

Flight Engineers Shun New York Session Today

Would Talk In Capital

WASHINGTON (AP)—Striking flight engineers of Eastern Airlines passed up today a negotiating session set up in New York by federal mediators, but offered to talk in Washington instead.

Official pressure for settlement of that dispute and others like it built through talks in industrial quarters about possible legislation for compulsory arbitration.

The latter move was initiated by Chairman A. S. Mike Monroney, D-Okla., of the Senate Aviation Subcommittee. He called Secretary of Labor Arthur J. Goldberg to his office for a discussion of what Monroney called jurisdictional strikes on the air carriers.

There was no immediate commitment from Goldberg, but Monroney said the secretary wanted to study the idea.

The dispute that has grounded Eastern since Saturday threatens to stop Pan American World Airways and barely missed shutting down Trans World Airlines last week is jurisdictional. The big issue is who shall have the third seat in the cockpit when the airlines cut the crews on their big planes from four men to three by combining the jobs of the third pilot and the engineer.

The Flight Engineers International Association, AFL-CIO, bypassed the New York talks on the ground that it had no formal notice of the session, to which Undersecretary of Labor W. Willard

Wirtz and Francis A. O'Neill Jr., a member of the National Mediation Board, had been assigned.

Headquarters of the union released a message to the board from Jack Robertson, head of its EAL branch, saying the union had no notice of the New York session except press reports.

But the message said the union would have representatives in Washington by noon and would take part in any negotiations set up there.

EAL, the second biggest domestic air carrier with nine million passengers a year, shut Saturday when the engineers walked out, leaving 15,000 employees and leaving thousands of travelers to find other passage.

Pan American, the biggest U.S. overseas line with four million passengers a year, is flying after a brief walkout Saturday, but its engineers are working under a court order effective only until a hearing Tuesday afternoon.

The strike against Eastern has stranded thousands of persons in various parts of the United States and in Puerto Rico and Bermuda. Pan Am ran three extra flights to Bermuda Sunday to pick up stranded travelers.

Undersecretary of Labor W. Willard Wirtz and Francis A. O'Neill Jr., a member of the National Mediation Board, were assigned to meet here today with negotiators for Eastern and for the AFL-CIO Flight Engineers International Association.

The dispute between the union and Pan Am was put before negotiators for both sides at a meeting in Washington today.

The government's top representative for the meeting, Wirtz, was Secretary of Labor Arthur J. Goldberg, who had a major role in bringing about the tentative settlement between the flight engineers and Trans World Airlines last Thursday.

"Estes appeared to be an excellent customer (for liquid fertilizer) and Commercial Solvents was anxious to keep him," McConnell said. During the 1959 visit, he added, "nothing happened which caused us to have any question about the integrity of Estes."

"Sometime later, I discussed with management the advisability of putting a plant in West Texas from which we could supply Estes' needs at very substantial freight savings, provided we could conclude that this relationship was a permanent one," McConnell said. "This suggestion was not approved."

Estes' death in 1941 had been making her home with a son, Darwin, in the Byron community. Officiating at the services will be Rev. Glen Rosenfeld, pastor of the First Baptist Church of Roscoe. Burial will be in the Lone Wolf Cemetery under the direction of Bell Funeral Home. Mrs. Bollinger was a member of the Lorraine Methodist Church.

Survivors include two daughters, Mrs. W. O. Hurst of Ft. Worth and Mrs. Fred Nitzsche of Roscoe; three sons: Darwin of Roscoe, E. B. of Santa Maria, Calif., and Winfred of Abilene; two brothers, L. J. Shelton of El Paso, Calif., and W. T. Shelton of Paris, Tex., and 10 grandchildren.

Palbearers will be George Brant, Lon Ward, Lee Nolan, Jim Glass, Pete Glass, and O. C. Darden.

SNOWBALL LIKES HIS BATH—Snowball, an odd-ball White Leghorn rooster, gets a shower of clear water from his owner, Carl Wagner of Jackson, Mich., after a kitchen sink bath in soap and water. Wagner says Snowball enjoys his bath, is led around often on a leash and eats out of his hand. He is a household pet. (AP Wirephoto)

Hard Rains In Panhandle, South Plains

By The Associated Press

Hard rains, accompanied at some points by hail and lightning too close for comfort, ranged across the Panhandle and South Plains in West Texas during the night.

Most of the scattered thunderstorms and occasional showers broke up before dawn, the Weather Bureau reported.

North of Dismitt in Castin County, hail stones piled up 2 inches deep in a farm road. Dismitt measured .75 inch of rain.

Lightning grazed a building in Amarillo, knocking a piece of stone free. Power failed a time in parts of Amarillo. East of Canyon, in the same vicinity, water rose 8 to 10 inches over sections of road.

About an inch of rain fell at Vega. Other reports of heavy rainfall came from White Deer and Skellytown. Light hail pelted the town of Claude.

Before the turbulence built up, the Weather Bureau issued an alert for severe thunderstorms, large hail and destructive winds in a sector 120 miles wide north-east of a line linking Dalhart, Panhandle, Clarendon, Memphis, Childress and Quanah.

At one time a line of thunderstorms rumbling toward the southeast, stretched from Leveland through Lubbock to Fritch. A number of places received light rain.

Forecasts called for clear to partly cloudy and warm weather at all sections of the state through Tuesday with isolated thunderstorms in Northwest and extreme North Texas. Thunderstorms were predicted along the coast and in mountain areas of extreme Southwest Texas.

Readings early Monday ranged from 50 degrees at Dalhart to 51 at Galveston.

Mrs. Bryant Dies Today

Mrs. Des Bryant, 86, of Ira, died at 7:30 a. m. this morning at Root Memorial Hospital in Colorado City after a long illness.

Mrs. Bryant was born Jan. 30, 1876 in Colburn, Ala. She was married to the late W. E. Bryant in 1904 in Alabama. Mr. Bryant preceded her in death in 1933.

The funeral services will be held at the Ira Methodist Church where Mrs. Bryant was a member. The burial will be in the cemetery under the direction of Bolger Funeral Home. Time and date of the services are pending.

Laos now has diplomatic relations with Nationalist China, but a Red Chinese mission has been operating for some time at Souphanouvong's headquarters in Kiang Khay.

Before leaving to attend a daughter's wedding in Paris, Souvanna cautioned his half-brother not to stir things up while he was gone.

"I am counting on you," said the neutralist premier, kissing Souphanouvong on both cheeks. "I do not want to come back earlier."

After the premier departed, Souphanouvong took off for Kiang Khay, saying he wanted to clear up some administrative matters. Before Souvanna's departure, the Cabinet

U.S. officials had no immediate comment. The United States has said repeatedly the U.S. troops, landed after the Pathet Lao made military gains in northern Laos, had come at Thai request to protect Thailand, not Laos.

Official Reprimand By Freeman Revealed

WASHINGTON (AP)—Secretary of Agriculture Orville Freeman announced today a formal reprimand of Thomas Miller, a department official, in connection with a report in the Billie Sol Estes case.

Freeman said he ordered the formal reprimand because of Miller's failure "to reveal that he prepared a report under instructions from a superior recommending that cotton allotments in the Estes case be allowed to stand for 1961 and subsequent years."

Miller is acting Southwest area director of the Agricultural Stabilization and Conservation Service.

Freeman said Miller now states that the recommendation Miller made was contrary to his own judgment, and that it was made at the direction of Emory Jacobs, former deputy administrator, A. S. C. S., who resigned April 12.

Freeman said Miller has advised the department in an affidavit that Jacobs instructed him to write a memorandum justifying a trial at once on state felony charges. But Judge J. H. Starley said the case would start this afternoon.

The development surprised this West Texas town.

This term of court started today in a trial at once on state felony charges. But Judge J. H. Starley said the case would start this afternoon.

Starley granted the request and said selection of jurors would begin at 1:30 p. m.

Few reporters were here. The town had been filled with them Saturday for a court of inquiry into Estes' affairs by Atty. Gen. W. J. Wilson.

Estes was indicted April 26 on eight counts of felony theft, involving fertilizer tank sales in Reeves County.

Estes' three lawyers were in town. They are John Coffey and Hume Coffey of Austin and John Dennison of Pecos.

Forty veniremen were summoned for the start of the jury selection.

A Navy spokesman in Honolulu said the move was almost routine in the light of reports of the Communist military buildup on the coast opposite the Nationalist offshore islands of Quemoy and Matsu.

Most of the 7th Fleet ships that had been in the big Yokosuka, Japan, naval base pulled out over the weekend. A spokesman said only the they were "deploying or operations at" but Pacific

U. S. Troops Rapped By Pro-Red Laotian

VIENTIANE, Laos (AP)—A pro-Communist Cabinet minister denounced the presence of U.S. troops in Thailand Sunday shortly after Premier Prince Souvanna Phouma turned leadership of his day-old coalition over to his Red-leaning half-brother.

Information Minister Phoumi Vongvichit called a news conference as soon as Souvanna's plane had left for France. Claiming to speak for the regime, he denounced the U.S. troops as a threat to "the peace and neutrality of Laos."

"The government of national union protests against the American troops landing in Thailand," declared Vongvichit, a member of Prince Souphanouvong's pro-Communist Pathet Lao faction.

It was not known whether Souvanna knew Vongvichit was going to issue the statement. The neutralist premier had shrugged off the dispatch of U.S. troops to neighboring Thailand as a precautionary measure.

The official minutes of Sunday's initial Cabinet session, over which Souvanna presided, carried no mention of U.S. troops.

U.S. officials had no immediate comment. The United States has said repeatedly the U.S. troops, landed after the Pathet Lao made military gains in northern Laos, had come at Thai request to protect Thailand, not Laos.

Court Rules Out Prayer At School

WASHINGTON (AP)—The Supreme Court ruled today the offering of a 22-word daily prayer in New York state's public schools violates the U. S. Constitution.

Five parents with children in schools in New Hyde Park, N.Y., had questioned the practice as a violation of the principle of separation of church and state.

New York State's Board of Regents, the governing body of the public school system, recommended that this prayer be spoken in school opening exercises.

"Almighty God, we acknowledge our dependence upon thee, and we beg thy blessings upon us, our parents, our teachers and our country."

Justice Black wrote the court majority opinion which declared: "We think that by using its public school system to encourage recitation of the regent's prayer, the State of New York has adopted a practice wholly inconsistent with the establishment clause" of the U. S. Constitution.

The first amendment to the constitution commands that "Congress shall make no law respecting an establishment of religion."

Justice Stewart wrote a dissenting opinion which declared "the court has misapplied a great constitutional principle."

Stewart added: "I cannot see how an official religion, not established by letting the state establish it, is inconsistent with the separation of church and state."

"I think that to deny the wish of these school children

to join in reciting this prayer is to deny them the opportunity of sharing in the spiritual heritage of our nation."

Justice Douglas wrote an opinion concurring with the majority. Justices Frankfurter and White took no part.

The court's vote thus was 6-1.

Sophia Going On Trial

Rome (AP)—A Rome judge today ordered actress Sophia Loren and film producer Carlo Ponti stand trial on bigamy charges.

The specific charge against Ponti was bigamy; against Miss Loren concurrence in bigamy. She had never been married before.

Instructing Judge Giulio Franco, acting as a one-man grand jury, handed down the order, it effected indictment, the couple, after a 22-month inquiry. No date was fixed for trial.

The Italian actress and Ponti were married by proxy in Ciudad Juarez, Mexico, in September 1957. Three years after Ponti received a Mexican divorce from his first wife, Divorce is illegal in Italy, and Italian courts do not recognize his Mexican divorce.

Miss Loren, 27, and her husband, 44, could be sentenced to one to five years imprisonment if convicted.

By ARTHUR GAVLIN

LONDON (AP)—U. S. Secretary of State Dean Rusk met with British Foreign Secretary Lord Hume today to align British-American policies on the most urgent problems of Europe, Asia and Africa.

As the two statesmen began their conference the three big Western powers sent new notes to the Soviet Union urging early withdrawal of Soviet troops in Berlin to ease tensions along the wall through the divided city.

American, British and French notes were sent to Moscow for delivery, probably by Tuesday. They proposed that the Big Four commanders meet in an attempt to curb shooting incidents along the wall that divides the Communist and Western sectors of the city.

The Western notes replied to a warning earlier this month from Moscow. The Soviets blamed a series of shootings across the Communist-built wall on what they called German Fascist elements backed by the Allies.

The Soviets demanded Western action to halt these incidents, which were termed provocative.

There was a possibility that the U.S.S.R. would come to the aid of the East German Communist ally.

Rusk brought with him new and stiffened American proposals for a Berlin settlement.

Qualified informants reported the United States has raised its price for a settlement of the dispute because Washington is convinced that the Soviet Union is in the grip of a grave internal crisis.

It seems to us that the entire Communist camp is in the midst of a very serious food shortage, one authority said.

"With agricultural output an organization fouled up, the Soviet leadership may well be rethinking its foreign policies. This, therefore, is no time for Western countries without very definite considerations."

Rusk reportedly told West German Chancellor Konrad Adenauer in Bonn Friday that the Americans are "for the time being at least" dropping the idea of proving an armistice.

PHILADELPHIA (AP) — Police hope to question today a night club singer and dancer, who she said took an overdose of sleeping pills allegedly as the result of a fight recorded on television. She was identified today by the Senate investigations subcommittee as B-girls.

Detective Walter Ryan reported today that the singer, Pat Kobalicki, is known professionally as Pat Lyons, was unconscious and in critical condition at Graduate Hospital. An operation was performed Sunday night to open her throat so she could breathe easier.

Ryan said Miss Lyons was rushed to the hospital about 7 a.m. Sunday from the residence of a friend, Paul W. Hackett, 33.

When Miss Lyons testified, she said she called her friend's name was listed as Mrs. Pat Lyons Hackett.

She had testified before the subcommittee, Hackett said.

Miss Lyons had told the subcommittee that while working for a now defunct Philadelphia supper club she was required to mix with customers and solicit drinks at the bar.

Informants and Rusk would outline the new American idea about a Berlin settlement to Lord Home, "the British foreign secretary," at the meeting.

Another top item for discussion was the buildup of U.S. nuclear military power in Fukien Province opposite the offshore islands of Quemoy and Matsu, held by Generalissimo Chiang Kai-shek's Taiwan-based Nationalist regime.

The British favor turning the islands over to the Chinese Reds. They want to hear what the Kennedy administration proposes to do. The U.S. has had a Red lunch since the Chinese called off Chiang's men on the islands.

Snyder firemen were kept busy over the weekend.

At 10:30 Saturday night they were called to the Aubrey Ebanks home near Ira. The house, which was vacant, had suffered a total loss when firemen arrived. They were called back to that location at 1 a.m. this morning to extinguish some smoldering material.

At 12:30 a.m. this morning the department answered a call to the apartment of Twenty-ninth Street. Minor damage was suffered by a vacant apartment owned by L. A. McClanahan. A gas leak was blamed for the damage.

At 7:45 p.m. last night a fire was reported at 3409 Twenty-sixth Street. The house, occupied by Alma Vaughan, is owned by Jim Wilson. Profound damage was suffered. The fire was put out by the fire box.

A boat owned by Raymond House and being pulled on a trailer, was reported on fire yesterday afternoon at 1:45 p.m. in the 1900 block of Thirty-seventh Street. The boat was destroyed by the blaze. Faulty wiring to the trailer was blamed for the fire.

They want to hear what the Kennedy administration proposes to do if the Chinese Reds launch an offensive against Chiang's men on the mainland.

Other major topics in the discussion included the situations in Laos and Viet Nam and the intentions of the Chinese generally.

Other problems facing Rusk and Home in their talks:

1. The present of conditions inside the Soviet Union coupled with an examination of the uneasy Chinese-Soviet relations.
2. Africa's two new flashpoints in Southern Rhodesia, whose independence is expected to be proclaimed in the near future, and the rallying United Nations support and Ruanda-Urundi, which graduates to statehood next month from a long spell as a Belgian trust territory.
3. The Czechoslovakia-Czechoslovakia dispute in long place.
4. India's plan to buy and build Soviet MiG fighters, raising the prospect of growing reliance on, and links with, Moscow.
5. The continuing air force withdrawal from America's North Atlantic allies, arrived Sunday from Rome. He conferred for an hour with Prime Minister Harlow.

Two-Car Mishap Logged By Police

The Snyder police department reported a two-car accident at 10 p.m. Sunday at Avenue J and Twenty-ninth Street.

Involved were a 1950 Ford driven by Richard G. Ybarra of Snyder and a 1951 Ford owned by Jesse A. Johnson. Damage to the Johnson car was estimated at \$350 and to the Ybarra car at \$200.

Ybarra was taken from the scene of the accident to Goodell Hospital by Bolger Ambulance Service. After treatment Ybarra left the hospital and was walking down the Big Spring Highway when he was struck by a 1950 Ford (hospital).

WASHINGTON—APU.—The Supreme Court ruled unconstitutional today a California law making it a crime to be addicted to narcotics or to make unprescribed use of them.

Justice Stewart delivered the 4-3 decision.

Justice White, who wrote on the bench April 16, wrote his first dissenting opinion, protesting that the court had gone too far in its decision. Justice Clark also dissented. Justice Brennan dissented on one point.

The California statute reads: "No person shall use, or be addicted to the influence of, or be addicted to the use of narcotics, except as administered by or under the direction of a person licensed by the state to prescribe and administer narcotics."

Stewart said the California law had to be put in the same category as statutes which inflicted "gross and flagrant" punishment.

He held that a state which imprisons a person thus afflicted as a criminal, said Stewart, "even though he had never touched any narcotic drug within the state or been guilty of any irregular behavior," was inflicting "a gross and flagrant punishment in violation of the 14th Amendment."

Stewart said the high tribunal was not unmindful of various evils of the narcotics traffic, but he contended that "there were grounds on which these evils may be legitimately attacked."

AUSTIN (AP)—The House Textbook Committee delayed a meeting today so the fifth member of the committee could be present.

Parliamentary maneuvers by Rep. John Alaniz of San Antonio kept the present committee from meeting.

Rep. W. Bass of DeKalb asked for the delay "since we are going to decide what to do with this committee."

Chairman W. T. Dungan of McKinney refused to take Bass' motion for a delay. The refusal was 10-9.

Rep. C. W. Dungan was voted down 2-1 with Reps. Nelson Cowles of Hallsville and Rep. Ronald Roberts voting for the delay. Bass, who look over as chairman for the appeal, did not vote.

The committee was to decide whether to continue its public hearings and what to incorporate in the committee report to the next legislature.

Also to be given is whether the testimony given by several witnesses at a public hearing in Dallas last week will be the committee's report. Only Dungan was at the Dallas meeting.

Funeral services will be conducted at 2 p. m. Tuesday in Cisco for William Harvey Hall, 73, who died in a hospital there late Saturday.

Mr. Hall was the father of Mrs. W. C. Barron, teacher in the East East Elementary School in Snyder. He was a retired mail carrier in Cisco.

ALGIERS (AP) — Chaos and panic threatened the west Algerian capital of Oran today while peace was becoming more and more tangible in Algiers.

The European Security Army Organization in Oran called on Europeans to leave the city to avoid the recurrence of massacres after the self-determining vote July 1.

Thousands camped on the docks and at the airport, waiting transport to France.

Explosions and fires raged in the city, burning schools and public buildings throughout the day. Fizzmen were giving up the fight against the desperate, scorched earth campaign of the European extremists.

The Europeans appealed to the population to remain calm, but no one appeared to be paying any attention.

Peace was taking firm roots in Algiers where a week ago the secret police had refused to give assistance to Algeria's inevitable independence.

No one, however, would predict the relationship between the European Security Organization and the new Moroccan state after the self-determining vote.

SEOUL, South Korea (AP)—The 12th anniversary of the outbreak of the Korean War was observed quietly here today.

There were no parades or rallies, but South Korean and U.N. authorities reaffirmed their determination to block any repetition of the Communist invasion of 1950.

Murphy HD Club Meets

The Murphy Home Demonstration Club met in the home of Mrs. Elmo Dunn Thursday for an all day meeting with a covered dish luncheon.

Eight members and three children were present.

Mrs. J. E. Sorrells presided for the meeting in the absence of the president and vice-president.

Following the roll call, the minutes were read and approved.

Mrs. A. J. Ray, council delegate, gave the council report. The group voted to pay membership dues and scholarship fee from the club treasury.

Recreation was provided by Mrs. Freda Murphy.

Mrs. Ray was presented the hostess gift.

The club voted to have a white elephant sale at the next meeting, July 5, in the home of Mrs. Jack Dunn.

Household linens will wear longer if you keep a sufficient supply on hand so you can rotate their use. Place clean laundry at the bottom of the pile in the linen closet and select top pieces for use. HOW to pick a TURKEY in 3 MINUTES

It's not done with mirrors... It's done with electricity. After a scalding bath these birds are picked clean as a whistle with special flailing paddles that operate electrically. After the bird is packaged he is sent immediately to the freezer for quick chilling and freezing. This turkey processing plant is just one of thousands of commercial and industrial plants established in the rural areas of Texas where an abundant supply of dependable electricity is furnished by 77 electric cooperatives. Owned by the people they serve, these rural electric systems offer first rate service to more than a million Texans. They are serving these areas dependably today, while building a brighter tomorrow.

SHADING SUNSHINE

A bright summer sun can fade many fabrics, so it's a good idea to keep your furniture away from the window, or the shades drawn, during the long summer days. You needn't worry about your window sills or adjacent floors, however, if they're surfaced with ceramic tile. Real tile's colors are completely fadeproof and they can't be damaged, either, if pelted by a sudden summer shower.

Valuable Objective Analysis

MR. CONSERVATIVE: BARRY GOLDWATER. By Jack Bell. Biographical in the sense that it incorporates the subject's personal history, this book is much more. It is an analytical study of Goldwater's beliefs, his positions on public questions and his methods.

The author has been scrupulously objective, and that is one of the principal values of the volume. Bell is chief political writer for The Associated Press, and his quarter of a century of experience has given him an ingrained sense of balance in reporting pro and con.

Consequently, no matter what the reader's own political feelings, he will find here a cool and unimpassioned job of reporting. Bell has provided illuminated information, without leaning toward either praise or criticism.

Goldwater is presented first as a business man who got into politics by way of the U. S. Senate. He is shown in his early relationships with such Republican figures

as Taft, Dirksen and McCarthy. His attitudes in such fields as labor unions and the John Birch Society are carefully explored.

Then comes the period of Eisenhower and Nixon, with special attention to Goldwater's feelings about the Nixon-Kennedy campaign, followed by the Senator's relationships with President Kennedy.

And finally there is a wide-sweeping survey of the whole political scene and where three figures fit into it—Goldwater, Nixon

and Rockefeller. Bell's text is followed by an essay written by Goldwater, himself, titled "A Conservative's Creed."

Bell's objectivity does not prevent him from making reasoned measurements and judgments about Goldwater and his activities. He uses copious quotations from his subject, and where he feels balance is needed, he interpolates other views. The book is a thorough analysis of a major public figure, and a skillful presentation.

Engagement Told

Mr. and Mrs. R. E. Weber, 133 Twentieth Place, announce the engagement and approaching marriage of their daughter, Dana Gail, to Larry Wayman Bailey, son of Mr. and Mrs. W. P. Bailey, Lubbock Highway.

Yanks, Tigers Stage 22-Inning Marathon

By JIM HAKKEMAN
Associated Press Sports Writer

When it comes to staging a history-making baseball production, two unlikely candidates for starring roles would be a third-string outfielder named Jack Reed and a second-league pitcher named Jim Bouton. But Reed and Bouton shared the spotlight Sunday as the New York Yankees overcame the Detroit Tigers in a 22-inning American League drama that lasted exactly seven hours. Reed provided the decisive punch, his first big league homer with a man on in the 22nd, and Bouton supplied the key pitching, seven innings of three-hit relief.

In time, the game at Tiger Stadium was the longest ever played in the majors. In innings 19, 20, 21 and 22, the Yankees have gone further. It started off as a Yankee runaway as they bombed Frank Lary for six runs in the first and another run in the second. While the Tigers were catching up, an out, holding on, a succession of free Detroit pitchers shut out the Yankees for 19 innings before Reed blasted Paul Regan.

Long before the Yankee-Tiger duel was settled, other AL action was in the books. First-place Cleveland beat Washington 4-2 after losing the opener of the doubleheader to the Senators 3-1; Los Angeles trimmed Minnesota twice, 3-2 in 10 innings and 7-6, dropping the Twins a game and a half behind the Indians; Chicago handed Kansas City its seventh straight defeat, 6-1, then lost to the Athletics 5-2; and Boston downed Baltimore twice, 5-2 and 8-5.

In the National League—Cincinnati outscored front-running Los Angeles 12-10; San Francisco swept Milwaukee 9-1; Chicago swept Pittsburgh 4-3 and 8-4; and Philadelphia split with St. Louis, the Phils taking the first game 3-4 and the Cardinals winning the second, 5-1. Houston's doubleheader with the Mets at New York was rained out.

Clete Boyer climaxed the Yanks' big burst against Lary in the first with a three-run homer, but the Tigers quickly routed New York starter Bob Turley. He was lifted with one out in the first after yielding two hits, a home run, and a walk. Another Yankee run came across in the second, then Detroit pushed three in off Jim Deters in the third and drove even against Bill Stafford in the sixth when Bill Brunson scored on Rocky Colavito's single—his second of seven hits for the long day.

From then until the 22nd it was pitched, defense and a flurry of missed chances. In overtime, the Yankees had several opportunities to break it open—particularly in the 11th, when Colavito's triple and intentional walks filled the bases with none out. The threat died as Chico Fernandez lined out to short left and Dick Brown popped into a double play on a squeeze bunt.

With Regan on the mound as Detroit's seventh pitcher in the 22nd, Roger Maris drew a one-out walk and Reed—a defensive replacement for the hobbled Mickey Mantle—drove one into the seats in left. Colavito stirred the crowd in the last of the 22nd when he singled with two out, but Norm Cash filed to left for Detroit's 23th and final out.

Bouton, also the seventh pitcher for the Yankees, yielded just three singles and two walks in his seven-inning stint.

The major league record for longest game by innings is the historic 26-inning 1-1 tie between Brooklyn and Boston in 1920. The American League mark is 24 innings—Detroit-Philadelphia in 1948 and Philadelphia-Boston in 1906.

The Yanks used 21 players, had 55 official at-bats, 20 hits, 9 walks, and left 21 men on base. The Tigers used 22 men, had 82 at-bats, 19 hits, 10 walks and stranded 22.

Washington left-hander Claude Osteen held Cleveland to six hits in the Senators' throwing error in the sixth and Bubba Phillips then singled across the clincher. Frank Funk went to Pete Burnside, Jim Perry took the plate in the initial frame, in which they chased over 17 runs, and coasted home to a 23-13 victory.

Craig Alexander and Bruce Bell teamed up to hurt the win. Dennis Wolfe was the victim of the early springing and was the loser. Mike Shearburn took over the pitching reins to finish out the contest.

Catcher Don Malone, with four plate appearances, was third baseman Terry Walker, with three one-base hits. Second sacker Randy Barnett and shortstop Bill Stokes each laced out a pair of singles for the victors, also.

City, but the A's ended their losing streak in the second game, following Earl Wynn's fourth hit for his 29th career victory. They topped the 42-year-old right-hander with six singles in the sixth for three runs, wiping out a 3-0 Chicago lead. Manny Jimenez of the A's collected four hits in the second game, boosting his league-leading average to .343 and fellow rookie Diego Segui was Kansas City's winning pitcher.

Bill Monbouquette and Gene Conley turned in complete game jobs for the Red Sox, while homers by Bob Tilton and Gary Geller helped keno the Orioles. Tilton connected in the ninth inning of the opener, snapping a 5-2 tie, and Geller homered twice in the second game.

Red Sox, Rotan Take Slim Wins

A pair of makeup frags were unfolded in Col-Pony League competition of Saturday, resulting in narrow one-run decisions for both victors.

The opener of the evening, a Col League battle, went to the Von Roeder Seed Farms Red Sox, who nosed out the Wilson Motors Yankees to the tune of 3-2.

A productive second inning told the story for the Sox, who chased over all their runs then, Bonnie Minor landed the decisive blow of the inning, driving in Tom Kincaid and Jerry Rose—who had both gotten on base by error—with a single to right. Minor tallied what was by far the deciding run later in the inning on a sacrifice fly to center off the bat of Jimmy Weaver.

Minor's hit was one of only two hits of the game given up by a trio of batters composed of starter Jerry Owen, Leslie Brown and Jim Marcum. Jim Featherston singled in the seventh off Marcum for the other.

Featherston started on the hill for the Sox and was the winner. Leslie Brown chucked the final two innings of the game.

None of the runs for either team were earned, as Stanley Baize and Andrew Ramirez—who dented the H platter for the Yanks in the fifth and sixth—had both reached base by error. Baize scored on a fielding error, while Ramirez came home ahead of John Flynn's second single of the night.

Pitching held the key to things in the nightcap, which saw the Rotan Cats scoring an unsuited tally in the first, then holding on for the remainder of the fray for a 1-0 triumph over the Seabury Bruins Dodgers.

Eddie Edwards scored that lone run after guining line on a miscue in the field. He came across on a wild pitch.

Winner Clyde McKimmey tolled the initial four frames before

their lead over the rest of the pack with a 14-4 win over the Braves. Lynn Wilson uncorked the most resounding smash of the game, blasting a grand slam homer to right to spark a seven-run third-inning spurge.

Both teams collected a like number of base hits—six. Ten bases on balls helped to spur the winning effort, however.

Gary Bailey went the distance for the win, whiffing five and walking one. He delivered just four pitches in setting the Braves down in order in the third frame.

Randy Owen started for the Braves and was charged with the loss. He was spelled in the fourth by Bernard Garrett, who worked the remainder of the contest.

Danny Newton was the big man at the plate for the Braves. He had a perfect night with a double and two singles. Jackie Weaver singled twice for the Brave nine, also.

LE MANS, France (AP)—Olivier Gendebien, one of the world's premier race drivers, is retiring from a competition with a record he hopes will not stand long.

Gendebien, of Belgium, teamed with Phil Hill, Santa Monica, Calif., and nursed a Ferrari to an easy victory—up, the 24-hour Le Mans auto race Sunday, a record fourth for the Belgian and the third for Hill.

Gendebien, 37, said he hopes Hill will quickly match his total with some other teammate.

"I've had a well-learned career," he said. "And now I can leave a place for others. I am now the recordman for Le Mans victories, and I hope that Phil can join me on this pedestal."

Gendebien teamed with Hill in a Ferrari in winning the 1965 and 1967 tests, and he and Phil Freire of Belgium won the 1960 race.

They finished with 2,766.45 miles and an average of 115.288 miles per hour, five laps ahead of Pierre Noblet and Jean Guichet of France, also in a Ferrari.

The entry logged 2,774.73 miles and an average of 115.330 m.p.h.

Briggs Cunningham of Green Farms, Conn., and Roy Salvadori of Britain were fourth in a Jaguar; Bob Grossman of Nyack, N.J., and Glen "Fireball" Robertson of Daytona Beach, Fla., sixth in a Ferrari; and Eddie Hughes of Pittsburgh and George Reed, Midlothian, Ill., ninth in a Ferrari.

Canadians Begin New Austerity Program

OTTAWA (AP)—Canada today began a belt-tightening emergency austerity regime of widespread tariff increases and government economy ordered by Prime Minister John G. Diefenbaker to bolster the Canadian dollar.

Diefenbaker, whose Progressive Conservative party was badly weakened in the general election last week, called on Canadians to support the new measures "in the spirit of national purpose."

He announced the program on Sunday to avoid market upheavals and emphasized that the measures would be temporary.

The prime minister said Canada has obtained more than \$1 billion in short-term financial aid from the United States.

Under the austerity program, the duty-free exemption on purchases by Canadians abroad will be cut sharply in the case of purchases from the United States.

Diefenbaker said the measures would mean a \$300-million annual improvement in Canada's international balance of payments deficit.

The program calls for immediate tariff increases of from 3 to 15 per cent on imports which total some \$3.1 billion annually.

Another \$2.9 billion in imports, including basic foods, raw materials and manufacturing materials, are not affected.

The 5 per cent boost applies to such imports as machinery, electrical goods, textiles, pulp and paper products, pipes and tubes.

The new program was the first major action by Diefenbaker's Progressive Conservative government since it was returned to power last week.

As a counter to the cut in government spending the new measures do not require parliamentary approval, Diefenbaker said.

He would be in a position to make a case for the cut in government spending the new measures do not require parliamentary approval, Diefenbaker said.

Says Many Hearts Too Good To Die

By ALTON BLAKESLEE Associated Press Staff Writer CHICAGO (AP)—Many heart attack victims actually had hearts which were "too good to die," a physician said today.

Prompt expert help might have brought 25 per cent of them back from death, said Dr. Morris Wilburne of Los Angeles.

He urged that hospitals set up special units or wings where all heart patients could be kept under constant watch with electronic monitors or television instantly warning of any new attack.

Then doctors and nurses could rush to the patient to give drugs, heart massage, artificial respiration or other treatment.

Most sudden fatal heart attacks occur outside hospitals, on the street, during exertion, or during sleep.

The sickest patients could be wired up, without discomfort, to electronic devices keeping tabs on electrical activity of the heart, pulse, blood pressure and other measurements of their condition.

All this information could be relayed to a central station where nurses watching electronic equipment would receive instant warning of any ominous change, or of a sudden new attack.

Then doctors and nurses and a cart equipped with all modern aids to revive a stalled or failing heart could swing into fast action.

The modern aids include chest massage—rhythmic pressure on the chest to make the heart pump blood—electronic devices to shock a heart into action or maintain steady beating or control electrical activity, and drugs.

Man Leaves Truckfull Of Money

JEFFERSON (AP)—Associates were sure that Clarence Braden, 37, a retired college professor, was anything but a miser.

He traveled widely, owned property and helped persons in need. As a private project, he paid for the schooling of deserving boys and girls.

Braden died Thursday, and his death led to a surprising discovery—A truckfull of money in the clothes closet of his rented room.

The physician, Dr. W. S. Terry, and a second cousin of Braden, Haywood Moseley Jr. of Marshall, found stacks of cigar and shoe boxes in the closet. All were filled with coins, from pennies to silver dollars.

It took a flatbed truck to cart the cash to the First National Bank of Jefferson, where Braden was said to have kept a good-sized account.

At last report the money still was being counted. Some said there might be as much as \$150,000.

There was no indication Braden left a will. Aside from Moseley, the only survivors are half a dozen other cousins.

Braden was a professor of civil engineering for a number of years at Texas A&M College and Southern Methodist University. Since he retired and made his home here in East Texas, he had served as mayor of Jefferson and was active in politics.

Feline Disregards Work For Freedom

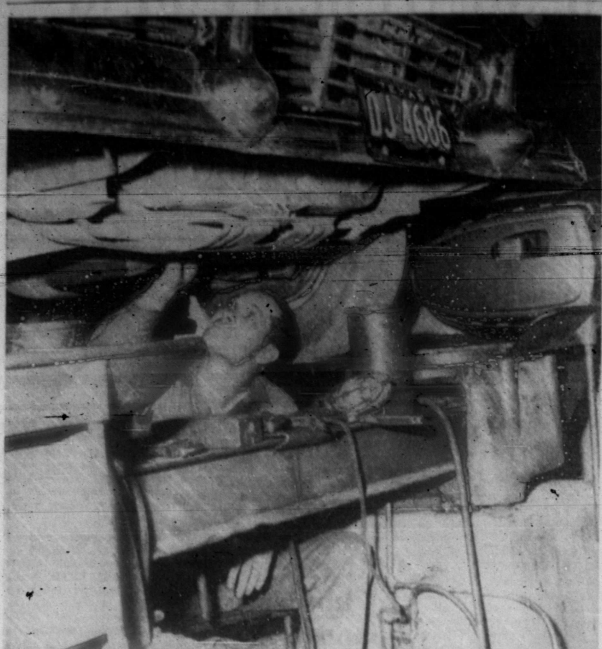

PHILADELPHIA (AP)—The Joseph Bianchini family's pet cat wandered into a small opening in the wall of their home Saturday night and started messing something terrible when it couldn't get out.

Bianchini took a hatchet and opened a three-foot hole in the kitchen ceiling. He took up the wall to wall carpeting and chopped through the floor in the bedroom. He made air holes along the walls.

Neighbors gathered. Early Sunday morning the police came. About 9:15 the cat came out of the wall the same way he had gone in.

Red Koreans Accuse U. S.

TOKYO (AP)—Communist North Korea accused the United States today of preventing the peaceful unification of Korea and demanded the withdrawal of American forces from South Korea.

VACATION PREPARATION—Vacationers who plan to use their cars on their vacation have found that a wheel alignment at Central Tire is the smartest thing they can do before they start their trip. Russell Armstead, employee of the firm, checks a car for proper caster, camber, and toe-in. Proper alignment increases tire life, passenger comfort, better handling, and above all, safety. Central Tire Service at 193 1/2 Twenty-fifth St. has the modern equipment and trained personnel to do the job right on any make of auto.

Central Tire Puts Cars In Top Shape For Vacationing

Vacation time is a time for rest, relaxation, and enjoying oneself. And it's also a time when the family car will probably be depended upon to furnish a lot of that rest, relaxation and enjoyment. But car trouble can spoil a holiday quicker than almost anything, says Stanley Noah, owner of the Central Tire Service.

Noah has issued a few suggestions to vacationers that will add pleasure to their trip by guaranteeing safer, more comfortable riding for them and their car, and, as an extra benefit, insure longer life for the car's tires.

The first step a vacationer should make is at Central Tire. One of the first things that should be checked there are the brakes. And while brakes are important at any time, it is even more important that they be in good condition since mountainous driving is often encountered on a trip. Besides, being unsafe says Noah, faulty or grinding brakes can cause bald spots on tires, especially the front tires. Central Tire Service does expert brake work.

Shock absorbers too, should be checked, says Noah. Not only do faulty shock absorbers cause uneven tire wear, but place an excessive strain on tire stability as well.

Shock absorbers wear out slowly, and a driver is often not aware of deterioration in them. Good shock absorbers increase tire life, comfort, and above all, safety.

Front wheel alignment should be checked before that trip too. Excessive wear on one side of the tread surface is a sure sign of poor wheel alignment. Can ruin tires in a matter of days. It's smart to check wheel alignment every 10,000 miles at least, says Noah.

Important too in tire life and car handling is wheel balance. Unbalanced wheels cause excessive strain and wear on one side of the tread surface. If left unchecked, rough spots will develop, making steering difficult and riding uncomfortable.

Although this gauge differs, excessive wheel camber results in problems similar to those coming from unbalanced wheels. The experts at Central Tire can diagnose the problem and correct it, no matter what the cause.

If your wheels do not run parallel, you have what is called a "toe-in" or "toe-out" effect. This condition causes a notably rapid wear and is recognized from a "feathered edge" which develops on one side of the tread surface. All of these problems are familiar to the personnel at Central Tire. And the time to correct them is now—before that trip.

If your tires are worn, why take a chance? For a safe and trouble-free vacation, let Central Tire replace those questionable tires with the famous U.S. Royal tires.

Noah's last bit of advice to the vacationer is "Have a good time, and drive safely!"

Soldier Denies Claim Of Reds

By MALCOLM W. BROWNE
SAIGON, South Viet Nam (AP) — A U.S. soldier has denied Communist claims he denounced the United States while a prisoner of Viet Cong guerrillas. He charged the Reds tried to brainwash him at gunpoint.

Spec. 4 George F. Fryett Jr. of California, released Sunday after six months captivity, told U.S. officials he did not cooperate with the Communists despite their attempts to indoctrinate him politically.

The Viet Cong in a recent broadcast claimed Fryett, 26, had told them he learned he was "an accomplice of the criminal masters of the U.S. imperialism and the Diem administration of South Viet Nam."

The broadcast quoted Fryett as saying: "The only thing I can say is that I am very sorry for having played a role in the forces that are being exploited in South Viet Nam. The truth has been concealed from the American public. This situation should not be allowed to continue."

Fryett told officials here that other than gun threats, during some of the brainwashing sessions, his captors did not mistreat him.

He said he had been under heavy guard all during his captivity and was bound most of the time. He said he had made one unsuccessful escape try.

Fryett was not allowed to see newsmen. He was described as tired but apparently in good health. Officials said he had lost about 25 pounds since he disappeared—Christmas Day.

The soldier said he was set free about 60 miles north of Saigon near the village of Chanh Thang and put on a bus. He said he had no idea he was to be released until Sunday morning.

During his captivity, the Viet Cong showed Fryett frequently. Last week a band of about 25 armed rebels marched Fryett for four days through the woods toward Chanh Thang. Near the village they freed their captives, gave him civilian clothes, handed him 100 piastres—75 cents—and flagged down a bus for him.

Fryett rode into the village where he reported to a ranger station. Later he was flown by helicopter into Saigon and given a medical checkup and preliminary interrogation.

Rains Taper Off In Nation Today

By The Associated Press

Storms diminished and rains tapered off today after Sunday's violent weather in areas from central Rockies to the Atlantic Coast.

Severe thunderstorms with heavy rain and hail, and strong winds, hit many sections along the Atlantic Coast.

A storm which struck the New York metropolitan area flooded thousands of homes, toppled power lines and caused widespread traffic jams. At least two persons were killed in the storm, which caused the heaviest damage in Brooklyn.

Philadelphia was drenched with nearly three inches of rain in a period of 17 minutes, the heaviest downpour for the period in 64 years. In Camden, N.J., the heavy rains flooded the city's post office basement, soaking 200 bags of parcel post mail. Washouts delayed several trains in southern New Jersey.

Nearly two inches of rain doused areas in Rhode Island, most of it within a two-hour period. Some minor flooding was reported throughout the state.

In the Midwest, a severe thunderstorm rumbled across the St. Louis area, causing some flash floods. Wind gusts up to 45 m.p.h. swept the Ponca City, Okla., area as the stormy weather spread across sections of Oklahoma, Missouri and Arkansas.

Hail pelted the Memphis, Tenn., area. Nearly three inches of rain fell in Muscle Shoals, Ala.

In the West, hail also fell in Casper, Wyo., with a line of thunderstorms from areas in the central Rockies southeastward to the lower Mississippi Valley and eastward into the Great Plains.

The mercury soared to 115 Sunday in Imperial, Calif., and Yuma, Ariz. It was 96 in Boise, Idaho, 97 in Walla Walla, Wash., and 96 in Pendleton, Ore., and Salt Lake City.

California reported the highest and lowest temperatures at midnight. It was 99 in Blythe, in the southern section, and 49 in Arcata, in the northwest.

Production Resumed In Ford Plants

CLEVELAND (AP) — The Ford Motor Co. started back on the production line today following approval by union members of an agreement to end an 18-day local strike.

The dispute by 3,200 members of United Auto Workers Local 420 (AFL-CIO) at the Walton Hills stamping plant had shut down all Ford passenger car output and idled 77,000 employees throughout the nation.

About one-third of the union members attended Sunday's meeting, and about four men voted against the settlement in a show of hands. The agreement was reached Friday night with the aid of federal mediators.

Ford spokesmen said 30,000 workers would be back on their jobs by midnight tonight, the others returning by next Monday.

Four hundred returned on the midnight shift at the Walton Hills plant, a key supplier of parts on Ford passenger cars. The other 2,800 started operations today. Assembly plants are not expected to resume operations until Wednesday.

The strike began June 7 in a dispute over 41 production standards, health and safety issues.

The agreement provided that the company accept as normal and satisfactory production which operators on the job in dispute had accomplished "prior to and at the time the current strike began."

The union said the company agreed to spend \$70,000 for engineering changes.

Reason For High Bills

PENRITH, England (AP) — Farmer William Young has finally found why his water bills are so high. For six years he has been supplying the town's public swimming pool.

"I did not quibble at first because the bills were the same every year and I have a lot of animals drinking water," said Young.

But now council workmen digging up an old water system in the neighborhood have discovered the supply for the swimming pool has been passing through my meter—thousands of gallons of it."

The council said there was no way of telling how much of the water went into the pool and how much into Young's livestock. They are refunding all he's paid since 1957.

Something Was Wrong

NASHVILLE, Tenn. (AP) — A man whose antics broke up a Sunday School session at his church was shot and killed by a policeman trying to arrest him.

Officers said Lawrence Wood, 32, Nashville Negro, was shot Sunday by patrolman William Adcock after Wood had grabbed the patrolman's night stick and began beating him with it.

The Rev. Anthony Rooker, who called police, said Wood had been in the pulpit playing a transistor radio.

"When he started tearing up the Bible page by page, we suspected that something was wrong with him, and when he kicked over the pulpit, we knew there was a troublemaker in the church," the minister said.
