Those with a higher number than the high number reached will be assigned to the Second Priority Group in 1971.

The Texas November draft quota of 450 is the state's share of a national quota for 8,000 men, all for the army.

The state quota for pre-induction physical and mental examinations in November is 1,310. Men sent for these examinations will be limited to those with random sequence numbers 1 through 100, from the July 1970 drawing for those born in 1951.

All volunteers at the draft boards must be inducted by random sequence number.

Local board quotas for induction and pre-induction examination in November are scheduled to be mailed to the state's 159 boards Friday, Oct. 9.

Who's Who At First National

October 23, 1970 will mark an important milestone in the business career of one of Rockport's first citizens.

That day James H. Sorenson, Jr., president of the First National Bank of Rockport, will reach the 25th anniversary of his association with the bank.

His career for the past quarter of a century has been closely interwoven with the progress of the community, and associates say that he, as a business leader and concerned citizen, has had a decisive impact on many of the projects which have contributed substantially to that progress.

Soon after he started to work at First National, he was made assistant cashier. He was promoted to cashier January 19, 1948, succeeding A. C. Glass. February 14, 1951 he was named executive vice president and cashier. He relinquished the title of cashier in March, 1957, when Charles LaBounty joined First National and became cashier. January 13, 1966, he was elected president.

During his 25 years association with the bank it has experienced a steady growth. When he started in 1945, total deposits were about one million dollars. Today they are in excess of 10 million dollars. In 1945 there were three employees. One of the three 1945 employees was Mrs. Margaret Touchstone, then Margaret Schuster and now cashier of the bank. In 1945 the bank was housed in a three-story brick building on Main Street. Today it occupies a modern brick structure built in 1956 at Main and Water Streets. In anticipation of future growth, the bank has bought property on State Route 35 on the northern edge of the downtown business section.

During his administration,

First National's operations have been modernized and expanded with the introduction of new departments and services until today it is classified as a "full service" bank. One of the most important of these changes was the automation late last year of accounting procedures through use of computers. This adds to the speed and efficiency of operations and provides additional security for depositors.

Sorenson, a native of Rockport is the son of Mrs. James H. Sorenson, Sr. and the late Mr. Sorenson. His grandparents were Mr. and Mrs. Andrew Sorenson, Rockport pioneers. He is a graduate of St. Mary's University in San Antonio and later he served as a trustee of the school.

He enlisted in the Army in 1942, served overseas, was wounded in the North African campaign and was released from active duty as a major in the Army Air Corps in August, 1945.

Upon his return to Rockport he was immediately drafted to head the Aransas County War Chest fund drive. This was to be the first of many subsequent leadership assignments of a civic nature, including officers or director with such organizations as the Chamber of Commerce, United Fund and Aransas County-Rockport Centennial corporation.

He is a director of several local and regional financial institutions, and has been active in a number of business enterprises, including three local residential real estate developments.

SGT. JAMES T. MOON AT BERGSTROM AFB

AUSTIN—U. S. Air Force Sergeant James T. Moon, son of Mrs. Beulah Moon of 603 Laurel, Luling, Tex., has arrived for duty at Bergstrom AFB, Tex.

Sergeant Moon is a communications specialist with a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF. He previously served at Korat Royal Thai AFB, Thailand.

The sergeant, a 1965 graduate of Luling High School, attended South Texas State University, San Marcos.

His wife, Vickie, is the daughter of Mr. and Mrs. Charles E. Vermillion of Fulton, Tex.

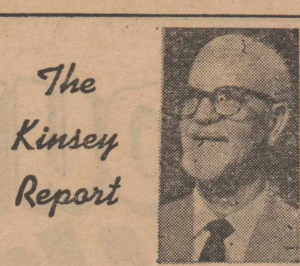

ANTHONY BEROSIK DIES

The Rosary was recited Saturday in Marshall Funeral Home Chapel in Aransas Pass for Anthony Berosik, 49, who died Oct. 16 in a Corpus Christi hospital following a short illness. Funeral services and burial were in St. Paul, Minn.

He was a native of St. Paul and a World War II veteran.

Survivors include his wife, Frances; two daughters, Miss Julia Berosik, of Rockport and Mrs. Jeanie Starzinski of St. Paul; four sons, Roy A. Scott and Bruce Berosik both of St. Paul and William Berosik of Simmons, Calif.; his parents, Mr. and Mrs. Albert Berosik; two brothers, Alfred and Leonard Berosik, and a sister, Mrs. Lillian Leitner, all of St. Paul.

Magician Harry Houdini also invented a diving suit.

The Kinsey Report

One of the major assets of the Rockport area is its outstanding school system.

The Aransas County Independent School District is one of the pacesetters in quality education among the schools of South Texas, being fully accredited by the Texas Education Agency and the Southern Association of Secondary Schools and Colleges.

A sound tax base with considerable income from oil and gas makes it possible for the community to provide modern facilities and at the same time maintain moderate tax rates.

The three elementary schools serving the district provide a foundation for education by teaching learning skills in basic subjects. Also offered is a remedial reading clinic, public school music, special education, and health and physical education.

The junior and senior high schools provide a broad program of studies. Basic education is acquired by the students in addition to courses of special interest.

A student may choose between the vocational-terminal, college preparatory, and enriched college preparatory course of study. The privilege of participating in physical and cultural activities such as interscholastic athletics, choral and instrumental music, drama

and journalism is offered to all students.

The pupil-teacher ratio in the schools is good.

Services available for boys and girls in all grades include counseling, health care supervised by a full time school nurse, modern cafeterias administered by a dietitian, and a large fleet of school buses.

CARD OF THANKS

I want to thank everyone for their prayers, cards, flowers, visits, telephone calls, and other gifts, while I was in the hospital and after going to my son's home, Travis Smith in Agua Dulce for ten days and since coming home. Your thoughtfulness shall never be forgotten.

Thanks to the ones who sat with me the first 48 hours after my surgery. God bless each one of you. Thank you again.

p31 Mrs. Somer Smith
