Burglars Visit Burk Drug Saturday Nite

Rooftop burglars visited the Burk Drug Saturday night for the second time within a year, although the haul this time was not nearly so spectacular as the famous \$200,000 in jewels secured by Lloyd Edwin Roberts in December, 1949.

Between \$225 and \$250 in cash and a quantity of narcotics were stolen Saturday night, with the burglars evidently entering the building down a greasy ventilator chute opening above the stove in the kitchen.

Greasy tracks were found in the hallway, leading to the back door, and Sheriff Ray Phagan believes the man who entered through the chute had an accomplice who was let in through the back door.

A trail of mud, apparently made by the second entrant, led to the cash registers and safe, Phagan said.

About \$150 was obtained from the two cash registers in the front of the store, and from \$50 to \$75 in change from the safe.

An estimated \$75 to \$80 was in \$1 bills, \$35 was in \$5 bills, and

Carroll McClung Elected President Of Golf Club

Carroll McClung was elected president of the Perryton Golf Club at the meeting held Monday night in the directors room of the First National Bank. He succeeds Keith Lane.

Alton Boxwell was re-elected secretary-treasurer and Frank Ferguson and A. C. Witt were named two-year directors.

Aldon Bell and Harold Frank were elected one-year directors and the fund raising committee will consist of Harold Frank, Carroll McClung, Frank Ferguson, Bob Leatherman and Alton Boxwell.

A greens committee will be appointed in the near future and will be responsible for the layout and condition of the course, McClung said. A by-laws committee will also be named to set up the rules and regulations for players.

The course is practically ready to play, when it dries out enough for the fairways to be raked and mowed again, McClung said.

Legion Potluck Supper Monday

The monthly potluck supper of the American Legion and Auxiliary will be held Monday night at 7:30 o'clock at the Veterans Memorial Building.

Hostesses for the occasion are Mrs. E. W. Thomas, Mrs. John Stubbfield, Mrs. Omar Truax and Mrs. Alex Barlow.

School Enrollment Misses 1,000 Mark

Enrollment in the Perryton schools increased 56 this week, but is still just short of the 1,000 mark. A total of 48 students were enrolled in elementary and junior high school this week and eight students in high school for a total of 996 in the schools. High school enrollment now stands at 230 and there are 766 in the elementary and junior high schools. Total enrollment last year was 1,075.

Rangers Are Idle This Week; Meet Irish Sept. 22

The Rangers have an open date this week, their only one of the season, and have been spending their time getting ready for the first home game Sept. 22 against Shamrock.

Coaches Lewis Emerick and Wesley Cox need the extra week to allow some of the injured players to recuperate. Louis Flowers, who sprained an ankle in the Wellington game, was suited out Wednesday, although he did not do any running or contact work.

Latest casualty is tackle Dan Maberry, who received a pulled ligament in his neck in practice Monday. He will be out for about 30 days, Emerick said.

Ed Melvin and Kenneth Slaughter, both of whom missed the Wellington game with sprained ankles, are back in workouts now. Vernie Farrington, who was ticketed for a

Temporary TEC Committee Set Up In County

A temporary organization for Ochiltree county was set up Tuesday night at the meeting of the Texas Economy Commission and another meeting will be held at a later date to make plans for an educational program.

W. B. LaMaster was elected chairman of the temporary group, with Otis Burk secretary and R. H. Holland, treasurer.

The Texas Economy Commission has a goal of \$75,000 for the educational program in Texas. Ochiltree county's share of this amount is \$100 and it has already been raised.

S. B. Whittenburg of Amarillo is chairman of the 31st Senatorial District and will work with the county groups.

The Texas Economy Commission is an organization of private citizens appointed by governor Allan Shivers to study and make recommendations regarding cutting waste and expenses in the state government.

County Court Opens Monday

The September term of county court will open Monday, with petit jurors summoned to appear at the courthouse at 10 a. m. that day.

There are several jury cases on the docket for this term of court, reports county judge Dave Shanks.

Petit jurors summoned to appear Monday are Clyde Devers, Joy Hergert, Sam Handly, Daniel Newman, Roscoe Nelson, Roy Orrill, Roy Stollings, C. A. Hoover, K. J. Bremmer, Jim Anderson, Edward Schroeder, T. R. Shirley, C. H. Neufeld, Trulen Gooch, Knox Pipkin and G. A. Rupprecht.

Revival Meeting At Assembly Of God Church

A revival meeting will open Sunday, September 17, at the Assembly of God church, Rev. Fred L. Ridener, pastor, has announced.

Evangelist James Sawyer and his wife will be in charge. Children's services begin each evening at 7:30 o'clock and the regular services start each evening.

Large Crowd Hears Rep. Guill Hit Democratic Administration

"I doubt if in my lifetime I will ever see peace again," Congressman Ben Guill told audiences here Thursday in three speeches in which he avoided mention of the forthcoming November elections but strongly blasted the Democratic administration with special emphasis on the bungling of Secretary of Defense Louis Johnson and Secretary of State Dean Acheson.

Hobby Show to Be Presented by Perryton PTA

A hobby show will be presented Monday night in the high school study hall, sponsored by the Parent Teachers Association. The show will be held immediately following the first fall meeting of the PTA, which begins at 8 o'clock Monday night in the school auditorium.

All persons who have interesting collections are invited and urged to take part in this show, stated Mrs. Vance Apple, member of the show committee.

"If you have a collection of old glass, china, coins, newspapers, antiques, dolls, stamps, rocks, ceramics, wood carving, unusual potted plants, model airplanes or any other collection, we would like to have it on display," Mrs. Apple said.

The committee in charge of the show consists of Mrs. Apple, Mrs. Spencer Whippo and Mrs. Joe Erickson.

There will be a motion picture and a vocal solo by Henry Taylor on the program, and a reception honoring the school faculty will be held in the senior high school study hall.

Heaviest Rain During Week At Farnsworth

Continued rain in the Perryton area is hampering farming operations, and wheat growers, especially, are ready to call a halt. Rain keeps falling on soggy fields, keeping wheat drills idle at a time when wheat sowing should start.

Rain is slowing down the cutting of grain sorghums, too, although much of the county acreage has been cut for fodder. Combine grain sorghum crops are not ready, anyway.

While the rain has not been heavy in the immediate Perryton area, totaling only .35 inch Saturday night and .30 inch Sunday night, torrential rains have fallen at Farnsworth, flooding out at least two families.

On Saturday night, two inches of rain fell at Farnsworth and another 3 inches fell Sunday night. The flood waters across highway 117 at Farnsworth ran into the Conner Grain Co. elevator pit and damaged wheat stored there.

Mr. and Mrs. Ben Peckenpough had to move out of their home five miles northwest of Farnsworth when their lake moved into their home. After the heavy Sunday night rainfall, the water from the lake crept into the house and they moved to Farnsworth early Monday morning.

Water is now standing in three rooms in the house, ranging from one to two inches deep. A

Golfers to Work On Course Sunday

All Perryton golfers are asked to report to the golf course Sunday, if weather permits, to finish getting the course into playing condition. Carroll McClung, president of the Perryton Golf Club, has announced. The fairways need to be raked and mowed, the bridges replaced, and the green markers repainted, McClung said.

READY—The new grandstand at Ranger Field is this far along, but unless the Central Iron Works comes across with some wood for the seats, it's going to be mighty hard sitting on Sept. 22 when the Shamrock Irish come for the first home football game. Failure of the wood to arrive is all that's up the completion of these new stands, which will seat 2,058 spectators. There is still no definite arrival for the treated lumber.

these varieties are grown on any

counties tops in the state for
growing premium milling vari-
eties such as Comanche, Westar,
Wichita and Early Triumph, and
most wheat growers want to
keep this standing.

With the failure of the 1950
crop, however, seed wheat has
had to be brought in, and there
is danger of the county losing
its reputation because of poor
varieties being planted.

In the September issue of
"Southwestern Crop and Stock"
magazine, Keats E. Soder of the
Texas-Oklahoma Wheat Im-
provement Assn., points out why
it is important that this area
continues to raise the good vari-
eties.

"The Hard Red Winter wheat
raised in the Southwest and on
the plains of Texas and neigh-
boring states is first in import-

ance in the nation," Soder said.
"It is mostly high quality, strong
gluten wheat suitable for mak-
ing a fancy loaf of white bread."

"The Hard Red Spring wheat
of the Dakotas and Minnesota is
also suitable for making the best
in commercial bakery bread. The
Soft Red Winter wheat of Mis-
souri, Illinois, and the eastern
part of the United States is sec-

FIREMEN DRESS UP—Members of the Perryton fire department are pictured above in their new uniforms which arrived recently. The department is now engaged in a five-week training course instructed by L. O. "Doc" Bynum of the Texas Extension Service. Shown 1 to 9 are Peck Cook, O. C. Rickard, Roland Shearer, Burl Schollenbarger, W. B. Barkley, Rich Robinson, Jim Davis and Raymond McJordy. Front row 1 to 9 is Jack Holden, assistant chief, Tom Waugh, chief, Paul George, assistant chief, Ray Barkley, Lester A. Norris, fire marshal, and Mr. Bynum.

CONGRESSMAN GUILL SPEAKS—An eager interest in the affairs of the national government is evidenced by the audience above who heard an address Thursday night by Congressman Ben Guill. The Congressman emphasized the seriousness of the communist threat and deplored the bungling of the Democratic administration with

special attention to Secretary of Defense Johnson and Secretary of State Dean Acheson. A question session which lasted more than an hour followed the talk. Mickey Ledrick, Guill's campaign manager, is seated at the left with exhibits and documents used by Guill in illustrating his talk.

East of Boyd

Everyone has been enjoying the pleasant weather. Farmers are busy sowing wheat when the ground is not too wet. We received a nice rain last Monday and some showers over the past week end.

School started Sept. 4 at Turpin. They report about the usual enrollment. Those who enjoy baseball have been playing and

several high school students went to Baiko for a game Friday afternoon.

Mr. and Mrs. W. H. Williams and son, Hugh, and James Rodgers returned Sept. 1 from a trip on which they went through 16 states and two provinces of Canada. They visited with Mr. and Mrs. Jack Williams and family in Albuquerque, N. M., visited places of interest in Arizona, Nevada, Calif., Oregon, Washington, Banff and Calgary, Canada, Montana, N. Dakota, Minnesota, Wisconsin, Illinois, Missouri, and Kansas. While in Illinois they visited with Mr. and Mrs. Wyatt Williams and sons at Gurney and Mr. and Mrs. Barton Lewis and family in Chicago.

Laylie Noider, Rex and Dean Bartel spent the week end at home. They are students at Goodwell.

Q When I was discharged from the Navy, I was asked to sign a statement that my disability existed prior to my enlistment. Will this prevent me from receiving disability compensation?

A No. Under the law, any such statement is considered null and void. In adjudicating your claim for compensation, VA will determine whether your disability was incurred in or aggravated by your military service on the basis of the evidence in the file.

Q I am drawing disability compensation, and I believe that my disability has increased in severity. What steps do I take to get an increase in compensation?

A You must submit new medical evidence. This may be an adequate statement from your doctor or a medical report of a recent period of hospitalization.

Q VA has notified me that my compensation is to be reduced in 60 days. Is there any way I can prevent this reduction?

A You may submit additional evidence to show that the reduction is not warranted. The evi-

dence must reach VA before expiration of the 60-day period. I would like to appeal personally before a VA Board that is to take my case. Will VA pay my expenses?

A No. You must bear expense, including travel ways.

Brownie Troop One Meets at Pearson Home

Brownie Lone Troop 1 met Monday evening Sept. 11 in the playroom at the D. B. Pearson home, 910 S. Drake.

The meeting was called to order, and the group gave their Brownie Promise and sang the Smile Song. The group then enjoyed a Donkey Relay and two singing games. Scrap books were started that will be used throughout their Scout work. At five o'clock the Magic Tunnel was formed and the meeting adjourned.

Leaders for the group are Mrs. D. B. Pearson, Mrs. Joe Erickson and Mrs. R. B. Trayler.

Brownies present at the meeting were Sue Akers, Jeannie Akers, Janalee Bell, Dixie Blank, Barbara Burns, Ellen Erickson, Patricia Haywood, Jane Headlee, Marilyn Jones, Maurine Pearson, Janice Schuster, Roxana Trayler and two guests, Diana Kay Pearson and Bobbie Burns, leaders Mrs. D. B. Pearson and Mrs. R. B. Trayler.

Balko Girls Win Softball Opener

BALKO—Victory in the first softball game of the season came for the Balko lassies Friday afternoon when they downed the Turpin girls 11 to 6.

In the five innings Balko led all the way with Wilson and Pearson hitting home runs in the last inning.

Winning pitchers were Carolyn McGlamery and Billie Jean Duff. LaVeta Caldwell was the losing pitcher. The Balko roster includes R. Cates, catcher; Carolyn McGlamery, pitcher; Erlene Pugh, first base; Billie Jean Duff, second base; Marolyn McGlamery, third base; N. Wilson, shortstop; Dorothy Cornell, left field; A. Pearson, centerfield; and Faye McNeil, right field.

Model Train Display to be Among Fascinating Exhibits at Lipscomb Fair September 28-29

LIPSCOMB—A model train exhibit to be presented by John Smith of Amarillo will be one of the many fascinating displays at the annual Lipscomb county fair September 28-29.

Mr. Smith, a former resident of Booker, will have on exhibit two complete freight trains and one passenger train. The trains are built exactly to scale and are operated from a remote control switchboard.

Horse and pony racing will also be an added feature of this year's fair. Scheduled races call for a 220-yard race for two-year-olds and a 300-yard race for three-year-olds or older. There will be a 220-yard race for saddle horses, and a child's pony race for children twelve years or under. They must live in Lipscomb county and ride their own pony. Sheriff E. J. Tarbox is in charge of the races.

An addition to this year's agricultural exhibits will be a grass display. Ranchers who wish to enter this division of the fair are asked to prepare a bundle of grass two inches in diameter. Each variety of grass should be in sheafs. Grass exhibits may consist of either native or introduced grasses. Thomas Hutchins is chairman of the grass division.

With few wheat exhibits, because of the greenbug damage last spring, grain sorghums will likely take the spotlight. An individual exhibit of grain sorghum will consist of ten mature heads of any variety or one gallon of threshed grain.

Other entertainment features of the fair will be a baby show, doll show, boy's pet show, beauty contest for little girls, pie eating contest, bicycle races, bingo, and trained horses.

In charge of the women's division of the fair are Mrs. Ray Alt-

Miller, Mrs. George Robbins, Mrs. Charles Gourley, Mrs. Charles Imke and Mrs. E. J. Tarbox.

Rev. Jasper Bogue, well known figure around Perryton in the early days, was a Perryton visitor this week. He served for many years as District Superintendent of Missions for the Christian Church. In line with his work as a district leader, he was very active in the organization of the First Christian Church of Perryton back in 1920-21. He was at

Spearman on Sept. 3 for the dedication of the new Christian Church and will return to Perryton on September 24 for the dedication of the new addition to the Perryton church. Rev. and Mrs. Bogue are in the process of moving to Grand Junction, Colo., his boyhood home, to take up permanent residence.

VFW Group to Attend Convention

Members of the local Veterans of Foreign Wars post and Auxiliary will leave Sunday morning at 7 o'clock for Pampa, where they will attend the quarterly district encampment of the VFW.

The local post will have a large delegation at the encampment and hopes to win the attendance prize.

Angus Breeders To Tri-State Fair

Five county Angus breeders will exhibit cattle in the first Angus show to be held at the Tri-State Fair in Amarillo next week. The Angus show will be held Friday, Sept. 22.

Clyde Jamison is entering one, Percy Powers five, Max Pearson one, Roger Pearson two and Cecil Regier two.

James N. Byers, 1947 PHS graduate, has just completed a six weeks ROTC training course with the air corps at Kelly Field, San Antonio, Texas. He was decorated as a Distinguished Military student. James has returned to Lubbock where he is majoring in Business Administration. He is a son of Mr. and Mrs. Raymond Byers of the southeast part of the county.

RESOLUTIONS OF RESPECT

In memory of Brother W. D. Fulton who died September 2, 1950.

Once again a Brother Mason,

having completed the designs written for him on life's trestle board, has passed through the portals of eternity and entered the Grand Lodge of the New Jerusalem and hath received as a reward, the white stone with the new name written thereon.

And whereas, the all wise and merciful Master of the Universe has called from labor to refreshments our beloved and respected brother and he having been a true and faithful member of our beloved Order, therefore be it

RESOLVED, That Ochiltree Lodge, No. 910, A. F. & A. M. of Perryton, Texas in testimony of her loss, be draped in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and a copy of these resolutions be sent to the family.

Young Men Can't Do It Alone

We have said it before in these columns—there is something immoral in mustering of young men on a war basis while labor, capital, industry and civilians are left free to enjoy inflationary fruits of a wartime economy.

Today nobody is at war in Korea but the GI, The United States will not be at war until it girds on a national basis for war. Such preparation must necessarily include some type of price control to throw back inflationary trends already in progress. Controls have not been instituted because the public, rather than "going to war," prefers high profits and plenty of consumer goods with a minimum of trouble.

Wages should be frozen at present levels. Taxes should be increased sharply and quickly. Excess profits taxes should be upped. Credit buying should be made difficult. Hoarding of inventory stock should be eliminated. Government hoarding of farm products under our price support system should be ended by withdrawing price support levels. Government spending for non-defense purposes should be halted.

When such a program is enacted this nation will be at war, and it will be everybody's war, and it will be won. But as long as cowardice in the face of November elections is more important than dead GIs and "business as usual," it will mean little high profits for business and hardships for consumers.

We've been told that war is everybody's business. Is there a brash enough man among us to say the present war demands sacrifice from anyone except 20-year-olds and the housewife who does the shopping for her family?

—Ralls Banner

Your Share Is \$3.46

For taxpayers of Ochiltree county, the \$558,000,000 deficit of the Post Office Department in the Federal fiscal year which ended June 30 will mean approximately \$20,774.34 in terms of general Federal taxes, according to a study released recently by the Council of State Chamber of Commerce.

This figure of \$3.46 for each man, woman and child in the county, using the 1950 census figure of 6,000 persons in the county.

This is nothing new. The Post Office has been doing business at a loss for 60 years.

It will be recalled that Postmaster General Donaldson in April ordering a number of economies, including reducing the number of mail deliveries. The House of Representatives recently voted against these economies and whether they will stick or not remains up to the Senate.

The howl that went up all over the country when the postal service was reduced indicates how sensitive Americans are about cutting Federal spending when it affects them. It indicates how hard it's going to be for Congress to cut non-defense spending at a time when the high cost of living and higher taxes are working hardship on most people.

However, we have been making out with less postal service, and it appears to us that the American people are going to have to make out with a lot less Federal "benefits" which are far less essential than postal service, if the nation stays out of bankruptcy while spending billions for essential national defense.

Wolf Creek Philosopher

This Geography Is Confusing to Him

(Ed. note: The Wolf Creek Philosopher is getting confused on the war situation, but he isn't by himself.)

I picked up a newspaper off the counter in the post office yesterday afternoon where some absent minded person had laid it down maybe while they went over to mail a letter and left there and took it home to catch up on the news. Seems like people are getting more absent-minded all the time and it sure ain't my fault if I happen to be alert and have presence of mind enough to grab a paper that's all alone on a post office counter, especially when I'm so poor that I can't afford to buy one, and the government ain't got around to subsidizing the mental development of us farmers like it ought to.

Anyway, after I got through reading the paper, it seems to me that the Korean war is comin' too close to the last war, I ain't got through learnin' the geography from the last one yet, understand some folks ain't even used up the sugar and razor blades yet they hoarded up in the last one.

In fact, I went through the last two wars without ever even hearin' of Korea and as far as I can tell I was gettin' along all right without knowin' it. Under-

stand, I think the war is necessary, rather stop Russia in her

front yard than ours, but it's the geography that bothers me. Why don't they arrange to have wars in the same place? In the last war I got where I could pronounce Tunisia, Crete, Okinawa, etc., but as far as I'm concerned that's enough geography for one lifetime, but now we got Korea, Formosa, Pohang, Taegu, Hyon-pung, Hyophon, I tell you, I don't believe my nervous system can stand up to all this geography.

You take a man after a hard day's work, he comes home to supper and his wife questions him a little too closely on how much he got plowed and mentions half a dozen things that need fixin' around the place and adds that some of her relatives is comin' for a visit, and then he sits down to a pleasant evening of reading the paper and runs in to a whole string of unpardonable, out-of-the-way places. It ruins the rest of the day.

As far as I'm concerned, they can bomb Russia in the morning and get this thing over with. Two or three wars is about all a man can stand in one lifetime. I'm willin' to make a sacrifice and stay ignorant if it'll mean world peace.

Yours faithfully,
J. A.

Looking for a Money Saver?

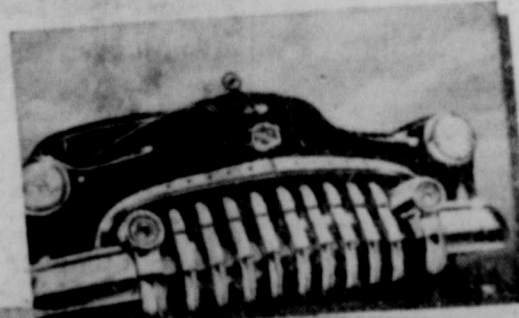

Better Buy Buick!

YOU CAN SEE here how smart it is — don't have to be told that it's the most quickly identified car on the road today

You probably know that the engine under that broad bonnet is a Fireball straight-eight valve-in-head engine and a lively stepper in any company.

FOUR-WAY FOREFRONT — This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

You can check the abundance of its room by the simple expedient of taking the family and trying out its spaciousness at the nearest Buick dealer's—and a very few minutes on the open road will satisfy you that all-coil springing, low-pressure tires and Buick's torque-tube drive really do produce a ride that is matchless for its soft comfort.

BUT RIGHT NOW, it may be that the money angle is the thing uppermost in your mind, and on that we'd like to make two points:

All our records go to show that this is the most economical Buick ever built. It is easy on gas, on oil, on tires, on upkeep.

And if you choose it with Dynaflo

Drive,* it immediately eliminates all chance of friction-clutch repair and replacement—not to mention greatly reducing rear-axle and transmission maintenance.

Best of all, your initial outlay is a highly favorable one—whatever Buick you buy. For these brawny straight-eights—built rugged and solid for durable service—are priced at a level that makes them a standout buy in any price class.

Yes, better buy a Buick. Your dealer will be glad to demonstrate, glad to work out all the arithmetic of a deal. See him right away and get an order signed.

*Standard on ROADMASTER, optional on some Buick SUPER and SPECIAL models.

Tiny Letters Make Business

SANTA MONICA, Calif. (AP)—A knack for printing tiny letters has opened a new world for Bernard D. Jacoby, retired former city employee. Forty-six years ago Jacoby first made tiny silver hearts on which he engraves the Lord's Prayer in miniature but readable letters. It all started as a challenge when Jacoby was a lumberjack years ago in Michigan. A crew member handed him a dime and asked him to engrave the Lord's Prayer on it. "I couldn't do it," said Jacoby. "He was terribly disappointed, so I kept trying until I was able to print it on a little heart."

Jacoby forgot all about the incident until he discovered the scraps of paper he had used to practice printing the small letters years ago. Then he began making them again.

Says Squate Lips Aid Singers

INDIANAPOLIS (AP)—Want to learn to sing? Then be a "square lipper", says William Ernest Ross, associate professor of voice at Indiana University. Form your lips into a square, throw back your shoulders and burst into song. And don't be afraid to show your upper and lower front teeth, either, he says.

Other pointers thrown out by the professor are: Don't smile when you sing. You're more likely to yell than sing if you do. Don't sing with "lazy lips" if your lips are relaxed, they will tend to muffle your voice.

Responsive Group

RIPON, Wis. (AP)—Coach Norman (Red) Strader calls his New York Yanks club the "most responsive" he's ever coached, saying the players absorb work and plays faster than any other group he's handled. Most of the players had worked out for a month or more at home before reporting.

Time Capsule to be Buried at State Fair On October 22

(Ed. note: Among the exhibits to be placed in the Time Capsule will be the front page of the August 17 Herald, the 1950 Celebration Edition.)

The 1950 State Fair of Texas will mark the Mid-Century point in history for future generations by burying a Time Capsule with instructions not to open until 2050 A. D.

The Time Capsule, containing data of historic interest about life in Texas during the first half of the 20th Century, will be sealed and buried on the final day of the 1950 State Fair Mid-Century Exposition.

Disinterment of the hermetically sealed metal cylinder 100 years hence will probably be a high point of the next Mid-Century Exposition. Its contents will enable Texans at the 2050 Fair either to marvel or smile tolerantly at the way we live in 1950.

Prominent among exhibits to be included in the Time Capsule will be a true picture of Texas in 1950 will be copies of the front pages of virtually every newspaper, daily and weekly, in the Southwest. The front pages will be photographed on microfilm, which will be specially treated and sealed in an air-tight container of its own.

Other items will include documents and photographs pertaining to the history of Texas and the State Fair and a description of the everyday life of today. The Atomic Age Science

Show of the 1950 State Fair also will be described in great detail.

"The Science Show at the 1950 State Fair will present a graphic picture of the near-miracles which have been accomplished by Science in the first half of the 20th Century," said James H. Stewart, executive vice president and general manager of the Fair.

"At the next Mid-Century Exposition, when the Time Capsule is opened, who can predict what unimaginable marvels may be revealed at the Science Show of that far-in-the-future Fair? At any rate, it may be amusing to our descendants to see how amazed we today are at the Atomic Age accomplishments which then will no doubt be something from the realm of antiques."

The Time Capsule will be buried at an impressive ceremony at 3 p. m. Sunday, Oct. 22. Officials of the Fair are consulting engineers concerning the type of cylinder to be used and how best to preserve it in its resting place for the next 100 years.

Dates of the 1950 State Fair are Oct. 7-22.

Christian Science

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Sept. 17.

The Golden Text is: "Every plant, which my heavenly Father hath not planted, shall be rooted up" (Matthew 15:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away" (1 Peter 1:24).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things" (page 264).

Announcing the Double-Duty CHRYSLER Traveler

the smart new sedan that
converts in seconds into a
sports car or cargo carrier.

Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion . . . and you have a level deck 6 1/2 feet long. You can sleep on it . . . load all your hunting and fishing gear . . . haul farm implements, fence posts—a thousand and one

things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel . . . find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this upholstery is tough plastic that resembles grained alligator hide.

plant will cost an estimated \$164,000.

With wheat at \$1.90 per bushel, the cost of the grain plus processing, marketing and depreciation will add up to a total cost of \$2.60. Expected income from this bushel of wheat will be three gallons of alcohol, six pounds of gluten, 16 pounds of feed products, and 15 pounds of dry ice, for a total of \$2.85. Industrial alcohol in the above figure is priced at 40 cents per gallon, but the present market price is 75 cents due to war inflation.

It is planned to provide the capital for the building of the plant by the issuance of 3,000,000 shares of no par value stock, same to be paid for on the basis of the exchange of one bushel of wheat or mill for one share of stock.

Grain producers and elevator operators present at the meeting were very much impressed by Brown's presentation of the plan. Information concerning the plan can be obtained from John M. Cranor, manager of the Liberal Chamber of Commerce.

We have just received a letter from our old friend, James T. Fryer, Mr. Fryer is now living at 827 Glendale Ave., Glendale, Calif. Knowing the love that many of our readers have for this grand "old timer," we are printing his letter in full as it tells where all the Fryer family are located.

"My Dear Friend: I want to compliment you on your 31st Birthday paper. I received it here in due time and read it page by page. I think the story of the Stephens family was as good a story I ever read.

Of course not many names in the paper now for me to know. I have been out this way all summer visiting the sister and brother-in-law that I had not seen for 20 years. Most of our children live in New Mexico. J. T. Jr. lives at Sanger, Calif. and Willard Fryer Haynie at Wichita, Kansas. J. Earl lives in northern New Mexico near Santa Fe.

And in with the State Highway Department, Allene Fryer Sale lives in Belen, N. M. and Gwen Fryer White in Hurley, N. M. Lyna B. Fryer Gills lives at

Congressman Ben Guill was an honored visitor in Perryton last Thursday and judging from the talk then and since his visit, we would say that Ben Guill has made a lot of friends in Ochiltree county who are going down the line for him in November. He appeared at the Rotary Club at noon... made an address to the Junior and Senior High School students in the afternoon and talked to a capacity crowd in the district courtroom at night.

We like Ben Guill, we like his stand on domestic and foreign questions... in fact we're going to help re-elect him in November.

Three Choices Face Texans in Reducing Government Expense

By JOHN REDDITT
State Chairman
Texas Economy Commission

(Editor's Note: This is the second in a series of articles on the Texas Economy Commission.)

You who are worried (or should become worried) about the ever-increasing demands for taxes to run your Texas state government, you have three choices before you:

(1) Pay more taxes and grumble about it.

(2) Pay lower taxes and undergo a reduction in public services. And grumble some more.

(3) Examine your state government for inefficiencies and waste; then on the basis of your factual findings, improve service without increasing taxes, or lower taxes without cutting service.

The first and second choices appeal to no one. The third choice clearly is the one to make.

The Texas Economy Commission has undertaken to make the third choice. But our eyes are open to certain pitfalls.

It must be avoided if we are to succeed in bringing economy and efficiency into our government.

This requires some explaining. In 1929, the Legislature created the office of State Auditor and Efficiency Expert to look in-

Gunnison, Colo. where they have a fine ranch raising cattle and Palomino horses. She is not very well. All the rest are well and enjoy the west. I don't guess that any of us would stay any place but out where the west begins.

Thanks again for the paper and give my regards to all the old timers and youngsters.

Yours truly,
James T. Fryer

A week ago Sunday we attended the rodeo and barbecue at Boy's Ranch and really had a big time. And by the way, Boy's Ranch is one place it will do you good to visit and you can do a lot of good by contributing regularly to the support and upkeep of this great man factory.

The crowd was estimated at seven to eight thousand with another thousand turning back on account of tough going across a creek near the ranch. A Perryton boy, Jerry Lee Knowles, placed second in calf riding. Jerry did a swell job riding his calf. Talked to several of the top hands at the ranch and they said that Jerry was making them a real hand. There are 123 boys from 22 states at the ranch... 123 boys growing into manhood and useful citizenship. It's a great outfit.

More than four hundred Rotarians and Rotary Anns from the five states of Texas, Oklahoma, New Mexico, Colorado and Kansas were guests of the Guymon Rotary Monday night. The occasion was a Charter Night banquet in Guymon's beautiful new 100-room Dale Hotel. D. N. Monroe, gifted speaker from Clayton, N. M. was the star attraction. Monroe will be remembered by Perryton folks as the speaker at the C. of C. banquet two years ago. The Perryton delegation was headed by President and Mrs. R. H. Holland with Mr. and Mrs. Walter LaMaster, Mr. and Mrs. Cleve Hudson, Mr. and

basement at the rear of the house was flooded. They had just finished remodeling their home.

The large barn and other out-building are several feet under water now. A large haystack which was located near the barn is floating around in the lake.

This is the highest the water in this lake has ever been, according to Merton Smith, who grew up on this farm.

A rising lake forced the Arthur Swink family out of their home last week too. The Swink farm, located about seven miles west of town, is flooded, and Swink fears that the basement walls and foundation of the house are giving way.

Peckenpaugh was making plans Tuesday to cut a ditch from his lake to the Palo Duro canyons to the north in an attempt to drain at least part of the water out of the lake and away from his house.

In the Farnsworth area, the large Dear lake about three miles south has been lapping at the paved farm-to-market road, and it is feared that the water will cut away the roadbed if the rains continue.

FBI investigation had disclosed no evidence of tampering with State Department files. Guilt showed a letter from FBI chief, J. Edgar Hoover, who said that no such investigation had been conducted.

"You judge a man by the company he keeps—some of the men in Washington keep too close company with communists," Guilt said, referring to Acheson.

"Mr. Louis Johnson is a bungle-headed fool," Guilt said in answering a question from the audience as to why he (Johnson) issued a statement that the nation's armed forces were prepared for any emergency only a short time before the Korean attack. Guilt was enthusiastically applauded at each mention of the need for replacing Acheson and Johnson.

Guilt stated that he voted against the recent control bill because it was selective and did not cover the entire economy.

Guilt justified his vote for the recent loan to Franco on the grounds that Franco has a well-trained Army and that Spain would offer a good foothold for troops fighting communism on the European continent. The Pyrenees are a natural defense line," he added.

In emphasizing the seriousness of the present military situation, Guilt stated that there is only one regular division left in the United States—and that one under-strength.

In answer to a question from the floor as to whether or not he favored arming of the Japanese and Germans, Guilt stated that he felt that we must have help in defeating the communists.

The district courtroom in the county courthouse was packed for Guilt's address Thursday night, and heated discussions developed a number of times among members of the audience. Following the meeting Guilt expressed deep satisfaction in the interest shown in public affairs by members of the local audience.

He urged residents to write his office for information on any public issue about which they were in doubt and to communicate with him expressing opinions on current issues.

Drivers License Check Held At Farnsworth

Good results were obtained from a driver's license check point held Monday afternoon at Farnsworth, report state highway patrolmen Jack Shields and Bob Loving.

The two patrolmen checked approximately 300 automobiles, and found only six drivers without proper driver's license.

A similar check is planned in Perryton within the near future, Shields said.

The number of accidents in this area is on the decline, while the number of arrests for speeding and reckless driving is increasing, according to the patrolmen's records. They arrested 60 persons and issued 230 warnings in August.

There were six arrests for driving while intoxicated and three arrests for driving while drivers license was suspended.

make a medium quality bread. White wheat has been a drug on the market even during the war-time years, and in the past has been exported to the Orient. The Durum wheats of North Dakota and surrounding areas are suitable only for making macaroni and similar products.

"Thus we realize that each class of wheat has a special purpose. There are plenty of soft mellow gluten wheats. Our reputation in the Southwest for the last half century has been built on strong gluten varieties suitable for commercial baking.

"The reputation of the wheat raised in Hansford and Ochiltree counties in the past years has been known to all grain buyers of the Southwest. Whenever anyone needed some extra-high quality wheat to strengthen his mill mixes, he wouldn't worry but would just say, 'Wait until the wheat on the Spearman branch starts to move.' He knew that for a few cents premium he could get wheat that ran almost 100 percent strong gluten varieties.

"The same is true of an area of 6 or 8 counties in northwestern Kansas and in southwestern Nebraska as well as for isolated counties and areas in central and northwestern Oklahoma. Invariably the demand from all over the Southwest was so strong, the bidding so spirited, that all growers selling to certain stations received prices at least 10 cents higher than their neighbors a few miles away."

CAP Meeting Scheduled for Tuesday Night

Civil Air Patrol application blanks have been received here and a meeting to take applications has been scheduled for 8 p. m. Tuesday evening in the old American Legion building, A. R. Hogland, Jr., acting commander of the local unit, has announced.

Temporary officers for the Perryton unit will probably be appointed at the Tuesday night meeting. Persons who are unable to attend the meeting may secure the application blanks from Mr. Hogland at their convenience.

The type of organization and the quantity of equipment to be received in Perryton will depend upon the number of applications for membership, Hogland said in urging every one interested to attend the meeting. Tuesday night. A great deal of interest has already been manifested by local residents, and local sponsors of the organization hope to secure at least fifty-two members in order to locate a squadron here.

Although organization has not been made here, 10 aircraft from Perryton area joined the Amarillo unit of the Civil Air Patrol last Thursday in a search for a plane which has been missing since August 13.

Membership is open to any one over age twenty-one. Hogland stressed that membership is open to women as well as men, and that the organization is not limited to pilots.

starting end position, is still out with a broken arm.

Work this week has been alternated between defense and offense, and on offense, Don Dietrich has been playing at fullback in place of the injured Flowers. Donald Cooper has stepped into the tackle slot in Maberry's place, and little Gene Devers has been dividing some time with Alfred Carter at halfback.

Doe Carter and Bobby Mitchell, both freshmen, are having a nip-and-tuck race with Bill and Ed Melvin for starting guard positions.

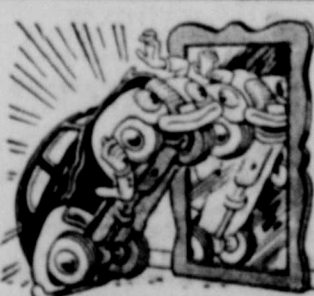

Clifford Kauffman, who has never played football, is improving rapidly and may win a starting berth soon.

Coach Emerick is not discouraged about the next game. "If we don't get the rest of the squad injured, I think we will play the Irish a good ball game. At least I know we'll be improved over the Wellington game," he said.

Rates of Pay For Vetch and Peas Announced

PMA rates of pay for planting hairy vetch and Austrian winter peas for a winter cover crop were received this week by county PMA secretary Elliott Lee.

The government will pay 5½ cents per pound for Austrian winter peas seed and 12 cents per pound for vetch.

These crops cannot be harvested for hay, Lee pointed out, and can't be grazed to the extent that protective cover is prevented.

The farmer must plant at least 30 pounds per acre of peas and 15 pounds per acre of vetch. The crops must be planted not later than December 1.

The farmer must also have a receipt for the seed or a tag from the sack, showing the number of pounds purchased.

No One Injured In Jeep-Car Wreck Tuesday

The only automobile accident of the week in the Perryton area occurred Tuesday morning between a 1950 Chevrolet coupe driven by J. D. Glover of Wichita Falls, and a Jeep driven by mail carrier Arch Talley.

The accident occurred about four miles south of town on highway 83, and resulted in no injuries, and estimated \$70 damage to the Chevrolet.

Investigating patrolmen Jack Shields and Bob Loving stated that both vehicles were going south on the highway. Talley had slowed down, preparing to turn off the highway to the right on to a dirt road, and Glover's car hit the jeep from behind, damaging the right front fender of the Chevrolet.

Mrs. Helen Johnson of New York City was in the car with Glover.

After the impact, the Chevrolet skidded across the highway and ditch to the left, and the Jeep was thrown across the road to the right.

Achievement Day Is Big Success Saturday; Eleven Home Demonstration Clubs Take Part

Eleven Ochiltree Home Demonstration clubs were represented at the Achievement Day exhibits displayed Saturday in the lobby of the A & B Motor Co. A record crowd viewed the exhibits.

Mrs. Harry Reimer, chairman of the county council, worked with the agent and other members to make the day an outstanding one.

Clubs represented at the show were Black, Friendly Circle, Hunt, Lone Tree, McMillen, Missouri Avenue, Modern Priscilla, Notia, Waka, Taz, Huntton 4-H, Jolietette 4-H and Taz 4-H.

Individual club members exhibited entries in the sewing, culinary and handicraft divisions. In addition, each club presented an educational exhibit illustrating some phase of home-making.

Judges were Miss June Gibbs, Hansford county HD agent; Mrs. Clyde Pugh, Lipscomb county HD agent; and Mrs. B. L. Hance,

No Lumber Yet For Grandstand At Ranger Field

The new steel and concrete grandstand at Ranger Field has been completed, except for the wooden seats and railings. The construction crew of the Central Iron Works of Waco moved in last Tuesday and set up the steel stands, but there is still no definite word as to when the wood will arrive to complete the seating arrangements.

Supt. Gilbert Mize called the company at Waco Tuesday, and was told that there was still no delivery date set for the wood seats. This is a specially treated wood, weatherproof, and it is in short supply.

The new grandstand will seat 2,058, and the steel will be covered solidly with wood, so no air can come under the seats. School officials hope the stands will be ready for use by the opening home game with Shamrock on Sept. 22.

The Trend is to Ford

America's No. 1 Economy Trucks

MORE AND MORE truck users everywhere, in every line of business, are switching to Ford Trucks. The fact is that Ford is making bigger sales gains than all other trucks combined.

The force behind this tidal wave of popularity is Ford Truck economy. This economy starts with a choice of over 175 models from 95-h.p. Pickups to 145-h.p. Big Jobs, which permits selection of the right truck for the job. It continues with low Ford prices made possible by volume-purchasing and volume-production know-how. It reaches its crest with specific economy features like a choice of V-8 or 6-cylinder power, Loadomatic ignition, Flightlight aluminum alloy pistons, and many other features that give efficient, reliable performance over a longer period of time.

Join the Big Trend to Ford Truck economy. Smart truck users everywhere are enjoying the benefits of longer Ford Truck life which means fewer repairs, lower maintenance cost, less time lost in the shop. Let your Ford Dealer show you how America's No. 1 Truck Value can do more per dollar for you.

Bonnie Dru Teel and J. B. Seago Wed August 27 at Hooker, Okla.

Miss Bonnie Dru Teel became the bride of John B. Seago, Sunday, August 27 at 4 p. m. in the First Baptist church of Hooker. The bride is the daughter of Mr. and Mrs. Glen Teel, Hooker, and Mr. and Mrs. C. B. Seago of Stillwater are parents of the groom.

Rev. A. W. Reclus performed the impressive double ring ceremony before a background of baskets of white gladioli and chrysanthemums and lighted tapers, which were placed on either side of a tall white archway entwined with huckleberry foliage.

Wedding music was played by Mrs. E. L. Hatfield, organist and she accompanied Mrs. Wayne Atherton, cousin of the bride, who sang "Because" and "O, Promise Me" and also played "Clair de Lune," "The Gypsy Love Call" and the traditional wedding marches.

The bride was given in marriage by her father. She wore a wedding gown of white bridal satin styled with high neck line and yoke of illusion outlined with satin applique in leaf design.

The long fitted sleeves of the basque bodice buttoned at the wrist and the skirt extended into a cathedral train. Her finger tip veil of double illusion was edged with lace and fell from a coronet of orange blossoms. She carried a white Bible topped with a lavender orchid with showers of white satin ribbon. She wore a single strand of pearls, a gift of the groom.

Miss Carolyn Teel, sister of the bride, was maid-of-honor. Her dress was of orchid organza styled with basque waist and a full skirt, tiered with bands of frost-embroidery. Her head dress was of orchid nylon net with a halo of daisies. She carried a

Teel-Seago Wed

cascade bouquet of white chrysanthemums.

Miss Patricia Teel, niece of the bride, was flower girl and carried a basket of tiny white chrysanthemums. Her dress was of orchid nylon net over taffeta made with basque waist and full skirt. Her head dress was identical to that of the maid of honor.

Darrell Don Teel, brother of the bride, carried the rings on a satin, lace-edged pillow.

Miss Vena Seago, sister of the groom, lighted the candles. She wore a gown of white taffeta with a full overskirt of pale green net, and wore a wrist corsage of white shattered carnations.

Imal Seago served his brother as best man.

Ushers were Dean Teel and Wayne Atherton, brother and cousin of the bride.

Mrs. Glen Teel wore a dress of aqua georgette with brown accessories. Her corsage was of white asters.

Mrs. C. B. Seago wore a crepe dress of sable mist, with brown accessories. Her corsage was of yellow gladioli.

Reception
Following the ceremony a reception was held at the country home of Mr. and Mrs. Glenn Teel.

An old spinning wheel with ivy growing through its spokes stood at one side of the fireplace. The spinning wheel has been in the bride's family for 100 years. Asters, gladioli and chrysanthemums in orchid, purple and white were used throughout the rooms. The table, covered with a white satin cloth, was centered with a three-tiered wedding cake, topped by a bride and groom standing in the hollow of a wedding bell. Lighted tapers were placed at either end of the table. White chrysanthemums and fern encircled the punch bowl.

After the bride and groom had cut the first piece of cake, it was served by Mrs. Paul Ritchie of Hardesty. Punch was served by Miss Wathena Burton. Miss Betty Seago, the bridegroom's sister, kept the guest book. Assisting with the reception were Mrs. Jerry Teel, Mrs. Dean Teel, Mrs. Kay L. Thompson, Mrs. Wayne Atherton and Mrs. Rex Griffin.

After a short wedding trip the couple will establish a home in Stillwater. For travel the bride wore a teal blue gabardine suit, accented by brown accessories and an orchid corsage.

Both Mr. and Mrs. Seago are former students of Panhandle A. & M. College, Goodwell. Mr. Seago, a senior, at Oklahoma A. and M. College, will receive his degree in agronomy in the spring. Mrs. Seago, a junior, is majoring in music. They are at home at 310 W. Elm, Stillwater.

Those signing the guest book were: Mr. and Mrs. Alvin Koehn, Mr. and Mrs. A. E. Pittman, Mr.

"Better Balance" makes **MERCURY**
just right for you!

1. You get the right riding comfort!

Almost the very moment you set foot in the Mercury you know you've found the car you've always wanted! Big! Roomy! Leg room, too! And so quiet! So utterly QUIET! You hardly know you're moving—so smooth and silent is that Mercury ride.

2. You get the right roadability!

Try it on a curve... a rough road... a tight spot in downtown traffic. This big Mercury handles them all—and with ease. "Steeli-Line" steering... "Cushion-Coil" springing... a super-rigid chassis make owners call it the smoothest riding car they ever drove!

3. You get the right power!

You've got "get-up-and-go" to spare in Mercury! Its big, V-type, 8-cylinder, made-only-for-Mercury engine is right for the car—and the car is right for the engine! Mercury is "America's No. 1 Economy Car!" Drive it yourself—and see why!

Betty Jean Davis And Lester Jantzen Exchange Vows

ANTHONY—Miss Betty Jean Davis, daughter of Mr. and Mrs. John H. Davis of Boyd, Okla., and Lester Jantzen of Beaver, Okla., were married at the Methodist church in Turpin, Okla., Sunday afternoon, August 27 with the Rev. Ralph Renfrow of Logan, Okla. reading the double ring service.

Matron of honor was Mrs. Gerald Floyd of Norman, Okla., and bridesmaids were Mrs. Harold Davis of Manhattan, Colo., and Miss Bonnie Tomlinson of Hooker, Okla.

Best man was Dale Hershey of Turpin, Okla., and ushers were Johnnie Davis and Raymond Jantzen of Boyd.

The bride, given in marriage by her father, wore a white slipper satin gown and a fingertip veil, and carried a bouquet of red roses and Stephanotis. Her "something" borrowed, "was a strand of pearls."

Bridesmaids wore pastel gowns and carried bouquets of white asters. The flower girls, Marcia and Dixie Dain of Guymon, Okla., nieces of the bride, wore peach and blue gowns and floral wristlets. Ring bearers were H. L. Sawyer of Liberal and Karen Sue Davis of Boyd, niece of the bride, who wore a blue formal and a wristlet of flowers.

Candlelighters were Norma Ruth Janzen, sister of the bridegroom, who wore a blue silk formal, and Carolyn Hyatt of Beaver, cousin of the bride, who wore a pink formal. Their wristlets were of roses.

The bride's mother wore a navy chiffon gown and the groom's mother, a navy gown. Their corsages were of orchids.

The church was decorated with baskets of gladioli.

Mrs. Chas. Dain of Guymon, pianist, played "Indian Love Call" while the candles were lighted. Mrs. Harry Sawyer sang "Bless This House." Charles Dain sang "Because" and, following the ceremony while the couple knelt, sang "The Lord's Prayer."

Immediately after the ceremony a reception was given in the church social rooms. Dottie La Sawyer sang a solo and a sextet composed of Curt Dain, Harold Davis, LaVern Davis, Harry Sawyer, Charles Dain and Joe Dain sang several selections.

Mrs. Johnnie Davis and Mrs. LaVern Davis presided at the punch bowl and Mrs. Walter Hyatt served the cake.

The couple left on a wedding trip to Colorado Springs, the bride wearing a green suit with brown accessories and a red rose corsage. They are at home in Goodwell, Okla. where both are members of the junior class at Panhandle A & M College.

Anthony HD Club Studies 'Universal Human Rights'

"Universal Human Rights" was discussed at length at the Home Demonstration club meeting at Anthony Thursday, Sept. 7, with Mrs. Johnnie Davis as leader. Roll call was answered with "A word picture of one of our world neighbors."

Some very interesting facts were discussed. The preamble to the Universal Declaration of Human Rights approved by the General Assembly of the United Nations and all the included articles were read and discussed. Current events on the UN General Assembly were brought by several members.

After a business session, the group adjourned to select a club exhibit for the Beaver fair from the articles brought. The fair committee will put up the fair booth Wednesday morning.

Mrs. Johnnie Davis then served refreshments to the women. Those attending were Mrs. Irene Ratliff, Mrs. Ernestine Myers and son, Mrs. Alice Pyle, Mrs. Johnnie Davis and sons, Mrs. Leon Morris and Jack, Mrs. Opal Davis and Mrs. Ella Ray Carter.

Stoll, members of the faculty. The program also included a piano solo by Sandra Stump and motion pictures of school activities and of the Perryton Celebration parade shown by J. R. Stump.

During the business meeting J. R. Stump and James Brillhart were appointed to purchase a pressure pump for the school. Committees appointed to serve during the school term were: Membership, Maud Stump and Wilma Pletcher; social, Mrs. J. R. Stump, Mrs. Carl Scroggs, Mrs. Lester Ward and Mrs. Junior Dunnahoo; program, Mrs. C. J. Frantz, Jr., Mrs. Herman Wiebe and Mrs. George Neufeld; primary room mothers, Mrs. Herman Wiebe, Mrs. B. J. Turner and Mrs. Philo Butler; intermediate room, Mrs. Carl Scroggs, and Mrs. J. R. Stump.

Betty Hutton Is Sharpshooter In 'Annie Get Your Gun'

"Annie Get Your Gun," Broadway's fabulous hit which played to an audience of 1,500,000 spectators during its three year stage run, has been brought to the screen as a big Technicolor musical starring Betty Hutton as the famous Annie Oakley, most famous woman sharpshooter in history. The picture comes to the Ellis on Tues.-Thurs., Sept. 19-21.

With the vivacious Betty in a made-to-order role as the rough-and-ready markswoman, and with stage star Howard Keel making an auspicious film debut as Frank Butler, the man whom Annie "can't get with a gun," this exuberant and eye-filling picture unfolds its song and laugh filled plot against

colorful backgrounds of Wild West shows replete with cowboys and Indians, tribal dances, stunt riding, shooting contests, buffalo stampedes and all sorts of rootin'-tootin' activities centering around that famous figure of old West folklore—Buffalo Bill.

And interposed amid the excitement and the laugh-jammed story of the rivalry between Annie and Frank Butler for the honor of being the world's champion sharpshooter, a contest which is ultimately resolved when Annie decides that she'd rather have her man than her medals, are the wonderful Irving Berlin songs, including "Doin' What Comes Naturally," "The Girl That I Marry," "You Can't Get a Man With a Gun," "Show Business," "Falling In Love," "Sun In the Morning," "I'm an Indian, Too," "Anything You Can Do" and other hits, sung to perfection by Miss Hutton and Keel.

'Bagdad' Is Story Of Adventure In Far East

Action, suspense, intense love interest, intrigue and masses of color are contained in "Bagdad," a Far East drama starring Maureen O'Hara, Vincent Price and Paul Christian, a picture which comes to the Ellis on Fri.-Sat., Sept. 15-16.

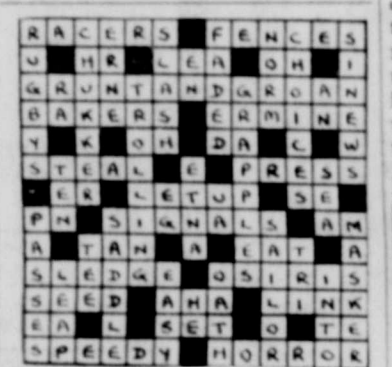

The story concerns the return of an English-educated daughter of a great tribal leader of the desert to Bagdad, where she finds her father has been killed by the feared Black Robes, murdering tribesmen, and she vows vengeance.

The suave Pasha who rules Bagdad is in league with the Black Robes, as is Raizul, his friend, Ahmed Khabar, brother of Raizul, falls in love with the English-educated beauty but the Pasha and Raizul convince the girl that Ahmed is the leader of the Black Robes and she attempts to trap him and cause his death.

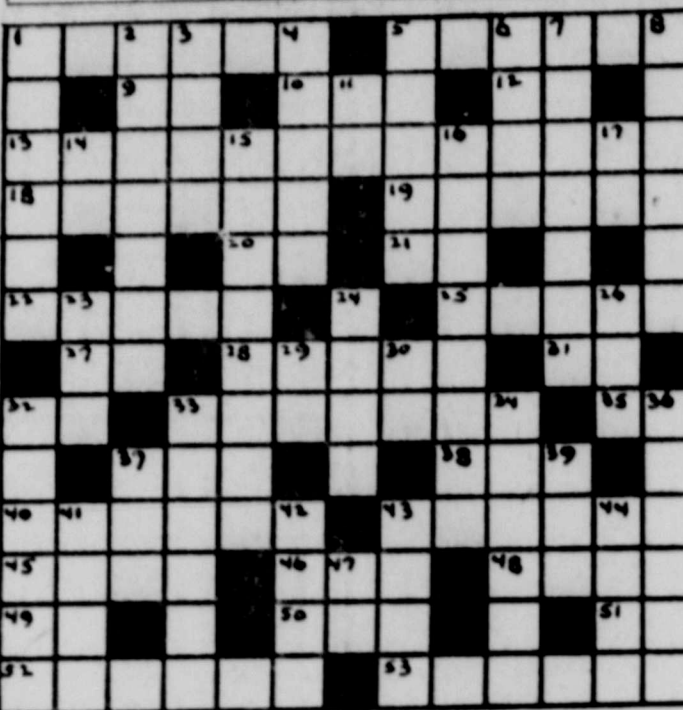

Not until she captures Ahmed, takes him to a tribal gathering in the desert and watches him unmask the Pasha and Raizul as the real Black Robe leaders, does the girl realize her mistake. After a fierce battle the evildoers are slain, the Black Robes, defeated by honest tribesmen and the lovers find their way to each others arms.

When young Navy Captain Bill Lattimer is given leave from his destroyer for a special two-months training course at San Diego, his reunion with his very-much-in-love wife, Daphne, and their two youngsters is punctuated by an accident in which Daphne breaks her ankle and is confined to an invalid's couch. Bill volunteers to take over the running of the house. Moreover, he will do it the Navy way methodically and efficiently, with every household chore planned,

Training School Conducted for Booker Firemen

BOOKER—A five-week fireman's training school is being conducted in the Booker fire department under the direction of L. O. Bynum of the division of industrial extension service of Texas A. & M. College.

Classes are being held each Monday night at the Booker fire station at the regular weekly practice period.

The Booker department, which is recognized as one of the best fire fighting units in the area, has recently added new modern equipment and the current course of instruction is expected to add to the effectiveness of the department. Joe Guy is fire chief with Winn Lehman, first assistant, and Jessie Lile, second assistant.

Rangers Lose Initial Football Game Friday Wellington Skyrockets by 19-0 Score

After battling the heavier Wellington Skyrockets to a standstill for three quarters, the Rangers weakened on the fourth Friday night and wound up on the short end of a 19-0 score.

Except for a weakness against sweeps, the Ranger defense held up well. The offense did get started, with only a 30-yard drive in the third the only sustained

gains of the night. The first quarter drive went to the Skyrocket 22 and the third quarter thrust went to the Wellington 28, but the Rangers lost the ball on downs on both occasions.

Wellington scored first in the second quarter on a 59-yard drive sparked by one 27-yard pass from Tommie Wood to Lonnie Fuson. This play carried to the 21, and after losing a yard on the next two plays, Doyle Ingram scooted to his left, took a pitch-out from T. Wood, and circled the end for a touchdown, going 22 yards for the score.

Jimmy Brock's kick for the extra point was wide.

After the half, the Rangers received the ball, and controlled it during the third period, although unable to score. They drove to the 28 before losing the ball on downs.

Wellington's second touchdown was set up in the opening minutes of the fourth quarter, when Hoot Gibson intercepted

Louis Flowers' pass on the Ranger 49 and ran it back to the 41 before being downed. Copeland made 8, Ingram made 7, then Copeland drove over right tackle for 14 yards, to the Ranger 12.

Here Gibson worked the same play that scored the first touchdown, going to his left, taking a pitch-out from Wood, and scampering across the goal line standing up.

Brock kicked the extra point and it was 13-0.

The third Skyrocket score came late in the game. After taking the ball on downs on their own 49, the Rockets lost 5 for off-side, Ingram drove back to the 50, then another 5-yard penalty set them back to the 45.

Then Tommie Wood faded back and dropped a looping pass into the hands of Seidon Wood on the Ranger 28, from which point Wood outran the defenders. The pass covered 55 yards in all.

The attempt for extra point

Rangers of the Week . . .

LOUIS FLOWERS—Played a bang-up game at both defense and on offense Friday night at Wellington. He averaged 5 yards per carry on offense and was in most of the tackles from his defensive halfback post. He went out in the fourth quarter with a sprained ankle, but is expected to be ready for the Shamrock game Sept. 22. He is the son of Mr. and Mrs. Travis Flowers and is a senior.

was not good and the score was 19-0.

Louis Flowers was the leading ball carrier for the Rangers getting 47 yards in 8 carries. He also stood out on defense and was probably the best Ranger layer on the field until he went out in the final period, with a sprained ankle.

Dan Maberry, Laurel Lovett and Don Dietrich were the standouts in the line.

Ranger Band Club Holds First Meeting

The Ranger Band Club held the first meeting of the fall season Monday, Sept. 11, in the school band room, with Mrs. Dean McLarty, president, in charge.

Plans were made for the Oct. meeting which will feature the annual Family Night with a basket dinner and evening of games.

On Friday, Sept. 15, there will be an instrument display in the band room, and parents who are interested in purchasing instruments are urged to visit this display.

Thursday, Sept. 21, has been designated as Perryton Day at the Tri-State Fair in Amarillo, and the Ranger Band will play at the fair on that day.

The band will also go to Borger on October 16 to take part in the Borger Celebration.

The band plans to give a concert sometime in the near future.

DAN MABERRY—A letterman tackle, he was the bulwark of the Ranger team on defense and in the offense against Wellington Friday night. A neck injury received in practice may keep him out of the lineup for the rest of the season, depending upon how the X-Rays look. Son of Mr. and Mrs. J. D. Maberry. Dan played football for the first time last season, then made the starting lineup. He is a senior.

Booker Wins Tournament

BOOKER—The Booker town baseball club, managed by Marion Mounsey, won the annual Follett Invitation baseball tournament, defeating the Shattuck Cardinals 7 to 5 in the play-off match Sunday afternoon at Follett.

It was the second tournament victory this season for the Bookers who won their own invitation tournament during the annual Booker Birthday celebration in August.

Three members of the Booker club won berths on the all-tournament team including A. Deason, pitcher; Dudley Hargrove, short stop; and Robert Dale Lemon, left field.

Other members of the all-star nine are A. Glenn of Shattuck, catcher; Rector of Shattuck, first base; H. Herber of Darrouzett, second base; N. Stewart of Shattuck, third base; J. Stewart of Shattuck right field; and Glen of Shattuck, center field.

Booker Wins 36 to 18 Over Sunray Friday

BOOKER—Coach E. L. Wein-

ette's Booker Kiowas took a first quarter lead that was never marred to nip the Sunray Bobcats 36 to 18 in the season's opener Friday night at Kiowa Field.

Flashy Harold Carey, the 165-lb. Kiowa fullback who last year scored five touchdowns in one game, turned in a similar performance Friday night when he carried the pigskin to three pay-offs for the victors.

Carey opened the scoring when he broke through left end and galloped 34 yards to the pay-off. The second Booker counter came when halfback Paul Babitzke scooted around left end for a 6-yard drive into the end zone. Booker missed both tries for the extra point.

Booker tallied three times in the second stanza. Babitzke snatched a 30-yard pass from Carey and ran the remaining 10

yards to score standing. Carey accounted for two touchdowns in the second quarter scoring on a lateral from his own 26-yard line and on a line plunge from the 2-yard stripe.

The first half ended with the ball in Sunray's possession on their own 38-yard line with the score 30 to 6 for Booker.

For the opening Booker counter in the second half, Carey completed four straight passes to Glen Lemon, right end, advancing the ball from the Booker 38-yard stripe to a touchdown.

Sunray's second score came when B. Hexman, Sunray back, took the ball on Booker 19-yard line and scored after four consecutive line plunges.

Sunray scored again when Sunray's 220-lb. fullback, Tinkle Jones, plunged over from the 1-yard line after recovery of a Booker fumble had placed them

in scoring position.

Seeing service for Booker in the opening game were Leroy Meller, Glen Lemon, Gene Deeds, Harold Carey, Joe Williams, Paul Babitzke, Lewis Deeds, Marvin Ogilvie, and Jack Hargrave.

In the Sunray line-up were W. Chamblee, D. Ishom, J. A. Layton, Tinkle Jones, Bill Green, L. Miller, and B. Hexman.

The Kiowas will meet Darrouzett in next week's encounter. The game is scheduled for 2:30 p. m. on the Longhorn field, however, it may be changed to a night game on the Booker Field.

THE TEXAS POLL

Texans Should Fight to Last Ditch for Tidelands, Poll Shows

By JOE BELDEN
Director, The Texas Poll

AUSTIN, Texas—Should Texas officials fight to the last ditch in Congress to secure full ownership of the oil-rich tidelands? Or should they support a compromise law dividing the oil revenues from the tidelands between the state and the federal government?

The attitude of the general public tends to favor a last-ditch fight, according to a recent statewide survey by The Texas

Poll. But at the same time there is a large group ready to compromise.

The Texas Poll put the issue to a representative cross section of 1,000 men and women by asking them these questions:

1. "Have you heard or read anything about the U. S. Supreme Court decision giving the Texas tidelands to the Federal Government?"

2. "Now just to refresh your memory, let's read this card before you answer the next question."

(On this card was the explanation:) "The tidelands along our Gulf coast are believed to be rich in oil. Texas has always claimed it owned them, and it has been collecting a lot of money from oil leases on these lands for the public schools. But the U. S. Su-

preme Court recently ruled the tidelands belong to the Federal Government. Now Texas officials are trying to decide whether to fight to the last ditch in Congress to secure full ownership of the tidelands, or whether to support a compromise law dividing the oil money between Texas and the Federal Government.

"Which do you think would be better—fight to the last ditch, or support a compromise?"

The persons who recalled having read or heard about the tidelands decision divided as follows:

Favor a fight to the last ditch	54%
Favor a compromise	38%
No opinion	8%

100%

This survey was conducted in mid-August. There is evidence that public interest has lagged somewhat since June when the Supreme Court announced its decision. Only 63 per cent now say they recall having heard or read about the court's decision.

In a previous poll, conducted in late June—two weeks after the court's decision—75 per cent said they had heard or read about the ruling.

The slump in interest is most noticeable among persons in the lower educational levels, as the following table shows:

Percent Recalling Having Read or Heard About Supreme Court Tidelands Ruling:

June	Aug.
All adults	75%
College-trained adults	88%
Adults with high school	85%

Perryton Horse Sets New Record At La Mesa Park

The racing stable known locally as Murph's Turf, put Perryton on the map as far as race fans are concerned, when they ran riot at the La Mesa Park meeting at Raton, N. M., which closed Sunday, Sept. 10.

Grandaris, a three-year-old gelding belonging to Hamilton Murphy while running against older horses, in the one and one-half mile endurance test lopped 4 1/2 seconds off the track record to cover the route in 2:36 flat.

What started as a hobby several years ago by Galen and Hamilton Murphy has developed into a profitable horse breeding enterprise.

The Murphy boys have usually raced their horses in the east, but owing to their mother's ill health have stayed at home and given the local fans the experience of seeing their horses run.

Their stable consisting of eight horses were consistently in the money at La Mesa Park and proved very popular with the fans.

Coff, a 4-year-old filly belonging to Jack Payne, member of the Herald staff was in the money five out of seven starts.

Joe Yoakum, a former Perryton man is trainer for the Murphy Brothers and Jack Payne.

Perryton Horse Sets New Record At La Mesa Park

The racing stable known locally as Murphy's Turf, put Perryton on the map as far as race fans are concerned, when they ran riot at the La Mesa Park meeting at Raton, N. M., which closed Sunday, Sept. 10.

Grandiaris, a three-year-old gelding belonging to Hamilton Murphy while running against older horses, in the one and one-half mile endurance test lopped 4 1/2 seconds off the track record to cover the route in 2:36 flat.

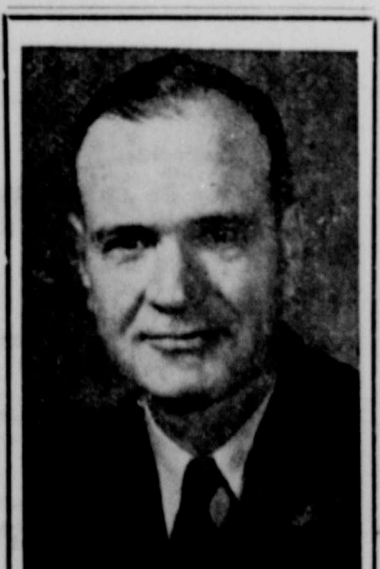

What started as a hobby several years ago by Galen and Hamilton Murphy has developed into a profitable horse breeding enterprise.

The Murphy boys have usually raced their horses in the east, but owing to their mother's ill health have stayed at home and given the local fans the experience of seeing their horses run.

Their stable consisting of eight horses were consistently in the money at La Mesa Park and proved very popular with the fans.

Coff, a 4-year-old filly belonging to Jack Payne, member of the Herald staff was in the money five out of seven starts.

Joe Yoakum, a former Perryton man is trainer for the Murphy Brothers and Jack Payne.
