

Photo by WATKINS, Farwell

SISTERS IN REUNION—Shown above are five sisters, whose total ages add up to the astounding figure of 360 years, who left for their homes in east Texas last Wednesday after a visit in the home of Mrs. J. Sam Gaines of Bovina.

Seated from left to right, they are: Mrs. Viola Nowell, 81, Paris, Texas; Mrs. Grace Adams, 84, Manchester, Texas; Mrs. Julia Coode, 86, Dallas. Standing: Mrs. J. Sam Gaines, Bovina; Mrs. Bettie Adams, 59, Paris.

Five Sisters In Reunion After 38 Years Apart

FROM THE HOPPER

By HOP

Jim Perkins, just back from a visit with relatives in Oklahoma, says they still raise chickens back there and they are being used in his favorite dish, chicken and dumplings. "I didn't know they raised that kind of chickens any more," he commented on his return home.

Mayor O. W. Francis relates an incident wherein a group of small fry were caught cutting down a tree in the small park in Texico, and they explained that they were going to make a canoe from the hallowed-out trunk of the tree. Instead, as it turned out, the youngsters got their own canoes paddled for destroying the tree.

We get a great deal of self-satisfaction in knowing about some of the mistakes other people make in their daily routine. Last week we chanced to drop in at the Farmers Supply and found Mrs. John Getz trying to balance her books. Not a half hour later we found Joe Camp at the ACA office engaged in the same unpleasant task. Somebody had made a mistake and they were trying to locate the error.

We get a great deal of satisfaction in watching them go over their books in search of the bobble. We were reminded of the mistakes that occur in printing a newspaper. There is hardly a week that passes that we do not make mistakes. . . mistakes that we cannot correct. . . mistakes that go down in black and white and are eyed and criticized by our many hundreds of readers, who wonder how such an error could have crept into the newspaper. The average bookkeeper can make a mistake and nobody knows about it but himself. But when a newspaper makes a miscue literally hundreds of the readers want to rush in and call attention to the error.

It is not unusual for mail that does not belong to us to be in our box at the postoffice; very few businesses, including banks, balance their books to a penny at the close of a day's business for the very simple reason that somebody has committed an error. This is no criticism but merely stated to show that others besides the newspaper men are guilty of the same fault common to all of us. When a newspaper makes a mistake, the world knows about it, but when the average clerk, business man or bookkeeper makes one, he alone knows about it. And speaking about mistakes in print, someone has taken the time to figure out that it is possible to make five thousand mistakes in the sentence, "To be or not to be," by merely misplacing the letters in the sentence. The wonder, then, in that more mistakes are not found in the newspapers.

Jim Harding, confirmed old bachelor, was in town the first of the week. We asked him about his crop and he informed us that it was bound to yield a big return. Asked what he was going to do with the money, Jim confined in a weak whisper, "Goin' to give it to my woman."

Services will be held twice daily at 10:30 a. m. and 8:15 p. m. Clarence Johnson will be in charge of the music.

A reunion of five aged sisters, who had not been together in thirty-eight years, was terminated last week when four sisters of Mrs. J. Sam Gaines of Bovina, departed for their respective homes in east Texas after spending three weeks in the home of Mrs. Gaines.

The five sisters, whose total ages add up to 360 years, were brought to Bovina for the joyful reunion by Mrs. Troy Armstrong, daughter of Mrs. Gaines, who drove to Dallas and Paris and conveyed them to Bovina by auto.

During their visit here with them were guests at a number of social entertainments and dinners arranged for them by the people of Bovina. Two interesting side trips were made by the group while here, including one to Amarillo, where they visited in the home of Mrs. W. C. Bryant; and a second trip to Newkirk, N. M., for a visit in the home of Herbert Gaines, the highlight being a trip to the Bell ranch, where they ate sourdough biscuits and frijole beans with the cowboys.

With the exception of one, all of the sisters are widows. She is Mrs. Rick Adams, 59, who lives with her husband at Paris, Texas, where she went with her parents at the age of four.

Mrs. Julia Coode, 86, is the oldest of the group. She now resides with her daughter, Mrs. W. N. Neely, Dallas.

All the sisters were born and reared at Manchester, Texas, in Red River County, and with the exception of Mrs. Gaines, now a resident of Bovina, they have not strayed far away from their place of birth. Mrs. Gaines, after her marriage, moved to Paris, where she lived with her family for 12 years before coming to the Plains and locating at Tulia, later moving to Bovina, where she has maintained her home the past 25 years.

Mrs. Grace Adams, 84, has lived in Manchester all her life. At present she is making her home with her daughter, Mrs. J. A. Caudle in the little Red River town. Mrs. Viola Nowell moved from Manchester to Paris in her early twenties, and has lived there 65 years. At present she lives with her son, Claude Nowell at Paris.

The four east Texas sisters, in company with Mrs. Armstrong, left here Wednesday of last week for their respective homes, stopping en route at Colorado City, Texas, with Mrs. Gaines' son, R. M. Gaines.

Baptist Revival At Oklahoma Lane

Rev. C. N. Gilbert of Spur, Texas, has been engaged to do the preaching during a two weeks revival meeting at the Oklahoma Lane Baptist Church, starting on Sunday, August 15th.

Services will be held twice daily at 10:30 a. m. and 8:15 p. m. Clarence Johnson will be in charge of the music.

In making this announcement, Rev. J. J. Terry, pastor of the church, extended a cordial invitation to the public to attend the services.

Expect Heavy Sorghum Yields Here

Investigation Continues In Death Case

Texico School Starts Monday, August 30

Monday, Aug. 30, has been set by the Texico trustees as the opening date for the 1948-49 term, it was announced today by Supt. B. A. Rogers, who went on to post another headache for the kiddies of the Texico district.

He stated further, that students of the district would be required to register on Friday, Aug. 27. He said that registration would be conducted in the afternoon of that date. All school buses will make the rounds shortly after the noon hour and are scheduled to reach the school at 1:30, at which time registration proceedings will get under way.

Supt. Rogers said that his faculty was complete, with all members of the staff last year returning to their jobs again this year. He listed them as follows:

- Primary, Mrs. LeRoy Faville.
- 2-3, Mrs. Regina Neill.
- 3-4, Mrs. Frank Seale.
- 5-6, Mrs. B. A. Rogers.
- Jr. High, C. L. Sharp.

High School—Mrs. Jimmie Allman, English and home economics; Mrs. Gladys Prescott, English-commercial; F. D. Stout, vocational agriculture; C. E. Sanders, math and social science; B. A. Rogers, social science.

In addition to their classroom duties, Mr. Sanders will coach the senior boys in athletics; Mr. Stout will coach the senior girls and Supt. Rogers will have charge of the junior boys' program.

Rogers said that about the only improvements made on the buildings during the summer vacation period was the addition of a coat of ivory paint to the upstairs classrooms, which aided in affording more light for the rooms.

The first of what is hoped to be a full collection of playground equipment, has arrived and will be erected before school starts, Rogers added. It is an all-metal merry-go-round, which was ordered some time ago by the Texico Parent-Teacher Association. "We are certainly proud of this first piece of playground equipment," Rogers commented.

Rains Of Past Week Heaviest Of Season

While residents of the immediate Texico-Farwell area were rejoicing over their rains of early last week, when precipitation amounting to two and three inches of rain was received here, it soon became known that the actual rain clouds almost missed this section of Parmer and Curry Counties.

Later reports, gathered during the past week, tell of rainfall amounting from five to ten inches at various parts of the two-county area. The heaviest rain is reported over a wide section between Oklahoma Lane and Bovina. Sam Sides, living southeast of Bovina, says better than five inches fell at his place Tuesday night. Some of his neighbors, he said, were confident they received not less than seven inches the same night.

Some farmland was washed by the heavy downpour, and lakes in sections where the fall was heavy were filled. Little or no damage has been reported to growing crops, all of which were up to sufficient height to withstand the drenching they received.

Besides giving an assurance of an abundant grain sorghum harvest this fall, the rains have put the soil in excellent condition for preparation for wheat sowing, which usually gets underway here in earnest early in September when the moisture is favorable.

FATHER DIES IN KY.

Mrs. H. H. Henson of Texico, received a wire Saturday night informing her of the death of her father, L. P. Phelps, 86, at six p. m. that day. Burial was made at Somerset, Ky., where the aged man had lived his entire life, on Monday afternoon. Mr. and Mrs. Henson were unable to go to the funeral.

Mr. Phelps visited in the home of his daughter here nine years ago, and is known by many local people.

EVANGELIST—Rev. C. N. Gilbert of Spur, Texas, who will do the preaching at a revival meeting at the Oklahoma Lane Baptist Church, starting Sunday, Aug. 15th.

New Storage Warehouse Going Up

Material is already on the ground and arrangements are being made to start construction work on a new 75,000-bushel grain storage shed at the Roberts Seed Company in Texico.

Admitting that "it probably won't last three days," in handling the enormous grain crop in prospect in this region, M. C. Roberts, owner-manager of the firm, added "it will help some." He went on to say that he never saw prospects finer for an enormous crop of grain sorghums throughout this section of the country.

The building will be of the quonset hut type of steel and sheet iron, with a concrete floor. Overhead and underground conveyors will be installed to carry the grain in and out of the building. The contract for the building has been let to the Steel-Built Products Company of Lubbock, and Mr. Roberts gave it as his opinion it would be completed within the next 30 days, although the contract calls for delivery on Oct. 1st.

The new building will be located south of the main elevator, across the loading track and next to the main line of the Santa Fe trackage.

With the completion of this new building, the storage capacity at the Roberts Seed will be boosted to 275,000 bushels, Mr. Roberts said, with 175,000 bushels of bulk storage and an additional 100,000 bushel storage for sacked grain.

Long Time Resident Of Lariat Buried

Funeral services for J. C. Robertson, 66, for many years a resident of the Lariat Community, were held at the Oklahoma Lane Baptist Church Monday afternoon, and burial took place in the Oklahoma Lane cemetery under the direction of Steed's of Clovis.

Robertson, who served as postmaster at Lariat for some twenty-odd years, died at the Woodman of the World sanitarium at San Antonio on Friday of last week after being a patient there for two years.

Survivors include his wife, who only recently moved to Clovis from Lariat, five daughters, Mrs. Henry Bently, Rawlins, Wyo.; Mrs. Clay London, Alhambra, Calif.; Mrs. Don Burns, Oklahoma Lane; Mrs. Maxine Brown, Clovis; and Mrs. Lorraine Thomas, Amarillo; and three sons, Joe, Raymond and Junior, all of Clovis.

Lawrence Overstreet from Oklahoma City is spending his summer vacation with his mother, Mrs. Anne Overstreet.

Although Parmer and Curry County officers and Texas Rangers have made a great deal of progress in their investigations in the mysterious death of O. T. McDaniel, 55, former county commissioner of Curry County, of Melrose, N. M., who was found dead in his car nine miles southeast of this city last Tuesday morning, no definite conclusions have been reached as to the cause of his death.

Early investigations lead local peace officers to believe that McDaniel had taken his own life when he became aware that he had been fleeced for \$12,600.00 by confidence men on a bogus oil lease, sold him as, were no oil is known to exist.

Relatives of the dead man are convinced that McDaniel met with foul play and have hired a special investigator to assist peace officers in unraveling the case.

McDaniel was found in his car, one half mile southeast of Lariat last Tuesday morning by two passing motorists, J. D. Span of Plainview, and E. B. Sargent of Aztec, N. M., who reported it to Sheriff Earl Booth of this city. Booth, in company with County Attorney Sam Aldridge, went to the scene and found McDaniel dead with a small bullet hole in his left temple. A .22 caliber Stevens, bolt-action, single-shot rifle, was found lying on the ground outside the left side of the car. The only visible tracks about the McDaniel car was that of the print of the butt of the gun in the soft earth. McDaniel's body was slumped to the right in the front seat of his car.

"We are continuing our investigations," County Attorney Sam Aldridge said today, and added that "if we ever succeed in cracking the case it will uncover some startling revelations." Aldridge is confident, from the investigations made thus far, that McDaniel was a victim of a ring of confidence swindlers who have been operating in Texas for some time.

"We feel certain that they got his money, but we have not as yet uncovered sufficient evidence to actually charge them with murdering McDaniel," Aldridge said.

Investigations have led to uncovering where the rifle was purchased, and officers have stated that it was bought the following morning. The clerk who made the sale, gave a description of the man who made the purchase and officers said the description, given over long distance telephone, fitted the dead man pretty thoroughly. The gun and other pieces of evidence picked up by officers, have been forwarded to Austin for laboratory tests.

Meanwhile, warrants have been issued for the arrest of five men in connection with the case. To date, only one of them has been apprehended. Carl Williams, said to be a son of the man who owned the land in Mills County, was brought here by Texas Ranger Razz Renfro last Thursday. He was released when parties from Melrose failed to positively identify him as the person seen with the slain man in Melrose a few days before the crime.

Coroner Jess Newton, who conducted the inquest following the finding of McDaniel's body, has returned no verdict in the death and the inquest is being "held open," pending further investigations.

Peace officers all over the southwest have been alerted, and the Texas Rangers are working on the case. New and startling developments might break any time, but at the time this was written, officers were exhibiting a tight-lipped attitude so necessary at this juncture of their work.

HOME FROM FUNERAL

Mr. and Mrs. J. O. Ford returned home Tuesday from Madisonville, Texas, where they were called to attend the funeral of Mr. Ford's last surviving brother, Lee Ford, age 57, who died suddenly at his home in Madisonville, where he was born.

Burial was made at the Old Willow Hole cemetery, 12 miles west of Madisonville.

Mr. and Mrs. Ford visited with relatives over east Texas for several days before returning to their home here.

Predictions were being made here this week that harvesting operations of the largest grain sorghum crop in recent years could be expected to get under way within the next 60 days.

In the opinion of some observers, much harvesting will start around October 1st, but the more conservative estimate placed the date at October 10 to 15th.

Faced with the biggest yield of grain sorghums in many years, and with all grain storage already filled with 1948 wheat, grain men and producers alike are already wondering what to do with the grain when it is gathered. Much storage space has been provided on the farms in recent years, but that storage is described as "a mere drop in the bucket" when it comes to caring for this year's crop. One farmer, commenting on his situation, explained that he had storage for 6,000 pounds on his farm, which is a fair amount of storage on any farm, but he went on to add that he was expecting a harvest of 60,000 to 100,000 pounds of grain sorghums of various kinds. His is just a typical care of hundreds of farms in this area.

Another headache that enters the picture is the type of storage that will be necessary to preserve these grains. It is pointed out that most grain sorghums must be turned over worked after it has been placed in the bins to prevent heating. Dead storage, even if it is available, will not serve this purpose and protect the grower from a loss through heating.

Grain men contacted here this week, said they were doing all they possibly could to locate storage, but in the same breath they expressed little hope of finding any. It seemed to be the consensus of opinion here among the grain dealers that the only course left open to follow was to fill all the storage available locally and then for the farmers to begin piling the threshed grain on the ground out in the open.

And in this connection, Sheriff Earl Booth has repeatedly warned producers to pile their grain near the house, where some measure of protection may be given it against thieves. With fast trucks in operation all over the country, it is very easy to pick up a load of grain here and sell it the next day 300 miles away.

Accept Plans Texico's New School Auditorium

Plans submitted by Schaeffer & Merrell, Clovis architects, for Texico's new \$41,000.00 combination gymnasium and auditorium were accepted by the school board on Monday night, B. A. Rogers, superintendent, announced.

Rogers said that the blueprints would be prepared, after which the Board would be in a position to advertise for bids for the construction of the new building.

Bonds for the new building were voted early last spring.

He said the structure would be all brick, and would be located in front of the main building and would face east. It will be 77X107 feet and will be modern throughout.

Due to the fact that sufficient money will not be realized from the sale of the bonds, Rogers explained that the Board decided to shorten the building some and stay within the estimated cost of the project. At present, he said, the plans are to "build just as much as our money will allow," and he went on to add that space for the stage at the end of the building would be "left off for the present." He said the Board took the position that patrons of the school preferred a full-sized gymnasium equipped for use rather than a half-completed combination gym-auditorium.

He pointed out that the old auditorium could be used for assemblies and athletics until the new building is ready to go.

At the time the \$41,000.00 bond issue was voted, that figure was the limit based upon valuations, but patrons of the district are already talking of an additional bond issue, which could be possible with valuations being increased.

FOOTBALL MEETING CALLED

Coach Louis Purvis, of the Farwell Schools, today (Wednesday) called for a meeting of all boys who are interested in participating in football next year to meet at the high school gymnasium, Friday night at 8:00.

Mr. and Mrs. Loyde Brewer spent Sunday in Friona visiting relatives.

SWINE BREEDER'S DAY

DALLAS—Oct. 20 has been designated as Texas Swine Breeder's Day at the 1948 State Fair of Texas, Fred Hale, superintendent of the Fair's Swine Show, has announced.

An auction sale of purebred breeding hogs, sponsored by the Texas Swine Breeder's Association, will be

the major event of the day. The breeders' association is working closely with State Fair officials to make this the most complete swine show ever arranged in the history of the sixty-three-year old exposition.

Dates of the State Fair are Oct. 9-24 with the Swine Show scheduled to Oct. 13-22.

The State Fair will award \$5,218 in premiums in the breeding division, and \$2,150 in the fat barrow division. Various national swine breeders' associations have announced special awards for the show. Choice hams will be given daily as prizes in a special identification and weight-guessing contest, Hale said.

To avoid killing out clover in your yard, apply 2, 4-D with a paint brush on the small patches of dandelions, plantains or other broad-leaf weeds not wanted in the yard.

Special Prices For Kids At Lubbock Fair

LUBBOCK — (Special) Midway ride prices to fit young purses were announced today for Children's Day at the Panhandle South Plains Fair in Lubbock, Wednesday and Thursday, September 29 and 30.

All "kid" rides will be a nickel; the merry-go-round 6 cents; Ferris wheel 12 cents; others in proportion. They will be just half the usual charge—as low, if not the lowest, for similar entertainment at any important fair in the U. S. this year.

These low prices are provided for in the Fair Association's contract with Forsythe & Dowis, who operate one of the biggest and unquestionably the "cleanest" carnivals booked in the Southwest this year. It features rides particularly, but will present numerous tent attractions of high entertainment and educational value.

Daily free attractions will feature "Seldon the Stratosphee Man", one of the most spectacular and dangerous acts on tour. Seldon performs at the top of a slender pole higher than a 15-story building.

The grandstand attraction will be the "Water Follies," the most sensational entertainment of its kind ever booked in the Southwest. The cast includes several world champion swimmers and divers and a large water ballet made up of bathing beauties.

Indicative of the magnitude of the Follies is the special equipment it carries, including two portable swimming pools—one large enough for the intricate performance of the ballet of 16 girls and the other deep enough for dives more than 100 feet high.

Health Notes

By Texas Department of Health

AUSTIN, TEXAS—Sixty Texans died as the results of appendicitis during the first five months of 1948, according to figures released by the Texas State Department of Health.

"This figure does not appear large when compared to the deaths from cancer, tuberculosis and heart disease," Dr. Geo. W. Cox, State Health Officer said, "but with the knowledge that these sixty Texans died needlessly, the figure is tragically high."

More than anything else, Dr. Cox said he would attribute fatality in appendicitis to the complacent attitude of the people concerning the disease. It is not put in its "proper perspective". Too often, the Health

Want to rate?...

For winning performance that rates a prize, wise motorists OIL-PLATE with Conoco Nth.

A special added ingredient in Conoco Nth Motor Oil fastens extra lubricant so closely to metal that working parts are actually OIL-PLATED! This OIL-PLATING stays up on cylinder walls...

won't all drain down, even overnight! That way Nth Motor Oil (Patented) gives you triple protection... against "dry-friction" starts, metal-eating combustion acids, power-choking sludge and carbon due to wear!

Officer said, people have the vain hope that the prolonged pain in their stomach will "wear off". He cautioned that the stomach ache which lasts more than three or four hours should be considered a serious matter.

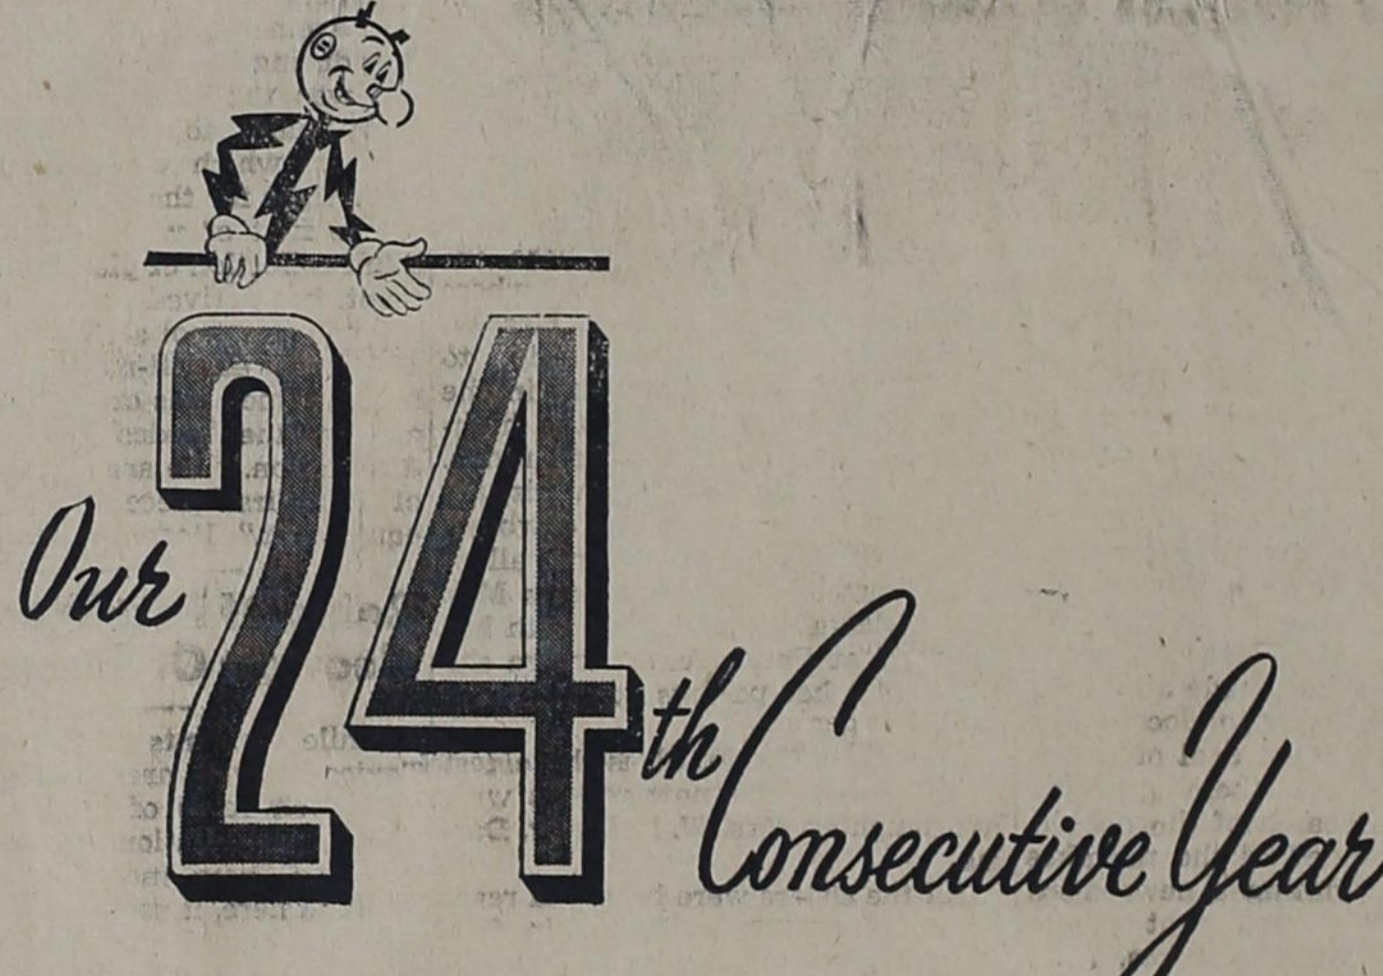

Appendicitis killed 60,000 people in the United States and Canada last year, Dr. Cox said. He warned

that young adults are especially susceptible to attacks, and that appendicitis is a leading cause of death among children and adolescents.

"Operative techniques have been improved to the extent that an unruptured appendix can be removed with great safety," Dr. Cox said. "It is therefore apparent that the neg-

ligence in appendicitis rest with the patient who fails to seek prompt medical attention."

He said it was imperative that the patient lie quiet until the doctor comes as moving about disturbs the inflamed parts. He strongly urged against taking laxatives in case of suspected appendicitis.

of PUBLIC SERVICE and GOOD CITIZENSHIP

August marks the 24th anniversary of the founding of the Southwestern Public Service Company. During the past 24 years we have grown steadily, and expanded our facilities constantly, to assure more and more folks of a dependable supply of low-cost electric service at all times.

We look forward to many more years of Good Citizenship and Public Service in the area we serve. In the future, as in the past 24 years, we shall attempt in every way to keep our slogan alive, and keep it the constant aim of all those who serve you as employees of this company.

SOUTHWESTERN PUBLIC SERVICE COMPANY

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Everybody's Saying It... "Lubri-tection!"*

**Yessir, That's The New Magic Word
They Use When They Call for
Phillips 66 Premium Motor Oil!**

"LUBRI-TECTION"! It's a word worth remembering. Why? Because it means lubrication plus protection for your car's engine.

You get the fine lubricating qualities of excellent base stocks, expertly refined. You get inhibiting additives which help cut down varnish, reduce sludge formations, guard against ring sticking and minimize engine deposits in your motor.

So remember "Lubri-tection"—benefit from it by using the great new Phillips 66 Premium Motor Oil. Why not switch today?

**PHILLIPS 66
PREMIUM
MOTOR OIL**

* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

**BINDWEEDS ARE BEING
SPRAYED THIS YEAR**

COLLEGE STATION.—Three hundred and forty acres of bindweeds were sprayed with 2,4-D on 22 Gray county farms during May with one county owned sprayer, reports County Agent Ralph R. Thomas.

The 150 gallon sprayer was mounted on a pickup truck and equipped with low volume nozzles. With 30 pounds pressure and a speed of four and a half miles per hour, the solution was applied at the rate of 10 gallons per acre.

Last year, Thomas pointed out, the two county sprayers—one 150 gallon tank and one 200 gallon tank—only sprayed 220 acres during the summer. And about half of this had

two sprayings. Three hundred gallons of 2,4-D to the acre was sprayed on the first time, and 100 gallons the second.

"We are using the same amount of 2,4-D per acre that we used last year, but this year we are using high pressure nozzles and using only 10 gallons of water," said Thomas. "Last year we spent most of our time hauling water. This year we spend most of our time spraying bindweeds."

"So far, the results of this spraying appear to be as good or better using the low volume, high concentration spray."

For thrifty use of food, eat heartily in the day. A good breakfast is important for health and morale, and means more efficient use of food.

GOLD STAR MOTHERS' DAY

DALLAS—A reception and luncheon will be the feature of Gold Star Mothers' Day, Oct. 23 at the State Fair of Texas, Mrs. Jennie J. Jackson local president of the American Gold Star Mothers, announced Saturday.

The reception will be held by the Dallas chapter at the John Lowe-Joe Smart Legion Post 53 on the State fair grounds. All Gold Star mothers will be invited to inscribe their names in the chapter's register in the General Exhibits Building.

Tribune job printing is best.

**Increase Expected In
Nitrogen Fertilizer**

COLLEGE STATION.—Three developments have taken place recently following Congressional action of the International Emergency Food Committee. These changes will boost the nitrogen fertilizer supply of the next 12 months up ten percent

over last year's total, says M. K. Thornton, extension agricultural chemist of Texas A. and M. College.

The expected increase will make available over 900 thousand tons of nitrogen fertilizer, or around 85 thousand tons more than was had last year. Even though there has been an improvement in the supplies of world fertilizer nitrogen as compared with last year, the expected supply from now until next July will still fall short of world demand.

The first of these three developments that will bring more nitrogen fertilizer is the increase of smaller country imports and the private production. The amount the United States will get from private production added to the imports from the small countries such as Chile, Canada and Norway will amount to something like 26,500 tons of the ten per cent increase.

The other two developments deal with army production at the US government plants. One provides that ten percent of the anhydrous ammonia that is produced at these

plants will be turned over to commercial plants to be changed into fertilizer for farm use. In numbers, this will amount to around 28 thousand tons.

The other development is that half of the coming year's exports of nitrogen fertilizer shall be made up of army production. Since the coming year's expected exports will be close to 61 thousand tons, 31,500 tons will be on hand for domestic uses.

With all this talk about thousands

of tons of fertilizer, it sounds as if there will be enough for everybody, says Thornton. But even with this expected increase, the world will still be a little short of nitrogen fertilizer.

The longer the nation waits to do something about soil conservation, the more there will be to do, and at a much higher price. Once the top-soil of a farm gets into the Gulf of Mexico, it won't come back.

INVITATION FOR BIDS FOR CONSTRUCTION OF WATERWORKS IMPROVEMENTS FOR CITY OF BOVINA, TEXAS

Sealed proposals, addressed to the City Commission, City of Bovina, Texas at the office of the City Clerk, for the construction of extensions to the existing water system of the City of Bovina, Texas, will be received at the above stated address until 3:59 o'clock P. M. Central Standard Time, Aug 27, 1948, and then publicly opened and read aloud.

A Certified Check, issued by a bank satisfactory to the Owner, or a Bidder's Bond executed by some reliable surety company authorized to do business in the State of Texas in the amount of five per cent (5%) of the largest possible lump sum bid submitted, payable without recourse to the City of Bovina, Texas, must accompany the Bidder's proposal, as a guaranty that the Bidder will enter into a contract and execute the required performance bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids or proposals without the required bond and guaranty will not be considered. The Bidder's attention is directed

to the fact that wages to be paid on this project shall not be less than the prevailing wage rates in this locality. It is the Contractor's responsibility to inform himself thoroughly of all State, Federal and Local laws and statutes pertaining to the employment of labor and the conditions of employment.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Complete copies of the specifications and contract documents may be examined in the office of the Mayor, Bovina, Texas, and may also be obtained from the Hatfield Engineering Company, Barfield Building, Amarillo, Texas.

A deposit of \$5.00 will be required for each set of plans, the full amount of which will be refunded to actual bona fida bidders, and to others who return the documents in good condition on or before the bidding date.

The City of Bovina, Texas, reserves the right to accept or reject any and/or all proposals or bids, to waive technicalities, to make any investigation deemed necessary of a Bidder's ability to perform the work covered by the specifications, and to accept what in its judgement is the best bid.

THE CITY HALL
OF BOVINA, TEXAS

Mrs. Kenneth Willis Honored At Bridal Shower

Mrs. Kenneth Willis, nee Miss Helen McDaniel, of Grier, N. M., was honored with a miscellaneous bridal shower in the undercroft of the local Baptist Church, Tuesday night, August 10th, with Mesdames Joe W. Magness, Clarence Meeks, Clyde Magness, Olan Schleiter, Woody McDermitt, and B. A. Kelly acting as co-hostess for the occasion.

Misses Mildred Moore and Letha Bridges sang a duet, "Let The Rest of the World Go By," accompanied by Miss Peggy Schleiter at the piano. Miss Schleiter rendered soft musical selections throughout the evening.

The serving table was draped with a lovely lace covering centered with a beautiful crystal punch bowl. Favors were made up of napkins with the words "I Love You" engraved in pink lettering in one corner. Delicious refreshments of punch and cookies were served, with Mrs. Woody McDermitt presiding at the punch bowl.

The guest book was in charge of Mrs. Clarence Meeks with the following guests signing it: Mesdames J. C. Banks, J. C. Birchfield, W. C. Hardage, W. H. McDaniel, Vernon Kirby, John Willis, Roy Cook, Edgar Blain, Lloyd Spies, W. T. North, Verney Towns, John Porter, E. L. Day, John Gant, Don Fought, Estelleene Billington, Harry B. Baker, Alta Fought, John C. Crim, Hayden Cason, and John Lockhart.

Misses Irene Hardage, Grace and Esther McDaniel, Iris Thornton, Letha Bridges, Mildred Moore, Darlene Day, Evelyn Crim, Peggy Schleiter, and the hostesses.

Sending regrets included, Mesdames Harry Whitley, Dorothy Eason, B. L. Hardage, Clyde Pumroy, D. J. Brown, A. F. Phillips, Jr., Guy C. Cox, Russell Johnson, C. A. Cassidy, W. H. Spurlin, Claude Rose, Ray Mears, J. W. Magness, Chester Magness, Fern Hardage, Dale McCuan, Buck Bradshaw, T. M. Monk, Velma Houston, Jack White, Mitz Walling, Bill Banks, Frank Seale, Willie Smith, and Ruby Stone.

Misses Peggy Louise Eason, Mary Harding, Dorothy Cassidy, Claudine Bridges, and Delphine Johnson.

Morris-Throckmorton Nuptials Are Held

Nuptial vows were spoken by Mrs. Jimmie Morris, formerly of Farwell and now of Clovis, and Dee Throckmorton, of Clovis, in the home of the bride, 1816 Wallace, in Clovis, on Saturday, July 31, at 9 p. m.

Gilbert M. Eastman, Church of Christ minister of Tucumcari, N. M., performed the lovely double-ring ceremony, in the presence of intimate friends of the couple.

Mrs. Throckmorton wore a street-length dress of champagne-colored satin, with accessories in black. Her shoulder corsage was of gardenias, surrounded by talisman roses. Mrs. Ray Ford, of Farwell, acted as matron-of-honor, and was gowned in black, with a corsage of red roses.

Ray Ford of Farwell attended Mr. Throckmorton as best man.

Following the wedding a reception was held in the home with Mrs. Ray Ford and Mrs. Grace Hodge presiding at the serving table. A bouquet of vari-colored asters centered the lace-covered table, and bouquets of gladioli were used throughout the home. Mr. and Mrs. Throckmorton will reside in Clovis.

Mrs. Marie Turner of Wichita, Kansas, is here for a visit with her sister, Mrs. Harry Jesko.

Pink And Blue Shower Honors Mrs. James Box

The home of Mrs. Orbie Allred was a scene of a pink and blue shower honoring Mrs. James Box, on Wednesday afternoon, August 4th.

Several games were played after which delicious refreshments of ice cream and cake were served to the following: Mesdames C. D. Houghtling, LeRoy Faville, J. D. Lewis, Herschel Morgan, Leroy Wilkinson, C. P. Sassell, M. S. Dellehoy, Russell Johnson, O. S. Allred, Louis Caillouet, Chas. Bell, the honoree, Mrs. Box and the hostess, Mrs. Allred. Mrs. Chas. Bell assisted the hostess with the serving.

Sending regrets were: Mesdames J. H. Ross, K. B. Box, Mary Parks, Evelyn Morgan, B. O. Faville, Harry Berek, Rita Winkel, Claude Curry, Marvin Doolittle, Jay W. Cawthorn, C. E. Sanders, Jimmie Morgan, Perry Crawley, J. H. Stone, D. W. Bagley, Paul Clark, Lewis Paul, Mae Means, Joe Morgan, D. J. Brown, Velma Snodgrass, Dixie Stewart, Ruby Stone, Jude Allred, B. A. Rogers, Jerry Paul, and E. Roop, of Texico-Farwell; Mrs. Bob Vinyard and Mrs. W. A. Noffokers of Clovis; Mrs. Pete Lawton and Mrs. Pat Sessell of Friona; Mrs. Paul Trefrey and Miss Gloria Berk of Amarillo, and Misses Peggy and Jean Rogers of Texico.

Parton Home Scene Of Family Reunion

The home of Mr. and Mrs. M. F. Parton of Texico, was the scene of a family reunion of the Roberts family Sunday, August 1. At noon a basket lunch was served after which the afternoon was spent in visiting and taking pictures.

Other than Mrs. Una Roberts, mother of the Roberts children, those present were: Mr. and Mrs. C. E. Roberts and boys, of Hico, Texas; and their daughter, Mrs. Roy Mosely of Fort Worth, Texas; J. J. Roberts and children of Portales, New Mexico; Mr. and Mrs. H. C. Roberts, of Lubbock, Texas; V. O. Roberts of Portales, New Mexico; Mr. and Mrs. R. J. Ranton and daughter, of Lubbock, Texas; Mr. and Mrs. Lela Roberts and family of Portales, New Mexico; Mrs. Orville Strickland and son, of Rogers, New Mexico; Mr. and Mrs. Ardie Roberts and daughters of Portales, N. M.; Mr. and Mrs. Hugh Roberts and daughter of Portales, N. M.; Mr. and Mrs. W. M. Shirlock and son of Ralls, Texas; Mr. and Mrs. E. D. Rasco and son of Lorenzo, Texas; Mrs. E. Jenkins of Dallas, Texas; Mrs. George Walley and children of Littlefield, Texas; Mrs. Mary J. Cox of Lorenzo, Texas; Mr. and Mrs. W. J. Woodward and daughter of Ralls, Texas; Mr. and Mrs. G. L. Southernland and children of Petersburg, Texas; Mr. and Mrs. J. F. Parton of Sudan, Texas; and Mr. and Mrs. Moon of Sudan, Texas.

Farwell Park Scene Of Magness Family Reunion

The Farwell Park was a scene of a reunion of the Magness family, Sunday, August 8th, with a picnic lunch enjoyed at the noon hour.

Attending the reunion were: Mr. and Mrs. J. W. Magness, Mr. and Mrs. Joe W. Magness and family, Mr. and Mrs. Clyde Magness and family, Mr. and Mrs. Chester L. Magness and family, Mr. and Mrs. Earl Magness and family, Mr. and Mrs. Sterlyn Billington and family, Mrs. Tom Foster and family, Mr. and Mrs. J. D. McMillan all of Farwell; and Mr. and Mrs. G. W. Magness of Friona, and Mr. and Mrs. Raymond Magness of Clovis, New Mexico.

MR. AND MRS. G. W. MAGNESS

Observe 50th Anniversary With Open House

Mr. and Mrs. George W. Magness will celebrate their 50th wedding anniversary with open house at their farm home three miles west of Friona on Sunday afternoon, August 15, between the hours of two and 5:30.

No formal invitations have been issued, but they are inviting all their friends to call during these hours. They have been residents of Parmer County since 1920, and during that time have formed many warm friendships with the people of this and adjoining counties.

Explaining that the anniversary was a little pre-mature, they explained that they wanted to celebrate while many relatives are here for the occasion.

Mrs. Fought Honored At Bridal Shower

Mrs. Don H. Fought, nee Miss Margie Baker, was honored with a lovely bridal shower Thursday afternoon in the home of Mrs. John Lockhart, in Texico. The home was beautifully decorated with bouquets of cut spring flowers. Sonja North gave a reading and Miss Peggy Schleiter, rendered several pianoforte selections.

Delicious refreshments of punch and cake were served with Mrs. Raymond Magness presiding at the punch bowl and Mrs. W. T. North serving the cake.

Those signing the guest register were: Mesdames John Gant, Hugh Tucker, Harry Jacks, Perry Winkles, W. T. North, Claude Darr, Edith Cantell, Herschel Morgan, Leroy Wilkinson, Alta Fought, Fannie Hyatt, Raymond Magness, Russell Johnson, Eddie Hudson, Henry Louis, Joe Magness, Clyde Magness, Grace Sanders, and Harry Baker; Misses Sonja North, Wessie Magness, Peggy Schleiter, Peggy and Jean Rogers; and the hostesses, Mrs. John Lockhart, Mrs. W. T. North, and the honoree, Mrs. Don Fought.

Sending regrets were: Delphine Johnson, Mrs. Euga Ingram, Mrs. W. T. Meeks, Mrs. Jerry Paul, Maurice Farly, Francis Smotherman, Misses Letha and Claudine Bridges, Mrs. O. C. Allred, Mrs. Murry White, Mrs. Loni Paul, Mrs. Maurice Early, Mrs. B. A. Rogers, Mrs. Perry Crawley, Mrs. Bob Drace, Mrs. J. D. Brown, and Mrs. M. C. Roberts.

Autry Twins Honored At Surprise Birthday Party

Ray and Fay Autry twin children of Mr. and Mrs. Thurl Autry were honored in the home of their parents with a surprise birthday party on last Wednesday afternoon on their 9th birthday.

Many lovely gifts including a new bicycle were received by the twins. Delicious refreshments of birthday cake and ice cream were served to the following: Vernon Lewis, Patsy and Windell Doshier, Melba Winegert, Louise and Marie Carzue, Claude and Clyde McDonald, H. D. and Jimmie Roberson, Hubert Beatty, Ann and Ronald Speice, Betty and Mack Crawley, Jimmie Moore, Preston and Jimmie Cain, T. A. and O'Neale Autry, Millie Autry, Betty and Claudine Bridges, Mrs. Preston Cain, Mrs. Speice, Mrs. Henry Lewis, Mrs. E. E. Autry and small son, and the honorees, Ray and Fay and the hostess, Mrs. Thurl Autry.

HERE FROM WASHINGTON

Mr. and Mrs. Lewis C. Cox, Jr., and children, of Washington, D. C., have been visiting for the past several days in the home of Mr. Cox's parents, Mr. and Mrs. Lewis C. Cox, Sr.

They attended to business matters the first of the week in Santa Fe and plan to leave here today (Wednesday) for their home. Mr. Cox, Jr., received his L. B. degree from the George Washington University in Washington, D. C., and will be here until October 1, after which they plan to move to New Mexico where they will make their home.

To Ruidoso

Mr. and Mrs. Vance Crume of Friona, Miss Kay Bunker of Clovis and Sonny Graham of Farwell, motored to Ruidoso, New Mexico, Friday, where they spent the weekend "just loafing around."

Mr. and Mrs. Magness were married at Waco, Texas, on October 2, 1898. Her maiden name was Miss Cordia Elizabeth Collier. They came to Parmer County in 1920, and have been numbered among our most substantial families. Since coming to this county, Mr. Magness has been engaged in farming and at this time owns large acreages of choice lands.

Eight children have been born to the union, five of whom still survive. They are: Chester L. Magness, Farwell; Muggs Magness, Mancos, Colo.; Mrs. Tom Foster, Farwell; Mrs. Eunice Vinson, Muleshoe; Mrs. Sterlyn Billington, Farwell. Twenty-five grandchildren and three great-grandchildren are listed among their descendants.

Graham Family Enjoys Get-To-Gether Sunday

Members of the B. N. Graham family enjoyed a family get-together Sunday in the home of Mr. and Mrs. B. N. Graham of this city. This was the first time in almost 10 years that all the family had been together at one time. The entire group motored to Clovis at the noon hour where a delicious dinner was enjoyed at the La Vista dining room.

Those present included Mr. and Mrs. B. N. Graham, of Farwell; Mr. and Mrs. Raymond Ross and family of Morton, Texas; Mr. and Mrs. John Graham and son of Lubbock, Texas; Mr. and Mrs. Benton Graham and daughters from Cucupa, Columbia, South America; Mr. and Mrs. W. E. Thornton and daughter of Bovina; and Howard Graham, who has been attending school in Meadville, Pa.

Howard spent the past three weeks touring the New England states and visiting New York City, before returning to his home here.

Bovina Rainbow Holds Regular Meeting

The regular meeting of the Bovina Rainbow Assembly was held on Monday night, August 2, at the Bovina American Legion Hall. The regular order of business was attended to and the girls practiced initiation. The regular officers discarded their rituals during the practice. Lura Rungell and Mary Looney were promoters.

After the meeting the girls gathered in the City Cafe where refreshments were enjoyed by all attending.

Rainbow girls present were: Jo Ann Williams, Murna Welch, Lera Dell Cherry, Roylee Hawkins, Peggy Mayfield, Dorothy Guinn, June Gav Looney, Janean Ellison, Patsy Ellison, Joan Spurlin, Louise Moody Clara Derrick, Betty McClellan, Rosamond Booth, Rose Hines, Joyce Miller, Billie Corinne Christian, Betty Foster, Modelle Hammonds, Lunell McFarland, Margie Leake, Beverly and Betty Gulley, and Rita Rungell.

Eastern Stars and Masons present were: Lura Rungell, Edith Cherry, Mary Looney and B. P. Abbott.

The girls are studying and it appears as though several badges will be awarded by September. Thanks to Mr. Abbott for being present at the meeting.

Returned Home From Fishing Trip

J. C., Mildred and Jimmie Moore, and Mr. and Mrs. Bob Drace returned home last Wednesday from a fishing trip to San Marciel Lake and Elephant Butte Lake, reporting fishing "just fair". They caught several nice Channel cat beside enjoying the trip and rest immensely.

Mr. and Mrs. Drace and Mildred Moore also motored to El Paso to take Cpl. Floyd Parks back to Camp.

Home From Tour

Mr. and Mrs. Lawrence Ham of this city and Mr. and Mrs. Henry Minter of Bovina, returned to their homes Saturday from a tour to the New Mexico mountains and Roswell. They enjoyed visits with relatives and friends and a fishing expedition while away, with lots of fish to eat, it was reported.

Mr. and Mrs. O. C. Sikes visited with relatives in Dickens on Sunday.

Auxiliary Holds Regular Meeting

The American Legion Auxiliary of Farwell held their regular monthly meeting Monday night, August 9, in the local Legion Hall. The meeting was in charge of Mrs. Mary Lou Cayson, president. The new constitution and by-laws were read and discussed, and a donation of \$40.00 was sent to the Veterans Hospital in Amarillo.

The next Auxiliary meeting which was scheduled to be held on the first Monday night of the month, has been postponed until the third Monday night for the month of September, which will be September 20.

Delicious refreshment of punch and cookies were served to the fourteen members present by Mrs. Charley Thompson and Mrs. Frank Seale.

In attendance at the meeting were Mesdames Mary Lou Cayson, Bess Henneman, Frank Seale, Jerry Meeks, Raymond Sudderth, Ruth Meeks, Paul Wurster, Margie Meeks, Mable Barton, Johnny Crawley, Estelleene Billington, and Charley Thompson; and Miss Iris Thornton.

Returning Home

Miss Jean Walker, niece of Dick Walker of this city, will leave for her home at Odessa on Saturday after spending two months in the Walker home here. The Walker family will accompany her home, returning the following day.

College President Here August 19

Dr. Harold Cooke, president of McMurry College at Abilene, and Rev. Carl Clement, district superintendent of the Clovis District, will be luncheon guests of the board of stewards of the local Methodist church on Thursday, August 19th.

Rev. Harvey Carrell, pastor, said a full attendance of all officials of the church, was desired at the luncheon, which will be served in the basement by the WSCS of the church.

On Vacation

Mr. and Mrs. Ira Levins and daughter, Susa Palmer, and Mr. Levins' mother, Mrs. Aulana Levins, departed the first of the week for a week's outing at Ruidoso, N. M. Scott Jr., and his sister, Mrs. Caroline Martin, are in charge of the Border Theatre during their absence.

LICENSES ISSUED

Records at the office of County Clerk Loyde Brewer reveals that a marriage license was issued to Bobby Joe Alexander and Miss Hester Houlette on Wednesday, August 4, and a license was issued on Thursday, August 5th, to Bobbie Lee Roden and Miss Betty Jo Lawson.

PICTURE MAKING IS LOTS OF FUN!

Come in and let us fit you out with a complete picture-taking outfit. We have Argus, Eastman and Agfa Cameras in stock ready for the summer vacation trip. Also plenty of film in all the popular sizes.

RED + PHARMACY

HOSPITAL NOTES

Patients admitted to the Parmer County Community Hospital:

Mrs. T. G. White, Friona, Medical; Viola Allen, Friona, Surgery; Mrs. James L. Taylor, Bovina, maternity; Mrs. Chas. Gray, Friona, medical; Ms. Chas. Bainum, Friona, medical; Mrs. Jed Queen, Bovina, medical; Dorothy Blythe, Friona, surgery; Lila Robason, Friona, surgery; Mrs. Mary McGee Bovina, maternity; Mrs. H. C. Hight, maternity; Roy Dale Messenger, Friona, surgery; L. T. Camp, Dalhart, surgery; and E. R. New, Friona, medical.

Patients dismissed from the Parmer County Community Hospital:

Mrs. T. G. White and baby; Viola Allen, Mrs. James J. Taylor and baby; Mrs. Chas. Gray; Mrs. Chas. Banium, Dorothy Blythe, Lila Robason, and Mary McGee.

Mr. and Mrs. Boyd Hampton and children of Modesto, California, spent the past week in the home of Mrs. Hamptons' sister, Mrs. Clark Billingsley and family, at Lariat. The Hamptons motored to Lubbock and will return to their home in Modesto, via Lariat Monday.

Mrs. L. E. Knowles former resident of the West Camp Community and now of Modesto, Calif., is reported able to be "up and about" after a lingering illness. She has been in ill health for the past year but is reported improved at the present time.

Mr. and Mrs. Edward Templeton of Austin, spent the weekend visiting in the home of Mrs. Templeton's parents, Mr. and Mrs. Lewis C. Cox.

Time To Harvest Green Beans, Says Specialist

COLLEGE STATION.—Beans are at their best right now. Logan, Refugee and Blue may be strange names as far as bean varieties go, but these varieties are free from fiber stringiness and are tops for canning or freezing.

If you are harvesting green beans, especially for quick freezing, J. F. Rosborough, extension horticulturist of Texas A. and M. College, advises to select only those beans which have very small seed and a dark green color. When the seeds have begun to develop to a point in green beans where there are slight bulges in the beans, there is enough wood fiber in the hull to give the canned or frozen food product a low eating quality and poor flavor.

Corn may be another of your crops that is ready for harvesting and canning. If so, here is a point to remember; pick the ears early in the morning, and get the corn in the can or freezer as quickly as possible. Sweet corn begins to lose its sweetness and quality in a very short while after the ears are taken from the stalk. The same goes for fresh roasting ears on the table. For best taste and quality, harvest the corn at 11 o'clock for a meal at 12 o'clock.

As for tomatoes, Rosborough suggests that they be pulled from the

vine as soon as they turn pink. Bring them into the house and put them in a cool, shady place where they will ripen to a deep red color. You will find that the inside of the tomatoes are juicy and mealy instead of fibrous. This is for fresh tomatoes.

Now, if you want tomatoes for canning, pick them pink and let them ripen in the house, or leave them on the vine until they are fully ripe. A little mental arithmetic will give you an estimate on your tomato crop. A bushel of tomatoes will give you about 25 No. 2 cans. On a larger scale, 150 bushels to the acre is a good estimate. This gives about 3,750 No. 2 cans of tomatoes from an acre.

Careful handling of the crop will mean less loss on the yield, says Rosborough, so handle with care and keep your profits up.

MORE PIPE COMING

Mayor John Kimbrough of Bovina, stated today that an additional shipment of large pipe has been promised the City of Bovina to be used in water extensions in the city.

Seven thousand feet of 6-inch pipe, and 500 feet of 8-inch have been promised "in September" Mayor Kimbrough said. Bovina's water works extension has been held up several weeks pending the arrival of this pipe.

Subscribe to The Tribune!

Truly a pastry for a party is this apricot cottage cheese pie. Each serving is topped with whipped cream nests crowned with an apricot half.

Want an extra-smooth dessert to make a debut at a special dinner? An apricot cottage cheese pie may take a little more fuss than some, but the reward is pure pleasure. As the guest bites into a generous wedge of this luscious pie he will discover that beneath the whipped cream and apricot garnish lies a creamy layer of cottage cheese custard—and beneath that, a richly flavored apricot layer over flaky crust.

An important point to remember in making this pie is that the cheese custard must be baked at a rather low temperature to keep the milk and cheese proteins tender. Since the pie crust should be started in a very hot oven, only the apricot layer is placed in the shell for the initial baking. After ten minutes, take the pie from the oven and pour the cottage cheese custard over the apricot layer. Return the pie to the oven and finish baking in a slow (325 degrees F.) oven.

APRICOT COTTAGE CHEESE PIE

- Apricot Layer**
 2 cups mashed cooked apricots
 1 teaspoon lemon extract
 Mix ingredients well.
- Cottage Cheese Custard**
 1/2 cup sugar
 1/2 teaspoon salt
 2 eggs, beaten
 Add sugar and salt to eggs. Mix well. Add milk, vanilla extract
- Pastry**
 1 cup sifted enriched flour
 1/2 teaspoon salt
 1/2 cup shortening
 2 to 3 tablespoons cold water
- Sift together flour and salt. Cut or rub in shortening until mixture is crumbly. Sprinkle water over flour mixture and mix to a dry crumbly dough. Turn out on lightly floured pastry cloth. Press dough together. Roll out about one-eighth inch thick. Line deep nine-inch pie pan. Trim and flute edge of pastry. Prick with fork.
- Spread apricot layer evenly into pie shell. Bake in hot oven (425 degrees F.) 10 minutes. Pour cottage cheese custard over apricots in pie shell. Reduce heat to slow (325 degrees F.) and continue baking 50 minutes. Garnish with whipped cream and cooked apricot halves, if desired.
 Yield: one nine-inch pie.

Conference And 4-H Round-up Postponed

COLLEGE STATION.—The Extension Agent's Conference and 4-H

Club Round-up scheduled in College Station the week of August 16 through 20 has been postponed until June 13 through 17 next year, J. D. Prewitt, acting director of the Extension Service, has announced.

Replacing the annual agent's conference and 4-H Round-up this year will be a series of bi-district extension meetings of two days duration in the later part of October and the early part of November.

Plans for the bi-district meetings are tentative at this time, but a general program for all meetings is being lined up by the program chairman.

Location of meeting places has not been decided, but geographic location involving the least amount of travel will be a determining factor, said Prewitt.

When water is carried by hand, people use only about four to six gallons per person per day, on the other hand, with a completely modernized water system about 35 gallons per person per day is used.

How's Your Pick Up?

We're not thinking about the pickup of your car, but how fast you answer the telephone when it rings. Answering promptly often saves missing important calls.

THE MOUNTAIN STATES TELEPHONE & TELEGRAPH CO.

UNITED DAUGHTERS DAY

DALLAS—Oct. 14 will be United Daughters of Confederacy Day at the State Fair of Texas, Mrs. C. T. Adams, United Daughters arrangements chairman, announced Friday after a conference with State Fair officials.

A luncheon, at which a prominent guest speaker will be presented, will be the principal feature of the day, Mrs. Adams said.

AUSTIN.—Six E. D. Farmer International scholarships have been approved by the University of Texas as faculty for 1948-49 exchange of students between the University and the National University of Mexico. Three scholarships of \$1800 each will go to University of Texas students, and three scholarships of \$1,600 each will be permitted for Mexican students, plus a maximum of \$300 each to cover tuition and fees.

EVERSMAN PATENTED ECCENTRIC AXLE

For Perfect LAND LEVELING and SEED BED PREPARATION

MODEL 9

MODEL 25—Width 12' 10", length 32', cutting blade length 9' 3", depth 22", requiring 38 H.P. (drawbar).

MODEL 12—Width 12', length 21', cutting blade length 9' 3", depth 16", 3 plow tractor. Model 9 shown at top of page slightly smaller for 2 plow tractor.

MODEL 35—Larger, longer, more dirt capacity than Model 25. Both 25 and 35 have main frame spliced for converting in field to maneuverable dirt mover.

The only leveler with patented crank axle that moves the blade up and down in the frame as it goes across the field—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. It mulches the soil, breaks clods, forms a finely pulverized seed bed as the machine moves along.

Also excellent DIRT MOVER. Patented wheel lift raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. Here's a 3 purpose machine for dirt moving, leveling and seed bed preparation...a machine you'll need year after year. One inexperienced man and your present tractor operates it.

Get your DIRT MOVING done this FALL and have the same machine for finish leveling and seed bed preparation in the SPRING.

ETERNITY

As quick as a wink or the flash of the camera bulb that reproduced these scenes your life may be taken away. Only one brief second before either of these two wrecks occurred the parties involved would have declared ... "that could never happen to me!" Five minutes later the debt had been paid. The account was settled. They now have an appointment with God. Inconceivable, almost, is the position in which the camera found this big transport truck but more incredible was the condition of the bodies involved therein. Its cargo consisted of most everything from "soup to nuts" proverbially speaking.

ETERNITY, an infinite duration; an unending existence. It belongs to you and every member of your family. Indifferent church member, it is yours too. Mr. wreckless driver you also must face it. How is it with you before the wreck? After your mangled body has been removed from the wreckage you'll have no chance. The day of opportunity will have been passed for you. Tragical? Of course it is but a fact, so, play safe! be sure! Don't forget that your church is a very, very good place for you on Sunday. As the head of your family make the habit a must on your calendar every Lords day.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. State leaders today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Camisole sizes 32 to 38; about \$3. Petticoat, small, medium, large. About \$4. Tru-Val.

LIVESTOCK JUDGING CONTEST SCHEDULED FOR AUGUST 16

COLLEGE STATION.—The State Boys' 4-H Club Livestock Judging Contest will be held August 16, in the animal husbandry pavilion on the campus of Texas A. and M. College, according to J. D. Prewitt, acting director of the Extension Service.

This contest will be held in cooperation with the Texas A. and M. College animal husbandry department, said Prewitt, and will be the first 4-H livestock judging contest held since the end of the war.

Two teams from each extension district will compete in the contest, making a state total of 28 teams to enter. Each team will be made up of four boys, and will judge twelve classes of livestock, including quarter-horses, beef cattle, fat barrows and sheep.

The three highest teams at the 4-H livestock judging contest here will compete against the three winning FFA teams at the Dallas State Fair in October. The two high teams coming out on top at that contest will go to the International Junior Livestock Judging Contest held in connection with the International Livestock Show at Chicago.

The animal husbandry department will have charge of the overall management of the livestock judging contest to be held here August 16, said Prewitt.

Hair Down — Prices Up?

It's a changing world. The models above show the old (left) and the new hair-dos. The new styles are down, but the price of hair styling will go up unless Helene Curtis Industries, Inc., wins a patent battle now pending in the United States Circuit Court of Appeals.

Even keeping beautiful is threatened by the high cost of living. The cost of machineless permanent waves will go up unless Helene Curtis Industries, Inc., of Chicago, wins a battle to reverse a lower court decision. The firm has announced it is carrying the fight to the United States Circuit Court of Appeals. The decision affects millions of customers of the nation's 300,000 beauticians. A lower court has ruled in favor of Sales Affiliates, Inc., on two of four patents on materials for machineless permanents in an infringement suit against Helene Curtis. Court records show that Sales Affiliates has licensed the Toni Company and Halgar, Inc., to manufacture and sell pads for machineless permanents. Toni now sells only home cold wave sets. Willard Gidwitz, executive vice-

president of Helene Curtis, said his firm was continuing the fight in the interests of the beauticians and the public. The additional cost would have to be passed on to the public by beauty shops, he said. "Materials for machineless waves represent only a few items among the hundreds in our lines," Gidwitz said, "and it would cost less to pay the royalties than to appeal. But since we supply only professional beauty shops, we are concerned over them and their customers. We also are concerned because Sales Affiliates has licensed two firms in competition to beauty shops. "We are advised by counsel that we may be confident of winning. In a number of patent suits affecting similar beauty products in the past, lower court decisions have been reversed."

Wash bulbs and light fixtures often, as a film of dust and dirt cuts down their efficiency and dims the light. Never allow water to touch the metal part of a light bulb.

Don't throw away outer leaves on cabbage and lettuce. Wash them well and use them. Remember: "The greener the leaf, the more vitamin A."

Bovina Happenings

Jessie McSpadden

DORCUS CIRCLE MEETS WED.

The Dorcus Circle of the Methodist Church met Wednesday, August 4th with Mrs. Earl Richards.

After a delicious covered dish luncheon the lesson was enjoyed by all.

Mrs. Lewis Pesch gave the devotionals and read the first six verses from the seventh chapter of St. Mark. Mrs. I. D. Quickel gave our study on the women of the Bible about Mary the mother of Jesus and Elizabeth the wife of Zacharias. We then had the business meeting and decided to serve at the hotel in Bovina on August 14. Come and eat homemade ice cream, pies, and cakes all afternoon.

Mrs. Gene Ezell is on vacation from the Bovina Post Office. Mrs. Vernon Ward is assisting Mrs. Von Bowen during Mrs. Ezell's absence.

Mr. and Mrs. H. J. Charles returned home this weekend from a vacation trip in Colorado.

Cayson Jones had business in Clovis Tuesday afternoon.

Mr. and Mrs. Max Wade returned Saturday from a trip to the mountains in New Mexico.

Mr. and Mrs. Ewing Caldwell of Lubbock spent Sunday with Mr. and Mrs. Bob Caldwell.

Mrs. Wm. L. Liles and Billy left Sunday for a few days visit with relatives in Brownfield, Texas.

Mr. and Mrs. Max Wade and Maxine left Sunday for Lubbock, Texas where they will make their home. Mr. Wade has been employed by the Lubbock Avalanche Journal.

Miss Rita Wilkinson is visiting in Kansas and Nebraska with friends this week.

Mr. and Mrs. Odis White had business in Amarillo, Wednesday.

Rev. and Mrs. Vernon Pipes of Mathews, Texas, spent Sunday in Bovina. Rev. Pipes filled the pulpit Sunday morning and evening in the First Baptist Church. He was extended an indefinite call to the church.

Mrs. Lawrence Starr of Le Fors, Texas, arrived Sunday to visit her parents, Mr. and Mrs. Charley Gray and Lawrence.

Grandma Elliott is visiting with her daughter in Odessa, Texas, this week.

Mrs. J. S. Charles who has been visiting relatives in Wichita, Kansas, returned this week to her home in Bovina.

Earlene Markam is moving to California, with her parents here they will make their home.

Joe Lawrence Langer arrived home Friday for a visit with his parents, Mr. and Mrs. Joe Langer.

Mrs. Alma Vassey left Wednesday for an extended visit in California.

Mrs. Jno Byler, Jr., of Amarillo is visiting her mother, Mrs. Lucy Wilson this week.

Mrs. W. O. Cherry left Friday for Jacksboro, Texas, for a visit with her father.

Mr. and Mrs. Austin Calhoun and family of Las Cruces, visited this week with Mr. and Mrs. Steve Calhoun.

Mr. and Mrs. Bob Johnson are leaving this week for a two weeks vacation in Galveston.

Mr. and Mrs. Jack Woltman and Mr. and Mrs. Bill Kyle had business in Lubbock, Thursday.

Mrs. Jed Queen is a patient in the Parmer County Hospital at Friona. Her condition is reported to be quite serious.

Betty Trimble of Mobeetie, Texas is visiting with Mr. and Mrs. George Trimble and family.

Cayson Jones was a Farwell visitor, Saturday.

Mrs. Troy Armstrong is visiting in Dallas and Paris, Texas this week.

The Dorcus Circle of the Methodist Church will serve home-made ice cream, cake and pie and coffee

Saturday, August 14th, at the Bovina Hotel.

Visiting in the home of the Aubrey Ellisons this week were Mrs. J. A. Jones of Tyler, Texas, Bernice Purnell of Wheeler, Texas, and Mr. and Mrs. R. D. Purnell of Roswell, New Mexico.

C. R. Elliott had business in Clovis Saturday.

Ronald Berggren and Robert Calaway made a trip to Amarillo on business Friday.

Mr. Eloise Johnson of Los Animos, Colorado, spent the week with her sister-in-law, Mrs. Al Berggren and Mr. Berggren.

Mrs. Adolph Euders of Sagerton, Texas, is visiting her sister, Mrs. Clifford Leake and other relatives in Bovina this week.

Mr. and Mrs. Hershel Lowe of Canyon spent Sunday with Mr. and Mrs. C. R. Elliott, and Mr. and Mrs. Lowe visited also with Mrs. Geo. Trimble and Loyce Marie.

Mr. Tet Queen of Tulare, California, who has been visiting the past month with Mr. and Mrs. Stacey Queen, left Sunday for Miami, Fla., where he will spend a month with his sister before returning to his home in California.

Mr. and Mrs. Tuffy Jones and family and Dickie McWhirter of Clovis, visited Sunday with their parents, Mr. and Mrs. Stacey Queen.

For safety, never grease, oil, unlug or adjust a machine that is in gear.

There are not nearly so many complaints about the weather as there would be if the government regulated it.

Patsy Ann Meyer, 11, Canton, Oklahoma, 4-H Club girl, is Hollywood bound for a screen test.

Patsy Ann was selected as one of four girls, out of more than 8,000 entered, to try for a part in "The Green Promise," film story to be produced in Hollywood. She is shown above as she was interviewed recently in Oklahoma City by Robert Paige, co-producer of the film, who will play the role of a county agent.

Mrs. Pete Meyer, Patsy Ann's mother, and Miss Maudie Thompson, home demonstration leader from Wautonga, Oklahoma, will accompany the 4-H girl to Hollywood. She will vie with Judy Stewart and Marian Freed, both

from Wisconsin, and Jeanne LaDuke from Indiana, for the part in the film.

"The Green Promise" relates the story of a farm family which by adopting measures recommended by the county agent and through examples set by 4-H Club members, is able to raise itself to higher living standards. It will be produced by McCarthy Productions, independent film company formed by Glenn McCarthy, Houston businessman, Paige and Monty Collins, well-known screen writer. Paige and Collins are co-producers and Collins wrote the original screen story.

Production of the film is scheduled to start in mid-August.

Unthrifty Pigs May Mean Wormy Pigs

COLLEGE STATION.—Pigs that are fed a good ration and still remain unthrifty are likely to have roundworms. Likewise, if you raise a litter of pigs on ground that was formerly occupied by pigs, there is a good chance that the second litter will have roundworms.

Dr. W. C. Banks, extension veterinarian of Texas A. and M. College, says that these worms may be passed right on out through the body and onto the ground. An examination of the pig lot may show presence of these roundworms. They can be identified as being large, thick yellow or pink worms about lead pencil size.

Weaned pigs of any age may be wormed, but the best time to worm pigs is two or three weeks after weaning. Pigs are weaned at around 56 days of age, so when a pig is two and a half months old, this is a good time to worm them. For best results, move the pigs to a concrete floor.

worm them and bring them back to the pen or pasture after three days.

Another method is to worm them in the original pen, and later move them to a different pen, or out to the pasture three days after worming. Moving the pigs helps break the worm's life cycle, and thus reduces the number of worms.

Sodium fluoride is the best chemical to use for worming pigs because it is 90 percent or better effective, cost is low, it is easy to get, and is not harmful to the pig if given as directed.

Dr. Banks suggests not to worm over six to ten pigs at one time. Directions call for one pound of sodium fluoride mixed thoroughly with 100 pounds of dry feed. And if you don't have that many pigs, mix one level teaspoon with one pound of dry feed for every pig weighing 25-35 pounds. Some of the larger pigs may be given another pound 12 hours after the first dose. If a second worming is required, repeat the treatment in 30 days.

Two wormings will probably be

enough unless the pigs are left on ground that is severely infested with roundworms. Important, keep in mind, says Dr. Banks, that sodium fluoride is a poison, and if it is improperly mixed, or too much is used, the pigs may be poisoned.

VETERAN'S QUESTION BOX

Q.—I expect to purchase a home under the guaranty provisions of the G-I Bill and would like to know if I must pay the appraiser's fee.

A.—Yes. The appraiser's fee is paid by the veteran and usually is from \$15 to \$25.

Q.—How do I arrange to get a loan for business purposes under the G-I Bill?

A.—It is up to you to find a bank public or private lending agency to even an individual willing to advance the money.

Q.—I want to obtain a G-I farm loan to buy some farming equipment. However, I don't live on my farm.

Am I eligible for such a loan?

A.—Yes, if you actually conduct the farming operations.

Q.—I applied at a bank for a G-I business loan, but I was turned down. What should I do?

A.—First consider whether your proposition is a sound one. If so, try another lender. The fact that one lender is not interested does not indicate that another may not be.

Q.—I applied for a G-I loan and it entered on my discharge papers, but the loan wasn't completed. Can I have my papers corrected?

A.—Send your discharge to the VA regional office where the entry was made. Include the necessary information, so the entry can be canceled and the amount of guaranty restored for your future use.

Through the use of green manure, crop rotation, cover crops and fertilizers, farmers can maintain and increase the fertility of their lands.

When your sins find you out, it's just about as bad as when the collectors find you in.

Hereford's Radio Station On The Air

Hereford's Radio Station KPAN is now on the air, operating at 860 kilocycles. Programs will be heard each day from sun up to sun down, according to Manager Marshall Formby. Program time in August is from 6:15 a. m. to 7:30 p. m.

KPAN has a power of 250 watts, and has a tower 270 feet high. More than eight miles of copper wire were plowed in the ground near the tower. Six newscasts daily are given over the station, which has a United Press wire service direct from Amarillo, Dallas, and St. Louis.

Formby announced the following as being associated with KPAN: H. W. Blymiller, Commercial Manager and Program Director; Clint Formby, Chief announcer; Rea Bowman, Chief engineer and announcer; Faye Bowman, script writer; and Mrs. Elmer Patterson, reporter. Formby pointed out that the 860 spot was almost in the middle of the dial and enabled KPAN to be heard over a large territory.

Rat control is a five-fold job: (1) Do not shelter rats; (2) Do not feed rats; (3) Kill rats regularly; (4) Organize community rat control projects; (5) Follow a year-round program.

New Buildings For Bovina Business

O. W. Rhinehart, Bovina real estate dealer, announced this week that construction work would get under way in the near future on two new buildings in Bovina.

They will be located on Highway 60, just across the highway from the McCuan station. The main building will be 60X100 feet and will be constructed for an implement house and an electrical shop. A smaller building will be erected to accommodate a service station on the corner.

Rhinehart said further that negotiations were under way for curb and gutter installations along Highway 60 through the north part of Bovina, with the ultimate view of getting the highway paved from curb to curb.

NEW BARBER

Booth Deathreage of Happy, has been employed as a barber at the Billington Barber shop in Farwell. Deathreage moved his family and they plan to make their home here. Bob Kyker, pioneer resident, and familiar figure in Texico-Farwell, will continue to help out when he is needed at the local shop, Billington said.

Draft Office To Hereford

HEREFORD—Offices for a five-county draft board to register young men under the government's military training program will be set up in Hereford.

S. O. Wilson, representing Deaf Smith County on the board, said a telegram from Gen. K. S. Berry Friday morning designated Hereford officially as registration headquarters for Parmer, Castro, Deaf Smith, Swisher and Randall County registrants.

A protest from chairmen for a five-county area, for which Dimmitt had previously been named headquarters, brought the change in arrangement, Mr. Wilson said. The previous plan called for registration of all young men in the area at Dimmitt, but the board, composed of volunteers without pay, objected to the inconvenience of frequent trips to other communities.

Mr. Wilson said Friday the state selective service office has responded by giving each county the authority to carry out registration through volunteer crews in each town and community in the county. He said the board hopes to secure offices in the Deaf Smith County courthouse; they are authorized to set up the office, secure a clerk, and to begin preliminary work on August 15.

Actual registration is scheduled to begin August 30 and to be completed by September 18. Young men reaching registration age following that date will be registered by some established government agency. Records from the five-county area will be filed in the Hereford office, and inductees will receive final instructions through this office, Mr. Wilson said.

On the board with Mr. Wilson are Dr. S. H. Condron, Randall County; Robert Estes, Castro County; Henry Teubel, Swisher County; and David Moseley, Parmer County. They will meet to select a chairman, secretary, and clerk, and an attorney to act as a federal appeal agent.

IN REVIVAL MEETING

Rev. J. J. Terry, pastor of the Oklahoma Lane Baptist Church, left here the latter part of last week for Northfield, in Motley County, where he is engaged in doing the preaching in a ten-day revival meeting.

Try This On your Johnson Grass

Mrs. Claude Rose has handed us a "sure-fire" remedy for killing Johnson Grass, which, Mrs. Rose said, originally appeared in Old Tack's column in the Amarillo News.

Tack says to cut Johnson Grass off about a quarter of an inch under the surface when the signs of the zodiac are in the heart in August, which occurs on the 13th and 14th of this month.

Tack claims he tried this process last year and the only sprigs to reappear this year were from the shattered seeds.

Absentee Voting Is Delayed In County

Absentee voting in the second primary, which was scheduled to get under way on August 8th, has been delayed in this county due to the fact that the ballots have not as yet been printed.

G. D. Anderson, County Democratic Chairman, stated today that he had not been furnished with a certified list of the state and district candidates who would appear on the second primary voting sheets. He expressed the belief that the list would reach here by the latter part of this week and that ballots for this county would be issued immediately.

The run-off primary, which will be held on August 28, will contain the names of a very few candidates, with practically all of the contests being settled in the first primary on July 24th. There is only one run-off in Parmer County, with W. S. Menefee, incumbent, and Jimmie Seaton battling it out in the Lazbuddy precinct for the nomination for county commissioner.

The only run-off race among the state candidates that is calculated to attract any attention is for the office of U. S. Senator with Lyndon Johnson and Coke Stevenson pitted against each other in a hot campaign.

BOSLERS LEAVE

Mr. and Mrs. Clifford Bosler, who have been connected with the Sikes Motor Co. for the past few years, have resigned and left Farwell for an unannounced location. Bosler was employed as mechanic and his wife as bookkeeper of the local firm.

Mr. Sikes said today that Jake Winkle, a trained mechanic, would serve as head of his mechanical crew.

SCHOOL SUPPLIES

Yes, school is just around the corner. And remember that the first stop, as always, is at the Fox, where you will find a complete line of school supplies.

FOX DRUG STORE

LEASES CAFE BUSINESS

Mrs. Tommy Thompson of Clovis, has leased Shorty's Cafe in Farwell and took charge the first of the week. Miss Nadine Wallace of Clovis, until recently of Friona, has been employ-

ed as waitress.

In retiring from the business, Mr. and Mrs. A. Milstead has no announcement to make regarding their plans for the future.
