## Hermleigh Phone Purchase Okayed

Change in ownership of the Hermleigh telephone exchange from Mrs. Carrie Low McQuaid to Southwestern Bell Telephone Co. will become effective tomorrow.

Approval for the change in ownership of the 150-telephone exchange was recently approved by the Federal Communications Commission.

Dave Dillard, district manager for Southwestern Bell, said in making the announcement that the exchange will be managed by Truman Black, who also manages exchanges at Snyder, Colorado City, Rotan, and Roby.

Mrs. Herman Richburg will operate the Hermleigh exchange as agency chief operator for Southwestern Bell.

Black said Southwestern Bell will begin soon to rebuild lines in the Hermleigh exchange. Operation will continue by the same method for awhile, he said, adding that the firm hopes to get dial service into the Hermleigh area within 24 months.

Southwestern Bell and Mrs. McQuaid entered into the purchase contract last July.

The Hermleigh exchange area covers most of that from U. S. Highway 180 east of Snyder south to Pyron and to China Grove, and west of Dunn.

Mrs. McQuaid and her husband, now deceased, purchased the exchange in 1938. Mrs. McQuaid had operated the switchboard for the exchange as early as 1919, when her sister-in-law, Mrs. J. F. Drennan, operated the exchange.

The exchange was founded in 1908 by Ed Balch. The exchange was later owned by a man named Shoemaker, then by J. J. Henry, followed by Standard Telephone Co. of Oklahoma, and O. I. Griffin from whom the McQuaid's purchased the exchange.

**DEAL COMPLETED**—Mrs. W. M. McQuaid, owner of the Hermleigh Telephone Co., is shown above accepting a check from Truman Black, manager of the Snyder exchange of Southwestern Bell Telephone Co., in payment for the Hermleigh Telephone Co. Bell takes over operation of the newly acquired property tomorrow. Dial serveice to telephone users in the Hermleigh area will be installed as fast as possible, Black said. (Lee Watson photograph)

## He's Not Budging

By BILL MONTGOMERY
El Paso Times Staff Writer
(Written for the Associated Press)

OROGANDE, N. M. (AP) — Rugged 82-year-old John Prather today shrugged off the news that he had been ordered to vacate his home on the edge of a vast military firing range.

"A man has got a right to die at the home he spent his life building [illegible] I'm going to stay," he said.

The military and the U. S. attorney have directed the land be vacated by March 1. The home buildings and heart of the ranch are 1½ miles inside the east border of the huge new McGregor guided missile range in south-central New Mexico.

Ten other ranchers besides Prather have been ordered off the range, but only one has gone. Prather has eight sections of good grassland inside the range and many more outside. That inside is the best section, fed by underground water.

He said in spite of years of drought around him, he has never had to feed a single head of stock "and I've never taken any of that government feed either."

"Why, you just don't put a man out of his home. I know we have to have an Army . . . But this business of hollering about defense all the time just so the Army can show how much power it has got is not right."

Army authorities at Ft. Bliss, just south of the New Mexico line at El Paso, Tex., have big plans for McGregor range.

So does Prather. He has spent 50 years building his ranch.

## Four Children Are Killed By Fire In Home

EAST CANDIA, N. H. (AP)—Four sleeping children perished today in a flash fire in their rural home in this small southern new Hampshire town.

Their parents and three other children leaped to safety through a window after trying unsuccessfully to rescue the others.

"We tried to save them. Oh God, how we tried to save them, but the flames were just too much for us," sobbed Mrs. Claire la Duke, 31, who suffered a back injury as she jumped to the ground.

Her husband, Reginald, a 32-year-old truck driver, who lost his job the day before yesterday, said, "It was such an inferno we really didn't have time to think. We didn't know what we were doing."

The victims were identified as 7-month-old William; Linda, 3; Maureen, 7; and Diane, 12.

The surviving children are Michael, 5; Reginald Jr., 8; and Dolores, 11.

Dr. Hermann Sander, at whose office the survivors were treated, said all were in good condition except the grief-stricken mother.

"She's got a pretty bad back," said the physician.

Dr. Sander was absolved of blame in the death of a hopeless cancer patient in a widely publicized trial in 1950.

## Broom Sale Is Planned

The Downtown Lions Club has made plans for its annual broom sale to be held in Snyder next Tuesday.

The annual sale has a two-fold purpose. Part of the profits go to the Lighthouse for the Blind for the benefit of blind persons, who make the goods sold. The remainder goes into the Lions fund for glasses and eye conservation for needy school children.

Brooms, mops, door mats, ironing board covers, and other useful household items are sold by the Lions.

The Lighthouse truck will be on the southwest corner of the square all day next Tuesday.

Between now and then, Lions will contact businesses on their needs. Residents who might want some of the goods and wish delivery have been asked to call Chuck Wolfe at 3-6318, Roland Bell at 3-4651, Dan Cotton at 3-5332, or Charles Hooser at 3-5441.

### Cold Kills Four

ISTANBUL (AP)—Winter's grip choked communications and brought death today to at least four persons in Turkey's frigid highlands.

## Census Data Needed Here

The Snyder school district is rounding up its school census for this year, and school officials are checking to make sure no families have been missed.

Persons who are residents here today are considered residents for school purposes, and their children will be counted in the school census.

Those who have moved to town since census takers have canvassed or who might have been missed by census takers have been asked to call the school administration building, 3-5401, to give needed census information. That includes both those who have children of school age and those with children younger than school age.

The census is the only method the schools can use in forecasting the number of students they will have in the future. The census is used for making plans for future school years.

Also, school districts receive the state per capita apportionment from the census figures on children of school age.

### Manager Of Texas Prison System Hurt

CONROE (AP)—O. B. Ellis, general manager of the Texas Prison System, suffered a compound fracture of his left leg and other serious injuries last midnight in a head-on auto collision 3 miles north of here on U.S. 75 during a heavy fog.

D. C. Copeland, 33, of Conroe, driver of the other car, broke a hip. His passenger, Lorene Long, 50, of Conroe fractured an ankle.

## United Fund Will Distribute Funds

Directors of the Scurry County United Fund named a nominating committee Wednesday and voted to distribute funds to the various participating agencies in the amounts budgeted.

Supplying the operating budgets of the nine agencies, as approved last year by the United Fund budget committee, resulted in the transfer of some funds from the organization's contingency fund.

The United Fund campaign last fall resulted in cash and pledges of $34,680.60, compared to a total budget of $36,974. The United Fund's constitution provides that contingency funds shall be used to make up any deficit in a campaign, if possible.

Although the formal campaign for the 1957 budget closed serveral weeks ago, United Fund officials said that contributions still may be made. New contributions, of course, would reduce the amount required from the contingency fund.

Date for the United Fund's annual membership meeting was set for Feb. 20. The meeting will be held in Fellowship Hall at the First Methodist Church.

At that time a nominating committee will submit its recommendations for officers and directors to be elected for the coming year.

The nominating committee is composed of Lyle Deffebach, chairman, Mrs. Frank Strom, Mrs. J. E. Sorrells, J. T. Haynes, Carl Jones, Melvin Newton and Rex Miller.

## Debate To Start On Runoff Bill Tuesday

AUSTIN (AP)—The House voted today to begin debate Tuesday on the bill requiring a majority vote, or a runoff, in special elections such as that for the U.S. Senate.

Rep. Joe Pool of Dallas, the bill's sponsor, asked for suspension of the rules to set the measure for top priority consideration and the House agreed 119-32.

Pool said he regarded the vote as "only a partial test" of the measure's strength.

The House also by voice vote decided to start debate Monday on one of the key water bills, HB145, by Rep. Leroy Saul of Kress, calling for cancellation of unused water permits.

The Pool bill was written to apply to the April 2 special election.

Pool did not press for action on it today, although it topped the House calendar. Nor did Saul ask for immediate debate on the water permit bill.

Pool said so many members were absent he would prefer to "give everybody a chance to vote." Rep. A. R. Schwartz of Galveston had asked him from the floor why he needed to schedule the bill for special order consideration.

Kress said yesterday the administration's water program suffered a "death blow" in connection with postponement of consideration in committee of another important measure: A proposed financing constitutional amendment.

Saul obviously was in no mood today to press for immediate action on the water permit cancellation measure that has already stirred up some opposition. It was second on today's calendar.

The House also approved a resolution calling on Secretary of Defense Wilson to "withdraw the slurring, untrue and libelous remarks" he made about the National Guard. Similar action had been taken in the Senate.

Another get-tough influence law was introduced by Rep. R. H. Corey of Victoria. It would require all lobbyists and others who represent persons before state agencies to register.

The House adjourned until 10 a.m. Monday.

Sen. A. M. Aikin Jr. of Paris introduced a sales limitation act in the Senate to prohibit below cost sales of merchandise where the quantity is limited, with some exceptions. The courts recently knocked out a similar law which applied only to grocery stores. The new bill would apply to all merchants.

## Reed Resigns From U.S. Supreme Court

WASHINGTON (AP) — President Eisenhower today accepted the resignation of Supreme Court Justice Stanley Reed, effective Feb. 25.

Reed, 72, is a Democrat. He has served on the highest judicial tribunal 19 years.

The naming of his successor will be Eisenhower's fourth appointee on the Supreme Court.

Eisenhower's other appointees are Chief Justice Warren and Associate Justices Harlan and Brennan.

The White House said it had nothing to announce at this time regarding a successor.

Reed turned in a letter of resignation, dated today, saying he wished to retire from active service.

He is taking advantage of a provision of law which allows him to retire at full pay and subject to call for occasional service on the court if this is desired.

The White House indicated that Reed might have let the President know his intentions in advance of submission of the letter. That may have taken place at a White House reception honoring the Supreme Court on Tuesday night.

Eisenhower, in a letter to Reed, said he was taking the opportunity "to tender my congratulations on your long and splendid record in public service."

He also praised Reed's "dedication and devotion that are so much a part of your reputation."

Reed, appointed by President Roosevelt, took his seat on the high court 19 years ago today. He reached the age of 72 last Dec. 31. Present law permits federal judges to retire at 70 after 10 years service on the bench.

Reed's retirement pay will be $35,000 a year.

Reed's retirement is the second from the Supreme Court since its new term began last Oct. 1. Justice Sherman Minton retired Oct. 15, because of failing health.

Two other members are eligible for retirement, but neither was given any indication that he plans to step down. Justice Black will be 71 on Feb. 27 and Justice Frankfurter was 74 last Nov. 15.

## House Okays Resolution On Wilson

AUSTIN (AP)—The House passed a resolution today requesting Secretary of Defense Wilson to "withdraw the slurring, untrue and libelous remarks about the National Guard."

A similar resolution was passed earlier by the Senate.

Rep. Eligio de la Garza of Mission submitted the resolution. He said he served with the 37th National Guard of Ohio in the Korean conflict and "of those 'draft dodgers" 700 were hit and 50 didn't come back."

Wilson had referred to the National Guard as being a draft dodger' refuge.

"The blood isn't yet dry on some beaches where the boys of the 36th were hit," de la Garza said. He was referring to the Texas National Guard unit which fought in World War II.

The resolution said Wilson's remarks "impugn the patriotism of certain members of the National Guard by charging them to have been 'draft dodgers' during the Korean 'police action."

"Such charge...is untrue and libelous of an organization whose history and contributions in and to the service of our country are recognized and appreciated by all those who love freedom and are informed."

### Sulphur Springs Fire Damages Milk Plant

SULPHUR SPRINGS (AP)—Fire that swept through the engine room of the Carnation milk evaporating plant early today did damage estimated by manager Roger Plummer at $75,000 to $80,000.

The cause was not determined but it was believed that ammonia gas may have been ignited. The loss included a 250 kilowat generator and tools.

The fire was confined to the engine room. Volunteer firemen who fought the blaze for two hours were hampered by ammonia fumes.

### New Trial Refused

HOUSTON (AP)—A new trial has been refused Dr. Rudolph Jacobi, whose medical license was revoked last year by the State Board of Medical Examiners.

### *PARENTS CONFUSED ABOUT TWIN SONS*

DETROIT (AP)—Mrs. Vivian Katz is able today to tell which of her identical twin sons is Bennie and which is Barrie.

Neither Mrs. Katz nor her husband, also named Bennie, could tell the 5-month-old twins apart after an identifying ink star the mother had sketched on Bennie's back washed off.

The baffled parents called police.

Sgt. Paul Clor of the Identification Bureau established identity by comparing palm prints taken at a hospital at the time of birth.

Mrs. Katz got Bennie an ankle bracelet.

"Maybe a tiny tatoo would be the best solution," she said.

## President Asks Congress For Change In Immigration Law

WASHINGTON (AP) — President Eisenhower today asked changes in the immigration laws so it will be easier to give haven to refugees "who have fled or in the future flee" from Communist tyranny.

In a 2,000-word special message to Congress, the President called also for general revisions of the law to allow about 65,000 more immigrants to come to this country each year. The present annual quota is 154,857 and is based on the 1920 census. Eisenhower asked quotas based on the 1950 population census.

Eisenhower also called for a redistribution of the immigration quota "in proportion to the actual immigration" from 1924 through July 1, 1955.

An effect of this would be to increase the number of southern Europeans and Mediterranean peoples permitted to emigrate to the United States.

This is because the number of immigrants from that area has been greater in recent years than in the earlier period on which quotas are now based.

Eisenhower said, too, that Congress should pool the unused quota numbers for Europe, Africa, Asia and the Pacific area. These would then be available on a first come, first served basis without regard to where a person was born.

This similarly would open the way for admittance of additional southern Europeans since currently the unused quotas have been those of northern European countries.

The President said "mortgages" on quotas should be eliminated. These mortgages came about from special cases where immigrants were permitted on the basis of their being counted against their country's quota of future years.

Further, Eisenhower said, provisions should be made for the annual admission of orphans since "there are many Americans eager to adopt children from abroad."

A number of other administrative and technical changes were requested.

### 2 Vote Here By Absentee

Two persons have so far voted absentee in the Feb. 16 bond election in connection with the proposed Snyder freeway.

The $750,000 bond election will determine whether Scurry Countians want the freeway, and if taxpayers approve the bond issue the funds will be used for right-of-way for the freeway. The remainder of freeway cost would be paid by the state. The Texas Highway Department proposed the freeway to connect U. S. Highway 84 southeast of Snyder with the same highway north of town and to have a leg from the main freeway to U. S. Highway 180 west of town.

Dan Cotton, county clerk, said absentee voting will last until Feb. 12.

To vote absentee, a person must be ill or planning to be out of town on the day of the election. If he is ill, he must have a physician's certificate. He must have his poll tax receipt with him when he votes at the county clerk's office.

### Harris Vote Slated

HOUSTON (AP)—Harris County voted today for the third time in four years today on a bond issue for Port Houston improvements. The 7 million dollars would provide three new wharves, two transit sheds, new access roads, railroad facilities and a $550,000 foreign trade center.

### Ike Given Support

BONN (AP) — Foreign Minister Heinrich von Brentano today promised the West German government's full support for President Eisenhower's Middle East policy.

## It's Final Day For Poll Taxes

Today was the final day for prospective voters to pay poll taxes here.

The office of the county tax assessor-collector on the main floor of the courthouse, where poll taxes are paid, was to close at about 5 p.m. today.

By this morning, a total of 3,822 persons had qualified to vote, a jump of about 800 persons in the last two days. This figure included 3,107 who paid poll taxes and 815 who had secured exemption certificates.

After today, the only persons who can qualify to vote are those just becoming 21. When they become of age, they can get exemption certificates but cannot vote for 30 days afterward.

The vote qualification figure was expected to well exceed 4,000 this afternoon.

***POLL TAX SCOREBOARD***

| | |
|---|---|
| Poll Taxes Paid | 3,107 |
| Exemptions | 815 |
| Total qualified voters | 3,822 |

POLL TAX DEADLINE JAN. 31

**FLOOD DESTROYED HOME**—This house is mute testimony to the force of the water which struck the southwest Virginia town of Bland, population about 600, when a resort lake dam nearby burst. Some 10 or 11 houses were destroyed or damaged.

## Weather May Get Warmer

Cloudy weather endured over the Snyder area and most of West Texas today, as temperatures edged upward.

The Weather Bureau is forecasting warmer weather through Friday, with a possibility of showers in this area of West Texas.

Snyder had received .05 of an inch during the 24 hours ending at 7:30 a.m. today. That made a total of a quarter of an inch during the past week from sleet, mist and drizzle.

Crews were still working out of Snyder and other points to restore lines of the Southwestern Bell Telephone Co., which were put out of service during the ice storm last weekend. Truman Black, telephone company manager, said about 120 men were working in the area. He said between 110 and 120 poles were down between Snyder and San Angelo. This morning the telephone company had five circuits open to Dallas, two to Midland, two to Odessa, two to Sweetwater, one to Abilene, three to Post, five to Lubbock and one to Big Spring. Circuits to Gail also were in operation again. Emergency service by mobile phone was being provided to Hermleigh.

By The Associated Press

Welcomed rains splashed sections of Texas Thursday as milder weather replaced the ice and snow of earlier in the week.

The rains were generally light and were scattered. Skies in the Panhandle and far West Texas were clear while cloudy conditions were reported in the rest of the state.

The forecast called for continued drizzles in East, Central and South Texas Thursday with rising temperatures over the state.

Dalhart with 25 degrees and Wichita Falls with 31 were the only two points reporting below freezing temperatures early Thursday. The pre-dawn readings ranged up to 70 degrees at Brownsville. Wednesday's high was 83 degrees at Presidio.

Rainfall for the 24 hours ending at 6:30 a.m. included Victoria .01; Cotulla, Beeville and Corpus Christi .02; Laredo and Lubbock .03; Palacios, Wink and Mineral Wells .04; Waco .05; Big Spring and Houston .07; Abilene and Austin .08; Sherman and San Antonio .09; College Station .10; Fort Worth .14; Dallas .16; Galveston .26; Wichita Falls .30; Midland .31; and Lufkin .38.

### *WEATHER*

SNYDER TEMPERATURES: Yesterday's high 40; low 29; with a 38 degree reading and .05 inches moisture reported at 7:30 a.m. today.

West Texas—Cloudy to partly cloudy through Friday, occasional rain east of Pecos Valley this afternoon. No important temperature changes.

## Three Dams Recommended

EL PASO (AP)—A report recommending construction of three control dams in the Rio Grande channel below Anzalduas Dam, now rising near Mission, was completed yesterday by the U.S. section of the International Boundary and Water Commission.

Commissioner Leland H. Hewitt said the three control dams would cost an estimated $7,218,000, and would be for irrigators solely on the U.S. side of the river.

Benefits of the dam, according to the report, would more than pay for the cost of the project within a five-year period.

Col. Hewitt said the report may be submitted to the current session of Congress. The 84th Congress authorized investigation of possible channel control measures below Falcon Dam.

## Legislative Bill Blasted

AUSTIN (AP) — State Hospital Board officials insisted today their specialized staff can handle their building plans.

They commented on a bill by Sen. Crawford Martin of Hillsboro putting a tighter legislative control over new state building projects. Under it, Hospital Board building plans would have to be approved by the State Board of Control.

The Martin will would bring many other types of state building plans under closer legislative supervision.

"We have the only staff in Texas geared to hospital construction. We want to keep it," said a statement issued by the board through Dr. J. M. Bethea, director, and Dr. Raleigh Ross, board member of Austin.

## Parent Law Is Approved

AUSTIN (AP)—A Senate committee has approved the parental responsibility bill.

Sen. Carlos Ashley of Llano is sponsor of the bill making parents liable for property damage up to $300 done maliciously by their children.

"It's an ounce of prevention instead of a pound of cure," said Ashley.

Capt. Robert Horton, director of the juvenile division of the Houston police, told the committee "It's not a cure-all to juvenile delinquency, but a strong deterrent to vandalism and malicious mischief."

Two bills were sent to subcommittees. One would amend the present hot check law to include paychecks given for payment of wages or salaries. The other would permit city and county officials to enter into contracts with the city or county if the official is the only source for the contract.

### Children Vaccinated But Mom Gets Polio

OKLAHOMA CITY (AP)—A young mother of four, who had her family vaccinated against polio but received no vaccine herself, was critically ill with bulbar spinal polio today.

Mrs. Mary Barker, 24, was admitted to a hospital last Thursday.

The case prompted Dr. Thomas Haight, chief of the infectious disease service, to urge adults—at least "everybody up to the age of 50" to be vaccinated.

"We have been seeing more adults with polio in proportion to the number of children and the adult cases are very severe," Haight said.

## BIRTHS

Mr. and Mrs. Jack Tate, Route 2, Box 216 are the parents of an eight pound, 14 ounce daughter born at 10:47 a.m. Wednesday in the Cogdell Memorial Hospital.

Mr. and Mrs. A. A. Behringer, Avenue O, are the parents of a nine pound, two and one-half ounce daughter, born at 4:55 p.m. Wednesday in the Cogdell Memorial Hospital.

### Naked Truth Revealed In Divorce Proceeding

LOS ANGELES (AP)—In obtaining a divorce on grounds of cruelty, Mrs. Virginia Templeton told the court that Richard B. Templeton didn't show the proper respect for his in-laws.

There was a party for her relatives, she testified yesterday, and her husband showed up wearing no shoes and "stripped to the waist."

Templeton, 27, is a juvenile hall counselor.

### Three Civil Suits Getting Little Old

BUTTE, Mont. (AP) — District Judge T. E. Downey granted Margaret M. Williams Melka's motion for dismissal of three civil suits yesterday.

The court agreed with her counsel that the plaintiffs had been less than vigorous in pushing the actions, involving property titles.

The suits were filed in territorial Montana in 1844, 1888 and 1889.

**BOYS CLUB REGISTRATION BEGINS**—Registration for membership in the Scurry County Boy's Club for this year has begun, and increased membership in anticipated. Donna Holmes, secretary, is shown above re-registering four members. They are from left, front, Marvin Mayfield and Lynn Palmer, and back, Paul Stanley and Tommy Powell. Boys from 6 to 18 years old are eligible, and registration will last through this week, Michie Brous, executive director, said. (Lee Watson photograph)

# Crude Output Boost Pushed

WASHINGTON (AP) — Defense Mobilizer Arthur Felmming says the government may take "additional steps" if oil firms do not comply voluntarily with a request to produce more crude oil for export to Europe.

Last Saturday, the Interior Department urged American producers to curtail gasoline refining and increase crude oil output for export.

The goal of the emergency oil program is shipment of 400,000 to 500,000 barrels of crude oil daily to Western Europe, which has been suffering from an oil shortage since blockage of the Suez Canal and sabotage of a pipeline in Syria.

During the week ended Jan. 16, U.S. shipments of crude oil to Western Europe averaged 72,000 barrels a day.

Flemming said yesterday that "if favorable results do not flow from the appeal, the interested government agencies will get together to see what additional steps, if any, may be taken."

The defense mobilizer declined to say what steps might be involved. A government official said special powers may be invoked to compel production of more fuel oil.

Under the Defense Production Act, the government may order a reduction in refinery runs so that more fuel oil and less gasoline is produced.

Officials said no action is planned for a week or 10 days.

The government source who reported, that compulsion may be used also said consideration is being given to appealing to state regulatory commissions for an authorized increase in crude oil production in Gulf Coast fields.

The Interior Department rejected a request for suspension of some provisions of the Connally "Hot Oil" Act, suggested as one way of increasing oil supplies. This law bars interstate shipment of oil produced in excess of state conservation regulations.

The proposal was made by Paul Hadlick, general counsel of the National Oil Marketers Assn. He wrote to President Eisenhower, and the White House referred the matter to the Interior Department.

Hadlick also agreed that producers were using the Connally Act as an excuse in connection with recent price increases.

Asst. Secretary of Interior Fred Aandahl replied that it appears "United States stocks of the principal petroleum products are adequate and substantially above corresponding levels of a year ago."

## TODAY'S MARKETS

FORT WORTH (AP) — Cattle 600; calves 150; steady; good and choice steers 17.00-20.00; common and medium 12.00-16.00; fat cows 11.50-13.00; good and choice calves 16.50-19.00; stock calves 14.00-19.00; yearlings 18.00 down.

Hogs 200; 50 lower; choice 19.50.

Sheep 1,400; steady; good and choice lambs 16.00-18.50; stock lambs 16.00-17.50; ewes 6.00-7.00.

AUSTIN (AP)— Poultry steady. South Texas 2½-3 lb 20. East Texas 19-20. Waco 19½.

NEW YORK (AP)— Cotton was unchanged to 45 cents a bale lower at noon today. March 34.84, May 34.77, July 34.25.

### Relief Funds Ordered For Eastern Kentucky

WASHINGTON (AP) — President Eisenhower today designated flooded eastern Kentucky as a "major disaster area." He ordered use of whatever federal funds are necessary for relief.

Eisenhower acted in response to a telegram from Gov. A. B. Chandler. Chandler informed the President that many important towns and a large part of eastern Kentucky "have been inundated by one of the most devastating floods in our history."

The floods also have hit portions of Virginia, Tennessee and West Virginia, the White House said, but no requests have come in so far asking that these areas be declared disaster regions eligible for federal financial help.

### Dividend Declared

HOUSTON (AP)—A regular quarterly dividend of 35 cents per share of common stock was declared yesterday by directors of Texas Eastern Transmission Corp.

The dividend is payable March 1 to stockholders of record Feb. 8.

### Gas Feeder Line Break Is Rpaired

WACO (AP)—A break in a 350-pound, 12 inch main gas feeder line was closed yesterday afternoon, but not before it had shut down several industrial plants south of Waco.

Lone Star Gas Co. officials said they did not know what caused the blowout, but that no one was injured and all damage repaired. Normal flow of gas to the plants resumed about an hour after repairmen closed the hole.

Plants affected included the Universal Atlas Cement Co. south of Bosque; the Phillips Air Force Plant 66 at McGregor, which makes jet fuel; the Western Holly Mfg. plant at McGregor; and plants at Temple, Gatesville, Cameron and Georgetown.

### Report Is Given On FW-Dallas Turnpike

AUSTIN (AP) — The Dallas-Fort Worth six-lane turnpike was 74 per cent complete at the start of 1957, the Texas Turnpike Authority reported. It is scheduled for completion this summer.

The authority, in its third annual report yesterday, said construction was substantially on schedule, although slow steel deliveries delayed certain bridge work.

### Money Is Returned

ALTON, Ill. (AP) —A mysterious package arrived yesterday at the home of Mr. and Mrs. William H. Evans. It bore a Jacksonville, Ill., postmark and only "J. James" for a return address.

Mrs. Evans opened and found $7.712.

This was about $2,700 more than she reported to police was taken from her in a stickup in her front yard Monday.

With the money was a note:

"I am returning your money as I have no wish for the cops or police to track me down. If I had known there was that much I wouldn't have attempted it."

Mrs. Evans and her husband operate two bakeries in Alton. She told police she was robbed of about $1,000 in bakery receipts and $4,000 she always carried with her as a surprise for her husband in case they ever needed it.

### Attorney General Gives Tax Opinion

AUSTIN (AP)—Anyone with a poll tax residing within the boundaries of a proposed water district can vote in an election held to create such a district, the attorney general says.

An opinion to the State Board of Water Engineers yesterday held the constitutional provision requiring voters to have rendered their property for taxes does not apply.

Asst. Atty. Gen. Elbert Morrow said, "However, if the district later would vote bonds, only qualified voters who have rendered their property for taxes would be allowed to cast ballots."

## New Offices Are Opened

New offices are being opened at 1906 Twenty-sixth Street here by Dr. Clyde Dawson and Ray Houpt.

The two firms will be in the location formerly occupied by Mildred's Dress Shop.

Dawson, an optometrist, will occupy four offices in the space, and he now has his offices open.

Houpt will open a general insurance agency in two offices at the location, handling exclusively The Travelers insurance.

Dawson's four offices include a reception room, examination room, visual training room, and fitting room. In the visual training room, visual aid equipment such as that used in speed reading and visual [illegible] for demonstration at all times. At the front door of his office, Dawson has the reception room equiped with an electric eye "secretary," which rings a bell as a person enters.

Houpt's offices, which will be open Monday, will include a reception room and office.

## HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

COGDELL MEMORIAL

ADMISSIONS Connie Faye Behringer, Avenue O, Gilbert Hernandez, 701 Twenty-third; and Roy Carl Condra, Clariemont Route.

DISMISSALS: Charles Swan, Box 1091; and Faye Miller, Box 40.

BATTENFIELD-JONES

MRS. RICHARD H. HOLLAND

## Miss Brownfield Is Wed In Odessa Church

The Northside Church of Christ, Odessa, was the setting for the marriage ceremony uniting Miss Marjorie Kay Brownfield and Richard Hall Holland. Jimmy Wood, church minister, officiated at the double ring ceremony, spoken at 8 p.m., Jan. 11.

Background altar decorations featured myriad twisted candles arranged in a backdrop of woodwardia fern and emerald foliage flanked on either side by tall floor baskets holding pink and white blossoms. Spiral candelabra holding twisted tapers cast a soft glow over the altar scene.

The bride is the daughter of Mr. and Mrs. Max Brownfield, Odessa. The bride was born in Snyder and the family lived here until 1937. The bridegroom is the son of Mr. and Mrs. C. R. Holland, Odessa.

Nuptial music was presented by soloist Miss Wilma Baze who sang "Because" as the choir hummed, and the church chorus directed by A. D. Lewis, Jr., who presented "Whither Thou Goest," "Always" "Wedding March". and Mendelssholn's recessional.

The bride, in an imported French Chantilly lace and nylon tulle gown, was given in marriage by her father. Fashioned with a Sabrina scalloped lace neckline, reembroidered with iridescent sequins and tiny pearls, the gown had a voluminous skirt of many ruffles, cascading in the back into a chapel train. The fitted bodice was fastened with tiny lace buttons, and had brief sleeves, worn with lace gauntlets. Her tiara of tulle and hand clipped lace roses, was trimmed with pearls and secured a veil of many tiers of nylon net.

On her white pearl-studded Bible, the gift of her aunt and uncle, the bride carried an orchid bouquet, showered with stephanotis and white satin streamers. Pearl wedding rings were tied in the loveknots which were trimmed in iridescent briad to match her gown.

Traditional, the bride wore a blue garter and an age-old heirloom cameo necklace belonging to her grandmother, Mrs. Lenora Scott of Dallas. She borrowed her bridal hoop from Miss Judy Barbee.

Miss Terry Matthews, of Odessa, served as maid of honor and was gowned in an ice blue lace over the same shade of taffeta with wide taffeta cummerbund extending into a flared sash in the back. The sweetheart neckline was low, and the generous skirt was ballerina length. She carried a nosegay of pink Venus carnations, showered.

Ray Holland served his brother as best man. Ushers were John Meeks and Dan Jay all of Odessa.

Honoring the couple, Mr. and Mrs. Brownfield entertained 100 guests with a reception in their home, 3133 County Road, Odessa. The bride's table was spread with a white damask banquet cloth and held pink and white blossoms. The three-tiered wedding cake, in all-white, had ornamental roses and was topped with a bridal couple beneath an arch of wedding bells. It sat on pink tulle, rimmed with pink Venus carnations. Crystal and silver were used in appointments.

Some out-of-town guests were the bride's grandmother, Mrs. Jessie Eva Scott, her grandparents, Mr. and Mrs. F. M. Brownfield and an aunt and uncle, Mr. and Mrs. Donald Ray Scott and daughter, Donna Jean all of Snyder.

The couple are at home at 1915 San Vernando, Odessa.

## WHAT'S GOING ON

MR. AND MRS. A. R. HOGHLAND of Perryton, left Wednesday after spending several days in the home of her sister, MR. AND MRS. GILES BOWERS, 2506 Thirty-first Street.

• • •

MR. AND MRS. J. I. DEVERS, 1201 Twentieth Street returned home Tuesday after spending a week in New Orleans, La., attending the horse races.

## NEWS FROM IRA

By AVA MORAN

Mr. and Mrs. John Mayes visited their son and family, Billy Mayes of Lawton, Okla. and their daughter and family, Mr. and Mrs. Doug Strange of Commanche this week.

Mr. and Mrs. G. M. Kelly visited their daughter and family, Mr. and Mrs. L. E. Cohee and children in Hobbs, N.M. over the weekend.

Mr. D. J. Bulter is a patient in Battenfield-Jones Hospital. He was injured in an oil field accident about six weeks ago.

Mr. and Mrs. Waylon Huddleston visited this week with Mr. and Mrs. Billy Don Huddleston and daughter Rebecca and Roxanna, northwest of Snyder.

Rev. Jerry Martin of Lubbock was guest speaker at the Knapp Baptist Church Sunday.

The Rev. C. J. Smith returned this week for their furniture. They have bought a home in Clinton, Okla. where they will begin their work with the Indians.

DO YOU KNOW-

- the friendly folks at HOLCOMB INSURANCE AGENCY? The co-owners last names are Holcomb and the office manager's last name is Barrow - what are their first names?

No . . . no . . . NO ! ! ! it's NOT the people whom you DO know. But, it pertains to those whom you do NOT know.

Think of the folks whom you see at church, at gatherings, at our places of business who can become friends of yours—After you get acquainted"?

"LET'S GET ACQUAINTED" . . : to bring to all of us a wider acquaintanceship—for us to make the beginning of many more friendships!

Let's Get Acquainted

## League Of Women Voters Is Organized In Meeting Here

Thirty women were present yesterday afternoon to hear an orientation talk by Mrs. George Lemon, State Organization chairman for the League of Women Voters. Mrs. Lemon was assisted by Mrs. Hill Baggett. Both women are from Lubbock.

Mrs. E. A. Brooks was hostess to the group in her home southeast of town, where they formed a charter membership and designated committees to start the operation of the League. Nearly every woman's organization in Snyder was represented at the meeting.

Mrs. DWane R. Collins, temporary chairman, named the following women for committees: Nominating, Mrs. W. B. Lee, Jr., Mrs. W. T. Park, Mrs. Dillard Pope, and Mrs. Mollie Pinkerton; By Laws: Mrs. W. T. Dabbs, Mrs. Norman Spencer, and Mrs. J. W. Lipscombe; and Publicity, Mrs. E. A. Brooks.

Following are the charter members of the newly formed League of Women Voters: Mrs. Victor Baze, Mrs. John Conley, Mrs. Ed Kellenberger, Miss Ethel Roberts, Mrs. Maurine Pilcher, Mrs. George Killam, Mrs. Mabel Brock, Miss Zaida Brown, Mrs. W. D. McNair, Mrs. J. M. Milam, Mrs. Travis Rhoades, Mrs. C. I. Hill, Mrs. E. G. Weyel, Mrs. Robert Patterson, Mrs. E. M. Raine, Mrs. Fred Auforth, Mrs. Mary Frances Perrine, Mrs. Henry G. Burchett, Mrs. Theris King, Mrs. Mark McLaughlin, Mrs. Robert Wilson, Mrs. Carl Dillaha, Mrs. Carolyn Reon, Mrs. J. A. Thompson, Mrs. Lida Hardy, Mrs. Rupert Short and those women serving on the committees.

According to Mrs. Collins, chairman, any woman over 21 years of age who votes is eligible for membership in the League. Annual dues will be $3. A membership meeting will be held in February, at which time officers will be elected. Anyone interested in joining the League please feel free to phone any of the committee members for information.

### Civic Music Group Will Meet Friday

Directors of the Snyder Civic Music Association will meet Friday afternoon to initiate plans for next season's series, Dr. DWane Collins, president of the organization, has announced.

The directors meeting is set for 4 p.m. Friday in the high school cafeteria. A representative of the national CMA group will be here from New York to confer with the local CMA board.

Meanwhile, the Snyder Civic Music Association is preparing for its next program on the 1956-57 series. Stan Freeman, piano virtuoso and musical satirist, will appear Monday night in the high school auditorium.

### Apples 'N Sausage

BAKED APPLE AND SAUSAGE CAKES are delicious. Mix 1 pound pork sausage with 1 slice of bread, crumbled. Add 1 egg, ½ cup grated apple and ½ tsp. salt. Shape into cakes and bake in moderate oven (350 degrees F.) for 1 hour.

## Mrs. Dunn Is Hostess

Mrs. J. Nelson Dunn was hostess Tuesday afternoon at 3 p.m. at the Martha Ann Women's Clubhouse for the Twentieth Century Club. Mrs. Charles Tyer, president, presided over the business session.

Mrs. G. W. Hicks was program leader for the afternoon with "taxes" being the topic. Mrs. Hicks told of the "trends in taxes" and discussed the benefits received, compared with other countries who do not have the many benefits we have due to taxes.

Mrs. Blanche Jordan told of the demands we as a nation make for better roads and schools and then do not consider that our taxes are what make such possible.

Mrs. Ola Leath brought a discussion on poll tax, its origin and how it is used in various parts of the country. Roll call was answered with each member giving a brief response on hidden taxes.

Refreshments of pie and coffee were served to Mmes. Fred Beaty, H. H. Brice, F. O. Griffith, G. W. Hicks, I. T. Huckabee, Blanche Jordan, Ola Leath, J. E. LeMond, John Reaves, Joe Strayhorn, Charles Tyer, and the hostess.

## WOMEN'S CALENDAR

THURSDAY

Friendly 42 Club meets with Mr. and Mrs. Joe Stinson, 2907 Avenue U, at 7:30 p.m.

FRIDAY

Alturian Club meets at 3 p.m. at the Martha Ann Women's Club with Mrs. John R. Williams, hostess.

The Ira Home Demonstration Club meets at 2 p.m. in the home of Mrs. Joe Falls.

El Feliz Club meets at 3 p.m. at Mary Lynn's Tea Room, Mrs. J. W. Scott, hostess.

## DATE DATA

By BEVERLY BRANDOW

Dear Miss Brandow:

For somewhile I have been dating a certain girl and have already invited her to all senior activities.

Recently a boy came here to visit, dated her a few times and now she tells me they are engaged. Yet she maintains that we should still keep our dates already made.

Our situation has canged so rapidly I hardly know what to do. What should I expect a date with an engaged girl to be like and what will people think of me?

A Confused Senior

Make a clean break with that girl right now! If she is old enough to wear another boy's ring, she is old enough to accept the role of an engaged girl. She's another man's property now and the ring she wears plainly says: "no trespassing."

When it was placed on her finger it automatically cancelled any and all dates previously made. If she goes to the senior activities her fiance must take her.

In this instance, it is not ungentlemanly of you to tell her not to count on you. After all, a boy has a reputation to consider, too, and few people there would be who would not consider a cad the boy who dates an engaged girl.

Dear Miss Brandow:

There is a boy ten years older than I who I would very much like to date, but my parents don't like him. How can I persuade them to let me date him?

Estelle

You didn't state your age, but if you are young enough that you need your parents' consent to date him, I assume you must be under eighteen and a man ten years your senior is certainly too old for you.

Parents are pretty wise. Better rely on their judgement this time. He is bound to be more experienced than you and your parents may be right in suspicioning some hidden motive in his desire to "rob the cradle."

There are many boys your own age. Turn your interest there.

You may write Miss Brandow any time in care of this newspaper. If you will enclose a 3 cent stamp you will receive a personal answer.

### Apples Build Teeth

Apples help to build better teeth because the fruit contains calcium and phosphorus, the essential tooth and bone-building minerals.

If a candle is too large for the opening in a candlestick, try this: dip the base of a candle into very hot water; when the wax melts, press it gently into the holder.

LOOK!

NEW FORD TRUCKS for '57

LOOK again!

They're modern through and through

The boldly modern styling you see in the new Ford trucks for '57 just *hints* at how deep-down modern they really are!

The beautiful new Ford Ranchero rides, handles and looks like a modern car. Deep down it's a rugged truck—carries over half a ton, more than many standard pickups. Ford's all-new Tilt Cab Series brings a new kind of modern design to the big-truck field. It's America's lowest-priced* Tilt Cab line.

New Ford pickups back up their sleek modern styling with higher power, completely new cabs, a new kind of pickup ride. Styleside bodies are biggest of any pickup.

The three trucks shown here give you just an idea of the sweeping changes in the new Ford line for '57—ranging up to tandems with 65,000-lb. GCW. See your Ford Dealer for complete details on the truck to fit your job.

*Based on a comparison of factory-suggested list prices

NEW cabs—completely new—stronger, roomier, smarter! New wider full-wrap windshield. New inboard cab step, new Hi-Dri ventilation.

NEW hydraulic clutch standard in all models, pickups to tandems. Easier to operate—works like hydraulic brake. Clutch and brake pedals are modern suspended type!

NEW Styleside pickup bodies, standard at no extra cost. America's biggest pickup bodies! Side loading's far easier with full-width body.

NEW riding comfort! Big roomy cabs, new chassis suspension, and increased visibility combine to greatly improve riding and handling ease.

NEW chassis strength! New frames, up to 13% stronger. New sturdier front and rear axles! New higher capacity springs!

NEW power advances! Higher horsepower, freer breathing, higher compression ratios, new Super-Filter air cleaner. Short Stroke engine design—V-8 or Six, in every model!

For '57 and the years ahead—

FORD TRUCKS COST LESS

LESS TO OWN . . . LESS TO RUN . . . LAST LONGER TOO!

# Runoff Senate Election Plan Is Receiving Strong Support

By The Associated Press

Democrats favoring a runoff for the special U.S. Senate election in Texas were able to point Thursday to some powerful support for the proposal.

House Speaker Sam Rayburn of Texas said Wednesday he would like to see a runoff to get a lone Democrat to face Republican Thad Hutcheson in the April 2 election. And Senate Majority Leader Lyndon Johnson was quoted as saying he also supported the idea.

A bill requiring a runoff by State Rep. Joe Pool of Dallas came up on the calendar in the Texas House of Representatives Thursday, but Pool said a vote on it probably won't be taken until Monday. He said too many representatives would be gone.

Rayburn was asked in Washington which candidate he favored in the Texas senatorial race, but he declined to say. He did say he would like to see a runoff held prior to the April 2 election.

Sen. Johnson also endorsed the runoff proposal.

In a Washington dispatch, the Dallas Morning News quoted Johnson as saying he did not want to be telling the state Legislature what to do about the Pool bill.

"But I have been asked what I would do if a member, and my answer is that I certainly would vote for a majority rather than a minority rule," Johnson told the News.

Some Democrats fear that under present law which gives the office to the top man in a special election, Democratic voters would actually be in the majority, but the Republican candidate could win because of the large Democratic field. With the runoff, they contend the majority would rule.

Hutcheson was in New York charting campaign plans following his round of talks with GOP leaders in Washington. He saw President Eisenhower twice and got his endorsement in the Senate race.

On the Democratic side, Congressman-at-Large Martin Dies (D-Tex) also a candidate for the unexpired portion of Gov. Daniel's Senate term, urged the Senate Elections Committee to keep a close watch on expenditures of all candidates in the Texas election.

In a letter to Sen. Mansfield (D-Mont), chairman of the committee, he said he has learned that "an enormous slush fund in behalf of (the) Republican candidate" is being raised.

Dies has been critical of President Eisenhower's endorsement of Hutcheson in the race.

In Austin, Ralph Yarborough appointed James H. Boren, 31, of Wichita Falls as his chief campaign advisor. He said Boren charted his near-successful bid for governor in 1956.

Former University of Texas Chancellor James P. Hart of Austin was campaigning in East Texas. In a speech at Mount Pleasant, Hart said the "most pressing need in American education is for financial support of our schools to pay salaries that will attract and hold good teachers."

Hart spoke before a meeting of the Northeast Texas Education Assn.

Another candidate, State Sen. Searcy Bracewell, announced in Austin that he will formally open his campaign in Fort Worth and North Texas this weekend.

Bracewell said the weekend tour will be the pattern for his nine-week campaign.

## Committee Okays Bill

AUSTIN (AP)—Parents would be made liable for property damage up to $300 done by their wayward youngsters under a bill approved by the Senate Jurisprudence Committee.

"It's an ounce of prevention instead of a pound of cure," said Sen. Carlos Ashley of Llano, author of the bill which makes parents responsible for malicious damage done by juveniles.

"If you touch a man's pocketbook, you touch his responsibility," said Arthur Klein, chairman of the Cameron County Juvenile Advisory Board, in supporting the bill.

"It's not a cure-all to juvenile delinquency, but a strong deterrent to vandalism and malicious mischief," said Capt. Robert Horton, director of the Juvenile Division of the Houston Police Department. "We heartily endorse it."

## Jap Official Is Ill

TOKYO (AP) — Japanese Prime Minister Tanzan Ishibashi's illness was diagnosed today as a slight case of bronchial pneumonia. His doctor said the 72-year-old government chief "needs about two more weeks in bed." Ishibashi last Friday came down with a cold.

## LEGAL NOTICES

THE STATE OF TEXAS
COUNTY OF SCURRY

In the name and by the authority of the State of Texas.
Notice is hereby given as follows:

To: Augusta Schwarzer Doble, if living, and if dead, the unknown heirs, devisees, and legal representatives of the unknown heirs of the said Augusta Schwarzer Doble, and the unknown heirs, devisees, and legal representatives of the unknown heirs of the said Augusta Schwarzer Doble, if the unknown heirs of the said Augusta Schwarzer Doble are dead, and any and all other persons, including adverse claimants, owning or having or claiming any legal or equitable interest in or lien upon the following described property delinquent to Plaintiff herein, for taxes, to - wit:

Being all of the West Thirty feet (W 30') of Lot No. 1 in Block No. 14 of the Original Town of Snyder, According to the map or plat of said Addition of record in Vol. 1 at Page 358 of the Deed Records of Scurry County, Texas.

Which said property is delinquent to Plaintiff for taxes, together with penalties, interest and costs provided by law, in the following amount: Two Hundred Sixty-one and 93-100 Dollars ($261.93).

You are hereby notified that suit has been brought by the State of Texas, as Plaintiff, against Augusta Schwarzer Doble, if living, and if dead, the unknown heirs, devisees, and legal representatives of the unknown heirs, devisees, and legal repreentatives of the unknown heirs of the said Au-Augusta Schwarzer Doble if the unknown heirs of the said Augusta Schwarzer are dead as Defendants, by petition filed on the 31st day of December, 1956, in a certain suit styled The State of Texas ve. Augusta Schwarzer Doble et al, for collection of the taxes on said property and that said suit is now pending in the District Court of Scurry County, Texas, 132nd Judicial District, and the file number of said suit is 7126. That the names of all taxing units which assess and collects taxes on the property hereinabove described, not made parties to this suit are Snyder Independent School District and the City of Snyder.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalities, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units bove named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of 42 days from and after the date of issuance hereof, the same being the 18th day of February, 1957 (which is the return day of such citation), before the honorable District Court of Scurry County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalities, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Snyder, Scurry County, Texas, this 31st day of December, 1956.

(Seal) (s) Eunice Weathersbee
Clerk of the 132nd Judicial District
Court of Scurry County, Texas

## *It's Major Advancement*

ALBUQUERQUE, N. M. (AP) — William C. Barlow was retired from the Army today as a major.

You say, "So what?" Well, yesterday he took his discharge as an ordnance depot unit master sergeant at Sandia Special Weapons Base.

The gimmick is this: of his 24 years in the Army, 10 were on active duty as a commissioned officer, and servicemen are retired at the highest rank they held.

Barlow leaves this week for Columbia, S. C., where he plans to go into the radio and television business.

*LIKE FAIRY TALE*

# Fortune Buried In Philadelphia

PHILADELPHIA (AP) — A small fortune in diamonds lies buried in the center of the city of Philadelphia, but the shaky hulk of a burned out building stands guard over it like a dragon over some fairy tale treasure.

The diamonds — $50,000 worth — are only part of the valuable property of six jewelry firms that was buried under debris when one of Philadelphia's worst fires collapsed the interior of a four-story building on Dec. 28.

Thousands of pedestrians daily pass the rubble-strewn site at Eighth and Chestnut streets, a stone's throw from Gimbel's department store. Many joke with policemen about the diamonds they are guarding under the ruins night and day.

But it's no joking matter to the jewelry merchants, members of the diamond center of Philadelphia.

They are in the role of knights in armor who want to challenge the dangerous wreckage that stands astride the jewels. But the city won't let them in.

"We could get our stuff out of there in an hour if we were permitted to go in," one of them commented after a meeting of the former tenants. They discussed salvage plans with the contractor hired by the city to clear the debris. Their stock is located in several large safes scattered in what were ground floor offices.

Leo Goldstein, chief engineer of the city's Dept. of Licenses and Inspection, says the slightest vibration might cause everything still upright to collapse.

The salvage contractor said he could truck the debris to a private lot where the merchants could sift through it at their leisure, but they ruled that out as too expensive.

Goldstein says he will have the blackened rafters and partitions reexamined after more rubble is cleared. Till then, he says, the diamond dealers can't get a chance at the dragon.

**POLIO CAN BE LICKED THIS YEAR**

We want to urge all people of Snyder, adults as well as children, to see their doctor now for their Salk polio shots. In order to have complete protection they should be completed before summer, the time of Poliomylitis epidemics. You can't afford to gamble with your health. See your doctor today.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

**IT'S OFFICIAL NOW**, the Tigers will be awarded the 1957 District 3-AAA baseball title without lifting a glove.

The Texas Interscholastic League is going ahead with plans of running off the baseball program in the same manner of the football and basketball programs.

This being the case, the Tigers are a cinch to win the 3-AAA pennant since SHS will be the only 3-AAA school playing baseball this spring.

But just because the Tigers won't have any conference games to play, they won't be idle by any means.

Tiger baseball coach Speedy Moffett took care of this yesterday when he attended a meeting of District 3-AAA baseball coaches at Big Spring.

All five schools in 3-AAA, Big Spring, Abilene, Midland, Odessa and San Angelo will field baseball teams this spring so Speedy attended the meeting with the purpose of mapping out a schedule.

Moffett and athletic director, John Conley, who also attended yesterday's meeting at Big Spring, first put in a bid to join the District 3-AAAA baseball loop.

But the Texas Interscholastic League forbid it because the Tigers are Triple-A.

### Main Mission Accomplished, However

Well, Conley and Moffett didn't have much hopes of gaining entrance into the 3-AAAA baseball loop, anyway. Their main mission was to line up some games for the Tiger nine.

And that they did. Within about two hours time, they lined up 20 games with the 3-AAAA teams.

The Tigers will play the defending state champions, Abilene, four times. The Black and Golders will also play Midland and San Angelo four times each, Big Spring six times, and Odessa twice.

Speedy isn't through scheduling games either. He is going to try and get both Lubbock teams for a pair of games, plus two each with Plainview and Rotan.

By not having any conference foes to contend with might work for the best all the way around. It would be best, of course, to have to play for the title but we'll take the championships any way we can get them.

Anyway, the spring sports pose quite a problem to high school athletic programs. They have to be worked in with spring football training and it's pretty difficult to do at times.

### Conflict Minor This Year

The spring drills will be held during April at SHS this year and although the Tigers will be playing baseball during this time, no conference games will be on the agenda.

The drills will be over in plenty of time for the football players who also play baseball to get in trim for the bi-district playoffs in mid-May.

The footballers-baseballers will also get in some playing before spring training so they won't be completely baseball "rusty" when they report after the spring grid drills.

As in football and basketball, 3-AAA champions in the District will meet the champion of District 4-AAA in bi-district play. And, as far as we have been able to ascertain, Vernon is the only 4-AAA school playing baseball.

If this is right, then the Tiger diamonders, of course, will meet Vernon in bi-district.

There's a possibility, however, of either Mineral Wells, Weatherford or Graham or all three of 4-AAA will field baseball teams this spring. The other two members of 4-AAA, Breckenridge and Brownwood, have never fielded baseball teams in the past and neither is expected to do so this spring.

At first thought, when it was brought out that Snyder would be the only 3-AAA school to play baseball next spring, it was believed the Tiger baseball program was "all washed up."

But instead, we believe our baseball program got a "shot in the arm" by having the only entry in 3-AAA baseball. Especially so since Coach Moffett was able to line up a full schedule conference games or no.

*PERENIAL POWERHOUSES WIN*

## College Cagers Return To Normal

By DON WEISS

Why, by gosh, it's just like old times in college basketball.

Kentucky's marching through Georgia to Baron Adolph Rupp's watchful cadence. Dayton's winning and so is Duquesne. Must be tournament time's drawing near.

Any season without Kentucky heading for the NCAA tournament and Dayton and Duquesne pointing for that big one or the NIT is an unusual one indeed. Last night, all three acted as if the first half of this season was a mistake and it was time to get back to normal.

Kentucky whipped Georgia 84-53 to take over the top rung in the Southeastern Conference. Dayton, now 10 and 7, continued a promising comeback to spill DePaul, 75-58 — a team it lost to by eight points six weeks ago. Duquesne (10-5) turned back St. Francis of Brooklyn, 71-67.

Each happened to coincide with the reappearance of North Carolina, top-ranked nationally in the Associated Press poll.

No effects from the two week lay-off for exams or a 300-mile bus trip through the mountains to Cullowhee, N.C. were evident as the Tar Heels blasted Western Carolina, 77-59, for their 16th straight.

Kentucky, fourth-ranked nationally but erratic so far, got 22 points from Johnny Cox and 20 from Adrian Smith in moving a half game in front of Auburn in the SEC race. Dave Ricketts, brother of former all-America Dick, set a collegiate record for consecutive free throws in Duquesne's victory over St. Francis.

Dave hit 10 in a row to boost his string to 40, breaking by two the record set earlier this year by Columbia's Chet Forte.

Texas Tech spilled Baylor 68-65 and Detroit won a Missouri Valley Conference test from Houston 91-81.

JOIN THE MARCH of DIMES..

## Tiger Nine To Open Mar. 12

The 1957 Tiger baseball team will open its season March 12 against the defending state champion Abilene Eagles, coach Speedy Moffett announced today.

The game with the Eagles is one of 20 games already scheduled for the Tiger diamonders.

Coach Moffett, lined up the 20 games in a meeting of District 3-AAAA officials in Big Spring yesterday.

The Tigers will meet every member of 3-AAAA at least four times with exception of Odessa whom the Tigers will meet twice. Abilene, Midland and San Angelo appear on the Tiger slate four times, Big Spring six times.

Moffett, in addition, hopes to schedule games with two Lubbock schools, Tom S. and Monterey, and Plainview and Rotan.

The season opener with Abilene will be played here.

Snyder, the only school in 3-AAA that will play baseball this spring, has automatically been declared the district champions.

The 1956 Bengals, under Moffett and Horrace Bostick, gained a tie for the district title with Abilene. Abilene then won the right to compete in the state playoffs by besting the Tigers in a special playoff and the Eagles swept on to the state title.

The TIL's reshuffling of districts this year has thrown Abilene and other members of 3-AA in different districts this spring.

Following are the 20 games lined up for the Tiger diamonders thus far:

March 12 — Abilene, here.
March 19 — San Angelo, there.
March 22 — San Angelo, here.
March 23 — Big Spring, there (2)
March 26 — Midland, there.
March 30 — Big Spring, here (2)
April 2 — Midland, here.
April 6 — Abilene, there.
April 10 — Odessa, here.
April 13 — San Angelo, there.
April 16 — Midland, here.
April 19 — Abilene, here.
April 23 — Big Spring, here
April 26 — Odessa, there.
April 30 — San Angelo, here.
May 3 — Midland, there.
May 7 — Abilene, there.

## SHS Receives 'Carl Herod' Grid Trophy

The "Outstanding Tiger" trophy was officially presented to Snyder High School yesterday by its donor, Carl Herod.

The trophy was presented during the regular assembly period at SHS yesterday morning. Prinipal T. D. Wiman and Ronnie Smith, student body president, accepted the award on behalf of SHS.

Milton Ham, all-state end for the Tigers last fall, is the 1956 winner of the award.

Herod started the award in 1944. Heretofore an individual trophy had been presented to the winner of the award. Since the Texas Interscholastic League frowned on the the boy receiving such awards, this year's trophy was presented to the school.

The new trophy, much larger in size than the previous trophies awarded, will remain in the trophy case at Snyder High School. Each year hereafter the name of the winner will be engraved on the trophy.

### 1st Half Of Bear Slate Under Lights

WACO (AP)—The Baylor Bears will play the first half of their 1957 football schedule at night, Athletic Director George Sauer said yesterday.

Sauer said the first day game for the Bears will be played with Texas A&M at College Station on Oct. 26. Prior to that the team has night games with Villanova, Houston and Arkansas at home and road games with Miami and Texas Tech.

## Tiger B To Play In 2 Tournaments

The Tiger B basketball squad will split up in two forces this weekend to compete in two separate tournaments.

Tiger B coach V.V. Shearburn, who has 20 boys on his squad, will enter teams in both the Rotan "B" team tournament and the Hobbs Invitational Tournament this weekend.

The local B team will meet Hamlin at 11:30 a.m. tomorrow in the Rotan tourney opener and McAdoo at 1:45 p.m. tomorrow in the Hobbs debut.

Eight teams are entered in the Rotan tournament and 16 at Hobbs. Half of the Hobbs field, however, is composed of girls teams.

Following is the first round schedule in the Rotan "B" team tournament:

FRIDAY

10:15 a.m. — Sweetwater vs. Roby.
11:30 a.m. — Snyder vs. Hamlin.
3:30 p.m. — Roscoe vs. Aspermont.
7:00 p.m. — Abilene vs. Rotan.

Winner of the first two games will clash Friday night at 8:15 with the third and fourth game winners to meet Saturday at 1:30 p.m. The championship finals will be played 8:30 p.m. Saturday.

## Cowtown To Host Keg World Series

By HAROLD RATLIFF
Associated Press Sports Editor

The world series of bowling is coming up in five weeks and for the first time in history it will be in Texas.

Fort Worth got the American Bowling Congress. It will open in Will Rogers Coliseum March 9, running 51 lays.

Before the last roll of the 16-pound ball 1,290,000 pins will be knocked sky-ways and crooked.

The ABC is a tremendous sports show. The one in Texas won't be the largest by a long shot but still it will be one of the biggest events this state ever saw.

At the coliseum 32 lanes are being constructed at a cost of about $3,000 per lane. Rental on the building for 51 days will be $125,000.

The 20,000 bowlers from over the nation and other parts of the world who will blast at the pins will spend over $1,500,000 in Fort Worth.

Prize money will be $225,000, raised by entry fees.

The payroll of employees who conduct the tournament will be $105,000. There will be some 145 workers.

Restaurants will roll up $250,000, night clubs $81,250, transportation $51,500, sightseeing $93,750, theaters $18,750, and so on, until it sounds fantastic.

This tournament will use automatic pin-spotting machines for the first time—well, Texas has to have the one first even if it doesn't get the largest tournament.

Actually, the ABC expects to lose some money in putting on its tournament in Texas because this is considered a "fringe" area. A fringe area is one where there is less bowling than others. Of course, not as many bowlers would be expected to enter.

However, the ABC does this on occasion because it wants to build interest in the area that are not up to the others.

They are shooting for 3,450 team entries and already have 2,365. There are five on a team. There also are doubles and singles events.

MUSIAL SIGNS—Stan Musial, St. Louis Cardinal's star outfielder, smiles as he signs his contract, held by Miss Mary Murphy, Cardinal secretary, at a press conference in St. Louis, Mo. It was the 16th time that Miss Murphy has taken part in the signing of "The Man." Musial is reported to have signed for $80,000. (AP Wirephoto)

## Mickey, Spahn Still Unsigned

Contract signing, baseball's midwinter pastime, had stars of the New York Yankees and Milwaukee Braves coming and going today with Mickey Mantle due to reopen talks with the Yanks and Warren Spahn heading home after fruitless conferences in Milwaukee.

Mantle, touring the country from one award dinner to another is a result of his triple crown year in 1956, arrives in New York to receive various awards over the week end. Although no definite appointment has been made, Yanks officials except the young slugger to drop in for further salary negotiations.

Paid $30,000 last year when he led all major league players in home runs, batting average and runs batted in, Mickey is believed to be demanding $60,000. So far the Yanks' top offer is a reported $45,000.

Spahn is seeking a raise over the about $50,000 he drew in '56 when he had his seventh 20-game season with the Braves, winding up 20-13. The 36-year-old lefthander said last night "absolutely nothing happened" in meetings this week with Braves General Manager John Quinn.

"We'll get together," Spahn said in preparing to leave for his home in Oklahoma, but he added that the next move was up to the club.

### Injury Sidelines Baylor Track Star

WACO (AP) — One of the most promising Baylor trackmen of the 1957 season, Jimmy Kennedy of Garland, has been lost to the team with injuries, Baylor track coach Jack Patterson said yesterday.

The Baylor coach said Kennedy tore an Achilles tendon while jogging with teammates in warmup drills this week. He said the athlete's leg would be in a cast for at least eight weeks.

Patterson said Kennedy had been counted on heavily for mile relay and sprint relay duty with the Baylor team this spring.

### Raider 5 Cuts Down Bears, 68-65

LUBBOCK (AP) — Texas Tech fought off a second half rally to down the Baylor Bears 68-65 last night.

Jerry Mallett scored 27 points for Baylor.

Baylor grabbed an early lead, but fell behind and had to battle grimly in the second half to cut a 16-point lead held by Tech at one point.

Tech led at the half 35-32.

### Another Moegle Turns Professional

HOUSTON (AP)—The brother of Dicky Moegle, Bobby Jim Moegle, 23, has signed a 1957 contract with the Houston Buffs of the Texas Baseball League.

He was recently discharged from the Army, where he last year had a .391 batting average as an outfielder with the 39th Infantry team. His brother was an All-America halfback at Rice.

*SWEETWATER SHOW SLATED*

# County Youths To Compete

A large representation of Future Farmers and 4-H Club members from Surry County will be participating in a six-county junior livestock show at Sweetwater tomorrow.

The boys and their stock are already in Sweetwater. Today, however, only a Nolan County show will be held. The six-county show will be tomorrow and Saturday.

Tomorrow morning, the lambs will be judged, while the barrow show will be tomorrow afternoon. Calves will be judged Saturday morning. There will not be a sale.

County Agent Oscar Fowler is in Sweetwater with 4-H Club boys. Only three have their animals there. The representation from 4-H was cut down because of the weather. The three are Jimmy Robinson from Hermleigh and Fred Lewis and Freddie Overman of Snyder.

The Snyder FFA chapter will have a representation of 34 boys, sponsored by Kenneth Goforth and Billy Bob McMullan. These include one who last year showed that show's grand champion barrow, Billy Greene. This year, he has two Berkshires and one Chester White entered.

The Snyder FFA members have four calves, 24 barrows, and about 30 lambs entered.

Among those from Snyder entered are Charles Popnoe, Richard Smith, Jack Kea, Melvin Kea, Johnny Richardson, Richard Newman, Kennie Elkins, John Ward, Jerry Scrivner, Jerry Springer, Richard Miller, Powell Berry, Dwayne Overman, Dean Staton, Billy Ray Browning, Doyle Farmer, Bobby Gene Hataway, Mike Stipe, Alex Cross, Dick Hayes, Richard Roberson, Snooky Rinehart, Ronnie Price, Benny Rinehart, Pat Maddox, Billy Clyde Roberson, Goat Hataway, Gene Griffin, Devane Jones, and Berle Overman.

Those from Ira with Bill McMeans, agriculture teacher, are FFA members Donnie Max Dove, Johnny Everts, Leroy Lindsey, Travis Alexander, Fred Turner, Don Plumlee, Tommy Echols, Carson Clayton, Gene Sumruld, Bobby Walker, Tom Elam, Emmit Autry, Joe Neal Smallwood, and James Autry.

Agriculture teacher Ray Herring of Fluvanna took to the show Ronnie Beaver, Rodney Summers, Jeff Martin, Buster Lemons, Victor Fulford, Troy Evans, Rex Pylant, and Vernon Browning.

# Six Are Indicted In Duval

SAN DIEGO, Tex. (AP)—The Duval County grand jury yesterday indicted Atlee Parr and five others on charges growing out of the Benavides Independent School District election last April.

Atlee Parr is the brother of George Parr, convicted and sentenced to five years in prison this week.

The charges against Atlee Parr and the others allege diversion of funds from a special school district fund, conspiracy to misapply public funds, and bribery of electors in a primary election.

Atlee Parr and R. W. Milligan, 48, Benavides superintendent since 1938, were named in all three indictments. The latter was relieved of his post as school superintendent Jan. 14, effective Feb. 1.

Listed with them in the indictments alleging diversion of a special school district fund and conspiracy to misapply public funds were D. C. Chapa, Jesus Garza, Jesus Olivera and Oscar Carillo.

Named in the indictment charging bribery of electors were Atlee Anacleto Valerio and Jesus Garza.

Asst. Gen. Sydney P. Chandler said the state alleges that more than $2,000 was spent in giving jobs to 30 to 50 persons on the Benavides school grounds if they would promise to vote for the candidates of the Old Party, the local political organization long dominated by George Parr.

## Nesbit Will Attend Optometry Congress

Dr. J. A. Nesbit of Snyder has accepted an invitation to attend and participate in the 17th annual meeting of the Southwestern Congress of Optometry in Fort Worth on Feb. 11-13.

Internationally known lecturers will speak on the care of vision as it relates to "Building Visual Achievement," which is the theme of the congress.

A complete program of entertainment and lectures has been prepared for the wives of the attending optometrists and they have been invited to attend.

## Salt Water Barrier Is Being Built

BEAUMONT (AP)—A salt water barrier is being built below the Neches River intake to protect Jefferson County's water supply against tide water from the Gulf, it was announced yesterday.

John W. Newton, Lower Neches Valley Authority president, said Jefferson County's water supply has reached a record critical point for this time of year.

The salt water dams usually are thrown across the river during years of drought to hold back salt from Gulf tidewater, but the barrier is going up about four months earlier this year, Newton said.

Salt content of the river as the barrier installation started measured 100 grains a gallon at a point five miles below the LNVA intake. All cities except Beaumont in Jefferson County are served by this intake. Beaumont had its own intake.

"The flow of the Nueces River is little more than a third of its normal January flow of recent years," Newton said.

He said fall and winter rains have been extremely light in the dam reservoir and watershed and have done little to replenish the low supply.

# Alabama Bombing Cases Are Probed

MONTGOMERY, Ala. (AP)—City detectives sought new evidence today in a continuing investigation which has already put at least seven white men in jail for the recent bombings of Negro homes and churches.

Police Commissioner Clyde Sellers announced last night that "seven or eight" men are being held for the dynamiting of four churches and three dwellings in an outburst of violence following the end of segregation on city buses.

"Several" have signed statements admitting participation in the bombings, the commissioner said.

Sellers said that one of the men, identified as Henry Alexander, 27, admitted shooting into a bus.

Segregation barriers were hauled down on Montgomery buses under a federal court order Dec. 21. In all of the attacks, only one person was seriously injured. A young Negro woman passenger was shot in both legs by a sniper who ambushed one bus.

Sellers' announcement came one year to the day after the first bomb exploded in the long and bitter struggle over bus segregation.

The home of The Rev. Martin Luther King Jr., who led a year-long mass Negro bus boycott that preceded the U.S. Supreme Court ruling against segregation, was dynamited the night of Jan. 30, 1956. No one was injured.

Sellers said police have been unable to link all the bombings together but that if successful, they will charge the defendants with "conspiracy."

He said other charges will be filed but that the city attorney will have to decide what they will be.

Alabama law provides the death penalty for anyone exploding dynamite "in, under or dangerously near" an inhabited dwelling. A defendant convicted of bombing a church or other public building can get a maximum of 10 years in prison.

Sellers declined to name any men being held except Alexander who, he said, has been charged with assault with a deadly weapon and assault with intent to murder for a bus shooting in which no one was injured.

Sellers declined to say whether any of the men in jail are members of the Ku Klux Klan or the White Citizens' Council.

# Bond Sales Report Given

Scurry County attained 86.9 per cent of its quota in U.S. Saving Bond sales during the past 12 months, according to Lyle Deffebach, county bond sale chairman.

Bond sales in Scurry County amounted to $530,401, compared to a 1956 quota of $610,000. However, the total for District 16-A, which includes Scurry County, amounts to 104.3 per cent of the quota, with $1,783,996 sold against a quota of $1,710,000.

During the month of December, sales of savings bonds in Scurry County totalled $39,640, while the total for District 16-A for that month was $112,740.

## Coeds Routed From Rooms In Basement

BOULDER, Colo. (AP) — Thousands of gallons of water poured from a broken main into the basement of Aden Residence Hall on the University of Colorado campus yesterday.

The 34 girls living in basement rooms moved to other quarter. Hundreds of dollars worth of formal gowns, stored in lockers, were saved as seven inches of water accumulated

# THE SNYDER DAILY NEWS

VOL. 7, NO. 235 — SNYDER, TEXAS, THURSDAY, JANUARY 31, 1957 — SECTION B

CORN SOUFFLE IS DRAMATIC DISH FOR DISCRIMINATING GUESTS
. . . under crisp brown crust, corn and cheese are blended

CORN SURPRISE PIE COMBINES CORN, CHEESE, HAM
. . . into perfect main course for evening meal

# Canned Corn Is Base For Tasty Short-Cut Dishes

Never have stocks of canned sweet corn been so large, nor prices so attractive for homemakers.

There are dozens of interesting ways to serve sweet corn. Try it for breakfast by adding a little whole kernel corn to waffle batter.

For lunch, serve Indian cole slaw. To shredded cabbage, add drained whole kernel corn, finely chopped onion, green pepper and pimiento. Season with salt, pepper and tart French dressing.

Serve old fashioned corn pudding, enhanced with chunks of cooked ham and ripe olives, for dinner or a late supper. For large casserole, use both cream style and whole kernel corn.

For sandwiches, mix whole grain corn, well drained, with grated cheese and bits of bacon. Spread cheese runs.

**VICTORY PUDDING IS OLD FAVORITE**

½ medium green pepper
2 tablespoons butter or margarine
2 tablespoons flour
1 teaspoon salt
¼ teaspoon pepper
1 can (14½ ounces) evaporated milk
1 can (16 or 17 ounces) cream style corn
2 pimientos
2 eggs
2 medium size tomatoes
1 cup canned French fried onions

Cook chopped pepper in butter until tender. Stir in flour, salt and pepper. Add evaporated milk and cook until thickened, stirring constant. Add corn and diced pimientos. Stir in beaten eggs. Empty into 1½-quart casserole. Bake in 350 degree oven 40 minutes.

Remove from oven and top with slices of peeled tomato. Top each slice with a mound of French fried onions. Return to oven for 5 minutes. Serves 6 to 8.

**THIS CORN SOUFFLE WON'T FALL FLAT**

¼ up butter or margarine
¼ up flour
½ teaspoon salt
1 6-ounce can evaporated milk (2-3 cup), undiluted
1 No. 303 can (1 pound) cream style corn
1 teaspoon Angostura aromatic bitters
1 cup diced sharp Cheddar cheese
4 eggs, separated

Melt butter in top of double boiler. Add flour and salt; mix well. Gradually stir in milk and cook, stirring constantly until sauce is thick. Add corn, bitters and cheese; stir until cheese melts; remove from heat.

Beat egg yolks until light and cream colored; gradually pour yolks into sauce, stirring constantly. Clean beater; beat egg whites until stiff but not dry. Carefully fold sauce into egg whites.

Pour mixture into well-buttered 2-quart casserole. Bake at 475 degrees for 10 minutes; reduce heat for 10 minutes; reduce heat to 400 degrees and bake 30 minutes. Makes 4 to 6 servings.

**CORN SURPRISE PIE LOOKS LIKE DESSERT**

1 10-inch unbaked pie shell
1 family-sized can deviled ham
4 eggs
2 tablespoons flour
¾ cup milk
1 number 303 (1-pound) can cream style or drained whole kernel corn
2 teaspoons mustard, prepared
½ teaspoon salt
⅛ teaspoon pepper
1 cup grated process Cheddar cheese

Spread bottom of pie shell with deviled ham. In bowl, beat eggs and flour; then beat in milk, corn, mustard, salt and pepper. Stir in cheese.

Pour over ham in pie shell. Bake at 425 degrees for 15 minutes; then reduce to 325 degrees and continue baking for 40 minutes or until silver knife inserted in center comes out clean. Serves 8.

**FOOL-PROOF RECIPE GIVEN FOR FRITTERS**

1 cup sifted flour
1½ teaspoons baking powder
½ teaspoon salt
1 tablespoon sugar
1 egg
½ cup water or milk
2 tablespoons dry milk, whole or nonfat
2 cups drained canned whole kernel corn (number 2 can)
2 teaspoons melted fat
Fat for frying 1 inch deep in pan

Sift together flour, baking powder, salt and sugar. Break egg into bowl, add liquid, then milk powder. Beat until smooth. Stir in corn and add melted fat.

Drop by spoonfuls into hot fat. Fry 2 to 3 minutes, turning to brown on both sides. Remove from fat and drain on absorbent paper. Makes 14 large fritters.

**PORK CHOPS TOP THIS CASSEROLE**

1 quart solft bread crumbs
1 cup whole kernel corn
1 cup bran cereal
1 cup milk or vegetable juice
1 tablespoon chopped onion
3 tablespoons chopped celery
1 teaspoon salt
Dash of pepper
2 tablespoons butter

Mix above ingredients and place in buttered baking dish. Arrange 4 large or 6 small park chops over the top of the casserole. Cover and bake at 375 degrees 1 hour. Remove cover the last 15 minutes so chops will brown.

**SAUSAGE AND CORN COMBINE FOR ZEST**

1 pound bulk sausage
1 17-ounce can cream style corn
½ cup coarse cracker crumbs
Salt and pepper

Shape sausage into dollar size patties and brown in skillet. Drain off most of fat and add corn and cracker crumbs. Season with salt and pepper. Serves 4 to 6.

**POTATOES, TOMATOES BLEND INTO CHOWDER**

2 ounces salt pork, diced
1 small onion, chopped
1 bay leaf
1 16-ounce can tomatoes
1 17-ounce can cream style corn
1 cup diced potatoes
1½ cups boiling water
1 cup hot milk
½ teaspoon Worcestershire sauce
Salt and pepper

Cook salt pork until brown. Add onion and cook until tender. Add bay leaf tomatoes, corn, potatoes, and water. Cook slowly until potatoes are tender, about 25 minutes.

Remove bay leaf. Slowly stir in hot milk and season to taste. Serves 6.

**CORN-OYSTER SCALLOP VARIES NIGHT MEAL**

1 4-ounce can mushrooms
1-3 cup butter or margarine
1-3 cup chopped ripe olives
1 17-ounce can cream style corn
1 7½-ounce can oysters
¾ cup packaged bread dressing

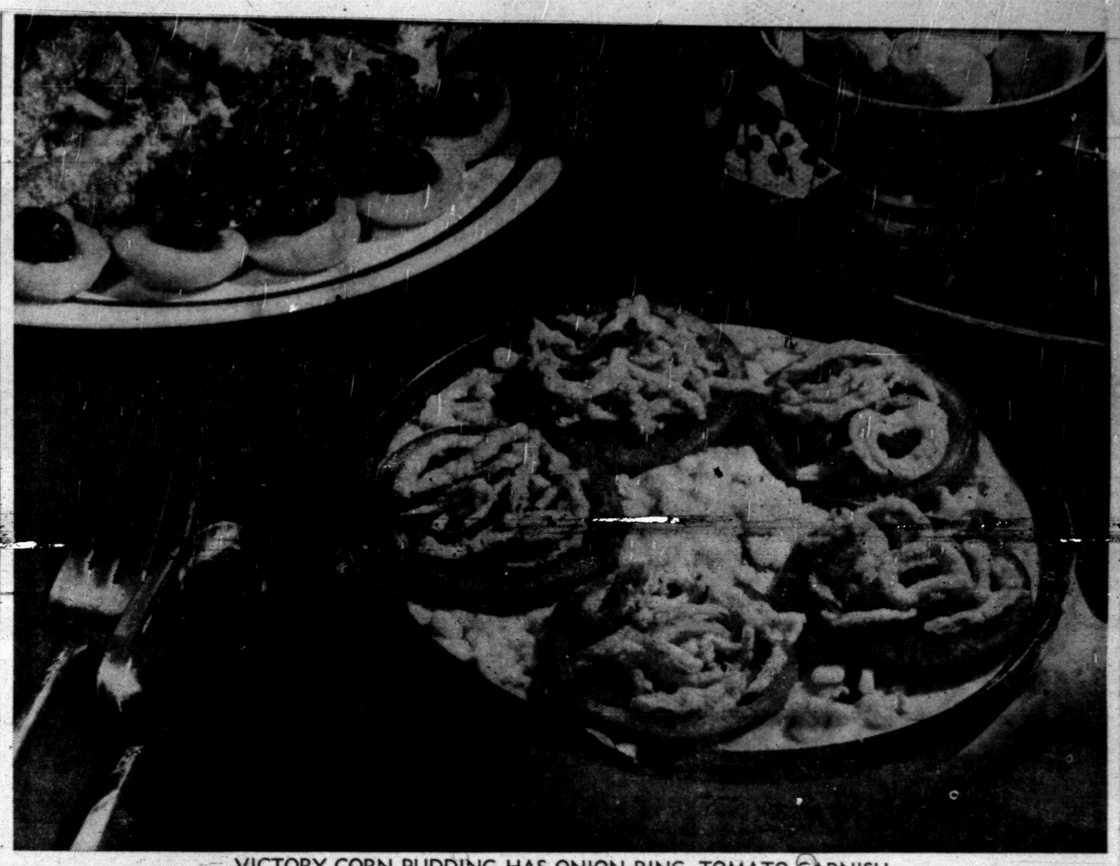

Brown drained mushrooms in butter. Remove mushrooms and mix with olives, corn ¼ cup oyster liquid and drained oysters. Toss bread dressing in remaining butter.

Alternate layers of corn mixture with crumbs in baking dish, ending with crumbs. Bake in 350 degree oven about 30 minutes. Serves 4.

**CORN EGG AU GRATIN IS QUICKLY FIXED**

1 17-ounce can cream style corn
1 cup grated cheese
1 teaspoon Worcestershire sauce
¼ teaspoon salt
Dash of pepper
2 hard cooked eggs
½ cup buttered soft bread crumbs

Mix corn, cheese and seasonings; put into baking dish. Arrange egg halves on top. Sprinkle with crumbs. Bake in 375 degree oven about 25 minutes. Serves 4.

VICTORY CORN PUDDING HAS ONION RING, TOMATO GARNISH
. . . goes well with fried chicken, apricot halves, relishes

*YOUR INCOME TAX*

# Choosing Right Form Important

By WILLIAM O. VARN
AP Newsfeatures

By now you should have your figures ready and you should have made a choice as to the type of federal income tax return form you should use to fit the amount and type of your income.

That means you are ready to begin studying the instructions that come with your blank forms and decide the taxpayer class into which you fall. By doing so and deciding how you will make out your return you will be in position to save dollars and cents.

The revenue service provides a

16-page booklet telling you how to go about filling in Form 1040. There is a two-page instruction sheet with the shorter Form 1040A. Pages 3 and 4 of the 16-page pamphlet take you step by step through the job of filling out your return.

Each step is keyed directly to the lines on the forms and refers you to the exact page where you can get detailed information if needed. The ready reference feature is new this year.

This article will attempt to help you decide how you should make out your return and thereby save you money.

Basically the four classes of taxpayer returns are:

1. The separate return.
2. The joint return of husband and wife.
3. The special joint return for certain recent widows and widowers.
4. The special "head of household" return for single persons or those legally separated.

The law spells out conditions under which each of these may — or must — be used. Here is a description of these conditions to help you select the taxpayer status giving you most advantages:

* * *

1. THE SEPARATE RETURN. This can be used by single taxpayers, or by married taxpayers who prefer to file individual returns. If the separate return is used, each individual must report his own income and list his own exclusions from income and deductions allowed by law to compute his tax.

If husband and wife file separately, both must have income under the laws of their state. Many states have community property laws. In these the wife has half the family income, even though she may earn nothing herself. In these states, the deductions may be divided half and half between husband and wife if these expenses are paid from their community income. When husband and wife file separately, and one itemizes the deductions, both must do so. Schedule I, Page 11 of the Form 1040 instructions gives you the rates for computing your tax.

* * *

2. THE JOINT RETURN. A husband and wife may file a joint return even though only one had income during the year. If they do so, the return must include all of the income, exemptions and deductions for both of them. A joint return can be made on either form 1040A or 1040.

Both husband and wife must sign a joint return and each is legally responsible for the whole return. You can file your return this way if you were married any time during the year and remained married the rest of the year. You are not eligible, however, if you were divorced, or legally separated, any time in the year, up to and including Dec. 31.

Ordinarily it is to your advantage to file a joint return, if you are eligible, because of the split-income method of computing the tax. The tax is higher where one person files alone. The joint return means that in figuring the tax your joint income is split into equal parts. Your tax thus is the combined tax on the two halves. Each half is smaller and lower tax rates apply in the computation. This usually results in a smaller total tax.

Schedule II on Page 11 of the Form 1040 instructions helps ease the arithmetic in finding the joint return tax. The income splitting features and tax addition features are provided for in the rates listed.

* * *

3. THE SPECIAL JOINT RETURN FOR WIDOWS AND WIDOWERS. In this you can take advantage of provisions in the 1954 revision of the tax laws. You can file a joint return for the full year if your husband or wife died any time during 1956. You can claim an exemption for your deceased spouse. In general you would file just as though both had lived through the entire year.

If your husband or wife died in 1954 or 1955, you can file a modified joint return for 1956 provided you meet certain conditions stated in the law. In such a return, you claim only your own exemption, income and deductions, but you use Schedule II on Page 11 of the instructions in figuring your tax. Thus you get the split income benefit.

These are the conditions under which widows or widowers may file a joint return: You must not have remarried before the end of the year. (If you have, you can file jointly with your new wife or husband.) You must have been entitled to file jointly with your deceased spouse at the time of death. Since that time you must have maintained a home which is the principal living place of a child or

step-child for whom you would ordinarily be entitled to an exemption.

* * *

4. THE SPECIAL HEAD OF HOUSEHOLD RETURN. This provision covers single persons who maintain a household, and also applies to divorced or legally separated persons who do so. You also are eligible if you were married during any part of 1956 to a nonresident alien.

To be eligible to file as head of household you must: (A) Maintain a home which is the principal residence of your unmarried child, stepchild or grandchild, whether or not such child is your dependent, or any other relative whom you are entitled to claim as a dependent; (B) Pay more than half the cost of a separate home for your father or mother, if either qualifies as a dependent of yours. The financial test is whether you pay more than half the cost of keeping the home, including such things as mortgage interest, rent, taxes insurance on the home or the like.

If you can qualify as "head of household" your tax will be lower than if you file a separate return. Schedule III on Page 11 of instructions pamphlet will give you your special rates.

## Three Treated After Amonia Turned Loose

DALLAS (AP)—Three persons required medical treatment yesterday after an ammonia valve "broke loose" from a workman at Best Foods, Inc., and spewed fumes into the air.

They were Mrs. Eunice Anderson, 36, Howard Womack, 41, and Louis Maliska, 23. None were believed seriously injured.

Firemen had to enter the plant and turn off tank valves. They said the workman was draining ammonia tanks when a valve "got away from him" and spewed the gaseous refrigeration compound into the air.

## Longshoremen Ink Contract

GALVESTON (AP) — Representatives of the International Longshoreman's Assn. have signed a new three year contract affecting more than 4,000 dock workers from Lake Charles, La. to Brownsville, Tex.

Ralph Massey of Houston, representing ILA locals of the West Gulf Coast area, South Atlantic and Gulf Coast district, signed the contract last night along with J. Ross Dunn, chairman of the Galveston-Houston Maritime Assn. negotiating committee.

The union got a raise amounting to 31 cents per hour, retroactive to Oct. 1. The basic hourly wage for the first year is $2.60, a 22 cent increase over the old contract terms that expired last Sept. 30.

The wage goes up another seven cents per hour in the following two years.

Benefit payments for welfare and pensions were raised from 14 cents an hour per man to 23 cents the first year, 26 cents the second year and 29 cents in the third year.

## Former Star Buried

HOLLYWOOD (AP)—The onetime $3,000-a-week star of silent movies Helene Costello, was buried yesterday in Calvary Cemetery. Less than a dozen friends attended. She died last Saturday of penumonia at the age of 53.

## Prison Inmate Leaves Estate Of $10,000

FLORENCE, Ariz. (AP) — Tom Sisson, oldest inmate in the state prison when he died last week at 86, left an estate of almost $10,000. He willed the money to a fellow prisoner.

Former warden Alva Weaver, the executor, said the money was saved from a pension as a U. S. Army scout in the 1880s.

Sisson was sentenced to life in 1918 for the murder of three officers who attempted to arrest him and John Powers in a mountain hideaway for World War I draft dodging.

Powers, who inherits the $10,000 is in for life, too.

## Rabid Dogs Are Posing Top Problem

AUSTIN (AP)—The State Health Department said today that dogs continue to pose the most imminent danger of human exposure to rabies. The department added that the problem in Texas Wildlife is one of the most acute in the nation.

Health Commissioner Henry A. Holle called for control action aimed at both the wild and domestic facets of the disease. He asked counties facing potential epidemics to hire professional hunters, and dog wardens to keep stray dogs under check and to enforce annual vaccinations of owned pets.

The department said that five people were killed in 1956 by rabies; three children and one adult in Dallas and one adult in Austin who was apparently infected in the course of his work for the department. It added that last year 2,064 boxes of rabies vaccine were given to exposed persons; each box contains the required vaccine for a series of 14 injections.

The department said that nine counties had staged control programs in redent months and that two others were in the process of similar activities.

## Detroit Dog Catcher Is Goated Into This

DETROIT (AP) — Suburban Troy police say a housewife called and irately exclaimed "a dog is chewing up my shrubbery. I want some action."

Dog warden Ascher Smith was dispatched to the woman's home. The "dog" was a goat.

## Death In Ceylon

COLOMBO (AP) — Alfred Goonetilleke, father of Ceylon Gov. Gen. Sir Oliver Goonetilleke, died today at Queen's House, his son's official residence. He was 96.

# Group Will Make Report On Projects

WESLACO (AP)—A. L. Cramer of Elsa, chairman of the executive committee of the Rio Grande Water Storage Committee, has announced his group will prepare a report on methods of financing three proposed channel storage dams in the Lower Rio Grande.

Cramer made the statement after a meeting yesterday with regional officials of the Bureau of Reclamation to discuss the financing.

Formed last fall to study methods of financing the water-saving dams, the committee said it would call a meeting of all interested parties after groups had a chance to study the report.

Committee members said the report would completely explain the advantages and costs of each plan and would be written in easily understandable language.

A report was made to the committee by Rep. Joe M. Kilgore of McAllen on the possibility of getting a government loan for the estimated 7½ million dollar project.

Location of the three channel storage dams would be between Falcon Dam and the Gulf. It was estimated by special water master Kenneth Smith of McAllen that the dams would have saved 200,000 acre feet of water if they had been in operation last year.

*DESPITE SETBACKS*

# British Power Still Not Dead

By INEZ ROBB

LONDON — Well, sir, things are tough all over. But it is one woman's opinion that any obsequies held over England at the moment would be premature and a flagrant waste of flowers.

As of now, England strongly reminds me of Broadway, long-since christened "The Fabulous Invalid." Year after year ever since I can remember the pessimists have declared Broadway, i.e., the theatre, to be dying. Yet every time they arrange a memorial service, Broadway turns out to be the liveliest corpse in the country.

In war or peace, there is no power that can lick a people who persist in rejecting central heating and in perpetrating the myth that the Brussels sprout is an edible vegetable.

Only the other day, this nation broke ground for its second atomic power station. Her first atomic-power plant — indeed, the world's first functioning atomic-power station — has been pumping juice into power lines since last autumn.

On an almost equally exalted level, this nation is rejoicing in the volume of her aircraft export business, which is expected to earn between 7 and 8.5 billion dollars for this dollar-hungry country in the coming decade. Both United States and Canadian airlines continue to boy her turbo-prop and jet passenger planes.

At a time when the nation can stand a shot in the arm, the announcement of substantial U.S. airline investments in the new "Whispering Giant", i.e., the new turbo-prop, long-range Bristol-Britannia, the smaller turbo-prop Viscount and the new jet Comet IV, has provided it.

In turn, British airlines continue to buy American planes. At the moment, the two industries complement each other. British Overseas Airways Corporation is a classic example of mixing the two products in global operations.

BOAC has just put into service her first (Douglas) DC-7C's, one of which hit 480 miles per hour the night it — and I — flew nonstop between New York and London in nine hours.

Within the next 12 months, BOAC hopes the huge Bristol-Britannia will be in the trans-Atlantic service and bettering the record of the new Douglas. But for fast jet service across the Atlantic, BOAC will not depend upon the short-range jet 707. The British line hopes to have the American jet in operation early in 1960, while the Comet IV goes into the South African, Australian and Far East routes, where refueling is feasible.

The Boeing jet is expected to cross the Atlanctic to London in seven hours and return to New York, thanks to prevailing head winds, in an extra 60 to 90 minutes. Interesting enough, the faster planes fly, the more certain they are to be put in the tourist service.

This isn't hard to figure out after my experience on BOAC's nine-hour hop to London in the new Douglas. After a long and leisurely cocktail and dinner hour, I was almost half-way across the Atlantic before I climbed into my berth. It hardly seemed worth the effort (ever fought with a two-way stretch in an aerial upper berth?).

British plane research has already produced an experimental five-engine jet that takes off and lands vertically. And the industry is confident that by 1970, at the latest, it will have in service a passenger plane that will carry globe-trotters safely and comfortably through the sound barrier.

Shall we all rise and join in "There'll Always be an England"?

# Man Hunts On Wheels

CLARKSVILLE, Ark. (AP) — Most hunters tramp through the woods in search of a deer. Not so with Woodrow Rogers of Clarksville.

A paraplegic since he was wounded in World War II, Rogers hunts deer from a car.

Last year was the first since 1948 that he failed to bag a deer and he has a good excuse for missing.

Two paraplegic friends were visiting him and he gave them the "shooting side" of the car — the right side.

## Old Tires Turned Into Basketballs

BOWLING GREEN, Ky. (AP) — Kids are turning old tires into basketballs.

A recapping firm, finding itself short on old tires, offered a regulation size and weight basketball to each boy and girl bringing in a tire.

When the supply of basketballs is exhausted, the company said it will order more.

Sweden has practically no domestic resources of coal or oil, says Swedish Minister of Commerce Gunnar Lange.

# 124 Students In Local High School Named On Honor Roll

A total of 124 Snyder High School students have been named as honor roll students for the past semester.

The honor roll includes a first group, made up of those taking at least four subjects and who have all A reports. The second group includes those who have at least three marks of A and no grade lower than B. These grades must be only in the "solid" subjects.

According to reports from the high school, 84 of the 124 students were girls and 40 were boys. At the same time last year there were 66 girls and 29 boys named to the honor roll.

Sixteen per cent of the entire high school student body was named to the honor roll.

Seniors named to the first roll were Sue Clark, Karen Crooks, Dena Dupree, Frances Parker, Billie Ramsey, Robert Dabbs, Wiley Denson, Joel Hamlett, Sam Martin, Tommy Prichard, Joe Reaves, Bill Smallwood, and Ronald Smith.

On the second roll were Joy Bills, Pat Bruton, Mickey Camp, Mary Lou Cary, Rita Grimmett, Diane Kerley, Elizabeth Largent, Patsy McDowell, Freida Melton, George Ann Mottesheard, Marjorie Norton, Barbara Neal, Jane Patterson, Karleen Roberts, Beverly Scott, Pat Wade, James Bowen, Milton Ham, Roe Lashaway, Lynn Tankersley, and James Tate

Juniors on the first roll were Tony Dees, Velma Brumley, Paula Dupree, Pat Gage, Joe Hawthorne, Annette Hock, Wilda Livingston, Patsy May, Jo Ann Miller, Carolyn Murphy, Pat Page, Shirley Payne, Sieglienda Radtke, Beth Wiman, Bill Crowell, Douglas Jones, Ronnie Pitner, and Larry Williams.

Those on the second roll are Molly Carroll, Nell Crawford, Mary Deffebach, Sandra Feather, Viola Hinojos, Lydia Hutchins, Oma Ivison, Doris Lewis, Janelle Moore, Joyce Townsend, Nelda Thomas, Dana Scarborough, Neal Boyd, Hollis Cox, Jerry Davis, and Gary Vice.

## IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

**MAN-MADE LAW?**

Some people find confusing our different state and national laws dealing with the same things. Income tax laws for an example.

Surely, they say, you can have no real justice, unless there is some one "best way" to do each thing — to hold property, to manage traffic, to pay taxes, or to enforce contracts.

So it bothers them. Why should Englishmen drive on the left side of the street? Why should married couples hold title under community property laws in some states and not in others?

Is law merely a man-made contraption?

Is it true that like good manners much law is man-made, growing out of custom or local problems. In card games you can play many different games with one deck. You merely change the rules. But as with cards and all games, the law goes deeper than convention into man's basic needs for order, for a grasp of the part he is to play, and for a way to settle disagreements.

Law provides an orderly way to do things so that people can make long-range plans and work together Its rules help you to find out where you stand — your rights and duties. And last, law has binding ways of settling disputes if need be, first to keep the peace, and then win people over by dealing with them in ways that satisfy their sense of fairness.

You can find these traits of law in most groups from the most primitive to the civilized.

As man finds out more and more about himself and his world, as his experience and wisdom grow, the law may get better. For example, as the psychological laboratories find out more about man's reaction times, his fears and faults, our laws about driving, for instance, may improve.

And here is another purpose the different kinds of laws may serve. You may look upon each as a sort of experiment. Some turn out badly, and some well.

But in the give and take of public discussion, these efforts may yet bring us more nearly to the "one best way" — if any such thing exists.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

## Dalai Lama Visiting

HONG KONG (AP) — The Dalai Lama, spiritual leader of Tibet, is reported visiting in Sikkim, a tiny Himalayan state between his homeland and India, after ending an Indian tour.

## Bank Robbery Suspect Enters Guilty Plea

SHREVEPORT, La. (AP)—William Rodger Starnes, 31, pleaded guilty yesterday to a charge of robbing the Sour Lake, Tex., bank of $25,211 on Dec. 14, 1956.

U.S. District Judge Ben C. Dawkins ordered a pre-sentence investigation.

Starnes posed as a manufacturer seeking a plant site while chatting with bank officials and then robbed the bank. He was captured here the next day.

Starnes, of Voth, Tex., told U.S. Dist. Atty. Fitzhugh Wilson earlier that he wished to plead guilty and be sentenced here, but the plea was held up until yesterday because of a delay in getting the case transferred to the Western District of Louisiana.

DO YOU KNOW-

- the operators of the DEM TEX OIL CO - DEEP ROCK STATION? Their last names are Templeton and Ware - what are their first names.

Did you ever experience . . ."taking on aching tooth" . . ."taking a pain" . . ."going to see about your eyes" . . .to a professional man whom you just didn't know? Then — how differently you actually felt "after you got acquainted" and you knew that professional man?

"LET'S GET ACQUAINTED" . . .and, SPECIAL ATTENTION is to be centered on those who serve you at offices, stores and business concerns.

Let's Get Acquainted

## WACO OFFICER HAS 'LITTLE' PROBLEM

WACO, Tex. (AP) — Bruce Alan Gibson, 4, yesterday got into his policeman father's chest of drawers and pulled out a pair of handcuffs. A few minutes later his ankles were cuffed together.

Police Sgt. Glenn Gibson had to make an emergency call to his own home.

## 2 Indicted For Thefts

AUSTIN (AP)—Three San Antonio residents, two of them government workers, have been indicted by a federal grand jury in connection with the theft of 31 airplane propellers from Kelly Field and three electric motors from Fort Sam Houston.

One indictment charges Richard Fred Poncher and Richard B. Cisneros with stealing aircraft props valued at $16,596 last April 17. Poncher is a surplus dealer and Cisneros is a truck operator employed by the government at Kelly Field.

The propellers for C46's belonged to the Air Material Command. The government has been unable to locate the huge propellers.

The second indictment charges Bruce Warren Manger, a Civil Service employe in the Post Engineers electrical shop at Fort Sam Houston, with three counts of theft.

## 'Tight Money' In Oil Industry Called Minor

HOUSTON (AP)—The "tight money" problem in the oil industry is more talk than reality, E. O. Buck, vice president of the National Bank of Commerce, said yesterday.

Buck, in a speech to the Gulf Coast Petroleum Writers Assn., said money for oil financing is available "at a price and the petroleum industry has paid the price in the past and always will."

He said the oil industry holds an exceptional record in borrowing from banks. Losses on such loans in the past have been less than one-tenth of one per cent, he stated.

## Falls From Boxcar

WAXAHACHIE (AP) — Sheriff Wayne McCullum said yesterday that a man killed Tuesday when he fell from a Missouri Pacific Railroad boxcar has been identified as James Harold Pope, 38, of San Antonio.
