Coolidge Flayed By Democrats

APPOINTMENT OF SLEMP MOVE TO GET NOMINATION

New President's Secretary Exposed in House, Claim Made

"SHOCK TO COUNTRY"

Slemp Leading Republican In South to Control State Delegations

By The Associated Press.

WASHINGTON, Aug. 15—Appointment of C. Bascom Slemp as secretary to President Coolidge was the occasion today of the democratic national committee's first attack on the executive since he took over his new duties.

In a statement issued through its publicity department the committee said the selection of Slemp, who for years represented the Ninth Virginia district in the house of representatives, "was tantamount to an official announcement that President Coolidge is a candidate for the presidential nomination in 1924 and that the appointment is the fist step to round up delegates from the southern states for Coolidge."

"Office Jobbing Indorsed."

Declaring that Slemp was "exposed on the floor of the house, December 15, 1922, in connection with the alleged trafficking in offices by republicans in southern states," the statement said that his appointment as secretary to the president "came both as a surprise and a shock to the whole country because it carried with it necessarily an indorsement of office jobbery in the south."

"Bascom Slemp," said the statement issued today, "is not only the most important republican in the state of Virginia, but he is the most important republican in the south, especially in the matter of dispensing federal jobs and controlling southern delegates to republican national conventions."

CONSPIRACY IN PAYNE KILLING CANYON CHARGE

State Claims Two Killed At Crosbyton Were Unarmed

PREVIOUSLY ATTACKED

Shotgun Attack Made On Man While Working In Garden

By The Associated Press.

CANYON, Texas, Aug. 15.—Attempting to prove that a conspiracy existed for the purpose of taking the life of D. L. Payne, La Mesa farmer on a charge of killing J. Sweaza of Crosbyton, the defense in the trial of Payne now in progress, late today started its testimony, placing three witnesses on the stand. The greater part of the day was used by the state in offering evidence to show that Sweaza and Maud Rippy were unarmed at the time they were shot to death on the court steps at Crosbyton on May 1. Twelve witnesses were placed on the stand by the state during the day.

Claim Self Defense.

The prosecution rested at 4:30 and without a recess the defense began its testimony. Attorneys outlined to the jury that an attempt would be made to prove that Payne's life was constantly in danger and that he shot in self defense when Swenza and Ripey were killed.

Witnesses first placed on the stand by the defense testified of the attack made on Payne in April 1922, when he was shot by persons passing by in closed automobile. Two shot guns fired half a dozen shots at Payne while he was at work in his garden and he was believed at the time to be fatally wounded, witnesses testified. Later Ripey and Sweaza were indicted on assault with intent to murder charges and were to be arraigned for trial on the day they were killed.

Civil Authority Supreme in Tulsa

By The Associated Press.

TULSA, Okla., Aug. 15.—The second day of martial law in Tulsa passed eventfully but peaceably and tonight the principal excitement of the day—the question of the supremacy of civil or military authority in a city, under restricted martial law—appeared demoted to a position of unimportance. A statement issued from Mayor H. F. Newblock's office asserted the civil authority of Tulsa was not considered superseded by military authority.

The other outstanding event of the day was the recommendation to Governor J. C. Walton, by Attorney General George F. Short, who is here investigating the whipping of Nathan Hantaman last Friday night, that the number of troops on duty here be cut at the discretion of Adjutant General Baird H. Markham, commander.

JESS WILLARD COMING HERE?

Former Champion Said To Be Willing to Appear Here Labor Day

Will Jess Willard appear in a boxing exhibition in Wichita Falls next Labor Day?

This question of whether the former boxing champion of the world will be a visitor here soon was being freely discussed in sport circles Wednesday when it was learned that one of Willard's personal friends who lives here had received assurances from the former boxer that he would consider an appearance here.

Willing to Appear.

Friends of Willard said a letter had been received from the former champion saying he had always contributed his services gladly to American Legion benefits and that if he to come here.

The American Legion officials when could be of service he would be glad asked regarding the rumor that Willard would appear here soon admitted they had received a proposition and had no doubt but that the man who wrested the heavyweight crown from Jack Johnson could be brought here. The officials would not give out anything definite as to what would be done in the matter.

RECORDS SIGNED AS PRELIMINARY TO RECOGNITION

Appointment of Ambassador Believed Not to Be Delayed Long

SANCTION EXPECTED

Contents of Agreements Made Public When Envoys Return

By The Associated Press.

MEXICO CITY, Aug. 15.—The records of the conference between the representatives of the United States and Mexico, embodying an agreement designed to make possible the resumption of diplomatic relations between the two nations, were signed here at 2:15 this afternoon.

The signature brought to a successful conclusion the negotiations extending over more than 13 weeks between Charles B. Warren and John B Payne, personal representatives of the late President Harding, and Fernand Gonzales Ros and Ramon Ross for President Obregon.

Return to Washington.

The actual signature, however, was by Juan F. Urnquide and J. Ralph Ringe, secretaries of the Mexican and American delegations, respectively.

The American delegates will leave shortly for Washington for submission of the record, together with the accompanying claims conventions to President Coolidge and Secretary of State Hughes. It is confidently expected here that the Mexican government's interpretations of the sub-soil petroleum legislation and agrarian laws contained in the record signed today will be acceptable to the American administration and that the appointment of a United States ambassador to Mexico will not be long delayed.

Indications are that the two claims conventions, which are intimately related to the United States' determination to secure guarantees for American rights in Mexico will soon be submitted to the American and Mexican senates for approval, contingent upon the extension of recognition.

The conference records contain the Mexican government interpretations of the sub-soil petroleum and agrarian legislation acceptable to the American delegates and an expression of the government's intention to follow these interpretations in good faith. Under the sub-soil petroleum section, American oil companies' rights to sub-soil acquired prior to the going into effect of the Queretaro constitution on May 1, 1917, remain intact. After that date the provisions of the Queretaro constitution relating to the sub-soil prevail, although the non-retractivity of these provisions, notably the much-mooted article 27, is firmly established.

Agrarian Rights Intact.

Nothing is known officially relative to the sub-soil petroleum rights of Americans who acquired land prior to May 1, 1917, but who did not explore or announce intention to exploit their lands for oil. It is understood the Mexican government is unwilling to assure them their rights, but the United States delegates specifically reserved the rights of these individuals.

Under the agrarian section of the understanding, American rights acquired prior to the 1917 constitution remain intact under the laws then in force and the provisions of the constitution of 1857, but lands acquired since 1917, it is agreed, are subject to the provisions of the latter constitution relative to the division of huge estates and also to subsequent agrarian reform laws.

ACTUAL RECOGNITION UP TO STATE DEPARTMENT

WASHINGTON, Aug. 15.—Completion of the work of the American-Mexican recognition committee in Mexico City today marks the conclusion of the necessary preliminaries for the restoration of diplomatic intercourse between the two countries. Actual extension of recognition by the United States to the Mexican government, however, may not take place for some time as the work of the commissioners was limited to preparing a report for their respective governments. The commissioners were not accorded powers to sign any agreement between the two governments of a binding character.

The next step will be the presentation of the report to the governments. While the state department had full cognizance of the contents of the report the actual text of the document will be available only when the commissioners arrive here.

It is expected that arrangements will be made after the arrival here of the American commissioner for simultaneous publication in Mexico City and Washington of the understandings between the two governments which the commission's work foreshadows.

State department officials have been unwilling to indicate when they expected to reach the point of selecting a new ambassador to Mexico City. Whether it will be necessary to await some definite action by the Mexican government under the terms of the understanding, or for senatorial sanction for a treaty covering the points brought up by the Mexico City conference have not been disclosed.

It is generally assumed however, that recognition will be granted only when there is complete assurance that American-held titles to subsoil resources in Mexico, obtained before adoption of the present Mexican constitution have been relieved from the jeopardy in which they stood under Article 27 of that constitution, which was designed to nationalize all such resources.

Floyd Resigns Position As Assistant Engineer On Irrigation Project

Superintendent of Dam Construction Goes to Pueblo, Colo., on Flood Control Job

O. N. Floyd has resigned as assistant chief engineer of the irrigation district to take charge of flood control investigations at Pueblo, Colo., it was learned yesterday.

Floyd came here Oct. 1, 1922, from the Miami conservency district in Ohio near Dayton, where for the past ten years he had been in charge of various phases of the investigations and construction of this huge flood control project. He is an expert on hydraulic fill dam construction and has made some notable contributions to current engineering literature on this subject.

Supervised Dam Construction.

His work here under R. A. Thompson, chief engineer and general manager, was that of superintending the construction of the storage dam at Lake Kemp and the diversion dam.

One of the engineers intimately connected with Floyd says his suggestions saved the district and the contractors many thousands of dollars.

Pueblo, like Dayton, has suffered in the past from disastrous floods. Floyd will apply the knowledge gained at Dayton on the Miami conservency to the problems of flood control at Pueblo.

Floyd while here made a host of friends, especially among the engineering fraternity, and while his work is completed here, still his departure for this new and larger field of work is viewed with regret.

Retrencher Pope Out for Governor

By The Associated Press.

AUSTIN, Aug. 15.—W. E. Pope of Corpus Christi, member of the state legislature, stated here today he will be a candidate for governor during the next gubernatorial campaign. Pope led the fight in the last legislature against the state text-book contracts let last December. Twice he was the author of bills which sought to annul the contracts, but both were vetoed by the governor. Representative Pope had represented Nueces county in several legislatures.

FREE STATERS TAKE DE VALERA

Seized in Midst of Speech To Constituents On Election

By The Associated Press.

ENNIS, Ireland, Aug. 15.—Eamon de Valera, "president of the Irish republic," at last is in the custody of the Free State authorities. He was arrested here today as he was starting an election speech to his constituents. He had boldly announced his coming and when he took his position in the rostrum in Market Square, Free State troops threw a cordon about him.

"Soldiers Are Coming"

The crowd that had gathered had given De Valera a tumultuous reception and he had just started his address in Gaelic when shout arose "The soldiers are coming." Simultaneously, armored cars rattled noisly up to the vicinity of the platform.

The crowd fled in all directions as the soldiers fired several volleys over their heads. Many women fainted.

As several soldiers rushed toward the platform De Valera was seen to sway and then collapse. At first it was thought the republican leader had been shot but it turned out that he had only fainted, probably in consequence of a blow he received during the stampede.

When he recovered he was assisted down the steps by troops. He waived aside a number of persons who seemed desirous of trying to rescue him and surrendered to an officer who received him with a kindly "come along."

Troops Fix Bayonets

When the first panic had subsided the people returned to Market Square. Many of them hurled insulting remarks at the troops. The troops, however, took things calmly, fixed their bayonets and soon restored a degree of order. Then, with a large crowd following him, De Valera was taken to the county jail. He offered no resistance.

According to the reports current here the free state cabinet was equally divided over the wisdom of arresting De Valera. A strong feeling prevails that today's event will assure his election to the dail.

15 Per Cent Cut In Winter Wheat Acreage Planned

By International News Service.

WASHINGTON, Aug. 15.—The acreage of winter wheat in the United States this year will be 15.5 per cent less than the actual acreage last year, but an increase of 16.2 over the prewar average, the department of agriculture estimated today on the basis of the planting intentions of farmers throughout the country.

The crop reporting board of the bureau of agricultural economics estimated that the acreage planted this autumn would be 7,177,000 acres less than last year.

Reports received from 25,000 farmers indicated 39,200,000 acres would be planted in winter wheat this year. Last year 46,377,000 acres were actually planted but only 39,750,000 acres were harvested, there being an abandonment of 14.3 per cent of the total planted acreage.

The pre-war planted acreage averaged 33,741,000 acres of which 30,236,000 acres were ordinarily harvested. It is thus estimated that the total harvested this winter will be 29.6 per cent more than the average for the year 1913.

COOLIDGE'S COUSIN SENATE CANDIDATE

Bailey Attacks Oil Control By Rail Commission

By The Associated Press.

AUSTIN, Aug. 15.—Action on motion of the state railroad commission to dissolve temporary injunction granted J. G. Bass and associates of Navarro county restraining the commission from interferring in drilling of oil wells where permit were withheld, will be taken at 10 o'clock Thursday, District Judge George Calhoun announced at the close of arguments in the case today.

The case will be dissolved, Judge Calhoun told attorneys for both sides to the litigation, only if he could state as a reason that Bass is in no danger of suits being filed against him. Former United States Senator Joseph Weldon Bailey, attorney for Bass, made an attack on constitutionality of the legislative act delegating supervision of the oil industry to the railroad commission.

Veterans Ask Bergdoll Be Brought To Justice In Government Appeal

Millions Sought By Farm Bureau

By The Associated Press.

DALLAS, Aug. 15.—The Texas Farm Bureau Cotton association probably will have to call on Texas banks for between $5,000,000 and $10,000,000 more, making a total of between $25,000,000 and $30,000,000 to handle the 1923 receipts of the association, Colonel Sloan Simpson, treasurer, said this evening when informed of the action taken by the New York banks in extending a large loan.

Receipts of the association probably will exceed 200,000 bales, Simpson said.

97 BODIES FOUND IN DEATH MINE

37 Miners Rescued and One Still Missing in Wyoming Blast

By The Associated Press.

KEMMERER, Wyo., Aug. 15.—Kemmerer tonight was in mourning for the miners – 97 of them—who are known to have lost their lives in the explosion at Kemmerer Coal company number one, at Frontier, near here, yesterday.

Throughout the day and tonight hundreds of relatives and friends thronged to the I. O. O. F. hall which has been turned into a temporary morgue and also to an undertaking establishment where about half of the bodies are being kept.

Cause Still Unknown.

Tonight, however, there were but few people congregated at the portal of the mine where last evening thousands crowded for news of endeared ones trapped while working in the bowels of the earth.

The latest official report of the coal company is 97 miners are dead; one is missing and 37 have been rescued alive and unhurt.

What caused the explosion in the mine has not been determined.

The mine in which the disaster occurred is considered one of the deepest in this section if not in the United States. The main shaft goes down at an angle of 16 degrees to a depth of about 6,000 feet, and it was on the lower levels, or about one mile underground, that most of the bodies were found.

Precautions Asked to Protect American Held for Attempt to Catch Slacker

By International News Service.

WASHINGTON, Aug. 15.—The state department was formally appealed to today by James A. McFarland, national commander of the Disabled American Veterans, to bring to justice Grover Cleveland Bergdoll, the super-slacker, who has so brazenly flaunted the authorities of the United States.

In his plea to Secretary Hughes, McFarland also requested that the department take every precaution for the safety of "our fellow member, C. Hooven Griffis, who is under arrest at Eberbach, Germany, for an alleged part in an attempt to kidnap Bergdoll."

BERGDOLL STRUTS ABOUT CARRYING BIG REVOLVER

By International News Service.

EBERBACH, Germany, Aug. 15.—Grover Cleveland Bergdoll, wealthy American draft dodger, who was reported mysteriously missing, suddenly turned up this afternoon. Bergdoll, who killed one man and wounded another while an attempt was being made to kidnap him last Saturday, strutted through the streets with a big revolver bulging from his pocket. He was an idol among a certain class.

Eugene Victor Nilson, of Chicago, who acted as chauffeur of the automobile in which Bergdoll was to be spirited away, raged like a tiger in his prison cell. He paced up and down, clenching his fists. "Damn our luck," and stronger exclamations.

Mrs. Emma Bergdoll, mother of Grover, who came here to see her son, has gone to Heidelberg to receive treatment for an abscess upon the finger. An operation probably will be necessary.

Swindling Stunt Net Thousands In Kansas City

By The Associated Press.

KANSAS CITY, Aug. 15.—Nine and possibly more Kansas City banks have been victims of a clever swindler, it became known here today. Losses will total between $20,000 and $25,000, it is said.

The man, giving the name of E. B. Hatfield, Chicago, deposited $300 in the First National bank last July, telling officials of the bank that he was to open a brokerage office and gave Chicago references. Hatfield then opened accounts at several small banks.

Last Saturday Hatfield asked the First National bank to certify a check for him for $300. This was done. Apparently he then copied the certification on other First National bank checks, increasing the amount in each instance. These checks were then deposited in the smaller banks, and the account checked against.

Wives Turn To Wichita For Erring Spouses

Is Wichita Falls a haven for homeless husbands?

It would seem from the number of inquiries received by the chief of detectives from forsaken females asking the whereabouts of wandering husbands, sons and lovers that this city is the favorite rendezvous of men who are trying to elude women.

Ridiculous to Pathetic.

The letters which come almost daily to the local police department range from the ridiculous to the pathetic. Through the inquiries is seen a varying set of reactions which show the different ways in which women are affected when a man they love leaves them.

There is one class of communications received which shows the type of woman who is strictly seeking a man for the purposes of revenge. "If you find him, hold him until I get there and you need not worry about punishment. I'll see that he gets plenty of that," is what one woman wrote recently.

Another says: "I loved him and gave him money and went to hell for him and when I got sick he left me. If you find him there tell him I am going to kill him the next time I lay eyes on him."

"He quit me for a blond wench who has broken up three homes. Hold them both if you find them and wire me at once," shows the effect a jilting had on the writer.

The other extreme bears out Lord Byron's phrase that

"A man's love is a thing apart
'Tis woman's whole existence."

The women who are seeking a man they love, do not exhibit the deep hatred the spirit of revenge the smarting sense of shame of having given all and repaid by their lover going to another. Their letters show that no matter what the man who has deserted them has done or will ever do, they will always love them. Like Nancy, in Dickens' Oliver Twist, who loved the heartless Bill Sykes more and more as he beat and cursed her these women seem to be.

An example of how much women love through persecution and desertion is shown in a letter received from a young wife at Tulsa by Dave May, chief of detectives, Wednesday. In part the wife seeking her husband here says in the letter:

"We have been married two years

He took me to Sapulpa and left me without a cent. I have just been out of the hospital a few months. I am 22 and so is my husband, but he tries to make himself younger. I am an orphan and have no real home. I love my husband and have waited for him so long. I thought he would come here or send me some money. Try to find him for me. He won't work and just goes from place to place. I wish you would help me for if something isn't done it will be too late. He runs with a tuogh bunch and I had rather see him in his grave than to go to the bad.

Lured to Oil Fields.

Such letters are received often. On the whole women express more of the

TILLMAN LOSES COUNTY AGENT

Guernsey Decides to Keep Job at Clinton and Not Come to Frederick

Special to The Record News.

FREDERICK, Okla., Aug. 15.—Definite decision to employ no county farm demonstration agent for Tillman county the ensuing year was announced Wednesday by Commissioner E. M. Cason. The county will retain in office Mrs. Eva Mosteller, home demonstration agent.

This decision comes after a hot wrangle over the advisability of employing such an agent. Before the county budget was approved for the fiscal year the commissioners were presented a petition signed by 800 voters requesting that the services of the agents be done away with. This they rejected because they had entered into a contract with S. D. Johnson for this year's work. Johnson resigned and accepted a position with the Frederick seed farms. Dan Diehl district agent, Stillwater, appointed C. H. Guernsey, Clinton to succeed Johnson. The commissioners said they would not approve any salary warrants for Guernsey as they had not been consulted in the appointment.

Wednesday Guernsey wrote that he would retain his position at Clinton for the coming year, thus leaving the county without an agent.

WIVES TURN

(Continued from Page One)

liden of leniency and forgiveness toward their husbands than the spirit of wanting to kill the lover and the one who came between. "If he needs money, tell him to write me I love him no matter what he does and tell him to come to see me for just a little while even if he doesn't want to stay," is the tone of many letters.

In addition to letters of wives and sweethearts seeking husbands and lovers the police are called upon often to find lost sons and brothers. The fact that there are so many oil fields around Wichita Falls and the idea current at other places over the country that work is always to be had in the fields here lures many a man to Wichita Falls.

"He left here for Wichita Falls and said he was going to work in the oil fields," is a sentence found in the letters.

"The last address we had was at a certain rooming house in Wichita Falls," some of them say.

Wanderers Rarely Found

For this reason Wichita Falls is considered a kind of clearing house for lost men. The police department through the detectives never turn down any of the communications without making some sort of investigation. Usually a survey of the places where the men last lived in Wichita Falls finds the wanderers have left for other parts. It is rare that the ones sought by broken hearted women are ever found.

It would seem that when men get the wanderlust it is hard for them to be moved by pleas from their women folks to return. Ofttimes dope, whiskey, gambling and evil companions have gotten in their work to the extent that all the finer instincts of love of home and family have gone.

University Funds Invested In Bonds Questioned

By The Associated Press.

AUSTIN, Aug. 15.—Question of where it is legal to invest permanent university funds in bonds instead of placing it in state depositories, was taken up with the attorney general today by university officials. It is desired that the permanent funds, which amounts to several hundred thousand dollars, be invested in bonds because of the large per cent of interest obtained. Under the new depository law, the depository commission fixed the rate of interest for state funds in depository banks at 4 per cent. More than 5 per cent interest can be obtained by bond investments, it is claimed.

GIRL MARRIES LIEUTENANT

On Sunday afternoon at 1 o'clock the marriage of Miss Jewell Logan and Lieutenant John Porter Wright of Fort Sill, Okla., took place at the home fo the bride's parents, Mr. and Mrs. C. P. Logan, Rev. C. D. Montgomery officiating.

The couple left immediately for Fort Sill, where they will prepare for an early departure to an east coast fort in North Carolina, where Lieutenant Wright has been transferred. En route they will make a brief visit with his parents in Dallas.

This happy marriage was the culmination of a romance begun two years ago when the young couple met at a ball game in this city between the local team and the soldier boys from the fort. The marriage was planned for the later part of September, but owing to the groom's transportation orders to the east, it was solemnized Sunday. The bride is the younger daughter of the Logan family; she was reared in this city and except for being away in school at San Antonio, has spent most of her life here.

The bride wore an elegant sport costume of white and green canton crepe and ratine combination with matching accessories. The guests included only immediate relatives in this city and members of the Logan household; the bride's parents and brothers Perry and Tex Logan; Mrs. Stepenger, grandmother, Miss Louise Stepenger, an aunt; Mr. and Mrs. M. Harvey, Mr. and Mrs. Robert Brumbalow, Miss Lorena Potts, Miss Eunice Jordan, A. L. Gibbs and the officiating minister, Rev. Montgomery.

Orient Walkout Ballot Reported Following Cuts

By International News Service.

WICHITA, Kan., Aug. 15.—Strike ballots are reported to have been placed in the hands of the employes of the Orient railroad and there is considerable discontent among them as a result of a decision of the United States railway labor board, permitting the road to reduce the wages of conductors, brakemen, yardmen, engineers, hostlers and maintenance of way men. The cuts range from 5.6 to 10.1 per cent.

Officials of the road evade a direct question as to whether the road could withstand a general walkout, and say they expect no general trouble.

U. S. Commission Offers Solution In Coal Strike

By The Associated Press.

NEW YORK, Aug. 15.—A way to prevent suspension of anthracite coal mining after September, was opened today by the intervention of the United States coal commission in the dead lock which has hitherto prevailed between the miners' union and the operators.

Officials of the union proposed to the commission to abandon their demand for "check off" of union dues if the operators would cease their practice of collecting explosive and fuel accounts by the same method, and after conference tonight the operators agreed to the proposal in full.

The negotiations which broke off two weeks ago between the miners and the operators may be resumed, in accepting the union proposition. Both miners' union officials and operators' representatives, however, will meet again tomorrow with the coal commission to confirm the situation before going ahead.

Rig Destroyed By Ignited Gas South Of Vernon

Special to The Record News.

VERNON, Texas, Aug. 15.—When the drill in the South Vernon Oil company well No. 1 on the Stephens lease, 10 miles south of Vernon, struck gas late Tuesday the well caught fire and burned the derrick and ruined the rig. The loss is estimated by company officials at $10,000 with partial insurance.

While the cause of the fire is not definitely known the opinion prevails that the gas blew the drill against the casing with such force that it caused a spark. The chemical engine from the Vernon fire department made a run to the well but could not do any good. The fire was finally choked after the rig had been burned down.

New machinery was ordered by the company today and the well will be drilled down. The gas was struck at 900 feet.

Ferguson Still Gamest Peacock He Tells Temple

By The Associated Press.

TEMPLE, Texas, Aug. 15.—Former Governor James B. Ferguson, addressing 3,500 at a political rally in his honor arranged by home folks here tonight, declared that he is in Temple to stay, is not out of politics and still is the "gamest peacock that ever paraded down the walk."

The solution of nine-tenths of the evils of today, the former governor said, lies in the platform of "one-third more money in circulation, one-third less taxation and two-thirds of the representatives of the people in legislative body from the ranks of the farmers."

"So long as the ku klux legislature keeps on giving only $12 per capita for the education of rural school children," Mr. Ferguson said, "and appropriate $550 for the higher education highbrows, I am not only going to raise a row—I am going to raise hell."

LARGE CROWD AT LEGION SWIM

Wichita and Electra Aquatic Experts Give Good Performances

The first of the series of weekly water carnivals being sponsored by the American Legion, went through with great success at Lake Wichita last night. More than 2,000 people witnessed an exhibition of Wichita Falls and Electra aquatic experts.

The first event of the program was a 50-yard race for boys under 12 years of age, the winner being Virgil Odom of Wichita Falls, who won the prize of a pocket knife given by Maxwell Hardware company. Stewart Maupin, also a local swimmer, won second place and a prize of a season pass to the lake pool.

Ed Parr and Slim Langston of Electra, won first and second places respectively in the men's diving contests. There were nine entries listed, which included many expert divers. True Cawble of Wichita Falls was well on his way to first place when he slipped on his third trial.

In the girl's swimming exhibition, Ella Donaldson of Wichita Falls won the first prize, while Olin Hall of Electra, won the second prize. They were given prizes of silk hose and face powder from local merchants.

Miss Hall and Miss Levell who hold Red Cross life saving certificates gave a general exhibition of life saving, and the proper way to rescue a drowning person.

Hugh Stewart, manager of the Electra swimming pool, brought many of his best swimming and diving experts to the lake pool, and announced a swimming carnival in his town next week. He invited Wichita swimmers and divers to be present.

A fire dive and a flame dive were put on by Virgil Odom and Curley Robinson. "Buck" Anderson pulled off a swan dive to end the program from the top of the lake diving tower.

Million And Half Textbook Funds Given To Schools

By The Associated Press.

AUSTIN, Aug. 15.—Transfer of the $1,500,000 set aside by the state board of education from school funds for textbook purposes is being upheld by State Comptroller Lon A. Smith, pending determination of textbook litigation, he stated today. The fund may be made available for public school purposes. It would increase the apportionment from $12 to $13.

When the transfer is actually made to the textbook fund, the monies cannot be applied for other purposes, according to officials. Despite contention of State Supreintendent Marrs that the money may not now be used for a supplemental apportionment, Comptroller Smith holds that if yesterday's federal court ruling on textbooks is not reversed, the fund can be apportioned.

Today's Poem

THE HOMELAND

My land was the west land; my home was on the hill
I never think of my land but it makes my heart to thrill;
I never smell the west wind that blows the olden skies,
But old desire is in my feet and dreams are in my eyes.

My home crowned the high land; it had a stately grace.
I never think of my land but I see my mother's face;
I never smell the west wind that blows the silver ships
But old delight is in my heart and mirth is on my lips.

My land was a high land; my home was near the skies
I never think of my land but a light is in my eyes;
I never smell the west wind that blows the summer rain—
But I am at my mother's knee, a little lad again.

FRIENDS NOTICED IMPROVEMENT

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Bethel, Wis.—My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound."—Mrs. W. G. MONSON, 1515 Park Ave., Beloit, Wis.

Mrs. Monson is willing to write to any woman suffering from such troubles.

ZONAGALE

In Collaboration With Russell Gore Writes On

FIRST PRIZE

Watch a man taken suddenly by some good fortune, and you have a measuring-rod to his inner self.

He was one of the inconspicuous students at the Art Institute. He was not considered "promising." He had gifts, but they were never spectacular, never even arresting, in result.

And far from arresting was his personality. He was quiet, busy and a bit shy. If you had asked any of the students or the faculty to whom he was known, you would almost certainly have heard that he would never get anywhere.

"Good careful work. Excellent draughtsman. But no fire and no distinction! Thirty students here can do as well as he."

It is doubtful whether anyone about the school guessed his power of personality—and that usually means power of something more—until the day on which they told him about the prize.

That day he was working on a mural. He was seated on a scaffold high up in the Gothic hall of the institute. He was laying on great swoops of color with the daring stroke the perfect balance, which were to become known to them all.

But that day as usual no one was paying any attention to him. He sat up there alone, in the silence of the ceiling, in his task. When someone entered the huge empty room, he did not even look down at the sound steps.

Nor did he attend the sound of voices when two or three more followed and someone said: "He isn't here." It was characteristic of the man on the scaffold that it did not occur to him that they might be looking for him, that he did not have the curiosity to ask whom they wanted, that he did not emerge from his absorption even when someone shouted: "There he is—up there." Not until they called "Hey, Biddy!" did he lean and peer down.

"Hello?"

"Got some news for you."

"Sure?"

"Sure. Better climb down and hear it."

He laughed at that—the same laugh which, they tell now, he had sometimes given when somebody would drop in at his room in off hours, and ask naively: "Are you busy tonight?" He never told them he was always busy. He merely looked up with that short laugh or with a good-natured grin, and waited for the question to settle down. This time that he laughed he added: "If any news wants me to hear it, it's got to get up here."

"All right don't fall off your porch. You've won first prize on your fresco."

For an instant Biddy still peered down, then he turned round on the scaffold and touched his brush to his pallette.

"Good—for—me!" said he leisurely.

And his arms resumed its long slow strokes of colour on the high wall.

TODAY'S RECIPES

Perfection Salad—One-half package gelatine, one-half cup cold water, one-half cup vinegar, two tablespoons lemon juice, two cups boiling water, one-half teaspoon salt, one cup cabbage, finely shredded, two cups celery, cut small, two pimentos, cut small, soak gelatine in cold water five minutes. Add vinegar, lemon juice, boiling water, sugar and salt. Strain and when mixture begins to stiffen, add remaining ingredients. Turn into individuals molds.

Corn Muffins—One egg, one cup milk, one-half cup sugar, one cup cornmeal, one cup flour, one-half teaspoon salt, two teaspoons baking powder.

Philadelphia Rice Pudding—Two tablespoons rice, one-half teaspoon salt, one scant cup sugar, one quart whole milk. Bake in a slow oven until the milk is the consistency of heavy cream (two to three hours). Each time a brown crust forms on top stir it down into the pudding.

SUGGESTIONS.

As a nation the American has been accused of consuming too much meat, and during the summer months, it is certainly wiser to use less of this costly food supply for economical as well as hygienic reasons. If the family has been accustomed to using a good deal of meat reduce the quantity used gradually, adding just enough to flavor and combine well with other ingredients, such as various vegetables, eggs or cereals in the way of macaroni, rice, etc.

For a dinner menu a dish of delicious stuffed peppers is suggested for the main course, a small slice of cooked ham that may be purchased at the delicatessen, being finely minced and added to the savory forcement with which they are stuffed. Try these delicacies occasionally and see how the family will enjoy them, while at the same time there will be a decided saving in the daily budget.

For Torn Oilcloth—Adhesive plaster put on the under side of a cut in a piece of oilcloth will prevent the rent from spreading.

To Keep Wool White—When a white wool dress becomes slightly soiled, rub it with white unscented talcum powder immediately after you take it off. It should be rubbed over lightly, and not brushed off until the dress is worn again. This will keep the garment clean indefinitely. Talcum can be bought in bulk very cheaply.

Heart and Home Problems Solved

Dear Mrs. Thompsun: The other night I went to church with my girl friend. When we started home she let a boy take her home. He was a boy she had been angry with. He is no good. He married a girl 14 years old and they have one child and he has deserted her. I told her that if she let him go home with her I would go home by myself.

She let him go with her although it had been raining and she was the only one who had an umbrella. She knew I wouldn't go home with her if he was along and that I did not have an umbrella and would have to go home in the rain. She thinks I have no right to be angry. What do you think about it?

A FRIEND IN NEED.

Your attitude toward the boy was hardly Christian. In my opinion nothing is gained by ignoring and acting superior to a person who has made a mistake. It is better to give that person another chance. Although it is not necessary to welcome him to your heart, you could be pleasant to him when you are thrown in his company. Stop to think what Christ would have done. I do not believe He would have thought of what people would think, seeing Him with a sinner. He would have gladly given what encouragement He could.

You did a very unwise thing when you tried to force your girl friend to act as you wanted her to. She did not send you home in the rain. You sent yourself home in the rain. reason to be angry.

I hope your girl friend is as ready to prove a friend to the boy's little wife. She needs all the encouragement she can get too.

Dear Mrs. Thompsun: I am a high school girl. There are two boys who are in love with me and both are jealous of each other. One wishes to take me to church and play tennis, while the other prefers dances, picture shows and swimming.

I love both of them and my folks don't care which I go with. Which do you prefer?

BOBBED HAIR BEAUTY.

Since tennis gave me a black and blue wrist and the dust from the courts got up my nose, I would probably prefer the young man with tastes which did not include tennis. It is not a case of my preference, however. You are still a very young girl and it should not be necessary for you to make a choice. Keep both boys as friends and do not consider yourself in love until you love one man far more than any other you have ever met.

Dear Mrs. Thompsun: Can a girl win a boy's affections. That is a question that would above all things satisfy me. I am a girl in my teens and think very much of a boy. He says he loves me, but just at present he cannot show it. I love him and he always asks me to marry him, but I think he loves another girl also. Please tell me how I can tell whether he loves me and how can I win the affections he has for the other girl?

GOOD-LOOKING.

It is practically hopeless to try to force love. The harder you try to win the boy from the other girl the less chance you have in keeping the affection he now feels for you. Try not to be jealous, and above all else do not let the boy see that you object to his going with the other girl. In time he may learn to care more for you of his own accord.

Why He Divorced Her.

He married the blustering type of woman, and blustering was something he knew nothing about.

After they were settled in their home, he found everything constantly upset. He could gain no peace at home—the whole house always seemed like a bag of feathers let loose.

Storm, tempest and whirlwind—the woman blustered herself into a cyclone of temper. No man could stand a life like that.

Longing for peace, he sought a mate such as—Mrs. Browning describes:

"Moving light, as all your things
As young birds or early wheat,
When the wind blows over it.

"Only, free from flutterings
Of loud mirth that scorneth measure—
Taking love for her chief pleasure

"Quiet talk she liketh best,
In a bower of gentle looks—
Watering flowers or reading books

"And her voice it murmurs lowly,
As a silver stream my run,
Which yet feels, you feel, the sun."

Peace, quiet, rest-most men long for them in their homes. There is enough blustering in the outside world.

Calm and tranquility should be a dominating trait in every woman's character. Pursue it and cultivate it—and gather to-gather all the ("feathers") that are flying loose in your home.

BURK WOMAN BITTEN BY NEST OF SNAKES

Special to The Record News.

BURKBURNETT, Texas, Aug. 15. Mrs. Tom Mallett was reported to have been snake bitten while wading in a shallow pool of water in Gilbert creek about four miles from the city Wednesday morning. She was testing the depth of the water and soon found herself in a nest of water moccasins which had been driven to this small pool by the dryness of the stream. Her injury seemed to be slight when examined and treated by a local physician who was called to attend her at the home of her father on East Main street where she was brought immediately following the accident. It is thought that she will soon recover.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores everywhere.

YOUR HOME TOWN

Here's is a bit of civic philisophy which comes from the pen of Buck Campbell, of the Oklahoman staff, which is worth repeating:

"Wrong or right, stand up for your home town, and your community, and you'll be right oftener than you're wrong."

This applies to Oklahoma City, Tulsa, Dallas, Fort Worth, Wichita Falls or any other town on the map. It doesn't matter whether it is a large town or one that wants to be large; if you are "for" your town, morning, noon and night, and believe in that town, your community's growth has just that much better chance.

Cities and towns are made up of persons of varying views and ideas. All of these ideas and views must go into the melting pot of the town, and because folks the world over are human and therefore subject to prejudices and favoritism and selfishness and what not, all cities make mistakes. But if the people of the town, when the mistake is made, will just tear that sheet out of the book, and say: "Oh, well, she's the best old town on earth anyhow", the mistakes soon will be forgotten, and the community will move ahead.

The Record News is in new hands. The editor himself hasn't been here long enough to know all the streets, but the men who control The Record News now picked Wichita Falls as the best town on the map, and expect it to get better every minute.

Having decided definitely that Wichita Falls is the best community on earth, the thing to do is to try to prove it to the doubters, and to lend assistance in keeping it the first rank. Doubtless everything in Wichita Falls is not perfect. We do not know of any place that is—on this earth. But complaint and adverse criticism never corrected a wrong nor built a town.

A stranger in Wichita Falls only has to take one look at the town—its business district with its fine stores and office buildings; residence section with its beautiful homes; its life,—yea, "pep" is the word, to know that it is destined to be one of the great cities of the southwest. Lack of town spirit doesn't build irrigation projects such as Wichita Falls and the surrounding territory is about to enjoy.

Stand up for Wichita Falls, right or wrong, and you'll be right far oftener than you're wrong. And by so doing you can help to correct the errors that are sure to come in the fascinating struggle for community progress.

FORD HAS THE ROAD.

Tom Love of Dallas may be sent to a political hospital by a "tin Lizzie."

Love has been up and down in Texas politics for a good many year. He is now democratic national committeeman and chief operator of the McAdoo boom in Texas.

Quite a few organization democrats—if any democrats in Texas may be considered organized—feel that Love is slipping. They are becoming cross-eyed in trying to discover the "terrible Turk" who is most likely to scalp the committeeman. They wish to climb on the band wagon, but as yet the bass drum has not opened up. Perhaps the wagon is being carefully oiled somewhere in the thickets of the upper Brazos, and is not yet ready for the march on Dallas.

Much of the dissatisfaction with Love personally comes from his position on the klan during the recent senatorial campaign. Love was for Culberson and Culberson was against the klan. After Culberson was eliminated, Love hesitated a few days between Mayfield and Ferguson before deciding for Mayfield. Consequently neither klan nor anti-klan elements feel that Love has had a seat at the dinner table.

Also there is a considerable element of anti-Wilson democrats who generally were silent as far as Wilson was concerned, but who were perfectly willing to gun for the Wilson representatives in Texas.

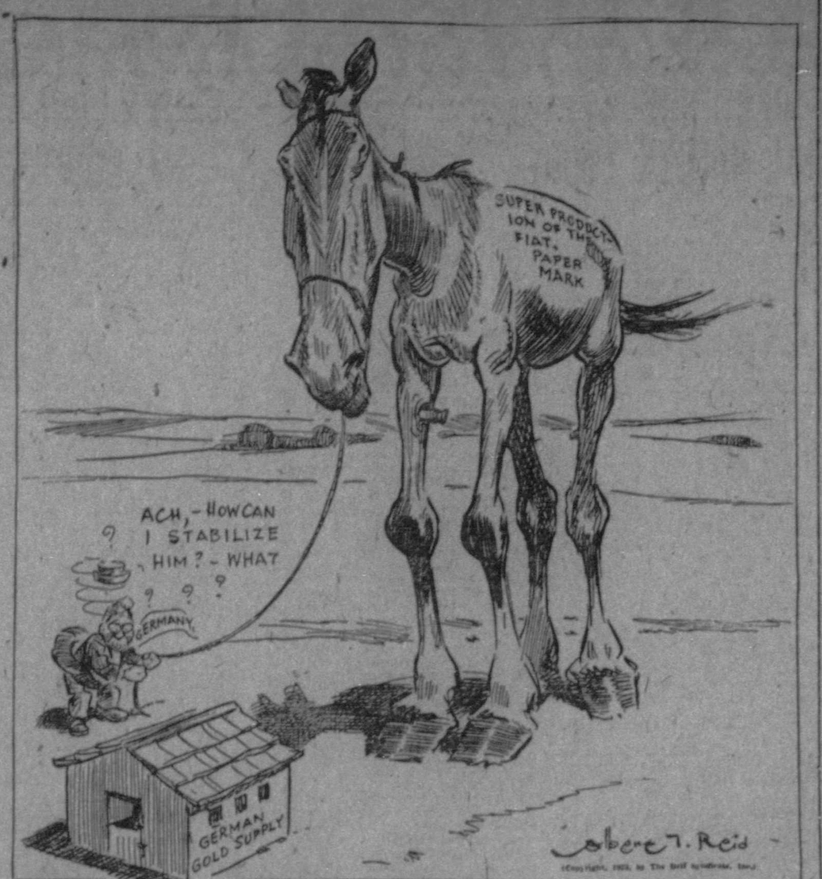

Love may come out of the situation in good shape if Henry Ford doesn't honk his horn. Certainly McAdoo has the lead in Texas before the democratic nomination among those who are actively campaigning for the democratic nomination. Underwood looms up strongly in isolated points. He has the advantage of being a southerner, but probably has a disadvantage of being actively supported by Joe Bailey.

The attitude of a very large group of Texas democrats to look to Governor Neff for leadership is still unknown. This group probably prefers McAdoo to Underwood. With Bailey committed to Underwood, there could be no other assumption. But it is not at all certain that the average voter in Texas, and particularly the county politician who expects to attend the democratic state convention, will follow Love in an effort to instruct the forty delegates from Texas for McAdoo.

R. B. Walthall, former secretary to the governor, probably consulted Neff before he started his "Neff for president" agitation. If he did, it is a reasonable assumption that Neff deserves to go into the next Democratic state convention, using his name and prestige of a favorite son movement in an effort to control the forty delegates. But what Neff would do with the forty delegates after they were instructed is of course another matter. At any rate Walthall's activity indicates that Neff expects to be an active factor in the next state democratic convention. He is almost certain not to be for Underwood. He probably is not antagonistic for McAdoo. He more than probably has a leaning toward Ford.

Texas democracy apparently at this time has not made up its mind. If Ford announces and Neff places himself at the head of a Ford movement it looks as if National Committeeman Love may have a tough time of it. On the other hand if Love and Neff both support McAdoo and Henry definitely announces he does not want the democratic nomination, McAdoo can hardly be headed off.

The Stable in Stabilize

THE SOUL - SCAR

By HELEN DUFF

"He acted pretty wild, and I figured he'd better wait and get calmed down." Bill cleared his throat. "You see, I didn't want no mess. The lights in the lower part of the house stayed lit, and at half-past one he wouldn't wait no longer. So we come over.

"When we looked in the window, there was the lady sittin' in front of the fire. I couldn't have planned it better myself. He went in alone—I stayed on the porch.

"In about five minutes out he come again, tremblin' with rage, and said he was goin' to find the wop, Julio What's-his-name, here. And off he went in the wind and rain straight for the Mink Harbor road, me follerin'.

"Of course, he didn't know the way, and the first thing he done was to go flat over an old tree stump. He could hardly get up. His leg was game, anyway—said he had been wounded in France.

"And there he was. I got him to the back porch, but he wouldn't go in the house. And finally I offers to put him up in barn till daybreak. He agreed, and I went into the house for some rugs I'd seen in the office, to make him a shakedown.

"As I come in at the door, the madam, all in her red coat, comes out of the livin' room and wants to know where me friend is. Clayton Hitchcock, he said, was his name. When I wouldn't tell her, she gets lippy, and me and her has words. She follows me out on the porch, tellin' me what I am and what I ain't, till I shakes her off and goes down the steps, pretendin' I'm headin' for the road.

"Bye and bye I sneaks back to help the gent over to the barn; but he wasn't where I left him. The house was all dark—somebody had put out the lights. So I goes over to the help's quarters, thinkin' I'd turn in but somehow'—Bill paused—"somehow I couldn't get him out of me mind.

"And so I went out to the barn, and there he was, lumped in a corner, all dazed-like. He sure looked all in. I sat with him, and never knew till the mornin' what had happened. And that's the truth, so help me Gawd!"

CHAPTER XXXI—THE STRANGER'S STORY.

There was a hush of expectancy. All those in the living room thought to see the stranger spring to his feet, to hear denials, expostulation.

They were disappointed. The figure in the armchair did not move. So still was the bowed head that another thought stirred them. Could he be—had he——

One of the officers sprang forward. But at the touch of his hand, the stranger looked up and, motioning him away, rose painfully.

"When I left here this morning," he began, in a voice that spoke of mental and physical prostration, "I thought I could, for my little girl's sake, cover this up. I see now that it was a false move. No good can come of running away. Better a thousand times have stayed and faced the issue in the first place.

"I am Clayton Hitchcock, and I am not guilty of my wife's death. Mrs. Hitchcock and I have been married for five years. I was a widower with one child when I met her. We have not been happy, but I had no thought of killing her.

"I came up here on this fishing trip to be alone, to have a chance to think things out, and"—with a suggestion of bitterness in the words—"I should probably have gone back, ignorant of all that has happened, if it had not been for my man, Jacques. You have heard how he planned to blackmail my wife.

"His plan fell through, because I had that very afternoon received a telegram apprising me of my wife's flight. When Jacques heard that I intended to return to New York immediately, he told me of what he had learned. I came over here to make sure that he was—to prove to myself that he was lying."

With a visible effort, he went on: "My interview with my wife was not satisfactory. She would not return with me to New York. She was determined to seek a future on the stage—the bait this Quaglina had used to ensnare her—and announced her intention of continuing on her way to Canada and sailing with him for France.

"She told me something I did not understand at the moment—something about already having had her plans interfered with—about Quaglino having gone to Mink Harbor for the night. I left her, my one thought to find this man and force him to give up his scheme. I never had the opportunity to convince my wife—to speak to her again."

It was O'Meara who broke the silence following Hitchcock's statement.

"And now, son," he remarked, turning affably to Jones, "all the returns are in. Every county heard from—except yours. Suppose you start by giving us your name?"

The clerk took a deep breath.

"Jones," he said. "Alfred Jones."

O'Meara's shrug signified that a name more or less was a matter of small importance.

"It's been said that you confessed to this murder. Is that true?"

"No." Jones eyed him coolly. "I simply said that when Quaglina left the house, he left me with Mrs. Hitchcock."

"I see." O'Meara ran his hand over his smoothly oiled head. "And what was your particular reason for accepting the burden of guilt, then? You knew how that half-admission was going to sound, didn't you? Come"—as the clerk's jaw set stubbornly—"out with it."

A grunt from Bill, a nervous cough from the Italian. Hitchcock stirred uneasily.

It was a full moment before Jones spoke.

"I'd had a row with Quaglino. He was acting like a dog and I beat him up. That's why he left the house. He's a rotter, but—he's not a murderer. What else——"

A sound from the hall that drew every eye. With a bang, the door flew open. Miss Merilda appeared on the threshold with a pale-faced, red-eyed girl.

"I've brought you a witness—a most unwilling witness," the old lady announced. "Took me an hour to make her see reason, but here we are! No use going any further with your speculations. Lucy Painter knows how Mrs. Hitchcock came to her death. She's been afraid to tell for fear you'd hold her responsible. Go on"—with a little push—"tell 'em what happened."

CHAPTER XXXII—LUCY TELLS THE "TRUTH."

With faltering steps, the girl walked toward the group. It was O'Meara who saw her courage oozing. He stepped forward and took the limp hand in his own.

"Why, it's my little friend, Lucy—Lucy Painter"—drawing her skilfully into the circle. "So there is something more you can tell us. Well, by all means, let's have it."

The girl pinched a fold of her dress between her fingers and rolled it over and over.

"—I—" she began. "I seen the lady——"

"Say, Mrs. Hitchcock," put in the coroner. "We all know who she was now."

"Yes, sir." The girl gulped nervously. "I seen Mrs. Hitchcock go out the front door after Bill. Bill had some blankets. Mrs. Hitchcock ran after him. She was angry—real angry. I waited a minute, but she didn't come back. I knew it was raining—she was going to spoil her red coat. I was sorry. I went out after her." A pause. The Painter girl seemed suddenly to realize the prominence of her position.

"Yes—and then?" O'Meara prompted soothingly.

"Mrs. Hitchcock was standing right outside the door, near the edge of the porch—close to the edge. The light from the hall showed her coat flapping in the wind. She had her back turned. She was looking out into the dark, toward the road." Suddenly the girl began to cry. "Oh, don't make me tell it!" she wailed. "Don't make me!"

"Yes, yes; you must go on." It was Miss Merilda who spoke.

"I went out, the girl continued. "I went out. The wind was making a lot of noise. I guess Mrs. Hitchcock didn't hear me. I touched her. I was going to ask her to come in, but—when she felt my hand on her arm, she gave a sort of cry and jumped back. She"—Lucy put her hand over her eyes—"she WENT RIGHT OVER THE EDGE OF THE PORCH! I heard her hit the ground, and I waited.

"Then I called, but she didn't answer me. It was awful—awful! I went down. There she lay, with her head on one of the stones—the stones where the nasturtiums grow. I tried to lift her up, and she just flopped over like a rag doll.

"I knew she was dead! I ran up to call someone, and then I began to think. I was afraid they'd say I pushed her. So I locked the front door and put out the light and—and went to bed."

For the first time in days, Natalie Mallinson felt her muscles relax.

"And now, Lucy Painter"—it was the voice of O'Meara, no longer, suave, caressing, but with a note of sternness, the veiled hint of a threat—"and now, Lucy Painter, will you give us the name of the person who induced you to tell this ingenious lie and just what you expect to get out of it?"

Hitchcock glared at the detective.

"What are you trying to insinuate? What do you mean by that question?"

"I mean, Mr. Clayton Hitchcock, that your wife's body was found in the bird-bath, fully forty feet away from the place where this girl says she saw her fall. There is some part of Lucy Painter's story that doesn't wash, and I want to know why. Have you any objection?"

The broker flinched, opened his mouth as though to answer, abruptly changed his mind and sank back into the armchair.

Was this guilt? Was this way a man looked when he had committed a crime? Natalie Mallinson felt a sudden pity for the unhappy human beings who had made mistakes and had their world turn its back upon them. Mr. Burby's voice, with its high, thin querulousness, cut into the silence that followed the detective's words.

"This proceeding is out of order. It's not regular. I am the coroner—I am in charge here. You had no right to overstep my authority. I insist that these four men be detained, Mr. Officer"—he addressed one of the policemen—"until a thorough and complete investigation can be made into the truth of their statements." He indicated that the room was to be cleared.

We learn that the straight feminine figure is passing out of style. This from Paris. The up-to-date woman of the coming season, we are told should be shaped like the letter S. It's getting to be a hard matter for the faddist to have a wife that's in style, and goodness knows, they change wives right frequently, too.

For Junior's Writing

One Mother Says:

After nagging at Junior about his careless writing, I decided I was trying the wrong method, so I bought him a fine fountain pen. He was so proud of it that immediately the writing improved. When it slumped again some time later, I needed only to take away the pen for a while, and he began trying to be more careful.

WHAT TODAY MEANS

LEO.

A great number of aspects culminate during the day, some of which are good, some adverse and some of doubtful nature. Together they encourage activity and execution, the outcome of which will depend largely upon your general attitude. If you believe in what to do and you are cheerful about it, a great deal of good and useful work may be accomplished. Today will bring good news.

A child born today will be active, energetic and lovable.

People born on this date are noted for their clarity of thought and their ability to foresee not only the future, but the intervening steps in the progress of realizing it.

If today is your birthday you should capitalize this foresightedness and find for yourself, if you have not, already done so, some occupation in which you may develop your powers of visualization to their highest usefulness. However, this faculty will be useful to you in any walk of life.

You are affectionate and generous and if anything a little too indulgent in your sympathies. Facts you can cope with, and understand, but personalities are enigmas to you and you are destined to be victimized by unscrupulous people all your life unless you cultivate your powers of observation and learn to recognize "wolves in sheep's clothing."

You are rather happily balanced in temperament and you have a taste for orderliness which you must have satisfied.

Physically you are inclined to overexert yourself, for once your enthusiasm is aroused in any particular work or sport you carry on to the point of exhaustion before you realize that you are all in.

You should spend more time in the satisfaction of your esthetic cravings than you do, for you have a keen appreciation of music and literature, which is decidedly worth developing. In fact, if you begin early enough, you might make something of a musician for yourself.

Your desire for marriage is not definitely marked. You will have opportunities, but it is doubtful whether or not you will want to give up your freedom for the bonds of matrimony.

Successful people born on your birthday are: John Pierce, scientist; Daniel Manning, politician; George Jones, journalist.

More Truth Than Poetry

By James J. Montague

TO AN ALLIGATOR PEAR

Green, ovid apple of the marsh,
Plucked by some swarthy Afric hand,
Where alligators send their harsh
And dauceus bellows through the land,
You are not lovely to behold;
To gaze on you is scarce a treat,
Yet you're delicious—I am told—
To eat.

Not sweet, but of a flavor which
When served with lemon, oil and ice,
Delights the palates of the rich
(The poor can never pay your price)
You must remain beyond my ken—
No salad for a tolling bard
That rates two dollars on the men-
U card.

But why repine and cease to hope?
No need to rend one's hair and weep
For well I know a cantaloupe
Is twice as big and thrice as cheap.
There is a flush upon the skin
Of apple, apricot and peach
That stirs the blood, and they're within
My reach.

And for the two-spot which you bring,
One can enjoy a treat sublime,
That makes his poet's heart to sing
Along in watermelon time!
Ten, twenty, even thirty pounds,
Of rich, red, lucious, juicy joy!
A fruit whose merits know no bounds—
Oh, Boy!

IRRIGATION

By A. M. McPHERSON
Consulting Engineer
Kahn Bldg. Eighth and Indiana

Into What Sized Farms Should the Surplus Lands on the Irrigation Project Be Divided?

REAR PRODUCTION.

The pear orchards in the United States, in 1921, covered 296,540 acres and produced 10,705,000 bushels of fruit.

The price of pears varied widely as it generally does with fruits that are perishable in nature. The average price per bushel in California, Oregon, South Carolina and Rhode Island was only $1.50 per bushel, while the grower in Iowa received $6.00 per bushel.

In 1921 the leading pear producing states were as follows:

	Bushels.	Average Price Per Bu.
California	4,080,000	$1.50
Washington	1,710,000	1.40
New York	1,525,000	1.70
Oregon	836,000	1.50
Michigan	532,000	1.75
Colorado	483,000	2.20
Texas	406,000	1.90

It will be seen from the above that Texas is an important pear producing state, even though its total production is only a small fraction of California's.

Wichita county in 1919 had 271 pear trees not of bearing age and 223 trees bearing. These bearing trees produced only 97 bushels, or about 43 of a bushel per tree. A bushel of pears weighs 60 pounds, therefore these trees yielded only about 25 pounds of fruit per tree.

This is a very low yield. Under irrigation and with proper attention much larger yields can be expected.

Tomorrow we will discuss pear production under irrigation.

COLLINS RUMORED IN GUBERNATORIAL RACE

Special to The Record News.

AUSTIN, Texas, Aug. 15.—V. A. Collins, former state senator from Beaumont, is being persistently rumored here as a prospective candidate for governor next year.

Senator Collins is now engaged in law practice at Dallas. He represented the Jefferson county district at several sessions in the Texas senate, being re-elected at a special election in 1917 to fill the office made vacant by resignation of S. M. King of Beaumont. He was succeeded by the present senator, W. W. Cousins of Hemphill.

Among other avowed and prospective gubernatorial candidates are Lynch Davidson and T. W. Davidson, former and present lieutenant governors, Senator Joe Burkett, Representatives Carpenter of Dallas and Pope of Nueces, Adjutant General T. D. Barton, Clyde Sweeton of Greenville, and a candidate of the Bailey element in Texas, not yet selected, according to recent reports.

Earl Kunz Makes It Three From Gassers, 8-5

NEW HURLER IS SHOVED INTO BATTLE BEFORE HE HAS TIME TO BECOME WELL ACQUAINTED

Ninth Inning Rally Nets Enough Scores to Beat Red Schilling; Cotter, Berger and Wight Star With Hickory; Today's Game Last With Gassers This Year.

BY BILLIE SMITH.

Jumping on Pitcher "Red" Schilling in the eighth inning to score four runs, the Spudders took their third straight game from the Gassers, 8 to 5. Schilling had held the Spudders at bay till the eighth, allowing only five hits and four runs, the runs resulting partly on poor support by his teammates.

Joe Berger, perhaps one of the hardest men to pitch to in a pinch on the Spudder club poled out the hit that scored the tieing and winning runs. Kunz put the game on ice with a single scoring two more runs and winning a ball game.

Kunz Stops Further Damage

Earl Kunz, the righthander secured from the Pittsburgh Pirates, made his appearance in a Spudder uniform after the game had already begun. He arrived on the 3 o'clock train and immediately jumped into his playing clothes.

Skipper Salm ordered Kunz to the bull pen when Meine began to falter and in less than five minutes after he appeared at the park was hurried into the game.

Kunz stopped the Gassers in their tracks allowing but one run for the remainder of the game. He exhibited enough stuff to get the "OK" of Spudderfans, and Skipper Salm.

Wight Hard To Put Out

Johnnie Wight, the lad who presented the Spudders with the second game redeemed himself in yesterday's game in a very high fashion. Johnnie started the Gasser rally in the first with a homer over the left field wall, secured a couple of singles and scored the last Gasser tally. Wight also played a bang up game in the field.

Umpire Jack Daly was forced to get hard with Harry O'Neill in the second inning of the game. O'Neill was coaching at third base, when he protested a called strike on Dub Davis. He asked Daly in a polite way to watch them a little closer. Daly figured as how he needed no advice to handle his duties, so asked O'Neill to leave the park. The Gasser pitcher let out a squawk, and thereupon Daly handed him a $20.00 fine. O'Neill fired another volley, and hardly had the words been emitted before Daly says, "and $20.00 more."

Davis Catches Again

Joe Burns the regular Gasser catcher, is still a member of the hospital list, so Acting Manager Stow was forced to call upon Wichita's own Dub Davis to help out again. There was nothing wrong with Davis' receiving although he did let the Spudders steal several bases.

The Gassers showed another new face in a catcher named Pullman from the semi-pro ranks of Burkburnett. Pullman was sent in to hit for Schilling in the ninth and forced a runner at second.

But all glory for getting the Salmites their third straight victory goes to Earl Kunz. Kunz gave up seven hits during his stay on the mound, but scattered them so that one run was the total damage. He walked one batter and struck out four. Kunz was given a hearty ovation on his first trip to the plate.

Bobby Stow made his many long years of experience show to a marked advantage in the fifth inning. The bases were filled and Weiss slapped a hard one to Moore, who forced Cotter at second. Stow taking the throw saw that it would be impossible to get Weiss at first so wheeled and caught Tanner off third. Umpire Sweeney first called the runner safe, but upon a consultation with Umpire Daly he reversed his decision.

Wight started Meine on his way to the showers in the first inning by slapping out a homer over the left field wall. It cleared the palings with feet to spare. Riley walked and went to second on Simmons' single. Shirling hit one at Tanner which bounced high over his head, giving the Gasser batter a single, scoring Riley and landing Simmons on third. Simmons scored on Stow's out, Meine to first. Moore smacked a clean single to center scoring Shirling. Kunz went in at this stage. Moore was thrown out in an attempt to steal.

No Hit But Score

The Spudders scored a run in the first inning without the aid of a hit. Grigsby walked and went to second on Moore's error of Schilling's throw to force him at second on Locker's grounder. Tanner hit to Wight and Grigsby was called out for interference. Schilling threw wild to second in an attempt to catch Locker napping, letting both Tanner and Locker advance a bag. Locker scored on a fielder's choice of Cotter's grounder to Moore, Tanner going out.

In the fourth inning the Spudders rallied enough to score two runs, both of them being earned. Cotter led off with a double and advanced to third on Weiss' infield out. Barret singled scoring Cotter, and scored himself a moment later on Bischoff's double.

Shreveport added one more in the fifth and their final for the day. Wight hit his third single of the game and went to third on Riley's long single to right. He scored on Shirling's single.

Wichita Falls also added one to their total in the fifth. Grigsby singled but was forced at second by Locker. Tanner got life off Stow's error. Cotter got an infield hit filling the bases. Weiss hit to Moore who forced Cotter at second and in the meantime Locker scored. Stow caught Tanner off third with a pretty throw to the bag.

Lucky Eight

In the eighth Tanner walked and went to third on Cotter's double to left. Barrett walked filling the bases. Berger singled by short scoring Tanner and Cotter. After Bischoff had struckout Kunz singled to right scoring Barrett and Berger.

BEARS SWAMP SAND CRABS, 16-4

SAN ANTONIO, Aug. 15.—Getting to Lefty Graham for 20 safe hits San Antonio won the third straight game from Galveston today, 16 to 4. Phil Todt hit safely in six times to bat. For the second time this week the bases have been cleared by a single. Today Gross drove in Boone, Meyers and Galloway by a single to center. Kohlbecker and Whiteman hit home runs. Morrison was never in danger.

S.S.S. stops Rheumatism

"MY Rheumatism is all gone. I feel a wonderful glory again in the free motion I used to have when my days were younger. I can thank S. S. S. for it all! Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S. S. S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them." S. S. Take It Or Leave It

By BILLIE SMITH

The Spudders and Gassers again today in the last game between the two teams this season.

* * *

Following today's game with the Gassers the Steers tromp into town for a three-day stay. Skipper Salm hopes to put the Steers in second place in this series and maybe even things up with Walter Morris.

* * *

Pitcher Earl Kunz arrived in Wichita Falls yesterday on the 3 o'clock train. He hurried out to the ball park, secured a uniform and appeared on the field while the first part of the opening round was going on. At this time Meine wasn't going so well so Salm waved Kunz to the bull pen, and a few seconds later jerked Meine after four Gasser runs had been scored and sent the newcomer in. Kunz didn't have time to become acquainted with his teammates or anybody else.

* * *

Kunz showed enough stuff to brand him as a valuable addition to the Spudder hurling staff. He possesses a good overhand fast ball and twister. His control seems to be good, at least it was good yesterday, and he had been idle for quite a while. He also showed good form at the bat.

* * *

Buddy Tanner was finally stopped. Red Schilling did the dirty work, but in his effort to stop Buddy he overlooked Hook Cotter. Cotter hit him for two doubles and a single and scored two runs.

* * *

The Spudder hospital list received a new addition in the person of Cecil Coombs yesterday. Coombs became ill and did not appear in uniform.

* * *

Was much comedy when Umpire Jack Daly put Harry O'Neill out of the game for disputing a decision on young Dub Davis. Daly made O'Neill pay for every word uttered with dollars. 'Tis costly business to argue with an ump like Daly.

TRAYNOR'S HOMER BEATS PHILS, 4-3

Dago Ryan and Country Boy Lance Will Feature Legion Card Friday

The legion fight card for Friday night will feature "Country Boy" Lance of Gainesville in a ten round go with "Dago" Ryan of Dallas. Ryan and Lance have meet twice before and each holds a decision over the other. Friday night's bout will decide who is who, and just why he is.

So as to convenience fight fans, the legion is constructing a ring on lot next to Spudder baseball park. The new location of the legion ring will make it possible for many people to witness the fights that did not have a chance to get out to Lake Wichita, the former battle ground.

Ryan is a fighter with a wide reputation, in fact his reputation is much greater than that of any other fighter listed on the legion attractions this year. In his fighting career Ryan has fought 48 times and has lost only three decisions, Lance being the winner of one of these.

Both fighters are well versed in the fine points of the fight game. They know the art of give and take and how to handle themselves in close places. Lance appeared on the Legion program against Billy Rose of Sapulpa two weeks ago and earned a draw.

Kid Snyder of Burkburnett and Sailor Davis of Maybelle, who fought to a ten-round draw at Burkburnett Tuesday night, are listed to go eight rounds. The best thing that can be said about this fight is that any time Snyder is in the ring, fans can be assured of good exhibition.

Jack Williamson of Durant, Oklahoma, is scheduled to go six rounds with Porter Turner of Wichita Falls. "Bull" Farrell of Kansas City, will go four rounds with "Cyclone" Caskey of Wichita Falls.

"Cowboy" Rodgers who holds decisions over several North Texas wrestlers, will attempt to keep his slate clean in a 20-minute go with "Strangler" Hartwell, a well known wrestler in this part of the country.

Fans are again assured of their money's worth in a battle royal between the pick of black heavyweights of Wichita Falls. Many new fighters will enter the ring this time, one of them being the "Rattle Snake Kid."

COTTON SHOWS IRREGULARITY

Market Closes From Ten Points Above to Ten Points Below

By The Associated Press.

NEW YORK, Aug. 15.—The cotton market was rather nervous and irregular today. After reacting from an early advance prices sold into new high ground for movement during the middle of the afternoon but eased off again under renewed realizing. December contracts which had rallied from 24.20 to 24.70, closed at 24.37 or 33 points from the best with the general market closing barely steady, net 10 point higher to 10 lower.

Liverpool Cables Steady

The market opened steady at an advance of 5 to 24 points with active months selling 20 to 30 points net higher right after the call. Buying on unfavorable crop reports was encouraged by relatively steady Liverpool cables and rather a more favorable view of the European situation but the market encountered a good deal of realizing and soon turned easier. October sold down from 24.68 to 24.16 and December from 24.35 to 24.95 or about 17 to 23 points net lower during the middle of the day, but these prices seemed to bring in some fresh buying or covering. October sold at 24.70 and January at 24.36, making net advances of 24 to 32 points but the market broke in the later trading under renewed liquidation. Another private crop report published early placed the mid-month condition at 63.2, indicating deterioration of 6.6 points from the last report and a loss of 17 points on the condition of the crop in Texas.

Exports today were 8,963 bales, making 69,555 so far this season. Port receipts 7,394, U. S. port stocks 178,040.

Fort Worth Livestock.

By The Associated Press.

FORT WORTH, Aug. 15.—With only 3,200 head of cattle and 2,000 calves on sale Wednesday, receipts fell under the recent mid-week average. Buyers again started early and within a reasonable length of time consignments were going to the scales. Fat steers, good cows, heifers and yearlings all sold at prices that were called steady, but the trend of values was 10 to 15 cents higher on canners and cutters. Calves sold at rates that were unevenly quoted but the market seemed to average steady to 50 cents higher.

On stockers and feeders the market was not subjected to any quotable change. In addition to the market supply of 3,200 head of cattle were 1,400 head on through billing.

Most of the day's run of beef went over the scales during the morning, but the supply was not very large. The best cattle here at $7.75.

Canners were bringing $1.65 to $1.85 without peddling, and some canners made $2, the market showing considerbale activity at the day's advance. Good cows brought $3 to $3.25, there being no advance on that class. Most of the heifer and yearling supply lacked quality. Bulls of good quality sold around $3.25 to $3.50, but most of the run went at a spread of $2.50 to $3.50. Strong competition prevailed in the calf division and the yards were given an early clearance. Some salesmen called prices 25 to 50 cents higher but the most part the market was only strong. Good light calves sold at $6.25 to $6.50; fair to good consignments were taken at a range of $4 to $5.50.

Stocker trading was confined to odds and ends mostly, although two cars of steers were good enough to go at $5.25. Fairly good cattle brought $3.25 to $4.25.

Salesmen managed to work up an unevenly higher deal for their hog consignments, but the market was very late in becoming established. Around 1,000 head were on offer. Three cars sold at $8.30, two loads going to a packer and one car being purchased by an order buyer. Most of the run cleared at $7.85 to $8.20. The market averaged 10 to 15 cents higher, with spots 15 to 20 cents better than on Tuesday. Pigs were not subjected to any quotable change. Packers bought a few lots at $5.25 to $5.50. Most of the stocker run went at $4.25 to $4.50.

Sheep receipts were estimated at 300 head but seasonable receipts were limited to about 40 head in the drive-in alley. The market was steady. Some choice ewes sold at $6. Desirable lambs went at $11 to $11.50.

RECESSIONS IN OIL STOCKS

Heavy Selling on Market on New Political Developments

Features.

Total stock sales, 644,600 shares.

Twenty industrials averaged 90.23; net gain, .63; high 1923, 105.38; low, 86.91.

Twenty railroads averaged 78.74; net gain, .43; high 1923, 88.31; low, 76.78.

By The Associated Press.

NEW YORK, Aug. 15.—Prices in today's stock market displayed a strong undertone despite the heavy selling of oil shares based on the extension of the gasoline prices-cutting war to eastern territory. The volume of sales was the largest in the last two weeks.

Buying for both accounts was influenced somewhat by official assurance that no extra session of congress was contemplated this fall, reopening of the coal conference and the probability of the early recognition of Mexico.

Oil Shares Recede.

The recessions in oil shares ran from 1 to 3 points with producers and refiners and the Mexican seaboard issues the heaviest losers, selling of the latter being based on the passing of the dividend at yesterday's meeting of the board of directors. New low records for the year were established during the day by Sinclair common and preferred, Cosden, Marland, Middle States, Skelly, White Eagle, Pierce Oil preferred, Transcontinental and Invincible.

United States Steel closed a half point higher at 90 1-4, after having sold as low as 88 3-4; Baldwin fluctuated between 115 3-8 and 118 3-8; Pressed Steel Cars was fractionally higher; Foundation company, National Biscuit, Loose-Wiles, Montana Power and Vanadium Steel advanced 2 to 3 1-2 points, while American Locomotive, Bethlehem and Republic Steels and American can were among the score or more stocks to rise a point or more on the day.

Francs Lowest Yet.

Rails also displayed moderate strength, Delaware and Hudson leading the advance in that group with a gain of 2 3-4.

Call money held at 4 3-4 per cent all day. The time money market was extremely dull with a few 90-day loans arranged at 5 1-4 per cent. Commercial paper rates were unchanged with the bulk of prime names commanding 5 1-4 per cent.

With the Paris bourse and some of the other continental exchanges closed for a holiday trading in the foreign exchanges was quite with little change in rates. Demand sterling held fairly steady around 4.56 3-4 but the French francs sold at 5.43 1-2 cents a new low record. German marks dropped 5 points to 35 cents a million.

WHEAT REPORT BOOSTS PRICES

Market Closes Firm After Bullish Government Figures

By The Associated Press.

CHICAGO, Aug. 15.—General and correct assumption before hand that the government report this afternoon as to prospective winter wheat acreage would prove bullish led to a decided upturn today in the price of wheat. The market closed firm, 1 to 1 1-2c net higher; September $1.00 7-8 to $1.01 and December $1.04 1-2 to $1.04 5-8. Corn finished 1-4 to 5-8 up and oats at 1-4 to 3-8 to 1-2 cent net gain. Provisions showed advances of 2 to 22 cents.

Corn and oats rallied with wheat despite reports as to the corn crop in the surplus producing states. Improved export demand, together with an advance in the hog market, gave a lift to provisions.

Waurika Society and Personals

Special to The Record News.

WAURIKA, Okla., Aug. 15.—W. R. Sparks, who has been spending the past month in West Texas, came home Monday, leaving Mrs. Sparks and Miss Winnie Belle to continue their visit with relatives at Quanah, Texas.

Mr. and Mrs. Roy Baker, of Electra, Texas, spent Monday in Waurika, the guests of Mr. and Mrs. Earl Summers. Mr. and Mrs. Baker and Mrs. Summers were childhood friends back in "Old Kaintuck." Needless to say the visit was very much enjoyed by them all.

Tuesday morning 36 Boy Scouts belonging to a Fort Worth troop, passed through Waurika en route to Craterville park, where they are to spend two weeks. They had left Fort Worth early Tuesday morning and were traveling in one truck, one Ford touring car and one Buick. Each car carried the Stars and Stripes as well as the scout flag. The boys were typical scouts, well mannered and jolly. With them was C. B. Spies, scout executive of Fort Worth, F. B. Isley, dean of Texas Woman's college, Kenneth Coone, assistant scout master at Mineral Wells, H. L. McLean, scout office secretary of Fort Worth, and George Gray, assistant scout master of Troop 1 of Fort Worth.

Waurika friends of Miss Ruby Weaver, who formerly lived here, were very sorry to hear of her unfortunate accident last Sunday when the car in which she was riding, struck an empty car standing by the roadside, turned over and resulted in very serious injuries to Miss Weaver and her companions. Reports are that they are all recovering as well as could be hoped for, although Miss Weaver has both arms broken and other injuries.

Mr. and Mrs. Donald Stuart spent last Sunday in Byers, Texas, where they were the guests of Mrs. Stuart's parents, Mr. and Mrs. J. P. Grogan.

Miss Mary Browning went to Fort Worth Thursday of last week, returning home Sunday. She visited with her uncle, Mr. Roy Nicholas and Mrs. Nicholas.

Jimmie Pepin left Monday for Kansas City, where he has employment with the Bracken Clothing company at that place.

Mrs. E. D. Schmidt left last Monday for a visit at the parental home at Medford, Oklahoma. She will be joined Sunday by Mr. Schmidt and they, with Mrs. Schmidt's parents will enjoy a motor trip to Idaho.

Upham Cargill, a former Waurikan, who has had employment in one of the banks at Los Angeles, left there last week to accept a position with the Edison people at Santa Barbara, California. His many friends wish him well in his new position.

The following committee was selected by the president of the Taxpayer's league of Jefferson county, to meet with the excise board in regard to the estimates for the needs of the county for the ensuing year. W. F. Carter, Waurika; John Trout, Terral; D. D. Thompson, Ryan; Henry Price, Addington, and A. McCrory, Ringling.

Henry Price of Addington was in Waurika Tuesday on business.

Montie Lawless of Edmond is spending a few days in Waurika the guest of his brother, E. Lawless and family.

E. D. Sessions and family spent the last week-end in Lawton where they visited Mrs. Sessions' parents, Mr. and Mrs. W. H. Leninger and other relatives. They came home Monday night.

Mrs. J. W. Dunn and Mrs. C. G. Stuard came home Sunday after a delightful week's visit in Ardmore where the were the guests of Mr. and Mrs. John Heenan. Mrs. Dunn and Mrs. Stuard came home with Mr. and Mrs. Dick March (nee Miss Thelma Stuard) and baby of Duncan, who were also week-end guests at the Heenan home.

G. B. Campbell and family left Wednesday morning for their new home in Tyler, Texas. Waurikans regret to lose this estimable family. P. H. Linstate, of Chicago, came Thursday of last week and will assume management of the Dixie store, temporarily.

W. P. Fowler and son Cranfield, of Duncan, were in Waurika Tuesday looking after the interests of the Fowler Edison shop in this city.

Mr. and Mrs. G. B. Campbell and baby, Mr. and Mrs. Dan Sturgeon, and Mrs. Nelle Phelan spent last Sunday at Jone's park. They report a very enjoyable day, and some painful cases of sunburn.

Floyd Miller, cashier of the Farmers' State bank, left on Saturday of last week for Marlow and Sulphur, where he will spend his summer vacation.

Mr. and Mrs. R. C. Wright, son Thorton and daughter, Katherine, and Mrs. F. B. Ellis and little daughter Lee Alice, came home Sunday night from a three weeks' motor trip through southern Texas.

T. N. Chandler spent Thursday of last week in Chickasha.

Mrs. Nelle Plattner of Ryan, spent Tuesday in Waurika visiting Mrs. A. D. Allen and other friends.

Mrs. Fred Hobler and son Carl who spent last week in Anadarko with relatives, came home Saturday and were accompanied by Miss Blanche Bentley of Fort Cobb, who will spend a week with the Hobler family.

Jimmie Biffle drove to Ardmore Sunday morning. He was accompanied to Wilson by his mother, Mrs. J. W. Biffle, who spent the day with her daughter, Mrs. J. P. Brown at that place, returning home last night with her son and Miss Marjorie Sneed, who was called home from Ardmore by the very serious illness of her brother, Lillard Sneed.

Funeral services were held in Addington Monday for Raymond Aaron McGregor, the year-old son of Mr. and Mrs. C. C. McGregor of Claypool, who was killed Sunday night at the Holiness meeting which was in progress near Claypool. The arbor was seated with planks that were placed on stringers, and when the baby went to sleep Mrs. McGregor laid the sleeping child at the end of the seat in the aisle. Later the seats collapsed and life was crushed out of the sleeping baby. The parents have the sympathy of the entire community.

W. W. Morrison and family, who left Waurika Tuesday of last week, reached Mountainair, New Mexico Friday afternoon, after a fine trip, according to letters received here. The weather was cloudy each day of the trip and they found it necessary to wear wraps. They camped out the entire trip, spending one night with the family of T. B. Ballard at Fredonia, Texas, having supper and breakfast with them, and a very enjoyable visit. They are to spend a week in the mountains before starting home.

Mr. and Mrs. Allen Killough arrived in Waurika Monday afternoon and spent the night at the Robert Pruit home. They left early Wednesday morning to visit relatives at Burkburnett, Texas.

Mrs. J. W. Kerley, of Cordell, Oklahoma, came Tuesday afternoon to visit her neice, Mrs. Robert Pruet and family. She was accompanied by Mrs. J. W. Miller, also of Cordell, who is a friend of the Pruet family. The two had been spending a vacation at Sulphur and are on their way home.

Dr. and Mrs. W. M. Browning were in Ryan last Sunday, where they attended the wedding of Miss Edith Walker, daughter of Mr. and Mrs. O. C. Walker, to Raymond Forbes of Weatherford, Texas.

Miss Della Park of Fort Worth spent a few days this week in Waurika, the guest of Mrs. W. M. Browning and family.

Mrs. Fred Pepin and daughter, Miss Fae Pepin, left Wednesday in their car to visit Mr. and Mrs. J. C. Renfrow of Ardmore for a week.

10 TILLMAN SCHOOLS FEEL WALTON VETO

Special to The Record News.

FREDERICK, Okla., Aug. 15.—Ten Tillman county schools will be affected by the action of Governor Jack Walton in vetoing the state school aid bill, according to County Superintendent of Schools Clay W Kerr.

This is a very small percentage, Kerr says, and the principal hardship will be worked on the schools in the eastern part of the state where large areas of Indian lands exempt from taxation, render sufficient funds for school purposes—without state aid—imposible. Frederick last year received $2,500 of such money.

VERNON ENTERS LIGHT BUSINESS

Rates for Electric Light Service Fixed By Council

Special to The Record News.

VERNON, Texas, Aug. 15.—With $100,000 bonds voted by the city of Vernon to build a municipal electric plant tied up in court and the suit scheduled for trial at the September term of the Forty-sixth district court Vernon already has gone into the electric light business.

At a meeting of the city council rates for lights were made and the city formally declared the plant owned by the city to be in the electric light business, offering service to the public. The rate was made on a sliding scale with a minimum charge.

Injunctions In Vain.

The Vernon Electric and Ice company has sought through applications for injunctions to prevent the city from building a light plant from city funds secured by issuing warrants, until the suit involving the bond issue was disposed of. However, all injunctions were denied, with the exception of a temporary injunction, which was dissolved and the city has completed a light plant.

A petition was circulated and more than 200 voters signed it, asking the city to pass an ordinance reducing the present light rate charged by the Vernon Electric and Ice company and to sell the city plant to the Vernon Electric and Ice company. This petition was tabled by the city commission to be brought up at the end of the 30 day period allowed. Supporters of the petition claim that the city will have to pass the ordinance or submit the matter to a vote of the people.

INTEGRITY Studebaker SERVICE

THE 1924 STUDEBAKER LIGHT-SIX SEDAN $1550

The Closed Car You Buy Now You'll Use Next Winter

Any owner who has felt winter's winds whistling through the ill-fitting doors and flimsy panels of a makeshift closed car knows there is no substitute for quality.

The 1924 Model Studebaker Light-Six Sedan you buy now will not only serve you admirably this summer and next winter, but will endure for years.

It is sturdily built for long, hard service, to ride comfortably, to look well and to operate at a moderate expense.

And when you are ready to trade it in on a new car the depreciation will be reasonable. Studebaker used car values are high because of Studebaker's inherent merit. And there is always a market for used Studebakers.

The substantial hard wood and steel body with its broad windows and four wide doors, its rich mohair velvet plush upholstery, and many refinements, is a model of Studebaker craftsmanship.

Construction of the chassis is an achievement in the use of precision methods in large scale manufacture. Proof of this lies in the machining of all surfaces of the crankshaft and connecting rods, to which is largely due its virtual freedom from vibration. This is an exclusive Studebaker practice on cars at this price.

The smooth-running Light-Six motor has made friends everywhere for its durability, power and flexibility just as it has for its economy and reliability.

The Light-Six Sedan is low priced because it is built complete by Studebaker in large volume, but there isn't a cheap thing about it. It is above par in every particular.

Studebaker's reputation for producing high class transportation for 71 years is worth considering when you buy a car

Four wide-opening doors. Eight-day clock. Quick-action cowl ventilator. Attractive coach lamps. Heater. Mohair velvet plush upholstery. Glare-proof visor and windshield cleaner. Dome light. Thief-proof transmission lock.

LEGAL NOTICES

CITATION BY PUBLICATION
THE STATE OF TEXAS
To the Sheriff or any Constable of Wichita County—Greeting:

You are hereby commanded to summon E. M. Simmons by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Seventy-eighth district court of Wichita county, to be holden at the court house thereof in Wichita Falls, on the first Monday in September, A. D. 1923, the same being the 3rd day of September, A. D. 1923, then and there to answer a petition filed in said court on the 24th day of July, A. D. 1923, in a suit, numbered on the docket of said court No. 14644-B, wherein W. K. Miller is plaintiff, and E. M. Simmons is defendant, and said petition alleging that plaintiff is the owner in fee simple of certain real estate situated in Wichita county, Texas, the same being lots Nos. 20, 21 and the east one-half of lot 22 in block No. 46, as shown and designated by the recorded plat of the town of Electra, Texas, together with all buildings, improvements and appurtenance thereto belonging.

That on the 18th of September, 1919, one E. M. Simmons sold and conveyed by deed the following described real estate, to-wit: 50x150 and 50 feet off of the west end of lot "E" or R. G. Shuter subdivision of the southwest corner of block 2 of the Bellevue addition to the city of Wichita Falls, Texas, according to the map of said subdivision, as shown by the records of Wichita county, Texas, to one W. K. Miller, who was at said time a resident of the city of Wichita Falls, Texas, and while he bears the same name and initials as this plaintiff, he is a separate and distinct person from, and bears no relation to, this plaintiff, W. K. Miller.

That as a part and parcel of the above transaction with E. M. Simmons, the said W. K. Miller, then a resident of Wichita Falls, Texas, executed and delivered his two promissory notes to the said E. M. Simmons, evidencing the residue of the purchase price of the last above described real estate, and the said W. K. Miller having made default in the payment of said notes, according to the terms and tenor of the same, the said E. M. Simmons did on the 19th of August, 1920, cause to be filed in the Seventy-eighth district court of Wichita county, Texas, his suit being cause No. 8720-B, seeking a judgment for the sums represented by said notes and a foreclosure of his vendor's lien against the last described property to secure the payment of said unpaid purchase price of same. That on the 10th of May, 1921, E. M. Simmons recovered judgment against the said W. K. Miller, being the sum of $2,516 and interest, costs and attorney fees, and for a foreclosure of vendor's lien, that an abstract of judgment in said case was filed in the county clerk's office and duly recorded in book 6, page 202. That the said judgment of E. M. Simmons against W. K. Miller for the sum of $2,516 appears in the abstract to the property of this plaintiff located in the town of Electra, Texas, and erroneously and wrongfully constitutes a lien against, and creates a cloud upon his title to said property, to the damage of this plaintiff in the sum of $2,516 and interest and costs and attorney fees, as shown in said abstract of judgment.

Wherefore, plaintiff prays that E. M. Simmons be cited to answer herein, a judgment and order be entered by this honorable court canceling the said judgment for $2,516 with interest, cost and attorney fees, in so far as the said judgment may affect the title to the property of this plaintiff, and removing the cloud from the title to said property belonging to this plaintiff, for costs of suit, etc.

Herein fail not, but have you before said court, at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 24th day of July, A. D. 1923.

(SEAL) A. P. KERR, Clerk District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

CITATION BY PUBLICATION
THE STATE OF TEXAS.

To all persons interested in the estate of Homer H. Hale, deceased.

Know ye that T. J. Moss, executor of the estate of the said Homer H. Hale, deceased, has filed in the county court of Wichita county his final account of the conditions of said estate, together with an application to be discharged as executor thereof, which will be heard by our said court on the first Monday in October A. D. 1923, same being the 1st day of October A. D. 1923, at the court house of said Wichita county in the city of Wichita Falls, Texas at which time and place all persons interested in said estate are required to appear and contest said final account and application, if they see proper.

Witness Alma Y. Miller, clerk of the county court of Wichita county. Given under my hand and the seal of said court at my office in Wichita Falls, Texas, on this the 1st day of August A. D. 1923.

Alma Y. Miller, clerk
County court, Wichita county Texas.
By M. F. Yeager, deputy.

HALF INTEREST IN ARTEX SOLD

Langford and Tucker Price for Archer Interest Claimed $150,000

Langford and Tucker, local operators, have purchased one-half interest in the properties and equipment of the Artex Oil company for a consideration said to be $150,000. The transfer is one-half interest in a block of 471 acres of the Carter land, American Tribune Colony survey, Archer county. There are two wells now producing the Gwynn with an estimated production of 200 barrels daily, and the Hester Hawkins credited with 150 barrels daily. Two other wells are being drilled on the tract.

The transfer was made by Frank Beaudion, trustee. Beaudion organized the Artex Oil company five months ago. The property was owned formerly by Minnesota capitalists.

PIPE LINE FOREMAN DIES AT HOSPITAL

J. J. Mack, 44, Bridgetown, died at the general emergency hospital at 6 o'clock Wednesday morning, after a brief illness. He had been pipeline foreman for the Receivers Oil company at Bridgetown for several years. He is survived by widow and 19-year-old son. The body will be taken overland to Temple, Okla., for burial by the Merkle-Lunn Undertaking company.

AT THE STRAND

Anita Stewart is a living disproof of the statement that the day of the feminine motion picture star is brief. She has been acting in the films for a decade now, having begun her career with Vitagraph in her middle teens. She is today more popular and a better actress than ever. Her most recent picture is "The Love Piker," from the story by Frank R. Adams, produced by Cosmopolitan Pictures and directed by E. Mason Hopper.

In this photoplay, she has the role of Hope Warner, daughter of a wealthy family, and with a socially ambitious mother. She considers herself a very superior person indeed and is properly indignant when stopped by a motorcycle policeman after she has been speeding from a ruined automobile for 20 miles. Harry Hope and Marvin Van Husen, the youth in the pursuing car, who wishes to escort to her the mills for which he had dropped 20 miles back, are in the police court next morning. Hope is forced to borrow from him to pay her fine. She becomes interested in the youth and learns that he is an engineer employed on a building which her father is constructing. The friendship soon ripens into love and Hope announces her engagement to Martin. As soon as her mother protests, Hope and Martin take his fiance to visit his father, Peter Van Husen, who lives on the tenement district. Hopper has come to Martin after death of his mother, as he has never tried to root his father from the old home. Hope is so ashamed of Martin's uncouth father and the place in which he lives that she tears up the wedding invitations which had been addressed to him. But her conscience smites her that after she is dressed for the ceremony, she jumps into a limousine and goes to get Peter.

"The Love Piker" is Miss Stewart's first picture for Cosmopolitan Productions. It is being distributed by Goldwyn-Cosmopolitan and will be the attraction at the Strand theatre for three days, beginning today. Her work in this new picture is certain to increase her long list of admirers.

Diamond Prize For Labor Day Queen Of Wichita

Labor Day in Wichita Falls will be celebrated by the various crafts and locals. An elaborate program is being planned by a joint committee from the several locals, according to information made public Wednesday.

The committee on entertainments of the joint Labor Day celebration is offering to the young women of Wichita Falls an opportunity of earning a $150 diamond ring, and the distinction of being the Labor Day queen.

The contest will be open to all candidates and starts Thursday, August 16 and closes Sept. 1. All women wishing to enter the Labor Day queen contest have been requested to call John B. Evans, St. James hotel.

In addition to the diamond ring to be given the Labor Day queen additional souvenirs are to be given to party holding the corresponding number which will be drawn at the crown ina of the Labor Day queen at the Lake Wichita pavilion.

The diamond ring to be given to the Labor Day queen will be on display at the B. T. Burgess jewelry store, 612 Eighth street.

EDITORS MEET HERE FRIDAY

Final Details of Two-Day Program Completed By Committee Yesterday

Final plans for the entertainment of members of the Northwest Texas Press association which will hold a two day meeting here, beginning tomorrow, were competed yesterday by a committee composed of representatives of the chamber of commerce and Wichita Falls newspapers.

The high spots of the first day, aside from the regular sessions, will be a luncheon in the convention room of the Kemp hotel, will be a luncheon at the hotel with the chamber of commerce as host, a ball game in the afternoon, and a dinner at night at the Wichita club.

The address of welcome which will mark the opening of the two-day program, will be delivered by Luther Hoffman, well known Wichita Falls attorney. What the Wichita Falls newspapers and the chamber of commerce are attempting to do, insofar as their part of the program is concerned is to see that the visiting newspaper men have a good time in their own way. The visitors will be the guests of the chamber of commerce at the ball game between Wichita Falls and Dallas tomorrow afternoon.

LEGION BUILDING NOW BOXING ARENA

The weekly Friday night boxing exhibition that has become one of the main summer amusement attractions here will not be held at Lake Wichita this week as in the past but a new boxing arena is being erected on a lot adjoining Spudder park just north of the parking space.

A 100 foot square portable boxing arena is being constructed for the new location and a wall fence is being built around. Space is being allowed for seating 2,500 fight fans.

ELECTRANS WATER CARNIVAL GUESTS

At the aquatic carnival held at Lake Wichita last night a special program was held in honor of a number of Electra swimming fans who were guests. A number of diving and swimming stunts were enjoyed.

The manager of the Electra municipal swimming pool announced that tonight Electra would hold an aquatic carnival in honor of Wichita fans. The Electra municipal band will furnish music during the exhibition and many Wichitans are expected to be on hand.

40 Inches Rain Needed To Fill Big Lake Kemp

It will take 40 to 45 inches of rain to fill Lake Kemp. It may take a period of three years average rainfall, although an unusually wet year would probably fill the lake, according to chief engineer, R. A. Thompson.

The irrigation capacity of the lake is rated at 100,000 acres. It will be several years, according to agriculturists, before such a capacity will be reached. The present plans call for laterals for 50,000 acres.

BASHARA WILDCAT MAKING 300 BARRELS

M. J. Bashara's wildcat eight miles south of Newcastle is flowing by heads at the rate of 300 barrels daily. Oil is now flowing into storage. There is 600 feet of open hole, and the well has not been cleaned out. Cleaning out will probably be started Thursday and the six-inch casing set.

The well is in the center of a block of 1,900 acres owned in fee by Bashara. The bringing in of the well is creating considerable interest and many operators are visiting the well.

NITRO SHOT PLANNED IN WORSHAM NO. 2

The Gulf Production company's No. 2 Worsham in Clay county will be given a 400 quart nitro shot according to reports. The well is 3,500 feet northeast of the company's No. 1 Worsham, which is credited with making 127 barrels daily. The No. 1 was completed several months ago and is regarded as being the highest gravity deep well in North Texas. The oil is of 43.7 gravity, paraffin base.

CARDEN TRANSFERRED TO WICHITA DISTRICT

W. J. Carden of the railroad commission, has been transferred from the Eastland district to the Wichita Falls district and will be located at Burkburnett. Carden will assume his duties in the district at once.

DRIVERS FORGET PARKING LIMIT

23 Wichitans Reminded About New Two-Hour Limit

There were 23 automobile owners Wednesday who forgot about the new two hour parking limit for cars in the downtown district between 8 and 6 during the day and were sent to the police station.

Two special patrolmen were busy marking cars during Wednesday and seeing that no car remained parked for more than two hours. Those who forgot and did not move their cars after their two hour limit was up were informed by a tag on the car steering wheel to report to the police station.

Of the 23 who violated the ordinance, all showed up at the police station and plead guilty to forgetting about the new ordinance. They were reminded that their names would be retained and if they violated the ordinance again both offenses would be held against them.

JILTED NEGRO TAKES BELOVED'S CLOTHES

Because she told him to get out, stay out and never to let her see him again, an irate negro went to the home of his former sweetheart while she was gone Wednesday night and stole her clothes.

The negro was caught by the police just as he had collected all the wearing apparel of the negro woman that he could get together. "She done throwed me out but I was going to run off with her clothes to get even with her," the negro said at the police station.

Grain sowing by airplane is proposed.

BOBBED HAIR UPSETS HODGINS!

It's Okeh, But At Home's New Matter

Bobbed hair is dealing more misery to Police Chief George Hodgins than all the bootleggers and speed maniacs combined.

Why abbreviated, curled, wavy locks should upset the usual calm decorum of the police chief is hard to understand. A few days ago he was saying nice things about the flappers and declaring himself strong for bobbed hair.

"Let them bob their hair if they like it that way. We men do as we please about such things, so why criticize the women?" the chief said

Changes His Mind.

Wednesday the chief had changed his mind.

"Bobbed hair! Bobbed hair! What in the world are the women going to want to do next. Ought to be a law against it. Feel like arresting every woman that tries to go in a barber shop. Guess if we could arrest them all and keep them in jail until their hair grew out again it would teach them some sense," the police chief said.

"Why, George, thought you liked bobbed hair from the way you been talking lately. How come you changed your mind?" a friend inquired.

"Man, I have changed my mind. My wife and her best friend are threatening to have their hair bobbed I have laid down the law but you know how much good that does. I'm afraid to go home for fear I'll find my wife with her hair bobbed," the chief mourned as he paced the floor of the police station.

"Your Success" in This World

Depends a great deal on your ability to save money—

The difference between the successful man and the failure in financial matters is usually the fact that one is systematically thrifty of his energy, his time and his money, while the other is not.

Besides the actual amount of money you store up, thrift teaches you lessons of self-restraint, industry and business-like methods of inestimable value to you as long as you live.

Even bad luck and failure may be stepping stones to success if you have the right stuff in you. This has been the experience of thousands of ambitious men and women everywhere. You need the power which comes from saving money and putting it away safely. There is a two-fold benefit from the practice of economy—you develop character and you accumulate capital.

"Saving Is the Secret of Success"

The trouble with a good many people who don't succeed as well as they might is that they have more "wishbone" than "backbone."

Successful people say that thrift is one of the virtues which lie at the root of human progress. These are sure rules for success—work hard and honestly, save part of your income regularly, and deposit your savings in a strong bank, where they will work for your constantly and profitably.
